The Littleton Opera House 1895-1995
Constructed 1894

Graphic — Designed by Carol Dillingham, Graphics Above The Notch

Annual Report

of the Town of

LITTLETON
NEW HAMPSHIRE

for the Year Ended December 31, 1994

DEDICATION

In Memory of
Chief Fred C. Whitcomb
March 6, 1940 - September 22, 1994

I still find each day too short for
all the thoughts
I want to think,
all the walks
I want to take,
all the books
I want to read, and
all the friends
I want to see.

The longer I live the more my mind
dwells upon the beauty and the wonder
of the world.

John Burroughs

TOWN CLERK'S REPORT

July 1994 saw the close of the second year certification course for Town Clerks. I was able to obtain a full scholarship from the Town and City Clerk's Association, saving the Town of Littleton \$425.00. The third year certified Town Clerks will graduate in July of 1995 from the University of New Hampshire in Durham.

Many people have noticed the two new computers in my office. They are owned by the State of New Hampshire and will be placed on the desks of Deputy Joan Santy and myself for use in processing Vital Records for the State Registrar.

We are still anxiously waiting to hear when the new license plates will be issued. We're still expecting this to happen early in 1996, but can not get verification from the Motor Vehicle Department.

1994 was a year for new vehicles, which accounts for a marked increase in registration fees. Total revenue through my office in 1994 was increased by almost \$60,000 from 1993.

Following is a list of revenue, by category:

<u>1993</u>		<u>1994</u>
\$419,719.00	Registration	\$ 471,631.00
9,736.00	Decals	9,951.00
312.00	Marriages	413.00
3,264.00	Vitals Town & State	7,804.00
10.00	Filings	18.00
319.06	Misc.	1,046.98
5,481.36	UCC'S	4,331.00
1,992.00	Dogs	2,773.00
	Marr. Lic.-State	<u>2,242.00</u>
<u>\$ 440,833.42</u>		<u>\$ 500,209.98</u>

As always, we welcome any suggestions that would benefit you or the Town Government.

Respectfully submitted,

Mrs. Faye V. White
Littleton Town Clerk

TAX COLLECTOR'S REPORT
 Summary of Tax Accounts
 Fiscal Year Ending December 31, 1994

**INDEPENDENT AUDITOR'S REPORT ON THE INTERNAL
CONTROL**

**STRUCTURE BASED ON AN AUDIT OF GENERAL
PURPOSE FINANCIAL**

**STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

To the Members of
the Board of Selectmen
Town of Littleton
Littleton, New Hampshire

We have audited the general purpose financial statements of the Town of Littleton, as of and for the year ended December 31, 1993, and have issued our report thereon dated February 9, 1994.

We conducted our audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement.

In planning and performing our audit of the general purpose financial statements of the Town of Littleton for the year ended December 31, 1993, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the general purpose financial statements and not to provide assurance on the internal control structure.

The management of the Town of Littleton is responsible for

PLODZIK AND SANDERSON

(page 2)

establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general purpose financial statements in accordance with generally accepted accounting principles. Because of inherent limitations in any internal control structure, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the effectiveness of the design and operation of policies and procedures may deteriorate.

For the purpose of this report, we have classified the significant internal control structure policies and procedures in the following categories:

Activity Cycles

- Budgeting

- Treasury or financing

- Revenue/receipts

- Purchases/disbursements

- External financial reporting

- Payroll/personnel

- Data processing

For all of the internal control structure categories listed above, we obtained an understanding of the design of relevant policies and procedures and whether they have been placed in operation, and we assessed control risk.

PLODZIK AND SANDERSON

(page 3)

Under the standards established by the American Institute of Certified Public Accountants, reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control structure that, in our judgment, could adversely affect the Town's ability to record, process, summarize, and report financial data consistent with the assertions of management in the general purpose financial statements. A material weakness is a reportable condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities, in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might constitute reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses as defined above.

During the course of our review, the following condition was noted that was considered to be a material weakness as defined above:

Apparently, due to time constraints, receipts which are received in the Selectmen's Office are not being deposited on a timely basis. During the course of our audit it came to our attention that receipts, totalling a significant amount, dated in December 1993, had still not been deposited as of February 7, 1994. It was difficult to actually determine when receipts were received as date stamping of mail has not been consistently done. Also, the depositing of funds and accounting for those funds through the same office does not provide for proper segregation of duties.

PLODZIK AND SANDERSON

(page 4)

We have recommended that mail be opened and stamped by someone other than the Town Accountant and that all cash receipts that are received at the Town Office be deposited by a centralized collection location (perhaps the Tax Collector's Office) thus providing for a proper segregation of duties and more timely depositing of funds.

In addition to the foregoing, the following other matter came to our attention that we have discussed with management as an opportunity for efficiency and/or cost savings related to the administration of the Town:

Our testing of Town Clerk records indicated a weakness therein to the extent that a formal record of transactions was maintained only for motor vehicle permits and that an adequate audit trail between the Clerk's records and the general ledger was not present in the system. To overcome these deficiencies, the Town purchased a computerized software system for the Town Clerk's Office. However, this system was not put into operation by the Town Clerk during 1993. We have recommended that the Town Clerk utilize the system to its fullest capacity. If needed we would be pleased to assist the Town Clerk in adapting to the changes associated with switching from manual to computerized recordkeeping.

This report is intended solely for the information and use of management and others within the administration. This restriction is not intended to limit distribution of this report, which is a matter of public record.

February 9, 1994

Paul J Mercier, Jr. CAA
PLODZIK & SANDERSON

**TOWN OF LITTLETON
RESULTS OF THE 1994
TOWN MEETING WARRANT**

To the inhabitants of the Town of Littleton in the State of New Hampshire qualified to vote on the Town and State affairs: You are hereby notified to meet at the Fire Station on the eighth day of March, 1994, being the second Tuesday of March at eight o'clock in the forenoon (the poles are to be open at 8:00 a.m. and may not close prior to 6:00 p.m.; the business meeting to be held at the High School Auditorium at 7:00 p.m.), to act upon the following:

Article 1. To choose all necessary officers for the ensuing year.

Selectman - Earl Ellingwood
Treasurer - Lillian Sylvestre
Park Commissioner - James A. Lindorff
Moderator - Gerald H. Winn
Trustee of Trust Funds - Robert E. Paddock
Library Trustee (Three Years) - Mary Boulanger, Carol Crystle and Robert O'Connor
Library Trustee (One Year) - Ralph J. Doolan
Supervisor of Checklist - Richard L. Hill

Article 2. "Are your in favor of changing the term of the Town Treasurer from one year to three years, beginning with the term of the town treasurer to be elected at next years regular Town Meeting?". Passed 312 Yes, 162 No.

Zoning

Article 3. Are you in favor of the adoption of Amendment No. 1 as proposed by the planning board for the Littleton Flood Plain Development Ordinance, Item I Definitions of Terms, a section of the town zoning ordinance as follows:

Recreational Vehicle: a vehicle which is (a) built on a

1994 RESULTS

(page 2)

single chassis; (b) 400 square feet or less when measured at the largest horizontal projection; (c) designed to be self propelled or permanently towable by a light duty truck; and (d) designed primarily not for use as a permanent dwelling, but as temporary living quarters for recreational, camping, travel or seasonal use.

This article was voted 298 yes to 168 no. Passed

Article 4. Are you in favor of the adoption of Amendment No. 2 as proposed by the planning board for the Littleton Flood Plain Ordinance to be titled 'Item VIII, 3', a new section of the town zoning ordinance as follows:

Recreational vehicles placed on sites within Zones A1-30, AH, and AE shall either (i) be on the site and occupied for fewer than 180 consecutive days, (ii) be fully licensed and ready for highway use, or (iii) meet all standards of Section 60.3 (b) (1) of the National Flood Insurance Program Regulations and the elevation and anchoring requirements for "manufactured homes" in paragraph (c) (6) of Section 60.3.

This article was voted 293 yes to 169 no. Passed

Article 5. Are you in favor of the adoption of Amendment No. 3 as proposed by the planning board for Article II, Definitions, Number 29 of the town zoning ordinance as follows:

Building/Zoning Permit: Permit required before the commencement of excavation. It shall be required before initiating new construction, enlargement, or movement of a structure or installation of mobile homes. A building permit is required for interior renovations of \$1000 or greater only in the 100 year flood zone as depicted on the Flood Insurance Rate Maps (FIRM) and described in the

1994 RESULTS

(page 3)

Flood Insurance Study, as required by the Federal Emergency Management Agency for the National Flood Insurance Program.

This article was voted 275 yes to 195 no. Passed

Article 6. Are you in favor of the adoption of Amendment No. 4 as proposed by the planning board for the Littleton Flood Plain Ordinance, a section of the town zoning ordinance, as follows:

To replace the date August 1988 in the first paragraph of the section, with the correct date of May 17, 1989.

This article was voted 344 yes 101 no.

Article 7. Are you in favor of the adoption of Amendment No. 5 as proposed by the planning board for the town zoning ordinance, Article V, Section 5.04, as follows:

To add the word 'front' before the word 'setback' throughout the section.

This article was voted 329 yes 116 no. Passed

Article 8. Are you in favor of the adoption of Amendment No. 6 as proposed by the planning board for the town zoning ordinance replacing, Article II, Definitions, Number 83, and Article VIII, Section 8.02, as follows:

Home Occupation: the accessory use of a parcel that shall constitute, either entirely or partly, the livelihood of a person living on the parcel, subject to the conditions in Article VIII, Section 8.03. The home occupation shall be clearly secondary to the use of the parcel as a residence. The Home Occupation may take place within any structure on the parcel (ie house, outbuildings, etc.) but

1994 RESULTS

(page 4)

must occupy an area that is minor compared to the area used for living. Only one non-resident may be employed in a home occupation.

This article was voted 274 yes to 176 no. Passed

Article 9. Are you in favor of the adoption of Amendment No. 7 as proposed by the planning board for the town zoning ordinance Article III, Section 3.02 creating a new section 3.02.07 as follows:

To rezone the parcel known as Tax Map 103, Lot 9.1 on the North side of South Street adjacent to property now or formerly owned by Littleton Sand Gravel Co., Inc. so the entire parcel is zoned Commercial I.

This article was voted 316 yes to 137 no. Passed

Article 10. Are you in favor of the adoption of Amendment No. 8 as proposed by the planning board for the town zoning ordinance Article III, Section 3.02, creating a new section 3.02.08 as follows:

To rezone the parcel known as Tax Map 242, Lot 5 on the South side of Rt. 18 adjacent to I-93 so the entire parcel is zoned Commercial III.

This article was voted 282 yes to 168 no. Passed

Article 11. Are you in favor of the adoption of Amendment No. 9 as proposed by the planning board for the town zoning ordinance Article V, Section 5.02 as follows:

To delete the sentence, "In the commercial districts and the R-III zone*, any commercial activity adjoining residential property shall be screened or buffered, if requested by the planning board."

1994 RESULTS

(page 5)

This article was voted 197 yes to 276 no.

Defeated

Before discussion on Article 12, Thomas Campbell made a motion that was seconded by Richard Hill to move that Town Meeting adjour at 11:00PM and another night be announced by Moderator if business is not completed. Passed by voice vote.

Article 12. To see if the Town will vote to approve the cost items included in the collective bargaining agreement reached between the Selectmen and the State Employees' Association of New Hampshire, Inc. Local 1984, Service Employees International Union, AFL-CIO-CLC, which calls for the following increases in salaries and benefits over prior contract:

1. Salaries:	94-95	total additional cost	\$3616.
	95-96	total additional cost	\$7463.
	96-97	total additional cost	\$9083.
2. Fringe Benefits:			
	94-95	total additional cost	\$2523.
	95-96	total additional cost	\$1492.
	96-97	total additional cost	\$1816.

A motion was made by Selectman Ellingwood and seconded by Selectman Taylor to see if the Town will vote to approve the cost items included in the collective bargaining agreement reached between the Selectmen and the State Employees' Association of New Hampshire, Inc. Local 1984, Service Employees salaries and benefits over prior contract. This passed by voice vote.

Town Budget

Article 13. To see if the Town will vote to raise and

1994 RESULTS

(page 6)

appropriate the sum of \$3,899,126 as is necessary to satisfy the purposes specified in the budget as posted, exclusive of warrant articles.

A motion was made by Selectman Taylor and seconded by Selectman Craigie to see if the Town will vote to raise and appropriate the sum of \$3,899,126 as is necessary to satisfy the purposes specified in the budget as posted, exclusive of warrant articles. This passed by voice vote.

Selectman Ellingwood made a motion to discuss articles 35 through 40 out of sequence. This motion passed by voice vote.

Article 35. To adopt the following language for Section 1, IV (b).

(b) The commissioners shall have full charge and control of the construction, management and maintenance of the light and water-works, INCLUDING THE RIGHT TO ACQUIRE RIGHTS OF WAY, EASEMENTS, PERMITS, LICENSES AND OTHER SIMILAR RIGHTS IN THE NAME OF THE TOWN OF LITTLETON AS REQUIRED IN THE NORMAL COURSE OF DAILY OPERATIONS. PROVIDED, HOWEVER, THE COMMISSIONERS SHALL NOT HAVE THE AUTHORITY TO PURCHASE OR SELL ANY OTHER REAL PROPERTY, EITHER IN THE NAME OF THE TOWN OF LITTLETON OR IN THE NAME OF THE LITTLETON WATER AND LIGHT DEPARTMENT. THE COMMISSIONERS SHALL HAVE FULL AUTHORITY TO BORROW FUNDS LIMITED TO FIVE PERCENT OF ITS RETAINED EARNINGS.

The commissioners shall fix rates and make contracts for Water and Light, and may appoint a Superintendent and a Treasurer. The superintendent and treasurer shall furnish a good and sufficient bond to the town to secure the faithful

1994 RESULTS

(page 7)

performance of their duties.

THE BOND SHALL BE A LEGITIMATE EXPENSE OF THE LITTLETON WATER AND LIGHT DEPARTMENT. The commissioners also may appoint other necessary officers, with such powers and duties as the commissioners may from time to time prescribe for them.

A motion was made by Selectman Taylor and seconded by Selectman Ellingwood to adopt the following language for Section 1, IV (b).

(b) The Commissioners shall have full charge and control of the construction, management and maintenance of the Light and Water-works, INCLUDING THE RIGHT TO ACQUIRE RIGHTS OF WAY.

EASEMENTS, PERMITS, LICENSES AND OTHER SIMILAR RIGHTS IN THE NAME OF THE TOWN OF LITTLETON AS REQUIRES IN THE NORMAL COURSE OF DAILY OPERATIONS. PROVIDED HOWEVER, THE COMMISSIONERS SHALL NOT HAVE THE AUTHORITY TO PURCHASE OR SELL ANY OTHER REAL PROPERTY, EITHER IN THE NAME OF THE TOWN OF LITTLETON OR IN THE NAME OF THE LITTLETON WATER AND LIGHT DEPARTMENT. THE COMMISSIONERS SHALL HAVE FULL AUTHORITY TO BORROW FUNDS LIMITED TO FIVE PERCENT OF ITS RETAINED EARNINGS.

The Commissioners shall fix rates and make contracts for Water and Light, and may appoint a Superintendent and a Treasurer. The Superintendent and Treasurer shall furnish a good and sufficient bond to the Town to secure the faithful performance of their duties.

THE BOND SHALL BE A LEGITIMATE EXPENSE OF THE LITTLETON WATER AND LIGHT DEPARTMENT. The

1994 RESULTS

(page 8)

Commissioners also may appoint other necessary officers, with such powers and duties as the Commissioners may from time to time prescribe for them.

This passed by voice vote.

Article 36. To adopt the following language for Section 1, IV (c).

(c) THE COMMISSIONERS SHALL APPOINT A BUDGET ADVISORY COMMITTEE. SUCH A COMMITTEE SHALL HAVE A MINIMUM OF 3 MEMBERS, WHO SHALL SERVE STAGGERED 3 YEAR TERMS. THE INITIAL APPOINTMENTS SHALL BE ONE MEMBER FOR ONE YEAR, ONE MEMBER FOR 2 YEARS AND ONE MEMBER FOR 3 YEARS. THE COMMITTEE SHALL SERVE ONLY TO ADVISE THE COMMISSIONERS ON BUDGET MATTERS. AT THE FIRST - SCHEDULED SELECTMEN'S MEETING IN DECEMBER OF EACH YEAR, THE COMMISSIONERS SHALL PRESENT THEIR PROPOSED ANNUAL BUDGET FOR THE LITTLETON WATER AND LIGHT DEPARTMENT FOR THE NEXT YEAR.

A motion was made by Selectman Craigie and seconded by Selectman Taylor to adopt the following language for section 1, IV, (c.).

(c) THE COMMISSIONERS SHALL APPOINT A BUDGET ADVISORY COMMITTEE. SUCH A COMMITTEE SHALL HAVE A MINIMUM OF 3 MEMBERS, WHO SHALL SERVE STAGGERED 3 YEAR TERMS. THE INITIAL APPOINTMENTS SHALL BE ONE MEMBER FOR ONE YEAR, ONE MEMBER FOR 2 YEARS AND ONE MEMBER FOR 3 YEARS. THE COMMITTEE SHALL SERVE ONLY TO ADVISE THE COMMISSIONERS ON BUDGET MATTERS. AT THE FIRST - SCHEDULED SELECTMEN'S MEETING IN DECEMBER OF EACH YEAR, THE COMMISSIONERS SHALL PRESENT THEIR PROPOSED ANNUAL BUDGET FOR THE LITTLETON WATER AND

1994 RESULTS

(page 9)

LIGHT DEPARTMENT FOR THE NEXT YEAR.

This passed by voice vote.

Article 37. To adopt the following language for Section 1, V.
(b).

(b) THE MEMBERS OF THE BOARD SHALL BE PAID AT THE RATE OF 90 PERCENT OF THE SALARY OF THE SELECTMEN AND THE PRESIDENT OF THE BOARD SHALL BE PAID AT THE RATE OF 90 PERCENT OF THE SALARY OF THE CHAIRPERSON OF THE BOARD OF SELECTMEN. IN NO EVENT SHALL THE PRESIDENT OF THE BOARD BE PAID LESS THAN \$1,800 PER YEAR AND NO OTHER BOARD MEMBER SHALL BE PAID LESS THAN \$1,440 PER YEAR.

A motion was made by Selectman Ellingwood and seconded by Selectman Craigie to adopt the following language for Section 1, V (b).

(b) THE MEMBERS OF THE BOARD SHALL BE PAID AT THE RATE OF 90 PERCENT OF THE SALARY OF THE SELECTMEN AND THE PRESIDENT OF THE BOARD SHALL BE PAID AT THE RATE OF 90 PERCENT OF THE SALARY OF THE CHAIRPERSON OF THE BOARD OF SELECTMEN. IN NO EVENT SHALL THE PRESIDENT OF THE BOARD BE PAID LESS THAN \$1,800 PER YEAR AND NO OTHER BOARD MEMBER SHALL BE PAID LESS THAN \$1.440 PER YEAR.

This passed by voice vote.

Article 38. To adopt the following language for Section 1, V (d)

1994 RESULTS

(page 10)

A motion was made by Selectman Taylor and seconded by Selectman Ellingwood to adopt the following for Section 1, V (d).

(d) THE COMMISSIONERS SHALL DELIVER TO THE SELECTMEN EACH MONTH A LITTLETON WATER AND LIGHT PROFIT AND LOSS STATEMENT, BALANCE SHEET, A REPORT LISTING THE CURRENT FUND BALANCE OF ALL CAPITAL RESERVE ACCOUNTS AND ANY EXPENDITURES AND/OR TRANSFER FROM SAID ACCOUNTS AND A LIST OF ALL PURCHASES BY THE DEPARTMENT IN EXCESS OF \$2,500 EACH MONTH. THE COMMISSIONERS WILL ANNUALLY FURNISH THE SELECTMEN CERTIFIED AUDITED FINANCIAL STATEMENTS UPON THEIR COMPLETION. An amendment to article 38 was approved to read:

THE COMMISSIONERS SHALL DELIVER TO THE SELECTMEN EACH MONTH A LITTLETON WATER AND LIGHT PROFIT AND LOSS STATEMENT, BALANCE SHEET, REPORT LISTING THE CURRENT FUND BALANCE OF ALL CAPITAL RESERVE ACCOUNTS AND ANY EXPENDITURE AND/OR TRANSFER FROM SAID ACCOUNTS AND A LIST OF ALL PURCHASES BY THE DEPARTMENT IN EXCESS OF \$2,500 EACH MONTH. THE COMMISSIONERS WILL ANNUALLY FURNISH THE SELECTMEN CERTIFIED AUDITED FINANCIAL STATEMENTS PREPARED IN ACCORDANCE WITH GENERALLY ACCEPTED COVERMENTAL STANDARDS AND DELIVER THEM TO THE SELECTMEN WITHIN SIX MONTHS OF THE END OF THE DEPARTMENT'S FISCAL YEAR. This amendment passed by voice vote.

Article 39. To adopt the following language for Section 1, VI.

VI The board of commissioners shall have authority to fix

1994 RESULTS

(page 11)

rates for services in the town and to establish such reserve funds as it may deem desirable in the public interest. THE COMMISSIONERS MAY CO-MINGLE MONEYS FROM THE WATER AND ELECTRIC DIVISIONS. THE WATER AND LIGHT DEPARTMENT WILL MAKE A PAYMENT TO THE TOWN OF LITTLETON IN LIEU OF TAXES EQUAL TO ONE PERCENT OF THE DEPARTMENT'S NET DEPRECIABLE ASSETS. THESE PAYMENTS TO BE MADE CONSISTENT WITH TYPICAL PROPERTY TAX PAYMENTS, THAT IS, AN ESTIMATED PAYMENT IN JULY AND A FINAL PAYMENT MADE IN DECEMBER OF EACH YEAR. Any balance of receipts after payment of operating expenses, MAINTENANCE and payment into the reserve funds shall be turned over by the commissioners to the town of Littleton for general expenses of said town.

A motion was made by Selectman Craigie and seconded by Selectman Taylor to adopt the following Section 1, VI.

The Board of Commissioners shall have authority to fix rates for services in the Town and to establish such funds as it may deem desirable in the public interest. THE COMMISSIONERS MAY CO-MINGLES MONEYS FROM THE WATER AND ELECTRIC DIVISIONS. THE WATER AND LIGHT DEPARTMENT WILL MAKE A PAYMENT TO THE TOWN OF LITTLETON IN LIEU OF TAXES EQUAL TO ONE PERCENT OF THE DEPARTMENT'S NET DEPRECIABLE ASSETS. words "the Water and Light Department will make a payment to the Town of Littleton in lieu of taxes equal to one percent of the Department's net depreciable assets as reflected in its most recently audited financial statements, these payments to be made consistent with typical property tax payments, that is, an estimated payment in July and a final payment made in December of each year". This amendment was defeated by standing vote, Yes 26 to No 42.

A substitute motion was made by Edward Hennessey to adopt the following language for Section 1, VI:

THE BOARD OF COMMISSIONERS SHALL HAVE AUTHORITY TO FIX RATES FOR SERVICE IN THE TOWN AND TO ESTABLISH SUCH RESERVE FUNDS AS IT MAY DEEM DESIRABLE IN THE PUBLIC INTEREST. THE ACCOUNTING FOR THE FUNDS WITHIN THE WATER AND ELECTRIC DIVISIONS SHALL REMAIN SEPARATE. THE COMMISSIONERS SHALL HAVE FULL CHARGE AND CONTROL, INCLUDING INTER-DEPARTMENTAL TRANSFERS AS THEY DEEM NECESSARY. THE WATER AND LIGHT DEPARTMENT WILL MAKE A PAYMENT TO THE TOWN OF LITTLETON IN LIEU OF TAXES EQUAL TO ONE PERCENT OF THE DEPARTMENT'S NET DEPRECIABLE ASSETS AS REFLECTED IN ITS MOST RECENTLY AUDITED FINANCIAL STATEMENTS. THESE PAYMENTS TO BE MADE CONSISTENT WITH TYPICAL PROPERTY TAX PAYMENTS, THAT IS, AN ESTIMATED PAYMENT IN JULY AND FINAL PAYMENT MADE IN DECEMBER OF EACH YEAR. AND BALANCE OF RECEIPTS AFTER PAYMENT OF OPERATING EXPENSES, MAINTENANCE AND PAYMENT INTO THE RESERVE FUNDS SHALL BE TURNED OVER BY THE COMMISSIONERS TO THE TOWN OF LITTLETON FOR GENERAL EXPENSES OF SAID FUND. This amendment passed by voice vote.

(page 13)

Article 40. To see if the Town will vote to re-enact Section 1 entitled Littleton Water and Light Department (1903, 225 as amended by 1943, 247; 1948, 389; and 1979, 27) with the changes set forth in article 35 through 39 above, to be effective upon passage by the State of New Hampshire.

A motion was made by Selectman Ellingwood and seconded by Selectman Taylor to see if the Town will vote to re-enact Section 1 entitled Littleton Water and Light Department (1903,255 as amended by 1943,247; 1948,389; and 1927,27) with the changes set forth in article 35 through 39 above, to be effective upon passage by the State of New Hampshire. This passed by voice vote.

Meeting adjourned at 11:17PM.

Continuation of Town Meeting began at 7:00PM on March 9, 1994.

Town Engineer

Article 14. To see if the Town favors the establishment of the position of Town Engineer and to raise and appropriate the sum of twenty two thousand dollars (\$22,000.) to fund the position. (Note: The \$20,000 balance to fully fund the position will come from the professional services account of the Landfill account).

RECOMMENDED BY THE BOARD OF SELECTMEN

A motion was made by Selectman Ellingwood and seconded by Selectman Craigie to see if the Town favors the establishment of the position of Town Engineer and to raise and appropriate the sum of twenty two thousand dollars (\$22,000) to fund the position. (Note: The \$20,000 balance to fully fund the position will come from the professional services account of the Landfill account). This passed by standing vote, Yes 38 to No 19.

NOT RECOMMENDED BY THE BOARD OF SELECTMEN

A motion was made by Ed Kennedy to see if the Town will vote to raise and appropriate the sum of six thousand (\$6,000) for the one time cost of establishing a Wetland Inventory for the Town of Littleton. This passed by voice vote.

Article 43. To transact any other business that may legally come before said meeting. This passed by voice vote.

The total budget voted is \$4,252,953.

BRIDGE STUDY COMMITTEE

1994 REPORT

The Bridge Study Committee, established by the Selectmen in June 1994, met through January 1995 to consider safe access to industry and to residential neighborhoods affected by the Beacon Street bridge. This bridge has been posted for "Passenger Cars Only" since October 1992. In addition to safe truck access to Hitchiner Industries and Amerigas, economics, emergency fire and rescue response, and the impacts of any proposed solutions on the residential neighborhoods were considered.

Since the posting of the Beacon Street bridge, trucks have been forced onto a route through the residential neighborhood on Highland Avenue and down the steep grade of Beacon Street to access the industries. Hazardous material deliveries to these industries are common. There has been at least one potentially very serious accident involving a truck on this route.

The Committee was very concerned with the high cost of constructing and maintaining bridges (as compared to surface roadways), and the relatively close spacing of the existing Beacon Street and Redington Street bridge locations. As a result, the Committee seriously considered elimination of a bridge by substitution of a new access road.

Various alternates, ranging from "do-nothing" through various access road lengths and locations, to construction of a new bridge, and even near term construction of both a bridge and an access road were considered. Repair of the existing Beacon Street bridge to carry the trucks was rejected due to the unsafe geometry of the intersection with Union Street. The potential for a partial repair/rebuilding of the existing span remained in consideration, e.g. to carry pedestrians. However, due to lead paint on the existing bridge, permanent rehabilitation, even for such reduced loading, appears prohibitively expensive.

BRIDGE STUDY COMMITTEE

(page 2)

Issues related to the potentially high cost of constructing an improved or modified crossing of the NH-VT Railroad at Beacon Street, clearances from the gas plant, traffic impacts on residential properties and their values, possible abandonment of the Railroad in the future, and acquisition of right-of-way from current property owners were considered in conjunction with access road alternates.

With safety as a primary concern, and economics as the other major factor, the Committee recommended to the Selectmen that the best option for the Town at this time is to reconstruct the Beacon Street bridge as soon as practicable through the NHDOT bridge replacement funding program. A new bridge would have revised connections to the streets at each end to permit safe turning of trucks. The construction under the NHDOT Bridge program is preliminarily estimated at a cost of \$1,150,000.00 with the Town's share being an estimated \$230,000.00 (20%). The Selectmen have endorsed this recommendation, and have placed an Article on the Warrant to appropriate the Town share of the funds. Passage of this Article will allow the Town to apply for the balance of the funds. It is anticipated that construction would not begin until 1998.

The Committee further recommended that the construction of the access road from the general vicinity of the Beacon Street locations of Hitchiner Manufacturing and Amerigas to the vicinity of Norton Pike Industries on Redington Street and Highland Avenue be incorporated into the next revision of the Town Master Plan. The recommended route for this Access Road is to run generally parallel to the NH-VT Railroad, or within the railroad Right-of-way, should the right-of-way be available.

The following persons served on, or assisted, the Committee. Their service to the Town is appreciated.

SELECTMEN'S REPORT

In September of 1994, we joined the family of Fred Whitcomb in mourning the loss of a fine man. Fred cared for the town of Littleton and deserved the demonstration of affection that filled the church and the streets on the day of his funeral.

On other fronts, 1994 was a year of triumphs. The bridge and the access road to the Industrial Park are under construction. The business economy of Littleton is thriving. The Transfer Station is a model of technology, efficiency and Yankee thrift.

Our new town manager, Mike Farrell (who wonders how long he will be considered "new"), asked the townspeople what they thought of their local government services, and the people told him. Changes have been made in the procedures of some departments, and more will come in 1995.

The Board of Selectmen revised the policy of collecting taxes to allow a payment plan for homeowners and business people who are in the position of losing their property by way of Tax Collector Deed. This change had immediate results in helping some people retain ownership while the town collected the tax on a monthly basis.

Although some people feel intimidated by the process, each meeting of the Board of Selectmen is open to the public, and there is always a time set aside for "Citizens Questions and Concerns." In addition, any one of the Selectmen will respond to a telephone request to add a subject to the agenda.

In my tenure as a member of the Littleton Board of Selectmen, I have led the Parade of Fire Trucks, presented the Boston Post Cane to the oldest resident, stood between two Indian Chiefs, congratulated two Eagle Scouts, and thrown out the first baseball of the Little League season. Thank you to the people of Littleton for your words of support. Thank you Don Craigie and Earl Ellingwood for making my final year on the board an enjoyable experience, and George

SELECTMEN'S REPORT

(page 2)

Hicks was always a fine country gentleman while we worked together.

I have always had a special regard for the people who volunteer to serve on town committees and boards. I hope that good citizens will continue to serve. Town government belongs to all of us. To quote Selectman Taylor when questioned why she ran for selectman, "Somebody had to."

Respectfully submitted,

Kathryn T. Taylor,
Chairman of the Board of Selectmen

TOWN MANAGER'S REPORT

Garrison Keillor, in his weekly radio show, would always begin his monologue with "It's been a quiet week in Lake Wobegone". To paraphrase Keillor, I would have to say, "It's been a quiet year in Littleton", in comparison to the most recent and somewhat tumultuous few years.

I would also have to say it has been a very good year for Littleton. The long sought after 1.5 million dollar Economic Development Grant was approved. The Town's overall economy is healthy and Littleton is leading the North Country and the State in new job creation. Here at Town Hall you can tell our situation is improving just by the increase in the number of new cars being registered and the high percentage at which people are paying their tax bills in full and on time. These are what I consider real leading economic indicators and are far more accurate than anything Wall Street has to offer.

Just because I said it was quiet doesn't mean nothing was happening. In last year's report I told you we would be asking "How are we doing" and that we did. The Town participate in a retail survey in which we discovered among other things the need for a major retail outlet. Accordingly, the Town Promoter made some contacts and a Kmart is in the final planning stages for the Meadow. This has also spawned a multitude of additional developmental activity.

The Town also participated in a Business Visitation Program where our major employers were polled about doing business in Littleton. Not surprisingly they reported things are pretty good but some of their main concerns were a shortage of technically skilled job applicants and the lack of good local air transportation. As a result, plans to upgrade local vocational training are in the works. Air transportation is also being addressed with the appointment of a Littleton Representative to the Mount Washington Regional Airport Commission and

TOWN MANAGER'S REPORT

(page 2)

funding for its support and expansion are planned.

Lastly, and most importantly the first annual town wide survey of its citizens as well as a survey of all Town employees were conducted. The results were gratifyingly positive, with citizens and employees generally satisfied with Town Government. However, many thoughtful and useful comments and suggestions were made and have been passed along to the appropriate departments to be acted on and incorporated in future planning, some of which have been included in this year's Town Budget.

As I complete my first full year as Town Manager, I feel I still have the same enthusiasm with which I started in August of 1993. The cooperation and guidance I have received from the Board of Selectmen has been outstanding, far beyond my highest expectations, and I want to thank them publicly.

Another group of individuals whose importance is often overlooked and understated and who make my job so much easier are the excellent Department Heads and other Senior staff that I have the pleasure of working with on a daily basis. Their level of professionalism and expertise is far above any similarly sized community in the State and at least equal to any of the larger towns and cities. For this we are very fortunate.

Of course I would be in big trouble if I didn't commend the other 30 or so individuals who actually provide the necessary services that are so often taken for granted. The key to their success is the way they cooperate and do the many little things necessary to get the job done right. There is no attitude of "close enough for government work" around here, only pride in doing a good job and great interdepartmental cooperation.

In conclusion I would like to paraphrase Mr. Keillor again by

TOWN MANAGER'S REPORT

(page 3)

saying "that's the news from Littleton...."

Sincerely,

Michael F. Farrell
Town Manager

TOWN PROMOTER
ONE UNION STREET, LITTLETON, NH 03561
(603) 444-2329 FAX (603) 444-1703

As Promotional Coordinator for #11 Best Small Town in America, 1994 has been a very exciting and rewarding year. I had the opportunity to help three new shops move on Main Street and was very active in pursuing a new owner for the Brooks Building which has now been sold.

Another highlight came when I was successful in convincing K-Mart Littleton was the place they should be! When I first spoke with K-Mart the Director of Real Estate for the company said he had visited Littleton years before and although he thought Littleton was a great area he didn't feel we had the market demographics they needed. I quickly told him how Littleton was on the move and backed up our conversation with the Littleton Press Kit I had put together. Within two days I received a call back that they were interested! I am looking forward to the 96,000 square foot K-Mart opening in the spring.

With the new development of K-Mart underway I have spent the latter part of this year studying national surveys that have helped me in developing strategy plans for downtown. All studies show that communities that develop a plan to create a balance between the new development projects and downtown businesses have an economic success story unlike those communities that just let nature take it's course. It really wasn't hard to develop a plan with our jewel, the Littleton Opera House, located right in the heart of Main Street! I have written a business plan, organized a calendar of events and planned a 100th Anniversary Grand Re-Opening for the Opera House.

When I became the Promotional Coordinator for Littleton I was asked to bring two events to the community. The Littleton Area has been my families home for generations so it wasn't hard to bring history into the plan. For the first time in 50 years, Littleton was host once again to Sled Dog Races in

TOWN PROMOTER

(page 2)

1994. The event not only put Littleton on television news broadcasts, in magazines and newspapers, but Littleton's reputation has spread world wide in the winter sporting community! Recently, I met with Commissioner Bartlett of the N.H. Department of Recreation and Economic Development (DRED) and he was very excited about the positive effect this event has had on Littleton and the State of New Hampshire.

The Native American Cultural Weekend united Littleton with the New Hampshire Historical Society, New Hampshire Archeology Society, New Hampshire Council on the Arts, New England Foundation of the Arts, the National Endowment of the Arts and 10,000 visitors. Native Americans came from South Carolina, South America, New Mexico, Vermont, Canada, Connecticut and beyond. Even Tantoo Cardinal, the co-star in Dances with Wolves, the Black Robe, and the only Native American woman in the United States to win the Best Actress Award for her performance in where the River Flows North was with us at Remick Park.

I think Littleton is #11 Best Small Town in America because 11 is twice as good as 1 and I thank you for letting me serve you!

Respectfully submitted,

Nancy Cruger
Promotional Coordinator

TOWN ENGINEER

1994 ANNUAL REPORT

On August 29, 1994, I began my duties as Littleton's first Town Engineer. Educated as a Civil Engineer, I have twenty four years of professional experience, fifteen of which has been in New Hampshire. I am licensed as a Professional Engineer (Civil, Sanitary, and Structural) and a Land Surveyor in New Hampshire, as well as in other states.

A primary focus of my work has been the engineering design and related project administration of the Town's EDA grant for the Industrial Park. This project involves the extension of sewer, water, and power, a sewage pump station, road improvements, rail access, and preliminary improvement of industrial lots.

I performed a study of the proposed Town landfill for Mount Eustis Road, and I recommended that the town drop this project because it is not economical. I also have done onsite surveys and design of interim closure activity at the former landfill. Along with Public Works Superintendent, Larry Jackson, I am analyzing the Town's sewer collection system to determine needed improvements.

Some of the additional projects I have worked on include design of: Improvements to solids handling at the Wastewater Treatment Plant; Barrier-free access to the Town library; Expansion of the Public Works Garage; and a system to permit cleaning and relamping of the Opera House Chandelier.

I have worked closely with the Bridge Study Committee to find the best and most economical solution to the problems created by deterioration of the Beacon Street Bridge. Upon request of the Planning Board I have provided technical input on proposed rezoning and on commercial and industrial development standards. At the request of the Zoning Board I have reviewed commercial development, and at the request

TOWN ENGINEER

(page 2)

of the Recreation Field Study Committee I have provided technical assistance on both specific sites and on general standards for recreation development. I have assisted the Town Planner and Public Works Superintendent with review of proposed development permits, and I have worked with developers' representatives to find the best solutions to such problems as drainage, utilities, and driveways.

It is my goal to provide high quality in-house engineering service for larger projects at a cost well below what the Town would pay to outside consultants. Within the limits of time available from one person, I also have made engineering services available to other Town departments and to Town Boards. This has given them the benefit of the Town having a trained professional on staff to assist with planning, construction, purchasing, operations and maintenance need, or for review of proposals by others. The result has been monetary savings, better Town projects, and better private project evaluations and results.

I have greatly enjoyed my work, meeting with the Town residents, and working with Town personnel and volunteer Boards. I trust that my work for the Town has resulted in benefits well beyond the investment that has been made in my services.

Respectfully submitted,

Robert Pantel
Town Engineer

**TOWN OF LITTLETON
DEPARTMENT OF PUBLIC WORKS**

ANNUAL REPORT

The winter months of 1994 were a very busy time for us. We had to respond to 45 storms that required us to plow or at least treat the roads. We used approximately 5,000 yards of sand and about 800 tons of salt. With that many storms we had to remove the accumulated snow from the streets and parking lots a total of sixteen (16) times. Much of this work is done outside the normal work day but with some creative scheduling and a lot of cooperation from the men the overtime account was only slightly overspent. The bitter cold also required us to use our steam jenny on 27 days to help thaw frozen sewer lines.

When spring finally got here it came fast and so did mud season. Mt. Eustis, Hubbard and Brickyard roads were hit the worst with many yards of stone and gravel needed to repair the roads.

Summer repairs started with sand clean-up. Because of the severity of the winter the clean-up took a lot longer than usual. Hill Top and Partridge Lake Road were resurfaced, culverts replaced and ditches cleaned as part of our annual road improvement program. I would like to thank the residents of those roads for their patience and cooperation during the construction.

A new sidewalk improvement program was started. Each year we plan to repair, resurface and assure handicapped accessibility to the areas that need it the most until we have covered all existing sidewalks.

Over the last four years members of the department have participated in a Plow Rally and Safety Seminar sponsored by the N.H. Municipal Association. Competition is held in simulated plowing and Littleton's team of Bob Fenner and Tank Sylvestere has won the competition for several years in

DEPARTMENT OF PUBLIC WORKS

(page 2)

a row now and what makes this special is the contestants compete with a big wing plow which until this past winter Littleton has never owned or used.

The Department formed its own safety committee and members have inspected the Highway Garage and the Transfer Station discovering potential hazards and correcting them. The Committee meets on a regular basis to help maintain a safe work environment. We will begin working with the other departments to set up a Town wide safety committee.

As in past years the Public Works Department has worked very closely and has received a lot of cooperation from the Police and Fire Departments as well as Water and Light. I thank them very much and look forward to working together in the future,

Finally I would like to congratulate a valuable member of this department, Tony Ilacqua for being named "Citizen of the Year" by the Chamber of Commerce.

Respectfully Submitted

Larry Jackson
P.W. Superintendent

The flower bed at the recycling/transfers station.

RECYCLING/TRANSFER STATION
Mt Eustis Road, Littleton, NH 03561
(603) 444-1447

1994 Marked the first full year of operation for the transfer station. In excess of 61% of all solid waste entering the transfer station departed as recyclable. This amount far surpasses the goal of 40% set by the state for the year 2,000.

Technological break through in the manufacturing of goods from recycled material, coupled with increased demands for these goods has had a positive effect on recycling world wide. Revenues to the Town from the sale of recyclable topped \$24,000 in 1994. This can be attributed to increase demand for recyclables along with the large volume passing through the transfer station.

The list of items that can be recycled in Littleton continues to expand. There has never been a retraction from this list. The biggest additions occurred in the area of paper fiber recycling, many paper items such as cereal box type material and related fibers were added to the recyclable list. Virtually all clean paper can be recycled through Littleton's program. Intensive recycling was also introduced in 1994.

The out look for 1995 is excellent at least two more plastic items (#4 & #6) will be added to the recycling list. A full scale effort to increase the business recycling list. A full scale effort to increase business recycling is under way. This program is being made possible through a grant awarded to the Northeast Resource Recovery Association of which Littleton is a member. Littleton is one of three towns nation wide chosen to participate in this pilot program.

With the cooperation of the EPA and the State of New Hampshire an ongoing paint recycling program will be in place by mid to late April 1995.

The Transfer Station will continue in it's efforts to reduce the

RECYCLING/TRANSFER STATION

(page 2)

amount of waste which now goes into your trash bag.

White Mountain school students and members of Boy Scouts Troop #209 performed many hours of volunteer work at the Transfer Station. Many of the improvements to the grounds and building can be attributed to their help.

Following the lead of the federal and state governments the Town has undertaken a "buy" recycled program, which enhances our purchasing to products with recycling content. This program is not only cost effective but it also helps close the recycling loop. Citizens and business are urged to buy recycled whenever possible.

Remember, by recycling you save money and help to increase town revenues.

Respectfully Submitted,

Anthony Ilacqua
Recycling/Transfer Station Manager

ANNUAL

REPORT

LITTLETON POLICE DEPARTMENT

(page 2)

I feel that it is only fitting to begin this Annual Report by extending my personal wishes for a very happy and safe New Year. I would also like to thank everyone for your continued support during the past year.

Many changes in personnel have taken place since our last report. Sergeant Mikel Dyne, a twelve year veteran, resigned in January to pursue other job opportunities. Officer Todd Landry, seven year veteran, resigned his position in order to continue his Law Enforcement career with the New Hampshire State Police. Finally, our Secretary/Dispatcher, Thurita Grammo, resigned and has since moved to New Mexico with her husband Frank. We wish them continued success and much happiness.

I would like to welcome two new Patrol Officers to the Department. Officer Bob Magoon, formerly of the Franconia Police Department, has four years experience. Officer Dave Boulanger, was promoted from our part-time ranks, and graduated from the 104th Police Academy.

Mrs. Patricia Greco has undertaken the responsibilities of being our daytime Secretary/Dispatcher. All three of these individuals should be a great asset to the Department.

Corporal Mike Devine was promoted to the rank of Sergeant and Officer Donald Marsh was promoted to the rank of Corporal. Both Officers are extremely well qualified for their new positions and should do an exceptional job for the town.

The format for this year's report is slightly different from years past in that I've asked several officers to share with you some of the activities that they have been involved with during the past year.

LITTLETON POLICE BIKE PATROL

Bike Patrol - left to right: Officer Dave Wentworth, Officer Bob Magoon, Barry Fields, owner of the Littleton Bicycle Shop, Officer Sue Bourque, Officer Mike Devine and Officer Paul Smith.

The weekend of July 4th, 1994 was a memorable occasion for the Littleton Police Department. Some of you with scanners heard a pursuit involving a reckless driver, a police cruiser and two bicycle patrol units - Yes, cops on bicycles! The patrons of the town's 4th of July celebration were able to view the Police Mountain Bicycle Patrol for the first time. Since our first day out, the favorable reaction to the Bicycle Patrol has been growing steadily.

The Littleton Police Department Mountain Bicycle Patrol did not happen overnight. After learning of Police Bicycle Patrols, I felt it would benefit our town. I approached Chief

LITTLETON POLICE BIKE PATROL

(page 2)

Babin with the idea and he agreed. I was then required to take a one week course at Police Standards and Training where I received schooling from some of the best educators in the field of Police Bicycle Patrols Tactics in the country. Upon completing this course, I had to condense it and educate the other officers of the Littleton Police Department who were interested in working the Bicycle Patrol. This included not only teaching them the concept of Police Bike Patrols, but also the best ways to ride and utilize the bike. They learned, as I had while taking the course, that with a 21 speed mountain bike, a patrolman has the advantage of speed, maneuverability and stealth as compared to an officer on foot patrol. Unlike the officers who rode 10 speed touring bikes in the 70's and whose main purpose was to write parking tickets, the patrolman of your town can enforce the law effectively and economically with the added benefit of keeping themselves healthier.

With the Bicycle Patrol we are able to expand our means of law enforcement and serve our community in a more efficient manner. The Bike Patrol not only aids in keeping our streets safe, it also creates positive role models for the youths in our community who have bicycles.

The Bicycle Patrol was established entirely without public funds. Even before most of you saw the Bicycle Patrol, some members of your community made sacrifices to give the town of Littleton this new level of law enforcement. Most of the people involved donated money, however, some of them donated equipment such as our bicycle, the lighting system and our "duty gear". The patrolmen paid for the rest with their clothing allowance.

The members of the Littleton Police Department Mountain Bicycle Patrol would like to thank you for supporting us and giving us the opportunity to serve you this way. We are now able to meet more of the towns people face to face, instead of

LITTLETON POLICE BIKE PATROL

(page 3)

viewing you from a couple thousand pounds of steel, traveling at 30 mph. Because of you, we stand above our neighboring communities. See you this summer!

Sincerely,

Officer Paul J. Smith
Littleton Police Department
Mountain Bicycle Patrol

LITTLETON POLICE JUVENILE REPORT

Officer Sue Bourque, Juvenile Officer, Littleton Police Dept. speaking with two Juvenile's about the Juvenile law.

I was appointed as the Department's Juvenile Officer December 15, 1993. My added responsibilities include working closely with the Littleton School system, the Division of Children, Youth and Families, including Juvenile Service Officers, White Mountain Mental Health, as well as the Domestic Violence Support Center. I am the petitioner for all juvenile complaints and I am available to members of the Littleton Police Department as well as members of the public for consultation on handling juvenile offenders and young persons with problems. Being the petitioner on complaints allows me to work directly with the Littleton District Court, its Judges and Clerk of Courts. I also prosecute all the juvenile complaints.

During the past year I have attended numerous conferences and seminars. These include: H. Stephen Glenn's,

LITTLETON POLICE JUVENILE REPORT

(page 2)

Developing Capable People, a three day leadership training seminar which dealt with reducing conflict, encouraging self-esteem, communication, improving discipline, motivation and morale. The New Hampshire Conference on Family Violence, The second Annual Conference on Child Abuse, sponsored by the Attorney General's Task Force on Child Abuse, and last but not least, I had the opportunity to attend the Multidisciplinary Child Abuse Response Team Training which was advanced training for professionals working in child abuse investigations, prosecution and treatment.

I have also been active with the Littleton Area Wrap Around Services Team which is established to foster communication, collaboration, innovation, and responsible use of resources; Respond proactively to community needs; Maximize the safety of the community and its children through early identification of individual and family needs; Develop responses which are comprehensive, coordinated and community based; Provide services in a manner which include families in the planning process, respects the dignity and integrity of the family, and builds on strengths and identify community issues of general mutual concern to the participating agencies.

This year the Littleton Police Department has had the opportunity to receive many stuffed animals from citizens within the community and the surrounding area. I'd like to take this opportunity to thank everyone for their continued support of the Adopt-a-Teddy-Bear Program. I also received several Hug-a-Bears from the Telephone Pioneers of America. The Telephone Pioneers are active and retired employees of the telephone industry. They were founded in 1911 and spend hundreds of hours volunteering in community projects. Hug-a-Bears are made with love and are distributed to fire, police and emergency personnel to help children in traumatic situations. The stuffed animals and Hug-a-Bears are made available to all officers and are frequently given to

LITTLETON POLICE JUVENILE REPORT

(page 3)

children and sometimes adults to help them in crisis situations such as car crashes, domestic violence and yes, sometimes child abuse. Many thanks go to the Telephone Pioneers for their continued support.

Respectfully submitted,

Officer Sue Bourque
Juvenile Officer

LITTLETON POLICE EXPLORER POST #209

Littleton Explorer's Program

Back left to right

Exp. Danny Gerlach, Exp. Doran Wentworth, Ptl. Doug Brown, Exp. David Babin, and Exp. Tim Hobbs

Front left to right

Ptl. David Wentworth, Advisor Roy Fulford Jr., Advisor Jane McAlpin, Exp. Nicole Miller, Exp. George McAlpin and Ptl. Paul Smith

What is an Explorer Post anyway? Good question. Explorer Posts are a division of the Boy Scouts of America for young men and women ages 14 through 20. These posts specialize in a variety of career and recreation programs, in our case it's Law Enforcement. There are more than 33,000 young adults in Law Enforcement Explorer Programs organized by over 1,800 different local law enforcement agencies.

LITTLETON POLICE EXPLORER POST #209

(page 2)

Now with that said, here is some information on your local Explorer Post. The Littleton Police Explorer Post was organized just over a year ago and is being led by Littleton Police Officers Paul Smith and David Wentworth, with the assistance of Roy Fulford, Jane McAlpin, Sgt. Michael Devine, and Special Officer Douglas Brown. The Post members designed and recently manufactured their own uniforms with money they earned themselves. They are currently making plans to earn money in order to take field trips to various other law enforcement agencies.

The purpose of our post is to provide a program that combines a hands on learning experience with community service. We have attempted to developed a program that is fun as well as instructional.

Although our post focuses primarily on teaching young adults law enforcement skills, our goal is to assist our post members in attaining the skills needed to build good character, develop leadership skills, and to encourage personal growth.

Respectfully submitted

Officer David D. Wentworth
Littleton Police Department

D.A.R.E.

Sgt. Michael Devine, D.A.R.E. Instructor. Mrs. Perry's 5th grade. Lakeway Elementary School.

After five years of teaching D.A.R.E. to the Littleton and Bethlehem Elementary School children, I welcome the addition of Officer Magoon as a D.A.R.E. Instructor

I know he will enjoy the interplay with the school children as I have. I intend to keep teaching some of the classes and assist him in any way I can. Having said that, I will let Officer Magoon tell you in his own words how he feels and what the goals of D.A.R.E. are. Again, welcome aboard Bob, and good luck.

Respectfully submitted,

Sgt. Michael Devine
Littleton Police Dept.

D.A.R.E.

(page 2)

1994 was a very satisfying year for me as a police officer. In January I was sworn in full time for the Littleton Police Department. One of my goals in law enforcement has always been to become a D.A.R.E. (Drug, Abuse, Resistance, Education) Instructor. In September of this year I was selected to attend the 7th class of the New Hampshire State Police D.A.R.E. program. This program is a two 2 week, ten to twelve hour a day classroom type school. This training is the most difficult and most rewarding training I have ever received in my four years in police work.

The D.A.R.E. program was started in Los Angeles in 1983 and is now worldwide. It has helped millions of kids just say "NO" to drugs. D.A.R.E. is targeted toward 5th and 6th grade students to help teach them about the dangers and consequences of drugs and alcohol. It also teaches them how to deal with peer pressure and how to build self esteem.

D.A.R.E. is a seventeen week long program which includes lectures, videos, cooperative learning skills, role playing by the students and a workbook that the students must complete to graduate. The students then participate in a very special graduation in front of family and friends, local town officials, teachers and the student's peers. The graduation highlights on the accomplishments and goals that they may have set for themselves through the year.

Many communities do not have the D.A.R.E. program in their schools. I would like to take this opportunity to thank the Littleton School District and the Littleton Police Department for giving me the opportunity to teach D.A.R.E.

Respectfully Submitted

Officer Robert L. Magoon
Littleton Police Department

LITTLETON SPECIAL POLICE OFFICERS

Left to Right
Keith Cosentino, Jeremy Craigie, Doug Brown, Ann Place and
Bing Clark

The Special Officers in Littleton provide a wide range of service to the town and the Police Department. These officers are all certified through the New Hampshire Police Standards and Training Council in Concord. They receive mandatory training annually through various law enforcement agencies and seminars.

These officers have the same authority to enforce the laws as a full time officer. The only restriction these officers are bound by are the total amount of hours they can work in a calendar year. Not to exceed 1300 hours.

When they are not working for the Police Dept. these officers are still active in the community. They are employed by local business' and most are parents with school age children. The

LITTLETON SPECIAL POLICE OFFICERS

(page 2)

special officers are Doug Brown, Keith Cosentino, Harry "Bing" Clark, Tim Cliche, Ann Place and Jeremy Craigie.

These same officers, just like the full time officers are out on the streets and in your neighborhoods. Whether writing speeding tickets, arresting D.W.I.'s or making drug arrests, they are on the job.

They not only provide coverage for local events, like parades, high school athletic events, dances and dog sled races, they also provide added shift coverage during busy seasons.

In addition, they fill in for the full timers when they are out sick or on vacation.

These officers are held to the same standards as the full time officers. The specials officers in Littleton are proud to serve the community and they will for years to come.

As the full time officers say about us, "this Department would not survive without the Specials".

Respectfully submitted,

Douglas W. Brown
Special Officer

LITTLETON POLICE DEPARTMENT

(page 3)

I certainly hope that you have found this year's report to be both informative and interesting.

I am extremely proud to have a devoted group of men and women who unselfishly give of themselves to not only make this a better department, but a safer community as well.

With Best Regards,

Louis P. Babin
Chief of Police

LITTLETON FIRE DEPARTMENT
WEST MAIN STREET, LITTLETON, NH 03561
(603) 444-2137 OR (603) 444-2218 FAX (603) 444-1703
EMERGENCY 9-1-1

1994 Has been a year of peaks and valleys for the Littleton Fire Department. We have seen our interest, enthusiasm and training at an all-time high, and have endured the death of our Chief which, without a doubt, was a low point that we hope will never have to be endured again.

It has been a year of big and little fires, and fortunately little fires have far outnumbered the big ones. Although, despite their magnitude all fires are a devastating experience for those involved. To these tragic experiences, we have dedicated ourselves, and we will seek to initiate an enhanced effort in minimizing the potential for such occurrences in the future. Without a doubt the best, and most effective, form of firefighting is prevention. All the members of the Littleton Fire Department will be making a concentrated effort in the coming months and years to make Littleton a model in fire prevention through education and inspection. The tax dollars, personal property, and probable lives saved will certainly make this endeavor one of the most worthwhile in which this community has ever participated. However, it does require total community cooperation and commitment, and we do look forward to, and assume your participation.

Speaking of fire prevention and education, I would like to make you all aware of the success of our program that is conducted annually in the local school system. On two occasions during the past year local students have made the difference between a total loss of property and only minimal damage. In both instances their alertness to smoke detector alarms, and proper notification allowed a timely response by fire personnel and the subsequent rapid extinguishment prior to a full-blown conflagration. We highly commend these students, **Spencer Roy, Jason Blodgett, and Shawn Coffield** for their alertness and responsibility, and would like

LITTLETON FIRE DEPARTMENT

(page 2)

to thank the Staff and Administration of the School District for allowing us to put on our programs each year.

Although not an all-time high, we responded to 228 fire calls during 1994. Due to our present department configuration, members of the Call Company responded to each and every incident to which the Department was called. It is with a great deal of pride that I tell you that Littleton has the most highly trained department in our area. This statement applies to both our full-time and call firefighters. I can assure you that their training and abilities make them comparable to any other fire department in our State. We all should be most proud of these individuals, their initiative and most importantly their untiring dedication to this community.

Our "Toys for Joy" program was again a success this year. We were privileged to contribute toys and other Christmas gifts to more than 100 families in our Town, the majority of which would not have had any items under their tree come Christmas morning.

Firefighter Charles E. Tuck retired December 31 after serving the department and the Town for 28 years. Charlie will certainly be missed, but we certainly wish him the very best and success in the future

Having just recently assumed the position of Fire Chief, I have been a call-firefighter and Officer in this department for 30 years, and I will seek to continue in the path initiated by my predecessor. Although this report may be a bit out of the ordinary, this entire year has been far from ordinary. I am looking forward to a productive year, welcome your input, and do hope that many will visit us at the station. We will be seeking to make ourselves more visible within the community, and want to emphasize that we are out there to be of assistance to you and to help in every way we can to make this a fire-safe town. All our efforts are geared and aimed at serving you in a sincere and professional manner.

LITTLETON PARKS AND RECREATION

1994 ANNUAL REPORT

1994 was once again a busy year for the Littleton Parks and Recreation Department as we continue to improve and expand the facilities to meet the current needs and prepare for the future.

The site work at the Norton Field has been completed. This will give us a badly needed softball and soccer field. Fencing is scheduled for this spring. A building with restrooms, storage, and a concession area is also scheduled for completion this summer. This project, as well as the new fencing around the Little League Field Remick Park, is a joint venture with Littleton Babe Ruth League.

All new fencing has also been completed at Aphorp Common. The seating area at the pool was expanded so there is now a place to sit out of the sun.

The Friends of Remick Park have continued to upgrade the playground facility with the addition of swings. Two new park benches were purchased with funds donated in memory of Joseph Duranty. The restoration of the gazebo was completed thanks to the generosity of the Lahout family in memory of Gladys Lahout.

Remick Park was used for many events this year including Native American Cultural Weekend, Roberts Brothers Circus, the King and His Court, D.A.R.E. party and the Fourth of July Celebration.

A new full-time summer program and after school program was added to meet the needs of the Littleton youth. We would like to thank Charlene Cowens for all her efforts in getting this new program going. We continued to offer swimming and tennis lessons along with our summer recreation program.

LITTLETON PARKS AND RECREATION

(page 2)

In closing, we would like to thank Brien Ward from the Littleton Babe Ruth League, Lucy Magoon from the Littleton Garden Club, Park Superintendent Brian Lineman, Recreation Director Allan Smith, Pool Supervisors Amy Aubin and Kelly Hart, and the many others who contribute to the improvement and development of Remick Park. Your efforts are truly appreciated.

Your in Recreation,

Stephen Costa
Robert Whitcomb
James Lindorff

LITTLETON ZONING BOARD OF ADJUSTMENT

The Board of Adjustment had a busy year, meeting a total of eighteen times and hearing thirty-three cases. This was a slight increase from the twenty-eight cases heard in 1993. Of the thirty-three cases, nineteen were Special Exceptions, twelve were Variances, and two were Appeals of Administrative Decisions. Eighteen of the Special Exceptions were granted and one was denied. Ten of the Variances were granted, and two were denied. Both Appeals of Administrative Decisions were denied.

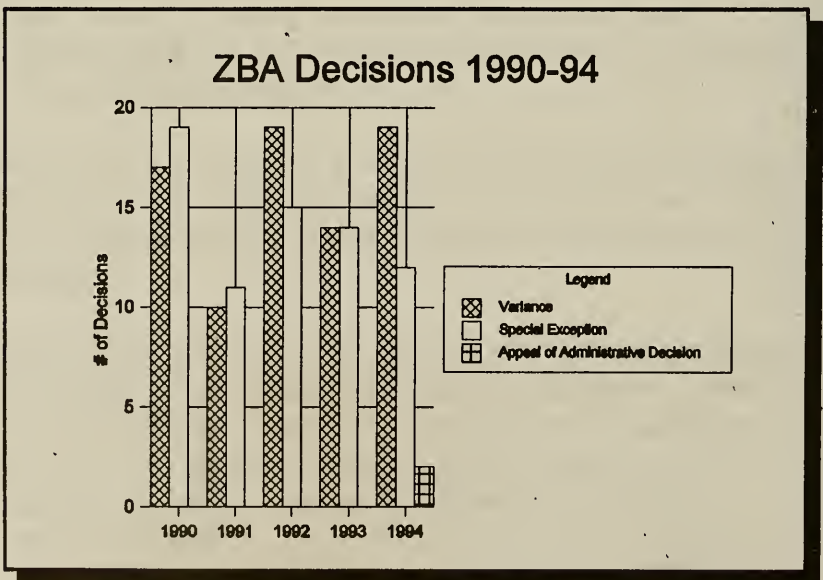

Board members attended the Municipal Law Lectures, sponsored by the New Hampshire Municipal Association, in order to further their understanding of complex planning and zoning laws. The lectures are held on an annual basis at the Littleton Opera House, discussing different topics each year.

The Board currently consists of five full-time members, and one alternate. All members are volunteers and frequently attend two meetings a month sometimes lasting as long as three hours each. If you are interested in serving on the Zoning Board of Adjustment, please contact the Town Planner at 444-7078. Your name will be forwarded to the Zoning Board and the Board of Selectmen.

Respectfully submitted,

Eddy Moore, Chairman
Mike Lombardi, ViceChairman
David Merrill

Tom Berry
David Crowell
Ron Hemenway, Alternate

LITTLETON PLANNING BOARD

The Planning Board met a total of 22 times in 1994, hearing fifteen cases resulting in the creation of 20 new lots and 5 lot line adjustments or boundary line agreements. While the number of applications that came before the Board did not change from last year, the Board is confident that growth continues to occur at a healthy rate. As anticipated last year at this time, there was a substantial increase in building permit activity from 1993 to 1994.

There were 88 building permits granted in 1994, 22 more than in 1993. There were 10 permits granted for the construction of new homes, 15 permits for the placement of new mobile homes, 55 permits for additions/alterations (a 83% increase from 1993 figures), 6 permits for demolition or moving a structure (not including structures moved when a new structure was erected), and 2 permits for the construction of a fence.

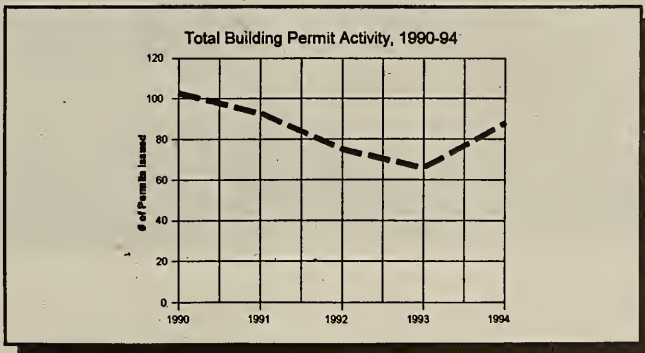

The Board is continuing efforts to update and revise the Littleton Master Plan. This updated document, once adopted by the Planning Board, will serve as a framework for future development and planning studies. An updated Master Plan will also help keep the Town eligible for certain types of state and federal funding.

The Planning Board consists of six volunteer members and one Selectman and one alternate member. If you are interested in becoming an alternate member of the Board, please contact the Planning and Zoning Office at 444-7078. The Town Planner will forward your name to the Planning Board and the Board of Selectmen. Alternates sit as voting members when there are not enough full-time members, and fill vacancies, becoming full-time members, when an existing member resigns or his term expires.

Corporal Donald Marsh at the Summer Reading Program.

LITTLETON PUBLIC LIBRARY
109 Main Street Littleton, NH 03561
(603) 444-5741

With donations from Fleet Bank, New Dartmouth Bank and Woodsville Guaranty Savings Bank, and a grant from the Irene and Hugh Gallen Special Children's Fund of the Northern New Hampshire Charitable Foundation, the Library Quest after-school program for students in grades 3-6 was initiated. Jo-Ann Brusseau Baker, former teacher at Lakeway Elementary School, and Children's Librarian, Steffaney Highland organized the activities. Twenty children gathered upstairs for homework help, library skills, crafts and service projects.

Kathryn and Ellen continue to visit the Lane House twice a month to take books to people who are unable to get into the library. This service has also provided a means for the tenants to get to know each other better. They exchange favorite authors, and give honest ratings of some of the best sellers.

This year Littleton was the first library in the state to offer descriptive videos to people who have difficulty seeing. Each popular film has a voice dubbed in that describes the action and the facial expressions without interrupting the dialogue. It allows families to watch movies together without the sight-impaired viewer having to ask questions all the time.

Brian Lineman, from the Littleton Parks and Recreation Department designed and built seven bookcases for the children's room. Delivery and placement upstairs took the combined brawn and strategy of several off-duty Littleton Police Department officers: Mike Devine, Paul Smith, Bob Magoon, Dave Wentworth, Jeremy Craigie and Doug Brown.

The title of the six-week summer reading program was, "Go Under Cover With Books." The theme was mysteries and the Littleton Police Department added authenticity by fingerprinting children and demonstrating the new bike patrol.

LITTLETON PUBLIC LIBRARY

(page 2)

There were 176 readers who completed 4009 books. We had 18 middle school volunteers who recorded the books read by younger children.

Memorial Funds were established for two well-known Littleton figures, John Spencer and Doug Garfield. The fund for Doug Garfield will be used for children's programs.

We were lucky to recruit Margaret Gale as part of the library staff. She brings a love of books, a vast knowledge of Littleton and a quiet helpfulness that charms everyone.

Volunteers continue to provide us with help in shelving returned books, processing new books and doing the usual "all other tasks as necessary." Thank you: Niki Richey, Bea D'Etcheverry, Dot Pennock, Denise Brintle, Tammy Hastings, Nancy Cuddihy, Dominique Paulus Warner, and Gwen Howe. A special welcome goes to our newest volunteer, Eschol Goodell, the former Lakeway librarian.

The Board of Library Trustees responded to suggestions from the public to extend evening hours. The new hours are: Tuesday, Wednesday 9:30-8:00; Thursday, Friday 9:30-6:00; Saturday 9:30-12:00; closed Sunday and Monday.

The librarian was elected to the Board of Selectmen in 1992, an election which was challenged but finally upheld by the N.H. Supreme Court. "It is true that the town's Board of Selectmen fills a vacancy in the office of library trustee by appointment...the doctrine of conflict of interest, however, is not equivalent to that of incompatibility of offices...The defendant has publicly declared that she would abstain, as selectman, from voting to fill a vacancy in the library board, should one occur. Such abstention would defuse that possible conflict of interest...We hold that the defendant's simultaneous employment as librarian and service as town selectman do not violate the common law doctrine of

LITTLETON PUBLIC LIBRARY

(page 3)

incompatibility of offices."

1994 TOWN REPORT

1994 was a significant milestone in the Department's efforts to continue to improve electric and water system reliability, and meet increasing demands and expectations of the Town. Energy consumption rose to 62,973,000 KWH from 57,660,000 KWH in 1993, a 9.2% increase. Record peaks were likewise recorded in demand charges, up nearly 8.8% from 1993. Residential water consumption was up 5.6% in 1994 and system overall demand was up 4.9% to 23,648,000 gallons in 1994. Partially because the Town has a gravity water supply and we do not have to pump water, the increased water consumption and revenues allowed us in part to pass on another 5% water rate reduction in January 1995. In response to system growth, the Department was again heavily involved in a capital improvement program to upgrade the electric and water infrastructure systems.

ELECTRIC

In 1994 the Department successfully negotiated with the New England Power Company to improve their system; provide additional services to the Department; and maintain stable electric rates for the next two years. New England Power agreed to and constructed a recloser at Pattenville to prevent single phasing and damage to our retail customers individual electric systems, such as to computers and motors. In 1995 they have agreed to split their Moore Station transformer so that Littleton can be supplied with redundant power. New England Power will also be providing free demand side management energy audits and power quality monitoring to our largest customers in 1995 and 1996, as well as assisting in providing training for our employees and sharing of equipment. Under a new wholesale rate tariff submitted to the U. S. Federal Energy

LITTLETON WATER AND LIGHT DEPARTMENT

(page 2)

Regulatory Commission in December 1994, wholesale electric rates will not increase to Littleton in 1995 and 1996 and wholesale discounts will be offered to our largest customers retroactive to January 1995 to retain load on our system. In 1994 the Department replaced undersized conductor wire on the 34.5 KV line at two interstate crossings and around a large wetlands area. Also, the 34.5 KV transmission line and pole structures dating back nearly 50 years was replaced with new 477 conductor wire, insulators, hardware, and pole structures from the South Street substation to Lafayette. Now 477 conductor wire is in place from Pattenville all the way to Lafayette. To facilitate construction of the new industrial park access road, extensive relocation of electric distribution was undertaken on Bridge Street, the old Dump Road and the lower end of South Street. The Department completed construction of the high side aluminum structure and hardware at the Burndy substation. We are also planning in 1995 to replace the Burndy substation distribution side structure; install a larger capacity Burndy transformer; and rebuild the South Street substation high side structure so that by the end of 1995 all four substations will have been completely rebuilt. Meadow Street, Rte 302, and portions of downtown electrical can then be shifted from Partridge Lake to the in-town substations. System reliability should be improved and the potential for outages lessened.

WATER

In January 1994 the new treatment disinfection and corrosion control facility at the Gale River went on line, which placed Littleton in compliance with the Safe Drinking Water Act. As part of the project an extensive monitoring and radio telemetry alarm system was put in place. Also, daily testing of raw and finish water quality was begun. To date the new system has worked very well and we continue to be in compliance with the new "enhanced" Federal Safe Drinking

LITTLETON WATER AND LIGHT DEPARTMENT

(page 3)

Water requirements. If the good raw water quality from the Gale continues, we should be able to meet the increasingly rigid federal water standards for many years. Presently, we are working with the Town to have water quality testing completed at the wastewater laboratory in 1995 so that we can actually measure bacteria in the water distribution system, instead of maintaining high disinfectant residual levels which has led to bleach odor complaints.

Significant improvements to the water distribution systems were made in 1994 with construction of a new eight inch water line connecting West Main Street and Meadow Street along the Dells Road. The 1.5 million gallon Mt Eustis reservoir was tied in directly to Meadow Street and the Bridge Street area with a 10 inch water main along the industrial park access road and bridge. System loops were also completed in the industrial park which will increase system reliability. Altogether nearly 9,000 feet of eight and ten inch main were placed in 1994. Loop feeds will also improve water quality by keeping water flow moving and improve fire protection to the west side of Town. Four pressure reducing vaults were constructed on the system in 1994 to protect existing water main piping and users from water hammer and over pressurization. Two vaults were located on the Gale River transmission main, one at the Industrial Park and the fourth to protect the system on Route 302 South at the Dells Road. In 1995 we hope to continue replacing small diameter galvanized pipe, shallow water mains and hydrants, and shallow water services. In 1994 the Department had to resort to thawing water services as freeze-ups were very prevalent in February and March due to the open winter and cold temperatures.

In 1995 the Commissioners believe the outlook for the Department continues to be very positive with stable water and electric rates. Hopefully a new three year union contract

LITTLETON WATER AND LIGHT DEPARTMENT

(page 4)

tentatively agreed to in 1994 will also bring stability to the Department in the coming years. We would like to thank Budget committee members Stan Fillion, David McLure, Steve Costa, Ralph Ross, Don Craigie, and Superintendent Ed Betz, for their assistance in preparation of the 1995 Budget. Also, we appreciate the continued assistance of Larry Jackson and the Highway Department crew for their assistance especially during water main break repairs. A special thanks and appreciation should be made to our employees who have strived to maintain quality customer service and to Ralph Ross whose input has been valued and who is retiring from the Board of Commissioners in 1995. We invite your participation in Commissioners meetings which are held the first and third Monday of the month and in the Budget process in the fall.

A copy of the Water and Light Department's audited 1994 financial statement will be available at the Department offices in mid February and furnished to all interested citizens upon request.

Respectfully submitted,

Ed Hennessey
Don Craigie
Ralph Ross
Board of Water and Light Commissioners

ANNUAL TOWN REPORT
OF THE
CONSERVATION COMMITTEE

1994

During 1994 the Conservation Commission was quite busy. Beginning last January we begin to petition for a warrant article. This warrant article was for \$6,000 and would allow us to conduct a Wetland Survey for the Town of Littleton. We are happy to report that at the Town Meeting in March 1994 our warrant article was approved by the voters and we wasted no time in contracting the job.

Our survey is complete and we are now in a position to perform meaningful Wetland evaluations within the town's boundaries.

We performed about 4 site reviews this year, including one pertaining to the Industrial Park Access Road and we are currently reviewing the proposed K-Mart site plan for its wetlands impacts.

We have tightened up our administrative control with our filing and logging of permits and our correspondence to town residents and the Department of Environmental Services in Concord.

We have formed a subcommittee to propose, review, and implement improvements at the Dells Park. Some of which have occurred in 1994, such as the replacement of the fence over the dam embankment, as well as the construction of a footbridge over the brook. These improvements were done with the assistance of the Cub Scout Pack #209 from Littleton and we would like to take this opportunity to thank them.

Also we would like to point out our newest member, Gwen

RIVERBEND SUBCOMMITTEE OF THE CONNECTICUT RIVER JOINT COMMISSION

1994
ANNUAL REPORT

The Riverbend Subcommittee of the Connecticut River Joint Commissions has met monthly to work on its river corridor management plan and to advise the states of New Hampshire and Vermont, the federal government, and its parent group, the Joint Commissions, on local matters affecting the Connecticut River.

This advisory group, formed in January 1993 under the New Hampshire Rivers Management and Protection Act, includes riverfront towns from Lancaster to Haverhill in New Hampshire, and Guildhall to Newbury in Vermont. By law it is composed of members who represent local government, local business, agriculture, recreation, conservation interests, and riverfront landowners. The Subcommittee is advisory and has no regulatory powers. The Selectmen of Littleton appointed Peter Poulsen and Carleton Schaller Jr. as its town representatives.

This year the Subcommittee met with members of the U.S. Fish and Wildlife Service to learn about the proposed Conte Refuge and to urge that the Service not propose a plan which would take local farmland out of production.. The Subcommittee reviewed a draft discharge permit for the Simpson Paper Company in Gilman and an application for a streambank stabilization project in Haverhill.

To assist the Joint Commissions in educating local boaters about existing boat speed laws and the threat of zebra mussel infestation, Subcommittee members distributed information and posted signs. The Connecticut River is considered the most vulnerable waterway in all of New England to inroads by the zebra mussel, and the Subcommittee requests all boaters who have visited New York or Lake Champlain to discard bait and allow their boats

RIVERBEND SUBCOMMITTEE OF THE CONNECTICUT RIVER JOINT COMMISSIONS

(page 2)

to dry for 48 hours before launching in the Connecticut River. This action will help to reduce the chance of bringing these "hitchhiking" pests into our watershed.

The Subcommittee met with water quality experts from Vermont and New Hampshire to discuss newly released Bi-state Water Quality Assessment reports and to apprise the states on local priorities for water quality improvement. Members contributed information on boat launches and private campsites for a new computer-based inventory of instream features which has been provided by the Joint Commissions for each town. This inventory, along with maps of the river segment will be used in the Subcommittee's planning process. A working group has prepared a vision statement which focuses upon concerns about water quality, inappropriate shoreline development, and which emphasizes values of recreation, agriculture, wildlife habitat, and longstanding cultural traditions. This group has established issue research teams to look into erosion, land use, agriculture, recreation, and educational tools that may be helpful in promoting the goals of the emerging plan.

The Subcommittee participated in a river trip in the Dalton-Lancaster area and toured Moore Station in Littleton.

All meetings are open to the public and take place, unless otherwise noted, at the Littleton Community Center on the fourth Thursday of each month from 7:00 p.m. until 9:00 p.m. Citizens are encouraged to attend and to contribute their ideas. As the plans unfold, representatives Peter Poulsen and Carleton Schaller Jr. intend to make these known to Littleton area residents for comment and suggested change.

Respectfully submitted,
Peter Poulsen
Carleton Schaller Jr.

**GLENWOOD CEMETERY ASSOCIATION, INC.
P.O. BOX 497, LITTLETON. NH 03561**

The Glenwood Cemetery Association crew remained the same in 1994 as it was in 1993. This created an experienced and knowledgeable team to get the basic maintenance accomplished (mowing, trimming, regrading, trimming shrubs, etc.) as well as some new projects.

In Glenwood Cemetery, St. Rose Cemetery, and Wheeler Hill Cemetery there were a total of 53 burials of which 13 were cremations.

Many man hours were spent limbing some of the large pine trees as well as removing damaged or dying trees throughout the cemeteries. This project alleviated any destruction these trees might have caused as well as improving turf growth and general appearance of the landscape.

The long neglected project of repaving some of the roads was also begun in 1994. With the expert help of Highway Supt. Larry Jackson and his crew we were able to repave approximately 1,000 ft. of roads at a very limited expense. Hopefully we will be able to pave more roadways in the future as funds permit.

Another major project was also initiated in 1994. The Glenwood Cemetery Association crew in cooperation with Richard Whitcomb of Whitco Memorials began cleaning monuments in the cemetery. Although the cleaning of monuments is not part of perpetual care, the Board of Directors and the Sexton of Glenwood Cemetery wanted to start this not only to improve the appearance of the cemetery but also to increase the longevity of the monuments involved. Approximately 95 lots involving more than 800 monuments, grass markers and corner posts were cleaned. A special fund has been set up to continue this project in the future. Anyone wishing to make a contribution to this fund may do so by forwarding it to:

GLENWOOD CEMETERY

GRAFTON COUNTY COMMISSIONERS

1994 REPORT

The Grafton County Commissioners are pleased to submit the following report to the citizens of Grafton County. Despite some major personnel changes during the past year, we have enjoyed a smooth transition, thanks in large part to the concerted efforts of our employees, including department heads, our administrative team, and the employee council.

After twenty-five years of service to the county, our Executive Director, Evelyn Smith, retired, effective December 31, 1993. Although she is sorely missed, her position has been ably filled by Ernie Towne, moving from Superintendent of Corrections, after an extensive search. His former post has been taken over by Sidney Bird, who joined us in April of 1994 after extensive corrections experience in Miami, Florida.

The resignation of Nursing Home Administrator John Richwagen necessitated the establishment of yet another search committee and review of resumes. In late November John Will migrated north from Massachusetts to join us as the Administrator of the Grafton County Nursing Home. During the nearly five month interval Office and Personnel Supervisor, Joanne Mann, did an outstanding job as Acting Administrator. Another change at the Nursing Home and Department of Corrections was the addition of Dr. David Fagan as Co-Medical Director, joining our long-time Medical Director, Dr. Harry Rowe.

Another change in personnel will be the succession, in January of 1995, of a new Commissioner from District 3, Steve Panagoulis of Plymouth, taking over Betty Jo Taffe's seat. Betty Jo, after many years' interest in and association with Grafton County, opted not to seek re-election in order to join her husband on his sabbatical. We shall miss her and wish her her as we welcome Steve to his new responsibilities. In November of 1993 construction of an

GRAFTON COUNTY COMMISSIONERS

(page 2)

expanded Special Needs Unit was completed at the Nursing Home and 20 residents moved into their new quarters. Family Day was held once again for Nursing Home residents and their families, and continues to be a huge success. It is one of the residents' favorite annual events. Also, during the year County Nursing Home employees rejected an attempt to unionize, opting instead to continue with the current employee council.

During FY 1994 Grafton County saw the completion of Phase I of the AHEAD, Inc. Community Development Block Grant (CDBG), used to purchase and renovate low and moderate income housing in the Littleton area, and made significant progress on Phase II.

In addition, the Office of State Planning notified the county that it had been awarded a two-year CDBG of one million dollars for the Whole Village Family Resource Center in the Plymouth area. Funds will be used to construct a facility which will house local human service agencies that work with children and families.

During early FY 1994 the County Long Range Planning Committee presented a preliminary plan for addressing County Courthouse space needs. The County hired CMK Architects of Manchester, NH to conduct a feasibility study of the options presented by the committee: renovation and construction of an addition to the courthouse or an annex as soon as funding is available. In the meantime, the Commissioners approved the state's plan for renovating the Grafton County Superior Court Office at state expense.

Once again Grafton County observed April 16-23 as County Government Week. Activities included an information booth with educational materials and county employees on hand at the Powerhouse Mall in West Lebanon, an art exhibit at the County Courthouse, and public tours of county offices. The

GRAFTON COUNTY COMMISSIONERS

(page 3)

Commissioners also recognized employees for their years of dedicated service to the county. In May a Conservation Field Day for school children was held at the Grafton County Farm, and in June the farm hosted an open house.

Financially, fiscal year 1994 was successful, in that revenues exceeded budgeted expenditures by \$738,814, due in part to the unanticipated receipt of nearly a half-a-million dollars of Medicaid Proportionate Share funds, to partially offset the cost of serving a disproportionate share of Medicaid recipients at the nursing home. Human Services costs, over which we have essentially no control, continue to rise. Savings effectuated in other departments allow us, in our FY 1995 budget, to keep our increase in revenues to be raised by taxes to 3.1%, with a total budget of \$14,818,299.

A more detailed explanation of FY 1994 is found in our annual report, copies of which are available at our office, which may be reached by calling 787-6941.

The Commissioners hold regular weekly meetings at the County Administration building on Route 10 just north of the County Courthouse in North Haverhill, with periodic tours of the Nursing Home, Department of Corrections, County Farm and Courthouse. The Commissioners also attended monthly meetings of the County Delegation's nine-member Executive Committee.

All meetings are public, with interested citizens and members of the press encouraged to attend. Call our office at the above number to confirm date, time and schedule.

Once again, we are extremely grateful to all who have helped make several successful transitions, who have worked hard for the county, and who have assisted the Commissioners - dedicated staff members, elected officials, other agency personnel, our many wonderful volunteers, and the public - all

GRAFTON COUNTY COMMISSIONERS

(page 4)

of whom have made our job easier and rewarding.

Respectfully submitted,

Grafton County Commissioners

Betty Jo Taffe, Chairman (District 3), Barbara B. Hill, Vice
Chairman (District 1), and Raymond S. Burton, Clerk (District
2)

EXECUTIVE COUNCIL

1994
ANNUAL REPORT

As your Executive Councilor for this Town and area, it is a privilege to communicate with you in this District of 98 Towns and 4 Cities. The Executive Council is five in number and acts much like a board of directors at the very top of your executive branch of your state government. Our authority extends to the approval of contracts with out-of-state government organizations, municipalities, individuals, and businesses. The judges in the judicial branch of your government all receive their appointment by nomination by the Governor and confirmation by the Executive Council.

All Community Development Block Grants receive final approval by the Governor and Council. The Governor and Council also acts as the final approval on all Business Finance Authority loans. Major docks and mooring fields in state waters also must receive Governor and Council approval. There are dozens of Boards and Commissions established by law that require Governor and Council approval. There are 266 Commissioners and Directors of the various departments that require nomination by the Governor and confirmation by the Council.

As we look forward toward 1995, citizens and local officials will be asked to bring forth recommendations for the 10 year highway plan for New Hampshire. Public hearings must be held in each of the five council districts. I plan to hold at least five in this large northern district and will be asking the regional planning commissions to assist in this process.

Other items to be on the look out for would be getting applications for the some three million dollars worth of transportation enhancement projects. Much of this money is already obligated ahead (your local regional planning commission can be of help in this area). We in this district

EXECUTIVE COUNCIL

(page 2)

should be most aggressive in applying for some of the eight (8) million dollars of Community Development Block Grant money through the Office of State Planning (tel 271-2155); and your local tourist promotion or chamber of commerce should be dreaming of ways to apply for some of the \$600,000 in matching grant money for area promotion. (tel 271-2411 for more information).

Citizens, local officials and local businesses should also be aware of the vast number of people in your state government who are available and willing to provide technical assistance and information for local and regional concerns simply by calling or writing my office.

New Hampshire State Government is small enough and efficient to provide friendly, courteous and timely service to those who seek information, assistance and relief if such is a part of New Hampshire State law and budget.

Should my office be of assistance within the Executive Branch of your State Government please write or call. It would be an honor to be of service to you in a friendly, courteous and timely manner!

**ROSS AMBULANCE SERVICE
WEST MAIN STREET, LITTLETON, NH 03561
(603) 444-5377**

1994
ANNUAL REPORT

Although the trend toward fewer emergency calls continues, our total number of responses has seen an increase for 1994.

We now are able to offer an EMT-Intermediate attendant on our responses, thus enabling us to provide a more advanced level of care than has previously been experienced in our community. The administration of intravenous therapy and limited drug intervention allows us to present a more stable and workable patient to the receiving emergency department. We are continually seeking to upgrade our level of expertise and, thus, the level of care that we are able to make available to the residents and visitors to our area.

All our full-time crewmembers are active in the fire department and, through this membership, we are able to offer the fire department members continued and current EMS training. Through this combined effort, the coordinated emergency response available to our community is second to none in the North Country. The total inter-departmental cooperation, i.e., Fire, Police, Highway, Water & Light, and Ambulance, that is present is also a great asset and credit to all concerned.

We will continually strive to warrant your trust and satisfaction, and thank you for the privilege of serving you.

Respectfully submitted,

Thomas C. Ross
Manager

FOREST FIRE WARDEN AND STATE FOREST RANGER

1994 ANNUAL REPORT

In calendar year 1994, our three (3) leading causes of fires were No Permit, Children and Reklndles of fires where the fire was not properly extinguished.

Violations of RSA 224:27 II, the fire permit law, and the other burning laws of the State New Hampshire are misdemeanors punishable by fines of up to \$2,000 and/or a year in jail. Violators are also liable for all fire suppression costs.

To aid your Forest Fire Warden, Fire Department and State Forest Fire Officials, contact your local Warden or Fire Department to find out if a permit is required. This also helps to prevent unnecessary response to a controlled burn.

<u>Fire Statistics</u>	<u>1994</u>	<u>Average 1990-1993</u>
Number of Fires Reported to State for Cost Share Payment	283	443
Acres Burned	217	246

Suppression cost = \$90,000+

<u>Fires Reported by Lookout to Towers (1994)</u>	<u>Fires Reported by Detection Aircraft</u>
Fires Reported	89
Assists to Other Towers	363

Visitors 21,309

Local communities and the State share the cost of suppression on a 50/50 basis. The State of New Hampshire operates 15 fire towers and 3 contract aircraft patrols. This early detection and reports from citizens aid the quick

FOREST FIRE WARDEN AND STATE FOREST RANGER
(page 2)

response from the local fire departments.

Town

Meeting

Warrant

**TOWN OF LITTLETON
TOWN MEETING WARRANT
1995**

To the inhabitant of the Town of Littleton in the State of New Hampshire qualified to vote on the Town and State affairs: You are hereby notified to meet at the Opera House, One Union Street on the fourteenth day of March, 1995, being the second Tuesday of March at eight o'clock in the forenoon (the poles are to be open at 8:00 a.m. and may not close prior to 6:00p.m.; the business meeting to be held at the High School Auditorium at 7:00p.m.), to act upon the following:

Article 1. To choose all necessary officers for the ensuing year. (Ballot Vote)

Article 2. Are you in favor of the adoption of an Amendment as proposed by the Planning Board for Chapter 7 (Life 101) of the Town Ordinances as follows:

To adopt National Fire Protection Association Life Safety 101, 1994 Edition, to be administered by the Littleton Fire Dept., including a provision for the adoption of future editions for the purpose of updating local fire safety inspection authority.

Article 3. Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board for the Littleton Zoning Ordinance as follows:

To amend Section 4.02, being the Table of Use Regulations, to include Home Health Care Provider under Residential I (Allowed by Special Exception), Residential Ia (Allowed by Special Exception), and Commercial I, II, III, & IV (Permitted Uses). To include a definition of "home health care provider" under Section 2.01.01(108)(f).

Article 4. Are you in favor of the adoption of Amendment No. 2 as proposed by the Planning Board for the Littleton Zoning

Ordinance as follows:

To amend Article III, Section 3.02 of the Littleton Zoning Ordinance adding a new section titled 3.02.09, rezoning Tax Map 202, Lots 1&2 and a portion of Tax Map 222, Lot 28.1 along MT. Eustis Road from Rural to Industrial.

Article 5. Are you in favor of the adoption of Amendment No. 3 as proposed by the Planning Board for the Littleton Zoning Ordinance as follows:

To amend Article VI Special Provisions to include a standard for drainage for commercial and industrial development which requires a building permit.

Article 6. Beacon Street Bridge Replacement

To see if the Town will vote to raise and appropriate the sum of two hundred thirty thousand dollars (\$230,000.)for the construction and engineering of the Beacon Street Bridge Replacement, and to authorize the issuance of not more than two hundred and thirty thousand dollars (\$230,000) of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA Chapter 33) and to authorize the municipal officials to issue and negotiate such bonds or notes and to determine the rate of interest thereon; furthermore to authorize the Selectmen, as agents, to expend both the Beacon Street Repairs and Bridge Repairs capital reserve funds created for this purpose; with no (\$0) balance to be raised by general taxation at this time.(two third (2/3) majority ballot vote required for approval.)

RECOMMENDED BY THE BOARD OF SELECTMEN

Article 7. Land Purchase

To see if the Town will vote to raise and appropriate the sum of one hundred thirteen thousand dollars (\$113,000) and to authorize the Selectmen to purchase 103 acres +/- of land being a portion of the parcel (Map 251 Lot 24.1) owned by Stephanie Eaton, for the purpose of recreational and other municipal uses, with \$23,000 to be raised through taxes and to authorize the issuance of not more than \$90,000 of bonds or notes in accordance with the provision of the Municipal Finance Act (RSA Chapter 33), and to authorize the municipal officials to issue and negotiate such bonds or notes and to determine the rate of interest therein. (2/3 two third majority ballot vote required for approval).

NOT RECOMMENDED BY THE BOARD OF SELECTMEN

Article 8. Special Revenue Fund - Transfer Station/Recycling

To see if the Town will vote to adopt the provisions of RSA 31:95-C to restrict the revenues from the Pay-by-Bag System and the Recycling Center to expenditures for the purpose of solid waste disposal. Such revenues and expenditures shall be accounted for in a special revenue fund to be known as the Transfer Station/Recycling Center fund, separate from the general fund. Any surplus in said fund shall not be deemed part of the general fund accumulated surplus and shall be expended only after a vote by legislative body to appropriate a specific amount from said fund for a specific purpose related to the purpose of the fund or source of revenue.

Article 9. Special Revenue Fund - Town Promotion (Opera House)

To see if the Town will vote to adopt the provision of RSA 31:95-C to restrict the revenues from the Opera House and other Town Promotion events, to expenditures for the purpose of town promotion. Such revenues and expenditures shall be accounted for in a special revenue fund to be known as the Town Promotion/Opera House fund, separate from the general fund. Any surplus in said fund shall not be deemed part of the general fund accumulated surplus and shall be expended only after a vote by the legislative body to appropriate a specific amount from said fund for a specific purpose related to the purpose of the fund or source of revenue.

Article 10. Withdrawal from the Capital Reserve Fund

To see if the Town will vote to authorize the withdrawal of one hundred six thousand, three hundred twenty seven dollars (\$106,327) plus interest from the Capital Reserve Fund created for the purpose of purchasing heavy, medium and light trucks, fire trucks, police cruisers, loaders, grades and other heavy equipment, to be placed in the Internal Service Fund for the same purpose, and to discontinue the Capital Reserve Fund created for this purpose in 1994.

Article 11. Withdrawal from the Capital Reserve Fund

To see if the Town will vote to authorize the withdrawal of ten thousand dollars (\$10,000) plus interest from the Capital Reserve Fund created for the purpose of a town wide revaluation of property and to discontinue the Capital Reserve Fund created for this purpose in 1993.

Article 12. Union Contract

To see if the Town will vote to approve the cost items included in the collective bargaining agreement reached between the Selectmen and the American Federation of State, County and Municipal Employees (AFSCME) Local 1348, Council #93 (Public Works, Fire Department, the Administrative Employees), which calls for the following increases in salaries and benefits paid in the prior fiscal year:

1. Salaries	1995-1996	Total additional cost	\$13,132.
	1996-1997	" " " "	\$13,025.
	1997-1998	" " " "	\$13,592.
2. Fringe Benefits	1995-1996	Total additional cost	\$ 6,310.
	1996-1997	" " " "	\$ 2,535.
	1997-1998	" " " "	\$ 2,624.

Article 13. Town Budget

To see if the Town will vote to raise and appropriate the sum of four million one hundred thousand, eight hundred forty three dollars (\$4,100,843) as is necessary to satisfy the purpose specified in the budget as posted, exclusive of warrant articles.

Article 14. Economic Development

To see if the Town will vote to raise and appropriate the sum of fifteen thousand dollars (\$15,000) for the purpose of promoting economic activity in the Town of Littleton. Said funds to be released to the Economic Development Task Force by vote of the Selectmen. (Note: said funds will be for matching promotional grants.)

Article 15. Park Commission - Norton Field Fence

To see if the Town will vote to raise and appropriate the sum of ten thousand dollars (\$10,000) for the purpose of constructing a fence around the Norton ball field.

Article 16. Recreation Land Engineering Study

To see if the Town will vote to raise and appropriate the sum of eleven thousand dollars (\$11,000) to conduct an engineering study of the parcel of land located on Tax Map 251 Lot 24.1 for the purpose of developing the land for recreation and other municipal uses. (Note: Estimated total cost of twenty two thousand dollars (\$22,000) if done by outside contracted engineering. By doing much of the work in house an estimated savings of eleven thousand dollars (\$11,000) should be realized.)

Article 17. Acceptance of Trusts - Library

To see if the Town will vote to authorize the Library Trustee's to accept on behalf of the library gifts, legacies and devices made to the library in trust for any public purpose and to accept gifts of personal property which may be offered to the library, for any public purpose.

Article 18. Library Boiler - CRF

To see if the Town will vote to raise and appropriate the sum of five thousand (\$5,000.) to be placed in the existing Library Boiler Replacement Capital Reserve Fund.

RECOMMENDED BY THE BOARD OF SELECTMEN

Article 19. Library Handicapped Access

To see if the Town will vote to raise and appropriate the sum of twenty-three thousand dollars (\$23,000)(gross budget) and to withdraw the sum of ten thousand dollars (\$10,000) plus interest from the Library Handicapped Access Capital Reserve Fund for the purpose of meeting the accessibility requirements of the Americans with Disabilities Act. Note: (Thirteen thousand dollars (\$13,000) to be raised from taxes.)

RECOMMENDED BY THE BOARD OF SELECTMEN

Article 20. Library Fire Alarm System

To see if the Town will vote to raise and appropriate the sum of nine thousand dollars (\$9,000) for the purpose of purchasing and installing a fire alarm system for the Littleton Public Library.

Article 21. Opera House/Fire Sprinkler System

To see if the Town will vote to raise and appropriate the sum of sixteen thousand dollars (\$16,000) for the purpose of purchasing and installing a fire alarm/sprinkler system for the Opera House/Town Office Building.

Article 22. Animal Control

To see if the Town will vote to raise and appropriate the sum of eight thousand dollars (\$8,000) for the purpose of animal control.

Article 23. Purchase Land

To see if the Town will vote to raise and appropriate the sum of fifty five thousand dollars (\$55,000) and to authorize the Selectmen to purchase a parcel of land (Map 112 Lot 67), owned by Permilia Lindorf, for the purpose of expanding the Town Office Parking Lot.

Article 24. Discontinuance of a Street

To see if the Town will vote to discontinue that portion of the highway known as South Street (also known as South Street Extension) from the northwest corner of lot number 12 tax map number 103, currently owned by Bernard R. and Shirley M. C. Crawford, to the south sideline of the Industrial Park Access Road which is under construction at this time, as New Hampshire Department of Transportation Project No.10208. This discontinuance is not to take effect until the Industrial Park Access Road, New Hampshire Department Transportation Project No.10208 has been completed and has been accepted by Selectmen.

Article 25. Discontinuance of a Street

To see if the Town will vote to discontinue as an open highway, and make subject to gates and bars, that portion of the highway known as Bridge Street from the south right-of-way line of the New Hampshire and Vermont Railroad to the Ammonoosuc River, excepting that portion which crosses the highway known as River Street and Riverside Drive, said River Street and Riverside drive to remain as open highways, and reserving to the Town any and all drainage, sewer and utility rights currently existing in this portion of the road. This discontinuance is not to take effect until the Bridge Replacement Project (Riverside Drive and Industrial Park Access Road), New Hampshire Department of Transportation Project No. T-3971 has been completed and has been accepted by the Selectmen.

Petition Articles

Article 26.

To see if the Town of Littleton will vote to abandon that portion of the layout known as South Street Extension between the easterly boundary line of land, now or formerly of Harriet Tilton Eoute, and the southerly sideline of the newly constructed Littleton Industrial Park Access Highway, with all access, easements and right of way revisions to the abutting land owners.

(Petition Article)

NOT RECOMMENDED BY THE BOARD OF SELECTMEN

Article 27.

"To see if the Town will vote to raise and appropriate the sum of Seventeen Thousand Five Hundred Dollars (\$17,500.00) to reconstruct Chickadee, Bluejay, Redwing, Mockingbird, Sparrow, and Cardinal Lanes of the Whitcomb Woods development to town standards and regulations, the cost thereof to be recovered by the Town through betterment assessments against the owners of property abutting or served thereby in the manner prescribed by RSA 231:29-33. This will be a non-lapsing account pursuant to RSA 32:3VI and will not lapse until the project is completed, or in two years, whichever is less."

(Petition Article)

NOT RECOMMENDED BY THE BOARD OF SELECTMEN

Dated and signed on February 1995, and ordered posted by the undersigned members of the Town of Littleton, New Hampshire, Board of Selectmen.

Kathryn T. Taylor, Chairman
Donald A Craigie, Selectman
Earl J. Ellingwood, Selectman

Littleton Area Historical Society

1994 ANNUAL REPORT

The Littleton Area Historical Society has had another successful year with a variety of well attended programs. The August trip to the fabulous Mt. Washington Hotel for a luncheon, a tour of the facility, and a historical review of the past was tremendous treat for all. The management and the staff of the hotel were very hospitable. Again, the fall "Annual Bus Tour" was a special event. The prime stop was in Kittery Maine, for a visit to the Portsmouth Naval Yard. The return trip had a stop for a shopping spree at the Kittery Trading Post. A pleasant fall foliage sightseeing tour through Crawford Notch was the end of a very enjoyable day.

The "Fire House Museum" continues to be very popular. Thanks to the Town Administration and our Taxpayers we have rent free an outstanding display area for our Town's heritage. This year (1994) over six hundred visitors from around the world have passed through our facility.

For the past four years our volunteers have hosted a visitation program for our 4th grade elementary students. The past two years we have enjoyed a junior high group under the direction of Richard Alberini, for a tour of our museum. This year the Boy Scouts, Girl Scouts and a special Ed. group have visited our historical home. The exposure to our local history has expanded the learning experience not only for our students but has given our adult volunteers a better understanding of our young people in our town.

The Annual Historical Society Yard sale was an outstanding success and added substantially to our treasury.

We are a non-profit tax exempt organization and must rely upon our memberships, and donations to our endowment

LITTLETON AREA HISTORICAL SOCIETY

fund (just the interest of it) for our operating budget. Our dues have not been increased for years and we function with only volunteers.

The Membership Dues

Individual	-	\$ 3.00
Family	-	\$ 5.00
Contributions	-	\$10.00
Sustaining	-	\$25.00

The Public is invited to attend all Meetings of the Littleton Area Historical Society.

A special thank you to any one that has contributed to our society and museum with items of historical interest this past year. Another special thank you to the generous contribution to the museum.

Respectfully submitted,

Richard L. Hill, D.V.M.
President L.A.H.S.
December 31, 1994

LITTLETON INDUSTRIAL DEVELOPMENT CORPORATION

Post Office Box 439

Littleton, New Hampshire 03561

1994 was a very good year for the Littleton Industrial Park and thereby the entire Littleton area.

Roadway Package Systems moved into their new terminal/transfer building within the park. They now have seven independent delivery drivers and five terminal staff and sales personnel. They are significantly ahead of projections and look forward to continued expansion of well-paying employment opportunities.

LIDC worked closely with White Mountain Stitching, an existing area business scattered over three communities. They have purchased the Laflamme homestead, red brick house, at the south end of the Park, and expect to break ground for a 16,500 square foot building in March, 1995, with projected occupancy in July, 1995 for their existing eighty employees with projections of an additional 30-40 new employees as the improved efficiencies of centralization allow them to penetrate new markets. They process and craft high quality leather items such as briefcases, wallets, handbags, etc. They will retain and restore the red brick house as an administration/sales facility.

The long-awaited bridge and access road project became a reality!! Construction of the access road is 90% complete, and the bridge is perhaps 60-70% complete. The contractor expects traffic moving by July, 1995!

The Economic Development Administration (EDA) approved a \$1,500,000 grant to Littleton, conditioned on \$1,000,000 participation by the Town. Littleton's actual share will be \$570,000 via a bond issue, with the balance coming from a Farmers Home Administration grant and N.H. Community Development Block Grant, as well as funding from the Littleton Water and Light Department for important water system improvements to and within the Park.

LITTLETON INDUSTRIAL DEVELOPMENT CORPORATION

(page 2)

Hitchiner Manufacturing really set the pace for Industrial Development in the State of New Hampshire. Their restructured Redington Street plant opened for business in January, 1994 and by December had 400 new employees and one million Callaway golf clubs out the door! Total Hitchiner employment crested at 775 in Littleton.

It is always important to remember the wonderful diversity of our area employment opportunities. Many of our employers had a great year in 1994 and are looking forward to a better 1995. We appreciate each and every employer who has come to Littleton, built their business and provided so much to our entire Littleton area.

Respectfully submitted,

Paul J. McGoldrick
President - LIDC

**ANNUAL REPORT
1994**

Grafton County Senior Citizens Council, Inc. provides services to older residents of Littleton through the Littleton Area Senior Center. These services include home delivered meals, a senior dining room program, transportation, adult day care, outreach and social work services, health screening and education, recreation, information and referral, as well as opportunities for older individuals to be of services to their communities through volunteering.

During 1994, 659 older Littleton residents were served through all of GCSCC's programs. These individuals enjoyed dinners at the Senior Center or received hot, nourishing meals delivered to their homes, used transportation services to travel to medical appointments, to grocery stores, to do personal errands or to the Center, volunteered hours of time, energy, and talent to support services to the community, participated in recreational and educational programs, used our information and referral service, or used the services of our social workers. Services for Littleton residents were instrumental in supporting many of these individuals as they attempted to remain in their own homes and out of institutional care despite physical frailties.

GRAFTON COUNTY SENIOR CITIZENS COUNCIL INC.
(page 2)

GCSCC staff also works closely with other agencies to assist older Littleton residents and their families in making use of other programs and services which will improve the quality of their lives and enable them to remain independent in their own community.

GCSCC much appreciates the support of Littleton for services which enhance the independence of older residents of the community.

Respectfully submitted,

Executive Director

NORTH COUNTRY HOME HEALTH AGENCY, INC.
4 Mount Eustis Road, Littleton, NH 03561
(603) 444-5317 - 1-800-371-5317 in NH - FAX 444-0980

Report of 1994 Services

North Country Home Health Agency is a not-for-profit home care agency, founded in 1971, which provides an acute care and a long term care option at home to support patients and families in meeting health care needs. Care is provided before and after hospitalization and as an alternative to residential long-term care.

In 1994, after months of preparation, NCHHA became the first Medicare Certified Hospice provider 'north of the notches'. The Medicare Certified Hospice Program works in close collaboration with the volunteers from Hospice of the Littleton Area to provide a comprehensive plan of care and support for individuals and their families.

The quality and comprehensiveness of home care provided by NCHHA is the result of the hard work of a dedicated staff and Board. During 1994 a joint staff/Board committee developed (and the Board approved) the Agency's strategic plan, which is the 'blueprint for action' in the years ahead.

We look to the future with confidence, knowing that change is certain, some risk is inevitable, and that in numerous creative and exciting ways home care services will be a leader in addressing the health needs of the communities we serve.

During 1994 in the Agency's service area (Northern Grafton and Southern Coos Counties) 631 clients were cared for in 39,427 home visits. 173 residents of the Town of Littleton received 11,107 visits as follows:

Nursing 1670
Home Health Aide 4697
Homemaker 1142
Physical Therapy 494

NORTH COUNTRY HOME HEALTH AGENCY, INC.

(Page 2)

Occupational Therapy 61
Speech Therapy 14
Medical Social Service 60
Companion 2969

Over 1000 individuals received care at Agency sponsored influenza immunization, blood pressure, blood sugar and foot care clinics.

70-80 individuals are employed at NCHHA, representing 45-50 full time equivalent employees.

The Agency appreciates the support of area residents in the provision of services. Please feel free to call if you have any questions or if we may be of assistance.

Respectfully submitted,

Mary E. Presby,
Executive Director

**HOSPICE OF THE LITTLETON AREA
4 MT. EUSTIS ROAD, LITTLETON, NH 03561**

1994 Annual Report

Hospice of the Littleton Area has completed its fifth year of providing volunteer services to residents of area communities. Our service area included the towns of Littleton, Bethlehem, Twin Mountain, Franconia, Sugar Hill, Easton, Lisbon, Lyman, Landaff, Monroe, and Bath. Volunteers provided supportive care at home, in hospitals, and in nursing homes to 45 individuals and families coping with the final stages of illness. Volunteers also conducted a bereavement support group which 12 individuals attended and a cancer support group, which served 38 individuals. Volunteers gave over 1,300 hours in the provision of services.

Hospice conducts a yearly training session for individuals interested in becoming volunteers or in increasing their knowledge about hospice care. In 1994, twenty-one individuals completed this training program.

In 1994 our Director and volunteers provided supportive care to 24 residents of Littleton. Hospice volunteers gave 460 hours of volunteer time and service (and our Director gave 62 hours of direct service) to these individuals and their families. Also, in 1994, three individuals from Littleton completed the Hospice volunteer training program.

Your support of Hospice of the Littleton Area is greatly appreciated as we enter our sixth year of providing care to residents of area communities.

Respectfully submitted,

Holly Lakey
Director

LITTLETON AREA CHAMBER OF COMMERCE

Annual Report
1994

The Littleton Chamber began 1994 in style by holding its Annual Meeting on January 21 at the Sunset Hill House in Sugar Hill. New Hampshire Governor Steven Merrill was the key note speaker. Brien Ward, a local attorney and active participant with the Littleton Economic Development Task Force was named Littleton's Citizen of the Year.

The Chamber's Retail Division with assistance from the Town of Littleton and local businesses purchased 26 summer and 26 winter banners to dress up Main Street. The Summer banners, designed by local graphic artist Carol Dillingham, were hung in May. Tee shirts imprinted with the Summer logo were made to celebrate the occasion. The logo has been adopted by the Chamber as its official logo and now appears on all Chamber publications.

The Winter banners which are currently hanging on Main Street were hung in time for the Chamber's annual Christmas parade.

Chamber staff attended the first State-sponsored Travel Fair in Concord in May. The fair was an excellent opportunity to 1) reach the group tour industry and 2) promote the Littleton area to citizens of the Southern part of the state as a vacation destination.

As always the Chamber sponsored Trout Tournament was extremely successful in spite of two days of 102 degree weather. Approximately 575 anglers participated in the Tournament.

By all accounts a good time was had by all who attended the Chamber's annual Fourth of July celebration at Remich Park. A full day of games, food and entertainment were offered for children and adults. The celebration included a fireworks

LITTLETON AREA CHAMBER OF COMMERCE

(page 2)

muster, all-day bingo games and a spectacular fireworks display in the evening. The Littleton police estimated that approximately 15,000 people attended the fireworks display held in the meadow area on the Lisbon Road.

The Roberts Brothers Circus came to Littleton in July. The event was held at the Norton Field on Highland Avenue. Attendance was excellent. The Roberts people praised the facility and the people at Norton Company for their support and cooperation.

The Chamber's annual Sidewalk Art Show and Sale celebrated its 25th anniversary in 1994 and, as always, was a superb cultural event for the Littleton community. The winner of the 1994 poster competition was Dave Adam of Wells River. Mr. Adam is also an employee of the Foto Factory.

The Retail Division held its annual Sidewalk Sale days in August and Moonlight Madness sale in November. Both events were well attended.

The Chamber was pleased to host the U.S. Air Force Band of Liberty "New England Winds" at the Littleton Opera House on November 11.

In November, the Littleton Chamber co-hosted with the Littleton Economic Development Task Force the second annual luncheon to celebrate the Littleton area's continued economic development and expansion. Over 150 area business people attended the luncheon.

On November 14, the Chamber doubled its professional staff when the Chamber's new Executive Director, Katharine Terrie, assumed her duties. Ms. Terrie plans to concentrate her time and talents on expanding membership in the Chamber, focusing on the needs of the Littleton area's ever expanding industrial and professional sectors and working

LITTLETON AREA CHAMBER OF COMMERCE

(page 3)

with long-time Chamber employee, Dee Rupert, on the Chamber's annual events and promotions. Ms. Rupert has assumed the title of Events Coordinator.

The Chamber-sponsored Christmas Parade under the chairmanship of Jean McKenna was wonderful and included over 30 floats as well as marching groups, our own Littleton High School band and, of course, Santa. Main Street was lined with attendees, all of whom agreed that the Christmas Parade was a fitting start for the Holiday season. Over 4,000 people attended the parade.

The Chamber's Industrial Division meets on a bi-monthly basis to discuss topics of mutual interest to members. Topics discussed during the 1994 include:

- Developments affecting health care quality and affordability
- NH Business Visitation Program
- Workers' Comp, how it relates to local business and industry
- What is being done locally to attract business to the Littleton area?
- Recycling, history, current status and future of waste disposal as it relates to Littleton area business
- Presentations by NH Center for Lifelong Learning and NH Technical College

The Chamber extended membership to 27 new businesses in 1994 bringing total membership at year end to 255.

LITTLETON AREA CHAMBER OF COMMERCE

(page 4)

During 1994, 68,585 visitors stopped at the Rest Area at Exit 44 on Interstate 93. Approximately 7,000 visitors stopped at the Chamber Information Booth on Main Street. This number excludes those visiting the region during the Fall Foliage season because they are too numerous to count. Extended Information Booth hours were instituted in 1994. The Chamber wishes to extend its thanks to Booth employees Pat Stillings and Ann Martin.

Eight one-half tuition scholarships to New Hampshire's College of Lifelong Learning were granted to Chamber members and their employees during 1994.

And, finally, in 1994 the Littleton Chamber joined three other North Country Chambers -- Franconia, Lincoln/Woodstock and Waterville Valley -- in participating in Mountain Country, a travel magazine devoted to North Country tourist attractions, retail, food and lodging opportunities and recreational activities distributed nationwide and in Canada. Mountain Country will be available in March of 1995.

Respectfully submitted,

Katharine F. Terrie
Dee Rupert

**WHITE MOUNTAIN MENTAL HEALTH &
DEVELOPMENTAL SERVICES
16 MAPLE STREET, LITTLETON, NH 03561
MENTAL HEALTH - (603) 444-5358
DEVELOPMENTAL SERVICE - (603) 444-6894**

**DIRECTOR'S REPORT
1994**

White Mountain Mental Health and Developmental Services offers a broad array of services to the residents of Littleton. These services are offered both to individuals with developmental disabilities and to individuals and families with emotional problems or more serious mental illness.

In 1994, we are particularly proud of our adolescent program, ACUDO, which is offered in partnership with area school districts and the Division for Children, Youth and Families (DCYF). This program has successfully maintained students in our local community who would have otherwise been placed at a very costly residential treatment program.

In the area of Developmental Services, we are pleased to offer a newly expanded Early Intervention Program, which provides an array of services to families who have an infant or young child with a risk for delay, or a diagnosed developmental disability. These early services, provided in the home, often prevent very serious complications later in the child's life. Early Intervention Services can also be a "lifeline" for families, overwhelmed by the emotional and practical demands of an infant with a very serious disability.

Although it is impossible to "highlight" every program offered by our agency, we continue to provide all of our traditional programs, including psychotherapy and counseling, 24-hour emergency services, psychiatric evaluations, substance abuse counseling, and extensive services and supports to persons with a developmental disability.

**WHITE MOUNTAIN MENTAL HEALTH &
DEVELOPMENTAL SERVICES**

(page 2)

During 1994, 229 Littleton residents received outpatient mental health services from our agency, for a total of 3254 hours of service. This figure does not include the many services provided in addition to traditional outpatient treatment. We ask the residents of Littleton to support our efforts to keep services available to those persons in your town who are uninsured and unable to pay for their own care. In an environment of decreasing State and Federal support, your support is badly needed. Thank you.

Respectfully submitted,

Jane C. MacKay, CCSW
Area Director

75th Anniversary

1919 - 1994
LITTLETON COMMUNITY CENTER

LITTLETON COMMUNITY CENTER
141 Main Street
Littleton, New Hampshire 03561

This has been a very busy and exciting year for the Community Center. We celebrated the 75th year of serving the Town of Littleton and its neighbors.

In the beginning of the celebration we placed a beautiful banner across the front of the Center. This banner stayed there throughout the summer and into the fall. An anniversary committee was formed to plan several activities for the celebration. These included historical discussions of the community and the Center itself, musical performances, and finishing with a very special program in conjunction with the Historical Society. Frances Heald was the moderator of a panel which comprised of past Presidents and Hostesses, the present Host and Hostess, and the current President of the Community Center. The room was full of guests and a nostalgic atmosphere was present throughout the evening.

This past year came and went with 140 different groups using the Community Center on a six day week schedule, with the exception of nine weeks.

Again this year at Christmas time we saw the Center decorated in all of its splendor. Many thanks go to the Bergeron family.

The Community Center and the Annex are in good condition. The upkeep and any repairs that might come up are taken care of promptly. We plan to install new flooring in the small room of the Annex, along with some painting. Also, some old galvanized pipes are to be replaced in the Community Center building.

Finally, I would like to personally thank each and every one of

the Directors for their support and advice in making 1994 a very successful 75th year.

As one of the Directors stated, "I am proud to be part of one of the shining stars of Littleton's heritage, and hopeful to carry on the tradition of keeping the Community Center shining for all citizens."

Respectfully,

Raymond G. Hopkins

NORTH COUNTRY COUNCIL

1994 REPORT

The year 1994 has been a record project year for the Council. In 1994, we received approval for \$3 million of EDA Title I construction assistance for member towns and submitted a proposal for another \$1.5 million for a project in 1995. The \$4.5 million resulting from these projects will go a very long way toward development of jobs in three of the region's growth centers. We are working diligently to see another \$5 million investment in three other growth centers and development target areas over the next three years from EDA.

The Council's Transportation Planning program continues to grow in stature and accomplishments. In addition to completing a regional bike-pedestrian plan this year, we coordinated a regional transportation enhancement program which resulted in \$2 million worth of innovative transportation projects being funded in the North Country. We also provided major road and bridge technical assistance to eight towns in cooperation with NHDOT. Two additional towns received help with Road Surface Management Systems, bringing the total number of towns in the region with NCC RSMS programs to ten. This coming year will be busier than last with the assembly of our Regional Transportation Improvement Plan, Scenic Byways initiative, Route 16 Corridor Study, Statewide Transportation Modeling Study and numerous local road and bridge projects.

In 1994 the Council hosted the second Annual Ingenuity Fair at Bretton Woods. The Fair showcased the products of 100 North Country manufacturers and was attended by 10,000 people. Our third Annual Business Conditions Survey was mailed to 3,000 businesses across the region. The results of the survey provided valuable insight into workers comp, credit availability, and general business conditions in the North Country. The fourth survey is being compiled at the time of this report. The Council has also been involved in the

NORTH COUNTRY COUNCIL

(page 2)

design and development of three recreation facilities across the region and has provided engineering assistance for landfill closures, environmental site assessments, large septic projects, road drainage and realignment projects and water system installations in 12 different towns.

With funding from the Environmental Protection Agency the Council was able to digitize hydric soils and high altitude satellite image maps of wetlands for all 51 towns in the region. The maps were distributed gratis to all towns in the region. The Council provided floodplain management, and flood insurance technical assistance to 7 towns this year and provided over 600 hours of local planning technical assistance. We continued to provide circuit riding planning assistance to two municipalities.

Two multi-community programs were started, one involving four communities, to begin a dialogue of use of the Moore Reservoir and the Connecticut River, and the other involving twelve towns to look at cooperative economic development in the central part of the region. Community Development Block Grants were written for five towns and all the grants were funded.

The Council has accomplished all these projects (and many more that cannot be listed here due to space limitations), with a very small staff. We are committed to staying as lean as possible. Staff people on board that are available for regional activities are: Preston Gilbert, Executive Director; Cathy Conway, Engineering Coordinator; Claire Douglass, Planning Coordinator; James Steele, GIS Coordinator; Sharon Penney, Transportation Planner; Liz Ward, Small Business Development Coordinator; Berta Clark, Secretary; and Marghie Seymour, Solid Waste Consultant.

The Council is your organization. We are membership based, and we exist to respond to the needs of the region.

NORTH COUNTRY COUNCIL

(page 3)

On behalf of the Board of Directors, I want to thank you for your involvement and support. We're here as you need us.

Sincerely

Preston S. Gilbert
Executive Director

LITTLETON REGIONAL HOSPITAL

1994 ANNUAL REPORT

Just one year away from its 90th year of serving Littleton and surrounding towns, Littleton Regional Hospital is freshly committed to excel in its role of meeting the communities health care needs. During the last year many positive changes have furthered the hospital in its mission to "provide high quality, compassionate, and accessible health care which is cost effective for both the patient and the hospital."

As one of the area's larger employers - with 121 full time and 116 part time employees - the hospital plays a significant role in the community's economic health. The hospital has a payroll of over \$5.6 million. Economists estimate that each payroll dollar is circulated at least 3 times within the community. This results in an economic impact of over \$28 million dollars spent in the local area.

A good community citizen, Littleton Regional Hospital provides many free or low-cost services to the community. Free health screening, educational programs such as the Healthy Heart series (February), and the annual Women's Health Conference all contribute to the community's well-being. The hospital participated in the town's Fourth of July celebration at Remich Park, and worked with the town police department to offer children's photo identifications (KidCare) to parents. An anonymous donor assisted the hospital to start the Community Care-A-Van, providing individuals with handicaps, and others, a much needed transportation service to the hospital and its physicians.

Last year alone Littleton Regional Hospital provided over 300,000 dollars of free care to those who could not afford to pay.

A modern hospital, capable medical staff and supportive health services are among the first things businesses consider when relocating or expanding. Over the years,

LITTLETON REGIONAL HOSPITAL

(page 2)

Littleton Regional Hospital has brought an impressive variety of specialists and primary care physicians to the area. Recent additions to the hospital's active medical staff include Dr. Lynn Coeby, Emergency Medicine, and Dr. Charles Hammer, Dermatologist. The hospital is actively recruiting a urologist for the area.

The Occupational Health Services program, aimed at reducing health care costs for area businesses, was implemented in 1994 and has received high marks from both area employers and employees. A number of free services were offered to area businesses at their worksites Heimlich Maneuver training, breast self-exam training were two such services. Other services included low cost vaccinations for municipal employees, and on-site education programs for area businesses

The community can be proud of Littleton Regional Hospital, which earned several distinctive achievements in 1994. Among them: selection as the only New Hampshire hospital to receive the highest commendation from the National Public Interest Research Group for superior obstetrical Services; accreditation from the American College of Surgeons for our Cancer Tumor Board; accreditation from the American College of American Pathologists for excellence in our laboratory; accreditation of the mammographic radiology services by the U.S. Department of Health and Human Services/FDA and the American College of Radiologists. All of these accomplishments represent rigorous review and high standards met.

As we enter our 89th year, we continue to seek ways to improve upon the high quality of services already being offered. Our medical/surgical and maternity areas are benefiting from a "face lift" thanks in part to a generous private donation. The pre-natal and post-natal education programs are being expanded and improved. Quality

LITTLETON REGIONAL HOSPITAL

(page 3)

improvement teams throughout the hospital are examining services and procedures to increase efficiency, and improve the community's access to care.

Littleton Regional Hospital is a vital and active part of the community, and is thankful for your support and the opportunity to serve.

Respectfully submitted,

Robert Pearson, Administrator

William Tucker, Jr., Chairman, Board of Trustees
