MARY E. BARTLETT MEMORIAL LIBRARY

1981 has been an exciting year for the library. In the spring we received a certificate from the State Library Commission in recognition of improved quality of service. Circulation has continued to increase and the library is now open fifteen hours a week.

The trustees have appointed a regular substitute, Mrs. Diane McCain, who works on Wednesdays and substitutes as needed.

In November the library trustees received a check for \$30,722.74, which was the balance from the estate of George H. Beyea, Jr. of Brentwood. His generous gift to the library will benefit the whole town.

The Friends of the Library have been active again this year. They provided a very successful summer reading program, story hours, service to shut-ins and the County Home. They also donated one set of shelving to the library.

A Library Development Committee is now being formed to get the feeling of the town as to the future course of the library and present attitudes towards the library services.

We would like to give special thanks to special people: Mrs. Grace Wood who has been a faithful volunteer; the Byrne family for mowing the lawn; Bob Sanborn for plowing the driveway; the Boy Scouts for covering our shrubbery; our many friends for donating books, magazines, and assistance; Warren Brown for the many things he does to help the library run smoothly; Ruth Brown for her devoted service.

We wish to remind everyone that while the library is open fifteen hours a week, the book drop is open twenty-four hours a day.

Building Inspector

REPORT OF THE CHIEF OF POLICE

Honorable Board of Selectmen
Citizens of Brentwood

It is my pleasure to submit this report for the year 1981.

This past year seven officers completed the N.H., part-time Police Officer's Certification Program and are now certified. They are: Gilbert Tuck, Kenneth Cowan, Walter Small, Herbert Stevens, Ronald Champagne, William Pottle, and Wayne Robinson. N.H. State law requires all part-time officers to be certified by January 1, 1983.

Motor vehicle accidents have increased on our highways this year and we had two fatalities. Unfortunately, Brentwood had a homicide this year. This department, working with the Sheriff's Department, were able to bring about the apprehension of a suspect.

I would like to thank the Citizens of Brentwood, the Selectmen, and my Officers for their cooperation this past year. The following is a breakdown of the type and number of calls answered by your department this past year:

Motor Vehicle Accident	65	Court	40
Domestic disturbances	34	Juvenile	40
Assist other P.D.'s	18	Prowler	15
Fires	68	Vandalism	32
Animal complaints	62	False alarms	50

Respectfully submitted,

Gilbert L. Tuck, Chief
Brentwood Police Department

REPORT OF THE BRENTWOOD CONSERVATION COMMISSION

After three plus years serving our community as Chairman of the Conservation Commission, Dick Chamberlain resigned as Chairman due to travel pressures. He remains as a member of the commission. We would like to take this opportunity to thank Dick for all his hard work and leadership these past years and are delighted he remains with us so we may benefit from his experience.

Jim McGean and John Fletcher agreed to co-chair the commission until a full-time replacement is found.

Under the town's new Wetlands Ordinance it is the commission's shared responsibility to review dredge and fill requests. Two such requests were received and approved in 1981. Information on Gypsy moth control has been collected and passed on to the selectmen.

During the year our plans for the Town Forest moved forward. Lawrence Lyford has agreed to do the logging. In December, Earle Chase, County Extension Forester, marked the trees for cutting. The trees removed will be on a selective basis for timber stand improvement. Due to the present market situation and the poor quality of the wood involved, it was decided that the timber sale should be carried forth for three consecutive years. This would allow Lawrence to sell this low-grade wood in quantities which can realistically be absorbed by the marketplace. Approximately 11,000 board feet are marked and when sold should realize between \$400-\$500.

With the advice and consent of the Selectmen, the Commission intends to use part of these proceeds to develop a nature trail. Cleo Castonguay and the Swasey Friends for Recreation hosted a meeting last fall for members of the school staff, School Board, Selectmen, Conservation Commission, and other interested townspeople to discuss, among other things, a nature trail. Although principally of interest to the school (in subjects such as plants, animals, weather, ponds and streams, geology, mapping and surveying and social studies to name a few) the trail would be available for general community use. Cleo and his group, with their ideas and energy, were most helpful to the commission.

Archie Schroeder offered to prepare a pamphlet on the trail. It was thought that the best area would combine parts of the Town Forest and the School Forest. In the spring the commission will walk the area with Earle Chase, the Forester, members of the school staff, and a nature trail expert. The trail will be roughed out and Earle will mark those trees which should be cut consistent with the objectives for the trail.

Any person interested in attending our meetings, normally the second Wednesday of each month at the Town Office Building, and in, perhaps, serving on the commission, are most welcome.

Respectfully submitted,

Jim McGean & John Fletcher, Co-Chairmen
Brentwood Conservation Commission

SCHOOL WARRANT
STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Brentwood, qualified to vote in district affairs:

You are hereby notified to meet at the Brentwood Fire House in said district on the Fourth day of March, 1982, at seven-thirty o'clock in the evening to act upon the following subjects:

1. To determine and appoint the salaries of the School Board and Truant Officer and fix the compensation of any other officers or agents of the district.
2. To hear the reports of agents, auditors, committees, or officers chosen, and pass any vote relating thereto.
3. To see if the District will vote to expend unanticipated revenues in the sum of \$4,150.00 as a supplemental appropriation in order to defray unexpected special education costs for the 1981-1982 fiscal year.
(Said amount is available from unanticipated revenues:

\$ 360.	unemployment insurance dividend
\$ 172.	tuition/non-resident pupils
\$1,840.	rental fee/Swasey classroom
\$1,750.	interest from invested funds)
4. To see if the District will vote to change the term of office for School District Moderator, Clerk, and Treasurer from one year to a period of three years. Said change will begin with the 1983 March election.
5. To see if the District will vote to authorize the School Board to apply for, accept and expend, without further action by the School District Meeting, money from any source which becomes available during the fiscal year. Said money must be used for legal purposes for which the School District may appropriate money; requires a public hearing on the action to be taken; must not require the expenditure of other School District funds; and must be exempt from all provisions of RSA 32 relative to limitations and expenditures of School District monies.

6. To see if the district will vote to authorize the School Board to make application for, accept, and expend on behalf of the School District, all gifts, advances, grants in aid, revenue sharing funds or any other funds for educational purposes as may now or hereafter be available or forthcoming from the U. S. Government, the State of New Hampshire or any of its municipalities or any other state, local or federal agency.
7. To choose agents and committees in relation to any subject embraced in this warrant.
8. To see what sum of money the School District will vote to raise and ████ appropriate for the support of schools, for the payment of salaries for school district officers and agents, and for the payment of the statutory obligations of the District.
9. To transact any other business which may legally come before this meeting.

SCHOOL DISTRICT MEETING

Brentwood, N.H.

March 5, 1981

The Brentwood School District meeting held at the Firehouse on March 5, 1981, was called to order at 7:30 P.M. by moderator Dick Chamberlain. Al Belanger made a motion and was duly seconded to dispense with the reading of the warrant. The motion passed by a voice vote. The following business was conducted:

Article 1. A motion was made by Audrey Fletcher and duly seconded to determine and appoint the salaries of the School Board and Truant Officer and fix the compensation of any other officers or agents of the district. The motion carried by a voice vote.

Article 2. To hear the reports of agents, auditors, committees, or officers chosen, and pass any vote relating thereto. This article was lost because of lack of motion.

Article 3. Liz Dodge moved and was duly seconded to see if the district will vote to authorize the School Board to make application for, accept and expend on behalf of the School District, all gifts, advances, grants in aid, revenue sharing funds or any other funds for educational purposes as may now or hereafter be available or forthcoming from the U.S. Government, the State of New Hampshire or any of its municipalities or any other state, local or federal agency. The motion carried by a voice vote.

Article 4. Les Hett made a motion and was duly seconded to choose agents and committees in relation to any subject embraced in this warrant. The motion carried by a voice vote.

Article 5. Jonathan Rice made a motion and was duly seconded to see if the School District will vote to raise seven hundred ninety five thousand nine hundred dollars (\$795,900.00) for the support of schools, for the payment of salaries for school district officers and agents, and for the payment of the statutory obligations of the District. Ike Cross made a motion and was duly seconded to go over the budget item by item. The motion carried by a voice vote. After reviewing the budget Al Belanger moved the question and was duly seconded. The main motion passed by a voice vote.

Sid Northrup made a motion and was duly seconded to hear Article 2. He asked for a report concerning the renovation of Swasey School. John Rice explained that as of this time there was no longer any committee to make this report, but he reported that all the paving had been done and the drainage work had been completed. During the heavy rain of a couple of weeks ago the school

remained dry. Plans have been submitted for the rest of the work (roof and exterior). Bids will go out the 25th of March. Article 2 was accepted by a voice vote.

Article 6. Al Belanger made a resolution to give thanks to the School Board, the teachers, the volunteers, the school secretary, and the school principal for their fine work. The resolution was seconded and passed by a voice vote. Al Belanger made a motion and was duly seconded to adjourn the meeting at 8:30 P.M. The motion passed by a voice vote.

Respectfully submitted,

Marion Arkell

Superintendent's Report
Frederick B. King

Once again it is time to reflect on some of the school matters in the Brentwood School District. This time of year is critical in the sense that decisions made by the school board, budget committee and voters have far reaching implications on the education of the youngsters in 82-83, as well as direct impact on property taxes; the financial document is a "blue print" of the upcoming school year. It is based upon the planning of the teachers and principal as they look ahead to the future. This process begins in September and reaches the end of the process with your vote. I trust you will look favorably upon this year's budget and will give it your support.

Special Education programs as a result of State and Federal Statutory requirements continue to cost the district more money in each budget year. In 82-83 a larger portion of tax dollars will go to educating the handicapped. This is due to three main reasons, the federal money has been reduced, the new state special education law puts a larger portion of the financial burden on the districts and thirdly, there appears to be more children requiring services. We will continue to investigate ways of delivering of special education services at lower costs, but I wish to alert you through this report that special education services are expensive and we are somewhat limited by law in reducing these costs.

As a result of a major curriculum study last year a new science program is now in all of our elementary schools. One of the goals of science education is, in addition to a background in scientific facts, to satisfy the needs of individuals so they can use science inquiry skills in their own lives and be able to cope with an increasingly technological world of the future. We hope a strong elementary science program will foster more interest in high school science.

This year three areas are under review. These are our grade 1 to 8 "level" system of presenting the basic subject areas, the reading system and the method of reporting to parents, namely the "report cards". At the same time a study of the high school curriculum has gotten underway. This committee will be reviewing what is taught at the secondary level and making new recommendations for proposed curriculum changes. The report is not due until next November 1982.

Evidence continues to mount to indicate that we have a good school system. This is largely due to the efforts of our teachers and administrators reinforced by the support of the many parents and citizens of this community. There are two types of testing programs which verify how well our students are learning. One is a test given as part of the State Accountability program. We are now able to compare our schools with others in the Seacoast Area. In all subject areas tested we score as high and in most cases higher than those around us. On the national tests taken recently at grades 2, 4 and 6 our towns showed scores again in the top quarter of schools in the country.

Mr. Short, Teacher Consultant, has worked very closely with the Brentwood Board this year. This has been a great help to me in trying to give attention to all the many school matters. There is a need for additional help. Perhaps this is not the year - but then is there ever a year to increase Central Office staff? I have always, and will continue to give as much of my time as is possible to keeping our schools in the top quarter of the country. I am grateful to the principal and the teachers for their cooperation and dedication. I've always said a school is only as good as its staff. Brentwood is fortunate to have a group of dedicated teachers who have been with us for quite sometime. This is a definite strength in providing a quality program.

Organizations are not always perfect. The schools are no exception. What we continually need to do is assess our school programs including the achievement of students and work upon those weaknesses that hamper student progress and learning. As educators, I believe we do address the issues that effect classroom learning and school environment. To do less is to be less professional than we can be. The fact remains in this community the tax dollar has basically been utilized well to produce student achievement and success. More emphasis upon teacher evaluation, effective schools, in-depth in-service programs for the staff, and greater utilization of test results will occupy much of the future planning. In conclusion, we know our schools are doing an important job, and I welcome your comments and concerns for future planning.

Swasey Central School's Principal's Report

The beginning of 1981 saw Swasey with 184 children (six of whom were in our Special Education class) and 9 full time teachers. The high caliber of education offered at Swasey continues largely due to our experienced staff, with very low turnover. The addition of two lunch aides enabled the teachers to have an uninterrupted lunchtime; the only such break in the day.

General curriculum continued to be guided by SAU #16 in Exeter. Two Swasey staff members and a Brentwood parent served on the Science Curriculum Committee, that recommended a basic curriculum and text books to the Superintendent. In the spring, our school participated in the "Young Author's Program" in which children in all grades wrote books that were judged by a panel. The author of the best was then invited to attend a dinner honoring all such winners in New Hampshire. Jodi Packard and her family attended.

This year, volunteers who have traditionally helped in the school were organized into a School Volunteer Program under the leadership of Cindy Sheldon. By talking with personnel from the New Hampshire School Volunteer Program headquarters in Manchester, Cindy was able to get new ideas on how lay people could support and supplement the efforts of the school staff. Both Cindy, the principal, and the Swasey staff sought to identify additional needs that could be met through volunteer services. Then, additional parents and townspeople were encouraged to share their talents and time as school volunteers.

As a result, our children are exposed to more music, physical education and art activities than was possible previously. Teachers have additional "people" resources to enrich their student's education.

In a tribute to Cindy's involvement, she was named as one of the ten outstanding N.H. School Volunteers of 1981. In addition, our program received one of nine national awards for "Parent Involvement" from the National School Volunteer Program this past November.

In May, a most successful "Swasey Carnival", was held to raise money for a new playground. Due to the efforts of chairmen, Bill and Elaine Carroll, other organizers, and an army of workers, we raised \$2300. An anonymous matching gift brought our total to \$4600. The planning timetable aims to get construction started as early as this spring.

School opened this fall with a renovated new wing: new roof, ceilings, fixtures, and exterior insulated walls. The site work and drainage work have improved ground water run off considerably. These improvements have cut our heating bill and virtually eliminated the perennial moisture problem.

Last June the school board increased the principal's position from four to five days. Increased special education and other supervisory responsibilities were a few reasons for this change. Another first for Swasey was the beginning of a small band, under the direction of Alan Nasberg, a local music teacher. The parents of the children participating bear the total cost of this new program.

In summary, 1981 was a productive one at Swasey. The entire staff extends their appreciation for the support and understanding demonstrated by the town in our efforts to educate your children.
