3. To see if the town will vote to raise and appropriate the sum of \$280.33, which is 1/2000th of 1% of the equalized valuation of the town, to the Lakes Region Association, for the purpose of publicizing and promoting the natural advantages and resources of the town, in cooperation with other towns in the Lakes Region.

4. To see if the town will raise and appropriate the sum of \$737.55, which is the towns share of Town Road Aid. The States share is \$4,916.97. It is recommended by the Budget Committee that these funds be expended on the Boulder Road.

5. To see if the town will vote to authorize the Selectmen and Town Treasurer to borrow a sum, or sums, not exceeding in the aggregate of \$35,000.00 in anticipation of the collection of taxes for the current municipal year and to issue in the name, and on the

credit of the Town, negotiable notes therefore, said notes to be repaid during the current municipal year from taxes collected within said current municipal year.

6. To see if the town wishes to vote a discount for prompt payment of taxes according to state law. This must be voted each year.

7. To see if the town will vote to raise and appropriate the sum of (\$300.00) Three Hundred dollars, to be used to relocate the boundary lines of the Ball Field, so called, and improve the Ball Field by removing superfluous growth, and erecting a suitable entrance with a sign, to commemorate the fact that the area was conveyed to the Town on March 8, 1930, by John H. and Millie P. Burke by a deed, which was accepted by the Town of Madison, N. H., which stipulated that it should be called "The John H. and Millie P. Burke Recreation Grounds." In the future these grounds shall be maintained, each year, by funds from the Parks and Playgrounds appropriations.

8. To see whether the town will vote to develop a piece of land, hereafter described, as a parking and picnic area and means of access to the "old" bathing beach. This land, now town property, faces on Route 41, is bounded on the west by property of the late Clifford Gilman, and on the east by a small garage owned by S. S. Stevens, and extends to the lake shore under the railroad track. A tunnel or road beneath the track would be necessary, and the land would require filling for a parking area. It would be desirable if this area could be reserved for townspeople and the Red Cross swimming project.

9. To transact any further business which may legally come before this meeting.

## FIRE RECORD

Fire records are made by people — those who cause fires and those who control them. Your forest fire warden, deputy wardens, fire chief and firemen have, in spite of a prolonged drought, made one of the best fire control records in recent years. Despite a very dry spring, we in New Hampshire working together, have substantially reduced our fire incidence (885 in 1965 to 595 in 1966.)

This enviable record is largely due to two factors:

1. A closely coordinated and integrated state-town organization jointly carrying out programs of forest fire prevention, training and suppression with dedicated personnel.
2. Your appreciation of our forest fire control program and your individual effort in practicing fire prevention.

Statistics show, however, there is room for improvement. Major problems are still with us; (1) the careless disposal of cigarettes; (2) the householder's carelessness in burning rubbish; (3) the failure of woodlot owners and contractors to completely extinguish their brush burning fires; (4) failure to extinguish camp fires; (5) unsupervised children playing with matches.

New Hampshire has 4,339,000 acres of woodland to be protected. In 1966 we experienced 595 forest fires on this area and restricted acreage burned to 395 acres — a fine testimonial to the efficiency and dedication of the men who make up our forest fire control organization.

1. If you must burn you will need a permit. Permits are not issued between 9 A. M. and 5:00 P. M. except on rainy days. Permits are

not needed when the ground is covered with snow. To minimize risk the best way to dispose of rubbish is at your authorized town or municipal dumping area.

2. Be sure all discarded smoking material is out.
3. Don't leave a live camp or cooking fire.
4. Most important — Instruct your children that matches are not play things.

## REPORT OF SPECIAL READING TEACHER

“Today’s children can learn to read” is the heading of many articles and editorials. The school agrees and has been striving daily to teach all the children of all the people. Indeed the schools have done rather well according to statistics!

The lack of materials and time to teach have been two handicaps.

Many new texts have been provided, such as the S. R. A. Kits for individualized reading, supplementing the basic reading program. Paper covered Library Kits for each grade level are now being used. New teaching machines are in each building to implement the learning process. The Overhead projector is very adaptable and can be used for a few or an entire room. The new Tachist-O-Films with the projector that times the flashes is designed to increase accuracy and speed at all levels from simple letters to phrases. The Language Master, which is a simplified tape recorder, allows a child to work in a small group or alone. Many games to provide drill on the word skills have been placed for use.

The role of the Special Reading Teacher is to provide more of that essential ingredient, Time. Time is needed to find the individual’s specific needs and to reinforce those needs, either individually, or in small groups.

There are eight schools in our district. My time is allotted according to the pupil enrollment and the money available in each district. I work with individuals and small groups throughout the day. Most of my time has been with the lower grades.

More than seventy children have been tested individually to ascertain their grade level and comprehension capacity. These results, plus the personal records available, and the teacher’s suggestions give a basis on which to start instruction. In many instances

the entire reading group meets with me for specific instruction. Much of the work is phonics, syllables and accent, and increasing word power. Better listening habits and comprehension are two goals constantly in mind.

By careful diagnosis, choice of material on my part, and active cooperation from the group involved, there should result an improvement in reading skills and increased confidence in their ability to succeed.

In my work in School Union No. 9 I have found an able administration, cooperative fellow workers and challenging work with boys and girls at every grade level.

LEONE M. SHERBURNE  
Special Reading Teacher

## ROLE OF THE ELEMENTARY SCHOOL COUNSELOR

I am pleased to be able to submit a progress report concerning my role as school counselor as funded under Title I, Public Law 89-10. Since the role of elementary school counselor was new to the school union, I felt obliged to define and communicate this role to parents and teachers. As a school counselor I meet with individuals and groups to deal with the normal developmental problems of children which interfere with their academic achievement and personal growth. I am also concerned with the various school union-wide tests being given to determine which pupils are working up to their potential and which are not.

Thanks to the help and cooperation of the Principals and Teachers in the school union, the program is well under way. Private interviews are conducted in every school that is visited. The two highest grades in each school are participating in constructive group discussions. Interviews with parents and teachers are provided to discuss the progress of specific children. The first half of the STEP Reading Test Program has been completed. The Stanford Achievement tests are now being given and will soon be completed. Within a short time the Lorge-Thorndike Intelligence Tests will be administered. Lastly, rapport has been established with the Carroll County Community Service and periodic meetings are conducted to discover ways in which we can better aid each other.

The work that has begun will continue with the

hope that as the role of the school counselor becomes clearer in the minds of children, parents, and teachers, more effective service can be rendered to more children.

I would like to thank all the people who have worked with me in the formation and implementation of the school counselor program.

LAWRENCE ZEGER  
Elementary School Counselor

### SCHOOL NURSE REPORT

Two pupils attended the Orthopedic Clinic held at Memorial Hospital on November 18, 1965.

One pupil attended the Cleft Palate Clinic at Hanover.

Mrs. Stark dental hygienist from N. H. Bureau of Dental Public Health left dental hygiene educational materials for follow-up on her talk to the pupils on March 22, 1966.

Twenty-three pupils participated in the program for dental cleanings and applications of Topical Fluoride in April.

At this time I would like to thank all who helped to make this program possible.

Respectfully submitted,  
REBECCA P. SANBORN, R. N.
