TOWN OF BARTLETT

Annual Report
2004

On the Front Cover:

The Gazebo featured on the front cover is placed on land formerly occupied by the Bartlett Hotel, a photo of which graced the front cover of the 1987 Town Report.

Completed in 1910, the Bartlett Hotel, formerly known as The Howard, stood at the corner of Rte. 302 and River Street in Bartlett Village and replaced the Cave Mountain House which burned on May 1, 1905. The original hotel annex was the former Newton and Hilda Howard residence on River Street. Unfortunately, a piece of Bartlett's history was lost when the Bartlett Hotel burned in a spectacular fire on March 8, 1989.

The Town acquired the land in 1999 and a committee was formed to develop plans for the site. Students at the Josiah Bartlett Elementary School worked with interested citizens to develop some ideas and donations were sought to build a park. In addition to many donations, the Dr. Francis Collins family donated money to construct the Gazebo. Curtis Milton designed and built it along with construction assistance from David Shedd and thanks to the efforts of many citizens, it became a reality in 2004.

2005 TOWN MEETING WARRANT

To the inhabitants of the Town of Bartlett, New Hampshire in the County of Carroll in said State, qualified to vote in the Town affairs: You are hereby notified to meet in the Town Hall in said Bartlett on Tuesday, March 8, 2005 at eight o'clock in the forenoon to act upon the following subjects hereinafter set forth. The voting on Article 1 will be by official ballot at the Town Hall and the polls shall open for balloting at eight o'clock in the forenoon and shall not close before seven o'clock in the evening. The following articles (Articles 2 - 26) in the warrant will be acted upon on Thursday, March 10, 2005 at six thirty o'clock in the evening at the Josiah Bartlett Elementary School in Bartlett Village.

ARTICLE 1. To choose all necessary Town Officers for the ensuing year.

ARTICLE 2. To see if the Town will vote to raise \$1,463,300.00 to defray Town charges for the ensuing year and make appropriations of the same. Selectmen favor.

ARTICLE 3. To see if the Town will vote to raise and appropriate \$100,000.00 for town road improvements. Selectmen favor.

ARTICLE 4. To see if the Town will vote to raise and appropriate the sum of \$10,300.00 as its 50% share, to be matched by the Town of Jackson, for completing a master plan at the Transfer Station (Bartlett's share \$5,000), for paving at the Transfer Station (Bartlett's share \$2,700) and purchase of container to store mattresses (Bartlett's share \$2,600). Selectmen favor.

ARTICLE 5. To see if the Town will vote to raise and appropriate the sum of \$24,500.00 to purchase a new 12 ton trailer and hookup (\$12,500), a hydraulic pull behind York-type rake (\$10,500), and a power operated handheld compactor (\$1,500) for use by the Highway Department. Selectmen favor.

ARTICLE 6. To see if the Town will vote to raise and appropriate the sum of \$26,700.00 for the purchase of a four wheel drive vehicle, related equipment and installation of equipment for the police department. Selectmen favor.

ARTICLE 7. To see if the Town will vote to raise and appropriate the sum of \$2,500.00 for the replacement of town identification signs at the entrances to town and at the Town Hall . Selectmen favor.

ARTICLE 8. To see if the Town will vote to raise and appropriate the sum of \$43,500.00 for turnout gear, helmets, gloves, boots, and necessary gear for the Fire Department in order to replace old outdated and recalled gear (\$38,000), ladder truck equipment (\$1,000) and a high rise kit (\$4,500). Selectmen favor.

ARTICLE 9. To see if the Town will vote to raise and appropriate the sum of \$8,000.00 for cribbing, stabilizers, and other safety related equipment for the Fire Department to be reimbursed by grant funds. Funds will not be expended if grant is not approved. Selectmen favor.

ARTICLE 10. To see if the Town would like to raise and spend the sum of \$12,000 (twelve thousand dollars) for technology equipment to include a ruggedized laptop, ethernet connection, video projector, printer (large format), and other items needed to assist the fire chief and officers to do the business of a modern fire department. This includes supporting the current format of all training materials, reporting, and accountability for all members of the department. Submitted by the Fire

Department. Agreeable to a petition signed by Alexander Rowe and others. Selectmen oppose.

ARTICLE 11. To see if the Town will vote to raise and appropriate the sum of \$5,000.00 for hiring of outside expertise in inspections of roads, road plans, town road specifications, drainage plans and other uses for which outside review for compliance may be needed. Selectmen favor.

ARTICLE 12. To see if the Town will vote to raise and appropriate the sum of \$4,000.00 for an administrative assistant to the Recreation Director. Agreeable to a petition signed by Leslie Mallett and others. Garland/Shedd favor/Chandler opposes.

ARTICLE 13. To see if the Town will vote to adopt the provisions of NH RSA 72:28,11 establishing an Optional Veterans' Tax Credit. The Optional Veterans' Tax Credit shall be increased from \$300.00 to \$500.00. Agreeable to a petition signed by Henry F. Villaume and others. Selectmen oppose.

ARTICLE 14. To see if the Town will vote to authorize the Library Trustees under NH RSA 202-A:4-d to accept gifts of personal property, other than money, which may be offered to the library for any public purpose; that prior to the acceptance of any gift valued at over \$5,000, the Library Trustees shall hold a public hearing on the proposed acceptance; that no acceptance of any personal property under the authority of this section shall be deemed to bind the town or Library Trustees to raise, appropriate, or expend any public funds for the operation, maintenance, repair or replacement of such personal property; and such authorization shall remain in effect until rescinded by a vote of town meeting. Selectmen favor.

ARTICLE 15. To see if the Town will vote to establish a Capital Reserve Fund under the provisions of NH RSA 35:1 for the purpose of acquisition of land and construction of a new Bartlett Public Library and to raise and appropriate the sum of \$10,000.00 to be placed in this fund. Agreeable to a petition signed by Nancy Hayes and others. Garland/Shedd favor/Chandler opposes. (Majority vote)

ARTICLE 16. To see if the Town will vote to raise and appropriate the sum of \$500.00 and grant to the Eastern Slope Airport authority for its use in operating the Eastern Slope Regional Airport in 2005. Selectmen favor.

ARTICLE 17. To see if the Town will vote to raise and appropriate the sum of \$1,348.00 to help defray the costs of Service Delivery of the Mt. Washington Valley Chapter of the American Red Cross. Agreeable to a petition signed by Betsy Smith and others. Chandler/Shedd oppose - not a proper use of town funds for national organizations/Garland favors.

ARTICLE 18. To see if the Town will vote to raise and appropriate the sum of \$3,582.00 to assist Carroll County Mental Health Service. Agreeable to a petition signed by Maureen C. Hanlon and others. Selectmen favor.

ARTICLE 19. To see if the Town will vote to raise and appropriate the sum of \$4,769.00 to support Bartlett home delivered meals (Meals on Wheels), congregate meals, transportation, and program services provided by the Gibson Center for Senior Services, Inc. Agreeable to a petition signed by Edward Wright and others. Selectmen favor.

ARTICLE 20. To see if the Town will vote to raise and appropriate the sum of \$7,480.00 for the support of the White Mt. Community Health Center to help meet the healthcare needs of the uninsured and underinsured residents of Bartlett. Agreeable to petition signed by Greta George and others. Selectmen favor.

SELECTMEN'S REPORT

Another reasonably quiet year has passed and while the Town continues to grow, we still maintain our small town atmosphere in most cases, a goal which we should strive to continue.

Budget-wise 2004 was a good year in that despite some overages in certain departments, we were able to keep spending some \$54,000 below budgeted amounts. This is always our goal and the amount we under spend is added to our surplus which can be used to help the tax rate in future years. Having to do a budget by February 1st and anticipate the rest of the year can be a bit of a balancing act but by relying on past history, we usually come pretty close.

The proposed budget for this year has an increase of a tad less than 3% which while more than we would like, is not bad considering the large increases in some items like health insurance. The proposed budget is very tight and will take a major effort to stick to the bottom line. The Selectmen spend a lot of time developing the budget and proposing warrant articles trying to balance the needs of the Town and the impact on the taxpayer. There are always areas where we could spend more money, but if we plan and do a bit each year the effect on the tax rate should be minimized. If the budget as presented is adopted and the warrant articles developed by the Selectmen were approved, overall spending this year would be some \$6,100 less than last year which was our goal. If all warrant articles are approved, overall spending will be approximately \$20,000 higher than last year.

Due to the incredible increase in property values we once again undertook a fairly in depth review of all the property in Bartlett in an attempt to get property values as close to 100% of fair market value as possible. This year some properties went up quite a bit, a few were lower, and some stayed about the same. The base tax rate dropped from \$11.22 to \$10.36 which helped alleviate some of the costs to those property owners whose values increased significantly. We need to continue to keep on top of our valuations in the effort to avoid a costly full fledged revaluation. Despite our best efforts to try and bring properties up to or near 100% of fair market value, the escalating property values in Town actually left us with an equalization ratio of 82.5% of market value. The State is also continuing with their Assessment Review to be sure the Town is following proper assessing practices and residents may see them doing inspections and measurements at various random properties throughout town. Bartlett enjoys one of the lowest tax rates in the State and while we hesitate to point this out for the fear that people will raise and spend more money due to the low rate, we point out the reason it is low is due to restraint, careful planning and prudent spending.

The Highway Department accomplished quite a bit of work this year on our roads. A number of roads were sealed which is a very important preventative maintenance tool and something we will add to each year. Major reconstruction or paving work was done on Timberline Dr., Ludwig Strasse in Linderhof, and heavy shimming and ditchwork was done on Timberline Dr., Linderhof, Birchview, and a few other areas. This year work is planned on the following roads: Dundee Rd., Birchview, the cul-de-sac on Middle Ledge Rd., Forest Ledge Rd., Alpenstrasse, and Linderhof. As always, the schedule might change a bit depending on winter damage, spring flooding and work done by the various

water precincts during their repair and installation work. In addition to shimming and reconstructing roads, the highway crew will continue to make major ditch and drainage improvements which are vital to extending and maintaining the life of our roads. Articles on this year's warrant ask for a new trailer and pull behind York-type rake. The Road Agent requested the purchase of an excavator this year, but since we did not have a workable trailer and needed the rake, the Selectmen put off that purchase for another time.

There is an article to purchase gear and equipment for the Fire Dept. in addition to their regular budget. The majority of the department's turnout gear (fire-fighting clothes) is quite old and has been recalled by the manufacturer due to age. In addition to the warrant article, the Fire Dept. budget has increases included to catch up on vehicle maintenance and building maintenance, specifically repairing the generator at the Glen Station, replacing emergency lights in the Village Station, and various other minor repairs. Additionally, money has been included in the budget for the overdue testing of various equipment.

The Transfer Station is still operating very smoothly, the recycling program is improving and the sale of paper product has helped the income greatly. In addition, \$13,830.00 was collected for the disposal of construction debris. A warrant article is included this year to appropriate (along with the Town of Jackson on a 50/50 basis) \$5,000 to undertake a master plan of the Transfer Station site. As we need to make more improvements at the site we need to follow an orderly path so that a few years from now we don't add something which will inhibit future practical use of any particular area. Also in the article is \$2,700 as Bartlett's share of paving around the drop off area at the site, and \$2,600 as our share of a container in which to transport the mattresses and store them out of the weather. Since we have to pay to dispose of mattresses by weight, it makes sense that the drier they are, the lighter they will be.

There is an article on the warrant this year that asks for \$5,000 to hire outside expertise to assist in reviewing road plans, drainage plans, town road specifications, and other uses for which outside review for compliance may be necessary. Most of the time the cost of these items will be paid for by the people developing the projects that need reviewing but there are times when we need to consult outside experts.

The Town Hall now has two new bathrooms, one of which is handicapped accessible which now brings us into compliance with the State laws regarding the handicapped for general access and voting. We also installed new flooring and paint in the Police Department. This year we plan on doing some painting in the lobby area of the Town Hall.

The Board of Selectmen would like to take this opportunity to thank all of the employees, volunteers, board members, and emergency personnel for their hard work and dedication on behalf of the Town. We are indeed fortunate to have such dedicated citizens willing to serve the Town to help keep Bartlett a special place to live.

Town Clerk/Tax Collector's Report 2004

It's hard to believe that I am ending my third term. Technology continues to offer opportunities to serve the citizens better. This is our third year on-line with Motor Vehicles and the Department of Safety has rolled out a new and improved program for us to operate with. They continue to provide Towns that participate with computer equipment and training. This past fall we also signed up to be able to provide motor vehicle renewals over the internet. A few of our residents have taken advantage of that although there is a "convenience" charge by Motor Vehicles added on to your tax in order to provide this service. You may log onto the State of New Hampshire web site at HYPERLINK <http://www.state.nh.us> www.state.nh.us if you want to see how that works. There are a few restrictions so read it carefully or give us a call.

We also rolled out the new Vital Records program this fall. As an online vital records agent, a birth, death, or marriage record for yourself or a member of your immediate family may be requested here even if it was filed in another town originally. This applies to records recorded from 1985 and forward. The Church of Latter Day Saints had representatives here in Bartlett as with other towns in the State this fall. They have microfilmed all of the State of NH's public vital records and spent a week here with our records microfilming. They have provided us with a free micro-filmed disk for our archives. This will benefit our town as our older books are in sad repair and this process would have been very costly had we budgeted for it ourselves.

Tax Collection went well this season. Although many assessments were up, the rate was down and the increased Veterans Credit and Elderly Exemption helped some residents. Tax Bills are over 85% collected as of the end of the year. Unless changes are made in the next few months, the State Property Tax Exemption forms will be out by May with the filing due in June. Please look for those forms in the lobby of Town Hall as many residents still don't realize that most qualify for some amount of refund.

Again, thank you for letting me serve you these nine years.

Respectfully Submitted,
LESLIE MALLETT
Town Clerk/Tax Collector

AUDITOR'S REPORT

August 29, 2004

To: Board of Selectmen

From: Francis Matranga, Auditor

SUBJECT: Town of Bartlett Audit - 01/01/2003 through 12/31/2003

A review of the Town's financial records for the above-captioned period disclosed that all record keeping activities were conducted in a satisfactory manner. Receipts of funds and disbursements were reconciled in a timely manner. All funds recorded in the Town's ledgers were reconciled with bank statements and other investment accounts as of year end. Adequate segregation of duties exist between the various town functions.

The review disclosed the following matters which are brought to the Selectmen's attention:

Investment Policies - Trustees of Trust Fund and Library Trustees

The Trustees of the Trust Funds and the Library Trustees have not adopted and reviewed an investment policy (NH RSA 31:25) for those funds under their supervision.

Library - The Bartlett History Fund

Cash on hand as of December 31, 2003 is listed in the Annual Report and was reconciled to the appropriate bank statements. However, the Annual Report does not indicate those funds received or disbursed during the year for this fund.

I would be pleased to discuss these findings with the Town's Officials should they have any questions regarding the audit.

Selectmen's Response: We have given a copy of your report to the Trustees of the Trust Funds and the Library Trustees and asked them to comply with your recommendations.

BARTLETT CONSERVATION COMMISSION

During 2004 the Selectmen reconstructed the Town of Bartlett Conservation Commission following many years of dedicated effort and leadership by Richard Chrenko. The current members are Russ VanDeursen (Chairman), David Patch, Arthur Heigl, Melissa Hovey, and Jean Leone. Meeting monthly, the main activities of the Commission dealt with the protection of wetlands. To this end, the Commission considered applications for work affecting areas of wetlands, conducted site visits pertaining to these applications, and engaged in related discussions and correspondence with landowners, their agents, surveyors, and the State of New Hampshire Department of Environmental Services (NHDES). During our site visits, the Commission sought to ascertain the reasonableness of the proposed project as it would affect the wetland and to assure that the project plan minimized any impacts.

The Commission is concerned that generally wetlands are not well understood by the public and even by various prospective builders. In consideration of this and to improve upon compliance with wetlands regulations, the Commission proposed a redesign of the Town's Building Permit Form to include a definition of wetlands and make applicants aware that wetlands need to be taken into account. On the form this is accomplished by new checkmarks that indicate that the applicant had reviewed this aspect. The proposed new form is currently in the hands of the Selectmen and is being considered for adoption.

On behalf of the NHDES and their Volunteer River Assessment Program and with help from the Jackson Conservation Commission, the Bartlett Conservation Commission began to test water samples collected at different times of the year and at several river points within Bartlett. This testing is accomplished using scientific instruments furnished by the NHDES, recording the resulting data on supplied forms and sending the forms to NHDES where this data is tabulated in a database that is used to assess river water quality.

As a long-range goal, the Commission is interested in developing an inventory of the Town's wetlands and other natural resources. This is similar to what many other towns have already accomplished with much effort, broad participation, and with substantial expenditures. Such an inventory would be useful to the Town in the broad protection and appreciation of these resources and to the ongoing mission of the Commission. Being without financial resources, the Commission is considering various ways of accomplishing this objective using minimal expenditures. One of the options under review is a UNH sponsored initiative where this may be accomplished with assigned student and faculty help. This has been discussed with the Selectmen and they received a brochure describing the UNH program.

Many regions in the United States currently have significant water resource limitations and concern and in the future this is thought to become a much worse problem of critical and widespread proportions. In comparison, this area is blessed with abundant and pure fresh water. By being prudent in our ongoing development and ongoing growth, which impacts our wetlands, the Conservation Commission is seeking to retain this advantage.

PLANNING BOARD REPORT

Last March Bartlett voters gave the Planning Board permission to develop site plan review regulations on structures of 6,000 square feet or larger. This past year the Planning Board has begun the preliminary steps of reviewing site plan regulations of other towns. Members of the Planning Board have also done measurements on existing large structures in town in order to get a feel for the size of structures that would be regulated under our site plan review regulations. This year the Planning Board will be looking for input from the public as to what level of regulation is desirable for the Town of Bartlett. The Planning Board encourages any citizens of Bartlett that would like to give input on site plan review to attend Planning Board Ad Hoc Committee meetings held on the second Wednesday of each month. In order for the Planning Board to best serve the needs of the Town of Bartlett, it is vital to have input from the public. The Planning Board Ad Hoc Committee meetings are informal in nature allowing open conversation on site plan review as well as other topics pertinent to Bartlett's future.

Bartlett currently is experiencing changes in pattern as far as development is concerned. Proposed subdivisions on steeper hillsides and ridgelines have escalated. Development in these areas present challenges to the planning process in areas such as drainage, soil disturbance, and effects on scenic quality, which are all topics in front of the Planning Board. Any citizen willing to volunteer expertise or opinions in these areas would be greatly appreciated. The Planning Board meets the first Monday of the month, with a Work Session on the third Tuesday of the month, and the Ad Hoc meetings on the second Wednesday of the month all at 7:00PM at the Bartlett Town Hall.

BARTLETT PUBLIC LIBRARY REPORT 2004

2004 was an exceptionally busy year at the combined Bartlett Public Library and School Library. Fourteen thousand fifty-seven library materials were circulated. This figure includes books, magazines, videos and audio cassettes. Fifteen hundred sixty items were added to the total library collection. Nine hundred thirty-one items were added to the Bartlett Public Library collection and six hundred twenty-six were added to the JBES collection. Five hundred twenty-four books were donations to the library. The library borrowed one hundred ninety-six books through NHUPAC (statewide library system) and loaned five hundred sixty-two books to libraries throughout the state. Memorial funds were received in memory of Mary Ward, Deana McKee and Colleen Mudgett.

The librarian attended four Carroll County Library Coop. meetings, two workshops, and the annual New Hampshire Library Association Conference.

In the spring the library sponsored a monthly book club and a series of four NH Humanities Programs, *Mysteries and the Cult of the Detective*.

In the summer the library had a booth at the local Fourth of July celebration; sponsored the summer reading program, *Check Out a Hero*, and held weekly Tuesday morning story hours in Will's Park. The summer program culminated with a special puppet show, "*Sir George and the Dragon*" sponsored by the *Kids, Books and the Arts* and performed by Diane Kordas, a professional puppeteer.

In the fall the library sponsored a three-part New Hampshire Humanities book discussion series, *Women Mystery Writers and Detectives*. These were held monthly November through January. A grant from the New Hampshire Humanities Council provided professional facilitators which led the lively discussions. The library also sponsored yard/book sales over Columbus Day weekend.

After nearly fifty years serving as a public/school library the Bartlett Public Library has now come to a crossroads. We have outgrown our shelving space for adult fiction and non-fiction with no space for further expansion. We lack meeting room space and quiet areas for public library patrons. Parking is another major problem. Most times it is very limited and other times there is no space available for our patrons. As the result of these problems, we are not adequately meeting the needs of all Bartlett's citizens.

Realizing that we must meet the challenge to provide adequate services for all of Bartlett's citizens the trustees feel it is now time to construct a separate facility for the Bartlett Public Library. A new library will mean locating and purchasing a site, designing a facility to meet current and future needs of all Bartlett's

citizens, and raising the funds to meet these needs. The trustees, therefore, decided at its December meeting to launch this project by establishing a capital reserve fund at our annual town meeting in March 2005. We will be forming a fund-raising committee to investigate grant funding and fund-raising projects. We are open to any suggestions on how we can adequately meet the library needs of all Bartlett's citizens.

Another aim for 2005 is to establish a Friends of the Library Group. If you are interested in joining, please contact the library or the library trustees.

The library hours for the Bartlett Public Library are listed below. The public is also welcome to use the library during the hours the Josiah Bartlett School Library is open (usually after 8:00 AM).

THE BARTLETT HISTORY FUND

The Bartlett History Fund was established by the Bartlett Library Trustees following the Town's bicentennial in 1990. The purpose of the History Fund is to further the recording of the history of Bartlett and its vicinity. Profits from the sale of the two local histories, *Bartlett, New Hampshire; In the Valley of the Saco*, and *The Latchkey Was Always Out* the sale of bicentennial memorabilia were set aside to establish the Bartlett History Fund.

The following guidelines for the Bartlett History Fund have been established:

- All monies received from future sales of the Bartlett History books, bicentennial memorabilia, and any other project undertaken by the Trustees for the History Fund will go into the History Fund.
- This money is put into a separate account under the name "Bartlett History Fund."
- This fund may not be used for the Library budget. The Library may, however, use this fund to purchase books and material relating to the history of the town. This material will then become a part of the Bartlett History Collection which is being maintained in a special fireproof file cabinet.
- The money in the History Fund may be expended for historical projects, pictures, postcards, and other types of historical materials.
- The Bartlett Library Trustees must approve the above expenditures. Donations of materials and monetary gifts may be made to the Fund.

The Library has copies of its two histories: *Bartlett, New Hampshire; In the Valley of the Saco*, and *The Latchstring Was Always Out: A History of Lodging Hospitality and Tourism in Bartlett, New Hampshire*, by Aileen Carroll, and a reproduction of the 1896 Birdseye Map of Bartlett for sale in the library. These books are also for sale in the local bookstores.

Anyone interested in working on a history project should contact the Bartlett Library Trustees with their proposal or call the Library at 374-2755.

BARTLETT POLICE DEPARTMENT ANNUAL REPORT 2004

The year 2004 saw many changes within the Bartlett Police Department. Officers Mitchell Gove and Sean Mask were hired on as full-time employees bringing us up to full staff. Officer Cheryl Torosian assumed the responsibility of field training these two new officers and did an excellent job.

Officer Bob Knight was hired on a part-time basis to supplement Officers Garry Sherry and George O'Brien. These three individuals provide us with a wealth of knowledge that they bring to the job.

Special thanks to the Bartlett townspeople and the Board of Selectmen who supported the warrant article for the Town Hall facility improvements. These new improvements included a tile floor and general refurbishment for the police department office as well as new restrooms for the Town Hall.

Thanks also to the Bartlett Fire Department, Bartlett Highway Department, and Bartlett Jackson Ambulance Service for their continued support at accident scenes and other cooperative endeavors throughout the year.

The Bartlett Police Department continues its ongoing collaboration with Josiah Bartlett Elementary School in the ski program as well as Project Alert. Thanks to the Administration and Staff at JBES for their continued support.

We look forward to an even better year in 2005.

Respectfully submitted,
TIMOTHY J. CONNIFEY
Chief of Police

BARTLETT-JACKSON AMBULANCE SERVICE

The total number of calls for service decreased slightly in 2004. We are still close to the 400 mark with 384 patient contacts this year. This year the biggest reason for requests for an ambulance was motor vehicle accidents. A total of 105 patients were seen by our crew for auto accidents alone. Not all patients are transported but we must record all patient contact for the State of NH and for our internal records.

The number of non-transport calls was 126 which was good for the patients but tough on our budget. The calls generate no revenue and are costly in man hours. We have requested that the Sheriff's Office not tone us when there is no injury involved in auto accidents. We feel that putting extra personnel on the road as well as the cost for services is not warranted.

The majority of medical calls this year were for respiratory problems. Close behind were cardiac and diabetic emergencies.

We are requesting money from the Towns of Bartlett and Jackson for the first time in many years. Unfortunately, the insurance companies are not processing claims with the speed that they once did and Medicare reimbursement is approximately 60% of the charges that we submit. We have tried very hard to be frugal with our funds and will continue to do so in the future.

We have several new members and many members are working on advanced training.

Although the volunteers receive a stipend when they go on calls and EMT's are paid to work weekends during the winter months, there are many unpaid hours that each member gives on a regular basis. We applaud their dedication and appreciate their commitment to our communities. The assistance of the Jackson and Bartlett Fire Departments is invaluable to us as is the cooperation of the Police Departments and the Town and Highway crews of both towns.

BARTLETT FIRE DEPARTMENT ANNUAL REPORT 2004

This has been a very busy and interesting year in trying to bring things up to speed to where they need to be.

We responded to 247 calls in 2004. This is a 30% increase from 2003. We are no longer the small town we once were not so long ago and we are growing at a very significant pace which will continue to have an impact on our volume of calls.

This year we had a number of members participate in a joint training with other area fire departments and NH Fire Standards and Training in completing a certification course in driver/operator curriculum and we had a member complete a course and is now certified in the Haz Mat Tech 1 Level and is a member of a Haz Mat team in the Gorham area. We have made great strides in improving our in-house training and plan to continue this for the future. Ahead we will be doing more certificate training in the areas of pumps, vehicle extrication with hand tools, ropes, commercial driving license requirements, aerial devices, and more driver/operator for those who have not already taken this training along with our regular in-house training that we do throughout the year. We are looking to increase this area of our budget to help us in accomplishing these goals as well as taking advantage of any no cost training that becomes available.

We are asking for a significant increase in our budget for 2005. We realize this may seem excessive, but there are several areas of great concern that need to be addressed. Some of these areas include our turn out gear, regular required testing of our equipment, maintenance of equipment, replacement of equipment, code enforcement reference materials, and a code enforcement plan to name a few of these areas.

We did apply for and were denied a Homeland Security Grant that would have addressed some of these areas. We did, however, receive grants for the replacement of our mobile radios in our equipment as part of the radio interoperability plan of the state and we are currently working on another grant to address our lack of stabilization equipment for vehicles and other uses. We are looking forward to receiving a Homeland Security Grant to replace our portable radios with new ones that are compatible with our new mobile radios that will enhance our ability to communicate with other departments and agencies in the event of a major incident. We are also working on a grant for protective equipment for fighting forest fires which we did have such an incident this year in the Lucy Brook area this past fall. One of the requirements of these types of grants is that after we are approved, the town has to purchase and pay for these items and apply for reimbursement. With this process we need to provide funds for these purchases and the town is reimbursed for part or all of the money spent on these items, depending on the grant. We plan on taking advantage of any grant that we are aware of for any item we may need for the department.

We are always looking for new members and currently have a number of applications submitted with the Selectmen's Office for review to restart the Ladies' Auxiliary. We are looking forward to this organization restarting again.

There are many tasks that need to be done other than entering a building and directly fighting a fire. If you are interested in becoming a member, please stop by the Glen Station for an application and information.

We were also the recipients of the very generous donation by the Morrell Corporation of the ladder truck that the North Conway Fire Department was replacing. This will be a very valuable asset to the fire department. Thank you Stoney and Crew.

Lastly, I would like to thank all of the members of the Bartlett Fire Department for their support over this past year. It has meant alot to me to have the privilege of leading this very dedicated group of people. I would also like to thank the Jackson and North Conway Fire Department members for their help and support as well as the members of the Bartlett/Jackson Ambulance, Bartlett Police Department, and the Bartlett Board of Selectmen for their help and continuing support.

If you ever find yourself in need of our assistance, please do not hesitate to call upon us, that is what we are here for.

Respectfully Submitted,

L. PATRICK ROBERTS

REPORT OF FOREST FIRE WARDEN AND STATE FOREST RANGER

Your local Forest Fire Warden, Fire Department, and the State of New Hampshire Division of Forests & Lands cooperate to reduce the risk of wildland fires in New Hampshire. To help us assist you, contact your local Forest Fire Warden or Fire Department to find out if a permit is required before doing ANY outside burning. A fire permit is required for all outside burning unless the ground is completely covered with snow. The New Hampshire Department of Environmental Services also prohibits the open burning of household waste. Citizens are encouraged to contact the local fire department or DES at 1-800-498-6858 or www.des.state.nh.us for more information. Safe open burning requires diligence and responsibility. Help us to protect New Hampshire's forest resources. For more information contact the Division of Forests & Lands (603) 271-2217, or online at www.nhdf.org.

This last year was fairly wet throughout the spring and summer months, however we finished the season with an active fall fire season. In order to meet an increased demand for services, the Forest Protection Bureau was reorganized into three regions with smaller Forest Ranger Districts and over the last several years we have added two Forest Rangers. The fifteen state fire towers were the first to report on many fires throughout the state and they completed many other projects on the low fire danger days. The state implemented a program called Tower Quest to help citizens learn about fire towers and the need to protect New Hampshire's forest resources. The United States celebrated Smokey Bear's 60th birthday in 2004, and celebrations were held throughout the state. Please help Smokey Bear, your local fire department and the state's Forest Rangers by being fire smart and fire safe!

BARTLETT RECREATION DEPARTMENT 2004 ANNUAL REPORT

This was the year for collaboration, success and fun for all. The winter program started with a bang. The "2004 Craft Fair" highlighted over 30 vendors and provided the momentum for a successful "Tree Lighting". The girls 5 & 6 grade basketball program carried a roster of over 22 girls throughout the entire season. Participation was also high for the 5 & 6 grade boys. Both teams enjoyed successful seasons. The baseball season was especially fun. With our T-ball, Farm, Major and Minor league teams ready to go, the baseball season got under way. With a combination of new and veteran coaches, all of the players enjoyed a fine season of instruction and sportsmanship. For the Minor League Bartlett Mariners, fun and success would lead them to a championship season. With baseball ending, the summer brought a new staff and new look to the department's B.E.A.R. Camp. A young and revitalized staff under the direction of Amanda Edgerly created a fun and exciting environment. Providing services to over 60 campers this year, the camp provided opportunities to swim, visit museums and have wacky games and fun field trips for six weeks. Thanks for a great job and fun summer.

The fall brought with it changing colors, adult kickball, field hockey, soccer and flag-football. The adult kickball league enjoyed great popularity again this year by fielding eight teams. With great play during the season and nail biting endings in the play-off, the "Wentworth Fore" outlasted everyone and earned the title of "League Champions" with their great plays on defense and offense.

Field hockey provided us with some fantastic play and scoring this year. Under the direction of Gayle Lemerise, the fifth and sixth graders proved to be worthy opponents all season. Third and fourth grade soccer posted a record high 50 participants this season. The "Green Team" coached by Matt Cavallaro, proved to be tough competitors by toppling the always powerful "Red Team", coached by Seth Rerdy. Flag football provided parents with great entertainment under the Friday night lights. Bartlett fielded two teams (Broncos and Titans). Each team enjoyed successful seasons and both teams made the play-offs this year. Coaches Vance Pickering, Jim Rockett, Rob Clark and Marc DiGeronimo did a great job for us this year.

A year of collaboration with the Music and Athletic department of Josiah Bartlett Elementary provided great opportunities for fundraising and fun. The "Parking Lot Sale" and "Jazz Band" Margarita Grill concert provided enough donations to help purchase two new basketball goals for the school gym. Response to our annual donation letter was tremendous. The generosity and kindness of the Bartlett/Jackson communities has been overwhelming.

As we look forward to 2005 and the future we know every improvement will help build a stronger department. 2005 will be a year of strategic planning and expansion for the department. Working together, we will help develop better services and programs for everyone in our community. Thanks for all of your support and confidence.

HIGHWAY DEPARTMENT REPORT

The Highway Department was very busy this past summer. We reconstructed 600 ft. of road on Timberline Drive in Kearsarge and 600 ft. on Ludwig Strasse in Linderhof. Both of these sections were done by the highway crew with the rental of an excavator from Southworth-Milton Caterpillar. We also shimmed 2 miles of road on Timberline Drive, Linderhof, and Birchview. We sealed River Street, Yates Farm Rd., George St., Birch St., Forest Ave., Glenwood, Karwendahl Strasse, Munchen Place, and Town Hall Road. The grading of our gravel roads was done during the summer as well as several culverts replaced. Ditching and shoulder work was done on parts of Glen Ledge as well as other roads.

In 2005 we will be working on Dundee Road, Birchview, Middle Ledge Rd., Forest Ledge Rd., Alpenstrasse and some more in Linderhof as well as some other roads as time and money permits.

I would like to thank the people of Bartlett for their support and patience during the time of the road closures while we did our jobs. Thank you to our Fire and Police Departments for their help and support. I would like to also thank the girls in the Town Office and the Selectmen for their help and support in making this job go a little smoother. And a big thank you to my crew Gerald, Earle, and Don - they work very hard and do a great job.

Respectfully submitted,

TRAVIS CHICK
Road Agent

2004 TOWN MEETING MINUTES TOWN OF BARTLETT, NEW HAMPSHIRE

Moderator Robert Clark opened the Annual Town Meeting by swearing in election officials and then opened the polls at the Bartlett Town Hall on Tuesday, March 9, 2004 at 8:00AM by reading the following:

“To the inhabitants of the Town of Bartlett, New Hampshire in the County of Carroll in said State, qualified to vote in the Town affairs: You are hereby notified to meet in the Town Hall in said Bartlett on Tuesday, March 9, 2004 at eight o'clock in the forenoon to act upon the following subjects hereinafter set forth. The voting on Article 1 - 16 will be by official ballot at the Town Hall and the polls shall open for balloting at eight o'clock in the forenoon and shall not close before seven o'clock in the evening. The following articles (Articles 17 - 35) in the warrant will be acted upon on Thursday, March 11, 2004 at six thirty o'clock in the evening at the Josiah Bartlett Elementary School in Bartlett Village. We hereby certify that we posted a like copy of said Town Warrant and Budget on February 23, 2004 at the Post Offices in Glen and Bartlett, at the Town Hall in Intervale (Bartlett) and the Josiah Bartlett Elementary School (the places of meeting), all being public places within the said Town of Bartlett, New Hampshire. A true copy of warrant attest: Board of Selectmen: Gene G. Chandler, Douglas A. Garland, and David A. Shedd.”

Moderator Clark went on to read the following articles:

Henry Villaume = 195*
- Moderator (1 yr) - Robert Clark = 286*
- Treasurer (1 yr) - Sheila Glines = 289*
- Clerk (1 yr) - Gerry Tilton = 285*

There were write-ins for various positions and a copy of those are on file at the Town Clerk's office. Motion was made and seconded to adjourn the meeting until Thursday, March 11, 2004 at 6:30pm at the Josiah Bartlett Elementary School. Vote was taken - Adjourned to Thursday, March 11, 2004 at 6:30pm at the Josiah Bartlett Elementary School.

Moderator Clark opened the deliberative portion of Town Meeting held on Thursday, March 11, 2004 at 6:30pm at the Josiah Bartlett Elementary School. Clark asked Girl Scouts Brittany and Courtney Ainsworth to lead the Pledge of Allegiance. Clark noted that Girl Scout cookies were on sale in the lobby and that was the only food available tonight, so buy your cookies while you can. Clark recognized Chairman of the Board of Selectmen Gene Chandler to speak. Chandler recognized retired Road Agent Vincent Bailey and retired Fire Chief Roger Labbe for their years of service to the Town and noted that the Town Report was dedicated to them. Both stood to be recognized and the audience showed their appreciation. Clark then repeated the results from Tuesday's voting as listed above. Clark noted the sparse crowd in attendance (approx. 70) and

stated it was probably due to the Grant's Meatload Truck Sale that was going on. He then proceeded with the rest of the warrant as follows:

ARTICLE 17. To see if the Town will vote to raise \$1,416,200 to defray Town charges for the ensuing year and make appropriations of the same. Selectmen favor. Motion was made and seconded to accept the article as read. Selectman Chandler spoke to the article going through the budget line by line explaining the major differences being the inclusion of town clerk fees and police details as budget items for the first time but they are also offset in revenues and the reduction in long term debt principal and interest due to paying off the road bond. Chandler then explained that we recently had two problems at the Glen Fire Station with a septic system problem and a pump going on a truck, both of which we blame (kiddingly) on the new Fire Chief. Due to these two issues, Chandler made a motion, which was seconded by Garland, to add \$6,000 to the Fire Dept. budget for these purposes. No discussion. Vote was taken on the amendment = **PASSED +\$6,000**. Norman Head asked for clarification on how the police details work. Chandler explained that all billing goes thru the town, the town pays the officer and we also collect a fee for the cruiser if it is used and an administrative fee of \$8.00 per hour to cover workers comp, retirement, and bookkeeping. No further discussion. Vote was taken on the article as amended = **PASSED \$1,422,200**.

ARTICLE 18. To see if the Town will vote to raise and appropriate the sum of \$100,000.00 for town road improvements. Selectmen favor. Motion was made and seconded to accept the article as read. Selectman Chandler spoke to the article. No discussion. Vote was taken = **PASSED (\$100,000)**.

ARTICLE 19. To see if the Town will vote to raise and appropriate the sum of \$6,125.00 for the purchase of a waste oil furnace for the Town Highway Garage, replacing the one that expired in 2003. The town is applying for a grant to offset some of the costs of the furnace. Selectmen favor. Motion was made and seconded to accept the article as read. Selectman Shedd spoke to the article explaining that we had already purchased the furnace but the company agreed to payment after Jan. 1 and that Bartlett as well as Jackson are applying for a grant to offset the costs. No discussion. Vote was taken = **PASSED (\$6,125)**.

ARTICLE 20. To see if the Town will vote to raise and appropriate the sum of \$25,000.00 for renovations to the bathrooms at the Town Hall to make them handicap accessible and carpet in the police department offices. Selectmen favor. Motion was made and seconded to accept the article as read. Selectman Garland spoke to the article. Bill Duggan asked whether it had been looked into to move the Police Dept. to the Glen Fire Station giving it more visibility for the public. Garland responded that it was felt it was better to keep the office at the Town Hall for security reasons since that is where money is transacted and has the most employees, but Selectmen can look at the situation. Homer Holmes asked what happens to the money that was appropriated last year. Chandler responded it goes into surplus. No further discussion. Vote was taken = **PASSED (\$25,000)**.

ARTICLE 21. To see if the Town will vote to raise and appropriate the sum of \$119,000.00 for a new four wheel drive highway truck and mounted equipment

(body, plow, etc.) plus a new plow for the one ton truck and authorize the withdrawal of \$30,000.00 from the Highway Truck Capital Reserve Fund. The balance of the payment for said truck and equipment is to come from general taxation (approximately \$83,000). Selectmen favor. Motion was made and seconded to accept the article as read. Selectman Chandler spoke to the article also stating that we would be trading or selling the 1993 4WD truck. No discussion. Vote was taken = **HEARING NO ONE OPPOSED, THE MODERATOR DECLARED IT PASSED UNANIMOUSLY AND THEREFORE WAS A MAJORITY VOTE. (\$119,000).**

ARTICLE 22. To see if the Town will vote to raise and appropriate the sum of \$7,500.00 for street signs and posts relative to the E911 Emergency System. Selectmen favor. Selectman Garland spoke to the article. John Murphy (Dundee Rd.) asked whether they could keep the existing sign for Dundee Rd. even if it didn't follow the criteria of the other signs. Garland said they could keep it. Clark explained that the proposed draft street names with maps were located on a table in the back of the room for people to look at. Chandler explained the timeline for implementation, that an official public hearing would be held with street names and numbers, letters would have to be sent to all property owners, and then an implementation date would be set. No further discussion. Vote was taken = **PASSED (\$7,500).**

ARTICLE 23. To see if the Town will vote to raise and appropriate the sum of \$10,000.00 in order to do the work necessary to comply with the Governmental Accounting Standards Board (GASB) 34 regulations with regard to the town financial accounting system. Selectmen favor. Motion was made and seconded to accept the article as read. Selectman Chandler spoke to the article referring people to the comments in the Selectmen's Report and the problem that although the concept is not really applicable to a town, if we don't comply we may not be able to borrow money either short term or long term. No discussion. Vote was taken = **PASSED (\$10,000).**

Clark then realized he had not given the notice that an automatic emergency defibrillator was on the school property now and then explained that several people in attendance were capable of using it, however, anyone is able to use it because it gives instructions as you go. It is located outside of the nurse's office just out the back doors of the gym and to the right. He then continued on with the rest of the warrant.

ARTICLE 24. To see if the Town will vote to adopt the provisions of NH RSA 72:28, 11, establishing an optional Veterans' Tax Credit. The Optional Veterans' Tax Credit shall be increased from \$50.00 to \$500.00. Agreeable to a petition signed by Alexander Rowe and others. Motion was made and seconded to accept the article as read. Selectmen were asked for their position (note: they are not required to put their position on the warrant on this type of article). Chandler explained that the Selectmen support a higher amount than the current \$50 but not the \$500 due to the fact that this is actual tax dollars that have to be made up by others. Bill Fabrizio spoke against the article explaining that it is not a prudent thing to do due to the shift in tax burden since this amount is actual tax dollars that have to be made up. Leslie Mallett spoke to the article

stating that both her father and brother are veterans but that we need to consider the effect it has and take into account Bartlett's tax rate vs. one like Conway's, where \$500 would be only be a quarter of a Conway tax bill but would probably be half a Bartlett tax bill. Fabrizio made a motion, which was seconded, to amend the amount to \$100. Vote was taken on the amendment = PASSED. Norman Head spoke to the article stating he was a veteran and has mixed feelings on this article. David Shedd made a motion for reconsideration of the vote on the \$100 amendment as he felt that it did not pass (he did vote on the prevailing side). Vote was taken to reconsider the vote on the \$100 amendment = PASSED. Clark asked for a hand vote on the \$100 amendment - result was YES = 41 / NO = 35 = PASSED (\$100). Homer Holmes spoke to the article stating that the Selectmen could make up the taxes if they would change the building permit fee for houses to a percentage of the cost of the house but they won't do that. Norman Head made the motion, which was seconded, to amend the amount to \$300. Vote was taken on the amendment to \$300 = PASSED (Hand count - YES 51 / NO 23). Selectman Garland stated that we could go in lower increments and have it on the warrant again next year. Head pointed out we could also start here and go down in future years. John Murphy (Dundee Rd.) pointed out that we could make it up by revaluing Current Use each year up to the range the State provides for. No further discussion. Vote was taken on the article as amended = **PASSED -VETERANS CREDIT of \$300.**

ARTICLE 25. To see if the Town will vote to raise and appropriate the sum of \$10,000.00 to place in the Recreation Land Easement/Acquisition Capital Reserve Fund. Garland and Shedd favor/Chandler opposed. Motion was made and seconded to accept the article as read. Selectman Shedd spoke to the article. No discussion. Vote was taken = **PASSED (\$10,000).**

ARTICLE 26. To see if the Town will vote to raise and appropriate the sum of up to \$10,000.00 for distribution at the Selectmen's discretion to a Public Education and Government Station. This expenditure is not to exceed \$10,000.00 and is to be used to cover the costs of taping and televising Town of Bartlett governmental and educational meetings and events. Garland and Chandler favor/Shedd favors \$15,000. Motion was made and seconded to accept the article as read. Dick Glines, the Town's representative to the Valley Vision Board of Directors, spoke to the article then made a motion, which was seconded, to amend the article to \$21,000 for discussion purposes. Glines explained this would represent about half of the franchise fees the town receives and then outlined the fee schedule whereby as more money is appropriated, the per hour rate goes down. Discussion ensued regarding viewership numbers, how many people watch the Selectmen's Meetings, schedule issues as to when programs air, whether the school or anyone can bring down a tape for airing, franchise fees - who regulates them and how they are spent, change in billing format, billing rate inconsistency, how much it would affect the tax rate if all articles passed, viewing meetings in real time vs. press reporting and the fact we don't pay the press to be there. Vote was taken on the amendment - FAILED (\$21,000). Motion was made by David Shedd and seconded by Dick Glines to amend the article to \$15,000. Shedd explained his feeling that this should get us the same coverage as last year. Gail Paine spoke in favor of the \$15,000 and feels

the coverage needs to be more varied and include the Planning Board, School Board, and other town/school events, not just the Selectmen's meetings. Garland pointed out that we sent letters to the various departments in town last year to see how much time they would like to use so we could budget our hours. It was not our decision to just cover Selectmen's meetings and the departments requested minimal time. Chandler stated that the inconsistency in the per hour rate for programs is a problem to him and that it should be the same for all. Lloyd Jones pointed out that the time we were taking talking about this was costing us money and asked what rate we would be paying for this meeting. Motion was made and seconded to move the question. Vote = PASSED to move the question. Vote was taken on the amendment of \$15,000 - FAILED. Motion was made and seconded to move the question - Vote was taken - PASSED to move the question. Vote was taken on the article = **PASSED \$10,000.**

ARTICLE 27. To see if the Town will vote to raise and appropriate the sum of \$500.00 and grant to the Eastern Slope Airport authority for its use in operating the Eastern Slope Regional Airport in 2004. Selectmen favor. Motion was made and seconded to accept the article as read. No one spoke to the article. Vote was taken = **PASSED (\$500).**

Motion was made and seconded to vote on Articles 28 - 34 as a block. Vote was taken = **PASSED.** Clark asked for discussion on any of the Articles. Frank Matranga asked why these were not included with the \$8,000 in the "welfare" line of the budget. Chandler explained that these are petitioned and that the line item in the budget is for people who request aid from the town for things like heat, rent, or food. Matranga stated he felt it might be more prudent to put them in the welfare line of the budget so we would be sure that Bartlett residents were getting these services if we paid them out of the budget on a case by case basis. Chandler stated again that these are petitioned articles that are supported by evidence of use by Bartlett residents and separate from the welfare line in the budget. Marie Walsh pointed out that she appreciates that most of these organizations have maintained level funding for the last few years and encourages them to also apply for all grant money available to them.

There being no further discussion the following articles were voted on as a block and **PASSED:**

ARTICLE 28. To see if the Town will vote to raise and appropriate the sum of \$1,348.00 to help defray the costs of Service Delivery of the Mt. Washington Valley Chapter of the American Red Cross. Agreeable to a petition signed by Holly Huhn and others. Chandler/Shedd opposes - not a proper use of town funds for national organizations/Garland favors. **PASSED (\$1,348)**

ARTICLE 29. To see if the Town will vote to raise and appropriate the sum of \$3,582.00 to assist Carroll County Mental Health Service. Agreeable to a petition signed by Maureen Hanlon and others. Selectmen favor. **PASSED (\$3,582)**

ARTICLE 30. To see if the Town will vote to raise and appropriate the sum of \$4,769.00 to support Bartlett home delivered meals (Meals on Wheels), congregate meals, transportation, and program services provided by the Gibson Center for Senior Services, Inc. Agreeable to a petition signed by Betsy Rand and others. Selectmen favor. **PASSED (\$4,769)**

ARTICLE 31. To see if the Town will vote to raise and appropriate the sum of \$8,000.00 for the support of the White Mt. Community Health Center to help meet the healthcare needs of the uninsured and underinsured residents of Bartlett. Agreeable to petition signed by Debra Rubino and others. Selectmen favor. **PASSED (\$8,000)**

ARTICLE 32. To see if the Town will vote to raise and appropriate the sum of \$4,000.00 for support of the Tri-County Community Action Program for the purpose of continuing services of the Fuel Assistance Program for the residents of Bartlett. Agreeable to a petition signed by Ellen Hayes and others. Selectmen favor. **PASSED (\$4,000)**

ARTICLE 33. To see if the Town will vote to raise and appropriate the sum of \$2,200.00 for the Early Support and Services Program (birth to 3 yrs.) of Children Unlimited, Inc. Agreeable to a petition signed by Kimberly Perley and others. Selectmen favor. **PASSED (\$2,200)**

ARTICLE 34. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 in support of Starting Point providing crisis services to the victims of domestic and sexual violence and their children. Agreeable to a petition signed by Suzette Chaine and others. Selectmen favor. **PASSED (\$1,000)**

ARTICLE 35. To transact any other business that may legally come before said meeting. No other business was brought forward.

Motion was made by Bill Fabrizio, seconded by Roger Labbe to adjourn. Vote was taken - **ADJOURNED at 8:32 PM.**

Respectfully submitted,

Leslie Mallett

Town Clerk

Lynn P. Jones

Administrative Assistant to the Selectmen
