FIRST WINTER INSTITUTE

at

ASILOMAR

FEBRUARY 12-17, 1956

- Here's the story behind this new venture . . . For some time we have been aware of the fact that there are many people who would like to attend the summer sessions at Asilomar, but are unable to do so. Their businesses are of such a nature so as not to permit vacations during the summer months. Consequently we had many requests for a winter institute and after an extensive survey decided the idea was worth a try.
- SIO Winter Institute at Asilomar will be the same in every detail as the summer sessions . We promise an excellent staff of top callers and instructors, complemented by an interesting, instructive and entertaining program — and the weather, as in all California, is ideal — a place to spend a week away from those below-freezing temperatures.
- Further details will be discussed in forthcoming issues of SIO. Write for new brochure giving all the details and information you need to know. Ready about September 15, 1955.

AS I SEE IT . . . by Bob Osgood

OUR cover art on this issue was the work of
one Theodore Wust, 80 years ago. The
two pictures were among several which ap-
peared in "The Dance of Society - a critical
analysis of all the Standard Quadrilles, Round
Dances, 102 Figures of Le Cotillon including
dissertations upon time and its accentuation,
carriage, style and other relative matter" by
Wm. B. DeGarmo and published in New York
in 1875.

Perhaps you've looked over some of the
old dance books in the Public Library or
browsed through the dance section in an old
book store. You've probably been amazed as
I always am when I see how much has been
written on the subject.

Here on the desk in front of me are several
old timers. One, written in German and pub-
lished in Leipzig in 1863, describes Die Wind-
muhle (Le Moulinet, or The Windmill), a
figure almost identical to our "16-hands Over."

My favorites are a pair written by Thomas
Wilson in London. One of them, "The Com-
plete System of English Country Dancing"
published in 1821 uses a great many diagrams,
graphs and figures including a great many
pages dedicated to tables for composing dances.
This was a sort of formula for combining the
existing fundamentals into limitless combina-
tions or (excuse the expression) hash figures.

The other volume, "An Analysis of Country
Dancing" published in 1811 with hand col-
ored illustrations and literally hundreds of
fundamental figures has this description that's
rather unique:

Allemande

"The Lady at A, and Gentleman at B, move
round each other's situation, back to back."

Sincerely,

Bob Osgood

A Real "Selling" Job Can Be Done...with

Exhibition Dancing

By Ralph Maxhimer, North Hollywood, Calif.

LET us immediately separate Exhibitions from Demonstrations. Demonstrations by couples, sets, groups or entire clubs have a very definite place in the over-all dance picture as they serve to show how styling, grace, timing and standardization may make the average dance pattern more enjoyable to all participants. In many parts of the country all demonstrations are done at the club level, allowing each and every member to enjoy this mass challenge to symmetry and precision, thereby lending itself to a fine example of cooperation and friendship among dancers. This format eliminates much of the unpleasantness which accompanies solo or selected couple demonstrations.

Exhibition dancing is becoming a specialized field, and too, has a place in our over-all dance picture. The several requisites for Exhibition dancing might be as follows: 1) Adequate dancers, 2) Costuming, 3) Format, 4) Patterns. Let us take them one at a time.

ABOUT THE AUTHOR

Ralph Maxhimer has long been a strong booster of Exhibitions and Demonstrations as a method of bringing the Square and Round Dance picture to more and more who have not yet joined the fun. Early work with the "Wagon Wheel" set in 1947 and '48 was the forerunner of other adult "Show" groups. Ralph's Levis and Laces, a young people's group, has been active since 1950 and has appeared on television; in the Hollywood Bowl; at the National Convention in Oklahoma City; in Phoenix, Arizona; Oakland, California, and at many other big Square Dancing events. Ralph's most recent appearance was with several hundred dancers on the Streets of "Frontierland" at the opening of Disneyland, July 17th. Perhaps you saw it on T.V.

1) ADEQUATE DANCERS: When organizing an Exhibition group outline your ideas as to time and place of rehearsals, necessary costuming, potential schedule of appearances, obligations, etc. Then schedule an audition, mentioning the fact that you are looking for people interested in Exhibition Dancing. At this time emphasize the fact that you are primarily concerned with poise, coordination, rhythm, willingness to work and cooperate as a team rather than any previous experience or knowledge of Exhibition patterns. It might be well to add here and now that Exhibition Dancing is an art form and should encourage only those leaders who have imagination and ideals. Your first audition may attract only a few eager beavers, but you will find that as your work is accepted and your reputation enlarges that the very enviable situation finally occurs when you have many more competitors than you have places for. Then you may become more selective and really begin to accomplish what you set out to do.

2) COSTUMING: Exhibition dancing requires special costuming, which may be divided into two categories—color and design.

a) Color—Every exhibition team should have a minimum of two costume changes. If you are confined to one set, identical colors are all right. Your contrast then must come from the two costume changes. One might be in pastels, the other in vivid, sharp color. One might be in frilly lace, the other in plain cotton. Too, with just one set you may divide the color. Heads one color, Sides another. This allows for greater pattern effect such as identical colors together, or opposite, or at the ends of lines of four, or in the center of lines of four, etc. With one set the men's costumes may match, contrast, complement, harmonize or clash, with their partners, depending upon the

effect you wish to get with that particular routine. Television of course requires special color usage which we will not go into detail about at this time. TV Directors will be most happy to advise for both costume design and color if you have an opportunity to do a TV show. When doing a Round Dance Exhibition with two or more couples try using line formations. Take any good round dance, put four couples in a line and allow the pattern to flow down the length of the hall. At the end of 8 or 16 or 32 measures, or any other music interval which lends itself to a change, try change of direction either by doing a 90 degree turn or a complete reverse of direction. Interpret grapevines, dos-a-dos, stars, etc., to allow a change of partner and at the same time get a different balance of color.

b) Design—Girls' skirts should be at least a full circle and a half, preferably more. Tiered skirts are very desirable, also gores or godets. One piece costumes lend themselves to freer use of arms while still remaining in place most of the time. Nylon seems to be the answer to a maiden's prayer for a material which will require a minimum of doing up each time. My taw Eve has discovered that turning a costume inside out, with the sleeves and bodice down inside the skirt, and clamping a skirt hanger on the waist line is an ideal method for trans-

porting costumes. In this way you save about half the space ordinarily needed for packing in a car or plane.

3) **FORMAT:** In thinking of format for exhibition dancing, keep uppermost in mind that the material must be something that will further sell square dancing. It is of prime importance that if an exhibition group has an opportunity to perform, they should start with something that can be developed further, from, perhaps, a single pattern. Aim always at what will be acceptable in square dancing generally throughout the United States. The style of dancing in their own area should dictate the format used in exhibitions, so that it is definitely representative of that area.

4) **PATTERNS:** *The prime pleasure and security of accomplishment must come from creating your own original routines.* An artist must visualize the final result of his imagination and then go to work, piece by piece, adding here, substituting there until the routine becomes a continuous flow of rhythmic pattern. Several means are at your disposal for the development of such patterns. With two or more sets many of the basic dances become exhibition figures. A simple example might be the four in line formation ordinarily used in the Route.

A good balance of Rounds—interestingly presented—along with the Square Dance figures always keeps the audience fascinated. Ralph Maxhimer directs this group.

EXHIBITIONS - *Continued*

With two sets working you immediately have two lines of four couples. For the moment let us number them to show a few of their uses. Ladies 1, 2, 5, 6 and 3, 4, 7, 8

1 2 3 4

5 6 7 8

may each do a four ladies grand chain simultaneously, or ladies 2, 3, 6, 7 may do a grand chain while ladies 1, 5 and 4, 8 chain across. Another example, the two lines may dos-a-dos as couples, or individually, to form a weathervane which would read 1, 5, 2, 6, 3, 7, 4, 8. Spread this line to arm's length and have ladies 1 and 8 weave the line toward the center. Upon meeting in the center head out at right angles to the original line and form a new line. Have 1 face 5, 2 face 6, 3 face 7, 4 face 8, then duck and dive or grand chain the line.

Many times "Levis and Laces," our Exhibition group of young people, intentionally get into an impossible figure and then work their way back out to something basic, thereby creating a completely new and original figure. Diagonal lines many times lend themselves to a particular hall or stage. *Allow the hall or stage to be used to dictate the type and flow of each exhibition.*

Whenever possible plan a rehearsal in the hall to be used to enable the dancers to establish a better spatial relationship. Attempt to alternate routines so that they will encompass lines, stars, circles, squares, diagonals, parallels, balanced and unbalanced colors, couples, threesomes, foursomes, etc.

Patterns may sometimes be made more attractive by using an accumulative routine. For example, you might start with two or four couples, allow their action to pick up two or four more and so on until your entire group

has been assimilated into the routine. Endings may be developed in a similar manner, i.e., dropping of several couples at a time until the final curtsy pattern is outlined.

Develop patterns at a much retarded tempo until routine is established in the dancer's mind and then gradually increase as needed. Exhibition tempos should lean toward the rapid sharp moving, precise and symmetrical type whenever possible. Waltz Quadrilles and other waltz routines of course are an exception to this rule. Develop precision by allowing the dancers to count the number of beats of music required to execute the desired figure. We many times work up a complete silent hash that takes up a full 3½ minute hoedown recording. The routine starts on the first beat after the introduction, places a command at the beginning of each 8 or 16 measure phrase and stops with the final curtsy on the last beat of the record. This is accomplished by building 8 measures at a time. Add and repeat, until the full record is used up. This type of routine is a tremendous challenge to the dancers and is excellent practice for timing and symmetry and flow.

A final word for exhibition groups might be this: *Don't force your group on festival committees or convention planners or any other show management.* Work hard, develop original styling and precision, attempt to enlarge the scope of good public relations for Square Dancing and above all, allow your group to enjoy working with each other in their goal toward better dancing for everyone. If you have the type of stuff people want to see there will be no problem of getting invitations to appear, but be most careful to make those appearances such that they will exemplify and glorify the finer points of dancing rather than make it appear coarse or uncouth.

FIFTH ANNUAL NATIONAL SQUARE DANCE CONVENTION

Committees are meeting all over San Diego, California, constructing that giant project, the 5th Annual National Square Dance Convention, to take place there on June 22-24, 1956. A bulletin informs us that they are "holding the line" on prices so that the whole wonderful affair will cost only \$1.00 per person per day by pre-registration, or \$1.25 per person per day at the door.

Tid-bits . . . plans are under way for a mammoth banquet (at nominal fees) on Saturday night . . . After parties will be fairly simple and lots of fun . . . Child care will be provided for family groups . . . Arrangements are being made for exciting trips for the kiddies, including one to famous San Diego Zoo.

These plans should fit right in with your family vacation, so put your nickels in the "Convention" Jar beginning Right Now!

STYLE SERIES INTERRUPTIONS

The interrupted promenade or activity when meeting a partner at the end of a right and left grand opens up a vast field of possibilities. Here are two of the simplest—the Grand Do Sa Do and the Once and a Half (Single Elbow).

THE GRAND DO SA DO. At the end of a right and left grand, the call indicates a do sa do right shoulder to right shoulder around partner (A). Then passing right shoulders in the direction of a right and left grand, men traveling CCW on to the next with a do sa do (right shoulders) (B) and so on around with each girl until partner is met (C).

ONCE AND A HALF (SINGLE ELBOW). At the end of a right and left grand, partners meet with a right forearm (1) and go CW all the way around (2). Then each person moving on in the direction of a right and left grand comes to the next person with a left forearm all the way around (3), on to the next with a right (4), on to the next with a left (5), finally meeting their own partner (6) for a promenade or to follow the call.

Swing and promenade her, you wouldn't trade her

And smile, smile, smile.

REGARDING THIS GUY KRONENBERGER — BY BOB OSGOOD

On June 1st, 1955, after working with Sets in Order since 1950 Arnie Kronenberger resigned to accept a position with R. R. Perry & Company, a well known advertising firm in Southern California. Because Arnie and I have been the closest of friends for over eight years and because I have taken great personal pride in his growth in the field of Square Dancing, I was quite *disappointed* to see him leave our Sets in Order family. He will continue to work with our recording company, serve on the Faculty at Asilomar and act in an advisory capacity for the magazine. As far as his other Square Dance activities go, I'd better let him speak for himself:

"Square Dancing and my association with Sets in Order has meant a great deal to me over the past several years. I've been very for-

tunate in the many Square Dance friends I've made and perhaps it sounds strange that I should want to change all this. I suddenly discovered during this last year that I was spending more and more time calling dances and on tours and less and less time at home. Jan and the youngsters hardly knew me any more and I felt some change was about due. I have had a very wonderful position offered to me which requires most all of my time right here around Los Angeles. In accepting this offer I realize that my travels with Square Dancing are over, however I will be calling locally, I hope, for a long time to come."

All of us at Sets in Order, and I'm sure his many friends across the United States and in Canada, wish Arnie the very best of success in his new activity.

Generosity and Winter Sunshine . . .

warm CALICO JEANS JAMBOREE

By Mrs. Vernon Worthen,
St. George, Utah

THE dancers come from far and near to St. George, in Utah's Dixie Land, in February of each year. Here they dance, watch, learn, and feast on friendliness, food, and sunshine.

The occasion is called the Calico-Jeans Square Dance Jamboree and its roots go 'way back to the pioneer Mormon families who square danced all the way across the plains from Nauvoo, Illinois, in 1847. St. George was founded soon after and they have been doing the old dances ever since.

ers, merchants, and good people of St. George get behind this event to make it a memorably pleasant visit for all who attend. Things start going on Friday night with a Get-Acquainted Dance. On Saturday there is a luncheon, fashion show, workshop, and then the Jamboree.

All the visitors are served lunch in the L.D.S. Recreation Hall after which novelty acts and dances are presented by the club, at the same time showing off the beautiful dresses and shirts made by the members from material purchased from local merchants.

After the fashion show is the workshop where there is a round dance clinic and call-

ers show their favorite squares. At night, last February, 26 callers from four states called their favorite numbers.

Many gifts are given but not as prizes for contests, as no contests are held. These many gifts are given to participants, committees, callers and clubs in appreciation for their help in the event and for various other reasons that

add spice and fun to the dance. For instance, gifts are given to the eldest couple dancing, to those married the longest, the couple with the youngest baby, those coming from farthest away, etc. Pretty costumes are also rewarded with gifts. Dozens of gifts are handed out for the sheer joy of giving—and all of these come gratis from the merchants of St. George.

WANTED: SQUARE DANCE RECORDS AND BOOKS

The Research Library at Sets in Order is looking for old books on Square Dancing and Square Dance music, as well as additions to our collection of Square Dance records. Someday we hope to have as complete a file as possible

in both categories. Any records or books for which you have no further use will be gratefully received for this collection. Duplicates of any items will be turned over to hospitals, Navy Recreation, and for other purposes.

WOMEN on the SQUARE

- *about dresses
and cookies . . .*

- *autograph dress*

LAURETTA TRUOG of Milwaukee, Wisconsin, models her latest square dance dress. Along the lower tier she has written first names of her square dance friends and outlined them in black. This was a complete surprise to the Calhoun group with whom she dances to Dale Wagner's calling, and caused a furore of fun at the first wearing.

- *heartland dress*

Evelyn Ball of the Heartland Federation in San Diego County has dreamed up a gay dress to tie in with her club affiliation. She has designed this dress of fireman red and white—squaw type—with sixteen red hearts appliqued against the white center tier of the

skirt. Each heart represents a Heartland Federation club; some have the symbol of the club as well as the name embroidered on them. The federation takes its name from the shape of a certain geographical area in eastern San Diego County.

- *yummy cookies*

Refreshment note. We heard about these "white brownies," properly called Congo Squares, from Ruth Garrett of Santa Barbara, California, who obligingly furnishes the recipe.

Ingredients: $2\frac{3}{4}$ cups sifted flour; $2\frac{1}{2}$ tsps. baking powder; $\frac{1}{2}$ tsp. salt; $\frac{2}{3}$ cup shortening; $2\frac{1}{4}$ cups brown sugar (1 pound package); 3 eggs; 1 cup nuts; 1 pkg. Nestle's Semi-Sweet Chocolate Morsels.

Method: Mix and sift flour, baking powder and salt. Melt shortening and add brown sugar. Stir until well mixed. Cool slightly and add eggs one at a time, beating well. Add dry ingredients, then nuts and chocolate. Pour into greased pan about $10\frac{1}{2}$ " x $15\frac{1}{2}$ " x $\frac{3}{4}$ ". Bake at 350 degrees. Time: 25-30 minutes. Yield: 48 squares. When almost cool, cut into 2" squares—and prepare to lick your chops over them.

The
SQUARE DANCE
PICTURE

Surely one of the nicest square dance week-ends anywhere was that at Catalina Island, off the California coast, when Associated Square Dancers presented their second Catalina Holiday. To the dancing fun were added rides around the island in carriages like the one picture here. Up front you see George Elliott and Ralph Maxhimer with the driver. Second seat, association prez Frank Fittin and his wife, Louise. Third seat, Harriette Blohm, Sparky Adams, Vera Baerg. Fourth seat, Max Wolf and Fenton Jones.

Crosbys, Crosbys, Everywhere—and they all square dance! Everybody in this picture is a square dancing Crosby, beginning at left with Jeri and Hunter who hail from Three Rivers, California, but are shown here visiting Hunter's nephews in Sutherland, Nebraska. The nephews, L to R, are Clarence, Jeane, Donald and George Crosby, with their respective wives. Square dancing family, for sure.

THE DANVILLE STAR

By Homer Blincow, as called by Paul Rice

Ladies to the center, back to the bar
Gents to the center with a right hand star
With the right hands crossed, say how do you do
Back with the left and how are you.
Meet your sweetheart, pass her by
Now swing the next one on the fly
 Original right hand lady thus becomes new partner.
Put 'er in the lead, go single file
Ladies in the lead, it's Indian style.
Gents turn back on the outside track
And make your feet go whickety-whack
You turn your partner with the right hand 'round
Go all the way around
To the corner lady with the left hand 'round
Back to your honey with the right hand 'round
Go all the way 'round, but not too far
Left to the next like an allemande thar.
Swing with the left to a right and left grand
Around the ring, go hand over hand
Meet a new partner over there
And promenade around the square.
 You now have your original corner.

PAUL RICE

IT WAS about 1949 when Paul Rice of Carmel, California, saw the Ace Smith folk dance group at the County Fair, and decided this colorful hobby was a "must" for his wife, Valeta, and himself. They enrolled in a class and enjoyed folk dancing until about 1951. Paul gradually became interested in square dancing, which he also learned from Ace Smith. He began to do some teaching and was invited to join the local Callers' Assn. by the Harry Cullums. At his square dance class at Fort Ord he met Johnny Savage, a young caller stationed there, and the two of them started strictly square dance clubs.

Paul patterned his calling after the style of Ed Gilmore, whom he'd heard while Ed was a member of the Asilomar faculty on the Monterey Peninsula. The fact of the Asilomar sessions being virtually in their backyard whetted the Rices' interest in square dancing even more. They had appeared in one of Ace Smith's "black light" exhibition groups at an early Asilomar.

Right now the Rices are dedicated to promoting square dancing on the Peninsula. They started with 4 couples three years ago and now have several hundred pupils dancing. Paul calls squares; Valeta teaches rounds. Paul keeps beginners' classes going constantly, has an intermediate class, works with teen-agers, and does a perpetual "one night" stand at Fort Ord, where dancer turn-over is terrific.

Paul's regular work is as a Civil Engineer, which job he gave up for square dance calling. His primary interest is to get more people square dancing; he feels it is an answer to the ills of the world.

ROUND THE OUTSIDE RING

(EDITOR'S NOTE: This "Round The Outside Ring," a collection of interesting Square Dancing news items from different parts of the country other than in our immediate neighborhood is a regular feature of "Sets in Order" and will be collected and written by Helen Orem, Assistant Editor. All information regarding activities of groups whose activities would fall in this category should be sent to Mrs. Orem, at 462 North Robertson Blvd., Los Angeles 48, California.

Arkansas

Whoops! It was a good one—the Dudes and Dolls First Annual Square Dance Festival on June 10-11 in Fayetteville. Prez Arch Mills is to be congratulated. The festival opened with dancing Friday evening at the Uark Bowl. A clinic was held Saturday P.M., conducted by Ruth and Jim Brower from Texarkana. The final event was held Saturday night when dancing began with a Grand March. Guest caller was Jim Brower, aided by the following: Richard and Barbara Dick; Gurvis Hogan; Willie Harlan; and M. E. Carolon. Richard Lee Holt and Neil McConnell of the local group were presented in a novelty duet. After the dance, Emil Sonneman served a midnight breakfast of ham, gravy, hash brown potatoes, biscuits, jelly and coffee.

Wisconsin

Martha Clark will act as Chairman of the Wisconsin participation in the 6th International Festival in Chicago on November 6 . . . On June 26 the Leaders' Council of the Square Dance Association of Wisconsin met at Bay Beach Pavillion, Green Bay, followed by the regular association meeting.

Utah

The Bustles and Beaux Club of Provo recently celebrated its fourth birthday. From the humble beginning of 7 couples in 1951, the club has now grown to 95 couples. At the anniversary dance intermission, the history of the club was given. A big birthday cake was cut and served, following which 25 new couples were initiated into the club. Three persons have led to the outstanding success of the Bustles and Beaux: Dr. Ralph Jorgenson, who was the first president and helped with his enthusiasm and willingness; Randy Stephens, the caller, and his charming wife, Beth. The club dances every Saturday night during the winter and on alternate Saturdays during the summer. Rainbow Gardens on Brigham Young University campus is the scene of the summer dancing and visitors are welcomed.

Indiana

New officers of the South Bend Callers' Club who will take office in September are Warren Weaver, president; Ray Black, vice-president; Andy Smithberger, secretary-treasurer. The 5th Annual Festival of the Club saw some 800 dancers on the floor of the Exhibition Building at Playland Park. 14 club members called for squares and contras to the accompaniment of Lola and her Music. Three guest callers, Walter Meier of Des Plaines, Illinois; Carl Gaels of Fort Wayne, and Fred Hladik of Oak Lawn, Ill., added to the dancers' enjoyment.

Missouri

Guy Gentry from Oklahoma City will MC the Sedalia Semi-Annual Festival on October 22nd. Music will be furnished by the Blue Ridge Boys and Sak River Jones Boys, both very popular bands. There will be some 36 callers on the program which will start at 5 P.M. Note the time, particularly.

Central Missouri has had some fine caller-visitors recently, including Fenton (Jonesy) Jones and Bruce Johnson from California; Les Gotcher; Ray Smith and Joe Lewis from Texas, thus giving the home folks a veritable smorgasbord of calling talent.

New York

Another item for your Fall dancing calendars. On Columbus Day, October 12, McBurney YMCA Roof Garden in New York City, with its newly resurfaced floor, will be the site of a Gala Square Dance Festival from 3 P.M. to midnight. Artie Palecek will be the featured caller.

Bill Castner, from California, invaded Long Island for three dates in June. Bill conducted a workshop in which the auditors found him expansive, with split-second timing. The folks found his calling enjoyable and full of challenge.

The present slate of officers of the Long Island Square Dance Callers' Assn. was re-elected. They are Joe Rechter, Bill Kattke, Don Begenau, and Joe Maybrown.

Michigan

Square dance clubs in the Greater Lansing vicinity in co-operation with the Capital Callers' Association recently sponsored a square dance festival at the 119th Armory. This was the first such affair in the area, with all dancers welcome. Callers scheduled were Maria Butler, George Bubolz, Jr., Bob and Sue Copland, Bill Mahensmith, Phyllis Pearson, Harold Rice, Joe Roe, Dan Webster, and Leslie Woolsey.

On June 25, at Northland, there was a Free square dance sponsored by Northland Enterprises as a community project. Lee and Mildred Brennan called to the Bauman Orchestra and Circle Eight Club gave exhibitions.

Texas

Kerrville's Annual Midsummer Square Dance Jamboree, sponsored by the Flying-Do-Si-Do Club, took place on July 2 at Louise Hays Park. General Chairman was John Armstrong and while the event is arranged chiefly for square dancers in Central and Southwest Texas, many dancers from out of that area were made welcome. Some 18 callers were expected, with Armand Taylor's Square Dance Band furnishing the music.

The Panhandle Square Dance Association's Midsummer Jamboree was held at Elwood Park in Amarillo on July 30, with a clinic at 4 P.M. and the Jamboree getting under way at 8:30 P.M. Amarillo summer nights are noted for their coolness, making for fine dancing conditions.

Officers of the Circle 8 Square Dance Club of Brownsville are Chet Husman, Joe Marion, Edyth Nunnely, Guy Stimpson, and Nadine Caldwell. Idea: wouldn't it be fun for every Circle 8 Club in the country to get together for a Big Dance? There must be dozens!

Texarkana's two square dance clubs—Taws and Gents, and Circle Eight (see, there was another one!) have disbanded and re-organized into one combined club under the name of Town and Country Square Dance Club. They meet 1st, 2nd and 4th Saturdays at the Spring Lake Pavilion. Visitors are welcome.

Lew Torrance of Port Arthur, pens a column, "Around the Square," for the local paper and includes all types of square dance news. Would that more newspapers would take kindly to this idea. It would be such a boon to visiting square dancers, as well as to the town folks.

Idaho

The North Idaho Callers' Council will hold its second annual Harvest Hoedown at the Memorial Auditorium in Wallace on October 29. Dancing will start at 8 P.M.

South Carolina

Square dancers to the rescue. The Charleston Promenaders provided 5 couples to dance in the play, "Dark of the Moon" at the Dock Street Theatre, where square dancing was a part of the stage goings-on.

Illinois

The Chicago Park District and the Chicago Area Callers' Assn. are deep in plans for Chicago's annual do-si-do dance jamboree, the 6th International Festival to be held November 5 at the International Amphitheatre. Walter Roy, who has served in that capacity for the past several years, is again General Chairman of the affair which is planned for a real dance extravaganza. A single big pre-Festival dance also at the Amphitheatre, will be held on the evening of November 4.

Meet the X.I.T. Rangers of Dalhart, Texas. They are the Kenneth Stanleys, Margaret Lamburger, Dick Knight, the Archie Baileys, the X. A. Austins, Dessie Hanburys, the Finnis De Jarnetts, and the Everett Bates'.

Oregon

Another birthday was that of the Boots and Calico Club of Winston, when dancers from Seaside, Medford, Coos Bay were entertained, plus local dancers. Norval Cockeram is club caller and with his wife, Marion, teaches pattern dancing. They were presented with a beautiful cake, made and decorated by a club member. New officers are Ex Messenger, Stanford Buell, Helen Buell, Hubert Alford, and Ted Brinkhan. The club meets 2nd and 4th Saturdays in the Winston Community Bldg., on old U.S. Highway 99. Out of towners may call ORchard 3-8239 for dance info.

Again I must write you how much we all appreciated that exceptionally nice article about the Silver Spurs in your (May) Sets in Order. It was truly a honey . . . The nicest thing came of it which I believe you should know. The United States Information Agency wrote me asking for stories and pictures of the Silver Spurs to be put in a Youth Packet to be sent 77 foreign countries. They are doing this with all youth recreation groups. It was your article that did it . . .

LETTERS - *Continued*

Dear Editor:

About a year ago I wrote to you about a trip we took to Sydney, Australia, and of the enthusiastic square dancing friends we had met "down under." This year in March, we went back to visit all of those wonderful friends and found them all still very enthusiastic square dancers. They really rolled out the red carpets for us and we all danced practically every night of the 12 nights we were there, and many afternoons, too . . .

They are all very happy with the round dances that we are able to take to them and try to learn as many as they can while we are there, so we had some real "jam sessions."

Sets in Order helps them a great deal and is very much appreciated by all who receive it.

Durward and Verona Lockett
San Bruno, Calif.

Dear Editor:

I want to express my thanks to (all) who put out such a wonderful square dance magazine. I've been dancing and calling for over 30 years, have all books on dancing I can buy, and you still come up each month with more new and wonderful square dances. Your magazine tops them all by far, and I just couldn't be without it. I'll soon rotate to civilization but where I am stationed at now there isn't even a hog to call. I can hardly wait to hear the fiddle tune up once again.

M/Sgt. Rollen Bates
A.P.O., San Francisco, Calif.

Dear Editor:

As far as square dancing in our area is concerned we have our Wagon Wheelers Club meetings each week and at the beginning of March we celebrated our third anniversary with a party. Although like all clubs of whatever descriptions, members drop out owing to removal from the district, the demands of National Service and various other reasons, we have had over forty new people at our meetings since . . . last September.

Within the last two or three weeks one of our boys, who has learnt to be a caller, has started his own Club in an adjoining area and we are hoping that he will bring more converts to the enjoyment of square dancing.

Leslie G. Newman-Bird
Pinner, Middlesex, England

Dear Editor:

Saw your paragraph about the "Show Boat" and its call here on July 12th. Am looking forward to this occasion, not only because it is their 6th and final Cruise; and hence we may never see some of the folks again, but also because it will draw together a lot of us in this district who have wound up their Club activities for the season and otherwise wouldn't see one another again . . . till maybe around October.

AIR FORCE CALLER

A/2C Andy Kleitsch is stationed with the Air Force in Biloxi, Mississippi, and calling for local civic organizations when his military duties allow him to. He was recently written up in the Airforce paper and described as "a pepper-pot type fellow with a sparkling rhythm in his voice." Andy started into square dancing by working with his calling father, also Andy, of Cleves, Ohio, on a square dance TV show. In civilian life, Andy was a washing machine mechanic by day and a caller at night. Now he teaches an electronics course during the day and calls every night that he can.

DO'S AND DONT'S FOR YOUR DANCING DEPARTMENT

By the Alumbaugh, Arcadia, Calif.

- DO - Forget about business, financial, social and family cares (even taxes) and concentrate on enjoying the dance . . .
- DON'T - Fail to be friendly and sociable with everyone; a neighborly attitude will make you more popular than perfect dancing . . .
- DO - Form your square promptly, and welcome anyone who joins the set . . .
- DON'T - Ever walk away from a set because some of its members may not be the best dancers in the state. Help them along.

MRS. FRANCES LAWRENCE

Best-known for her work in organizing teenage square dance groups, notably the Houston Honeys, Mrs. Frances Lawrence of Houston, Texas, passed away on June 28. She was one of the first to originate the "black light" square, designed costumes as well as dance routines. Mrs. Lawrence was an employee of Houston City Recreation Department for 17 years and made a fine contribution to the dance activity.

SQUARE DANCE QUOTES FROM THE PRESS

(Excerpts from, "The Square Dance in Singapore," by John C. Kimball, L.A. Times—March 24, 1955.)

"One of the mysteries of the East is how the American square dance found its way into the famous Raffles Hotel in Singapore.

"It is no small shock . . . to find the air rent with fiddling and stomping. The first impression is that the Texas Navy just landed, but closer inspection reveals not only a complete

absence of Texans but of any species of genus Americanus.

"Calling the steps at the microphone is a bearded Sikh dressed in blue jeans, checked shirt, red bandana and a peach colored turban to top it off . . .

"His voice has a singsong quality not heard on the farm down in Iowa, but he is nonetheless skillful in leading the dancers through the most intricate maneuvers.

"On the dance floor is as crazy a mixed-up group of kids as ever jimmy-cracked a corn. Indians, Chinese, Malaysians, Siamese, Scots, English, Dutch and what have you—all dancing with a spirit that would raise the roof on any barn in the United States . . .

"While there may be some doubts as to the maturity of our culture, there can be no doubt of its dynamism and influence. The reason is obvious; the culture of no other country so completely expresses the rhythms and tempos of modern, industrial living — a way of life which Americans have achieved and for which the rest of the world, consciously or not, is desperately striving.

"Properly exploited, this is no mean weapon in the war of opinion being waged in Asia."

AGAIN — A MENTAL LIFT

Another instance of square dancing and its practical use in mental therapy comes to notice in a letter from Vocational Rehabilitation and Recreation at Wisconsin Neurological Foundation in Madison, Wisc. Caller Roger Drouin conducts a square dance for patients there regularly and this is what Mr. Tziolas says:

"What does square dancing do to the patient? It revives his spirit, it takes his mind off himself, it stirs him up in the right direction,

it makes him move or attempt to move his limbs in his effort to keep time with the dancers and gives him much to talk about during his leisure moments. He is thrilled to hear that one of the constant participants, a young, vivacious mother . . . is 'tripping the light fantastic' with grace and agility. It kindles a spark of hope that goes a long way to maintain morale at a high level. I don't know! There is something in singing and dancing that has contributed more to recovery than medical history records!"

Special Notice of Interest to Subscribers

"Doggone it! We've forgotten to renew our subscription!"

Letters and comments from so many of our Sets in Order family indicate that something is needed to "streamline" the current renewal procedure.

"... We keep intending to send in our check but it's so easy to let it slip by -. Now we've missed several issues. Can't you help?"

We've been checking with folks who know quite a bit about this sort of thing and we've come up with an idea.

In the first place—we judge from your comments that you count on the arrival of each issue with its dances and news as a regular event in your Square Dancing life. You would be quite upset if your membership in your favorite Square Dance Club were cancelled each year and you had to rejoin. Just so with the magazine.

Instead of making a concerted drive to get you as a new subscriber each time twelve is-

sues go by, we're going to figure that once you're a subscriber you wish to continue and expect us to send the magazine even if you're a little late in getting your "dues" to us.

Instead of sending a cancellation notice and a plea for renewal, we'll send out a regular bill—window envelope and all—with a statement—a stamped return envelope and all the information we need on one simple form. Simple? You bet!

The idea is to make this easier on everyone. If you aren't able to continue the subscription just let us know and we'll withdraw your membership. And, we won't stop your subscription the first issue your paid twelve months run out—we'll just figure you're like a lot of us along about the 1st of the month and we'll see that your copies keep right on arriving—at least for a couple of issues.

With Best Wishes for Your Happy Dancing,

The Sets in Order Crew

DON'T TAKE A PILL—TAKE A PARTNER!

By Dot Sharp, Winnipeg, Manitoba, Canada
Are you weary, weak and nervous? Is your circulation poor?
Come and learn to Square Dance and stamp around the floor.
If you "dip and dive" and "do-si-do" as fast as you can think,
Your blood will fairly sizzle, and you'll feel in the pink!
Are you lonesome, shy, discouraged? Is your mind oppressed with care?
Come and join the others and let's make up a square.
You'll meet so many people, and you'll have so much fun
That you won't care for atom bombs—or if your car won't run.
Does your wife not understand you? Is hen-pecking your fate?
Drag her out to Square Dance before it is too late.
Now *you're* the boss, the leader, and if you still can't win
Just take the caller at his word and "kick her in the shin!"
Is your husband dull and dreary? Is he blind to all your charms?
Make him learn to round dance and he'll take you in his arms.
When in perfect harmony you drift around the floor,
To, "Beautiful Ohio," your romance is born once more.
Psychiatrists and doctors might as well get lost.
Square Dancing cures anything at practically no cost!

ON "SET UP" SQUARES

A letter printed in our "From the Floor" section in the June Sets in Order set off explosions in various parts of the country, which make interesting reading. Subject of the letter was "set up" squares and the gentleman told his reasons in favor of this practice. Below are some of the more or less heated replies:

"I was plain disgusted with the letter . . . Why does he bother to go to public dances? He should take his fingers and stay home. His kind soon find they are not so welcome in square dancing. At least not in our group."
—Washington.

"In answer to a letter . . . about persons that want to know how to keep people from getting in the square they have planned on ahead of time—two couples can do it easily by merely each person standing alone in positions Nos. 1-2-3 and 4.

"Square dancing is different in different sections of the country, but all in all square dancing is for fun and entertainment. This is lost if you dance with the same couples or same caller only. Many times we have planned

dancing the next square with certain friends, but it is next to impossible. In our own case, though, we have more fun dancing with the first square we find that is short of dancers.

"We believe that square dancing is having fun dancing with square dancers and not just certain dancers . . ."

—Oregon.

"May I make the following suggestion to (the letter writer). If you do not intend to share the friendship and good fellowship of other square dancers, suppose you and your friends take your little 'pat' square to your own patio or rumpus room and stay there where no one will annoy you or cause you 'embarrassment.'

"We have observed at various times a few squares of folks like you who stay in their own little clique all evening instead of mixing around and meeting new acquaintances, as all real square dancers do, and never have I heard anything but the severest criticism at this kind of dancer. In our area we definitely try to discourage this sort of thing."

—Oregon.

"NEWCOMB transcription units mean

STABILITY and DEPENDABILITY"

RALPH MAXHIMER, well-known square dance stylist, says:
"Newcomb equipment means stability and performance to me. My Newcomb Transcription Unit TR-25 is in constant use. It has been subject to transportation by car, bus, train, plane, and truck all over the U.S. and Canada, without a single failure. I have used many different types of equipment but none was comparable in dependability, precision, and quality to Newcomb. For wide range of voice, music, and acoustical problems, I have seen no unit that embodies all of the many fine characteristics found in the Newcomb TR-25."

MODEL TR-25 AM

Plays all records up to 17½". 3-speed plus variable speed control. Has G-E magnetic pick-up; scratch suppressor; 2 mike inputs; separate tone controls for voice and records. Exclusive Newcomb "Floating Sound" design prevents needle skipping due to bumps and jars from dancing feet. Unique Newcomb ruggedized construction. 25 watts output. HOEDOWN RECORD COMPANY

Of Course, There Are No Hoedowns like HOEDOWN'S But If You Haven't Introduced Your Dancers To The Following Popular Numbers, You'll be Sorry, as the other fellow has.

HD 305 "THE GOLD RUSH IS OVER AND THE SQUARE DANCE IS ON". If you like "Smoke on the Water" you'll like this one.

HD 302 "WHEN PAYDAY ROLLS AROUND" is an exceptionally popular dance.

HD 306 "I GET SO LONELY"/"AIN'T SHE SWEET". These are both popular numbers. The figures are well timed and commands directional. The first is to the tune of "O Baby Mine" with a simple figure. The latter is one an experienced dancer will enjoy

HD 307 "ALEXANDER'S RAGTIME BAND"/"DO YOU EVER THINK OF ME". Who wouldn't like to dance to "Alexander's Ragtime Band"? If you don't want to square, try the mixer written to the tune "Do You Ever Think of Me". It's a tune everyone enjoys — well timed and can be done with no "walk throughs" and was very popular at the National Convention.

HD 308 "OKLAHOMA CITY KITTY"/"PUT A LITTLE SWEETNIN' IN YOUR LOVE". The former was introduced at the Convention and well received. The latter is a simple dance everyone enjoys.

These are all obtainable with or without calls

PLAN TO "REVIVE" CLUB MEMBERSHIPS

Whirlaways Square Dance Club of Racine, Wisconsin, thought up a scheme to re-interest "fallen away" square dancers—those who had at one time danced or been members of the club. They gave a Dance Reunion for all persons who had been taught by Henry Larson, a local caller-instructor, during the past several years. Dancers were invited to make up squares and come, or attend singly. Circle mixers, traditional square dances, and round dances—all of them simple, but fun, were fea-

ured, and the price was kept low to reach as many folks as possible. Postcards announcing the event went out to a large mailing list and importantly, *eight* phone numbers were given to call for tickets and information. Larson passes this idea on to other areas which might need such a concerted "shot in the arm."
