DEDICATION

This year's dedication goes to a woman who has given the Town of Chesterfield many years of service. She is best known as the Town Clerk, but has also done several other jobs for the Town. She was secretary for the Police Department as well as Bookkeeper for the Town. This dedication goes to Betsey Chickering, who has retired from the position of Town Clerk after twenty-one years.

Betsey started out by helping her mother-in-law, Imogene Chickering. For a number of years she did much of the work as Deputy Town Clerk before Imogene retired in 1978. Betsey stepped in to fill her spot and was elected into the position in the following years. Betsey tried to retire once, but the Town wrote her in on the ballot and she served another year. With another try she finally was able to retire December 1, 1998, with Shirley Philbrick taking her place.

We would like to thank Betsey for the many years of dedication she has given the Town, and hope she enjoys her retirement.

SELECTMEN'S REPORT 1998

While the Town of Chesterfield progresses pretty steadily from one year to the next, beneath the surface there are always changes.

By far the most difficult transition in 1998 was our search for a replacement for Town Clerk Betsey Chickering. This shouldn't be any surprise, since the town has been served by dedicated and experienced Chickerings for most of the century. Betsey tried to leave a year ago, but was drafted to serve another year while she trained a replacement. This arrangement fell apart just as she tried to leave for a second time. As the town stumbled through some emergency alternatives, Betsey stepped up to the plate a third time, and saved the town again. At last we have a new trained town clerk, Shirley Philbrick, competently providing automobile registrations, wedding certificates, and advice to Chesterfield residents.

Can enthusiasm and on-the-job training replace dedicated experience? We certainly hope so. Evelyn Nadeau's resignation as Administrative Assistant required an extra effort to find a good replacement. Penny Cooper deserves our greatest appreciation for doing double duty for several months until at last we selected Rick Carrier, who has taken over the helm as Town Administrator. Phyllis Evanuk was brought on board to help with minutes at budget committee and selectmen's meetings.

Betty and Don Ashworth left Chesterfield to retire in Texas, and have been replaced by Health Officer Kris Grimes and Building Inspector Pat Haley. Bart Bevis has become highway foreman, and McKim Mitchell became the town sexton, and took care of the cemeteries with Josh McElroy after another experienced employee, Chet Bevis, retired. Melissa Donovan is the new Director of Parks and Recreation, and organizes winter activities as well as the summer programs.

We make changes to the town buildings, too. The new library is fully operational, and is settling in nicely beside the town hall. The Historical Society has taken over the old library, and with donations, local contractors and some volunteer labor they are busy fixing-up and painting. The town offices have a new access ramp, just in time for the icy weather.

We have other losses to the town, too – Stow Mills is going to move, leaving behind a modern, up-to-date and empty warehouse. We hope to find a new occupant soon.

Besides our hard-working employees, Chesterfield has been well-served by many volunteers and committee members. The new Public Works Advisory Group – Alvin Davis, Stub Thomas, and Bob Borofsky – have lent their years of experience in planning, budgeting, and experimenting with new ideas. The two volunteer fire departments are as hard-working and essential as ever. Perhaps the biggest one-time outflowing of volunteer effort came in setting up the new library, and the volunteers continue to help with projects. The ZBA and Planning Board have met with our new code enforcement officers to improve implementation of their decisions. Many times we hear people complain about lack of involvement in modern society, but here in Chesterfield we realize our glass is half full – while we could always use more volunteers, we are amazed and grateful that so many people give so much to the town.

By the time we write the next chapter of Chesterfield's History, it will be the year 2000. We try to hold on to what makes Chesterfield such a special place to live, while learning to keep up with the changes. Your selectmen look forward to guiding the town prudently into the next century and next millennium.

TOWN MEETING 1998

Proceedings of the Annual Town Meeting of the voters of the Town of Chesterfield, New Hampshire, called at the Chesterfield School in said town on Tuesday, March 10, 1998.

Assistant Moderator Warren Allen called the Town Meeting to order at 10 o'clock in the forenoon at the Town Hall and declared the polls open for voting by ballot for Town Officials.

Polls were closed at 6:00pm at the Town Hall and voting resumed at 6:30pm at the Chesterfield School. Moderator Michael Bentley called the meeting to order with Warren Allen and Wendy Schaumburg as assistant moderator and clerk, respectively.

Lester Fairbanks led the meeting in the flag salute, followed by the invocation given by Rev. Paul Chang of the Asbury Methodist Church.

A voice vote was in the affirmative on a motion made by Richard Benjamin and seconded by Joan O'Neil to waive the reading of the warrant and the moderator would read each article as considered.

ARTICLE 2 A voice vote was in the negative and the article defeated on a motion made by Tim Butterworth and seconded by Susan Newcomer to allow the Selectmen to raise and overlay the amount of Ninety-Five Thousand Dollars (\$95,000) for the purpose of giving a 2% discount on real estate taxes paid in full up to fourteen (14) days inclusive of the postmarked date of the tax bill, or act in any way related thereto.

(Not Recommended by the Selectmen) (Not Recommended by the Budget Committee)

ARTICLE 3 The report of the Budget Committee was presented by Chairman Patrick McManus.

ARTICLE 4 A voice vote was in the affirmative on a motion made by Joe Scrivani and seconded by Bob Del Sesto to postpone consideration of this article until later in the meeting.

ARTICLE 5 A voice vote was in the affirmative on a motion made by Joe Scrivani and seconded by Bob Del Sesto to passover this article to raise and appropriate the sum of One Hundred Eight Thousand Dollars (\$108,000) (gross budget) for the purchase and original development of a Gravel Pit and to authorize the issuance of not more than Eighty-One Thousand Dollars (\$81,000) of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA Chapter 33) and to authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate and interest thereon; the balance of Twenty-Seven Thousand Dollars (\$27,000) to be raised by general taxation. (2/3 ballot vote required)

(Recommended by the Selectmen) (Recommended by the Budget Committee)

ARTICLE 6 It was brought to the attention of the voters by the Moderator that three words had been omitted from the article. On the six line of the article and after the words interest thereon should be inserted "with up to".

A vote by paper ballot was in the affirmative on a motion made by Joe Scrivani and seconded by Stub Thomas to raise and appropriate the sum of Sixty-Six Thousand Five Hundred Dollars (\$66,500) (gross budget) for the purchase of a backhoe, and to authorize the issuance of not more than Forty-Six Thousand Five Hundred Dollars (\$46,500) of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA Chapter 33) and to authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate and interest thereon; with up to Twenty Thousand

Dollars (\$20,000) to be offset by the amount received from the trade-in or sale of the existing backhoe and any remaining amount to be raised by general taxation. (2/3 ballot vote required)

(Recommended by the Selectmen) (Recommended by the Budget Committee)

The Moderator kept the polls open for one hour for voting on this article.

AUDITORS SUMMARY REPORT
Town of Chesterfield, N.H. 03443

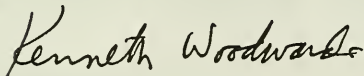

re: 1998 Audit of the 1997 Records

TOWN TAX COLLECTOR THESE RECORDS WERE IN GOOD ORDER. AUDIT CONFIRMATIONS WERE SENT WITH NO DIFFERENCES EXCEPT FOR SMALL AMOUNT OF ADDRESSING DIFFERING FROM THE WARRANT. TIMELINESS OF REMITTANCES WERE MAINTAINED. RECORDS AGREED BACK TO TOWN TREASURER'S BOOKS.

TOWN TREASURER: WEEKLY MANIFESTS WERE SIGNED PROPERLY BY SELECTMEN WITH THE EXCEPTION OF WEEK ENDED ON 12/31/97. ACCOUNTS WERE RECONCILED AND TIED INTO BANK CHECKBOOK STATEMENTS. OVERALL GOOD RECORD KEEPING.

PARKS / RECREATION : THE RECORDS FOR MAY AND JUNE DID NOT AGREE AND LACKED A GOOD SYSTEM (THIS ACCOUNTED FOR 34% OF THE SEASON'S REVENUES). JULY AND AUGUST HAD NOTICEABLE IMPROVEMENTS AND DID TIE OUT TO THE FINISHED REPORTS. HAD A DIFFICULT TIME IN OBTAINING ALL THE RECORDS. THIS GROUP STILL DOES NOT SEEM TO BE AWARE OF AUDIT REQUIREMENTS AND THEIR NEED TO BE COMPLIANT.

TOWN OFFICERS BOND POLICY IS VERIFIED.

RE: AUDIT OF 1997 RECORDS
PERFORMED IN 1998

TOWN CLERK: THE RECORDS OF THE TOWN CLERK WERE FOUND TO BE IN ORDER. VARIOUS TESTS WERE PERFORMED TO VERIFY THE ACCURACY OF THE CASH WHICH WAS RECEIVED AND SUBMITTED TO THE TREASURER. THE STATISTICAL DATA RELATING TO THE NUMBER OF THE VARIOUS LICENSES AND PERMITS ISSUED WERE ALSO VERIFIED AND FOUND TO BE CORRECT AS REPORTED.

TRUSTEES OF TRUST FUNDS: THE RECEIPTS, DISBURSEMENTS, AND BALANCES OF THE VARIOUS FUNDS WERE RECEIVED AN FOUND TO BE CORRECT AS STATED. THE COMPUTERIZED SYSTEM UTILIZED BY THE TRUSTEES GREATLY SIMPLIFIED THE VERIFICATION PROCESS OF BOTH INCOME AND INVESTMENTS.

SPOFFORD FIRE DISTRICT: RECEIPTS AND DISBURSEMENTS WERE VERIFIED AND FOUND TO BE CORRECT. UTILIZATION OF THE ONE-WRITE SYSTEM GREATLY DECREASES THE TIME REQUIRED TO COMPLETE A REVIEW OF TRANSACTIONS FOR ANY PERIOD OF TIME. IT IS SUGGESTED THAT THE ANNUAL REPORT CONTAIN A MORE DETAILED BREAKDOWN OF EXPENSES FOR THE TAXPAYERS' BENEFIT.

LIBRARY TREASURER: ALL MONIES RECEIVED BY THE TREASURER WERE ACCOUNTED FOR. RECEIPTS WERE TRACED TO BANK STATEMENTS AND SUMMARY OF RECEIPTS AND DISBURSEMENTS TIED IN TO THE BEGINNING AND ENDING BALANCES.

CEMETARY TREASURER: THE FUNDS SUBMITTED BY THE CEMETARY TREASURER EQUALLED THE FUNDS RECEIVED AS REPORTED BY THE TRUSTEE OF TRUST FUNDS.

BOAT PERMITS: FEES COLLECTED INCREASED SLIGHTLY OVER THE PRIOR YEAR. REMITTANCES OF FEES COLLECTED CONTINUE TO BE SEVERAL WEEKS LATER THAN REQUIRED BY STATUTE. SEVERAL ERRORS WERE MADE IN ADDITION OF RECEIPTS AS SUBMITTED TO THE TREASURER. THE NET DIFFERENCE AMOUNTED TO PENNIES.

DEPARTMENT OF PUBLIC WORKS

REPORT FOR 1998

A 1998 JCB backhoe was purchased this year to replace an ailing 1989 Ford backhoe

Construction/Reconstruction funds were expended on Pinnacle Springs Road and Old Chesterfield Road.

Guard rails were placed on River Road, Joslin Street and High Street.

Thirty three driveway permits were issued in 1998 compared to thirteen in 1997.

Road resurfacing (tarring) was done on the following streets: Streeter Hill, Welcome Hill, Norcross Landing, Careyville Road, Old Swanzey Road, Tuttle Road, Atherton Hill Road, Erbhof Road, Lincoln Road, Edgar Road, Spring Street and Pinnacle Springs Road.

Respectfully Submitted

Bart Bevis
Highway Superintendent

SOLID WASTE \ RECYCLING CENTER
REPORT FOR 1998

1998 saw a drop in market prices mid-year, but not in our efforts to recycle as much as possible.

Josh Michaud filled the position of part-time attendant left by David Plante in the Spring. We also have two fill-in attendants: Russell Maine and Gabriel Grimes.

Some changes we implemented this year were: composting of leaves and organic matter, and the collection of paints and household batteries and fluorescent lights. We also began accepting antifreeze.

Approximately 1216 gallons of used motor oil was collected from residents, saving the town around \$730.00 if we were to have purchased heating oil.

We shipped out 17.18 tons of used tires at a cost of \$1803.90.

Total tons (minus the above mentioned 17.18 tons) of recycled materials sent out was 284.17. At a cost of \$50.00 disposal fee per ton, a total of \$14,208.50 was saved in hauling fees. The following is a breakdown of tons recycled in 1998:

ALUMINUM CANS	2.51	GLASS	46.34
BATTERIES (car)	.61	MAGAZINES/MIX	58.71
BOOKS	1.70	METAL (bulk)	56.82
BROWN BAGS	2.20	NEWSPAPER	51.01
CHIPBOARD	7.26	PLASTIC	11.41
COPPER	.03	RAGS	1.72
CORRUGATED	32.23	TIN CANS	11.61

Total revenue from recycling was \$22,987.96.

Total tons of solid waste (trash) hauled from this facility was 686.36. Total amount paid for disposal at \$50.00 per ton was \$34,318. With that cost added to shipping and rental fees the total cost for solid waste was \$43,108.66.

With the upcoming closure of the Keene Landfill, solid waste disposal fees are sure to go up. So let's all make a conscious effort to do our best to REDUCE, REUSE and RECYCLE.

CONSERVATION COMMISSION ANNUAL REPORT FOR 1998

The Conservation Commission highlight for 1998 was the completion and dedication of the ANN STOKES LOOP TRAIL off Gulf Rd near Madame Sherri's. Starting on the familiar trail up to Indian Pond, this well-marked loop of about two miles in length opens up to the hiker a magnificent view across Welcome Hill and into the center of town. About 50 people attended the dedication and trail hike on October 17th. The loop utilizes both town land managed by the Conservation Commission (the "Cook Lots") and land of the Society for the Protection of New Hampshire Forests (The Madame Sheri Forest). The latter was the property donated by Ann Stokes of Welcome Hill Rd. in West Chesterfield, hence the name of the trail. At the dedication Ann was presented with a framed copy of the trail map. Representatives of the Brattleboro and Chesterfield Historical Societies, the Monadnock Conservancy and the Society for the Protection of New Hampshire Forests were in attendance to honor Ann. The art classes at Chesterfield School painted a mailbox for trail maps at the Gulf Rd. parking lot. The need to continue refilling this mailbox with new maps shows the popularity of this new trail! It is interesting to note that the section of the Ann Stokes Loop along the ridge line is the first officially opened section of the Wantastiquet-Monadnock Trail which will eventually connect the Connecticut River with Mount Monadnock.

The Commission was also kept busy with its normal complement of DES Wetlands Permits to act on, as well as an occasional complaint to file or follow up on, or a logging operation to informally observe. Under recent changes in state law, the actions of the Conservation Commission of the town have become the primary recommendation to the DES for most of the wetlands permits. We feel that these actions require us to do an on-site visit and the Commission normally has at least two members do the field work.

Projects in the continuing stage include planning for the California Brook Natural Area, implementation of a plan for wildlife habitat development at the Friedsam Town Forest, continuing work on the Wantastiquet-Monadnock Trail, and developing an ordinance for protection of several larger brooks in town.

The commission wishes to thank town residents for their appreciative response to the Ann Stokes Loop and other commission projects. We also urge all of you to exercise extreme caution when doing any kind of tree work or soil disturbance in the area around wetlands, streams, or Spofford Lake. Check on what the regulations are before you start; it will make all of our lives easy!

CHESTERFIELD POLICE DEPARTMENT

1998 ANNUAL REPORT

During 1998, the police department had an interesting and challenging year. We faced some major issues that required some creative thinking and cooperative problem solving which in the end proved to be very successful.

In early May, the septic system at the Police Department failed due to many tree roots that had grown into the tank, a lightning strike, or a combination of both. Then later that same month, the department's main computer system was struck by lightning which resulted in the loss of our entire database. The Town's insurance did cover some of the repair or replacement costs of the hardware and software but some of the lost data could not be retrieved with our existing system. To have it done professionally was cost prohibitive. Therefore, the statistic totals for 1998 which are listed at the end of this narrative are, in some areas, lower than what we actually encountered, or even non-existent. The issues causing these problems have been addressed in order to avoid this type of failure in the future.

Throughout 1998, several members of the department enhanced their abilities as police officers for the Town of Chesterfield. Sgt. Lester Fairbanks graduated from the Command Training Program held at the New England Institute of Law Enforcement Management at Babson College. Officer Jason Graves became certified as a Drug Recognition Expert through training provided by the US Department of Transportation / National Traffic Safety Agency. Officer Stacy McIntire became certified as the Chesterfield Police Department's DARE (Drug Abuse Resistance Education) Officer after graduating from a training course conducted by the New Hampshire State Police.

This year I have been dealing directly with administrative personnel from the NH Department of Transportation in Concord relative to traffic issues on Rte. 9. While I understand that a heavy police presence is needed there to ensure the safety of the motoring public at large, it is my position that the police department's resources are stretched to the limit in that area. I have made it clear that I need their assistance in making Rte. 9 an environment which will be more conducive to voluntary compliance of motor vehicle laws or in some areas, even self - policing to a degree. Thus far, I have had a positive response from these representatives. And while I am on the subject of Rte. 9 traffic, I want to take this opportunity to remind everyone again that this year Rte. 9 will be experiencing some major construction projects not only in Chesterfield at the Connecticut River bridge project but throughout Cheshire County as a whole. When you are crossing or merging into traffic on Rte. 9, use some extra caution and patience. There will be long lines of traffic which may have built up in a construction zone and the drivers of some of these vehicles may be very frustrated and uncooperative to traffic wanting them to yield. Everyone's calm, cool, and collected attitudes when they are behind the wheel will be essential for everyone's safety on Rte. 9 during these next few years.

The renovations to the upstairs portion of the police department were completed this year providing the department with a desperately needed expansion of our evidence room and an officer training / conference room. However, the replacement of the other half of the carpeting downstairs had to be put off until 1999 due to the other necessary repairs that are mentioned above.

I have been approached by residents on several occasions since I have been Chief and asked about the possibility of getting a 4 wheel drive vehicle for the department during bad winter storms. For various reasons, the purchase of one in our usual replacement rotation would not be feasible. But I did feel it would definitely be a nice addition for the department during the winter months but it would also be a big plus for animal control complaints as well. From past experience I knew that there were other options available to provide for this type of equipment. With that in mind, I did some further research. I knew that in order for me to get this vehicle, it would have to be a very good deal as my current operating budget could not support that kind of a purchase through normal channels. In the end, I was very successful.

The results of that research provided the department with an army surplus 1985 4 - Wheel Drive Chevy Blazer - at no cost to the town ! After the vehicle was obtained, it was obvious that it needed some work to get it to pass NH Vehicle Inspection. After explaining the circumstances surrounding the acquisition of this vehicle to Wally Herzig of the Chesterfield Tire Company, he volunteered to provide all required parts at his cost and donate all the labor necessary to get the vehicle roadworthy. After the basic repairs were completed, it needed some cosmetic repairs as well. After hearing about this, Steve Bourgeois of S & H Auto Body in Jaffrey approached me and offered to work with us to get the vehicle looking respectable as well. Members of the police department removed all of the green camouflaged paint and Steve agreed to refurbish the vehicle for his cost of parts and materials. All of his labor costs were donated as well.

I want to take this opportunity to thank both Wally Herzig and Steve Bourgeois for their very generous donations to provide the department with this functional piece of equipment which will enhance our ability to provide it's services to the Chesterfield residents.

John and Rita Chakolas made another donation in the amount of \$ 30,000 to the Chesterfield Police Association for the purpose of providing new digital two-way radio systems and mobile data terminals for our cruisers. In making this donation, they have saved the Town from raising the funds to replace the aging radios we are currently using. But further, they have allowed us to purchase the most up to date equipment available that will allow us to take advantage of some advanced operating systems in the future. Therefore, I would like to take this opportunity to publicly thank them and acknowledge their very generous gift.

Thanks to all the members of the Chesterfield Police Department for their dedicated service over the past year. And a special thank you goes out to the Highway Department,

the Chesterfield and Spofford Fire Departments, and their respective Rescue Squads for their help over the past year. We enjoy a very close working relationship that provides a very high level of service to the residents in Town. I consider myself very fortunate to be part of this organization.

And finally, I would like to thank the townspeople for all their support this past year. If there is ever any issue or concern relative to the police department, please do not hesitate to contact me anytime. There are issues that arise during our day to day duties as police officers in which our actions (or lack thereof) are not always fully understood. If we can talk, many of these issues can be explained and even if we do not agree, we will both have been able to express our views and reach an understanding.

Respectfully submitted,

Chief Earl D. Nelson

Health Officer Report

As of December 4, 1998 I officially became the Health Officer for Chesterfield. The position became available quite unexpectedly as Betty Ashworth, the former officer, sold her house and she and her husband moved to Texas. I am looking forward to learning all I can about what the job consists of and will do my best to carry that out with integrity and efficiency.

The responsibilities of the Health Officer and the things I will be dealing with are:

- inspecting day care/foster homes
- conducting lead paint inspections with a state lead inspector
- inspecting septic systems to certify failure
- conducting sanitary investigations into complaints which may endanger public health
- inspecting new or modified health facilities
- testing for public/private water supplies suspected of being unsafe
- smoking issues
- asbestos inspections
- providing public information on the communicable diseases and any other area where the public's health is at stake.

I can be reached by call the town office at 363-4624, please feel free to call me with any questions you may have.

Chesterfield Health Officer
Kristin Grimes

CHESTERFIELD CEMETERY COMMISSION

REPORT 1998

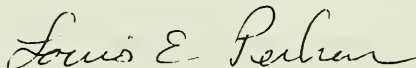

Projects accomplished during 1998 are as follows:

Paving of the Spofford Cemetery roadway and dead tree removal from the Chesterfield West Cemetery.

Total man hours incurred this year in maintaining cemeteries was 1,819. There were 17 internments performed during 1998 at a cost of \$2,453.44. Revenue received for the burials was recorded at \$3,931, creating net proceeds of \$1,477.56. The year-end operating budget variance realized excess funds of \$11,659.09. This amount was returned to the Town's General Fund. The excess fund balance is attributed to labor savings realized due to the purchase of equipment, including an upgraded riding mower, the addition of a leaf blower and gasoline hedge trimmer.

The Commission would like to extend its thanks to the Jenna family for their donation and installation of a hand pump water system at the Friedsam Cemetery.

**BUILDING INSPECTOR
ANNUAL REPORT**

1998 was an active year for the Building Inspector's office. The most important item was the retirement of longtime building inspector Donald Ashworth: good luck Don, on your retirement. On November 20th Patrick Haley, who also serves as the Town of Chesterfield's Fire Inspectors, was appointed by the selectmen to succeed Don. Having Pat serve as both the Building and Fire Inspector allows having building and fire code inspections to be conducted in one inspection.

There were ninety-four building permits issued during 1998. Twenty of the ninety-four permits were for newly constructed residences. Of the twenty new homes, six have received Certificates of Occupancy. Seven additional Certificates of Occupancy were issued in 1998, but the building permits for those new homes were issued in 1997. Following is a break down of permits issued:

CHESTERFIELD PUBLIC LIBRARY REPORT - 1998

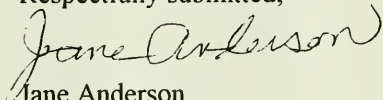

The first year in the new library building has been exciting, as well as a period of growth and adjustment. The move was accomplished with the help of many volunteers. Four additional hours on Wednesdays increase the open hours to 31 per week. Several volunteers have helped at the check out desk and assisted in shelving books. All volunteer hours are greatly appreciated.

Added services include story time every Monday morning at 10:30, which has been warmly received and faithfully attended. Due to the generous gifts from Vermont Yankee Nuclear Power, we now have four public use computers with internet hook-up. Any registered library user in good standing may sign up to use the computers. Children under 18 must have a parent/guardian signature.

Vt. Yankee, also, donated two work computers, two printers, software programs, and many hours of technical support. The Library Friends bought a refrigerator, a VCR/TV and cart, a folding table and other needed items. A microwave came from Sears. Eric Eklof taught a computer class of 30 students. He and the class gave many computer related gifts to the library: a Paperport scanner, zip drive, software programs and more. Many people donated books, videos, and audio materials. All of these generous gifts are valued at more than \$45,000. All of the Library Trustees and staff extend our sincerest gratitude..

In 1998, there was a 91% increase in library attendance, mainly due to the additional programs offered. Registered borrowers increase d by 236, and the circulation of materials went up by 30%.

Article 7 on the 1997 Town Warrant appropriated \$604,750.00 for the construction and equipping of a new Chesterfield Library Building. The final cost of the building and equipment was \$576,750.00. The \$28,000.00 balance of the appropriation has been returned to the Town General Fund. The Library Building Fund, \$157,840, The Spaulding Memorial Fund, \$1,172.00 and the Earned Interest on the appropriation, \$7,685.00 further reduced the cost paid by the Town to \$410,053.00.

The Library Trustees thank and congratulate those who contributed in any way to the successful completion of this undertaking.

WELFARE DIRECTOR'S REPORT
1998

The summer of 1998 brought about some changes to the Town Administration and one of them was a new Welfare Director. With the resignation of Evelyn Nadeau, I have assumed the position as Welfare Director.

As Evelyn has in past years I want to thank the many non-profit agencies in the region for helping to meet the needs of our local people in their times of need. The Keene Community Kitchen, Salvation Army and Joan's Pantry & Clothing Corner offer food and /or clothing. Southwest Community Services provides some fuel and housing assistance. These organizations are very important to a community in helping those who need it.

I will be attending local Welfare Directors meetings and any others that will assist me in this position.

Penny Cooper
Welfare Director

CHESTERFIELD RETIREES AND SENIORS' PROGRAM
REPORT FOR 1998

We have been pleased this year to have increased attendance at the "55 And Over" luncheon program. This is held at the town hall on the second Wednesday of each month, with the exception of January, February and August. The monthly Home Health clinics are held within the hour before the meal.

We are grateful for the financial aid provided by the Town of Chesterfield that supplements the donations given by our guests. Because of this, we are able to plan an annual outing. In October we took a fun excursion on the train between Bellows Falls and Chester, Vermont.

The Chesterfield School Band and Chorus gave us wonderful entertainment in April and May. (They enjoy the punch and cookies afterwards!)

In July at Ware's Grove, Spofford Lake, we served hotdogs, hamburgers and all the fixings to a record sixty or more people.

Our new town administrator, Mr. Carrier, was our guest in December as everyone enjoyed a delicious potroast meal, a gift exchange and Christmas music.

For more information about these monthly luncheons, please call any one of us. There will be notices in each village and a listing in the Keene Sentinel on Wednesday's Senior Activities page, of upcoming luncheon dates in 1999. It is very helpful to us to have advance reservations.

We look forward to seeing you at the March 10th meal!

REQUEST FOR FUNDING PROPOSAL
TO THE
TOWN OF CHESTERFIELD/SPOFFORD, NEW HAMPSHIRE

AGENCY NAME: The Community Kitchen, Inc.

DATE: October 15, 1998

1. Briefly describe the role of the agency:

The Community Kitchen, Inc., is a not-for-profit, direct service agency which provides hot meals, take home boxes containing food and personal care items, information and advocacy to low and moderate income men, women and families with children in the Cheshire County, NH area. Since its founding in 1983, the Kitchen has served and/or distributed over 3,000,000 meals, at no charge, but with donations welcome, to people in need.

2. Identify the services that Town funding will provide:

The Pantry Box Program operates out of a space in our building on Mechanic Street. Each box provides approximately three days' worth of meals for each family member. Computerized and handwritten records are kept of family names, number of people, street addresses, dates of receiving each box, income and age. Each family or individual coming in for the first time must fill out a form required by the USDA, and provide back-up documentation for all of the above information. Many referrals have been made to this program from Town and City Welfare offices, school nurses and other agencies. Almost 85% of the food for this program is donated, and over 950 volunteer hours each month are worked by community members to ensure the success of the program. Take-home boxes of food are available on Wednesdays from 11 am to 4 pm and on Thursdays from 12:30 pm to 5:30 pm, or by special arrangement.

Hot meals are served Monday through Friday from 5:00 to 6:30 pm at our Mechanic Street location. Meals are prepared by a volunteer staff under the supervision of the Hot Meals Coordinator. Menus are planned after donated food is picked up at bakeries, delicatessens, supermarkets and restaurants. Meals consist of two or more entrees, salads, vegetables, fruit, bread, soup, desserts and beverages, and are served by volunteers. Guests/participants make up over 35% of our volunteer crew and help primarily with set-up and clean-up. We are not requesting any funding from your town for our Hot Meal program, but thought you might want to know about it.

3. a) Number of clients served 01/01/98 to 09/30/98 at the Pantry:
 # Unduplicated individuals: 4,841
 # Unduplicated households: 1,873
 b) Number of those who were Chesterfield/Spofford residents:
 # Unduplicated individuals: 75
 # Unduplicated households: 21

 461,556
 h) Number of those meals in pantry boxes distributed to Chesterfield/Spofford residents: 5,832
- i) Estimated dollar cost, per client served, 1997: \$35.13
 Calculated using \$320,755 total expenses, 9,131 total clients
 1998 numbers not yet available
 j) Estimated dollar cost, per meal served, 1997: \$0.42
 Calculated using \$320,755 total expenses, 759,463 total meals
 1998 numbers not yet available
 k) Cost to Community Kitchen of meals provided to Chesterfield/Spofford residents, at \$0.42 per meal: \$2,449.44
 l) Percentage of total meals provided to Chesterfield/Spofford residents:
 1.26%

4. List major funding sources and their level of funding, 1997:

Our total operating income for 1997 was \$271,120.00. The sources of this income were the following:

Foundation Grants	3% - \$9,250
Fundraising Events	11% - \$29,259

The Gathering Place Adult Day Services provides adults who are isolated, frail, or disabled with a safe and supportive day center where they can meet with peers, participate in enriching activities, receive preventative medical care, and remain active in their communities. Participants have diverse needs, from those who suffer from Alzheimer's Disease and other forms of dementia to those who have physical or emotional disabilities. Staffing includes trained activities leaders, a nurse, a social worker and a nursing assistant. The Gathering Place also provides caregivers with respite, support and education. The center is open in Brattleboro on weekdays from 8 am to 5 pm. The center serves most of Windham County as well as southwestern New Hampshire. Since it opened in 1989, the Gathering Place has served Chesterfield residents and has helped these adults remain living at home and connected to their community for as long as possible.

*Home and Community Based Care is a Medicaid program which offers extended home care services to individuals who are in need of nursing home level care but can be maintained at home for a lower cost.

Total Unduplicated Residents Served: 135

Regularly scheduled wellness clinics, child health clinics, prenatal and hospice care are also available to residents. Town funding partially supports these services.

FINANCIAL REPORT

The actual cost of all services provided in 1998 with all funding sources is projected to be \$100,930.65.

The total cost of services provided for a partial fee, or at no charge to residents in Chesterfield is projected to be \$6,287.00 for home care and \$1,178.00 for meals-on-wheels.

For 1999, we request a total appropriation of \$7,431.00; \$6,500.00 to continue home care at the current level and \$931.00 for the Meals-On-Wheels program.

Thank you for your consideration.

REPORT TO THE TOWN OF CHESTERFIELD

Youth Services has served Windham County families and youth since 1972. Since that time the agency has dedicated its efforts to providing help to children, youth and family members who many times have needed outside assistance to deal with the issues of growing up and raising families. The Youth Services Board of Directors has remained consistent to the philosophy to help, regardless of people's abilities to pay, in the interest of a dedication to youth and a commitment to the overall community.

Youth Services currently works with youth and their families throughout Windham County in the areas of alcohol and drug prevention and treatment, youth development, counseling and support, family counseling, parenting education and consultation, mentoring programs and alternatives to the judicial system. The agency works in partnership with other providers, with schools, with private and public funding sources, and with community and state groups to develop and deliver services for families and youth, in an efficient and effective manner.

In FY98 we served over 1,500 children, youth and family members. Services ranged from traditional in-office counseling to street outreach by supervised teen peer counselors. We feel that more than ever we responded readily to the unique and changing needs of individuals and communities.

Youth Services requests \$140 from the Town of Chesterfield to support our continued efforts. Town support makes it possible for Youth Services to continue to be responsive to the needs of individuals and families regardless of their ability to pay. In addition, it allows us the flexibility to respond to community needs when they arise without preliminary, financial barriers. Town support can make a significant difference in the lives of Chesterfield families and youth and this, in turn, can be an enrichment for your community.

Respectfully submitted,

Andrea Livermore

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

To aid your Forest Fire Warden, Fire Department and State Forest Ranger, contact your local Warden or Fire Department to find out if a permit is required before doing ANY outside burning. Violations of RSA 227-L:17, the fire permit law and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to \$2,000 and/or a year in jail. Violators are also liable for all fire suppression costs.

There are ten Forest Rangers who work for the New Hampshire Division of Forests and Lands, Forest Protection Bureau. State Forest Rangers are available to assist communities with forest fire suppression, prevention and training programs as well as the enforcement of forest fire and timber harvest laws. If you have any questions regarding forest fire or timber harvest laws, please call our office at 271-2217.

There are 2400 Forest Fire Wardens and Deputy Forest Fire Wardens throughout the state. Each town has a Forest Fire Warden and several Deputy Wardens who assist the Forest Rangers with forest fire suppression, prevention, and law enforcement. Early in 1998 we experienced an ice storm, which caused severe damage to forests of New Hampshire. This damage created a greater potential fire hazard as well as safety hazards to many areas of the state. Your local fire warden and Forest Rangers need your assistance in preventing wildfires in these hard hit areas and throughout the State. If you need assistance or information dealing with ice damaged woodlands, please call 1-800-444-8978.

The State of New Hampshire operates 15 fire towers, 2 mobile patrols and 3 contract aircraft patrols. This early detection and reports from citizens aid in the quick response from local fire departments. This is a critical factor in controlling the size of wildland fires and keeping the loss of property and suppression costs as low as possible.

CHESTERFIELD FIRE DEPARTMENT

REPORT 1998

The Chesterfield Fire Department responded to 98 calls during the course of the calendar year.

The ladder truck was certified during October and placed in service at that time.

The members would like to thank Tom Greeno for scraping and painting the Fire Station located in West Chesterfield. We also want to thank Matt Chickering for installing flagpoles and shrubbery at the Center Station. These projects are yet another example of the Chesterfield Scouts desires to support their community.

The members of the Chesterfield Fire/Rescue would like to recognize the following members:

Steven (Bart) Bevis	25 years
Irvin Bruce	25 years
Wayne Austin	20 years

The members wish to extend their thanks to the community at large.

Minutes of the 1998 Fire District Meeting

March 17, 1998

The meeting was called to order at 7:30 in the Spofford Village Hall by moderator James Milani. There were 14 people in attendance.

On a motion by Warren Allen and a second by Stephen Buckley, it was voted to dispense with the reading of the warrant.

ARTICLE 1: To choose a moderator for the ensuing year. Motion made by Ronald Guyette and seconded by Stephen Buckley to cast one ballot for James Milani. James Milani was duly elected.

ARTICLE 2: To choose a clerk/treasurer for the ensuing year. Motion was made by Michael Wiggin and seconded by Stephen Buckley to cast one ballot for Catherine Schlichting. Catherine Schlichting was elected.

ARTICLE 3: To choose a Commissioner for three years; 1998-1999-2000. Motion made by Ronald Guyette and seconded by Warren Allen to cast one ballot to reelect Michael Wiggin. Michael Wiggin was reelected.

ARTICLE 4: To see if the District will vote to accept the budget or act thereon. Budget total as presented \$47,525.00. Motion was made by Stephen Buckley and seconded by Ronald Guyette to accept the budget as proposed. After a brief explanation about the building repairs/maintenance line item, the budget was unanimously adopted as read.

ARTICLE 5: To see if the District will vote to appropriate the sum of \$17,500.00 to be added to the Heavy Equipment Capital Reserve Fund. Motion made by Stephen Buckley and seconded by Kevin Greenwood to approve article. There some discussion about the advantage of placing the funds into the Capital Reserve Fund instead of depositing them directly into the general fund. Michael Wiggin explained that it was the intent of the Commissioners to insure that the Heavy Equipment Capital Reserve Fund remain open. The article was passed as written.

ARTICLE 6: To see if the District will vote to authorize the Commissioners to withdraw the sum of \$17,318.53 from the Heavy Equipment Capital Reserve Fund to make the final

payment on the new rescue vehicle. Motion made by Warren Allen and seconded by Stephen Buckley to accept article as read. Vote was in the affirmative.

ARTICLE 7: To see if the District will authorize the Commissioners to borrow money in anticipation of taxes to meet current costs. Motion made by Ronald Guyette and seconded by Michael Fuller to accept. Vote was in the affirmative.

ARTICLE 8: To see if the District will authorize the Commissioners to accept any purchases made by the Department during the past year. Motion made by Stephen Buckley and seconded by Kevin Greenwood to approve article as read. Vote was affirmative.

ARTICLE 9: To see if the District will vote to authorize the Commissioners to dispense with any goods as they see fit. Motion made by Stephen Buckley and seconded by Kevin Greenwood to accept. Michael Wiggin explained that the Commissioners planning on donating some property to the Historical Society as soon as the Society is in a position to accept it. Vote was affirmative.

ARTICLE 10: To transact any other business that may legally come before said meeting. Motion was made by Warren Allen and seconded by Kevin Greenwood to adjourn the meeting. Vote was affirmative. Moderator Milani adjourned the meeting at 7:42.

SPOFFORD FIRE DISTRICT
1998 FIRE COMMISSIONERS REPORT

1998 brought many exciting changes to the Spofford Fire District. Among the most interesting are the following:

1. The new rescue vehicle was placed in service in July. This new HD 4WD 1 ton truck complete with a large complement of medical, rescue, water rescue, haz-mat, air cascade, air bags, emergency lighting, and communications equipment will serve the district for the foreseeable future. This vehicle (29R1) as well as our newest (1994) pumper/ tankner (29M2) brought home first place trophies as best in their division at the N.E. Fire Chiefs Convention last summer.
2. Thru a national loaner program by Kawasaki and their local dealer Zoom City Power Sports of Keene, the department had a Kawasaki Rescue Jet Ski for its use during the summer season. Thankfully it was not needed for water rescue calls but it was our only reliable "boat" for water rescue in 1998. This arrangement will likely occur again this year.
3. The Fire Dept. responded to 101 calls in 1998-- a 12% increase over the previous year.
4. 690 manhours were required for those calls-- a 6% increase.
5. After many fund raisers, the dept finally raised enough money to purchase 12 full dress uniforms for its members. These uniforms were not purchased with tax money but have been something the members have worked towards getting since the last uniforms fell apart over 50 years ago!
6. We have completed phase one of installing new ceilings in the apparatus bay. More work will be done this year.
7. As always, several members participated in various training sessions including several nationally sponsored seminars outside the state.

In 1999 the following is planned:

1. Most all members not currently EMT's will either join the EMT ranks or complete a dept sponsored course to become state and nationally registered First Responders.
2. Replacement of our defibrillator unit. The manufacturer of the current unit will not provide maintenance after this year because it is outdated. This is our most important life saving tool, originally provide to us by the O'neil Estate. We strongly feel that it must be replaced with a comparable unit that will last at least 10 years.
3. Repair to our oldest pumper/tanker 29M1. This very reliable unit is 15 years old and needs some body repair. With proper maintainence this unit should last at least 10 more years.
4. Continuation of required building repairs, specifically completion of the apparatus bay ceilings, interior painting, and continuation of a secured records/computer room on the second floor.
5. Several potential Eagle Scouts from Boy Scout Troop 286 have agreed to design and rebuild the handicap ramp to the second floor meeting area.

We continue to be very concerned about the availability of reliable water sources. More importantly, the continued debate about proper lake levels along with increased building activity makes the need for a fire/rescue boat apparent. The availability of a boat that could pump water to a truck on shore would solve many firefighting concerns for the entire area.

While the dept did get some new members, more volunteers are always needed and welcomed. Please contact any fire dept member for more information.

Finally, In 2002 the SBB Spofford Fire Dept. will be 100 years old. Plans are beginning to be formulated for a Huge Birthday Party. More details next year.

As always, Thank you for your continued support.

Commissioners of the Spofford Fire District.
Chet Greenwood, Chairman
Dave Thomas
Mike Wipoin

INDEPENDENT AUDITOR'S REPORT

To the Members of the School Board
Chesterfield School District
Chesterfield, New Hampshire

We have audited the accompanying general purpose financial statements of the Chesterfield School District as of and for the year ended June 30, 1998 as listed in the table of contents. These general purpose financial statements are the responsibility of the School District's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

Except as discussed in the following paragraph, we conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Government Accounting Standards Board Technical Bulletin 98-1, *Disclosures about Year 2000 Issues*, requires disclosure of certain matters regarding the year 2000 issue. Chesterfield School District has included such disclosures in Note 5-D. Because of the unprecedented nature of the year 2000 issue, its effects and the success of related remediation efforts will not be fully determinable until the year 2000 and thereafter. Accordingly, insufficient audit evidence exists to support Chesterfield School District's disclosures with respect to the year 2000 issue made in Note 5-D. Further we do not provide assurance that Chesterfield School District is or will be year 2000 ready, that Chesterfield School District's year 2000 remediation efforts will be successful in whole or in part, or that parties with which Chesterfield School District does business will be year 2000 ready.

The general purpose financial statements referred to above do not include the general fixed assets account group which should be included in order to conform with generally accepted accounting principles. As is the case with most municipal entities in the State of New Hampshire, the Chesterfield School District has not maintained historical cost records of its fixed assets. The amount that should be recorded in the general fixed assets account group is not known.

*Chesterfield School District
Independent Auditor's Report*

In our opinion, except for the effect on the financial statements of the omission described in the preceding paragraph, along with the effects of such adjustments, if any, as might have been determined to be necessary had we been able to examine evidence regarding year 2000 disclosures, as noted above, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Chesterfield School District, as of June 30, 1998, and the results of its operations and the cash flows of its nonexpendable trust funds for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements of Chesterfield School District taken as a whole. The combining and individual fund financial statements listed as schedules in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Chesterfield School District. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general purpose financial statements taken as a whole.

**CHESTERFIELD SCHOOL DISTRICT MEETING
MARCH 21, 1998**

School District Moderator Gary Winn opened the polls at 10:00 a.m. for voting. The following persons were appointed as ballot clerks and took the oath of office from Toni Mann, School District Clerk: Margaret Winn, Bruce Lord, Maria Girs, Linda Lord, Audrey Ericson, Bob Yacubian, Carol Sorterup, Jim Milani, Betsy Yacubian, Marcia Esche, Susan Newcomer, Jane Allen, Priscilla Whitford, Craig Hood, Jeff Newcomer, Joan O'Neil.

At 7:00 p.m. the Moderator called the meeting to order for the purpose of acting on the articles in the warrant.

The Moderator introduced the Chesterfield School Board; Antonina Mann, District Clerk; Martin Mahoney, Principal of Chesterfield School; Craig Hood, lead teacher; the officials of SAU 29; Gail Grainger, Librarian of Chesterfield School; and Dean Hollatz, Director, Technology Services, SAU 29.

The Moderator announced that the polls would be open for the duration of the meeting and explained briefly the Parliamentary procedures being used.

Jim Milani made the motion that paper ballots be used only on the final vote on each article; for articles over \$5,000 and voice vote for amendments. Seconded by Anita Barber. Passed by show of hands. Yes - 81; No - 32. Motion carried.

ARTICLE 1: Kathy Thatcher moved that the District receive the reports of agents, auditors, committees and officers chosen as printed in the annual report. Seconded by Sue Sciuto. Article 1 passed on a voice vote.

ARTICLE 2: Julie Giordano moved that the District accept and be bound by the financial provisions of a four-year collective bargaining agreement between the Chesterfield Education Association and the Chesterfield School Board which calls for the following estimated increases in salaries and benefits: \$18,882.00 in 1997-1998, \$45,966.00 in 1998-1999, \$61,657.00 in 1999-2000, and \$61,844.00 in 2000-2001; and further, to raise and appropriate the sum of \$63,839.00 for the 1997-1998 (current) fiscal year and the 1998-1999 fiscal year, such sum representing the additional costs attributable to the increase in salaries and benefits over those of the appropriation at current staffing levels paid in the prior fiscal year (1996-1997). In addition, to authorize the use of \$18,882.00 from the June 30, 1998 undesignated fund balance (surplus) to offset the current year (1997-1998) increase. (An additional amount of \$11,092.00 will be forthcoming from Foundation Aid which will be reflected in the surplus amount.) If there is not enough surplus to fund the current year appropriation, the balance will be raised by taxation. Seconded by Kathy Thatcher. Sue Sciuto, Chairman of the Chesterfield School Board, explained that although the amount of \$18,882.00 was mentioned twice in the article, the second time was to explain from where the money was to be appropriated. She also expounded on the rest of the article. Questions followed. David Mousette made the motion to move the question. Terry Wiggin seconded. The motion to move the question was passed in the affirmative by voice vote.

A paper ballot was used to vote on the Article 2. Yes - 108; No - 43. The Moderator declared Article 2 passed by paper ballot.

Terry Wiggin moved to restrict reconsideration on Article 2. Seconded by Julie Giordano. The Moderator declared the voice vote to be in the affirmative.

ARTICLE 3: Sue Sciuto made the motion to pass over Article 3. Seconded by Elaine Rowley. The Moderator declared the voice vote to be in the affirmative.

ARTICLE 4: Cathryn Harvey moved that the District raise and appropriate the sum of \$4,695,656.00 for the support of schools, for the salaries for school district officials and agents, and for the statutory obligations of the District. Seconded by Terry Wiggin. Cathy Harvey moved and Terry Wiggin seconded, to amend the motion by decreasing the number by \$16,429 from \$4,695,656 to \$4,679,227. Final budget adjustments were 3 less KHS students, 2 less KHS students tuitioned for special education, and an additional amount for special education tutors equaling \$16,429. No questions. The Moderator declared the amendment was carried by voice vote.

Sue Sciuto explained the changes in the budget and the need for a new Reading Specialist and Health Curriculum teacher. Discussion followed.

A paper ballot was used to vote on the main motion which states that the District will raise and appropriate the sum of \$4,679,227. Yes - 123, No - 27. The Moderator declared Article 4 passed on paper ballot.

Sue Sciuto moved to restrict reconsideration on Article 4. Seconded by Terry Wiggin. The Moderator declared the voice vote to be in the affirmative.

ARTICLE 5: Fred Rowley moved that the district raise and appropriate \$55,000.00 for technology/networking improvements at Chesterfield School. And further, to specifically authorize the school district to receive and expend any grant funding or donations related to this project. Seconded by Donald O'Connor. Sue Sciuto and Gail Grainger explained the article. Discussion followed. A paper ballot was used to vote on the Article 5. Yes - 118; No - 31. The Moderator declared Article 5 passed by paper ballot.

Terry Wiggin moved to restrict reconsideration on Article 5. Seconded by Ranae O'Neil; The Moderator declared the voice vote to be in the affirmative.

Sue Sciuto called for volunteers from the community to serve on the Community Computer/Networking Technology Committee.

ARTICLE 6: Cathryn Harvey moved that the District raise and appropriate \$1,000.00 for initial cost related to the development of a public education endowment foundation for Chesterfield School. Seconded by Todd Bottomley. Article 6 passed by voice vote.

Cathryn Harvey moved to restrict reconsideration on Article 6. Seconded by Sue Sciuto. The Moderator declared the voice vote to be in the affirmative.

ARTICLE 7: Julie Giordano moved that the District appropriate and authorize the school board to transfer up to \$25,000.00 of its undesignated fund balance (surplus), if any, remaining on hand at the end of fiscal year June 30, 1998 to the Capital Reserve Fund established by the voters at the March 5, 1994 District Meeting for the purpose of major renovation/reconstruction of school buildings and related costs, or to take any other action in relation thereto. If there is an insufficient undesignated fund balance as of June 30, 1998 to fund this appropriation and the appropriation in Article 2 (collective bargaining agreement), Article 2 will be funded first with any additional surplus to be applied to this warrant article. Seconded by Robert Yacubian. Debate followed. A paper ballot was used to vote on the Article 7. Yes - 99; No - 22. The Moderator declared Article 7 passed by paper ballot.

Julie Giordano moved to restrict reconsideration on Article 7. Seconded by Terry Wiggin. The Moderator declared the voice vote to be in the affirmative.

Sue Sciuto asked to have "hand outs" given to the school board at least one day in advance, in order to be able to go over the information beforehand.

Fred Rowley thanked Sue Sciuto, in consideration for her illness, for her "bionic" effort this year in working with the school board and members of the community.

Jim Milani moved to adjourn at 9:30 p.m., seconded by Joan O'Neil. The Moderator declared the voice vote to be in the affirmative.

The official town checklist was used for elections. Two hundred and thirty-one (231) ballots were cast, 229 at the ballot box and 2 absentee ballots.

ADMINISTRATIVE REPORT

As I reflect on what has occurred within the Chesterfield School District during the last year, I see a commitment to student success, accountability, a positive and safe learning environment, and strong community involvement. The positive and constructive things that have occurred have not happened by chance but, rather, are the results of a great deal of hard work by all constituencies -- school staff, school board members, parents, students, townspeople -- in the school community.

Student success continues to be a primary focus. The work the Chesterfield School staff has done with respect to curriculum review and revision and effective teaching practices has proven highly valuable as it greatly facilitates efforts to provide challenging and productive activities for students. The addition of a reading specialist to the staff has come at a very opportune time. All districts within SAU 29 have been engaged in the review of its language arts curriculum. Questions being asked as a part of this review relate to things such as the most effective way to teach (reading, writing, speaking and listening) skills to students, the value and use of technology as a learning tool, the alignment with what is taught with respect to the state tests and state curriculum frameworks, and the content of the curriculum as it relates to student motivation and retention. This position also provides direct service to students who require and/or would benefit from supplemental, as well as enrichment, activities.

Students will benefit tremendously from the technology initiative that occurred this year. As teachers work to review all areas of the curriculum, they continue to look at ways in which technology can be used to reinforce their teaching of communication, problem-solving, thinking, and computational skills. Networking the school has greatly enhanced teachers' abilities to integrate and effectively use technology in their classrooms. This initiative reflects two of the goals that were adopted by the school board this year. One relates specifically to the development of a technology plan that will enhance student learning. The other relates to an assessment of the curriculum and instructional practices that will adequately address students' highly diversified needs and learning styles.

Successful learning occurs through the effective implementation of the curriculum. Oftentimes this requires additional training for staff. Many staff members voluntarily participated in technology training that was offered by the SAU over the summer. Others have participated in Best Practices training that was also offered to all teachers throughout the SAU. This training is designed to reinforce teachers' knowledge of, and skills in, effective teaching practices and to enhance their ability to identify and respond to needs of learners. A related long-term goal is to reduce the number of students who are coded with special needs. This training is funded through a federal special education grant that is developed and coordinated by the SAU 29 central office. Other professional development activities in which staff were involved include topics related to learning styles, behavior management, character and citizenship, school safety, technology, and gifted and talented education.

As is the case with all schools within SAU 29, Chesterfield School Board members and staff at the school continue to monitor student performance at the elementary as well as secondary level. Although there is always room for improvement, review of various assessment data (standardized and state-mandated tests, classroom performance, attendance, and involvement in co-curricular activities) indicates that Chesterfield students are performing quite well. Careful analysis of this data helps identify areas in which greater effort needs to be exerted to impact student performance and success. This analysis has facilitated an SAU-wide revision to the science and math curriculum. It is

also influencing an ongoing review of the language arts curriculum. Chesterfield students at Keene High School continue to do well with respect to classroom performance. The overall grade point average of Chesterfield students is at or above the average for all students at Keene High in the areas of science, English, foreign language and social studies. The attendance rate for Chesterfield students exceeds the rate for Keene High School students. Chesterfield is also well represented on a variety of inter-scholastic sport teams, school clubs, and the music program.

Ensuring safe and positive learning environments for all students is a goal established by the SAU 29 School Board. This has become a priority for Chesterfield School. It is an unfortunate set of occurrences throughout the region, state, and nation that have made this a major concern and priority. Representatives from all schools, including Chesterfield, comprise a safety committee that continues to work to improve the safety and security of our children. Staff at the school are working with other teachers, administrators, police, fire and bus company officials to develop safety plans that will specify procedures to deal with natural as well as man-made safety issues. Future plans call for the completion of safety audits at the school. Attention has also been given to preventative measures such as peer mediation, conflict resolution and decision-making that helps students use alternatives to violence as a means of resolving problems. Fortunately, we have begun to see benefits from these measures.

As I have stated in previous district reports, so much of what happens for Chesterfield students is highly contingent upon the level of support, involvement and cooperation the school receives from the community. You should be extremely proud of the commitment that community members have made to the school. The very high level of cooperation and involvement that has become characteristic of Chesterfield was again illustrated through the technology initiative that occurred this year. The formation of a community-wide technology committee provided the leadership needed to move the school forward. This culminated with a volunteer effort to network (wire) the school. As Superintendent of Schools, I was very pleased and enjoyed being part of this effort. Not only did it meet a prioritized need and Board goal, it also brought community members together to work toward a common goal.

Chesterfield students continue to experience success. This will continue as long as quality education is a priority and an expectation. You can assure this through participation in school-related activities and through communication with school personnel and school board members. Please remain informed and involved. I ask that you plan to attend the annual district meeting on Saturday, March 6, at 7:00 p.m.

Phillip G. McCormack, Ed.D.
Superintendent of Schools

PRINCIPAL'S REPORT

Although the **district's Kindergarten through grade 8 student population** has remained consistent with our closing numbers in June of last year (476), it has **increased dramatically from that which was originally projected (450/+26)**. Over the summer months, we transferred a total of 15 students/11 families and replaced them with 41 new students/28 families. The latter came to us from as close as Keene and Swanzey, and as far away as Pasadena, CA; Mound City and Wildwood, MI; Rocky Mount and Henderson, NC; Bradenton, FL; Oswego and North Salem, NY; Hamilton and Winchendon, MA; Bradford, VT and Bad Kissengen, Germany. Since October, we have experienced considerable changes to our school population that has impacted a total of 22 students/14 families and has produced an increase in our current enrollment total (480). We are fortunate that these increases have generally impacted the school's K through 4 student population (+19/68%) considering that we still have much larger grade level populations (+21 comparative average) in grades 5 through 8.

Enrollments/Placements - October 1, 1998

Kindergarten	42	Grade 5	64
Grade 1	36	Grade 6	60
Grade 2	45	Grade 7	68
Grade 3	47	Grade 8	68
Grade 4	46	TOTAL	476

As reflected in the proposed school district budget for 1999-2000, this situation **continues to have a rippling effect on enrollment at Keene High School**. Increases in the district's grads 9 through 12 student population (+29) and tuition rate (+\$755) account for 86 percent of the total proposed budget increase for next year.

As is the case almost every year, we experienced a **number of changes** to our faculty.

Mr. Jeffrey Fullam was elected to replace Ms. Andrea Biron as the school's **part-time art teacher**. Mr. Fullam holds a Bachelor's degree in Fine Arts from Temple University (1990) and a Master's in Fine Arts from the University of Iowa (1994). His teaching experience involved work with students in Iowa where he also served as an Adjunct Assistant Professor and Teaching Assistant at the University of Iowa. He has also taught at Pinkerton Academy in Derry, NH, and is currently employed part time at Keene Middle School.

Consistent with the district's approval of the middle school (grades 7 and 8) health curriculum, **Mrs. Karen Forrest was selected to fill this part-time position as the school's first health teacher**. Mrs. Forrest received both Bachelor's and Associate's degrees in Health Education and Chemical Dependency from Keene State College (1994) and, since that time, has also earned an Associate's degree in Nursing from the NH Technical Institute (1997). Her varied training and teaching experience at both the secondary (Keene High School) and middle school (Southmeadow, Peterborough) levels make her extremely well qualified to initiate this new program.

Ms. Rosemary Jablonski was selected as the school's first Reading Specialist. The excellent work she has done since the start of school with programs such as Project Read and Young Authors, chairing the school's Literacy Committee, providing reading enrichment to selected/identified groups of students, and initiating new programs have highlighted her brief tenure with us. The latter was never more evident than in the conduct of the recent program that Ms. Jablonski developed and coordinated using grant money from the Stow Mills Fund to involve the residency of acclaimed children's book illustrator Erick Ingraham. Ms. Jablonski received a Master's degree in Reading Education

from the University of Massachusetts (1986) and is certified as a Reading Specialist, Consulting Teacher of Reading and a Reading/Language Arts Consultant in New Hampshire, Massachusetts and Connecticut. Prior to accepting the position in Chesterfield, Ms. Jablonski was employed as a Reading Specialist/Title I Reading Teacher in the Fall Mountain School District. She has also held similar positions at Cutler School in Swanzey, as well as in Gill, Hatfield, Leverett and Shelburne Falls, MA.

For a variety of reasons, the school has required the services of **long-term substitutes to fill a number of positions.**

Mrs. Abby Salamin has been on **maternity leave** since April of last year and, although scheduled to return this month, was granted a leave extension by the school board through June.

The school board approved **Mrs. Jeannette Gardner's** request for a **one-year leave of absence** for the purpose of accepting a **faculty appointment at Keene State College** where she is responsible for teaching selected undergraduate courses and working with methods students.

Just prior to the start of the school year, **Mrs. Powell became ill due to complications from surgery.** Although she put quite a scare into us for a brief period of time, I am happy to report that she has returned to us healthy and exhibiting the same level of energy and enthusiasm that has always characterized her work with children.

The school board has also accepted, with deep regret, the **resignation of Mrs. Suellen Buffum** effective January 29, 1999. Her resignation was necessitated by the family's relocation to Atlanta, GA.

As a result, **Mrs. Kathryn Vanderhoof and Mrs. Helen Ann Kelly have been contracted to serve as long-term substitutes** for Mrs. Gardner/Mrs. Salamin (grade 5) and Mrs. Powell/Mrs. Buffum (grades 4 through 6), respectively. As I commented in my most recent newsletter, the positive personal qualities, training, and experience that Kathryn and Helen Ann have brought to these respective positions have contributed significantly to their success and that of the children. They both positively impact the life of our school in many ways and we are blessed to have them residing in our community.

We continue to experience a significant amount of turnover with our support staff (35 percent), especially as it includes the school's special education tutors (70 percent). To date, these transitions have involved over 20 full, part-time and temporary employees. We are five months into the school year and I am still in the process of filling two vacancies. Many issues have contributed to this problem, e.g., low unemployment, the decreasing number/ availability of substitutes, the highly qualified/certified people we are able to hire, and the lack of competitive salaries. Given the failure of the district to address the latter at last year's annual meeting and the adjustments that have been made since that time by other area school districts, **I feel that it is imperative that we resolve this matter in March and approve the contract ratified by both the Chesterfield Support Staff Association (CSSA) and the school board.**

Despite all the constraints, we have had the good fortune to **hire some very qualified, experienced and devoted people to our staff**, as reflected in the performances of the following new employees: Chad Boswell, Erica Duprey, Barbara Finn, Susan Fox, Stacey Joslin, Julie Moulton, Becky Ouellette, Carol Pelczarski, Christine Santerre, Russell Schilp and James Steelman.

I would be remiss if I did not take this opportunity to **recognize a former member of our support staff** who left the district's employ just prior to the start of the school year. **I am talking specifically about Mrs. Lynne Borofsky.** Lynne's effort and performance during her tenure with us far exceeded the scope of her

job descriptions whether employed as an aide, tutor or substitute. The high level of personal commitment, energy and enthusiasm she brought to the school every day had a positive impact not only on the students she worked with, but on the emotional climate of the school itself. Whether attending FOCS meetings, serving as the faculty advisor to OM or the Outing Club, helping with special events, trips and/or excursions, her contributions were positive and supportive, and they always served the best interests of students and will continue to have a lasting impact.

As reflected in school board goals, agenda items identified by the teachers and support staff, and our continued participation in SAU-wide initiatives, the following **elements of curriculum and programming** have served as the focus of our attention over the past year:

What I consider to be the most significant accomplishment over the past year has involved the district's efforts related to the instructional applications of computer technology. Last March, **the district approved the investment of \$55,000 to network the entire school, begin to upgrade the school's inventory of computer hardware, and provide Internet accessibility to all students/classrooms.** The considerable investment of time and expertise on the part of the district's Technology Committee since that time, the efforts of many volunteers last summer with the networking phase of the project, and the support of Markem Corporation in Keene has allowed us to realize a dream for our children. **Special thanks to Mike Plotczyk, committee chair,** Laurie Blair, Al Boyer, Ray Dunn, Dan Belluscio, Al Chesley, Cheryl Child, Jamie Hallengren, Devon Hubner, Grover Robinson and **especially to Mike Descoteau.** As reflected by the related proposal in next year's budget, we're not finished. We cannot afford to lose this momentum.

As has already been mentioned, this past June the school board **approved the curriculum model** developed by the Middle School Health Curriculum Study and, in August, Mrs. Karen Forrest was **hired as the district's first health teacher.** As a result, we have finally filled a critically important void in our school's curriculum.

The **hiring of Ms. Rosemary Jablonski as the district's first Reading Specialist** allowed to us finally comply with all aspects of the state's minimum standards and, more importantly, begin to address in greater depth this important and vital part of our program of services.

As noted in last year's report, a committee of teachers, parents, and members of the school board was formed this year to review the current and future status of programs that are often referred to as applicable for 'gifted and talented' students. Since that time, **the committee has completed and presented a comprehensive report on the status of current enrichment programs, made a formal staffing/programming recommendation to the school board, and has initiated appropriate training opportunities for teachers and support staff.** The committee will continue to remain active in working with the school board to address the future needs of the school in this area from both philosophical and practical perspectives.

Over the past year, **report cards used in grades 1 through 8 were thoroughly reviewed, revised as needed, and reprinted.** We feel that these new forms appropriately align with current assessment practices and protocols used by teachers, the developmental levels of our students, the recent modifications that have been made in the respective curriculum areas, and the need for parents to glean important, relevant and understandable insights in the personal and intellectual growth of their children.

Teachers in grades 1 through 4 continue to **standardize both teaching and assessment** practices related to the school's spelling curriculum, especially as it involves the use of specific programs and the results of both state (NHEIAP) and standardized (CAT/5) tests. In addition, we are investigating and **evaluating the present writing curriculum** in comparison/contrast to related research and skill development.

Career Awareness Education continues to serve as a major focus of our work with **students in grades 5 through 8**. Not only do our efforts **articulate with School to Work initiatives** currently being implemented at the high school level in consult with local business and community leaders and representatives from the New Hampshire Office of Employment Security, they also remain consistent with **related initiatives** currently being proposed by the **New Hampshire Department of Education**. With regard to the latter, and in accordance with RSA 193-C relative to the New Hampshire Educational Improvement and Assessment Program (NHEIAP), related curriculum frameworks have been developed with specific expectations identified for assessment at the end of grades 4, 8, 10 and 12. **Mr. Powley, the school's Guidance Counselor**, maintains responsibility for this program as it involves both direct classroom instruction and the individual monitoring/review of career planning portfolios.

The school's special education teachers/case managers have worked to ensure the **effective implementation of changes that were made to state/federal regulations and procedures** related to providing appropriate services for identified special needs students. These changes have specifically addressed identifying present levels of performance, establishing measurable goals and determining the extent of nonparticipation in regular education programs. With the **continued growth and reliance on tutor support** for selected special needs children, we are currently involved in discussions at both the local and SAU level with regard to **creating a staffing model that addresses the needs of all children**, not just those who are coded for special education.

The most significant changes being proposed involve those currently being conducted at the middle school level. As a result of careful and thoughtful review of both program and student needs with teachers, support personnel, SAU administrators and program directors, the following changes are being proposed for the 1999 -2000 school year:

1. Boston University's Sargent Camp will be expanded to a five-day program exclusive to the seventh vs. eighth grade.
2. The American Heritage Tour, sponsored by the Cheshire County YMCA for students in grade 8, will be conducted exclusively within SAU 29 for students in the Chesterfield, Westmoreland and Marlborough School Districts.

We feel that these changes will provide enhanced personal and educational opportunities for students and lessen the impact of time away from school.

I would like to continue my practice of formally recognizing the following students for their superior level of personal, academic and/or athletic excellence attained during the 1997 -1998 school year:

And to all of the students in our school who, on a daily basis, in their own special and personal way, make a positive and lasting contribution to the excellent image of our school -- thank you!

In closing, I would like to share with you a comment made by Mr. Bruce Whitman, Staff Reporter for *The Keene Sentinel*. In the December 31, 1998 issue of the *Star Spangled Banner*, an article he wrote entitled *New Year's Wishes for the Banner's Towns*, included:

"I hope that all town residents get a chance to take in an event at Chesterfield School and get a chance to see first hand what a great school the town has. The kids, in general, are polite, respectful and smart. Just look at how well they did in last year's Odyssey of the Mind competition."

It was a pleasure to read something that reflects what I see every day. My thanks to the students, parents, teachers, support staff, community, and school board who contribute to making that a reality.

REPORT OF THE CHESTERFIELD SCHOOL TECHNOLOGY COMMITTEE

The Chesterfield School Technology Committee formed in April after the passage of the \$55,000 Warrant Article for Technology/Networking Improvements at the March 1998 School District Meeting. Original members included: Dan Belluscio, Laurie Blair, Alan Boyer, Al Chesley, Cheryl Child, Ray Dunn, Gail Grainger, Jamie Hallengren, Devon Hubner, Jeff Newcomer, Mike Plotczyk, Grover Robinson, Teresa Starkey, Cindi Warner, Dean Hollatz, Marty Mahoney, Kathy Thatcher, and Sue Sciuto. The first task of the committee was to plan and carry out the networking of the school. Grover and several of his co-workers designed and drew up the blueprints for the network and a sub-committee prepared equipment lists. Then, at the Chesterfield Net Day in July and over several subsequent Saturdays, about twenty to thirty community members drilled holes, pulled wire, and installed hubs and connectors. Also helping were three Markem employees—Mike Descouteaux, Mark Fish, and Sam Maxwell—as well as Dr. Philip MacCormack and Dean Hollatz from SAU 29. Several members of the committee continued to meet after Net Day to finish the details of the networking project.

The costs of the project were much less than anticipated, due in great part to donations of material (Cheshire Medical Center, Jamie Hallengren, and Ted Salema), grant monies (Bell Atlantic/Cabletron and federal e-rate funds), and volunteer labor. By September, only half (\$27,559) of the original \$55,000 warrant had been spent. At this point, the entire network, the server, software, computer upgrades, Internet access, and contracted services to maintain the network had been paid or budgeted for.

Since September, the technology committee has been working on other tech-based matters. It was decided to recommend to the School Board that Chesterfield School begin to move toward a dual-platform system. To this end, several PC's, additional MAC's, and other hardware and software were suggested for purchase using some of the remaining warrant money. The School Board accepted and acted upon these proposals in January. The committee has also considered current hardware at the school, future availability of replacement parts, and anticipated Y2K problems and has drawn up a long-range technology plan to help guide the school in future decisions, including recommendations for the 1999-00 school budget. An Internet acceptable use policy was also reviewed and sent to the School Board for approval.

Although the original task of the technology committee—the networking of Chesterfield School—has been accomplished, the committee continues to meet. Future tasks include the continued development of the 5-year technology plan and consideration of the educational implications of computer technology upon students and staff. Membership is open to any Chesterfield resident; anyone who is interested in helping the technology committee with its new goals is urged to contact the school.

SCHOOL HEALTH SERVICES REPORT

September, 1997 through June, 1998 Annual Health Services Performed

- Physical appraisals conducted by school physician and nurse practitioner for seventh and eighth graders -- interscholastic sports
- Height and weight -- all students
- Student visits to the health office: first aid, illness, medications, in need of community resources, patient education -- 8,473
- Vision screening -- kindergarten through grade 8
- Hearing screening: Puretone (Acuity) and Impedance (Tympanic Membrane) -- kindergarten through grade 3, and grades 5 and 7
- Daily medications -- average 17 per day for chronic conditions; plus short-term prescription and nonprescription medications -- average 5 to 10 per day
- Scoliosis screening -- grades 5 through 8
- Tuberculin testing -- staff, bus drivers, volunteers
- Accident reports requiring medical referral
- Referrals for community resources to assist students and families: Lions Club, vision, nutritional, counseling, Medicaid/health insurance, Christmas gifts, winter clothing, medical
- Participation in special education (IEP) meetings as needed -- for acute and chronic illness

January through June, 1998 Summary

The newly-created position of Health Office Clerical Assistant was successfully filled by Jill Wdowiak (16 hours per week). She is assisting with recording, collating and entering computerized health data/information, maintaining student health records, and assisting the nurse with school-wide health screenings.

September through December, 1998 Summary

The school nurse broadened her role to include the formation of a playground committee to assess its safety; and is the school representative on the SAU 29 Safety Committee to assess and promote a safe school environment. Also, due to a nationally known high absentee rate of students with asthma, interventions to educate staff and students and the possible purchase of a portable nebulizer (via donations) for in-school treatments, are being pursued. The Cheshire Smiles dental health program of screening, cleanings, and referrals is in process for kindergarten through grade 3 students.

SCHOOL LUNCH REPORT

Once again we ask ourselves, "where did the year go?" We have been very busy. We are challenged daily to do our best to nurture our students and staff. We try to keep the menus interesting and nutritional and, yet, what the students will accept. The government continues to be generous with surplus food. This is a tremendous help financially.

We were reviewed in detail last spring by the State Bureau of Nutrition Programs and Services. We were given a rave review. We also scored 100 percent by the State Health Inspector again.

We continue to try to be an integral part of the school. I am fortunate to have Linda Wystup and Barbara Finn join me in all my efforts.

Respectfully submitted,

Carol Riendeau
