Dedication

Sometimes towns get lucky and there is more than one outstanding individual to pay tribute to. They may be different in many ways but they have the same goal in life and that is to help whenever and however they can. One was there for construction and sometimes destruction of a home and the other was there with a helping hand and funny story to lift your spirits.

This year the Selectmen dedicate the 1997 Town Report to Hadley Winn and Norman Jelley.

Hadley was born in West Chesterfield and has lived in the town all his life. He was an officer of Winn Builders Corporation and had a hand in building many places in Chesterfield. He also served as chairman for the Conservation Commission and the Planning Board. This past summer the Chesterfield Fire Department, West and Center companies held a luncheon to honor Hadley's 50th anniversary with the fire department. Hadley is the first member of the department to celebrate this many active years. Hadley is still an active member of the department when he's not in Florida.

Norman was a native of New Hampshire and lived in New York for sometime before moving to Chesterfield with his wife Jeanne and thier four daughters. Norman loved people, and would do anything for them. If they were in need he would help or if he couldn't he would find someone who could. Norman was an active member in the American Legion and the Chesterfield Lions Club, where he received the Melvin Jones Award which is the highest award in Lionism. The Melvin Jones Award is given for outstanding involvement and citizenship. Norman was also a member of the Chesterfield Boy Scout Committee for Troop 286. Norm passed away July 2, 1997 and will be missed by many.

SELECTMEN'S REPORT 1997

PEOPLE

PLACES

THINGS

In February we hired Earl Douglas Nelson as our Chief of Police. Chief Nelson's personality seems well suited to our community and throughout the year he has proven himself an asset. New officers in the Police Department include Jason Graves and Stacy McIntire. Stacy actually joined the force as a part-time officer in late 1996, though we had neglected to include her in last year's report. We also welcomed Kevin White back on the force this year.

In November we again found ourselves without a Public Works Director, with the resignation of Bruce Russell. Bruce's departure, while unfortunate, has afforded us the opportunity to take a closer look at the Public Works Department, which encompasses Highway, Recycling and Cemeteries, and makes up nearly one half of the Town's total operating budget. We are currently seeking ways to reduce costs and improve efficiency while considering the possibility of realigning some of the areas of the director's responsibilities. Instrumental in this process is a Public Works Advisory Committee consisting of Alvin Davis, Lawrence "Stub" Thomas and Robert Borofsky.

At the Recycling Center/Transfer Station Joanne Howard was promoted to Supervisor to replace Susan Armstrong who resigned earlier in the year. New faces at the facility include Lenny Michaud, David Plante and Dan Orr. In early December the hours of operation were adjusted slightly to allow for opening and closing the facility 1/2 hour earlier during winter months. This addressed some safety concerns for residents and employees alike with the encroaching darkness of the winter's late afternoons.

We feel it is important that we recognize and express appreciation for all of the Public Works Department employees for giving the extra effort of keeping things going smoothly during what has again proven to be a transitional year.

The Planning and Zoning Boards gained a new Secretary in June with the hiring of Carri Scott.

Wendy Schaumburg was appointed as Deputy Town Clerk in October.

Construction of the new library has certainly been a notable event in Chesterfield this year. The old Spaulding house was burned in a training exercise sponsored by the Chesterfield Fire Department, and the barn was removed to make room for the construction. The basic framework and structure of the building seemed to have sprung from thin air overnight. Aesthetically, the stonework facade of the building makes a fine match to the Town Hall and old library.

Repairs to the slate roof and eaves of the Town Office building were completed this summer. We also now have a handicap accessible rest room and entryway. At Town Hall, the floors were refinished this year and a new handicap accessible door was installed at the annex entrance. A new ramp was designed and constructed by local scout Jonathan Herrick as part of his list of accomplishments toward obtaining his Eagle Scout badge.

One police cruiser and two new highway trucks were purchased this year. A long term replacement schedule for heavy equipment has been formulated and, if followed, will negate the need for more than one high cost equipment purchase in any one given year.

TOWN MEETING 1997

Proceedings of the Annual Town Meeting of the voters of the Town of Chesterfield, New Hampshire, called at the Chesterfield School in said town on Tuesday, March 11, 1997.

Assistant Moderator Warren Allen called the Town Meeting to order at 10 o'clock in the forenoon at the Town Hall for the voting of the official ballot. Articles One and Two were read by the Moderator, who declared the polls open for voting.

Polls were closed at 6:00pm at the Town Hall and voting resumed at 6:30pm at the Chesterfield School. Moderator Michael Bentley called the Meeting to order with Warren Allen and Mary Maxwell as assistant moderator and clerk, respectively.

Winston Cray led the meeting in the salute to the flag.

A voice vote was in the affirmative on a motion made by Warren Porter and seconded by Joan O'Neil to waive the reading of the warrent, with the moderator reading each article considered.

ARTICLE 3: A motion was made by Warren Porter and seconded by Alvin Davis to vote by ballot on the following modification of the Elderly Exemptions from property under the provisions of RSA 72:39-b: "Shall we modify the Elderly Exemptions from property tax in the Town of Chesterfield, based on assessed value, for qualified taxpayers, to be as follows: for a person 65 years of age up to 75 years, \$10,000; for a person 75 years of age up to 80 years, \$15,000; for a person 80 years of age or older, \$20,000. To qualify, the person must have been a New Hampshire resident for at least 5 years, own the real estate, individually or jointly, or if the real estate is owned by such person's spouse, they must have been married for at least 5 years. In addition, the taxpayer must have a net income of not more than \$18,400 or, if married a combined net income of less than \$26,400; and own net assets not in excess of \$35,000 excluding the value of the person's residence."

A voice vote was in the affirmative on a motion made by Warren Porter and seconded by Harold Nowill to amend the article and charge the following amounts: for a person 65 years of age up to 75 years, \$20,000; for a person 75 years of age up to 80 years, \$30,000; for a person 80 years of age or older, \$40,000. To qualify, the person must have been a New Hampshire resident for at least 5 years. In addition, the taxpayer must have a net income of not more than \$20,000 or if married a combined net

income of less than \$28,000; and own assets not in excess of \$50,000 excluding the value of the person's residence."

The vote by ballot on the amended article was in the affirmative.
Yes 155 No 3

ARTICLE 4: A voice vote was in the affirmative on a motion made by Glenn Chickering and seconded by Robert Callahan to allow a 2% discount on real estate taxes paid in full up to fourteen (14) days (inclusive) of the postmarked date of the tax bill, or act in any way related thereto.

ARTICLE 5: The report of the Budget Committee was presented by Chairman James Milani. He stated the committee had met 15 times, totaling up to approximately 57+ hours, and felt that the committee was in agreement on most of their recommendations. Due to personal and business reasons, Jim stated he was resigning from the Budget Committee, on which he had served for 14 years.

ARTICLE 6: Tim Butterworth presented the report of the Ad Hoc committee appointed to formulate criteria to be used to determine appropriateness of Town support for Charitable Organizations.

- Non-Profit status.
- Public welfare to the Community.
- Specific service to the Citizens of the community.
- Need for financial support.
- Cost Associated with delivery of services.

The request by the organization should be submitted as a Special Warrant Article. The Article should be supported with the following:

- Statistical data on the number of citizens served.
- Financial justification for support requested.
- Detail of services that have been provided.
- Statement as to the public welfare provided.

Those on the Committee were: Ruth VanHouten, Charles Paquette, Linda Lord, and Barbara Lorenz.

ARTICLE 7: A motion made by James Milani and seconded by Philip Hueber to raise and appropriate the sum of Six Hundred Four Thousand Seven Hundred Fifty Dollars (\$604,750.00) for the construction and original equipping of a new Chesterfield Library Building, and to authorize the issuance of not more than Two Hundred Seventy-Six Thousand One Hundred Thirty-Five Dollars

(\$276,135.00) of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA Chapter 33) and to authorize the municipal officials to issue and negotiate such bonds or notes to determine the rate of interest thereon, furthermore, to authorize the withdrawal of One Hundred Twenty-Seven Thousand Dollars (\$127,000.000) plus accrued interest from the New Library Construction Capital Reserve Fund created for this purpose; additionally, to accept funds from the Chesterfield Library Trustees Building Fund in the amount of One Hundred Forty-Six Thousand Eight Hundred Sixty-Five Dollars (\$146,865.00) plus accrued interest, with the balance of Fifty-Four Thousand Seven Hundred Fifty Dollars (\$54,750.00) to be raised by general taxation. (2/3 ballot vote required)
(Recommended by the Selectmen and Budget Committee)

A voice vote was in the affirmative on an amendment made by Elizabeth Benjamin and seconded by James Milani to amend Article 7 to read: to raise and appropriate the sum of \$604,750.00 (Six Hundred Four Thousand Seven Hundred Fifty Dollars) for the construction and original equipping of a new Chesterfield Library Building, and to authorize the issuance of not more than \$263,935.00 (Two Hundred Sixty-Three Thousand Nine Hundred Thirty-Five Dollars) of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA Chapter 33) and to authorize the municipal officials to issue and negotiate such bonds or notes to determine the rate of interest thereon; furthermore, to authorize the withdrawal of \$128,225 (One Hundred Twenty-Eight Thousand Two Hundred Twenty-Five Dollars) plus accrued interest from the New Library Construction Capital Reserve Fund created for this purpose; additionally, to accept funds from the Chesterfield Library Trustees Building Fund in the amount of \$157,840 (One Hundred Fifty-Seven Thousand Eight Hundred Forty Dollars) plus accrued interest, with the balance of \$54,750.00 (Fifty-Four Thousand Seven Hundred Fifty Dollars) to be raised by general taxation.

DEPARTMENT OF PUBLIC WORKS

REPORT FOR 1997

A 1998 International 35000 GVW dump truck and a 1998 International 26000 GVW dump truck were purchased this year.

The 1997 Construction/Reconstruction funds were expended on the Foley Road where the dirt portion of the road was upgraded and tarred. Construction/Reconstruction funds were also expended on the Gulf Road where bridge #051/090 was brought up to state standards so that it could be removed from the red list.

The 1997 guard rail appropriation was expended on Swanzey Road which completed this project that was started in 1995.

In 1997, there were thirteen driveway permits issued.

Road paving was done on Cross Road, Mill Road, Farr Road, Mr. Arthur Drive, the entrance to Gulf Road, Spaulding Hill, Sheila Avenue, Stow Drive, Wellington Drive, Chandler Road, Wilde Road, August Avenue, Hewitt Road, Key Road, Forestview Drive, Scott Circle, Phillip Drive, Valley Park Drive, Cady Lane, Salt Shed Road, South Shore Road, Foley Road, Friedsam Drive and the end of Pond Brook Road.

With the purchase of the Fuel Management System we have been able to keep better track of the fuel used by the four departments that fuel up at this location.

Unfortunately, in November, Bruce Russell resigned as our Public Works Director. Bruce was a true asset to the town and we wish him the best of luck in his future endeavors.

Respectfully Submitted .

Margaret Winn
Public Works Secretary

**SOLID WASTE/RECYCLING CENTER
REPORT FOR 1997**

1997 was an eventful year for our recycling center. Despite the departures of Susan Armstrong and Brian Krisch this spring, and the many changes in recycling procedures, we have tried to maintain our same goals: to keep solid waste weights down, and awareness of the importance of recycling up.

Lenny Michaud was hired full-time, as was Jesse Parker who has been with us part-time for three years. David Plante joined us as a part-time employee in September.

We began taking paperboard (1-ply cardboard) which will cut-down on solid waste tremendously. Unfortunately we had to cut-back on the plastics we accept due to lack of markets for the #'s 3-7.

A scale was acquired from the Town of Walpole that enables us to obtain accurate weights and therefore we are able to maintain better records. We also built a "bunker" for building debris, which used to be either thrown in the dumpsters or landfill, in order to recycle these items. The landfill has since been closed off. The fees for tires has increased as the hauler's prices were way above what we were charging to dispose of them.

A public hearing was held in November, where the hours of the operation were amended during the winter months. The hours are: Mon., Tues., Fri. 7:30-11:30 and 12:30-4:15, Sat. 7:30-4:15. These hours will be in effect until Spring when we turn the clocks ahead. Then the Summer hours will start: Mon., Tues., Fri. 8:00-11:30 and 12:30-4:45, Sat. 8:00-4:45. In the Fall, when we turn the clocks back, the Winter hours will take effect.

Approximately 1055 gallons of used oil was collected in '97. We use the oil to heat our building, which saves us close to \$1000 if we were to purchase heating oil.

The estimated tons recycled in 1997 were: Magazines/Mixed Paper - 69.7. Paperboard - 3.2. Metal/Alum - 121.2. Corrugated Cardboard - 41.95. Tin Cans - 1.74. Alum Cans - .42. Newspaper - 67.57. Glass - 36.45. Plastic - 10.82. Brown Bags - 2.47. Textiles - 1.33. Copper - .17. Books - .17. **TOTAL: 357.23 tons shipped.** This has saved the town \$18,933 in hauling charges and also brought in close to \$28,000 in revenue. So, as can be seen by these figures, recycling saves the Town money. Not to mention the environment! Keep up the good work everyone!

CHESTERFIELD CONSERVATION COMMISSION
1997 ANNUAL REPORT

Commissioners are: Kathy Davidson, Jeff Newcomer, Tom Duston, Steve Fisher, Fred Szmít, Tim Butterworth (Selectman) and McKim Mitchell (Chairman)

1997 was a very active year for the Commission. This was due in equal parts to (1) adapting to changes in state regulations which gives more responsibility to local commissions; (2) increased interest and activity related to environmental issues on the part of both citizen and local officials; and (3) increased concern by the commission related to open space preservation and water resources protection. These will be taken up in turn.

(1) Two major changes in state law have increased the responsibility of local conservation commissions. The first of these is The Shoreland Protection Act, which became fully operational in mid-1994, and which "established minimum standards for the future subdivision, use and development of the shorelands of the states public waters [within 250 feet of such waters]." In Chesterfield this act currently applies only to Spofford Lake as our streams are too small to be automatically covered and the Connecticut River is protected under The New Hampshire Rivers Management and Protection Program. As part of our educational responsibility the commission acquired 68 copies of A Guide to Developing and Re-Developing Shoreland Property in New Hampshire, a guide to the act. These are available at the town offices to lakeside landowners. We invited the Spofford Lake Association to be represented on the Commission and Fred Szmít, President, subsequently joined. A second change in state law, one which was initiated in 1996, was the transfer from the state of New Hampshire to local conservation commissions much of the initial responsibility for wetland permits. We must go out and inspect the project for which the permit is requested, and make our recommendation to the New Hampshire Wetlands Bureau. We also seem to have become a local agency for citizen complaints about apparent violations of both wetlands permits and the shoreland regulations. In 1997 we were involved in more than a dozen permit applications, complaints, and confirmed violations. Several of these are on-going, involving repeated extensive site visits, and requiring coordination with other town and state agencies. The most common complaints involve the building of oversize docks on the lake, excessive vegetation removal in protected areas, and violations of granted wetlands permits.

(2) As a commission we were asked by both individual citizens and by local organizations to consider various projects or concerns in Chesterfield that had environmental implications. These included an informational meeting with the fire chief related to the dredging of fire ponds, a

request by a Chesterfield boy scout to approve a hiking trail in the Friedsam Forest as his Eagle Scout project, a request by the boy scouts to establish a permanent camp site in the town forest, and a request by a local citizen that we join him in hiking several unique parcels of land in the Atherton Hill area that he felt could be lost to development. Most of these activities involved field work for one or more commission member. It should be noted that the commission is working on management plan for the Friedsam Town Forest. This will be presented for public hearing prior to the 1999 town meeting. As part of the latter effort the commission was joined in an informational hike in the town forest this summer by an environmental zoologist and the county forester.

(3) A number of activities were undertaken by the commission related to our overall concern about maintaining the environmental integrity of Chesterfield. On the educational front we sponsored two public talks: "Ways of Preserving and Protecting Land", given by Meade Cadot of the Harris Center (7/30/97); and "Why Protect Shorelands, Importance of Shorelands", given by Gary Springs of the Shoreland Information Services(12/9/97). Work continues by the trail subcommittee of the commission on both the recently developed ski trail on the Friedsam property and on a future hiking trail on the town property currently known as the "Cook Lots". As part of the Commission's support of the Wantastiquet-Monadnock Greenway, several commissioners joined Robert Sporle on a walk/workshop from the 119 Bridge in Hinsdale to the Madame Sherri parking lot (7/13/97). (This parking lot was built by the town in 1997 to ease a parking problem at the Gulf Road site.) We continue our interest in protecting open space in town through *conservation easements* or other means. Several townspeople have come forward and offered such easements on their land, and we would be happy to discuss the tax and estate planning aspects of land protection with any concerned property owners. The unique natural features of the Atherton Hill-Wheelock Brook-California Brook region of Chesterfield has recently been brought to the attention of the commission and we have established a continuing commitment to open space protection in that area of town.

More information about the activities of the Chesterfield Conservation Commission can be accessed on the web at:

CHESTERFIELD POLICE DEPARTMENT
REPORT - 1997

On February 17, 1997, I became the third full time Chief of Police for the Town of Chesterfield, after Eric Sargent resigned to assume the position of Police Chief in the Town of Swanzey. Chief Sargent had developed a very professional and efficient police force during his tenure, which made for a very smooth transition when I was appointed. Because of this I was able to step in and let that system continue to work while I became more familiar with the the departmental operations, the Town, and it's residents.

During this period, I also became more aware that my current position was going to be quite different from my previous Police Chief appointments in Roxbury, Marlborough, and Dublin, NH. There were many more administrative responsibilities built into the job along with the higher criminal, motor vehicle, and juvenile incident rates that are present here in Chesterfield. It also became apparent that the infamous stories about Rte. 9 that I had heard and read about for years were, in fact, true. The daily traffic counts, as can be seen below, are constantly increasing every year. And with the two pending concurrent construction projects for Rte. 9-the Connecticut River Bridge Replacement and the Keene By-Pass Construction-there will be many new challenges for the residents of Chesterfield and the motoring public at large. In addition to strict enforcement by the Chesterfield Police Department, as is past practice, I will be asking motorists for voluntary compliance with motor vehicles laws. Their calm, cool, and collected attitudes behind the wheel will be essential during these somewhat frustrating times on Rte. 9 during the next several years.

1997 was a very busy year in the Police Department. At various times throughout the year, there were 3 full time officer vacancies. All openings were eventually filled and currently we remain at full strength. In spite of these periods of reduced manpower, the remaining staff wourked above and beyond their normal assignments in order to provide police coverage for the Town.

Also members of the department continued with the renovations to the upstairs portion of the building. At an extremely low cost, achieved by using mostly our own labor, we have progressed the project to the point that this year the carpeting and finish carpentry will be completed. This will provide us with an adequate on-site eviedence storage area and officer's training/conference room on the second floor.

I have also been planning several new activities at the Chesterfield School, along with the continuation of the DARE (Drug Resistance Education) Program. An officer from the Chesterfield Police Department will be certified to instruct the DARE Program for the 1998/1999 school year. For the 1997/1998 school year we have Officer Chris Roberts of the Hinsdale PD conducting the class.

New this year was the "Officer Phil" Program, which was conducted for the lower grades that do not have the DARE curriculum. The program utilizes puppets, songs, and professional animators that address issues like "stranger danger", how to call 911 for help in an emergency, and what all emergency services do to help them during a crisis. Another program in the works is having an officer have lunch with the students. This will promote positive interaction with all of the officers on the department, as the officer attending will change for each lunch session. I feel it is important for children to see that policemen are real people, with real feelings.

I would also like to take the opportunity to thank the many townspeople that have given me support over that past year. It is sometimes difficult to come into a community and be accepted, especially as a department head of one of it's major service providers. I have to say that the support has been overwhelming and it has been truly appreciated. If there is ever an issue that you would like to discuss relative to the police department in general, please feel free to come in and speak with me about it. Although we may not always agree, we will at least be able to understand each other's position. My experience has always been that if a problem is allowed to fester, it will get worse. I would like to address these types of issues directly before they get blown way out of proportion.

A special thank you to the members of the Chesterfield Highway Department, the Chesterfield and Spofford Fire Departments and their respective Rescue Squads for the help you have given my department during this past year. Your professionalism combined with your respective knowledge and dedication to these positions is commendable and I would not have been so successful without your assistance.

In closing, I would like to thank the other members of the Chesterfield Police Department. Without them, I would not have been able to continue to provide the high level of police service the town of Chesterfield has come to rely upon. And I can assure you that with thier continued dedication to the Town, this same high level of police service will continue.

Respectfully submitted,
Chief Earl D. Nelson

HEALTH OFFICER REPORT 1997
CHESTERFIELD

In 1997 the increase in calls and complaints was triple that of 1996. Many inquiries about septic systems, clean water, polluted water, easements, beaches, living conditions, and many new problems kept the year busy.

We have encouraged a few businesses to replace septic systems that were in failure. We have excellent septic designers, most of whom are trying to keep the environment safe for all. Everyone has tried to work together to get things done and it has worked out very well.

This last year was a sad year for all health officers in New Hampshire, because our liason, Susan Lindsey, left the State of New Hampshire for a position at Dartmouth Hitchcock. This has been a great loss for all, for she was our life line to Concord and could tell us exactly who to talk to if we could not correct the problems. Soon we hope we will have another person to help us.

Please feel free to call if you have any health questions or problems.

CHESTERFIELD CEMETERY COMMISSION

REPORT 1997

During 1997, the Chesterfield Cemetery Commission voted to increase the cemetery lot rates from \$175.00 each to \$225.00 each. This will become effective January 1, 1998. During 1997 the Commissioners began the process of creating written administrative policies and procedures for each member of the Cemetery Commission. We anticipate finalization and implementation of these policies during the spring of 1998.

Projects that were accomplished during 1997 are as follows:

1. The fence in Chesterfield West Cemetery was repaired at an expense of \$13,443.49. The commissioners are pleased with the results of this necessary maintenance item.
2. Removal of six trees from the Chesterfield Center Cemetery. The State of New Hampshire recommended that these trees be removed due to their age and deteriorating condition. The cost for the tree removal was \$3,470.

Total man hours incurred this year in maintaining cemeteries was 2,900. There were 20 internments performed during 1997 at a cost of \$3,523.91. Revenue received for the burials was recorded at \$4,367 creating a net profit of \$843.09. We sold 36 lots during 1997 for \$6,300. These funds were remitted to the Trustee of Trust Funds for investment to help defray the cost of maintaining the cemeteries.

CHESTERFIELD LIBRARY REPORT - 1997

The year of 1997 has been an historic one for the Chesterfield Public Library. The town passed a bond issue which, along with the fund-raising efforts, trusts, grants, and private donations, made possible the construction of a beautiful new library building. It opened to the public February 2, 1998. Your generous support of this project has been greatly appreciated.

The new facility complies completely with the Americans with Disabilities Act (ADA) regulations. This includes a ramped entrance, handicapped accessible rest rooms, adequate space between book shelving, and approved height requirements.

A survey to help us plan for immediate and future services is available at the library and other locations in town. We hope everyone will participate in helping us make the best choices for our community.

Besides books and Interlibrary Loan (ILL) services, the library offers a varied collection of magazines, a growing number of audio books, and many videos (most of which were kindly donated). Public use of the copier is still 15c copy/2 for 25c. Delivery of books to shut-ins is available on request. There is a book return by the side entrance for returning books and materials when the library is not open.

A hearty "Thank you" to the Friends of the Library group who have offered many wonderful programs throughout the year, and for their help and support with the fundraising events. A big "Thanks", also, to all who have volunteered in any way to help with the library operations and services.

WELFARE DIRECTOR'S REPORT
1997

Again this year I want to give thanks to the many non-profit agencies in the region for helping to meet the needs of our local people in their times of duress. The Keene Community Kitchen, Salvation Army and Joan's Pantry & Clothing Corner offer food and/or clothing for those in need. Southwestern Community Services provides some fuel and housing assistance. These organizations, and others, serve a vital purpose for which we may all be grateful, but are not so all-encompassing as to negate the necessity for general assistance at the local level. Local general assistance is provided within the guidelines established by the New Hampshire Welfare Administrator's Guide and the laws of the State of New Hampshire. Quite basically, "whenever a person in any town is poor and unable to support himself" general assistance from the town is administered.

Throughout the year I have met several times with other Welfare Directors in the region to share ideas, experiences and resource information. These exchanges have been helpful and at times enlightening. Because of them I feel better equipped to aid those who seek assistance in their time of need.

Recently, area Welfare Directors met with Monadnock Partnerships to discuss the possibility of developing a regional data base for available services. In a nutshell, once established, the data base would provide individual Welfare Directors with up-to-date information on any other agency services which a given client may be eligible for. This is in the planning stages as yet and may not come to fruition in 1997, but it could prove to be an invaluable resource in the future.

Once again, I urge everyone to please respect the confidentiality of welfare applicants and please avoid entering the back door of the Town Offices building during the hours listed below. It can be very difficult and humiliating to be in a position of having to ask for assistance, and extremely disconcerting to be interrupted during the process, so your consideration is much appreciated.

Welfare office hours in the Town Office building are:

Mondays	1:00 - 2:30 pm
Wednesdays	2:00 - 4:00 pm
Fridays	2:00 - 4:00 pm

CHESTERFIELD RETIREES AND SENIORS' PROGRAM
REPORT FOR 1997

A luncheon for our town's retirees and senior citizens is held at the town hall at 12:30 P.M. on the second Wednesday of each month, with the exception of January, February and August. The monthly Home Health Care clinics are held within the hour before the meal.

Those who attend make a donation to be used toward expenses. Additional funds required for supplies, equipment and programs come from private contributions and the town appropriation that started in 1995 and for which we are all grateful to the Town of Chesterfield.

We provide several "door prizes" as pleasant surprises for the lucky ones, usually a small plant or bouquet of flowers.

Among the special programs following the luncheon during 1997 were:

Performances by the Chesterfield School Chorus and the School Band.

In June we were able to take everyone on the Belle of Brattleboro. That trip on the Connecticut River was greatly enjoyed, as were the box lunches we prepared.

In July we just missed heavy showers as we held the annual cook-out at Wares Grove. This event is well attended.

Another month we welcomed Earl Nelson, our new Police Chief, who discussed Police Dept. functions and stayed for lunch.

In December we had a gift exchange and enjoyed a holiday-theme play featuring the Chesterfield School pupils, arranged by the Library.

We are planning interesting meals and programs for 1998! We urge our Retirees and Seniors to join us! Transportation or meals delivered to shut-ins can be arranged. Notices posted around town and a listing on the Senior page of Wednesday's Keene Sentinels will remind you of the dates.

HOME HEALTH CARE AND COMMUNITY SERVICES, INC.
 REPORT TO THE TOWN OF CHESTERFIELD
 JANUARY 1, 1997 TO DECEMBER 31, 1997

ANNUAL REPORT

In 1997, Home Health Care, Hospice and Community Services (HCS) continued to provide home care and community services to the residents of Chesterfield. The following information represents a projection of HCS's activities in your community in 1997. The projection is based on actual services provided from January to October 1997 and an estimate of usage during November and December.

Adult In-Home Care	883 Hours	0 Hours

Total Unduplicated Residents Served: 123

Regularly scheduled wellness clinics, child health clinics, prenatal and hospice care are also available to residents. Town funding partially supports these services.

FINANCIAL REPORT

The actual cost of all services provided in 1997 with all funding sources is projected to be \$116,523.59.

The total cost of services provided for a partial fee, or at no charge to residents in Chesterfield is projected to be \$5,681.89 for home care and \$885.00 for meals-on-wheels.

For 1998, we recommend a total appropriation of \$7,678.00; \$6,500.00 to continue home care at the current level and \$1,178.00 for the Meals-On-Wheels program.

Thank you for your consideration.

**YOUTH SERVICES
REPORT TO THE TOWN OF CHESTERFIELD**

Youth Services has served Windham County families and youth since 1972. Since that time the agency has dedicated its efforts to providing help to children, youth and family members who many times have needed outside assistance to deal with the issues of growing up and raising families. The Youth Services Board of Directors has remained consistent to the philosophy to help, regardless of people's abilities to pay, in the interest of a dedication to youth and a commitment to the overall community.

Youth Services currently works with youth and their families throughout Windham County in the areas of alcohol and drug prevention and treatment, youth development, counseling and support, family counseling, parenting education and consultation, mentoring programs and alternatives to the judicial system. The agency works in partnership with other providers, with schools, with private and public funding sources, and with community and state groups to develop and deliver services for families and youth, in an efficient and effective manner.

In FY97 we served over 1,500 children, youth and family members. Services ranged from traditional in-office counseling to street outreach by supervised teen peer counselors. We feel that more than ever we have responded readily to the unique and changing needs of individuals and communities.

Youth Services requests \$140 from the Town of Chesterfield to support our continued efforts. Town support makes it possible for Youth Services to continue to be responsive to the needs of individuals and families regardless of their ability to pay. In addition, it allows us the flexibility to respond to community needs when they arise without preliminary, financial barriers. Town support can make a significant difference in the lives of Chesterfield families and youth and this, in turn, can be an enrichment for your community.

Andrea Livermore

CHESTERFIELD FIRE DEPARTMENT
REPORT OF THE FIRE DEPARTMENT
1997

OVERVIEW

This year the Fire Department has added two pieces of equipment that we feel will benefit the town. The first piece is a Ladder Truck, which was formerly Keene's. The members of the fire department have been training on the safe and proper use of the ladder, it is so different from anything we have had before.

The second piece of equipment we have acquired is a Cardiac Defibrillator to have on the rescue truck. This also takes special training and certification. This was partially funded by a grant through Prudential called the "Helping Hearts Program". The balance was funded through donations from various people, and we thank you for your generosity.

The members of the Chesterfield Fire/Rescue would like to recognize the following members:

Hadley Winn	50 years on the department
Richard Cooper	20 years
Bruce Gideos	10 years
Charlie Konkowski	10 years
Penny Cooper	10 years
Cliff Greeno	5 years

Thank you all.

MINUTES OF THE 1997 ANNUAL MEETING

SPOFFORD FIRE DISTRICT

The meeting was called to order at 7:33pm by moderator James Milani. On a motion made by Kevin Greenwood and a second by Wayne Guyette, it was voted to dispense with the reading of the warrent and to take up each article individually.

ARTICLE 1: To choose a moderator for the ensuing year.

Motion was made by Michael Wiggin and seconded by Tom Divoli to cast one ballot for James Milani. Vote was unanimous in the affirmative.

ARTICLE 2: To choose a clerk/treasurer for the ensuing year.

Motion was made Michael Wiggin and seconded by Wayne Guyette to cast one ballot for Catherine Schlichting. Vote was in the affirmative.

ARTICLE 3: To choose a commissioner for three years; 1997-98-99.

Motion was made by Wayne Guyette and seconded by Kevin Greenwood to cast one ballot for Chester Greenwood. Vote was unanimous in the affirmative.

ARTICLE 4: To see if the District will vote to raise and appropriate a sum not to exceed Seventy-five Thousand Dollars (\$75,000.00) to purchase a new 1997 Fire/Rescue vehicle and associated equipment, and to authorize the issuance of not more than \$23,500.00 of bonds or notes in accordance with the provisions of the Muncipale Finance Act (RSA Chapter 33) and to authorize the Fire District Commissioners to issue and negotiate such bonds or notes and to determine the rate of interest thereon; furthermore, to authorize the withdrawal of \$32,000.00 from the Heavey Equipment Capital Reserve Fund; additionally, to authorize the Commissioners to use the remaining funds still available from the previous fire truck sale (approximately \$4,500.00); with the balance of \$15,000.00 to be raised by general taxation. The Commissioners recommend this appropriation. The budget committee recommends this appropriation. (2/3 ballot vote required for passage.)

Motion was made by Wayne Guyette and seconded by Kevin Greenwood to accept the article as written. There were 20 registered voters present. All 20 cast a written ballot. All of the ballots were in the affirmative. Article passed unanimously.

ARTICLE 5: To see if the District will authorize the Commissioners to sell the 1978 Rescue Van to the highest bidder after all useable equipment has been removed, and after the new truck is received. Proceeds from said sale to be used to reduce the amount of the bonds or notes required to complete the purchase of the new 1997 vehicle. The Commissioners recommend this article. The Commissioners recommend this article. The budget committee recommends this article.

Motion was made by Wayne Guyette and seconded by Michael Fuller to pass the article as written. Vote was affirmative.

ARTICLE 6: To see if the District will vote to accept the budget or act thereon:

Motion was made by Chester Greenwood and seconded by Michael Fuller to ammend the article by deleting the \$15,000.00 line item for the Heavy Equipment Capital Reserve Fund. The budget balance would be

\$47,895.00. The vote was unanimous to accept the amendment. Motion made by Chester Greenwood and seconded by Michael Wiggin to accept the budget as amended. The vote was affirmative.

ARTICLE 7: To see if the District will authorize the Commissioners to borrow money in anticipation of taxes to meet current costs.

Motion made by Thomas Davoli and seconded by Michael Fuller to accept the article. Vote was affirmative.

ARTICLE 8: To see if the District will authorize the Commissioners to accept any purchases made by the Department during the year.

Motion made by Kevin Greenwood and seconded by Thomas Davoli to pass the article as written. Vote was affirmative.

ARTICLE 9: To see if the District will vote to authorize the Commissioners to dispense with any goods as they see fit.

Motion made by Wayne Guyette and seconded by Michael Fuller to accept the article. Vote was affirmative.

ARTICLE 10: To transact any other business that may legally come before said meeting.

Motion made by Wayne Guyette and seconded by Thomas Davoli to adjourn the meeting. Vote was affirmative. Meeting adjourned at 8:44pm.

1997 SPOFFORD FIRE DISTRICT COMMISSIONERS REPORT

In 1997 the following items of interest took place in the Spofford Fire District.

1. The Fire Department responded to 88 calls--24 fire calls and 64 rescue calls.
2. 650 Manhours were required for these calls.
3. TB Testing was offered to all current members. This keeps the department current with all required testing and infectious control standards.
4. Several members received specialized training in various rescue and firefighting techniques. These courses were taught locally and also in N. Conway N.H. and Emitsburg Maryland.
5. The new rescue truck cab and chassis has been received and the custom built body is now being completed. Expected delivery is early March, 1998.
6. The present rescue truck has been sold to another local fire department and will be delivered as soon as the new one is put in service.
7. A new concrete apron was installed at the front of the station this past fall. The project included extensive underdrainage work completed by the Chesterfield Highway Department. Their outstanding efforts combined with Jeff Carters concrete placement expertise has created a first class product that should last a long time.
8. The Tilcon Arthur Whitcomb Co. has graciously donated enough retaining wall block to complete a new look at the station entry. This work will be completed next spring.
9. A new diesel exhaust treatment system has been ordered for the apparatus bays to bring the facility into compliance with state and federal safety codes.
10. We are keeping the lake water level lower this fall and winter to meet the wishes of the lakefront property owners. This is being done mostly to help control the lake weeds that seem to grow thicker each year.

For 1998, we are proposing the following:

1. A level funded budget. Our major equipment upgrades are complete for a few years and all other costs appear to be stable for the next year.
2. Increasing the Capital Reserve Fund payment to \$17,500, and then withdrawing \$17,320 in order to complete the rescue truck payments without borrowing additional monies.
3. Start repairs of the apparatus bay ceilings and lights. Also, install a ceiling with insulation at the at the second floor assembly area.
4. Maintain the lake water levels the same as last year and to work with the town government to complete necessary dam repairs.

In addition, the commissioners continue to be concerned about the availability or reliable water sources throughout the district. We also support the fire department effort to obtain a fire/rescue boat for the lake. This is a much needed piece of equipment that would like to see obtained thru donations and fundraising not thru taxation.

The department needs more volunteers. All required training, protective gear, inoculations and testing is provided. Personnel are paid a nominal wage for each call. A time commitment is required but the reward of helping your friends and neighbors in time of need is the best payment of all.

Thank you for your continued support.

STATE OF NEW HAMPSHIRE SCHOOL WARRANT

To the inhabitants of the school district in the Town of Chesterfield qualified to vote in District affairs:

You are hereby notified to meet at the Chesterfield Elementary School in said District on the 21st day of March, 1998, at 7:00 p.m. to act upon the following articles:

- ARTICLE 1:** To hear the reports of agents, auditors, committees or officers chosen, and pass any vote relating thereto.
- ARTICLE 2:** To see if the District will vote to accept and be bound by the financial provisions of a four-year collective bargaining agreement between the Chesterfield Education Association and the Chesterfield School Board. *(The Chesterfield School Board and the Chesterfield Budget Committee support favorable action on this warrant article.)*
- ARTICLE 3:** To see if the District, if Article 2 is defeated, will authorize the Chesterfield School Board to call one special meeting, at its option, to address Article 2 cost items only.
- ARTICLE 4:** To see if the District will vote to accept and be bound by the financial provisions of a collective bargaining agreement between the Chesterfield Support Staff Association and the Chesterfield School Board. *(At printing time, negotiations on this agreement were still in progress.)*
- ARTICLE 5:** To see if the District, if Article 4 is defeated, will authorize the Chesterfield School Board to call one special meeting, at its option, to address Article 4 cost items only.
- ARTICLE 6:** To see what sum of money the District will vote to raise and appropriate for the support of schools, for the salaries for school district officials and agents, and for the statutory obligations of the District, or to take any other action in relation thereto. *(The Chesterfield School Board and the Chesterfield Budget Committee recommend the sum of Four Million, Six Hundred Ninety-Five Thousand, Six Hundred Fifty-Six (\$4,695,656.00) Dollars.)*
- ARTICLE 7:** To see if the District will vote to raise and appropriate Fifty-Five Thousand (\$55,000.00) Dollars for technology improvements at Chesterfield School. *(The Chesterfield School Board and the Chesterfield Budget Committee support favorable action on this warrant article.)*
- ARTICLE 8:** To see if the District will vote to raise and appropriate One Thousand (\$1,000.00) Dollars for initial costs related to the development of a public education endowment foundation for Chesterfield School. *(The Chesterfield School Board and the Chesterfield Budget Committee support favorable action on this warrant article.)*
- ARTICLE 9:** To see if the District will appropriate and authorize the school board to transfer up to Twenty-Five Thousand (\$25,000.00) Dollars of its unencumbered funds, if any, remaining on hand at the end of fiscal year, June 30, 1998, to the Capital Reserve Fund established by the voters at the March 5, 1994 District Meeting for the purpose of major renovation/reconstruction of school buildings and related costs, or to take any other action in relation thereto. This article is subordinate to any use of surplus funds required under Article 2 if Article 2 is approved. *(The Chesterfield School Board supports favorable action on this warrant article. This article is not recommended by the Chesterfield Budget Committee.)*
- ARTICLE 10:** To transact any other business which may legally come before this meeting.

Given under our hands at said Chesterfield, this 6th day of February, 1998.

INDEPENDENT AUDITOR'S REPORT

To the Members of the School Board
Chesterfield School District
Chesterfield, New Hampshire

We have audited the accompanying general purpose financial statements of the Chesterfield School District as of and for the year ended June 30, 1997 as listed in the table of contents. These general purpose financial statements are the responsibility of the School District's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The general purpose financial statements referred to above do not include the general fixed assets account group which should be included in order to conform with generally accepted accounting principles. As is the case with most municipal entities in the State of New Hampshire, the Chesterfield School District has not maintained historical cost records of its fixed assets. The amount that should be recorded in the general fixed assets account group is not known.

In our opinion, except for the effect on the financial statements of the omission described in the preceding paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Chesterfield School District, as of June 30, 1997, and the results of its operations and the cash flows of its nonexpendable trust funds for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements of Chesterfield School District taken as a whole. The combining and individual fund financial statements listed as schedules in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Chesterfield School District. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general purpose financial statements taken as a whole.

**CHESTERFIELD SCHOOL DISTRICT MEETING
MARCH 8, 1997**

School District Moderator Gary Winn opened the polls at 10:30 a.m. for voting. The following persons were appointed as ballot clerks and took the oath of office from Gary Winn: Toni Mann, Carol Sorterup, Susan Newcomer. Joan O'Neil took the oath of office for School District Clerk protem from Gary Winn at 1:00 p.m.

At 1:25 p.m., the Moderator called the meeting to order for the purpose of acting on the articles in the warrant. The Moderator briefly explained the changes in the voting procedures.

The Pledge of Allegiance was led by Jeff Petrovich followed by a moment of silence in remembrance of Clara Wellington, a long time school board member, who passed away recently.

The Moderator introduced the Chesterfield School Board; Martin Mahoney, principal of Chesterfield School; Craig Hood, lead teacher; and the officials of SAU 29.

Warren Allen made the motion to dispense with the reading of the warrant and Tom Woodman seconded. Passed by voice vote.

ARTICLE 1: Kathy Thatcher moved that the District receive the reports of agents, auditors, committees and officers chosen as printed in the annual report. Seconded by Bill Allen. Article I passed on a voice vote.

ARTICLE 2: Jim Milani moved that the District raise and appropriate the sum of \$4,709,805 for the support of schools, for the salaries for school district officials and agents, and for the statutory obligations of the District. Seconded by Lisa Prince. Jim explained the increase, from the Budget Committee's recommendation, was due to the addition of 2 high school students at a cost of \$6770.00 each. Sue Sciuto moved and Fred Rowley seconded, to amend the motion by increasing the number by \$33,850 from \$4,709,805 to \$4,743,655. The School Board wished to budget for high school students currently living in town. Debate ensued. Curt Nowill called the question, seconded by Lisa Prince. The voice vote to limit debate was declared to be in the affirmative. A paper ballot was used to vote on the amendment. Yes - 57; no -125. The Moderator declared the amendment to Article 2 defeated on a paper ballot.

Al Chesley moved and seconded by Lisa Prince to amend the motion by decreasing the number by \$14,482.00 the cost of the vice principal's position. Debate ensued.

Curt Nowill moved and Anita Barber seconded to limit debate. The motion to limit debate passed on a voice vote. A paper ballot was used to vote on the amendment. Yes -114; No -77. The Moderator declared the amendment to Article 2 passed on a paper ballot.

A paper ballot was used to vote on the main motion which states that the District will raise and appropriate the sum of \$4,695,323. Yes -159; No -31; unmarked -1. The Moderator declared Article 2 passed on a paper ballot.

Sue Sciuto moved to restrict reconsideration on Article 2. Seconded by Susan Newcomer. The Moderator declared the voice vote to be in the affirmative.

ARTICLE 3: Phil Natowich moved that the District accept and be bound by the financial provisions of a three-year collective bargaining agreement between the Chesterfield Education Association and the Chesterfield School Board, which provides for lengthening the work year for teachers from the current 187 days to 188 days in 1997-1998; 189 days in 1998-1999; and 190 days in 1999-2000; and average salary increases of 3 percent (approximately \$36,414.00) in year one, 3.5 percent (approximately \$43,760.00) in year two, and 3.5 percent (approximately \$45,288.00) in year three, and to raise and appropriate the amount of Thirty-Five Thousand, Twenty-One (\$35,021.00) Dollars to fund the costs for the 1997-1998 school year. Seconded by Sue Sciuto. After lengthy debate, Curt Nowell called the question with many seconds. A paper ballot was used for the vote. Yes -75; No -122. The Moderator declared Article 3 defeated on a paper ballot.

Rick Slater moved and seconded by Al Chesley to restrict reconsideration of Article 3. The Moderator declared the voice vote to be in the affirmative.

ARTICLE 4: Fred Rowley moved that the District appropriate and authorize the school board to transfer up to Twenty-Five Thousand (\$25,000.00) Dollars of its unencumbered funds, if any, remaining on hand at the end of fiscal year, June 30, 1997, to the Capital Reserve Fund established by the voters at the March 5, 1994 District Meeting for the purpose of major renovation/reconstruction of school buildings and related costs. Seconded by Sue Sciuto. Sue Sciuto informed the group that there are 3 major projects that the board is aware of including putting sprinklers in the building, work on the wells/water problems, and renovation of the science classroom. Debate ensued.

Robert DelSesto moved to amend the motion to reduce the amount to \$10,000.00. Seconded by Lisa Prince. Tom Duston called the question on the amendment. Seconded by Craig Hood. The motion to limit debate was passed in the affirmative by voice vote.

Carol Sorterup moved that the body vote for the amendment by voice vote. Seconded by Raymond Dunn. The Moderator declared the vote in the affirmative for a voice vote. The amendment was voted in the negative.

Jim Milani moved and Tom Woodman seconded to limit debate on the main motion and to vote on the article by voice vote. The motion was split with a vote to limit debate passed by voice vote and discussion ensued on the question of voting on Article 4 by voice vote.

Davis Peach moved and Tim Bottomley seconded to call the question. The Moderator declared in the affirmative on a voice vote to limit debate. The motion to vote on Article 4 by voice vote was passed in the affirmative on a voice vote. The Moderator declared the vote in the affirmative for Article 4 on a voice vote.

ARTICLE 5: Susan Newcomer moved that the minutes published in the town report on page 108 be amended to read four hundred and sixty ballots were cast, 456 at the ballot box and 4 absentee ballots. Seconded by Toni O'Neil. Passed on a voice vote.

Beth Schnackenberg requested that any handouts distributed at meetings have a contact name attached.

Tom Woodman brought up his concern of "politics" in the Newsletter distributed by the school. Discussion ensued. Sue Sciuto informed the group that if anyone wanting to receive the newsletter contact Marty; they would be put on the mailing list.

Bob DelSesto wanted to publicly thank the members of SAU 29 for all their cheerful help answering his questions and gathering information for him.

Marilyn Goulas asked the group to recognize the school board for all the work they put in and asked for a round of applause to show our appreciation.

Sue Sciuto wanted to thank the members of the Cost Containment Study Committee: Mike Wiggin, Al Chesley, Anita Barber, and Marty Mahoney for their time and work. The report is on page 119 of the town report.

Cathy Harvey read the following resolution for Lorraine Johnson:

WHEREAS Lorraine M. Johnson has, with dedication and competence, served the school children of Chesterfield and their parents for the past 23 years; and,

WHEREAS, her duties as school nurse included not only those normally associated with this position, but also those of teacher, secretary, counselor and confidante; and,

WHEREAS, Lorraine M. Johnson has always conducted her duties in a manner truly reflecting her genuine interest in the children of Chesterfield; and,

WHEREAS, her commitment to the District and its children enabled her to meet the challenges of the ever changing educational community and the special needs of all children; and,

WHEREAS, all Lorraine M. Johnson's children, past and present; all teachers, past and present; and all the residents throughout the Chesterfield School District want their best wishes known; and,

WHEREAS, the people of the Town of Chesterfield are most grateful to Lorraine M. Johnson for her long and devoted service; now, therefore, be it

RESOLVED, that the School District of Chesterfield recognize Lorraine M. Johnson's contribution to the children, the school, and the community by unanimously adopting this resolution as a lasting tribute to Lorraine M. Johnson, to be entered into the permanent records of the District.

SUPERINTENDENT'S REPORT

As I assess what has happened at the Chesterfield Elementary School over the year, I see the results of a community of people working together toward a common goal -- quality education. Parents and community members have clearly expressed their expectations relative to education in Chesterfield. School district staff has responded positively to these expectations.

One expectation relates to the quality of curriculum that is presented to students. Students are expected to be challenged and to perform at high levels. To facilitate this, the staff has continued its efforts to review and revise curriculum, to participate in professional development activities that will enhance their ability to identify and respond to the needs of students, and to plan and implement programs that will enhance learning opportunities for students.

With respect to the curriculum, staff members continue to review the subject matter and skills taught as they relate to the New Hampshire Educational Improvement and Assessment Program. The importance of this was reinforced by the joint planning efforts of the staff and school board which established this as a school district goal: "To review current curriculum in reference to local state and national standards as well as the related assessment data, and to make modifications as needed." Although there is always room for improvement, review of test scores show Chesterfield students performing well. Of particular note are the sixth grade scores which show Chesterfield students scoring an average of 11 percent higher than state average scores for those students performing at the basic or better (proficient and advanced) levels. Also worthy of note are the very high scores students in grades 4, 5 and 7 received on the California Achievement Tests (CAT).

Providing a curriculum that challenges all students and offers activities that expand the abilities and talents of all students is a community expectation that has, in my opinion, been met. Community support given to the performing arts, as well as the dedication of the staff at the school, has produced a very strong music (choral and instrumental) program in which students have excelled. Seasonal performances and graduation ceremonies provide the opportunities for students to demonstrate their talents. The school's drama club gives those students who have talent in this area a wonderful opportunity to experience success. The commitment to the Odyssey of the Mind program is second to none in the area. This is a tremendous opportunity for students to learn problem-solving skills and to work cooperatively with others. The interscholastic sports program offers those students with kinesthetic skills an opportunity to excel -- and excel many of them did, as our sports teams performed very well.

Other curriculum work has focused on the reading and health programs. Both these areas were given a priority status by identifying them as school district goals: "To address instructional, staffing and program issues as they relate to a reading specialist position, and approve a middle school health curriculum." In relation to reading, based on identified student needs as well as state minimum requirements, the decision was made to acquire the services of a full time reading specialist. This person would work to provide enrichment activities for advanced students as well as those who needed remediation; work with classroom teachers to identify and respond to special needs of students which, due to early intervention, could alleviate the need to refer these students for special education services; and train classroom teachers to enhance their effectiveness in the teaching of reading and language arts.

A community-wide committee was charged to review the status of the school's health curriculum. The decision of this committee calls for the expansion of a coordinated health program that would address issues of substance abuse, healthy relationships, social and emotional health, and hygiene. It also calls for an expansion of the program to grades seven and eight. The health curriculum issue is one which, for more than three years, the staff and school board have seen as a need to be addressed.

Another curriculum related goal established by the staff and school board looks to the promotion of the "implementation of a technology plan that touches all aspects of the school, e.g. the instructional needs of students as well as curriculum, communication and administration." Staff members have continued their efforts to participate in professional development activities that increase their ability to use and integrate technology into the classroom. Technology continues to be used as a viable tool to motivate students and reinforce skill development.

The community also expects to be informed about, and involved in, matters related to the school and student performance both in Chesterfield and at Keene High School. The school has responded to this expectation in the form of scheduled and announced committee reports to the school board, community-wide forums and an informal summer district meeting. The school board responded to this expectation with the adoption of a goal: "To inform and educate the community with regard to school issues, and to support initiatives that will continue to build upon community involvement in school activities." Community members' attendance at school board meetings and involvement on respective committees have produced healthy and interesting discussions. These discussions have positively impacted decision-making within the district. I trust and hope this continues. Please plan to attend the annual school district meeting on Saturday, March 21, at 7:00 p.m.

PRINCIPAL'S REPORT

Enrollment in our district's kindergarten through grade 8 student population has remained fairly stable over the past year (-4); however, we continue to see a steady decline in grade level enrollments when one compares the primary, elementary, and middle levels. This rippling effect continues to have its biggest impact on both the middle school program of studies and high school tuition.

Enrollments/Placements - October 1, 1997

Kindergarten	29
Grade 1	46
Grade 2	43
Grade 3	46
Grade 4	61
Grade 5	57
Grade 6	65
Grade 7	67
Grade 8	62

TOTAL 476

Projected numbers for next year (450 students) appear to indicate a continued decline in the student enrollment. Although the school board's **proposed budget** includes staffing requests/increases for **new programs**, e.g., a full-time **Reading Specialist** and part-time **Health Teacher** to satisfy curriculum and program requirements and remain in compliance with **State Minimum Standards**, it also includes the **reduction of one full-time teaching position**.

As is the case almost every year, we experienced quite a few changes to our faculty roster. The following reflects the changes to our school's **professional teaching staff**:

Due to shifts in student enrollment and selected program needs, **Ms. Carla Larson** was transferred from her third grade assignment to the middle school where she is responsible for **teaching seventh grade math and science classes**. We are extremely fortunate to have someone of her professional background and expertise on our staff to fill this need.

Mr. Earl Horn (middle school science) and **Ms. Jean Kennedy** (middle school English/reading) were elected by the school board to fill the vacancies created by the **resignations of Ms. Mary Grove and Mrs. Diana Allen**. Both Mr. Horn and Ms. Kennedy worked with us most of last year in long-term substitute capacities to cover approved leaves of absence for both Di and Mary. The welcome addition of Earl and Jean does not diminish the significant and lasting contributions of their predecessors to the instructional and personal life of our school. For many years, Di and Mary touched the lives of students in our community in a manner that is fondly remembered by them and will continue to be reflected in existing programs that they were instrumental in developing.

After conducting a year-long program review and extensive search, **Mrs. Jane Vincello** was **unanimously elected by the school board to replace Mrs. Lorraine Johnson as our School Nurse**. Mrs. Vincello holds a Bachelor of Science degree in Nursing from Alfred University (1992) and a Bachelor of Arts degree in Biology from Syracuse (1978). She has worked as a substitute school nurse in the Honeoye Falls - Lima School District, in Honeoye Falls, NY, and served as a Pediatric Staff Nurse in both Rochester, NY, and Keene. Mrs. Vincello's experience also involves work as an RN/Technical Specialist with the Community College of the Fingerlakes in Canandaigua, NY, as well as serving as a Community Health Nurse, CPR Instructor, and Visiting Nurse in Rochester and Monroe County, NY. Most recently, Mrs. Vincello was involved with pediatric

private duty and as a Community Health Nurse with Hospice and Community Services in Keene. Mrs. Vincello and her family reside in Keene.

Consistent with the approved school budget for this year, Ms. Luba Lischynsky's (music), Mrs. Laurine Parker's (physical education), and Mrs. Sharon Hampton's (Spanish) positions were each increased an additional day. This allowed us to both maintain and reinstate selected programs, e.g., fourth grade instrumental lessons, kindergarten unified arts, and fifth grade Spanish.

In addition, **Ms. Andrea Biron** was elected by the school board to fill the **new part-time art position**. Her duties involve working exclusively with the school's primary population. Ms. Biron received her Bachelor of Science degree in Art Education from Plymouth State College this past May.

Our **support staff roster** has also seen some significant changes since the start of the school year:

Mrs. Elaine Belawske, Mrs. Kathleen Cotton, Ms. Janice Mullen, Mrs. M. Georgia O'Conner, Mrs. Kimberly Shonbeck, Mrs. Judith Smith, and Mrs. Kathryn Vanderhoof have joined the staff as **special education tutors**. In addition, **Mrs. Helen Ann Kelly** has combined her time and hours as the school's Title I reading program aide with a **special education tutor** position in the **afternoon kindergarten**. We currently employ a **total of 14 special education tutors** who are responsible for providing direct instructional support for **22 identified, special needs children**.

Mrs. Lynne Borofsky has been **reassigned** to the **special education aide** position vacated by the **resignation of Ms. Carolyn Canfield**.

Mrs. Suzanne Haldane was hired to serve as the new **part-time library assistant**. Mrs. Haldane's education (Bachelor in Fine Arts) and work experience in both the public and private sector as a book designer, free lance writer, and photographer made her extremely well qualified for this position. Mrs. Haldane resides in Jaffrey.

Mrs. Jill Wdowiak, the school's morning receptionist, was hired this past November to fill the **part-time clerical assistant position in the health office**. This position was approved by the school board after they met formally with Mrs. Vincello and reviewed her transition into the job, and assessment of the position and its needs.

Shortly after the start of the school year, **Mrs. Robin Holton resigned her position as school secretary**, a job that she has held for the past four (4) years. This resignation was prompted by her desire to relocate back to her roots in Wisconsin. Robin has been an important and integral part of the school for over a decade in positions that supported both special education services and school administration. Although we are all happy for her, we were saddened by her departure. We were very fortunate to be able to select **Mrs. Cindi Warner** from a talented pool of applicants **to fill Robin's position**. Mrs. Warner's job-related employment experience has involved work as a secretary and administrative assistant in Weirs Beach (Brickyard Mountain Inn and Resort), New London (WaterTest Corporation), and Manchester, NH (Howard Johnson Hotel). Since relocating to Keene in 1991 with her family, she has also worked as a substitute teacher, aide, special education tutor, and volunteer in the Keene elementary schools. Mrs. Warner has thus far made an excellent transition into the job.

This year's **Stow Mills Fund - Major Award** was presented to **Mrs. Gail Grainger**, our school's Media Generalist, to cover the purchase of a **color digital camera**. This will allow teachers to take color photographs and import them into a computer in order to generate documents and graphics for web pages. These pictures can also be used to assist students with enhancing a multitude of special projects in all subject areas.

Specific elements of the **school's curriculum and related programs** continue to undergo extensive review and revision:

The Middle School Health Curriculum Study committee is continuing the process of developing and **defining a health curriculum appropriate for students** in grades 7 and 8. The committee proposed to the school board hiring a part-time teacher to implement the curriculum starting this fall, to provide limited personal and instructional support to the teachers in grades K - 6 who are responsible for teaching the Great Body Shop program. The committee plans to conduct an evening meeting in April for parents/community to discuss the scope of the proposed curriculum before bringing it to the school board in May for formal approval.

The proposed budget for next year will allow us to continue to work on **school-based program and curriculum initiatives**, as well as participate in the SAU's curriculum review cycle as it involves work with **foreign languages, special education, technology, and art**.

The school's **middle level team** of teachers presented a **formal report to the school board last June**, which documented and outlined the history of the program and the impact of increased enrollment on the curriculum and special activities. **The entire program for this year was revised to reflect a renewed focus on the basic components of the curriculum, the instructional expertise and training of teachers, and creative options for scheduling and program changes.** The team continues to maintain this same focus as it involves the proposed incorporation of the health curriculum.

The scope and sequence for the **K - 12 Science Curriculum Continuum** is in the process of **being revised** in order to effect implementation this fall. Mr. Horn and Mrs. Powell continue to serve on the SAU Science Committee and consult regularly with Chesterfield teachers in the process of conducting this comprehensive review.

All of the **SAU's K - 12 curriculums** continue to be **reviewed** and scrutinized by selected SAU teams of teachers and those in the respective districts in relation to the annual **results of the New Hampshire Educational Improvement and Assessment Program (NHEIAP) test results** and their accompanying **curriculum frameworks**.

In addition, last spring the teachers conducted an **excellent informational meeting/forum** for parents and interested members of the community on **school-wide assessment practices** that was very well-received.

A committee of teachers, parents, and members of the school board was formed this year to review the current and future status of programs that are often referred to as applicable for 'gifted and talented' students. People occasionally comment that too much time and money is devoted to special education at the expense of 'gifted' students. The committee hopes to dispel this myth, collate and identify the status of current enrichment programs, and look to the future for related programs and services that can be created by either district funding or community volunteer efforts. The committee plans to make its first formal report to the school board this May.

The **school's physical plant remains in excellent condition** due to the attention it has received over the past decade. The renovation of the parking area adjacent to Old Chesterfield Road last summer completed one of the last remaining major projects to the school's immediate grounds. Additional monies will be requested for the **Capital Reserve Fund** in order to deal with projected long-term projects related to the installation of a **sprinkler system, renovation to the windows in the oldest section of the building, and the expansion of the middle school science room.**

I would like to continue my practice of formally recognizing the following students for their outstanding personal achievements, as well as for the contributions they have made to our school and community over the past year:

And to all of the students in our school who, on a daily basis, in their own special and personal way, make a positive and lasting contribution to the excellent image of our school - thank you!

In closing, I would like to take this opportunity to also thank the parents and the Chesterfield community-at-large for the time and effort they put forth over the past year in contributing to the health and vitality of our school. When I

meet with families who are considering relocating and residing here, they always start the conversation by telling me all the positive things they have heard about our school and our town. This doesn't just happen. The good feelings and outstanding images that exist results from the hard work and personal interest of many people. Whether you are coaching an OM team or a youth sport, volunteering in the classroom, assisting with fund raisers, organizing a Family Olympics, or chaperoning a trip, dance, or roller skating event - your time and effort means a lot. It also reflects a genuine sense of caring and concern for others. The latter is a personal quality that we have a responsibility to nurture and develop in our children. Working together, we can continue to do so.

SCHOOL LUNCH REPORT

Once again we've had a busy and fun year working with the children. A special hit this year was "Invite a friend to school day." Each child in the first and second grades invited an adult of their choice to have lunch with them. It was nice getting to know some new family and community members.

This year we were reviewed by the N.H. State Bureau of Nutrition Programs and Services. A field worker spent a whole day with us reviewing every aspect of our day and records. She could find no fault with our program.

Also for the third year in a row, we received 100 percent on our on-site inspection by the health inspector. His parting words were, "You have a nice kitchen." I believe we do have a nice kitchen thanks to the cooperation of my staff. They have the health and safety of your children on their minds daily.
