TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Thwn of Jackson in the County of Carroll in said state, qualified to vote in Town affairs:

You are hereby notified to meet at the Town Hall in said Jackson on Tuesday, the 12th of March, next, at seven of the clock in the evening, to act on the following subjects:

1. To choose all necessary Town Officers for the year ensuing. Polls open at 12:00 noon and close at 6:00 P.M.

1	Selectman for	3 years
1	Library Trustee for	3 years
1	Trustee of Trust Funds for	3 years
1	Trustee of Cemeteries	3 years
1	Auditor for	1 year
1	Road Agent for	1 year.

- To see if the Town will vote to adopt Amendment No. 1 as proposed by the Planning Board for the Jackson Zoning Ordinance pertaining to definitions of "driveway" and "private road".
- 3. To see if the Town will vote to adopt Amendment No. 2 as proposed by the Planning Board for the Jackson Zoning Ordinance pertaining to the addition of the words "or replaced" after the word "restored" in the second paragraph of the Non-Conforming Uses paragraph (Section 2. D).
- 4. To see if the Town will vote to adopt Amendment No. 3 as proposed by the Planning Board for the Jackson Zoning Ordinance pertaining to substituting for the existing Section 3. Parking, a new section with an expanded list of parking guidelines for a variety of uses, minimum dimensions for parking space and aisle width, and a general requirement for off-street loading space.
- 5. To see if the Town will vote to adopt Amendment No. 4 as proposed by the Planning Board for the Jackson Zoning Ordinance pertaining to creating a new section on Cluster Single-Family and Multi-Family Residential Development to offer flexibility in multi-unit residential development and to clarify the applicable requirements for area, density, setbacks, and rights-of-way.
- 6. To see if the Town will vote to adopt Amendment No. 5 as proposed by the Planning Board for the Jackson Zoning Ordinance pertaining to creating a new section on Administration and Enforcement which clearly establishes the duties of the Selectmen and the Zoning Board of Adjustment with respect to this Ordinance and which incorporates the existing Building Permit regulations. Existing paragraph C, E and F in Section 1 and Section 4 are either revised or directly incorporate into this new section. Besides reorganization and clarification, this change brings the Ordinance into compliance with State law. NOTICE; Articles 2 through 6 will be on a special ballot. Polls

will be open from 12:00 noon to 6:00 p.m. for voting on the proposed amendments to the Jackson Zoning Ordinance (Articles 2 through 6).

- To raise such sums of money as may be necessary to defray 7. Town charges for the ensuing year and make appropriations for the same. 8. Town Officers' Salaries 7.500.00 9. SELECTMEN'S REPORT

The Selectmen met with a Citizens' Sounding Board consisting of nine residents to seek input and receive suggestions regarding the 1985 Budget. Their comments were most helpful, and we thank them for their assistance. As we reported two years ago, we are attempting to achieve the following goals:

- 1. To maintain current levels of municipal services.
- 2. To repair and maintain existing town property and roads to prevent further deterioration.
- To plan for future capital improvements and expenditures by setting up capital reserve funds.

We believe we have come a long way, but much remains to be done, particularly on town roads. The Selectmen have appointed an ad hoccommittee to make up an inventory of town roads and establish priorities for improvements. Raymond Abbott, Jr., Frank Connolly and Roger French will meet with Howard Kelley to look into the problem and make recommendations.

With respect to capital improvements and expenditures, it is interesting to note that for the seven years 1972 thru 1978 inclusive, capital expenditures totalled about \$55,000. For the next seven years, 1979 thru 1985 inclusive, actual and 1985 proposed capital expenditures total approximately \$685,000. A fire truck, three highway trucks, a backhoe and a loader have been bought and paid for since 1979. Two bridges have been replaced, and a third bridge will be replaced if funds are appropriated this year. The roof on the highway garage and fire station has been replaced. Land for a future solid waste disposal facility has been purchased jointly with the Town of Bartlett.

On the subject of capital equipment expenditures, Jackson taxpayers were indeed fortunate to receive an anonymous donation of \$50,000. to purchase a much needed tank truck for the fire department.

Although the 1985 proposed budget of \$645,849.50 is about 5% above 1984, estimated revenues are down substantially so the amount to be raised by taxes would increase by 40%, or a \$2.50 increase in the municipal portion of the tax rate. In 1984, revenues included \$92,000. from the proceeds of a long-term note and \$38,515. from capital reserve funds. These two items accounted for \$130,000. in revenues last year.

In July, the Selectmen voted to discontinue the Inventory Forms for 1985. It was felt that the information derived from these forms was not worth the time and expense involved in mailing and processing them.

Finally, we once again would like to express our sincere appreciation to all of those serving on the various boards and commissions for their dedicated service. We would welcome hearing from anyone who might be interested in serving on any of these boards or who might have any ideas or suggestions which would benefit the Town. We urge all the citizens to attend the Town and School Meetings on March 12, 1985, since it is only through your concerned input that the Town and School operations can truly represent your wishes.

LIBRARY TRUSTEES

The library enjoyed another busy year. There were 2,507 visits by adult library patrons during the year. Circulated from the library was a total of 3,595 books, both juvenile and adult titles. Added to our collection were 198 adult and 181 juvenile books. Our librarian, Priscilla Bissell made three trips to Twin Mountain to select approximately 1,400 books from the New Hampshire State Library to add variety to our collection. Mrs. Bissell also borrowed 69 books from Inter-Library Loan in answer to special requests from our readers.

The Friends of the Library, under the guidance of their President, Mrs. Lawson T. Hill, held their most successful membership drive ever. Their success enabled them to donate to the library money which will finance the purchase of additional bookcases for children's non-fiction. The library's bank balance is higher than usual as the Friends' generous donation is being held to purchase these bookcases which will be built by a cabinet maker.

The Mountain Garden Club added some lovely landscaping to our library last summer. The beautiful plantings are located between the library and the river, making a delightful spot to read or enjoy the view. The Garden Club also gave the library a subscription to "The National Gardener".

The Jackson Community Association donated funds to the library. Also received by the library were many other gifts, hard-cover and paperback books and periodicals, too numerous to mention individually, but all deserving of our appreciation.

The Jackson Grammar School children continue their weekly visits to the library. A successful pre-school story hour was held during much of the year under the guidance of Mrs. Sandra Graichen. It is hoped that interest in this program will continue.

Our Librarian, Mrs. Bissell, traveled to five meetings at Twin Mountain of the North Country Cooperative State Forum. She also attended three meetings of the Northern Carroll County Co-op in Conway. Our thanks go to Mrs. Bissell for a job well done.

TRUSTEES OF CEMETERIES

During the year, the Rules and Regulations for the two cemeteries maintained by the Town were completed, approved by the Selectmen and, in an abbreviated form, distributed with the tax bills. Their availability at the Town Hall in unabridged form was publicized in a local newspaper. Included within the Rules and Regulations is the requirement for perpetual care of grave sites and a Bond for Perpetual Care which is to be executed at the time of site assignment.

The gateway arch at the entrance to the Village Cemetery was painted to match the fence, the maintenance building was moved to improve the appearance of the entrance area, and a new trimming whip was purchased to facilitate grass cutting around the stones. Thanks to Reg Illsley, the aging lawn mower, which is rapidly reaching the end of itsuseful life, was kept in operation for yet another year. A new machine will have to be purchased in 1985 if the appearance of the cemetery is to be maintained by Pat Donnelly to the high standard which has drawn many compliments during the year.

Additional land for the Dundee Cemetery was received from Mr. and Mrs. Daniel Dinsmore and surveyed by the Town Engineer. Also, some thirty stones within the cemetery were repaired and the general area well maintained.

Projects planned for 1985 include the accurate mapping of the Dundee Cemetery and the numerical identification of all grave sites similar to the plan developed for the Village Cemetery, the removal of six pine trees along the northern edge of the Village Cemetery to avoid the repeated damage to the fence caused by falling limbs, and the selective repair of damaged stones in both cemeteries.

CONSERVATION COMMISSION'S ANNUAL REPORT

The year 1984 was especially good for conservation in Jackson. Upon passage by the Congress of the United States, President Ronald Reagan signed legislation which added our Wildcat Brook to a select list of rivers to be studied for possible inclusion on the National Register of Wild and Scenic Rivers.

Through the efforts of our Congressional Delegation and the persistance of their staffs, new ground was broken by the addition of the Wildcat Brook for study as wild and scenic. It will be the shortest ever studied, the first one that is central to a community and the only one added to the list in the last eight years. The National Park Service has been designated as the agency to conduct the study. The Selectmen have entered into a written agreement with the Park Service, and the Conservation Commission is prepared to assist in the study.

Jackson Falls is protected from hydro power development during the term of the study. The applicant with an exclusive permit study development has withdrawn for the time being. But the fight for the Falls is not finished. With the generous gift of the property at the upper falls by the Mallett family to the Town, Jackson has an additional opportunity and responsibility to protect the Falls in particular and the Wildcat in general.

Working within the authority of a Dredge and Fill Permit from New Hampshire Wetlands Board, the Commission arranged to brush out the area north of the Town Hall and to expand the parking lot. The view of the lower falls is much improved. A special thanks to Howard Kelley and the highway crew is in order.

A special project of selective thinning and brushing out was completed at Memorial Park.

With a grant of \$1,000. from the U. S. Soil Conservation Service and additional money from the Baker fund, the Commission coordinated the construction of thirty-one water bars on the access road in Prospect Farm. A serious erosion problem has been brought under control. The work was done in a prompt and most efficient manner by "Reg" Illsley and Lloyd Johnson under the supervision of David Weathers of the Carroll County office of the U. S. Department of Agriculture.

Also at Prospect Farm, the road, all trails and the Towle farm orchard were mowed with a brush hog, and the vista beyond the Towle farm was cleared. Several new trail signs were installed and a new trail map is being prepared.

Special notice: The public is reminded that the recreational use of motorized vehicles on Prospect Farm is prohibited by Town Ordinance.

For 1985 the Conservation Commission proposes to brush out the river vistas at the north and south entrances to the village, to work with the Park Service and all local interests in the study of the Wildcat, to develop a forest map and inventory for long range planning at Prospect Farm, and to issue a new trail map for the farm.

The Commission expresses appreciation for the private initative and has encouraged public support for the acquisition of the triangle property south of the Town Hall by the Town. To this end, the Commission has pledged \$2,500.00 from the Conservation Trust Fund.

The Conservation Commission meets at the Town Hall at 3:00 p.m. on the second Thursday of each month. These meetings are open, and the public is invited to participate.

Respectfully submitted,

Robert McManus Chairman

Margaret Y. Connolly Treasurer

ROAD AGENT'S REPORT - 1984

During the winter of 1983-84 more snow fell than during the previous winter so that more salt and sand were used on the highways.

Twelve hundred fifty yards of pug mill mix was used on the following roads last summer: Tin Mine Road, Dundee Road, Thorn Hill Road, Sugar Hill Lane and Eagle Mountain Road on Jackson Ridge. This pug mill mix has improved our highways considerably. I am hoping this will be done again this coming year.

Resurfacing was done of the following highways: Dundee and on Tyrol, Spruce Drive, Presidential Drive, Retreat and Juniper Way. This plan for resurfacing was started in 1980, and each year different roads have been resurfaced. Now all of the roads have been done, some for a second time. I trust that this procedure for maintenance of town roads will continue. Some State Aid Reconstruction funds were used to repair water damage at the foot of Tin Mine Road.

Bridge beams are stored at the town dump for Meloon Bridge. These beams were purchased from the State in 1984, and we plan to replace that bridge this year.

The Highway Department is responsible for maintenance of town property and equipment, mowing parks and library grounds, cleaning the Town Hall, setting up seats when needed, flooding and clearing off the skating rink after snowstorms. Mr. Robert Tibbetts was contracted to do the roadside mowing again. Since the State of New Hampshire did some sidewalk repairs by the covered bridge, the Town reimbursed the State for a portion of the work done to make sidewalk improvements in that area.

A new four-wheel drive International was purchased for the Highway Department to replace the Oshkosh. Our other 1979 International dump truck should be replaced during the coming year.

Although we had anticipated starting reconstruction of Eagle Mountain Road this year, it ran over the amount budgeted since the road was severely damaged by heavy trucks early in the summer. Mr. Arnold Bennett was hired to supervise the reconstruction of approximately 800 feet of this road. Heavy equipment and wheelers were hired for hauling in fill to reconstruct the road as quickly as possible once reconstruction started in September.

Two thousand two hundred fifty tons of sand was hauled in, mixed with salt, and pushed up next to the Highway Department. Alvin J. Coleman was contracted, and this is being used in maintaining our winter roads.

Respectfully submitted,

Howard A. Kelley Road Agent

JACKSON POLICE DEPARTMENT

1984 has been another good year for the Jackson Police Department. Burglaries, which tend to be the most prevalent crime in the Valley, went down again by one in Jackson, which gave us four for the year. Let's hope we can continue with this trend.

This year more homes have installed burglar alarms which, unfortunately, has increased the number of false alarms we are responding to. Last year we responded to thirty-eight burglar alarms, all false, which is more than double the previous year.

Motor vehicle accidents were up slightly from last year. There was a total of twenty-one, with one fatality.

Our criminal case load was lower this year, but our arrests were considerably higher.

Last year we retained the old cruiser as a back-up vehicle when we purchased the new Chevrolet cruiser. It has been an asset for the department in innumerable cases.

Once again I would like to thank the citizens of Jackson for the support they have given to the Jackson Police Department this past year.

Respectfully submitted,

Dale W. Gillespie Chief of Police

JACKSON FIRE DEPARTMENT - 1984

This has been a good year for the Fire Department. We only had one major structure fire during the year. As most townspeople know, we had a long overdue face lift for the station. A major roof reconstruction project for the Highway Garage and Fire Station, providing much needed space for the department, was completed this summer. We now have a meeting area on the second floor.

We had a fund raising campaign during our annual Chicken Barbeque with the raffle, which gave us an additional \$2,000.00 to use directly towards the station renovation. We now have completed all the framing and are working on the wiring. Hopefully, we will be able to complete the project next year with funds completely from the barbeque and raffle.

One major improvement this year was the addition of a new tanker truck. A donation from a Jackson homeowner made this possible. We are most grateful for this generous donation as it has made our job of giving you the best fire protection possible a lot easier.

We were unsuccessful in completing our fire pond project this year. We were ready for construction of a fire pond on Valley Cross Road by September 1st. Unfortunately, we could not get a contractor to do the project. We had two contractors lined up and a commitment from one to do the job in October. However, they did not get started before snow fell, and we are in hopes to start construction of the fire pond by June 1st.

I would like to thank you all for your tremendous support given the Fire Department. We are proud of the accomplishments made by the department, and it was made possible largely from the support of the townspeople.

I hope this year and every year are safe and fire free years!

Calls for service during 1984 were as follows:

Structure fires in town	4
Structure fires out of town	5
Vehicle fires	36
Chimney fires	6
Woods/Brush Fires	1
Dump Fire	1
Vehicle Accidents	4
Automatic Alarms (False & Actual)	3
Miscellaneous	1
Other Departments (Stand-by)	2
Total	30

Respectfully submitted,

Willis Kelley Fire Chief

REPORT OF FOREST FIRE WARDEN AND STATE FOREST RANGER

Our first forest fire prevention law was enacted by our State Legislature 90 years ago. This early law set in place a cooperative forest fire prevention and suppression effort between city and town governments and State government. It simply stated that no open fire could be kindled, when the ground is free of snow, without the written permission of the town/city Forest Fire Warden. This law also stated that anyone kindling a fire without written permission shall be liable for the damage caused and subject to a \$1000 fine.

During the past 90 years, this law has worked so well that it has remained unchanged. All open fires when the ground is not covered with anow must be authorized by the local Forest Fire Warden. Persons kindling a fire without a permit when one is required are liable for damages caused, fire suppression costs and subject to a \$1000 fine.

This cooperative fire prevention law has contributed significantly to our nationally recognized annual forest fire loss record.

1984 STATISTICS

BARTLETT-JACKSON AMBULANCE SERVICE

The Bartlett-Jackson Ambulance Service has had a good year, in terms of safety as well as how the squad's members have progressed with training. The overall number of calls are down from last year. We still run between one hundred twenty-five to one hundred thirty-five calls per year. However, the type of calls for major trauma are running much lower than the past two years.

We have a full roster of members. After this spring's EMT course is completed, all fifteen of the fifteen members will be Nationally Registered Emergency Medical Technicians. In addition, nine of them have been trained at advanced levels. We have four members taking Paramedic modules, not to become Paramedics, but to train in some advanced skills that the area's Emergency Medical Services has made possible for some to attend.

I would like to thank everyone for the support you have shown for the service. We are planning to put some of our donations to good use in order to purchase new equipment for the coming year. As I've done for the last few years, I would like to thank very much all the members of the Bartlett-Jackson Ambulance Service for a job well done.

Respectfully submitted,

Randal H. Warner, Executive Director Bartlett-Jackson Ambulance Service

JACKSON PLANNING BOARD 1984 ANNUAL REPORT

During 1984, the Jackson Planning Board met at twelve regular monthly meetings, five special meetings, and held a number of field sessions to view subdivision proposals.

The Board approved eight subdivision plans during the year, reviewed and signed plans for seven other projects in progress; such as Wentworth Resort, Black Mountain Meadow, and Wildcat Townhouse Resort, and were consulted on ten other plans.

The Board, responding to the need to make provision for cluster developments and give firmer guidelines to the Selectmen in granting building permits, has proposed changes to update the Zoning Ordinance. These proposed changes will be presented to the townspeople to be voted upon as ballot items on the Warrant for Town Meeting, March 12, 1985.

The Board has been aided immeasurably by North Country Council representative, Mary Ellen Barnes, who acted as consultant and worker on behalf of the Board. She attended all Planning Board meetings, has taken responsibility for guiding each subdivision proposal through the process from pre-application consultations, formal filing procedures, review of documents, final approvals, and registration of deeds. Mary Ellen kept the Board up to date on changes in state legislation and court cases related to land use and zoning.

The Board is aware of the need to update the Master Plan, to make it a blue print for the future rather than a mirror of the past. The theme that underlines all planning for Jackson remains the maintenance of the town's rural character. The Town appropriated \$2,000.00 for Planning Board operations in 1984. Of this amount, \$588.33 was expended with \$711.45 being reimbursed for subdivision fees and zoning regulations, leaving a net gain of \$123.12 to the Town. An appropriation of \$1,500.00 is asked for this year. If the proposed zoning changes are passed at Town Meeting, there will be a need to update the Zoning Ordinance.

Respectfully submitted,

NORTH COUNTRY COUNCIL ANNUAL REPORT

Calendar year 1984 saw the North Country Council, Inc., observe its twelfth year of successful operation for towns in the North Country. The Council, as a regional, non-profit, public planning agency chartered under NH RSA 36:45, is responsible for providing assistance in local community planning, economic development, solid waste, transportation, and municipal services.

In Jackson, the monthly Planning Board assistance continued with site visits to most major proposals. Council staff met with surveyors and local landowners to assist them in meeting the Board's application requirements and review schedule. Special research was done at the request of the Board on a variety of planning and legal issues, including parking space recommendations for a particular commercial site, right-of-ways, alternative cluster or high density residential development regulations, and others. Procedural assistance was provided during the Zoning Ordinance amendment process.

Community planning assistance has emphasized master planning and improvement in local land use controls. New state mandates and commercial and residential growth in several towns have created busy work loads for planning boards. The Council's assistance takes many forms: regional workshops, newsletters, regulation review and update, and assistance on a regular or one-time basis for subdivision and site plan applications. Subdivision review workshops were held in Littleton, Campton, and Dalton and we co-sponsored the Municipal Law Lecture Series in Twin Mountain.

Overall, the Council's major objective is to work with North Country towns in solving local and regional problems. We rely on and appreciate the involvement of town officials and residents and look forward to assisting your town this coming year.

> Harry I. Day NCC Representative for Jackson

WARRANT FOR ANNUAL MEETING OF THE JACKSON SCHOOL DISTRICT

To the inhabitants of the School District in the Town of Jackson, County of Carroll and State of New Hampshire, qualified to vote in District affairs:

You are hereby notified to vote for School District Officers at the Town Hall in said District on the 12th day of March, 1985. The polls will be open for this purpose from 12:00 p.m. to 6:00 p.m.

ARTICLE	1.	To elect a Moderator for the ensuing year.
ARTICLE	2.	To elect a Clerk for the ensuing year.
ARTICLE	3.	To elect a member of the School Board for the ensuing three years.
ARTICLE	4.	To elect a Treasurer for the ensuing year.
ARTICLE	5.	To elect an Auditor for the ensuing year.

YOU ARE ALSO NOTIFIED TO MEET AT THE SAME PLACE AT 4:00 P.M. TO ACT UPON THE FOLLOWING ARTICLES:

ARTICLE 6. To see if the District will vote to authorize the Jackson School Board to apply for, accept and expend in the name of the School District, such gifts, advances, grants in aid, or other funds for educational purposes as may be available or forthcoming from any source during the fiscal year, in accord with and upon such terms as are found in RSA 198:20-b.

ARTICLE 7. To see what sum of money the School District will vote to raise and appropriate to provide a hot lunch program at the Jackson Grammar School.

ARTICLE 8. To see if the School District will vote to authorize the Jackson School Board to enter into agreement with the owner of Lot #47C, Map #V2, of the Town of Jackson. The purpose of the agreement will be to define any easement rights that the owner of Lot #47C, Map #V2 may have to take water from the well located on property owned by the Jackson School District. ARTICLE 9. To protect the safety of the school children of Jackson, and to maintain the full size of the school playground on the property which was purchased for those purposes in 1981 from the Jackson Falls Group, we the undersigned request that the Selectmen of the Town of Jackson and the members of the School Board of Jackson do not enter into any sale, lease or trade or other permission to use school land owned by the School District of Jackson for other purposes without reaching approval of the town. (Submitted by petition)

ARTICLE 10. To see if the School District will vote to adopt a plan for extending to all employees of the School District the benefits of Title II of the Federal Social Security Act (old age, survivors disability, and health insurance) as authorized by Chapter 101 of the Revised Statutes Annotated amended by Chapters 301 and 322 of the laws of 1955 and to raise and appropriate the sum of \$1,858.00 to defray the School District's share of the cost thereof.

ARTICLE 11. To see if the School District wishes to exclude from the plan services performed by election officials or election workers for a calendar year in which the remuneration paid for such services is less than \$100.00.

ARTICLE 12. To see if the School District will authorize the Chairman of the School Board to execute on behalf of the School District the necessary agreement with the State of New Hampshire to carry and to affect the plan and to see if the School District will designate the School Administrative Unit No. 9 Business Administrator as the officer to be responsible for the administration of the plan.

ARTICLE 13. To see if the Town of Jackson will vote to raise the sum of \$215.00 to purchase a bronze, raised letter plate as part of a student project to create a Liberty Monument to be placed on land abutting Route 16B. (Other components of the project are being raised through student work details and donations of materials by local residents and parents of the students of the Jackson Grammar School.) (Submitted by petition)

ARTICLE 14. To see what sum of money the School District will vote to raise and appropriate for the support of schools, for the payment of salaries for school district officials and agents, and for the payment of the statutory obligations of the District.

ARTICLE 15. To transact any other business that may legally come before this meeting.

Mary Burack Richard Badger Mary Howe

School Board of Jackson, N.H.

SUPERINTENDENT'S REPORT

by Dr. Francis M. Murphy

THINGS ARE LOOKING UP

This has been a banner year for education, both here in SAU #9 and in the nation. The concern for college board scores that have declined steadily for 20 years, was eased a bit when nationally the scores improved this year. Nationally, the improvement was by two points. Here in Kennett High, our scores went up by 54 points.

I do not believe college board scores are the best way to evaluate school quality, nor am I sure that this change in the scores in Kennett is a permanent, nonreversible event, but the news is heartening. The New Hampshire state average scores continued to be the highest in the nation; and for the first time in many years, we beat the New Hampshire average scores. I am very proud of the students, parents, and teachers that caused this improvement.

This year, we instituted for the first time in several years a comprehensive testing system for our elementary schools. This testing battery measures Aptitude (mental capacity) and Achievement (how much the student has learned).

Using this system, we had hoped not only to measure whether we were above or below national norms, but how well our students do compared to what they are capable of doing. We found some problems at some grades in some subjects. Generally, we will have to work harder in the areas of number facts, capitalization, punctuation, and spelling. However, even in these areas, the tests revealed that by the time the students arrived in the seventh grade, when considered as a group, they were not only above the national averages, but their performance in actual academic subjects had exceeded what could be predicted based on their ability.

The complete program of studies was redone this year at the high school. In addition, the high school English curriculum is being revised as is the 7-12 science curriculum and the K-12 computer curriculum. We are convinced that this effort will lead to a better program for all students at all four levels of study at the high school. We have reintroduced the seven period requirement in science for students in the college entrance and advanced level. We have made the offerings in the three junior highs the same in science, so that the students from Bartlett and Tamworth will be able to compete with the Kennett students at every level of challenge. We have increased the number of 400 level (advanced) courses in science from one per year to five. We have added an advanced topics in science course and several courses for the non-college bound. In English, we have begun a three year phase out of most of our elective programs. The eventual course structure in English will have all ninth graders start with a course involving a major emphasis on writing, grammar, and vocabulary. The tenth graders will study British literature, the eleventh graders will study American literature while they are taking American History, and the twelfth grade will focus on world literature. At every grade, these courses will be offered at all four levels of difficulty, and there still will be a few electives.

We will be increasing the graduation requirements in social studies from two to three years. Every student will take courses in citizenship/economics and American History. There will be electives in geography, psychology and sociology/anthropology. In the foreign languages, we have added an advanced course in conversational French.

The Vocational Education Department is combining its two wood programs. It is adding a second computer class, as well as making the first course a requirement for all students. In Home Economics, we are adding a course in commercial cooking. We will also be trying out a course in horticulture in our vocational agriculture program to see if we can encourage students to enroll in it. The business program will substantially increase its offerings next year.

We are adding a requirement in health education and a course requirement in art or music. We have revised the art and music programs substantially. Both departments are pleased with the changes. The physical education requirement has been increased from 1/4 credit to one full credit. Accordingly, we have focused our efforts on one full year course for all freshmen 5 days per week.

Students will be able, in the new program, to get pluses and minuses, and not just straight letter grades. Students in the advanced programs will be allowed to take supplementary courses in art, music and the vocational program, without hurting their standing in the class. The remainder of the program of studies will be relatively unaffected.

These changes will bring us into compliance with the new State standards and, with the possible exception of meeting the arts requirement, may be accomplished without adding a single new staff member. I am very proud of the department chairmen and the high school staff for their success in assembling this new program of studies.

The year has been a good one on a number of other fronts as well. Nearly all of our athletic teams are doing as well or better than they have in recent years. Debbie Ayers was named New Hampshire Art Educator of the Year. We will be hosting the first New Hampshire State Scholastic Art Competition for students in grades 6-12. We are hosting the All State Band Competition. Our teachers are taking advanced courses in unprecedented numbers.

Madison has a plan for a new building I hope the voters will support. In Tamworth, the library was developed within the budget, the front energy efficient windows were added, and we were able to hire a part-time librarian. The curriculum at Freedom continues to take better form. Bartlett's school community newsletter emerged from the Mott Foundation grant. Jackson's exit test for sixth graders has been requested by the overseas schools because they were so impressed with this "homegrown" product. The Pine Tree School has been taking the lead in the "school effectiveness" research. Conway Elementary School has been working on a plan to assure the safety of all children in SAU #9 against childnappers. John Fuller School has continued to put its emphasis on reading and writing skills.

I invite you to come see your schools. The students are better disciplined than they have been in years. The schools are cleaner. The food is better. We do try harder, and it has been one fine year for your schools.

PRINCIPAL'S REPORT

by Mark Zangari

The 1984-85 school year has proven to be very busy, productive, and rewarding for staff and students of the Jackson School.

Many special activities with a community focus have been included in the school year. Among these have been the traditional Thanksgiving Festival and Christmas Program, while new ventures have included a school newspaper, evening coffee hours, and a series of open assembly programs. It is our belief that in keeping the home-school partnership ties strong, an important element of the educational process is stressed.

This year has also seen an increased emphasis on bringing outside resources into the educational program. Visitors such as Senator Humphrey, Dr. James Westwater, and Don West of the National Forest Service have helped enrich the basic academic program.

The school curriculum continues emphasis of the basic learning tools in all curricular areas. Consistency of standards has been a major thrust for student expectations in any given area. This has been enhanced by the use of a teacher constructed exit exam given to all sixth grade students. A new form of CTBS testing was also administered school wide this year, indicating substantial achievement by the students.

The curriculum is further rounded out by programs such as the Tin Mountain Conservation Center, D.A.R. Essay Contest, Computer Instruction, Special Projects, and use of field trips.

Children enjoy a fine selection of after school activities offered by the school or local organizations. These have included soccer, Little League, cross country skiing, downhill skiing, and floor hockey. We thank the many volunteers that have made these opportunities available to children.

It is our feeling now, and has been in the past, that the strong sense of community involvement is what makes the Jackson School both a special place, and successful in its program. We encourage input from townspeople which may, in some way, further strengthen our program; and extend our greatest appreciation to those who have done so much for the children of Jackson.

SUMMER READING AND RECREATION PROGRAM

by Mark Zangari

Another successful and enjoyable reading and recreation program was experienced during the summer of 1984. Enrollment and daily participation remained quite high with over sixty children checking in, and an average daily attendance of thirty.

The entire 1983 staff returned for this year in the form of Mrs. Wilson as reading specialist, and Kelly Bailey as a supervision assistant. It was also a pleasure to have the volunteer services of Steffi Lohmann on a daily basis. Trips included were: Echo Lake State Park, Crescent Beach State Park, a trip up Cannon Mountain, a tour of the Flume, an afternoon at the Attitash Water Slide, and two nights of camping at White Lake State Park.

Special activities included puppet shows, children's crafts, swimming parties, dress-up day, video movies, computer games, the closing cookout, and the Firemen's ride to the Thompson House. Transportation of children was much easier and less costly this year due to the town's purchase of the school bus and the securing of a school bus driver's license.

We thank all those people who contribute time and energy to making this such an enjoyable program, and we look forward to another active and productive summer for the children of the town.

ACCOUNTANT'S REPORT ON FINANCIAL PRESENTATION

To the Members of the School Administrative Unit No. 9 Board Conway, New Hampshire

We have examined the combined financial statements of the School Administrative Unit No. 9 as of and for the year ended June 30, 1984, as listed in the accompanying table of contents. Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the combined financial statements referred to above do not include financial statements of the General Fixed Asset group of accounts, which should be included to conform with generally accepted accounting principles.

In our opinion, except that omission of the General Fixed Asset group of accounts results in an incomplete presentation as explained in the above paragraph, the combined financial statements referred to above present fairly the financial position of the School Administrative Unit No. 9 at June 30, 1984 and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole. The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the combined financial statements of the School Administrative Unit No. 9. The information has been subjected to the auditing procedures applied in the examination of the combined financial statements and, in our opinion is stated fairly in all material respects in relation to the combined financial statements taken as a whole.
