DEDICATION

We depend on all the town employees who work hard to make our town run smoothly. They keep records and answer questions. They maintain our cemeteries, the transfer station and town buildings. They keep our roads passable, our health and homes secure, and our children educated. Sometimes this work is routine and pleasant, but often it is performed under dangerous or stressful conditions. We recognize the hazards of plowing roads in storms, or answering life-threatening police or fire calls, but we often overlook the less obvious challenges of meeting deadlines and courteously providing all the services we require, even when departments are under-staffed or in transition.

Two employees in particular deserve mention for volunteering for added duties in emergencies. **Michael Plante** temporarily picked up the Public Works Director's job while continuing to be the foreman of the highway department. For a year Police Sergeant **Lester Fairbanks** also became the Acting Police Chief. Lots of town employees have had to adjust to short-handed departments, but these two deserve special thanks for accepting many extra hours and extra headaches, answering the call of duty when the town needed them.

Chesterfield employees care about the town. It's more than just a job for them. They've earned our thanks. They've dedicated themselves to taking care of the town, and we're dedicating this 1996 Town Report to them.

SELECTMEN'S REPORT 1996

As a board with two new members elected in March, it has been an active year of learning and involvement with the various town departments, boards, committees and commissions.

An ad hoc committee (as yet unnamed) met for the first time in November to discuss the present and future needs of the community. Membership in attendance included representatives from the Board of Selectmen, Police Department, Planning Board, Library Trustees, Budget Committee, School Board and Chesterfield School Principal, Martin Mahoney. Two specific areas the committee determined to be addressed were the enhancement of communications between the memberships of the various groups represented, and the necessity of researching possible solutions to the shared need for an adequate water supply to accommodate the school and various town departments in Center Chesterfield. A second meeting has been scheduled for 2/5/97 at 7:00pm in the Selectmen's office.

In May we promoted Bruce Russell to the position of Public Works Director. Bruce had been an equipment operator within the department since March of 1993 and brings much hands-on experience to his new position. Edward Messer joined our Public Works Department in 1996.

At the Recycling Center Brian Krisch was promoted from part-time to full-time and Craig Day was hired in a part-time capacity.

We never could have anticipated that the search for a new Chief of Police, after Eric Sargent's departure to Swanzey, would be such an extremely long and drawn out process. We assembled a review committee consisting of Eric Sargent, Michael Leclaire, Lester Fairbanks and Warren "Bill" Allen to assist in the search. Finally, we are very pleased to announce that Earl Douglas Nelson has been hired as Chief of Police effective 2/17/97. Chief Nelson brings with him 15 years of experience in N.H. law enforcement, most recently serving as Chief of Police in Dublin and part-time Deputy Chief of Police in Roxbury. We look forward to working with Chief Nelson and we are confident that he will be a fine asset to our community.

The Town Office building underwent a face-lift with a new coat of exterior paint this year. Amidst the process, some structural problems were discovered with the built-in guttering system along the roofline, which we are hoping to address in the coming year.

BOARD OF SELECTMEN

**1997 TOWN WARRANT
TOWN OF CHESTERFIELD
STATE OF NEW HAMPSHIRE**

To the inhabitants of the Town of Chesterfield, in the County of Cheshire, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the CHESTERFIELD TOWN HALL in said Chesterfield, on Tuesday, the 11th day of March, next at ten of the clock in the forenoon (polls at this location close at 6:00 p.m.) to ballot for Town Officers and other questions required by law to be decided by ballot.

You are further hereby notified to meet at the CHESTERFIELD SCHOOL in said Chesterfield on Tuesday, the 11th day of March, next at six thirty of the clock in the evening (polls at this location will be open from 6:30 p.m. to 8:00 p.m.) to ballot for Town Officers and other questions required by law to be decided by ballot.

The business meeting will be called to order at 6:30 of the clock in the evening to act upon the following subjects:

ARTICLE 1: To vote an Australian Ballot for all necessary Town Officers

ARTICLE 2: To vote by ballot on amendments to the Zoning Ordinance.

ARTICLE 3: To vote by ballot on the following modification of the Elderly Exemptions from property under the provisions of RSA 72:39-b: "Shall we modify the Elderly Exemptions from property tax in the Town of Chesterfield, based on assessed value, for qualified taxpayers, to be as follows: for a person 65 years of age up to 75 years, \$10,000; for a person 75 years of age up to 80 years, \$15,000; for a person 80 years of age or older, \$20,000. To qualify, the person must have been a New Hampshire resident for at least 5 years, own the real estate individually or jointly, or if the real estate is owned by such person's spouse, they must have been married for at least 5 years. In addition, the taxpayer must have a net income of not more than \$18,400 or, if married, a combined net income of less than \$26,400; and own net assets not in excess of \$35,000 excluding the value of the person's residence."

ARTICLE 4: To see if the Town will vote to allow a 2% discount on real estate taxes paid in full up to fourteen (14) days (inclusive) of the postmarked date of the tax bill, or act in any way related thereto.

ARTICLE 5: To hear the report of the Budget Committee, or act in any way related thereto.

ARTICLE 6: To hear the report of findings and recommendations of the committee charged with evaluating appropriation requests from non-profit organizations, or to act in any way related thereto.

ARTICLE 7: To see if the Town will vote to raise and appropriate the sum of Six Hundred Four Thousand Seven Hundred Fifty Dollars (\$604,750.00) for the construction and original equipping of a new Chesterfield Library Building, and to authorize the issuance of not more than Two Hundred Seventy Six Thousand One Hundred Thirty Five Dollars (\$276,135.00) of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA Chapter 33) and to authorize the municipal officials to issue and negotiate such bonds or notes to determine the rate of interest thereon; furthermore, to authorize the withdrawal of One Hundred Twenty Seven Thousand Dollars (\$127,000.00) plus accrued interest from the New Library Construction Capital Reserve Fund created for this purpose; additionally, to accept funds from the Chesterfield Library Trustees Building Fund in the amount of One Hundred Forty Six Thousand Eight Hundred Sixty Five Dollars (\$146,865.00) plus accrued interest, with the balance of Fifty Four Thousand Seven Hundred Fifty Dollars (\$54,750.00) to be raised by general taxation. Numerous scattered votes		

ARTICLE 2: The results of the vote by ballot on the adoption of amendments to the Zoning Ordinances are as follows:

1. The vote was in the negative and the amendment lost on adopting the amendment to the Building Ordinances concerning Section IV, immediately following Article 16.3; Adding Article 16.4; Driveway Paving Permits:

"Paving of any new or existing driveways will require a driveway paving permit issued by the Highway Department. If the driveway to be paved is new, the paving permit will be issued with the new driveway permit. Paving of existing driveways will require a paving permit only. The driveway paving permit will include an information sheet with instructions and limitation for paving", as proposed by the Planning Board.

Yes 161 No 248

2. The vote was in the affirmative to incorporate as an amendment to the R/A District, Article II; Section 204.3:C; by deleting the words "and subdivisions" from the following sentence: Manufactured Housing Parks and Subdivisions subject to compliance with the additional requirements of Section 300, as proposed by the Planning Board.

(Manufactured Housing Parks and Subdivisions are a permitted use under Article III, Sections 300.1-300.4).

(A yes vote is necessary in order to correct a contradiction in our current ordinance.)

Yes 316 No 78

3. The vote was in the affirmative on an amendment to the Zoning Ordinance as proposed by the Planning Board.

Concerning Article III; Section 300.2; (Manufactured Housing Parks); Part B:2; to change density from 0.5 units per acre to 1 unit per acre.

Yes 269 No 135

4. The vote was in the affirmative on an amendment to the Zoning Ordinance as proposed by the Planning Board, to incorporate as an amendment to Article IV, section 401.2 concerning Signs by adding the words "per-business" as follows:

"No business sign may have a surface area larger than thirty-two (32) square feet per-business".

Yes 293 No 105

5. The vote was in the negative to change the zoning from O/R/S (Office/Retail/Services) to C/I (Commercial/Industrial) of property owned by Pasquale J. Florio and Sylvia Florio on Route 9, known as Spofford Motor Lodge. Tax Map #10A, Block A, Parcel 2; containing 1.4 total acres. (By petition) Not recommended by the Planning Board)

Yes 180 No 225

Respectfully submitted.

AUDITOR'S REPORT

We have carefully examined the accounts of the Tax Collector, Town Clerk, Treasurer, Fire Department, Library, Trustee of Trust Funds including verification of the securities, and cemetery trustees, pursuant to RSA 41:31. We have followed the State of New Hampshire's guidelines in MS-60 report series for auditors. Variances of financial data have been examined and explained by the respective Municipal Officers to the Town Auditors.

AUDITORS,

Kenneth A. Woodward
Diane Celentano

DEPARTMENT OF PUBLIC WORKS

REPORT FOR 1996

A 1996 guard rail appropriation was expended on Swanzey Road. With 1997 funds we will be able to complete this project.

The Herrick Road construction/reconstruction project was completed with the installation of guard rails.

Road resurfacing was done on Stoneleigh Heights, River Road, Pond Brook Road, Twin Brook Road, North Shore Road, High Street, Joslin Street, Canal Street and Butler Avenue.

In 1996 there were Thirteen Driveway applications issued.

After obtaining a wetlands permit from the New Hampshire Department of Environmental Services we were able to expend construction/reconstruction funds on major culvert replacements as follows: one on Pond Brook Road and three on the Gulf Road and one on Hutchins Road. We also repaired two sections along the bank of the Connecticut River on Mountain Road by putting riprap in place to hold the bank and to save the road. With the conclusion of these projects, the damage done from the October 1995 and January 1996 storms has now been completed.

Without the purchase of any new equipment in 1996 we have seen an increase in cost and down time for equipment repair. We have a genuine need to replace the 1984 International Dump Truck and the 1988 One Ton Truck.

Respectfully Submitted

Bruce Russell
Public Works Director

CHESTERFIELD CONSERVATION COMMISSION
1996 ANNUAL REPORT

Commissioners are: Kathy Davidson, Kate Haines, Cliff Lerner, Jeff Newcomer, Tom Duston, Steve Fisher, Tim Butterworth, Selectman and McKim W. Mitchell, Chairman.

This past year has been one of the busiest for the commission. We've worked with a large number of requests for wetland applications, dealt with a good number of violations, attended workshops, hosted a meeting, and continued our work on the Friedsam Property.

We looked at 13 applications requesting permission to do work near wetlands, streams, or Spofford Lake. Due to the fact that the State of New Hampshire's , Department of Environmental Services (D.E.S.) only has one inspector for the State, it leaves a great deal of work to do for this volunteer commission. This involves reading the application, and then watching the work progress. We have not only worked closely with D.E.S., but also with Tim Butterworth, Selectman and Don Ashworth, Building Inspector in the area of enforcement.

Serving on the commission is getting much more involved and complicated so some of us have attended workshops. To help us do our job and help the property owner that has a question, concern or has a project. On December 4th, your town commission hosted an informational meeting for all other conservation commissions, selectmen, public works departments, and private contractors from Cheshire County. Katie Merriam, Resources and Training Officer for D.E.S. spoke on the new wetland permit process, the changes that have occurred in her department, and how it affects us. Your commission hopes to have future meetings for the general public to address questions and concerns.

More trail work has been done on the Friedsam Property. A large trail map that was produced by the Chesterfield School students has been erected at the parking lot on Twin Brook Road. Recently there have been other recent requests for development on the property, so before anything further is done on the property, we'll be holding an information and open discussion meeting. The date for this meeting has yet to be set but the public will be invited to attend.

In closing I would like to remind or inform those that are online that the commission has a web page. This has been developed and continually updated by Jeff Newcomer of the commission. We have also offered to share our page with other commissions throughout the county. Our website address is:

Welcome to the Chesterfield Conservation Commission's website. It is our primary goal to work with our neighbors to provide for the protection and appreciation of the magnificent beauty and heritage of our special corner of New Hampshire. We hope that this Website will be valuable as a means of sharing our activities and programs. More importantly, we are confident that an enhanced public awareness of the natural treasures of Chesterfield will inevitably lead to greater commitment to their careful stewardship.

**SOLID WASTE/RECYCLING CENTER
REPORT FOR 1996**

We saw changes as always, in the continuing challenge of **SOLID WASTE** in 1996. One of these changes was an increase or addition of fees charged for items coming into the Transfer Station. Although to some this seems like an unfair burden, the reality of the situation remains that to handle our waste stream, it is and will remain an ever increasing cost to all consumers. It is for this reason and in the interest of fairness that we have applied these fees in order that the persons that use the dump the most pay their share, instead of adding a blanket increase to ALL taxpayers, some of whom do not rely on us as much.

We have also changed our hours with an increase in the hours that we are OPEN. Our hours are Monday through Friday 8:00 AM to 11:30 AM - 12:30 PM to 4:45 PM. Saturday hours are 8:00 AM to 4:45 PM. We hope this will make it easier for people to get to us during regular hours.

Brian Krisch our long time, part-time person was made full time last year. Other additions include a new safer, neater storage tank for our waste oil. We have been accepted to receive grant money from the State of New Hampshire that will cover most of the cost of this tank.

Recycling remains strong in Chesterfield in evidence by the ever increasing population in our town. There were 11 new houses built and occupied last year, which may not sound like a lot but converted into "Solid Waste" terms this translates into a minimum increase of 22 TONS of trash being generated per year in Chesterfield--if only 2 people inhabit each household.

The total revenue for those keeping track, was down last year in a large part due to the much becalmed paper market which saw an unusual **BOOM** IN 1995, for which we reaped the benefits for in that year.

But as the following figures attest, Recycling still SAVES US money by keeping tonnage out of the dumpsters. A new item added this year is rags.

ESTIMATED TONS RECYCLED IN 1996

Magazines/Paper:	100 Tons	Newspaper:	66
Tons Metal/Aluminum(bulk)	57.42 Tons	Glass:	
86.81Tons Corrugated:	38 Tons	Plastic:	
11.47Tons			
Tin Cans:	14.41 Tons	Brown Bags:	4.5Tons
Aluminum Cans:	2.5 Tons	Rags:	1.25Tons

All these and more has saved the town at least \$30,000.00 in hauling charges. This in addition to the \$25,000.00 in income from these products bringing us in the neighborhood for \$55,000.00 in savings.

One of the most popular forms of recycling on site not even included in these amounts, but surely represents a good deal of tons deferred is the "Grab It" section. We are in the process of building a larger shed to house the wealth of great stuff that comes in all the time.

Again we wish to thank all those who helped us reach this successful outcome. We would also like to remind everyone to keep buying products made from Recycled materials.....Complete the circle and continued success is guaranteed.

**CHESTERFIELD POLICE DEPARTMENT
REPORT - 1996**

To: Townspeople of Chesterfield
From: Acting Chief Lester C. Fairbanks
Re: Annual Report of the Police Department

This report to the residents of Chesterfield is intended to give an overview of the police department's activities for the past year and to explain this year's budget proposal and programs.

Chief Eric Sargent left the department in February 1996 after approximately 16 years of dedicated service to the town. His expertise and guidance will be missed by the department and town. Personally, I have found 1996 to be challenging as I tackled the administrative duties of Chief of Police while the selection of a new chief progressed. I would like to thank the members of the Chesterfield Police Department, the Board of Selectmen and the townspeople for their assistance and patience during this time. I am pleased to announce that starting February 17, 1997, Earl Nelson will become the new Chief of Police. Earl brings many years of experience in law enforcement and an outgoing personality well suited for this community. I hope you will join me in welcoming Earl Nelson to Chesterfield, and I invite you to stop into the police department and meet him.

The department remains very busy answering calls for service. We have also continued to be pro-active in our approach to problems in the town. Our community policing program is an example of this. Officer Robert Campbell spends many hours on projects such as the Haunted House, softball and flag football games, and the D.A.R.E. program. He and many volunteers work very hard to give the youth of Chesterfield constructive activities at little expense to the town. An example of additional benefits of these programs is that in 1996 there were no reported incidents of vandalism or mischief on Halloween.

We continue to be pro-active in our motor vehicle enforcement on Route 9. 1996 is the first year that motor vehicle accidents were not the leading cause of injury in Chesterfield. While the number of accidents have remained constant over the years, the injuries have been declining. Accidents are going to happen on a road which hosts over 11,200 vehicles per day. It is our belief that if we can reduce the speed they are traveling, and otherwise enforce the rules of the road, so that when they do bump into each other, we can minimize injuries and save lives. I believe that our enforcement and presence has contributed to making Route 9 safer for your travel. We hope we will continue to receive your support in this endeavor.

In 1997, we hope to expand our fleet of three cruisers. We are now running primary patrol units that have over 100,000 miles. This makes the car more expensive to maintain, and is potentially unsafe for the officers. Additionally, we are constantly short of the vehicles needed to run the daily duties of the police department. In 1986, the Chesterfield Police Department had 2 full-time employees, handled 452 calls for service, wrote 721 summonses with 65 arrests, using 2 cruisers, In 1996,

we had 5 full-time employees, handled 1135 calls for service, wrote 1920 summonses, with 153 arrests; still with 2 cruisers.

In 1993 we installed a trunk mounted mobile video camera in our primary cruiser. This has proven to be valuable to resolving court issues, citizen complaints, and protect the town from malicious litigation. We hope to expand this to our second patrol unit this year.

I would like to encourage you to continue to look out for your neighbors and report anything suspicious, no matter how minor. We are your police department and strive to serve you in the best manner possible. I encourage you to stop into the department with any suggestions, complaints, or just to meet the officers.

**HEALTH OFFICER
CHESTERFIELD**

This has been the third year as Health Officer and this year has been quiet compared to others. There have been fewer complaints offered and fewer septic systems to inspect.

We have worked with the Environmental Department in Concord concerning dead fish in Spofford Lake and different runoffs into the lake. Again we had a bout with swimmer's itch and the snail responsible for hosting the organism is *Physa ancillaria*. The swimmer's itch organism is not parasitic to humans and causes no human diseases. The rash will go away naturally in a few days and itching can be controlled by the same lotions used for mosquito bites and other itching rashes. To reduce this parasite in our lake the rule is **PLEASE DO NOT FEED THE DUCKS!**

I am looking forward to serving you again this year as Health Officer and please feel free to call if you have questions or problems.

CHESTERFIELD CEMETERY COMMISSION

REPORT 1996

The addition of the Chesterfield West Cemetery during 1996 resulted in a total of 26 cemeteries within the Town. In addition to maintaining the cemeteries, the crew was also responsible for lawn maintenance at the Town Offices, Library and Spaulding property. Total man hours for maintaining the cemeteries was 3,049.75 at a cost of \$21,982.74, which includes the Chesterfield West Cemetery requiring a total man hour expenditure of 632 hours at a cost of \$4,524.35.

Twenty burials took place during 1996 resulting in revenue of \$3,679, with total cost recognized at \$2,529.13 for a profit of \$1,149.87.

This year, the commission revised the policies and procedures for the cemeteries. They are as follows:

1. Burial lots are available in the Morris Freidsam Cemetery on Route 63, Chesterfield, the Spofford Cemetery off High Street, Spofford and in the Chesterfield West Cemetery, Poor Road, West Chesterfield.

2. Single burial lots are \$175.00. All of these funds are placed in the Chesterfield Cemetery Trust Fund. Income from this fund is used for up keep of the cemeteries.

3. Lots may only be purchased by Chesterfield residents or those whose families have lived in Chesterfield.

4. A permanent grave marker is requested within one year of burial. Corner markers are encouraged. The sexton must be notified when a stone is to be set.

5. No structure other than the usual grave marker may be erected without permission of the cemetery commission.

6. Permanent plantings should be hardy, dwarf (3' maximum height and 6" circumference at maturity) evergreens. Plantings requiring pruning would result in an extra charge.

7. Annual plantings should be hardy and drought-resistant. These should be in pots or planter, enabling the maintenance crew to move for mowing. These must be removed in the Fall. Extraordinary displays that interfere with care of the gravesite are discouraged.

8. It is requested that no plastic or silk flowers be used from May 1 to November 1. The wire stems are dangerous when they contact a mower blade.

9. All winter decorations must be removed by May 1.
10. Cemetery gates will be open May 1 through November 1 from 9 AM to 7 PM, weather permitting.
11. Burials are arranged through the sexton. Winter burials are performed, weather permitting, at the discretion of the sexton. Special arrangements are available for cremation burials.
12. Flags to mark veterans' graves are arranged through the Chesterfield American Legion.

Any questions on policies or procedures should be directed to the Chesterfield Cemetery Commission or the Sexton. Both may be reached by contacting the Department of Publics Works at (603) 256-6629.

At this time, the Cemetery Commission would like to thank the Cemetery Crew for the hard work and job well done for the year of 1996. We have received numerous telephone calls and letters from the public commenting about how well the cemeteries in the Town of Chesterfield are maintained.

REPORT OF THE PARKS AND RECREATION COMMISSION
1996

The Summer of 1996 has proven to be one of the best ever for the Parks and Recreation Department. The Youth Programs offered: Kids Klub, Cool Dudes Camp, and Swimming lessons were a great success. The beaches ran smoothly and work has begun on the old concession to convert it into a multipurpose room.

The success of the Summer Youth Programs were not only due to the planning, organizing, and implementation of the Director, staff, and Commission, but also the time and materials volunteered by members of the Community. Many thanks to the following staff members and volunteers for such a wonderful program: Krista Pawloski, Melissa Nichelson, Kelly Wehner, Sarah Holbrook, Rejean Guerriero, Michelle Davidson, Colin Zamore, Julia Slocum, Barbara Finn, Rob Campbell, Kathy Davidson, Wendy Chamberlin, Pat VanHoudt, Pat Martin, Ginny McManus, Laurie Blair, Pam Loney, Julie Venditti, Jennifer Nowill, Jamie Ricker, Trevor Macdonald, Jan Royer, Kathy Schlichting, Sandy Cormier, Kate Adams, Karen Cali, Kristie Burt, Becky Caswell, Lori Sartorio, Nikki Morse, Sue Plunske, Danielle Moore, Darin Bush, Jackie Kinyon, Pattianne Folta, Justin Valaske, Heidi Stanclift, Phil and Judy Hueber, Ken Gobbo, Kate Haines, Debbie and Steve Hardy, Paula Hudon, Dara Chickering, Denise Vanderpoel, Kathleen North, Tara North, Joe Pumilia, Peet Winter, John Martin, Sam Vaihinger, Ginny Adams, Kevin and Anna Carin Heaney, Ruth Vanhouten, and anyone we forgot to mention.

The Cool Dudes Camp was offered to children ages 5 & 6 while the Kids Klub Program was offered to children ages 7-12. Both programs included special events, arts & crafts, swimming and two field trips. This summer we had 180 children registered for the programs. On average 25-30 children attended the Cool Dudes Camp and 60-70 children attended the Kids Klub per day. The camp met every Tuesday and Thursday for eight weeks. Cool Dudes Camp started at 9:00 a.m. and ended at noon. The Kids Klub started at 9:00 a.m. and ended at 3:00 p.m.

Some of the favorite activities, arts & crafts, and special events included: Swimming, Capture the Flag, Red Light/Green Light, Tag Games, Tie Dye T-shirts, snow globes, The Little Red Wagon, Mini-Olympics, and the Whalom Park and Santa's Land trips.

In addition to the day camps, swimming lessons were offered. Wendy Chamberlin and Rejean Guerriero were the swimming instructors during the summer. Two sessions were offered and lasted for two weeks each, they began at 9:00 a.m. and ended at 11:00 a.m. The first started on June 26 and ended July 5, 56 children registered and on average 25 participated per day. The second session started on July 9 and ended on July 19, 54 registered and on average 20 participated per day.

This summer's beach staff did a great job also. The lifeguards worked well with each other and the public. Their presence was not only seen physically, but they were also heard politely enforcing the rules. All rescues were handled in a prompt and effective manner. The ticket and concession staff also acted in a professional manner. They were polite and kind to all patrons that visited the beach. Beach staff for the 1996 summer season included: Alex Benjamin, Karen Craig, Rejean Guerriero, Sarah Guerriero, Mike Huston, T.J. Kelly, Melissa Nichelson, Sarah Plotczyk, Alecia Cargill, Heather Chickering, Abby Newcomer, Kelly Robinson, Kelly Wehner, and Liz Tortolani.

The Parks and Recreation Commission, Director of Recreation, and staff have begun to clean out the old concession stand at Wares Grove with the intent of converting it into a multipurpose room, beach office, and storage room. This project will continue with the help of volunteers in the future.

The Parks and Recreation Commission offered a Junior High "Fun Night" during the year except for July and August. "Fun Night" is offered once a month for 7th and 8th graders, living in Chesterfield, at the Elementary School. Students have the opportunity to participate in sports, group activities, and

board games. A movie (rated PG) is offered as well. Parents whose children participate are encouraged to volunteer as chaperones. Many thanks to the 1996 chaperones: Karen Ring, Russ and Pam Bergeron, Brenda Doleszney, Betty and Jack Rancourt, Kathy Davidson, Karen Rydant, Gail Peach, Wendy Chamberlin, Betty Tyler, Kitty Hanrahan, Jeff Metivier, Muffy White, and anyone else we forgot to mention.

An effort to gather more input from the public was undertaken this summer as well. Parents and children involved in our programs were asked to fill out evaluations on program content, facilities, staff, and ideas for the future. Please fill out these, if you have not already done so, and return them to the Town Offices. Your suggestions will help us in our future planning of programs and facilities to be offered to the community. A brief needs survey has also been conducted. The response was low, but the commission will continue to evaluate the recreational need for the Town of Chesterfield.

In September, our Parks and Recreation Director, Jeff Metivier, resigned. The Commission recognizes the great job that Jeff has done and accepted his resignation with regret. A search for a new director will begin in the spring after town meeting.

At this time we would like to thank Jack Rancourt for his 24 years of service on the Commission. His time and efforts have certainly been appreciated by all.

Thanks again for a great summer. It was our pleasure to serve you.

Yours in Recreation,

Parks and Recreation Commission:
Russ Bergeron
Kathy Davidson

Wendy Chamberlin
Jack Rancourt

CHESTERFIELD LIBRARY REPORT - 1996

We welcomed more than 100 new library users during 1996, bringing the number of card holders to 1270. User visits to the library increased, as did our requests for interlibrary loan (ILL) service. We received 205 books from other libraries in the N.H. Automated Information System (NH AIS), and sent 178 books to other libraries. The NH AIS holdings have reached the one million mark and grow every day as more libraries become part of the system. The State Library operates a van service to move the ILL materials from one library to another. There are four routes throughout the state. Our van stop, at present, is the Keene Public Library; however, we have applied to have the van stop here due to our heavy use of ILL materials.

The Chesterfield Library Fund Raising Committee wound up its efforts in December 1996. The many generous responses from private and business sources, plus some grant and foundation money, have been added to the previously existing building fund. Donations will continue to be gratefully accepted at any time, and may be sent to the library % Chesterfield Library Fund Drive. Most sincere thanks to all who have contributed to the fund drive to date.

We appreciate the large number of books given to the library this past year. Many are quite new and have been great additions to the collection. Thank you to all who have donated them. What cannot be used at the library have been taken to the ongoing "Book Sale" at the Granite Bank.

Besides books and ILL services, the library offers a varied collection of magazines, a growing number of audio books, and many videos (most of which were kindly donated). Public use of the copier is still 15c copy/2 for 25c. Delivery of books to shut-ins is available on request.

A hearty "Thank you" to everyone who has volunteered in any way to help with library services and programs throughout the year.

FINANCIAL REPORT

The actual cost of all services provided in 1996 with all funding sources is projected to be \$117,949.00.

The total cost of services provided for a partial fee, or at no charge to residents in Chesterfield is projected to be \$6,097.87 for home care and \$975.00 for meals-on-wheels.

For 1997, we recommend a total appropriation of \$7,385.00; \$6,500.00 to continue home care at the current level and \$885.00 for the Meals-On-Wheels program.

Thank you for your consideration.

YOUTH SERVICES
REPORT TO THE TOWN OF CHESTERFIELD

Youth Services is a community based, non-profit agency, serving children and families in Windham County and nearby New Hampshire since 1972. Our purpose is to promote the healthy development of young people. Our mission is to provide services and programs that help our young people, families and communities work successfully together.

We believe in helping children within the context of their family and their world, and in empowering families to solve their own problems, to grow individually and together, and to have new skills to face the future.

We provide services at our office at 11 Walnut Street in Brattleboro, in area schools, and through specific programs in people's homes. Youth Services takes pride in its commitment and ability to provide services regardless of one's ability to pay.

In fiscal year '96 Youth Services served a total of 2,014 children, youth and family members through our eight currently existing programs. Programs include: Alcohol and Drug Abuse Counseling, Big Brothers/Big Sisters Program, Family Counseling, Home-Based Program, Juvenile and Adult Court Diversion Program, Prevention Programs, Runaway Program, and Youth Partnership Programs.

We encourage the accessing of our services by residents of Chesterfield and hope that needs and concerns will be brought to our attention as they arise. In addition, we would like to express our gratitude on the behalf of the recipients of our services to the volunteers from Chesterfield who help our service function and to the town itself for its ongoing support of our work.

We request \$140 from the Town of Chesterfield for the upcoming year to help to support Youth Services continued efforts as a resource for area children, youth and families.

Andrea Livermore

A dramatic decrease in the amount of assistance provided during 1996 is attributable in part to a decrease in the number of new cases, and in part to the many non-profit agencies, both locally and regionally which help to serve the immediate needs of those who have fallen on difficult times. This decrease is in no way indicative of what 1997 may bring, as the future is always the great unknown. The assistance provided through local general assistance is provided within the guidelines established by the New Hampshire Welfare Administrator's Guide and the laws of the State of New Hampshire. Quite basically, "whenever a person in any town is poor and unable to support himself" general assistance from the town is administered.

Recently, area Welfare Directors met with Monadnock Partnerships to discuss the possibility of developing a regional data base for available services. In a nutshell, once established, the data base would provide individual Welfare Directors with up to date information on any other agency services which a given client may be eligible for. This is in the planning stages as yet and may not come to fruition in 1997, but it could prove to be an invaluable resource in the future.

Once again, I urge everyone to please respect the confidentiality of welfare applicants and please avoid entering the back door of the Town Offices building during the hours listed above. It can be very difficult and humiliating to be in a position of having to ask for assistance, and extremely disconcerting to be interrupted during the process, so your consideration is much appreciated.

Welfare Director

CHESTERFIELD FIRE DEPARTMENT
REPORT OF THE FIRE DEPARTMENT
1996

OVERVIEW

This year the Fire Department took delivery of a 1996 E-One Pumper on a Ford chassis, it replaces a 1963 International Pumper in the West Station. We have also continued to add equipment to our rescue truck and our other pumpers.

While this year has been one of progress and building (i.e. new equipment and members) there is one sad note, one of the most distinguished members of this department resigned due to an injury sustained in an automobile accident. Merrill Yeaw served with distinction for 30 years. His expertise and invaluable assistance will be truly missed by all. Thank you Merrill and God bless you.

The following members were recognized for service:

Merrill Yeaw	30 years
Richard "Rick" Gauthier	25 years
Merritt "Doc" Brown	15 years

Thank you all.

Respectfully Submitted,
Steven "Bart" Bevis

SPOFFORD FIRE COMMISSIONERS REPORT 1996

1996 brought the usual amount of activity for the fire department. We had 80 rescue calls and 35 fire calls that resulted in 800 manhours of service by the members. In addition, many hours of training were completed by the 18 active members in the department. Several members were recertified as First Responder Rescue Personnel and all current EMT's were recertified. We had 2 members become certified Level 1 firefighters and the current Fire Captain became Career Level Certified. In addition, the Deputy Chief attended the National Fire Training Academy in Emitsburg Maryland.

Our newest pumper/tanker has served the area well, responding to several fires in the immediate area. It was also called on for special duty at large fires in N. Walpole and Charlestown N.H. because of its water carrying and quick discharge capability. And most members were very tired after the recent early December blizzards. 10 calls in a 24 hour period is a record for the department.

The commissioners were successful in having the entire fire station/village hall exterior painted and all roof repairs completed in 1996. In 1997, building maintenance items will include repair and/or replacement of some windows and doors, concrete ramp replacement, and a start on installing an exhaust system in the apparatus bay as required by current regulations.

The commissioners have included a warrant article this year for replacement of the rescue vehicle. The current vehicle, purchased in 1978, has been the most heavily used unit in town and it shows. There are several mechanical concerns and substantial funds would be required to make necessary repairs. In addition, the rescue requirements have changed over the years and the new unit will address these issues. Complete plans and specifications will be available prior to the Precinct meeting. The unit should give us many years of service.

The commissioners and fire chief continue to be very concerned about the lack of reliable water sources throughout the precinct and access around the lake. Water sources in outlying areas need to be developed and a plan for obtaining a "rescue/fire boat" needs to be completed. Donations or ideas on obtaining these items will be greatly appreciated.

Volunteers willing to join the Fire Department are always welcome. There are large time commitments and training required but the rewards are many.

Thank you for your continued support.
Commissioners of the Spofford Fire Precinct
Steve Buckley, Chairman
Chet Greenwood
Mike Wiggin

WARRANT FOR THE SPOFFORD FIRE DISTRICT
FOR THE YEAR 1996

To the inhabitants of the Spofford Fire District qualified to vote on the affairs of the District:

You are hereby notified to meet at the Spofford Village Hall on Tuesday, March 18, 1997 at 7:30 pm to vote on the following articles:

ARTICLE 1: To choose a moderator for the ensuing year.

ARTICLE 2: To choose a clerk/treasurer for the ensuing year.

ARTICLE 3: To choose a Commissioner for three years; 1997-1998-1999.

ARTICLE 4: To see if the District will vote to raise and appropriate a sum not to exceed Seventy-five Thousand Dollars (\$75,000.00) to purchase a new 1997 Fire/Rescue vehicle and associated equipment, and to authorize the issuance of not more than \$23,500.00 of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA Chapter 33) and to authorize the Fire District Commissioners to issue and negotiate such bonds or notes and to determine the rate of interest thereon; furthermore, to authorize the withdrawal of \$32,000.00 from the Heavy Equipment Capital Reserve Fund; additionally, to authorize the Commissioners to use the remaining funds still available from the previous fire truck sale (approximately \$4,500.00); with the balance of \$15,000.00 to be raised by general taxation. The Commissioners recommend this appropriation. The Budget Committee recommends this appropriation. (2/3 ballot vote required for passage.)

ARTICLE 5: To see if the District will authorize the Commissioners to sell the 1978 Rescue Van to the highest bidder after all the useable equipment has been removed, and after the new truck is received. Proceeds from said sale to be used to reduce the amount of the bonds or notes required to complete the purchase of the new 1997 vehicle. The Commissioners recommend this article. The Budget Committee recommends this article.

ARTICLE 6: To see if the District will vote to accept the budget or act thereon:

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL PRESENTATION

To the Members of the School Board
Chesterfield School District
Chesterfield, New Hampshire

We have audited the accompanying general-purpose financial statements of the Chesterfield School District as of and for the year ended June 30, 1996. These general-purpose financial statements are the responsibility of the School District's management. Our responsibility is to express an opinion on these general-purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general-purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general-purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general-purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The general-purpose financial statements referred to above do not include the general fixed assets account group which should be included in order to conform with generally accepted accounting principles. As is the case with most municipal entities in the State of New Hampshire, the Chesterfield School District has not maintained historical cost records of its fixed assets. The amount that should be recorded in the general fixed assets account group is not known.

In our opinion, except for the effect on the financial statements of the omission described in the preceding paragraph, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of the Chesterfield School District, as of June 30, 1996, and the results of its operations and the cash flows of its nonexpendable trust funds for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general-purpose financial statements taken as a whole. The combining and individual fund financial statements and schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general-purpose financial statements of the Chesterfield School District. Such information has been subjected to the auditing procedures applied in the audit of the general-purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general-purpose financial statements taken as a whole.

*Chesterfield School District
Independent Auditor's Report on Financial Presentation*

In accordance with *Government Auditing Standards*, we have also issued a report dated November 4, 1996 on our consideration of the Chesterfield School District's internal control structure and a report dated November 4, 1996 on its compliance with laws and regulations.

CHESTERFIELD SCHOOL DISTRICT MEETING
March 9, 1996

School District Moderator Gary Winn opened the polls at 10:00 a.m. for voting. The following persons were appointed as ballot clerks and took the oath of office from Diana Allen, School District Clerk: Lynne Borofsky, Marcia Esche, Darlene Dunn, Craig Hood, Cynthia Walsh, Frances Walsh, Caroline Wiggin, Robert Yacubian.

At 7:15 p.m., the moderator called the meeting to order for the purpose of acting on the articles in the warrant. The moderator introduced officials of SAU 29, the Chesterfield School Board, and Martin Mahoney, principal of Chesterfield School.

Articles in the warrant were disposed of as follows:

ARTICLE 1: Fred Rowley moved that the District receive the reports of agents, auditors, committees, and officers as printed in the annual report. Seconded by Kathryn Thatcher.

John Burger moved and Stephen Skibniowsky seconded to amend the motion by accepting the motion pending review by legal council. The Moderator declared the voice vote to be in the affirmative, and the amendment to Article 1 passed. Article 1 passed on a voice vote.

ARTICLE 2: Charles Paquette moved that the District raise and appropriate the sum of \$4,561,227 for the support of schools, for the salaries for school district officials and agents, and for the statutory obligations of the District. Seconded by Thomas Duston.

Sue Sciuto moved and Charles Paquette seconded to amend the motion by decreasing the amount to be raised by \$38,372, from \$4,561,227 to \$4,522,855. Robert DelSesto moved and Lisa Prince seconded to limit debate. The motion to limit debate passed on a voice vote. The amendment to Article 2 passed on a voice vote.

Robert DelSesto moved to amend Article 2 by decreasing the amount to be raised and appropriated by \$204,785. Seconded by Kathleen Burger. Mr. DelSesto presented information that the Chesterfield Taxpayers' Association had compiled which suggested ways to accommodate this decrease in the proposed budget. Gary Holt moved to limit debate. Seconded by Todd Bottomly. The voice vote to limit debate was declared to be in the affirmative. A paper ballot was used to vote on the amendment. Yes - 183; No - 206. The Moderator declared the amendment to Article 2 defeated on a paper ballot.

A paper ballot was used to vote on the main motion which states that the District will raise and appropriate the sum of \$4,522,855. Yes - 209; No - 154. The Moderator declared Article 2 passed in the affirmative on a paper ballot.

Terry Wiggin moved to restrict reconsideration on Article 2. Seconded by Susan Sciuto. The moderator declared the voice vote to be in the affirmative.

ARTICLE 3: Kathryn Thatcher moved that the District raise and appropriate the sum of \$20,000 to be placed in the Capital Reserve Fund established by the voters of the District at the March 5, 1994 District Meeting for the purpose of major renovation/reconstruction of school buildings and related costs. Seconded by Susan Sciuto. William Vogely moved to limit debate. Seconded by Richard Slater. The Moderator declared the standing vote to be in the negative, and Article 3 was defeated.

ARTICLE 4: Cathryn Harvey moved that the District raise and appropriate the sum of \$150,000 for the installation of a sprinkler system at Chesterfield School to meet required fire safety codes. Seconded by Elaine Rowley. A paper ballot was used to vote on the article. Yes - 5; No - 211. The moderator declared the motion defeated on a paper ballot.

ARTICLE 5: Phillip Natowich moved and Charles Paquette seconded to adjourn the meeting at 11:55 p.m. The moderator declared the voice vote to be in the affirmative.

The official town checklist was used for the elections. Four hundred and sixty ballots were cast, 156 at the ballot box and 4 absentee ballots.

ADMINISTRATIVE REPORT

As I sat down to prepare this year's administrative report, the concept of growth immediately came to mind. Not only has the population of Chesterfield School continued to grow (as has the physical facility over the last several years), but the staff has also "grown" relative to its ability to expand the curriculum offered and to meet the needs of students. The relationship between the staff and the school board has also grown to where the staff worked with the Board to establish goals for the year. And what has become characteristic of Chesterfield, the growth of the school-community relationship continues to pay major dividends to the school.

Again this year we observed an increase in school enrollment. I believe this is healthy as it reflects a positive situation in the community, as well as a positive reflection on the quality of programming at Chesterfield School. The down side of this increase is that it has placed a strain on the existing resources at the school. This is most noticeable in the school's ability to meet students' needs in the areas of art, music, physical education and foreign language. Equally worthy of note is the impact that increased enrollment (kindergarten through grade 12) has placed on financial resources as they relate to tuition costs to Keene High School and numbers of students requiring special education programs.

I am quite impressed with the staff's growth relative to their efforts to develop curriculum that is responsive to students' needs and their commitment to staff development activities that enhance their abilities to respond to these needs. Their success in these areas did not happen by chance but, rather, came as a result of hard work, professionalism and dedication. Chesterfield continues to be a leader in SAU 29 in the development and implementation of thematic, integrated curriculum that is challenging and motivational. The Connecticut Valley Watershed Project/Riverfest Celebration was very successful in regard to relevancy of the material, the degree of student learning, and student and community involvement.

Other areas of the curriculum have grown as a result of the staff's efforts to provide students with challenging and enjoyable learning activities. The staff has worked to develop and/or revise the math and language arts curriculum to better reflect state-of-the-art teaching strategies. Work on the math curriculum will continue over next year as teachers throughout SAU 29 meet to assess the effectiveness of the existing curriculum. As has become common with much of what is done relative to curriculum revision, a lot of this work will be completed over the summer.

A school district goal identified the need to revise the science curriculum to include a greater emphasis on the health and sexuality component of curriculum offered to seventh and eighth graders. Given the number of health-related issues that young adolescents must face, I believe the time and energy devoted to this is significant. This work is currently ongoing.

A commitment to, and involvement in, viable staff development, in-service activities has greatly facilitated the staff's growth relative to its ability to develop and implement quality learning opportunities for children. I am very impressed with the willingness of the staff to devote time on weekends and during vacations to attend and participate in programs that enhance their effectiveness in the classroom. Of particular note is the work Jeannette Gardner has done relative to her research on multiple intelligences. She has become a tremendous resource to the staff at the school (who attended a workshop she offered for the staff on a Saturday in the fall) and to teachers throughout SAU 29 and other area schools.

This year the school board and staff met to develop goals. Not only was this positive from the point of view of improved school board-teacher relationships, but their efforts also provided focus and direction for the school for the year. Adopted goals addressed things such as improved communication between the school and community, the board and school, and the school district and the town as it relates to critical and common interests; a commitment to the unified arts (art, music, physical education) and foreign language programs; assessment of the reading program and the role of the reading specialist; the impact of increased enrollment; and an analysis of the school's health program.

The level of community involvement in, and support of, school activities and programs sets Chesterfield apart from many other districts throughout the state. Community involvement on respective school committees has aided decision-making, policy development, long-term planning, and budgeting. This involvement has not been limited to Chesterfield School. Input received from Chesterfield parents and community members has also impacted decisions relative to the AREA agreement with Keene and programs at Keene High School. I encourage you to stay involved, visit the school, and share your ideas and concerns with Board members or staff at the school. Please plan to attend the annual School District Meeting on Saturday, March 8, at 1:00 p.m.

Phillip G. McCormack, Ed.D.
Superintendent of Schools

PRINCIPAL'S REPORT

Although we had projected a **student enrollment** of 460, our official (**October 1**) numbers totalled **480**. This increase was largely due to the transition into our school/community of approximately **40 new students, representing 27 new families**. These families came to us locally from Keene, Troy, Dublin, and Brattleboro, and from as far away as, Granby, Connecticut; Carbondale, Colorado; Ladysmith, Virginia; Vicksburg, Mississippi; Tucson, Arizona; Springfield and Conway, Massachusetts; Dorset, Vermont; Alpharetta, Georgia; Milford, Pennsylvania; and Germany. Usually, there is a fairly equal balance between the number of students/families coming and going in any given year; however, such was not the case this year. This increase (+4%) is representative of the average increase we have experienced annually this decade. We are using this same data to project enrollment for 1997 - 98. Since October, our enrollment has increased slightly to its present total of 482.

Enrollments/Placements - October 1, 1996

Kindergarten	41
Grade 1	39
Grade 2	45
Grade 3	66
Grade 4	55
Grade 5	62
Grade 6	65
Grade 7	64
Grade 8	43
TOTAL	480

As I have indicated to you in the past, the large student populations in grades 3 - 8 will continue to impact on staffing, programs, and services in the unified arts (art, music, and physical education), Spanish, and in the overall focus and development of our middle school (7/8) program. The latter is currently undergoing study and review by committee.

We have seen the impact this year with the elimination of certain unified arts programs in kindergarten and fourth grade, and the modification of programs and services available to our middle grade students. Proposals in the School Board budget for 1997 - 98 attempt to correct this trend and prevent the situation from deteriorating any further.

Despite the need next year for an additional teacher to support the middle school program, the continued decline of enrollment in the primary grades will allow us to cope through internal transfer and reassignment.

We always experience some changes, both temporary and permanent, in our teaching and support staff positions, however, this year provided us with some unique exceptions. **With the departure of Mrs. Kathy York (first grade), Ms. Mary Grove (7/8 science), and Mrs. Diana Allen (7/8 English) we lost three (3) Chesterfield 'veterans' with a combined total of 37 years of service to the district.** Kathy and her family have relocated 'down under' to Australia; Di, Tom, and the children have moved to Florida; and Mary was given an approved, one-year leave of absence.

Internally, both **Mrs. Gardner and Mrs. LeDuc** were reassigned from their multi-age classes to **fifth and first grade positions respectively**. Both Jeannette and Karen have been instrumental in the development and success of the school's multi-age program over the past five (5) years. **Mrs. Patti Beardsley and Mr. David Potter** were reassigned to fill these **multi-age positions**.

Mrs. Abby Salamin returned to us from maternity leave and was assigned to a **fourth grade** position in one of the modular classrooms.

Mrs. Betsy Yacubian, who has been assigned to one of the school's sixth grade positions for the past two years, returned to once again teach **reading in the seventh and eighth grades**, in addition to serving in a limited capacity as the school's **Reading Specialist**.

The following personnel represent new additions to our school's **professional teaching staff**:

* **Ms. Carla Larson** was selected to fill the **third grade** teaching position. Ms. Larson is certified in Elementary Education, holds a Bachelor of Science degree in Secondary Education/Earth Science from New York State University at Oneonta and a Masters of Education from Antioch/New England Graduate School. For the past six (6) years she has been employed by the Stoddard School District, having been involved with both self-contained and multi-age classes, readiness through third grade. Prior to that, Carla taught briefly at Keene High School, completed internships at the Jonathan Daniels School in Keene and the Green Street Elementary School in Brattleboro, and worked at the Benjamin Franklin School in Keene with both ESL (English as a Second Language) and special education programs. Carla resides with her family in Keene.

* **Mrs. Suellen Buffum and Ms. Virginia Acerno** were selected to fill the two (2) **sixth grade** positions.

Mrs. Buffum received a Bachelor of Science degree from Keene State College and currently holds state certification in Elementary Education. She has held teaching positions in the Fall Mountain, Westmoreland, and Marlborough School Districts. Her considerable experience with middle grade curriculum, gifted and talented education, and special programs, such as, Odyssey of the Mind, makes her a special match for our program. Suellen and her husband reside in Keene.

Ms. Acerno is a recent graduate of Keene State College, where she received a Bachelor of Arts degree in English and completed additional course work for certification in Elementary Education. She previously worked in the Westmoreland School District as an instructional aide, in addition to, coaching girls' soccer. 'Gina' resides in Westmoreland.

* **Mr. Earl Horn** was selected to fill the **middle school science** position for this year. Earl currently holds state certification in Biology, and has completed undergraduate and postgraduate work at both New England and Keene State College. His teaching experience has involved work at Mascenic Regional High School in New Ipswich, and Thayer Jr./Sr. High School in Winchester. He has also served as the Program Director for the Otter Lake Conservation School in Greenfield, N.H., and as a member of the Harrisville School Board. Earl and his family reside in Harrisville.

* **Ms. Jean Kennedy** has been **selected to replace Mrs. Allen for the remainder of the 1996 - 97 school year**. Like Mr. Horn, Ms. Kennedy comes to us from Thayer Jr./Sr. High School in Winchester, where she has been employed since 1988 as an English teacher for students in grades 8 - 12. Prior to that, Ms. Kennedy taught English in Westmoreland and in the American Schools in Dusseldorf and Augsburg, Germany. She has a Bachelor of Arts degree in English from Penn State University and a Masters of Education in English from West Chester State University, Pennsylvania. Although she is a former resident of the community, Ms. Kennedy currently resides in Keene.

Our **support staff roster** has also seen some significant changes since the start of the school year.

* **Mrs. Virginia McManus, Ms. Mary Lou Alther, Mr. David Yacubian, and Ms. Kristin Trahan** have joined the staff as part of the school's corps of 11 **tutors** hired in support of 18 identified, special needs children in grades K - 8.

* **Ms. Krista Pawloski** has been reassigned to the **special education aide** position vacated by Mrs. Susan Kennedy, who took a similar position in the Monadnock School District.

* **Mrs. Marion Grimes** was selected to fill the **part-time, Food Service Assistant** position. As a lifelong resident of the community with grandchildren in the school and having substituted occasionally, Marion is certainly no stranger to us and is a very welcome addition to our staff.

I would be remiss if I didn't also mention the efforts of **Ms. Rui Ota**. Rui is a young lady from Japan who has been working as a **full-time volunteer** in the school since the start of the year. **Rui is visiting with Mr. and Mrs. Amos Winter**. Her effort, enthusiasm, and initiative have been outstanding. She has assisted in many of the school's primary classrooms, the library, Title I, art, and with selected special activities and events. She has an Associates degree in English Literature. Ms. Ota's presence has provided the school with an excellent learning opportunity that has touched us all.

The **changes to our school's system of grading and reporting used in grades 3 - 8** represent a major adjustment to practices that have existed in this district for close to 20 years. After a formal presentation last May, the School Board unanimously approved the new proposal, which provides for:

- * Trimester instead of quarterly reporting.
- * Increased, direct contact with parents and students.
- * Changes to the coding system used in grades 3 and 4.
- * Increased emphasis on the use of 'critical skills' in the learning process.
- * Greater consistency and continuity K - 8.
- * The development of three (3) different report forms (3/4, 5/6, 7/8).
- * Modified sections for each of the Unified Arts subjects.
- * A greater emphasis on 'authentic assessment.'
- * Expanded use of portfolios.
- * Greater student involvement and ownership in the reporting process.

The positive feedback from parents after the first trimester conferences last fall validates this new initiative that was long overdue.

The major renovations to the school's front entrance way represent the most significant maintenance projects that were completed this past year. The **Friends of Chesterfield School** financed the **planting of trees** along the road access to the front common and, with district funds, we were able to **extend the curbing** through to the Old Chesterfield Road on the opposite side. The latter eliminated the mess and clean-up that occurs annually after 'mud season,' especially when we started using this area for the bus drop-off and departure of students in grades 5 - 8.

This year's **Stow Mills Fund - Major Award** was presented to **Mrs. Darlene Dunn**, Chairperson of the school's Assembly Committee, for the proposal entitled **Endless Skies of Education**. The \$1,500 award will be used to establish an **artist-in-residency** for all students with **Mr. Hans Schepker**, a **kitemaker** from Marlborough. The students will be making their own kites, as well as, integrating this skill into their study of math, science, and other academic subjects. With fair winds and pleasant skies, the culminating event scheduled for this spring's Pisgah Day should be a memorable one.

The many special activities that have occurred over the past year have had a positive and lasting impact on students and faculty, as they have woven their way through the school's academic programs and curriculum. However, the **Riverfest Celebration** that was held last May was the highlight for me. This culminating activity for the school's **Connecticut Valley Watershed Project**, which was funded by a **Stow Mills Grant**, was special. Over a two-day span of time the students, faculty, parents, and community were immersed in all aspects of the history, geology, flora, fauna, ecology, transportation, recreation, and preservation of the natural resources associated with the Connecticut Valley Region in which we live.

Specific parts of the **school's curriculum and programs** have undergone review and revision over the past year:

* We are in the process of reviewing the scope and sequence of the school's **math curriculum used in grades K - 4**, as it impacts on the use of texts and related teaching materials, the results of standardized and state testing, and teaching practices.

* We continue to scrutinize teaching practices in the areas of **spelling and language mechanics**, with an emphasis on improving student skills, creating a greater sense of consistency and continuity in our teaching of these subjects.

* New **social studies** texts have or will be purchased for use in **grades 6 and 7**.

* The school's **Social Skills Program** has been reviewed and revised to provide greater consistency and coordination across the grades.

* The teachers in **kindergarten** have consulted with the **unified arts** teachers in an effort to make-up for the loss of certain programs, e.g. music.

* A committee made up of teachers, School Board, and parents is in the process of developing and defining a **health curriculum** appropriate for students in **grades 7 and 8**.

The proposed budget for next year will allow us to continue some of these initiatives, as well as, once again address areas of math, music, science, and technology as part of the SAU's curriculum review cycle.

I would like to formally recognize the following students for their special achievements and the contributions they have made to the school over the past year:

1996 Chesterfield Public Library Young Authors' Contest First Place Winners

Tara Wilkinson and Kate Adams (Poetry and Non - Fiction)

Stephanie Wright (Poetry)

Tara North and Tyler Ames (Fiction)

Academic Excellence - Class of 1996

Kate Adams and Shawna Greeno

1996 MathCounts Team

Chris Duston, Shawna Greeno, Amanda Hubner, and Andy Shaw

1996 School Spelling Bee Champion

Josh Michaud

Harold T. Martin Athletes - of - the Year

Jennifer Caveney and Nate Carter

Doug Sargent Memorial Award Winners

Kate Adams and Collin Zamore

Larry Taylor Citizenship Award Winners

Jeff Petrovich and Alecia Cargill

American Legion Post # 86 Citizenship Award Winners

Kate Adams and Jim Francis

National Geographic Society - 1996 School Geography Bee Champion

Alexi Fleming

New Hampshire Junior High Music Festival Participants

Vocalists: Kate Adams, Genny Ferrin, Ali Natowich, Kelly Robinson, and Mariah Smith

Instrumentalists: Tyler Ames, Laura Greenspan, Amanda Hubner, Lewis Rieley, and Shannon Bratcher

Odyssey of the Mind - Renatra Fusca Award Winners

Alecia Cargill, Jeremy Peach, Amanda Hubner, Chris Duston, Jamie Ring, and Jonathan Thomas

And to all of the students in our school who, on a daily basis, in their own special and personal way, make a positive and lasting contribution to the excellent image of our school, I thank you!

The results of our third, **Parent - Community Survey** continue to show that people are pleased with the performance and direction of their school system. With regard to the major areas of the survey, as they impact on personal involvement, the network of communication, the school's academic program, and the physical and emotional climate in which children learn, **the school received an overall approval rate of 97%**, a rating which has remained unchanged over the past six (6) years. **Success only serves to create new challenges.** It is obvious that we have responded positively to those challenges, and we will continue to do so in the future.

Lastly, I would like to take this opportunity to **recognize the contributions and tenure of Mrs. Lorraine Johnson**, our School Nurse, who is retiring this year after 23 years of service to the Chesterfield School District.

Over the years, with the retirement of such people as Mrs. Nina Foster, Mrs. Phyllis Zuccale, and Mrs. Mary Lou Kelly, many people finally came to understand and appreciate their contributions and efforts, and what it took to replace them. Lorraine is no exception. During her tenure she has seen this school more than double in size. She has seen the student population in the health office grow from a small handful of students with physical ailments with some requiring daily medication, to an atypical list that currently totals 140+ students that involves dispensing close to 3,000 dosages of medication annually. The changes in state requirements for screening, immunizations, testing, physicals, and related documentation is also something with which she has had to cope and adjust. She has also been personally involved with three (3) different health curriculum studies over the years. She has continued to do her job, despite at times the community's lack of acceptance and understanding of the scope and importance of health services in a public school.

Throughout her 23 years, she has never once lost sight of the children and the needs of their families. Whether it was a personal phone call or contact, or a contribution from one of her many sources during a special season or a difficult time, she was always thinking first of others. It is this warmth, affection, emotion, openness, sensitivity, and sincerity that will be remembered by all of us. As someone wrote on one of the recent surveys that was returned - **"We'll miss Mrs. Johnson."**

Martin F. Mahoney

SCHOOL LUNCH REPORT

The Lunch Program here at Chesterfield School continues to gain popularity, as evidenced by the 2,000 more lunches served over and above last year's count, bringing the total lunches served to over 35,000.

Changes were again made to the kitchen staff. Linda Wystup is now my "right hand" and Marion Grimes is our new part-time person. Chris Furlone left us to work with her husband. We wish her well.

Government food continues to be very important to us. They have added many new fresh fruits and vegetables to the program.

We've had many extra projects to keep us busy. We were helpers with the Italian Nite Supper. We worked with Mrs. Kenney's fifth grade class, Mrs. Sargent's class, and Ms. Grove's class on special projects. When the school had the Connecticut River Celebration, we joined in by making River-Bank Cupcakes. In June, Chris Holton was our guest chef for the day. Chris graduated from Chesterfield five years ago and is now attending culinary school in Montpelier, Vermont.

Parents are welcome to call with questions at anytime or, with a little notice, to come have lunch with their children.

Carol Riendeau

SUMMARY REPORT OF THE CHESTERFIELD SCHOOL COST CONTAINMENT
COMMITTEE

At the 1996 Public Hearing held in January 1996, it was suggested that the School Board set up a committee to look into budget expenses. The Cost Containment Committee was formed after the School District Meeting and met from April to November 1996. The committee looked at special education costs, high school tuition, and SAU expenses. The committee has come to the following conclusions:

With regard to special education:

1. According to law, special education and related services must be paid at public expense with no additional costs to parents, with the exception of those that can be applied to family health benefits and Medicare.
2. The school must have procedures in place to identify, locate, and evaluate all disabled children from ages 3-21.
3. Special education can be expensive because: (a) the federal government has mandated programs and requirements but funds these mandates minimally or not at all; (b) New Hampshire does not provide school districts with the full amount of foundation aid (which includes special education basic aid funds) as required by state law and, (c) many procedures and documentation require time and personnel in order to comply with the law and avoid legal action.
4. Most procedures and required documentation are required by law.
5. Chesterfield School is adhering to the law.
6. The Chesterfield School District can do little to change the process as it stands now. However, individual taxpayers can speak to their state and federal representatives.
7. The steady increase in our special education population at the elementary level is not matched by a similar increase at the high school. Instead, the high school figures have remained steady over the last seven years. This indicates that the measures taken at Chesterfield School to help children recognize their disabilities and cope with them are successful. Our special education program is doing what it is designed to do.
8. Special education costs over the last four years, as a percentage of the school budget, have not changed much (spreadsheet is available in the complete report).
9. Many of the expenses that are budgeted for in the special education account do not reflect actual costs, since some of these costs would be charged regardless. For example, we must pay tuition for a student at the Keene High School. If the student is a special education student, the tuition cost is applied to the 1200 (special education) account. Otherwise, the tuition cost shows up in the 1100 (regular instruction) account. In many cases, the cost is identical or very similar. The difference is mainly

one of bookkeeping.

With regard to high school tuition and SAU costs:

10. Keene High School is attempting to communicate more with the Chesterfield School District through its annual report to the School Board and in formal meetings . Informal discussions with parents and students indicate general satisfaction with the high school. The school board is currently asking for a review of the method used to figure the high school tuition rate to see if the calculation is accurate.

11. Recent state legislation and proposed legislation now permit school districts more freedom in restructuring an SAU. This eliminates much of the paperwork involved in reorganization and could possibly save a district money. Marlborough is currently considering withdrawal from SAU 29 under these new regulations. Chesterfield School District needs to look closely at the legislation and monitor Marlborough's progress, and assess whether withdrawal from SAU 29 would be cost effective. This should continue over the next year.

A more complete report on special education was prepared by the committee and is available in the three post offices, Chesterfield Library, and at Chesterfield School.
