PROCLAMATION

We the Selectmen of the Town of Barnstead, New Hampshire proclaim Delia Houle to be the holder of the Boston Post Cane, having been born on June 30, 1897, and has been determined to be the oldest resident of the Town of Barnstead. We are pleased to present her with the cane, at the occasion of the annual Town Meeting this twelfth day of March in the year 1994.

Paul A. Golden ~ William A. Gosse ~ Brett H. Tiede

DELIA HOULE
JUNE 30, 1897
to
AUGUST 16, 1998

Ms. Houle held the Boston Post Cane from March 12, 1994 until her death August 16, 1998. This honor is bestowed to the oldest resident of the Town of Barnstead.

In the early part of the 1900's, these gold-headed canes were donated to the towns and cities throughout New England by the Boston Post newspaper. Originally, it was an advertising promotion. Over 700 were given out.

THE STATE OF NEW HAMPSHIRE

THE POLLS WILL BE OPEN FROM 7:00 A.M. TO 7:00 P.M.

To the inhabitants of the Town of Barnstead in the County of Belknap in said state, qualified to vote in the Town Affairs:

You are hereby notified to meet at the Barnstead Town Hall in said Barnstead on Tuesday, the Ninth (9th) day of March, next at 7:00 a.m. of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town officers for the year ensuing.

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL PRESENTATION

To The Members of The Board of Selectmen
Town of Barnstead
Barnstead, New Hampshire

We have audited the accompanying general-purpose financial statements of the Town of Barnstead as of and for the year ended December 31, 1998. These general-purpose financial statements are the responsibility of management. Our responsibility is to express an opinion on these general-purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general-purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general-purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general-purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The general-purpose financial statements referred to above do not include the general fixed assets account group which should be included in order to conform with generally accepted accounting principles. As is the case with most municipal entities in the State of New Hampshire, the Town of Barnstead has not maintained historical cost records of its fixed assets. The amount that should be recorded in the general fixed assets account group is not known.

In our opinion, except for the effect on the financial statements of the omission described in the preceding paragraph, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of the Town of Barnstead, as of December 31, 1998, and the results of its operations and the cash flows of its nonexpendable trust funds for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general-purpose financial statements taken as a whole. The combining and individual fund financial statements and schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general-purpose financial statements of the Town of Barnstead. Such information has been subjected to the auditing procedures applied in the audit of the general-purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general-purpose financial statements taken as a whole.

The Mercier Group, a professional corporation

REPORT OF BARNSTEAD HIGHWAY DEPARTMENT

Winter was slow coming, but made up for it when it finally arrived. Spring rains flooded many areas and washed out parts of the dirt roads.

The Highway crew hauled many loads of gravel for the dirt roads. The Welch Road bridge was put in by New England Earth Mechanics. Much paving was done by Pike Industries, with more scheduled for 1999. The Town crew screened approximately 2,000 yards of winter sand. With time running out, we bought the rest, about 4,000 yards at \$5.50 per yard delivered. The Town crew put out approximately 18 tons of magnesium chloride on the dirt roads. The Town crew cut brush and trees on New Road, as well as all over town with the tractor with boom mower.

With approximately 90 miles of road to maintain for a crew of 5, the Town crew is very busy. Many thanks to my snowplow drivers and the Town crew for responding to those early morning calls.

BARNSTEAD POLICE DEPARTMENT

For the ninth year in a row, the Gold Circle Partnership Achievement Award was presented to the Barnstead Elementary School and the Barnstead Police Department for 1998. The department continues to work with the school in an educational partnership for the betterment of the entire community.

Your department wrote several grants to the New Hampshire Highway Safety Agency and the New Hampshire Attorney General's Office awarded the department a federal grant to intensify patrols in designated areas throughout the community. These grants allowed us to increase the department's visibility in speed enforcement, juvenile inter-action and crime prevention. We will continue to aggressively pursue any viable grant which will either increase the effectiveness of the department or diminish the need to ask the taxpayers for additional monies.

We continue to hope that our intensive efforts in speed enforcement and juvenile inter-action will eventually reduce the number of motor vehicle accidents and provide a greater awareness to all our residents that safer streets will enhance our sense of community. We ask for your continued support.

**REPORT OF THE
OSCAR FOSS MEMORIAL LIBRARY
1998**

Another busy and exciting year at Oscar Foss Memorial Library. Plans for a building addition were one of the top priorities for the library this year. The Building Additions Committee has selected an architect and many meetings have been held to develop and refine an addition to the building. The challenge for our architect was to make the new blend in perfectly with the old, as maintaining the original structure was of the utmost importance to the building committee. Everyone is very excited with the potential possibilities that a new addition will bring. We are constantly working on ways to make the library an educational resource, as well as a place for reading for pleasure and a social center for the town of Barnstead.

In an effort to help raise funds for the library addition, the 4th of July auction, chaired by Deb Randall, was a huge success! There were tons of goods and services that were up for auction and the result was that the library made over \$5,000! This was the largest fund-raiser we have ever had and we also had a great "Old-fashioned 4th of July" again.

The Friends of the Library continue to be a source of help for us. This year they held another very successful Mother's Day plant sale and Thanksgiving pie sale. The Friends also sponsored a craft table at the Autumn Crafters Fair at the Barnstead Elementary School. Many different people pulled together to help fill up our craft table with items that were hand crafted and unique. We thank everyone who helped with these projects and a special thanks to the Country Quilters Guild of Barnstead who made a lovely quilt for the Friends to raffle.

The library participated in the CHILIS statewide summer reading program again this year. The theme was "Live Free and Read" so this gave us a great chance to incorporate New Hampshire into the reading program. The children were excited to hear many interesting facts, stories, etc. about New Hampshire. Their reading chart was a map of New Hampshire, and children accomplished "touring" the state by reading their books. We had 48 children who participated in the program and a total of 971 books were read!

Two grants were applied for this year and we received both! The first one was a small grant that was sponsored by the New Hampshire State Library and the New Hampshire State Council of the Arts. These funds allowed us to have Judy Pancoast once again entertain our readers at the end of the summer reading program. The other grant was a State Library grant. Under the Library Services and Technology Act applications were taken to add computers and the Internet to the library. As part of

the grant a Technology Plan had to be written and computer courses are required to be taken. Largely due to the efforts of Diana Degen, we were awarded the grant and hope to add the Internet and computer(s) in early 1999.

The trustees, Donna Gosse, Suzanne Allison and Nancy Hough continue to work for the benefit of the library. They are paramount to the building addition effort and continue to work on the daily concerns of the library with a special emphasis this year on revising the library's policies for submission to the State Library and to meet state standards.

Bonnie Brannigan continues to do a wonderful job in her position as Assistant Librarian. This year will begin my 15th year at the Library and I look forward to all the future possibilities at the Oscar Foss Memorial Library.

Susan T. Conrad, Library Director

REPORT OF THE BUILDING INSPECTOR

During 1998, the Building Inspector's Office performed 284 inspections, collected \$6,460.00 in permit fees and issued a total of 32 permits for new homes. The following is a summary of permits issued in 1998:

New Homes	21
Modular Homes	11
Barns & Garages	17
Sheds	5
Additions	17
Remodel or Repair	7
Decks & Porches	8
Commercial	4
Electrical	3
Mechanical	8
Plumbing	1

BARNSTEAD PLANNING BOARD ANNUAL REPORT

Development continued to weaken in 1998. Applications were limited to small subdivisions of two or three lots that reflected landowners intentions to provide a building lot for family or for sale. Several small businesses were also approved through site plan review.

The Planning Board approved the following applications:

- 3 Site plan reviews
- 4 Minor lot line adjustments
- 4 Subdivision plans

Effective fire protection has been a continuing goal for the Town. During the year, Planning Board members participated with the Barnstead Fire Department and Board of Selectmen to identify options to improve the current delivery system. A lack of centralized water sources was determined to be a major impediment to effective fire suppression. Since then the Fire Department has been developing a plan to strategically locate water cisterns to provide the required water supply.

Present Subdivision Regulations require subdividers of four lots or more to construct cisterns on the development. This restricts fire protection to that parcel with no benefit to the Town in general. Therefore, the Planning Board intended to eliminate this regulation, and adopt a cistern impact fee at the time of subdivision approval. Impact fees would then be used to fund construction of cisterns according to the Fire Department plan. However, by state law impact fees can only be assessed at the time a building permit is issued which defeated the goal of providing improved fire suppression capability while increasing the cost of the building permit fees to the individual. A warrant will be voted at Town Meeting to establish a capital reserve fund to begin construction of these cisterns. The Planning Board urges you to support this item to provide the Town adequate resources to continue protection of life and property.

Under state planning law capital improvements plans must be updated every six years. Our plan expires this year. A goal of the Planning board in 1999 will be to update the Capital Improvement Plan and submit to the Board of Selectmen.

In order to allow wider public access the Planning Board office will now be open on Wednesday 6:30-8:30 p.m. in addition to the current schedule.

REPORT OF THE CONSERVATION COMMISSION

In 1998 the Conservation Commission inspected several of the parcels of land that the Town owns. Some members had never seen the actual lots and only knew them by name. Each parcel inspected was later discussed with regard to management, and in most cases the consensus was not to harvest timber or firewood.

Since the inception of the Conservation Commission in the 1960's, the focus of attention has been on wetlands, and therefore each parcel of land that the commission oversees is either all or partly classified as "wet." Now that the State of New Hampshire is taking the initiative to undertake habitat restoration, i.e. the Coverts Project, it only makes sense that Conservation Commissions around the state should participate. This is the path that the Barnstead Commission will follow, hopefully, over the next year.

The process is too lengthy to report here, so any interested individuals are invited to attend our regular monthly meetings on the first Wednesday of every month, 7:30 p.m., at the Library.

Respectfully submitted,

Edward A. Tasker, Chairman

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

To aid your Forest Fire Warden, Fire Department and State Forest Ranger, contact your local Warden or Fire Department to find out if a permit is required before doing ANY outside burning. Violations of RSA 227-L:17, the fire permit law and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to \$2,000 and/or a year in jail. Violators are also liable for all fire suppression costs.

There are ten Forest Rangers who work for the New Hampshire Division of Forests and Lands, Forest Protection Bureau. State Forest Rangers are available to assist communities with forest fire suppression, prevention and training programs as well as the enforcement of forest fire and timber harvest laws. If you have any questions regarding forest fire or timber harvest laws, please call our office at 271-2217.

There are 2400 Forest Fire Wardens and Deputy Forest Fire Wardens throughout the state. Each town has a Forest Fire Warden and several Deputy Wardens who assist the Forest Rangers with forest fire suppression, prevention, and law enforcement. Early in 1998 we experienced an ice storm, which caused severe damage to forests of New Hampshire. This damage created a greater potential fire hazard as well as safety hazards to many areas of the state. Your local fire warden and Forest Rangers need your assistance in preventing wildfires in these hard hit areas and throughout the State. If you need assistance or information dealing with ice damaged woodlands, please call 1-800-444-8978.

The State of New Hampshire operates 15 fire towers, 2 mobile patrols and 3 contract aircraft patrols. This early detection and reports from citizens aid in the quick response from local fire departments. This is a critical factor in controlling the size of wildland fires and keeping the loss of property and suppression costs as low as possible.

BARNSTEAD FIRE-RESCUE, INC. REPORT

The year 1998 was extremely busy for the Town of Barnstead. The Fire-Rescue wants to thank the Residents and Taxpayers for their continued support to allow our Town to be prepared to help each other during emergencies. We also wish to express our sincere appreciation for the support of all the other departments and employees working in our Town, without each of their personal efforts our job would be much harder to accomplish.

The members were very busy during the year responding to 327 emergencies along with all regular department activities. The highlights of the year are:

- * Sold two (2) retired engines to rural fire departments in Arkansas.
- * Provided Fire Safety House Trailer to 21 schools in the State of New Hampshire
- * Provided over 6000 Hours of Training, Maintenance, Administration, and Emergency Response.

The Fire-Rescue is always looking for new members and invite those interested in joining to stop at the station or call to discuss joining this dedicated group. It's a lot of work but the rewards of knowing you made a difference is what makes the job all worth while.

I would also like to add my sincere appreciation to each member and their families for the dedication and commitment to our organization and the Town of Barnstead.

STATE REPRESENTATIVES' REPORT LEGISLATURE - 1998

1998 was a year of "trying" in the New Hampshire House of Representatives. Prominent concerns were funding for education, electric rate reduction, and long term care. Of these three, two remain unresolved. Some progress has been made in reduction of electric rates, but none in education funding. By April 1, 1999 the legislature is obliged to resolve the funding mechanism for our schools, because the present method of using property taxes has been ruled unconstitutional.

The most major change in elder and chronic care since Medicare in the 1950's was accomplished with the passage of Senate Bill 409. The main thrust is keep people in their own homes or in Residential Care facilities and out of nursing homes as long as possible. This is an important start in addressing problems engendered by the increasing elderly population.

Overcrowding in the state prison will be relieved by the construction of a large facility in Berlin. The Laconic facility will remain open for the time being.

Over the next several years, sale and use of lead sinkers will be phased out. An education program on the use of alternative sinkers will be ongoing during this phaseout.

An attempt was made to simplify the process of putting in temporary or seasonal docks. If all regulations and requirements were met, it was hoped that a cottage owner could be excused from the permitting process. The bill was killed by the Senate. The problems of beach erosion will be addressed in 1999 and a bill concerning breakwater construction has been filed.

Again, we wish to thank our constituents for the privilege of serving them.

REPORT OF THE BARNSTEAD NEIGHBORHOOD WATCH COMMITTEE

The Barnstead Neighborhood Watch Committee is a citizens organization formed to heighten community awareness as to ways we can help detect and reduce crime. We have now completed our fifth year and our membership continues to grow.

The Neighborhood Watch hosts several meetings each year to provide information on personal protection as well as advising every citizen on how we can help protect our community as a whole.

The speakers this year included Jack O'Connor, public education and training officer for E911, who brought us up to date on some system changes that are taking place for all to be better informed on the use and importance of the E911 system. Belknap Sheriff Steve Hodges spoke on the ties between our Barnstead Police staff and the Belknap Sheriffs office. He also spoke on the new systems in his department. Paralegal Kimberly Therrien from the office of the Attorney General spoke on protection from fraud and other related problems that face folks in the consumer world today. Supervisor David Gunter from Marine Patrol spoke on proper procedures on boating. With so many problems due to improper handling of boats this subject was important to the group as we look for ways to protect ourselves against careless boaters. All speakers donated their time and we thank them.

Meetings are open to the general public. Dates and times are posted at each post office as well as an article in the Sun Valley News.

The Barnstead Neighborhood Watch would like to thank the Barnstead Fire Company for their continued support.

BARNSTEAD PARKS & RECREATION COMMITTEE ANNUAL REPORT 1998

The Parks and Recreation Committee Members are proud to say that once again in the year 1998 many programs and activities were available to the children and community of Barnstead due to the numerous parents, volunteers, and community members who gave so generously of their time and efforts.

In January of 1998, the Parks and Recreation Committee held its first Basketball program for children Kindergarten age through Grade Four. This program was very successful. I gave the younger children the ability to learn the sport of basketball. It enhanced coordination and development for the older children.

The ice skating rink, first developed in 1997, was improved upon this year due to the tremendous response and use it received. Without the multitude of hours donated by the committee members, members of the Fire Department, and the many volunteers who helped, the wiring, new lighting and the rink itself would not have been possible. Unfortunately, once the Parks and Recreation Committee planned the official "Ice Skating Open House Celebration", the weather turned unseasonably warm, and we had to cancel the festivities due to the lack of ice.

In April, the Parks and Recreation Committee hosted an enjoyable trip to the Museum of Science and Omni Theatre during school vacation. The show at the Omni Theatre was "Mt. Everest," a spellbinding portrayal of the challenge and majesty of the mountain.

In June, the Parks and Recreation Committee released the schedule for the 1998 Summer Concert Series. This was yet another new project offered to the community. This task proved quite eye-opening with the first band performing June 25th and the last to perform August 22nd. Concerts were enjoyed at the Bandstand on Route 126 next to the Fire Station, in and outside of the Town Hall and the Parade Bandstand. We hope to have an increase in the Band Concert Budget next year to fund advertising and hire more bands to attract more community members of all ages.

On July 4th, the Parks and Recreation Committee teamed up with the Library to help raise money for the Building Fund. A 5k Road Race was held with ribbons and awards presented to the participants. Magician Ryan Mahoney dazzled many onlookers while the band Back-to-Back provided the musical entertainment.

The Soccer Program was again very successful for the second year in a row. Ninety-one children Kindergarten age through Grade Four enrolled in this activity with many parents, guardians and volunteers assisting. Volunteers are essential to the successful operation of the Parks and Recreation Committee. We thank you each and everyone.

The Parks and Recreation Committee is also responsible for the supervision of the Town Recreation Area located off of White Oak Road, the Town beaches as well as, the basketball court and recreation area located directly behind the Barnstead Police Station.

In addition to providing recreational programs and activities to enhance the quality of life and personal development, the Parks and Recreation Committee shall pursue its quest for "community unity."

The Parks and Recreation Committee members would like to thank the Board of Selectmen and Town Hall Employees, the Fire Department, the Chief of Police James A. Barnard and the members of the Barnstead Police Department, Road Agent Harold A. Miner, Sr. and the members of the Highway Department for their support and assistance. We would also like to thank Athletic Director Lawrence Tufts for all his help and guidance with the Soccer and Basketball programs as well as Mr. Stephen O'Neil and the members of the School Board for the use of the Barnstead Elementary School Gymnasium and Soccer Field.

REPORT OF THE BARNSTEAD SENIOR CITIZENS

The Barnstead Senior Citizens also known as The Nighthawk Hollow Senior Citizens is an independent organization of individuals 55 years of age and older. The group also includes members from neighboring towns. The meetings are held the first Wednesday of each month in the Town Hall at noon. A pot luck luncheon is served and followed by a short business meeting, which in turn, is followed by a program presentation.

This past year our 25th anniversary was celebrated with a catered dinner, remarks from former officers and a special music program led by Jim Obrotka, Lou Raichle and Bob Peterson. Royce Kelley, the club's first president, was on hand to provide some insight concerning the early days of the organization.

We look forward to a banner year in '99 with Dot Cardillo as president, Clarice Constant as vice president, Terry Finch treasurer and Marge Obrotka as secretary. Our meals are delicious, our programs are progressive and you are welcome to join us.

Respectfully submitted,

Dale MacKay, ex-president

SUPERVISORS OF THE CHECKLIST

The Supervisors of the Checklist held seven sessions for corrections, additions, removals, and party changes during 1998 as required by the State. We also worked on the checklist periodically at the Town Office to maintain and keep the list updated. Prior to each session, a notice with times and dates of these sessions were published in the Suncook Valley Sun.

In addition to the regular sessions of the Supervisors of the Checklist, qualified residents may register to vote at the Town Clerk's Office in the Barnstead Town Hall, during her regular business hours. A qualified voter may also register on any election day.

There were five elections held in 1998. The Town/School Election in March, a Special Election for the Town in July and one Special Election in August for the School, the State Primary in September, and the General Election in November.

A checklist is posted at the Town Office for anyone to look at.
