SELECTMEN'S REPORT

We especially want to thank the residents of Troy who have taken pride in the Town and have improved the appearance of the Town by painting and improving their property. The center of Town is now in the process of becoming very attractive for all and we do hope the spirit of the majority continues.

Two major projects were completed in 1976 which were authorized in 1973 and 1975: the reappraisal of the town and completion of the steeple. The assessors completed their 100% assessment of the town by November. All tax bills sent out for 1976 were based on this 100% reappraisal. The assessors will be back this spring to finish up properties that were not completed. The reassessment has brought all property to an equal evaluation.

The steeple, with much fanfare, was raised in June, thanks to the efforts of the Bicentennial Committee and Gerald Callahan. The spirit shown during the raising of the steeple and the dedication ceremonies on Founder's Day are an example of the real citizens of Troy.

Two unfinished projects concerning the Town are the dump and sewerage. Hopefully the construction on the sewer will start this fall. After meeting with the Sanitary Landfill Committee, we urge the acceptance of a partial sanitary landfill, since Troy has been ordered by the state to stop all open burning by July 1, 1977.

By using present Town equipment and manpower along with an expenditure from Revenue Sharing, we would like to initiate a partial sanitary landfill. Until alternatives are offered which would cost less for the Town, we urge an effort towards voluntary recycling.

One of the biggest assets to the Town as been the acquisition of an ambulance. Thanks to the effort and devotion of TEASI, the ambulance has become an important function for the Town. We would like to express special thanks to Barbara & Roderick Page, Ray and Marilyn Woods and David Tucker, original incorporators of TEASI.

Troy Emergency Ambulance service is operated strictly on donations. During the winter months, they derive income from Saturday morning car washes which have become popular and well received. Every resident of the area covered by TEASI will be receiving a request for donations in the mail shortly; we encourage each and every resident to participate with a donation. No matter how small or large, all donations will be received thankfully.

The committee on Public Works has done a fine job and the Selectmen hope their report is well received. We believe that with the addition of a one ton truck the Highway Department, Sanitary Landfill and other departments can operate together to save the residents tax dollars. A fulltime road agent with one fulltime additional man and the present dump attendant can do a lot to keep us in the present appropriations.

We would also like to thank the Troy Concerned Citizens Committee for their sponsorship of Bingo, which has purchased chairs for the Town Hall and a nozzel for the Fire Dept. and the Troy Community Theater for utilizing local talent. Efforts such as these help to unify and enhance the Town.

Many calls have been received from residents expressing their gratification for the peaceful atmosphere that we now have in the Town. We are sure that the Police Department will serve the residents well.

Statutory Changes-Affecting Publication
of Annual Reports of Trustees

The statutory requirements pertaining to the publication of the annual report of trustees of trust funds with respect to trusts created for the care of cemeteries and burial lots have been amended by enactment of Chapter 78, Section I, of the Laws of the 1975 Legislature.

Accordingly, in connection with the publication of the annual town report for 1976 and subsequent fiscal years, the trustees "shall not print in such report the reports of trusts created for the care of cemeteries and burial lots, except that in the year in which the town accepts gifts, legacies and devises for such purposes, the trustees and auditor shall print the names of the donors and the value of such gifts, legacies and devises at the time of donation."

Consequently, except for the printing of the required information pertaining to newly created cemetery trusts, it is no longer required that trustees publish detailed reports of trust funds created for the care of cemeteries and burial lots.

It should be clearly understood, however, that trustees of trust fund funds are still obligated to file with the appropriate agencies, namely the Attorney General and this Division, the detailed reports of trust funds required by the Commissioner of Revenue Administration.

In addition, the trustees must publish in detail a report of all other trust and capital reserve funds in their custody. A report of the common trust fund investments should likewise be published in the Town Report.

AUDITORS' REPORT

February 21, 1977

We, hereby certify that we have examined the accounts of the Selectmen, Treasurer, Town Clerk, Tax Collector, Water Rent Collector, Trustee of Trust Funds, and find the same properly cast and properly vouchered. In examining the accounts of the Overseer of the Poor, we found them incomplete.

REPORT
OF THE GAY-KIMBALL LIBRARY

Especially advantageous purchasing allowed us to add many new titles this year. The McNaughton plan has been discontinued because it is too costly. Un returned books and unpaid fines are a real budget deficit, if perhaps a hidden one, and patrons are kindly urged to return long outstanding books.

In order to give better service, Mrs. Peg Huckins has joined the staff as Library Aide. We are hoping to be open three more hours each week in the coming year.

The following statistics reflect the library's activity over the past year:

Adult fiction	1392
Adult non-fiction	885
Children	1976
Magazines	184
Records/cassettes	301

Hundreds of book donations have been received from dozens of interested townspeople and others for which we are most grateful. Mrs. Kendrick Page's generous gift of both adult and children's volumes in memory of her parents Irene and John Parker is especially appreciated. Mrs. Ina Clark responded to our bicentennial call for the Trojan with issues of the yearbook from 1934, 1939, 1945, 1948-1951 and 1954. All the other years are still needed to complete our collection. Roger C. Goodnow helped supply missing town reports but we still lack anything after 1815 up through 1860, and 1866.

Books in your attic or cellar? If they are unwanted, we will gladly use them in our third annual Book'n'Bake Arts and Crafts sale, to be held on the library lawn. All those who contributed both goods and services last summer are most warmly thanked for their efforts. Proceeds go to the library, particularly for the renovation of the Howe-Haskell Children's Room downstairs.

Mrs. Pat Condon initiated a story hour for pre-schoolers which Mrs. Carol Egan and Mrs. Lynn Smith continued over the summer. At present, with Mrs. Smith in charge and Mrs. Dorothy Olsen as a volunteer reader, the program is well attended and will continue.

Interior painting of the upstairs is now complete, and shelves have been sanded and varnished. In addition to a second hand card catalog and new encyclopedia, a lamp and reading chair for browsers have been purchased.

Special thanks are extended to Mr. John Callahan whose term

as trustee has just expired. He has helped the library through many changes.

REPORT OF TROY WATER WORKS

During this coming year, the Water Department will be doing work on the reservoir which will require that it be drained for two days. During this time we will be supplying water to the town from the well. The well is capable of supplying approximately 60 gallons a minute.

At the present time the town's water needs are running at an average of 70 gallons a minute and sometimes as high as 80 gallons. This means that in all probability we shall run out of water. For this reason work will be done on a weekend and all water users will be asked to be very conservative in their water usage at this time.

The work that will be done at the reservoir is a thorough cleaning and also refacing the dam which is in need of repair. By cleaning the reservoir we are making yet another attempt to improve the color and odor of the water. Leaves, mud and silt come in each year and if the reservoir is not cleaned eventually the water would become undrinkable.

A filter is one way to obtain cleaner water, however this is a very costly undertaking. This year the Water Department will be working with the State to find out if a filtration system will be needed in the future.

New testing equipment is being added to the Water Department this year to meet Federal standards.

We have received some complaints about the amount of chlorine in the water. The state of New Hampshire determines what level of chlorine must be maintained for safety. There are, however, certain times when the chlorine content is increased. These times are during the summer when water supplies are low, when ice blocks the sun's rays during parts of the winter, when the spring runoff is underway and also when we work on the reservoir on on the main line. This increase is for the safety of the water consumer.

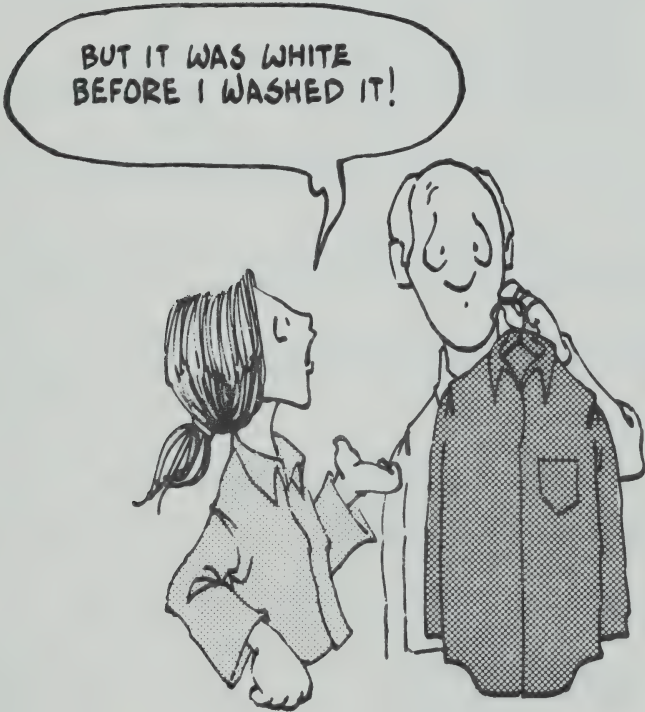

As the town grows and the water consumption increases, so also increases the problems and costs to the Water Department as with any other department in town.

REPORT OF THE TROY FIRE DEPARTMENT

We are happy to report no major fire loss was suffered by Troy citizens during the past year.

Wood once again has become a popular fuel for heating homes and this is causing an increase in the number of chimney fires. Those of you who are heating with wood should inspect your equipment. Clean chimney, stove pipe, check dampers and remove any goods stored by the chimney clean out to insure safe operation of your equipment.

Plans are being made to replace the 1951 Reo chassis under the tanker. It will involve removing the tank, red lights, siren and radio from the present chassis and installing them on a newer one. This will be accomplished by the members of the department. Installation of the radio will require the services of a radio repair man. The new chassis will be obtained through the New Hampshire Forest Fire Service. A lease agreement program makes the chassis available to the town at no cost provided we will maintain it.

It is hoped the citizens will support the improvements in the fire alarm system being proposed in this year's budget.

We hope your children have enjoyed the school fire prevention program run during Fire Prevention Week. It will be continued again this year.

Anyone wishing to have their home inspected for possible fire hazards may do so by contacting the Board of Engineers.

If a fire emergency occurs, help is close as your telephone dial "352-1100" state your name, town's name, street address and describe the fire emergency.

REPORT OF POLICE DEPARTMENT

During the past few months since I have assumed the duties of Police Chief of Troy, the department has taken on an entirely new look and direction. Although we are a small town, Troy deserves as professional a police force as any other size community; however, this goal can be reached only through total cooperation, communication and trust among the police force, town government, and residents of Troy.

Hopefully the police force you will see within the next year will be efficient, professional and also accountable to the town. At the present time I would like to personally thank all those who have supported the police force since December, specifically those who have given freely of their time and energy so we could become a properly-functioning police unit.

Respectfully submitted,

Pierre C. LaGrenade
Chief of Police

TROY VISITING NURSE ASSOCIATION

We have come to the end of the Bicentennial year. Many changes took place around the town of Troy and the Town Hall and those changes included the V.N.A. The Selectmen and Town Clerk took our "old" office, it was bigger, and we moved to another room, which is quite comfortable and adequate.

When the idea of mass immunization was announced by Pres. Ford our nurse, Mrs. Jan Smith, attended meetings in Concord and in Keene. For four months no dates could be set as to when vaccine would be available. For a time we did not know if we could hold a Swine Flu Clinic or not but finally found out that we could. Everyone connected with the Clinic was pleased with the number of people who came for this free immunization. 392 people from the area were immunized. The VNA also had 3 immunization clinics last spring with 37 children immunized. Dr. George Hamm was in attendance at all of these Clinics. The VNA also sponsored a dental clinic held at the Elementary school for all children.

During this "Bicentennial" year our nurse made a total of 830 calls besides being on hand for all the clinics. 519 calls were made in Troy and 311 in Fitzwilliam. The following is a breakdown of calls:

Medicare, 61; Medicaid, 71; Paid, 332; Health Supervision, 228 (free); Pre-natal 11 (free); New Babies 11 (free); Admissions, 34; Discharged, 13; Not Home-Not Found, 31; Telephone Calls, 56 (free); T. B., 2; Office, 29 (some were free); Deceased, 6.

Some of the calls made by our nurse are for the purpose of Health Supervision and providing pre-natal, post natal and adult health service. These are free calls.

In compliance with Medicare regulations we had to raise the fee of paid calls from \$4.00 to \$8.00 during the past year. We're sorry about this but it had to be done.

The VNA looks forward to being of service to the people of Troy-Fitzwilliam for another year. Anyone can call and inquire as to the services available and get excellent care by our nurse, Mrs. Jan Smith.

The office is located in the Town Hall and the telephone number is 242-3094. Our clerk is Mrs. Helen Kivela.

Dolores S. Vose, President

TROY WAR MEMORIAL

The Troy War Memorial began its summer program at the Sand Dam on the 5th of July and ran for 8 weeks. There were 6 instructors and 4 maintenance people.

Swimming classes began at 9:15 and ended at noon. Classes covered all swimming abilities and life saving. A total of 174 students signed up for classes and 100 Red Cross certificates were awarded. 55 students went to Franklin Pierce College one day a week for sailing, boating, and canoeing lessons. During the afternoons the children participated in all forms of field sports.

Fridays were special days at the Sand Dam. There were: a hike to Gap Mtn. and back, a hike to the seven waterfalls, a bicycle inspection, a penny carnival that raised \$87.50 which was spent the final Friday at a cookout and field day. A good time was had by all.

I would like to thank everyone who helped make the summer program a success. See you all next year.

Respectfully submitted,

Barton A. McLean

REPORT OF PUBLIC WORKS STUDY COMMITTEE

According to the Town Warrant, Article 13, for the year ending December 31, 1975, a committee of three were requested to study the feasibility of establishing a Department of Public Works and to require this committee to make a report. The primary concern was to focus on better use of manpower and equipment.

Our study entailed checking into town reports and records to determine some of the basic expenses and over head of each department. These included the Water Department, which is separate from the town of Troy. The Cemetery, which is funded both through perpetual care and town tax money. The dump is operated under its own budget to pay the custodian. But all other expenses come under the Highway Department budget. In the Highway Department the appointed road agent has charge of highways under the direction of the selectmen. The department operates on an annual budget of \$45,000, about \$25,000 is spent on snow plowing and winter road maintenance. Troy is responsible for about 18 miles of town owned roads. Plowing takes approximately five hours for one pass. Major equipment presently owned consists of a 1973 International dump truck and a 1969 Hough H60-B Loader. Road agent is part-time with 2 or 3 men, semi-full time. This department is the nucleus of our equipment expenses and public works concern. While cooperation with these agencies was very good, some answers were of course biased towards the individual's viewpoint, much the same as a man who is asked to appear for a tax audit.

Some problems sited in each area are as follows: Waterworks separate (at least on the books) from the rest of the town services, yet they depend on the Highway Department and outside contractors for 70% of the necessary repairs! Records are good, but only one person is really familiar with them. There is no increment built in the billing to allot for maintenance of lines. No set schedule for replacement or reconditioning. Cemetery records have been improved but changing hands too many times have left some loose ends. Especially related to trust funds and perpetual care, funding is often unclear. It was suggested for this reason committee members serve two years on this board.

Dump expenses could be one of our largest concerns. A study is presently in force on changes, as open burning will no longer be allowed after mid-1977. The best plan at this time leans toward sharing town equipment, turning toward things like recycling centers and being careful how money is spent in that area.

The Highway Department, while short in equipment and in some cases man power, seems most beset by schedule and organization problems. The road agent adjusts work schedules almost daily according

to town demands. Yet certain maintenance must be done every year.

Trying for more concrete information on town related problems, we worked with Dick Rourke of the SW Regional planning commission and John Andrews of the N. H. Municipal Association. We all feel that a coordinator of some type is absolutely necessary to maintain any working system and protect the town from unnecessary abuse of town money. He would be expected to:

- 1) Work under direction of the Selectmen (RSA 275)
- 2) Handle necessary paper work and help coordinate records
- 3) Develop and keep records
- 4) Be a member of the Planning Board
- 5) Keep track of man hours and budget time so required maintenance can be completed.
- 6) Watch the town's expenditures and protect their interest during sewer construction.

The committee also feels that the town cannot afford or fully utilize a full-time person in any new position. Therefore, the best alternate solution would be a full-time TOWN MAINTENANCE CO-ORDINATOR to head a town crew and combine all department duties.

It was suggested that the position of road agent be made into this full-time position. He would be expected to do most of the above listed tasks and he should be justly compensated. According to the N. H. Municipal Association a foreman and two employees would cost the town \$28,000. Further details concerning a workable maintenance crew budget have been submitted to the selectmen for their consideration. This is public information.

It is felt that a full-time town maintenance crew with some needed equipment would alleviate many problems. Some of the cost would be defrayed by hiring out services to the Water Works, during times of repairs and maintenance or even meter reading. The Cemetery Committee could also utilize the town man power and equipment. Reimbursing the general fund for services rendered would be necessary. Or, it would be a simple matter of the maintenance coordinator submitting weekly the hours in each departments, service and money would be allotted accordingly, from the various sources. The dump or landfill operation may also be taken care of by one or more of the town crew as the sporadic needs arise.

The final point to be considered is equipment. The town must consider a reserve of about \$5,000 each year to both Highway and the Fire Department, for the town crew will need things like a small backhoe (priority #1) and a pickup truck to help with plowing and cut down on errands in the larger truck presently owned by the town.

Flexible operations, equipment needs, time allotments, skills

and replacement costs are some of the things that must be considered if we are to effectively share our equipment and COMMUNITY WORK FORCE. The decision must be the peoples and they should know that regulation of the use and abuse of town resources must be dealt with or costs cannot be reduced; and as needs grow, we will be paying more for necessary services due to a lack of coordination.

TROY BICENTENNIAL COMMITTEE

From September, 1975 to December, 1976, the "Celebration in Troy" Committee directed Troy's participation in the celebration of the American Revolution Bicentennial.

The activities began in October with the town-wide selling of daffodil bulbs by the school children and climaxed in June with the Grand Bicentennial Parade and Founder's Day Festival. Other activities included the Bicentennial Flag Presentation Ceremony, a Halloween party for the children, a teen-age disco dance, a puppet show, a carol sing, a church supper, a harpsichord concert, and the Grand Bicentennial Ball held at East Hill Farm in April. Commemorative plates, tiles, mugs and pitcher and bowl sets were sold. Over one hundred houses in town were researched and dated. Monthly calendars of events were distributed and the familiar red and black booklet called "Troy, A Tribute to the American Revolution Bicentennial" was printed in April. The town hall got new curtains, new signs, a new outside lantern, a new showcase and a NEW STEEPLE. "Welcome to Troy" signs were painted for Route 12.

We spent \$5,000.00 in Revenue Sharing Funds and received a \$1,000.00 grant from the state to help with the steeple project. We also received a \$500.00 grant from the New Hampshire Commission on the Arts to help with the publication of the booklet.

The people of Troy are to be congratulated for their hard work and incredible support of the program. Hundreds and hundreds of man hours specialized skills were donated for the steeple project, the gazebos, the booklet, the parade, the publicity, the showcase and the several other lasting reminders; not to mention the memories.

Special thanks to Judy Hakala who managed the finances and extra special thanks to Linda Foskett who coordinated the program.

Kenneth Merrifield

TROY PLANNING BOARD

The Troy Planning Board approved 4 subdivisions in this township during the past year. This Bicentennial year has been a busy and rewarding year. The Planning Board held two hearings in regard to the Zoning Ordinance and some proposed amendments at the first of the year. Work was begun this year toward a Master Plan for the town with much information and help from the Southwestern New Hampshire Regional Planning Commission.

The present members and their terms are:

Chester Priest	1982
William Syrjamaki	1981
Robert Eisele	1980
James Doherty	1979
Fred Singleton	1978
John Callahan, Sr.	1977
Robert Harkins	Selectmen's Representative

The Planning Board regularly meets the first and third Tuesday of each month at 7:30 p.m. in the Town Hall. Residents of the town are always welcome.

TROY BOARD OF ADJUSTMENT

The Board of Adjustment hold regular business meetings at 7:30 p.m. on the second Tuesday of January, April, July and October at the Town Hall.

Hearings of petitions for variances and special exceptions are held upon application.

This Board also issues the permits for mobile home parks.

During the past year, the Board has granted one variance and four special exceptions.

All meetings and hearings are open to the public and all residents of Troy are urged to attend.

The present members of the Board are:

James F. Sears, 1981
Mabel Liimatainen, 1978
Clarence I. Mills, 1977
Linda Foskett, 1979
Gerald Decatur, 1982

A Prayer

Lord, Thou knowest better than I, myself, that I am growing older. Keep me from the fatal habit of thinking I must say something on every subject and on every occasion. Release me from craving to straighten out everybody's affairs. Make me thoughtful, but not moody; helpful, but not bossy. With my vast store of wisdom, it seems a pity not to use it all, but Thou knowest, Lord, I want a few friends at the end. Keep my mind free from the recital of endless details; give me wings to get to the point. Seal my lips on my aches and pains, they are increasing and love of rehearsing them is becoming sweeter as the years go by. I do not ask for grace enough to enjoy the tales of other's pains, but help me to endure them with patience. I dare not ask for improved memory, but for a growing humility and a lessening cocksureness when my memory seems to clash with the memories of others. Teach me the glorious lesson that occasionally I may be mistaken. Keep me reasonably sweet; I do not want to be a saint, some of them are so hard to live with, but a sour old person is one of the crowning works of the devil. Give me the ability to see good things in unexpected places and in unexpected people. Give me the grace to tell them so. Amen.
