HOLLIS, NEW HAMPSHIRE

FOR THE YEAR ENDING DECEMBER 31, 2003

with Reports of the

Hollis School District

and the

Hollis/Brookline
Cooperative School District

DEDICATION

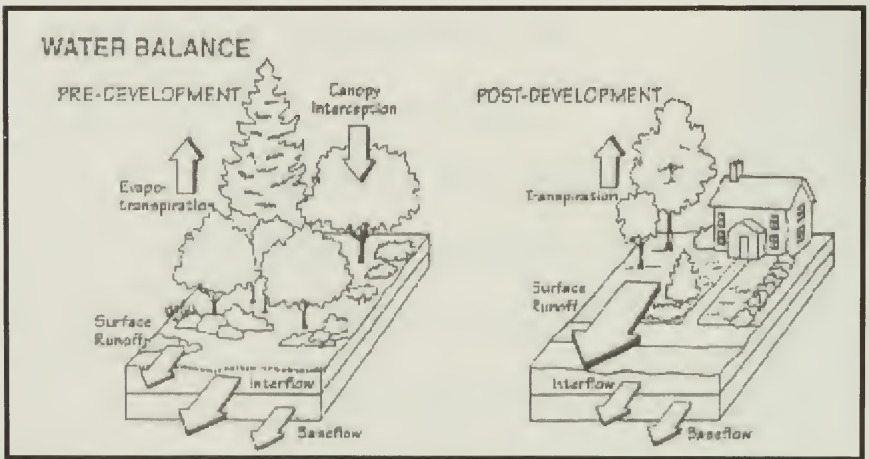

The 2003 Annual Town Report is dedicated to a resource most of us take for granted-
CLEAN WATER.

The Town of Hollis has abundant water resources including lakes, ponds, wetlands and rivers as well as the numerous brooks and streams that channel the flow of water to and from these other surface waters. In addition to the water that can be seen above ground, 36% of the land area in Hollis is underlain by extensive water reservoirs called stratified drift aquifers. This groundwater is the primary source of water for some private and most public wells.

In recent years, both natural and man-made threats have raised awareness across southern New Hampshire of several issues that have the potential to impact the quality and quantity of water supplies. The drought of 2001-2002, the proposed merger of Pennichuck Water Works with Philadelphia Suburban Corporation in 2002 and plans for a large water bottling plant in Litchfield all served to alert municipalities to the possibility that if action is not taken, there may not be enough clean water to meet the needs of current and future residents.

In addition, reports from the NHDES (New Hampshire Department of Environmental Services) and the USGS (United States Geological Survey) have indicated high levels of naturally occurring radon and arsenic in southern New Hampshire wells. The presence of arsenic in local private wells prompted the building department to add arsenic to the water quality test list for new wells.

Hollis, like other southern New Hampshire towns, is experiencing rapid population growth. Urbanization occurs when native vegetation is replaced by impermeable surfaces such as building structures, roads, driveways and parking lots. (see illustration below from BMPs TO CONTROL NONPOINT SOURCE POLLUTION, NHDES, 1/04)

Rainfall runs off of these impermeable surfaces and carries pollutants into surface waters. Stormwater runoff accounts for 40% of the pollutants in our rivers and streams.

Hollis has always been proactive regarding water issues. Our aquifer and wetlands protection ordinances and wastewater treatment regulations meet or exceed State standards. In 2003, residents voted to either purchase outright or buy the development rights to 137.5 acres of land. Currently, over 20% of the land in Hollis is permanently protected from development. The Town has also actively pursued and obtained State grant money for watershed protection.

As part of the Town's compliance with the Federal Environmental Protection Agency's mandate, Hollis has formed a Stormwater Committee, made up of volunteers, professionals and Town staff. This committee will address issues related to implementation of the Town's five-year plan to reduce stormwater pollution in our surface waters.

Most Hollis residents are dependent on private wells for their water. It is the homeowner's responsibility to have his or her well tested for possible contaminants. In addition to well testing, by taking the following actions, residents can help reduce pollution caused by stormwater runoff.

Use fertilizers sparingly

Never dump anything down
storm drains

Compost your yard waste

Avoid pesticides: learn about
Integrated Pest Management (IPM)

Direct downspouts away from
paved surfaces

Take your car to a car wash instead
of washing it in the driveway

Check car for leaks,
and recycle motor oil

Pick up after your pet

Have your septic tank pumped
and system inspected regularly

Become familiar with Town ordinances
regarding wetland and surface water protection

A clean and abundant water supply is a resource that can no longer be taken for granted. Residents working in cooperation with the local government can help insure that Hollis will have an adequate supply of clean water now and well into the future.

BOSTON POST CANE

The Boston Post Cane is a straight stick with a gold crown. It is inscribed as follows on the crown: "The Boston Post to the oldest citizen of Hollis, NH to be transmitted."

The idea of the Boston Post Cane was originated by Edwin A. Grosier, first owner and publisher of the Boston Post, a morning newspaper of the early 1900's. In 1909 Mr. Grosier offered canes to New England towns and cities to be presented and loaned to their oldest citizen. At that time 430 Boston Post Canes were distributed through New England, including Hollis.

The following are known Hollis Boston Post Cane Recipients:

- | | |
|-------------------------------------|---------------------------|
| 1. Joseph Gates - presented in 1909 | 9. Henry Alonzo Wilson |
| 2. Asa Blake Eaton | 10. Norman Edward Howe |
| 3. John Loring Woods | 11. George Fletcher Hills |
| 4. Samuel Franklin Hayden | 12. Phillip Roy Guyette |
| 5. George Asbury Messer | 13. Allen Linscott |
| 6. Silas Smith Whitcomb | 14. Royal S. Barnes |
| 7. David Jewell Wright | 15. Deborah Eliza Lovejoy |
| 8. Walter Alvin Stickney | 16. Beth Brainard LeRoy |

Harold Hardy was awarded the cane in the early 1980's. While he was in residence at Greenbriar Terrace around 1986, the cane was misplaced and disappeared.

Recently the Board of Selectmen purchased a replica of the original cane and had the gold crown engraved with the original inscription. Today the town displays this cane at the Town Hall along with a plaque with the names of the previous recipients. We are currently trying to research the awarding of the cane for the time period between Beth Brainard LeRoy and Harold Hardy to see if there are any other recipients.

This year the tradition was started again. At a Special Town Meeting held on November 20, 2003, Alice Simonds was presented with the new cane along with an official Boston Post Cane pin, a history of the Boston Post Cane and an arrangement of flowers. The town wishes Mrs. Simonds many long years of enjoyment of her pin and other gifts.

DOINGS OF THE SELECTMEN

Every year allows for the continuation of projects from the previous year and also brings new challenges for the Board of Selectmen. This year was no exception.

Tom Jambard left the Board after 6 years of dedicated service. He worked with an unfailing diligence to make many positive changes in these recent years. The Board welcomed two new members in March, Mark Johnson and Ray Lindsay, both former Zoning Board of Adjustment members. Selectmen Johnson and Lindsay have accepted their responsibilities and have worked hard this past year to understand the many complex ramifications of their office.

This year the Annual Town Report is dedicated to Clean Water! One of the biggest projects the Selectmen have started is the National Pollutant Discharge Elimination System (NPDES) Phase II of the Federal Government Rules for Small Municipal Separate Storm Sewer Systems (MS4s). The NPDES stormwater management program is intended to improve the quality of waterways in the United States of America by reducing pollutants picked up and carried to storm sewer systems during storm events. Common pollutants include oil and grease from roadways, pesticides from lawns, sediment from construction sites, and carelessly discarded trash, such as cigarette butts, paper wrappers and plastic bottles. These pollutants can impair waterways, contaminating drinking water supplies, and interfering with habitat for fish and other aquatic organisms and wildlife. With the direction and help of engineers from Cuoco and Cormier Engineering Associates, Inc. and community volunteers, the Town of Hollis has formed a committee and has a five year plan to implement Best Management Practices, not only in the permit coverage area, but in the entire town, to protect significant water resources. This committee will be educating the public, asking for public participation, exploring illicit discharge detection and elimination, looking to control construction runoff, and developing a plan for municipal good housekeeping, all in an effort to reduce the amount of pollutants contributing to the receiving waters of the United States.

Protection of clean water and water resources is directly linked to land preservation. The Town of Hollis became a pioneer at the 2001 Annual Town Meeting. It was the first time in New Hampshire's history that a Warrant Article was brought before voters for the purpose of raising and appropriating funds through the issuance of bonds for the purchase of land or other property interest therein for the protection of the natural heritage and rural character. Approval for the issuance of bonds for land acquisition has continued for 2002, 2003 and a similar Warrant Article is being proposed for this year, 2004, in the amount of Three Million Five Hundred Thousand Dollars. Since 2001 the Town has purchased property interest in 140+ acres of land and is actively pursuing the purchase of an additional 138+ acres as approved at the Special Town Meeting on November 20, 2003.

In addition to the land acquisitions by the Town of Hollis, the Board of Selectmen also supported the Hollis Conservation Commission's efforts to purchase 36 Acres near South Merrimack Road. This purchase added significant acreage to the growing amount of protected land in this valuable watershed and aquifer rich region of Hollis. The Hollis Conservation Commission purchased the land with money they received from a portion of the Current Land Use Change Tax.

Along with the preservation of water resources and land, the Selectmen are studying the infrastructure of the town; the municipal buildings and roadways. The Fire Department received \$8000 to pay for engineering studies for their facility. A design-build bid was sent out and respondents quoted around \$930,000 for a renovation and addition to this facility. Due to the high cost of this project, the Selectmen plan to follow through with the engineering and design-build bid for the renovation of the Police Station in 2004, combining the costs of these two safety facility projects into a bond article for 2005. These efforts follow through on the findings of the Town Facilities Space Needs Study Committee that was established by the 2001 Town Meeting.

There were no formal construction projects for 2003, but landscaping was started on Volunteers Park, opposite the entrance to Glenice Drive. This park is in honor of all the citizens who have served as volunteers within our community - it is our way of saying thank you. The work was performed by the town, with private donations raised by the Hollis Open Places Effort and Hollis Greenways Conservancy being used for the purchase of materials. Further additions will be made to this project in 2004 and we hope that many residents will enjoy this peaceful location near the center of town. With the use of town funds raised by a warrant article from last year, volunteers from the Hollis Woman's Club helped the Veterans of Foreign Wars update and rearrange war markers in Memorial Park next to the Congregational Church of Hollis. We thank those of you who donated time and energy for these projects.

The sidewalk construction along Main Street from Cavalier Court north to the area in front of the Farley Building was anticipated to be completed in 2003. However, the project was delayed and is currently scheduled to go out to bid in February 2004 with construction to occur this summer. This project is supported with 80% Federal money.

The Board of Selectmen accepted on behalf of the Town of Hollis the 2003 Preservation Achievement Award from the New Hampshire Preservation Alliance for the educational and planning project "Windows on Hollis Past" coordinated and led by Van Eresian. We express our appreciation to Mrs. Eresian and all the associated team members who brought this project to fruition and to recognition.

Each of the town buildings participated in the PAYS Program sponsored by PSNH. Through the efforts of Jeff Babel, Supervisor of the DPW, the Selectmen were made aware of this program, which allowed for the installation of new low energy lighting throughout all town buildings. A portion of the costs for these new installations was supported by a grant from PSNH. The remainder will be paid over the next few years in the current electric bills. The Town of Hollis will notice a significant decrease in electrical costs within three years.

Though the Board of Selectmen initiated and accomplished many projects during the past year, none could have been completed without the support and involvement of many wonderful volunteers throughout the community, as well as our very dedicated and professional town employees. The Board extends a heartfelt “Thank You” for the many hours you have dedicated to make our town a better place to live.

To all who serve – THANK YOU!

Board of Selectmen

Donald Ryder, Chairman,
Richard Walker, Vice Chairman
Vahrij Manoukian
Mark Johnson, Clerk
Ray Lindsay

2004 TOWN WARRANT - ELECTIONS

THE STATE OF NEW HAMPSHIRE

**THE POLLS WILL BE OPEN FROM 7:00 AM TO 7:00 PM
Tuesday, March 9, 2004**

To the Inhabitants of the Town of Hollis in the County of Hillsborough in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Gymnasium of the Hollis Brookline Cooperative High School at 24 Cavalier Court on Tuesday March 9, 2004, between the hours of 7:00 AM and 7:00 PM, to act on the following subjects:

- 1. To choose all necessary Town Officers for the year ensuing.**
- 2. To conduct other business by official ballot.**

Given under our hands and seal, this 18th day of February, 2004.

Board of Selectmen, Town of Hollis

Donald Ryder, Chairman
Richard Walker, Vice Chairman
Vahrij Manoukian
Mark Johnson
Ray Lindsay

A true copy of the Warrant—Attest:

Board of Selectmen, Town of Hollis

Donald Ryder, Chairman
Richard Walker, Vice Chairman
Vahrij Manoukian
Mark Johnson
Ray Lindsay

PLANNING BOARD SAMPLE BALLOT 2004

AMENDMENTS TO THE HOLLIS ZONING ORDINANCE

AMENDMENT (1) ARE YOU IN FAVOR OF ADOPTION OF AMENDMENT (1) AS PROPOSED BY THE PLANNING BOARD FOR THE TOWN OF HOLLIS BUILDING CODE AS FOLLOWS:

The Town of Hollis adopts *The International Residential Code 2003*, a nationally accepted model code by the International Code Conference, by reference, for residential construction, replacing and repealing the 1995 CABO One and Two Family Dwelling Code.

(The **purpose** of this amendment is to adopt the most up-to-date building code and repeal outdated codes.)

YES ☐ **NO** ☐

AMENDMENT (2) ARE YOU IN FAVOR OF ADOPTION OF AMENDMENT (2) AS PROPOSED BY THE PLANNING BOARD FOR THE TOWN OF HOLLIS ZONING ORDINANCE AS FOLLOWS:

Amend Section IX.G. Swimming Pools, Outdoor Storage Tanks, Commercial Fishing Ponds, by adding new item as follows:

5. *Where appropriate and necessary, in the opinion of the Building Inspector, the applicant will be required to provide a bond of a minimum of \$2,000, or other amount as set by the Building Inspector, as security for the proper construction of a fence around the area of the swimming pool as required by the Town's building code.*

(The **purpose** of this amendment is to add a provision for a bond as security for the proper construction of a fence around a swimming pool.)

YES ☐ **NO** ☐

AMENDMENT (3) ARE YOU IN FAVOR OF ADOPTION OF AMENDMENT (3) AS PROPOSED BY THE PLANNING BOARD FOR THE TOWN OF HOLLIS ZONING ORDINANCE AS FOLLOWS:

Amend Section X.A.1. Permitted Uses in the Agricultural and Business Zone, by adding new item qq as follows:

- qq. *Mixed-Use Occupancy - a permitted business or commercial use along with a dwelling unit(s) that occupies up to 50% of the total heated above-grade floor*
-

area of the building, provided all other ordinance and regulation requirements are met.

Also revise Section 5.a. Minimum Lot Size by adding phrase to read "except as provided in section X.A.1.qq above."

(The **purpose** of this amendment is to allow for mixed-use occupancy in the Agricultural and Business Zone.)

YES ☐ **NO** ☐

AMENDMENT (4) ARE YOU IN FAVOR OF ADOPTION OF AMENDMENT (4) AS PROPOSED BY THE PLANNING BOARD FOR THE TOWN OF HOLLIS ZONING ORDINANCE AS FOLLOWS:

Section XIV. SIGN ORDINANCE. Amend **Section H. PROHIBITED SIGNS.** 5. Mobile or portable signs except as may be permitted in Section XIV.Q.2 of this ordinance.

Section I. EVENT-SPECIFIC SIGNS. Add new item 7. *Multi-business locations with Master Signs will not be allowed more than three event-specific signs at one time.*

Amend **Section Q. BUSINESS AND INDUSTRIAL SIGNS.** Add new Section 2:

2. MOBILE AND PORTABLE SIGNS.

a. *One self-supporting freestanding ("A-frame style") sign, which meets the construction standards of the ordinance, will be permitted at individual places of business. The maximum sign size is 25"x36", with the top to be no more than 46 inches from the ground. Signs must be taken in at the close of business each day.*

b. *An application for these signs must be submitted annually and approved by the Building Inspector using the same procedure as for event specific signs. A sticker will be issued upon registration and approval.*

(The **purpose** of this amendment is to permit freestanding (A-frame type) signs to be displaced in front of businesses.)

YES ☐ **NO** ☐

AMENDMENT (5) ARE YOU IN FAVOR OF ADOPTION OF AMENDMENT (5) AS PROPOSED BY THE PLANNING BOARD FOR THE TOWN OF HOLLIS ZONING ORDINANCE AS FOLLOWS:

Add new section XV. **HOLLIS RURAL CHARACTER PRESERVATION ORDINANCE**

(The **purpose** of this section is to preserve and maintain Hollis' scenic vistas and open spaces through the use of visually unobtrusive and environmentally sound development, while permitting the landowner to exercise his/her property rights in a manner that does not affect the density of development. The ordinance applies to all new subdivision and site plans proposed anywhere in Hollis. The Planning Board is empowered to modify or waive the standards of the ordinance in order to achieve the best effects on the landscape. The ordinance provides specific standards for vegetative buffers and screening, however, such standards can be flexibly applied by the Planning Board through the granting of waivers in order to achieve the objectives of the ordinance.)

YES ☐ **NO** ☐

2004 TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

Annual Meeting, Town of Hollis

Wednesday, March 10, 2004

7:00 PM, Hollis Brookline Cooperative High School Gymnasium

To the Inhabitants of the Town of Hollis in the County of Hillsborough in said State, qualified to vote in Town Affairs,

You are hereby notified to meet at the Gymnasium at the Hollis Brookline Cooperative High School on 24 Cavalier Court on Tuesday, March 9, 2004, between the hours of 7:00 AM and 7:00 PM, for the purposes of choosing town officers elected by an official ballot and other action required to be inserted on said official ballot

and, further,

to meet at the Gymnasium of the Hollis Brookline Cooperative High School of 24 Cavalier Court in Said Hollis on the next day, Wednesday, March 10, 2004 at 7:00 PM, for the second session of the town meeting for the transaction of all other town business, specifically to act on the following subjects:

Article 1. Official Reports. To hear reports of Selectmen and other Town Officers and Committees.

Article 2. Bond for Land Acquisition. To see if the Town will vote to raise and appropriate Three Million Five Hundred Thousand Dollars (\$3,500,000) (Gross Budget) for the purchase, of land or other property interests therein, as the Selectmen deem appropriate for the protection of the natural heritage and rural character in the best interest of the Town, including any buildings or structures incidental to such land; further, that the amount raised and appropriated herein may be used to defray costs attributable to due diligence inspections, surveys, title search charges, closing costs and other similar charges associated with such acquisition, and to authorize the issuance of not more than Three Million Five Hundred Thousand Dollars (\$3,500,000) of bonds, in accordance with the provisions of the Municipal Finance Act, (RSA 33:1 et seq., as amended), and, further, to authorize the Selectmen to issue, negotiate, sell and deliver said bonds and to determine the rate of interest thereon and the maturity and other terms thereof, and to take any other action they deem appropriate to effectuate the sale and/or issuance of said bonds, subject, however, to the following limitations:

- No such bonds shall be issued earlier than July 1, 2004; and,
- Any of such bonds shall have appropriate terms and maturities such that no principal or interest payments shall become due and payable prior to January 1, 2005; and,

- No such bonds shall be issued with a term of maturity of less than fifteen (15) years.

PROVIDED, FURTHER, that the Selectmen **SHALL NOT ISSUE SUCH BONDS** until such time as they have presented to either an annual or special town meeting, a warrant article asking the meeting to ratify, by a simple majority vote, the particular parcel and the parcel ownership interest chosen by the Selectmen for purchase and said meeting has approved such warrant article. BY SELECTMEN.

- **Recommended** by Selectmen
- **Recommended \$5,000,000** by Budget Committee

(This is a Special Warrant Article and is intended to be non-lapsing as to any purchase that has been ratified by a regular or special town meeting held prior to December 31, 2004. Pursuant to RSA 33:8 a supermajority of two-thirds (2/3) ballot vote is required to adopt this article).

Article 3. Bond for Cemetery Land Acquisition. To see if the Town will vote to raise and appropriate Six Hundred Ten Thousand Dollars (\$610,000) (Gross Budget) for the purchase, of land located on Pine Hill Road and identified on the Hollis Tax Maps as Map 24, Lots 30 and 36 consisting of 5.52 acres and 7.38 acres, respectively, to be used for the expansion of the current cemetery located on Wheeler Road, and to authorize the issuance of not more than Six Hundred Ten Thousand Dollars (\$610,000) of bonds, in accordance with the provisions of the Municipal Finance Act, (RSA 33:1 et seq., as amended), and to authorize the Selectmen to issue and negotiate, such bonds or notes and to determine the rate of interest thereon; further, that the amount raised and appropriated herein may be used to defray the costs attributable to due diligence inspections, surveys, title search charges, closing costs and other similar charges associated with such acquisition. The foregoing notwithstanding, the issuance of said bonds shall be subject to the following three conditions:

- No such bonds shall be issued earlier than July 1, 2004; and,
- Any of such bonds shall have appropriate terms and maturities such that no principal or interest payments shall become due and payable prior to January 1, 2005; and,
- No such bonds shall be issued with a term of maturity of less than fifteen (15) years.

BY SELECTMEN.

- **Recommended** by Selectmen
- **Recommended** by Budget Committee

(This is a Special Warrant Article and is intended to be non-lapsing as to any purchase that has been ratified by a regular or special town meeting held prior to December 31, 2004. Pursuant to RSA 33:8 a supermajority of two-thirds (2/3) ballot vote is required to adopt this article).

Article 4. Modification of Optional Veterans' Tax Credit. To see if the town will vote, pursuant to RSA 72:28 to increase the veteran's tax credit from \$100 to \$200. To qualify, the person or person's surviving spouse must satisfy all the conditions of RSA 72:28-34 that pertain to eligibility for this credit, as well as those contained in any other applicable statute.
BY SELECTMEN.

- **Recommended** by Selectmen (3 were in favor; 2 were opposed)
- **Recommended** by Budget Committee

Article 5. Modification of Service-Connected Disability Veteran's Tax Credit. To see if the town will vote, pursuant to RSA 72:35, to increase the service-connected disability veteran's tax credit from \$1400 to \$2000. To qualify, the person or person's surviving spouse must satisfy all the conditions of RSA 72:35, that pertain to eligibility for this credit, as well as those contained in any other applicable statute. Further, said credit for service-connected total disability shall replace the standard veteran's tax credit in its entirety and shall not be in addition thereto.
BY SELECTMEN.

- **Recommended** by Selectmen
- **Recommended** by Budget Committee

Article 6. One New Position of Firefighter. To see if the town will vote to raise and appropriate Eight Thousand Seven Hundred Fifty Nine Dollars (\$8759) for the purpose of hiring one new full time Firefighter employee, including estimated benefit expenses for November and December 2004. (The cost associated with salary and benefits for a new fire fighter for the 12-month period of **2005** is estimated to be \$61,600.) BY SELECTMEN.

- **Recommended** by Selectmen
- **Recommended** by Budget Committee

Article 7. One New Position of Police Officer. To see if the town will vote to raise and appropriate Forty Three Thousand Five Hundred Dollars (\$33,500) for the purpose of hiring one new full time Police Officer, including estimated benefits expenses for April 1, 2004 through December 31, 2004. (The cost associated with salary and benefits for a new police officer for the 12-month period of **2005** is estimated to be \$63,100.) BY SELECTMEN.

- **Recommended** by Selectmen
- **Recommended** by Budget Committee

Article 8. Police Computers. To see if the town will vote to raise and appropriate Eighty Thousand Four Hundred Dollars (\$80,400) for the purchase of software and hardware for the Police Department. BY SELECTMEN.

- **Recommended** by Selectmen
- **Recommended** by Budget Committee

Article 9. New Ford Expedition for Fire Chief. To see if the town will vote to raise and appropriate Thirty Thousand (\$30,000) for the purchase of a 2004 Ford Expedition to be used by the Fire Chief. BY SELECTMEN.

- **Recommended** by Selectmen
- **Recommended** by Budget Committee

Article 10. Engineering Studies for Town Buildings. To see if the town will vote to raise and appropriate Eight Thousand Dollars (\$8,000) for the purpose of engineering studies for the Police Station renovation. BY SELECTMEN.

- **Recommended** by Selectmen
- **Recommended** by Budget Committee

Article 11. Major Fire Equipment Capital Reserve. To see of the Town will vote to raise and appropriate the sum of One Hundred Thousand Dollars (\$100,000) to be placed in the Major Fire Equipment Capital Reserve fund established for this purpose at the 2002 annual meeting. BY SELECTMEN.

- **Recommended** by Selectmen
- **Recommended** by Budget Committee

Article 12. Major Highway Equipment Capital Reserve. To see if the Town will vote to raise and appropriate the sum of Forty Five Thousand Dollars (\$45,000) to be placed in the Major Highway Equipment Capital Reserve fund established for this purpose at the 2002 annual meeting. BY SELECTMEN.

- **Recommended** by Selectmen
- **Recommended** by Budget Committee

Article 13. Compensated Absences Payable Trust Fund. To see if the Town will vote to raise and appropriate the sum of Five Thousand Dollars (\$5,000) to be added to the Compensated Absences Payable Expendable Trust Fund established at the 2002 Annual Town Meeting. BY SELECTMEN.

- **Recommended** by Selectmen
- **Recommended** by Budget Committee

Article 14. Dump Truck Purchase. To see if the town will vote to raise and appropriate Eighty Thousand Dollars (\$80,000) for the purpose of purchasing a new Dump Truck for the Town of Hollis and to withdraw Seventy Thousand Dollars (\$70,000) plus accumulated interest from the Major Highway Equipment Capital Reserve established for this purpose at the 2002 annual meeting, with the balance to come from general taxation. BY SELECTMEN.

- **Recommended** by Selectmen
- **Recommended** by Budget Committee

Article 15. Fire Engine Purchase. To see if the town will vote to raise and appropriate Three Hundred Seventy Five Thousand Dollars (\$375,000) for the purpose of purchasing a new fire engine and to withdraw Three Hundred Seventy Five Thousand Dollars (\$375,000) from the Major Fire Equipment Capital Reserve established for this purpose in 2002 for. BY SELECTMEN.

- **Recommended** by Selectmen
- **Recommended** by Budget Committee

Article 16. Ambulance Fee Fund Appropriation. To see if the town will vote to appropriate Fifty Thousand Dollars (\$50,000) for the purpose of funding ambulance services and equipment, and to authorize the withdrawal from the Ambulance Fee Special Revenue Fund established for this purpose at the 2000 annual meeting. None of this money is to come from general taxation. BY SELECTMEN.

- **Recommended** by Selectmen
- **Recommended** by Budget Committee

Article 17. Old Home Day Fund Appropriation. To see if the town will vote to appropriate Thirty Five Thousand Dollars (\$35,000) for the purpose of funding the annual Old Home Day celebration, and to authorize the withdrawal from the Old Home Day Special Revenue Fund established for this purpose at the 1999 annual meeting. None of this money is to come from general taxation. BY SELECTMEN.

- **Recommended** by Selectmen
- **Recommended** by Budget Committee

TREASURER'S REPORT TO THE TOWN OF HOLLIS

February 2, 2004

The balance of cash and cash equivalents for the Town of Hollis General Fund as of December 31, 2003 was \$8,957,387, which compares to \$8,050,086 for the year ending December 31, 2002. Interest on overnight and other short-term cash investments produced income of \$45,566.67 which compares to \$93,723.32 earned in 2002 and \$208,428.24 earned in 2001.

During 2003, the Town purchased from the Tax Collector \$168,012 in delinquent taxes and accruals, UP \$12,024 from \$155,988 in 2002. At December 31, 2003, the amount of unpaid taxes was \$571,180, \$91,480 and \$52,216 for the years 2003, 2002 and 2001 respectively. (See the Tax Collector's Report for specific details.)

For the tenth year in a row, the Town incurred no short-term borrowing costs associated with the issuance of Tax Anticipation Notes.

INDEPENDENT AUDITORS' REPORT

Board of Selectmen
Town of Hollis, New Hampshire

We have audited the accompanying general purpose financial statements of the Town of Hollis, New Hampshire, as of and for the year ended December 31, 2002, as listed in the table of contents. These financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The Town does not maintain a record of its general fixed assets and, accordingly, a statement of general fixed assets, required by generally accepted accounting principles, is not included in the financial statements.

The Town recognizes property tax revenues on the accrual basis in the General Fund, which is not in conformity with generally accepted accounting principles. Generally accepted accounting principles require recognition of property taxes on the modified accrual basis.

In our opinion, except for the issues discussed in the previous paragraphs, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Town of Hollis, New Hampshire, as of

December 31, 2002, and the results of its operations for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Melanson, Heath + Company P.C.

Town of Hollis, New Hampshire
Notes to General Purpose Financial Statements

1. Summary of Significant Accounting Policies

The accounting policies of the Town of Hollis, New Hampshire (the Town) conform to generally accepted accounting principles (GAAP) as applicable to governmental units, except as indicated in Note 2. The following is a summary of the more significant policies:

A. Reporting Entity

The government is a municipal corporation governed by a Board of Selectmen. As required by generally accepted accounting principles, these financial statements present the government and applicable component units for which the government is considered to be financially accountable. In 2002 it was determined that no entities met the required GASB-14 criteria of component units.

B. Basis of Presentation - Fund Accounting

For reporting purposes, the financial activities of the Town are accounted for through the use of several funds and account groups. Each fund is a separate accounting entity with self-balancing accounts. The following types of funds and account groups are used by the Town:

Governmental Fund Types

Governmental funds are those through which most governmental functions of the Town are financed. The acquisition, use and balances of the Town's expendable financial resources and the related liabilities (except those accounted for in fiduciary funds) are accounted for through governmental funds. The measurement focus is based upon determination of changes in financial position, rather than upon net income determination. The following are the Town's governmental fund types:

General Fund - To account for all financial activities of the Town, except those required to be accounted for in another fund. Most revenues and expenditures of a general governmental nature are accounted for in this fund.

Special Revenue Funds - To account for the proceeds of specific revenue sources (other than expendable trusts or for major capital projects) that are legally restricted to expenditures for special purposes.

The Town maintains the following special revenue funds:

- Ambulance
- Forest Maintenance
- Police Detail
- Heritage
- Old Home Day
- Zylonis

Capital Project Funds - Transactions related to resources obtained and used for the acquisition, construction, or improvement of major capital facilities are accounted for in capital project funds. Such resources are derived principally from proceeds of general obligation bond issues.

Fiduciary Fund Types

Fiduciary funds are used to account for assets held by the Town in a trustee capacity. The Town maintains the following fiduciary fund types:

Expendable Trust Funds - These funds are accounted for in essentially the same manner as governmental funds.

The Town maintains the following expendable trust funds:

- Library
- Conservation Commission
- Capital Reserve
- Nichols Expendable Trust
- Common Trust

Nonexpendable Trust Funds - These funds are used to account for assets held by the Town in a trustee capacity. The principal balance cannot be spent; however, investment earnings may be spent for intended purposes.

The Town maintains the following non-expendable trust funds:

Common Trust Funds:

- High School
- Library
- Public Welfare
- Cemetery
- Nichols Fund
- Pearl Rideout Endowment

Agency Funds - These funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

Account Groups

Account groups are used to establish accounting control and accountability for the Town's general long-term obligations. The following account group is maintained by the Town.

General Long-Term Debt Account Group - This account group is used to account for all long-term obligations of the Town.

C. Basis of Accounting

The basis of accounting used for each fund is as follows:

Modified Accrual Basis (Governmental, Expendable Trust and Agency Funds)

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental and expendable trust funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

The modified accrual basis of accounting is applied in all governmental, expendable trust and agency fund types. Accordingly, revenues other than property taxes and certain other departmental revenues are recorded when susceptible to accrual, that is, both measurable and available to finance expenditures of the current period. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Property tax revenue, however, is reported on an accrual basis (total actual tax commitment less abatements and refunds). This method of recognition is contrary to generally accepted accounting principles which require property tax revenue be recognized on the modified accrual basis of accounting.

In applying the susceptible to accrual concept to intergovernmental revenues, the legal and contractual requirements of the numerous individual programs are used as guidance. There are essentially two types of these revenues: (1) revenues recognized based upon the expenditures recorded, and (2) revenues recognized at the time of receipt or earlier, if the susceptible to accrual criteria is met.

Other revenues (except investment earnings) are recorded as revenues when received in cash because they are generally not measurable until actually received. Investment earnings are recorded as earned since they are measurable and available.

Expenditures, except for interest on long-term debt which is recorded when due, and most vacation, sick and pension costs because these amounts are not expected to be relieved within the current accounting period, are recorded when the related fund liability is incurred.

Accrual Basis (Nonexpendable Funds)

All nonexpendable trust funds are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and liabilities associated with the operation of these funds are included on the balance sheet. Nonexpendable fund type operating statements present increases (e.g., revenues) and decreases (e.g., expenses) in net total assets.

The accrual basis of accounting is used by nonexpendable trust funds. Their revenues are recognized when they are earned, and their expenses are recognized when they are incurred.

D. Cash and Cash Equivalents

Cash balances from all funds, except those required to be segregated by law, are combined to form a consolidation of cash. Cash balances are invested to the extent available, and interest earnings are allocated to the various funds. Certain fiduciary funds segregate cash, and investment earnings become a part of those funds.

Deposits with financial institutions consist primarily of demand deposits, certificates of deposits, and savings accounts.

For purposes of the statement of cash flows, the nonexpendable trust funds consider investments with original maturities of three months or less to be cash equivalents.

E. Investments

State and local statutes place certain limitations on the nature of deposits and investment available to the Town. Deposits in any financial institution may not exceed certain levels within the financial institution. Non-fiduciary fund investments can be made in securities issued by or unconditionally guaranteed by the U.S. Government or agencies that have a maturity of less than one year from the date of purchase and repurchase agreements

guaranteed by such securities with maturity dates of no more than 90 days from the date of purchase.

Investments for the Trust Funds consist of marketable securities, bonds and short-term money market investments. Investments in the Trust Funds are carried at market value.

F. Interfund Transactions

The accompanying financial statements reflect numerous transactions between the various funds. These transactions represent operating transfers and do not constitute revenues nor expenditures of the funds.

G. Fixed Assets

Property, plant and equipment acquired or constructed for general government services are recorded as expenditures in the fund incurring the expenditure. Generally accepted accounting principles require that such assets also be accounted for in a "general fixed assets group of accounts". The Town does not maintain such an account group.

H. Long-Term Obligations

The government reports long-term debt of governmental funds at face value in the general long-term debt account group.

I. Vacation, Sick Leave and Other Compensated Absences

Town employees are entitled to earned and sick leave based on actual hours worked. At year end, unused time carries forward to the new year, up to 500 hours for earned leave and 80 hours for sick leave. Upon termination, unused sick leave lapses.

J. Fund Equity

Reservations of fund balance represent amounts that are not appropriable or are legally segregated for a specific purpose.

K. Encumbrance Accounting and Reporting

Encumbrance accounting is employed in governmental funds. Encumbrances (e.g., purchase orders, contracts) outstanding at year end are reported as reservations of fund balances and do not constitute expenditures or liabilities.

L. Memorandum Only - Total Columns

Total columns on the general purpose financial statements are captioned as "memorandum only" because they do not represent consolidated financial information and are presented only to facilitate financial analysis. The columns do not present information that reflects financial position, results of operations, or cash flows in accordance with generally accepted accounting principles. Interfund eliminations have not been made in the aggregation of this data.

M. Statement of Cash Flows

No statement of cash flows is presented for the nonexpendable trust funds since the only change in cash flows was derived from operating income.

2. Departures from Generally Accepted Accounting Principles

The significant departures of the Town's financial statements from generally accepted accounting principles are as follows:

- General fixed asset acquisitions are not capitalized in a general fixed asset group of accounts.
- Property tax revenue is reported on an accrual basis of accounting. This method of recognition differs from generally accepted accounting principles which requires property tax revenue to be recognized on the modified accrual basis of accounting.

3. Stewardship, Compliance and Accountability

A. Budgetary Information

The Town's budget is originally prepared by the Selectmen's office with the cooperation of the various department heads. It is then submitted to the Budget Committee, in accordance with the Municipal Budget Law. After reviewing the budget, the Committee holds a public hearing for discussion.

The final version of the budget is then submitted for approval at the annual Town meeting. The approved budget is subsequently reported to the State of New Hampshire on the statement of appropriation form in order to establish the current property tax rate.

The Selectmen cannot increase the total of the approved budget, however, they have the power to reclassify its components when necessary.

B. Budgetary Basis

The General Fund appropriation appearing on page 5 of the financial statements represents the final amended budget of the Town and was authorized at the annual Town meeting.

C. Budget/GAAP Reconciliation

The budgetary data for the general fund is based upon accounting principles that differ from generally accepted accounting principles (GAAP). Therefore, in addition to the GAAP basis financial statements, the results of operations of the general fund are presented in accordance with budgetary accounting principles to provide a meaningful comparison with budgetary data.

The following is a summary of adjustments made to the actual revenues and other sources, and expenditures and other uses, to conform to the budgetary basis of accounting.

	<u>Revenues and Other Financing Sources</u>	<u>Expenditures and Other Financing Uses</u>
<u>General Fund</u>		
Revenues/Expenditures (GAAP basis)	\$ 19,285,672	\$ 18,800,817
Other financing sources/uses (GAAP basis)	6,448	355,024
Reverse beginning of year appropriation carryforwards from expenditures	-	(498,465)
Add end of year appropriation carryforwards	-	195,464
Recognize use of fund balance as funding source	<u>820,000</u>	<u>-</u>
Budgetary basis	\$ <u>20,112,120</u>	\$ <u>18,852,840</u>

4. Cash and Cash Equivalents

The carrying amount of the Town's deposits with financial institutions at December 31, 2002 was \$ 9,319,450. The bank balances, which do not include reconciling items, such as deposits in transit and outstanding checks, are categorized as follows:

Amount insured by the FDIC and DIFM, or collateralized with securities held by the Town in its name	\$ 630,485
State investment pool	<u>8,718,127</u>
Total Bank Balance	\$ <u>9,348,612</u>

5. Investments

The Town's investments are categorized into the following three categories of credit risk:

- (1) Insured or registered, or securities held by the Town or its agent in the Town's name.
- (2) Uninsured and unregistered, with securities held by the counterparty's trust department or agent in the Town's name.
- (3) Uninsured and unregistered, with securities held by the counterparty, or by its trust department or agent but not in the Town's name.

At year end, the government's investment balances were as follows:

	Category			Total
	<u>1</u>	<u>2</u>	<u>3</u>	
U.S. Government securities	\$ 264,521	\$ -	\$ -	\$ 264,521
Corporate equity	181,969	-	-	181,969
Corporate bonds	<u>160,444</u>	<u>-</u>	<u>-</u>	<u>160,444</u>
Subtotal	<u>\$ 606,934</u>	<u>\$ -</u>	<u>\$ -</u>	606,934
Investments not subject to categorization:				
Mutual funds				<u>211,458</u>
Total Investments				\$ <u>818,392</u>

6. Taxes Receivable

The Town bills property taxes semi-annually, in May and November. Property tax revenues are recognized in the fiscal year for which taxes have been levied. Property taxes billed or collected in advance of the year for which they are levied, are recorded as a prepaid tax liability.

Property taxes are due on July 1 and December 1. Delinquent accounts are charged 12% interest. At the time of tax sale, in March of the next

year, a lien is recorded on the property at the Registry of Deeds. The Town purchases all the delinquent accounts by paying the delinquent balance, recording costs and accrued interest. The accounts that are lienied by the Town will be reclassified from property taxes receivable to unredeemed tax liens receivable. After this date, delinquent accounts will be charged interest at a rate of 18%.

The Town annually budgets an amounts (overlay for abatements) for property tax abatements and refunds.

Taxes receivable at December 31, 2002 consist of the following:

Property taxes:	
2002 levy	\$ 646,667
Unredeemed taxes:	
2001 levy	90,092
2000 levy	36,609
Yield tax	1,905
Land use change	181,580
Allowance for abatements	(101,815)
Total taxes receivable, net	\$ <u>855,038</u>

Taxes Collected for Others

The Town collects property taxes for the Hollis School District, the Hollis-Brookline Co-op, and the County of Hillsborough. Payments to the other taxing units are normally made throughout the year. The ultimate responsibility for the collection of taxes rests with the Town.

7. Interfund Fund Receivables/Payables

The Town maintains self-balancing funds; however, most transactions flow through the general fund. In order to obtain accountability for each fund, interfund receivable and payable accounts must be utilized. The following is an analysis of the December 31, 2002 balances in interfund receivable and payable accounts:

<u>Fund</u>	<u>Due From Other Funds</u>	<u>Due To Other Funds</u>
General Fund	\$ -	\$ 187,483
Special Revenue	-	2,017
Trust and Agency Funds	<u>189,500</u>	<u>-</u>
Total	\$ <u>189,500</u>	\$ <u>189,500</u>

8. Other Assets

This balance consists primarily of prepaid expenses and departmental receivables.

9. Vouchers Payable

Vouchers payable represent 2002 expenditures paid subsequent to December 31, 2002.

10. Due to School Districts

The total school district assessments for the period July 1, 2002 through June 30, 2003 were \$ 12,954,363. The school district assessments are paid in monthly installments. As of December 31, 2002, a total \$ 7,843,485 was paid, leaving a balance of \$ 5,110,878 to be paid through June 30, 2003.

11. Bond Anticipation Notes Payable

The Town had the following notes outstanding at June 30, 2002:

	<u>Interest Rate</u>	<u>Date of Issue</u>	<u>Date of Maturity</u>	<u>Balance at June 30, 2002</u>
Bond anticipation	2.10%	12/23/02	07/24/03	<u>\$707,000</u>

The following summarizes activity in notes payable during fiscal year 2002:

<u>Balance Beginning of Year</u>	<u>New Issues</u>	<u>Maturities</u>	<u>Balance End of Year</u>
\$ 707,000	\$ 1,414,000	\$(1,414,000)	<u>\$ 707,000</u>

12. Landfill Closure and Postclosure Care Costs

The Town is a member of the Souhegan Regional Landfill District, which closed and capped its landfill in 1990. The District is required by state and federal laws and regulations to perform certain maintenance and monitoring functions at this site for 30 years. The Town estimates its share of the remaining landfill postclosure costs at approximately \$ 87,552 at December 31, 2002. Actual costs may differ due to inflation, changes in technology, or changes in regulations.

13. Long-Term Debt

A. General Obligation Bonds

The Town has an outstanding bond payable issued in June 1987. The bond is payable over twenty years with the interest rate varying (5.40% to 8.25%). The principal payment will be \$ 25,000 per year for the next five years.

Balance December 31, 2001	\$ 150,000
Maturing principal payment	(25,000)
Balance December 31, 2002	\$ <u>125,000</u>

B. Future Debt Service

The annual principal and interest payments to retire all general obligation long-term debt outstanding as of December 31, 2002 are as follows:

<u>Governmental</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2003	\$ 25,000	\$ 10,263	\$ 35,263
2004	25,000	8,225	33,225
2005	25,000	6,188	31,188
2006	25,000	4,125	29,125
2007	<u>25,000</u>	<u>2,063</u>	<u>27,063</u>
Total	\$ <u>125,000</u>	\$ <u>30,864</u>	\$ <u>155,864</u>

The general fund has been designated as the source to repay the general obligation long-term debt outstanding as of December 31, 2002.

C. Overlapping Debt

The Town's proportionate share of debt of other governmental units which provide services within the Town's boundaries, and which must be borne by the resources of the Town, is summarized below:

<u>Related Entity</u>	<u>Total Principal</u>	<u>Town's Percent</u>	<u>Town's Share</u>
Hollis-Brookline Co-op	\$ 18,429,351	64.79%	\$ 11,940,377
Hollis School District	<u>5,470,198</u>	100.00%	<u>5,470,198</u>
Total	\$ <u>23,899,549</u>		\$ <u>17,410,575</u>

This liability is appropriately not reported in the accompanying financial statements.

14. Other Liabilities

This balance consists primarily of performance bond escrow accounts.

15. Reserves and Designations of Fund Equity

The Town has established "reserves" of fund equity to segregate fund balances which are either not available for expenditure in the future or are legally set aside for a specific future use.

The Town reported the following types of reserves and designations at December 31, 2002.

Reserved for Endowments - Represents the principal of the nonexpendable trust fund investments. The balance cannot be spent for any purpose; however, it may be invested and the earnings may be spent.

Reserved for Encumbrances - An account used to segregate that portion of fund balance committed for expenditure of financial resources upon vendor performance.

The following is a summary of general fund appropriations and reserves to be carried forward to 2003:

Special studies	\$ 10,000
Revaluation	32,435
Major building maintenance	51,000
Bike fund	2,244
Water supply	30,000
Sidewalks	22,426
Bond issuance costs	25,000
Bond issuance costs	<u>22,359</u>
Total	\$ <u>195,464</u>

16. Commitments and Contingencies

Outstanding Lawsuits - There are several pending lawsuits in which the Town is involved. The Town's management is of the opinion that the potential future settlement of such claims would not materially affect its financial statements taken as a whole.

Grants - Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount of expenditures which may

be disallowed by the grantor cannot be determined at this time, although the Town expects such amounts, if any, to be immaterial.

17. Retirement System

The Town follows the provisions of GASB Statement No. 27, *Accounting for Pensions for State and Local Government Employees*, with respect to employees' funds.

A. Plan Description

The Town contributes to the New Hampshire Retirement System (the "System"), a cost-sharing, multiple-employer, defined benefit pension plan administrated by the state retirement board. The System provides retirement, disability and death benefits to plan members and beneficiaries. Revised Statutes Annotated 100-A:1-a of New Hampshire Law assigns the system the authority to establish and amend benefit provisions of the plan and grant cost-of-living increases. The System issues a publicly available financial report which can be obtained through the New Hampshire Retirement System at 4 Chenell Drive, Concord, New Hampshire 03301-8509.

B Funding Policy

Plan members are required to contribute between 5% of their gross earnings to the pension plan. The Town makes annual contributions to the pension plan equal to the amount required by Revised Statutes Annotated 100-A: 16, and range from 3.8% - 6.8% of covered compensation. The Town's contributions to the system for the years ended December 31, 2002, 2001, and 2000 were \$ 81,390, \$ 75,626, and \$ 66,614, respectively, which were equal to its annual required contributions for each of these years.

18. Risk Management

The government is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the government carries commercial insurance. There were no significant reductions in insurance coverage from the previous year and have been no material settlements in excess of coverage in any of the past three fiscal years.

19. GASB Statement No. 34

In June 1999, the Governmental Accounting Standards Board (GASB) unanimously approved Statement No. 34, Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments (Statement). Certain of the significant changes in the Statement include the following:

- For the first time the financial statements will include:
 - A Management Discussion and Analysis (MD&A) section providing an analysis of the Town's overall financial position and results of operations.
 - Financial statements prepared using full accrual accounting for all of the Town's activities, including reporting infrastructure assets (roads, bridges, etc.).
- A change in the fund financial statements to focus on the major funds.

The general provisions of GASB Statement No. 34 must be implemented by the Town of Hollis no later than the fiscal year ending December 31, 2003; the retroactive reporting of infrastructures must be implemented no later than the year ending December 31, 2007.

HOLLIS SOCIAL LIBRARY

2003 was a busy year at the library. We made several improvements and worked on several programs and projects in order to better meet the needs of Hollis residents. Our circulation showed a 7% increase over last year: more books, DVDs, periodicals, and audiobooks were checked out than ever before. The number of reserves, reference questions, and museum passes loaned also climbed.

IMPROVEMENTS TO THE COLLECTIONS:

The Children's Room began its cassette and book kit collection. These kits are designed to interest and help beginning and reluctant readers enjoy reading and improve basic reading skills. A patron donated ten children's educational games on CD-ROM to the Children's Department. They have been circulating very well; we hope to add to them in the future.

We added several periodicals that patrons requested: *Architectural Digest*, *Astronomy*, *Cat Fancy Magazine*, *Cottage Life*, and *New York Magazine*. We added the *Wall Street Journal* newspaper in response to requests.

We separated out the oversize nonfiction books to highlight them and make room for expansion of the adult nonfiction collection. We placed slanted shelves in the DVD area, to make it easier to read the titles. In order to make more space for the growing Young Adult collection, we expanded to the bookcase that had been used for booksale books. We were fortunate to receive a gift of two bookcases from the Manchester City Library. One is being used for new Children's books, the other for the Young Adult collection.

To help meet requests for large print nonfiction books, we started carrying a large print long-term loan deposit collection from the Library Services to Persons with Disabilities Division of the New Hampshire State Library. Check-outs of large print materials increased 27% this past year.

The library received several donations to improve the library's collections. Thanks to the Friends of the Hollis Library, the Morton E. Goulder Foundation, J. Howard and Janis Bigelow, Lawrence and Non Finkelstein, the Colonial Garden Club, Lloyd and Susan Deenik, and Nancy Wall, for their support of our print and nonprint collections. In addition, Elizabeth DeGroot, Mandy Graves, Emily King, and Maria Snyder donated the money they raised at Old Home Days for books for the Children's Department.

PROGRAMS:

Over 140 children participated in our Summer Reading Program this year. The theme, "Reading Rocks the Granite State," led to an interesting series of programs featuring local singers, puppeteers, storytellers, and nature enthusiasts.

The Thursday Evening Book Discussion Group sponsored two series this year: "Encounter in Norumbega" in the spring and "The Quest for the American Dream" in the fall. Both series, led by subject experts, were co-sponsored by the Friends of the Hollis Library and the New Hampshire Humanities Council.

We had what was probably the largest turnout ever for a book group in September when the Tuesday Morning Book Group discussed "Our Nig" by Harriet Wilson. Ms. Wilson was a 19th century Milford resident who described her life as an indentured servant in what is considered the first novel in English written by a Black woman. Mabelle Barnette of the Harriet Wilson Project helped facilitate the discussion.

The celebration of the 10th anniversary of the library's addition on September 14th was enjoyed very much by the participants. Several people who helped with the building effort, such as Dr. and Mrs. James Squires, Mr. and Mrs. Peter Stopas, and Mr. and Mrs. Gerald Hornick, attended, as well as State Representative Harry Haytayan, Selectman Don Ryder, and other well-wishers.

OTHER HIGHLIGHTS:

The Friends of the Hollis Library donated \$ 6,000 this year for the library's collections and programs. Their support has been essential to our continuing our very popular Summer Reading Program and ongoing Children's programs; and their donations have helped us to greatly improve and increase our book, DVD, video, and audio collections.

We were closed several days in January and February due to unusually high snowfalls. In addition, the snowy and icy road conditions and extremely low temperatures that prevailed for several weeks caused a drop-off in use of the library the first two months of the year. Patron use of the library rebounded after that, and we reached new highs for building attendance and circulation later in the year.

Fritz Weatherbee of WMUR's "Chronicle" visited us on March 14th. He taped some programs on some of the noteworthy people buried in the cemetery behind the Congregational Church. While here he toured the building and did some taping inside the library, of which he said, "This library is as nice as I've seen in the state."

Hollis resident Patricia Hutchins donated her artistic talents to inspire present and future generations. Taking a theme from an old Chinese proverb, "A book is like a garden carried in the pocket," Ms. Hutchins created a colorful mural evoking the pleasures of reading.

This year we introduced a much easier to use Museum of Fine Arts pass program. The new pass does not require reserving in advance or returning the pass to the library after it's been used. Use of the pass more than doubled over previous years.

The Department of Public Works oversaw the repainting of the exterior of the building (July – November). The new coat of paint and repairs to the wood molding and pillars makes the library a much more attractive inhabitant of the historic town center.

Thanks to the Colonial Garden Club of Hollis for their ongoing upkeep and beautification of our shrubs and flowers. Their commitment to caring for the library's landscaping is greatly appreciated.

We started utilizing the state's new interlibrary loan system, NHU-PAC. The new system makes for speedier ordering and shipment of books and other materials that we borrow from New Hampshire's libraries.

In September we began issuing new library cards with key tags. The cards have been very well received; many people with existing cards have turned them in for the new ones with key tags

In the nationally-recognized 2003 HALPR American Public Library Ratings System survey, the Hollis Social Library scored 640, better than 75% of libraries in the country. In New Hampshire, only 39 of the state's 231 public libraries scored higher than Hollis; most of these have much higher budgets and staff than we do.

PERSONNEL AND VOLUNTEERS:

Thanks to Dawn Desaulniers, the Town's Information Technology Specialist, for maintaining our computers, installing software and a firewall, and advising us on computer equipment needs and solutions.

We want to express our thanks to Art LeBlanc, Director of the Department of Public Works, and his staff, especially Peter Doneski and Curt Albrecht for their ongoing assistance in maintaining the library building.

We appreciated the many hours our volunteers contributed to repairing and shelving books, helping with programs, and staffing the circulation desk. Our dedicated 2003 volunteers were: Patricia Burant, Jacob Casserino, Barbara Chase, Joan Cole, Betty Fyfe, Claire Kelly, Non Finkelstein, Laurel Lang, Charlie Lui, Renee Maloney, Nancy Payette, Doris Rafferty, Steve Simons, Elizabeth Vander Kamp, Phil Vander Kamp, Karl Vogel, Nancy Wall and Cherie Wholey.

Staff changes: We lost Children's Librarian Mary-jo Zeising, Page Sarah Ferguson, and Library Aids Carol Gasch and Deborah Markarian. We welcomed to the staff Janice Ellerin as Children's Librarian, Sarah Humphreys as Page, and Lisa Fabian and Lyn Neilly as Library Aids. Continuing on the staff were: Steve Russo as Director, Library Aids Edie Harris and Jack Maguire, and Page Kevin Kong.

Notes: Cardholders-Beginning in 2001 we annually delete cardholders who have not used their cards in the past 3 years. Renewals- In 2001 we lengthened the loan period for books from 2 to 3 weeks, which resulted in a decline in Renewals.

ANIMAL CONTROL

The Animal Control Dept. had an extremely busy year with the Animal Control Officers attempting to do full time work on a part time basis. The Animal Control Officers work on an on call schedule only, this means that they each carry a pager & are paged when needed to respond. This on call schedule sometimes creates a delay in the response time.

The Animal Control Officers are also responsible for the caring of the animals in the town kennel twice a day. The town kennel is inspected twice a year in a surprise inspection performed by the Dept of Agriculture and always passes with great ratings.

The increase of residents in town has also brought an increase in the dog population. There were over 1400 dogs licensed last year. 600 of who were unlicensed as of June 1st. With the persistence of the Animal Control Officers & the Town Clerks by August there were 124 people left with unlicensed dogs. They all received a civil forfeiture & a late fine their unlicensed dogs. By Sept. only 3 people went to court for unlicensed dogs. Licenses are valid from April 30 to April 30. They can be obtained at the Town Clerks office during regular business hours. If you have a new dog or are new to town you are required to license your dog as soon as possible. The licenses for the new year come out Jan 1st. Please remember to license your dog on time to avoid any unnecessary fines or court time.

Enjoy the new year & lets hope the flu doesn't catch up with you!

Respectfully submitted,

Jayne Belanger
Hollis Animal Control

BUDGET COMMITTEE

The purpose of the Budget Committee is to assist the voters in the prudent annual appropriation of public funds. The committee draws its authority from NH RSA 32:1. In serving its role, the Budget Committee weighs the needs of the community for public services with the ability of the community to afford those services. The committee tries to strike a balance between the needs for services and affordability, paying particular attention to the long term impact on the tax rate. An attached graph depicts the rate of change of the tax rate over the last 20 years.

Easily noted when looking at the rate of change of the tax rate is a period of time in the late 1980's when the tax rate appeared to be out of control. Since 1990 the Budget Committee, with the cooperation of the Selectmen and the School Board, has tried to keep the tax rate increase close to that afforded by the *increase in total town valuation and the rate of inflation*.

The second graph depicts the change in the tax bill of an 'average' \$350,000 house over the last 10 years. (The tax bill is for the total tax including the coop and the county as well as Hollis town and schools. It is a composite of 15 specific properties from different parts of town.) The increase in the total Hollis tax rate since 1994 has averaged \$78 per year, or under 2%. That has been achieved, not without some pain, while continuing to provide a first rate education in our schools and excellent town services. The pain comes when sometimes very worthy proposals brought forth by the Selectmen and the School Board are deferred until they are more affordable. The drop noticeable in the last couple of years is primarily due to the State education grant (\$1.6M this year), *which is not anticipated to continue*.

The process followed by the Budget Committee to develop a recommended budget begins with the committee providing recommended budget amounts to the Selectmen and the School Board. These amounts are calculated considering the increase in the town and school populations, changes in the demands for services, the rate of inflation and the anticipated change in total town valuation.

The School Board and the Selectmen develop recommended budgets based on providing a level of service, sometimes incorporating new services. The initial budgets and associated Warrant articles are frequently higher than what the Budget Committees thinks is affordable. After considerable discussion and a number of meetings, we come closer to an agreement. At this time public hearings are held on the suggested budgets. At the public hearings the citizens of Hollis have the opportunity to present their positions on the balance between the suggested services and the cost of those services. Weighing citizen input at the public hearings, the points brought forward by the Selectmen and the School board and the affordability of the proposed budgets, the

Budget Committee establishes recommended budgets which are then presented to the Town and School District meetings for approval or modification by the voters.

Looking forward, the Budget Committee anticipates several items which may have a significant impact on our tax rate. The State 'grant' to Hollis, this year \$1.6M, will be diminishing, per current law, toward zero in future. This may have a dramatic impact on our taxes, depending on how quickly the change occurs. The public debt is also anticipated increase over the next years, along with the taxes to pay it off. Three factors are driving this: several Town facilities are being considered for improvement, ongoing bonded land purchases will add bond payments, and a major addition to the Coop School District Junior High School to support increased enrollment from Brookline.

Respectfully submitted,

Michael Harris, Chair, Hollis Budget Committee

Tax Rate % Change

Hollis Tax on \$350,000 House

BUILDING DEPARTMENT

The Hollis Building Department issued a total of Six Hundred Sixty (660) permits for the year 2003. Of these, Twenty-Five (25) permits were issued for New Single Family Homes (SFR) and (1) Two Family Dwelling. New Single Family Home starts have fallen slightly during 2003. The trend for larger homes continues with the average 4-bedroom home exceeding 3,400 square feet. This year the town also issued 9 building permits for 24 elderly housing units. The economic down turn and sluggish economy are having an effect on the region's growth. The demand for affordable housing has been an issue in the Nashua area, as the price for land and building materials increase. Construction of additions and renovations to existing homes decreased slightly, as compared to 2002 and 2001. The housing market, powered by low mortgage rates, has helped to support the economic growth. Refinancing this year has helped to underpin consumer spending, a main force keeping the economy rolling along. Even though the government reports that new-home sales fell by 2.4 percent in November, private economists predict home-sale figures for all of 2004 will hit a record high. The northeast, including the southern NH region, has seen slow growth over the past year.

CABLE ADVISORY COMMITTEE

The Cable Advisory Committee (CAC) was established by the Selectmen to monitor the compliance of Charter Communications' non-exclusive franchise with the Town, to advise the Board of Selectmen on matters relating to cable services and franchise renewal, and to try to get citizens to assist in broadcasting a wider variety of Town events and Committee meetings.

In 2003 this committee is in the midst of the formal process of franchise renewal based on a prior decision by the Board of Selectmen. This committee is moving on a wide variety of fronts and is coordinating with the Brookline-Hollis Cable Consortium, which is the formal negotiating organ for franchise renewal with Charter Communications. We have set up a standardized comment form in order to be able to document all future comments on cable service in Town and past comments have provided a legal basis for many of the positions we are now advancing. To ensure proper performance, we have relocated the form to a new server and expect to enhance overall availability. We apologize to anyone who recently tried to electronically submit a comment but was unable to. We still took paper, telephone, and direct personal email comments, so information continued to get through. This form is still available in print at Town Hall, or electronically at the same electronic address: <http://www.hollis.nh.us/cac/comments.htm>. We invite all residents to comment whenever they feel it appropriate. These comments will continue to help us in documentation for franchise renegotiations, to monitor compliance, and to assist citizens with issues they have with Charter Communications.

Due to the complexities of Federal regulations, the Brookline-Hollis Cable Consortium has worked closely with our attorney (Donahue, Tucker & Ciandella) who specializes in municipal telecommunications franchises. Hollis & Brookline renewals are being treated as a joint effort to both increase the leverage of each town and to control costs, although they will remain separate agreements for each town. We are the only two New Hampshire towns with service from our current cable provider's Worcester, MA based network. This poses unique issues in trying to secure current, and future, distinctions between Massachusetts and New Hampshire services, notices and regulations. The committee is particularly fortunate to have one of our four State Representatives (Carolyn Gargas) as a member and she has helped us to reach the appropriate sources of needed information quickly.

The committee has an informative link from the Hollis home page <http://www.hollis.nh.us/cac/index.htm> where residents are encouraged to follow both our minutes and ongoing discussions, which they may also contribute to. We have followed and implemented the recommendations of the Computer and Communications Infrastructure Committee for all town committees, as approved by the Board of

Selectmen, and are maintaining an open and public reflector site <http://groups.yahoo.com/group/holliscac> so that all committee related electronic communications between members are public, in accordance with the State Right to Know Law. We invite comments and suggestions on improving our web based activities. The committee meets the second Tuesday of each month in Town Hall.

Members are Ray Valle, Chr.
Allan Miller, V. Chr and Secretary
Mark Johnson, Selectmen's Rep
Carolyn Gargas
Mike Jeynes
Erwin Reijgers
Cynthia Rodgers
Lukasz Tomczyk

(Allan Miller is also the Chairman and Ray Valle the Treasurer of the Brookline-Hollis Cable Consortium)

BROOKLINE/HOLLIS CABLE TELEVISION CONSORTIUM

The Brookline/Hollis Cable Television Consortium was formed in early 2003, through the cooperation of the Boards of Selectmen of Hollis and Brookline, to address a recommendation by the Hollis Cable Advisory Committee. The Hollis CAC suggested using the services of a telecommunications attorney to get the best cable franchise agreement for the Town, and the Hollis Selectmen proposed doing this through a joint effort with Brookline in a Consortium. In addition to sharing the costs of the attorney, since the needs of the two Towns are very similar, this was an innovative step in improving the ties between Hollis and Brookline.

The Consortium is chartered with preparing and negotiating the cable franchise agreement for the two towns, after which it will disband. The maintenance and ongoing work associated with the franchise agreements will then revert to the Cable Advisory Committees of the two towns.

The members of the Cable Advisory Committees of the two towns are all non-voting members of the Consortium and participate in all meetings and communications. There are four voting members of the Consortium; two from Brookline and two from Hollis:

1. Allan Miller, Hollis: chair
2. Chris St. George, Brookline: co-chair
3. Harry Rogers, Brookline: secretary
4. Ray Valle, Hollis: treasurer

The Consortium is working with Sharon Cuddy Somers and Robert Ciandella, telecommunications attorneys from the firm Donahue, Tucker, and Ciandella in Exeter.

At the time of this writing, in early January, the Consortium has identified and prioritized the cable needs of the two communities, and used this list to prepare a contract proposal. The Consortium has had an initial negotiation meeting with Charter, and the detailed negotiation is about to begin. We hope that by the time you read this, the negotiation will be finished and the Consortium will have been disbanded. If you would like an update on our activities, please visit our web site at <http://www.bhcable.org/> where we always welcome any comments or questions you may have.

CEMETERY TRUSTEES

The Cemetery Trustees meet regularly on the third Thursday of each month. During the summer months, meetings are held at each of the Town's 5 cemeteries. At all other times the meetings are held at Town Hall.

This year the Department of Public Works completed the renovations on the Hearse House located at the East Cemetery. Constructed in 1910, the building was originally located in the center of town and used to house the hearse, thus the name. The hearse has been restored and is currently being stored in the Ever Ready Engine House.

During 2003, Public Works performed the following burials.

Type of Interment	Date of Interment	Deceased
Cremation	7/19/03	Wright, Melva A
	8/8/03	Gerbarands, Arline Lund
	8/8/03	Neary, Marjorie
	9/29/03	White, Leonard
	11/17/03	Weiser, Harry E. "Bud"
	Number of Cremations	5
Full	4/10/03	Koch, Benjamin Nathaniel
	4/21/03	Vogel, Rosa Minerva
	6/14/03	Zinanni, Jacqueline Marie
	9/5/03	Cadrain, Phyllis F.
	10/28/03	Fenimore, Dorothy Gladys
	10/29/03	Hughes, Joel Stanley
	11/1/03	Christiansen, Monica O'Reilly
	11/6/03	Taylor, Ruth B.
Number of Full Interments	11/13/03	Tolstrup, Richard W.
	9	
Total Interments:		14

A total of 21 lots were sold in the North and East Cemeteries, including 8 of the 2-grave monument lots. All other cemeteries are closed for lot purchases. Currently the Town of Hollis owns the following tracts of land for cemeteries:

South Cemetery - Main Street	1.17 acres
Churchyard Cemetery - Monument Square	.81
North Cemetery - Rte. 122, Silver Lake Road	5.37
East Cemetery - Wheeler Road	5.89
Pine Hill Cemetery - Nartoff Road	1.49

Respectfully submitted,

Kathy Albee, Chairman

Nancy Bell Chris Buzzy

Sharon Howe Jeff Snow

Deborah Adams & Kimberly Dogherty, Secretaries

COMMUNICATIONS DEPARTMENT

Fiscal year 2003 brought about several personnel changes within the Communications Center. Sabrina Chaput left to be with her future husband in Connecticut. John Spence returned to Merrimack, where he began his career, to become the dispatch supervisor. It is a credit to the Hollis Communication Center when a member of the department moves up the ladder of success.

With the departure of these two dispatchers the department relied heavily on the experience of senior dispatchers Robert Dichard and Matt Judge and specialist Ross Rawnsley. Ross also became a certified trainer this year.

Our part-time staff stepped in during this personnel shortage and gave the full-time crew a needed rest. Without their dedication this time would have been very difficult.

We have welcomed two new dispatchers to our staff, Mrs. Anna Chaput, with 8 years of experience, and Miguel Nieves.

Hollis continues to be a leader and pacesetter within the communication's field. No matter what the call, the residents of Hollis and Brookline may rest assured that each and every call will be handled with dedication and professionalism, which is the key to our success.

Michael Pischetola
Communications Director

CONSERVATION COMMISSION

Charter

The purpose of the Hollis Conservation Commission is to protect the natural heritage and rural character of Hollis, with special emphasis on agricultural and forest resources; aquifers and waterways; and greenways and views.

Land/ Easement Purchase

On November 12, 2003 the Conservation Commission held a public hearing for the purchase of 36 acres of mixed hardwood forest off South Merrimack Road from the Melva A. Wright Revocable Trust. The land is located east of the gated Town road from South Merrimack to Mooar Hill Road and abuts land owned by the Town and the Society for the Protection of New Hampshire Forests. The land was purchased at a cost of \$250,000. The closing on the land is scheduled for January 2004.

The Commission continues to work toward the purchase of a conservation easement on the Peacock Orchard for \$160,000. The Selectmen have authorized the expenditure pending a public hearing to approve the purchase. The balance of the purchase price will come from private citizens and grants. The long-range plan for this property is to develop an organic farm.

Funding

The Commission's major source of funds is 50% of the land use change tax that the Town receives each year. The Commission also continues to actively pursue any potential public grants — federal, state, and private — for which the application process can be very lengthy and involved.

At year-end, the conservation fund consisted of five reserve accounts — Stewardship Defense, Flint Pond Restoration, the Gardner Easement, Peacock Easement, and the Wright Estate purchase. The remaining funds, totaling \$81,850, are available for future projects.

Zoning & Regulations

New developments and subdivisions are presented to the Commission through the Planning Board process. Commission members review conceptual design plans, take site walks, and report their findings to the Planning Board. The Commission reviews these plans from a conservation aspect and places great importance on wetland preservation and aquifer protection.

In the past year, the Commission opposed a proposed development off of Rocky Pond Road because the roadway would have severely impacted over 7 acres of wetland buffer and filled in approximately 20,000 square feet of wetlands.

The DES Wetlands Bureau for the State of New Hampshire has also broadened their area of concern and is now requiring permits for trail wetland crossings on private and public lands. The Hollis Trails Committee has been very helpful in keeping the Town in compliance with these new concerns.

Since the creation of the Clean Water Act in 1972, the NPDES (National Pollutant Discharge Elimination Systems) program has represented a major effort in the nation's drive to protect and restore the quality of our surface waters. In May of 2003 Hollis, as a designated MS4 (Municipal Separate Storm Sewer Systems) community was required to file a Notice of Intent (NOI) with the EPA (Environmental Protection Agency) and prepare a SWPPP (Storm Water Pollution Prevention Plan), which includes a 5-year implementation program. Compliance with this program will require changes to the Town's zoning ordinances and regulations. The Commission will play a major role in this ongoing process to assure that Hollis' water resources are protected.

Stewardship

From June through August the Commission monitored a Boy Scout Eagle project at the Worcester Mill site off Rocky Pond Road. The cleanup of the mill site was very impressive and has made this location a nice place to visit. Thanks to Brian Piper for a job well done.

In April, two members of the Commission and Gail Coffey examined the High School property for potential vernal pool locations. The presence of vernal pools may affect future development of the site.

In October, Commission members monitored the Millicent Gardner Memorial Conservation Easement property on South Merrimack Road with the landowner. The monitoring, required annually by the NHDES, showed the property to be conforming to the conditions of the conservation easement. The Commission also did a baseline monitoring for the Glover property, purchased this year by the Town.

In November, the Commission monitored the Ranger-Rideout Lot on the Nashua River. This is also an annual requirement. Some minor trash problems were discovered.

Water Resources

The Water Resources Subcommittee, working together with the Flints Pond Improvement Association, continued to monitor activities concerning Flints Pond for the Selectmen.

One of the Commission members, Mary Jeffery, is a member of the Pennichuck Watershed Council representing the town of Hollis. At last report, the council is in the final stages of completing its charter.

Peter Baker helped the Nashua River Watershed Association define requirements for Federal Watershed Grants on the Nissitissit River and its sub-watersheds.

Lynne Simonfy and Robin Beaudette researched State and local regulations and produced wording for a new ordinance outlining requirements for surface water withdrawals, which would affect the Town and businesses from the region that draw water directly from Hollis waterways. In addition, Simonfy and Beaudette developed a list and drafted a letter for the Selectmen to send to those businesses in the area that drain surface water in the Town of Hollis for commercial purposes. The Conservation Commission expects that in the following year a Town Ordinance will be enacted to further protect Hollis water resources.

Outreach

The public is invited to Commission meetings on the 1st & 3rd Wednesday of every month in the lower Town Hall. Residents should feel free to contact any member of the Commission with problems or concerns.

The Nashua Regional Planning Commission requested volunteer help from participating towns in the household hazardous waste collections done during the past year. Four Commission members participated.

On the afternoon of Saturday May 3rd Brenda Lind from the Land Conservation Association Center, presented a lecture on ways landowners can protect their land and the potential tax benefits.

The Commission also participated in the annual Old Home Days event. Visitors to the Commission's booth were very interested in the map and aerial photo displays.

DEPARTMENT OF PUBLIC WORKS

The New Year began with freezing rain on New Year's Day and a northeaster 2 days later. We also had 3 snowstorms between January 26 and February 7 as well as another northeaster on February 16. By the first of March we were back to freezing rain. Mud came this year, the likes of which many of us had not seen for many years, causing road closures and delays. Major windstorms in mid October knocked over many trees and created a lot of debris to be picked up. When snow arrived on the 23 of October, we thought it was an omen from last year. However, we only had 2 major storms in December, both fairly early in the month.

Town Hall: This year, our crew did 2 projects at Town Hall. We installed angle iron, which reinforced the beam support in the Upper Town Hall. In March, we installed a security Window in the front hall of Town Hall. While doing this, a niche was created for the new receptionist.

Harry Vandersyde, an employee since 1988, retired in September. Curtis Albrecht, who had been a part-time employee since July 2002, and a face you all know from the Stump Dump, was hired as his replacement. As well as working with the Town Building Staff, he is continuing on at the Stump Dump on Saturdays.

Richard Melvin left us in February and was replaced by Scott Clarke who formerly worked for the State of New Hampshire DOT.

In the interest of on-going training requirements by the Insurance carrier and the Department of safety, listed are some of the classes attended by our employees (not by everyone each time): Liability, Annual Refresher for the Federal Mine Safety and Health Act, Detour for Safety, Recycling Conference & Exposition, Mold, Mildew + Other Nasty Stuff, Basic First Aid, Defensive Driving Course for Professional Truck Drivers, PR for Public Works, Word 2000-Level 1, Household Hazardous Waste Refresher Course, Solid Waste Conference, Fire Safety: The Building and the Burn Piles. Some of these courses are mandatory and some are voluntary.

The Director and a staff member serve on the Town Safety Committee.

The first of August, we took delivery of our 2003 Ford F550 dump truck with a snowplow.

Outside contractors provided a variety of services to the Town: cleaning catch basins, sweeping all the town streets, roadside mowing and painting the entire interior of the Police Station. This included rectifying a long-standing problem with the floors in the cellblock. Painting of the Hollis Social Library was also completed, including major repairs to the columns.

The Department of Public Works crew assisted the Trails Committee by supplying and moving gravel to the Dunklee Pond area for the maintenance of trails.

Recreation Department: Over the winter we welded and reinforced the basketball back hoops. Our crew also assisted this Department by installing a water line, to supply water to the skating area as well as the field area.

We removed beaver debris from culverts all over town to prevent road damage.

Thanks to research done by Jeff Babel, DPW Supervisor, we should see a lower electricity cost in the future. The lights in all the Town Buildings were upgraded to energy efficient lights. This was done with no cost to the Town.

The DPW employees transformed the site of the former Town Shed and Ambulance Bay on Ash Street across from the Fire Station into the so-called Volunteer Park. Grass was installed as well as a parking area.

We assisted the Conservation Commission by installing a gate at Tyng Hill Road.

We assisted Land Protection Committee by performing test pits on the former Glover property prior to purchase by the Town. We also cleaned up the area and assisted in the soil analysis.

At the Hollis Social Library, we assisted the Hollis Garden Club in their endeavor to update the landscaping. We removed the very old bushes, trimmed the ones that were left, roto-tilled the soil, added load and seeded over the area.

Road Rebuilding: Catch basins were installed on Mooar Hill Road, Federal Hill Road, Deacon Lane, Farley Road, and Flint Pond Drive. Shoulders were graveled on Worcester Road, South Merrimack Road, Witches Spring Road, Meadow Drive, Rocky Pond Road, Spaulding Lane and Farley Road. Stumps were removed on Witches Spring Road. Shoulder work, including a new culvert and headwall to promote better drainage was completed on Rocky Pond Road. A new culvert was also installed on Federal Hill Road.

An unexpected road and culvert washout caused by beaver's debris plugging the culvert developed on Nevins Road in late May. The repairs took a lengthy period of time, due to delays obtaining pipe of that size, delayed permits etc.

Our crew installed new siding on the Hearse House located in the East Yard Cemetery. We also replaced the windows, installed new trim and painted the entire building.

Our people assisted the townspeople by working the Apple Festival, The Strawberry Festival and Old Home Days. At the latter, we assisted in the set-up, clean-up as well as trash removal throughout the day. We participated in the parade and manned a recycling table that allowed people to become more familiar with recycling reasons and techniques. We also erected and broke down the voting booths for 2 meetings, as well as laying out the chain barriers.

The Transfer Station had many new changes. Lots of unique landscaping was done to add color and warmth. Tuesday's hours were changed to 8AM to 5PM. Tree removal and excavation work was done down below the Transfer Station to prepare for the newest recycle trailer. A concrete pad was poured and new sorting trays were constructed so that all colors of glass are now being recycled. Expansion of the lighting system gave the Transfer Station more well-lit areas. A Library Swap Area was created in one of the new sorting trays. A ramp was added to the newspaper container for easier entry and exit. A large table was built for the still good recyclable items. A concrete pad was poured behind the oil shed to allow proper storage of automotive batteries. A recycled fence found in the scrap metal pile made for an attractive new look and created a safety barrier on the steep side of the Transfer Station. A foundation and well were dug and concrete poured for a new office that will have indoor plumbing! We continue our efforts on educating the community of Hollis about recycling and the many advantages it brings back to our town.

Our facilities collected the following during the calendar year: 2,015 gallons used motor oil, 450 gallons of anti-freeze, 326.11 ton of demolition materials, 38.17 ton of tires, 4834 feet of fluorescent bulbs, 183 freon containing devices, 203.28 ton of scrap metal, 31.11 ton of mixed glass and 403 units of propane tanks. We sent 154.37 ton or 308,740 pounds of commingles (tin, glass for the first nine months) and plastics, numbers 1,2 and 7. A total of 54.27 ton of mixed paper generated an income of \$794.68 with the last quarter income not yet reported. By comparison, if the same paper had been in the trash, it would have cost us \$67.00 a ton or over \$3600.00. We began to separate glass in September and sent out 51.27 tons. It now costs us \$10.00 per ton compared to the \$46.00 we paid before, so we saved another \$1800.00. Our trash output was 2840.35 tons (5,680,000 pounds). Divided by 2520 homes = 2253.97 pounds per year or 43.35 pounds per household per week.

The Stump Dump had one significant change. On July 9, 2003, the selectmen made a decision on how to measure a load of material in a homeowner's vehicle or a commercial vehicle. The load is measured at the tallest height, longest width, and longest length of the material and then divided by 27 to equal the amount of cubic yards. New signage was added to clarify what belonged in certain areas.

We also have on-going chores including but not limited to assisting in burials, replacing and repairing street signs, patching potholes, grading the dirt roads and equipment repair.

Whenever a member of the public calls for the DPW, whether it be at Town Hall, the DPW, or at the Communications Center, (they answer our phone after 4 rings, 24 hours a day, 7 days a week), the request is recorded on a triplicate work order. This order is then reviewed by the Director or Supervisor and forwarded to the appropriate employee for attention. When the work has been completed, the work order is sign off and filed. We encourage the public to continue calling whenever they have a DPW related problem. Be sure to include the following information: name, daytime telephone number, address, problem, and the location of the problem. Our telephone number is 465-2246.

My sincere thanks to the residents of Hollis, Town employees, contractors, vendors and volunteers for their assistance and co-operation in 2003.

Respectfully,

Arthur LeBlanc, Director

FIRE DEPARTMENT

When a probationary firefighter begins his career with the Hollis Fire Department, the very first thing they learn is that firefighting effectiveness depends upon a high degree of teamwork and cooperation of each member. Only through teamwork can they efficiently and competently train and perform the duties that enable us to constantly provide the maximum protection possible for the lives and property of the people of Hollis. This is only able to happen because the people of Hollis have always worked as a team to support our goals and objectives, to provide us with effective resources and staffing, so that we may deliver a high level of preparedness and effectiveness the community deserves.

The start of the year began with a winter of significant snowfall and freezing temps, making the task of finding house numbers and accessing driveways difficult. Fortunately, during that time we did not experience a major building fire, however, several times we could not get the ambulance up long steep driveways, putting both fire personnel and the patient at great risk.

With the arrival of warmer weather and the melting of much snow, Spring conditions were quite wet, eliminating the need to respond to the usual number of grass fires.

As Spring left and summer arrived, with rain showers almost every week, the extremely dry conditions that we often experience most summers, resulting in high fire danger days did not occur. Summer brush fires are very labor and time intensive, as the fires burn deep into the ground firefighters must dig it all out, otherwise the fire follows root systems and a couple of days later another fire exists in the same location. This summer everyone got a reprieve from that task, although our Explorers were ready and willing to go as they had trained very hard in woodland firefighting. Surprisingly, fall was the drier time this year resulting in a few small brush and grass fires in November.

We have been working very hard developing and presenting fire and life safety prevention programs. All the programs we work on are designed to eliminate or mitigate situations that endanger lives, health, property and the environment. During the year we offer programs in bicycle safety, pedestrian safety, cardiopulmonary resuscitation, automatic external defibrillation and other emergency medical procedures, safe babysitting techniques, electrical safety, fire and burn prevention.

Our CPR and AED classes are offered to the community, either every other month or on as needed basis, as well as local business groups, daycare and school staff. If you would like to sign up for a class, either individually or as a group, please call the fire station between 9 A.M. and 1 P.M. to place your name on the list.

Our popular babysitting class is offered twice a year running one afternoon between 3:30 P.M. and 5 P.M. on school days, for ten weeks. The students receive certification in the Red Cross Babysitting class. Additionally, using the Fire Safety House, students receive extensive training in how to responsibly plan and evacuate an unfamiliar home with children, as well as having a police officer teach them how to handle a “stranger at the door”.

Always ongoing is the Vial of Life program offered to anyone with medications or medical information that is important for ambulance or hospital personnel. This is simply a small vial into which you place a list of any current medical problems, medications, allergies, doctors name and any other pertinent information. It is placed in a designated spot in the refrigerator, with a red heart decal on the refrigerator door to alert the responding medical personnel of its location. For the responding medical crew to have this information, it could immediately improve your care. To obtain a vial and list, please call the station and we will be happy to bring one out to you.

Once again the Hollis Fire Association, comprised of all members of the fire department, led by President Joe White, worked tirelessly on fundraising and organizing events. With the financial assistance that we received from the generosity of the citizens of Hollis we were able to purchase a thermal image devise. This adds to other thermal imagers that we able to purchase in past years, sophisticated defibrillators, the Fire Safety House, a sophisticated steering system built into the ladder truck, enabling the unit to access driveways easily. The assistance also enables us to purchase items for safety programs, the babysitter program, as well as sponsor the Hollis Fire Department Explorer Post.

The Hollis Fire Association also continues to administer the Warren H. Towne Memorial Scholarship. This year the recipient of the award was Christopher Gill whom is attending Saint Anselm College.

Our Explorer Post provides an opportunity for students to experience the profession of firefighting and emergency medical service. With advisors Chip Brisk, Ron DeBlois, Rob Boggis, Peter Dolloff and Alison Brackett they meet every other Wednesday evening. Any student who is at least fourteen years old is welcome.

This year long time members Carroll Spaulding, Tom Lothead Allan Moksx and Jeanne Cleveland retired from the Fire Department / Ambulance. All were valued members of the department and their dedication and experience will be greatly missed. Collectively they served over 125 years.

Every year we respond to many accidental smoke alarms, usually caused from cooking. However, every year we also respond to alarms that activate because of a real fire. Please

do not disconnect your smoke detectors because they seem a nuisance at times; they will save your life!

A leading cause of home fires are unattended, abandoned or inadequately controlled candles. Almost half of all home fires start in the bedroom. Do not forget to extinguish your candles before leaving the room or going to sleep.

We have, occurring more and more, carbon monoxide incidents. The biggest problem is that it's colorless, odorless and tasteless. Carbon monoxide can seep into a home from a blocked chimney, a cracked chimney flue, a poorly ventilated space heater, car exhaust fumes in a garage, an improperly installed gas range, a faulty wood burning fireplace, or a broken furnace, dryer or water heater. Symptoms of carbon monoxide poisoning include headache, nausea and dizziness. The individual often misdiagnoses carbon monoxide poisoning, as symptoms appear similar to the flu. Unfortunately the victim loses consciousness and will die if not removed from the house. Because most homes are air tight, just a small leak could become a tragedy. Every home should have a CO detector installed.

This department is very fortunate to have dedicated personnel that work unselfishly together as a team, putting aside their own personal comfort and safety at any hour of the day or night to assist someone in need. I am thankful for all their assistance and support.

Respectfully Submitted,

Richard Towne
Fire Chief

FOREST FIRE WARDEN AND STATE FOREST RANGER

Your local Forest Fire Warden, Fire Department, and the State of New Hampshire Division of Forests and Lands cooperate and coordinate to reduce the risk of wildland fires in New Hampshire. To help us assist you, contact your local Forest Fire Warden or Fire Department to find out if a permit is required before doing ALL outside burning. Fire permits are mandatory for any outside burning unless the ground where the burning is to be done (and surrounding areas) is completely covered with snow. Violations of the fire permit law and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines up to \$2,000 and/or a year in jail, in addition to the cost of suppression.

A new law effective January 1, 2003 prohibits residential trash burning Contact the New Hampshire Department of Environmental Services at (800) 498-6868 or www.des.state.nh.us for more information.

Help us to protect you and our forest resources. Most New Hampshire wildfires are human caused. Homeowners can help protect their homes by maintaining adequate green space around the house and making sure that the house number is correct and visible. Contact your local Fire Department or the New Hampshire Division of Forests and Lands website at www.nhdfi.org or call 271-2217 for wildland fire safety information.

HISTORIC DISTRICT COMMISSION

The HDC continued its role as a regulatory board for all demolition, remodeling and new construction in the Historic District, as well as being the Sign Commission for the entire Town as it has since the Town enacted the enabling ordinance in 1971. There was a total of 30 applications in 2003, 12 for signs, the rest for a variety of purposes: new construction, alterations and additions to existing structures, erection of antennas, topographic changes, sidewalks and other minor changes to properties in the District. All accepted applications were carefully reviewed and approved with only one denial. The Zoning Board of Adjustment later reversed the denial on appeal.

As always, the HDC worked closely with the applicants and encouraged them to come to us with a conceptual plan before making a formal application. We also advise applicants to check with Kimberly Dogherty, Secretary, so she can help them to make sure their application is complete. In this way, the applicant can be sure that when the final application is submitted it will be accepted and contain all the information the Commission needs to make an informed decision.

It has always been the goal of the HDC to treat every application fairly and consistently. We make every effort to ensure applications are heard as speedily as possible and that time sensitive work such as re-roofing and painting is expedited. We continue to review the booklet "*Design Guidelines and Regulations*" and make changes as the need arises, particularly with regard to simplifying the application process. A questionnaire was sent to all residents and business owners in the District asking for their comments and suggestions as to how the process can be improved. The responses were numerous, and several suggestions for improvements have already been implemented. Of course, all our meetings are open to the public and we urge all those interested to attend.

I would like to thank our Secretary and the rest of the Members and Alternates for their hard work and dedication in the past year.

Miriam Gillitt Winer, Chair
Historic District Commission

HERITAGE COMMISSION

The Heritage Commission has continued to work diligently this year to advance our stated purpose of promoting the proper recognition, use and protection of our resources, tangible or intangible, primarily man-made, that are valued for their historic, cultural, aesthetic, or community significance within their natural, built, or cultural contexts.

In January, with the support of the Board of Selectmen, we asked our State representatives to initiate a request for legislation that would allow for a portion of the Land Use Change Tax (LUCT)—money that is collected by the Town when property is taken out of current use—to be allocated to a heritage fund just as a portion can now be allocated to a conservation fund. This request has been given the number HB 1187 and is working its way through the system in Concord. It has been assigned to the Municipal and County Government Committee and hearings will be held sometime after January 7, 2004. We will speak in favor of this bill and hope for a positive outcome when the Legislature votes. Both the NH Preservation Alliance and the NH Division of Historical Resources have contacted us and have indicated their willingness to help support this bill.

We supported another bill that was passed into law, RSA 79-D, which authorizes towns to grant property tax relief to owners of “historic agricultural structures”. The purpose of this bill was to encourage barn owners to maintain and repair their buildings by granting them specific tax relief of between 25-75 percent of the structure’s full-assessed value. The HC publicized this measure, which has the support of the Board of Selectmen and reminds barn owners that the applications can be obtained from the Assessing Office with a deadline of April 15th each year.

In March we held a public hearing for the purpose of accepting the donation of a parcel of land on Federal Hill Road, to be known as “The Annabelle S. Johnson Preserve”. This eight-acre parcel includes the site of the old “Bailey Mill” and will be deeded to the town by the Johnson heirs with stewardship provided by the Heritage Commission.

In May the Lawrence Barn Subcommittee made a public presentation to the townspeople outlining three proposals for the re-use of this historic barn. The consensus of the meeting was to repair and re-erect the Lawrence Barn on the recreation fields, Nichols’ Field, to be used as a community center. Detailed construction specs along with schematics prepared by BMA Architectural Group of Amherst have been finalized. The Committee plans to submit a warrant article at Town Meeting for voter approval of this proposal.

Worcester Mill Pond and Dam. During the summer Brian Piper organized and completed an Eagle Scout project for the conservation area at the Worcester Mill Pond and Dam which included brush clearing, sign replacement and handrail repair. HC member, R. Leadbetter worked with a committee to evaluate and recommend action concerning the dam.

In a first ever collaboration, local artist, Stephen Previte approached the HC with an offer to donate 25 percent of the proceeds from the sale of his limited edition print of the “Ice House” at Woodmont Orchards. This generous offer resulted in a donation of \$2,047.49 to our Heritage Fund and has raised awareness about the loss of our historic resources. We are hopeful that discussions with the developers of this property will result in the Ice House being protected.

During the summer, the HC prepared a Regional Environmental Protection Plan (REPP) for the Nashua Regional Planning Commission that listed priority resources as determined by the HC.

We also developed a comprehensive plan for the town-wide historic resources survey. This plan includes a town-wide survey of historic buildings; completion of the voluntary ‘barn reconnaissance’ survey; a stone wall/stone structures inventory; a survey of landscape features (this is a cross-over category with conservation resources and includes such things as cultural landscapes, never failing springs, and ancient dooryard trees); and a survey of archaeological resources. The plan included a checklist for these historic resources that can be used by any group when assessing the value of these resources as they relate to particular properties in town. This plan and checklist will be shared with the Planning Board, the Land Protection Committee and the Conservation Commission so that historic and cultural resources can be included in the total resource evaluation of any property.

At Old Home Day along with the Lawrence Barn display, we featured some of the stone structures that exist in town through a photographic exhibit. A stone wall/stone structures inventory is being planned as part of our town-wide survey. Many linear feet of stonewalls were lost this year due to development and farming practices. It should be noted that stone boundary walls are protected under state RSA. It is unlawful to damage or remove any stones or stonewalls that serve as boundary lines between two properties.

Members participated in site walks with the Planning Board for the proposed Deacon Lane development and the development at the “Overlook” off Rt. 111. We visited our stewardship sites including the Shedd Mill, and again helped stabilize the Noah Dow Cooper Shop on the corner of Van Dyke and Broad Street, which the new owner hopes to repair in the coming year.

The owners of several buildings that were scheduled for demolition kindly allowed us to photograph these structures before they were lost including the partial barn at 62 Van Dyke Road and a house and cottage at 15 North Pepperell Road. We continue to work with the Town Building Department to monitor requests for demolition permits with the intent being, for those structures of historic importance, to follow-up with the owners to hopefully grant us permission to document the structure prior to its removal.

This year Brad Buchanan was appointed as an alternate member and in October we accepted the resignation of Lori Law. Membership now stands at seven. Anyone interested in learning more about the Heritage Commission or volunteering for membership is welcome to attend our meetings. Regular meetings are held in the Lower Town Hall meeting room on the second Tuesday of the month at 7:15pm. Alternate meetings (Lawrence barn, etc.) are held on the fourth Tuesday. These meetings are always open to the public and we welcome you.

Respectfully submitted,

Sharon M. Howe, Chair

M. Honi Glover, Vice Chair

Robert Leadbetter, Finance Officer

Lori Law, Clerk (resigned)

Lucy Husk, Clerk

Brad Buchanan

James Cram, HDC Representative

Richard Walker, Selectmen's Representative

INFORMATION TECHNOLOGY

The Town's Information Technology Specialist performs day-to-day systems upkeep and troubleshooting. In addition, we are continually expanding and improving information systems in all Town departments. The Town Clerk registration program was updated this year to the Windows program Clerk Works. The Fire department purchased a laptop and first response software with a grant which will allow them to view information and diagrams for a location. Also, we purchased two PDA's this year for the Fire department which will allow them to begin entering Incident Reports for the computer system and the Chief can document inspections. With our assessing software, Visions, we have added a GIS module which allows us to view where on the town map a parcel is located. We have also just purchased a desktop computer and PDA to replace the current laptop used by the building inspector. Once implemented this will allow the inspector to document inspections on the PDA to load into our computer database. We have also been trying to keep up with replacing older computers and recycling computers to other users and departments.

Review of 2003:

- Replaced 3 computers at the police station, 4 computers and 1 laptop at townhall and 1 computer at the fire station
- Setup 2 PDA's for the fire department, another will be setup for building department
- Replaced 3 monitors: DPW, townhall, communications
- Replaced 2 printers at the police station and 1 printer at townhall
- Purchased upgrade for Town Clerk software (Clerk Works)
- Continued maintenance and support of in house software, including Police and Communications
- Replaced calendar software for the town website with Calendarscope which also is being used to schedule meeting rooms
- At the library: replaced 2 computers, 1 handheld scanner and added 2 flat panel monitors

HOLLIS LAND PROTECTION STUDY COMMITTEE

In 2000, the Hollis Selectmen created the Hollis Land Protection Study Committee (LPSC). Its mission is *"to preserve the natural heritage and rural character of Hollis"* by recommending the protection of selected open lands which meet specific criteria such as: visual appeal, agricultural value, water resource, trails potential, citizen interest, flora/fauna, woodlands, and connection to existing town property. Preservation is achieved either through outright purchase or the acquisition of restrictive rights, such as conservation easements or development rights.

The members of the committee are appointed by the Selectmen and include: Peter Baker (member Hollis Conservation Commission), John Eresian (Former Chairman), Gerry Gartner (Chairman), David Gilmour, Morton Goulder (member Hollis Budget Committee), Jack Law, Thomas Jambard, June Litwin (Secretary), Don Ryder (Selectmen's Representative) and Roger Saunders (Vice Chairman). During the year, Bruce Hardy, one of the original members, resigned. We thank him for his many important contributions.

The 2003 Town Meeting approved Warrant Article 2 authorizing bonding of up to \$5 million. The bonding authority was limited to calendar year 2003 and required that each specific purchase be ratified by majority vote at a Special Town Meeting. The language of Warrant Article 2, when first drafted in 2001, established a legal precedent in New Hampshire because it allows the calling of Special Town Meetings for this purpose throughout the year, without seeking the permission of the Superior Court. This feature is necessary to provide flexibility in the fast moving environment of land transactions.

During the Special Town Meeting, held November 20, 2003, the voters overwhelming approved spending \$2,400,400 for acquisition of land and/or rights to three parcels, totaling 137.5 acres:

- \$695,000 for development rights for 37 acres of farmland owned by Bill Hall at the corner of Blood and Pepperell Roads
- \$810,400 for 40.5 acres of woodland located on Farley Road, adjacent to the Town Forest, owned by Richard and Arlean Walker
- \$895,000 for 60 acres of woodland, adjacent to the Town Forest, owned by the heirs of Melva Wright, on Wheeler Road

Prior to this year, we have protected: Dunklee Pond, Parker Pond, the Hall farm (Dow/Depot Rds), and Glover property (Nevins Rd). In its 3 three years of operation, the LPSC has recommended and the voters have approved the protection of a total of 276 acres for \$4.3 million.

In an effort to reduce the net cost to the taxpayers, we actively pursue public and private environmental grants. This year we were successful in winning a \$98,000 Water Supply Grant for the Glover property from the NH Dept of Environmental Security. Other grant applications are in process.

We appreciate the enthusiastic support of the landowners, town committees, elected officials, and businesses for the preservation of our town's natural heritage and rural character. We are especially grateful to the Citizens of Hollis for their willingness and foresight to invest large sums into this worthy effort.

Respectfully submitted,

Gerry Gartner, Chairman

HOLLIS OLD HOME DAY

The planning of Hollis Old Home Day 2003 began in October of 2002 when the committee discussed the theme for the next year. As always the theme is focused on Hollis and bringing together its residents both current and past. "Don't Take Hollis for Granite" became our theme and slogan focusing on the natural beauty and resources of Hollis along with the people and programs that make the town special. Our slogan "Don't take Hollis for Granite" became even more meaningful when a state landmark, the Old Man of the Mountain fell further reminding us that our resources should never be taken for granted.

Old Home Day started on Friday night with a huge dance along with food vendors, tethered balloon rides and amusements. It was an engaging night filled with fun, dancing and lots of glow necklaces around the field. This evening is always a fun and a safe place for kids of all ages to come out and enjoy.

Saturday was a beautiful day and the field was filled with displays, demonstrations, amusements, animals and vendors. The day kicked off with a mile long parade led by our VFW honor guard and was followed by fire trucks, police cars, marchers, bands, floats, antique cars and fun. We had many new attractions this year to include Segway rides, entertainment, demonstrators and a pet parade. The chicken barbecue was delicious and the food tent was filled all day and evening with friends and families eating, resting and visiting. The day ended as always with a huge fireworks display, which was enjoyed by all.

The Old Home Day Committee would like to thank the many volunteers and those who generously donated financially and to our Silent Auction. We received much needed help in the setting up and dismantling of the food tents, emceeing, and parking and with barbecue setup and cooking. As always we thank the Hollis Police and Fire Departments and the Department of Public Works for their continued support of our efforts.

Mary Smith
Hollis Old Home Day

PLANNING BOARD

The Planning Board welcomed new members Doug Gagne, Peter Band and Bill Beauregard in 2003. Thanks go to Teresa Rossetti and Doug Tamasanis, who completed their terms of service and left the Board for personal and professional commitments.

The following are some of the interesting highlights of the past year.

In February the Planning Board held a final public hearing on the proposed rural character ordinance. Residents expressed their concerns regarding the proposal, especially in regard to the list of specific properties to which the ordinance would apply. After reviewing the concerns raised at the public hearing the Board voted to send the ordinance to the voters. The Board felt that the ordinance supported the strong recommendations of several Master Plans - preservation of rural character - and while not perfect, should still be put to a vote. The proposed ordinance won a simple majority but failed the required 2/3 vote to officially pass. Following defeat of the ordinance at town meeting in March, the Board immediately formulated a list of goals for revision. The revised ordinance should apply to all future subdivisions and not just 50 specific properties as was the case in the first town vote: it should also be simpler, shorter, have built-in flexibility and provision for waivers, and focus on siting and screening. A subcommittee consisting of NRPC planner Mark Archambault and Planning Board members Rick Hardy and Doug Gagne spent a great deal of time reworking the ordinance to meet these objectives. The revised rural character ordinance will once again be on the ballot for this year's town meeting.

The ten-lot subdivision known as Sky View III received final approval from the Planning Board in May. At the same time the Town successfully negotiated purchase of three large parcels of land adjacent to Parker Pond as well as an easement over the subdivision for conservation, preservation and recreation. This transaction illustrates the positive outcome that can result when town boards, landowners and developers work together.

The Planning Board was fortunate to have David Wunsch, State Geologist and Director of the NH Geological Survey as a speaker in June. Dr. Wunsch gave a most informative presentation on water sustainability as it relates to New Hampshire's geology and hydrology. Protection and preservation of the water supply are of great concern and Dr. Wunsch was able to provide background on the science behind the regulations and suggested water quality testing for private wells.

Representatives of the Lone Pine Hunters Club met with the Planning Board in October to discuss parameters of their upcoming site plan review. The Board looks

forward to working with Lone Pine to address noise mitigation and environmental questions.

Respectfully submitted,

Ed Makepeace, Chairman

On behalf of the entire Planning Board and staff. (Ed Makepeace, Chairman, David Petry, Vice Chairman; Doug Gagne; Rick Hardy, Cathy Hoffman, Arthur LeBlanc, Don Ryder, Ex Officio for Selectmen; Peter Band (Alt); Bill Beauregard (Alt.). Staff: Mark Archambault, NRPC; Virginia Mills.)

POLICE DEPARTMENT

As I write this annual report for the year 2003, it occurs to me that in three months, I will have been your Chief of Police for 20 years. When I arrived in Hollis on April 1, 1984, our town was in the midst of a tremendous growth spurt. Also at that time, the Police Department was located in the Ever Ready Engine House on Main Street. We had 5 full-time and 18 part-time police officers, 5 full-time and 5 part-time dispatchers, one full-time and one part-time secretary, and one part-time animal control officer. In comparison, the Police Department has ceased using part-time officers, and we now have eleven full-time sworn officers, one full-time secretary, and one part-time animal control officer. Of great significance is our move in 1988 to our new facility on Silver Lake Road.

As the Town has grown over these past 20 years, so too has the Police Department. More people translates to more calls for service, more crime, more cars and traffic, etc., etc. Not only has our department grown in number, so too have we recognized the need to keep pace with the growing sophistication of the criminal elements in society through professional training of our staff. Our goal, and our pledge to you, is to achieve and maintain excellence in all that we do, as public servants.

As we look to the future, we anticipate and are preparing for two major goals: The first being the expansion of our police station, the second being national accreditation.

We have, in 16 years, outgrown our space, and need to expand into the second floor of the station (which was in the original plan when the station was built).

Also, there are presently 10 police departments in New Hampshire that are nationally accredited. We meet most of the requirements for this distinction, and are working to meet the remainder. There are numerous advantages to accreditation, and the end result is maintaining the highest level of police services.

It has been my pleasure and honor to serve this community in such an important and trusted position. I ask for your continued trust and support as we move forward together to keep Hollis safe for our posterity.

Respectfully submitted,

Richard H. Darling
Chief of Police

RECREATION COMMISSION

The Recreation Commission had another successful year continuing to offer and support many athletic programs for the town residents. Accomplishments and improvements for the year:

- Expansion of the athletic facilities
- Improved field maintenance
- First-aid training for coaches
- Coaching clinics for coaches
- Development of Recreation Web site

The Commission goals for 2004:

- Expand adult/senior program offerings
- Flag football
- Complete field expansion project

The Commission extends its gratitude and recognition to the following for their support and efforts:

- The many parent volunteers, without whom, the programs offered would not be possible.
- Cal Ripken baseball for maintaining the baseball diamonds
- Hollis adult Soccer; Hollis Atlantic Soccer, and Hollis Brookline Lacrosse for the volunteers and funds to renovate three athletic fields.
- Gary Valich and Teresa Rossetti; for their time and dedication as Commission members for many years.
- Town Selectmen for their continued support of the Recreation Commission
- Hollis School Board & Hollis Brookline Co-op School Board for their support and use of facilities.

Recreation Commission Members

Martha Dufrense

Mike Moran

Dave Golia CO-Chair

SALT SHED COMMITTEE

The Board of Selectmen appointed a small committee consisting of Mark Johnson (selectman), Arthur LeBlanc (Public Works Director) and George Woodbury (citizens representative) to review the need for a salt shed and to make a recommendation to the Board and the Town for the 2004 Town meeting. The issue was precipitated by a concern for the size and existing condition of the DPW salt shed and potential for contamination of ground water in the surrounding area by salt run-off. The Committee met during the summer and early fall of this year and considered the following.

The committee agreed their charter was to investigate this issue from three perspectives.

1. Alternatives to Salt. The committee reviewed various alternatives to salt from a cost and effectiveness perspective to determine if the use of such an alternative might obviate the need for a salt shed.
2. Type of Facility. A review of the size needs and type of construction.
3. Location. Identify optimum location and possible joint agreement with the State.

The final report was presented to the Board of Selectmen in November and their recommendations resulted in a warrant article to be presented to the Town at the 2004 Town meeting. An executive summary of the report is posted on the Towns web site.

STORMWATER CONTROL FOR HOLLIS IMPLEMENTATION TEAM

The Town of Hollis, New Hampshire, is designated by the U.S. Environmental Protection Agency (EPA) as the owner and operator of a regulated small municipal separate storm sewer system (MS4) and as such needs to address specific water quality issues in the designated permit coverage area. The Stormwater Control for Hollis Implementation Team is composed of staff and employees along with engineers from Cuoco and Cormier Engineering Associates, Inc. and volunteers within the community. They are committed to the objectives outlined in a five-year plan to implement Best Management Practices not only in the permit coverage area but also in the entire town to protect significant water resources. This committee will be educating the public, asking for public participation, exploring illicit discharge and elimination systems, looking to control both construction control runoff and post-construction control runoff, and developing a plan for municipal good housekeeping plans all in an effort to reduce the amount of pollutants originating in Hollis and contributing to the receiving waters of the United States.

The history of why this team has been formed:

Since the creation of the Clean Water Act in 1972, the National Pollutant Discharge Elimination Systems (NPDES) program has been a major force in the nation's efforts to protect and restore the quality of our rivers, lakes, and coastal waters. Thirty years ago, only one-third of our waters were considered healthy. Today, approximately two-thirds are healthy. This progress has brought a wide range of environmental, recreational and economic benefits to millions of Americans.

The NPDES program faces at least two significant challenges in the near future. First, we must safeguard our gains in water quality and strive to improve those waters still impaired by pollution. Increases in population and development will stress infrastructure threatening the progress the nation has made. This will make future improvements to the water quality more difficult to achieve. Second, the NPDES program must extend its influence beyond the traditional boundaries of the program to promote comprehensive solutions to the diverse and complex problems that continue to threaten the quality of the nation's waters.

This stormwater management program is intended to improve the quality of waterways in the United States by reducing pollutants picked up and carried to storm sewer systems and surface waters during storm events. Common pollutants include oil and grease from roadways, pesticides from lawns, sediment from construction sites, and carelessly discarded trash, such as cigarette butts, paper wrappers and plastic bottles. These pollutants can impair waterways, contaminate drinking water supplies, and interfere with habitat for fish and other aquatic organisms and wildlife.

Look for additional information on the town web site, www.hollis.nh.us on the community cable channel, in your local newspapers and in mailings from the Town of Hollis. YOU can help to keep our waters clean!

SUPERVISORS OF THE CHECKLIST

A Special Town Meeting was called on November 20, 2003. On that date there were 765 registered Democrats, 1,756 Republicans and 1,746 undeclared voters giving a total of 4,267 registered voters in the Town of Hollis, NH.

One of the big changes this year for the Supervisors was the new voter registration form. The form combines the voter registration form, the same day registration form, and adds a new section explaining domicile and some responsibilities that accompany establishing domicile in New Hampshire.

In 2002, the Federal government passed the HELP AMERICA VOTE Act, better known as "HAVA". In September of 2003, the State of NH began the implementation of the statewide-computerized checklist as required by the Federal Help America Vote Act.

The New Hampshire and the United States constitutions establish that every person who is not disqualified from voting has a right to vote somewhere. A person can be disqualified due to being underage, felony convictions, conviction of a willful election law violation, or not being a citizen of the United States.

Procedures that make voting easy inherently also make voting fraud easier. Procedures that detect and deter voting fraud by their nature make it more complex and time consuming to vote. The Supervisors of the Checklist of Hollis, NH hope that every citizen domiciled in Hollis who is qualified to be a registered voter will register and participate in all the important elections in 2004.

Julia L. McCoy "Judy"

Lydia L. Schellenberg

Supervisors of the Checklist

TOWN FOREST REPORT

The “Beaver Stop” was finally installed in the spring of 2003 on the causeway road. It seems to have baffled the beaver for now, permitting the use of that trail.

A new trail has been planned from Dunklee Place “the drill yard” down to Parker Pond. This will replace the trail that will be closed as part of the Skyview III development. The trail will be made in conjunction with a timber sale on the Dunklee lots in the next year or two.

No timber was cut in 2003, but we still plan to conduct one on Tyng Hill and in the Potato Hollow area in 2004.

Many thanks to the trails committee for their hard work keeping the trails open.

Respectfully submitted:

Craig Birch

Bill Burton

Ted Chamberlain

Steve Briggs

Steve Beaulieu

TRAILS COMMITTEE

The Hollis Trails Committee was formed by the Board of Selectmen, at the urging of the State, to preserve and protect the multi-use trails in Hollis. There is a well-established trail network in Hollis, which has met the recreational needs of Hollis citizens for many years. However, many of the trails have been lost in recent years due to development. The Trails Committee, a volunteer group of dedicated Hollis citizens, is concerned with the protection, identification, mapping and maintenance of existing trails, as well as the relocation of trails lost due to development.

In 2003 the Trails Committee finally accomplished its goal to be able to GPS (Geographic Positioning System) a large portion of the trails in Town and have them available on our website to the public. Greg Larkin started solving this problem in 2002 and Art Kinsley took over for Greg and completed the project. Art worked countless hours solving the interface problems of the GPS system to the mapping system used by the Town and the Nashua Regional Planning Commission. Art also got the Trails Committee website updated and the maps onto the website.

Due to the heavy rains in the summer and the strong winds in the fall the trails were overgrown and impassable in many areas. The Trails Committee, along with volunteers from the Hollis Area Equestrians and Nor'easters Snowmobile Club, worked all through the fall clearing trails throughout the Town. No new trails were added this year.

Specific accomplishments in 2003 included:

- Trails Committee website updated with maps and pictures
- GPS mapping problems with the Nashua Regional Planning Commission resolved
- GPS of trails on Town land completed
- Worked on protection of Wright Land on Wheeler Road and Walker Land on Farley Road, which protected existing trails in that area that are critical links in Town-wide trail system. These parcels added 100 acres to the Spaulding Town Forest.
- 2nd annual Town Wide Trails Maintenance Day held in October.
- Trails off of Skyview Development rerouted and platform built to cross low area

I would like to extend a sincere "Thank You" to all the committee members for the accomplishments we achieved in 2003. I would also like to offer a special "Thanks" to the volunteers from the Hollis Area Equestrians and the Nor'easters Snowmobile Club for all their hard work. The Hollis Trails system is one of the many reasons Hollis is a special place to live.

Respectively submitted,
Sherry Wyskiel, Chairman
Hollis Trails Committee

ZONING BOARD OF ADJUSTMENT

The Zoning Board of Adjustment is a quasi-judicial board, which functions under very specific guidance established by the Hollis zoning ordinance and New Hampshire law. In addition to statutory law, there is also "case law," which is the opinion or interpretation that the courts have given to the various statutes and ordinances when they are applied to specific cases. This further clarifies the provisions contained in both state and local regulations.

For many years, the zoning board of adjustment has played an important, but little noticed role, in the development of Hollis. Sometimes praised, sometimes criticized, they have continued to perform their principal role - reviewing applications for zoning variances, special exceptions, equitable waivers and hearing appeals from the decisions made by administrative officials - all without much fanfare. To a large extent, the success or failure of zoning administration rests on the proper exercise of judgment by members of the board of adjustment and the job is not an easy one! The ZBA provides the necessary flexibility to ensure that the ordinance is applied equitably to all properties.

The Hollis ZBA typically meets on the second Thursday of each month to decide on presented cases. The ZBA received a total of 61 applications during 2003; 42 appeals were granted, 16 appeals denied, 1 case tabled, 1 application was withdrawn prior to the hearing and 1 application was dismissed by the Board.

This year the Zoning Board of Adjustment has seen an increase in the number of appeals of their decisions with a record number of 8 Motions for Rehearing filed. Of these only 3 rehearings were granted. Any person directly affected by the ZBA's decision has the right to appeal that decision and the board has the authority to grant it. However, the board is not required to grant the rehearing and should use its judgment in deciding whether justice will be served by doing so.

The Zoning Board of Adjustment is comprised of 5 voting members and 5 alternates. These volunteers donate their time and energy to hear the various appeals.

HOLLIS TOWN MEETING

MARCH 11, 2003

TOWN ELECTIONS

The meeting was called to order by Moderator James Squires, at 7:00 AM for voting on the following subjects:

1. To choose all necessary Town Offices for the year ensuing.

Results:

Selectman - 1 yr - Raymond A Lindsay

Selectman - 3 yrs - Mark E Johnson

Trustee of the Trust Funds - 3 yrs - Nobody filed

Cemetery Trustee - 3 yrs - Nancy L Bell & Christopher Buzzy

Treasurer - 3 yrs - Edward N Lehoullier

Budget Committee - 1 yr - Edward P McDuffee

Budget Committee - 3 yrs - Michael Harris & Melinda B N Willis

Library Trustee - 3 yrs - J Howard Bigelow & Dorothy E Hackett

Ballot Questions - Planning Board:

1. Zoning Districts -
Yes - 633 No - 302
2. Wetland Conservation Overlay Zone -
Yes - 656 No - 294
3. Definitions -
Yes - 677 No - 241
4. Hollis Open Space Planned Development -
Yes - 664 No - 274
5. Aquifer Protection Overlay Zone -
Yes - 657 No - 217
6. Hollis Rural Scenic Character and Rural Environment Character Preservation
Yes - 480 No - 403 needed 2/3 vote to pass
7. Other Related Permitted Uses in Agricultural and Business Zone -
Yes - 616 No - 294

Meeting adjourned at 8:30 PM, until Wednesday, March 12, 2003 at 7:00 PM.

A True Copy of Record Attest:

Nancy Beal Jambard
Town Clerk

HOLLIS TOWN MEETING

MARCH 12, 2003

The meeting was reconvened at 7:00 PM at the Walters Auditorium, Hollis/Brookline Middle School, by Moderator James Squires. Janelle Moffitt, a senior at the Hollis/Brookline Cooperative School, sang the National Anthem. Next the Pledge of Allegiance was led by VFW post members, James Belanger and Preston Walsh. A moment of silence was given for Daniel D McManus, Jr, former Selectman who passed away in November 2002. VFW Citizen of the Year 2003 was given to Eleanor Whittemore for her many years of service to the Town and the State. Also, honored was James Belanger for his many years of support for the Shepherds Fund. Thomas Jambard, retiring Selectman, was given a plaque thanking him for his six years of service to the Town as a Selectman.

ARTICLE 1 - Motion by Miriam Winer to accept the reports of Selectmen and other Town Officers and Committees. Seconded by Donald Ryder. CARRIED.

ARTICLE 2 - Motion by Donald Ryder to see if the Town will vote to raise and appropriate Five Million Dollars (\$5,000,000) (Gross Budget) for the purchase, of land or other property interests therein, as the Selectmen deem appropriate for the protection of the natural heritage and rural character in the best interest of the Town, including any buildings or structures incidental to such land; and to authorize the issuance of not more than Five Million Dollars (\$5,000,000) of bonds, in accordance with the provisions of the Municipal Finance Act, (RSA 33:1 et seq., as amended), and, further, to authorize the Selectmen to issue, negotiate, sell and deliver said bonds and to determine the rate of interest thereon and the maturity and other terms thereof, and to take any other action they deem appropriate to effectuate the sale and/or issuance of said bonds, subject, however, to the following limitations:

No such bonds shall be issued earlier than July 1, 2003; and,

Any of such bonds shall have appropriate terms and maturities such that no principal or interest payments shall become due and payable prior to January 1, 2004; and,

No such bonds shall be issued with a term of maturity of less than fifteen (15) years.

PROVIDED, FURTHER, that the Selectmen SHALL NOT ISSUE SUCH BONDS until such time as they have presented to either an annual or special town meeting, a warrant article asking the meeting to ratify, by a simple majority vote, the particular parcel and the parcel ownership interest chosen by the Selectmen for purchase and said meeting has approved such warrant article. BY SELECTMEN.

Recommended by Selectmen

Recommended by Budget Committee

(This is a Special Warrant Article and is intended to be non-lapsing as to any purchase that has been ratified by a regular or special town meeting held prior to Dec. 31, 2003.

Pursuant to RSA 33:8 a supermajority of two-thirds (2/3) ballot vote is required to adopt this article). Seconded by S. Robert Winer. Presentation by John Eresian. Polls were open for one hour (7:55 pm - 8:55 pm) YES-215 NO-38 2/3 needed. CARRIED.

ARTICLE 3 - Motion by Thomas Jambard to see if the Town will vote to approve the cost items included in the collective bargaining agreement reached between the town and AFSCME Local 3657 (Police, Fire, and Communications employees), which calls for the following increases in salaries and benefits:

YEAR	ESTIMATED INCREASE
2003	\$29,064
2004	\$38,999
2005	\$28,079

and further to raise and appropriate the sum of Twenty Nine Thousand Sixty Four Dollars (\$29,064) for the current fiscal year, such sum representing the additional cost attributable to the increase in salaries and benefits over those of the appropriate at current staffing levels paid in the prior fiscal year. BY SELECTMEN.

Recommended by Selectmen
Not Recommended by Budget Committee

Seconded by Donald Ryder. Motion by George Woodbury to move question. Seconded by Ray Valle. CARRIED to move question. **ARTICLE 3** - CARRIED.
Motion by Thomas Jambard to restrict reconsideration of **ARTICLE 3**. Seconded by Donald Ryder. CARRIED.

ARTICLE 4 - Motion by Thomas Jambard to pass over **ARTICLE** - to see if the Town will under the provisions of RSA 31:5,III, IF Article 3 is Defeated, authorize the governing body to call one special meeting, at its option, to address Article 3 cost items only. BY SELECTMEN. Seconded by Donald Ryder. CARRIED.

ARTICLE 5 - Motion by Donald Ryder to see if the town will vote, pursuant to RSA 72:43-h, to modify optional adjusted elderly exemptions from property tax. The optional exemptions, based on assessed value, for qualified taxpayers shall be as follows: for a person 65 years of age up to 75 years, \$125,000; for a person 75 years of age up to 80 years, \$150,000; for a person 80 years or older, \$175,000. To qualify the person must have bee a New Hampshire resident for at least 5 years; own the real estate individually or jointly; or if the real estate is owned by the spouse, they must have been married for at least 5 years. In addition, the taxpayer must have a net annual income of less than \$30,000 or, if married, a combined net annual income of less than \$40,000; and own net assets not in excess of \$100,000, excluding the value of the person's residence, including minimum acreage required by ordinance. (Pursuant to RSA 72:39-b a simple majority by ballot vote is required to adopt this article.) BY SELECTMEN.

Recommended by Selectmen
Recommended by Budget Committee

Seconded by Thomas Jambard. Ballot Vote. Majority. YES-188 NO-5. CARRIED.

ARTICLE 6 - Motion by Thomas Jambard to see if the town will vote to raise and appropriate Seventy Three Thousand Two Hundred Dollars (\$73,200) for the purpose of hiring two new full time Firefighter employees, including estimated benefit expenses for the remainder of the calendar year 2003. BY SELECTMEN.

Recommended by Selectmen

Not Recommended by Budget Committee.

Seconded by Donald Ryder. Motion by Ray Valle to raise the amount to One Hundred Nine Thousand Eight Hundred Dollars (\$109,800) for the purpose of hiring three full time Firefighter employees, including estimated benefit expenses for the remainder of the calendar year 2003. Seconded by Sherry Wyskiel. AMENDMENT DEFEATED. ARTICLE 6 - CARRIED.

ARTICLE 7 - Motion by Donald Ryder to see if the town will raise and appropriate Thirty Two Thousand Dollars (\$32,000) for the purpose of hiring one new full time Communications Dispatcher employee, including estimated benefit expenses for the remainder of the calendar year 2003. BY SELECTMEN.

Recommended by Selectmen

Recommended by Budget Committee

Seconded by Thomas Jambard. CARRIED.

ARTICLE 8 - Motion by Vahrij Manoukian to see if the town will raise and appropriate Eighty Thousand Dollars (\$80,000) for the purchase and construction of scales to weigh vehicles before and after dumping construction materials at the Stump Dump for the Department of Public Works. BY SELECTMEN.

Recommended by Selectmen

Not Recommended by Budget Committee

Seconded by Donald Ryder. Motion by Kathi Lewis to move question. Seconded by Ray Valle. CARRIED to move question. ARTICLE 8 - NOT CARRIED.

Motion by Donald Ryder to restrict reconsideration on ARTICLES 5,6,7,AND 8. Seconded by Thomas Jambard. CARRIED.

ARTICLE 9- Motion by Donald Ryder to see if the town will vote to raise and appropriate Forty Six Thousand Dollars (\$46,000) for the purchase, construction and installation of antennas and related equipment for the Police, fire, and Communications Departments at the location known as Birch Hill Tower. BY SELECTMEN.

Recommended by Selectmen

Recommended by Budget Committee

Seconded by Thomas Jambard. CARRIED.

Motion by Shirley Cohen to recess this meeting until Wednesday, March 19, 2003, at 7:00 pm at Hollis Brookline Middle School, in Walters Auditorium. Seconded by Patricia Coughlin. CARRIED. Meeting adjourned at 10:36 pm.

HOLLIS TOWN MEETING

MARCH 19, 2003

The Annual Town Meeting was reconvened at 7:00 PM, at Hollis Brookline Middle School, by Moderator James Squires.

ARTICLE 10 - Motion by Miriam Winer to see if the town will vote to raise and appropriate Two Hundred Sixty Thousand Dollars (\$260,000) for the purpose of expanding recreation fields and parking on land known as Nichols Field and the Hardy Land. This will be a non-lapsing appropriation per RSA32:7, VI and will not lapse until the project is completed or by December 31, 2004, whichever is sooner. BY SELECTMEN.

Recommended by Selectmen

Recommended by Budget Committee

Seconded by S Robert Winer. CARRIED.

Motion by Raymond Valle to restrict reconsideration of ARTICLES 9 & 10. Seconded by Roxanne Angevine. CARRIED.

ARTICLE 11 - Motion by Donald Ryder to see if the town will vote to raise and appropriate Eight Thousand Dollars (\$8,000) for the purpose of engineering studies for the fire station expansion. BY SELECTMEN.

Recommended by Selectmen

Recommended by Budget Committee

Seconded by Lorin Rydstrom. CARRIED.

Recommended by Budget Committee

Seconded by Lorin Rydstrom. CARRIED.

Motion by Joseph Kearns to restrict reconsideration of ARTICLE 14. Seconded by Susan Durham. CARRIED.

Motion by Miriam Winer to restrict reconsideration of ARTICLES 15 & 16. Seconded by Donald Ryder. CARRIED.

ARTICLE 17 – Motion by Lorin Rydstrom to see if the town will vote to appropriate Thirty Thousand Dollars (\$30,000) for the purpose of funding the annual Old Home Day celebration, and to authorize the withdrawal from the Old Home Day Special Revenue Fund established for this purpose at the 1999annual meeting. None of this money is to come from taxation. BY SELECTMEN.

Recommended by Selectmen

Recommended by Budget Committee

Seconded by Donald Ryder. CARRIED.

ARTICLE 18 – Motion by Thomas Jambard to see if the Town will vote to appropriate One Hundred Thousand Dollars (\$100,000) for the purpose of funding police private details and to authorize the withdrawal from the Police Private Details Special Revenue

Fund established for this purpose at the 2001 annual meeting. None of this money is to come from general taxation. BY SELECTMEN.

Recommended by Selectmen

Recommended by Budget Committee

Seconded by Lorin Rydstrom. CARRIED.

ARTICLE 19 - Motion by Richard Walker to see if the Town will vote to send the following resolution to the New Hampshire General Court: Resolved, in its first two years of operation the Land and Community Heritage Investment Program has helped communities throughout New Hampshire preserve their natural, cultural and historic resources and, therefore, the State of New Hampshire should maintain funding for LCHIP in its next biennial budget. BY SELECTMEN. Seconded by Donald Ryder. Motion to amend ARTICLE 19 - Motion by Lawrence Finkelstein to change to; the State of New Hampshire should maintain a funding of not less than Six Million Dollars (\$6,000,000). Seconded by S Robert Winer. CARRIED AS AMENDED.

ARTICLE 20 - Motion by Donald Ryder to see whether the Town will vote to authorize the Board of Selectmen to enter into a joint agreement, pursuant to RSA53-A, or other available enabling authority, with such other municipalities as have joined in a Memorandum of Understanding, (including any additional municipalities that may be added pursuant to the terms of said Memorandum of Understanding), on such terms and conditions as the Selectmen deem fit, the purpose of which agreement shall be to join with said municipalities in an effort to collectively acquire the assets or the stock of the Pennichuck Corporation, or its successors, to the extent permitted by law. There will be no impact on the municipal budget or property tax rate as the result of this warrant article. This warrant article requires a simple majority vote for passage. BY SELECTMEN. Seconded by Thomas Jambard. CARRIED.

ARTICLE 21 - BY PETITION. Motion by Donald Ryder to designate Baxter Road of Hollis, NH a "scenic road" according to RSA 231:157-158 and to add it to the Town of Hollis, NH "scenic road" list accordingly to RSA 23:157. Seconded by Arthur Kinsley. CARRIED.

ARTICLE 22 - Motion By Donald Ryder to present the following Resolution:
Whereas, New Hampshire residents pay the 12th highest costs of insurance in the country; and

Whereas, the cost of health insurance premiums for families has increased by 45% over the past three years; and

Whereas, 100,00 New Hampshire residents have no health coverage and 77% of them have a full-time worker at home; and

Whereas, due to these rising cost almost half of New Hampshire's small businesses cannot afford health coverage for their employees, therefore be it resolved

that we, the citizens of HOLLIS, New Hampshire, call on our elected officials from all levels of government, and those seeking office, to work with consumers, businesses and health care providers to ensure that:

Everyone, including the self-employed, unemployed, un-and underinsured, and small business owners has access to an affordable basic health plan similar to what federal employees receive;

Everyone, including employers, consumers, and the state, local and federal government makes a responsible and fair contribution to finance the health care system;

Everyone receives high quality care that is cost efficient and medically effective; and

That these efforts help control the skyrocketing cost of health care.
The above language represents a resolution signed by the required number of HOLLIS registered voters. We request that this be placed on the 2003 Warrant for town consideration. The resolution is non-binding and represents no fiscal impact. Seconded by S Robert Winer. CARRIED

ARTICLE 23- Motion by Thomas Jambard to see if the Town will vote to raise and appropriate the sum of Four Million Three Hundred Eighty Three Thousand Nine Hundred Thirty Three Dollars (\$4,383,933) which represents the operating budget of the Town for the year 2003. Said sum does not include special or individual articles addressed. BY SELECTMEN.

Seconded by Donald Ryder. Motion by Thomas Jambard to increase budget amount by \$27,500 (\$10,000 for fire department & \$17,500 for EPA study). Seconded by Donald Ryder. DEFEATED. Motion by Donald Ryder to amend incorrect budget figure from \$4,383,933 to the correct figure of Four Million Four Hundred Thirty Five Thousand Four Hundred Thirty Two Dollars (\$4,435,432). Seconded by James Belanger. CARRIED AS AMENDED.

Motion by James Belanger to adjourn the meeting. Seconded by Ann Caldwell. Meeting adjourned at 9:50PM.

HOLLIS SPECIAL TOWN MEETING

NOVEMBER 20, 2003

The special Town Meeting was called to order by Moderator James Squires, at 7:05pm in the Hollis-Brookline Co-operative High School Gymnasium.

Before the meeting got underway a special presentation was made to the oldest Hollis resident. The famous Boston Post cane was presented to Alice Simonds (100 in April 2004). She was actually presented with a pin and a book on the history of the Boston Post Cane. The actual cane will be on display in a cabinet in the Town Hall in the Community Room.

ARTICLE 1 -Motion by Donald Ryder for Authorization to Acquire Wright Property (60 acres) on Wheeler Road, with Article 2 Bond Proceeds and to see if the Town will vote, in accordance with the procedure established by the adoption of Article 2 of the March 2003 Town of Hollis Annual Town Meeting, to authorize the Selectmen to acquire the full fee interest, in the property identified as the Wright Property on Wheeler Road, consisting of 60 acres, more or less, and includes all of Hollis Tax Map 31, Lot 46, and to further authorize the Selectmen to enter into such agreements and execute any and all documents necessary to conclude such acquisition, on such terms and conditions as the Selectmen deem appropriate, it being intended that approval of the article will constitute the ratification of a decision to acquire the within described parcel, but it shall not be interpreted to constitute the ratification of any other parcels. Seconded by Gerald Gartner.

(Said acquisition contemplates the expenditure of Eight Hundred Ninety Five Thousand Dollars, (\$895,000) of the Five million dollar (\$5,000,000), Article 2 Bond for Land Acquisition, approved at the March 2003 Town of Hollis Annual Town Meeting.)

BALLOT VOTE. YES - 214 NO - 30 CARRIED.

ARTICLE 2 - Motion by Vahrij Manoukian for Authorization to acquire the Walker Tree Farm on Farley Road with Article 2 Bond Proceeds and to authorize the subdivision and sale of a portion thereof and to see if the town will vote, in accordance with the procedure established by the adoption of Article 2 of the March 2003 Town of Hollis Annual Town Meeting, to authorize the Selectmen to acquire the full fee interest in the property identified as the Walker Tree Farm on Farley Road, consisting of 40.52 acres and includes all off Hollis Tax Map 43, Lots 67 and 69, and to further authorize the Selectmen to enter into such agreements and execute any and all documents necessary to conclude such acquisition, on such terms and conditions as the Selectmen deem appropriate, it being intended that approval of the article will constitute the ratification of a decision to acquire the within described parcel, but it shall not be interpreted to constitute the ratification of any other parcels.

Additionally, the Selectmen are hereby authorized, once said tracts have been acquired to subdivide or sell in its entirety Map 43/Lot 69 (4.92 Acres), in order to create no more than 1 (one) salable building site lot and to authorize the Selectmen to sell such building site on such terms and conditions as they deem in the best interest of the Town, and to enter into any agreements and/or sign any documents necessary to carry out such sale. Seconded by Mark Johnson.

(Said acquisition contemplates the expenditure of Eight Hundred Ten Thousand Four Hundred Dollars (\$810,400) of the Five million dollar (\$5,000,000), Article 2 Bond for Land Acquisition, approved at the March 2003 Town of Hollis Annual Town Meeting.)

Motion by Gerald Gartner to amend the Article by deleting the paragraph beginning with:

Additionally thru to carry out such sale. Seconded by Roger Saunders. CARRIED.

Motion by Julie Forgaard to strike out: and to authorize the subdivision and sale of a portion thereof. Seconded by Gerald Gartner. CARRIED.

BALLOT VOTE AS AMENDED: YES - 199 NO - 20 CARRIED AS AMENDED.

Motion by Donald Ryder to restrict reconsideration of Articles 1 and 2. Seconded by Frank Ballou. CARRIED.

ARTICLE 3 – Motion by Donald Ryder for Authorization to Acquire Hall Property (42.09 acres) on Blood Road with Article 2 Bond Proceeds and to authorize the subdivision and sale of a portion thereof and to see if the Town will vote, in accordance with the procedure established by the adoption of Article 2 of the March 2003 Town of Hollis Annual Town Meeting, to authorize the Selectmen to acquire the full fee interest in the property identified as the Hall property on Blood Road, consisting of 42.09 acres and includes Hollis Tax Map, Lots 28,30 & 32, and to further authorize the Selectmen to enter into such agreements and execute any and all documents necessary to conclude such acquisition, on such terms and conditions as the Selectmen deem appropriate, it being intended that approval of the article will constitute the ratification of a decision to acquire the within described parcels, but it shall not be interpreted to constitute the ratification of any other parcels.

Additionally, the Selectmen are hereby authorized, once said tracts have been acquired, to consolidate said lots and to subdivide the same, in order to create no more than 1 (one) salable building site lot of no more than 10 (ten) acres of the total of said 42.09 acres, and to authorize the Selectmen to sell such building site

and other rights on such terms and conditions as they deem in the best interest of the Town, and to enter into any agreements and/or sign any documents necessary to carry out such sale. Seconded by Mark Johnson.

(Said acquisition contemplates the expenditure of One Million Two Hundred Fifty Thousand Dollars (\$1,250,000) of the Five million dollar (\$5,000,000), Article 2 Bond for Land Acquisition, approved at the March 2003 Town of Hollis Annual Town Meeting.)

Amendment B, Article 3: Motion by Gerald Gartner to substitute this Amendment B for the original ARTICLE 3: To see if the Town will vote, in accordance with the procedure established by the adoption of Article 2 of the March 2003 Town of Hollis Annual Town Meeting, to authorize the Selectmen to acquire the full interest, or such lesser interest as the Selectmen, in their judgment, deem advisable, in the property identified as the Hall Property on Blood Road, consisting of 37.09 acres, more or less, and includes all of Hollis Tax Map 3, Lots 28,30,&32, after the seller has subdivided on farmstead lot of less than five (5) acres from the named tracts, and to further authorize the Selectmen to enter into such agreements and execute any and all documents necessary to conclude such acquisition, on such terms and conditions as the Selectmen deem appropriate, it being intended that approval of the article will constitute the ratification of a decision to acquire the within described parcels, but it shall not be interpreted to constitute the ratification of any other parcels. The selectmen are hereby authorized, to enter into any agreements and/ or sign any documents necessary to carry out such sale. Seconded by Varij Manoukian.

(Said acquisition contemplates the expenditure of Six Hundred Ninety-Five Thousand and 00/100 (\$695,000.00) Dollars, of the Five million dollar (\$5,000,000), Article 2 Bond for Land Acquisition, approved at the March 2003 Town of Hollis Annual Town Meeting.) YES- 185 NO- 5 CARRIED.

BALLOT VOTE ON AMENDED ARTICLE 3 - YES - 178 NO - 31 CARRIED.

Motion by James Belanger to adjourn the meeting at 10:20pm. Seconded by Roger Saunders.

At press time, the Hollis School District Warrant had not been finalized. A signed, completed Warrant will be posted on February 20, 2004 and copies will be available at that time.

HOLLIS SCHOOL DISTRICT WARRANT

The State of New Hampshire

To the inhabitants of the Hollis School District in the Town of Hollis in the County of Hillsborough, State of New Hampshire qualified to vote in District Affairs.

YOU ARE HEREBY NOTIFIED TO MEET AT THE HOLLIS BROOKLINE HIGH SCHOOL IN SAID DISTRICT ON THE EIGHTH DAY OF MARCH, 2004, AT SEVEN O'CLOCK IN THE EVENING TO ACT UPON THE FOLLOWING SUBJECTS.

1. To elect all necessary school district officers for the ensuing terms by official ballot on March 9, 2004.
 - Election of one member of the School Board for the ensuing three years.
 - Election of a School District Treasurer for the ensuing year.
 - Election of a School District Clerk for the ensuing year.
 - Election of a Moderator for the ensuing year.
2. To see if the school district will vote to raise and appropriate a sum of \$216,727 to fund the increase in cost items relative to professional staff salaries and fringe benefits for the 2004-2005 school year which resulted from good faith negotiations with the professional staff, and which represents the negotiated increase over last year's salaries and fringe benefits. This is the first year of a two-year contract. Cost items increases in subsequent years will require approval of specific warrant articles at future District Meetings. The school board recommends this appropriation. The budget committee supports this article.
3. To see if the school district will vote to raise and appropriate a sum of \$67,345 to fund the increase in cost items relative to support staff salaries and fringe benefits for the 2004-2005 school year which resulted from good faith negotiations with the support staff, and which represents the negotiated increase over last year's salaries and fringe benefits. This is the second year of a two-year contract. Cost items increases in subsequent years will require approval of specific warrant articles at future District Meetings. The school board recommends this appropriation. The budget committee supports this article.

4. To see if the school district will vote to raise and appropriate \$8,596,916 for the support of schools, for the payment of salaries of school district officers and agents and for the payment of statutory obligations of the district. The school board recommends this appropriation. The budget committee supports this article. This appropriation does not include any of the other warrant articles.
5. To see if the school district will authorize the Hollis School District to access future year and federal catastrophic aid funds in the event that special education costs exceed budget limitations. The school board and budget committee recommend this article.
6. Petition Warrant Article
To see if the Hollis School District meeting will raise and appropriate \$1,000,000 for renovations to the Hollis Middle School, should the 7th and 8th grade reduction vote in the Hollis-Brookline Cooperative District meeting have been in the affirmative. To be expended **ONLY** at the completion of said reduction. (Submitted by petition) The school board does not recommend this appropriation. The budget committee recommends this appropriation.
7. Petition Warrant Article
To see if the school district will vote to direct the Hollis School Board to open the Hollis Primary and Upper Elementary Schools no later than 8:00 AM each day, and early enough to accommodate an 8:30 opening by the Hollis-Brookline Cooperative schools. (Submitted by petition) The school board does not recommend this article. The budget committee has not taken a position on this article.
8. To transact any other business which may legally come before said meeting.

Given under our hands and seals at said Hollis, New Hampshire on this tenth day of February 2004.

Douglas Cleveland, Chair
Kathleen de Lacy
Harry Haytayan
Janet Listowich
Anita Moynihan

A true copy of the warrant - Attest:

Douglas Cleveland, Chair

Anita Moynihan

HOLLIS ANNUAL SCHOOL DISTRICT MEETING

MARCH 13, 2003

Moderator Jim Belanger called the annual meeting of the Hollis School District to order at 7:00 PM on March 13, 2003.

Chelsea de Lacy sang the National Anthem.

School Board: Douglas Cleveland, Chair; Janet Listowich, Harry Haytayan, Kathleen de Lacy, and Anita Moynihan

Budget Committee: Melinda Willis, Chair; Craig Jones, Lorin Rydstrom, Morton E. Goulder, and Scott Bartis

Moderator Belanger reviews rules of the meeting.

Supervising Principal Eileen Fucile provided an overview of the state of the schools. Janet Listowich presents retiring Eileen Fucile with a print of Hollis Town Center and thanks her for her years of service and dedication to the schools of the Hollis School District.

Douglas Cleveland introduces the administration of Hollis Elementary and staff of the SAU.

Melinda Willis gives a budget overview along with tax implications for the citizens of Hollis. The overall increase in the budget was \$505,000 over last year.

Article 1

To elect all necessary school district officers for the ensuing terms by official ballot on March 11, 2003.

- Election of two members of the School Board for the ensuing three years.
- Election of one member of the School Board for the ensuing year.
- Election of a School District Treasurer for the ensuing year.
- Election of a School District Clerk for the ensuing year.
- Election of a Moderator for the ensuing year.

This article was acted on by ballot voting on March 11, 2003.

Article 2

To see if the school district will vote to raise and appropriate a sum of \$218,596 to fund the increase in cost items relative to professional staff salaries and fringe benefits for the 2003-2004 school year which resulted from good faith negotiations with the professional staff, and which represents the negotiated increase over last year's salaries and fringe benefits. The school board recommends this appropriation. The budget committee supports this article.

Article 2 was moved by Kathleen de Lacy and seconded by Anita Moynihan.

Douglas Cleveland gives a brief overview of the facts supporting the article. The budget impact of the article represents 2.84% of the increase to the budget.

Moderator Jim Belanger asks if there are any questions and calls for a vote on the motion. *The motion carried by card vote.*

Article 3

To see if the school district will vote to raise and appropriate a sum of \$84,956 to fund the increase in cost items relative to support staff salaries and fringe benefits for the 2003-2004 school year which resulted from good faith negotiations with the support staff, and which represents the negotiated increase over last year's salaries and fringe benefits. Cost items increases in subsequent years will require approval of specific warrant articles at future District Meetings. The school board recommends this appropriation. The budget committee supports this article.

Article 3 was moved by Harry Haytayan and seconded by Kathleen de Lacy.

Douglas Cleveland gives a brief overview of the facts supporting the article. The increase requested in the article is the first year of a two-year support staff contract that was negotiated in conjunction with the cooperative school board. One major change is the percentage that the district will contribute for Health Insurance premiums which will be 75% for a family, 85% for a two person family and 90% for single individuals with a cap to the district of \$800 per month. Dental insurance was changed to increase the amount that the district contributes for policy premiums from \$55 to \$60 per month. Intermediate Income Protection was reduced from 80% to 60%. The definition of full-time was increased from 30 to 31 hours per week. The increase in base salaries would be 3% the first year and 4% the second year of the contract. The budget impact of the article represents 1.10% of the increase to the budget. Moderator Jim Belanger asks if there are any questions and calls for a vote on the motion. *The motion carried by card vote.*

Article 4

To see if the school district will vote to raise and appropriate \$8,064,156 for the support of schools, for the payment of salaries of school district officers and agents and for the payment of statutory obligations of the district. The school board recommends this appropriation. The budget committee supports this article. This appropriation does not include any of the other warrant articles.

Article 4 was moved by Anita Moynihan and seconded by Harry Haytayan.

Janet Listowich gives a brief presentation of the budget highlighting and explaining line items that increased or decreased greater than \$5,000. Items of increase are Language Arts, Computer Science, Special Education, Improvement of Instructional Services, Computer Supplies, Office of Superintendent, Office of Principal, Operations of the Plant, Employee Benefits. Items of decrease are Regular Instruction, English as a Second Language, Building and Grounds Supervisor, Bond Principal (Debt Service), and Bond Interest. The operating budget overall increased 1.41%. The total increase to the budget was 5.35% with the passing of Article 2 and Article 3. Moderator Jim Belanger asks if there are any questions and calls for a vote on the motion. *The motion carried by card vote.*

Article 5

To see if the school district will authorize the Hollis School District to access future year and federal catastrophic aid funds in the event that special education costs exceed budget limitations. The school board and budget committee recommend this article.

Article 5 was moved by Kathleen de Lacy and seconded by Anita Moynihan.

Douglas Cleveland stated that this is a housekeeping item to allow the district to accept funds in the event that special education costs exceed the budgeted amounts. Moderator Jim Belanger asks if there are any questions and calls for a vote on the motion. *The motion carried by card vote.*

Article 6

To change the hour at which the Hollis Elementary Schools open to 7:45 AM, to accommodate an 8:30 AM opening for the Hollis-Brookline cooperative schools (submitted by petition). The school board does not recommend this article. At posting time the budget committee has not taken a position on this article.

Article 6 was moved by Ray Valle and seconded by Ken Merrithew.

John Lumbard presents facts supporting the article. He states the changing sleep patterns of adolescents versus younger children as reason the change in starting times should be made. John references studies conducted in Minneapolis where the start times for older children was pushed back. At the end of his presentation, John moves that the article be tabled at the current time. Lorin Rydstrom seconds the motion to table. Moderator Jim Belanger calls for a vote on the motion to table Article 6. *The motion to table Article 6 carried by card vote.*

John Lumbard then conducts an informal vote to get the sense of how the audience feels about the change in start times within the district.

Article 7

To transact any other business which may legally come before said meeting. No motions were made to adopt this article for discussion.

Douglas Cleveland spoke to thank all parties who gave their time and support for the preparation of the budget and the budget process. He made special thanks to Steve and Lisa Schmalz for their time and efforts in getting a new playground installed at the Primary School.

Douglas closed with thanks going to the people assisting with the annual meeting and supervisors of the checklist.

Jim Belanger then asked for a motion to adjourn, which was made by Steve Simons and seconded by a number of voters present. The meeting was adjourned at 8:29 PM.

Respectfully submitted,
Suzanne Shifflet, Hollis School District Clerk

Hollis Elementary School Community

Administrative Team Report

2003 - 2004

Hollis Primary School

36 Silver Lake Road

Hollis Upper Elementary School

12 Drury Lane

Respectfully Submitted by Gail Paludi, Carol Thibadeau, & Candice Fowler

"When educators "put it all together" to improve their schools for enhanced student learning and success, they enjoy the greatest exhilaration that the profession can offer: bringing their entire expertise to bear on providing a first-rate education to all children. What could be more exciting than that? The satisfaction of making a difference in the lives of young people, of seeing them become successful, is what keeps educators in this demanding and at times [challenging] profession."
Charlotte Danielson - *Enhancing Student Achievement*, 2002.

We hope you enjoy reading about school curricula, student and staff accomplishments and some of the exciting events that support our efforts to engage and challenge every Hollis Elementary School student. As you read about some of our school community initiatives, it is our hope that we have communicated the "positive spirit" of education for you.

Administration

Our school district has reorganized its Administrative Team this year to provide more support for students, parents, and staff. Each building now has its own principal with the support of a shared assistant principal.

Academics

We continue to offer a strong academic program with an emphasis on differentiated instruction. Guided reading has become a focus in the language arts area. The use of this method will allow our teachers to further individualize reading instruction and help all learners become fluent and read for meaning. We have created a shared library with numerous sets of fiction and non-fiction books that help integrate reading across all areas. The *Everyday Math* series emphasizes higher level thinking strategies, which help our students to understand math concepts and link math skills to their everyday lives. Technology continues to be integrated into our classrooms in all areas. Classroom teachers work closely with our computer teachers to create lessons and projects that help students achieve the high state standards that NH has set for all children.

Students participate in a variety of academic testing experiences throughout the year. We utilize this information to evaluate programs, make curriculum changes, identify areas of focus, and monitor areas that are successful. We continue to benchmark reading levels for each grade and incorporate Reading Recovery methods to identify children in need of reading support. The New Hampshire Educational Improvement and Assessment Program (NHEIAP), in which 3rd and 6th graders participate each year, provides data to see how our programs align with the state's requirements for students. We are proud to report that our district NHEIAP scores rank the Hollis School District among the top 10 in the state. The 5th grade Terra

Nova results indicated that our students performed well above the national average with 86% of our students scoring in the top third of the nation.

Foreign Language

We have expanded our Foreign Language Program this year. Students in grades one through six have 2 lessons per week in Spanish. Through input from the community, research on best practices, and studies of other districts, the Hollis School District decided to offer one language. Our program results in language proficiency with production and comprehension of meaningful messages in a communicative setting as our goal.

Activities

Students continue to participate in numerous opportunities to broaden their horizons, learn new skills, and have fun. Yearbook committee, track, band, ski program, lunch-time concert series, Destination Imagination, First Lego League, Parks & Recreation team sports, Reading Camp, strings program, recess options, environmental camp, NE Mathematics League Competition, Spelling Bee, PTA Reflections Program, and the Presidential Physical Fitness Program are a sampling of our many offerings. We love to celebrate our cultural diversities and work closely with our PTA to provide many enriching activities/assemblies.

Special Awards

Throughout the year, we take time to celebrate and honor those who work tirelessly to distinguish our schools as successful hallmarks of excellence and this year, we honor Lindy Hanninen, grade 4 teacher, as the 2003 recipient of *Staff Development for Educators Journey Award*.

Staffing Changes

We are pleased to welcome the following new staff members to our community:

Gail Paludi - Principal at HPS	Elizabeth Thorpe - Instrumental Music Teacher
Candice Fowler - Assistant Principal	Amy Warren - Grade 6 Teacher
Monica Dapolito - Grade 5 Teacher	Nora Dunn - Special Educator Paraprofessional
Ofelia Range - Grade 6 Teacher	Paula Lockard - Special Educator Paraprofessional
Julie Somorrostro - Grade 2 Teacher	Jessica Sawyer - Special Educator Paraprofessional
Melanie TafeGrade 5 Teacher	Julie Taborne - Special Educator Paraprofessional
Sheila O'Donnell - Food Service Manager	Cindy Aikens - Special Educator Paraprofessional
Cheryl Hines - Cafeteria	Anne Cram - Special Educator Paraprofessional
Bernard Hirth - Custodian	Tina Langley - Special Educator Paraprofessional
Michael Twitchel - Custodian	Danielle Mock - Special Educator Paraprofessional
Kristen McTigue - Special Educator Paraprofessional	

The following staff members have changed positions at our schools:

Carol Thibaudeau - Principal at HUES	Elaine Fallon - Grade 2 Teacher
Lisa Cassidy - Grade 4 Teacher	Karen Kelley - Grade 6 Teacher

A Message from the Superintendent of Schools,

Dear Parents and Residents,

It is with prideful pleasure that I report to you on the condition of our public schools. The Hollis Brookline Schools have enjoyed another year of success. The successes are due in large measure to the supportive systems we have in place. Some of these include: There are 13 SAU 41 Curriculum Task Committees assuring that curricula offerings align with State Department of Education Curriculum Frameworks and national standards. Instruction is supported by goals focused professional development and closely monitored and assessed by building administrators. State of the art technology is wide area networked and designed to support and integrate with curriculum and instruction. Our facilities with the exception of the middle school, which will be discussed at the March, 2004 Coop District Meeting, are either new or recently refurbished. They are designed to support quality instruction in warm and welcoming positive environments.

Parents and the greater community are most supportive of our efforts and work closely with the schools. Over the past few years all six schools were recipients of the New Hampshire Blue Ribbon Award for Volunteerism. This singular achievement acknowledges the thousands of hours of service that our parents provide. Beyond that, parents and residents in large numbers participate in our program information and curriculum overview discussions at all sites. Additionally, hundreds attend student performances, demonstrations and exhibitions while equal numbers attend the wide range of scheduled athletic contests.

Our nationally standardized and state organized assessments indicate that our children perform quite well. They distinguished themselves in the New Hampshire Educational Improvement and Assessment Program at grades 3-6-10 and demonstrated outstanding achievement in the Terra Nova, a nationally standardized assessment provided at grades 5 and 8. Our performance in the SAT's places us at the most competitive level in the state and speak to our students' preparation for college placement.

We are obviously pleased with the success of our students but that will not limit our efforts to improve in the future. Providing challenge for all through differentiation of instruction is significantly impacting our delivery and growth. Through continuing to analyze our assessment data and focusing instruction on identified needs, it is my expectation that student progress will improve even more.

You are invited to join us as we continue our exciting work. Please contact your school principals to discuss your interest. In the meantime, please accept my best wishes as we work together to support your child and encourage his/her growth.

Sincerely,

Kenneth L. DeBenedictis, Ed.D.
Superintendent of Schools

REPORT OF THE DIRECTOR OF CURRICULUM AND INSTRUCTION

This has been a busy and productive year for the Brookline, Hollis, and Hollis/Brookline Cooperative School Districts. My report will focus on curriculum and instruction, assessment, and professional development activities in our three districts.

In the area of curriculum, activities are ongoing in all of our thirteen committees. One key activity is the development of a common format for our curriculum guides. The purpose of a common format is to facilitate the process of translating the material in curriculum guides into effective instructional practices. Our long term goal is to have all our curriculum guides available on our websites, so that they are easily available to our citizens. This is an important and necessary process, and if we do it as well as I anticipate we will, the result will be clear, cogent, and user-friendly guides that will be useful for classroom teachers, and for citizens who wish to know what is educationally valued by our districts. I want to thank Denise Gravelle, SAU #41 secretary, and Rich Raymond, Hollis/Brookline Cooperative technology specialist, for their great assistance and support for this work.

We have worked extensively this year in the area of elementary instruction in foreign languages. We are fortunate here in Hollis and Brookline to be able to offer instruction to our younger students in this vital area. Research is clear that students acquire language most easily before age ten to twelve, and that knowledge of a second language also enhances performance in the native language. As we also know, we have become a global culture, and a second language promotes not only more comfort with languages, but also promotes knowledge of different cultures, and understanding and respect for different peoples.

Our goal in this work has been to assure that students from our elementary schools, whether from Brookline or from Hollis, have appropriate backgrounds when entering our cooperative middle school in seventh grade. As in so many aspects of life, there are several roads which can lead to the same destination. In this case, Hollis has chosen to focus on more in-depth work on a single foreign language (Spanish), and Brookline has chosen to introduce students to a variety of languages (Spanish, French, German, and Japanese). Because the middle school has the necessary flexibility in its seventh and eight grade programs, I am confident that students from both our elementary districts will flourish in their experiences with a second language. Our schools are among the very few schools in New Hampshire that offer this wonderful opportunity. I am especially appreciative of the work of the Foreign Language Curriculum Task Committee under the capable leadership of Linda Wheeler, Hollis/Brookline High School department chair and Laurie Wenger, Principal, Captain Samuel Douglass Academy.

In the area of assessment, I am pleased about our students' performance on the third, sixth and tenth grade New Hampshire tests (NHEIAP). In all our schools, the results were very strong, with our students performing at or near the top of any schools in the state. We were particularly pleased that, overall, the number of

students in the “novice” category has been reduced. This is a continuing goal for us, and we made good progress this year.

It is important to remember that, as good as this year’s NHEIAP results are, it is only one measure at one point in time, and gives no long term information on each student’s long-term growth. New Hampshire Education Commissioner Nicholas Donahue has said, “We need to also keep in mind that a single assessment is not a sufficient way of measuring a school’s success□ We need to move beyond the exclusive use of grades and standardized tests to evaluate students. A doctor would not just take a temperature to determine overall health. Similarly, one should not just look at test scores to determine the health of a school or district.

In evaluating the success of local schools, community leaders, parents, and educators need to consider items such as community involvement, attendance rates, graduation rates, the number of children pursuing further education after high school, and school environment indicators such as safe schools data and discipline records, and other relevant information.” It is our goal to develop the kind of rich and powerful assessment system that Commissioner Donohue envisions.

We have also had an active year in the realm of professional development. We continue to offer strong site-based professional development programs for our faculty and staff, in order to support the implementation of our curriculum and differentiated instructional practices. We are also expanding opportunities for integrated professional development activities across our districts. For example, this past summer we offered 32 technology workshops for all faculty in our districts, with an overwhelming level of response. I am particularly grateful to Joe Quinn, Hollis/Brookline Coop technology teacher, for his efforts to assure that these opportunities were made available.

As many of you know, Hollis/Brookline High School has received a major three year grant to enhance the integration of technology into our classrooms. Our Curriculum Innovation Team, Amy Bottomley, John Kittredge, Peggy LaBrosse, Lindsay Lankin, and Joe Quinn, (along with support from SAU #41 network administrator Dick Mehhorn and technology specialist Rich Raymond) has been instrumental in using grant funds not only to purchase equipment, but to provide workshops such as those mentioned above. Last November, as the project manager, I was fortunate enough to be invited to a conference in Tampa, Florida, sponsored by the Plan for Social Excellence, Inc. (at their expense, I should add). At that conference I was able to make connections with other project managers around the country, a networking opportunity that will be very advantageous to us.

As a result of our work on this project, we have been asked to serve as a model site for other districts who are applying to become part of this national consortium. In addition, it may be possible in the future to expand this program into our middle school. While details on this exciting project are beyond the scope of this report, I would be happy to provide more in-depth information to anyone who wishes it.

I owe thanks and appreciation to dozens, perhaps hundreds, of faculty and staff in these endeavors. The districts' administrative teams have been extraordinarily receptive and supportive. Teachers, department heads, and curriculum coordinators have been instrumental in our progress in the areas I have described here. Our Superintendent, Ken DeBenedictis, and our School Board members have provided both leadership and support for these efforts. I cannot express how grateful I am to all these people. They make my work a joy.

In closing, I would like to share with you the thoughts of Roland Barth, an eminent and thoughtful educator, who has recently written a wonderful book entitled "Learning By Heart." In that book he writes articulately about the necessity and the characteristics of what he calls a "community of learners."

Barth writes, "A community of learners is both an ambitious, welcome vision and an empty promissory note. The vision is, first, that the school will be a *community*, a place full of adults and youngsters who care about, look after, and root for one another, and who work together for the good of the whole, in times of need and in times of celebration. Every member of the community holds some responsibility for the welfare of every other and for the welfare of the community as a whole. Schools face tremendous difficulty in fulfilling this definition of a community. More are organizations, institutions, or bureaucracies.

As if a community were not ambitious enough, a community of learners is ever so much more. Such a school is a community whose underlying culture is one of learning. The condition for membership in the community is that one learn, continue to learn, and support the learning of others. Everyone. A tall order to fill, and one to which all too few schools aspire and even fewer attain."

We have examples of the power of this idea all around us, and not only in our classrooms. Our track teams, for instance, illustrate this power. Just go to a track meet, and watch each and every participant, fastest or slowest, most skilled or least skilled, and listen to the encouragement each and every one of them receives. Watch the improvement each of our students make throughout a season. Watch them learn how work and effort and practice pay off. Watch them develop as a community and support each other. Watch the work of both the adults and the students.

This happens in our classrooms too, and it is magnificent to observe when it occurs. Barth's vision is a powerful one, and a terribly difficult one to embrace, but we have the ability here to do it. I believe that Hollis and Brookline are dedicated to this kind of aspiration, and I am grateful to be a part of such a noble endeavor.

Respectfully submitted,

Carol A. Mace, M.Ed., CAGS

Report of the Director of Special Education

Although the last NH State Department of Education's onsite assessment of SAU 41 special education programs resulted in optimal ratings and commendations, the department has continued its ongoing improvement plans maximizing student access to all general curriculum, extra curricular activities as well as full participation in state and district standardized assessments. The department also continues its predominant focus on expanding specialized instructional programs across SAU 41 schools in addition to documenting annual and long-term student progress relative to their respective individualized intervention plans.

As departmental goals, staff training and ongoing improvements in our systematic remedial programs in reading, language arts, mathematics and study skills has further enhanced the overall depth of services within our districts. Congruent with the federal mandates of IDEA '97 and the New Hampshire Rules for the Education of Handicapped Students, School Administrative Unit (SAU) #41 coordinates a diversity of special education programs and related services to meet the unique needs of educationally identified students throughout Hollis and Brookline. This year the department is providing services for 297 students K-12 which constitutes approximately 11% of the total SAU41 student body. In addition, special developmental services are also provided for 31 preschool children, ages 3-5, as required by state guidelines.

The predominant goal of special education is to assure all children have an "appropriate educational experience." This means that when students have significant deficits in the learning process, resulting in significantly delayed achievement relative to their grade level, the school system provides a diversity of services to address those factors adversely impacting a student's academic performance. Such factors or educational deficits include specific learning disabilities in: reading decoding, reading comprehension, listening comprehension, written and oral expression, math reasoning and calculation as well as speech and language skills. Orthopedic, emotional and health confounds are also addressed by the department when they significantly impact the learning process.

Special education interventions are twofold: remedial services to enhance growth in the child's deficit area(s) and compensatory services to facilitate the student's successful engagement with his/her regular classroom instruction. For example, if a student has significant difficulty learning to read, the special services personnel provide both reading programs to enhance the child's reading skills as well as assistance to classroom experiences so that his/her acquisition of knowledge taught in the regular classes is not prevented by their learning difficulties.

The special education process involves numerous formal meetings accompanied by an extensive number of documents to assure the adherence to federal and state regulations. The department staff continue their success with the highest level of compliance with all state documents and procedural safeguards. As a result, each district has received its maximum entitlement for federal funds.

The special education budgets reflect all expenditures for in-district programs and related service therapies including staff salaries, instructional materials, evaluation and placement services, out-of-district tuition and specialized transportation costs. Some revenues are received annually to assist our districts in providing these specialized instructional programs. For the fiscal year 03/04, SAU 41 districts will receive approximately \$340,000 in federal IDEA funds. The department is also pleased to report that while SAU wide special education budgets have had moderate increases, the average cost per student remains below 1994-95 figures due to the quality and diversity of in-district services.

All SAU 41 special education staff are highly qualified and dedicated professionals who find great pleasure in servicing the children and families of the Hollis and Brookline communities.

Respectfully submitted,
Robert R. Kelly, MA

Report of the Business Administrator

School Administrative Unit #41, consisting of Brookline, Hollis and Hollis/Brookline Cooperative School Districts, has experienced another educationally successful year. As past history has taught us, when you have successful schools, growth is promoted in student and community populations. Consequently, we are no exception. We continue to grow, as do our operating budgets and physical facilities. We must provide the best we can to carry on the mission of our schools. Through responsibly fiscal controls, our SAU staff have contributed to these successes by providing detailed budget development to all boards and community, extremely successful audits of all school finances in Brookline, Hollis, the Cooperative and SAU #41, sound business practices and financial management of physical plant construction, renovation and more on-going streamlining of our food service program.

I continue to thank our hard-working professional and support staff and dedicated school boards, without whom our successes would not have been possible. Our districts continue to grow, as will our staff, in order to keep up with challenging financial charges. I would like to thank the communities of Brookline and Hollis for their continued support to make our schools places where the children of both communities receive an excellent education and prepare themselves to take their places in society as responsible, educated citizens.

Lee Ann Blastos
Business Administrator

HOLLIS BROOKLINE COOPERATIVE SCHOOL DISTRICT

HOLLIS/BROOKLINE COOPERATIVE SCHOOL DISTRICT WARRANT
The State of New Hampshire

To the inhabitants of the Hollis/Brookline Cooperative School District in the Towns of Hollis and Brookline in the County of Hillsborough, State of New Hampshire qualified to vote in District Affairs.

YOU ARE HEREBY NOTIFIED TO MEET AT THE HOLLIS BROOKLINE HIGH SCHOOL GYMNASIUM IN SAID DISTRICT ON THE THIRD DAY OF MARCH, 2004, AT SEVEN O'CLOCK IN THE EVENING TO ACT UPON THE FOLLOWING SUBJECTS.

1. To elect all necessary school district officers for the ensuing terms by official ballot on March 9, 2004.

Election of two (2) members of the School Board from Hollis for the ensuing three years.

Election of one (1) member of the School Board from Brookline for the ensuing three years.

Election of two (2) Budget Committee Members from Hollis for the ensuing three years.

Election of one (1) Budget Committee Member from Brookline for the ensuing three years.

Election of School District Moderator for the ensuing three years.

2. Petition Warrant Article - New Coop Middle School in Hollis

To see if the Hollis-Brookline Cooperative School District will vote to raise and appropriate the sum of \$10,900,000 for site development, construction and original equipping of a new Cooperative middle school on land, owned by the Hollis/Brookline Coop School District, in Hollis, on available land behind the current Coop High School. This sum to include fees and any items incident to and/or necessary for said construction, and said sum to be in addition to any federal, state, or private funds made available therefore, and to authorize the issuance of not more than \$10,900,000 of bonds or notes, in accordance with NH RSA 33 (Municipal Finance Act), and to authorize the Hollis-Brookline Cooperative School Board to issue and negotiate such bonds or notes and to determine the rate of interest thereon; furthermore, to authorize the interest earned on the investment of these bond proceeds to be used for the above purpose. In addition, to raise and appropriate \$318,000 for the first year principal and interest payment on the bond. (Submitted by petition) The school board does not support this appropriation. The budget committee does not support this article. A two-thirds ballot vote is required.

3. Petition Warrant Article - Two COOP Middle Schools: New Middle School Brookline; Renovate Hollis

To see if the Hollis-Brookline Cooperative School District will vote to raise and appropriate the sum of \$9,769,279 for site development, construction and original equipping of a new Hollis-Brookline Cooperative middle school on land, owned by the Brookline School District and transferred to the Hollis-Brookline Cooperative School District, in Brookline, and for the renovation of the existing Hollis-Brookline Cooperative middle school in Hollis. This sum to include fees and any items incident to and/or necessary for said construction and renovation, and said sum to be in addition to any federal, state, or private funds made available therefore, and to authorize the issuance of not more than \$9,769,279 of bonds or notes, in accordance with NH RSA 33 (Municipal Finance Act), and to authorize the Hollis-Brookline Cooperative School Board to issue and negotiate such bonds or notes and to determine the rate of interest thereon; furthermore, to authorize the interest earned on the investment of these bond proceeds to be used for the above purposes. In addition, to raise and appropriate \$282,533 for the first year principal and interest payment on the bond. (Submitted by petition) The school board does not support this appropriation. The budget committee does not support this article. A two-thirds ballot vote is required.

4. To see if the school district will vote to raise and appropriate the sum of \$7,980,000 (gross budget) for Hollis Brookline Middle School renovation/addition and to authorize the issuance of not more than \$7,980,000 of bonds or notes, in accordance with NH RSA 33 (Municipal Finance Act), and to authorize the school board to issue and negotiate such notes or bonds and to determine the rate of interest thereon. Furthermore to appropriate the sum of \$100,000 representing interest earned on the above bond proceeds to be used for the above purposes. And to raise and appropriate the sum of \$213,742 for the first interest payment on the bond or note. The school board recommends this appropriation. The budget committee supports this article. A two-thirds ballot vote is required.
5. To vote to authorize the school board to enter into a two-year lease agreement for the purpose of leasing three double unit portable classrooms and to raise and appropriate the sum of for the first year's payment for that purpose. This lease agreement contains an escape clause. The school board recommends this appropriation. The budget committee supports this article. The school board recommends this appropriation. The budget committee supports this article.
6. To see if the school district will vote to raise and appropriate the sum of \$68,000 for the purpose of set up and operation of three double unit portables and for an additional staffing costs of \$152,912. Total for this article is \$220,912. If the lease agreement article fails, this article cannot be brought forward and will be null and void. The school board recommends this appropriation. The budget committee supports this article.

7. To see if the school district will vote to amend the Articles of Agreement of the Hollis Brookline Cooperative School District to include an additional article, Article 15, as follows:

To see if the school district will vote to amend the Articles of Agreement of the Hollis-Brookline Cooperative School District to add Article # 15 relating to the procedure that would be implemented in the event that the district desires to accomplish a reduction in the number of grades for which the district is responsible to provide educational services. If adopted the following would be added to the Articles of Agreement as Article # 15:

ARTICLE 15
PROCEDURE FOR THE IMPLEMENTATION OF
A REDUCTION IN GRADE

Pursuant to RSA 195:16-a, the Hollis-Brookline Cooperative District hereby provides that a reduction in grades from 7-12 to 9-12 may be accomplished by the district in the following manner:

A. Initial Vote

The initial vote concerning the question of reduction in grades may be placed on the Warrant at any annual meeting of the district by any lawful means, which vote will determine whether the district wishes to initiate the process that will lead to a vote at the next annual or special district meeting to actually implement the reduction in grades. The Hollis Brookline Cooperative School Board will make the decision about whether the initial vote will occur at the Annual District Meeting or a special district meeting. This **initial vote** will require the steps identified below to be undertaken, all of which must be complied with prior to any **final vote** to accomplish the reduction in grades.

B. Formation of the Grade Reduction Committee

In the event of an affirmative vote by a simple majority of those present and voting at the annual district meeting considering the **initial vote**, the Board of the Hollis-Brookline Cooperative School District shall organize within 30 days a study committee which shall be known as the Grade Reduction Committee, consisting of eleven (11) members, selected in the following manner

The Hollis-Brookline Cooperative School District Board shall appoint two (2) active members of the Hollis-Brookline Cooperative School District, (one being a member of the Cooperative School

Board from Hollis and the other being a member from Brookline); and,

The Hollis School Board shall appoint two (2) representatives of the Hollis School Board; and,

The Brookline School Board shall appoint two (2) representatives of the Brookline School Board; and,

The respective Boards of Selectmen from the Towns of Hollis and Brookline shall appoint one (1) representative of their respective boards; and,

The Hollis Budget Committee, the Brookline Finance Committee, and the Hollis Brookline Cooperative Budget Committee shall appoint one representative of their respective boards.

C. Duties of the Grade Reduction Committee

1. Formulation and Content of Plan The Grade Reduction Committee shall be responsible to study the process of grade reduction and formulate a plan for grade reduction that will provide for a plan relating to **both** financial and educational considerations which shall include the following:

- a. An educational plan containing the manner in which the provision of educational services to the 7th and 8th grade students of the Hollis and Brookline School Districts will be carried out if the reduction in grades ultimately occurs, including, without limitation, a timetable for the implementation of the educational plan; and,
- b. Identification of the facilities in which the provision of these services will occur; and,
- c. A financial plan containing the proposal for any distribution of assets and transfer of property that may be necessary to facilitate the provision of said educational services, including any adjustments that may be necessary to arrive at a fair and equitable distribution of assets and property jointly enhanced or acquired, including, without limitation, a timetable for the implementation of said financial plan.

2. Information Requirements: When considering the three criteria listed above, the Committee shall insure that the Plan contains, without limitation, the following minimum information:

- a. A detailed analysis of the financial consequence of the proposed grade reduction including the comparative costs of the current middle school and the proposed costs of the said program for the pre-existing districts.
- b. A summary of the history of capital expenditures jointly funded through apportionment by the pre-existing districts since the Cooperative School District was created relative to the Hollis Brookline Middle School. This should include identification of the impact of building aid and depreciation. Capital expenditures to date (March, 2004) are:
 - 1993 High School Renovation - \$1,135,000
 - 1999 Middle School Elevator Installation - \$85,000
 - 2003 Middle School Renovation - \$390,700Capital projects after March, 2004 will be added to this analysis.
- c. A detailed education plan for the reduced grades, (7th and 8th), which assures complete compliance with all NH DOE regulations, minimum standards requirements, and any other applicable regulatory standards that would apply to those grades.

3. Plan Submission Once the Committee has completed a Plan containing the foregoing and prior to submitting the Plan to the NH Board of Education in accordance with reference C - (2), the Committee shall conduct a public hearing regarding the Plan which hearing shall allow for public input. Notice of such hearing shall be given in the same manner as any public hearing of the Hollis-Brookline Cooperative School Board provided, further, however that copies of the proposed Plan shall be made public and available to the public at the office of SAU 41, at least 14 days prior *to* said hearing. Following such public hearing, the Committee, within 72 hours, shall determine the final form of the Plan.

4. Time for Plan Preparation and Submission Process The Plan shall be prepared and completed, with specific planning detailed by the preexisting districts to house and educate their grades K-8 children and the public hearing shall be held, within 120 days of the date of the formation of the Committee. Upon such completion the Plan, together with changes arising from the referenced public hearing, (if any), shall be submitted to the Hollis-Brookline Cooperative School Board, for their review and approval. Following

such approval, said plan shall be submitted, simultaneously, to the Hollis School Board, the Brookline School Board and the respective Boards of Selectmen of the Towns of Hollis and Brookline, the State Board of Education, the Hollis Brookline Cooperative School District Budget Committee, Hollis Budget Committee, and Brookline Finance Committee.

D. Presentation of Plan for Final Vote to Legislative Body

1. The Grade Reduction Committee shall present the completed Plan to the Hollis-Brookline Cooperative School Board which shall then prepare and present a warrant article for the approval of an annual or special district meeting seeking ratification of the Plan. While the Plan shall be considered at deliberation at said meeting, it shall not be capable of modification. The purpose of the final vote will be solely to determine whether, based on the information and particulars of the Plan as prepared, the voters of the Cooperative School District wish to proceed with the contemplated reduction in grades. A vote resulting in less than a majority results in return to the Grade Reduction Committee for additional deliberation with return within sixty (60) days to the continued special district meeting for a final vote. A negative vote will require submission of the grade reduction issue by the Cooperative School Board to the next District Meeting to determine if the district wants to continue planning for reduction.
2. Upon final approval of the annual or special district meeting, the grade reduction plan shall be submitted to the NH Board of Education for its approval. If the Plan as presented does not meet the approval of the NH Board of Education, the Grade Reduction Committee shall continue to work with the State Board to arrive at a suitable and agreeable plan which receives the eventual approval of the NH Board of Education.
3. If such **final vote** is in the affirmative, the Plan shall be implemented according to the timetables and conditions contained therein.

E. Amendment of This Article

In spite of the fact that only a simple majority vote is necessary to adopt the within article as an amendment to the Articles of Agreement, and notwithstanding any other language to the contrary in these Articles of Agreement, when and if the within Article concerning a reduction in grades is adopted, no modification or amendment of the same shall be implemented without securing a supermajority of favorable votes

of 2/3 of those present and voting on such amendment. The school board supports this article. The budget committee has not taken a position on this article.

8. To see if the school district will authorize the Hollis/Brookline Cooperative School District to access future year and federal catastrophic aid funds in the event that special education costs exceed budget limitations. The school board recommends this article. The budget committee supports this article.
9. To see if the school district will vote to raise and appropriate a sum of \$299,998 to fund the increase in cost items relative to professional staff salaries and fringe benefits for the 2004-2005 school year which resulted from good faith negotiations with the professional staff, and which represents the negotiated increase over last year's salaries and fringe benefits. Cost item increases in subsequent years will require approval of specific warrant articles at future district meetings. The school board recommends this appropriation. The budget committee supports this article.
10. To see if the school district will vote to raise and appropriate a sum of \$87,721 to fund the increase in cost items relative to support staff salaries and fringe benefits for the 2004-2005 school year which resulted from good faith negotiations with the support staff, and which represents the negotiated increase over last year's salaries and fringe benefits. Cost item increases in subsequent years will require approval of specific warrant articles at future district meetings. The school board recommends this appropriation. The budget committee supports this article.
11. To see if the school district will vote to raise and appropriate \$13,480,911 for the support of schools, for the payment of salaries of school district officers and agents and for the payment of statutory obligations of the district. The school board recommends this appropriation. The budget committee supports this article. This appropriation does not include any of the other warrant articles.
12. To see if the district will vote to raise and appropriate a sum of \$23,000 to initiate a Latin course at Hollis Brookline High School, including salary for the part-time teacher and materials. The program will begin in September 2004. The school board recommends this appropriation. The budget committee supports this article.
13. (Petition Warrant Article - Short Petition Article received first)
To see if the Hollis-Brookline Cooperative School District will vote affirmatively to reduce the grades to 9 through 12 from the current 7 through 12. This is to be undertaken and executed as soon as possible pursuant to Article 15 of the Cooperative Articles of Agreement and/or applicable statute, whichever is

applicable. (Submitted by petition) The school board does not support this article. The budget committee has not taken a position on this article.

14. Petition Warrant Article – Hollis/Brookline Cooperative School District

To see if the school district will amend the Hollis/Brookline Cooperative Articles of Agreement to reduce the number of grades provided by the school district to grades 9-12, and to see if the school district will adopt the Plan provided below, pursuant to New Hampshire State Board of Education “Policy for Cooperative School District To Implement Increase and Decrease in Grades” adopted 21 January 2004.

Background: The Hollis/Brookline Cooperative School District was established in 1992 to educate the students from Hollis and Brookline in grades 7-12. Prior to forming the coop there had been discussion of forming a larger cooperative school district which would also have included Amherst and Mt. Vernon. In forming the Hollis/Brookline Cooperative School District, the voters opted for smaller, more local schools. At the time there were approximately 200 students in the Junior High (now termed Middle School) and 400 students in the High School.

More recently the increasing population of Hollis and Brookline has caused the size of the coop schools to nearly double. Looking forward, the Cooperative School Board is proposing to increase the core capacity of the Middle School to 800 students with an initial capacity of 550 students.

The intent of this article is to return to the earlier concept of smaller more local schools by returning the 7th and 8th grades to Hollis and Brookline School Districts in which the Hollis student population for 7th and 8th grades would be approximately 350 and Brookline’s would be approximately 200.

The Plan for Decrease of Grades 9-12 for the Hollis/Brookline Cooperative School District

1. The effective date for the decrease in grades is 30 June 2005.
2. The Hollis School District will continue to educate all Hollis and Brookline 7th and 8th grade students in the existing facility, which will be the Hollis Middle School, using the current educational program, with modifications as they may from time to time adopt. It is anticipated that the Brookline School District will at some time in the near future provide a facility, the Brookline Middle School, and educational program for the education of Brookline 7th and 8th graders. Until the Brookline Middle School is available, the Brookline School District shall pay tuition costs to the Hollis School District based on Average Daily Membership and 2% per annum of capital costs incurred after 30 June 2005. The Brookline School District shall

provide the Hollis School District notice of not less than ten (10) months of its intent to withdraw its students from the Hollis Middle School.

3. Distribution of Assets and Transfer of Property

- At the time of reduction in grades the Hollis School District shall assume remaining capital debt associated with the current Middle School from the Hollis/Brookline Cooperative School District.
- At the time of the reduction in grades, the current Middle School reverts in ownership to the Hollis School District.
- At such time as the Brookline 7th and 8th graders are withdrawn from the Hollis Middle School, the Hollis School district shall pay to the Brookline School District an equable portion of the capital expenditures undertaken by the Hollis/Brookline Cooperative School District prior to the reduction in grades. These expenditures currently include:

- a) 1993 High School Renovation – \$1,135,000
- b) 1999 Middle School Elevator Installation – \$85,000
- c) 2003 Middle School Renovation – \$380,000

The portion to be paid to the Brookline School District shall

- a) exclude that portion of the capital expenditure reimbursed by state aid,
 - b) shall consider the capital expenditure depreciated at 5% per year, and
 - c) shall be based on the Brookline apportionment for each of the years during which the capital expenditure was being expended or, if a loan, repaid.
4. At such time as the Brookline 7th and 8th graders are withdrawn from the Hollis Middle School, moveable assets such as books, furniture and equipment, but not renewable supplies, acquired by the Cooperative School District prior to the reduction in grades, shall be apportioned between the Hollis Middle School and the Brookline Middle School, or such other terms of compensation as mutually agreed between the parties at the time, based on Average Daily Membership of each of the districts in the year prior to the reduction in grades.

School District Grade Reduction Committee

Within thirty (30) days of the approval of this article the moderator shall appoint a Grade Reduction Committee of the school district to oversee the approval of the grade reduction plan. This Grade Reduction Committee shall be responsible to submit the Plan to the New Hampshire State Board of Education along with the Cooperative School Board's recommendations; and subsequently to modify the Grade Reduction Plan, as required, in response to the State Board of Education review. Following approval of the Grade Reduction Plan by the state Board of Education, the Committee shall initiate the appropriate process for voter approval. If the plan has

been modified, the approval process shall include a public hearing on the revised plan, which hearing shall allow for public input. Copies of the revised plan shall be made public and available to the public at the SAU 41 office at least 14 days prior to said hearing. Following such public hearing, the Committee shall then prepare and present a warrant article for the approval of an annual or special district meeting seeking ratification of the Plan. While the Plan shall be considered at deliberation at said meeting, it shall not be capable of modification. The purpose of the final vote will be solely to determine whether, based on the particulars of the Plan as modified through discussion with the State Board of Education, the voters of the Cooperative School District wish to proceed with the contemplated reduction in grades. In the case of a vote resulting in less than a simple majority the committee shall further modify the plan and continue the approval process. If such **final vote** is in the affirmative, the Plan shall be implemented according to the timetables and conditions contained therein.

In appointing the Grade Reduction Committee the moderator shall request

- Two representatives from the Cooperative School Board, one from Hollis and one from Brookline
- Two representatives from the Hollis School Board
- Two representatives from the Brookline School Board
- One representative each from the cooperative budget committee, the Hollis budget committee, and the Brookline finance committee.

The moderator shall also appoint one citizen from Hollis and one from Brookline to serve on the committee for a total of 11 members. (Submitted by petition) The school board does not support this article. The budget committee has not taken a position on this article.

15. Petition Warrant Article – Supermajority

[This petition warrant article proposes that all future amendments to the Articles of Agreement for the Hollis/Brookline Cooperative School District require a supermajority (two-thirds) vote, instead of a simple majority. The Coop was established by a process that included separate approval votes in each town to form the coop. Since the Articles of Agreement are the foundation of the coop, amending the Articles of Agreement should require more than a simple majority. In a two town coop, the larger town could unilaterally change the Articles of Agreement to benefit itself at the expense of the smaller town. Requiring a supermajority provides a reasonable level of assurance that the proposed amendment to the Articles of Agreement is really in the best interest of the entire coop.]

To see if the Hollis Brookline Cooperative School District will vote to amend the Articles of Agreement of the Hollis Brookline Cooperative School District

by deleting Article 11 as it is currently written and substituting a new Article 11 as follows:

“These articles of agreement may be amended by the Hollis/Brookline Cooperative School District, consistent with the provisions of RSA 195:18 III(i), except that no amendment shall be effective unless the question of adopting such amendment is submitted at a Cooperative School District meeting to the voters of the District after reasonable opportunity for debate in open meeting, and unless a supermajority (two-thirds) of the voters of the District who are present and voting shall vote in favor of adopting such amendment. Furthermore, no amendment to these articles shall be considered except at an annual or special meeting of the Cooperative School District and unless the text of such amendment is included in an appropriate article in the Warrant for such a meeting.”

It shall be the duty of the Cooperative School Board to hold a public hearing concerning the adoption of any amendment to these articles of agreement at least ten (10) days before such annual or special meeting and to cause notice of such hearing and the text of the proposed amendment to be published in a newspaper or newspapers having general circulation in the District at least fourteen (14) days before such a hearing.” (Submitted by petition) The school board does not support this article. The budget committee has not taken a position on this article.

16. Petition Warrant Article (Alternating District Meeting location)

To see if the Hollis Brookline Cooperative School District will vote to amend the Articles of Agreement to add the following language to Article 2: That the location of the Hollis Brookline Cooperative School District Annual Meeting alternate between the towns of Hollis and Brookline. Monthly meetings of the Hollis-Brookline Cooperative School Board will alternate on a monthly basis between the towns of Hollis and Brookline. (Submitted by petition) The school board does not support this article. The budget committee has not taken a position on this article.

17. Petition Warrant Article

To see if the Hollis-Brookline Cooperative School District will vote to:

- A. Raise and appropriate the sum of \$20,000 for increased busing costs related to a change in school hours, and
- B. Direct the Cooperative School Board to begin each school day no earlier than 8:15 AM.

These measures will not become effective unless the Hollis and Brookline School districts vote to accommodate the change in the coop school hours, by altering the

hours of the elementary schools in Hollis and Brookline. (Submitted by petition)
The school board does not support this article. The budget committee has not
taken a position on this article.

18. To transact any other business which may legally come before said meeting.

Given under our hands and seals at said Hollis, New Hampshire on this fourth day
of February, 2004.

Hollis/Brookline Cooperative School District Moderator

Jim Belanger

Hollis/Brookline Cooperative School District Clerk

Mary Kay MacFarlane

SAU #41 Administration

Dr. Kenneth L. DeBenedictis
Lee Ann Blastos
Robert R. Kelly
Carol Mace

Moderator Jim Belanger calls the meeting to order at 7:03 pm

Moderator Belanger introduces students who sing National Anthem.

Moderator Belanger introduces NH State Representatives.

Moderator Belanger introduces assistant moderator Jim Squires.

Moderator Belanger introduces Coop Budget Committee.

Moderator Belanger introduces Lou Ann Parodi, who introduces Coop School Board member and SAU members.

Moderator introduces NH State Senator Jane O'Hearn who gives 2 minute speech

Moderator reviews the rules with the audience for this evening's meeting and lists the order in which the articles will be brought to the floor:

- Article 2 – New School proposal
- Article 3 – Renovation proposal
- Article 10 –Transportation budget
- Article 4 – School Repairs
- Article 5 - Easements
- Article 6 – Catastrophic Funds
- Article 7 – Professional staff sal.
- Article 8 – Support staff salaries
- Article 9 – Operating budget

Moderator Belanger brings Article 2 to the floor for action.

Doug Cecil makes a motion to change the order of the articles and take up Article 3 before Article 2. Forrest Milkowski seconds the motion. The motion carries.

Moderator Belanger calls for a vote: 106 yes, 251 no. 2/3 majority required. The motion is defeated.

Moderator Belanger reads Article 2:

To see if the Hollis/Brookline Cooperative School District will vote to raise and appropriate the sum of \$13,425,000 for site development, construction and original equipping of a new Cooperative middle school on land, owned by the Brookline School District, in Brookline. This sum to include fees and any items incident to and/or necessary for said construction, and said sum to be in addition to any federal, state or private funds made available therefore, and to authorize the issuance of not more than \$13,425,000 of bonds or notes, in accordance with NH RSA 33 (Municipal Finance Act), and to authorize the Hollis/Brookline Cooperative School Board to issue and negotiate such bonds or notes and to determine the rate of interest thereon; furthermore, to authorize the interest earned on the investment of these bond proceeds to be used for the above purpose. In addition, to raise and appropriate \$300,000 for the first year principal and interest payment on the bond (submitted by petition). The school board does not support this appropriation. The budget committee does not support this article. A two-thirds ballot vote is required.

Moderator Belanger reminds the audience that this article exceeds the 10% cap of RSA 32 (Municipal Budget Act).

Don Edson makes a motion to bring Article 2 to the floor. Eric Pauer seconds the motion.

Don Edson makes a motion to amend Article 2 to read as follows: To see if the Hollis/Brookline Cooperative School District will vote to raise and appropriate the sum of \$9,718,000 for site development, construction and original equipping of a new Cooperative middle school on land, owned by the Brookline School District, in Brookline. This sum to include fees and any items incident to and /or necessary for said construction, and said sum to be in addition to any federal, state, or private funds made available therefore, and to authorize the issuance of not more than \$9,718,000 of bonds or notes this year, in accordance with NH RSA 33 (Municipal Finance Act), and to authorize the interest earned on the investment of these bonds proceeds to be used for the above purpose. In addition, to raise and appropriate \$235,999 for the first year principal and interest payment on the bond. (Submitted by Petition). The motion is seconded by Dexter Decker.

Don Edson, Eric Pauer, Ron Young and Ernie Hudziec make the presentation on the amended Article 2.

A lengthy discussion ensued.

Ray Vallee moves the question. Rich Besinger seconds the move. Motion carries by majority card vote.

A vote is taken on motion to amend Article 2. Motion is defeated. Article 2 reads as originally submitted.

Mort Goulder make a motion to vote on Article 2 and Article 3 all day March 6th. Eric Pauer seconds the motion.

Kathy deLacy moves the question. Rich Bensinger seconds the move. Motion is carries by majority card vote.

A vote is taken and the motion is defeated.

Eric Pauer makes a motion for an all day vote on March 6th 7am-6pm for Article 2. The motion is seconded by Dexter Decker.

A lengthy discussion ensued.

Sue Heard moves the question. Ray Vallee seconds the move. Motion carries by majority card vote.

A vote is taken and the motion is defeated.

Ron Young makes a motion to table Article 2. The motion is seconded by Eric Pauer.

Discussion ensued.

Kathy Lewis moves the question. Ray Vallee seconds the move. The motion carries by majority card vote.

A vote is taken and the motion is defeated.

Moderator Belanger opens the polls to vote on Article 2 as originally worded at 8:26 pm.

Moderator Belanger asks to continue the meeting at 8:55 pm. with discussion of Article 3.

Steve Simons, Pat Goyette and Bill Matthews give the presentation on Article 3.

Polls close at 9:30 p.m. on Article 2.

Moderator Belanger announces the vote on Article 2: 121 yes, 704 no. Article 2 is defeated.

Moderator Belanger reads Article 3:

To see if the school district will vote to raise and appropriate the sum of \$8,550,000 (gross budget) for Hollis/Brookline Middle School renovation/addition and to authorize the issuance of not more than \$8,550,000 of bonds or notes, in accordance with NH RSA 33 (Municipal Finance Act), and to authorize the school board to issue and negotiate such notes or bonds and to determine the rate of interest thereon. Furthermore to appropriate the sum of \$100,000 representing interest earned on the above bond proceeds to be used for the above purposes. And to raise and appropriate the sum of \$220,644 for the first interest payment on the bond or note. The school board recommends this appropriation. The budget committee supports this article. A two-thirds vote is required.

Steve Simons makes a motion to bring Article 3 to the floor. The motion is seconded by Lou Ann Parodi.

A lengthy discussion ensued.

Kathy deLacy moves the question. Moderator Belanger denies the request.

Tom Enright challenges Moderator Belanger.

A majority card vote was taken to see if Moderator Belanger was out of order. 343 yes, 255 no.

Motion to move the question by Kathy deLacy seconded by audience.

A majority card vote was taken 290 yes, 340 no. The motion is defeated.

Betty Hall moves to amend the motion on the floor (Article 3) to read as follows: To appropriate the sum of \$2,908,080 for the Hollis/Brookline Middle School renovations and to authorize the issuance of not more than \$2,908,080 of bond and notes and to authorize the school board to issue and negotiate such notes and bonds for a maximum term of five years and to determine the rate of interest thereon. Furthermore to appropriate the sum of \$424,772 for the first years interest and principal payment on the bond note. The motion is seconded by Ernie Hudziec.

Betty Hall and Dexter Decker give presentation on amended Article 3.

A lengthy discussion ensued.

Sue Heard moves the question. The move is seconded by audience. Motion carries by majority card vote.

Petition for secret ballot is received by Moderator Belanger.

Moderator Belanger calls for a ballot vote on amended Article 3.

Moderator Belanger annouces the vote on amended Article 3. 185 yes, 420 no. The motion is defeated.

Mort Goulder makes a motion to have an all day vote on Article 3 on March 6th from 7am to 6pm. The motion is seconded by Lorin Rydstrom.

Discussion ensued.

Mort Goulder amends his motion for an all day vote on Article 3 to include tonight until everyone votes and tomorrow, March 6th from 7am to 6 pm.

A vote is taken. 300 yes, 244 no. The motion carries.

Audience member moves to close debate on Article 3. The motion is seconded by Eric Pauer.

A vote is taken. The motion carries by majority card vote.

Steve Schmalz makes a motion to keep the polls open until 7:00pm on March 6th. Dexter Decker seconds the motion.

A vote is taken. The motion carries by majority card vote.

Melinda Willis moves to do no other business this evening other than to vote.
Lorin Rydstrom seconds the motion.

A vote is taken. The motion carries by majority card vote.

The polls are opened and the meeting is adjourned until March 6th at 7:00pm.

Respectfully Submitted,

Moderator Jim Belanger closes the polls at 7:01 pm

Moderator Belanger calls the meeting to order at 7:25 pm.

Moderator Belanger introduces students who sing National Anthem.

Lou Ann Parodi gives thanks to Marygrace DiGiacinto for her service to the Coop Board and presents her with a print of Hollis.

Moderator Belanger brings Article 5 to the floor and reads it:

To see if the school district will authorize the school board to convey an access, drainage and sidewalk easement on the west side of Route 122 as shown on the Route 122 sidewalk plan of the Town of Hollis. The school board recommends this article. The budget committee has not taken a position on this article.

Lou Ann Parodi makes a motion to take up Article 5. Tom Enright seconds the motion. The motion carries by majority card vote.

Tom Enright moves Article 5, Lou Ann Parodi seconds.

Tom Enright makes a presentation on Article 5.

A vote is called on Article 5. A majority card vote is taken. Article 5 is approved.

Moderator Belanger announces the vote on Article 3. Article 3 is defeated. 1083 yes, 617 no. Article 3 is defeated by 39 votes.

Doug Cecil makes a motion to reconsider Article 3. The motion is seconded by Lou Ann Parodi.

A lengthy discussion ensued.

Moderator Belanger calls for a majority card vote. 170 yes, 140 no. The motion carries. Article 3 will be reconsidered.

A motion is made to reconsider Article 3 on March 17th at the H/B High School at 7:00 pm by Doug Cecil. The motion is seconded by the audience. A majority card vote is taken. The motion carries.

A motion is made to table all articles until March 17th by Lorin Rydstrom. The motion is seconded by the audience. A majority card vote is taken. The motion is defeated.

A motion is made to reconsider Article 3 on March 15th at 9:00 am by Ernie Hudziec. The motion is seconded by audience. A majority card vote is taken. The motion is defeated.

A lengthy discussion ensued.

John Lombard make a motion to take Article 10 out of order and make it the next order of business. The motion is seconded by the audience. A majority card vote is taken. The motion carries.

Moderator Belanger reads Article 10:

To increase the transportation budget, up to a maximum of \$55,000, for the purpose of changing the schedule of the Hollis-Brookline Cooperative schools to accommodate a later opening; ideally 8:30 AM. This budget increase shall only become effective if the Hollis and Brookline Elementary schools agree to adjust their schedules in a manner that allows the Coop Schools to open after 7:45 AM. (submitted by petition). The school board does not recommend this appropriation. The budget committee does not support this request.

Moderator Belanger brings Article 10 to the floor.

A motion is made by John Lumbard to move Article 10. The audience seconds the motion.

John Lumbard makes a presentation on Article 10.

A lengthy discussion ensued.

Kathy Lewis moves the question. Janet Listowich seconds the motion. A majority card vote is taken. The motion carries.

Article 10 is called to a vote. The motion is defeated.

Tom Enright makes a motion to take up Article 6 out of order. Lou Ann Parodi seconds the motion. A majority card vote is taken. The motion carries.

Jim McBride makes a motion to act on Article 6. The motion is seconded by Marygrace DiGiacinto.

Moderator Belanger reads Article 6:

To see if the school district will authorize the Hollis/Brookline Cooperative School District to access future year and federal catastrophic aid funds in the event that special education costs exceed budget limitations. The school board and budget committee recommend this article.

Moderator Belanger calls Article 6 is called to a majority card vote. The motion carries.

Tom Enright makes a motion to take up Article 4 after reconsideration of Article 3. The motion is seconded by Tim Bevins. A majority card vote is taken. The motion carries.

Tom Enright moves Article 7. Pam Kirby seconds the motion.

Moderator Belanger reads Article 7:

To see if the school district will vote to raise and appropriate a sum of \$288,026 to fund the increase in cost items relative to professional staff salaries and fringe benefits for the 2003-2004 school year which resulted from good faith negotiations with the professional staff, and which represents negotiated increase over last year's salaries and fringe benefits. Cost items increase in subsequent years will require approval of specific warrant articles at future district meetings. The school board recommends this appropriation. The budget committee does not support this article.

Tim Bevins presents Article 7.

Discussion ensued.

Article 7 is called to a majority card vote. The motion carries.

Steve Simons moves to restrict reconsideration of Article 7. The motion is seconded by Doug Cecil. A votes is taken. The motion carries.

Tom Enright moves Article 8. Lou Ann Parodi seconds the motion.

Moderator Belanger reads Article 8:

To see if the school district will votes to raise and appropriate a sum of \$107,200 to fund the increase in cost items relative to support staff salaries and fringe benefits for the 2003-2004 school year which resulted from good faith negotiations with the support staff, and which represents the negotiated increase over last year's salaries and fringe benefits. Cost items increase in subsequent years will require approval of specific warrant articles at future district meetings. The school board recommends this appropriation. The budget committee supports this article.

Lou Ann Parodi gives a presentation on Article 8.

Moderator Belanger calls Article 8 is called to a majority card vote. The motion carries.

Roger Saunders makes a motion to table the remaining articles, Article 9 and 11, until after reconsideration of Article 3. The motion is seconded by Eric Pauer. A majority card vote is taken. The motion carries. 130 yes, 72 no.

Steve Simons moves to adjourn until March 17th. Tim Bevins seconds the motion. A majority card vote is taken. The motion carries.

Moderator Belanger calls meeting to order at 7:03pm.

Pledge of Allegiance

Order of Articles

Article 9
Article 3
Article 4
Article 11

Moderator Belanger addresses meeting. This is an adjourned meeting from March 6th. The March 6th meeting brought out emotions and comments which really do not belong at an orderly town meeting. Despite an attempt to pre-empt such contention, emotions overcame reason and everyone lost as a result. Since that meeting, there have been numerous phone calls to my home, letters to the editor in local news media and promises of motions and actions to be taken at tonight's meeting.

At the March 6th meeting, there were several "Points of Order" made to the moderator which were not really points of order but merely an expression of displeasure because the meeting was not going according to the individual's liking. A point of order is made by a voter when he or she feels that an action taken is wrong and needs to be corrected before any other business gets conducted. A point of order is made when the mover wants to halt the meeting and change direction.

Robert's Rules are used as a guide. This has been the case in Hollis Town Meetings and in Hollis-Brookline Cooperative District Town Meetings ever since I can remember. The moderator, with agreement from the voters, conduct the meetings to the best of his/her ability and decides on the conduct of the meeting as issues arise. The moderator is a person that is well versed in the conduct of Town Meetings both from personal experience, attendance at Moderator Workshops put on by the State of NH and by studying Robert's Rules of Order and more specifically, the State of NH Moderator handbook which discusses the conduct of NH Town and School District meetings. The two documents do not always agree as the NH document was written with what has become the accepted practice within the State over years of Town Meetings. There are those who consider themselves parliamentarians and who feel they know better. There comes a time when one has to decide if the moderator is taking a course of action tht is different that expected but still correct or if that course of action is dead wrong. If one feels it is dead wrong and not an option open to the moderator, one should challenge the action or ruling. If, however, that action or ruling is within the prerogative of the moderator, who has a huge leeway in the conduct of the meeting, then one should learn to live with the fact that things are not going their way. If this becomes routine and the moderator often takes a course of action that is not to the liking of most voters, then elect a new moderator. Challenges and points of order every five minutes are not in keeping with an orderly meeting and may result in a determination that a person who continually disrupts the meeting is out of order.

In keeping with that, I expect nobody to be standing in the back of the room. Everyone should be seated. Chit Chatting during the meeting is disruptive. I have been informed by several people that they heard some making loud remarks and foul comments to others which I could not hear. Shame on those who are witness to such behavior and who do not bring it to the attention of the moderator or one of the poll officers. By ignoring such behavior, you contribute to disorder.

Now, I have been approached by several voters, some I don't know and some who are friends. I have been asked to waive the 2 minute ruling on comments that this body adopted so that they might make longer addresses to you. If the two minute rule was good last week, it should be good tonight and I am sorry to disappoint but I will do my usual warning of time expiration at two minutes and then use my judgment as to whether to interrupt or let someone conclude their remarks in the next 15 seconds. However, I reserve the right to do that and do not need to be reminded that a person's time is up by the members of the audience.

I have received phone calls that indicate my ruling, at the start of the first night of this meeting, that a motion to table article 2 or 3 would require a 2/3 vote will be challenged. We don't need to start out this night's meeting with challenges and attempts to change the format of the meeting with the challenges and established at the beginning. In respect for those who feel that a majority vote was enough to reconsider – results in a majority vote being enough to table, – I will say this. I have looked at the NH Moderator's guide book and the Robert's Rules of Order. The motion to table is dealt with in two different ways in each publication. It is clear to me that a motion to table an article to a different time when it is expected to be taken off the table requires only a majority vote. However, any motion to table (which is not debatable, by the way) which intends to stop action on an article indefinitely and end debate on it always requires a 2/3 vote. Unknown to most, the motion to "Move the Question" which ends debate and is itself not debatable, requires a 2/3 vote. Any time the voters are asked to give up their right of debate or further input; a 2/3 vote is required as it limits a voter's opportunities.

Now, this brings us to tonight's business. As we left the last meeting on March 6, we were addressing the warrant articles and the next one to be addressed was Article 9. This is the budget article and is not affected by action on Article 3 or Article 4.

If we follow our process, Article 9 should be taken up next followed by Article 3 for it's reconsideration and then Article 4. If we choose to change the order in which these articles are to be taken up, we need a 2/3 vote to do so. If we don't do that, we will undoubtedly debate Article 3 until late in the evening no matter what the conclusion and then possibly push action on Article 9 to another night even if reconsideration on Article 3 is defeated. I do not advise taking this course of action.

With respect to Article 3. Emotions are high, opinions are varied and we might be here for a very long time if we don't try and keep to the subject. We should not be talking about the vote that has been taken, was passed and we should deal with what we have at this point and not on what should have been. There are three ways to go on this article.

1. Vote on it as printed
2. Amend it and vote.
3. Table it.

Since the meeting of the 6th, the members of the Cooperative District School Board have discussed options among themselves but, since no meeting could be posted, could not take official action. Before this meeting tonight, they did get together, however, and the School Board chair will tell us about that meeting. I ask you to place your displeasure at past actions aside with respect to what happened on March 6th and think of the good of the District and its children. Listen to the School Board, provide them with direction on where to go from here. Article 3 is still a school board motion so, listen to them with regard to Article 3 and let's move on.

If you feel there is merit in this course of action, I would suggest the following: Let's bring up Article 9 to the floor and deal with it. Then, let's take up Article 4 and possibly pass that in the affirmative on the condition that action on Article 3 ends in a complete defeat. I will help you word that motion, should that be your pleasure. Then we move to restrict reconsideration on Article 4 through Article 10. This would leave only Article 3 and 11 (which does not authorize an appropriation) open for the remainder of this evening's meeting. We could then discuss, amend, table and otherwise act on Article 3. If it comes to that, we can open the polls on Article 3 for 1.5-2 hours this evening and bring this District meeting to a close after the results are announced. Even if an all day vote is the result, the meeting can be adjourned after that vote is counted by anyone in attendance and not have to reconvene another night to announce the vote and adjourn the meeting. We can do this if we act on Article 9 and 4, restrict reconsideration and have only Article 3 and 11 left over. We can act on Article 11 during or after the vote on 3.

Your cooperation on getting this done is required.

Lou Ann Parodi addresses meeting.

Moderator Belanger brings Article 9 to the floor.

Moderator Belanger reads Article 9: To see if the school district will vote to raise and appropriate \$12,795,997 for the support of schools, for the payment of salaries of school district officers and agents and for the payment of statutory obligations of the district. The school Board recommends this appropriation. This appropriation does not include any of the other warrant articles.

A motion to move Article 9 by Tom Enright. Second by Tim Bevins.

Tom Enright gives presentation on Article 9.

Bill Matthews gave the tax impact of Article 9. Ray Valle gave a minority opinion from the budget committee.

Mort Goulder makes motion to amend budget to add \$100,000 to budget for Technology. Steve Lewis seconds the motion.

Discussion ensued.

A majority card vote is taken. The motion is defeated.

A motion is made by Kathy O'Sullivan to add \$15,000 to the budget to cover the cost of professional services related to the development of a community outreach program.. Seconded by Sue Heard. Kathy O'Sullivan spoke to her amendment.

Discussion ensued

Move the question Melinda Willis. Seconded by Ray Valle. A majority card vote was taken to end debate. The motion carried and debate has ended.

A majority card vote was taken on Kathy O'Sullivan's amendment to add \$15,000 to the budget. The motion is defeated.

Moderator Belanger calls Article 9 to a majority card vote. The motion carries in the affirmative.

A motion to bring Article 4 before Article 3 by Anne Caldwell. Second by Rich Bensinger.

Moderator Belanger says that Article 4 is next item and does not need a motion.

Moderator Belanger brings Article 4 to the floor.

Moderator Belanger reads Article 4: To see if the school district will vote to raise and appropriate a sum of \$395,700 to fund the necessary repairs of the Hollis Brookline Middle School and to purchase replacement furniture and equipment. Repair projects totally \$365,700 includes roof and boiler replacement, installation of air circulation equipment and removal of carpeting in several classrooms and replacement with vinyl tile. The \$30,000 balance in article covers the cost of replacement classroom furniture and audio-visual equipment. The school board recommends this appropriation. The budget committee supports this article. In the event that Article 2 or 3, pass this article will be withdrawn.

Motion to act on Article 4 by Tom Enright. Second by Tim Bevins.

Motion to amend Article 4 by increasing the budget by \$70,000 to \$465,700 for the purpose of a community survey, improved security at the Farley building and enclosing the fire escape at the Farley building by Tom Enright. Second by Lou Ann Parodi.

A lengthy discussion ensued.

Dana Albrecht moves the question. Seconded by Jerry Walsh. A majority card vote is taken. The motion is carried in the affirmative.

Dana Albrecht challenges the vote. Seven audience members agreed with this challenge. A hand count was done. 409 yes and 259 no.

Move to table Article 4 by Harry Rogers. Second by Mike Harris. A majority card vote was taken. Motion was declined.

Art Brunage moves the question. 2nd audience member seconds motion. Motion carried and debate has ended.

Moderator Belanger called for a secret vote on Article 4.

Mr. Gardener makes a motion to table Article 11 which states to transact any other business which may legally come before said meeting. The motion is seconded by a member of the audience. A majority card vote was taken. Motion carried in the affirmative.

Voting closed on Article 4 9:40 pm.

Move to restrict reconsideration on Articles 4-11 by Tom Enright. Second by Lou Ann Parodi. A majority card vote was taken. Motion carried.

Moderator Belanger announces the vote on Article 4. 620 yes, 145 no.

Sue Heard makes a motion to amend Article 3 to be \$2,918,000 in a ten-year bond. Second by Kathy Lewis.

Discussion ensued.

Kathy James moves to vote tonight and all day tomorrow from 7-7 pm on Article 3. The audience seconded the motion.

Lou Ann Parodi requests a caucus for the School Board from Moderator Belanger. The moderator grants the caucus.

Discussion ensued.

A presentation was given by Betty Hall on Sue Heard's motion to amend Article 3 to \$2,918,000.

A lengthy discussion ensued.

Sue Heard amends her motion to be \$2,908,000. The amendment excludes the \$10,000 for the study

Steve Harley moves he question of voting tonight and tomorrow. Jerry Walsh seconds the motion. A majority card vote is taken. The motion carries in the affirmative.

Moderator Belanger calls for vote on the amendment to Article 3. A majority card vote is taken. 250 yes, 356 no. The motion is defeated.

A motion to table Article 3 by Lorin Rydstrom. Second by Eric Pauer. A majority card vote is taken. 422 yes, 96 no.

A motion to rescind the all day vote and adjourn the meeting by Lorin Rydstrom . Seconded by Ray Valle. A majority card vote was taken. The motion carries in the affirmative.

Respectfully Submitted,

Mary Kay MacFarlane

Hollis Brookline Middle School

Annual Report 2003-2004

As principal of Hollis Brookline Middle School, I am both pleased and proud to submit this report to the citizens of Hollis and Brookline.

ENROLLMENT

At present there are four hundred and fifty-two (452) students. During my six-year tenure that is close to a one hundred percent increase. The need for more space continues to be paramount, as four teachers (health, music, Spanish, reading) must share classroom space and instruct from a cart.

STAFFING

We are proud to welcome our new staff members. Their skill, style and compassion have served to enhance our educational community.

Ms. Christine Grieff - Guidance

Mr. Timothy Hildreth - French Teacher (P.T.)

Miss Erin White - Health Teacher (P.T.)

Special education services are delivered within an exemplary model of inclusion. Our paraprofessionals are key to the success of our program.

Mrs. Marsha Cone-Roddy

Mrs. Stephanie Fuller

Mrs. Patricia Pallies

Mrs. Donna Sadkowski

Mrs. Maryann Sidebotham

Finally, Ms. Kimberly Rizzo was hired as the assistant principal. Ms. Rizzo brings experience from her years as a social studies teacher at Londonderry Middle School and most recently as a Curriculum Coordinator from the humanities at Londonderry High School.

BUILDING INITIATIVES

Our **Best Schools Leadership Initiative** reached its final stage of implementation. Skill-based advisory groups meet daily for the first twenty minutes of the day. ROCK is the acronym for Reading, Organization, Communication and Knowledge. Research states that academic achievement will increase as a result of a positive adult relationship during the emerging adolescent stage of development.

Technology continues to be a primary focus. The staff at Hollis Brookline Middle School has embraced technology as the tool it is intended. Email communication has grown tremendously beyond interschool boundaries to parents. Homework is posted daily by 4:00 PM on our school web site and individual teachers have created valuable web pages that provide study guides, interactive applications and current events.

Differentiated instruction continues to be a primary focus for SAU 41. Our national consultant, Richard Strong, returned in the Spring of 2003 to follow through with professional development designed to articulate standards across all content areas.

PARENT, TEACHER, STUDENT ASSOCIATION

Our PTSA continues to be a strong foundation to our success. Twenty plus parents meet monthly to discuss what is affecting our adolescents, what we can control and how to make a positive difference.

The Staff Appreciation Committee out did itself with a Turkey Feast to include all the fixings. The recognition for daily diligence is greatly appreciated.

We applaud the work of Denise Hurt as our *Knightly News* publisher. The guaranteed communication 6-8 times per school year is an essential tool during these adolescent years.

The Hollis Brookline Middle School Parent Association continues to receive the Blue Ribbon Award for volunteerism. We are proud of our parent involvement and recognize their contributions.

EXTRA-CURRICULAR

Exemplary middle schools boost connections with students beyond the school day. Hollis Brookline Middle School offers diverse opportunities for students to become involved to include a variety of interscholastic sports and intramurals, yearbook, drama, choral, band, art, chess and Student Council. Recognition assemblies honor students four times a year for their academic and extracurricular accomplishments.

SUMMARY

We continue to strive for balance with academic rigor and care for our young adolescents. I am proud to work with the HBMS staff, students, parents and community members from Brookline and Hollis.

Respectfully submitted,
Patricia Lewis Goyette, Principal

HOLLIS BROOKLINE HIGH SCHOOL

TOWN REPORT

2003-2004

Hollis Brookline High School has experienced considerable growth and achievements this past year. With the strong support of our two communities, we have been able to expand our course offerings, strengthen our curriculum and offer additional extra-curricular activities for our total student body.

On the testing front, I am extremely proud of all the members of the class of 2005 for their outstanding performance on the State of New Hampshire Education Improvement and Assessment testing program. Our HBHS tenth grade students obtained the highest score in the entire State! They far exceeded our goals to raise all scores and move students into the upper categories of Proficient and Advanced. Our staff, administrators, and SAU #41 Directors also deserve credit for their efforts and dedication towards improving our scores. Our SAT scores were also above average and comparable to the best of New England's public schools.

With the assistance of Ms. Carol Mace, our District Director of Curriculum, our department chairs, and faculty, we have been able to offer new courses to challenge all students to achieve at higher levels, become critical thinkers, incorporate higher order thinking skills into our courses and review and write curriculum.

We have been very busy with our NEASC Self-Study in preparation for our 2005 accreditation visit by the New England Association of Schools and Colleges. This involves an enormous amount of work by our staff and communities.

During their first year of competition, our US First Team scored very well in the robotics competition. Under the guidance of Neil Rosenberg, this group along with the entire technology center has flourished. New programs were added and participation remains at a high level.

This year football was instituted as a club sport. With the strong support of our School Board and Football Boosters Club, approximately 45 students participated. They enjoyed an exceptional season and we see nothing but positive growth over the next few years. Many thanks to all the parents and friends who attended the games and lent support to the program.

The high level of participation in all sports is an indicator of our successful athletic/sports programs. In addition, several teams, including soccer, baseball, volleyball, and basketball qualified for tournament play. The volleyball team, led by Coach Balfour won the State Championship in their division and Suzanne Flaherty was selected as Player of the Year.

Our Musical and Performing Arts program continues to present high quality and exciting concerts, musicals, and shows for the students and communities. At this writing, students are busily preparing for the annual Spring Musical, "Anything Goes". Drama Director, Elyse Tomlinson, and Music Directors, Karen Sayward and Rod Ferland along with Technical Director, Mark Illingworth continue to motivate and encourage students to participate in their programs. Mr. Ferland is retiring this year after many years of service to the school and community. He will be sorely missed!! Additional assemblies have been held throughout the year to recognize Spirit Week, Social Awareness, A World of Difference, and Academic and Athletic Achievement.

Our new AP Biology course, taught by Rod Clark was well received, successful, and has certainly offered an additional challenging curriculum as well as improving our school profile. In addition, AP and SAT Review courses are offered to prepare students for College Board testing. An AP US History course is one of the new courses being offered for the 2004-2005 school year.

I take pride in my role as Principal of such an excellent secondary school and an SAU Board and Central Administration committed to excellence and the goal of providing a challenging educational experience for all students. My thanks and appreciation to the School Board, Superintendent DeBenedictis, Business Manager Leeann Blastos, and my dedicated faculty and support staff for their commitment and support. I also thank the communities of Hollis and Brookline for their continued support as we strive for excellence and research how we can do what we do better. Your enthusiasm is our motivation!

Respectfully submitted

Charles W. Flahive, Principal
