## ABSTRACT OF THE ADJOURNED TOWN MEETING

Held at the Dublin Consolidated School, Dublin, N.H. March 30, 1978

7:30 p.m. meeting called to order

C.R. Trowbridge, Moderator, presiding

Petition for Yes/No ballots on Article 23 recieved and accepted.

Request to record proceedings of meeting by Town Clerk, no one objected.

Mr. Fred Carter was appointed Assistant Moderator for the evening.

Peterborough Armory was suggested as a possible place for future town meetings, it was also suggested that we vote on a Tuesday and have the meeting on Saturday, this will be discussed and voted on at the end of this meeting.

The main reason for the proceedings tonight was due to the results of the Ballot Question on Article 3, voted at the Annual Town Meeting held March 14, 1978, a delegation was sent to Concord, Friday, March 24th, to check on legality of Article 23 with the Department of Revenue Administration. They were told that we cannot borrow under the article and we will have to raise and appropriate all the sums required for this project at this meeting. They were also told that we cannot accept the gift of the 1493 house unless it is under a separate warrant article brought before Town Meeting another year. Article 13 will also have to be tabled as it is not legal to raise and appropriate tax money for a gift.

Article 12. Moved that the Town accept the Dublin Women's Community Club property located on Map 17, Lot 21, under the terms of their title received from the Trinitarian Society for the use of community purposes and raise and appropriate the sum of \$2,120 for operation and maintenance for the year 1978. Carried.

Article 13. Moved that Article 13 be postponed indefinitely. Carried.

Moved to take up Article 23 before Article 22. Carried.

Article 23. Moved that the Town raise and appropriate the sum of \$44,140 in 1978, for the purchase of land, the building of roadways and parking lots and the renovation of the bottom of the town hall to be leased to the U.S. Post Office, and further that the Budget Committee be instructed to include the item of \$16,350 to complete the payments for said purpose into the 1979 Budget for the Town. Further moved that the selectmen be authorized to negotiate a lease with the U.S. Postal Service for the use of such renovated facilities as a Post Office. Motion failed. 62 Yes - 92 No.

Article 22. #### One Year Term

Highway Agent, Town Treasurer, Library Trustee, One (1) Moderator Conval School District.

#### Three Year Terms

Selectperson, Town Clerk and Tax Collector, Trustee of Trust Funds, Water Commissioner, Member Cemetery Committee, Two (2) members Budget Committee, One (1) member Recreation Committee.

#### Five Year Terms

Two members Planning Board, One (1) member Board of Adjustment.

### Article II

Does the Town approve of having two sessions for the annual town meeting. The first session for choice of town officers and any other action which also requires an official ballot, and the second session on a date set by the Selectmen for the transaction of other business? (Ballot Question)

### Article III

Is the Town in favor of adding to it's Zoning Ordinance a proposal by the Planning Board which would control rapid growth by limiting the number of subdivisions in the following manner:

A. In any calendar year, a landowner would be allowed one subdivision into two lots provided his application meets all other current subdivision requirements.

B. Further, the Planning Board could allow three additional subdivisions in any calendar year provided each of these subdivisions have different owners. These may be three, four, or five lots per each subdivision.

C. To exceed five lots in any one subdivision an approval must come not only from the Planning Board but must also be accepted by a majority vote of the town at either the annual or a special town meeting.

Note: This additional ordinance would be effective for the next two years or until Dublin's new proposed Master Plan has been completed and adopted, whichever comes first. (Ballot Question)

### Article IV

## REPORT OF THE BUDGET COMMITTEE

The 1978 Budget Committee met sixteen times in the course of the 1978 and 1979 Budget preparation year — March 1978 — March 1979. Three of the meetings were held, as last year, to review quarterly expenditures of the various departments, since it is part of the Committee's responsibility to oversee the Municipal Budget Law requirement that departments must stay within their budgeted appropriations.

One meeting was held as a Public Hearing on November 3, 1978 in accordance with Budget Law requirements prior to the Special Town Meeting of November 20, 1978 regarding use of Route 101 By-Pass contributions, and rental of the former Women's Club building to the U.S. Post Office.

At this writing, a second Public Hearing to discuss the 1979 Budget is planned for February 13, 1979.

Review of the 1979 department budget requests started on November 16, 1978, meetings being held approximately once a week from that date on. Many of the requests showed increases of 10-15% or more over last year's figures which is disappointing. The Committee is meeting with various departments to reduce amounts wherever possible to more manageable figures. With respect to salaries, the Committee is recommending holding increases to the 7% National Guidelines except where job content has changed, or where previous agreements apply.

None of the increases are without persuasive backing. Good arguments can be made for them all. It is not a question of refusing to fund projects of doubtful value. What it comes down to is just how much recreation, conservation, health care, police protection etc. does the Town want and how much it is willing to pay for. The Committee has listed some items in the "Submitted Without Recommendation" column for discussion and decision by the voters at Town Meeting. This year, also, the arrangement of the Town Reports book will hopefully show, in the Detailed Statement of Payments section, columns for last year's budget, what was actually spent, and the 1979 budget amounts. So it will be easy to compare this year's request, by line item, with last year's figures.

This year the Committee greatly regrets the departure of two members who have served since its beginning. Fred Carter and Mary Krogman have been on the Committee since 1975 when it was first established by vote of the Town. Fred was Chairman for the first two years of its existence, and his hard work got it off the ground. Mary has been Secretary from the beginning, and her hours of work on the figures, her excellent Minutes, and her preparation of the official forms, notices etc. have been invaluable. We would love to have them run again but agree that they have done their share. We shall miss them, and they will be hard to replace.

Respectfully submitted,  
Edward F. Whitney, Chairman  
Fred D. Carter  
Mary E. Krogman, Secretary  
Russell F. Eaves  
Anne C. Biklen  
Lucille A. McDonald  
Ann Walsh, Selectmen's Representative

## AUDITORS REPORT

To the Board of Selectmen of the  
Town of Dublin

We have examined the balance sheets of the General Fund and Trust Funds of the Town of Dublin as of December 31, 1978 and 1977, and the related statements of changes in fund balance, revenues, appropriations and expenditures and general long-term debt of the General Fund and changes in fund balance of the Trust Funds for the year(s) indicated. Our examination was made in accordance with generally accepted auditing standards and, accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The Town has not maintained a record of its general fixed assets and, accordingly, a statement of general fixed assets as required by generally accepted accounting principles is not included in the financial report.

In our opinion, the aforementioned financial statements present fairly the financial position of the General Fund and Trust Funds of the Town of Dublin as of December 31, 1978 and 1977, and the results of the financial transactions for the year(s) indicated, in conformity with generally accepted accounting principles applicable to government entities applied on a basis consistent with that of the preceding year.

To the Board of Selectmen of the  
Town of Dublin

We have examined the balance sheets of the Dublin Public Library Building Fund as of December 31, 1978 and 1977, and the related statement of changes in fund balance for the year(s) indicated. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the aforementioned financial statements present fairly the financial position of the Dublin Public Library Building Fund as of December 31, 1978 and 1977, and the results of the financial transactions for the year(s) indicated, in conformity with generally accepted accounting principles applicable to government entities applied on a consistent basis.

## DUBLIN PLANNING BOARD ANNUAL REPORT — 1978

1978 has been an active year for the Dublin Planning Board and we anticipate even greater activity in the next few years. Our aim is to guide the growth that we expect to continue to come to Dublin. If growth gets out of control, we wonder how many of us will be able to live here, because of the tax burden growth will cause.

Following are the more important events we would like to share with you:

As you remember, at this year's March Town Meeting, the townspeople voted for a control on the number of subdivisions. As a result of a N.H. Supreme Court ruling in November, 1978, this vote became illegal. It should have been voted on by ballot, after two public hearings. Therefore, two public hearings will be held and the same warrant article will be voted on by ballot this March, 1979. (About fifty towns in N.H. were affected by this ruling.)

In April, the Planning Board, with the financial help from the Dublin Foundation, contracted with the Southwestern N.H. Regional Planning Commission to prepare a Master Plan for the town of Dublin. Implementing the Master Plan by the townspeople will mean that we all will have a say in how the town grows and develops.

We formed the following advisory committees to work on this plan:

**HOUSING:** Bill Bauhan, Steve Knapp, Mitch Wenigmann, Frances Boyd, Theresa Hastings, Joe Wakeman & Carol Peterson.

**OPEN SPACE:** Skiddy von Stade, Nancy Perkins, Abe Wolfe, Tom Wright, Sam Spiker, Louisa Spencer, David Birch.

**RECREATION:** Rist Bonnefond, Jay Jacobs, Jill Lawlor, Peg French, Elsie Pratt, Lucy Shonk, Andy Elder, Bill Hotin.

**TRAFFIC & TRANSPORTATION:** Gordon Knight, Bob Knight, Russell Eaves, Mike Walker, Tudy von Stade, Sam Spiker, Chick Babneau.

**TOWN GOVERNMENT & TOWN ECONOMY:** Lucy McDonald, Mary Krogman, Ned Whitney, Rob Trowbridge, Ray Gauthier, Adele Knight, Julian McKee, Selectmen.

**ECONOMIC DEVELOPMENT COMMITTEE:** Norman Davis, David Ashton, Charles McKeen, Dan Walsh, Cles Staples, Bob Krogman, Charles Moody, Dan Burnham, Jesse Hale, Bill Barker.

**PUBLIC UTILITIES & FACILITIES:** Russ Eaves, Fred Carter, Trixie Sagen-dorph, Beekman Pool, Dan Walsh, Ned Whitney, John McKenna, Albert Rajaniemi, Jim Cuddihee, Selectmen.

**DEMOGRAPHY:** Nancy Perkins, Isabelle Pratt, Doris Haddock, Elsie Burnham.

This Master Plan is to be completed in March, 1979, and unless there is an emergency of some kind, it will be voted to implement part of this plan at the March, 1980 town meeting, after everyone has had a chance to study and discuss it. A summary of the plan will be sent out to all the townspeople and everyone will have access to the complete plan at various places in the town. You will be hearing more about this in the months ahead.

Concerning Route 101: We realize whatever happens on 101 is going to greatly affect Dublin. The town officials were invited to a meeting with the Department of Public Works of N.H. in June of this year (at their request). Out of this meeting came questions which the Highway Department has answered. (These were published in the local papers and are also available from the Planning Board). Following the public hearing on 101 in August, it was thought by certain citizens that Dublin should be doing more than we were. It was decided by the Selectmen and the Planning Board and the Bypass-101 Committee that another enlarged committee should be formed to be under the Transportation and Traffic Advisory Committee of the Master Plan of the Planning Board.

Money was raised by voluntary contributions (some over \$14,000) from a letter sent out by the Selectmen and Planning Board. This committee consists of: Ned Whitney, Chairman, Paul Biklen, Judd Hale, David Ashton, Robert Allen and Gordon Knight. They have full charge and control of how this money is to be spent. Hopefully, when all of the facts are in and a complete study made, a satisfactory solution will be found for the majority of the residents in the area. Again, growth enters into this big picture. If we have a four-lane highway across Southern New Hampshire, will growth take place faster than it is possible to be handled properly? (Look at the Nashua area!)

Carol Peterson resigned as of November 2 from the Board, and has been replaced by William B. Hastings, Jr.

The following subdivisions occurred this year:

David Whitney — three lots — Approved  
Robert Kraichnan — two lots — Approved  
Norman Davis — Change in property lines — Approved  
Leopold Gebauer — two lots — Approved  
Tony Anable — Sale of right-of-way — Approved  
Robert & Jean Geisel — three lots — Disapproved  
David Walker — two lots — Approved  
Richard Mica — two lots — Approved  
Patricia & Marion Walker — two lots — Disapproved  
Colonel Hale — two lots — Approved  
Joseph Pinney — two lots — Approved  
Public hearing on trees to be cut on Scenic Windmill Hill Road — Approved

The planning Board meets the first and third Thursdays of each month at 7:30 P.M. in Dublin Town Hall. All meetings are open and everyone is welcome. An observer from the Conservation Commission usually attends.

Respectfully submitted,  
Allan J. Fox, Chairman  
Doris Haddock, Secretary  
Gordon Knight, Vice-Chairman  
Skiddy von Stade  
Brian Hastings  
Norman Davis  
Robert Krogman, representing Selectmen

## REPORT OF THE BOARD OF ADJUSTMENT

According to State Law, the Board of Adjustment "may, in appropriate cases and subject to appropriate conditions and safeguards, make special exceptions to the terms of the ordinance in harmony with its general purpose and intent and in accordance with general or specific rules therein contained." (RSA 31:66) "Ordinance" in preceding sentence refers to the Zoning Ordinance adopted by the Town.

In 1978, the Board of Adjustment acted on the following:

Approved a variance of frontage for Lots 12 and 13 owned by Norman Davis.

Denied Carl & Marsha Niemela's petition for a variance to construct an addition closer than 35 feet to the road at their Burpee Road property.

Approved Harvey Hayes' petition for a variance of the frontage on his lot on the Hancock Road.

Approved Pierce Hollingsworth's petition for a variance of Article XVI for suitable access to the Richardson Lot property.

Denied a petition to build a single family residence on a 13 acre lot owned by Andrew Wasil, Jr. which is closer than 100 feet of a wetland.

Denied Ben & Marcia Ticknor's petition for variances relative to adding a west wing on The Guest House and to make renovations within their own home across the street.

Approved Kenneth Delnaro's petition to set up a sawmill operation on land owned by his parents.

Respectfully submitted,  
Thomas P. Wright, Chairman  
Members of the Board  
Elsie N. Burnham, Secretary  
William A. Barker  
Paul F. Biklen  
Robert O. Blanchette  
Thomas P. Wright, Chairman

## REPORT OF SITE INSPECTOR

During this past year, fewer building permits have been issued than in 1977. There have been less new homes built but more additions. According to Town Ordinance, a building permit is required for construction over \$1,000 in value.

The permits issued were as follows:

7 new homes est. cost	\$310,000
1 new garage	10,000
1 silo	6,000
26 additions or alterations	319,200

Respectfully submitted,  
Brian Barden

## REPORT OF THE CONSERVATION COMMISSION — 1978

1978 has been an active year for the Conservation Commission. As the Town continues to grow it is our responsibility to do everything we can to ensure protection for our forests, lakes, streams, other wetlands areas, and for our scenic roads, so that trees are not needlessly cut down.

Our meetings, held on the second and fourth Tuesday of every month, are open to anyone who is interested and who may have ideas to contribute.

In January, the Commission voted to sponsor publication of a book on Dublin birds, by Elliott and Katherine Allison. The Allisons met with us on several occasions to share their plans and progress. We are grateful to the Dublin Community Foundation and to Yankee magazine for their financial support of this project. We have raised enough money to meet the cost of printing the book and look forward to its publication in the next few weeks.

Work on the house survey has continued under Bill Bauhan's leadership, and 220 forms have now been received. The historical information on these forms is important because Dublin is applying for nomination to the National Register of Historic Places, under a multiple resource listing. The Commission has hired an architectural historian to round out with professional evaluations the factual information gathered over the last two years. Application has been made to the N.H. Historic Preservation office for grant assistance. We are most grateful to the following people who have contributed toward this project: Mr. Albert Wolfe, Mrs. James Meath, Mrs. Rolf Bauhan, Mrs. Julien McKee, Mrs. Hugh Eaton.

The Commission appreciates very much the many hours Mrs. Norman Ballou has voluntarily given to the Town. With professional skill she has examined countless papers and books which were stored in a Town safe. These valuable documents and town records have been listed and catalogued. Additional work is still to be completed.

In April the Commission initiated a roadside tree planting project to replace trees which have died from disease, old age, or salt damage. Choosing salt resistant varieties, we planted nine young trees on Dublin hill, along Route 101. Several of these were donated by Dublin people. On April 29 several Boy Scouts and students from the Dublin School assisted us with planting. Tree planting is to be an on going project each year.

The fourth annual roadside clean-up, sponsored by the Commission, was held on May 6th. More volunteers than ever covered most of the Town's roadsides, collecting several truck loads of trash. The Naylor's supplied refreshments at noon time. Elementary school children again participated in a poster contest to advertise clean up day and prizes were awarded.

During the year members of the Commission attended Planning Board meetings and hearings of the Zoning Board of Adjustment. We have supported the Planning Board warrant articles at Town Meeting, and have assisted the Board with work on the Master Plan.

We have been concerned about safety hazards on Route 101 and have met with our chief of police, Joe McLean and the Selectmen to discuss ways of controlling speed. The highway department has been contacted and new signs have been erected on Dublin hill and along the lake shore.

Commission members have reviewed dredge and fill applications and have inspected wetland areas prior to hearings of the Board of Adjustment.

We have attended hearings on the proposed Route 101 by-pass and on November 27th, Commission members walked with other Town officials, interested citizens, and members of the State Highway department over proposed northern by-pass corridors. We have also attended hearings on the proposed re-construction of the Route 101 bridge over Howe Reservoir. We are concerned about the possible long term effect of constructing a temporary causeway detour across the Reservoir.

On December 4, the Commission accepted a gift to the Town from Samuel A. Tamposi, of Nashua. The 40.3 acre tract of land is located north of Route 101 bordering Howe Reservoir. Varied woodland and shoreline along the Reservoir will make the land suitable for recreational and educational purposes.

The Commission published the 7th and 8th issues of Newsletter, "Dublin Dirt" in February and August.

In March Jay Jacobs was appointed a member of the Commission to fill the vacancy left by Tom Miller's resignation.

### LIBRARIAN'S REPORT DUBLIN PUBLIC LIBRARY

Dr. Lowell Martin, prominent educator and library administrator, was commissioned to write a report evaluating the progress of the Library Development Program for the New Hampshire Conference for Library and Information Services in 1978.

Dr. Martin has questioned the expense of the Bookmobile (\$150,000.) system and suggests that there may be a less expensive way to supplement books for small library collections. Some of his ideas are book-by-mail, a central warehouse for collections, or a small van in areas.

In the original plan for the SWLDP large and small libraries received some State funding. Service Centers, one being Peterborough, share their resources with people out of town by the use of a Statewide library card, and interlibrary loan. This places a burden on these centers, and Dr. Martin recommends that they be reimbursed.

Another valid criticism he makes is, "that the libraries of New Hampshire must reach a wider range of people", for practical information. Each library should be a "contact point" through which users have access to all information.

I found Dr. Martin's report challenging, innovative, and thoughtful. There is no question that we must do some "hard thinking" about our libraries and funding them. Delegates will be attending a White House Conference on libraries in the fall.

Our library has joined with about twenty area libraries in forming a cooperative buying plan. It is called the Nubanusit Library Corp. Supplies can be purchased at a greater discount through one vendor, orders to be placed twice yearly. A vendor for books was chosen who offered 37% and postage, as well as multi-copy book order forms. All materials are sent to the Peterborough library, and must be picked up by us. This is a great source of saving.

Films were shown during the summer to audiences ranging from forty to sixty, mostly the Dublin Playground children. The library gave a successful party in August with the young ones bringing food and dressing in the costume of the country they chose to represent. The Pre-schoolers came in every Wednesday

Alfred Pellerin exhibited his wood carving miniatures with one in particular a great favorite, that of Dublin's snowroller of years ago. At least two hundred and fifty people enjoyed this exhibit.

Judy Black exhibited choice photography of children along with drawings by the Harrisville School.

The Dublin Womens Community Club and the Dublin Extension made good use of the Gowing room, all meetings open to the public by library policy.

Among our many books by gift, one of special interest was a scrapbook from 1939 to 1969, compiled and given by Hildreth Allison. It is, of course, about Dublin.

## REPORT OF THE RECREATION COMMITTEE

The past year was one of accomplishment, disappointment, and hope in the future, for the members of the Recreation Committee. During the year we saw some programs maintained, some cancelled due to circumstances beyond our control, and some expanded. We were disappointed that Ted Dukelow had to resign from the committee due to his return to Canada. The remainder of his term has been capably filled by John Pierce.

Two previously successful programs were disappointingly cancelled. The Winter Carnival was cancelled due to the fact that no one was available to run it, and the Memorial Day Junior Olympics was cancelled because there were two Memorial Days — one for the children and one for the parents, and parental help is needed to run the program.

The Recreation Committee again sponsored the Little League Baseball — supervised by John Hartwell; the Pee-Wee League Baseball — supervised by Wally Snitko; and the Boy Scouts — supervised by Scoutmasters Don Honkala and Tom LaFortune.

Special thanks go to Mr. Robert Weis for the use of his land during the Old Home

Day activities. These activities included a greased pole climb, Arts and Crafts display, chicken bar-b-que, various children's games, softball, an engine display, bike race, road race, wood stove clinic and a band concert. The bike race and road race course received high praise by the participants. The Committee hopes that these activities will be substantially expanded in the future.

The Summer Playground Program provided enjoyable experiences for it's participants under the capable supervision of Mrs. Dee Fontaine. Helping Mrs. Fontaine were apprentices Laura LaFortune and Jeff Miller; and Assistants Penny McDonald and Nick Silitch.

Since its inception, the Summer Playground Program has grown steadily; the average daily attendance grew by 20% last summer. We are planning to accommodate a similar increase in enrollment next summer. Special note should be made that the expansion of last summers program was financially aided through donations made by the Dublin Community Foundation, Mrs. M.E. Moore, Mr. and Mrs. Hugh Eaton III, Mr. and Mrs. Thomas Begel, and Mr. and Mrs. Goodyear. Activities such as field trips to the Friendly Farm, Camp Takodah, Canobie Lake Park and the Boston Red Sox, Tennis lessons (donated by John Summers), four Walt Disney movies, cake decorating, Field Day, Arts and Crafts, The Dog Show, etc., all helped to make this program enjoyable to the participants. Also, many thanks to the parents who provided transportation, chaperoned, or helped in a variety of ways to make this program successful.

The Halloween Party featured a Magician, Mr. Tim Bower, who helped to make this mysterious evening even more mysterious by his magic. Games for the children were capably led by Peter Ketchum. Cider and doughnuts were served by Mrs. Beatrice Langston.

The Committee also worked on the further development of the Recreation Program by writing a Philosophy and defining objectives based upon the Philosophy. It is our hope that through hard work and the support of it's citizens, Dublin will have in the near future a recreation program suited to the needs of all.

As always, we welcome suggestions, comments, and help from all of you.

Respectfully submitted,  
Dublin Recreation Committee

## REPORT ROUTE 101 BY-PASS SUBCOMMITTEE

At the March 8, 1977 Town Meeting voters of Dublin voted 282 to 73 (79%) in favor of the question "Are you in favor of directing the Selectmen to appoint an official Town Committee to implement all the possibilities of obtaining a bypass around the Town of Dublin". Other questions dealt with two lanes vs. four lanes, including the lake as well as the village (81% in favor), and four lane landtaking. These last were merely advisory, but the first question required action by the Selectmen, and a Dublin Bypass Committee was therefore appointed.

This Committee requested the State Department of Public Works and Highways to reinstitute studies for a possible Dublin bypass, work which had previously been halted after a ruling by Judge Bownes as a result of a suit by the No East West Highway Committee. Accordingly, the State set up a series of public "Informational Meetings" to discuss various aspects of a bypass, possible routes, and to hear suggestions, comments, and objections from all interested persons. The first of these Meetings was held on July 14, 1977, followed by one on April 25, 1978, one on August 10, 1978, and the most recent one on December 20, 1978.

The feeling at these meetings became more and more acrimonious, and by the end of the third one it was plain to many that the situation was degenerating into a cat and dog fight between the State, a well-organized No East West Highway Committee, and to a lesser degree the Town of Harrisville, with Dublin citizens apparently becoming confused by the claims and counter-claims. Dublin's voice was not being heard, and indeed there appeared to be no general Dublin position on the controversy except as expressed in the votes mentioned above, although an unofficial group called the Relocate 101 Committee was vocal from time to time and had been responsible for having the 1977 vote questions on the Town Meeting Warrant. By this time, too, the Dublin Bypass Committee, having arranged for the State to reinstitute its bypass studies, had completed the job for which it had been appointed, and was therefore relatively inactive.

At this point the Planning board came to the conclusion that if Dublin did not, after study of the facts, come up with a position it could well be faced with a bypass planned and decided upon by the State and others, which might be the worst route of all. At the suggestion of Richard Meryman, a part-time Dublin resident, and a professional writer, it was decided to appoint a subcommittee of the Planning Board whose four purposes would be:

1. To be the Town's authority on the bypass problem.
2. To work with the Town to arrive at a majority opinion.
3. To suggest ways to carry out the Town's wishes.
4. To be the knowledgeable Dublin body which could conduct discussions with other towns.

To obtain the necessary information, without bias, from all parties interested in the problem it was recognized would require more time, and special skills, than the committee members would be likely to have. Therefore, it was decided to hire two professional researchers to collect the facts. Dick Meryman offered to write a report, in as clear and unbiased a manner as possible, from this material. Since there was no time to be wasted, waiting for a Town Meeting vote on an appropriation to finance the researchers, printing and distribution of the Report, legal advice etc., it was decided to appeal for voluntary contributions from all Dublin residents.

Accordingly, in late August 1978 the Planning Board appointed a Subcommittee, and in early September sent out a letter describing the project and appealing for funds.

The Subcommittee, composed of members of the former Dublin Bypass Committee Bob Allen, Dave Ashton, Gordon Knight, and Ned Whitney, plus Paul Biklen and Judson Hale, held its first meeting on September 14, 1978. By that time Ms. Maggie Wells and Mrs. Mary Elizabeth Allison, both experienced researchers for newspapers and magazines, had been hired and were already at work, interviewing, collecting facts on the history of Route 101, the legal, political, environmental etc. aspects of a possible bypass, and the stands of the various interested groups.

Since that first meeting the Subcommittee has met sixteen times to date. One of the meetings was with Commissioner John Clements, one with David Birch, a Dublin part-time resident and M.I.T. specialist in population growth and location trends. Six meetings were with the Harrisville Bypass Committee (appointed at Town Meeting with the mandate to keep any new road out of the Town of Harrisville).

The meetings with Harrisville have been held with the cooperation of the Harris Center for Conservation Education in Hancock. The Harris Center originally suggested that they might obtain a grant from the New Hampshire Council for the Humanities to fund visits by specialists on road safety, growth etc. resulting from a bypass, but to date the feeling has been that quick trips by outside specialists, not knowing the particular problems of the region, would not add to the information now being collected. The Subcommittee feels that Harris Center is performing a useful and valuable function as Moderator and Discussion Leader at the meetings between the Dublin and Harrisville Committees, nevertheless.

In addition to working with the researchers in supplying facts, property valuations, etc., and exploring possible areas of agreement with Harrisville at the various meetings, the Subcommittee has taken part in two walks of portions of suggested corridors A. B. C. and F. It also prepared the Warrant Articles for the Special Town Meeting having to do with the use of contributions resulting from the appeal.

As a result of the September letter, \$14,615 has been received to date. Because of a legal technicality a Special Town Meeting was required to obtain a vote of the Town to accept the contributions, and to authorize the Selectmen to use the money to pay for "research costs, legal fees, printing, mailing and other administrative costs in connection with the Subcommittee's task . . ." At the Special Town Meeting held on November 20, 1978 the Town voted in favor of the above.

In early November the No East West Highway Committee filed its long-rumored Request for Injunctive Relief with Judge Bownes, which based on their contention that the State was building an east-west expressway in small increments by linking up bypasses, would have stopped all further planning, Informational Meetings etc. on a Dublin bypass until the State had filed an acceptable Environmental Impact Statement from Troy, N.Y. to Portsmouth, N.H. The one possible acceptable exception would be a two lane road, with no passing lanes, just south of Route 101 bracketing the houses on Dublin Hill, rejoining present Route 101 at the Upper Jaffrey Road, thence across the top of the Women's Club beach and crossing Cemetery Cove on filled-in land.

The State's contention was that they had no plans for an east-west expressway, and therefore could not prepare an Environmental Impact Statement for a route for which they had no plans. If an injunction was granted they stated that they would probably drop the project.

Since the one route acceptable to the No East West Highway Committee was the one route which causes the most violent objections from Dublin residents, and since such an injunction would effectively eliminate consideration of any other

routes, and probably stop all further consideration at this time, the Subcommittee decided to try to become a party to the legal action. Counsel was therefore employed, and a Petition to Intervene was filed in Judge Bownes' court on December 15, 1978.

In the meantime the State had filed its brief in answer to the request for injunction, and although on December 22, 1978 Judge Bownes denied the Subcommittee's Petition to Intervene, on December 26, 1978 he ruled, in effect, in favor of the State, on the basis that an injunction prior to a formal Corridor Hearing and request for Federal Funds was premature. In addition he rescinded all of his previous orders which had required the State to report all actions taken with respect to a Dublin bypass plan, and he relinquished jurisdiction in the case.

The State, therefore, can go ahead with its planning process. A fifth Informational Hearing will take place in March, followed by a Workshop later in the spring at which all data previously discussed will be brought together. A formal Corridor Hearing will then be held in late fall 1979.

The two researchers have completed their work, and Dick Meryman's Report is under way, at this writing. It will be ready for distribution before Town Meeting in March. In the meantime, the Subcommittee will continue other efforts to find areas of agreement with Harrisville.

As an evidence of the interest this project has aroused in other parts of New Hampshire, as a regional and not just a Dublin problem, the Subcommittee was advised on December 27, 1978 that the Directors of the New Hampshire Charitable Fund had awarded a grant of \$1,500 to the Town of Dublin "For road planning in the Town of Dublin by the 101 Committee." This additional money will certainly be a help in meeting the heavy expenses of printing and mailing the Report, and further expenses in representing the Town's interest in 1979.

#### REPORT OF DIRECTOR OF CIVIL DEFENSE

Our Civil Defense director, Col. Maurice Hale, moved this past fall. He was very dedicated and we will miss him.

Last February Col. Hale and I went out to Romulus, New York to pick up a 6x6 truck which had been applied for a few years ago.

A seminar for local Civil Defense officials will be held in Keene on May 19 & 20, 1979.

Respectfully submitted,  
Brian Barden  
Director of Civil Defense

### EMERGENCY NUMBER 352-1100

As I start to write this report, I can recall numerous very severe crimes over the past year which have taken place within a twenty mile radius of Dublin, crimes which in the past years were not common in this region. There have been homicides, rapes, armed robberies, and arson just to mention a few. Many of these occurred right here in Dublin, such as the burglaries at the Hamilton residence, Coveys Repair, Gordan Hayes residence, Payson Rowe residence, and the tragic Bastedo burglary and fire. All of the above mentioned burglaries have been successfully solved along with many others dating as far back as 1973. These were culminated due to joint efforts with the Cheshire County Sheriffs Department and the State Police, as well as the Dublin Police Department.

I am very sorry to report that the number of accidents investigated by this Department exceeding \$300 damage and/or personal injury has exceeded all yearly totals in recent memory.

	<hr/> 69	<hr/> 53	<hr/> 56	<hr/> 68	<hr/> 63	<hr/> 72

These accidents occurred even though we spent many additional hours this year devoted to Highway Safety. (See Highway Safety Report.)

One thing that I am happy to report is that there has been a marked decrease in the number of persons arrested for driving under the influence of alcohol. I believe that our continuing aggressive program to prevent accidents and avoid personal injury has had a marked effect on these statistics.

I would like to mention at this time that all of our Special Police Officers have successfully completed a Comprehensive Police Schooling under the direction of the New Hampshire Police Standards and Training Council. (This was done at the

individual Officers own expense). Also at this time I would like to pay special tribute to Glenna Eaves who continues to do a fine job as our traffic crossing guard at the school.

Even with all the positive things that have happened in the Police Department over the past year, we still have unsolved crimes that are continually being worked on. Every citizen of this town should be aware that these crimes are happening here and it would greatly assist this department that when you see things that could be a crime to report it immediately. We need all the help we can get.

We again, this year, have processed over 450 traffic violations, including many criminal cases as well. Some are still pending at the writing of this report.

Some things to think about in the future are a new police cruiser (this one has over 66,000 miles on it and will have over 100,000 by this time next year) and with the way the town continues to grow and change, the addition of a full time police officer should be seriously thought about for the future.

Respectfully submitted,  
Robert McLean Chief

### HIGHWAY SAFETY COMMITTEE REPORT

At last town meeting the town authorized us to accept State funds to help with specific Highway Safety Projects. We instituted a four month program starting in June of 1978 and ran through September.

During this four month period the police Department issued over 250 Traffic summons including speeding, solid line violations, failure to keep right, safety equipment violations and driving under the influence of alcohol. Over 500 warnings were also issued during this period.

Unfortunately even with the extra patrolling hours the accident rate in our town was higher than ever. Parts of route 101 looked like a pinball machine game at times. We also had a record high of over eight tractor trailer accidents this year, several of these took place during snow season.

During the project period the state paid for 237¾ hours of patrolling for a total of \$951.00

We hope to run similar projects in 1979, and a special warrant article will be voted on at town meeting. We hope you will support it.

## REPORT OF DUBLIN FIRE DEPT.

1978

Fifty six emergency calls were handled by the department during 1978. As with most rural departments we have had our share of chimney fires. These are generally not serious if the chimney is in good condition and is not damaged during the fire, however, many people are hooking up stoves and other wood burning devices to chimneys and fire places that are not in good condition. The installation of these stoves is not always done properly and this causes new problems for the department. I would advise people using wood for heat to have the system checked by the fire department before using it. Our job is not only to put out fires but also to prevent them.

The chassis for the new fire truck was delivered several months later than anticipated. It is now at Edward G. Moody & Sons in Nashua awaiting its turn for the body and pump work. It looks like a late winter delivery on this job.

Most of the emergencies were not too serious this past year. However, there are always exceptions. This years exception was on Snow Hill. We spent 228 man hours controlling this fire. This time did not include the efforts of mutual aid companies from area towns who assisted us. About one third of the years payroll was spent in one day. This was the beginning of an overdraft in the budget! It was well worth the effort as there was enough saved of the property to enable the police department to prove theft and arson. Several arrests have been made related to the origin of this fire . . .

I would like to thank the fireman for their continued support and for spending the necessary time to provide the town of Dublin with a good fire department. This effort will be continued in the future, I am sure.

Respectfully submitted,  
Michael Worcester, chief

## HIGHWAY DEPARTMENT

The Highway Department had another busy winter, and as usual, did it's share of plowing, sanding and salting.

With spring, all dirt roads were graded, gravelled where it was needed, ditches cleaned, and debris picked up. Cold patch was placed on the tar roads that needed it.

The TRA project from last year on Windmill Hill Rd. from McKenna's to Preston's was tarred and completed. This years TRA was from Bob Knight's to the corner of Pierce Rd., trees were cut and the road and corner widened.

Oiling was done on Spring Rd., Boulder Dr., Monument Rd., and part of the Lake Rd.

Brush was cut along the Old 101 and Craig Rd. and most of the other roads were mowed.

The bridge and railing on the East Harrisville Rd. was rebuilt.

Sand was screened and stockpiled, and approximately 3000 yds. of gravel crushed.

At this time I would like to thank the residents of Dublin for all of their support during the past year.

Respectfully Submitted,  
Clarence Babneau  
Highway Agent

## REPORT OF THE DUBLIN COMMUNITY FOUNDATION

The Dublin Community Foundation is a tax exempt, charitable organization that provides a means by which money can be given to support a variety of activities important to the Town of Dublin. The funds of the Foundation come from memberships, the interest and dividends from our investments and specific donations. Directors of the Foundation carefully review the many requests that are received and make disbursements as need determines.

As of May 31, 1978, the fiscal year ended, assets of the Dublin Community Foundation amounted to \$24,678.99 in securities and a balance of \$305.80 in a checking account in the Peterborough Savings Bank.

Between June 1, 1977 and May 31, 1978 we were able to contribute a total of \$3,105.00 to support the following projects. Disbursements were made to the public school children so that they could travel to activities outside of the community and to the Pre-school for scholarships. The Planning Board received funds that they needed for the study and mapping of land use for the Master Plan. The Dublin Summer Playground provided a successful recreation program and the Dublin Boy Scouts enjoyed a camping trip to Mead Base with our assistance. A donation to the Conservation Commission helped with publishing expenses for a bird book by Elliott and Kay Allison.

The Success of the Foundation and its ability to support such activities depends upon the people of Dublin. To fill the needs of the community we must often disburse more money than the income of the Fund provides. Therefore, each November, the Dublin Community Foundation asks for contributions to make up this difference. The November, 1978 fund drive realized \$1,520.00 in contributions, a 37% increase over last year. 105 people contributed (a 48% increase over 1977.) 6 of these people became life members. The total membership of the Dublin Community Foundation, which includes life members from previous years, is now 137 as compared to 102 last year, or an increase of 34%. We are very pleased that our membership drive was so successful. It reflects concern and awareness by the community that the strength of our educational programs, our youth, the planning and preservation of our historical buildings and environment is the future of Dublin.

## REPORT OF THE CONVAL SCHOOL BOARD MEMBER

The Conval School Board met more than twenty-five times during 1978 for an average of three hours each session. Many more sub-committee meetings, hearings, and special meetings brought the total hours of deliberation to well over one hundred. The primary function of the School Board is to set policy for the twenty-two-hundred students, the staff, and the administration. Some of the additional tasks that we were responsible for during 1978-79 included the following:

1. Presentation of a final budget for 1979-80 by March 1979.
2. Negotiation of a new Master Contract for district employees by January 15, 1979.
3. Completion of a new three year Transportation Contract by December 1978.
4. Keeping abreast of the new Competency Program in math and language arts.
5. Consideration of a school lunch program for the district.

This year the Board and the Senior Class at Conval met in June to discuss better communications and any recommendations that the students had on helping the board to be more responsive to the needs of the school. A similar meeting was held with the teaching staff where mutual needs and concerns were discussed. To expand our communication with the public, more use is being made of the local radio station, WSCV, whose program director, Fritz Wetherbee, has been most helpful.

Some of the results of the above mentioned tasks of the school board to date have been as follows:

1. The budget will go to District Meeting with about a 7.5% increase over 1978-79.
2. A five year contract proposal was ratified by the board and staff with a two year salary increase of about 7% per year.
3. A three year Transportation Contract was negotiated with an increase of \$5,000 per year.
4. The results of the Competency Program have been most encouraging with the staff working hard to ensure that each child masters the basic skills and thus is able to achieve his or her greatest potential.

Another item considered was a No-smoking Policy which produced a great deal of fire and no smoke for a short period of time. A compromise was reached which now restricts smoking to designated areas only.

The proposed mandatory requirement that incoming first grade students who do not test ready attend a readiness program, was modified so that parental choice is allowed in the matter.

Much discussion has been held on the kind of athletic program to be supported in the Conval schools. To date that is still unresolved.

Serving as chairman of the board has been a time consuming but rewarding experience. It is often difficult to measure the changes that take place in a school district in any given year, but I believe that the long range goals of providing a fine school program for all children, being responsive to the wishes of parents, and acting in a responsible manner in the allocation of the taxpayer's money, are more closely being carried out today than they were a few years ago.

It is a wise public that keeps tabs on the decisions made by its elected officials. I welcome your advice and counsel.

Respectfully submitted,  
Robert W. Sweet, Jr.  
Chairman, Conval School Board

## 1978 CEMETERY ANNUAL REPORT

The years of 1977 and 1978 have finally completed needed major improvements to the cemetery.

The new section on Carriage Lane is complete with 44 lots available.

Every broken grave stone has been repaired and many straightened.

The trees have had all their dead wood removed and some dead or eyesore trees taken down.

We are starting this spring with new lawn cutting equipment, the old equipment has been a constant problem.

Now that these major expensive jobs have been solved, we can concentrate on the daily upkeep of lawn cutting, trimming, etc. There is going to be a full time man, 5 days a week working on the grounds and projects. This year we are fixing or replacing if needed all the white gates. Also the stone walls are going to be pulled back together.

I thank the people of Dublin for not getting too upset when the grass at times got too long. Now we are under control.

See you Memorial Day  
Charles S.B. Pillsbury  
Superintendent  
Dublin Cemetery

**To Tax Collectors:**

All Tax Collectors are required to submit a written report to the Town at the end of each fiscal year (R.S.A. 41:35).

This report, which must be published in the annual town report, must be comprehensive and must account for the activity in all the Collector's accounts during the fiscal year. In this connection, it is essential that the report contain not only a summary of the current year's tax levies, but also separate summaries showing the activity in all prior years' tax levies which were not settled at the start of the fiscal year.

The blank report forms which are enclosed are provided for the preparation of your annual report for the fiscal year ended December 31, 1978 (June 30, 1979 if your town has adopted an optional fiscal year as authorized by R.S.A. 31:94-a). The following schedules are included:

- (1) Summary of Warrants — Property, Resident & Yield Taxes — Levy of 1978
- (2) Summary of Warrants — Property, Resident & Yield Taxes — Levy of 1977
- (3) Summary of Warrants — Property, Resident & Yield Taxes — Levy of 1976
- (4) Summary of Tax Sales Accounts

Summaries of Warrants for Property, Resident and Yield Taxes of 1975 and prior years should be prepared in form similar to the attached statements.

We are enclosing three copies of the report forms. Submit one copy to the Selectmen as required by R.S.A. 41:35. (The Selectmen are required to publish this report in the annual Town Report — R.S.A. 41:14). Forward one copy of your report to this Division and retain the third copy for your records.

**List of Uncollected Taxes:**

Upon written request therefor the Collector must provide the Selectmen with an itemized list of the uncollected taxes (This includes unredeemed taxes) at the end of the fiscal year (R.S.A. 41:35).

**Do not send uncollected or unredeemed tax lists to this division unless specifically requested.**

If you need assistance in connection with the preparation of your report, please contact this Division (Tel. 271-3329 or 271-3397).

Very truly yours,  
Frederick E. Laplante  
Director
