Deaths	114-115
Marriages	109-113
Water Department Report	58-62

Organization of City Government

For the Year 1953

Inaugural Address

Mayor Wiggin S. Gilman delivered the following
address on Jan. 5, 1953

Reverend Rowe, Hon. Judge Sullivan, members of the City Council, Ladies and Gentlemen:

First of all I want to thank the voters of the City of Franklin for the fine vote given me in the November city election which makes it possible for me to be your Mayor in 1953. I consider it a vote of confidence.

Secondly, I am glad that you have given me a Council which is made up of citizens who sincerely desire to promote the welfare of Franklin. With the assistance of these competent men, all of us working together with one aim, the best interest of our city, we should have a good year and accomplish much. For the sake of efficiency I believe that it is very important for all Councilmen to attend Council Meetings regularly and I urge them to do so. It is likewise important for our various committees to properly supervise their assigned departments. In the next few moments I will give a few concrete suggestions as to what I consider desirable procedure.

During the coming year we have many problems facing our city government arising from a probable two-way monetary squeeze: first, the possibility of industrial valuation being lower; secondly, the certainty that the cost of general maintenance will be higher.

As industries grow old, wither and die they must be replaced by vigorous new ones if our city is to prosper. Franklin Developments, Incorporated, is actively engaged in this important work. I have always been very much interested in the growth of our city, and as a Democrat I think that I can speak for my Party when I say that we, as well as the Republicans, will all heartily cooperate with Franklin Developments to promote new industries in Franklin. With everybody pulling together we can create such a friendly climate that new organizations will prefer to locate here rather than elsewhere.

Now with regard to the rising cost of conducting the City's services, we must operate efficiently and economize all we can. It is very important that this Council hold our expenditures to a minimum, for any tax rate that exceeds \$50, would be a serious handicap to the industrial growth of Franklin as well as to business men and home owners. The cold fact is that the captains of industry are business men who are more impressed by cooperative, productive labor and a reasonable tax rate than

INAUGURAL ADDRESS (Continued)

they are by a friendly climate alone, no matter how attractive that is in itself.

How can we keep the tax rate reasonable? By avoiding extravagance and waste. By proper maintenance of equipment. By repairing small items before they become big ones. Prevention costs less than cure. Past administrations and Councils have tackled this problem of efficiency well and we could do far worse than carry out their ideas. I request all Committee Heads to keep in mind an Ordinance passed on March 7, 1932, which reads as follows:

"As far as practical all Council Committee Members, city officials, and employees shall anticipate their needs so far as to enable the City Purchasing Agent to make investigations and obtain prices so as to buy, or to make contracts to the best advantage of the City.

"The Purchasing Agent is authorized to make purchases to issue contracts or to obligate the City to an expense not exceeding \$25.00 for a single transaction and to make routine or emergency purchases wherever necessary. The Purchasing Agent is authorized to make purchases, issue contracts, or to obligate the City to an expense not exceeding \$200.00 on the order or request of the majority of the committee of the City Council of the department for which the purchase is made.

"Purchases or contracts of \$200.00 or more must be authorized by a majority vote, by a roll call, of the members of the City Council.

"Whenever practical the Purchasing Agent must obtain bids or competitive prices for merchandise or services desired and purchases and contracts shall be made locally and apportioned among the various dealers or contractors when it can be done without loss of time or money to the City."

It is not sufficient to merely maintain our schools, our various services, and our equipment; we must also prepare for the future needs of our city. Let us complete the widening of Aiken Avenue and resurface the streets where new sewers and water lines were laid last year in the Willow Hill area at once so that we can get at new projects. Sanborn Street needs widening, and it is very important that we make a survey with a view to improve Cheney Hill and, if possible, get started on the betterment this year. In addition we should have our Commissioner of Public Works survey, draw maps, and estimate costs for extensions of the sewer line on Pleasant Street, Salisbury Street, and in the Lawndale area with the possibility of starting them this year. Our aim should be to carry out the work as quickly as possible provided the result is a workman-like job, and need should be stressed rather than any other consideration.

I believe in expediting matters so that we will be prepared for action at the earliest possible moment. Therefore I plan to start our budget hearings in a very few days, and with the cooperation of the Heads of Departments I see no reason why

the City cannot be working on departmental budgets by the end of this month.

If any citizen of Franklin has a problem or has a suggestion for the good of the public, I cordially invite him to present it to me at City Hall. The Mayor's office will have an open door to all of the people throughout my administration for just such interviews.

Now, in my closing remarks, I wish to call to mind that Franklin as we know it today is the product not only of environment but of heredity. Situated on seven hills, favored by great rivers and a beautiful lake, Franklin is a pleasant place. More than this, we are located in a great state and a great country both of which benefit and protect our citizens by good laws, some of which were molded by our own Daniel Webster. The streets we walk, the businesses that support us, the homes we have, the schools that educate us, the hospital that cares for us in time of illness, the churches that uplift us are all in part a heritage from the past. What we are, what we know, and what we have we owe to our parents, our teachers, our friends, and beyond them to our forebears and to Divine Providence for Eternal time back. If ever any of us should be afraid of doing too much for others, we should remember that a hundred million hearts and hands and above all the Blessings of Our Creator have gone into the making of what we have and what we are. We have been born into a wonderful world that could be a heaven on earth if we would only believe more in God. It is my hope that my administration will contribute in some small way to this heritage.

I wish you all a happy and prosperous New Year.

City Government

CITY OFFICERS

Mayor

Elected annually on the fourth Tuesday of November. Salary \$200.00 a year.
Wiggin S. Gilman

Councilmen

Elected by wards for three years. One member from each ward elected on the fourth Tuesday of November annually. No salary.

	Term expires
Ward 1—Arthur Dalphond	January 7, 1954
Donald Kimball	January 7, 1955
Charles Slack	January 5, 1956
Ward 2—Emil Bonk	January 7, 1954
Louis J. Bergeron	January 7, 1955
Maurice Tessier	January 5, 1956
Ward 3—Edward Kelton	January 7, 1954
Alonzo R. Gile	January 7, 1955
Hubert Parker	January 5, 1956

City Clerk, Tax Collector, Clerk of Board of Assessors and Custodian of Memorial Hall

Elected annually by the City Council. Salary \$3787 a year.

Mildred S. Gilman

Overseer of the Poor

Elected annually by the City Council. Salary \$50.00 a week.

Albert M. Ayotte

City Treasurer

Elected annually by the City Council. Salary \$242.00 per year.

Hazle K. Michaud

City Solicitor

Elected annually by the City Council. Salary \$900.00 per year.

Malcolm Thompson

Assessors

Elected annually by City Council. Salary, Chairman, \$605.00 a year. \$577.00 per year, other two. \$50.00 per year expense allowance for each.

Ward One	Ward Two	Ward Three
Victor Sokul	Henry Chamberlain	Thomas Lane, Jr. Chairman

Commissioner of Public Works

Elected annually by City Council. Salary \$4,500.00 a year.

A. M. Walter Zak

Board of Water Commissioners

Two members elected annually by the City Council for three years. No salary.

	Term expires
Howard Kelley, William S. Thompson	January 3, 1954
Olivier Lagace, William Mayor	January 7, 1955
Alexander Hebert, John Barry	January 5, 1956

Superintendent of Water Works

J. Lester Merrill

Welfare Commission

	Term expires
Frederick Kulacz	February 4, 1954
Israel Barg	February 6, 1955
Albert Perreault	February 2, 1956

Board of Health

Elected annually by the City Council. Secretary and Chairman of the Board of Health and Milk Inspector \$200.00 per year. No salary for second and third members.

Maxwell Roby, Chairman and milk inspector
Frank J. Kropp, M. D. Virginia McCann

Park Commission

One member elected annually by the City Council for three years.

	Term expires
Clement Lemire*	March, 1954
Arthur Pinard	March, 1955
J. Langdon Prescott	March 1956

*Resigned January 5, 1954

Trustees of Public Library

Two elected annually by the City Council for three years. No salary.

	Term expires
Alice M. Shepard, Luella Dempsey	January 3, 1954
Wesley A. Paige, Ella Mae Shaw	January 7, 1955
Alger Bourn, Thomas Murray	January 5, 1956

Surveyors of Wood and Lumber and Fence Viewers

Appointed annually by the Council.

Auditor's Report

CITY OF FRANKLIN, NEW HAMPSHIRE
FOR THE YEAR 1953

December 31, 1953

To the Honorable Mayor and City Council
City of Franklin
Franklin, New Hampshire

Gentlemen:

At your request and in accordance with the City Ordinances, I have made an examination of the books and underlying records of the City of Franklin for the year ended December 15, 1953 and submit herewith my report consisting of Exhibits, supporting Schedules and my comments.

Scope of Audit

The examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and supporting evidence as were considered necessary in the circumstances. Verification letters were mailed to a substantial number of outstanding Taxes Receivables and Accounts Receivables.

The general books of the City are kept on a cash basis; except for the Taxes and Accounts Receivables and some year-end adjustments, the books reflect cash receipts and disbursements only. No provision has been made to charge the departments with any unpaid bills as at December 15, 1953. Obviously, the omission of year-end liabilities does not present the true activity of the department.

BALANCE SHEET—GENERAL FUND

EXHIBIT A

The Balance Sheet—General Fund reflects the financial condition of the City of Franklin as at the close of business

December 15, 1953. The comparative Balance Sheet—Exhibit A—Schedule 3 shows the increases and decreases in the various items between the years 1953 and 1952.

Cash on hand—\$22,750.65

Cash on Hand was verified by count and as at the close of business December 15, 1953, while the cash in the bank was reconciled to the bank statement and independent verification received from the depositories. The receipts were traced to the bank deposits and all checks cancelled during the year were examined.

Cash in the Franklin Savings Bank represents interest earned on the Bond Fund Cash in the Savings Account. This increment in cash is considered part of the General Fund and is shown as such on the bond sheet, although the cash remains in the Bond Fund Savings Account.

Accounts Receivable—\$1,875.79

A listing of the unpaid Accounts Receivable balances was in agreement with the controlling account. The accounts are aged as follows:

Year	Amount
1953	\$170.04
1952	1,073.94
1951	321.18
Prior	310.63
	<hr/>
	\$1,875.79

Although letters of verification were mailed to the individual accounts, relatively few were returned. It is my recommendation that an intensive effort be made to collect all of the accounts, particularly those more than six months old. I would also suggest that the Council abate the accounts which are obviously uncollectible.

Taxes Receivable—\$38,813.73

The uncollectible Taxes as at December 15, 1953 was \$40,273.97 against which there is a reserve for uncollectible Taxes of \$1,460.24. There were no changes in the Reserve for Uncollectible Taxes since all abatements were charged to the

Overlay. A detail of the activity of the levies of the various years is shown on Exhibit A—Schedule 1 which also discloses the difference between the control and the detail account. Several hundred verification letters were mailed on the open Tax accounts. All differences reported to me were investigated and satisfactorily explained. Approximately 9% of the 1953 Tax Levy remains uncollected.

The 1953 Tax Warrant was completely footed and reconciled to the ward books and the valuation was also proved. A spot check was made of the daily receipt stubs on taxes collected and further traced to the tax ledger.

The 1953 tax rate of \$49.10, as approved by the State of New Hampshire Tax Commission, was confirmed by direct correspondence.

It is my suggestion that all Poll Taxes more than four years old should be abated as they appear uncollectible.

Unredeemed Tax Sales—\$3,653.32

Property Acquired by Tax Deed—\$1,178.33

These items which represent property acquired for non-payment of taxes were accepted as shown on the books.

Soldiers' Bonus Taxes Receivable—\$119.27

Head Taxes Receivable—Levy of 1953—\$4,505.00

The foregoing items represent taxes to be collected and paid to the State of New Hampshire.

Since the Soldiers' Bonus account remained practically unchanged in the last few years, I would suggest that the account be closed out along with the corresponding credit reserve for Soldiers' Bonus Taxes.

Due From State of New Hampshire—\$4,693.45

The above caption is detailed on the Balance Sheet. Most of the items were independently verified with the proper authorities and in some cases, the cash was received during the progress of the audit.

Temporary Loans in Anticipation of Taxes—\$50,000.00

This amount represents the balance due the First National

Bank of Boston on borrowings in anticipation of taxes and was verified by correspondence. This account was reduced by \$5,000.00 during the year because of the inclusion in the current budget of an item for this purpose. I urge that this procedure be continued until the account is completely liquidated.

Reserve for Soldiers' Bonus Taxes—\$180.31

Reserve for Head Taxes—\$5,865.43

The City's liability to the State of New Hampshire on Soldiers' Bonus and Head Taxes is reflected by these accounts.

Parking Meters—\$1,301.25

The above caption represents the balances on parking meter collections, the cash for which is necessarily included in the cash on hand. During the year, the following transfers were made from the Parking Meter Account.

Police Department	\$5,000.00
Public Works	5,000.00
Municipal Garage	1,500.00
Police	104.00
	<hr/>
	\$11,604.00

In order to eliminate transfers from the Parking Meter Account to the departments during the year, I would suggest that an estimated credit from the Parking Meters Account be made at the time the budget is prepared. In addition to eliminating the transfers, the inclusion of all the credits in the budget will better reflect the budgetary activity for the year.

Unexpended Balances Carried to 1954—\$3,229.27

This item is shown in detail on Exhibit A and the activity in this account is shown on Exhibit A—Schedule 2C.

Surplus—\$16,314.41

Exhibit A—Schedules 2, 2A, 2B and 2C detail the activity of operations, for the current year, and further substantiates the amount transferred to Surplus in the amount of \$16,486.35. In spite of the fact that \$18,000.00 was charged to Surplus for

budgetary credits and \$342.00 of the Accounts Receivable due from the various city departments was abated and charged to Surplus, there was \$11,486.35 added to Surplus on budgetary operations and \$5,000.00 reduction on Temporary Loans, resulting in a net decrease in Surplus of \$1,855.85.

BALANCE SHEET—GENERAL INDEBTNESS

EXHIBIT B

The Balance Sheet—General Indebtness discloses the City's liability on bonds and long-term notes as at December 15, 1953. The indebtedness is detailed on Exhibit B—Schedule 1. All bonds cancelled and interest coupons paid during the year were produced for my inspection.

The cash in the Franklin Savings Bank in the amount of \$648.54 represents the unexpended portion of the new high school bond issue. This item was independently verified with the depositories. The interest earned on the balance in the savings account has been credited to the General Fund. The Council approved the transfer of \$400.00 from this account to the School Department.

BALANCE SHEET—TRUST FUNDS

EXHIBIT C

The Balance Sheet—Trust Funds records the assets and sources of such assets in the custody of the trustees of the Trust Fund.

Cash in Banks—\$32,970.66

The cash in the Commercial and Savings Banks was reconciled to the bank statements as well as the independent confirmation received directly from the depositories.

Investments—\$90,737.20

The securities were inspected in the presence of a trustee of the Trust Funds. Exhibit C—Schedule 1 lists the various trust funds and shows the activity for the year.

School District—Statement of Cash Receipts and Disbursements

Public Library—Statement of Cash Receipts and Disbursements

Overseer of the Poor—Statement of Cash Receipts and Disbursements

The books and records of the above were examined and the cancelled checks were compared with the cash disbursements records. The cash in the bank at the close of the year was reconciled to the bank statement and the independent bank confirmation. Since the City is on a cash basis, the unpaid vendors' invoices at the end of the year are not reflected on these statements.

There are a substantial number of unpaid invoices in the School Department which would materially change the activity in this department if the City were on an accrual basis.

Payroll

I examined all payroll checks cancelled during the year and reconciled the bank statement.

City Clerk's Office

The books and records of the City Clerk's Office were spot checked. The daily cash collection register tapes were checked to the cash receipts book and traced to the bank depositories. A spot check was made on automobile permits and dog licenses issued during the year. Other business licenses were also spot checked.

Exhibit A—Schedule 2 sets forth the budgetary appropriation for the year and discloses the activity in each of the departments. The net unexpended balances at the end of the year totalled \$11,587.42 which was transferred to Surplus, even though a number of the departments overexpended their appropriation.

In conclusion, may I summarize the salient points which should be given your careful attention.

1. Intensive effort to collect outstanding Accounts Receivables.

2. Abate all uncollectible Accounts Receivables.
3. Abate Poll Taxes more than four years old.
4. Approve the change in the accounting system to a cash accrual basis.
5. Charge off Soldiers' Bonus Account.

I wish to express my appreciation to all the City Officials and the members of their staffs for the cooperation and courtesies extended me during the audit.

Respectfully submitted,

LEONARD D. RICCIO,

Certified Public Accountant

DIVISION OF MUNICIPAL ACCOUNTING

STATE TAX COMMISSION

Concord, New Hampshire

January 5, 1954

Certificate of Audit

This is to certify that we have examined and audited the accounts and records of the City of Franklin Water Works for the fiscal year ended December 15, 1953, and found them to be in good order. In our opinion the Exhibits included herewith reflect the true financial condition of the Water Works on December 15, 1953, together with the results of operations for the fiscal year ended on that date.

Respectfully submitted,

HAROLD G. FOWLER, Director,
DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION

ALAN R. MATTHEWS, Auditor
EDGAR O. PESQUERA, Accountant

ENGINEER'S REPORT AND RECOMMENDATIONS FOR THE YEAR 1954

Again we wish to bring to the attention of the Council, the condition of the tires on the Ladder truck and on the Federal, Engine 3, on the West side.

The roof on the Fire Alarm Switchboard is bad and the in-

side needs to be painted but we recommend that, the Switch-board be connected with the Central Fire Station, on City property instead of its present location.

Engine 2, the 1929 Reo truck is in poor condition and we are not able to get parts for it, the truck being so old. We would like to replace it with a modern High Pressure Fog truck carrying 500 gallons of water.

The Board of Fire Engineers wish to thank His Honor, the Mayor, the Fire Committee and the Members of the City Council for their assistance during 1953.

Chief L. N. Boomhower

Deputy Carl C. Gilman

Deputy Charles D. Cunningham

LIBRARIAN'S REPORT

The following report is the 46th in the history of the Franklin Public Library. It is the record of another link in the chain of effort which trustees and staff members have forged through the years since the city opened the present library in 1907.

This year the additions to the library collection have corresponded to the variety of books added annually in this department of the City of Franklin. There were 918 purchases and 73 gifts. Of these, 714 were added to the adult collection, while 277 were additions to the children's room. The Memorial Book Shelf started in 1945 numbers 109 volumes, of which 7 were added during the past year. The library, for one of its size, is unusually fortunate in having available so many magazines and newspapers, a total of 144. Of this number 94 are received by subscription and 42 come as gifts. There are 8 newspapers in the reading room.

A complete inventory of the Library's cataloged material was taken during the summer and fall months, after which a considerable number of worn-out, obsolete and lost titles were discarded. After the withdrawal of 1,431 of these items the total remaining at the end of the year stands at 27,665 volumes. The circulation of all types of loanable material for the twelve-month period was 42,617, making the average daily circulation 141 volumes. Books, magazines, pamphlets and pictures were loaned not only to Franklin residents but also to those from the immediately outlying area who work, shop, or attend school in Franklin. New borrowers registered were 337. There were 381 registrations withdrawn because of death, removal of residence elsewhere, or non-use of the library over a three-year period. The list of active borrowers numbers 3,145, of which 404 are non-residents.

The city's per capita reading score is always of interest. This year it is 6.5 volumes, and average per registered borrower is

14 volumes. Percentages of the types of reading have changed somewhat, showing a greater interest in non-fiction. Fiction dropped to 46.7%, a drop of 3.3% from the same class last year. Non-fiction made a good record, 26.2%, an increase of 2.2%. Another pleasing increase showed up in the score for juvenile reading, 27.1% or 1.1% higher than last year's juvenile score. Children have borrowed 11,560 books in their department, for which we do crave a children's librarian, as you will recall if you read the library report last year.

The neighborly borrowing and loaning of books with other libraries of the state goes on through the interlibrary loan system handled by the State Library. Franklin borrowed 117 volumes needed by local borrowers and loaned 48 volumes requested by other libraries. Ten group loans of requested books have gone to the schools, totaling 254 books. During Book Week in November 212 students and teachers visited the children's room, to enjoy new books and old favorites in new editions.

Exhibits, used more and more by modern libraries, continue to interest library visitors. Displays included old mechanical banks, Franklin autographs of 1887, valentines of earlier days, colored photographs of New Hampshire and Vermont, Sullo-way Mills through the years, Franklin High School sports and group pictures, Coronation exhibit, school graduation groups of former years, book-making processes, summer nature exhibit, Korean and Japanese display, character dolls, old books, Mark Twain-Byron-Scott souvenirs, and a Danish Christmas exhibit. An outdoor exhibit, not arranged by the library but enjoyed by library visitors and passers-by alike, has been the duck colony often seen at the foot of the library lawn and around the little island in the river.

Operating costs of the library in its service to the community are presented in the report of the treasurer. The Frances M. Carter bequest was completed with the final check for \$1,350.95, which was added to the Frances M. Carter Fund in the hands of the Trustees of Trust Funds. This made a total of \$7,607.37 received by the library, practically 76% of the possible maximum amount of a generous bequest.

The building has received its customary good care at the hands of Mr. Colcord. A serious leak in one of the roof drains was a baffling problem but was finally remedied. A broken marble basin in the basement was replaced with a modern sink. Certain sections of the basement floor were given a coat of Traffic Master paint, in keeping with the plan to secure a good surface over a period of years. An unfortunate accident, when the window cord to a heavy plate glass window broke, showed

Library Report (Continued)

the value of modern plastic as a replacement. Replaced with plate glass the half-sash would have cost some sixty dollars and required six weeks to secure the required curved pane. It was replaced within a week with a colorless, curved, heavy plastic pane at a cost of \$28.00 installed.

Arthur R. Tilton has continued the good care of the library grounds since Mr. Longley's health obliged him to give up the work early in the year, after 30 years of faithful care of the grounds, of which grounds the people of Franklin have come to be proud. Few libraries anywhere have such a fine location and surrounding to beautify. The serious lawn damage between the library and City Hall still remains without attention, the condition growing worse with each deluge of rain from the roof at City Hall.

In January the City Council re-elected Mr. Bourn and Mr. Murray as library trustees for three years. Two trustees, Mrs. Shepard and Mr. Paige, attended the meeting of library trustees at the State House in Concord, at the invitation of Governor Gregg in October. In early summer the library lost one of its valued friends, and former trustee for thirty-eight years, when death claimed Walter Fred Duffy.

The usual groups and organizations have met in Library Hall for their regular or special meetings. Others meeting at the library have been Franklin Developments, The Public Utilities Commission of New Hampshire, Franklin Garden Club Board, Girl Scout Leaders of New Hampshire, and an area Agriculture Conservation Conference.

The chief additions to the reference collection this year were the new edition of the World Book (18 volumes), with a table rack to hold it, and Collier's World Atlas containing all latest statistics and information found in modern atlases. A revolving book-nook has been added to the main desk equipment.

Many friends have remembered their library with gifts of books and magazines, often replacing worn copies or supplying something the library has not acquired. Other gifts of particular local interest have been a six-inch section of an earlier historic landmark, the Sentinel or Twin Pine felled in 1909, received from Alexis C. Proctor as a gift to the city and the library; a framed Robert Swenson photograph of high water at the Franklin Falls dam on March 30, 1953, given by Chester A. Griffin; early books and a local dance order of 1896, from Wallace Buchanan; the Crowell collection of local photographs, given by Mrs. Edmund S. Crowell; early local pictures, presented by Kenrick Bean; and a prized Currier photograph

of Mrs. Barron Shirley, former librarian.

The library staff has remained unchanged this year. Staff members have had several contacts with other libraries and librarians. The librarian attended a number of meetings at the State Library for a group study of possible plans for improved library service in New Hampshire libraries. She also served on a panel discussion at the meeting of the New Hampshire Library Association, at Conway, in May. Mrs. Hanley, library assistant, attended the Library Institute held at the Laconia Public Library for one week in June.

Publicity for the library has continued regularly through the Book Suggestion column in the Journal-Transcript, which has given space also to the description of certain exhibits and observances. Appreciated, too, is the very good coverage given library matters by the Concord Monitor.

In order to be able to offer good library service to a community there are several requirements, chief of which are: (1) a varied book collection; (2) trustees to plan library policies; (3) librarians to carry out such plans in the numerous ways modern library service requires; (4) an attractive library building; and (5) people to use the library the community has provided for them. The city of Franklin has had for many years the basic set-up for good book service to men, women and children. The time has come when an additional service is only fair to the children of the community, for today's children are tomorrow's citizens and their preparation for that day is aided by the best possible library background. The trustees and the librarians want to provide this background by way of a children's librarian in the not too distant future.

The library staff expresses at this time appreciation for the cooperation and interest of trustees, borrowers and friends of the Franklin Public Library.

Respectfully submitted,

Mildred J. Peaslee

PRINCE & STEBBINS

AUDITORS

by M. R. Stebbins

ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the members of the School Board, Mayor and Council and
Citizens of Franklin:

I herewith submit my fourth report as your Superintendent of Schools. This is the fifty-third in the series of reports prepared by school superintendents.

Another year has passed and with its passing has come many new problems. School problems, generally, seem to be pretty much the same the nation over. We find states and communities reporting that they are suffering from teacher shortages, that building needs are evident, and that they are beset with financial difficulties. We recognize these same problems existing in our own state and we are certainly feeling them in Franklin. It appears as though Franklin has been favored with more than its share of problems this year. Some of them are real problems while others have been magnified all out of proportion and to the detriment of the schools and the City. I feel it is my duty to report to you on some of these problems and point out some methods of solution.

The reports of the Principal and the School Nurse along with the statistical reports are a part of this general school report.

Personnel

During the past year you have had the greatest number of new staff members since I have been your superintendent. I will not touch on those of the high school level since they are contained in the Principal's report.

The elementary schools in the city had no changes in staff during the year. Services were increased, however, by the reorganization of the administrative set-up. Mr. E. Russell Raymond, who had been the teaching principal at Nesmith replaced Miss Bessie Rowell at the Daniell Junior High. In addition to this, he assumed the additional administrative duties of being the Principal of all three buildings with an assistant in each building. This change has proved to be beneficial to the co-ordination of the full school program. It will be a severe loss to the District to have this service cut out during the school year 1954-55 because funds were not provided by the Council in the 1954 budget.

Mr. Francis Keating resigned in June to accept employment

in the business field. In his place, the Board elected Mr. Robert Gilbreth of Nantucket, Massachusetts as Assistant Principal and teacher of social studies at Daniell Junior High School.

Mr. Horace Schnare, teacher of mathematics in the Junior High resigned to accept employment elsewhere. We were most fortunate in securing the services of Miss Elissa Cannistraro, graduate of Plymouth Teachers College, Class of 1953 to fill this vacancy.

The increased enrollment in grade seven made it necessary to hire an additional member of the staff. Again, we were fortunate in securing the services of Mrs. Eugenia Carroll, a former teacher in Franklin and more recently of Sanbornton as social studies, mathematics and art teacher for grades seven and eight.

These teachers, along with those at the High School, have filled in very well and have been giving good effective services to your boys and girls. The teacher morale has been good up to the point of budget discussion. It has dropped considerably when it appeared that the salary schedule, which has been one factor in the permanency of the staff, was threatened because of the failure of the City Council to provide sufficient funds to insure its full operation.

Finances

The City of Franklin is still not making the effort in the support of their schools that other communities are doing. The cost per pupil in Franklin for the education of your children is less than the average for the state. It is much less than some of the other cities and ranks eleventh in the twelve cities. Only one city spends less per pupil than does Franklin.

The total tax load must come from the property in the city. This puts a tremendous strain on the taxing body of the city. They become faced with decisions relative to taxation. Is it more important to hold the tax rate at \$50 or under or give to the boys and girls in the schools those things they need and that other boys and girls in the state receive?

This year, as in the past, the tax rate is more important, therefore, the funds available for the support of schools have been cut. Until such time that a different and more equitable tax base is established you will have difficulty in getting sufficient funds for the operation of the kind of program you need in Franklin for your boys and girls. The state must share

SUPERINTENDENT'S REPORT (Continued)

its responsibility in helping to maintain good schools here and elsewhere.

There has been much written concerning the financial procedure of the school district. Much of it centered about the manner in which the withholding tax, teacher retirement and social security was paid. Franklin is in a very unique position of being the only city in the state to end its business on December 15th of every year. Other cities end the year, at least at the end of a month. All school districts end their year on June 30th. Franklin, ending its year as they do, find that on December 30th they have due one month of withholding tax, one quarter of teacher retirement and one quarter of social security. Bills are usually paid on the 15th of each month, consequently, those coming due on the 30th are paid the following 15th of January. Because of this overlapping the school district has adopted the procedure of paying the teacher retirement and social security on an October 1 to October 1 basis and for any one budget year four quarters or a full year is paid. The policy of using a December 1 to December 1 year for withholding was adopted and twelve monthly payments are made in each budget year.

There has been considerable talk and writing about paying these off on the 15th of December. Until such time as the Council provides funds to pay five quarters of retirement and social security and thirteen months of withholding tax the present method of financing will need to be continued. The auditor has recommended each year that I have been your superintendent and previously, that the Council should provide funds to correct this. None has been forthcoming.

Needs of the District

The needs of the district are many. For this report, I'd like to show some in two categories (1) Curriculum and (2) Building Needs.

(1) **Curriculum Needs.** In many of the past reports these have been pointed out. We have been able to provide your boys and girls with an instructional program in physical education. We still have the following which your children ought to be receiving:

- (1) Art supervision for all schools.
- (2) Vocational agriculture program.
- (3) Instruction and training in distributive education.
- (4) On-the-job vocational training.
- (5) An improved and increased program in Guidance.
- (6) Expansion of the shop program to include auto mechanics and electricity.

- (7) Special help teachers to give pupils, needing it, the attention that the regular classroom teacher cannot provide.
- (8) The services of a part time psychologist to help in the youth counselling work.

Building Needs

In this category we have many needs in the buildings that your children attend. These needs have been repeatedly brought before the Councils, usually in the form of supplemental budgets, and in every case have been turned back to the board with only a very small sum of money to meet them. The following is a partial listing of some of the needs that have been apparent since 1950 when I first became your superintendent. They are listed by schools.

Hancock School

1. Removal of trees and resurfacing the area to provide better play facilities.
2. Installation of a sidewalk from the school to Church Street.
3. Improvement of ventilation system in the building.
4. Improvement of lighting.
5. Provision of suitable space for school nurse, remedial teacher, office and library.
6. Provision of adequate space for assembly hall.
7. Installation of additional wash basins in basements.
8. Provide space for arts and crafts work.
9. Replacement program on window shades.
10. Filing cabinets for storing of pupil records.
11. Installation of toilets in kindergarten and grade 1.
12. New kindergarten tables and chairs.

Nesmith School

1. Screens for the cafeteria.
2. Construct bulkhead from cafeteria for exit.
3. Installation of drinking fountains and wash bowls in hallways and toilet rooms.
4. Installation of drains and gutters along roof edges.
5. Resurfacing and covering of all hall and classroom floors with linoleum.
6. Continuation of the lighting program.
7. Install panic locks on the side doors of the building.
8. Replacement program for window shades.
9. Installation of electric outlets in the various rooms of the building.
10. Care and maintenance of the play area to the rear of the building.

SUPERINTENDENT'S REPORT (Continued)

11. Resurfacing of the concrete strip around the building.
12. Provision for nurse's room and remedial teachers' room when classroom now being used will be full.

Daniell Junior High School

1. Provision for the care and maintenance of grounds and tennis courts.
2. Continuation of improvement of lighting program.
3. Resurfacing of floors with linoleum.
4. Chairs for the auditorium.
5. Improve the ventilation system of the whole building.
6. Repair of stair treads.
7. Installation of light switches and electrical outlets in various areas of the building.
8. Weatherstrip all windows and doors.
9. Insulate the roof of the building.
10. Improvement of the heat by installation of a zoning and temperature control system.

Franklin High School

1. Completion of the resurfacing of the athletic field.
2. Level hockey area and resurface for all purpose outdoor play area.
3. Erect a fence around the athletic field.
4. Painting of school, the second coat.
5. Continuation of improvement of lighting.
6. Painting of classrooms.
7. Installation of footlights in the auditorium and installation of new dimmers.
8. Replacement of draperies on the auditorium stage and curtains for windows.
9. Spotlights for use on stage.
10. Make provisions for the erection of additional baskets in the gym.
11. Build a projection booth to be used in the gym.
12. Provide facilities for increased storage for stage equipment, janitor supplies, cafeteria supplies, and shop materials.
13. Continuation of the replacement program on typewriters.
14. An adequate replacement program for shop equipment.

These and many more needs are apparent in your schools today. Each year you are able to get by without taking these into consideration thereby you are able to maintain your tax rate. These needs will continue until such time as you, the people, will insist that they be cared for and see that funds are made available.

In view of what has happened to the schools this year with the Council injecting typical politics into the situation the only solution to the problem is giving the schools back to the

people. By this, I mean establish a school district form of government whereby the school board, duly elected representatives of the people, will be fiscally independent of the City Council.

In a Council election the people of the city do not feel that they are electing a school board member. However, this is exactly what has happened. The majority of the Council has taken control and management from the School Board. At the school board elections you, the voters of the city, assume that you are electing people to control and manage your schools. When the purse strings are controlled by the Council they also control the schools.

The School District form of representation will allow the people of the city to elect their own school officers, assemble for an annual meeting and vote to raise and appropriate those sums of money which they feel they want to spend on schools. No political machine will dictate what must be raised in order to hold tax rates. In this manner, you will get truly representative democratic action on all matters pertaining to the schools and the people themselves will have full control of the budget each year since they will be the ones voting for or against it.

When this type of school organization is carried on you find the best schools and you find the needs of the boys and girls being met in a much more harmonious manner than is usually the case when the action is taken by people who are not concerned with school problems other than its effect on the total tax picture. The people themselves are in a much better position to say what they want and in the long run you will have a better overall school picture.

To bring this about would require a charter change. It is apparent to some that one is needed regarding the fiscal control of school budgets. Franklin will be moving in the right direction if immediate steps are taken to change the set-up insofar as schools are concerned. Final action will need to be taken by the legislature, which meets this coming winter.

I cannot close this, my last report as your superintendent, without expressing my thanks and appreciation to the school board, teachers, citizens, parent-teacher organizations and the many others who have helped to make the load easier and who have provided the funds which have allowed us to do the best possible job for your boys and girls. I hope that my successor will receive the same cooperation from these agencies that I have. In others, I wish him greater cooperation. With all people working together you can make the schools and the city a better place for you and your children in which to live.

Respectfully

FRED W. SNELL,
Superintendent of Schools.

March 2, 1954.

REPORT OF THE HIGH SCHOOL PRINCIPAL

To the Superintendent of Schools:

The summary of enrollment on January 1, 1954 is as follows:

	Girls	Boys	Total
Seniors	35	31	66
Juniors	42	31	73
Sophomores	45	39	84
Freshmen	69	55	124
Specials		2	2
Total	191	158	349

This is a continuation of the same enrollment we had last year on January 1, 1953. We reported last year that one pupil would probably spend the summer in Europe. Two were selected. Jane Reinelt spent the summer in Berlin and David Mangan spent the summer in Bavaria. Both have shared their experiences with the boys and girls in the school and with Community groups.

Faculty

Several changes took place in the teaching staff this year. Mr. Robert Gourley replaced Mr. Norman Cook as Mathematics teacher. He is also Junior Varsity Basketball Coach and Track Coach.

Miss Anastasia McManus replaced Mrs. Marguerite Chamberlain as teacher of Junior and Senior English. She is also faculty advisor of the yearbook.

Mrs. Aileen Michaels replaced Mr. Robert Arthur as teacher of Sophomore and Junior English. She is also advisor for the school newspaper.

Mr. John O'Keefe replaced Mr. William Hoban as teacher of Biology. He is also assistant Football Coach and Coach of Golf and helps with guidance.

Mr. Edward Henley came into the new area of Physical Education. He handles all boys classes in the High School and supervises in all grades in the other schools.

Curriculum

The outstanding development of the year was the introduction of a complete Physical Education Program in all grades of the system. Every boy and girl had a complete physical examination by their own family physician before the opening

of school in September. All pupils, except those excused by the doctor, were enrolled in regular Physical Education classes. In the High School, Miss Dolloff handles the classes for girls and Mr. Henley the classes for boys. A very wide range of participation activities, instruction in the rules and regulations on all types of games, and basic health and personal hygiene are the fundamental parts of the program. During the physical examinations, several physical problems were discovered which might have continued to develop otherwise. The great majority of the pupils indicate by their interest and enthusiasm that results are being obtained. It is fortunate that the program is required for all pupils. The ones that are antagonistic are the ones who need the experience more than the others. I am convinced that the effectiveness of the program will be shown in the improved physical and personality development of our children.

Building and Grounds

The plan for painting and relighting certain rooms each year has worked out very well. The Gym, the corridors, and the stairwells are now in good condition. In fourteen years only one classroom has been repainted. There are nineteen rooms now in need of attention. Good progress would be made if we could do four or five rooms each year.

A considerable amount of work has been done on Memorial Field this year. We should have an excellent playing field next fall if we can avoid extremely dry weather this summer. Nearly one hundred loads of loam and fertilizer have been put on the field. It has been seeded once. With reseeding and proper care this spring, it should be in very good condition.

Another project which needs consideration is the care of the grounds in front of the building. The lawns need to be built up. The sod is very thin and tends to burn up very quickly in dry weather. The slope of both the lawn and driveway is such that it acts as a reservoir for the area in the winter time. It is not unusual to have water to a depth of six to eight inches over the driveway. It is still deeper over the sidewalk entrance. This area is below the level of Central Street. The only drainage present is one or two blind wells that do not operate in the winter time. As funds permit, a regrading job will solve the problem.

A planned program of replacement of machinery in our shops should be put into operation as soon as possible. Much of this machinery was either given to the school or purchased when the shop was located in the Hancock School. It has given very good service through the years, but many pieces are completely worn out and are under constant repair. Unless this is replaced

PRINCIPAL'S REPORT (Continued)

gradually, we will soon be faced with a big replacement problem in one year. Our vocational program is one of the best in the state. The majority of our boys go directly from school to jobs in which this type of training is valuable. We should do everything possible to maintain a high level of opportunity in this important part of our total program.

To a person making a study of the Principal's Annual Report over the years, it would appear that too much space is given to complaints and requests about facilities and programs. This may be true. However, since the report is a matter of public record, it provides an opportunity to present the school problems which will be given careful consideration by the interested people who take the time to read the report.

It is a pleasure to have a share in a school system that is progressing. I hope that careful study and planning, coupled with community support, will continue to insure the best possible educational opportunities for the boys and girls of the City of Franklin.

Very truly yours,

JOSEPH J. CASHMAN

January 4, 1954.

Principal

REPORT OF THE SCHOOL NURSE—1953

To the Superintendent of Schools:

The School Health Service which just before the turn of the twentieth century began as a program for the control of communicable diseases has now become one of the most significant aspects of the Public Health Service. Because it reaches the entire school-age group, it is concerned with the largest and most important segment of the general population. Oriented towards the protection and guidance of the health of the child both in the school and the home, it endeavors not only to help the pupils to improve and maintain their own health but also to teach and help them to assume their share of responsibility for promoting good health in others. At the same time it encourages and aids parents in their task of health education and development of their children whether this be by encouraging them to bring their children to their family physicians or dentists or by aiding them in making use of the community resources for the correction of physical defects or by promoting and maintaining a safe and healthy school environment for their children.

In its attempt to protect and promote the well-being of the child, the School Health Service must ever be alert to those aspects of physical health which are related to educational success. This is particularly true in the areas of vision and hearing. Defects in the functioning of either sight or hearing become important health and educational problems. In order to detect difficulties in both areas, 1,450 of the Franklin School children were administered precise vision and hearing tests. The Massachusetts Vision Test which is used in our schools enjoys pre-eminence as a diagnostic test and its sub-tests include methods for the determination of eye muscle imbalance, farsightedness and a special arrangement of the Snellen E chart for measuring visual acuity. The hearing test which was administered to the same 1,450 pupils is an equally precise diagnostic measure known as the Puretone Audiometer Test and is particularly helpful in determining the child's ability to hear and distinguish the vowel and consonant sounds of spoken language.

Nutrition experts and school administrators are not inclined to agree that the ordinary portrayal of the American school

REPORT OF SCHOOL NURSE (Continued)

child as the rosy-cheeked, energetic and smiling boy or girl so frequently pictured in our popular magazines is actually the case. Despite the general recognition that health and happiness are significantly related to good dietary practices, surveys made in recent years show a great need for improvement in the eating habits of American children. In our own schools, the Hot Lunch program which has been in existence for some time has contributed considerably towards aiding nutrition and improving eating habits. I am happy to report that 1,725 hot lunches were served during the past year. In this connection I would like to again express my sincere gratitude for the excellent support that was given to our drive to raise money for the Hot Lunch Program. A total of \$450 was raised through the generosity of many contributors, many of whom preferred to remain anonymous. At the same time, the success of the program was due in no small way to the support given it by the editor and staff of the Franklin Journal-Transcript.

The School Health Service has never lost sight of the work that first brought it into existence, namely, the control of communicable diseases, particularly tuberculosis and diphtheria. Precaution has always been the keynote here. In this respect, one of the best methods for observing and checking tuberculosis in its incipient stages is the use of the Tuberculin Skin Test, a harmless yet most diagnostic test. Where the test indicates a suspicious condition, an x-ray picture of the chest is taken for confirmatory purposes. On February 12, 1953, the Tuberculin Test was given to 629 pupils, teachers, janitors and school lunch workers. Twenty-six children showed a positive reaction and were x-rayed on April 22. Two chest clinics were held in January and June at which time sixty-three children were examined by Doctor Robert Kerr of the New Hampshire Tuberculosis Association.

Diphtheria, once a serious menace, is now less dangerous because of more effective immunization techniques, the comparative ease of accurate diagnosis and the availability of highly effective curative treatment. A toxoid clinic co-sponsored by the Franklin School Health Department and the Franklin Visiting Nurses Association was held on March 24, 1953 with thirty-five school children and eleven pre-school children in attendance. A second toxoid clinic was held on April 21 with for-

ty-one school children and eleven pre-school children attending. A third clinic was held on May 21 with thirty-seven school children and seven pre-school children present.

Because tooth decay affects to some extent about 98 per cent of the total population of the United States, dental health has always played an important role in school health programs. While correction is essential in treating the disease process, medical science emphasizes prevention and the inculcation of regular teeth brushing habits starting at an early age and continuing throughout life. During the past year, 650 Franklin school children received dental corrections as well as instruction in proper dental hygiene.

The New Hampshire State Board of Health continues to offer its aid to children with postural, orthopedic and foot defects through the services of Mrs. Caroline Price of Manchester, N. H. Mrs. Price has been coming to our "Treatment Center" at the Daniell Junior High School twice a month to supervise the exercises recommended by the attending physician at the orthopedic clinics. One hundred and twenty-two children were seen by Mrs. Price this year and thirty-nine children attended the orthopedic clinics which were held in Concord and Manchester.

Any School Health Program is vitally interested in aiding and promoting a physical education program. The objectives of such a program are to provide leadership and aid to the students in developing mentally, physically and socially and to provide at the same time opportunities for physical participation in wholesome activities. It has been pointed out that many occasions present themselves in such a program for the development of a sense of responsibility to others as well as to oneself in fostering good health. Prior to participation in the Physical Education Program, it was necessary for each child to receive a medical examination by his family physician. The purpose of the examination was to determine whether or not the individual was capable of profiting by such a program and to forestall any possible damage that might be incurred by active participation. During the year, 960 children were examined for this program by their family physicians.

Because it is equally important that any child who is attending school for the first time should receive a physical examination, two pre-school clinics were held at the Hancock School

REPORT OF SCHOOL NURSE (Continued)

on May 19 and May 22. Fifty children were examined on these days by Doctor Robert Morin. Two additional clinics were held on May 26 and May 29 at the Nesmith School where Dr. Morin examined twenty-nine children.

In affording closer supervision of the health needs of the school child and better opportunity for individualized health education while encouraging at the same time closer school, parent and community understanding and use of available health facilities, the School Health Program endeavors to develop healthier, happier and better adjusted citizens in the years to come. Such an objective is possible to attain only through cooperative endeavor and support. As in the past, this encouragement and support has been characteristic of the Franklin School staff and the Franklin community during the past year. I wish at this time to express my sincere thanks to the directors of the Melinda Tobie Fund, the Franklin Kiwanis Club, the Franklin Rotary Club, the American Red Cross Mobile Corp, doctors and dentists of Franklin, the parents, the administration and faculty of the Franklin schools.

Respectfully submitted,

MARION MOYNIHAN, R. N.

School Nurse

Resolutions

RESOLUTION

NO. 1

In the year of our Lord one thousand nine hundred and fifty-three.

A Resolution relating to borrowing money in anticipation of taxes.

Resolved by the City Council of the City of Franklin as follows:

That for the purpose of paying such claims against the City of Franklin as may fall due before the 15th day of December, 1953, the City Treasurer of the City of Franklin, with the approval of at least a majority of the standing committee on finance, be and hereby is authorized and empowered to make such temporary loans from time to time for the use of said city, of sums not exceeding the aggregate amount of three hundred thousand dollars (\$300,000.00); said loans being in anticipation of the taxes of the present year and hereby made expressly payable therefrom; said Treasurer giving for the said loans the notes of the said city, bearing the authenticating certificate of the First National Bank of Boston, in Boston, Massachusetts; said notes to be signed by the City Treasurer and countersigned by the Mayor and to be payable within one year from their respective dates.

Approved: W. S. Gilman, Mayor

Passed: January 5, 1953

A true copy, attest: Mildred S. Gilman, City Clerk

RESOLUTION

NO. 2

In the year of our Lord one thousand nine hundred and fifty-three.

A Resolution relating to taxes and poll taxes.

Resolved by the City Council of the City of Franklin as follows:

That the Tax Collector shall not allow any discounts on taxes but that twenty cents shall be added to all poll taxes not paid on or before September 15, 1953.

Approved: W. S. Gilman, Mayor

Ordinances

ORDINANCE

AN ORDINANCE RELATING TO THE OPERATION OF PIN BALL MACHINES BY MINORS.

In the year of our Lord one thousand nine hundred and fifty-three.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF FRANKLIN AS FOLLOWS:

Sect. 1 No minor under the age of eighteen (18) years shall play or operate, or be permitted or allowed to play or operate, any pin-ball machine or any mechanical game of skill or chance in the City of Franklin for the operation of which a fee is charged, or the operation of which requires the insertion of a coin or token in such machine or mechanical game, unless accompanied by a parent or guardian.

Sect. 2. Any such minor not accompanied by a parent or guardian who so plays or operates such pin-ball machine or mechanical game of skill or chance, and any owner, keeper, custodian, possessor or licensee of such machine or mechanical game who permits or allows, or is present during, the playing or operation of such machine or mechanical game by a minor who is not accompanied by a parent or guardian shall be guilty of violation of this ordinance and shall be fined not more than twenty dollars for each such violation.

Approved: Wiggin S. Gilman, Mayor

Passed: April 13, 1953

AMENDMENT TO ORDINANCE

AMENDMENT TO ORDINANCE RELATING TO BILLIARD AND POOL ROOMS AND BOWLING ALLEYS.

In the year of our Lord one thousand nine hundred and fifty-three.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF FRANKLIN AS FOLLOWS:

Sect. 1. That section 2 of chapter 19 of the Revised City Ordinances be amended by striking out the following words in said section: "or allow any minor to play at any game in his room or to remain there or in any room connected therewith except with the consent of the father or guardian of said minor", also the word "eleven" (and inserting in place thereof the words "eleven forty-five"), so that said section shall read as follows: "Sect. 2. The owner or manager of a public billiard, pool room or bowling alley shall not permit his tables or alley to be used after eleven forty-five at night."

Approved: Wiggin S. Gilman, Mayor

Passed: April 13, 1953

AMENDMENT TO ORDINANCE

AMENDMENT TO ORDINANCE RELATING TO PARKING METERS.

In the year of our Lord one thousand nine hundred and fifty-three.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF FRANKLIN AS FOLLOWS:

Sect. 1. That section 2 of the Parking meter ordinance, so-called, be amended by striking out the words "Church Street" where they appear in said section, and inserting in place thereof "Daniell Bridge" where first stricken, and "School Street" where stricken in the second instance so that said section shall read as follows: "Section 2. That the following described streets in the City of Franklin are hereby designated and established as parking meter zones, to wit: both sides of Central Street from Daniell Bridge to Sanborn Bridge. Both sides of Franklin Street from Central Street to School Street. East side of Memorial Street from Central Street to Canal Street."

Approved: Wiggin S. Gilman, Mayor

Passed: May 4, 1953

ORDINANCE

AN ORDINANCE RELATING TO THE LICENSING OF PIN BALL MACHINES.

In the year of our Lord one thousand nine hundred and fifty-three.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF FRANKLIN AS FOLLOWS:

Sect. 1. The City Council may grant upon such terms and conditions as it may deem reasonable and proper, a license to any person to keep one or more pin ball machines, so-called, or any mechanical game of skill or chance in the City of Franklin for which a fee is charged, or the operation of which requires the insertion of a coin or token, in such machine or mechanical game, for hire, gain or reward, or in connection with his place of business. Such license may be revoked at the pleasure of the Council.

Sect. 2. All licenses granted under the preceding section shall be valid until October first next after the granting thereof, unless sooner revoked.

Sect. 3. The annual license fee for each such pin ball machine or mechanical game of skill or chance shall be two dollars.

Sect. 4. All licenses issued under this ordinance shall be recorded in the office of the City Clerk.

Sect. 5. Any person who shall keep any such pin ball machine or mechanical game of skill or chance for hire, gain or

reward, or in connection with his place of business, without first having procured a license therefore shall be fined the sum of twenty dollars for each such pin ball machine or mechanical game of skill or chance so kept.

This ordinance to take effect November 1st, 1953.

Approved: Wiggin S. Gilman, Mayor

Passed: October 5, 1953

A true copy, attest: Mildred S. Gilman, City Clerk

ORDINANCE

AN ORDINANCE RELATING TO THE CREATION OF A PARK AND RECREATION COMMISSION.

In the year of our Lord one thousand nine hundred and fifty-three.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF FRANKLIN AS FOLLOWS:

Sect. 1. There is hereby established in the City of Franklin a Park and Recreation Commission. This Commission shall consist of four (4) persons, serving without pay, who shall be elected at the January meeting of the City Council. The term of office shall be for four (4) years and until their successors are duly elected and qualified, except that the two present members of the Parks and Playgrounds Commission shall serve the unexpired portions of their terms as members of the Park and Recreation Commission, and members of said Park and Recreation Commission first appointed shall be elected for such terms that the term of one member shall expire annually thereafter. Vacancies in such Commission occurring otherwise than by expiration of terms shall be filled by the City Council at a regular monthly council meeting. Each political party shall have equal representation on the Commission.

Sect. 2. Immediately after their election, the Commissioners shall meet and organize by electing one of their members president and such other officers as may be necessary. The Commission shall have the power to adopt by-laws, rules and regulations for the proper conduct of parks and recreation for the City.

Sect. 3. The Park and Recreation Commission shall have the power to appoint or designate such personnel as the Commission deems proper. All employees shall serve at the pleasure of the Commission.

Sect. 4. The Park and Recreation Commission shall submit annually to the City Council a budget for its approval. The Commission may also receive gifts or bequests of money or other personal property or any donation to be applied, principal or income, for either temporary or permanent use for playgrounds or other recreational purposes. If at any time the City Council shall deem it to be to the best interests of the people to do so, it shall encourage gifts and bequests to the

Commission by providing additional funds or labor over and above the basic budget of said Commission to match that contributed by private initiative or sources.

Sect. 5. The Park and Recreation Commission shall provide, conduct and supervise public playgrounds, athletic fields, recreation centers, beaches and other recreational facilities and activities of any of the properties owned or controlled by the City, or on other properties with the consent of the owners and authorities thereof. It shall have the power to conduct any form of recreation or cultural activity that will employ the leisure time of the people in a constructive and wholesome manner.

Sect. 6. The Park and Playground Commission shall make full and complete monthly and annual reports to the City Council, and other reports from time to time as requested.

Sect. 7. All ordinances, resolutions or parts thereof in conflict with the provisions and intent of this ordinance are hereby repealed.

This ordinance shall take effect upon its passage.

Adopted: W. S. Gilman, Mayor

Passed: Jan. 4, 1954

A true copy attest: Mildred S. Gilman, City Clerk
