LACONIA AIRPORT AUTHORITY

*Mayor Hugh Bownes, Chairman
Robert E. Aldrich, Treas.
Norman Hubbard
John Gauthier
John F. Weeks
A. D. Vaughan, Airport Manager*

The new runway extension at the Laconia Municipal Airport has proven itself beyond all expectations this season. With this 1000' extension, making a total of 4500', we are now able to service larger business, corporate and executive aircraft, thereby bringing into the area potential business that heretofore went elsewhere or landed at a location that accommodated their aircraft.

Records indicate that over the past five years our increase in passengers and aircraft was 50%, the greatest increase occurring during the past season. In 1959 there were 6643 flights to or from other airports and 14,631 passengers. The 1963 total was 9338 flights and 21,086 passengers. Knowing that we have since bettered the 1963 figure, we feel that the decision to extend this runway was a step in the right direction.

Our year-round air service leaves much to be desired . . . due to the seasonal business. Northeast did, however, have a much better schedule this past season. To better service for businessmen and residents, Statewide Airlines Inc., will commence effective Nov. 1st, four flights daily to New York. Two in the morning, one in the afternoon and the final flight returning in the evening. Again, the success of this service will be dependent upon its use.

CIVIL DEFENSE *B. Albert Markot, Director*

The present Civil Defense Director was appointed by Mayor Hugh Bownes and the City Council in May, 1963. Since then the office of Civil Defense has undergone and is continuing a painstaking organization. Some aspects of the program have been changed, others added to, and some deleted. Civil Defense in Laconia is striving to train a maximum number of key personnel in the different departments to be able to comply with city needs in an emergency. There is much to be done.

The following is a part of what has been accomplished in the preceding year:

A medical self-help instruction course was given last winter. A communications center has been organized to conform with the New Hampshire State Civil Defense Agency. New equipment has been purchased and the county and city communications center is housed in a fallout shelter at no cost to the city. This center is manned by key personnel in communications — all licensed radio operators — once weekly.

There are two licensed public fallout shelters and three more pending.

The existing 250-bed emergency hospital has been brought up-to-date and added to. An emergency training hospital has been assigned to Laconia and will be delivered to Laconia this year.

Laconia has been designated as a warning center and a nationwide Civil Defense "hot line" has been installed at the Laconia Police Station.

A rescue group is undergoing training and instruction in all phases of rescue work. New radiological equipment has been received and installed at key points to be used at a minute's notice. Radio Station WEMJ is now a part of the National Radio Emergency Service.

The Auxiliary Police unit of the Laconia Civil Defense, headed by Bernard Cashin, is a very active group of dedicated volunteers. They have donated many hundreds of man hours to their work at no cost to the city.

The office of the Laconia Civil Defense is striving to get the best possible effort made with a realistic and practical budget.

The Civil Defense Director is ready at all times to aid the people of Laconia in all aspects of Civil Defense, especially the Home Shelter Program, since our geographic location is ideal to give all our support in this phase of Civil Defense.

**WELFARE DEPARTMENT**

An amount of \$96,888.00 was appropriated to the Welfare Department and the following is a breakdown of expenditures:

DIRECT RELIEF:

Appropriation		\$ 41,888.00
Expended: *43 families	\$ 8,778.22	
(168 persons)		
27 single persons	3,401.64

Unexpended	5,706.21
Old Age Assistance, etc., recoveries	1,219.12
	<hr/>

Returned to E & D Account

Total returned to E & D Account

Work projects continue to occupy those who are unemployed for reasons other than sickness. These projects were similar to those that have been mentioned in prior city reports and I do not see the need to repeat them. However, I urge all taxpayers who are interested in viewing the work accomplished during the past to contact my office and I will be more than pleased to show them around.

Surplus food was distributed to 7,808 persons during the past year; this figure is somewhat lower than the previous year. Applications for certification are still available at the Welfare office to persons eligible and who reside within city limits.

*These figures represent the same families and single persons returning for assistance month after month during the year. However, the total number of families and single persons assisted during the past year, regardless of identity, is as follows: 151 families consisting of 672 persons plus 72 single persons, and 46 Veterans and their families consisting of 294 persons plus 10 single Veterans.

HEALTH DEPARTMENT

July 1, 1963 — June 30, 1964

Bacteria Analysis (milk)	1840
Water Analysis	720

Total Inspections	1154

PLANNING BOARD

Membership —

George H. Guild, Chairman
Dr. Kenneth Achber, Vice-Chairman
Dr. John R. Perley
Donald J. Robertson
John O'Shea
Leslie Hibbert, Jr.

Ex-Officio —

Mayor Hugh H. Bownes
Councilman Paul N. Stewart
Arnold J. O'Mara, City Engineer

Robert S. Kitchel, Jr., Director
Jason C. Sloan, Secretary

Note: As of April 1, 1964 Dr. Kenneth Achber was elected Chairman to replace George H. Guild who had served for a year and a half and Leslie Hibbert, Jr. was elected Vice-Chairman to serve for one year.

During the past year the "Workable Program" for Laconia, prepared by the Planning Board and approved a year ago by the Housing and Home Finance Agency, was re-certified. This is a major step in assuring qualification for aids available under Federal programs. Long needed adequate codes and ordinances that were initiated by the Planning Board were adopted by the City Council. The Comprehensive (Master) Plan for the city was completed in printed form. The Planning Board is currently preparing the Urban Renewal Plan for the Laconia Housing and Redevelopment Authority. The first plan under this concerns the proposed Winnepesaukee River Project — (Downtown Area).

The Planning Board met regularly twice a month, plus a number of special meetings during the year. Enlarged offices made available at City Hall has made it possible for the Planning Board to hold its meetings in its own quarters.

Laconia Public Library

The New Laconia Medical Center

INDUSTRIAL DEPARTMENT

Robert W. Bruce, Industrial Agent Mary Hutton, Secretary

The Industrial Program started September 15, 1963 with the hiring of an industrial agent by the City of Laconia. With an initial budget set at \$25,000 for the first year, a program of industrial development was put into effect in two phases: the procurement of new industrial plants through advertising and public relations programs; and to work with the existing industries to encourage growth and industry from within.

A highlight of the first year's effort on new industrial growth was the actual signing of a major attraction called the Animal Forest Park, which will employ 15 to 20 persons and develop an undeveloped area, north of the Weirs. A considerable number of prospects were actually brought into Laconia for a firsthand observation. Of these prospects, it is anticipated that we can expect some of them to eventually build or lease a facility in Laconia.

In the second phase of the program, a very considerable effort was made to work with existing industry and in this realm of effort most of the effectiveness of the first year's operation was made, namely the Industrial Appreciation Year Program which Governor King opened in October 1963. The first Industrial Exhibit (Winconia Corporation) was followed by a series of exhibits which were displayed locally in the Laconia Mobile Showcase and continued through the year on a regular basis.

A vast amount of promotional data was compiled and distributed. One piece, the small Laconia Industrial booklet of 5,000 copies, is being sent throughout the country.

BOARD OF PUBLIC WORKS

Arnold J. O'Mara, City Engineer
Robert E. Pitman, Asst. Engineer
Wayne H. Hoereth, Deputy City Engineer
Harold E. Johnson, Asst. Engineer
Dennis G. O'Mara, Asst. Engineer
Henry J. Chabot, Foreman
Harold E. Moulton, Sanitary Engineer
Arline Haddock, Secretary
— succeeded by James R. Hughes

LONG RANGE SANITARY SEWERAGE PROGRAM PROGRESS

In a program of this magnitude there is bound to be a great deal of inconvenience and frustration for the people living in the area involved, and at this time I would like to express my sincere appreciation for the manner in which the people in the area of Project #1 have reacted and cooperated with this department in these trying situations during the past year.

Project #1, which consisted of three separate contracts, is now completed and the City's sewer crew is busy connecting the individual houses to the new mains.

The contracts for Project #2 have been awarded as follows:

Contract E-5 — Union Avenue Pumping Station and Appurtenant Work, awarded to Nalews, Inc., of Meredith, N. H.

Contract S-6 — Paugus Interceptor and Force Main, awarded to C. L. Guild Construction Co., Inc. of East Providence, R. I.

Upon completion of this second project, which will be constructed from Pleasant Street to the Swedish Village on Route 3, the City will have added approximately 17,000 feet of pipe and one pumping station to its present system, as well as allowing about 225 individual units, which are now on septic tanks, to connect to same.

The City Engineering Department will soon be making surveys for Project #3, which will start at the Swedish Village and end at our present system in the Weirs.

The attractive buildings for both Laconia Public Library and Goss Reading Room are the result of thoughtful foresight of two gentlemen, Mr. Napoleon B. Gale and Dr. Ossian Wilbur Goss, whose wills provided for the construction and partial maintenance of libraries for Laconia and Lakeport. Additional funds have been received from trustees, librarians, and friends who envisioned the continuing benefits of such contributions. Income from each trust is carefully expended to comply with the wishes of the donor.

In addition to their generous memorial gift of books pertaining to the Ukraine, a trust fund was established this year by the late Mr. Theodore Krasnow and Mrs. Krasnow. As stipulated, future income will be used to purchase books in memory of their son, William Theodore Krasnow, and his wife, Jane Dow Krasnow. The trustees are most grateful to all individuals who donate books each year. Many of these are given as memorial volumes. Of particular interest is the contribution received from the shipmates of CT2 Robert E. Anderson, USN, who died at Nicosia, Cyprus. Books with special scientific and religious significance for young people were purchased with the Anderson Memorial gift. A book return box was recently given by Mr. Timothy Munroe in memory of his mother, Dr. Ruth L. Munroe. This depository at the Main Street sidewalk enables borrowers to return books when the library is closed. The citizens of Laconia indicated their appreciation of its usefulness by depositing a thousand books in the return box during the first month.

Patrons of Goss Reading Room have enjoyed their association with Miss Hope Swain and regret her recent resignation. Weekly story hours for children were conducted and under her guidance a home library service was initiated for borrowers who were unable to visit the library. Miss Swain will succeed Miss Mildred Peaslee as librarian of the Franklin Public Library.

During the year Mrs. Alice S. Harriman, senior member of the Board of Trustees, received notable recognition for her great contribution to libraries. In appreciation for her thirty years of helpful service she was made Trustee Emeritus by the Mayor and City Council. At the 1964 annual meeting of the New Hampshire Library Trustees Association Mrs. Harriman was awarded a citation "as the most excellent library trustee of the year".

To complete the required number of active trustees Mr. Harris M. Fellman was elected by the Mayor and Council for the term ending in 1967. Mrs. Robinson W. Smith, whose term was also extended to 1967, declined reappointment as Chairman, an office she capably held for two years. Attorney Thomas P. Cheney succeeds her as Chairman of the Board of Library Trustees.

Contributions in Aid of Construction — 231,432.68

Earnings Retained for Bond Principal Retirement and Capital Outlays:

Balance, December 31, 1963		279,732.03
----------------------------	--	------------

Total Liabilities, Reserves, Retained Earnings **\$1,704,280.41**

- (1) Issued August 1, 1963, 3.20%, \$15,000.00 per year over 20 years.
- (2) Serial notes issued May 17, 1963, due May 17, 1971, 2.40%, payable \$6,250.00 per year. Issued to acquire heavy equipment for construction purposes.
- (3) Serial notes issued to provide working capital, dated December 31, 1962, due December 31, 1967, 2.20%, payable \$5,000.00 per year.

On January 1, 1964, Theodore L. Cate retired as Superintendent after faithfully serving the people of Laconia for 43 years; first with the Laconia Water Company, then with the Laconia Water Works in 1956 when the City purchased the company.

Mr. Cate started in 1920 when the "horse and buggy" were the mode of transportation. During 1963 he was able to see the transition to motorized equipment when the Water Works purchased their own Hopto, Wainroy Backhoe, and dump truck, and installed a Motorola Communication system.

On January 1, 1964, Robert A. Morin took over the post as Superintendent.

ZONING BOARD OF ADJUSTMENT

<i>Members:</i>	<i>Term Expires:</i>
<i>William R. Vose, Chairman</i>	<i>1964</i>
<i>Cedric Witham</i>	<i>1965</i>
<i>Maurice Tibbetts</i>	<i>1966</i>
<i>Donald Tabor</i>	<i>1967</i>
<i>John D. Newton</i>	<i>1968</i>
<i>Jason C. Sloan, Clerk</i>	

During the year July 1, 1963 to June 30, 1964 the Zoning Board of Adjustment held 12 meetings. 20 petitions for variances were heard. 15 petitions were granted, 5 denied. During the years since the Zoning Ordinance was adopted in 1948, the number of petitions has averaged 15 per year. The Board is to be commended for the performance of a difficult task without remuneration.

SUMMER SCHOOL PROGRAM

James N. McBride, Director

Clearly a leader in New Hampshire public summer schools is the Laconia School District. Summer sessions began in Laconia in 1960 under the patronage of Superintendent Sherman and the Laconia School Board and under the direction of James N. McBride of the Laconia High School faculty. Started as a course in literary enrichment, the first session had an enrollment of seven pupils and a faculty of one.

In 1961, however, the teaching staff was increased to five. One class was held for each of the following: literary enrichment, remedial reading, remedial mathematics, and elementary art; two classes were held for typing. The enrollment for the second year was nearly one-hundred persons.

During the months that followed, requests for information about the operation of the Laconia summer school were received from the Portsmouth (N.H.) Department of Education, the Manchester (N.H.) Department of Education, the New Hampshire State Department of Education, and several others. Now there are twenty-two public summer schools in the state, and Laconia is truly very much pleased to have been among the earliest of them.

In 1962, 1963, and 1964 the Laconia School District witnessed a steady gain in its summer program. In 1964 the enrollment was one-hundred-and-fifty students, twenty-three of whom came from other school districts as far away as New Jersey. This total represents a twenty-one percent increase over the preceding year. All were offered courses in typewriting, remedial reading, basic English, remedial mathematics, Algebra I and II, drivers' education, and an elementary art workshop. Although the tariff for a single course is extraordinarily inexpensive, the summer session has remained self-supporting since its second year. The fee per course is twenty dollars with the exception of drivers' education which is twenty-five dollars.

The aim of the summer program is to provide the pupil with an opportunity to learn concepts of an area of knowledge previously unknown to him or to review carefully principles and methods of formerly experienced subjects. Each class is conducted by a fully certified and highly motivated teacher whose work is known to be fruitful. Classes are kept purposely small, averaging ten per class with the exception of typing. With this ratio between teacher and pupils, the amount and quality of work increase. This fact is readily demonstrated by the constant growth in enrollment.

Plans have been formulated to add a strong enrichment area to next year's session. A five-hour session consisting of literature, science, art, and music is being organized; and a course in the major tragedies of Shakespeare is to be offered for adults.

By continually planning, evaluating, and reshaping its summer session, the Laconia School District will certainly prove the worth of a frequently observed cliché, viz., Great oaks from little acorns grow.

ADULT EDUCATION PROGRAM
Mrs. Nancy Bryant, Director

The current year marks the 10th anniversary of Laconia's adult education program. In 1954, Laconia joined the 6000-odd public school systems of the nation to provide leadership in that new area of instruction.

Prior to that time, courses for adults, though not organized under the familiar label, adult education, had been available in the community — the Extension Service of the University of New Hampshire from time to time conducted vocational courses, and several independent agencies such as the American Red Cross, the League of New Hampshire Arts and Crafts, and Great Books, each year provided instruction in specialized fields.

In September 1953, a group of seven teachers, working as part of a pre-school workshop, elected to concern themselves with the possibility of rounding out the city's education program by providing for continuing education for adults. They saw the need for a coordinating agency to integrate and publicize what was already in existence, and round out the program by providing for areas then neglected.

They enlisted the support of Rhoden B. Eddy, then Superintendent of Schools, and Al Neill, Executive Secretary of the Chamber of Commerce. A lay citizen council of fourteen members, representing organizations and institutions influential in the community, was created. That Council took stock of the adult offerings already being provided locally, analyzed the programs already in operation in Keene, N. H., and Brattleboro, Vt., to see what seemed to make them succeed, and recommended that a director be chosen and given free rein to organize and launch a program in Laconia.

To the newly appointed director, the Executive Secretary of the Chamber of Commerce became the liaison with industrial and business community. Manufacturers suggested vocational courses of value to their employees and merchants cooperated to promote a Distributive Education program for their personnel. The Soil Conservation Service and Farm Bureau recommended a series of offerings for farmers.

Under the guidance of Mrs. John Dodge, the first director, adult education has grown steadily from the beginning, until at present there are twenty-five courses offered and an average attendance of 500 students each year. Mrs. Dodge served as director for ten years, retiring in 1964.

While the program has varied from year to year, the pattern of a balanced offering, set up in 1954, has been maintained. A flier, issued each Fall, describes the current year's courses grouped under four areas of interest — vocational-technical, home and family living, arts and crafts, and classes of a general nature.

Though Laconia and Gilford, as was to be expected, have accounted for the overwhelming enrollment, individuals have attended from as far away as Conway, Wolfeboro and Rumney.

It has been the policy of the Adult Education office to keep fees as low as possible in order that a maximum number may be served. When courses can be provided at no cost to the School Department, that saving is passed on to those who enroll.

In 1956 the State Department of Education in cooperation with the American Council on Education, designated Laconia as one of five testing centers in the State, to administer tests to adults who did not complete high school. To date, a total of 118 have applied to take these tests, of which six were awarded Grade X, and seventy-three Grade XII Equivalency Certificates by the State Department of Education.

PARKS & RECREATION COMMISSION

The Park & Recreation Department enjoyed a busy and successful year.

Joseph Schillinger was employed as our Summer season director.

Weirs Beach officially opened the season on June 27 and closed on September 7 while the other beaches and playgrounds opened on June 29 and closed August 28. The weather during the month of July was good and the beaches were used to a great extent. However, the month of August was very poor weatherwise with a resultant drop in beach attendance. All 3 beaches conducted swimming instruction programs for the young people which was highly successful. Also, an adult program was held for adults at the Opechee beach which seemed to be worthwhile.

Bob Ahern, the head guard at Weirs Beach, served as coach for the Laconia swim team and it should be noted that he performed in a commendable manner. The team participated in the state meet at Claremont and later for a team meet at Franklin. Bob also accompanied a combined Laconia-Franklin-Tilton team to Glastonbury, Connecticut for a swim meet with a team from that town.

The Arts & Crafts program was under the capable direction of Mrs. Gerry Decker who conducted programs at each supervised playground. As a windup to the summer Arts & Crafts program, a display of the work done at all the parks was shown in a display window of the Federal Savings & Loan Bank during the week of August 24.

In addition to the program described above, each of the parks held extra curricular events such as; bicycle parades, doll parades, costume parades, pet shows, and tournaments in checkers, horseshoes, ping-pong and badminton.

Another activity which was conducted in the parks was a tennis program directed by Jim Aldrich. At the end of the program a tournament was held on the Opechee Park courts for those youngsters who had been participating in the program.

Park Day was held on August 28 at all parks with refreshments of soft drinks and ice cream provided by the department.

The Park & Recreation Department wants to congratulate the Little League on winning the State Championship and are pleased to have had a part in providing facilities.

We are very grateful to the Winnepesaukee Ski Club for their extremely successful program in which they provided lessons for approximately 375 youngsters at Memorial Park ski slope.

MAINTENANCE

Opechee Park:

Additional bleachers were erected at the Little League field. Playing field areas have been improved by leveling and reseeding. Three new backstops were erected on the playing fields. Parts of Opechee point were made available for boat docking and water skiing. New sand was added to the beach. The second

floor of Opechee Park house was renovated to provide an office for the Park & Recreation Commission. A new flag pole was erected and the parking area was resurfaced. The addition of a new merry-go-round donated by the Opechee Park Club is greatly appreciated.

Leavitt Park:

The bandstand has been repaired and reroofed. The roads to the beach and the parking area were resurfaced. The backstops were extended at the Babe Ruth League playing field. Additional sand was added to the beach and the raft was repaired and put to good use. A new basement door was installed in the club house. Leavitt Park Club provided a new paddle board to replace the boat at the beach which is greatly appreciated.

Tardif Park:

The tennis court at Tardif Park was resurfaced. The hot water heater was replaced and a door was enlarged in the clubhouse.

Memorial Park:

The bleachers at Memorial Park were repaired and repainted. Additional lights were installed at the ski slope.

Wyatt Park:

The kitchen and toilet area of Wyatt Park clubhouse were completely remodeled which has greatly improved these facilities.

Weirs Beach:

The beach area was enlarged and new sand added. Additional picnic tables were installed. New cement curbing was installed to enclose the area between the asphalt path and the bathhouse. This area was loamed and seeded to provide additional picnic area. Additional curbing was installed between the driveway and the picnic area to improve the area by controlling parking.

General:

In May the Park & Recreation Commission hired Thomas Perrier as Maintenance Supervisor. Tom has had a great deal of experience in maintenance work and has proved to be a valuable asset to our department.

Six neighborhood skating rinks were provided and maintained. All park tennis courts were relined. Additional swings were provided at all playgrounds.

The purchase of a tractor and van-type truck has increased the efficiency of the maintenance crew.

Of course it is impossible to enumerate the many minor projects carried out during the year 1963-64. We feel that we have done our utmost to provide recreation facilities for people of all age groups and we are sure that the Mayor and City Council will support us in expanding these facilities in the future. Certainly Laconia with its tremendous natural resources should develop these assets to make our city a more attractive place in which to live.

The Park Commission was saddened at the loss of its senior member, Dr. Robinson W. Smith, by death. Dr. Smith had been a member of the Park Commission for 30 years and, needless to say, he has been sorely missed.

Total Liabilities*, Reserves and Surplus		\$646,690.95

*Exclusive of bonded indebtedness

FOOTNOTES

- (1) \$47,503.51 of school district revenue was received in June, 1964, prior to the close of the fiscal year, June 30, 1964. The funds were applicable to the 1963-64 year and were deposited with the City Treasurer in July, 1964. The funds subsequently have been included in the 1964-65 year estimated revenue of Laconia and the Laconia School District.
- (2) This represents the total of a few checks dated and disbursed in June, 1964, prior to the close of the fiscal year in payment of obligations due in July, 1964, and *included* in the 1964-65 year budget. Included is a disbursement to the State Street Bank and Trust Co. for \$10,562.50 in payment of principal and interest on bonded debt due in July, 1964, but payment must be *received* by the bank *on the due date*. This check was dated June 26, 1964, to allow time for processing, mailing, etc.
- (3) For comparison purposes, it should be noted that the tax sale of the current year unpaid property taxes did not occur during the month of June, 1964, prior to the closing of the current fiscal year. In past years, the current year unpaid taxes were sold to the City of Laconia prior to June 30 and such unpaid amounts were reflected, as at June 30, under the receivable heading "tax liens — delinquent".
- (4) During the past fiscal year, \$2,650.50 of receivables were cancelled on the books of the Tax Collector as voted by the Finance Committee of the Council. The cancellation amount was charged against the "provision for uncollectible accounts" maintained in prior years to absorb such charges.

**ANALYSIS OF CHANGES IN GENERAL FUND SURPLUS
FOR THE FISCAL YEAR ENDED JUNE 30, 1964**

<i>Balance, General Fund Surplus, July 1, 1963</i>	\$106,822.41
Less — Amount applied to reduce 1963 tax rate	55,000.00
	51,822.41
Less — <i>Direct cash expenditures</i> from surplus:	
Laconia Water Works — main extension, Bisson Ave.	\$ 1,481.28
Laconia Water Works — 12" main extension, Primrose Drive, 6" sprinkler service to factory	3,986.81
Tax collector's office — alarm system	345.65
School building committee — secretarial services	113.75
Police department — electrical, police call boxes	255.21
Lakeport clock — Public Service Company	16.45
Industrial agent — advertising for	67.20
City lock-up — repairs	20.64
Accident at library	24.80
Christmas lighting program	500.00
Cash short	10.00
	6,821.79
Total cash expenditures	6,821.79
	45,000.62
Less — Transfers to department budgets:	
Insurance — liability insurance for Weirs Beach beach and boardwalks	546.11
Administration — additional for city reports	911.20
	1,457.31
<i>Balance before closing revenue and budget accounts</i>	43,543.31
Plus — Net excess of actual "other general fund revenues" over amounts estimated in computing the 1963 tax rate	28,033.45
Plus — Net excess of budgeted appropriations over actual amounts expended	31,354.22
Plus — Added head taxes after final N.H. accounting	217.50
	103,148.48
Less — Abated head taxes after final N.H. accounting	337.86
Charge off June 30, 1963, receivables:	
Accident claim — settled against Laconia	413.00
Civil defense — government participation uncollectible	375.00
Miscellaneous — City Clerk's office	1.50
	1,127.36
<i>Balance, General Fund Surplus, June 30, 1964</i>	\$102,021.12

**STATEMENT OF REVENUES OTHER THAN
PROPERTY OR POLL TAXES OF THE GENERAL FUND
FISCAL YEAR ENDED JUNE 30, 1964**

From surplus, beginning of year
Fees — City Clerk
Business licenses — City Clerk
Dog licenses — City Clerk
Motor vehicle permits — City Clerk
Parking violations
Municipal Court
Interest on delinquent taxes
Costs and fees — Tax Collector
Fees from New Hampshire for collecting head taxes
N. H. — interest and dividends tax
N. H. — railroad tax
N. H. — Bank tax (2 years)
N. H. — Lakeport hydro properties
Wood and timber tax
Weirs Beach services — beach
Weirs Beach services — buildings
Health Department — miscellaneous receipts
Zoning board of adjustment
Fees — sealers, weights and measures
Park house rentals
Interest on *general funds* invested
Library and Gale Park
B & M railroad station revenues
Pay telephone commissions
N. H. — reimbursement for head tax supplies
Head tax fines collected after State accounting
Welfare Department — city and state reimbursement
Sales of land, right of way
Building permits
Industrial development program — brochures
Leases and miscellaneous

Department or Account

Capital outlays *not* budgeted:

- Fence — Weirs water hole
- Railroad station sewer drain
- Primrose Drive sewer and road
- Urban renewal
- Change brook course at dump
- Strafford Street sewer
- Bisson Avenue sewer

Retirement, employees

(excluding Water Works, Schools, Library, Public Works)

Social Security (excluding Water Works, Schools, Public Works)

School District (see Exhibit A for \$47,503.51 of receipts received
but deferred to 1964-1965)

Street lighting

Tax Collector's department (includes \$1,225.00 from Sanitary Sewer Fund)

Welfare department — City direct and State share (see also Revenue Schedule A-2)

Weirs Beach — beach services

Weirs Beach — building and wharves services

Industrial development program

Industrial development program brochures (see offsetting \$900.00 revenue)

Other capital improvements:

Converting railroad station for Police, Court, Council quarters

Weights and measures — 100 gallon portable test tank

Fire department projects

Assessor's office — remodel

Weirs Beach projects

Parks and recreation projects (including carryover of \$500.00 from prior years)

Weirs Beach fire station — renovations

Less — Portions of unexpended budgets held over to 1964-1965 year:

- (1) Fire department — uniform allowance (plus \$9.56 retained in receipts)
- (2) Parks and beach — carried forward as capital outlays in 1964-1965 year
- (3) Planning department — carryover to 1964-1965
- (4) Police department — uniform allowance (plus \$7.50 retained in receipts)
- (5) Public Library — bill payable, 1964-1965 year
- (6) Fire department — continuance of capital outlays not encumbered in 1963-1964

Total Liabilities and Reserves			\$951,728.49

FOOTNOTES

- (1) During the fiscal year ended June 30, 1961, the City received \$42,518.20 as an advance from the Federal government to offset expenditures for *preliminary* sewer project plans. In addition to this, the City received an advance some years ago of \$8,500.00 for *preliminary* planning of sewer projects on Shore Drive and Union Avenue. These advances are given under the condition that they shall be repaid in full only when such projects are actually instituted. Such projects are in process, and \$12,800.00 of these advances were repaid in the year ended June 30, 1963, and \$1,300.00 was paid during this fiscal year (see bond fund expenditures, 1963 Sewer B Bonds, Project #1).
- (2) 1963 Sewer Bonds, Project #1 — Federal participation, as revised September 26, 1963, is \$179,080.00 (30% of allowable reimbursement costs of \$596,940.00. Installment #1 of \$94,600.00 was paid to the City through the Federal grant during the past year.
- (3) See also long-term receivables (General Fund) from the N. H. Water Pollution Commission providing for annual funds from the State to assist in the retirement of the bonded indebtedness created for Project #1 and the construction of the primary treatment plant.
- (4) 1964 Sewer Bonds, Project #2 — Construction not yet commenced on Project #2. There will be Federal participation of 30% of allowable costs and State annual assistance toward payment of Project #2 indebtedness. Contracts on this project awarded on May 21, 1964, are:

Contract E — 5, Nalew's Inc.	\$122,860.00
Contract S — 6, C. L. Guild Construction Co., Inc.	612,289.00

BOND FUNDS

STATEMENT OF CASH RECEIPTS AND DISBURSEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 1964

<i>Balance of Bond Funds, July 1, 1963</i>		\$ 509,259.95
<i>Plus — Cash Received on New Issues:</i>		
1. 8-1-63 school bonds proceeds — principal	\$945,000.00

RESOLUTION

At this, the current regular meeting of the Board of Public Works, held January 24, 1964, the following Resolution was adopted:

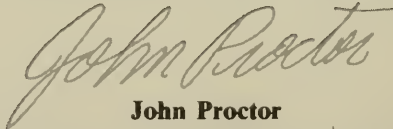

Resolution: Whereas, it was learned with deepest regret of the sudden death of Alfred W. Simoneau, a long time member of this Board, on Friday, January 17, 1964, and as a consequence thereof, the City of Laconia and the community at large has suffered the loss of a worthy and substantial citizen, prominent for many years in a life of dedicated service to his City and State.

In matters connected with local government it is hereby **RESOLVED** by the surviving members of this Board that they hold in grateful memory the many years they have received the benefit of his wise and prudent advice and counsel in Business and Policy matters, with his views presented in the kindly and genial spirit so characteristic of him.

So, in this phase of his life, as in others, he will be greatly missed.

Now, therefore, it is further **RESOLVED** that this resolution be spread upon the records of the Board, and a copy thereof transmitted to the bereaved family and a like copy to the Mayor and City Council of the City of Laconia.

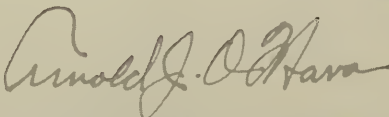

BOARD OF PUBLIC WORKS

John Proctor

Harry L. Smith

Arnold J. O'Mara, City Engineer

A MESSAGE FROM THE MAYOR

As this administration heads into its last months in office I would like to report to the people of Laconia on some of the things that have been accomplished this past year.

A full-time industrial agent was hired in September, 1963 and has been working at a breakneck pace ever since. Bob Bruce is using all of his considerable talents and energy to attract new industry to Laconia and to keep and help expand the industry we already have here.

The extension of the Laconia Airport runway has been completed and we are looking forward to better air service to and from Laconia.

The new city council chamber and municipal courtroom at the railroad station is not only a pleasure to behold but has added dignity to the court and has also provided much needed space for both the District Court and for city council meetings. Thanks to the generosity of Judge Snierson, Lou Athanas and the members of the city council, the interior has been decorated with taste and discrimination. Thanks also should be given to Dr. John Perley and to Mrs. Bertha Fowler for the fine clocks they donated. The police department is understandably pleased and happy with its new quarters. The officers and men now have a station of which they, as well as the rest of us in Laconia, can be justifiably proud.

I would like to extend a cordial invitation to the public to visit City Hall to inspect the renovations brought about by Bert Morin and his men. What was formerly the old municipal courtroom has been expanded into attractive administration offices and there have been changes made in other facilities which not only give the city departments additional space but make for more pleasant working conditions.

The sewer program is continuing at as rapid a pace as possible and I hope that in a year from now the final phase — completion of the sewer project to Weirs Beach — will be well underway.

The Civil Defense Training Center and Fire Department School which was so long in gestation has finally been started and is nearing completion. The tower is already up and state training sessions will soon be underway.

It is with sadness that I note the passing of two of Laconia's outstanding civic leaders. Arthur W. Simoneau will long be remembered for his contribution to our city, not only as a long-time member of the board of public works, a past member of the city council and a representative in the Legislature from Ward 2 — but even more important, as a friendly, genial and helpful individual.

Dr. Robinson W. Smith has left his mark in the City of Laconia as mayor and as a member of the park commission. He did much to guide our city in the past and his work, particularly in enlarging and beautifying Opechee Park, is a memorial to him that will last for many, many years.

I cannot close this report without giving special thanks to the department heads and all city employees who work so faithfully and conscientiously for the people of Laconia. The city council and mayor are at City Hall on a part-time basis and for a short tenure at best so that the day-to-day running of our city depends upon our faithful and devoted city employees. I hope that the people of Laconia appreciate their work as much as I do and as evidence of my appreciation I would like to dedicate this report to them and to thank them publicly for what they have done in the past and what I know they will continue to do in the future.

Hugh J. Bournes
