ANNUAL REPORT 2006

**KINGSTON
NEW HAMPSHIRE**

DEDICATION
OF THE

2006 ANNUAL REPORT

Each year, the Town of Kingston is proud to honor one of its own who has made a significant contribution to our community. It is with sincere gratitude that the 2006 Annual Report is dedicated to

CAROLYN D. HARLOW

Carolyn was raised in Swampscott, Massachusetts and after living in Byfield, Massachusetts for a number of years, moved to Kingston in 1967.

While in Byfield, Carolyn was very active with the Girl Scouts of America and served as their Camp Director for many years. Even after moving to Kingston, she continued her involvement with the Girl Scouts Organization.

Since coming to Kingston, Carolyn has volunteered her services to the Town in many ways. She was an active participant of the Planning Board for many years and also served as the Board's Secretary.

Carolyn was also instrumental in forming the Solid Waste Task Force and has served as Chairperson for many years. This group actively promotes recycling and sponsors a waste oil collection once a month. Carolyn has also obtained grant monies to help defray the costs of Household Hazardous Waste Collections. Not only does Carolyn help organize these collections, she is also an active participant in the collection process itself!

Most of you are probably most familiar with Carolyn through her work for the Kingston Days Celebration each August. She can be found at the Ko-Mi-Tee Kitchen Food Tent from early morning through late night each day of the Celebration. Carolyn works with the Kingston Days Committee all year in preparation for that weekend. It is a year-long effort to procure family entertainment and coordinate fun events. Carolyn is an active participant in all the preparation!

Carolyn retired from the U.S. Postal Service after serving over twenty years. She continues to work part-time for Safeway Transportation.

In years past, Carolyn participated in the Sled Dog Races and July 4th Celebrations which were once held on the Plains. At one time, she also bred and raised race horses.

And so, it is with great pride and appreciation that we recognize Carolyn Harlow for her many contributions to Kingston and are pleased to dedicate to her this 2006 Town Report.

MINUTES OF DELIBERATIVE SESSION

FEBRUARY 7, 2006

Meeting was called to order at 7:00 PM at the Town Hall by the Moderator, Electra L. Alessio. The Moderator introduced the Selectmen: Charles A. Hart, Chairman Mark A. Heitz and Peter V. Broderick. She also introduced Bettie C. Ouellette, Town Clerk – Tax Collector, as well as the following Budget Committee Members: Debra F. Powers, Chair; Lynn L. Gainty, Vice-Chair; Gloria M. Parsons; Carla Crane; Marilyn B. Bartlett; Sandra Seaman; Gary Finerty; Edward Conant; Karen Rota; Jennifer Gillespie. Two members were absent: Roxanne Moore and Kevin Burke.

The meeting was televised. The Moderator welcomed everyone and the flag of our Country was saluted. The Moderator announced that the Kingston B.P.W. will be hosting the Candidates' Night on February 22nd at 7:00 PM in the Town Hall. The voting will take place on March 14th, 8:00 AM to 8:00 PM at the Town Hall.

The Moderator corrected the Officers to be elected in Article 1: The State Senator and eight Representatives to the General Court will be elected in the Fall. There will be two (and not three) Library Trustees for a term of three years, and the Alternate Planning Board members are chosen by the Planning Board – not elected.

ARTICLES 2 through 10 are Zoning Questions and as the Planning Board had previously held public hearings on these, there was no action on these items.

ARTICLE 2: Are you in favor of the adoption of Amendment number 2 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Add the following language to Article XXIII, Innovative Zoning Ordinance (IZO) paragraph 23.20.5:

All wetland in the project plus a minimum of 1/3 or 33% of the total project upland area shall be set aside for open space of which forty percent (40%) shall be contiguous.

Insert after "ways(:)." the following to become the last sentence of the paragraph: The Planning Board reserves the right to approve, from the options below, the holder of open space rights.

Topical Note: The first section of this amendment clarifies that a percentage of wetland areas need to be contiguous and the second section allows the Planning

Board a greater role in determining how open space will be handled in each development.

ARTICLE 3: Are you in favor of the adoption of Amendment number 3 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

In Commercial Zone C-I and C-II add the following to permitted uses:

Professional office and business parks and business center development.

ARTICLE 4: Are you in favor of the adoption of Amendment number 4 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend the innovative zoning ordinance by adding the following language to become a new paragraph B in section 23.20.2, Building Density:

In those zones that permit multi-family housing, the residential unit calculation result may be converted to a bedroom count by multiplying the unit total by a factor of 4 (e.g., 15 units yield a bedroom count of 60). The total bedrooms may then be configured by the applicant into dwelling units of 1-4 bedrooms, with no more than 6 units per structure.

Twenty-five percent (25%) of such units shall not exceed 1200 sq ft. of heated living space (this excludes basements, breezeways, garages and porches). All unit deeds shall contain covenants that prohibit expansion of the heated living space. The remaining units are not restricted in maximum size.

And to repeal section 23.20.7 regarding the single bedroom apartment requirement in the present ordinance.

Topical Note:

This amendment allows greater development flexibility for those individuals utilizing the Innovative Zoning Ordinance. It also deletes the existing requirement for a quadplex of single bedroom units.

ARTICLE 5: Are you in favor of the adoption of Amendment number 5 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend the town's home occupation ordinance at section 7.90.3.h by replacing "two (2) tons gross weight with "twelve thousand (12,000) lbs Gross Vehicle Weight Rating".

Topical Note:

This amendment is made to allow vehicles commonly used in home occupations to be located on the residential property.

ARTICLE 6: Are you in favor of the adoption of Amendment number 6 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend Article VI, section 6.10.2 by adding a second paragraph to read as follows:

Before an occupancy permit shall be issued, certification will be provided by the Building Inspector that the site is in compliance.

ARTICLE 7: Are you in favor of the adoption of Amendment number 7 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend the Innovative Zoning Ordinance by adding a second paragraph under 23.10, Procedures, to include the following language:

For all residential subdivisions or residential site plans of 20 acres or more the Planning Board shall have the option to require any conventional subdivision applicant to also present an innovative zoning plan. The Board shall retain the discretion to require such application to be developed as an innovative zoning application.

Topical Note:

This amendment requires developers of any proposal of twenty acres or greater to submit a conventional subdivision plan as well as an innovative zoning plan. In this way, the Town should benefit by the better proposal being developed.

ARTICLE 8: Are you in favor of the adoption of Amendment number 8 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend Article IV, Section 4.50, Housing for Elderly District by adding new criteria to become section 4.50.4 as follows:

Elderly Housing

A. Authority

In accordance with RSA 674:21(c), (f), (h) and (k), this ordinance is adopted to permit the establishment and construction of affordable and market rate elderly housing in Kingston. Consistent with the provisions of RSA 674:21, the ordinance provides for a use incentive that permits increased densities and development flexibility.

B. Purpose

This ordinance seeks to address the housing needs of the elderly, and to encourage the development of such housing to meet the needs of persons who have lived in Kingston and who would like to continue to reside in Town, but who are no longer able or interested in residing in and maintaining a conventional residence. The ordinance also seeks to address the economic needs of those elderly who are unable to afford market rate housing in their retirement years. This ordinance is divided into two parts: Affordable Elderly Housing, which aims to provide housing for persons over the age of 55 who meet certain state and federal maximum income criteria and which generally appeals to retirees on a limited or fixed retirement income, and Market Rate Elderly Housing, which is housing restricted to occupancy by persons over the age of 55, but which has no income eligibility criteria. This ordinance encourages the development of elderly housing by permitting such housing to be developed at a unit density and with a certain amount of planning flexibility that is greater than that permitted for conventional single family housing development. The Townspeople recognize that one aspect of elderly housing development is that the housing built will continue to be put to this use in perpetuity, consistent with restrictive covenants allowed by state and federal law that permit occupation to be limited exclusively to persons over age of 55. The effect of such age restricted occupation is that this housing will add no school aged children to the Town's school enrollment, yet such housing will be assessed for purposes of property taxation at the fair market value of such housing, thereby paying the full municipal, school, county and state property tax rates. The net effect of such assessment and taxation is to create a significantly positive tax impact when measured against the demand for school and municipal services that elderly housing creates.

C. Definitions

- 1) "Affordable Elderly Housing" is housing where one hundred percent (100%) of the Units approved and constructed shall meet the guidelines of applicable state and federal affordable housing income eligibility criteria. Affordable Elderly Housing shall be designed and constructed in accordance with the State of New Hampshire Architectural Barrier Free Design Code, as amended. It shall be operated by or funded by a federal, state or non-profit program that provides below market rate housing as part of its purpose.
- 2) "Bedroom" shall mean a room (other than a bathroom), with an interior door and closet.
- 3) "Market Rate Elderly Housing" shall mean housing that is permitted and constructed without regard to market subsidies, or state or federal income eligibility considerations.
- 4) "Unit" shall mean a single residential dwelling, with no more than two (2) bedrooms.

I. AFFORDABLE ELDERLY HOUSING:

A) **Location:** this use is permitted by a special use permit granted by the Planning Board as an overlay use in the portion of the R-34 zoning district that is SW of Route 125 and the R-33 zoning district.

B) **General Standards:**

All Affordable Elderly Housing developments shall conform to the following standards:

1) **Dimensional and Density Requirements:**

- a) Maximum density: six (6) Units per acre of gross tract area excluding all wetlands as defined by this ordinance.
- b) Minimum acreage: ten (10) acres.
- c) Maximum building height: thirty five (35') feet, measured at the top of the roofline.
- d) Maximum building floors/stories: two (2)
- e) Minimum Lot Frontage: at least sixty (60') feet on a public road.
- f) Minimum Lot Setbacks: Setback requirements for exterior boundaries must be met, however, the dwelling units may be clustered within the gross tract area.
- g) All dwelling units shall have a minimum floor area of 600 square feet and the master bedroom shall be on the primary floor.

2) **Other Standards:**

- a) Units shall be specifically designed to provide housing for elderly residents, and shall contain the usual amenities and living aids found in housing designed for use by the elderly. The applicant shall demonstrate that each Unit shall be designed to meet the needs and accessibility requirements of the elderly as reflected in HUD's Fair Housing

Accessibility Guidelines. Units shall have a maximum of two bedrooms. Buildings shall be separated by a minimum space of thirty-five (35') feet. No individual Unit shall exceed 1,500 square feet of living space.

- b) Parking facilities shall comply with existing site plan review regulations, unless the Planning Board authorizes waivers following submission of information showing a decreased need for on-site parking. The Planning Board may require land to be set aside for future expansion of parking facilities and may require a performance security be posted by the applicant to ensure its construction in the event actual parking demand exceeds the amount required to be constructed after a waiver has been granted.
- c) Units may be owner-occupied or rented. However, all permanent resident/ occupants of all Affordable Elderly Housing Units shall be at least 55 years of age. "Occupant" shall mean any person who stays overnight in a Unit for more than twenty-one (21) days in any sixty (60) day period or for more than thirty (30) days in any 12-month period. The over 55 age restriction shall not apply to persons who stay overnight to provide nursing or physical assistance care to a unit resident, or to related family members who are over the age of twenty-one (21) and who have a physical or mental disability as determined by applicable law.
- d) The design and site layout of all such Affordable Elderly Housing developments shall compliment and harmonize with the rural character of the Town of Kingston, shall maximize the privacy of dwelling Units and preserve the natural character of the land.
- e) All such Affordable Elderly Housing development shall make provision for pedestrian access within the development and, to the extent possible, to off-site community facilities.
- f) All such Affordable Elderly Housing developments shall be landscaped to enhance their compatibility

with surrounding areas, with emphasis given to the utilization of natural features wherever possible.

- g) The perimeter of all such Affordable Elderly Housing developments shall be treated with a landscaped buffer zone of a minimum of twenty-five feet (25') which may consist in whole or in part of existing natural growth.
- h) Existing trees and vegetation must be incorporated into the landscaped buffer and landscape design. Fencing alone shall not be considered an acceptable method of screening, but fencing may be an element of design.
- i) The Planning Board may require that all roads within the development shall be privately owned and built according to Town standards.
- j) The Planning Board retains the right to approve the specific road construction and width and structure layouts for the purpose of the health, safety, and welfare of the town as well as for efficiency and aesthetic variety and quality of design.
- k) Conversion of Affordable Elderly Housing to other uses shall not occur unless the proposed use complies with all then applicable zoning and site plan regulations, even if such conversion requires the demolition of excess Units.
- l) The Planning Board shall maintain and exercise the authority to approve or disapprove all proposed Affordable Elderly Housing developments. The Planning Board shall act reasonably in exercising such discretionary authority but shall take into consideration such factors, for example, as: the health, safety and general welfare of the citizens of Kingston; the aesthetic impact on immediately surrounding areas; whether the design is adequate to meet the unique needs of elderly residents; and whether the proposed development complies with the requirements of Kingston's Subdivision and Site Plan Regulations, which provisions the Board may waive or relax in its discretion to encourage the development of this type of housing.

- m) The Applicant/Owner shall incorporate a written enforcement mechanism satisfactory to the Planning board and its legal counsel whereby on an annual basis, a written age based census of the existing Occupants shall be provided to the Planning Board. Upon any Unit change in ownership or tenancy, the age of any new occupants shall be given to the Planning Board within thirty (30) days of tenancy/ownership change. The applicant shall also provide an enforcement mechanism acceptable to the Planning Board and its legal counsel that the affordable housing units shall remain affordable for a period of no less than thirty (30) years.
- n) Affordable Elderly Housing shall be exempt from Growth Control Regulations and School Impact Fees.
- o) The provisions of the Affordable Elderly Housing shall supersede any other inconsistent or conflicting dimensional or density provisions of the Kingston Zoning Ordinance.

II. Market Rate Elderly Housing

A. Location: this use is permitted by a special use permit issued by the Planning Board as an overlay use in the R-33 zoning district.

B. General Standards:

All Market Rate Elderly Housing shall conform to the following standards:

- 1) **Dimensional and Density Requirements:**
 - a) Density: six (6) Units per acre.
 - b) Minimum acreage: twenty (20) acres.
 - c) Maximum Building height: thirty-five (35') feet, measured at the top of the roofline;

- d) Maximum building floors/stories: two (2)(excluding basement). A master bedroom shall be located on the first floor.
- e) Minimum Lot frontage: sixty (60') feet on a public road.
- f) Minimum Lot Setbacks: Setback requirements for exterior boundaries must be met; however, the dwelling units may be clustered within the gross tract area.
- g) All dwelling Units shall have a minimum floor area of 600 square feet.

2. Other Standards:

- a) Units shall be specifically designed to provide housing for elderly residents. Units shall have a maximum of two bedrooms, may not exceed thirty-five feet in height, and may be either one or two stories. Buildings shall be separated by a minimum space of forty (40) feet, with an additional ten (10) feet of building separation for each additional Unit in a building. There shall be a maximum of four (4) Units per building. No individual unit shall exceed 2,400 square feet of living space.
- b) Adequate on site space shall be provided for off-street parking for two vehicles per Unit.
- c) Except as noted in the proviso contained in this subparagraph, all such market rate elderly housing developments shall comply in all respects with the Town of Kingston' Site Plan Review Regulations and/or Subdivision Regulations, though the Planning board may grant waivers from such regulations; provided, however, that any Growth Control regulations and School Impact Fees shall not apply to any Market Rate Elderly Housing developments.
- d) Units may be owner-occupied or rented. However, all occupants of all elderly housing Units shall be at

least 55 years of age. "Occupant" shall mean any person who stays overnight in a Unit for more than twenty-one (21) days in any sixty (60) day period or for more than thirty (30) in any 12-month period. This over 55 age restriction shall not apply to persons who stay overnight to provide nursing or physical assistance to a unit resident, or to related family members who are over the age of twenty-one (21) and who have a physical or mental disability as determined by applicable law.

- e) The design and site layout of all such Market Rate Elderly Housing developments shall compliment and harmonize with the rural character of the Town of Kingston, shall maximize the privacy of dwelling units and preserve the natural character of the land.
- f) All such Market Rate Elderly Housing development shall make provision for pedestrian access within the development and, to the extent possible, to off-site community facilities.
- g) All such Market Rate Elderly Housing developments shall be landscaped to enhance their compatibility with surrounding areas, with emphasis given to the utilization of natural features wherever possible.
- h) The perimeter of all such Market Rate Elderly Housing developments shall be treated with a landscaped buffer zone of a minimum of twenty-five feet (25') which may consist in whole or in part of existing natural growth.
- i) The Planning board may require that all roads within the development shall be privately owned and built according to Town standards.
- j) The Planning Board retains the right to approve the specific road construction and road width and structure layouts for the purpose of the health, safety, and welfare of the Town as well as for efficiency and aesthetic variety and quality of design. The applicant shall demonstrate that each unit shall be designed to meet the needs and

accessibility requirements of the elderly as reflected in HUD's Fair Housing Accessibility Guidelines.

- k) The provisions of this elderly ordinance shall supersede any other inconsistent or conflicting dimensional or density provisions of the Kingston Zoning Ordinance.

- 3) **Common Land/Open Space:** In every Market Rate Elderly Housing development, common land/open space shall be set aside and covenanted to be maintained permanently as open space. The required amount of open space for all Elderly Housing developments shall be calculated as follows:

- a) All wetland in the project plus a minimum of 1/3 or 33% of the total project upland area shall be set aside for open space, of which forty percent (40%) shall be contiguous.

In calculating common/open space area, the following shall not be included: public right-of-way, soils with slopes over 25%, and parking lots. For developments with interior lot lines, the areas inside the lot lines shall not be included in the open space calculations.

- 4) **Use of Common Land:** Such common land/open space shall be restricted to recreational uses such as park lands, swimming pool, tennis courts, golf course, walking trails or conservation. While the property setbacks are considered part of the common land/open space, none of the above uses, other than walking trails, shall be allowed within these areas, nor any other uses that would disturb the natural vegetation within these areas. These restrictions of the use of the common land/open space (including the landscaped buffered area), shall be stated in the covenants running with the land.

- a) **Access to Open Space/Common Land.** Such common land shall have suitable access to a road or walking trail within the development.
- b) This common open space shall be permanently restricted for recreation, open space or conservation uses. It shall not be re-subdivided but may contain accessory or

utility structures and improvements necessary for the development or for educational or recreational use. The Planning Board reserves the right to approve, from the options below, the holder of open space rights. The open space or common land, or any portion of it shall be held, managed and maintained by the developer until it is owned, in one or more of the following ways:

- 1) By a Homeowners, or Condominium Association, set up by the developer and made a part of the deed or agreement for each lot or dwelling unit;
 - 2) By a Conservation Trust or private nonprofit organization, such as the Society for the Protection of New Hampshire forest or Audubon Society, which will ensure that the common land will be held in perpetuity as open space;
 - 3) A public body which shall maintain the land as open space for the benefit of the general public – for example, the Town.
 - 4) All agreements, deed restrictions, organizational provisions for a Homeowners' Association and any other method of management of the common land shall be established prior to Planning Board approval.
 - 5) Common open space areas shall have adequate access to allow for recreational use of those areas.
- 5) **Legal Documents:** It shall be the responsibility of the developer/builder of each such elderly housing development to establish a Home Owner's Association and to prepare and adopt appropriate Articles and By-Laws which are to be submitted in advance to the Planning Board and Town Counsel for their review and approval. In preparing the Articles and By-Laws, particular

consideration shall be given to accommodating the unique needs of the elderly citizens. The creation of the Home Owner's Association and the Articles and By-Laws shall be at the sole expense of the developer/builder and the costs of the review by the Planning Board and Town Counsel shall also be borne by the developer/builder. Any association formed for the purpose of elderly housing must have stipulated in their By-Laws and Declaration of Covenants, that the Association will, at all times, be in compliance with current Kingston's ordinances governing Market Rate Elderly Housing.

- 6) **The Planning Board shall maintain and exercise the authority to approve or disapprove all proposed Market Rate Elderly Housing developments.** The Planning Board shall act reasonably in exercising its discretionary authority to issue a conditional use permit and shall take into consideration such factors, for example, as: the health, safety and general welfare of the citizens of Kingston; the aesthetic impact on immediately surrounding areas; whether the design is adequate to meet the unique needs of elderly residents; and whether the proposed development complies with the requirements of the applicable requirements of Kingston's Zoning Ordinance and Subdivision and Site Plan Regulations.

Topical Note:

This amendment expands the opportunity for elderly housing developments in Town.

It also provides standards for the development of both affordable and market rate elderly housing developments..

ARTICLE 9: Are you in favor of the adoption of Amendment Number 9, as proposed by citizen's petition for the existing Town Zoning, Building, and Land Use Ordinances as follows:

- (a) Amend Rural Residential Section 4.30.5.3 to read:

“Commercial building area (footprint) shall not exceed 2,500 square feet except by special exception. This regulation does not apply to land exempted under 4.30.5.9.

- (b) Add a new section 4.30.5.10 to read:

“Special Exceptions shall meet the following standards:

- (a) No detriment to property values in the vicinity or change in the essential characteristics of any area including residential neighborhoods or business and industrial districts on account of the location or scale of buildings and other structures, parking area, access ways, odor, smoke, gas, dust or other pollutant, noise, glare, heat, vibration or unsightly outdoor storage of equipment, vehicles or other materials.
- (b) No creation of traffic safety hazard or substantial increase in the level of traffic congestion in the vicinity.
- (c) No excess demand on municipal services including, but not limited to: water, sewer, waste disposal, police, fire protection and schools.
- (d) No hazard to the public or adjacent property on account of potential fire, explosion or release of toxic materials.
- (e) Notification of the hearing will be provided to the Planning Board, Conservation Commission and Board of Selectmen.

If the Special Exception is granted, formal site plan review by the Planning Board is required.”

RECOMMENDED BY THE PLANNING BOARD

ARTICLE 10: Are you in favor of the adoption of Amendment Number 10, as proposed by citizen’s petition for the existing Town Zoning, Building, and Land Use Ordinances as follows:

- (a) Amend the Permitted Uses Section of Commercial Zone III (Route 125 to add:

“20. Mixed Use: A golf course use combined with residential use. Mixed use is only permitted by Special Exception.”

- (b) Amend the Prohibited Uses Section to add:

“Residential construction is permitted only as provided in “pre-existing use” or upon satisfaction of the Special Exception Standards (a-e).”

NOT RECOMMENDED BY THE PLANNING BOARD

ARTICLE 11: Should read “if Article 11 (Not Article 2) is defeated”, Shall the Town raise and appropriate as an operating budget , not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the

budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling \$4,081,523? Should this Article be defeated, the default budget shall be \$3,832,886 which is the same as last year, with certain adjustments required by previous action of the Town or by law or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only.

ARTICLE 2: The voters adopted Amendment number 2 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Add the following language to Article XXIII, Innovative Zoning Ordinance (IZO) paragraph 23.20.5:

All wetland in the project plus a minimum of 1/3 or 33% of the total project upland area shall be set aside for open space of which forty percent (40%) shall be contiguous.

Insert after "ways()." the following to become the last sentence of the paragraph: The Planning Board reserves the right to approve, from the options below, the holder of open space rights.

Topical Note: The first section of this amendment clarifies that a percentage of wetland areas need to be contiguous and the second section allows the Planning Board a greater role in determining how open space will be handled in each development

ARTICLE 3: The voters adopted Amendment number 3 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

In Commercial Zone C-I and C-II add the following to permitted uses:

Professional office and business parks and business center development.

Yes 1002* No 394

ARTICLE 4: The voters adopted Amendment number 4 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend the innovative zoning ordinance by adding the following language to become a new paragraph B in section 23.20.2, Building Density:

In those zones that permit multi-family housing, the residential unit calculation result may be converted to a bedroom count by multiplying the unit total by a factor of 4 (e.g., 15 units yield a bedroom count of 60). The total bedrooms may

then be configured by the applicant into dwelling units of 1-4 bedrooms, with no more than 6 units per structure.

Twenty-five percent (25%) of such units shall not exceed 1200 sq ft. of heated living space (this excludes basements, breezeways, garages and porches). All unit deeds shall contain covenants that prohibit expansion of the heated living space. The remaining units are not restricted in maximum size.

And to repeal section 23.20.7 regarding the single bedroom apartment requirement in the present ordinance.

Topical Note:

This amendment allows greater development flexibility for those individuals utilizing the Innovative Zoning Ordinance. It also deletes the existing requirement for a quadplex of single bedroom units.

ARTICLE 6: The voters adopted Amendment number 6 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend Article VI, section 6.10.2 by adding a second paragraph to read as follows:

Before an occupancy permit shall be issued, certification will be provided by the Building Inspector that the site is in compliance.

Yes 1065* No 337

ARTICLE 7: The voters adopted Amendment number 7 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend the Innovative Zoning Ordinance by adding a second paragraph under 23.10, Procedures, to include the following language:

For all residential subdivisions or residential site plans of 20 acres or more the Planning Board shall have the option to require any conventional subdivision applicant to also present an innovative zoning plan. The Board shall retain the discretion to require such application to be developed as an innovative zoning application.

Topical Note:

This amendment requires developers of any proposal of twenty acres or greater to submit a conventional subdivision plan as well as an innovative zoning plan. In this way, the Town should benefit by the better proposal being developed.

ARTICLE 8: The voters adopted Amendment number 8 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend Article IV, Section 4.50, Housing for Elderly District by adding new criteria to become section 4.50.4 as follows:

Elderly Housing

A. Authority

In accordance with RSA 674:21(c), (f), (h) and (k), this ordinance is adopted to permit the establishment and construction of affordable and market rate elderly housing in Kingston. Consistent with the provisions of RSA 674:21, the ordinance provides for a use incentive that permits increased densities and development flexibility.

B. Purpose

This ordinance seeks to address the housing needs of the elderly, and to encourage the development of such housing to meet the needs of persons who have lived in Kingston and who would like to continue to reside in Town, but who are no longer able or interested in residing in and maintaining a conventional residence. The ordinance also seeks to address the economic needs of those elderly who are unable to afford market rate housing in their retirement years. This ordinance is divided into two parts: Affordable Elderly Housing, which aims to provide housing for persons over the age of 55 who meet certain state and federal maximum income criteria and which generally appeals to retirees on a limited or fixed retirement income, and Market Rate Elderly Housing, which is housing restricted to occupancy by persons over the age of 55, but which has no income eligibility criteria. This ordinance encourages the development of elderly housing by permitting such housing to be developed at a unit density and with a certain amount of planning flexibility that is greater than that permitted for conventional single family housing development. The Townspeople recognize that one aspect of elderly housing development is that the housing built will continue to be put to this use in perpetuity,

consistent with restrictive covenants allowed by state and federal law that permit occupation to be limited exclusively to persons over age of 55. The effect of such age restricted occupation is that this housing will add no school aged children to the Town's school enrollment, yet such housing will be assessed for purposes of property taxation at the fair market value of such housing, thereby paying the full municipal, school, county and state property tax rates. The net effect of such assessment and taxation is to create a significantly positive tax impact when measured against the demand for school and municipal services that elderly housing creates.

C. Definitions

- 1) "Affordable Elderly Housing" is housing where one hundred percent (100%) of the Units approved and constructed shall meet the guidelines of applicable state and federal affordable housing income eligibility criteria. Affordable Elderly Housing shall be designed and constructed in accordance with the State of New Hampshire Architectural Barrier Free Design Code, as amended. It shall be operated by or funded by a federal, state or non-profit program that provides below market rate housing as part of its purpose.
- 2) "Bedroom" shall mean a room (other than a bathroom), with an interior door and closet.
- 3) "Market Rate Elderly Housing" shall mean housing that is permitted and constructed without regard to market subsidies, or state or federal income eligibility considerations.
- 4) "Unit" shall mean a single residential dwelling, with no more than two (2) bedrooms.

I. AFFORDABLE ELDERLY HOUSING:

A) **Location:** this use is permitted by a special use permit granted by the Planning Board as an overlay use in the portion of the R-34 zoning district that is SW of Route 125 and the R-33 zoning district.

B) **General Standards:**

All Affordable Elderly Housing developments shall conform to the following standards:

- 1) **Dimensional and Density Requirements:**

- a) Maximum density: six (6) Units per acre of gross tract area excluding all wetlands as defined by this ordinance.
- b) Minimum acreage: ten (10) acres.
- c) Maximum building height: thirty five (35') feet, measured at the top of the roofline.
- d) Maximum building floors/stories: two (2)
- e) Minimum Lot Frontage: at least sixty (60') feet on a public road.
- f) Minimum Lot Setbacks: Setback requirements for exterior boundaries must be met, however, the dwelling units may be clustered within the gross tract area.
- g) All dwelling units shall have a minimum floor area of 600 square feet and the master bedroom shall be on the primary floor.

2) Other Standards:

- a) Units shall be specifically designed to provide housing for elderly residents, and shall contain the usual amenities and living aids found in housing designed for use by the elderly. The applicant shall demonstrate that each Unit shall be designed to meet the needs and accessibility requirements of the elderly as reflected in HUD's Fair Housing Accessibility Guidelines. Units shall have a maximum of two bedrooms. Buildings shall be separated by a minimum space of thirty-five (35') feet. No individual Unit shall exceed 1,500 square feet of living space.
- b) Parking facilities shall comply with existing site plan review regulations, unless the Planning Board authorizes waivers following submission of information showing a decreased need for on-site parking. The Planning Board may require land to be set aside for future expansion of parking facilities and may require a performance security be posted by the applicant to ensure its construction in

the event actual parking demand exceeds the amount required to be constructed after a waiver has been granted.

- c) Units may be owner-occupied or rented. However, all permanent resident/ occupants of all Affordable Elderly Housing Units shall be at least 55 years of age. "Occupant" shall mean any person who stays overnight in a Unit for more than twenty-one (21) days in any sixty (60) day period or for more than thirty (30) days in any 12-month period. The over 55 age restriction shall not apply to persons who stay overnight to provide nursing or physical assistance care to a unit resident, or to related family members who are over the age of twenty-one (21) and who have a physical or mental disability as determined by applicable law.
- d) The design and site layout of all such Affordable Elderly Housing developments shall compliment and harmonize with the rural character of the Town of Kingston, shall maximize the privacy of dwelling Units and preserve the natural character of the land.
- e) All such Affordable Elderly Housing development shall make provision for pedestrian access within the development and, to the extent possible, to off-site community facilities.
- f) All such Affordable Elderly Housing developments shall be landscaped to enhance their compatibility with surrounding areas, with emphasis given to the utilization of natural features wherever possible.
- g) The perimeter of all such Affordable Elderly Housing developments shall be treated with a landscaped buffer zone of a minimum of twenty-five feet (25') which may consist in whole or in part of existing natural growth.
- h) Existing trees and vegetation must be incorporated into the landscaped buffer and landscape design. Fencing alone shall not be considered an acceptable method of screening, but fencing may be an element of design.

- i) The Planning Board may require that all roads within the development shall be privately owned and built according to Town standards.
- j) The Planning Board retains the right to approve the specific road construction and width and structure layouts for the purpose of the health, safety, and welfare of the town as well as for efficiency and aesthetic variety and quality of design.
- k) Conversion of Affordable Elderly Housing to other uses shall not occur unless the proposed use complies with all then applicable zoning and site plan regulations, even if such conversion requires the demolition of excess Units.
- l) The Planning Board shall maintain and exercise the authority to approve or disapprove all proposed Affordable Elderly Housing developments. The Planning Board shall act reasonably in exercising such discretionary authority but shall take into consideration such factors, for example, as: the health, safety and general welfare of the citizens of Kingston; the aesthetic impact on immediately surrounding areas; whether the design is adequate to meet the unique needs of elderly residents; and whether the proposed development complies with the requirements of Kingston's Subdivision and Site Plan Regulations, which provisions the Board may waive or relax in its discretion to encourage the development of this type of housing.
- m) The Applicant/Owner shall incorporate a written enforcement mechanism satisfactory to the Planning board and its legal counsel whereby on an annual basis, a written age based census of the existing Occupants shall be provided to the Planning Board. Upon any Unit change in ownership or tenancy, the age of any new occupants shall be given to the Planning Board within thirty (30) days of tenancy/ownership change. The applicant shall also provide an enforcement mechanism acceptable to the Planning Board and its legal counsel that the affordable housing units shall remain affordable for a period of no less than thirty (30) years.

- n) Affordable Elderly Housing shall be exempt from Growth Control Regulations and School Impact Fees.
- o) The provisions of the Affordable Elderly Housing shall supersede any other inconsistent or conflicting dimensional or density provisions of the Kingston Zoning Ordinance.

II. Market Rate Elderly Housing

A. Location: this use is permitted by a special use permit issued by the Planning Board as an overlay use in the R-33 zoning district.

B. General Standards:

All Market Rate Elderly Housing shall conform to the following standards:

1) Dimensional and Density Requirements:

- a) Density: six (6) Units per acre.
- b) Minimum acreage: twenty (20) acres.
- c) Maximum Building height: thirty-five (35') feet, measured at the top of the roofline;
- d) Maximum building floors/stories: two (2)(excluding basement). A master bedroom shall be located on the first floor.
- e) Minimum Lot frontage: sixty (60') feet on a public road.
- f) Minimum Lot Setbacks: Setback requirements for exterior boundaries must be met; however, the dwelling units may be clustered within the gross tract area.
- g) All dwelling Units shall have a minimum floor area of 600 square feet.

2. **Other Standards:**

- a) Units shall be specifically designed to provide housing for elderly residents. Units shall have a maximum of two bedrooms, may not exceed thirty-five feet in height, and may be either one or two stories. Buildings shall be separated by a minimum space of forty (40) feet, with an additional ten (10) feet of building separation for each additional Unit in a building. There shall be a maximum of four (4) Units per building. No individual unit shall exceed 2,400 square feet of living space.
- b) Adequate on site space shall be provided for off-street parking for two vehicles per Unit.
- c) Except as noted in the proviso contained in this subparagraph, all such market rate elderly housing developments shall comply in all respects with the Town of Kingston's Site Plan Review Regulations and/or Subdivision Regulations, though the Planning board may grant waivers from such regulations; provided, however, that any Growth Control regulations and School Impact Fees shall not apply to any Market Rate Elderly Housing developments.
- d) Units may be owner-occupied or rented. However, all occupants of all elderly housing Units shall be at least 55 years of age. "Occupant" shall mean any person who stays overnight in a Unit for more than twenty-one (21) days in any sixty (60) day period or for more than thirty (30) days in any 12-month period. This over 55 age restriction shall not apply to persons who stay overnight to provide nursing or physical assistance to a unit resident, or to related family members who are over the age of twenty-one (21) and who have a physical or mental disability as determined by applicable law.
- e) The design and site layout of all such Market Rate Elderly Housing developments shall compliment and harmonize with the rural character of the Town of Kingston, shall maximize the privacy of dwelling units and preserve the natural character of the land.

- f) All such Market Rate Elderly Housing development shall make provision for pedestrian access within the development and, to the extent possible, to off-site community facilities.
 - g) All such Market Rate Elderly Housing developments shall be landscaped to enhance their compatibility with surrounding areas, with emphasis given to the utilization of natural features wherever possible.
 - h) The perimeter of all such Market Rate Elderly Housing developments shall be treated with a landscaped buffer zone of a minimum of twenty-five feet (25') which may consist in whole or in part of existing natural growth.
 - i) The Planning board may require that all roads within the development shall be privately owned and built according to Town standards.
 - j) The Planning Board retains the right to approve the specific road construction and road width and structure layouts for the purpose of the health, safety, and welfare of the Town as well as for efficiency and aesthetic variety and quality of design. The applicant shall demonstrate that each unit shall be designed to meet the needs and accessibility requirements of the elderly as reflected in HUD's Fair Housing Accessibility Guidelines.
 - k) The provisions of this elderly ordinance shall supersede any other inconsistent or conflicting dimensional or density provisions of the Kingston Zoning Ordinance.
- 3) **Common Land/Open Space:** In every Market Rate Elderly Housing development, common land/open space shall be set aside and covenanted to be maintained permanently as open space. The required amount of open space for all Elderly Housing developments shall be calculated as follows:
- a) All wetland in the project plus a minimum of 1/3 or 33% of the total project upland area shall be set

aside for open space, of which forty percent (40%) shall be contiguous.

In calculating common/open space area, the following shall not be included: public right-of-way, soils with slopes over 25%, and parking lots. For developments with interior lot lines, the areas inside the lot lines shall not be included in the open space calculations.

- 4) **Use of Common Land:** Such common land/open space shall be restricted to recreational uses such as park lands, swimming pool, tennis courts, golf course, walking trails or conservation. While the property setbacks are considered part of the common land/open space, none of the above uses, other than walking trails, shall be allowed within these areas, nor any other uses that would disturb the natural vegetation within these areas. These restrictions of the use of the common land/open space (including the landscaped buffered area), shall be stated in the covenants running with the land.
 - a) Access to Open Space/Common Land. Such common land shall have suitable access to a road or walking trail within the development.
 - b) This common open space shall be permanently restricted for recreation, open space or conservation uses. It shall not be re-subdivided but may contain accessory or utility structures and improvements necessary for the development or for educational or recreational use. The Planning Board reserves the right to approve, from the options below, the holder of open space rights. The open space or common land, or any portion of it shall be held, managed and maintained by the developer until it is owned, in one or more of the following ways:
 - 1) By a Homeowners, or Condominium Association, set up by the developer and made a part of the deed or agreement for each lot or dwelling unit;

- 2) By a Conservation Trust or private nonprofit organization, such as the Society for the Protection of New Hampshire forest or Audubon Society, which will ensure that the common land will be held in perpetuity as open space;
 - 3) A public body which shall maintain the land as open space for the benefit of the general public – for example, the Town.
 - 4) All agreements, deed restrictions, organizational provisions for a Homeowners' Association and any other method of management of the common land shall be established prior to Planning Board approval.
 - 5) Common open space areas shall have adequate access to allow for recreational use of those areas.
- 5) **Legal Documents:** It shall be the responsibility of the developer/builder of each such elderly housing development to establish a Home Owner's Association and to prepare and adopt appropriate Articles and By-Laws which are to be submitted in advance to the Planning Board and Town Counsel for their review and approval. In preparing the Articles and By-Laws, particular consideration shall be given to accommodating the unique needs of the elderly citizens. The creation of the Home Owner's Association and the Articles and By-Laws shall be at the sole expense of the developer/builder and the costs of the review by the Planning Board and Town Counsel shall also be borne by the developer/builder. Any association formed for the purpose of elderly housing must have stipulated in their By-Laws and Declaration of Covenants, that the Association will, at all times, be in compliance with current Kingston's ordinances governing Market Rate Elderly Housing.
- 6) **The Planning Board shall maintain and exercise the authority to approve or disapprove all proposed Market Rate Elderly Housing developments.** The Planning Board shall act reasonably in exercising its discretionary

authority to issue a conditional use permit and shall take into consideration such factors, for example, as: the health, safety and general welfare of the citizens of Kingston; the aesthetic impact on immediately surrounding areas; whether the design is adequate to meet the unique needs of elderly residents; and whether the proposed development complies with the requirements of the applicable requirements of Kingston's Zoning Ordinance and Subdivision and Site Plan Regulations.

Topical Note:

This amendment expands the opportunity for elderly housing developments in Town.

It also provides standards for the development of both affordable and market rate elderly housing developments..

ARTICLE 9: The voters adopted Amendment Number 9, as proposed by citizen's petition for the existing Town Zoning, Building, and Land Use Ordinances as follows:

(a) Amend Rural Residential Section 4.30.5.3 to read:

“Commercial building area (footprint) shall not exceed 2,500 square feet except by special exception. This regulation does not apply to land exempted under 4.30.5.9.

(b) Add a new section 4.30.5.10 to read:

“Special Exceptions shall meet the following standards:

- (a) No detriment to property values in the vicinity or change in the essential characteristics of any area including residential neighborhoods or business and industrial districts on account of the location or scale of buildings and other structures, parking area, access ways, odor, smoke, gas, dust or other pollutant, noise, glare, heat, vibration or unsightly outdoor storage of equipment, vehicles or other materials.
- (b) No creation of traffic safety hazard or substantial increase in the level of traffic congestion in the vicinity.
- (c) No excess demand on municipal services including, but not limited to: water, sewer, waste disposal, police, fire protection and schools.
- (d) No hazard to the public or adjacent property on account of potential fire, explosion or release of toxic materials.

- (e) Notification of the hearing will be provided to the Planning Board, Conservation Commission and Board of Selectmen.

If the Special Exception is granted, formal site plan review by the Planning Board is required.”

2006 REPORT OF TOWN CLERK-TAX COLLECTOR

In 2006 there was an increase of \$915.00 in Motor Vehicle revenue, compared to an increase of \$2,106. in 2005, a decrease of \$23,763 in 2004, an increase of \$83,932 in 2003 and \$52,486 in 2002. Total vehicles increased by 209. Grand total of vehicles registered was 8956. Total receipts for the Clerk increased by \$812.65, compared to \$601.92 last year, \$23,217 in 2004, and \$23,983. in 2003. Boat Tax revenue decreased by \$28.85. Validation of the preprinted boat forms starts in January. These are online in our office. This form is sent to the owner from Concord. You can bring it to our office or mail it into Concord. Vital Statistic reports are online in our office from the Vital Records Dept. in Concord, and are printed in the back pages of this Report.

Dogs licensed for the year were 905, plus 17 groups. The revenue decreased by \$439.50. Many thanks to the Police Dept. and the A.C.O., Barbara Glynn, for their excellent cooperation in trying to get delinquent dog licenses collected. Many old licenses got paid this year. All dogs must be licensed every year by April 30th. After May 31st, there is a \$1.00 per month penalty added for each dog. The fees are Females and Males \$9.00; Spayed and Neutered \$6.50. If owner is over 65, one dog is \$2.00. Be sure your dog is licensed and the rabies shot is current.

During the year there were many people added to the Official Checklist. Deputy Town Clerk, Holly Ouellette does this work in conjunction with the Supervisors of the Checklist. Thanks to Eddie C. Thurnquist, Chairman, Robert L. Pothier, Jr., and Dale G. Winslow for their fine cooperation. Residents can now register at the polls on Election days, and then vote. This has caused much confusion. The office registrations close 10 days before any election. A new State ElectioNet system (HAVA) was installed in the fall which required several training sessions in Concord for Holly and me as well as the Supervisors. Also a new Handicap booth was installed by the State and this also required training. This machine has to be programmed the day before any election.

In 2007, there will be one election – Town Meeting on March 13th Polls will be open 8am to 8pm at the Town Hall. The Deliberative Session will be on Feb. 6th at 7pm at the Town Hall. A booklet will be sent out again this year to help everyone understand the various articles to be voted upon. Special thanks to all the dedicated people who work all day and part of the night to make the elections run smoothly. Call us at 642-3112 with any questions.

We have continued to keep the census daily and as of 12/31/2006, the population was 7515, an increase of 68 from last year. In order to keep these figures on a current basis, 1071 entries were made. It is very DIFFICULT to keep track of those who are constantly moving. Anyone with rentals, etc, PLEASE let us know about people moving in or out. Vehicles can not be registered without verification from the Landlord. Thank you for your cooperation.

As of Dec. 18, 2000, we went ONLINE with the Motor Vehicle Dept. in Concord. Hopefully everyone still appreciates this service, as this means when you leave our office, you are already ONLINE in the State computer system. All records now have to match and many problems are surfacing. We then have to call Concord on our direct line to solve the problems before we can continue. We're still working on the possibility of mail-in registrations, but we have not been approved by the State Motor Vehicle Dept.

In the Tax Dept, the total collections for the year were \$12,746,586.60. There is still MUCH confusion on the twice a year billing, and many people pay the whole bill the first time, which creates a credit balance to be carried over to the second bill. However, some still paid the wrong amount on the second bill causing additional refunds to be made by the Selectmen. This has improved from last year. If there is any confusion, please call us first for help.

In 2006, the Selectmen estimated the rate at \$19.10 which was the 2005 rate, and the first bills were due July 1st. The Official rate was set by the Dept. of Revenue Administration in Concord, and it was received on Oct.27th. The new rate was \$20.28, an increase of \$1.18. After many EXTRA hours, the bills were in the mail on Oct. 30th, dated November 1st, so they would be due on Dec. 1st.

Also, several balances in the Lien file have been reduced. Partial payments are always welcome, and all payments are appreciated. After the taxes go into the Lien file, the interest increases from 12% to 18% per annum. The owners still have two years to redeem the taxes. Minimum payments must be no less than \$10.00.

Once again, KINGSTON DAYS in August was a BIG success and everyone enjoyed the festivities. It was a record attendance, with beautiful weather. Thanks to everyone who helps in any way to make this annual event a pleasant one for everyone. Volunteers are always needed and if interested, please contact Joe "Superman" Thompson. Come join the fun AUGUST 3,4 & 5, 2007. Many things will be continued, including the Flea Market, Car Show, Hot Air Balloon Rides, High Striker, Horse Shoes, Crafts, Art Show, Taste of Rockingham, Wayne from Maine, Martha Dana Puppeteer, Dan Grady and his Marionettes, etc, etc. Souvenirs are available all year at my office, and we have a special booth on the Plains for the August event. Thanks to everyone for all their support and assistance.

I wish to thank the residents for my overwhelming success at the polls last March. This support is MUCH appreciated. Another year has passed and time still flies by as I continue to serve to the best of my ability. I have served as Tax Collector since March, 1960 and Town Clerk since March, 1970. The offices are now combined and there's never a dull moment! I want to express my sincere appreciation to all elected officials as well as various committee members. I am deeply indebted to Holly Ouellette, Deputy Town Clerk – Tax Collector, for her dedication to the Town and for her countless "Volunteer" hours that she puts in until the jobs are finished. She is fully trained in all aspects of the job and can readily answer any questions.

Many thanks to the following for all their cooperation: Selectmen, as well as Ann, Kathy and Cindy; Donald W. Briggs, Jr., Police Chief and all his officers; Alan Krauss, Maintenance Supt.; Ellie Alessio, Moderator; Bill Seaman, Fire Chief; Richard St. Hilaire, Road Agent; Robert Steward, Building Inspector; and Larry Middlemiss, Health Officer. Everyone works together to make everything run smoothly.

Thanks again to all the residents for your continued support.

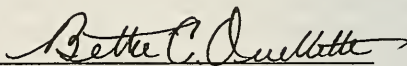

God Bless America!

2007 VOTING INFORMATION

On March 11, 1996, the Town of Kingston adopted RSA 40:13, often referred to as Senate Bill 2. This changed the procedure for voting on subsequent Town Warrants. The following are the dates involved with the two "sessions" of voting for the upcoming 2007 Town elections along with a brief description of their purposes.

Tuesday, February 6, 2007 7:00 PM

"First Session"
Town Hall, Kingston

"The whole purpose of the "first session" (in addition to information and debate) is to decide the final form of ballot questions." "Amending appropriation items up or down is permitted."
(RSA 31:10V) *

Therefore, the attached warrant may not necessarily reflect the wording or appropriations that will appear on the official ballot.

Tuesday, March 13, 2007 8:00 AM to 8:00 PM

Election Day
Swasey Gymnasium, Old Sanborn Regional High School
Kingston

This is the "second session" when final voting takes place by written ballot. This includes all articles posted on the warrant as amended/accepted by vote at the "first session".

of the

TOWN OF KINGSTON, NH

2007

STATE OF NEW HAMPSHIRE

2007

ARTICLE 1: To elect the following officers: One Selectman for a term of three years; One Treasurer for a term of three years; One Fire Ward for a term of three years; Two Trustees of Trust Funds for a term of three years; Two Library Trustees for a term of three years; One Library Trustee for a term of one year; Two Planning Board Members for a term of three years; One Planning Board Member for a term of two years; Four Budget Committee Members for a term of three years; Two Budget Committee Members for a term of two years; One Budget Committee Member for a term of one year.

ARTICLE 2: The 31 undersigned registered voters in the Town of Kingston petition the Board of Selectmen to place the following warrant article on the Warrant for the Town Meeting for March 2007 for the purpose of amending the Town of Kingston Zoning, Building and Land Ordinances substantially as follows:

Are you in favor of the adoption of Amendment Number _____ as proposed by petition for the existing Town Zoning, Building and Land Use Ordinances as follows:

Amend Commercial Zone C-II and Rural Residential Lots R-33-21, 21-1 and 21-2 and R-34-1, 1-1 and 2 to add under permitted uses:

- 4.90.5.6 Supermarkets and grocery stores
- 4.90.5.7 Banks and other financial institutions
- 4.90.5.8 Multi-store retail business complexes

This article would allow the above uses in C-II which is the commercial zone along Route 125 north of Marshall Road, Carriage Towne Plaza south to Story Book Station Day School, and the property to the corner of Marshall Road and Church Street. This will allow much needed retail services in the northern end of Kingston, and will consolidate them in an area that currently has these or similar existing uses.

RECOMMENDED BY PLANNING BOARD

ARTICLE 3: The 31 undersigned registered voters in the Town of Kingston petition the Board of Selectmen to place the following warrant article on the Warrant for the March, 2007 Town Meeting for the purpose of amending the Town of Kingston Zoning, Building and Land Ordinances to authorize the development of affordable housing for working families as provided in the Workforce Housing Ordinance attached to this petition:

Are you in favor of the adoption of Amendment # _____ as proposed by petition to the existing Town Zoning, Building and Land Use Ordinance as follows:

- A) Amend the Article IV District Regulations to add a new Workforce Housing Overlay District by Conditional Use Permit section.

Summary of Workforce Housing Ordinance Purposes and Provisions:

Local employers continue to have trouble attracting and retaining employees because of the lack of affordable housing ownership opportunities for their employees. Teachers, police officers and others employed locally, as well as young adults who have grown up in Town and would like to stay or return, usually cannot afford to purchase a house in Kingston. This Workforce Housing Ordinance seeks to rezone a limited number of properties in the Rural Residential, Elderly and Commercial Zone III Zones in an effort to encourage the development of Workforce Housing for families who continue to be unable to afford housing in Kingston. The properties identified for rezoning are over 25 acres in size, are located on major roads, and generally are situated where they can provide a transitional buffer between different zoning districts. The parcels are: R-3, Lots 4, 4A, 4B, 4C and 13 (generally described as the Granite Fields Golf Course property, Rt. 125, located in the Comm. District) R-8, Lot 42 (generally described as property on Old Coach Road, located in the RR district); R-11, Lot 9 (on Mill Road adjacent to the Old Coach property located in the RR district); R13-19 (RR District); R22, Lot 31 (generally described as land behind the Shell Station adjacent to the Comm. C-III District); R33, Lots 28, 29, 30 (generally described as parcels on Marshall Road that are already in the affordable senior housing overlay zone, RR/Elderly district).

This Workforce Housing Ordinance requires that at least 20% of a proposed development project's units be set aside for purchase at a price that doesn't require a purchaser of moderate to medium income to spend more than 30% of their income on the mortgage payment, taxes and related expenses. The Workforce Housing Ordinance has built-in income and sales price restrictions so that for 30 years the homes must remain affordable to successive purchasers. Workforce Housing homes cannot exceed 1800 square feet in area and can have no more than 2 bedrooms. Owner occupancy is required and tenants or renters are not permitted. The Workforce Housing Ordinance generally follows the land use development standards that were adopted by the Town for Elderly Housing developments at the 2006 Town Meeting.

Full copy of Ordinance follows;

WORKFORCE HOUSING OVERLAY DISTRICT
BY CONDITIONAL USE PERMIT

I. Purpose:

The purpose of the Workforce Housing Overlay District is to encourage and provide for the development of workforce housing within Kingston. This ordinance seeks to address the needs of persons who work in Kingston at local businesses, for municipal government (police officers, public works employees et cetera) and the school district (school

teachers and administrative staff) who cannot afford to live in Kingston, and often have to commute many miles to work due to the high cost of housing in this region.

It is intended to ensure the continued availability of a diverse supply of home ownership opportunities for moderate to median income households. A diverse supply of housing will better enable the adult children of Kingston residents to stay in Kingston or to return to Kingston to live, and for older Kingston residents to have more opportunities in Kingston to downsize their housing needs once their children have grown up and established separate households. It is declared to be in the public interest and general welfare of the Town of Kingston to encourage the development of such housing for the general population through the establishment of living areas that provide a diversity of housing opportunities while ensuring adequate standards for public health, safety, welfare and convenience.

The workforce housing overlay district is designed to establish minimum development standards to ensure that the housing needs of the general population are met, to provide locations for workforce housing which are compatible with the needs of a family with a median family income, and to encourage workforce housing by permitting an increased density above that which is allowed in the underlying zone. The form of the dwelling unit can consist of attached or detached dwellings, with ownership including, but not limited to, condominium or fee simple.

This ordinance allows Workforce Housing to be developed in conjunction with an existing or proposed recreation use. The judgment to permit this mixed recreational and residential use reflects the fact that the permanent preservation of recreation space as open space benefits the community by ensuring land will be available for recreational or open space land forever.

II. Authority:

This innovative land use control Article is adopted under the authority of RSA 674:21, and is intended as an “Inclusionary Zoning” provision, as that term is defined in RSA 674:21, I(k) and 674:21,IV(a). Consistent with the provisions of RSA 674:21, the ordinance provides for a use incentive that permits increased densities and development flexibility.

III. Location: Workforce Housing shall be a permitted use in the following Zoning Districts but limited to the following lots;
Commercial III: R-3, Lots 4, 4A, 4B, 4C, 13;
Rural Residential: R-8, Lot 42; R-11, Lot 9; R-13, Lot 19; R-22, Lot 31;
Rural Residential, Elderly: 4-33, Lots 28, 29, 30;
SFR/AG R-35, Lot 5; R-37, Lot 1.

For those lots within the Commercial III District, Workforce Housing shall be a permitted mixed use to proposed or existing outdoor recreation uses, such as a golf course use.

This will permit a more useful and flexible pattern of housing in conjunction with other proposed or existing uses. This Workforce Housing use is permitted by a conditional use permit issued by the Planning Board when the requirements of this ordinance have been met.

IV. Definitions:

Workforce Owner-Occupied Housing—where the total cost of mortgage principal and interest, mortgage insurance premiums, property taxes, association fees, and homeowner's insurance does not exceed 30 percent of the maximum allowed income of the purchaser. The calculation of housing costs shall be based on current taxes, a 30-year fixed rate mortgage, a 5 percent down payment, and prevailing mortgage rates within the region.

Area Medium Income (AMI)- is the median income of the greater region, either the HUD Metropolitan or Non-Metropolitan Fair Market Rent Area to which Kingston belongs, as is established and updated annually by the United States Department of Housing and Urban Development.

Net Family Assets--As defined by 24 CFR Part 5, subpart F 5.603 and as amended from time to time.

Bedroom—shall mean a room (other than a bathroom) with an interior door and closet.

Market Rate Housing—any unit within a development, that is intended to be available for sale or occupancy at the prevailing market value for the area similar to comparable real estate transactions.

Moderate Income—a household income that is more than fifty percent (50%) but does not exceed eighty percent (80%) of the area median income.

Moderate to Median Income—a household that is more than eighty percent (80%) but does not exceed one hundred twenty (120%) of the area median income.

Owner-occupied Housing—is any dwelling intended to be conveyed in fee simple, condominium or equity-sharing arrangement such as community housing land trust and limited equity cooperatives.

V. General Standards:

All Workforce Housing developments shall conform to the following standards:

A. A Site Plan or Subdivision Plan shall guarantee a minimum set aside of twenty percent (20%) of units reserved for Workforce Housing. Of the units set aside for Workforce Housing, 75% shall be sold for a price that can be afforded by a household with an annual income of not more than the Moderate to Median Income for the Kingston PMSA, as published by the U.S. Department of Housing and Urban Development; and, 25% shall be sold for a price that can be afforded by households with an annual income of not more than the Moderate Income for the Kingston PMSA, as published by U.S. Department of Housing and Urban Development. Net Family Assets shall be considered in determining applicant eligibility for Workforce Housing Unit purchases. The Developer shall identify for the Planning Board the proposed independent third party (e.g. N.H. Housing Finance Authority or some other company or organization), who is capable and will undertake to examine the eligibility of proposed Workforce Housing unit buyers for compliance with this ordinance's income and asset eligibility criteria.

B. For an existing commercial recreational use that proposes a mixed Workforce Housing use, the open space land within the existing recreation use (e.g., the golf course or other recreational land use area) may be used to support the gross tract area density calculations set forth herein; however, any such land so used in the density calculation shall be designated open space in conjunction with any Planning Board approval and shall create an RSA 674:21-a conservation restriction.

C. General Standards:

All Workforce Housing developments shall conform to the following standards:

1) Dimensional, Density and Other Requirements:

- a) Density: six (6) units per acre, but no more than seventy five (75) units per site.
- b) Minimum acreage: 25 acres.
- c) Maximum building height: thirty five (35') feet, measured at the top of the roofline.
- d) Maximum building floors/stories: two (2) (excluding basement).
- e) Minimum Lot frontage: sixty feet (60') on a public road.
- f) Minimum Lot Setbacks: Setback requirements for exterior boundaries must be met; however, the dwelling units may be clustered within the gross tract area.
- g) All dwelling units shall have a minimum floor area of 600 sq. ft.

- h) Units/homes shall have a maximum of two bedrooms. Buildings shall be separated by a minimum space of forty (40) feet, with an additional ten (10) feet of building separation for each additional unit in the building. There shall be a maximum of four (4) units per building. No individual unit shall exceed 1,800 square feet of living space.
- i) Adequate on site space shall be provided for off-street parking for two vehicles per unit.
- j) Except as noted subsection r) below, all such housing developments shall comply in all respects with the Town and Kingston' Site Plan Review Regulations and/or Subdivision Review Regulations, though the Planning Board may grant waivers from such regulations; however, Workforce Housing projects shall be exempt from any growth control regulations because Workforce Housing is deemed to meet a presently underserved housing need in Kingston. Applicable Impact Fees shall apply to Workforce Housing.
- k) Units shall be owner occupied. Occupancy of any Workforce Housing unit by a renter or tenant shall violate the terms of this ordinance. Notice of this restriction shall be disclosed in writing by the seller or its successors and assigns to any proposed Workforce Housing unit purchaser.
- l) The design and site layout of all such Workforce Housing developments shall compliment and harmonize with the rural character of the Town of Kingston, shall maximize the privacy of dwelling units and preserve the existing, natural character of the land.
- m) Workforce Housing development shall make provisions for pedestrian access within he development and, to the extent reasonable, to any existing off-site pedestrian networks.
- n) All such Workforce Housing developments shall be landscaped to enhance their compatibility with surrounding areas, with emphasis given to the utilization of natural features whenever possible.
- o) The perimeter of all such Workforce Housing developments, or the portion of an existing use that is proposed to add Workforce Housing as a mixed use development project, shall be treated with a landscaped buffer zone of a minimum of twenty-five (25') feet which may consist of whole or in part of existing growth. Nothing

in this section shall restrict the applicant, in its sole discretion, from erecting suitable fencing to augment, by not as a substitute for, the landscaped buffer set forth above.

- p) The Planning Board may require that all roads within the Workforce Housing development shall be privately owned and built according to town standards. The applicant shall be authorized to propose private roads built to town standards.
- q) The Planning Board retains the right to approve the specific road construction and road width and structure layout for the purpose of health, safety and welfare of the Town as well as for efficiency and aesthetic variety and quality design.
- r) The provisions of this Workforce Housing ordinance shall supersede any other inconsistent or conflicting dimensional or density provisions of the Kingston Zoning Ordinance, Subdivision or Site Plan Review Regulations.

VI. Common land/Open Space:

In every Workforce Housing development, common land/open space shall be set aside and covenanted to be maintained permanently as open space.

For existing recreational uses that are proposed for a mixed use Workforce Housing development, the recreational land used to support the development's density calculation shall be permanently covenanted for recreational use; however, in the event that the existing commercial recreational use is abandoned or otherwise discontinued for a period one year, the Town shall have the right to enforce the open space covenant to restore some measure of recreational use to the land so covenanted, whether that use be walking, running, winter sports, off road bicycling or other appropriate recreational uses by the public, which shall continue until a commercial recreational use is resumed on the covenanted land or until the owner of the land so covenanted makes a suitable arrangement with the Town to restore a permanent recreational use to the covenanted land.

The required amount of open space for a Workforce Housing development shall be calculated as follows:

- a) All wetland in the project plus a minimum of 1/3 or 33% of the total project upland area shall be set aside as open space, of which forty percent (40%) shall be contiguous.
- b) In calculating common/open space area, the following shall not be included: public or private rights of way, soils with slopes over 25% and parking lots. For developments with interior lot

lines, the areas inside the lot lines shall not be included in open space calculations.

VII. Use of Open Space/Common Land:

- a) Such common land/open space shall be restricted to recreational uses such as the existing or proposed recreational use, park lands, swimming pool, tennis court, golf course, walking trails or conservation. The exterior boundary property setbacks shall be considered part of the common land/open space.
- b) The Homeowners' Association or Condominium Association legal documents shall state what portion of the common land/open space shall be accessible by the residential owners/tenants.
- c) The open space/common land shall be permanently restricted for recreation, open space or conservation uses. It shall not be re-subdivided but may contain accessory or utility structures and improvements necessary for the development or for the utilization of the recreational, open on common land use. The land depicted on the plan as open space shall constitute a conservation easement as that terms is used in RSA 674:21-a and it shall be used consistent with the plan and the terms and purposes of this ordinance; however, nothing in this Ordinance or conservation restriction shall limit an existing or proposed recreational use from altering, reconfiguring, maintaining, improving or otherwise managing its existing or proposed recreation use.
- d) All agreements, deed restrictions, organizational provisions for a Homeowners' Association and any other method of management of the common land shall be established prior to or as a condition of Planning Board final approval.

VIII. Timing of Development of Workforce Units: To ensure that the Workforce Housing development is completed as permitted, the dwellings qualifying as Workforce housing shall be made available for occupancy on approximately the same schedule as a project's market units (though the applicant may complete them earlier), except that the certificates of occupancy for the last ten percent (10%) of the market rate units shall be withheld until the certificates of occupancy have been issued for all of the Workforce housing units. A schedule setting for the phasing of the required Workforce Housing units shall be established prior to the issuance of a building permit for any development subject to the provisions of this ordinance.

IX. Legal Documents: It shall be the responsibility of the Workforce Housing applicant or its assign to establish a Homeowners' Association or Condominium Association and to prepare and adopt appropriate Articles and By-Laws and covenants to ensure compliance with the eligibility, ownership and occupancy requirements of this Workforce Housing

ordinance, which shall be submitted in advance to the Planning Board and Town Counsel for their review and approval.

X. Assurance of Affordability:

To ensure that only eligible households purchase the designated Workforce housing units, the purchaser of a Workforce unit must submit a purchase eligibility application that includes copies of their last three years' federal income tax returns along with written certification verifying their annual income level, and net family assets, which shall not exceed the maximum established by this Ordinance in section V, A. A copy of the written certification of income and assets eligibility must be submitted to all parties charged with administering and monitoring this Ordinance, as set forth in sections XII of this article, at least 15 days prior to the transfer of title.

All applicants under this Ordinance must submit the following data to ensure project affordability:

1. Calculation of the number of units provided under this Ordinance and how it relates to its provisions.
2. Description of each Workforce unit's size, type, estimated sales price and other relevant data.
3. Documentation of household eligibility as required in section XI of this Ordinance.
4. All agreements established as part of sections XII of this Ordinance.
5. List of required variances, conditional use permits, and special exceptions including justification of their necessity and effectiveness in contributing to affordability.

XI. Assurance of Continued Affordability:

In order to qualify as Workforce housing under this Ordinance, the developer must make a binding commitment that the Workforce housing units will remain so for a period of thirty (30) years. This shall be enforced through a deed restriction, restrictive covenant, or a contractual arrangement through a local, state or federal housing authority or other non-profit housing trust or agency. Beyond the thirty (30) year term, the deed restriction, restrictive covenant, or contractual arrangement established to meet this criterion must also make the following continued affordability commitments:

A. Workforce housing units offered for sale shall require a lien, granted to Kingston, be placed on each Workforce unit. This lien shall be subordinate to any first mortgage on the home. The value of the lien shall be equal to the difference between the fair market value of the unit and its reduced "Workforce" sale price, which is indexed according to the qualifying income standards. The municipality's lien is inflated over time at a rate equal to the Consumer Price Index (CPI). Future maximum resale values shall be

calculated as the fair market value minus the CPI adjusted lien value. Subsequent sales are limited based on income eligibility qualification as set forth in Section V, A. The combination of maintenance of the municipality's lien, adherence to this Ordinance's Definition of Workforce Owner-Occupied Housing and satisfaction of Workforce Housing income and asset eligibility requirements for a period of thirty (30) years shall satisfy all affordability requirements.

B. Documentation of all deed restrictions; restrictive covenants; or contractual arrangements related to dwelling units established under this Ordinance must be documented on all plans filed with the Kingston Planning Board and the Registry of Deeds.

XII. Administration, Compliance and Monitoring:

A. This Ordinance shall be administered by the Planning Board. Applications for this Workforce Housing use as provided for under this Ordinance shall be made to the Planning Board and shall be part of the submission of an application for either Site Plan or Subdivision Plan approval.

B. No certificate of occupancy shall be issued for a Workforce housing unit without written confirmation of the income eligibility of the buyer of the Workforce housing unit and confirmation price of the Workforce housing unit as documented by purchase and sale agreement. There shall be no subsequent sale or transfer of a Workforce Unit other than to a surviving spouse or surviving co-owner until verification has been provided to the Town by the independent verifying agent of the Buyer's compliance with the Workforce Housing ordinance's income and asset eligibility requirements.

C. Ongoing responsibility for monitoring the compliance with resale restrictions and covenants on Workforce units shall be the responsibility of the Homeowners' Association or Condominium Board or their designee.

NOT RECOMMENDED BY PLANNING BOARD

ARTICLE 4: To raise and appropriate the sum of \$4,290,242.00 which represents the operating budget. Said sum does not include special or individual articles. Should Article 4 be defeated, the operating budget shall be \$4,067,173.00 ("the default budget").

ARTICLE 6: Shall we rescind the provisions of RSA 31:95-c that was adopted to restrict 100% of revenues from the operation of the Kingston Landfill to expenditures for the operation and future closing of the landfill? All monies remaining in said fund shall lapse to the general fund. This Warrant Article is contingent on the passage of Article 7 (General Trust Fund) and Article 8 (Capital Reserve Fund). If either Article 7 or Article 8 do not pass, this Warrant Article becomes moot and is of no effect. It is intended that Articles 6, 7 and 8 be linked, co-dependant, and contingent on passage of all three Articles. A failure of one Article causes all three to fail. **In order for the Town to take advantage of the Landfill Revenue Fund and/or the Interest, Articles 6, 7 and 8 must all pass. This Article will have no tax impact.**

ARTICLE 7: To see if the municipality will vote to create a general trust fund under the provisions of RSA 31:19-a II to be known as the Town of Kingston infrastructure development, improvement and maintenance fund, for the purpose of building, expanding, improving and maintaining town owned structures and improvements and to raise and appropriate the sum of Six Million (\$6,000,000.00) Dollars, such sum to come from revenue from the discontinued special revenue fund in Article 6 and no amount to be raised by taxation. The initial sum of Six Million (\$6,000,000.00) Dollars shall remain in Trust, and will not be invaded. Only monies earned, through investment, including but not limited to interest and dividends will be available to support the purpose of the trust fund. The Selectmen are appointed agents to expend earnings of the trust fund for the purposes of the trust. The intent of this Article is to create a Revocable Trust, generating annual earnings for the benefit of the town in perpetuity. This Warrant Article is contingent on the passage of Article 6 and Article 8. If either Article 6 or Article 8 do not pass (Rescission of the “Kingston Landfill Fund” and Capital Trust Fund) the Warrant Article becomes moot and is of no effect. **In order for the Town to take advantage of the Landfill Revenue Fund and/or the Interest, Articles 6, 7 and 8 must all pass. This Article will have no tax impact.**

ARTICLE 10: To see if the Town will authorize the Board of Selectmen to accept a donation of land (not to exceed 16,500 square feet) to the Town, at no cost to the Town, by Marilyn B. Bartlett from her 4 Depot Road property (Tax Map U10, Lot 32) that abuts the Nichols Memorial Library. This donation will provide land for a possible library expansion at its existing location. The property line adjustment variance was approved by the ZBA on December 19, 2006 contingent on acceptance of the donation by the Town.

RECOMMENDED BY BOARD OF SELECTMEN

ARTICLE 11: On petition of 34 registered voter of the Town of Kingston, to see if the Town will authorize the Board of Selectmen to utilize approximately \$100,000 in existing funds to renovate the downstairs of the Town Hall, including eliminating the Town's only conference room by replacing it with additional office space for the Board of Selectmen and Town Inspectors. In the past, the upstairs Hall has been able to be used for community events while the conference room was used by the Town Boards. Removing the conference room essentially eliminates this multiple use of the Town Hall.

ARTICLE 19: On petition of 38 registered voters of the Town of Kingston, to see if the Town will vote to raise and appropriate the sum of fifty thousand dollars (\$50,000) to be added to the existing Nichols Memorial Library Capital Reserve Fund for Future Library Expansion and name the Nichols Memorial Library Board of Trustees and the Kingston Board of Selectmen as agents to expend.

RECOMMENDED BY BOARD OF SELECTMEN
RECOMMENDED BY BUDGET COMMITTEE

ARTICLE 20: To see if the Town will vote to add the following property, Tax Map R7, Lot 5, approximately 49 acres, to the existing town owned Frye Road Forest. This piece was inadvertently left out of the 2003 warrant article 30 which passed 1529 to 402 establishing several parcels as Town Forests under RSA: 31:110.

To authorize the Conservation Commission to manage this parcel as part of the Town Forest under the provisions of RSA 31:112 II and to authorize the Board of Selectmen to enter into conservation easements with an appropriate entity on the above parcel.

The purpose of this warrant article is to designate this property which is already under the supervision of the Kingston Conservation Commission, as Town Forest and to place the property under permanent conservation easement.

ARTICLE 21: On petition of 35 registered voters in the Town of Kingston, to see if the Town will change the membership of the Zoning Board of Adjustment from appointed positions to elected positions in accordance with RSA 673:5 beginning with the March 2008 elections.

Note: Election of ZBA board members will bring this board in line with other high level elected boards such as the Selectmen, Planning Board and Budget Committee. This change will foster an open, participatory and democratic process.

ARTICLE 22: On petition of 44 registered voters in the Town of Kingston: Should the Hannaford Supermarket decision be overturned, to see if the town will authorize the Selectmen to form a committee to pursue purchasing the land located in Historic District I, on the corner of Main Street and Rte. 125 (referenced by Tax Map R34-71B), for the purpose of a future Town Use. Should this article pass, the expectation is that this

committee would come back before the voters with an exact \$ amount to be voted on by the residents of Kingston. This lot consists of approximately 11 acres and abuts approximately 5 acres of Town land that is currently land locked. This would give the Town approximately 16 acres of land for future town expansion. It would be prudent for the town to pursue this land while it is undeveloped. The town will be hard pressed to find another parcel this big, so close to the town center. 16 acres could easily host a Town Use such as: a future town complex consisting of Town Offices, Police, Fire, Library, Community Center, Park or a combination of these. A Town Use or Town Building would also better suit Kingston and would compliment our Historic, Rural character, rather than a high impact retail development that will threaten the viability of Historic District I.

As a side note: Having the town purchase this piece of property would also put an end to the exorbitant legal bills that the town is paying in order to defend itself against the constant development pressure on this corner.

ARTICLE 23: On petition of 60 registered voters of the Town of Kingston, to the Board of Selectmen, to place the following article on the warrant for the 2007 annual meeting:

New Hampshire Climate Change Resolution

To see if the Town will go on record in support of effective actions by the President and the Congress to address the issue of climate change which is increasingly harmful to the environment and economy of New Hampshire and to the future well being of the people of Kingston.

These actions include:

1. Establishment of a national program requiring reductions of U.S. greenhouse gas emissions while protecting the U.S. economy.
2. Creation of a major national research initiative to foster rapid development of sustainable energy technologies thereby stimulating new jobs and investment.

In addition, the Town of Kingston encourages New Hampshire citizens to work for emission reductions within their communities, and we ask our Selectmen to consider the appointment of a voluntary energy committee to recommend local steps to save energy and reduce emissions.

The record of the vote on this article shall be transmitted to the New Hampshire Congressional Delegation to the President of the United States, and to declared candidates for those offices.

ARTICLE 24: To transact any other business that may legally come before the meeting.

Given under our hands and seal this 17th day of January, 2007.

DEFAULT BUDGET OF THE TOWN

OF: KINGSTON

For the Ensuing Year January 1, 2007 to December 31, 2007

or Fiscal Year From _____ to _____

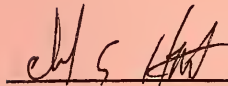

RSA 40:13, IX (b) "Default budget" as used in this subdivision means the amount of the same appropriations as contained in the operating budget authorized for the previous year, reduced and increased, as the case may be, by debt service, contracts, and other obligations previously incurred or mandated by law, and reduced by one-time expenditures contained in the operating budget. For the purposes of this paragraph, one-time expenditures shall be appropriations not likely to recur in the succeeding budget, as determined by the governing body, unless the provisions of RSA 40:14-b are adopted, of the local political subdivision.

1. Use this form to list the default budget calculation in the appropriate columns.
2. Post this form or any amended version with proposed operating budget (MS-6 or MS-7) and the warrant.
3. Per RSA 40:13, XI, (a), the default budget shall be disclosed at the first budget hearing.

**ANNUAL REPORT OF THE BOARD OF SELECTMEN
2006**

The year 2006 will be known as the *Year of the Flood*. In the month of May, the Town of Kingston was hit with one of the worst rains and flooding in recent history. Even the locals could not remember the last time we had water at the levels seen in May. The Fire Department pumped over 165 cellars. At one point we had 7 roads closed due to either flooding or actual washouts and severe house flooding along the shores of our numerous ponds and lakes. Thanks to the work of many volunteers we were able to keep damage to a minimum.

For the third year in a row, the Board of Selectmen is proud to say that we had a small decrease in the town portion of our property tax rate. Even though the town portion decreased, we are still able to provide excellent services to the people and businesses of Kingston. The Board of Selectmen followed through with their commitment to ask the taxpayers of Kingston how they would like to spend the surplus funds left over from the Landfill project. The survey mailed to taxpayers solicited recommendations on how they would like to see the surplus used. The responses indicated a priority list of the following:

- Return some money back to the taxpayers
- Use only the interest on the funds
- Improvements or additions to Town infrastructure

The implementation process will begin in 2007.

There was another exciting event in the Town of Kingston this past year. The completion and opening of the new Sanborn Regional High School took place in September and included the welcoming of Fremont students to our Regional High School.

In closing, on behalf of the Board of Selectmen, I would like to thank all of our town employees and a special thanks to all the volunteers, especially those on the Historic District Commission and the Zoning Board of Adjustment for their outstanding work with the hearings for the proposed Hannaford's grocery store.

Without the dedication of our volunteers, Kingston would not be the great town that it is.

*Respectfully submitted,
Charles A. Hart
Chairman
Kingston Board of Selectmen*

Nichols Memorial Library 2006 Annual Report

2006 saw much activity for Nichols Memorial Library. We welcomed two new staff members to our outstanding team. Julie Reid joined us as a Children's Room Assistant and Library Substitute, and Mary Hall came on board as a Library Substitute. They joined our excellent staff members: Patti Walker, our Adult Services Librarian, Karen Kamon : Children's Librarian, Jill Bordelais : Children's Room Assistant, Darryl Crepau : Library Assistant/ Computer Maintenance Assistant, Kelli Lennon : Library Assistant, Kathy Sullivan : Library Assistant, and myself as Library Director. Welcome to our new team members, and thanks to our staff for their consistently great work!

In January, we began the implementation of year 1 of our 5 year Strategic Plan. At our six month review in June, we had already addressed 66% of the objectives meant to be accomplished in the first two years, and accomplished 30% of them! All of our goals and objectives strive to provide upgraded Library services, promotion and infrastructure. In this way, we hope to enhance the effectiveness, efficiency and value of our service to the Kingston community. By basing our objectives on your input, the community of Kingston continues to shape their public library collection, services and direction. We greatly value your participation, interest and input in collection and programming development. Our Planning Committee will continue to meet bi-annually to reassess and evaluate our process, keeping our plan vibrant and responsive to community needs.

We'd like to extend our thanks to the many Kingston residents who responded to the Selectmen's survey regarding the monies available to the Town through the landfill closure. Many great ideas were presented, with an expansion of the Library ranking second only to general tax relief. Thanks for your support Kingston! There is certainly a great recognition in the community of the value of the public library as a community center of educational, informational, recreational and cultural enrichment.

Most recently, in response to the survey results, and in recognition of the facility limitations identified in our planning, we have organized an Expansion Committee. This volunteer committee is comprised of Kingston community members along with Library staff, Friends of the Library and Trustees. The Nichols Memorial Library Expansion Committee will gather information and explore options to allow the Library to adequately perform its function and fulfill its mission, without space restriction, both in the present and future. We thank those who have agreed to be part of this group to provide the community of Kingston, Nichols Memorial Library Trustees, and Kingston Board of Selectmen with guidance in addressing the future of the Library.

The Friends of the Nichols Memorial Library continue to be an incredible source of support for the Library. Not only by fundraising (which they do very well!), but through sponsorship of the many museum passes available to Library patrons. The Friends group also generate programming ideas and support, and members serve in organizations like the Expansion Committee. Watch for a new pass to the Boston Museum of Science to become available to Library patrons in 2007. Much requested, but prohibitively priced, the Museum of Science pass became a goal for the Friends during 2006. At the time of this writing, sufficient fundraising has been done to provide the pass for next year! The Friends of the Nichols Memorial Library deserve the thanks of the Kingston community for their incredible efforts to support your public library.

We'd like to remember Amy Esty, a Kingston resident who supported the community in many ways, including through her service as a Nichols Memorial Library Trustee, a Friend of the Library, and a member of the Kingston Book Group. Amy passed away early in 2006, and has been sorely missed. Her humor and practicality enriched all who knew and worked with her. A memorial fund was established in her memory to benefit the work of the Friends of the Library, and was generously fulfilled. As part of Amy's memorial, an engraved granite bench has been installed at the North end of the Library under our American Fringe tree, and facing the flagpole. Many bulbs have been planted around the bench this Fall to greet Spring with multiple blossoms in Amy's memory.

Our collection continues to offer the range of materials and formats you've come to expect. We work hard to provide easy access to the popular materials you've indicated as priorities, while maintaining vital reference, public service information, and programming services for all ages. Nichols Memorial Library offers a physical place to participate in your community. You may find "virtual community" and social software on-line, but you can also meet the Kingston community face to face at your public library!

We cover the technology side of things too, but you can also discuss your favorite book,

take vicarious travels to far-flung destinations, knit with friends, learn new ways to find information, and help our next generations learn the value of reading and storytelling by coming in to your public library. All you need to access this incredible resource is your library card, and as a Kingston resident, that's yours for the asking.

As always, we'd like to thank the Kingston community for your support of our programming and fundraising, and for your many generous contributions and donations to the Library.

2006 Report of the Kingston Police Department

Calls for police service increased from 16,471 in 2005 to 21,398 in 2006. This 30% difference can be attributed to, two major factors consisting of being reactive to the safety needs of our citizens on a daily basis and proactive in stemming the influx of illegal drug sales in our community. Drug trafficking is a major concern impacting small towns as well as large cities nationwide. It is a major focus of the Kingston Police Department. I commend the officers who spent countless hours training for and executing the apprehension of those who elected to ply their drug trade in our town.

It has been a major objective of the department to save taxpayer dollars by actively pursuing grants, drug forfeitures and donations that will improve police efficiency and training skills. Since 1995 the department has set a milestone by receiving over \$1.6 million in additional funding, assets and services at no expense to the Kingston taxpayer. I am pleased to announce that 2006 was a record year, as the department received \$233,915.94 in federal grants and local donations.

Brox Industries donated land, inclusive of surveys, wetland studies and plans valued at \$140,000 for use as a much appreciated firearms police training facility. In an effort to maintain state of the art technology and equipment we received a federal grant entitled "Project 54" valued at \$12,000 equipping our newest cruiser with a laptop computer, emergency lighting, sirens, radar, hands free voice activated devices, flashlights and console. This is the fifth Kingston cruiser equipped under this grant with a total value of \$60,000.

2006 saw the departure of Officer Jason Lewis who moved on to join forces with the State of New Hampshire Highway Patrol Division. We welcome to the KPD his highly recommended replacement, Officer Daniel Mecurio.

What has not changed in 2006 is our goal of working with the residents insuring their trust necessary to create a sense of community that will result in a town we can be proud of. It is still our goal to provide the most professional, timely and efficient services to all residents.

I would like to extend my personal thanks to all of the employees of the Kingston Police Department for their commitment and dedication to the success of the department. I would also like to thank you, the citizens who assist us, comment on our activities and in general work with us to keep Kingston an enjoyable and community-oriented place to live.

Respectfully submitted,

Donald W. Briggs, Jr.
Chief of Police

Report of the Kingston Fire Department

The year 2006 was very busy and challenging for the Kingston Fire Department. After an unusually mild winter, April brought the fire department and the Kingston Highway Department together to battle a 6 acre wildfire on Clark's Island, which is located on Kingston Lake. In May, a quiet Mothers Day weekend quickly changed into a time of crisis for many Kingston residents, as unprecedented rains caused serious flooding throughout the town. This signaled the beginning of many days in which our full time firefighters, volunteer firefighters and Emergency Medical Technicians lived at the fire station while responding to over 200 requests for assistance with flooded cellars and other flood related emergencies.

The month of June offered little rest for the fire department emergency responders. Route 125 provided a gateway to Laconia for the annual motorcycle rally. Unfortunately this led to several serious motorcycle accidents. This was one of the worst years in recent history for these types of accidents.

The second half of the year found several committees working to meet our ongoing needs. One committee worked on the specifications for the replacement of Engine Two, which is scheduled for replacement in 2008. Our building replacement committee has also been very busy working with architects and fire service consultants to determine our future building needs and replacement costs.

When not responding to emergencies, we continued our ongoing efforts to secure funding through State and Federal grant programs to offset the costs of the services we provide. To date, \$240,835.31 has been secured. This also includes revenues collected through citizen donations and ambulance billing fees. As Chief of this department, I would like to express my gratitude for the new cardiac defibrillator which was purchased by the Kingston Volunteer Fireman's Association at a cost of \$2,000.00.

The response to a November recruitment drive for new members proved to be very disappointing. The Kingston Fire Department is primarily made up of men and women who work full time jobs along with our five full time staff members. It is these caring and dedicated Kingston neighbors and friends who answer the call when your house is on fire, and who will save the life of your loved one when their heart has stopped beating. We are in need of more volunteers at this time. We would love to meet you and talk about the opportunities this department has to offer you. If you are interested in becoming a member of our organization, please call or stop by the station anytime. I can also be reached at kfd25c1@comcast.net to answer any questions you may have.

We are also in the process of organizing an auxiliary group to support the efforts of our dedicated members. Anyone, young or old can join this group. All it takes is a desire to help out when the need arises. More information will be forthcoming this spring.

At this time plans are being made to drive to New Jersey and take delivery of your new ambulance which was approved on this year's ballot and funded entirely through non-

resident transport fees at no cost to the residents of Kingston. This new, state of the art ambulance is equipped to operate at the advanced life support level, and will allow us to bring the most advanced pre-hospital care possible to you and your family.

On behalf of all the dedicated members of the Kingston Fire Department I would like to express my gratitude for your continued support.

Respectfully submitted,

Bill Seaman

REPORT OF THE ROAD AGENT

2006

HIGHWAY DEPARTMENT:

What a difference a year makes! Last year we were buried in snow while this year was about average with approximately 62 inches of snow and 32 call outs for wintry conditions.

This past spring we saw another 100 year flood situation (the third since I became Road Agent – Go Figure!). With about 23 inches of rain in a week, many roads were closed due to high water and road bed damage. We applied for federal assistance and received \$23,163.87 from FEMA to help pay for damages.

Summer and fall were spent repairing flood damage and normal summer maintenance. With the rise in fuel costs, asphalt also rose dramatically, almost doubling in cost. We are also receiving fewer funds from the State in our block grant monies. Add it up, higher costs with less outside revenue equal more tax dollars needed or less road work that we will be able to do. I don't have the answer but we all have to deal with reality.

As of December 27th, we have only been out to treat the roads twice with no snow on the ground. I am sure by the time you read this we will be screaming for mercy!

MUNICIPAL BUILDINGS AND PROPERTIES:

The Highway Department has a new generator on line so all emergency operations can now function after an extended power outage.

Many safety related issues have been corrected in all Town Buildings after review by the Selectmen and the Safety Committee.

We continued our program of replacing dead and diseased trees on the Plains and I think there is a noticeable difference in the appearance of the Town Common.

The Town needs to decide on a plan to upgrade all Town Buildings as I don't want to be putting monies into repairs and upgrades if the use or function of the buildings will be changing.

LANDFILL:

The landfill closure is complete. We must monitor and maintain it forever! There are water samples taken quarterly and air sampling done three times a year. If all samples come back within EPA and State specifications for the next 40 years, we're in great shape. We must all be aware that the landfill is an unexploded bomb that has the chance of causing huge costs to the Town. We all need to think hard before spending the available surplus funds from the landfill account.

Road Agent*

REPORT OF THE KINGSTON PLANNING BOARD 2006

The Planning Board meets at least three times a month (usually the first, third and fourth Tuesdays) in the Kingston Town Hall. Elected Board members volunteer their time to review development applications, determine compliance with local ordinances & regulations, gather public input & comment and vote on each submittal. The Planning Board is also responsible for maintaining an updated Master Plan for the town per State statute. Meetings are open to the public, and can consist of Hearings and discussion on a wide variety of issues including:

- Commercial/Industrial Site Plan Reviews
- Residential Subdivisions
- Lot Line Adjustments
- Zoning Ordinance/Regulation Review
- Master Plan/Capital Improvement Plan Development & Updating

In 2006, the Planning Board proposed, and voters approved, a number of updates to Kingston's Zoning Ordinance. The most significant of these was the expansion of Elderly Housing District zoning in Town. Recognizing the need for this type of housing stock, the new zoning provides opportunities for both Affordable and Market Rate categories of elderly housing to be constructed in the northern part of Kingston. This area was chosen specifically for its close proximity to retail, medical and transportation services that would be particularly beneficial to our older residents. The Planning Board also recognizes the need for Affordable housing for all age groups, and will be proposing future zoning modifications in this regard.

The Planning Board applied for, and received, funding from two competitive grant sources this year. The first was a 50/50 matching grant from the Rockingham Planning Commission's Targeted Block Grant Program. The Board is using this grant to explore the concept of "Village Plan" zoning. Early project phases have included a facilitated public input session, as well as education of Board members on the subtleties of this zoning technique. Ultimately, zoning proposals incorporating the "Village Plan" concept(s) may appear before voters at a Town Meeting. The second grant is a 100% grant through the New Hampshire Estuaries Program (NHEP) for professional consulting services. The Board has contracted with the NHEP for assistance in updating the Wetlands Conservation District Ordinance, and creating a Stormwater Management Regulation. Both of these items are intended to improve protection of the Town's natural resources, without unnecessarily hindering development activity.

The Planning Board is pleased to recognize the continued service of Glenn Greenwood (Circuit Rider Planner) and Sally Cockerline (Board secretary). We are, indeed, grateful for their guidance, dedication and hard work. We also offer our sincere thanks to Kingston residents and all town departments, committees and commissions for their invaluable help in the planning process. The Planning Board office (upstairs in the Town Hall) is open three days per week. For current office hours, please call 642-3706.

Glenn Coppelman
Chairman

REPORT OF THE ROCKINGHAM PLANNING COMMISSION (RPC)
2006

The Rockingham Planning Commission (RPC) is a public regional planning agency established under state law (RSA 36) which is created by, sustained by and connected directly to the local governments it serves. It exists to provide professional planning assistance to local governments and to coordinate local and regional planning in the areas of land use, transportation, natural resources protection, housing and economic development and operates in an advisory capacity to its member communities. The Commission serves a State-defined planning region that includes 27 municipalities in southern and seacoast Rockingham County with a population of approximately 180,000. Commission membership is maintained through the payment of annual dues, based on town population.

The RPC is controlled by a Board of Commissioners, who set policy, oversee the budget and decide what work the Commission will undertake. Each member town appoints at least two Commissioners to the RPC Board. The Commissioners representing Kingston are Ken Weyler and Glenn Coppelman.

The local technical services provided by the Commission include the preparation and updating of master plans, CIPs open space plans, natural resource inventories and a variety of other planning documents; providing 'circuit rider' (shared) planners for smaller towns; assistance with the review of major development plans; developing GIS maps for town planning; assisting in grant applications for federal and state funds; drafting & updating zoning ordinances and subdivision & site plan regulations.

Regional planning services include areawide transportation planning and project development, regional housing needs, regional conservation & greenway planning, economic development strategies, promoting regional cooperation and advising towns on proposed developments that could have regional impact. The regional groundwater yield-modeling project, for example, will directly benefit Kingston's efforts to responsibly use and protect its valuable water resources.

Membership in the Commission enables communities to interact with each other and to be aware of the latest opportunities for local planning assistance, grant opportunities, direct assistance from RPC staff, and regional activities in which the Town should be involved. More importantly, being part of the Commission means our community has a voice (and a vote!) at the table where decisions are made about regional plans for transportation, land conservation, economic development, housing and many other issues. Please feel free to contact your Commissioners for more information.

Respectfully submitted,

Glenn Coppelman and Ken Weyler
RPC Commissioners

REPORT OF THE ZONING BOARD OF ADJUSTMENT 2006

The Zoning Board of Adjustment has had another busy year. The Board conducted twenty-one public hearings with the decisions as follow:

- o Nine variance requests approved.
- o One Equitable Waiver of Dimensional Requirements approved
- o Three Special Exceptions approved.
- o Twenty-eight variance requests denied.
- o One Equitable Waiver of Dimensional Requirements denied
- o One Appeal of an Administrative Order approved
- o Two applications were withdrawn without prejudice

The Zoning Board of Adjustment is an appointed board of five members and three alternates.

Members are Electra Alessio –Vice Chairman, Denise Gregson, Sandra Seaman, Kevin Burke, Tammy Bakie (alternate) Ken Rota (alternate), Ben Romano (alternate), and Sally E. Cockerline Chairman. The Town of Kingston is fortunate to have these dedicated volunteers to serve its residents and look after the best interests of the Town.

The Zoning Board of Adjustment is an appointed, quasi-judicial board that has multiple duties:

- o To grant variances, special exceptions and appeals of administrative orders.
- o To allow fair use of a person's property without harming another's.
- o To determine if an error had been made in the decision or determination of a Town Official of local land use board.
- o To interpret the meaning of a zoning ordinance.

The ZBA extends its gratitude to other Town Departments and employees for their dedication. We also thank our secretary Bonnie Gearty for her hard work and dedication to the Board.

Respectfully submitted,

Sally E. Cockerline

REPORT OF THE BUILDING INSPECTOR

2006

During the year 2006 there were 142 building permits issued. The breakdown is as follows:

Permits for additions, renovations, and repairs – 111

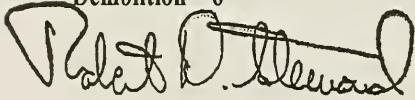

New Single Family Homes – 15

Residential Condominiums – 4 two unit buildings

Commercial Condominiums - 5 units

Duplex – 1

Demolition – 6

A handwritten signature in black ink, appearing to read "Robert Steward". The signature is written in a cursive style with a large initial "R" and a long horizontal stroke.

REPORT OF THE CONSERVATION COMMISSION

2006

The Kingston Conservation Commission (KCC) is the only local Board charged specifically with protecting the natural resources of the Town. We do this by providing advice to other Town Boards and committees regarding proposed development activities within the Town wetland district, shoreland protection district, and aquifer protection district. We also receive calls from local residents questioning what can and can't be done within these conservation districts. The KCC also has the authority to review and provide comments regarding dredge and fill permit applications filed with the State Wetlands Bureau. This past year we also provided technical assistance to the Planning Board regarding the review and proposed amendments to the Kingston Wetlands Ordinance.

This past year we continued to improve the marking of the hiking trails in the Town Forest located off Hunt Road. We are currently in the process of creating a trail map based upon data obtained using a GPS unit borrowed from one of our member's employers. We plan to erect a kiosk at the trail head this year that will include a trail map and other information regarding the Town Forest. The KCC, along with the citizen group Friends of Kingston Open Space (FOKOS), assisted the Nature Conservancy in the cleanup of the conservation property known as the Sargent Property that was recently purchased by the Nature Conservancy. The KCC also continues to monitor the five conservation lands acquired in the 1980s through the Land Conservation Investment Program (LCIP).

**Historic District Commission
Annual Report
2006**

The Historic District Commission is charged with “safeguarding the heritage of the Town as it is represented in structures of historical and architectural value located in the Historic District” as granted under NH RSA Chapter 673:1. Provisions of Ordinance: Article IV, Sections 4.10 – 4.21 of the Kingston Zoning and Building Codes.

The members of the Commission take this responsibility seriously and with all good intentions of fairly executing the regulations and articles as applications are presented.

In 2006, there were six applications for certificates of approval; four approvals were given; one application was denied. One application is pending completion by the applicant.

Most of this year’s work was driven by the application of the Konover Development Corporation, agent for Amy Alberts Revocable Trust, requesting approval of a 36,000 square foot Hannaford Supermarket. Public meetings and public hearings were conducted from April through August in an attempt by the board to give every opportunity for the applicant, the board, and the town’s people to gather information and express opinions regarding this significant application. It is hoped that the interest in the well-being and preservation of the Historic District will continue throughout the coming year.

Meetings are held on the second Tuesday of each month at 7:30 in the Town Hall. All meetings are noticed in the Town Hall and Post Office. The public is always welcome. Minutes of all meetings are on record in the Town Clerk’s Office and application approvals and denials are recorded with the Selectmen. Applications may be obtained from the Selectmen’s office or the HDC Board. The Ordinances and regulations regulating the Historic District are now available on line at the Town of Kingston’s website.

 - 0 – conversion, 33 – Initial Design, 4 – as-built, 3 – redesigns, 13 – replacement, 0 – back-pocket, 3 – amended, 26 – re-submittal, 2 – changes per NHWSPCC
- 24 – Failed subsurface systems approved
 - 14 - Requiring new designs, 10 – In-kind repair*
- 46 – Subsurface systems – bed bottom inspections
- 45 – Subsurface systems – backfill approved
- 35 – Occupancy Inspections
- 8 – Business Occupancy Approvals
- 16 – Well drilling permits issued
- 3 – Childcare Facilities Inspections
- 2 – Site Plan Reviews
- 29 – Building Permit Reviews
- 5 – Demolition Permit reviews for asbestos

In addition to septic systems, I have satisfactorily resolved 16 complaints/violations and am currently pursuing 12 additional complaints/violations.

In contrast to last year, even though there has been an increase of both the West Nile Virus (WNV) and Eastern Equine Encephalitis (EEE) thru out the state, we have had only 2 documented incidents within the town. In conjunction with Dragon Mosquito Control Company we continued our mosquito monitoring program, treating all catch basins and culverts for possible mosquito pools. We also adopted a vector control health regulation allowing us to request residents to cleanup and remove debris piles that are potential mosquito breeding areas.

*In-kind repair are failed septic systems that meet the State of New Hampshire's requirements for repair and do not require a new subsurface system design. (Must be a state approved system, be more than 75 feet from wells and water, and 2 feet above seasonal high water table).

REPORT OF THE KINGSTON RECREATION COMMISSION 2006

The Kingston Recreation Commission is pleased to report another successful year!

In 2006, we sponsored an Easter Egg Hunt, Middle School Dances, Children's Games and Entertainment at Kingston Days, Four Free Summer Concerts "On the Plains", and offered more Senior Trips than ever before. The Christmas Tree Lighting and Caroling with the Boy Scouts was extremely successful and fun for all!

We also provided financial support to several local sports leagues to help them with equipment and scholarships. The eight week program took us to many fun and adventurous places. Next year we are looking to extend our hours to accommodate more families.

Kingston Recreation members, Roger Clark, Chris Burke, Aris Kopoulos, Chairman and myself, Donna Duddy, Recreation Coordinator, continue working well together to offer new programs and events for all ages.

We thank our Selectmen and appreciate the assistance from Selectmen' Office personnel, Cindy, Ann and Kathy.

This past year we worked to bring you our very best. Kingston Recreation remains open to new ideas, new members and all constructive input. We are a volunteer committee always in need of new people in order to maintain and expand our programs.

Recreation Coordinator

AUDIT REPORT 2006

The audit firm of Plodzik & Sanderson, Concord, NH has been contracted by the Town of Kingston regarding the general financial statements of the Town. We regret this report was not available at the time of printing. When the report is received, it will be announced and copies will be available.

Kingston Board of Selectmen

Trustees of the Trust Funds and Cemeteries

2006 marked the transition of all funds to professional management by Ocean National Bank's Government Banking Services and their affiliate, Chittenden Investment Services. While the Trustees will monitor the funds closely, they will be getting frequent advice from Ocean/Chittenden in order to maximize the value of the Trust Funds to the Town. We have already seen an increase in the interest earned by these accounts.

The Trustees embarked on a program of repairing the broken historic gravestones in the Plains Cemetery. The program will be continued in 2007 to include stone cleaning at the Plains, and repairs/cleaning at Pine Grove and Mill Stream Cemeteries.

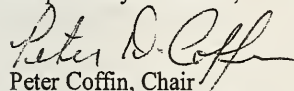

The Trustees and Sexton have continued to clean the cemeteries and are enforcing regulations on decorations left at gravesites. Residents who wish to decorate gravesites are reminded to check the rules posted in the cemeteries, and to pick up dead/wilted flowers. We strongly encourage the planting of live plants in front of the monuments since these will usually live all season and provide lasting beauty.

Kingston resident Greg Gainty has replaced the Town cemetery signs as an Eagle Scout project. The Town is grateful to Barry Cynewski, a Kingston resident and owner of CP Building Supply, for his extremely generous donation of building materials for the new signs. CP building supply donated a new type of sign material that will not rot or need to be painted, so Greg's project will be gracing the cemeteries for many years to come. We are also grateful to Ron and Bridget Reedy of Reedy signs in Exeter for providing stencils well below cost, and advice and expertise in sign-making.

The new veterans' section of Greenwood Cemetery is now open for lot sales to veterans and their families. New roads were built in 2006 to give access to this section.

Due to publishing deadlines, the following report of the balances of trust funds is as of 30 November, 2006. A new Sanborn Regional School District Facilities Maintenance Expendable Trust Fund was created by warrant in 2006, and funded during the month of December at \$25,000; also, \$100,000 was added in December to the Sanborn Regional School District Special Education Expendable Trust Fund. These amounts are not reflected in the November 30 balances.

REPORT OF THE KINGSTON DAYS COMMITTEE

2006

Once again, the weather was with us and we had a very successful Kingston Days Weekend! Thanks again to all who volunteer their time and services to make this event so great for everyone.

This was Kingston's 312th Anniversary Celebration and it was held August 4th, 5th and 6th on the Plains.

We did not have the "Dunk Tank" this year but instead we had the "High Striker" which proved to be fun for all ages. Once again, we want to thank Gary DeBlasis for his spectacular fireworks display! Each year our events and entertainment get bigger and better. Presently, we are well on our way with plans for this year's celebration during the first weekend in August.

Kingston Days is held for all of us to enjoy, so join the fun and get involved! The Committee meets the third Thursday of each month in the Town Hall at 7:00 PM. Come in and talk with us; we'd love to hear from you.

Joe Thompson
Chairman

HUMAN SERVICES DEPARTMENT

2006 REPORT

The Human Services Department provides emergency aid throughout the year for those Kingston residents in need of assistance. Residents are also provided information about other programs available to them through the State and Federal programs.

This department is also responsible for the Kingston Food Pantry. Through the community's generous donations, we are able to provide food to families throughout the year in addition to holiday food baskets at Thanksgiving and Christmas. The Food Pantry provided over \$10,000 worth of groceries to residents this year.

The Human Services Department also distributes donated toys and gifts to families at Christmas. This was the second year of the Kingston Volunteer Firemen's Association sponsored Toy Drive. The success of the Town's "Toys for Children" program is due in large part to their efforts. We also want to thank Alan Krauss and Mike Elliott of the Buildings and Grounds Department for their invaluable assistance during the year.

We want to express our gratitude to the many residents, businesses and organizations that have made donations to this department. It is due to this support that many of these services are available. Our sincerest thanks to the following, as well as those anonymous supporters, for their generosity throughout the year:

JMA Demolition, Kingston	Curves, Kingston	Dave and Deb Powers
First Congregational Church, Kingston	Sears Logistics	Public Service of NH
John Cassanelli, Petro King, Plaistow	Dunkin' Donuts, Rte. 125	Safeway Transportation
Conrad and Phyllis Magnusson	VFW, Memorial Post 1088	The Faulconer Family
Kingston Area Junior Women's Club	Peter and Ann Sullivan	Cindy Kinerson
Pilgrim United Church of Christ	Terry Colby	Shaws, Stratham
Southern NH Trailblazers	Christine Arata	Jennie Bake
Offspring Baby Zone	Paul Patrie	Leonard DeStefano
Magnusson Farms	William Wagner	Jeffrey M. Hirsch
John and Constance Schreiber	Dana Jenkins	Dan Sweet
Peter and Roberta Gilman	Gladys Metcalf-Ray	DJ Bakie School
Richard and Patricia Busch	Nichols Memorial Library	SRSD Middle School
Kingston Boy Scout Troop 90	Bob Parshley	SRSD High School
George and Leslie Weiskopf		

Respectfully Submitted,

REPORT OF THE KINGSTON MUSEUM COMMITTEE

2006

The museum is open during Kingston Days and by appointment. This year three classes of 5th grade students, accompanied by teachers and chaperones visited.

The Flea Market held during Kingston Days is the annual fundraiser and was very successful.

The Museum Committee was increased this year by the appointment of several new members: Susan Prescott, Kathy Chase, Heidi Morgenstern, and Heidi Germain. Reappointed are Ruth Albert, Marion Clark and Joyce Davies.

When cleaning out your home, please remember the museum. Historical items for the collection are always welcome, as are items placed on permanent loan.

For information about visiting the museum, please contact the selectmen's office.
