The renovations for our basement continue. By spring of this year, we will have successfully taken care of the water problem, installed overhead ceiling lights, pine paneled the walls, and installed indoor-outdoor carpeting. We will be soliciting for additional funds in the spring for the purchase of furniture and movable stacks.

With the monies received from our annual July book sale we purchased miscellaneous reference books. Included were a set of Young Readers Nature Library, books on the Indians of the world, and up-to-date books on the countries of Africa, Asia, and the Near East.

Our circulation for the year 1982 was 14,639 books. We processed 244 new books. We received about 700 books from the State.

For those people who cannot get to the library, we have a home delivery service. Call during library hours at 522-3401.

Library hours are: Tuesday 11:00 to 7:00 p.m., Thursday 1:00 to 5:00 p.m. and Saturday 11:00 to 4:00 p.m.

The Library is grateful to friends and Gafney Library for gifts of books and for those loaned to us. We are extremely grateful for the monetary contributions.

We have been busy this year with various reading contests and regular visits from the school children. A happy and successful Story Hour for pre-schoolers was held during the summer with Eleanor Eastman as Story Lady.

We were able to add 183 books to our shelves plus a supply of paperbacks. We visited the Concord Office and selected books which were later delivered by Van. We borrowed 266 books at our last visit. Our circulation was 4,276.

A book sale was held at Grandma's Attic during the summer.

The Librarian enjoyed another LIBRARY TECHNIQUES course in the Spring and worked with the school children in Creative Dramatics as part of the Course.

The Trustees are the same as last year with Mrs. Glendon Nason as Chairman.

Library hours are Monday 7:00 to 9:00 P.M. and Wednesday 2:00 to 5:00 P.M. and 7:00 to 9:00 P.M. We open every other Monday afternoon during the school year for the children.

1982 REPORT OF THE PLANNING BOARD

The Planning Board increased its role in this growing community in 1983 through a series of accomplishments. Most notable was the completion and adoption of the Master Plan, done with the assistance of the Planning Advisory Committee and the Lakes Region Planning Commission. The Board also developed and proposed Building and Zoning ordinances which were put through the public hearing process and considered at Town Meeting votes. The zoning ordinance was presented on two separate occasions, being defeated both times. In addition, the Board has stepped up enforcement of the various ordinances and regulations that it is empowered to enforce. This has been particularly evident in the area of Building permit regulation.

In 1983, the Board plans to present similar ordinances for consideration by the Town and to streamline enforcement procedures even further. It is a goal of the Board to begin implementation of the Master Plan recommendations such as improved subdivision regulations, sign ordinance, building code, creation of an historic district and strengthening of the Sanbornville village area. A sum of seed money has been inserted into the 1983 proposal to finance preliminary exploration and cover incidental costs in this work.

WAKEFIELD POLICE DEPARTMENT

Town Report - 1982

Since 1979 when this Department had its beginning, the continuing goals have been to develop and maintain professional standards. Each year progress has been carefully evaluated to determine the ongoing needs of the community. Priorities have been set and met accordingly, but not without difficulty.

It has always been my policy to openly relate the activity of the Department to the people. This honesty has gained the continuing support of the community. The following areas of concern are outlined for purposes of awareness and accountability.

ADMINISTRATION: I have established high standards for the Department. My professional background has enabled me to develop Department Policies, Rules and Procedures, to implement and maintain them diligently. The responsibility for police action is a demanding burden, costly to the Town if inappropriate. Administration must be provided in a firm, fair, positive manner, free from interference, with service to the community as the foremost priority.

A detailed record system is kept to provide accountability for time and activity of Department members, and vehicle activity.

PERSONNEL: There has been a turnover in personnel this year, some of which was necessary to maintain the high standards set by Department Policy and Procedures. Officers who have not demonstrated qualities basic to professional performance have been eliminated. Finding and stimulating good officers to dedicate themselves to serving the community is a constant challenge to this and surrounding local Departments.

DRUGS: Drugs are a National problem and our community is not immune to its existence. Curbing or

eliminating this scourge is most difficult because of the laws of search, seizure and arrest. The Department has a constant flow of information in this area, but unless this information is accompanied by a signed statement by the informant, we cannot, without legal consequences, search premises or persons and effect an arrest. The offenders are aware of the legalities and as long as citizens refuse, out of fear or intimidation, to sign the necessary statements, we have no recourse but to pass the information on to higher State and Federal Drug Agencies and hope they can gain additional information to effect an arrest. What might appear as a lack of action on the part of this Department is, in reality, part of a total plan to allow undercover people to do their job without local interference.

We have made continuous efforts to educate our youth on the hazards of drug addiction. Again we encounter difficulty. Example and parental concern are necessary ingredients for a successful program, and the drug problem does not only address itself to the youth of the community. We are doing all we can, but we cannot eradicate this problem alone. It must be met with a cooperative effort of everyone in the community.

JUVENILE REPORT

In the past year, several crisis homes have been utilized to shelter victims of domestic violence and run-aways. We are fortunate to have people who open their homes in time of need. The advice and help to those in need by the Clergy of Wakefield is appreciated. Their willingness to respond and cooperate is of great assistance to the Department.

Mr. William Meserve has given much of his time aiding the Department in obtaining help for those with alcohol and drug problems. Bill is a very special person. His gift of happiness to the young and young at heart at Christmas will remain in memory for years to come.

My sincere thanks and appreciation to the Senior

Citizens who came to the Police Department to wrap Christmas toys and fill food baskets for the needy.

Our young people who represent Wakefield in the Red Raiders Band and the Football team at Spaulding H.S. deserve our praise. Unfortunately, the problem youth are often in focus. We have many youngsters who are productive and we are proud of their accomplishments.

The Community Pantry is an active project and is replenished by many throughout our community. Many benefit from this project, and we are grateful to the generous contributors.

This past year has been busy and rewarding.

WAKEFIELD AREA AMBULANCE CORPS REPORT

The Wakefield Area Ambulance Corps, responded to 176 calls in 1982. This reflects an increase in ambulance usage of 56 calls in excess of 1981.

As a result of training courses given by Mrs. Olimpio, our training officer, we have added 4 more licensed responders to our Corps. Now a total of 14 responders.

With the future aquisition of more beepers (message alert units) we will be able to spread the work load.

The total of 176 calls for the year, resulted in a total of 4890 miles for an average of 27.8 miles per call.

I look forward to serving with this dedicated group for the coming year.

REPORT OF TOWN FOREST FIRE WARDENS AND STATE FOREST RANGER

Forest fire prevention, our business, your business, good business! This slogan has been the motto of the N.H. Division of Forests and Lands, Forest Fire Service since 1909 when the first forest fire laws were passed by the Legislature.

These laws set in place a cooperative forest fire protection program of State and local forest fire personnel that has, in the past 75 years, established New Hampshire as a leader in forest fire prevention and control. Our annual acreage loss to forest fires of one-half acre per fire is the best in the nation. This fire record has come about through the cooperative efforts of our state/town forest fire protection program. The state provides detection of fires, training for local forest fire wardens, low cost forest fire suppression equipment to local fire departments, and technical advice at the fire ground. Local governments provide the volunteer fire fighters who are appointed as wardens and deputy wardens and who respond quickly to suppress reported forest fires.

This program has resulted in a steady decline in annual acres lost to forest fires since 1910 when the average fire burned 33 acres compared to the modern day loss of one-half acre per fire.

Only by the continued cooperation of the State/towns and our entire citizenry can this record be maintained.
