SELECTMEN'S REPORT

According to the State Tax Commission a complete Inventory must be filed each year.

Part of a letter received by the Selectmen from The State Tax Commission on Jan. 4, 1965.

The selectmen not only have no power to waive the filing of inventories, but they are liable to a penalty if they willfully fail to enforce the law.....The main purpose of the inventory is to obtain a true list of all taxable property in the town.....Each taxpayer is compelled to make an inventory in writing under oath.

Letter signed by
Lawton B. Chandler
Commissioner

It should be noted that some of the residents of Tasker Hill have paid to have extra gravel hauled in to improve their road.

The town hall was given a coat of paint (primer) and should be given a second coat this spring to be sure of a good job.

There are a number of Real Estate Developments taking place. The one at Davis Pond (Madison Shores, Inc.) has about one hundred lots sold. Kennett Co. has a large development on the west side of Pea Porridge Pond where several cottages are started. On the east side of Pea Porridge a large development has been under way for several years, and a dozen or more cottages have been erected. At East Madison another new development is under way with several lots sold.

These new developments require snow-plowing and

will be asking the town to take over roads in the near future. This is going to require more appropriations which is hoped will be taken care of by more tax money coming in.

The State Recommends that the Town use the available T.R.A. money to finish the so-called Will Moore Road.

Many Non-resident taxpayers have complained to the State Tax Commission about increase in valuations this past year, and their assessments will be reviewed by the Commission. However, an interesting statistic compiled from our records show that excluding the taxes paid by the top three resident industries, and the three top non-resident industries, Four Hundred non-resident taxpayers pay \$56,000.00 or an average of \$140.00. One Hundred Sixty Four resident taxpayers pay \$30,600.00 or an average of \$190.00.

The Selectmen feel, therefore, that we are not unduly penalizing any segment of the taxable property.

The Selectmen

REPORT OF THE FOREST FIRE WARDEN AND YOUR DISTRICT CHIEF

The 1964 forest fire season surpassed the record year of 1963 in both length and severity. For the second successive year, we experienced a rainfall deficiency of more than ten inches and the compounding of such drought conditions, together with the many days of strong, dry winds, characterized 1964 as one of the most hazardous years in the past half century. Although our fire season was three weeks longer than that of 1963, the number of fires showed only a slight increase and more remarkable was the fact that the area burned dropped from 2280 acres in 1963 to 900 acres in 1964. Early detection and rapid response kept many potential fire disasters from becoming reality. We all owe a debt of gratitude to the men in this community who responded and fought our fires so efficiently. Our state is now 86% wooded and its economy—both industrial and recreational—is greatly dependent on this forest resource. The responsibility for adequate fire protection of this great area—4,350,000 acres—is everyone's responsibility and prevention is one of our most effective tools.

Prevention is good common sense.

1. Take your rubbish to the town dump. If you must burn, obtain a permit and watch your fire until it is dead out.

2. Instruct your children in fire safety. Keep matches from young children. Explain to them the dangers of lighting matches and making outdoor fires.

3. Be sure discarded smoking material and matches are out.

A major portion of our preventable fires this year

are chargeable to three causes: (1) permit fires allowed to escape; (2) children playing with matches; and (3) smokers. Let's be mindful of the fact that all such fires endanger property and lives.

We wish to thank you for your very fine cooperation during the past fire season and with your continued cooperation we are confident that we can improve our fire record in 1965.

**WARRANT
FOR ANNUAL MEETING
OF MADISON SCHOOL DISTRICT**

To the Inhabitants of the School District in the town of Madison qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 8th day of March 1965 at 8:00 p.m. to act upon the following subjects:

Article 1. To choose a Moderator for the coming year.

Article 2. To choose a Clerk for the ensuing year.

Article 3. To choose a Member of the School Board for the ensuing three years.

Article 4. To choose a Treasurer for the ensuing year.

Article 5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent in the district.

Article 6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

Article 7. To choose Agents, Auditors, and Committees in relation to any subject embraced in this warrant.

Article 8. To see if the district will vote to send pupils of Grade 8 to Conway as tuition pupils.

Article 9. To see if the district will vote to raise and appropriate the sum of \$1000.00, said sum to be placed with the trustees of trust funds to create a

reserve to be available towards a replacement bus when needed.

Article 10. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries for school district officials and agents and for the payment of the statutory obligations of the District.

Article 11. To see if the district will vote to authorize the school board to make application for and accept in the name of the school district for educational purposes such funds or grants-in-aid as may be obtainable from the State or Federal Government or any department or agency thereof, or any other sources.

Article 12. To see if the district will vote to authorize the school board to accept gifts in the name of and in behalf of the school district.

Article 13. To transact any other business that may legally come before said meeting.

Given under our hands at said Madison this 10th day of February 1965.

SUPERINTENDENT'S REPORT

We are pleased to welcome Madison into Supervisory School Union No. 9. The major purpose for creating a larger administrative unit was to provide better education for the children and youth of this area.

Madison has an excellent school plant. It is evident that you take pride in your school for it has all the appearances of being a new school. It also seems to be well equipped. However, reorganizing the school districts having a good plant, and good equipment does not necessarily guarantee better education for the children of Madison. This can only come about by securing and retaining certified, well-trained and capable teachers; those that will accept the challenge of teaching multiple grades with the knowledge that good results are somewhat harder to achieve.

Any school that has more than one grade per teacher is not generally providing the best kind of education. This is true in most rural areas throughout the country. Whenever possible, school districts try to, at least, provide the children in the upper elementary grades with the better educational programs and broader opportunities available at nearby central schools.

Madison has the opportunity to send its eighth grade to the Conway Jr. High School. Had the cooperative school district reorganization plan been approved, the seventh and eighth grades would have been in Conway or in some other central area, and the vote shows that Madison was one of the districts that approved this. If you want a quality education for your eighth grade children, then consideration

should be given the proposal which is included in your warrant.

I have enjoyed working with the Madison School Board. Frances Hoyt, Tom Currier, and Carl Arnold are all sincere, dedicated, and hard working School Board members. Their only interest is to serve in that manner which will lead to the steady improvement in the quality of education for Madison's children.

Respectfully submitted,

DAVID APPLETON

SCHOOL HEALTH SERVICE REPORT

Medical appraisals at the hospital were introduced into the school health program this year. This educational experience, shared with classmates and friends, was an adventure in a new area for most pupils taking part from this school district. Donning hospital gowns and slippers with the group became a venture that could well be a help at some future date. The whole program helps to dispel fears of medical and dental examinations and treatments.

The teeth and mouth inspection by a dentist as well as the blood test were features that have not been available heretofore in our program.

A report of each examination was sent to the parent by mail.

Although dental defects still top the list it is encouraging to find more children having periodic comprehensive examinations and corrective services by a dentist. We know that it is through such a program that optimal dental health is attained and maintained.

Since certain phases of a child's health may change rapidly and interfere with school progress, screening tests are essential supplements to less frequent periodic medical examinations. Health observation by teachers and screening tests supplement and reinforce each other.

The cooperative teamwork of all concerned — school people, local medical and dental societies, official and voluntary agencies — have played an important role in the health and safety program.

Respectfully submitted,
REBECCA P. SANBORN, R. N.
