TOWN REPORT

HAMILTON SMITH LIBRARY

January 14, 1932.

To the Town of Durham:

This year the University purchased for the Children's Room two tables and eight chairs. Hence we now have furniture suitable for children. The Librarian hopes the Town will see fit to match this amount, the furniture cost \$90.00, by appropriating an equal additional amount for books during the coming year.

Miss Mary H. Falt left Durham last June on a leave of absence for a year. The Librarian hopes and expects that Miss Falt will be with us again this coming summer. Children's books have been selected by Mrs. William W. Shirley in the meantime. Under Mrs. Shirley's direction the non fiction collection of the Children's Room has been broadened and brought up to date.

Mrs. Edward Griffiths still continues her generosity to the people of Packer's Falls by allowing them to come to her home for the books which the Library sends out. The Library also has helped the Packer's Falls School by sending out books no longer needed in the main library.

This report is the third and will be the last submitted by the present Librarian. He has resigned, and will leave Durham on February 6 to accept an appointment in the Economics Division of the New York Public Library, which is the Library from which he came to Durham.

The Librarian enjoyed his stay in Durham very much. He is grateful to the people of Durham for the many courtesies shown him.

Respectfully submitted,

WILLIAM W. SHIRLEY.

Librarian.

TOWN REPORT

REPORT OF THE CEMETERY COMMITTEE

During the year 1931 the Committee constructed about 500 feet of gravel road across the ends and north side of Section F. The cement foundation was put in for 165 feet of rubble wall along the turnpike, and about half of this wall was laid up with rocks. The construction work on this wall, amounting to \$178.75 was made possible through the sale of four lots during the year. Two lots were spaded up, graded, fertilized and reseeded.

All lots which have been sold, together with one or two additional, have been top-dressed with fertilizer and kept closely cropped during the summer. All of these now have a good strong turf. No sale of standing grass was made, and it was finally given away for the cutting.

Three new memorial stones were erected last year—one on the lot of Mrs. Charles James, and two on the lot of the estates of D. W. and D. A. Watson. Twelve old stones were removed from the family burying lot on the Lucien Thompson farm and set up in the new lot purchased by the estate.

At the urgent and repeated request of Mrs. Belle S. Mathes, the Trustees of Trust Funds have for two years used a portion of the ample income of the Abbie Mathes trust fund for the care of the Mooney Cemetery situated on the left side of the main road from Durham to Newmarket.

Mrs. Belle S. Mathes asserts that she knows, by personal conversation with Miss Abbie Mathes a short time before her death, that it was the full intention of Miss Mathes to change her will and to provide for the care of said Mooney cemetery; that the death of said Abbie Mathes before arrival home prevented said change in the will and that it would be the wish of said

TOWN REPORT

Abbie Mathes that some portion of the ample income from her former bequest be used as above indicated. Relatives of Miss Mathes on her mother's side are buried in the Mooney Cemetery.

The Committee submits the following financial statement:

Receipts

Town appropriation	\$300.00
Strafford Savings Bank—interest	39.33

Sam Taylor, mowing lots	21.00
E. J. York, cement	38.00
E. D. Chesley, on wall foundation	5.00
Arthur Teeri, mason work	25.00
Town laborers, on wall	17.50
James Pike, labor and truck on wall	93.25
E. D. Chesley, on gravel road	15.00
A. D. Littlehale, team, gravel road	4.50
Town laborers, gravel road	94.50
Frank Caldwell, gravel	4.35
Geo. D. Stevens, Treas., use of trucks	85.00
Strafford Savings Bank, deposits	500.00
	\$978.70
Total	\$978.70
Balance on hand	\$60.63

TOWN REPORT

With the balance on hand of \$60.63 together with the estimated receipt of about \$40, from invested funds, the Committee feels that this will be sufficient to complete that portion of the stone wall already started, and to meet the ordinary expenses of caring for the lots. For this reason no town appropriation is requested for the current year.

REPORT OF THE HEALTH OFFICER

To the Town of Durham:

The Durham water was sampled at regular intervals during the year ending January 1932 and was found in good condition at each analysis.

All the children both in the Durham Village and the Packers Falls schools were vaccinated or presented certificates.

There were very few cases of contagious diseases in Durham.

A Child Health Conference was held in Durham on May 5th, 1931, under the supervision of the State Board of Health, Division of Maturity, Infancy and Child Hygiene with a local committee including the Women's Club, the Parent—Teacher Association and Students from the University.

TOWN REPORT

Dr. Anna Rudd, Dr. Grant of Durham and Dr. C. McGill of Portsmouth were the examining physicians.

Total number of children examined at conference	40
Total number of babies examined at conference	9
Total number of preschool examined at conference	31
Total number of children found with defects	23
Total number of children found without defects	17

A toxin—anti—toxin clinic was also held in Durham beginning May 8, 1931. Thirty nine school and preschool children were inoculated.

Respectfully submitted,

NICHOLAS F. COLOVOS,

Health Officer.

REPORT OF THE TREE WARDEN FOR 1931

The planting of shade tree along the road from Concord to Newmarket was practically completed this last season by the planting of 200 elm trees. 350 trees have been planted all told now and for the present the most important part of the planting has been completed.

About \$50 of the money appropriated was used to prune the trees in the village. The pruning consisted merely in cutting dead limbs and making them safe for both foot and vehicle travel, and cutting off the lower limbs which hung into the road. Considerable more work of this kind ought to be done in order to preserve the health of our village trees and in order to make them safe for traffic.

TOWN REPORT

The Tree Warden cooperated with the Electric Light Company in pruning certain trees in such a way as to improve radio conditions in town and make the trees safer for the electric light wires.

The triangle around the monument in front of the town hall has also been fixed up and looked after from the Tree Warden's funds.

I would like to call the attention of the citizens of Durham to the fact that all trees standing on the road line outside of property lines, excepting those on the Turnpike, belong to the abutters. If the trees are to be taken care of through town funds they should be deeded to the town. This may be done by a very simple and inexpensive process of signing and recording a regular form deed. If all the trees along the roadside are to be pruned by the tree warden's office they should be turned over to the town.

In view of the necessity of lowering the tax rate the Tree Warden is asking for only \$50 in the 1932-33 budget, or just enough to take care of what pruning work is absolutely necessary through storms or the changing of road grades. There are also a few trees to be replaced that did not grow and a little fertilizer should be bought and applied to the trees already planted.

J. R. HEPLER,

Tree Warden.

SCHOOL REPORT

STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District of Durham qualified to vote in the District Affairs:

You are hereby notified to meet at the Town Hall in said District, on Tuesday, the eighth of March, A. D. 1932, at one o'clock in the afternoon to act on the following business:

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a member of the school board for the ensuing three years.
4. To see if the School District will vote to make any alterations in the report of the School Board recommending the amount required for the support of schools and statutory obligations and vote necessary money to carry out its provisions.
5. To choose such auditors, agents and committees as the voters may deem necessary for the management of District Affairs.
6. To transact any other business that may legally come before the meeting.

Given under our hands and seal this twentieth day of February, in the year of our Lord one thousand nine hundred and thirty two.

SCHOOL REPORT

REPORT OF THE SUPERINTENDENT OF SCHOOLS

Somersworth, N. H.

February, 1932.

To the School Board and Citizens of Durham:

I have the honor to submit my third annual report.

When final arrangements had been completed with Dover High School and the Boston & Maine Transportation Company, thirty six pupils were attending Dover High School at the expense of Durham. Two busses were needed to carry this number, since the New Hampshire law limits the size of the bus. Minor difficulties were adjusted and now the transportation is being well done and the pupils are doing good work at Dover.

The superintendent felt himself fortunate in retaining the services of Mr. William B. Hounsell as Principal of the Junior High School in this year of readjustment. Considerable difficulty was experienced in working out a program which would accommodate three cadets and their work at the University and also enable the Manuel Training pupils to have the standard time required by the State Board of Education. The program as finally adopted has the approval of the State Board of Education and is working well. The University has supplied us with unusually good cadets and they will remain with us throughout the year. Keeping the same cadets for the entire year is beneficial to all concerned. Last summer the cadets from our school were among the first to obtain permanent positions. The schedule of this year enables Mr. Hounsell to do more supervision.

No changes were made in the regular teaching force except those contemplated by the discontinuance of grades nine and ten. Mrs. Wilcox takes charge of Grades five and six when Miss Talbot teaches music in the other schools. It was impossible to divide the grades in Domestic Arts but the class has not been too large to be well handled. I wish to commend the girls of the eighth grade and Mrs. Wilcox on the excellent manner in which the noon lunch

SCHOOL REPORT

is being managed. Twenty one pupils are regularly taking milk at the morning recess and graham crackers are being served with the milk.

Mr. Batchelder offered to supervise the work in Manuel Training and to use his pupils in cadet training. This gives even better results than the method previously used and saves the district some money.

No change is contemplated in the seating arrangements at the Village Schools. There are now 35 pupils enrolled in grades seven and eight and 30 in grades five and six. The second grade room is full but there is not an unusual shifting of pupils or an unseen influx of lower grade pupils, the buildings should adequately house our schools next year. The school grounds should receive some attention next summer but the building itself will need little repair. Through advantageous purchase more slate blackboards were installed last summer than we expected possible.

The school house at Packer's Falls has been further improved by paint. A new water tank with bubbler attacher has been secured and a primary table and chairs furnished for library purposes. We wish to thank the Durham Library for supplying books to this school. The Parent Teachers Association has continued to be helpful and the first aid kit provided by this Association has been of great service. The Woman's Club also receives our thanks for books given to the Village School.

In November we asked the pupils to bring to the school out-grown garments and shoes. Durham is more fortunate than some of the districts in the supervisory union so the Nurse used some of this clothing elsewhere. Only those closely connected with the schools know how much good is done by this act. Pupils are kept regularly in school who might otherwise have to be absent at times for lack of shoes and clothing.

The Sons of the American Revolution medal for good citizenship was awarded last June to Henry Polk of the tenth grade. Plans are underway for the celebration of the Bicentennial of George Washington's Birth. You will be asked to cooperate in this enterprise.

SCHOOL REPORT

The report of the School Nurse follows my own and the usual statistics are appended.

There has been good cooperation among the educational forces of the district and our continued thanks are due to the School Board who has made this possible.

Respectfully submitted,

HOWARD L. WINSLOW,

Superintendent of Schools.

SCHOOL REPORT

REPORT OF SCHOOL NURSE AT DURHAM, 1930-31

To the Superintendent, Members of the School Board and Citizens of Durham:

It is with pleasure that I as school nurse, submit my second annual report. I examined, weighed and measured 188 pupils, and found the following number of children with:

Defective Teeth	74.	Treated	70.
Defective Vision	29.	Treated	10.
Enlarged Tonsils	20.	Treated	7.
Communicable diseases reported:			
Measles	32.		
Chicken pox	5.		
Impetigo	2.		

A toxin-anti-toxin clinic was held in the Community Church and 22 school children were given the treatment. This privilege was also extended to pre-school children.

In June a baby clinic was held in the Community Church and babies with defects were listed and mothers were advised to have these corrections made before the child entered school.

The care and health of the child, once neglected in schools, has now risen to first place in their consideration.

Good habits play a large part in good health. The schools encourage habits of healthful living.

I wish to thank the members of the school board, superintendent and citizens of Durham for their helpful cooperation.

Respectfully submitted,

DOROTHY A. KAVANAUGH, R. N.
