**TOWN WARRANT
THE STATE OF NEW HAMPSHIRE**

**THE POLLS WILL BE OPEN FROM 10:00 A.M. TO 7:30 P.M.
TUESDAY, MARCH 14, 1989**

**BUSINESS MEETING STARTS AT 7:30 P.M. ON
WEDNESDAY, MARCH 15, 1989
AT THE BROOKLINE ELEMENTARY SCHOOL**

To the inhabitants of the Town of Brookline in the County of Hillsborough in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Brookline Elementary School in said Brookline on Tuesday, the fourteenth (14th) day of March at 10:00 a.m., to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To hear reports of Agents, Auditors, Committees, and all other Officers heretofore chosen, and pass any vote relative thereto.
4. To see if the Town will vote to authorize the Board of Selectmen to borrow money in anticipation of taxes in accordance with RSA 33:7.
5. To see if the Town will vote to authorize the Board of Selectmen to apply for, accept and expend money from the state, federal or another governmental unit or a private source which becomes available during the year in accordance with procedures set forth in RSA 31:95-b: provided that no additional Town monies be spent.
6. To see if the Town will authorize the Selectmen to appoint a Study Committee to investigate the feasibility of combining the Town Library and School Library. The Study Committee to consist of a library trustee, school board member, the school

Principal or his designee, a finance committee member, and either one or three citizens at large and to submit their report with recommendations by October 1, 1989.

7. To see if the Town will vote to raise and appropriate the sum of \$10,000 to be placed in the Capital Reserve Fund for expansion of town offices and library, or take any action relative thereto. (Finance Committee recommends 2-0)
8. To see if the Town will vote to raise and appropriate the sum of \$160,000 to purchase and equip a new pumper/tanker and authorize the Fire Engineers to enter into a contract from bids received, and to authorize the withdrawal of \$85,000 plus interest accrued to date of withdrawal from the Fire Department Equipment Capital Reserve Fund set up for this purpose, the balance to be raised from taxes not to exceed \$75,000. (Finance Committee does not recommend 2-0)
9. To see if the Town will vote to allow the Fire Engineers to sell the 1939 Fire Truck, 1950 Fire Truck and the 1967 Tanker Truck with proceeds from same to be applied to purchase of new pumper/tanker truck or take any action relative thereto.
10. To see if the Town will vote to raise and appropriate the sum of \$35,000 to be placed in the Fire Department Equipment Capital Reserve Fund, or take any action relative thereto. (Finance Committee recommends 2-0)
11. To see if the Town will vote to adopt the provisions of RSA 79-A:25 (disposition of current use penalty assessment) and vote to place 20% of the revenues of all future payments collected pursuant to RSA 79-A:25, II in the Land Acquisition/Conservation Fund in accordance with RSA 36-A:5, III. The revenue transfer shall be at time of collection, or take any action relative thereto.
12. To see if the Town will vote to raise and appropriate the sum of \$5,000 to be placed in the Land Acquisition/Conservation Fund to be used for conservation purposes, or take any action relative thereto. (Finance Committee recommends 2-0)

13. To see if the Town will vote to establish a Forestry Management/Conservation Fund in accordance with RSA 36-A:5 II for forestry management on town lands for the purpose of improving the quality of the tree stands and providing revenue to the town in accordance with the standards of good forestry management and to raise and appropriate the sum of \$6,964 to be placed in said Fund.
14. To see if the Town will authorize the Selectmen to accept private donations of land, interest in land or money for the purposes of contributing to the local matching portion required for acquiring conservation land or interest in land and other costs associated therewith for permanent conservation use under the N.H. Land Conservation Investment Program (LCIP) RSA 221-A, and authorize the Selectmen to apply for and accept the state matching funds under the LCIP for the purposes of acquisition of the fee or lesser interest in conservation land, or take any action relative thereto. Said appropriated funds and state matching funds may be expended by majority vote of the Conservation Commission with the approval of the Selectmen.
15. To see if the Town will vote to accept the following roads contingent on all outstanding fees being paid by the developer and a maintenance bond being in place in the amount of 10% of the total cost for the road, and that final acceptance has been approved by the Planning Board and Road Inspector. Term for the maintenance bond shall be one year after final acceptance.

Parker Road extension (Oak Hill Estates subdivision)
Cranberry Lane (Oak Hill Estates subdivision)
Heritage Circle (Donald Ross subdivision)
So. Spaulding Brook Road (Robert Bourassa subdivision)
Quentin Drive (Hollis Realty subdivision)
Beaver Pond Drive (Wallace Brook Estates)
Hillside Drive (Wallace Brook Estates)

16. To see if the Town will vote to indemnify and save harmless for loss or damage occurring after this vote any person employed by the Town of Brookline and any member or officer of the Town's governing board, administrative staff or agencies in accordance with RSA 31:105.

17. To see if the Town will vote to accept the following legacies:
1. The sum of Two Hundred Dollars to be used for the perpetual care of the Robert E. and Shirley M. Wright Lot #45.
 2. The sum of Two Hundred Dollars to be used for the perpetual care of the Ruth and Gale Tyler Lot #54.
 3. The sum of Two Hundred Dollars to be used for the perpetual care of the Robert Riendeau Lot.
 4. The sum of Two Hundred Dollars to be used for the perpetual care of the Edward and Beth Gay Lot.
18. (By Ballot) Are you in favor of the adoption of the Brookline Aquifer Protection Ordinance as proposed by the Planning Board for the Town Zoning Ordinance, for the purpose of protecting groundwater resources of the Town from potentially adverse activities related to commercial/industrial land uses such as: the disposal of solid waste, the disposal of non-human liquid or leachable wastes, animal feed lots, uncovered road salt storage, unapproved excavation of sand or gravel, or the covering of more than 40 percent of the lot by impervious surfaces? (Planning Board approves)

Given under our hands and seal this thirteenth day of February, in the year of our Lord nineteen hundred and eighty nine.

Nancy A. Brodeur
Michael J. Lynch
William A. Dunbar
Selectmen of Brookline

A true copy of Warrant - Attest:

Nancy A. Brodeur
Michael J. Lynch
William A. Dunbar

It is our practice to recess at 11:00 p.m.. however, we will continue if it appears that the meeting will not extend beyond 12:00.

If the meeting recesses at 11:00 p.m., the meeting will reconvene Thursday, March 16, 1989 at 7:30 p.m.

BROOKLINE AQUIFER PROTECTION ORDINANCE

Section I PURPOSE AND INTENT

The Town of Brookline adopts this Ordinance for the promotion of the health, safety, and general welfare of its residents by protecting the ground water resources of the Town from adverse development or land use practices generally related to commercial/industrial land use (such as but not limited to the disposal or storage of solid wastes, sludge, subsurface waste disposal, road salting materials, gas or other petroleum products) that might reduce the quality of water that is now — and in the future will be — available for use by municipalities, individuals and industries.

Section II DISTRICT BOUNDARIES

The extent of the Aquifer Protection District shall be the outermost edge of the surficial extent of all aquifer deposits presently designated as stratified drift, and shaded light blue, as supported by information included in the USGS (United States Geological Survey) Aquifer Delineation study entitled "Geohydrologic Appraisal of the Nashua Area, Southcentral New Hampshire", by K.W. Toppin (1986) or most recent studies. The Aquifer Protection District is a zoning overlay district which imposes additional requirements and restrictions to those of the underlying, base district zoning. In all cases, the more restrictive requirement(s) and permitted uses shall apply.

Section III PERMITTED USES

Permitted uses, with the exception of those expressly prohibited in Section IV, shall be the same as those districts within which the aquifer district lies.

- a). Industrial or commercial uses which discharge no (non-human) wastes on sight (human wastes only in approved septic systems);
- b). Residential and Agricultural Development;

- c). Other Uses;
 - 1) Activities designed for conservation of soil, water, plants, and wildlife.
 - 2) Outdoor recreations, nature study, boating, fishing, and hunting where otherwise legally permitted.

Section IV PROHIBITED USES

The following uses are prohibited:

- a) Outside storage and disposal of solid waste, other than above ground brush and stump dumps (the base of such dumps shall be at least 6 (six) feet above the ESHWT (estimated seasonal/high water table);
- b) Subsurface storage of petroleum or related products (including gasoline) and the subsurface transmission of petroleum or related products through pipelines;
- c) The disposal of liquid or leachable wastes that are non-human wastes.
- d) The covering of more than 30% of the lot in the Residential Zone, and 60% of the lot in the Commercial/Industrial Zone by impervious surface (i.e., material on the ground that does not allow surface water to penetrate into the soil);
- e) Storage of road salt unless covered and on an impervious surface;
- f) Excavation of sand or gravel, except those conducted in accordance with an approved Earth Removal Permit issued pursuant to Article IX of the Town of Brookline Zoning Ordinance (excavation shall be permitted to within 6 (six) feet of the ESHWT), and excavations permitted for fire ponds;
- g) Storage/procesing/disposal of hazardous waste;
- h) Dumping of snow containing de-icing chemicals brought in from other parts of town(s).

Section V NON-CONFORMING USES

A non-conforming use may be continued and may be replaced

or repaired, with the approval of the Planning Board, if the Board believes that the continuing use will not be more detrimental to the protected areas. A non-conforming use which has been discontinued for 12 months may not be resumed.

Section VI ADMINISTRATION

All subdivision proposals and other proposed new developments within the Aquifer Conservation District shall be reviewed by the Planning Board and shall conform to the provisions of this ordinance and further shall assure that:

- a) All such proposals are consistent with the need to protect the groundwater of the Town of Brookline and adjacent communities;
- b) For the purpose of minimizing or eliminating leakage or discharges from septic systems into the groundwater, all systems shall be at least 4 feet above the estimated seasonal high water table;
- c) On site waste disposal systems are located so as to avoid or minimize groundwater contamination;
- d) Streets, roads, and parking areas are constructed so that direct application of road salt is not required for winter safety, and so that runoff from such uses is channeled to avoid or minimize groundwater contamination;
- e) Any increase in surface storm water generated by development is kept on-site and handled in such a manner as to allow the water to infiltrate into the ground before leaving the site;
- f) Written approval of the State of New Hampshire Water Supply and Pollution Control Division has been obtained.

Section VII CONSERVATION COMMISSION REVIEW

The Conservation Commission shall review, within a reasonable time (not to exceed sixty [60] days from date of submittal of plan to the Planning Board), each plan for development in the Aquifer Conservation District and shall make a recommendation to the Planning Board to approve, approve with conditions, and/or recommendations, or disapprove the plan, with reasons for disapproval.

Section VIII INCORRECTLY DELINEATED ZONES

Where the bounds, as delineated, are in doubt or in dispute, the burden of proof shall be upon the owner(s) of the land in question to show where they should properly be located. At the request of the owner(s), the Town may engage a professional geologist or soil scientist to determine more accurately the location and extent of an aquifer, and may charge the owner(s) for all or part of the cost of the investigation. The delineation can be modified by the Planning Board upon receipt of findings of the detailed on-site survey techniques.

Section IX ENFORCEMENT

These regulations shall be enforced by the Board of Selectmen or its duly authorized representatives.

Section X VALIDITY AND CONFLICT WITH OTHER ORDINANCES

- A. *Validity.* Should any section or provision of this Ordinance be declared by the courts to be invalid, such decision shall not invalidate any other section or provision of this Ordinance.
- B. *Conflict with Other Ordinances.* This Ordinance shall not repeal, annul, or in anyway impair or remove the necessity of compliance with any other ordinance, law regulation or by-law. Where this Ordinance imposes higher standard for the promotion and protection of health, safety, and welfare, the provisions of this Ordinance shall prevail.

Section XI DEFINITIONS

Aquifer: Geologic formation composed of stratified sand and gravel that contains the potential to yield potable water.

Groundwater: All the water found beneath the surface of the ground. In this Ordinance the term refers to the slowly moving subsurface water present in aquifer recharge areas.

Hazardous Waste: Materials or liquids that pose a threat to the environment, whether in use, storage or transit, including without exception hazardous waste identified and listed in accordance with the state of NH Dept. of Environmental Services Hazardous Waste Rules, dated August 1988, Section HE-P-1905.03, or latest update.

Leachable Wastes: Waste materials, including solid wastes, sludge and agricultural wastes that are capable of releasing contaminants to the surrounding environment.

Non-Conforming Use: Any building or land lawfully occupied by a use at the time of passage of the Ordinance or amendment thereto which does not conform after the passage of this Ordinance or amendment thereto with the regulations of the district in which it is situated.

Structure: Anything constructed or erected, except a boundary wall or fence, the use of which requires location on the ground or attachment to something on the ground. For the purposes of this Ordinance, buildings are structures.

Solid Wastes: Useless, unwanted, or discarded solid material with insufficient liquid content to be free flowing. This includes but is not limited to rubbish, garbage, scrap materials, junk, refuse, inert fill material and landscape refuse.

This amendment will become Article 15 of the Town's Zoning Ordinance. The existing Articles 15 through 18, inclusive, will be renumbered 16 through 19, respectively.

BUDGET OF THE TOWN OF BROOKLINE, N.H.
Appropriations and Estimates of Revenues for Ensuing Year
January 1, 1989 to December 31, 1989

Article II. Motion Nancy Brodeur, 2nd Philip Winter, to raise and appropriate the sum of \$596,803. to defray Town charges. AMD Orville Fessenden to reduce the Police budget by \$14,000. Hand vote failed. AMD Louise Price, 2nd Geraldine phillips, to increase the library budget by \$884.00 Hand vote failed. We raised \$596,803. HAND VOTE AYE.

Article III. Motion Nancy Brodeur, 2nd Geraldine Phillips, to accept reports as printed in the Town Report. AMD Orville Fessenden to note the omission of the Finance Committee names: Betty Hall, Allan Fessenden and Phil Chandler. HAND VOTE AYE WITHOUT DISSENT.

Article IV. Motion Miriam Jepson, 2nd Quentin Young. We voted to authorize the Board of Selectmen to borrow money in anticipation of taxes. HAND VOTE AYE.

Article V. Motion Ture Heline, 2nd Geraldine Phillips. We voted to authorize the Board of Selectmen to apply for, accept and expend money acquired in accordance with RSA 31:95B, provided that no additional town monies be spent. HAND VOTE AYE WITHOUT DISSENT.

Article VI. Motion Philip Winter, 2nd Patricia Malenfant. We voted to raise and appropriate the sum of \$60,000. to have a complete revaluation by a private appraisal firm that has been approved by the Department of Revenue Administration, and to authorize the withdrawal of \$21,360 plus accrued interest to date of withdrawal from the existing Capital Reserve Fund set up for this purpose. Balance of \$38,640 to be raised by taxes. Revaluation is to be completed for the tax year 1989 or thereafter. HAND VOTE AYE.

Article VII. Motion Peter Webb, 2nd Quentin Young to raise and appropriate the sum of \$5000. to be placed in the Land Acquisition Fund to be used for conservation purposes AMD Quentin Young, 2nd Sandra Fessenden to increase that sum to \$10,000. AMD DEFEATED. MOTION PASSED VV AYE.

Article VIII. Motion Betty Hall, 2nd Ture Heline. We voted to authorize the Board of Selectmen to accept private donation of land, interest in land or money for the purpose of contributing to the local

matching portion required for acquiring conservation land or interest in land and other costs associated therewith for permanent conservation use under the NH Land Conservation Investment Program, RSA 221-A, and authorize the Selectmen to apply for and accept the State matching funds under the LCIP. Said appropriated funds and State matching funds may be expended by majority vote of the Conservation Commission with the approval of the Board of Selectmen. HAND VOTE AYE WITHOUT DISSENT.

Article IX. Motion Nancy Brodeur, 2nd Orville Fessenden. We voted to accept the following roads, contingent on all outstanding fees being paid by the developer and a maintenance bond being in place in the amount of 10% the total cost for the road, and that final acceptance has been approved by the Planning Board. Term for the Maintenance bond shall be one year after this Town Meeting date.

Potanipo Hill Road

Wallace Brook Road

800 ft. of Bear Hill Road (sta 0+0 to 8+00)

1967.5 ft. of Kodiak Road (sta 0+00 to 19+67.5)

VV AYE.

Article X. Motion Patricia Malenfant, 2nd Rena Duncklee. We voted to appropriate and authorized the withdrawal of the amounts indicated from the Revenue Sharing Fund. HAND VOTE AYE.

Article XI. Motion Nancy Howard, 2nd Ture Heline, to raise and appropriate the sum of \$10,000 to be placed in the Capital Reserve Fund for expansion of Town offices. AMD Geraldine Phillips to include the library. AMD motion passed. HAND VOTE AYE.

Article XII. Motion Orville Fessenden, 2nd Betty Hall. We voted to table the Article until after Article 23. HAND VOTE AYE.

Article XIII. Motion Ture Heline, 2nd Donald Shattuck. We voted to ratify and approve the action of the Board of Selectmen on conditionally entering into an intermunicipal agreement for the provisions of communication along with other towns set forth in said agreement for the purposes described therein including the delivery of communications and dispatch services to the member towns. HAND VOTE AYE.

Article XIV. Motion Lot Phillips to pass over the Article was unsupported. Motion Betty Hall, 2nd Philip Winter. We voted to authorize and empower the Board of Selectmen to enter into an intermunicipal agreement, subject to the provisions of RSA 53-A and RSA 149-M, between the towns of Amherst, Hollis, Brookline and Mont Vernon, the purpose of which agreement shall be the creation of an entity or authority which would discharge the respective responsibilities of said four towns relative to septage waste management created by law and to authorize the Selectmen to enter into and execute a binding contract on behalf of the Town to accomplish said purpose on such terms and conditions as the Selectmen deem appropriate. HAND VOTE AYE.

Article XV. Motion Clarence Farwell, 2nd George Foley. We voted to amend the Souhegan Regional Landfill District Agreement by deleting Section VI B: Procedure and replacing it as printed in the Town Report. HAND VOTE AYE.

Article XVI. Motion Rena Duncklee, 2nd Sandra Fessenden. We voted to amend the Souhegan Regional Landfill Agreement by deleting Section II: Location of Regional Refuse Disposal Facility, and replacing it as printed in the Town Report. HAND VOTE AYE.

Article XVII. Motion Donald Shattuck, 2nd Louise Price. We voted to raise and appropriate the sum of \$13,000 for an additional full-time police officer to be hired on or after April 1, 1988. HAND VOTE PASSED. YES: 94, NO: 86.

Article XVIII. Motion George Foley, 2nd Basil Harris, to raise and appropriate the sum of \$10,000 to hire a full-time Administrative Assistant to assist and be responsible to the Board of Selectmen. This position to start on or about July 1, 1988. AMD Wilson Chapman, 2nd Arthur Belair to reduce the amount to \$5000 for a part-time position. AMD PASSED. AMD MOTION DEFEATED. ORIGINAL MOTION DEFEATED. HAND VOTE NAY.

Article XIX. Motion Allain Schnable, 2nd David Farwell to pass over the Article. Moderator Arnold explained that a yes vote means that we would take no action on the Article. "If you vote yes on this motion you are done; you can do nothing. If you wish to take any action on the Article you must vote no." We voted to pass over the Article. HAND VOTE AYE.

Article XX. Motion George Farwell, 2nd Scott Knowles, to withdraw the \$63,000 plus accrued interest to date of withdrawal from the Fire Dept. Capital Reserve Fund and raise from taxes the difference up to \$103,900, and authorize the Fire Engineers to enter into a contract to purchase and equip a new tanker from bids received. MOTION DEFEATED. HAND VOTE NAY.

Article XXI. Motion Quentin Young, 2nd Warren Welch. We voted to raise and appropriate the sum of \$10,000 to be placed in the Fire Dept. Equipment Capital Reserve Fund. HAND VOTE AYE.

Article XXII. Motion Ture Heline, 2nd Richard Zore. We voted to support the Selectmens' decision to appoint a committee to investigate recycling in the Town of Brookline. HAND VOTE AYE.

Article XXIII. Motion Geraldine Phillips, 2nd Miriam Jepson. We voted to accept the legacies as printed in the Town Report, HAND VOTE AYE.

Article XII. We voted by paper ballot to adopt the provisions of RSA 80:58-86 for a real estate tax lien procedure. These statutes provide that tax sales to private individuals for nonpayment of property taxes on real estate are replaced with a real estate tax lien procedure under which only a municipality or county where the property is located or the State may acquire a tax lien against land and buildings for unpaid taxes. YES - 65. NO - 6, BLANK - 1.

ON MOTION BY BETTY HALL, 2ND MIRIAM JEPSON, WE VOTED TO ADJOURN AT 11:15 P.M.

TOTAL MONIES RAISED: \$694,803.

Minutes—Special Town Meeting

July 19, 1988

The meeting was opened at 8:00 PM by Moderator Thomas I. Arnold, Jr. The warrant was read.

Selectman Michael Lynch gave public recognition of all B.V.A.S., Inc members, past and present.

Article I.

MOTION: Russell Haight, 2nd Loring Quimby, to raise and appropriate the sum of \$20,000.00 to pay for the two daytime Ambulance Attendants to assure Emergency Ambulance Service during the weekdays, from July 1, 1988 to December 1988.

AMD: Nancy Brodeur, 2nd Warren Welch. To raise and appropriate \$13,000.00 to provide two (2) 40-hour per week ambulance attendants to be hired by and answer to the Board of Selectmen, for day-time coverage. One person to be hired as Administrator/Ambulance Attendant. That person's responsibilities will be to recruit and train volunteers and to set up and administer a new Volunteer Ambulance Service, and such other duties as the Selectmen may direct. The second position would be for an on-call Ambulance Attendant who would be paid a stipend while on-call and a higher wage per hour when called out on duty. And further that the Selectmen appoint a committee to review all options available to the Town for Ambulance coverage and report their findings and recommendations to the Selectmen by October 30, 1988. The recommendations will be implemented as soon as possible, if they do not cost more than the appropriated monies.

AMD to AMD Nancy Brodeur, 2nd William Dunbar, to increase the dollar figure in paragraph one (1) to \$20,000.00, and to add the words "or full-time" after the words "on call" in paragraph three (3).

VV AYE This is now the **AMD MOTION**

AMD Philip Winter, 2nd Susan Haight, to have the two (2) paid attendants be under the authority of the Brookline Volunteer Ambulance Service. **VV NAY**

Vote on the **AMD MOTION** **Yes 111, No 79** This is now the **MAIN MOTION**. Vote on the Motion— **VV NAY**. There is now no motion on the floor.

Motion to adjourn the meeting— Webster Bridges, Jr., 2nd William Dulac. Not allowed by Moderator Arnold, as Article II has not been addressed.

AMD Webster Bridges, 2nd, Orville Fessenden to delete the \$20,000.00 and replace it with "Available Monies that the Selectmen have, or transfer." The Selectmen stated that the available funds are \$3,752.00 **VV NAY**.

MOTION TO RECONSIDER Frederick Loskamp, 2nd Philip Winter that we raise and appropriate \$20,000.00 to provide two (2) 40-hour per week ambulance attendants to be hired by and answer to the Board of Selectmen, for day-time coverage.

One person to be hired as Administrator/Ambulance Attendant. That person's responsibilities will be to recruit and train volunteers and to set up and administer a new Volunteer Ambulance Service, and such other duties as the Selectmen may direct.

The second position would be for an on-call or full-time Ambulance Attendant who would be paid a stipend while on call and a higher wage per hour when called out on duty.

And further that the Selectmen appoint a committee to review all options available to the Town for Ambulance coverage and report their findings and recommendations to the Selectman by Oct. 30, 1988. The recommendations will be implemented as soon as possible, if they do not cost more than the appropriated monies. Hand vote **YES 113 NO 85**.

RECONSIDERED VOTE of motion as printed above, hand vote **YES 109 NO 82**.

Article II.

MOTION Kathleen Duffy, 2nd Thomas Arnold III, to raise and appropriate the sum of \$5,104.48 to cover the funds already expended for daytime Ambulance coverage during the first quarter of 1988. **Hand Vote NAY**

On Motion by Webster Bridges, Jr., 2nd Sandra Fessenden, we voted to adjourn at 10:10 PM.

Total monies raised \$20,000.00

A True Record Attest,
Nancy B. Howard, Town Clerk

BROOKLINE AMBULANCE STUDY COMMITTEE REPORT

History

During the past several years the Brookline Volunteer Ambulance Service Inc. experienced a decline in membership. This, then led to a lack of daytime ambulance coverage for the town and further burnout of the remaining personnel. In July of 1988 a Special Town Meeting was held to determine the future for Ambulance Service in the Town of Brookline. During this meeting it was voted to appropriate monies for an Ambulance Administrator/Attendant, and/or a second attendant for the remainder of the year. In addition, it was voted for the Selectmen to form an Ambulance Study Committee to study and make recommendations for the most cost effective and reliable means of providing 24 hour coverage for the Town of Brookline. In addition the Service must remain accountable to the Selectmen or the Townspeople in some manner.

An Ambulance Study Committee was formed and included the following personnel:

Don Shattuck	Chief of Police
Art Belair	Finance Committee
Ray Kegy	Fire Department
Bart Hunter	Ambulance Administrator
Ed Hamel	B.V.A.S.
William Dunbar	Selectman

Options

The following options were looked at in depth by the Study Committee in determining the future course for Ambulance Service for the Town of Brookline.

1. All Volunteer Service
2. Paid daytime attendants with a Volunteer Service.
3. Shared Administrator and Volunteer Ambulance Service with Hollis or Milford.
4. Contracted service for daytime coverage with volunteers for nights and weekends.
5. Contracted service for round-the-clock coverage.

6. Ambulance Administrator/Attendant for days with volunteers for nights and weekends.
7. Emergency Service Coordinator/Attendant for daytime with Volunteers nights and weekends.

RESULTS

Options 1 and 2

These two options have currently been tried here in Brookline over the past several years. They have had numerous problems such as burnout of personnel, due to long hours on duty and volunteers having to maintain the paper work, and training requirements required of Ambulance personnel. In addition, for a period of time it was tried not only here in Brookline but in other area Towns, the idea of combining paid daytime attendants with volunteers. The same results were encountered. The paid attendants were not afforded the same courtesies and privileges as the volunteers when working in the same service.

Option 3

Setting up a shared service with another town might be possible, but this option would take a very long time to try and work out the logistics of staffing, budgeting, equipment, policies and many other different issues with the various Towns. This is an option that should be continually looked at as the Town grows, changes and expands.

Option 4 and 5

We have looked at proposals from Rockingham Regional Ambulance, Inc. covering various options. The basic 40 hour per week coverage would be \$25,000 per year, however the Town would still have to maintain an Ambulance and a volunteer service to provide the remainder of the coverage for the Town. This would cause the expense of the Ambulance Service to increase dramatically.

Option 6

The hiring of a Administrator/Attendant will enable the Town to have a person to set up and administer an Ambulance Service, take care of the paper work and training and also be available to answer emergency calls in Town. However the question remains what is this person doing while they are not on an emergency run?

Option 7

This option was looked at to see what other types of Emergency Services used by the Town could this person help coordinate or assist with, while remaining available for emergency ambulance runs.

RECOMMENDATIONS

After much discussion, meetings, and looking at the various options we would like to recommend the following:

1. Hire a person to administer and run the Brookline Ambulance Service as their primary duty. In addition this person will have additional duties that currently need to be provided for the Town to either comply with State or Federal mandates. Any of these duties would have to be of such a nature that they could be stopped immediately for an Ambulance Run. See proposed Job Description for Ambulance Service Coordinator.
2. Hire a second person that in addition to their primary duty of ambulance attendant would be available to perform other duties for the Town that are currently contracted out by various departments. Any of these jobs would have to be of such a nature that they could be stopped immediately to provide for an Ambulance run. See proposed Job Description for Second Attendant.
3. Pay all Ambulance Volunteers a stipend (suggested \$8.00 per call) when they are called out for an ambulance run. This would make them comparable with the Fire Department Volunteers who are paid (\$6.50 per hour) when they are called out for a fire. This would make both Volunteer Services equitable.
4. Bill users of the Ambulance a set fee to help recoup some of the expenses incurred by the Service for the disposable supplies used on Ambulance runs. See rate sheet.
5. Continue to have the Fire Department and the Ambulance Service work together to pursue ways in which they may better serve each other and the Town as the pool of Volunteers dwindles and the Town grows and changes.

To implement some of these recommendations would require the expenditures of some monies on the Town's part, however there are many long term benefits for the Town in making these expenditures at this time, such as reduction of costs, better maintenance of Town buildings and grounds.

Ambulance Service Director

Job Description

Qualifications: EMT or EMT-I with Management Experience

Primary duty: Daytime Ambulance Attendant

Secondary Duty: Administrator of Brookline Ambulance Service

Responsible for:

- * Daily operation of the Ambulance Service.
- * Coordination of all volunteers.
- * Training of all Ambulance personnel.
- * Ordering of supplies.
- * Establishing a budget for the Service.
- * Maintenance of all Ambulance Service equipment.
- * Developing and maintaining Mutual Aid relationships with surrounding Towns.
- * Administratively responsible for Ambulance personnel and service.
- * Developing good Community relations and Publicity for the Service.

Other Duties:

- * Set up, coordinate, and implement a Town Disaster Plan with other Town Emergency Service Departments.
- * Set up, coordinate, and implement the Hazardous Material Plan as mandated by the Federal Government.
- * Perform the Duties of Health Officer for the Town of Brookline.
- * Assist School Nurse when available and as needed.
- * Perform other duties that the Town normally has to contract for if qualified, time is available, and these duties do not interfere with the primary and secondary duties.

Accountability:

To the Board of Selectmen of the Town of Brookline.

Second Ambulance Attendant

Job Description

Qualifications: Valid Ambulance Attendant's License and ability to perform General Maintenance duties

Primary Duty: Second Ambulance Attendant

Secondary Duty:

Perform General Maintenance duties for Town Buildings, and Grounds such as mowing, sweeping, plowing, painting, minor carpentry, trash removal, cleaning, etc.

Accountable to:

Selectmen for Maintenance duties and Ambulance Service Director for attendant's duties.

Billing Schedule

Base Rate of \$60.00 for all runs regardless of patient status, with the following exceptions:

1. A charge of \$1.00 per loaded mile for any emergency runs that are transported outside of the normal operating area.

The normal area is defined as follows:

Brookline to:

St. Joseph Hospital, Nashua N.H.

Memorial Hospital, Nashua N.H.

Milford Medical Center, Milford N.H.

Milford Medical Center to Nashua Hospitals

Burbank Hospital, Fitchburg Ma.

2. The Town will not bill when a fatality is involved.

The patient would be billed once with a note that they should submit the bill to their insurance company. Hardship waivers may be granted.

Based on an estimated 80 calls per year and a 33% return rate on collected bills, this would amount to approximately \$1,584.00 per year.

Equipment Needs

The following equipment prices do not reflect a dealer discount which could be as much as 10%

1.	1 4x4 tractor 19 hp	\$11,400.00
2.	1 63" snowblower front mounted	2,500.00
3.	1 63" flail mower	2,000.00
4.	1 spreader	1,500.00
5.	1 hand mower	500.00
6.	misc. hand tools	300.00
7.	1 4x4 truck with plow	18,000.00
		<hr/>
		\$36,000.00

The items included on this list are ones that would be needed to begin this program. while this is a large amount of money the truck would have a life expectancy of over 5 years and the other equipment approximately 10 years.

In addition there seems to be monies left over in several budgets for this year that could be pooled for purchases this year.

Current Costs

Various Town Departments have spent the following amounts of money this past year for various items that could be taken over by the Second Attendant.

Fire Department Building Maintenance	\$ 800.00
Sidewalk Plowing	500.00
Sidewalk Sweeping	700.00
Painting Lower Town Hall	400.00
Painting Town Offices	750.00
Ball Park and Grove Maintenance	1,100.00
Town Hall Custodian	3,900.00
School Grounds Mowing and plowing est.	1,000.00
Building Inspector	15,000.00
SUB TOTAL	24,150.00
Ambulance Administrator \$9/hr	18,720.00
Second Ambulance Attendant if needed \$8/hr	16,640.00
	35,360.00
TOTAL	\$59,510.00

If duties of the Second Ambulance Attendant are combined with the above mentioned duties the savings to the Town would be approximately \$9,150 per year.

If the duties of the Ambulance Administrator are combined with that of the Building Inspector the savings to the Town would be:

Proposed:

Comb Admin/Insp.	\$11.00/hr	\$22,880.00
Fees Collected, est.		\$16,500.00
Cost to Town		6,380.00

Current:

Building Inspector		\$13,200.00
Ambulance Administrator		18,720.00
	Sub Total	33,720.00
Fees Collected, est.		16,500.00
Cost to Town		\$17,220.00

Brookline Library Trustees 1988 Annual Report

Changes in library personnel were again a concern in 1988 with the resignation, in June, of Librarian Betty Cass. Former Assistant Librarian Claudette Gill assumed the duties of Librarian on July first, and Ann Sykes became our new Assistant Librarian on the same date. The trustees feel fortunate, indeed, to have Claudette and Ann. We feel they are doing a fine job and we wish them many years of continued success.

In 1988 the library enrolled as a member of the Greater Manchester Integrated Library Cooperative System (GMILCS). GMILCS will provide the library with catalog cards and other services formerly provided by the State Library.

Some of the physical problems at the library have been addressed in 1988, for which we are grateful. However, the major problems of floor stress and lack of shelf space remain. In spite of this situation, the library has had another busy and eventful year.

Finally, the trustees would like to thank everyone who donated time, books, money and other material to the library in 1988. Your efforts and donations are sincerely appreciated and help the library to provide better service to Brookline.

Respectfully submitted,

Ellen deGuzman
Louise Price
Eleanor Monius

REPORT OF THE POLICE DEPARTMENT -1988

I would like to thank the residents of Brookline for the continuous support given to the Police Department over the past 4 years. I know that it has looked as if each year we hire another officer which generates more activity requiring yet another officer the following year. 1988 was the first year since I have been Chief that we finally reached the point of having the needed manpower to efficiently provide proper service to the Town of Brookline. This was accomplished by hiring a third full-time officer. A look at the activity this past year shows that Criminal Activity is down and Arrests have doubled. I believe that the visible presence of the police within the community has acted as a deterrent. The third officer has also allowed us to battle the problem of drunk driving which is the number one public safety problem. Our DWI Arrests went from 3 in 1987 to 20 in 1988. We are hoping to be able to do more in the area of drug enforcement in the coming year.

The Police Department tries to take a strong pro-active stance on relations with the community. Officers have been active in youth activities by acting as chaperones for school field trips, coaching basketball and baseball, assisting with the Webelo Scouts, and making visits to the schools. We are presently working with the 6th grade students on a mock-trial which will be presented in late February or early March. The students will be the only participants and will act as lawyers, police officers, jury, etc.

The largest problem area at present, is the space problem in the present police facility. Now that the lower town hall is used much more often, it makes it nearly impossible to bring anyone into the station for lack of privacy. Also, due to the fact that the majority of the residents do not know where the Police Station is, they respond to my residence when seeking assistance. The lack of adequate facilities is a critical problem and needs immediate attention.

On the positive side, the department generated \$10,196.00 in revenue through Parking Tickets, Police Reports, and Private Duty Details.

We look forward to 1989 with a real sense of optimism, and look forward to your continued support.

Recreation Commission

1988 Town Report

Ball park improvements during 1988 consisted primarily of landscaping and grounds work to the Little League and Pony League infields and adjacent playing areas. Parking lot grading in preparation for paving was initiated prior to the onset of winter weather.

We thank Chet Mierzwa for his generous donation of materials and labor in the construction of the new flotation raft used at the Cohen Grove and Dana Pinkham for flotation barrels. We are grateful to Ross Jensen for storage of tables and lifeguard stand.

In 1989, the Recreation Commission plans to continue ball park improvements to the parking lot and playing fields and to perform routine maintenance at Cohen Grove. In addition, we shall attempt to address recreation issues of interest to town residents.

It is this Commission's goal to strive to meet the recognized needs for recreation of Brookline residents. Volunteers as well as suggestions for improvements, are welcome.

Report of the Fire Engineers

The Brookline Fire Department has had a more active year in 1988 with 93 calls recorded. This is up from the 52 calls recorded in 1987. Breakdown of calls as follows:

- 9 Structure Fires
- 5 Chimney Fires
- 18 Fire Alarm Activations
- 20 Mutual Aid Calls
- 12 Brush Fires & Illegal Burns
- 5 Automobile Fires & Accidents
- 24 Other calls consisting of smoke investigation, electrical fires, limbs on wires, propane gas leaks, etc.

We also have placed an article in the town warrant to purchase a new Tanker Pumper Truck to replace our old 1967 tanker. This new truck has been spec'd out for our fire fighting procedures with three (3) purposes in mind. One (1) to truck water to fire scene; two (2) to help pump water thru our 4" hose to fire scene; three (3) to be used as an attack truck at fire scene when necessary.

By incorporating all this in one truck Brookline could possibly prolong the replacement of our 862 (1968) Chev for five to six years or longer.

Board of Fire Engineers

Raymond Keczy
Paul Dougherty

REPORT OF TOWN FIRE WARDEN AND STATE FOREST RANGER

Between July, 1987 and June, 1988, we experienced more fires than normal. The three leading causes of forest fires were again children, fires kindled without written permission of a Forest Fire Warden and debris burning. All causes are preventable, but only with *your* help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of a state timber harvest regulation is the responsibility of State Forestry officials. Our state has excellent timber harvest regulations; however, your assistance is needed.

If you know of a logging operation and suspect a state timber harvest law may be violated, call your Forest Fire Warden, Concord Forest Protection Headquarters at (603) 271-2217, or local Forest Ranger.

On January 1, 1989, the Deceptive Forestry Business Practices Law (RSA 224:54) goes into effect. This law, in summary, states that a person is guilty of a misdemeanor if, in the course of buying or selling a forest product, uses a false weight or measure for falsely determining any quality or quantity of a forest product. For more information, contact one of the persons mentioned above.

Brookline Conservation Commission

1988 Annual Report

During 1988 the Brookline Conservation Commission was very active. The majority of our time was spent advising the Planning Board on subdivisions and non-residential site plan reviews. The Conservation Commission reviews the plans with a focus on the impact of the development to wetlands and other natural resources; conducts on-site walks on major projects; attends Planning Board meetings; and makes comments to the New Hampshire Wetlands board on dredge and fill applications. The Commission continues to work with both the Planning Board and the Building Inspector on enforcing the Wetlands Ordinance. Our main goal this year was to prepare an Aquifer Protection Ordinance for the Planning Board to be added to the Zoning Ordinance if voted in at Town Meeting. This is an important step to protect the Town's large quantities of water which are in the sand and gravel deposits.

With the view that trees are a renewable resource, we've begun a forestry management program on Town lands. The first project completed was the logging of trees on the land south of the Town dump. New England Forestry Foundation supervised the work which netted \$6,964.16 to the Town. In 1989 we hope to begin an inventory of the forestry potential on all Town land.

Our trail work has been concentrated on building a footpath at the Florence Palmer Wildlife Preserve located on the west side of Route 13 just south of Old Milford Road. We have completed the trail from the entrance to the old railroad bed, which includes a bridge over Scabbard Mill Brook. We've also planted approximately 24 black walnut trees donated by Mr. Richard Wiggins of North Chelmsford, Mass. on land which Ray Pearson generously allows the Conservation Commission to use as a nursery. These trees will be replanted around Town.

The conservation newsletter "Our Place" continues to be published regularly. We have been including articles written by other boards to provide townspeople with information on all facets of Town news.

To the inhabitants of the School District of the Town of Brookline qualified to vote in District affairs:

YOU ARE HEREBY NOTIFIED TO MEET AT THE BROOKLINE ELEMENTARY SCHOOL IN SAID DISTRICT ON THE FOURTEENTH DAY OF MARCH, 1989, AT TEN O'CLOCK IN THE MORNING TO ACT UPON THE FOLLOWING SUBJECTS:

- 1. To choose a Moderator for the ensuing year.**
- 2. To choose a Clerk for the ensuing year.**
- 3. To choose a Treasurer for the ensuing year.**
- 4. To choose two (2) Auditors for the ensuing year.**
- 5. To choose a member of the School Board for the ensuing three years.**
- 6. To choose a member of the School Board for the ensuing year.**

GIVEN UNDER OUR HANDS AND SEALS AT SAID BROOKLINE THIS TWENTY-SIXTH DAY OF JANUARY, 1989.

**Marcia Farwell
Basil Harris
Nancy Howard
*SCHOOL BOARD***

BROOKLINE SCHOOL DISTRICT WARRANT
THE STATE OF NEW HAMPSHIRE

To the inhabitants of the School District in the Town of Brookline in the County of Hillsborough, State of New Hampshire, qualified to Vote in District Affairs:

YOU ARE HEREBY NOTIFIED TO MEET AT THE BROOKLINE ELEMENTARY SCHOOL IN SAID DISTRICT ON THURSDAY, THE NINTH DAY OF MARCH, 1989, AT EIGHT O'CLOCK IN THE EVENING, TO ACT UPON THE FOLLOWING SUBJECTS:

1. To see if the District will vote to authorize the School Board to make application for and accept on behalf of the District any or all grants or funds for educational purposes which may now or hereafter be forthcoming from the United States Government or from the State of New Hampshire, or from any other sources.
2. To see if the District will vote to alternate the Brookline School District Meeting with the Annual Town Meeting, so that every other year the Annual Town Meeting will be held before the School District Meeting. (By Petition)
3. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries of School District Officers and Agents, and for the payment of statutory obligations of the District.
4. To transact any other business which may legally come before said meeting.

GIVEN UNDER OUR HANDS AND SEALS AT SAID BROOKLINE ON THIS TWENTY-SIXTH DAY OF JANUARY, 1989.

Marcia Farwell
Basil Harris
Nancy Howard

SCHOOL BOARD

BROOKLINE SCHOOL DISTRICT MEETING

March 8, 1988

The Brookline Annual School District Meeting was held on Thursday, March 8, 1988, at the Brookline Elementary School. Moderator Thomas Arnold, Jr. opened the meeting at 8:00 PM with the reading of the warrant.

1. To see if the District will vote to authorize the School Board to make application for and accept on behalf of the District any or all grants or funds for educational purposes which may now or hereafter be forthcoming from the United States Government or from the the State of New Hampshire, or from any other source.

Richard Maghakian moved that the District authorize the School Board to make application for and accept on behalf of the District any or all grants or funds for educational purposes which may now or hereafter be forthcoming from the United States Government or from the State of New Hampshire, or from any other source. The motion was seconded by Geraldine Phillips and the vote was in the affirmative.

2. To see if the District will vote to create a Cooperative School District Planning Committee to be appointed by the Moderator, consisting of three (3) qualified voters of whom at least one shall be a member of the School Board, in accordance with RSA 195:18, to study the advisability of forming a Cooperative High School District.

Fred Loskamp moved that the District approve the creation of a Cooperative School District Planning Committee to be appointed by the Moderator, consisting of three qualified voters of whom at least one shall be a member of the School Board, in accordance with RSA 195:18, to study the advisability of forming a cooperative High School District. The motion was seconded by Peter Webb.

Marcia Farwell noted that Amherst and Hollis would also be voting on forming the same committee at their District Meetings. The Committee will report its findings at the next Annual School

District Meeting and any decision must be approved by the voters.

The motion carried without dissent.

3. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries of School District Officers and Agents, and for the statutory obligations of the District.

Marcia Farwell moved that the District raise and appropriate the sum of \$2,264,294 for the support of schools, for the payment of salaries of School District Officers and Agents, and for the payment of statutory obligations of the District. The motion was seconded by Ann Webb.

Marcia Farwell noted that this figure represents an additional \$3,000 in the fuel oil account.

Much discussion was held regarding the Teachers' Salary account noting that the staff will each receive an additional \$3,500 bringing the base salary up to \$17,500.

Betty Hall moved that the amount to be raised be decreased by \$33,000 to \$2,231,294, seconded by Philip Chandler. Mrs. Hall noted that the voters could decrease the amount to be raised and the School Board would decide which line items would be cut. Marcia Farwell stated that the only line item which the Board felt could be reduced was the Teachers' Salary Account so in effect the motion would reduce the raises proposed for the teachers.

After much discussion the amendment was put to a hand vote, 36 against and 16 in favor of the amendment. The amendment was defeated.

Mr. Arnold took a hand vote for the original motion to raise \$2,264,294. The motion passed with 34 in favor and 12 against the motion.

4. To transact any other business which may legally come before said meeting.

Marcia Farwell noted that John Lyon has served on the Brookline

School Board for over 10 years. He has served the Town of Brookline well over that period of time. He has been Chairman of the School Board, Chairman of the SAU #41 Board, and has served on many committees that have studied the facilities for Brookline children. Most recently, John served on the Building Committee that helped facilitate the new addition to the Brookline Elementary School. Mrs. Farwell moved that the voters recognize John Lyon's achievements with a round of applause and that this motion be recorded in the minutes of this meeting.

Moderator Arnold noted that this motion was accepted by acclamation.

There being no other business to come before the meeting, Geraldine Phillips moved that the meeting be adjourned, seconded by Patricia Malenfant. The motion was unanimously approved and the meeting adjourned at 9:00 PM.

Respectfully submitted,

Rose Anne Smith
School District Clerk

SUPERINTENDENT'S REPORT

As the superintendent of schools I am involved in almost every activity that takes place within the Hollis and Brookline School Districts. 1988 without exception, has been the busiest of the ten years that I have served as superintendent. This summary of events and activities in which I have been involved during the past year will give the reader some insight into what a superintendent of schools does as well as what has taken place in the local school districts during the past year.

Budgeting — Every year I initiate the processes that lead to the budgets that are voted upon in March at the Annual School District Meetings. By January of each year we have developed preliminary budgets that are reviewed by the Budget Committee in Hollis and the Finance Committee in Brookline. Public hearings are held prior to the March meetings.

On March 7, 1988, a Hollis School District budget of \$6,864,717 was approved by the voters. The Brookline School District budget in the amount of \$2,264,294 was approved by the voters on March 3, 1988.

The School Administrative Unit (SAU) #41 budget for 1989-990 was approved by the SAU School Board in December, 1988. The \$285,987 budget which goes into effect on July 1, 1989, includes monies to cover the costs of renting a new office located in Hollis. The SAU Office was able to be moved to 9 Ash Street in Hollis on January 31, 1989, (five months early) because of a negotiated rental contract with the owners, Maplehurst Builders, Inc., that did not call for funds in excess of the current budget. The SAU budget, once approved, becomes a part of each of the local school district budgets and is listed as the "SAU Assessment."

High School Building Committee — In May, 1988, the Hollis School Board appointed a High School Building Committee. The committee's charge was to perform the preliminary work that would lead to a Bond Issue for a new AREA high school whose doors would open in September, 1991. Serving as the educational consultant to the committee, I have assisted in the selection of an architect, the selection and review of potential building sites, and the preparation of educational specifications. The committee has met at least two times

per month since its inception. To date, the following has been accomplished:

1. Alvin Corzilius, Jr. of CMK Architects was employed.
2. Two potential building sites (Parkhurst and Big Dickerman) were targeted for review, including the digging of test pits for soil analysis. The Parkhurst site was given an environmental examination and found to be free of any problems. That site was also given a Wetlands review. Both sites have had boundary surveys done, and topographical maps were prepared.
3. Educational Specifications for spaces within the proposed building have been prepared, reviewed by high school staff members, and turned over to the architect.

Cooperative School District Planning — Expressing interest in looking at a possible cooperative high school with Amherst and Mont Vernon, the voters in Hollis and Brookline authorized their respective School District Moderators to appoint committees to study the feasibility of going “cooperative.” I have served as a consultant to those committees which met several times during the fall of 1988. After the Souhegan Valley Cooperative (Amherst/Milford/Mont Vernon) was voted out of existence on November 30th, the Hollis and Brookline committees began meeting with similar groups from Amherst and Mont Vernon on a frequent basis. In addition to research on data that is helping to identify potential curricula, the projected operating costs, and the projected impact on local tax rates, the committees sent out community surveys in their respective towns. The surveys were intended to give the committee some insight regarding preferences of residents for future high school facilities.

Voting on High School Options — Because of the amount of time needed to complete the preliminary details for the proposed Hollis/Brookline AREA High School and to complete the necessary research and study on a possible cooperative high school district, neither item will be on the Annual School District Warrants in Hollis or Brookline. The cooperative question will be brought to a vote in all of the towns that are going to be involved via Special School District Meetings in late April or early May, 1989. Once the cooperative school district question has been resolved the Hollis School Board will plan appropriate action on the AREA high school plan and the site acquisition.

School Construction — During the Summer of 1988, the Hollis Junior High School heating system was converted from all electric to oil. In making modifications to the building, specifically adding a furnace room, a new guidance office was created out of a former hallway.

In Brookline, some of the mechanical ventilating systems were causing problems in the new addition to the elementary school. Frequent false alarms originating from a smoke detector in an air handling unit resulted in many phone conversations and discussions at Board meetings. As of this writing, resolutions to the problems are still being addressed.

Curriculum — In the fall of 1988, the Hollis and Brookline School boards approved a revised procedure for Curriculum Renewal. That process provides for a committee of teachers and community representatives to review each subject area curriculum on a four year rotating basis. The strengths and weaknesses of each subject area are examined, and the committee makes recommendations for change, if deemed necessary. To date, the Foreign Language curriculum has been reviewed and a report given to both school boards. Other subject areas due to be reviewed during the current school year are Mathematics, Health/Physical Education, Art, Music.

Staff Development — As a member of the SAU #41 Staff Development Committee, I have assisted in the establishment of graduate level courses and workshops for our teachers. During the 1988-1989 school year we have arranged for the following graduate level courses to be given in the SAU:

1. Dealing with students from families with drug and/or alcohol related problems.
2. The Writing Process
3. Refresher Course on the Teaching of Reading

Personnel Management — As superintendent I hire all support staff personnel in the two districts. I nominate all certified staff (teachers and administrators) to the school boards which "elect" those employees to their annual contracts. I interview all new employees and attempt to have exit interviews with those who leave. Advertising for personnel is conducted through my office. I am responsible for annual written evaluations of Building Principals, the Business Administrator, the Special Education Director, and my secretary. The

Hollis and Brookline School Boards evaluate my performance on an annual basis. Three separate collective bargaining units exist in SAU #41:

HEA (Hollis Education Association) - teachers, guidance counselors, librarians, and nurses.

HESSA (Hollis Education Support Staff Association) - secretaries, teacher aides, custodians, cafeteria workers, special education aides, building maintenance supervisors, and audio-visual aid technician.

BTA (Brookline Teachers' Association) - teachers.

I serve as an advisor to the school boards for negotiations, and provide research that helps support management viewpoints during the bargaining process. In October, 1988, the HEA and the HESSA began collective bargaining with the Hollis School Board for successor contracts to the ones which end on June 30, 1989. The Hollis School Board has employed Gale Associates to handle its professional negotiations, and furnishing the negotiator with information has involved a considerable amount of my time as well as that of our Business Administrator.

School Board Policies — Throughout each school year the school boards adopt and amend many policies. The members of the Administrative Council and I prepare much of the policy language, which is then reviewed by the Boards before adoption. During 1988, the Hollis School Board has adopted job description policies for every support staff position, a policy on copyright procedures for materials used in the schools, a policy on students legal age (18), and is presently working on a policy on field trips. The Brookline School Board has adopted a number of policies that help the elementary school to meet the New Hampshire State Minimum Standards.

Special Education — On July 1, 1988, Mrs. Sharon Reinig became the SAU #41 Special Education Director following a lengthy process of advertising and interviewing a number of qualified candidates. Her attention has been focused on the identification/classification of all of the children listed as educationally handicapped, the development of programs within the SAU in order to help contain costs, and the presentation of inservice training for the staff. A report written by the Special Education Director may be found elsewhere in this Annual Report.

Principal Search — In September, 1988, I appointed a committee

to seek out an interim principal for the high school. A qualified person who could serve for the balance of the current school year was found in the person of Dr. Richard Hamilton who began working in October. Phase 2 of the Principal Search began in December, 1988, when additional committee members were added and we began the process to find a permanent principal who is to begin on July 1, 1989.

Goals — Each year I require the administrators that I supervise to prepare Goals and Objectives to assist them in the performance of their jobs. Each year I present my Goals to the SAU #41 School Board. For 1988-89 those Goals are as follows:

Continuing Goals:

- I. Supervise the ongoing process of curriculum development and/or revision:
 - A. Continue to keep the Curriculum Council and the Brookline and Hollis School Boards informed of all curricular development and/or revision progress.
 - B. In the area of accountability, design a plan that will enable our staff to:
 1. Be aware of curricular needs as identified by the results of the statewide achievement tests.
 2. Focus on those identified needs and implement strategies for improvement
 - C. Continue the implementation of the curriculum development plans as approved by the Hollis School Board on 9/15/88 and by the Brookline School Board on 9/22/88.
 - D. As the curriculum development process progresses, direct the staff to survey other districts in our area, as well as in other areas of the nation to determine whether or not our curriculum is in synchronization with others. If it is not, then either defend our position, or take the steps necessary to bring our curriculum in line with that which is being done elsewhere.
- II. Promote the effective schools concept throughout the school administrative unit schools by:

- A. Securing the commitment of the Building Principals to the concept, and through the principals, the rest of the staff.
- B. Providing Administrative Council members with information regarding the Effective Schools concept, and preparing an action plan for implementation.
- C. Encouraging the enrollment and participation of Hollis AREA High School and Brookline Elementary School in the School Improvement Program under the auspices of the New Hampshire Alliance for Effective Schools.

New Goals For 88-89:

I. Develop and implement a plan of action aimed at the improvement of public confidence in Hollis AREA High School.

- A. Identify problem areas.
- B. Formulate steps to be taken to eliminate problems.
- C. Seek review of high school programs/curricula through School Improvement Program.
- D. Communicate steps taken to staff and public.

II. Pursue activities, locally and at state or national workshops/conferences, that will enable me to gain a better understanding of the use of the computer for both administrative tasks and learning activities.

Respectfully submitted,

Philip J. Dahlinger
Superintendent of Schools

Special Education Director's Report

Public Law 94-142 and the NH Standards, developed under the rule-making authority of RSA 186-C:19 provide for equal access to educational opportunities for identified Educationally Handicapped students in our district. Both the federal and state laws guarantee a "Free Appropriate Public Education", which includes Special Education and related services to meet the unique needs of educationally handicapped students.

In responding to the needs of the district, the School Board and the town voters approved the hiring of a Director of Special Education, effective July 1, 1988. The first year goals for the Director include: insuring that students identified as Educationally Handicapped receive appropriate effective services; insuring that procedures in the SAU are followed consistently in accordance with state and federal laws; insuring more accurate tracking and monitoring of Special Education expenditures. In quarterly reports prepared by the Director, the School Board is updated with respect to Special Education services in the district.

This has been an active year for all Special Education staff members. In reviewing services to the district, the staff formed three committees, each with a specific task: to develop consistent and streamlined procedures in the SAU; to develop an even more effective Individualized Educational Plan; and to develop individual program overviews to meet state requirements. The on-going evaluations of the Special Education Department via regularly scheduled staff meetings, in-service workshops, and committee work has resulted in many positive changes to district-wide services.

At Brookline Elementary School, a total of 20 students are being served within the Resource Room program. These students receive Special Education programs as specified on the Individualized Educational Plan. The Special Education program is additionally supported by the services of speech and language therapy, and other related services as appropriate.

At the Hollis Junior High, the Resource Room program serves a total of 26 students. Of this number 7 students are from Brookline and 19 from Hollis. The Junior High School staff has been instrumental in the successful integration of an out-of-district multi-handicapped

student into the junior high environment.

The Hollis AREA High School Special Education program currently services a total of 73 students. Of this number, 16 are from Brookline and 57 are from Hollis. 61 of these students are served in the two Resource Room programs in operation at the high school. In responding to student need, the district opened a high school pre-vocational program in September to serve 12 students in need of a more intensive program.

In addition to in-district programs, the Special Education Department also monitors the programs for 9 Brookline students who require programs outside the district. A long-term goal for each student is to be educated in the least restrictive environment, and whenever feasible to return to appropriate in-district programs.

Brookline currently has a total of 52 students identified as Educationally Handicapped. These students have been identified following the SAU #41 Team Process of Referral, Evaluation, and Placement. The Special Education Budget reflects all costs for in-district programs and materials, out-of-district tuitions and transportation, evaluation and placement services provided by our Regional Special Education Consortium, related service costs, and salaries for teaching staff.

The District will receive an estimated \$41,053 in Catastrophic Aid from the State of NH to help defray costs and approximately \$12,629 in Public Law 94-142 and 89-313 funds to help offset School District expenses for psychological testing and out-of-district placement services.

With the on-going changes in federal and state regulations affecting procedures throughout the district, the cooperation of school staff, administration, and the School Board has been exemplary. The continued support of these groups is central to the on-going evaluation effecting the positive changes to Special Education services in the district.

Respectfully Submitted,

Sharon R. Reinig
Director of Special Education
SAU #41
