VALEDICTORY ADDRESS

by

F. CLYDE KEEFE

Delivered January 1, 1936

GENTLEMEN OF THE CITY COUNCILS:

In Dover at the inauguration of a new mayor and a new city government the retiring executive is by custom allowed the courtesy of giving a brief resume of his administration.

This leads me to refer to my inaugural address of two years ago and to report to you that the promises made have been faithfully kept. That address contained this statement:

“I want it to be distinctly understood that I have a wholesome respect for the rights of the minority in legislative bodies, and I believe that the members of the minority party should be represented on every committee. In order that this privilege of minority representation may be guaranteed, a resolution will be offered today to change the rules under which this city government has functioned. I sincerely hope it will be adopted and never changed in the future by either party.”

The first official act of this administration was to amend the rules to provide for minority representation on all committees. Later the ordinances were amended to provide for minority representation on the finance committee and to increase the membership of the city hall committee and the committees on claims for the

same purpose. In this connection it is interesting to note that at the time minority representation was guaranteed by these changes in the rules and the ordinances, this administration had eighteen Democratic members in the city councils and the Republicans had seven members.

The recommendation which I made for a complete audit of the financial status of the city was adopted.

Our promise to erect a new municipal building and to include therein the police department and the municipal court has been carried out in every detail.

An honest effort was made to keep down municipal expenses with a lower tax rate as our goal. In the year 1934 the tax rate was held to \$30.80 which was the same as the year 1932, a normal rate before the salaries and wages of the city employees were reduced 10% in 1933, which lowered the rate that year to \$29.00. Owing to the increased cost of poor relief and to the necessity of purchasing equipment for snow removal, the tax rate for the year 1935 was increased to \$32.70, which was one of the smallest increases of any city in the State of New Hampshire.

Much has been accomplished for the City of Dover during the past two years.

The outstanding additions to the assets of the city is the Municipal Building in which you are gathered. This building cost completely furnished approximately \$300,000. We had \$132,000 from fire insurance on the old building, and the balance is represented by a grant of about \$80,000 from the Federal Government, and a bond issue of \$90,000 which was floated at the rate of 2½%. All bills for material, construction and equipment are either paid or provided for and there will be a cash balance of several thousand dollars.

The Wentworth Hospital has been completely

renovated and new and modern equipment installed at a cost of \$36,000.

The old armory has been converted into the "Ida B. Hanson School," the old assembly hall in the high school has been divided into four class rooms, with the latest domestic science equipment and a sanitary lunch counter built in the high school, new heating plants have been installed in the Hale School and the Pierce School, and extensive repairs made in the other school-houses. These improvements cost \$35,000.

The Ricker Memorial Chapel at Pine Hill Cemetery has been renovated and re-decorated.

The Dover Public Library has been repainted throughout and a new cement water proofing wall was placed around the outer walls of the building.

A new pile bridge has been built on Fourth Street and repairs made on the City Farm bridge, the bridge at Sawyers' and the Central Avenue bridge.

The Orchard Street building has been re-modelled and houses the Ward Three Ward House and our patriotic orders in comfortable quarters.

During the years 1934 and 1935 nearly three miles of new sewers have been laid on Clifford, Court, Hanson, Horne, Ash, Maple, Silver and Cocheco Streets and on Cataract, Atlantic and Portland Avenues at a cost of \$30,000, which was paid by the city for materials. This sum was paid from the regular city appropriations without bond issues. The Federal Government contributed over \$65,000 for labor on these sewers.

The highway department was provided with more than \$20,000 worth of new equipment without recourse to bond issue.

The water department completed the Dover Point Water Extension in 1934, extended the mains on Tolend

Road and Cocheco Street, and constructed a new main on the Littleworth Road from Silver Street to the Madbury line. This main has eight inch pipe and is available to connect with the water supply at Kelley Springs should the present source of supply become insufficient. During this administration the water department laid six and one-quarter ($6\frac{1}{4}$) miles of pipe, set 33 hydrants, and installed 134 new services and 216 new meters. A new air compressor and a new chlorine machine were purchased and the water department has a cash balance of \$10,014.85 on hand.

Progress has been made along the lines of recreation. Two regulation skating rinks have been obtained from C. W. P. funds and are in active use at the present time. Permanent improvements have been made at Woodman Park, Henry Law Park, Guppy Park and at the Hancock Street Playground.

The State of New Hampshire has recognized the claim of this section of the state to at least one recreation park and with the purchase by the state of Belamy Park, the building of the new dam and the various other additions, we now have good swimming in unpolluted water.

While I make no recommendations as to the future of any project promoted by this administration, I want to express the hope that continued progress may be made along recreational lines and that there may be wholehearted co-operation with the state and federal governments to the end that our boys and girls, men and women, may have ample opportunity for healthy exercise and rest in the great out-of-doors.

I wish to gratefully acknowledge the contributions made by the Federal Government which assisted us in many of the above improvements as well as the projects to improve the Pine Hill Cemetery, the Old

Colonial Cemeteries, the re-indexing of the records at the office of the city clerk, the sewing projects and the grading of the several parks.

The finances of our city are in excellent condition. We leave office with all bills paid with the exception of a few claims which were presented too late to receive the approval of the claims committee. We estimate these unpaid bills of the city to be less than \$600. We have two outstanding short term notes, one at the Strafford Banks for \$40,000, payment of which is assured from the final payment of the Federal grant on the municipal building. This will be available when the Government auditors complete their work. The other short term note is at the First National Bank at Boston in the sum of \$50,000. This note is made in anticipation of collection of unpaid 1935 taxes which total about \$53,000.

Therefore, I am very happy to inform you that all our bills are paid, including \$71,000 which we have paid on the city debt. We have two anticipation notes fully covered and that we have on deposit to the credit of the city cash in the sum of \$21,398.01.

I express to the members of the city councils and to the many committees and commissions who have labored with me, my deep appreciation.

To the city officials who have almost without exception worked long and hard for the success of this administration, I extend my sincere thanks. I wish in a special manner to publicly state the great debt of gratitude I owe to the modest, capable, sincere and diligent gentleman who for the past two years has stood at the helm of the ship, our city clerk, Maurice A. Blais. A youth elevated to fill the post long occupied by the best city clerk any city in this state ever had, the late Fred E. Quimby, this young man has maintained the

fine traditions of the office. As mayor of Dover I say to Mr. Blais, "Well done thou good and faithful servant."

The hand of death has removed three of our members—School Committeemen, Michael Duffy and John F. Watters. Their loss was keenly felt by their associates. On September 3, 1934, the President of the Common Council, James J. Keelty, passed to the great beyond. His death was a stunning blow to me as mayor and to the city government in which he was such a potent factor. We have named a street in his honor but nothing can ever repay his loyalty and devotion to the city of his birth. His was a fighting heart and we missed him in our councils. May the earth rest lightly on all that remains of his mortal body and may his immortal soul rest in peace.

Gentlemen of the City Councils, our work is over! Whether our record meets with the approval of our fellow citizens only time can tell. These past two years have been busy ones. We have given the very best that was in us. We have tried earnestly and honestly to accomplish worthwhile results. We have performed our duties according to our abilities. We stand upon our record.

I offer my sincere congratulations to our mayor-elect and new members of the city councils, and I extend to them my very best wishes for a successful and happy administration.

May I, in closing, pass on to you, Mr. Mayor and your associates, a thought which was expressed many years ago by the late President Theodore Roosevelt, a thought which I, as mayor, have tried to keep in mind during the past two years.

"It is not the critic who counts; not the man who points out how the strong man stumbled, or where the

doer of deeds could have done them better. The credit belongs to the man who is actually in the arena; whose face is marred by dust and sweat and blood; who strives valiantly; who errs and comes short again and again; who knows the great enthusiasms, the great devotions, and spends himself in a worthy cause; who at the best knows in the end the triumph of high achievement; and who at the worst, if he fails, at least fails while daring greatly; so that his place shall never be with those cold and timid souls who know neither victory nor defeat."

INAUGURAL ADDRESS

by

JAMES P. KEENAN

Delivered January 1, 1936

GENTLEMEN OF THE CITY COUNCILS:

We are convened today to take upon ourselves the management of the civic affairs of Dover for the years 1936 and 1937. At this time, I wish to express my deepest gratitude to my fellow citizens for the confidence they have reposed in me and sincerely hope that I shall always be worthy of it.

To many of us, our office will offer a new experience, but I am sure that whatever we lack in experience, we can more than equalize by offering a genuine willingness to understand, and by employing sound judgment in all our deliberations.

Fidelity to all public interests is, and must be the keynote of our administration. And, with strict adherence to this principle we should make every effort to lighten the burden of our industries and our home owners. I know of no better way to do this than by the adoption of a policy of honest economy. This would mean a reduction of taxes, which could be brought about by reducing the cost of government. Reasonable economy, if practiced by every department, could, I believe, accomplish this purpose, without curtailing any of the essentials. For the next two years, economy governed by sound logic and reason should be our watchword.

Altho the industrial conditions of our city have

shown some improvement, we are still confronted with the problem of unemployment. My most sincere sympathy goes to that unfortunate class of society, which, thru no fault of its own, is compelled to seek city welfare. These people want work rather than charity. I shall do my utmost to see that this work is obtainable.

Dover is, indeed, blessed with many advantages which should encourage industries, large and small, to adopt her for their permanent establishment. Our railroad and trucking facilities are unexcelled; our supply of skilled and unskilled labor is unlimited; our manufacturing sites are many in number; the electric rates of our public utilities compare favorably with those offered elsewhere; our banks have the necessary capital to assist all worthwhile manufacturies. These are, indeed, assets, which should enable us to improve, greatly, the industrial conditions of our city, and which should compel us to give serious thought to the future possibility of Dover being *the* city of diversified industries. Only by working toward this end, can we hope to solve the problems of unemployment and taxation reduction. I hope to see the distress of the poor and needy partially relieved by co-operation on the part of the public. The encouragement of home construction and of home improvement by the individual would help to accomplish this and would receive our sincere gratitude.

Concerning the present condition of our city, I am confident that no municipality exists, considering its population, which can claim better and more modern equipment than that which is to be found in our various departments, nor, in my opinion, is there any city of our size more prepared for expansion and a healthy, natural growth than our own.

Our community may well be proud of its school

system. The standard maintained by our schools reflects the greatest credit upon our city. The character and achievements of our graduates leaves no question or doubt as to the efficiency of our school system, and the excellent results secured justify the expenditures made by the department.

Closely associated with our schools, both in its purpose and location, is our excellent Public Library, the efficiency of which is such, that no comment is necessary.

We are exceedingly fortunate in our parks and playgrounds. These are under the supervision of competent men whose chief concern is the development of recreational centers for our children. Under their careful planning, a park system will unquestionably soon result, which will, not only provide a source of pleasure and enjoyment to the older people, but will also eliminate the perils and dangers so omnipresent in the lives of the little visitors who will frequent these pleasure grounds. We are indebted to Mr. Henry Law for the Park and Playground which bears his name. Let us all hope that the plans he has so earnestly and zealously made may be realized during his lifetime.

Our hospital, recently enlarged, has acquired new equipment, and, under the guidance of expert supervisors and corps of expert assistants, is always prepared to render the highest degree of service to its patients.

Our police department is very ably and efficiently managed. The competence of its personnel leaves no suggestion for me to make for its improvement.

Our fire department fulfills all the requirements that might be demanded. The surety of property is well protected by its alertness and vigilance.

During the last four years, our water department

has extended water mains to some of our outlying districts. These sections may now enjoy the convenience of city water and may expect adequate fire protection. I believe this department capable of meeting all demands presented for its service.

Certain measures will be presented later, which, I hope, will tend to produce a greater degree of efficiency in the conduct of our health department.

Our highway department is, perhaps, closest to our citizens, and, in the discharge of its duties, exceptional judgment should be used, so that money expended will produce results which are beneficial to all. With this thought in mind, I firmly believe that it would be an act of real economy to transfer the supervision of the incinerator, and the labor of garbage and ash removal to the highway department. In my opinion, sound business judgment demands the consolidation of these two major activities. I recommend and strongly urge that this change be made.

The duty of electing the various administrative officials is a prerogative which you alone possess. For your guidance, may I read to you the advice given to his council by my predecessor? It reads as follows: quote, "By law and by precedent our city is governed on the same partisan political basis as is our state and our nation. Therefore, during the next two years the administrative offices will be held by the members of the great political party to which the mayor and a majority of the city councils belong, excepting, of course, those officials who are to be selected on a bi-partisan basis under the charter or the city ordinances. This will, no doubt, in some cases, cause the removal of efficient officials, but there is no alternative, because it is imperative that those who occupy the administrative offices should be in sympathy with, and loyal to, the executive

and legislative branches of our city government." end of quote. The forcefulness of this statement compels a policy of vigor. I trust you will favor its adoption.

GENTLEMEN OF THE CITY COUNCILS :

Today, we have been intrusted with the municipal affairs of the city of Dover for the years 1936 and 1937. The honors which have been conferred upon us, carry with them many duties and obligations. With power there should go humility in its exercise, and in the discharge of our duties thruout our term of office, we should be ever mindful of the confidence placed in us by the citizens of our city. To be worthy of that confidence, we must show results beneficial to them and to the material welfare of our city. To accomplish this, unity of action is most essential. Let us find our objective first, and then, with as little delay as possible, thru this united action strive to achieve that objective. I ask of you, your sincere cooperation, and I, gladly, give to you mine, trusting that the tradition of the past which has been handed down to us will be kept inviolate, so that when our work is done, and we leave the burdens of our offices to others, it can be said, that we honestly and sincerely tried and have accomplished results that will benefit our fair city and the welfare of its citizens.

ANNUAL REPORT
of the
JOINT STANDING COMMITTEE ON FINANCE

DOVER, N. H., December 31, 1936.

TO THE CITY COUNCILS OF THE CITY OF DOVER:

The undersigned, joint standing committee on finance of the city of Dover, have examined the books and accounts of the City Treasurer, Margaret M. Redden, and compared the footings of the receipts and disbursements with the accounts of the City Clerk, and find the same in agreement.

We have carefully examined and verified all bonds, securities and trust fund accounts belonging to the city, and are satisfied that all funds and other property for which the City Treasurer is officially responsible are accounted for, leaving a cash balance in banks to the credit of the City Proper of \$18,614.80.

A complete list of bonds and securities above referred to is hereto appended.

Respectfully submitted,

JAMES P. KEENAN,
MARK J. PILGRIM,
JOHN E. MCCOOEY,
WALTER A. CHENEY,

Joint Standing Committee on Finance of the
City of Dover, N. H.

ANNUAL REPORT
of the
CHIEF ENGINEER OF THE FIRE DEPARTMENT

DOVER, N. H., December 31, 1936.

TO HIS HONOR, THE MAYOR, AND GENTLEMEN OF THE
CITY COUNCILS:

I have the honor to submit the annual report of the Fire Department for the year 1936, as required by Chapter XIV, Section 5, of the Ordinances of the City of Dover.

FIRE APPARATUS

In service at present: One Ahrens-Fox ladder truck, one White combination truck, one International truck equipped with a four hundred gallon Barton Pump and one hundred and fifty gallon water tank, one Ahrens-Fox 750 gallon pump fully equipped, at the Broadway Station, one Reo combination truck at the Dover Point Station, fully equipped, and one 1,000 gallon pumper at the Sawyers Station. In reserve there is one horse drawn pumper, and one wagon. All trucks and equipment are in good condition.

HOSE

On hand at the present time there is 7,250 feet of 2½ inch hose in good condition, also 500 feet in poor condition, and 1,000 feet of booster hose in good condition. There is 5,500 feet of 2½ inch hose and 1,000 feet of booster hose loaded on five trucks at all times.

FIRE ALARM EQUIPMENT

There is a completely equipped fire alarm room at the Broadway Station, also a repeater box, with which any box may be struck in the city, one tower striker on bell at the American Woolen Co., one steam whistle attached to the I. B. Williams Factory; one striker at the Beckwith Box Toe Co., not in use at present. The dwelling houses of the Chief Engineer, and the First and Second Assistant Engineer's are equipped with tappers on the fire alarm system. All fire alarm boxes and equipment are in very good condition.

RESERVOIRS AND INSPECTIONS

All reservoirs under my care are maintained in proper order. I have personally made six hundred and ninety-one inspections in 1936 in our city against fire hazards, also have maintained fire drills in our schools, and continued check of all institutions and factories, fire escapes, theaters and all fire exits.

 PERSONNEL OF THE FIRE DEPARTMENT

Chief Engineer,
TERRENCE W. O'NEILL.

First Assistant Engineer,
EDWARD F. KNOTT.

Net loss	\$ 845.00

CONCLUSION

In closing, I wish to express my appreciation of the cooperation of the Joint Standing Committee on

Fire Department, in allowing the members of this department the necessary equipment needed in the fighting of fires, which is the main factor in keeping our fire loss at a minimum.

I also publicly thank the engineers and members of the Fire Department, City Marshal McDaniel and members of the Police Department, Motor Vehicle Inspector Harold Foss, and his assistants, in their duties at time of fires.

The merchants and property owners in our city, have earnestly cooperated with me, in the discharge of my duties in reducing the fire hazards, by keeping waste material cleared from cellars and all storage places, and I wish to thank them for their help and cooperation.

I wish to state in the closing of this report, that all fire alarm boxes in the city have been tested and checked, all apparatus has been thoroughly tested and examined, also all fire fighting equipment, and the department in general is in very good condition.

Respectfully submitted,

TERRENCE W. O'NEILL,
Chief of Department.

ANNUAL REPORT
of the
Executive Officer of the Board of Health

GENTLEMEN OF THE CITY COUNCILS:

In accordance with the usual custom I submit the following review of the operations of the local department of Public Health and Sanitation for the year ending December 31, 1936.

FINANCIAL STATEMENT

Appropriation	\$17,000.00
Total disbursements	25,289.53
	<hr/>
Overdrawn	\$ 8,289.53

Note: This overdraw includes, \$5,134.22 for repairs to the incinerator caused by the fire.

Respectfully submitted,

GEORGE E. BRENNAN.

ANNUAL REPORT
of the
BOARD OF POLICE COMMISSIONERS

TO HIS HONOR, THE MAYOR, AND GENTLEMEN OF THE
CITY COUNCILS:

We are again favored and honored of the pleasure and privilege, in submitting herewith a detailed report of all business transacted by the Dover Police Department for the year ending December 31, 1936, and a schedule of all fines received from the Municipal Court and converted into the City Treasury funds.

Police commissioner Robert W. Greenaway's term of office expired September 1, 1936. At the meeting of His Excellency, Governor H. Styles Bridges and his council, November 30, 1936, commissioner Robert W. Greenaway succeeded himself, being reappointed by Governor H. Styles Bridges and approved by his council, was immediately confirmed for a three year term, thus leaving the police commission the same as previously organized: Owen Coogan, Chairman; Thomas W. Webb, Clerk; Robert W. Greenaway.

PERSONNEL OF THE DEPARTMENT FOR THE YEAR, 1936

ANDREW H. MCDANIEL, City Marshal.

JOHN J. MURPHY, Assistant Marshal.

WILLIAM D. LOTHROP, Sergeant.

PATROLMEN

Harry McCarthy,	Frank W. Jones,
George A. LaBonte,	Dewey W. Allen,

Edward F. McDonough, Henry E. Griffin,
 Perley A. Quimby, John J. Daley,
 George E. Fleming.

Reserve Officer, Alphonso M. Ayer.

SPECIALS

John A. Smith, Stephen J. Lyons,
 Orison O. Bunker.

That all citizens should become aware of the slight deficit of the year 1936, which is the smallest in all previous years; also calling attention to the earnings of the department as well. We wish to explain the attributable cause, namely, insufficient funds for the extra expenses for which there had been no provision made from the regular running expenses that was appropriated, including sliding recreation for children, and policing of all ball games at the different parks. The department has been actively engaged in the suppression of the crime wave that is giving all departments much concern and anxiety in trying to cope with the present conditions. All payrolls are now receiving police escort to our several manufacturing plants, and business houses with large amounts to deposit are also calling for protection to the banks which they are favored with.

In conclusion of this explanation we wish to express our own convictions, that all moneys appropriated has been expended judiciously by our City Marshal under our supervision. All department members are commended for their courteous and painstaking endeavors during the entire year, that all duties and business has been discharged in a very befitting manner which reflects great credit and honor to the department.

FINANCES

Amount of lost and stolen property recovered by the department and returned to the owners\$ 6,713.60
 Number of automobile accidents reported and investigated, 301, with one fatality resulting.

In testimonial appreciation to all those associated with the department, I wish to express my sincere gratitude to the Honorable Board of Police Commissioners for their zealous cooperation. Also, thanking Hon. Patrick W. Murphy, judge of Municipal Court, and city solicitor, Albert P. Sherry, for their helpful advice. Clerk of court, Bert Wentworth, and state investigator, Ralph W. Caswell and his corps of assistants, together with county solicitor, Thomas J. McGreal, sheriff, Stephen W. Scruton, and all members of the Boy Scouts, and police officers. I feel that through their untiring efforts much has been accomplished and discharged in a very befitting manner.

Respectfully submitted,

ANDREW H. MCDANIEL,
 City Marshal.

Dover, N. H., December 31, 1936.

ANNUAL REPORT
of the
CLERK OF THE MUNICIPAL COURT

GENTLEMEN OF THE CITY COUNCILS:

BERT WENTWORTH,
Clerk Municipal Court.

DOVER WATER WORKS

REPORT OF WATER COMMISSIONERS

TO THE CITY COUNCILS OF THE CITY OF DOVER:

GENTLEMEN:—Agreeably to a provision contained in Section 6, Chapter 29, of the City Charter, the Water Commissioners of the City of Dover have the honor to submit herewith the forty-ninth annual report for the year ending December 31, 1936. For the complete details of the Water Department, you are respectfully referred to the report of the Superintendent to be published in April, in conjunction with the city report.

The organization of the board for the year was as follows: President, Hon. James P. Keenan; Vice-President, Philip C. Brown; Secretary, Mark J. Pilgrim; Terrence O'Neill; Cesaire Houde.

We wish it were possible, as a prelude to this report, for the members of the City Councils to make an inspection of the Water Department, under our charge and personally inspect the repairs and improvements made during our term of service.

We would cheerfully acquiesce in whatever verdict your intelligent and impartial examination might suggest not only as to results accomplished, but as to the expediency of our official authorizations.

In recognition of the fact that the public in whose behalf we serve is entitled to a fair statement of our stewardship, and, with the knowledge that a complete statement of the year's work would necessitate elaborate and wearisome detail, we submit herewith a brief outline of the more important matters.

During the past year the High Pressure Pumping Station has been completely renovated, from the point of efficiency. A new heating system has been installed and the area to be heated has been reduced by the construction of a new ceiling. A new Venturian Meter, together with a new Morris Pump is to be installed, within thirty days, thereby guaranteeing to the people of Dover a constant water supply.

By agreement with the Twin State Gas and Electric Company to pump our water supply at night, we have been able to reduce our power charge, saving the Water Department \$948.67, over the first eight months of the new plan.

New service piping has been installed on Washington Street and lower Central Avenue, in anticipation of the permanent construction of new roads.

A survey has been made by the American Appraisal Company, at a cost of \$912.00, determining the actual value of the Dover Water Works. The greater part of the appraisal work was done by our office force, greatly reducing the expense of the undertaking. This survey will facilitate our complying with the recent State Law, that all Public and Private Water Utilities must file an annual report with the Public Service Commission. It is our hope that the members of the City Councils will find time to read and study this appraisal report.

We wish to report that the Water Department has finally accomplished what it has been trying to do since 1904, namely the wilful waste of water, by doing away with all former flat rate services. At the present time, every consumer is purchasing water by the meter system.

As to the financial standing of the Department, we wish to report a successful year. All bills due and

payable have been met. Our bonded indebtedness for the year amounting to \$19,353.13 has been paid. Total cash receipts for the year amount to \$84,146.77, the same having been paid to the City Treasurer. Uncollected accounts, December 31, 1936, amount to \$6,522.79 as compared with \$30,081.28 at the end of 1935. The present cash balance of the department is \$30,688.45.

Respectfully submitted,

JAMES P. KEENAN,
PHILIP C. BROWN,
TERRENCE W. O'NEILL,
CESAIRE HOUDE,
MARK J. PILGRIM,

Board of Water Commissioners.

Dover, N. H., December 31, 1936.

DOVER WATER WORKS

REPORT OF THE SUPERINTENDENT

TO THE BOARD OF WATER COMMISSIONERS, DOVER, N. H. :

GENTLEMEN:—I have the pleasure to present the forty-ninth annual report of the Superintendent, showing the present condition of the department, the extensions and improvements made, together with a statement in detail of the financial condition of the department for the year ending December 31, 1936.

The extensions of the mains for the year were as follows :

Rutland Street—183 feet of 6-inch pipe.

Samples of water have been tested by the State Chemistry Department, each month during the year and were found to be of excellent quality.

The following table and figures show the activities of the department in detail :

Services renewed	121
Services added	30
Services discontinued	3
Repaired inside street line	60
Services repaired outside street line	17
Shut off for owners to make repairs	8
Services frozen	10
Number of services to date	2,520
Shut off and turned off	158
Meters repaired	310
Meters repaired by department	261

Meters repaired by factory	49
Meters tested	85
Meters replaced with new	12
Meters frozen	16
New meters set	153
In use at date	2,438
Hydrants added to system	2
Hydrants repaired	16
Gates set in hydrant branches	2
Distribution system leaks	3
New gates set	2
Gates repaired	3

I would like to take this opportunity to thank the commissioners and all the water department employees, for their spirit of cooperation throughout the year 1936. Without this cooperation, such an excellent report, both for finances and work accomplished, could not have been given.

Respectfully submitted,

WALTER C. CAMPBELL,
Superintendent.

Dover, N. H., December 31, 1936.

DOVER WATER WORKS

SUMMARY OF STATISTICS FOR YEAR

For the year ending December 31, 1936, in form recommended by the New England Water Works Association.

DOVER WATER WORKS, CITY OF DOVER,
STRAFFORD COUNTY, NEW
HAMPSHIRE

GENERAL STATISTICS

Population at date, 14,193.

Date of construction, 1888-1889.

By whom owned, City of Dover.

Source of supply, pond, well and springs.

Mode of pumping (whether by gravity or pumping), pumping.

PUMPING STATISTICS

High Pressure Service Station

Builders of pumping machinery—De Laval Pump Company and General Electric Company.

Description of fuel used—Electricity for pumping, coal for heating, oil for heating November and December.

Average price of coal per ton—\$7.50; fuel oil per gallon—6½ cents.

Coal consumed for the year—35,000 pounds.

Average static head against which pump works—188 feet.

Average dynamic head against which pump works—206 feet.

Electric driven pump, description of power—
Alternating, three-phase, 60 cycle, 550 volts, 1,700 R.
P. M.

1. K. W. hours of electricity used—251,580.
2. Pumpage by electricity—280,542,000 gallons.
3. Gallons pumped per K. W. H.—1,115 gallons.
4. K.W.H. used per million gallons pumped—896.
5. Total pumpage for the year—280,542,000

gallons.

Cost of pumping, figured on pumping station ex-
penses—\$9,935.12.

Cost of pumping, per million gallons—\$35.48.

Low Pressure Service Station

Description of power—Alternating, three-phase,
60 cycle, 550 volts, 1,500 R. P. M.

Average static head—18 feet.

Average dynamic head—25 feet.

K. W. H. electricity used—2,827.

Gallons pumped per K. W. H.—3,818.

K. W. H. used per million gallons pumped—262.

Total pumpage—10,794,000 gallons.

LAYNE WELL STATISTICS

Description of power—Alternating, three-phase,
60 cycle, 550 volts, 1,170 R. P. M.

K. W. H. electricity used—44,120.

Gallons pumped per K. W. H.—2,858.

K. W. H. used per million gallons pumped—349.

Total pumpage—154,372,000 gallons.

STATISTICS OF WATER CONSUMPTION

Estimated total population at date—14,193.

Estimated population on lines of pipe—13,500.

Estimated population supplied—13,500.

Total consumption for year—280,542,000 gallons.

Passed through consumers' meters—190,743,765
gallons.

Percentage of consumption metered—68 per cent.

Average daily consumption—766,508 gallons.

Cost of supplying water, per million gallons, figured on the total maintenance—\$141.78.

STATISTICS RELATING TO DISTRIBUTION SYSTEM MAINS

Kind of pipe—cast-iron, wrought-iron, cement-lined.

Sizes—4-inch to 16-inch.

Extended 183 feet during the year.

Total now in use—40.76 miles.

Number of hydrants added during the year—2.

Number of hydrants (public and private) now in use—300.

Number of stop gates added during the year—2.

Number of stop gates now in use—353.

Range of pressure on mains—54 pounds to 120 pounds.

SERVICES

Kind of pipe—wrought-iron, cement-lined, cast-iron and copper.

Sizes—1-inch to 8-inch.

Extended—1,050 feet.

Discontinued—90 feet.

Total now in use—23.85 miles.

Number of service taps added during the year—30.

Number now in use—2,520.

Average length of service—35 feet.

Number of meters added—153.

Number now in use—2,438.

Percentage of services on metered rate—100 per cent.

Percentage of receipts from metered water—92.09.

Number of motors added—none.

ANNUAL REPORT
of the
SCHOOL COMMITTEE

In accordance with the laws of the State of New Hampshire, the school committee of the city of Dover presents its report for the year 1936, it being the sixty-fifth in the series of reports of the city district.

THE SCHOOL COMMITTEE, 1936
CHOSEN BY THE PEOPLE

Members	Term Expires
Ward 1—Ernest Kidder	January, 1938
Ward 1—Forrest F. Eastman	January, 1940
Ward 2—Samuel H. Jenness	January, 1940
Ward 2—Samuel Meserve*	January, 1938
Ward 3—Frank R. Bliss	January, 1938
Ward 3—Frances S. Hall	January, 1940
Ward 4—Edward J. Ackroyd	January, 1938
Ward 4—John J. Topham, M. D.	January, 1940
Ward 5—George E. Brennan	January, 1938
Ward 5—Peter Duffy	January, 1940

CHOSEN BY THE CITY COUNCILS

Members	Term Expires
Ward 1—Mary A. Berry	January, 1939
Ward 2—Albert Marcotte	January, 1938
Ward 3—E. Dean Nelson	January, 1939
Ward 4—Carroll E. Hall	January, 1938
Ward 5—Stephen T. Burns	January, 1939

* Deceased—Succeeded by Oliva J. Gregoire.

Annual meeting—The second Thursday in January at seven-thirty P. M.

Stated meetings—The second Thursday in each month at seven-thirty P. M.

ORGANIZATION, 1936

Chairman,

CARROLL E. HALL;
61 Rutland Street.

Vice Chairman,

HON. JAMES P. KEENAN, Mayor, ex-officio;
16 Elm Street.

Secretary,

EDWARD J. ACKROYD;
189 Locust Street.

SUB-COMMITTEES-1936

Finance and Claims:—C. Hall, Duffy, Kidder, Marcotte, Keenan, Brennan and Bliss.

Text Books:—Kidder, Meserve*, Duffy, Mrs. Hall and Nelson.

Music and Drawing:—Meserve*, Duffy, Ackroyd, Bliss and Nelson.

Health:—Ackroyd, Topham, Duffy, Brennan and Eastman.

High School:—C. Hall (ex-officio), Ackroyd, Meserve*, Jenness, Marcotte and Mrs. Berry.

* Deceased—Succeeded by Oliva J. Gregoire.

Grammar Schools—Duffy, Ackroyd, Bliss, Meserve and Mrs. Berry.

Primary Schools:—Marcotte, Jenness, Mrs. Hall, Topham and Burns.

Suburban Schools:—Kidder, Jenness, Eastman, Burns and Duffy.

Industrial Training:—Brennan, Marcotte, Keenan, Kidder and Bliss.

Evening School:—Jenness, Brennan, Ackroyd, Eastman and Burns.

Superintendent of Schools,
CHESTER L. HOWE;
Office, Municipal Building.

Office hours:—On school days, 8.00 to 9.00 A. M.;
4.00 to 5.00 P. M. Saturdays, 9.00 to 12.00 A. M.

Secretary to Superintendent,
HELEN H. HILL;
1 Chestnut Street.

School Treasurer,
MARGARET M. REDDEN;
Office, Municipal Building.

Office hours:—8.30 A. M. to 12.00 M.; 1.30 to 5.00
P. M.

Truant Officer,
THOMAS MCLIN.

SCHOOL CALENDAR

1937

Schools open January 4, 1937.
Schools close February 19, 1937.
Vacation one week.
Schools open March 1, 1937.
Schools close April 23, 1937.
Vacation one week.
Schools open May 3, 1937
Grade Schools close June 11, 1937.
High School closes June 16, 1937.
Graduation June 17, 1937.

1937 - 1938

Schools open September 8, 1937.
Schools close December 17, 1937.
Vacation two weeks.
Schools open January 4, 1938.
Schools close February 18, 1938.
Vacation one week.
Schools open February 29, 1938.
Schools close April 15, 1938.
Vacation one week.
Schools open April 25, 1938.
Grade Schools close June 10, 1938.
High School closes June 15, 1938.
High School Graduation June 16, 1938.

ANNUAL REPORT
of the
COMMITTEE ON FINANCE AND CLAIMS

TO THE DOVER, N. H., SCHOOL BOARD,

Gentlemen:

We herewith submit our report of Receipts and Expenditures of the School Department for the year ending December 31, 1936.

RECEIPTS

Balance, January 1, 1936	\$	91.81
Smith-Hughes Fund		3,462.24
Tuitions		12,471.15
Dog Tax		913.15
Heating Library		800.00
Miscellaneous		106.08
Perkins and Drew Fund		205.00
Rent, High School Auditorium		75.00
Reimbursement Perkins and Drew Fund ..		65.00
D. H. S. Athletic Association		20.73
Supplies		6.30
Appropriation..		117,500.00
		<hr/>
Total receipts	\$	135,716.46

\$2,450.00 of the appropriation has been returned to the City of Dover.

EXPENDITURES

Total expenditures	\$135,680.47
Balance, January 1, 1937	35.99
	<hr/>
	\$135,716.46

Approved by finance committee:

 PETER DUFFY,
 ALBERT MARCOTTE,

Committee on Finance and Claims.

ERNEST C. LORD,
 GILMAN H. TWOMBLY,
 Auditors.

ANNUAL REPORT
of the
SUPERINTENDENT OF SCHOOLS

TO THE HONORABLE, THE SCHOOL COMMITTEE OF DOVER,
NEW HAMPSHIRE.

I take pleasure in submitting my third annual report, it being the sixty-fifth in the series.

When we look broadly at our educational systems they take on the appearance of an unfinished business.

The child of pre-school age takes on the reflections of a home, whether good or bad. These reflections are so implanted in the receptive mind of the immature child that some of these qualities are expressed throughout his life. At home, each one is treated as an individual, his or her growth is watched by parents whose interest centers in one or more children. Here at home, is begun the educational process, the first step in education—parental.

When it is found that the average child has advanced mentally, physically and socially so as to meet certain requirements he or she is allowed to enter school. This the second step—parental and school. Our American system of education does not allow for the advancement and training of any one individual but must deal with the attendants as a group and for such our systems are built. We are yet unable to deal with the child as a separate individual. The school can only augment the training being received at home.

The school can never supplant the place of home training, for it must and does carry over through the

life of a child. Schools can exert its influence and its teachings, only to foster those inherent traits already existent in the individual. Our particular ambition, in schools, is to foster those aptitudes already present in the immature mind rather than attempt to supplant something just-as-good. After traits are firmly imbedded by home training, secured by the environment of the household, the school cannot attempt to make over a pupil.

Teachers endeavor to make children want to learn by drawing from them their special interests and aptitudes. The school that has the ability to create a craving on the part of the pupil to want to learn is a truly successful one. This arousing an interest to learn is no simple process for a school to accomplish, it must be supplanted by the home. Where no home interest is shown in school life by the parent this process of education when taken over entirely by the teacher is extremely difficult. One cannot say "learn" and see them grow in wisdom; neither can he say "think" and have them respond correctly. Set a child's mind to wondering and he is put on the road to understanding. Every child, be he bright or dull, is interested in something, it being the task of our schools to discover this interest and foster the trait. The school must be interesting in the final analysis to hold the attention of the pupil.

As a medical doctor assists nature in a human's recovery from an illness, so the school assists nature in the development of a human being. The school's position makes it obligatory to endeavor the double feat of assisting nature in the maturing of the human body both physically and mentally. Without a foundation of health and mentality the task of education is difficult, and at no time can a teacher create an entirely different

being from that which already exists and call it a finished product. That which a teacher receives in the form of a human mind, he attempts to direct it into a coordinating agency, and then must leave it for the individual's own destination takes on the appearance of an unfinished business.

SCHOOL BUILDING—HIGH SCHOOLS

As in previous years the demand for actual pupil sittings was found to be inadequate for the estimated increased enrollment of September, 1936. This necessitated alterations which were effected during the Summer. A room on the first floor used for domestic science purposes of the grades was remodeled and furnished with pupils' desks and chairs to accommodate a home and recitation room.

The above change made it necessary to relocate the grade domestic science department. This was accomplished by dividing a cabinet making and the grade manual arts room into three rooms thereby creating accommodations for such purposes as were necessary.

However, the problem of high school accommodations for the coming year, for the ever increasing number of high school students entering for the first time and the larger number who remain in the high school, causes some concern as to where they may be placed, and in view of these facts some deep consideration should be given to the possibility of a building that would relieve the perplexity.

SCHOOL REPAIRS

Under the supervision of the City Council's Committee on School House Repairs the school department has benefited by many improvements.

In the high school building, many needed repairs have been taken care of, such as a new floor and re-

decorations in the principal's office and new electric fixtures installed in corridors of the building. In the auditorium new window curtains have been supplied and redecorations have been made to the entrances.

On the first floor of the main building a room formerly used as domestic science room has been remodeled into two separate rooms with a folding door between enabling it to be used as a large single room or two class rooms.

Many of the pupils' desks have been resurfaced and revarnished, thus eradicating many of the caricatures and initials of pseudo-eminent personages who were wont to establish themselves into posterity.

The basements have been thoroughly redecorated which renders them clean and sanitary.

Since the altering of the former grade domestic arts room it become necessary to seek quarters elsewhere. It was feasible to perform the largest alteration in the basement of the annex. The wood-working department, consisting of two rooms, was divided into three rooms where the grade domestic arts department, the grade manual arts department and a part of the high school manual arts department are now quartered.

At the Hale, Belknap, Varney and Sawyer Schools, we find redecorations throughout the buildings with alterations in toilet facilities and the installation of new sinks and bubblers. At the Varney School a much needed new heating apparatus has been installed.

Minor repairs have been made in the Pierce School and two rooms refinished at the Sherman School.

I hesitate in calling your attention to the condition of the Sherman School. A year ago, in my report, I called your attention to this unsatisfactory building relative to a health and sanitary point of view. It is doubtful if repairing or attempted modernization would

make it a desirable house for school purposes. It still appears that with unsanitary toilet facilities, incorrect heating and ventilating systems, faulty lighting from the outside, and insufficient playground area for 160 pupils, that accommodations should be made possible elsewhere.

NEED FOR A NEW SCHOOL BUILDING

In view of the foregoing facts:—Namely the saturation point in the high school accommodations, a strong possibility of a two session day accommodating high school pupils on a part time basis; the inadequacy of the Sherman School and a demand for Kindergartens and Opportunity Rooms for Atypical children; it seems that the erection of accommodations to take care of these factors is wise and practical.

TYPE OF BUILDING RECOMMENDED

Since the idea of centralization of school properties into units according to physiological, psychological and educational criteria, it seems that a building of 16 rooms erected in the proximity of the high school with accessory rooms, a small combination auditorium and gymnasium to accommodate pupils assigned to this building, rooms for manual arts, domestic arts, music, drawing and a cafeteria is eminent.

Pupils that might be assigned to this building would be of the seventh, eighth and ninth grades (the first year of the high school) with the result that a continuity of administration and educational philosophy would be under one administrator, and with the interjection of exploratory secondary subjects by secondary teachers.

This plan would eliminate all seventh and eighth grade pupils from Sawyer, Sherman and Hanson Schools as well as the three rural schools. Rooms left

vacant by these classes would afford the establishment of Kindergartens and Opportunity Rooms in all parts of the city easily accessible to such pupils who would attend.

ENROLLMENTS

Since an exact estimate of pupil enrollment is an impossibility from year to year, it was estimated an increase of at least 50 would be evidenced in the high school in September. This estimate was found to be conservative and actual figures have shown an increase of over 60; this the largest in the history of the high school. The elementary school enrollment shows a slight decrease over that of last year.

The following table presents an interesting study showing the increase in secondary enrollments for the past three years. A more exhaustive study, over a period of 10 years, has shown an increase of nearly 100% :

<i>High School</i>	'34-'35	'35-'36	'36-'37
Freshmen	230	270	254
Sophomores	182	190	228
Juniors	123	161	167
Seniors	124	130	150
Post-Graduates	18	12	14
Specials	0	0	0
	680	764	827
<i>Elementary Schools</i>	'34-'35	'35-'36	'36-'37
Grade 1	153	133	154
Grade 2	137	144	135
Grade 3	138	147	139
Grade 4	150	131	134
Grade 5	158	168	139

<i>Elementary Schools</i>	'34-'35	'35-'36	'36-'37
Grade 6	174	161	166
Grade 7	179	162	157
Grade 8	170	192	168
	<hr/>	<hr/>	<hr/>
Totals	1259	1238	1192

TEACHERS

When evidence of a teacher's willingness to advance her knowledge of educational matters by attending Summer School is shown, some recognition is forthcoming: To those teachers who have so availed themselves of such opportunities, I express my gratification in their increased desire to assist the youth of Dover.

It is not uncommon to find, in June, that some teachers for various reasons have wished to make changes in their positions, and June of this year was no exception.

Those leaving the school system were as follows: Elwyn W. Avery, Robert D. Bailey, Madeline P. Jenness, Charles A. Sewell, Everett M. Winslow, Esther H. Young, Agnes Redden, Elizabeth Cassily, and Susan Shaw.

The following were elected to fill the vacancies: Norman Cassell, Raymond Crosby, Marion Fenerty, Dorothy Grimes, Carroll Matthews, Emerson McCourt, Albert Oliver, Dorothy Williams, Phyllis Greenaway, Catherine Redden, and Eleanor Buzzell.

With the increased enrollment at the high school, it was found necessary to add two more teachers: one in the Science department and one in the English department, thus relieving a situation of over-load on the part of the teachers, which would have had a rather unsatisfactory effect on the pupils.

OBSERVANCE OF AMERICAN EDUCATION WEEK

November 9th through November 12th

“Visit your Schools to witness their work,” was the general theme in every school throughout the United States during the week of November 9th. Our schools fittingly observed the occasion by inviting parents and friends to witness the work.

All schools were open to the public during the regular sessions of each day, and in addition each school was open one evening at which all teachers in that school were present greeting parents and explaining any matters relative to their children.

The high school during its open night showed actual operations by pupils in the mechanic and domestic arts departments.

The attendance and interest shown by the parents and friends was most gratifying, proving the venture to be most worthwhile.

EDUCATIONAL ACHIEVEMENTS

It has been possible during the past two years to unify the first four grades in reading by supplying new reading material, supplementary seat work, and perception wall charts.

English, spelling, arithmetic, geography and history, in the grades, have been supplemented by the use of modern work-books.

The high school continues to follow the requirements set forth by the State Board of Education and is classified as a Class A approved secondary school.

The continuance in the high school of a non-unit course in automobile driving and road rules has proven to be popular and of unestimable value to the potential driver.

The introduction of a non-credit course in Art appreciation in the high school has caused an interest on the part of many pupils. This work is not restricted to any set program but as an aid to those who wished more information and help on the subject of Fine Arts. This interest is unsolicited by the faculty, coming from the pupil and from his or her own time.

The introduction of a general science course in the freshman year and a household chemistry course in the senior year offers a sequence of science course throughout the four years of secondary education.

The English department of the high school was recognized as the largest one in which all students were enrolled and to which more teachers are assigned to teach than in any other single subject. It became apparent that some qualified person should take over the planning and supervision of the work. In the following out of the recommendation to the School Committee, and they in turn approving, Miss Mary Reilly was elected head of the English department.

Surrounding secondary schools, of lesser or larger student enrollments, recognize one of the faculty as a sub-master. Dover High School had been without such an authorized person during the year 1935-1936. Realizing the need of such an assistant to the Headmaster of the High School, the Committee approved of Mr. Frederick Walker and subsequently elected him to the vacant position.

Graduates of the Dover High School now in colleges or universities are a credit to the institution from which they graduated. Letters of congratulations, from these colleges or universities to the headmaster of the high school concerning the work of these graduates are most encouraging and gratifying.

SCHOOL TRANSPORTATION

In every community, large or small, when the idea of school consolidation is eminent, the transportation of school children becomes a very important factor in school life. With more and more families with children of school-age, moving into less rural districts, the transporting of these children becomes a moment of concern.

Not only must their educational needs be a matter of concern, but their safety in getting to and from these institutions is a matter of conjecture. Realizing that safety not only means the prevention of bodily injuries, but health as well, systems of school transportation have been installed. Comparing transportation figures for the school year 1935-1936 and 1936-1937, we find there has been an increase of 43 more pupils than that of last year, due no doubt, to families moving to less crowded residential sections and beyond safe walking distances. This transportation cost is not a small item in the school's budget, but when considered in the light of safety and health it should appear as a very small item.

During the month of October, 1936, a petition was presented to the School Committee to furnish transportation to those pupils attending a private non-profit making school, at public expense. These pupils entitled to transportation must reside, in the case of elementary school, a mile or more from the nearest urban school of corresponding grade; secondary school pupils must reside two or more miles from the Dover High School.

RECOMMENDATIONS

I. I refer you back, in this present report, to the need of a new building. With this building erected

and operating, I can see facilities for the establishment of Kindergartens and Opportunity Rooms for the benefit of Dover's youth. Statistics show us that 2% of a city's school population should have the advantages as offered by an Opportunity Room. Basing our supposition on these facts, Dover needs at least two rooms set aside for this type of pupils.

II. Again, I call your attention to the recommendation of a new building thereby relieving the existing unhealthy and unsanitary condition of one of the city's schools and the crowding at the high school.

III. It is recommended that Physical Education be instituted in the high school as a part of the educational system.

IV. It is recommended that a full time instructor be engaged to take care of the musical interests in the high and upper elementary grades, instructing in Glee, Chorus, Band and Orchestra Music.

V. It is desirable that some means be taken to prevent desirable teachers from leaving our system.

VI. The health of our school pupils has, during the past year, been carefully and efficiently cared for. Yet, I feel that the work of this department and that of physical education should be supplemented by the assistance of a regularly employed "school physician," and "school dentist" to whom the "school nurse" "physical director," and school instructors may send sick or injured pupils, for first aid or advice.

VII. When we realize that approximately 80% of our education is accomplished by visual methods, it is not unconventional for us to consider the purchase of such apparatus that would assist in this form of education and include the cost of same in our budget.

VIII. Education when restricted in a budgetary form restricts the "education of youth." It is our duty

as providers of education to match the opportunities in education with those of other school systems.

CONCLUSION

The accompanying reports which follow: That of the High School Headmaster, School Nurse, Director of Physical Education, Music Supervisor, Art Supervisor, Practical Arts Supervisor—High and Elementary Grades, and Grade Manual Arts Department are commended to your attention.

In conclusion, I wish to express my appreciation of the cooperation I have received from the School Committee, teachers and parents.

Respectfully submitted,

CHESTER L. HOWE,
Superintendent of Schools.

December 31, 1936.

ANNUAL REPORT
of the
HEADMASTER OF THE DOVER HIGH SCHOOL

TO THE SCHOOL COMMITTEE:

I submit herewith my annual report as Headmaster of Dover High School.

There are at present 828 pupils enrolled in the high school. This number will probably increase slightly before the end of the school year. As in each of the previous few years this is again a record enrollment. The following tabulation shows the change in registration for the last seven years:

Year	1930-31	1931-32	1932-33	1933-34	1934-35	1935-36	1936-37
Enrollment	509	567	570	620	695	767	828

The present registration is divided as follows:

	Post-graduates		Specials		Total
Girls	6		3		9
Boys	8		1		9
	Senior	Junior	Soph.	Fresh.	
Girls	81	85	104	103	373
Boys	69	83	124	161	437
	<hr/>	<hr/>	<hr/>	<hr/>	<hr/>
	150	168	228	264	828

This last September the number of city grammar school graduates who entered high school gave the lowest percentage in four years. This was 82.4 compared to a percentage of 92 a year ago.

Per cent. of admissions for the last seven years :

	1930	1931	1932	1933	1934	1935	1936
Central A	80.0	92.3	92.1	92.0	97.0	95.0	91.0
Central B	66.6	90.6	80.0	85.0	90.0	93.0	93.0
Central C	47.1	72.7	51.0	82.0	72.0	86.0	79.0
Sawyer	82.5	94.5	82.3	84.0	90.0	88.0	83.0
						94.0	68.0
Average	—	—	—	—	—	—	—
Per cent.	69.0	87.5	76.1	87.0	90.0	92.0	82.0

The present freshmen class totals two hundred and sixty-four, which is a few less than a year ago. This group is made up of one hundred and thirty-six from the grammar schools, thirty-seven from St. Mary's, sixteen from St. Charles and seventy-five from schools outside the city.

Since school opened in September forty-three pupils have left school. While a few additional pupils will leave before school closes in June the above figure represents the greater part of those leaving during this school year.

As usual post-graduates and freshmen constitute the majority of those leaving. Eight post-graduates have secured employment and twenty freshmen have left for various causes.

The reasons for leaving are recorded as follows: Fifteen secured employment, ten moved away and entered schools elsewhere, five lost interest, five suffered ill-health, three were outclassed, a change in home conditions caused three to leave, one died, and one moved away but did not enter another school.

This represents a loss of approximately 5.2 per cent., the highest in four years. The table below shows a comparison in the percentage of pupils leaving school during the fall term.

PERCENTAGE LEAVING SCHOOL DURING THE FALL TERM:

Year	1930-31	1931-32	1932-33	1933-34	1934-35	1935-36	1936-37
Per cent.	7.4	5.3	8.6	4.7	3.8	3.4	5.2

The program of studies being followed this year is the same as that of last year with a minor change. Biology formerly offered in grade nine was moved up to grade ten and general science introduced in grade nine. This change permits a pupil to elect a natural science for each year of high school. The quality of work demanded by the school is high. Dover high school graduates in college rank as well as the majority of high school graduates. About the usual percentage of graduates last June entered post-secondary institutions. This figure runs between twenty and twenty-five per cent. and compares favorably with the figures for the country at large.

The following table indicates the whereabouts of the high school graduates for the last four years:

	Class of 1933, 87 graduates	Class of 1934, 101 graduates	Class of 1935, 125 graduates	Class of 1936, 129 graduates
University of New Hampshire	20	19	29	16
St. Anselm's	2	0	0	0
Dartmouth	1	0	0	0
Keene Normal School	1	1	1	3
Post-graduates in Dover High	8	15	11	12
Business College	8	7	7	8
Hospital Training	5	2	1	2
Trade School	1	0	1	4
To work or at home	39	50	67	73
Plymouth Normal School ..	0	2	1	3
Special schools	0	3	0	3
Rollins College	0	1	0	0
Mt. Holyoke	0	1	1	0
Mt. St. Mary's	1	0	0	0

	Class of 1933, 87 graduates	Class of 1934, 101 graduates	Class of 1935, 125 graduates	Class of 1936, 129 graduates
Colby	1	0	0	0
Smith	0	0	1	1
Regis	0	0	1	0
Holy Cross	0	0	1	0
U. S. Army	0	0	1	0
Post-graduate in Portsmouth				
High	0	0	1	0
St. Ambrose, Iowa	0	0	1	0
Convent	0	0	0	1
Randolph-Macon	0	0	0	1
Harvard	0	0	0	1
Deceased	0	0	0	1
	87	101	125	129

The Industrial Department continues to serve the needs of a large number of boys who plan to enter employment after graduating from high school. The enrollment in this department this fall is the largest in several years. There are a total of one hundred and forty-three boys taking work in the school shops.

This fall there were two changes in the teaching force. Mr. Elwin Avery who went to Portsmouth was replaced by Mr. Emerson McCourt, and Mr. Everett Winslow who moved to Greenfield, Mass., was replaced by Mr. Raymond Crosby.

As in the past the shop classes carry on a large amount of construction and repair work. This consists of both individual and class projects. Perhaps it is not necessary to give a complete outline of all of the work completed in the various shops. Groups are at work continually in cabinet making, pattern making, machine work, automobile mechanics, and electrical work. An example of some of the work done by the

electrical groups last year will serve to illustrate. This group did all the electrical wiring in decorating for the Christmas dance, the Valentine dance, the Junior Prom, construction and wiring for a crystal ball, lighting effects for the school play and the operetta, complete rewiring of the corridor gongs, as well as a large amount of repair work to the clock, bell and light circuits in the shops and over the school in general.

There are a large number of activities generally conceded to have educational value which are sponsored and supported by the school. Among these activities probably those the best known and demanding the most time of their participants are classed as athletics, namely, football, basketball, baseball and to a lesser extent hockey and track. Teams enjoying successful seasons are maintained for boys in all of the above sports and in basketball and baseball for the girls. Mr. Adams has reported more extensively on these activities.

The activities of our musical organizations are fairly well known. Under Mr. Wilson's guidance both the orchestra and band continue to do excellent work. During the past year these organizations have made seventeen appearances in public. The fact that the school owns several instruments is a large factor in the success of these musical groups. These instruments are constantly in the hands of promising individuals many of them in the grades. These pupils enter the orchestra and band as soon as they can play sufficiently well. We should, however, add a few more instruments. This would give an opportunity to start more players and result in a better balanced organization.

The school is sponsoring the following clubs:

Literary, Dramatic, Latin, French, Home Economics, and Radio. These clubs meet regularly for social and educational programs.

The most recent organization added to our activities is the Dover High School Chapter of the National Honor Society. The activities of this organization are controlled by a constitution and its membership consists of individuals chosen from the Junior and Senior classes who are outstanding in scholarship, character, leadership, and service.

Other activities such as the Friday afternoon dances, class socials, the school paper, and school assemblies all contribute to the social and educational life of the school.

In looking ahead to next year there is every indication of another increase in enrollment. With a graduating class of over one hundred and forty next June, an entering class next September of approximately two hundred and sixty and the usual loss during the summer months there is certain to be a new record enrollment. Without doubt this increase will require additional teaching help.

It also seems desirable to give some consideration to the length of the school day. Dover is one of the very few high schools in the State still adhering to the shortened one-session day. It is a well known fact that opportunities for employment formerly open to young workers are not available today. This refutes one of the strongest arguments against a longer school day namely that it deprives many pupils of an opportunity for employment during the afternoon. A survey of our pupils at the opening of school showed that less than four hundred had any definite plans for afternoon employment at a time which would conflict with a longer school day. In many homes conditions are not

favorable for study. The demand upon the pupil's time made by the automobile, the radio and motion pictures, has brought about ever increasing need for providing favorable conditions and supervision of study in the school. This cannot be done with the present school day.

I wish to express my appreciation to the teachers, superintendent, and school committee for their loyal cooperation and support.

Respectfully submitted,

CLIFTON H. DUSTIN,
Headmaster.

PINE HILL CEMETERY

REPORT OF THE SUPERINTENDENT

DOVER, N. H., December 31, 1936.

TO THE TRUSTEES :

I have the honor to submit the annual report of the Superintendent of this department for the year 1936.

The W P A Project in the Old Pines was reopened the first week in April for four weeks, when it was closed for good, during this time the Old Pines section was completed as well as most of the old lots on the front, which were grubbed over, after which I had our men shape and sow them, in hopes to improve the section bordering on Central Avenue.

The other W P A Project in the New Part was in progress all winter and until late in the Fall, when it closed on account of exhaustion of funds; much was accomplished during the Summer, several of the Groups being finished and seeded.

During the Summer of 1935 the trees were badly infested with a new kind of caterpillars, I was afraid to have them sprayed, fearing that the monuments and stones would become stained, but upon the recurrence in 1936, something had to be done or the trees would die; Mr. E. L. Lucas was engaged to spray them and there was no damage to the stones. (There are 421 trees.)

During the year there were twenty lots in the Old Part put under perpetual care and additional added to six others.

The following water mains were laid:

150 feet $\frac{3}{4}$ " on Ave. S South with one faucet.

150 feet $\frac{3}{4}$ " on Ave. Q South Extension with one faucet.

260 feet $\frac{3}{4}$ " from Ave. B to Front Ave. with two faucets.

475 feet $\frac{3}{4}$ " on Walnut Ave. with four faucets.

415 feet $1\frac{1}{2}$ " on Hyacinth and Anemone Paths with three faucets. This will supply Groups 5, 6, 13, 14, the section between Catalpa, Cypress and Linden Avenues.

The square at Ave. E, north of North Ave., was raised to the grade of the lots adjoining; this eliminated an eyesore which has existed for many years.

During the Fall we connected the 12" storm sewer running from the Redden Field down Watson Street, with the manhole at Locke Street. We also laid 450 feet 10" pipe on the Main Ave. from Ave. R to connect with the 12" mentioned above.

At Ave. R two large and one small catch basins were installed, also one small one at Ave. S. These we are in hopes will take care of the excessive amount of water which accumulates at this location.

During the year a new International Truck and a new Ideal Mower were purchased, also a new tar and gravel roof was put on the garage.

A duplicate set of Burial Cards were made by a W P A Project, which have been placed in a steel cabinet and taken to a vault in the City Hall.

I am pleased to report that all of the stones have been righted, except on one or two lots, the owners of which are well able to pay to have it done.

Through the public spirit and generosity of Mr. Maurice A. Gibbs, the department was enabled to purchase at a moderate price, about four and one-half acres of land including his gravel bank; this is being opened up and is giving us just the material needed for our old roads as well as those being built in the new developments. This will take care of the requirements of the department for many years.

About the usual amount of foundation work has been handled in addition to grading many lots for private owners as well as those under perpetual care which needed it.

Many things mentioned in this report may seem superfluous to you, but I have included them as a matter of record.

Attached is a list of the bodies placed in my care, showing the exact location of each interment.

ANNUAL REPORT
of the
BOARD OF TRUSTEES

TO THE CITY COUNCILS OF THE CITY OF DOVER:

The Trustees of the Dover Public Library herewith submit their annual report:

Much care and attention have been given to the welfare of the Library during the past year. Many changes and improvements have been made. There has been an increase in circulation, the circulation for 1936 being the largest in the history of the Library.

We have sustained a great loss in the past year in the passing of Fred Hooper Hayes, who had served as trustee since 1900. He is much missed at the meetings of the trustees, where he was always interested in the active affairs pertaining to the Library, and his advice was always for the best interest of all its work. He passed away on April 29, 1936, at the age of 77 years, having completed a longer service to the Library than any of his predecessors. Mr. Samuel B. Blair was chosen by the City Councils to fill the vacancy on the board.

For full details of the expenses of the Library we would refer you to the report of the Treasurer, and for the work accomplished and details pertaining thereto we would ask that you study the report of the Librarian. Both the above reports are appended to and made a part of this report.

For the Trustees,

CLARENCE I. HURD,
Secretary.

TREASURER'S REPORT

RECEIPTS

FINANCE COMMITTEE'S REPORT

TO THE TRUSTEES OF THE DOVER PUBLIC LIBRARY:

This is to certify that we have examined the financial accounts of Margaret M. Redden, treasurer, and Beatrice M. G. Jenkins, librarian, from January 1 to December 31, 1936, and find them to be correctly cast and properly vouched.

ROSE V. CONNELLY,
SAMUEL B. BLAIR,

Finance Committee.

Dover, N. H., December 31, 1936.

DOVER PUBLIC LIBRARY

REPORT OF LIBRARIAN

TO THE BOARD OF TRUSTEES OF THE DOVER PUBLIC LIBRARY:

Gentlemen:—The report of the librarian showing the work of the library for the year 1936 is herewith presented:

THE YEAR'S GROWTH

Whole number of volumes, January 1, 1936	59,239
Volumes purchased	492
Volumes received by gift	130
Bound periodicals	86
	<hr/>
Total number of accessions	708
Received from U. S. Government, 2,000 volumes and pamphlets.	
Worn out volumes	194
	<hr/>
Total increase for the year	514
Total number of accessioned volumes, De- cember 31, 1936	59,753

THE YEAR'S WORK

In spite of the almost steady falling off in children's reading, there were taken out from all departments of the library for home use 80,294 volumes, a gain of 205 over last year. Of these 12,302 volumes were taken from the Children's Room.

Visitors who used the library for reading and study numbered 30,652. Of these 13,684 came to the Children's Room and 433 to the Reading Room on Sundays.

The lessening in the call for juvenile literature which has been widely reported by libraries for several years is probably due in part to the increased provisions made for the outdoor activities of children, as for instance playgrounds and skating rinks, and to the many added appeals to their interest offered by moving pictures, radio, and the automobile. Whatever the influences, recognized or unknown, it is obviously a trend, whether temporary or permanent only time can show. But it should be met with every resource at command if books are to hold their rightful place among the formative influences of young lives.

With the purpose of increasing the use of mounted pictures, visits were made by the librarian early in the fall to the primary and grammar schools, and the teachers were invited to visit the library in groups after school hours, when pictures suitable for their work were displayed for their inspection. The result of these meetings, at which tea was served, fully justified the hopes entertained for them. Not only were a great many pictures found immediately useful, but an opportunity was afforded to discuss future requirements and to look over at leisure the main picture collection. A striking evidence of the increased interest thus aroused is shown in the circulation figures. From an average of less than a hundred a month, mounted pictures jumped to 429 in October and 424 in November. December saw a falling off, as was to be expected in a month containing Christmas and a two weeks school vacation. But even so there were 269 pictures taken out.

A further use of the pictures has only recently been undertaken. This is the preparation of a number of scrapbooks that may afford pleasure to invalids or those who find long periods of reading fatiguing. These scrapbooks, which are light and easily handled, contain picture post cards of cities and scenes in our own and foreign countries. Some of the cards are very lovely in coloring and make an appeal to the eye as well as to the interest. The few that have been sent out have met with a welcome that warrants a continuation of the work.

For many years books have been sent to the Wentworth Home and have been a source of pleasure to its readers. This year as an experiment a few books were sent to the County Farm, and in addition a number of newspapers and magazines that the library doesn't preserve were given to the institution. This reading matter was found so acceptable that arrangements were made to have books and magazines sent as regularly as possible.

Books and pictures were also sent for the first time this year to the Convalescent Home.

The talks on the use of the library which are given each year to the freshman class of the High School this year extended over a somewhat longer period, as the entering class was a large one, numbering 232 students, and in addition there were 31 pupils from the Parochial High School. Although this instruction requires extra time and work on the part of the members of the staff, as the talks have to be given in the morning before the library is open to the public, it has been found so helpful, especially in the use of the card catalogue and the reference books, that the work is considered well worth while.

CIRCULATION DEPARTMENT

Miss Morrison, in charge.

The connection that has existed between the library and the schools has been close and long. From its very beginning when four school boys, bent on being the first to register, scurried up a narrow stairway to the single room over a paint shop where the library had its earliest home, there was a recognition of the needs of young readers who were living their school days, and efforts were made to meet them. In the purchase of books their requirements were kept in mind, and one of the first enlargements of privileges was granted to teachers, who were allowed to take out more than one book at a time, then all that the barely 6,000 volumes in the library made possible for each borrower. This was in order that there might be larger resources for school work. And through the years, as fast as the book supply grew, it was increasingly shared with the teachers and students.

It is not inappropriate to recall this policy at the present time as this is the first year in which a close record has been kept of the requests made by the students for permission to go to the shelves in the stack room. There were 10,000 of these requests, and while one student might ask permission more than once in the same day, some idea of the use of the books is indicated by the figures. They emphasize the dependance of the High School upon the resources of the library. This constant use, while it is felt to be highly desirable, does mean a greater wear of the books, more binding and replacements, more purchases of books called for on school lists, and steadily increasing demands on the assistants.

With the calls made upon it by the schools and the

general public, and the details of management necessary for its efficient conduct this department is one of the busiest in the library.

Fortunately, during the months of the heaviest circulation there has been an added assistant, Miss Virginia Hall, who as a W. P. A. worker was assigned to the library through the interest of the Public Library Commission of New Hampshire. While Miss Hall's special project was picture work, she has been of great assistance at the delivery desk.

CHILDREN'S ROOM

Miss Parker, in charge.

In this room there have been two important additions, a new set of shelves, and an autographed portrait of Henry W. Longfellow. The shelves, of a style and wood to match the furnishings of the room, have reduced the crowded condition of the wall shelves, greatly to the improvement of their appearance, and have made space for future growth. The withdrawal of books and magazines too badly torn or out-of-date to be useful has further relieved the congestion.

The portrait of Longfellow which has been hung on the west wall is an acquisition that the library was very fortunate to have been able to obtain, as it was one of a few remaining copies of the portrait painted and engraved by the well known artist, William Edgar Marshall, and published by Barrie & Sons, of Philadelphia. The signature of the poet adds immeasurably to its value and interest. It was purchased from the Children's Picture Fund, left by Miss Garland.

Book Week, which always calls for special observation, this year brought an unusually large and attractive number of book jackets and posters from publishers. These, arranged on bulletin boards and

against the walls, made a pictorial book-land of the room whose appeal was reflected in the pleasure of the children. The books themselves were displayed on tables where the children might look them over. Among them were many for older boys and girls.

On the closing Saturday of the week exercises, centering about the Longfellow portrait, were held in the Lecture Hall. The librarian told the story of the gift, and the children's librarian read a paper on the life of the poet. Under the supervision of Miss Eaton, teacher of music in the public schools, and Miss Henderson, a teacher in the Sawyer school, a number of the school children sang Indian songs and one of them gave a recitation from Hiawatha.

Instead of the reading club which has usually been carried on through the late fall and early winter, this year Miss Parker substituted a list of about one hundred questions called a "Treasure Hunt." Books in which could be found the characters and events called for on the list were reserved for those who entered the contest. This was suggested by a similar plan used successfully in the Osterhout Free Library of Wilksbarre, Pennsylvania, and it gave fresh impetus to the children's interest in books.

During the illness of Miss Parker, which kept her from the library for more than three months, the substitute, Miss Helen Junkins, and members of the regular staff carried on the work of the department efficiently and with the fine spirit that has always marked their response to unusual demands.

READING ROOM AND REFERENCE DEPARTMENT

Miss Leach, in charge.

Visitors to this room numbered 16,535. Of these 7,700 or nearly one-half were High School students.

It is another evidence of the important place the library occupies in the educational system of the city, as these boys and girls are not only supplied with a large collection of books for their class work, but are given help in using them to the best advantage. The worn condition of the most popular volumes testifies to the constant use made of them. In December the twentieth and last volume of the Dictionary of American Biography was added. It is a work that contains accounts of nearly 14,000 Americans now no longer living, and was prepared by 2,343 writers of the highest standing. Its articles, dealing as they do, not only with statesmen, scientists, authors and others universally recognized as great, but also with the less known multitude who have contributed to our national development, cover the whole field of American history. It is an acquisition that will be of permanent value. A new encyclopedia, the need of which has been felt for some time, has this year been purchased, and the 1935 edition of the Encyclopedia Americana makes a welcome addition to the older works in this class. Already it has several times proved its usefulness in providing information not found in other encyclopedias.

No part of this room's resources is more used and appreciated than the large number of magazines and newspapers found in its racks and on its tables. The library subscribes for 79 periodicals, including two on music, three on genealogy, thirteen on books and library developments; one Sunday and five daily newspapers. In addition it has received in the past year as gifts 56 publications among which were 16 of a religious or ethical character, presented by church organizations or friends; the American Monthly Magazine, and The Lineage Book given by the local chapter of the Daughters of the American Revolution; and one weekly

in the Greek language. And of great popularity and value Foster's Daily and Weekly Democrat.

There is hardly an hour in the day when these magazines and newspapers are not being read, and certain visitors come regularly to follow the news in the morning and evening editions.

While requests for information on a wide variety of subjects come from the general public, the greatest demand on the time of the assistant in charge of the department is made by the High School students. Where to find books on needed information and how to use them when found, constitute a continual claim on her resourcefulness, knowledge of books and helpfulness. With this there has to be exercised a watchful supervision to ensure the reasonable quiet and order to which older visitors are entitled.

This year 2,700 different questions were recorded. Most of them came from the students, and most of them were repeated many times in a day, as sometimes a whole class might be at work on the same subject. In the season of debates this work is greatly increased, and it is not unusual to have over a hundred magazines with carefully selected material on the questions debated reserved on the shelves in the Reading Room for the several groups that are preparing their arguments.

This increasing use of the department, while it is felt to be desirable and to show a wholesome growth, necessarily crowds many lines of valuable work into the all-too-brief morning hours.

Much needed new covers for a number of the magazines, re-varnished tables and chairs, and re-gilded light fixtures have added to the cheerful and attractive appearance of the room.

HISTORICAL ROOM

Miss Leach, in charge.

The record of attendance in the Historical Room shows 219 signatures, 45 more than for last year. Of these visitors 61 were from outside New England.

Besides the use made of its genealogical material, its fund of local and New Hampshire history was consulted almost daily by Federal workers engaged in research. Its books, pamphlets, newspaper files, and photographs relating to the city and county buildings and institutions have been in constant use and have furnished an easily accessible store of information that it would have been difficult to obtain elsewhere.

Three genealogies have been added during the year: *The First Five Generations of the Lang Family*, by Howard Parker; *The Flanders Family from Europe to America*, compiled by Mrs. Edith Flanders Dunbar, sister of Dr. Louis Flanders of this city; and *John Hayes of Dover, New Hampshire*, compiled by Mrs. Katharine F. Richmond of Tyngsboro, Massachusetts.

The last two comprehensive works contain the results of years of research, covering church and probate records, old family bibles, deeds, newspapers, and account books, personal interviews and official archives in many states.

The Hayes genealogy will be of especial value to many Dover people as there are a number of families in this city and the surrounding towns that are the descendants of John Hayes. It has a further interest for the library because of the work done in connection with it by the late Dr. Fred Hooper Hayes, a valued member of the Board of Trustees from 1900 to the present year. Dr. Hayes by his careful study of the library's books and manuscripts and the Hayes family correspondence did much to bring the work to completion.

For several years there have been published in the Saturdays' issues of Foster's Daily Democrat a popular feature consisting of items taken from its papers of thirty and fifty years ago. It may be of interest to know that these items are selected from copies of the paper preserved in this library, the only place where they may be found. The early issues of the Daily were kept in the home of Mr. Joshua G. Foster, the founder of the paper, until some years after his death, when the house was sold. As there was no room for them in the building where the paper was published, they were presented to the library by Mr. George J. Foster who had succeeded his father as one of the editors. They were sorted and tied up in bundles of three months each, labelled and stored where they were easily accessible. They cover the years from 1872-1913 and, although they are not complete, they have been found invaluable many times as a source of vital statistics and local history. It is a matter of regret that it has not been possible to have them bound.

One of the most welcome additions to the room is a new set of shelves which was put in in June. Like that in the Children's Room it is of oak and matches the rest of the furnishings. It not only affords more book space, but being equipped with movable shelves offers a much better accommodation for the taller books. They can now be stood upright, an arrangement that adds much to their orderly appearance and facilitates the use of them.

PERIODICALS AND CATALOGUING

Miss Morrill, in charge.

The periodicals, as they pass from one department to another, require constant and careful supervision. When they are taken from the racks in the Reading

Room where they are put when first received, they are brought to the Circulation Department from which they may be taken out for home reading. Later they are removed to drawers or tables in the basement and twice a year are made ready for binding, or are tied up and put with the earlier files. Missing or mutilated copies have to be replaced. This means a close watch for mutilations or losses and prompt measures to meet the accidents. The correspondence called for in these cases and in connection with any irregularity in the arrival of magazines is a part of the clerical work of the assistant who is in charge of the cataloguing.

For the 708 new accessions of the year, over two thousand cards, including those made by the assistants in charge of the Children's Room and the Historical Room, were added to the card catalogues. This work has to be done subject to interruptions caused by duties in the various departments of the library.

MUSIC

In October, four W. P. A. workers under the supervision of Mrs. Gertrude Thompson of Concord, spent several days in the Fine Arts Room making a list of the library's musical collection. This list will become part of a union catalogue of music now in course of preparation in the State Library at Concord under the direction of Miss Thelma Brackett, librarian.

The Dover Public Library collection which now contains approximately a thousand items, including the scores and books on music and musicians, was started in 1895 when, as Miss Garland states in an early report, "The library as an experiment bought ten dollars worth of music. These few volumes of music scores met with such continuous use that they soon wore out. More were added, and, because of this beginning and the

obvious interest that the innovation awakened, the library received in 1901 from Mr. John W. Tufts, a native of this city, but for many years a resident of Boston, where he occupied the position of organist in King's Chapel, and compiled many music books used in the public schools, the gift of the greater part of his valuable collection." It comprised, besides dictionaries, magazines, and books on music, over three hundred scores, including pianoforte music, organ voluntaries, sonatas, symphonies, string quartets, operas, cantatas, and cathedral and choir music, in rare original editions, and volumes of old English choral music interesting historically and technically.

In 1904, Dr. James E. Lothrop, for many years a trustee of the library left a bequest of one thousand dollars, the interest of which was to be spent for music. This provision made possible additions covering a wide range, until at the present time the collection with its works of the older composers, its important modern compositions, its volumes of musical history, biography, criticism, theory, instruction and appreciation, it is held to be among the best in the state.

A steady use of it has been made in our own city by organists, music teachers, and others interested in music, and now that a union catalogue is being prepared it is hoped that its resources will be drawn upon even more largely.

EXHIBITS

There have been many minor exhibits through the year of mounted pictures and books. They have been prepared for the birthdays of eminent people and events of current interest, or have offered suggestions for travel, or have simply marked the changing seasons. An exhibit of stamps that had previously been shown by the Dover Stamp Club in the High School building

attracted much attention, and a number of colored crayon sketches of characters from the books of Charles Dickens, loaned by the Home Economics Department of the Woman's Club, were enjoyed by many visitors. The exhibit, however, that aroused the greatest interest was one of hand-made quilts and coverlets. This was held in late October and consisted of over fifty examples of this fascinating handicraft. It included bed coverings from colonial times down to the present day and with its wide variety of designs and materials and exquisite workmanship it served to bring a fresh realization of the treasures to be found in our New England homes. A part of the exhibit's charm was its power to awaken happy associations in the minds of the many visitors who came to see it.

GIFTS

Besides the magazines mentioned in connection with the Reading Room, many gifts of books, pamphlets, and newspapers have been received. The latest volume of the New Hampshire State Papers, edited by Otis G. Hammond, Director of the New Hampshire Historical Society, which continues the Probate Records previously published in four volumes is of especial value to the Historical Room. It covers the years 1754-1756 and makes accessible in Dover, records that otherwise would have to be sought in Concord.

The 87th volume of the New Hampshire Reports continues a set that is one of the most valuable State publications owned by the library. It comprises cases tried before the Supreme Court of New Hampshire from 1802 to the present time. Some of the earlier volumes are very rare and could be replaced, if at all, only at great expense. They are not kept with the full set but may be consulted upon request.

Of much local interest is a scrapbook of clippings from newspapers of the 80's relating to Dover people and events. It was kept by Miss Mary Piper, for many years principal of the Belknap School, and was presented to the library by Miss Constantia Smith of this city. Of similar import is the scrapbook of the Dover Woman's Club for 1935-36, containing the year book, programs, and newspaper accounts of activities in which the Club had taken part.

Many other welcome additions to the library have come from individuals, associations, the Government, the State, and cities of this and other states. Such gifts, continuing through the years, have been of the greatest value in the growth of the library, helping to make it the important institution that it is.

The librarian wishes to express her appreciation of the continued efficiency of the assistants and of the cheerful readiness with which they have met the increased demands of the year.

She also desires to thank the Trustees for their kindness and consideration, and for their unfailing interest in the welfare of the library.

Respectfully submitted,

BEATRICE M. G. JENKINS,

Librarian.

December 31, 1936.

From Belknap Street to Rutland Street,
gravel construction and the relaying of a
new R. R. crossing at a cost of \$646.72.
Amount resurfaced 1593 square yards.

Asphalt construction of 2374 square yards,
at a cost of \$1,449.06. (From Belknap
Street to Locust Street.)

Labor:

Asphalt plant	\$	270.52
Applying		282.68
Grading		286.92
Trucking		13.00
Engineer's service		12.50

Material Used:

Two cords of wood	\$	8.00
Four tons of coal		42.00
Three gallons of oil		1.40
110 gallons of gasoline		14.85
900 gallons kerosene oil		67.50
41,760 pounds asphalt		449.69

Locust Street:

Asphalt construction from E. J. York's Coal
Yard to Spring Street at a cost of
\$2,930.96.

Average width 28 feet, length 1501 feet, or
a total of 4670 square yards.

193 feet of 6" and 169 feet of 5" curbing
has been set.

Labor Cost:

Grading	\$	498.74
Curbing		224.15
Asphalt plant		403.68
Applying		460.62
Cleaning up		18.87

Material Cost:

Asphalt, 91,360 pounds	\$	1,122.59
Wood, three cords		12.00
Coal, six tons		63.00
Gasoline, 163 gallons		22.00
Oil, five gallons		2.33
Kerosene oil, 1,373 gallons		102.98

Middle Road—Dover Point Section:

From Court Street to Canney Brook, gravel construction at a cost of \$870.10.

Tar	\$	577.87
Sanding		158.05
Grading		95.25
Cutting bushes		20.85
Coal and gasoline		9.36
Guard rail		8.72

Oak Street:

Gravel construction at a cost of \$1,211.87.

Grading	\$	624.32
Sanding		148.26
Gravel		22.40
Gasoline		8.78
Coal		18.36
Tar		389.75

Sixth Street:

Gravel construction at a cost of \$1,196.65.	
Labor	\$ 625.84
Gasoline	48.33
Oil	1.91
Coal	12.73
Tar	411.14
K. P.	46.00
Gravel	50.70

Back River Road:

Gravel resurfacing, a length of 1,312 feet and 22 feet in width, resurfaced at a cost of \$871.71 and later continued at a cost of \$254.97, or a total cost of \$1,126.68.

Upper Washington Street:

Gravel resurfacing, a length of 1,400 feet which includes 3,722 square yards, at a cost of \$472.19. Material cost \$193.65, and a labor cost of \$278.54.

Hancock Street:

Gravel construction, a length of 350 feet by 28 feet, containing 1,089 square yards. Total cost \$346.52.

Horne Street:

From Hough Street to Sixth Street, a length of 240 feet and 28 feet wide, or 947 square yards. It is of gravel construction. Cost \$200.02.

Union Street:

Gravel construction, material cost of \$52.71; labor cost of \$54.69; or a total cost of \$107.40.

Eliot Bridge Road:

Gravel construction, material cost of \$98.82; labor cost of \$151.08; or a total cost of \$249.90.

Hot Top Patch on the following Streets:

Hough Street	Chestnut Street
Silver Street	Pierce Street
Locust Street	New York Street

Loads of stone, gravel, fill cinders used on the streets and loads of cinders used on the sidewalks:

20 tons of crushed stone.

225 loads of cinders.

3,607 loads of gravel or 7,416 yards of gravel.

SIDEWALKS

Reinforced Concrete:

Hamilton Street, 171 lin. feet long and 5 feet wide with ramp of 14 feet and b. b. 3 feet; walk across of 28 by 3. Contract cost of \$197.88 (100.55 square yards).

A cement walk has been constructed for the Park Department across the Henry Law Park for which as yet no reimbursement has been made. Material cost \$74.75; labor cost, \$56.25; trucking, .75; a total cost of \$131.75.

Stone Dust Resurfacing:

Belknap Street, 113 feet.

Hamilton Street, 70 feet.

Mt. Vernon Street, 1,486 feet.

Abbott Street, 114 feet.

Material cost for the above, \$75.12; labor cost, \$395.46; total cost of the above, \$470.58.

Cut Back Asphalt:

Central Avenue in front of Old Folks Home, 800 feet long and 4 feet, 6 inches wide. Material cost, \$35.30; labor cost, \$107.24; total cost, \$142.54.

Asphalt Construction:

Preble Street—324 square yards of sidewalk, 88 square yards of ramps, 649 feet long and 4 feet wide. Labor cost, \$165.82; material cost, \$122.80; total cost, \$288.62.

Hough Street—19.07 square yards of sidewalk, 10.98 square yards of ramps; or a total of 30.05 square yards, 39 feet long and 4 feet, 4 inches wide. Labor cost, \$13.20; material cost, \$11.80; total cost, \$25.00.

Broadway at B. & M. Bridge—196 square yards of sidewalk, 225 feet long and 7 feet, 2 inches wide. Labor cost, \$71.53; material cost, \$65.67; or a total cost of \$137.20.

Portland Avenue, corner of St. John Street—191 square yards of sidewalk, 10 square yards of ramp or a total of 191 square yards, 222 feet long and an average width of 8 feet. Labor cost, \$90.30; material cost, \$72.60; or a total cost of \$162.90.

Repairs and Maintenance:

Repairs have been made to the sidewalks on the following streets: Stark Avenue, Silver Street, Central Avenue (near the bridge), Belknap, corner Belknap and Hamilton, Locust (relaying), George, Henry Law Avenue, Hanson, Portland, Oak, St. John, Chesley, Washington, Mt. Vernon, Hough, Paul, Wallingford, George, Pearl, East Concord, Payne and Folsom streets. 132 loads of cinders, 59 loads of gravel, 6 tons of stone dust, and 600 brick have been used in their repairs. Total cost of repairs and maintenance, \$543.62.

Gravel Construction:

Atlantic Avenue; Portland Avenue to Oak Street—(Special).

Material Cost:

127 loads of gravel or 252 cubic yards . . . \$	25.20
Gasoline	25.58
Labor cost	169.30
	<hr/>
Total cost \$	200.08
Guard Rail, 192 feet long:	
Material \$	37.10
Labor	34.30
	<hr/>
Total cost of the Atlantic Avenue sidewalk, \$	291.48
Project unfinished.	

CURBING

Arch Street—117 linear feet of 6 inch by 18 inch curb at a cost of \$210.61. Material, \$163.80; labor, \$46.81.

Setting old curb at the following places:

Belknap Street—109 feet, 6 inches; old 4 inch curb; labor cost \$136.98.

Central Avenue—10 feet cement circle; material cost, \$2.60; labor cost, \$11.25. Total cost of \$13.85.

Broadway at the B. & M. R. R. Bridge—212 feet of 6 inch curb (from Central Avenue and Portland Avenue); material cost, \$1.95; labor cost, \$129.95.

Curbing has been removed from Portland Avenue and Central Avenue and stored at the City Barn.

BRIDGES

Whittier's Falls—Replanked with 7,872 feet of creosote treated plank, painted with Knox Rust Aluminum paint. 712 feet of guard rail to the approach of the bridge has been replaced and painted. Cost of the above being, labor, \$430.95; material, \$676.64 or a total cost of \$1,107.59.

Eliot Bridge—Guard rails to the approach of the bridge have been erected, repaired and painted. 752 feet of guard rail and 77 posts replaced at a cost of labor, \$173.10; material, \$60.06; total cost, \$233.16. The bridge has been replanked where necessary at a cost of, material, \$19.05; labor, \$45.60.

Guard rail on the Knox Marsh road replaced, erected and painted at a cost of, labor, \$123.13; material, \$97.76; or a total cost of \$220.89. 56 posts erected.

Ash and Horne Streets—Guard rail repaired and painted; 32 feet of rail replaced and 16 posts erected at a cost of, labor, \$21.22; material, \$11.52; or a total cost of \$32.74.

Country Club road—Guard rail repaired and painted, 12 posts erected and 22 feet of rail used at a cost of, material, \$7.20; labor, \$27.29; or a total cost of \$34.49.

Oak Street—Rail repaired and the erection of 6 posts at a cost of, labor, \$6.00; material, \$1.80.

All bridges have been inspected and a report has been made to the Mayor and members of the Finance Committee.

Minor repairs have been made on the Fresh Creek bridge and the Blackwater bridge.

SEWERS

Repairs have been made to the sewers on the following streets: Park, Durell, Belknap, corner of Hamilton at the railroad crossing, Court, Broadway (at the bridge), Richmond, Portland Avenue, Portland, Sixth, Hale, Pierce, Fisher, Orchard, East Concord, Kirkland, Cushing, Second, Broadway, East, North Pine, Third, Union, and Munroe.

CATCH BASINS

New catch basins have been built on the following streets: Broadway (6), Locust (6), St. Thomas and Atkinson (3), Elm (2), Grove (2), Oak (3), Forest (2), Fisher (2) and a manhole, and one on the following streets, Court, Baker, Fourth, Preble, Horne, Fisher, First, Sixth near Chestnut, Hough, Towle Avenue. Total number of new catch basins, 46.

Catch basins have been rebuilt and repaired on the following streets: Court (2), Grove (3), Locust (5), Atkinson (4), Washington (2), School (3), Sixth (2), Baker (2), and one on the following streets: Fourth, Locust, Washington and Main, Locust and Hale, Central Avenue, Hale, Summer, Nelson, Fisher, Payne, Pearl, Belknap, Broadway, Third, Henry Law Avenue at Niles, Locust (lowering of manhole), Mechanic, Nelson, Summer, Third, Ash, Broadway (3), Oak, Florence, Portland Avenue, Union, Rutland; a total of 42 rebuilt catch basins.

The cost of the erection of the new catch basins was: material, \$436.38; labor, \$1,040.69. Total cost being \$1,477.07. And it cost \$320.53 to rebuild the above catch basins.

\$1,012.94 was spent in cleaning the catch basins.

To erect, paint, and letter the markers of the catch basins for the winter months it cost \$80.12.

CULVERTS

Old culverts have been removed and replaced by new pipe of the following size on the streets and roads named below:

Varney Road—One 15", 30' long, reinforced concrete pipe. One 15", 24' long, reinforced concrete pipe. Labor cost, \$75.66; material cost, \$80.22, or a total cost of \$155.88.

County Farm Road—One 18", 32' long, reinforced concrete pipe. One 24", 32' long, reinforced concrete pipe. Labor cost, \$114.63; material cost, \$166.87, or a total cost of \$281.60.

Eliot Bridge Road—One 8", 30' long, metal pipe. Two 8", 24' long, metal pipe. Labor cost, \$85.94; material cost, \$76.27, or a total cost of \$162.21.

Bellamy Road—One 24", 40' long, reinforced concrete pipe. Labor cost, \$75.78; material cost, \$49.58, or a total cost of \$125.36.

Cocheco or Jenness Road—One 25", 32' long, reinforced concrete pipe. One 24", 32' long, reinforced concrete pipe. One 8", 24' long metal pipe. Labor cost, \$117.00; material cost, \$125.54, or a total cost of \$242.54.

Watson Road—One 12", 18' long, metal pipe. Labor cost, \$17.34; material cost, \$20.46, or a total cost of \$37.80.

Pearl Street—One 15", 30' long, Akron pipe. Labor cost, \$68.36; material cost, \$19.50, or a total cost of \$87.86.

Spruce Lane—One 10", 10' long, Akron pipe. Labor cost, \$8.81; material cost, \$3.67.

The following were W. P. A. Projects, materials being furnished by the Street Department:

Long Hill Road—One 15", 24' long, reinforced concrete pipe. One 24", 32' long, reinforced concrete pipe. One 32' long, 4 x 6 box cement.

The following five were built by the State Highway Department in connection with Class 5 Projects:

Dover Point Back Road—One 18", 28' long, reinforced concrete pipe. One 15", 28' long, reinforced concrete pipe. One 15", 32' long, reinforced concrete pipe. One 12", 24' long, reinforced concrete pipe.

Henry Law Avenue—One 12", 32' long, reinforced concrete pipe.

Minor repairs have been done on culverts on the following streets: Mt. Vernon street, Knox Marsh road, Back Middle road, Rochester Neck, at a cost of \$158.42.

The following streets have been tarred or oiled:

Hanson Street	Hanson Avenue
Glenwood Avenue	Niles Street
Forest Street	Henry Law Avenue
Essex Street	Park Street
Rogers Street	Cedar Street
Durell Street	Winter Street
North Pine Street	Preble Street
Paul Street	East Street
Wallingford Street	Court Street
Main Street	

A section of the Dover Point Back road.

A section of the Dover Point Middle road.

Back River road from Sawyer's Bridge to the Drew road.

Sixth Street from Chestnut to Redden's Hill.

Sixth Street from Glenwood Avenue to the County Farm road.

Sixth Street from Redden's Hill to Glenwood Avenue.

Tar patch work consisting of ripping, light graveling, grading and tarring has been done on the following streets:

Grove Street	Broadway
Hough Street	East Concord Street
Horne Street	Baker Street
Rutland Street	Hill Street

The icy sidewalks have been sanded, and cinders and sand put on the streets when and where the ice and

snow made them slippery. 369 loads or 714 yards of sand and 93 loads or 148½ yards of cinders at a cost of \$2,126.70, have been used in sanding the sidewalks and roads because of icy conditions.

\$1,848.47 has been spent in the storing of sand for the winter use. 316 loads or 710 yards have been stored.

The streets have been patched with cold patch, and hot top patch at a cost of \$6,921.74. General patching has been done where needed on all streets, also including the County Farm road, Back River road, Knox Marsh road, Eliot Bridge road, Dover Point Back, and Middle road. 1,184 batches or 382 loads of cold patch and hot top being used.

60,041 gallons of tar, 133,017 pounds of asphalt, and 12½ tons of calcium chloride have been used in the patching, tarring, and construction of the highways. Cost of the above being \$10,232.66. And \$2,375.10 was expended in the screening and applying of the sand for tarring, and \$711.38 was spent to clean the streets to be tarred.

The following new equipment has been purchased by the department:

1 Walker 2½ ton hydraulic jack	\$	30.00
1 Gallion double drive motor grader		4,334.00
1 Baker 10 plow mouldboard with flare,		100.00
1 Model B maintainer		365.75
2 G. M. C. trucks		1,600.00
1 Cement mixer		255.00
1 Reo sedan		250.00

Cost of the new equipment \$ 6,934.75

In connection with Works Progress Administration Projects our contributions has amounted to \$ 5,110.99

There are several things that have been done during the past year which may not be fully realized from a mere financial report. I take this opportunity to call them to your attention.

The City Farm has been thoroughly cleaned and graded. The watchman's house has been completely done over and an office made from the ell, which provides a more pleasant place for the public to come to than the old barn office. A new shed has been built to house the grader. The trucks and tractors have all been painted. Cans have been provided for the street sweepers so that the piles of dirt that they have been accustomed to leave on the main street are now put in cans. New cans holding sand for application on the sidewalks by the Police Department to provide safe travelling until our men can reach the spot have been provided.

Last fall I marked every catch basin and culvert within the city proper so that they may be easily found when covered with snow. This is an item which will save considerable time and expense in the winter months.

During my first winter there was a great deal of snow. By working both day and night every street and road were passable at all times and completely clear by the morning after the night storms. By removing snow from Central Avenue at night we were able to save considerably because of lack of interference from daytime traffic and parked cars.

In the spring of the year we had the worst flood in some thirty years. Whole roads were washed out. Twenty-seven culverts were damaged and untold damage done in numerous other ways. Seven were blocked and overburdened. My men and I worked night and day in an effort to keep the roads passable

and relieve suffering caused by flooded cellars. The cost of repairing the damage caused by the flood greatly reduced the amount that would ordinarily be spent along other lines.

The hot top plant was put in first class condition and was used to make both hot top and cold patch. The use of this plant tended greatly to reduce the cost of patching.

I found an old gasoline shovel abandoned for eight years. This was repaired and has been in use ever since. This is another great saver of time and expense. I wish to say that it is antiquated and we are badly in need of a new one so the city streets can be excavated and new foundations laid at low costs.

During the spring and summer two new hot top streets were laid and several new hot top sidewalks. Roads that were too bad to patch were ripped and rolled and then tarred. This is an effective way to patch roads in very bad condition but it should be borne in mind that such a patch is not to be expected to stand up for many years. The foundation of the roads are so bad that the clay is within two or three inches of the surface. Gravel cannot be added without first excavating. With our present equipment this is impossible.

At all times I have tried to keep the streets free from unhealthy dust and dirt.

My report shows items for new and rebuilt catch basins. They are a very necessary item in the sewerage system. It should be borne in mind that the new catch basins are completely new in both construction and location. The rebuilt ones are completely new in construction only.

A considerable saving was made by digging up several hundred feet of granite curb which was buried

on Central Avenue and Portland Avenue. This curb if bought in the market would cost \$1.35 per running foot.

It has not been possible to reconstruct every street in a single year, out of which only a few months could be utilized for that purpose. I tried to do the work where it was needed most. If I have failed to fix certain streets it is because I felt that others were more in need either because of traffic conditions or the condition of the street itself.

My grateful thanks are due to the people of Dover for the courtesy extended me through this year.

Respectfully submitted,

FRANK J. GRIMES,
Street Commissioner.

REPORT OF THE BOARD OF TRUSTEES OF THE WENTWORTH HOSPITAL

GENTLEMEN OF THE CITY COUNCILS:

We have the honor to submit herewith the thirty-first annual report of the Board of Trustees of the Wentworth Hospital for the fiscal year ending December 31, 1936.

STATISTICAL

The following statistical tables submitted to give you some conception of the number and type of cases handled and the great amount of charitable work done by this institution:

TABLE I

Year	Patients Admitted	Accident Cases	Emergency Cases	Ambulance Cases	Per cent Accident and Emergency Cases
1906	75	3	6	15	12.0
1907	307	40	25	49	21.2
1908	338	32	22	43	16.0
1909	325	51	48	42	30.5
1910	400	50	63	67	28.2
1911	421	41	35	66	18.0
1912	415	35	31	70	15.9

To the Superintendent and her able assistants we extend our sincere thanks for their very efficient work.

For further information relative to hospital affairs you are respectfully referred to the detailed reports of department officials hereto attached and made a part of this report.

Respectfully submitted,

JAMES P. KEENAN,
MARK J. PILGRIM,
GEORGE T. HUGHES,
MICHAEL J. WHITE,
EDWIN J. YORK,
OWEN COOGAN,
ASHTON ROLLINS,

Board of Trustees.

Dover, N. H., December 31, 1936.

RESIGNATION OF MISS GRACE P. HASKELL AS SUPERINTENDENT OF THE WENTWORTH HOSPITAL

Owing to poor health Miss Grace P. Haskell requested the Board of Trustees of the Hospital to be relieved of her duties as Superintendent, the same becoming effective on May 1, 1937.

Miss Haskell came to this Hospital as Superintendent in August, 1906, and she has devoted her years of untiring effort to bring it to a high standard and today it is recognized as one of the finest Grade A Hospitals of its size in this section.

She saw it grow from an infant to maturity now ranking high among hospitals and a real benefit to our community, she leaves it with the knowledge that her efforts and accomplishments were not in vain, but highly appreciated by the patients, the public, the Board of Trustees of the Hospital and the City Councils of the City of Dover.

At a meeting of the City Councils of the City of Dover, N. H., held in the Council Chambers, Municipal Building on May 6, 1937, the City Clerk was instructed to cause to be printed in the annual City Report of the City, an official acknowledgment of their appreciation of her long and faithful service to the community and the high esteem in which she is held by the City Councils, a copy of which will be forwarded to Miss Haskell.

THE WENTWORTH HOSPITAL

REPORT OF SUPERINTENDENT

TO THE BOARD OF TRUSTEES:

GENTLEMEN:—Your Superintendent submits the following report for the year 1936:

Number of patients in hospital	44
Paying	17
Part pay	
Free	27
Total number of patients admitted from January 1, 1936, to January 1, 1937	1535
Number of paying patients	1120
Number of part pay patients	134
Number of free patients	281
<hr/>	
Total	1535
Total number of accidents	251
Number of emergencies	120
Number of ambulance patients	104
Number of deaths	58
Civic condition:	
Single	752
Married	682
Widowed	101
<hr/>	
Total	1535
Conditions treated:	
Medical	268
Surgical	585

Obstetrical	203
Nose and throat	194
Ophthalmic and aural	82
Births	203
	<hr/>
Total	1535
Causes of death:	
Appendicitis, acute with peritonitis	1
Carcinoma of sigmoid	1
Carcinoma of stomach, gastric hemorrhage ..	1
Carcinoma of prostate	1
Cirrhosis of liver, unqualified, chr. nephritis ..	1
Coronary occlusion, lobar pneumonia	1
Dilatation of heart, acute, bronchopneumonia,	1
Embolism, cerebral, forceps parturition, lobar	
pneumonia	1
Fracture of femure, senility	2
Fracture of humerus, traumatic psychosis	1
Fracture of pubis, chronic arthritis, hyperten-	
sion	1
Fracture of skull	1
Fracture of skull, lacerated wounds	1
Fracture of skull, comp. fracture left leg, con-	
cussion, lacerated wounds, possible internal	
injuries	1
Gangrene, arterio-sclerotic	1
Hemorrhage, into cerebellum	1
Hemorrhage, intracranial	3
Hemorrhage, intracranial, newborn infant	2
Hemorrhage, intracranial, general arterio-scler-	
osis	1
Hemorrhage, intracranial, chr. nephritis, chr.	
myocarditis	1
Laryngitis, acute non-hemolytic, diabetes melli-	
tus	1

Methanol poisoning	1
Mitral stenosis, toxemia of pregnancy, premature delivery	1
Myocarditis, acute, banti disease, cirrhosis of liver with ascites, aortic stenosis, secondary anemia	1
Myocarditis, acute, bronchopneumonia	1
Myocarditis, acute, general arterio-sclerosis ..	1
Myocarditis, chronic	1
Nephritis, acute parenchymatous	1
Nephritis, chronic interstitial, hypertrophy of prostate	1
Nephritis, chronic with edema, hypertension ..	1
Nephritis, chronic, chronic myocarditis, gen. arterio-sclerosis	1
Newborn infant, dextrocardia, congenital heart disease	1
Paralytic ileus, ruptured left ovarian cyst	1
Pneumonia, lobar	4
Pneumonia, lobar, acute myocarditis	1
Pneumonia, lobar, chronic myocarditis	1
Pneumonia, lobar fracture seventh cervical vertebra	1
Prematurity	5
Prematurity, atelectasis neonatorum	1
Prostate, obstructing adenomatous, acute bronchitis	1
Prostate, obstructing adenomatous, carcinoma of intestines	1
Prostate, obstructing adenomatous, uremia, retention of urine	1
Prostate, obstructing adenomatous, chronic myocarditis	1
Pulmonary embolism, cystic ovaries, hydrosalpinx	1

Pyonephrosis	1
Typhoid fever	1
Typhoid fever, bronchopneumonia	1

Condition of those discharged:

Recovered	845	
Improved	531	
Not improved	49	
Not treated	8	
In for diagnosis only	1	
Deaths	58	
In hospital*	44	
		<hr/>
Total		1536
Stillborn		3

Occupation of those admitted:

Agent, advertising ..	2	Linotype operator ..	2
Agent, insurance ...	2	Lumberman	1
Apprentice	1	Machinist	5
Assistant Professor of athletics	1	Machine operator ..	1
At home	84	Mail carrier	1
Attorney-at-law	2	Manager	2
Auto dealer	1	Manager of store ...	1
Baby	223	Manager of Woolen Company	2
Baker	1	Market specialist ...	1
Bakery employee ...	2	Mason	1
Banker	1	Mechanic	4
Barber	2	Mechanical instructor,	1
Bar tender	2	Merchant	1
Beautician	1	Mill employee	50
Bell boy	1	Minister	1
Belt factory employee,	8	Monument dealer ...	1

* One admitted in 1933.

Bookkeeper	4	No occupation	26
Boston & Maine Rail- road employee	2	Nurse, graduate	9
Box toe shop em- ployee	1	Nurse maid	1
Brakeman	1	Nurse, practical	1
Carpenter	8	Nurse, student	6
Carpenter's helper ..	1	Nurse, under-graduate	1
Cashier	1	Orderly	1
Chauffeur	2	Overseer, American Woolen Co.	1
Chemist	1	Packer	1
Child	94	Painter	7
Circus employee	1	Pipe fitter	1
Clerk	21	Police Sergeant	1
Clerk, bank	2	Printer	2
Clerk of courts	1	Printer's machinist .	2
College President ...	2	Probationer	2
Cook	1	Professor, Civil En- gineering	1
Cutter	1	Proprietor	3
Dairyman	2	Proprietor of filling station	1
Dealer, junk	1	Proprietor, pool room	1
Dean of Haskell In- stitute	1	Real estate broker ..	1
Deputy Collector Rev- enue Service	1	Real estate dealer ..	1
Distributor of salt ..	1	Retired	30
Domestic	18	Roofer	4

	Total	Deaths	Total	Deaths
Rhinitis, Acute	1			
Rhinitis, Vasomotor	1			
Sinusitis, Acute—Intranasal Drainage	6		3	
Sinusitis, Chronic—Intranasal Drainage	5		3	
Radical external frontal drainage			1	
SECTION XIX.				
<i>Diseases of the Mouth, Lips, Cheeks, Pharynx, Tonsil and Palate</i>				
Abscess, Peritonsillar—Incision—Drainage	6		4	
Abscess, Retropharyngeal—Incision	1		1	
Cellulitis, floor of mouth—Incision—Drainage	1		1	
Adenoids, Hypertrophy of—Adenectomy	7		7	
Calculus in Stenson's Duct—Removal	1		1	
Pharyngitis, Acute	3			
Naso-Pharyngitis	1			
Tonsillitis, acute	4			
Tonsillitis, chronic—Tonsillectomy	87		84	
Tonsillitis, chronic with Adenoids—Tonsillectomy and Adenectomy	79		78	
Tonsillitis, Follicular	2			
Tumors:				
Carcinoma of tonsil	1			
Vincent's Angina	1			
SECTION XX.				
<i>Diseases of the Jaw, Teeth and Gums</i>				
Abscess, Alveolar	1			
Caries of teeth—Extraction	4		4	
Retained root of tooth—Extraction	1		1	
SECTION XXI.				
<i>Diseases of the Tongue</i>				
No cases.				
SECTION XXII.				
<i>Diseases of the Esophagus</i>				
Varix, Esophageal	1			
SECTION XXIII.				
<i>Diseases of the Stomach</i>				
Gastritis, acute	2			
Pyloric Stenosis—Gastro-enterostomy	2		1	
Tumors:				
Carcinoma of Stomach—Resection of pyloric end of stomach	1	1	1	1
Ulcer, Gastric	6			
Ulcer, Peptic	2			

Table of Medical and Surgical Diseases

	Diagnosis		Operations	
	Total	Deaths	Total	Deaths
SECTION XXIV.				
<i>Diseases of the Intestines</i>				
Adhesions, Intestinal—Lysis	9		8	
Appendicitis, Acute—Appendectomy	40		39	
Appendicitis, acute with abscess—Appendectomy with drainage	1		1	
Appendicitis, acute with peritonitis—Appendectomy with drainage	1	1	1	1
Appendicitis, acute with perforation—Appendectomy with drainage	4		4	
Appendicitis, chronic—Appendectomy	28		25	
Appendicitis, subacute—Appendectomy	1		1	
Colitis, acute	1			
Colitis, acute pyogenic—Appendectomy with drainage	1		1	
Colitis, chronic	2			
Colitis, mucous	4			
Diverticulitis—Drainage recto-peritoneal space	2		1	
Lysis of adhesions			1	
Diverticulitis with perforation—Resection of sigmoid	1		1	
Enteritis, acute	4	1		
Enteritis, gastro	1			
Indigestion, Intestinal	1			
Intestinal Obstruction, acute	1			
Paralytic ileus	1	1		
Perityphlitis	1			
Tumors:				
Carcinoma of ascending colon—Ileo-colostomy	3		1	
Carcinoma of intestines—Colostomy	1	1	1	1
Carcinoma of sigmoid—Resection	1	1	1	1
Ulcer, Duodenal—Gastro-enterostomy	2		1	
SECTION XXV.				
<i>Diseases of Liver and Gall Ducts</i>				
Cholecystitis, acute	2			
Cholecystitis, chronic—Cholecystectomy	19		9	
Cholelithiasis—Cholecystectomy	18		8	
Cholecystostomy			1	
Adhesions of gall bladder	1			
Cirrhosis of liver, unqualified	2	2		
Jaundice, Infectious	2			
Rupture of gall bladder	1			
Tumors:				
Carcinoma of liver	1			
SECTION XXVI.				
<i>Diseases of the Pancreas</i>				
No cases.				

Table of Medical and Surgical Diseases

	Diagnosis		Operations	
	Total	Deaths	Total	Deaths
SECTION XXVII.				
<i>Diseases of the Abdomen, Abdominal Wall and Peritoneum in General</i>				
Adhesions, Abdominal—Lysis	3		1	
Adhesions, Pelvic—Lysis	4		3	
Hernia, Epigastric—Repair	1		1	
Hernia, Direct or Indirect Inguinal—Repair	10		10	
Hernia, Strangulated Inguinal—Repair	1		1	
Hernia, Lumbar—Repair	1		1	
Hernia, Ventral—Repair	2		2	
Hernia, Umbilical—Repair	2		2	
Hernia, Umbilical Strangulated—Repair	3		2	
Peritonitis, general—Incision—Drainage	3		1	
SECTION XXVIII.				
<i>Diseases of the Rectum and Anus</i>				
Abscess, Ischio-rectal—Incision—Drainage	8		7	
Abscess, Perianal—Incision—Drainage	1		1	
Fistula in ano—Excision	6		5	
Incision—Drainage			1	
Fissures, Anal—Excision	5		4	
Hemorrhoids, External or Internal—Hemorrhoidectomy ..	12		11	
Tumors:				
Carcinoma of rectum—Colostomy	1		1	
SECTION XXIX.				
<i>Diseases of the Larynx</i>				
Laryngitis, acute—Tracheotomy	3	1	1	1
Tumors:				
Carcinoma of larynx	1			
SECTION XXX.				
<i>Diseases of the Trachea and Bronchi</i>				
Asthma	9			
Bronchitis, acute	16	1		
Bronchitis, chronic	2			
Bronchiectasis	1

GRADUATES OF THE WENTWORTH HOSPITAL
TRAINING SCHOOL

1908—Alicia V. Wilson.

1909—Rosabelle Bartlett (Mrs. James Walker),
Beatrice Page, Louise V. Durgin, Bessie A. Cawley,
Sarah B. Chapman (Mrs. Robert Kirk).

1910—*Adalia E. Hanley, Bernice Spinney, Mabel
Trefry (Mrs. Alexander Walker), Helena Holland,
*Esther Anderson.

1911—Effie Knowles (Mrs. Porter), *Mary F. Mc-
Laughlin.

1912—*Margaret Moran, Fannie Rockwood (Mrs.
William Whitcomb).

1913—Lena N. Murphy, Merle Renshaw (Mrs.
Charles Lord).

1914—Mary A. Meserve (Mrs. Harry Berry),
*Miss Katherine Mahoney, Pearle G. Pond.

1915—*Kathryn Floyd, Sylvia J. Ellis (Mrs. Sny-
der), Effie VanBuskirk, Eva VanBuskirk, Sadie M.
Feyler, Ethel Curtice (Mrs. George Lamberton).

1916—Lillian Wyman (Mrs. Grocut), Isabelle
Carney (Mrs. Ralph Matthews), Mildred Brown (Mrs.
Harvey Newton).

1917—Mildred Meserve (Mrs. John Curley).

1918—Mildred J. Mitchell, Gladys York (Mrs.
Weeks), Tilly Carton (Mrs. Harry McInnerney), Vina
Hayden (Mrs. Gorman), Rhoda Gaskell (Mrs. Thomas
Comiskey), Arline Silk (Mrs. Peterson), Nora Ryan
(Mrs. Hugh Miller).

1919—Annie E. Boies (Mrs. Festus Fairley),
Annie A. Redmond (Mrs. James Upham), Edith V.
Larson (Mrs. Cassidy), Jean Webster, Edna V. Spin-
ney (Mrs. John Cann).

1920—Helen Goggin, Alice Carlson (Mrs. John

Brown), Gertrude Constine (Mrs. Theodore Ratte), Mary Louise McKiel (Mrs. Fred Small).

1921—*Hilda McClintock (Mrs. Finnegan), Gertrude Brown (Mrs. Knowlton Locke).

1922—Viola Scarr (Mrs. Ernest Wadsworth), Sadie B. Estey, Dorothy A. Price (Mrs. Edward Frost), Elma E. Hovey (Mrs. Warr).

1923—Averil O. Brown, Mary A. Snow (Mrs. Clifford Dyer), *Bessie MacDonald, Margaret Reynolds (Mrs. Flobert Berry).

1924—Hazel Hunter (Mrs. Coates), Olivia J. Snow (Mrs. Maurice Kidney), Helen K. Pond (Mrs. McNulty), Marguerite Ferguson, Esther Hanscom, Mary Glomb (Mrs. Stanley Herman), Clara Wentworth (Mrs. James Quirk).

1925—Doris MacLennan (Mrs. McAweeney), Clara Merrill (Mrs. Ellis Corson), Ina Stewart (Mrs. Lyons).

1926—Mildred Illingworth (Mrs. Samuel Stevens), Vilda Joy (Mrs. Eugene Riekert), Thelma Seavey (Mrs. Charles Gordon), Maud McBride, Ina Flynn (Mrs. Donald Harriman), Evelyn Dow (Mrs. Frank Evans), Doris Bennett (Mrs. Donald Arnold), Ruby McKeon (Mrs. Charles Peck).

1927—Marie G. Wilson (Mrs. Furenholman), Lillian Seymour, Josephine Griffin, Anna Mone (Mrs. Chester Cotton), Mary Maloney (Mrs. Costigan), Marion Holt, Marion Sherry.

1928—Marie Estey (Mrs. Harold Sterling), Gertrude Grimes (Mrs. John Hickey), Ferne Calhoun (Mrs. Carl Riekert), Ruby Snow, Ruth Hammond (Mrs. Tenke, Jr.), Henrietta Lyons, Marion Walsh (Mrs. Brauner), Ella Walls.

1929—Pearle Lyons (Mrs. Smith), Helen Brierly

(Mrs. James Kidney), Barbara Mastic (Mrs. Cecil Allen).

1930—Jean Calhoun (Mrs. Fred Perkins), Marguerite Dawson, Mary McIntosh (Mrs. John Randall), *Bernadette Lucey, Mary Prescott, Gertrude Hinchey (Mrs. Joseph Green), Doris Nixon (Mrs. Calcutt), Josephine Hunter (Mrs. Lewis Spates), Cecile Brown (Mrs. William Bernard), Echo Noyes (Mrs. Harry Davis), Vera Calhoun (Mrs. Thomas Sowerby).

1931—Elizabeth Clark, Glenna Estey (Mrs. Buchanan), Evelyn Shea (Mrs. William Stalnaker), Laura Abbott, Mary E. Kay (Mrs. P. Doyle), Maxine Nesbitt, Della M. Hinchey.

1932—Helen Caswell, Lesley Hoitt, Irene Noel, Hazel Harvey.

1933—Cecelia McCabe, Etta Renshaw, Amy Dixon, Louise Mathews, Katherine Ham (Mrs. Albert Tessier), Edna White, Sadie Burke, Rose Harkins, Bernadette Luneau (Mrs. Blood), Alice Brierly, Mary Green, Thelma Strout, Rose Eschman (Mrs. Dexter).

1934—Blanche Morrisette (Mrs. Joseph Parent).

1935—Irene Paul, Harriet Berg (Mrs. Clayton Nason), Jerrine Beaudoin.

1936—Phyllis Mathews, Esther MacBrien, Margaret Grant, Eleanor Eyres, Johanna Graffert, Catherine Cavanaugh, Margaret Cegiel.

DONATIONS RECEIVED

Books for Patients' Library—Mrs. Roy Brown, Mrs. Helen Hanson (one dozen volumes fiction), Father Hathaway, Mrs. E. H. Kelley, Farmington, N. H., picture books.

Candy for Christmas—Dr. J. L. Sweeney, Dr. B. J. Manning, Dr. and Mrs. P. J. Doyle.

* Deceased,

Cash—Mrs. Roy Ireland, \$5.00 for children.
Steve Kresepsis, \$0.50.

Compress—Mrs. James Chamberlin, Mrs. George Potter, Miss E. D. Sawyer.

Flowers—Federated Garden Club, Garden Club, Garrison Hill Greenhouses, Mrs. Lewis, Mrs. Forest Mathews, Mrs. McDaniels, Meader's Flower Shop, Mrs. Nichols, Mr. Pierce, Mrs. Clarence Pinkham, many times, Mrs. Prescott, Mrs. Purcell, Mr. Paul Spencer, Holbrook, Mass., W. T. C. U.

Gifts for Nurses—Dr. E. C. Batchelder.

Greens—James B. Walker.

Magazines—Mrs. John Boyle, 3-yrs. subscription to Country Gentleman. Mrs. Alice Brown, American Journal, subscription for one year for nurses. Mrs. Harold Brown, Mrs. Leroy Brown, several times. Mrs. Fred Blaisdell, County Gentleman for two years. Mrs. Frances Cartland, Woman's Home Companion for two years. Mrs. John Kelley, Mrs. James Lawless, Mr. John Prescott, Mrs. Frank Towle.

Sewing by—Philanthropy Department of Woman's Club, Ladies' Aid of the First Parish Church, Members of the Hospital Club.

Nineteen hundred and thirty-six has been the busiest year in the history of the hospital with the largest number of admissions. Automobile accidents have added to the general expense and are among the hardest accounts to collect. An increase in the work of the laboratory and X-ray departments has naturally followed the increase in the number of patients.

There is a steady demand for inexpensive private rooms; and many times there are no unoccupied private rooms at any price.

I respectfully call the attention of the Board of Trustees to the urgent need of a new high pressure boiler. The boiler in use is allowed sixty pounds pressure and this is not adequate at all times for the work to be done. Additional equipment and a reduction of the amount of steam we are allowed to carry creates a difficult situation.

The increasing number of patients adds much to the laundry expense. For a long period the work has been done by commercial laundries because of the real need of a modern laundry building and equipment. There is no space for equipment in the hospital basement aside from the fact that it would be a most undesirable place for it.

At this time I wish to thank the personnel of the hospital for the co-operation that has made it possible to do the twenty-four hour daily work of routine, accidents and emergencies which has made the year a very hard one for all concerned.

Respectfully submitted,

GRACE P. HASKELL,
Superintendent.

THE WENTWORTH HOSPITAL

REPORT OF THE ROENTGENOLOGIST

TO THE TRUSTEES OF THE WENTWORTH HOSPITAL:

GENTLEMEN:—The following report is respectfully submitted, showing the number of X-ray examinations at the Wentworth Hospital for the year 1936:

4	Abdomen	10	Leg
14	Ankle	3	Mandible
8	Arm	14	Mastoid
64	Chest	2	Neck
2	Clavicle	6	Nose
6	Clyisma	10	Para-nasal Sinuses
4	Elbow	31	Pelvis
7	Facial Bones	19	Ribs
23	Femur	46	Skull
1	Fibula	23	Shoulder
1	Finger	45	Spine
42	Fluoroscopy	2	Sternum
9	Foot	4	Stomach
24	Forearm	1	Superior Maxillary
45	Gall Bladder	1	Teeth
20	Gastro-Intestinal	1	Thigh
40	Genito-Urinary	1	Thymus
7	Hand	3	Tibia
20	Hip	1	Toe
10	Humerus	19	Wrist
16	Knee		
1	Larynx	610	Examinations

Respectfully submitted,
H. O. CHESLEY,
Roentgenologist.

THE WENTWORTH HOSPITAL

REPORT OF THE PATHOLOGIST
