**FIRST REPORT OF THE FIRE WARDS
FOR THE
TOWN OF NEW HAMPTON**

The past year has seen progress in the organization of the Fire Department. Interest has continued in attendance at regular and training meetings.

We were fortunate in obtaining the services of our long time Fire Chief Harold T. Chase, to serve again for the year 1968. Due to health, Harold presented his resignation on December 20, 1968 to take effect on January 7, 1969 which was the date of the Department's first 1969 meeting. The Fire Wards regrettably accepted Harold's resignation which took effect nearly to a day to the tenth anniversary of his appointment as Fire Chief. Harold received this appointment upon the resignation of Harry E. Hubbard who held this position for the twenty-one years previous. We thank Harold and his faithful wife for their many years of service.

The Fire Wards were glad to obtain the services of Bernard C. Lowell to take over the duties as Fire Chief. He is already a very busy man being Police Chief for our town. Bernard will need the assistance of us all and we are sure he will receive this backing.

The Fire Wards looked over several possible sites for our much needed fire station and were sufficiently impressed with a site at the top of Shingle Camp Hill to petition the selectmen to look into its possibilities. A similar petition was signed by twenty-six of our firemen and also given to the selectmen.

A set of bylaws for our Fire Department have been developed and adopted. A list of officers have been chosen and consist of a Deputy Fire Chief, Captain, Clerk-Treasurer and Engineer. The bylaws set up the manner of appointment or election of these officers and their duties.

The Fire Wards feel that consideration should be given to establishing a capital reserve fund for the replacement of the Ford pumper. This piece of equipment will have reached its life expectancy in the near future.

Respectfully submitted,

s/CHALONER L. BICKFORD
BERNARD C. LOWELL
EDWIN S. MaDAN

REPORT OF FOREST FIRE WARDEN AND DISTRICT CHIEF

New Hampshire is the fastest growing state in the north-east in terms of population increase. It is also an industrialized state and this growth is likely to continue, all of which means more families and homes. Our growing summer population is scattered throughout the state with a phenomenal increase in vacation homes.

Many new homes and practically all cottages are being located in woodlands and abandoned fields and forests crowd into the back yards of our village streets. In a state where the forests cover 86% of the land surface, it is necessary that everyone be aware all through the season, which comes with the disappearance of the snow until the snow comes again, of the need to be careful with outdoor fires and fire sources.

The following action will help:

1. To teach our children the danger of lighted matches.
2. To *never* discard lighted smoking material from a car or while walking through fields or woods.
3. To safely dispose of rubbish preferably at the town dump. If you must burn—
 - a. You need a written permit from the town fire warden for all debris burning except when the ground is covered with snow. Cooking fires in outdoor fireplaces or in charcoal brasiers in your own back yard is permitted on notification of the warden.
 - b. The warden is forbidden by regulation to allow burning of household rubbish on grass by householders between 9:00 A.M. and 5:00 P.M.
 - c. Have equipment on hand to control the fire *before* you light the match.

4. Promptly report any fire out of control to your fire warden or fire department.

Help to keep our town out of the fire occurrence column and save our tax dollars for useful purposes.
