Mr. Harold S. Wilder, Chairman  
Board of Selectmen  
Plainfield, New Hampshire

Mr. dear Mr. Wilder:

During the year January 1, 1954 through December 31, 1954 the Plainfield Free Bed Fund in the Mary Hitchcock Memorial Hospital, Hanover, New Hampshire rendered 22 days' service to 5 residents of the Town of Plainfield, New Hampshire.

The portion of Free Bed Funds allotted by the Trustees to the Town of Plainfield was \$400.00. Added to this figure was \$135.00 which represented the unused balance of December 31, 1954 making the net allotment \$535.00.

The charges at the minimum hospital rates for service rendered to these patients during the period amounted to \$170.00. Subtracting this from the total allotment of \$535.00, there is an unused balance as of December 31, 1954 in the amount of \$365.00.

We are attaching hereto the usual summary, showing the various charges to this fund.

Please accept my personal, as well as official, thanks for the fine manner in which this Fund was handled during the year.

Yours very truly,

W. L. WILSON,

Administrator

## SUPERINTENDENT'S REPORT

To the School Board and Citizens of Plainfield:

The increased number of school pupils throughout New Hampshire made more school districts entitled to state aid, consequently there was less state money available to Plainfield for the current year. I hope that state aid for 1955-56 will be increased through a larger appropriation by the State Legislature.

The pupils in high school totaled 52 in 1953; 54 in 1954; and there may be 75 in 1955. The legislature may require districts to provide transportation to high school at least until the pupil is 16 years of age.

It is important that Meriden improve its building facilities. The so-called Junior High building leaves much to be desired in sanitation and health facilities. I definitely recommend that an addition be built to the White School.

The Helping Teacher has been beneficial to the boys and girls. She has tested and guided many pupils. This has enabled them to make better advancement in school.

The problem of securing teachers for the schools is becoming increasingly more critical. The reasons are many and include:

- (a) To few graduates from teacher training colleges.
- (b) a great increase in the number of pupils all over the country and consequently the need for many more teachers
- (c) higher wages paid in industry and to teachers in Massachusetts, Connecticut, etc.,
- (d) Many teachers prefer to teach only a single grade
- (e) Many will not teach under rural conditions.

Plainfield is fortunate to have its present group of teachers and school nurse .

My sincere thanks are extended to your conscientious School Board, teachers, nurse, bus drivers, janitors, lunch workers, P.T.A.'s, and all who have contributed to the school where your child is educated.

Respectfully submitted,

HAMMOND YOUNG,  
Superintendent
