# HAMILTON SMITH LIBRARY

DURHAM, NEW HAMPSHIRE

---

January 31, 1929.

*To the Inhabitants of the Town of Durham:*

Books and the information, inspiration and recreation contained in books are as essential to the adult in home and business life as to the child in school and the college student. The measure of a library's usefulness is through its book service, answering questions, providing helpful information, supplying interesting reading, etc. Each year we have tried to do this in an increasing amount for both community and college. Results are sometimes hard to measure for it is difficult to keep track of the time spent in hunting information, compiling lists of references, and recording and keeping track of the thousands of miscellaneous pieces of printed material which are received by the library in the course of the year.

In this tenth annual report we give statistics of the work of the library for ten years ago, one year ago, and last year:

	1918	1927	1928
Reading-room circulation	8,493	48,947	57,671
Home circulation	14,181	33,332	36,475
Books added during the year	1,183	3,290	3,727
Total books	35,741	59,819	63,546
Amount spent for books	\$2,271	\$7,854	\$9,181
Catalog cards filed	3,420	9,081	9,710
Books borrowed from other libraries		128	150
Books loaned to other libraries		59	85

The report on book accessions for 1928 follows:

We have to report two important staff changes. On June 30, 1928, Miss Mary Washburn for four years Reference Librarian resigned to go to the Manchester Public Library. She was succeeded by Miss Eleanor Bell at the reference desk. Miss Helen G. Cushing for nine years Catalog Librarian resigns February 28, 1929, to become Cataloger on the Staff of the American Library in Paris. She will be succeeded by Miss J. Doris Dart from the cataloging staff of the Yale University Library.

During National Book Week, last November 12th to 18th, the Library conducted an exhibit of children's books in the window of Mr. Rand's store. For the second year in succession Library Open House was held, this year on the evening of November 14. Over twelve hundred townspeople and students were present—twice the number of the year before. Exhibits of rare book-bindings, pottery, sculpture, paintings, tap-

estries as well as many rare and beautiful books were displayed. Photographs of old homes in Durham were shown and a contrasting exhibit of costumes in Godey's Lady's Book of the eighteen fifties and sixties, and current magazines of fashion such as Vogue and Fashionable Dress. Many departments of the University had exhibits of books and other materials relating to their work. On Friday afternoon, November 16, a story hour for the children was held with an attendance of ninety.

During the past year additional shelving and more powerful lights have been added to the Reserved Book Reading Room and we have been given the use of Room 205 for additional reading-room space from twelve o'clock noon until ten o'clock each evening. In the near future we hope to have this room for the rest of the day and Room 201 also, thus insuring the entire building for library purposes and eliminating the noise and confusion resulting from the passing between classes.

Extension service in the town schools and at the home of Mrs. Edward Griffiths continues as in previous years with a total Extension Circulation of 994 volumes.

Respectfully submitted,

WILLARD P. LEWIS,

*Librarian.*

## REPORT OF THE CEMETERY COMMITTEE

---

During the past year the Cemetery Committee constructed a new five-strand wire fence with steel posts around the new cemetery. Two rubble stone gate posts  $3\frac{1}{2}$  feet square and 8 feet high were erected and double drive woven wire gates hung. About 20 rods of old stone wall had to be removed, a good many bushes and small trees cut, and some stumps blasted out. Along the roadside it was necessary to grade down the bank and fill up the gutter so as to secure a uniform water course. A central roadway entrance was constructed with a 24-foot 10-inch gutter pipe underneath protected by concrete headers.

Two lots were sold during the year. One to the University of New Hampshire for the reinterment of the bodies of Benjamin Thompson and certain of his kin, and the other to Mrs. Charles James, whose husband was buried December 13. Two monuments were erected, one by Charles H. Pettee, and the other, the Thompson monument formerly located on the University campus.

The cemetery lots are laid out twenty feet square. The price of these lots is \$150, with certain reservations relative to walkways, markers, stones, grading, planting of trees, resale of lots, etc., as were published in the Town Report for 1927. All lots are sold with the guarantee of perpetual care, which means their maintenance in sod and mowing during the summer season.

The Committee submits the following financial statement:

## Receipts

Town appropriation .....	\$ 300.00
University of New Hampshire, one lot . . .	150.00
Mrs. Charles James, one lot .....	150.00
C. H. Pettee, balance on lot .....	100.00
Hay, 8.84 tons .....	30.94
Interest .....	2.00
	<hr/>
Total .....	\$ 732.94

Of this sum \$300 has been deposited in the Savings Bank as a part of the perpetual care endowment fund.

## Expenditures

Fence and gates .....	\$ 119.34
Labor, fence, stone posts and grading . . .	249.33
Metal culvert .....	25.20
Lime, cement and dynamite .....	10.55
Blueprint maps of cemetery .....	7.94
Setting lot markers .....	4.00
	<hr/>
	\$ 416.36

During 1929 the following improvements are contemplated:

1. Construction of 1250 feet of 14-foot graveled driveway.
2. Erection of a small tool and storage house.
3. Purchase of small tools, grass seed, fertilizer, etc.

Signed,

F. W. TAYLOR, *Chairman*,

## REPORT OF SUPERINTENDENT OF SCHOOLS

---

*To the School Board and Citizens of Durham:*

Real progress is being made in your schools, and with the equipment we now have, I believe your schools are doing as good work as can be reasonably expected. Several changes in the teaching force were made. The following is a list of the teachers, and the number of pupils registered in each school.

Mr. William Hounsell, Head Master, Junior High		45 pupils
Miss Segrid Silver, Mathe- matics		
Miss Dorothy Goodell, Do- mestic Arts		
Miss Pearl Talbot	Grades 5 & 6	32 pupils
Miss Queenie Hall	Grades 3 & 4	28 pupils
Miss Annie Hammond	Grades 1 & 2	34 pupils
Mrs. Elsie Fisher	Packers Falls	25 pupils
	Total	164

### REPAIRS

A new boiler has been installed and is heating the building very satisfactorily. I visited the Central School early, one of the coldest days. The rooms were not warm enough; but after a session with the furnace, plenty of steam was generated and the house was soon comfortable. I again urge that a full time janitor be provided for the colder months, as a janitor who

has his time divided, and can give only a part of his time to the janitor work, cannot render satisfactory service.

The windows have been fitted with metal weather strips, and the old trouble of windows that rattle, and let in too much cold air, is done away with.

The roof has been patched and it is apparently water tight for the time being. A porch was built over the rollway, and the front steps were repaired. If this schoolhouse is to be used for a term of years, the roof should be newly shingled and the house painted. New slate blackboards have been placed in the Packers Falls schoolhouse.

#### NEEDS

The Central School house is now very comfortable, so far as light and heat is concerned. But it lacks the room for some of the things that seem necessary to do the entire work that should be done in the Junior High School. It may be possible to partition off a part of the upper hall for typewriting. The pupils going to Dover for the last two years of their Commercial Course, should take typewriting in our school, and some way should be devised for such work. Some new equipment in the way of school furniture must be provided. Every desk is now being used. I had to take up two desks from the Primary Room and take them to the Packers Falls School, as some new pupils entered that school and there were no desks for them. An office, or teacher's room is very much needed, and I can see no space where such a room can be made.

#### HEALTH

There has been very little sickness in the schools this year, although many cases have been reported in

town. Our school nurse, Miss Ina Marden, has been very active and efficient and her constant inspection and advice has had much to do in preventing sickness. The schools seem to be the safest places, for the children, to be found in town. The nurse reports that she has "Some very cooperative people in Durham to whom I can turn for help in getting defects corrected. One child sadly in need of surgical attention, has had a throat operation through the financial aid of the Red Cross. Sixty-one of the school children have received the Toxin-Antitoxin treatment."

I wish to thank the people of Durham for the unselfish interest in the children in our schools, and I am sure that the knowledge that the children are being helped to a better physical and mental life should be a reward.

#### A NEW BUILDING

The attention that has been given to the matter of a new building for Durham has been in the hands of the Committee appointed at the District Meeting. I have been asked by this Committee to obtain plans and estimates for remodelling the present building, also to get other plans for a new building. I employed Architect Richardson of Dover, and we went over the needs of the school and he drew a plan to remodel the present building. His estimate of the cost was rather a surprise, as it exceeded \$30,000.00. I have consulted several architects and have had plans submitted for buildings that would cost anywhere from \$30,000 to \$100,000. Some of these plans will be available for study by those who are interested in the matter of a new building.

The matter of to build or not to build is a question for the voters of Durham to decide. Of course, a new

building in keeping with the town would be very nice to have, and no doubt would add much to the attractiveness of the town. But if you decide not to build for a time, we shall make the present building do as a part of the equipment in fitting your boys and girls for their life work.

Respectfully,

L. M. FELCH.
