Statement of Long Term Indebtedness: (Exhibit H)

A statement of outstanding long term indebtedness as of December 31, 1963, showing annual debt service requirements, is contained in Exhibit H.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records. The amounts of uncollected and unredeemed taxes as indicated in this report are therefore subject to any changes which may be necessitated by the return of verification notices.

GENERAL COMMENTS

Current Surplus:

The current surplus (excess of total assets over current liabilities) decreased by \$406.66, from \$3,711.34 to \$3,304.68, in 1963, as shown herewith:

	Dec. 31, 1962	Dec. 31, 1963
Total Assets	\$170,942.13	\$150,947.02
Current Liabilities	167,230.79	147,642.34
Current Surplus	\$ 3,711.34	\$ 3,304.68

Net Overdraft of Appropriations and Application of Municipal Budget Law:

It is noted that there was a net overdraft of appropriations in the amount of \$3,654.46, in other words — total expenditures exceeded total budgetary appropriations by this amount, as shown herewith:

Overdrafts of Appropriations	\$15,180.02
Unexpended Balances of Appropriations	11,525.56
Net Overdraft of Appropriations	\$3,654.46

In accordance with the provisions of the Municipal Budget Law (R.S.A. 32:10), application by the Board of Selectmen with the approval of the Budget Committee, was made to the Tax Commission for a certificate of emergency to authorize the expenditure of not more than \$6,000.00 in excess of budgetary appropriations. This certificate was issued by the Tax Commission on December 16, 1963.

Surety Bond of Town Clerk:

The surety bond of the Town Clerk should be increased from \$3,000.00 to \$4,000.00, in order that the amount of the bond may be more proportional to the amount of funds received.

Conclusion:

The provisions of Chapter 184 of the Laws of 1955, require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town.

We extend our thanks to the officials of the Town of Bow for their assistance during the course of the audit.

Yours very truly,

HAROLD G. FOWLER, Director
Division of Municipal Accounting
State Tax Commission

Frederick E. Laplante,

ANNUAL REPORT OF THE BOW VOLUNTEER FIRE DEPARTMENT

During 1963 your Fire Department made 63 runs as follows: 1 house fire, 1 barn, 10 chimney fires, 2 mill fires at Merrimack Farmers' Exc., 22 grass and brush fires, 1 motor fire, 1 transformer, 1 cyclone blower, 2 car fires, 6 out of town assists, 5 to Concord and 1 to Epsom, 10 miscellaneous runs, which includes washing gas off highways, false alarms, resucitator runs, and stand by for the removal of wrecks off the highway and 6 runs to the town dump.

Our new truck arrived on October 3, and was tested and approved on that day. We purchased some new hose for this truck and it went into service immediately. The old Ford Tanker was sold to the Town of Wentworth, N. H. to be used as a fire truck and they were very pleased with it.

We had the Merrimack Farmers' Exchange fire early in March which was a fire that required a lot of time to put out and was estimated to be a \$1,000,000.00 loss. I would like to take this opportunity to thank all of the men in town, both on the fire department and non-fire department members for their time and effort on this fire. I would also like to thank all the people who helped on our forest fire during July and the fire patrolling during the drought in October. Our Auxiliary did their usual good job in keeping the men fed.

The firemen's recreation room upstairs is being completed and the members are painting the room and installing new lighting.

A vigorous training program was held during November and December on our Scott Air Packs. This training was given by the State Fire Service with a State Trained Instructor. This course included rescue work, forcible entry into a building, and how to work in dense smoke.

Public Service Company was kind enough to let us use one of their buildings to smoke up for this training.

As our town grows in leaps and bounds, and more and more families and industry move into town, our fire potential grows as well. Our town is a fire conscious one but the hazard is always present in the home. Remember to have an escape plan for your family and let's try to keep our fires down to a minimum during 1964. Your fire department is there to serve you, so don't hesitate to call us whenever we are needed.

"FIREMEN DON'T HAVE A CHANCE"

When the fire trucks are delayed 40 seconds in traffic, people say: "It took them 20 minutes to get there."

When the truck races at 40 m.p.h., it's "look at those reckless fools."

When four men struggle with an eight-man ladder: "They don't even know how to raise a ladder."

When firemen open windows for ventilation to reduce heat in fighting a fire: "Look at the wrecking crew."

When they open the floor or roof to get at the blaze: "There goes the axe squad."

If the chief stands back where he can see and direct his men, people say: "He's afraid to go where he sends his men."

If they lose a building: "It's a lousy department."

If they make a good "stop" folks say: "The fire didn't amount to much."

If lots of water is necessary: "They are doing more damage with water than the flames."

If a fireman gets hurt: "He was a careless guy."

If a citizen gets hurt: "It's a crazy department."

If a fireman inspects a citizen's property: "He's meddling in somebody's business."

If he wants a fire hazard corrected: "I'll see the mayor."

If he gets killed and leaves a family destitute: "That's the chance he took when he joined the fire department."

REPORT OF LADIES' AUXILIARY TO BOW VOLUNTEER FIRE DEPARTMENT

On September 12th the Ladies' Auxiliary to Bow Volunteer Fire Department held their first meeting of 1963-64. This began our nineteenth year of activities.

We meet on the first Thursday of the month at Community Building at eight o'clock.

We served one supper to N. H. Fire Chiefs.

Our biggest project was the donation of twenty-five coats to the firemen; a donation of \$25.00 to Salvation Army Building Fund; State Hospital for gifts to patients; Salvation Army Annual Appeal; our share of Hallowe'en party for local children.

We presented the Brownie Troop with a flag of which we are the sponsors, not forgetting shut-ins at Christmas time with plants or fruit baskets.

We received a check of \$25.00 from Merrimack Farmers' Exchange which was turned over to the firemen.

We are very grateful to Mrs. Winnifred Wood and Mrs. Merrill Howard for the fine job they did feeding the firemen at that fire.

Following our business meeting we have a social hour. In December we usually have a casserole supper and exchange gifts, then at the end of our year we have a banquet in June.

We are always happy to welcome new members and ladies of the town are invited to join and support our Fire Department.

Officers of the Year

President, Mabel Hammond; Vice-President, Ruth Downs; Secretary, May Allquist; Treasurer, Alice Chapdelaine.

ANNUAL REPORT OF BAKER FREE LIBRARY

Bow's Library, "Baker Free Library," is located on South Street just south of Concord-Bow line. The staff consists of three:

Mrs. Barbara Howe — Librarian
Mrs. Helen Robinson — Assistant
Mrs. Virginia Brown — Assistant

The hours are:

Monday — 2:00 to 8:00 p. m.

Wednesday — 2:00 to 5:00 p. m.

Saturday — 2:00 to 5:00 p. m.

During the school summer vacation we are open Friday evenings from 7:00 to 10:00 p. m. instead of Saturday.

Each year appears to be a busier one of us. Our circulation this year was 30,452, a gain of 4,885 over last year. Our book stock consists of 10,411 volumes — 3,666 juvenile and 6,745 adult. New books are charged out for two weeks while older ones may be kept for a month. There are no overdue fines. Our readers number 190 adults and 320 juveniles.

The "Tokalot" and "Mother's" Clubs have been guests at the library during the year. New books were displayed and discussed and library service explained.

The staff has attended four meetings arranged by the N. H. State Extension Service: one, giving instruction in reference work; two, on reviewing the organization of cooperating libraries; third, a book banquet, a look at new books for purchasing; four, the N. H. Trustees' meeting at Highway Hotel presenting a speaker on working with High School students. We also served as hos-

tess for a preview night of films for State Library Extension Service.

This year, land was purchased in back of the library so that we can enlarge the building and have a parking lot. There is a need for new stacks, more working areas and a quiet reading and study room. In August for the convenience of the public, the trustees bought a book deposit box and placed it at the entrance. It is built like a mail box with the drop slot and lined with foam rubber. We have kept a record through the following months and have had a total of 819 books returned, many of them overdue.

The staff cordially invites all the newcomers to Bow to come in and get acquainted. We wish to serve all the people of Bow, both adults and their children.

During the new year of 1964, Bow Library will celebrate its fiftieth anniversary. The building was dedicated and the deed delivered to the town on October 29, 1914. Plans are being made for a special observance — more details later.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Bow:

I herewith submit my annual report relative to the Bow Elementary School and the new Bow School which is under construction with a completion date anticipated before June, 1964.

In September, 1963, the Bow Elementary School opened with a total enrollment of 294 pupils, an increase of more than 11%, or 35 pupils over the September, 1962, enrollment. The number of pupils by grades is as follows:

Grade 1	50	Grade 5	36
Grade 2	50	Grade 6	37
Grade 3	33	Grade 7	31
Grade 4	28	Grade 8	29

As is indicated in the above statistics, there are two first and two second grades this year instead of the two first and one second grade of last year. September, 1964, will require two first, two second, and two third grades, necessitating one additional third grade teacher. An in-line projection of available statistics suggests at least double grades for every grade in five years or less.

The School Board, with Mr. Morris Foote, Chairman, the Building Committee, with Mr. James Langley, Chairman, the town officials and the citizens are to be commended for the foresight shown in planning for and constructing a new Bow school, a complete school unit, of a size and design that allows for a future school population growth and which incorporates provisions for an additional classroom wing in the near or distant future as the growth of Bow dictates.

The new building, one of the finest new schools in New Hampshire, is not only more than adequate for present needs, but also provides exceptional specialized areas for science, home economics, shop, library, cafeteria, complete gymnasium facilities, offices and storage. Modern up-to-date equipment designed for maximum teaching effectiveness will be an integral part of the new facility.

The enthusiastic approach with which the citizens of Bow have met the needs of a growing school population reflects an uncompromising attitude in not only appreciating but demanding an excellent physical plant with first class equipment and materials for teachers and pupils, providing an effective educational opportunity and preparation.

It is evident that the citizens of Bow seek to develop to the limit of its potential the greatest resource in our community, the individual pupils in our schools. Our investment in the education of our youth pays dividends for the lifetime of our future citizens. Each dollar that is reasonably spent in developing an individual who can readily meet and adjust to the ever changing demands of the democratic society is also insurance for the perpetuation of our American way of life. It has been stated that an informed people may well prove to be freedom's best defenders.

It is only as we continually evaluate our educational offerings to the youth of Bow in terms of physical plant, curriculum, staff and the end results obtained that we can make wise decisions to assure continued excellence within the present system or adopt changes to obtain improvement both immediate and long range.

I wish to congratulate the citizens of Bow for the keen interest shown in educational matters, and in the sincere concern for making a good educational climate possible for every boy and girl in Bow.

I trust that the joint efforts of the school board, the Superintendent, the principal, the teachers, and the citizens in behalf of the educational welfare of the youth of Bow will maintain and improve the quality of education in Bow.

Respectfully submitted,

ERNEST PELTONEN,
Superintendent of Schools
