Selectmen's Report

The Selectmen, in making their annual report, wish to state that this has been a year of discouragement and frustration throughout.

We were dealt a severe blow when we lost the services of our most able and dedicated servant, "Ted Nowak." His presence is still greatly missed by all of us.

We regret deeply the huge rise in last year's tax rate. We can say, however, that the reason of the increase was mainly due to schools and several projects which are not recurring each year. Every effort will certainly be made to lighten the burden of the taxpayer.

Exeter has had a period of transition which has been quite rapid, having had three town managers in the space of less than a year.

We now have a dedicated young man in Mr. Robert Barker, who has accepted the challenge of the daily administration of the affairs of the Town. We sincerely hope that the citizens will give him full cooperation so that he may be able to apply himself to the fullest extent.

Again may we thank everyone for their fine cooperation and understanding throughout the year of 1967.

NORMAN J. MORRISSETTE,
THOMAS H. CRONSHAW,
JOSEPH R. CURRAN,
Selectmen of Exeter, N.H.

Town Manager's Report

*To the Honorable Board of Selectmen and the Citizens
of the Town of Exeter:*

The year 1967 has presented many trials and tribulations for both the Selectmen and the general citizenship with the passing of your most esteemed manager, Ted Nowak, and the subsequent confusion of having three managers within a year.

It is with a great deal of pride and humility that I have accepted the managership of Exeter. I feel that this Town is growing very rapidly and will continue to do so for many years. Growth presents many and varied problems. However, with correct advance planning and the electorates wish, these problems can be solved in an orderly manner.

The second phase of our sewer program is about to start. It is anticipated that construction will be complete within 18 months. Of course, it can be expected that Phase II will cause many delays and inconveniences to a large cross section of the community. Your cooperation during these inconveniences will be greatly appreciated.

I have every confidence in department heads and all Town employees. With the implementation of a new Personnel Plan and Pay Scale, I feel these employees can be retained on the Town payroll without fear of losing them to private industry. This Personnel and Pay Plan is not the answer to every man's problems; however, it does give us an equitable base to build and strengthen our Personnel Plan on.

In conclusion may I say that it is wonderful to be a part of Exeter again and that myself and my family are looking forward to a long and pleasant association with the Town's people of Exeter.

Very respectfully,

ROBERT P. BARKER, P.E.,
Town Manager.

Department of Public Works

To the honorable Board of Selectmen and the Town Manager:

The following is my report covering some of the activities of the department during 1967.

Highway Division

During the year 1967 there was a total of 16 snow storms with a total accumulation of approximately 81 inches. The winter maintenance for the year 1967 used approximately 700 tons of salt and 1,200 cubic yards of sand.

Our summer maintenance operations consisted of reconstruction of Pine Rd. done with T.R.A. funds and department help and equipment. Linden St. Bridge was replaced with two pipe arches 12 feet by 8 feet 1 inch by 72 feet bottom and 50 feet top. These were assembled and put in place by department help. The sub grade and Rip-Rap were also done by department help.

Reconstruction of Linden St. at the school area was done by contract. Sealcoating was done by contract, a total of 84,787 square yards was done. Fall clean up was combined with the regular leaf pickup. Spring and fall clean up gets greater each year.

Sewer Division

Main Station pumper total (gallons)	401,767,000
Daily average (gallons)	1,100,731
Maximum gallons pumped one day (Apr. 2)	3,156,000
Total hours three lift stations pumped	4,376.6

Water pressure cleaning cleaned 6,608 feet of sewer pipe and television camera photographed problem areas.

A break in the Park St. trunk line was quickly followed by two major rain storms. Depth, sand, cave ins, and water made repairs difficult and expensive. This unpredictable expense cost \$4,500 in rental equipment, materials, and labor.

Catch basins were cleaned in April. A recent survey has brought the number to 670.

Anew sewer line on McKinley St. and a new man-hole solved existing problems there. The flexible sewer-rodder obtained in a rental-option purchase plan has proved efficient in clearing clogged lines.

Phase 1 of the sewer program was completed in 1967 and funds are now available for Phase 2. Contracts are to be let out soon.

Exeter Visiting Nurse Association

Exeter's new Visiting Nurse is Mrs. Paulene Conklin. Mrs. Joyce Ernst resigned as of November 20, 1967. During the year 1,043 visits to patients in homes were made. The Visiting Nurse gives injections, bed baths, treatments, and makes visits to mothers and newborn babies.

Mrs. Conklin may be reached at the Town Offices from 8 to 9 each morning and from 1 to 2 each afternoon, Monday through Friday. Her telephone number is 772-2981. The Visiting Nurse Office has two hospital beds which are available for rental at \$2.00 a week.

As of June 28, 1966, the Exeter Visiting Nurse Association has been certified by Medicare as a home health service agency. Mrs. Barbara Haley is available to provide physical therapy in the homes of qualifying patients.

The Visiting Nurse Association sponsored a Lazy Eye Clinic for pre-school children of Exeter in April, 1967. A total of 233 children were tested. Twelve children were referred to doctors for further examination. A similar clinic will be held Apr. 2 at Harris House of Christ Church from 9 to 12. This clinic provides simple screening tests which are necessary to detect unrecognized amblyopia which leads to blindness in one eye in 100,000 children each year if not treated before age 7. Almost 100 per cent of amblyoptic patients can be treated to prevent blindness before the age of 5.

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

The year 1967 will go down in history as a wet year although the early spring was dry and windy. During this time, we had many fires, unnecessary fires caused by carelessness and disregard for the common-sense fire laws and regulations. This lack of responsibility on the part of a few people hurts everyone. Let's work together to prevent the start of those unnecessary fires by:

1. No burning between 9 a.m.-5 p.m. and then only with a permit from the Forest Fire Warden.
2. Take all debris and waste to the town dump.
3. Keep a clean, safe town dump.
4. Urge close supervision of children in regard to use of matches.
5. Exercise care with smoking material—use the ashtray.

Public Library Report

It is disheartening to feel obliged to report that the year 1967 was unfortunate in more ways than one.

First of all is the fact that the voters did not fully realize the serious need for a new and larger library. This matter I consider should be taken up again at a later date and given much thought and consideration, for more space is necessary.

Exeter is a growing town and we should be able to give the best service possible to all citizens. This can be accomplished with a larger modern building which will include better equipment and more rooms, and modern facilities. Let us work for that goal.

Second, we lost two trustees and one assistant. Mrs. Carolyn Wiggin, who had been on the staff since 1965, resigned. She was an able assistant and we were sorry to have her leave us.

Mrs. Anne Molloy, a trustee since 1959, resigned because of leaving Exeter to reside in Portsmouth. Her membership on the Book Committee was a valued one and will be sorely missed. She also helped to form our Library Book Policy.

We were saddened by the death of Mrs. Grace Smith, a most able trustee since 1946, a member of the Book Committee for several years and secretary of the Board for many years.

Mrs. Billie Brown was appointed in December to fill out the unexpired term of Mrs. Smith

The Friends of the Library Group once again did the planning for our Open House during National Library Week in April. This year one of the purposes was to have the Trustees and the architect. Mr. Miles, pres-

ent to answer question relative to a new building. An excellent model of a modern library was on exhibit.

As in the past, the Friends paid visits to the Eventide Home delivering books to the ladies, and they also decorated the library for Christmas. This year the decorations were outstanding and many fine compliments were given by our patrons. Help with our weeding of books was extremely beneficial to us. I regret to report that Mrs. Roger Kellogg, chairman of the group, has left us to reside in Florida. Sincere thanks are extended from the staff for your services.

Some people have asked what we do with our discards or books weeded out, so I decided this year would be a good time to explain the process.

Books that haven't circulated for several years, books that are outdated and books that are badly soiled are removed from the shelves. If they are not too badly worn we have a book sale and the proceeds go into the treasury. Sometimes we donate books to another small library.

In 1968 it will be necessary to do weeding on a larger scale for we won't have room enough for our new books. We have standard guides to use so that nothing of value is taken from the shelves.

This year the New Book Policy was drawn up and it may be obtained by asking for a copy at the main desk.

In closing, I wish to thank the Trustees and staff for their continued cooperation and helpfulness.

Respectfully submitted,

HARRIETTE M. PIRNIE,
Librarian.

Exeter Recreation Commission

The Exeter Recreation Commission offers worthwhile programs at various available areas of the town throughout the year.

Summer Programs

At the Community Center, activities for children in Grades 1 through 4.

At the Park Street Common, activities for children of pre-school age through Grade 4. (mornings only)

At Lincoln Street Playground, activities for children in Grades 4 through 8. Highlights for this group are weekly trips to Kingston Park, a trip to Benson's Animal Farm, and a trip to Boston to see the Boston Red Sox play.

Winter Programs

At the Community Center, a Saturday morning program of activities for children from Grades 1 through 6.

At the Talbot Gymnasium, on Saturday mornings, basketball for boys 8 through 13, operated in two sections.

At the Phillips Exeter Academy Rink, Pee Wee ice hockey on Saturday mornings, operated in two sections.

At the Talbot Gymnasium, basketball for men, on Thursday evenings.

This winter we have been fortunate in having the services of two Vista Volunteers, Janet Wood and Carol Loewing, who are running programs at the Community Center on two afternoons a week

after school for Elementary School children, and two evenings a week for Junior High School age students.

The Recreation Commission wants to express its appreciation to the Exeter School Board for the use of Talbot Gymnasium for basketball, and to the Phillips Exeter Academy for the use of the ice hockey rink for Pee Wee Hockey. Also to the Junior Women's Club, Exeter Minstrels, Exeter Players and other organizations that have helped the program with their enthusiasm, time and money. Our thanks especially to Kenneth Jewell, Arthur Tufts and Robert Hall and others who have given their time for many years to make our basketball and hockey programs worthwhile.

Exeter needs a full-time recreation director; one who will plan and provide for the recreational needs of our children and youth and adults.

Report of Conservation Commission

The Conservation Commission of Exeter was established in accordance with Chapter 36-A as adopted by the 1963 Sessions of the General Court. The function of the Commission is to promote and develop the natural resources in the town.

The Commission members have met monthly during the past year, except for July and August, in addition to several field trips to open areas, wooded areas, wet areas, and historical sites. Several experts and technical advisors from the county and state levels and from the University of New Hampshire attended Commission meetings at various times throughout the year to give advice and consultation on possible conservation projects.

In April, the following trees were set out in the field between the Exeter By-Pass and the adjacent lagoon:

1,000 white spruce	25 dogwood
20 yellow birch	25 arrowwood
10 bayberry	10 hackberry
50 white birch	15 black birch
10 wayfaring	

The Commission selected transplanting sites for some 80 maple trees along the streets and avenues in the town. The transplanting was carried out by the highway department under the direction of Mr. Barton Witham.

A major accomplishment, which holds much for the future, was the acquisition by deed of some 13 acres of woodland off the Newfields Rd. from the Exeter Industrial Development Corporation. The Commission will preserve the area primarily as an animal and bird refuge. It is hoped that other wooded areas in the "Oak-

lands" may be acquired to enlarge the refuge and preserve our forests. It is also hoped that owners of other wooded, open, and wet areas might consider transferring title to the Commission by gift or by sale.

Immediate plans for 1968 are to look into the matter of erecting historical markers to call the public's attention to various natural and man made sites. The Commission is also considering the purchase of a wide variety of hardwood seedlings to be set out in the field west of the lagoon area and to be transplanted later along the streets and avenues as shade and ornamental trees.

Report of the Planning Board

The Board is pleased to report that since last year we have acquired the services of a professional planning agency — Candeub Flessig and Associates from Boston. We obtained financial authorization from a special town meeting last year, and have set Candeub the task of proposing to us a concept of what we should have for a comprehensive growth plan for our town.

At such time as the comprehensive plan is completed, we will be in a position to modify our existing ordinances in the light of a logical, cool-headed evaluation of Exeter and the potential that we have here. We will also be able to offer to inquiring industries concrete facts about what way we want our town to grow and prosper. If we are ever to get control of our tax rate, we must do it through the medium planning, scheduling and the spacing out of our major expense items.

We should like to encourage interested citizens of the town to attend the upcoming public hearings which will be held in the months to come, to obtain first-hand knowledge of what is involved in long-range planning.

Planning Board members: Thomas H. Cronshaw, William O. Cutler, Robert L. Ellison, James D. Houston, Wayne J. Mullavey, Franklin R. Perry.

Respectfully submitted,

DANA T. DROWN,
Chairman.

Report of Industrial Agent

The major effort this year has been to establish communications with the major industries in Exeter, the N. H. Department of Resources and Economic Development, the Professional Industrial Agents of New Hampshire, the owners of the property in Exeter, zoned industrial, and the Chamber of Commerce. All of these contacts are well established to keep informed of any industry interested in the Exeter area. Reports have been submitted to the Board of Selectmen and the Chairman of the Planning Board as the contacts were developed. The Selectmen and the Chairman of the Planning Board have been very cooperative and have been kept informed of any inquiries about industrial sites.

Milliken and Sylvania have room for expansion on their own land. An industrial site with a railroad siding is available on Route 111, south of Little River. When the Comprehensive Plan is completed, we will examine the recommendations for industrial development. One of our best advertisements for new industry, experts tell us, is a good climate for existing industries. This will require patience and understanding on all sides and will require constant attention. The Comprehensive Plan should be a good guide to keep industrial growth in proper perspective.

JOHN C. ROBINSON,
Industrial Agent.
