Ward Four — Gerard LaBranche, Jerene Paradis, Constance DeWolfe
Ward Five — Louis M. Boston, Harry S. Johnson, William Gerrish
Ward Six — Raymond A. Beaudoin, Jr., James Flood, Arthur R. Trace

INAUGURAL ADDRESS

By ROYAL H. EDGERLY, SR., *Mayor*

January 2, 1964

Gentlemen of the Council:

We should be very much concerned as to the welfare of our City and what we can contribute to its growth and expansion. We have had our differences and now can sit down to running the city with the zeal it needs to progress. Let us forget our political differences and work as a unit for the people whom we represent.

We should analyze all problems with an open mind and try to convince ourselves of what is best for a progressive program which will not stop this year or the next, but continue on for a better City.

We will have many surmountable problems confront us. I am sure you will be able to cope with them, forgetting any personal desires or gains, and solve them with fervency and zeal, ever remembering that Rochester is our home and future.

We are, I am sure, concerned with our tax structure and its future, ever bearing in mind that we must be mindful of any influx in our tax program. I would like to by-pass taxes, which is easy on paper, but practically impossible in life.

The Water Pollution Program is well on its way, and I am sure will be completed within the next two years. A portion of the cost must be absorbed by our tax structure.

The new Elementary School will be completed this year and must be manned, and this cost absorbed by the tax structure.

The general costs of operating our city are constantly rising. These costs can be controlled to lessen our tax burden.

I believe we are bound between two powers of what we should do — continue our progressive movement and expand into a city of desire or should we ever remain a pedestal city, blooming but dormant?

All these programs cost money; they cannot be eliminated. All costs can be controlled to get the best and most from our tax dollar. I am sure that you can all foresee that the tax situation is a crucial one and must be watched, and we must realize that to have is to want, and to want is to work, and to work is to realize how difficult it is to get money to pay for progress.

The Revaluation Program is well on its way to being completed and should give us a truer and more consistent real estate value, which in turn will contribute to the growth of our city.

The general efficiency of our city can be improved. I believe we should have an office for purchasing and control to give us

a better buying power. You should remember that our purchases for the city represent many tax dollars, so we must give this our genuine effort and consideration.

We should secure all the knowledge we can as to a Federal Housing and Renewal Program available through their respective federal agencies. The work and study previously done should be rejuvenated and brought up-to-date.

Our School Program structurally is one of the best, and with our new Superintendent and School Board should progress and improve internally. There may be a need for expansion, and the citizens of Rochester may be assured that this need will be taken in stride. It is difficult to conceive why we cannot upgrade our system and keep the costs practical. I believe that a good Teachers' Salary Program should be created and made final so we can control our school budgets more efficiently. Let's stand pat in our desires to make our school system workable, efficient and productive for the betterment of our youth and their future.

The industrial aspects of our City are much brighter now than they have been in the past. We have had a few small new industries move to our City, and I am sure that there will be more. Let's keep Rochester diversified industrially, realizing that industry is a great facet for our tax burden. They are more essential to the growth of our city than any other one source, so we must keep in stride with the demands of industry. Therefore, I will personally make visits to all our industries to better acquaint myself and committees as to what their problems may be.

With the approval of the Home Rule Bill this last election, you have made way for the possibility of changing our city election programs. A referendum for a change in our primary system will be on your ballot at the next City election. This new system will allow anyone to file for any elective office in the City of Rochester. I believe that this is a step in the right direction, and that Rochester will benefit by this change.

I will suggest that we hire a director for a Civil Defense Program making ourselves available to the benefits offered through this federal agency. There is a great need for civil defense development in our city and must be brought up-to-date with the other cities in the state.

I offer you not any dynamic changes in our city government nor to build any great edifice in my honor. All I want is to contribute tidbits of constructive advances for a better Rochester. I believe that we can accomplish all these things if we practice what I once read and have always remembered. We must always dream and shoot higher than we know we can do, not bothering just to be better than our contemporaries or predecessors, but try to be better than ourselves.

IMPORTANT RESOLUTIONS AND ORDERS

Passed by the City Council in 1964

RESOLUTION TO BORROW MONEY IN ANTICIPATION OF TAXES

Be it resolved by the Mayor and City Council of the City of Rochester: That the Finance Committee be and is hereby authorized to hire in anticipation of taxes a sum not exceeding Nine Hundred Thousand Dollars (\$900,000.00), said sum to be hired on notes of the City in such amounts and at such times as it deems the best interest of the City requires.

Passed January 2, 1964

RESOLUTION TO VALIDATE ORDERS

Be it resolved by the Mayor and City Council of the City of Rochester: That pending the passage of the annual appropriation measure for the fiscal year 1964, the Mayor be and is hereby authorized and empowered to validate orders on the City Treasurer for all duly approved and properly classified claims for operating expenses of the City of Rochester or any of its municipal subdivisions.

Passed January 2, 1964

RESOLUTION ON TIME POLLS TO BE OPEN MARCH 10

Be it resolved by the Mayor and City Council of the City of Rochester: That on Tuesday, the 10th day of March, 1964, at the Direct Primary Election, the polling places in all six wards of the City of Rochester shall be open from 10 A.M. and shall close at 7 P.M. Eastern Standard Time.

Passed January 7, 1964

RESOLUTION THAT COMMITTEE CHAIRMEN MAKE MONTHLY REPORTS

Be it resolved by the Mayor and City Council of the City of Rochester: That the Chairman of all Standing and Special Committees file monthly reports with the City Council to be presented at the monthly Council Meeting.

Passed January 7, 1964

RESOLUTION TO APPROPRIATE MONEY FOR TRAFFIC LIGHTS ON COLUMBUS AVENUE AND SOUTH MAIN STREET

Be it ordained by the Mayor and City Council of the City of Rochester: That a sum not to exceed \$3,875.00 be and is hereby ap-

propriated for the installation of traffic lights at the corner of Columbus Avenue and South Main Street, said sum to be taken out of the general fund and repaid later from the parking meter account.

Passed February 4, 1964

RESOLUTION TO PROVIDE
COUNCILMEN WITH ORDINANCES

Be it resolved by the Mayor and City Council of the City of Rochester: That each Councilman be provided with the Ordinances of the City of Rochester 1952 Edition, as amended, Cushing's procedure of Parliamentary Practice, and Rules and Order of the Mayor and City Council of the City of Rochester.

Be it further resolved, that they be provided for each Councilman by March 1, 1964.

Passed February 4, 1964

RESOLUTION TO APPROPRIATE MONEY
FOR NEW POLICE CRUISERS

Be it resolved by the Mayor and City Council of the City of Rochester: That the sum of \$1,500.00 be and is hereby appropriated for the use of the Rochester Police Commission for the purchase of two new police cruisers, the same to be raised by the Finance Committee in whatever manner seems most advantageous to the City of Rochester, and that such sum be charged against the 1964 Police Budget.

Passed March 3, 1964

AMENDMENT TO ORDINANCES RELATIVE TO TRAFFIC

Be it ordained by the Mayor and City Council of the City of Rochester: That Section 23 of Chapter XVI of the City of Rochester Ordinances, 1952 Edition as amended, be further amended by adding after the word "streets" in line 2 thereof, the following: —

"Easterly side of North Main Street from Strafford Square to a point one hundred feet (100') Northerly from said Strafford Square; Easterly side of North Main Street from Strafford Square to a point one hundred feet (100') Northerly from said Strafford Square."

Passed April 7, 1964

AMENDMENT TO ORDINANCES
RELATIVE TO WATER WORKS

Be it ordained by the Mayor and City Council of the City of Rochester: That Chapter XXVII, Section 7, of the City of Rochester

Ordinances, 1952 Edition as amended, be further amended by striking out the whole thereof and inserting in the place thereof, the following new section: —

“Section 7. The Clerk shall keep suitable books in which he shall enter, under appropriate heading, the name of each person taking water used, rates charged, amount and circumstances of any abatements and such other matter as the Committee shall direct. He shall be responsible for making, sending, and collecting bills due the Water Division for the use of the water or for any other purposes. Any person, firm, or corporation, shall be charged in addition 6% per annum on any bill due the Water Division for the use of water or for any other purposes, should they neglect or fail to pay said sum due within sixty (60) days from billing date. However, in no case shall said penalty for failure to pay water bills within said specified time be less than 50c (fifty cents). All sums so collected shall be deposited in a separate account in such bank or banks as the City Treasurer may direct.”

Passed April 7, 1964

RESOLUTION TO ADOPT 1964 BUDGET

Be it resolved by the Mayor and City Council of the City of Rochester: That the sum of \$1,944,968.61 be and is hereby appropriated to defray the expenses of the City of Rochester for the ensuing year in accord with the budget herein adopted, and

That the sum of \$1,615,003.61 plus such overlay as may be necessary is hereby ordered and directed to be raised by taxation, on the polls and rateable estates within the said City.

Passed April 7, 1964

RESOLUTION TO PURCHASE EQUIPMENT FOR PUBLIC WORKS DEPARTMENT

Be it resolved by the Mayor and City Council of the City of Rochester: That the Finance Committee be and is hereby authorized to borrow a sum not exceeding Fourteen Thousand Dollars (\$14,000.) upon such terms as they deem to be for the best interest of the City, for the purchase of the following equipment for the Public Works Department:

Ranch Wagon	\$1,883.00
Sewer Hydrodder	4,600.00
Truck, Body, Plow Frame, and Plow less trade-in	7,517.00

That said equipment be purchased by a joint committee composed of the Public Works and Purchasing Committees.

Passed May 5, 1964

RESOLUTION FOR HOUSING AUTHORITY

Be it resolved by the Mayor and City Council of the City of Rochester:

Section 1. The Honorable Mayor and Members of the City Council of the City of Rochester, New Hampshire, hereby determine, find and declare, pursuant to the Housing Authorities Law of the State of New Hampshire, that there is need for a housing authority to function in the City of Rochester, New Hampshire.

Section 2. The name of said authority shall be "Housing Authority of the City of Rochester."

Section 3. The Clerk of the City Council is hereby directed to notify the Mayor of the adoption of this resolution.

Passed May 5, 1964

RESOLUTION TO APPOINT THREE JUSTICES

Be it resolved by the Mayor and City Council of the City of Rochester: That the City Council petition the Rochester District Court to appoint three (3) Justices of the Peace who shall be authorized to fix bail in criminal cases to be brought before said District Court.

Be it further resolved, that the City Clerk be authorized to petition said District Court on behalf of the City Council.

Passed May 5, 1964

RESOLUTION TO APPOINT BAIL COMMISSIONERS

Be it resolved by the Mayor and City Council of the City of Rochester: That this Honorable Body confirm the appointment, by Honorable Leonard C. Hardwick, presiding Justice of the Rochester Municipal Court, of John C. Richardson, Ralph Dunlap and Victor Cardosi as Bail Commissioners authorized to fix and receive bail in criminal cases to be brought before the Rochester District Court.

Passed June 2, 1964

AMENDMENT TO ORDINANCES
RELATIVE TO SALARIES — DISTRICT COURT

Be it resolved by the Mayor and City Council of the City of Rochester: That Chapter XXV, Section 3E be amended by striking out Section 3E and inserting in the place thereof: —

E. Payable from the District Court:

1. Justice of the Rochester District Court \$3,720.00 payable in equal quarterly installments per annum.
2. Special Justice of the Rochester District Court, \$750.00 payable in equal quarterly installments per annum.

3. Clerk of the Rochester District Court \$1,500.00 payable in equal quarterly installments per annum.

Passed June 2, 1964

RESOLUTION TO PURCHASE FIRE TRUCK

Be it resolved by the Mayor and City Council of the City of Rochester: That the sum of \$14,725.00 be and is hereby appropriated for the purchase of a fire truck for the Fire Department.

Be it further resolved, that said sum be raised by the Finance Committee by means deemed most advantageous to the City of Rochester.

Passed July 7, 1964

RESOLUTION ON TIME POLLS OPEN FOR SEPTEMBER PRIMARY AND NOVEMBER ELECTION

Be it resolved by the Mayor and City Council of the City of Rochester: That on Tuesday, September 8, 1964 at the State Primary Election, the polling places in all six wards of the City of Rochester shall be open at 10 o'clock in the forenoon and shall close at 7 o'clock in the evening, Daylight Saving Time and that on Tuesday, November 3, 1964 at the Biennial Election, the polling places in all six wards of the City of Rochester shall be open at 10 o'clock in the forenoon and shall close at 7 o'clock in the evening, Eastern Standard Time.

Passed July 7, 1964

RESOLUTION RELATIVE TO A TRAFFIC AND PARKING SURVEY

Be it resolved by the Mayor and City Council of the City of Rochester: That the sum of \$1,200.00 be and is hereby appropriated for a Traffic and Parking Survey; and

Be it further resolved, that said sum be raised by the Finance Committee by means deemed most advantageous to the City of Rochester.

Passed July 7, 1964

AMENDMENT TO ORDINANCES RELATIVE TO TRAFFIC

Be it ordained by the Mayor and City Council of the City of Rochester: That Section 23 of Chapter XVI of the City of Rochester Ordinances, 1952 Edition as amended, be further amended by adding at the end thereof the following: —

No vehicle shall be parked or left standing on the northwesterly

side of Congress Street from Central Square to a point 275 feet southwesterly from said Central Square.

Passed August 4, 1964

AMENDMENT TO ORDINANCES RELATIVE TO TRAFFIC

Be it ordained by the Mayor and City Council of the City of Rochester: That Section 26 of Chapter XVI of the City of Rochester Ordinances, 1952 Edition as amended, be further amended by adding at the end thereof the following: —

- (69) On Knight Street before entering Columbus Avenue from Knight Street.
- (70) On Bradley Court before entering Columbus Avenue from Bradley Court.
- (71) On McIntire Court before entering Columbus Avenue from McIntire Court.
- (72) On Upham Street before entering Columbus Avenue from the southerly side of Upham Street.
- (73) On Upham Street before entering Columbus Avenue from the northerly side of Upham Street.
- (74) On May Street before entering Columbus Avenue from May Street.
- (75) On Lowell Street before entering Columbus Avenue from the southerly side of Lowell Street.
- (76) On Lowell Street before entering Columbus Avenue from the northerly side of Lowell Street.
- (77) On Gear Road before entering Hansonville Road from the westerly side of Gear Road.
- (78) On Gear Road before entering Hansonville Road from the easterly side of Gear Road.

Section 26a. All motor vehicles shall yield the right-of-way on Columbus Avenue before entering Hancock Street at the intersection of Columbus Avenue and Hancock Street.

Passed August 4, 1964

AMENDMENT TO ORDINANCE ON ZONING

Be it ordained by the Mayor and City Council of the City of Rochester: That Chapter XII of the Ordinances of the City of Rochester, as amended, be further amended by reclassifying the area on the Easterly side of Knight Street, bounded Easterly by Knight Street, Northerly by Upham Street, and Westerly by Columbus Avenue, from its present classification of R-2 to the classification of I-2, and the zoning map be changed accordingly.

Passed August 4, 1964

RESOLUTION TO
APPROPRIATE MONEY FOR TRAFFIC

Be it resolved by the Mayor and City Council of the City of Rochester: That the sum of \$2,300.00 be and is hereby appropriated to supplement that amount appropriated at the June, 1964 Council Meeting for a traffic survey for the City of Rochester.

Be it further resolved that said sum be raised by the Finance Committee by means deemed most advantageous to the City of Rochester .

Passed August 4, 1964

RESOLUTION TO PURCHASE AMBULANCE

Be it resolved by the Mayor and City Council of the City of Rochester: That the sum of \$7,500.00 be and is hereby appropriated for the purchase of a new ambulance for the City of Rochester.

Be it further resolved that said sum be raised by the Finance Committee by means deemed most advantageous to the City of Rochester.

Passed August 4, 1964

RESOLUTION TO FINISH
ALLEN SCHOOL PLAY AREA

Be it resolved by the Mayor and City Council of the City of Rochester: That the Council go on record as being in favor of completing the Allen School Play Area.

Passed August 14, 1964

AMENDMENT TO ORDINANCE, CHAPTER XXV,
ENTITLED SALARIES

Be it ordained by the Mayor and City Council of the City of Rochester:

CHAPTER XXV

Salaries

Section 1. Purpose. The salaries of all City Officers and all City employees shall be in full payment and final satisfaction for all services required by law and shall be fixed at the annual rate, unless otherwise specified, and shall be payable as hereinafter designated.

Section 2. Full Time Officers and Employees. The following shall be considered full time officers and employees and shall be paid from the following departments, payable as hereinafter specified.

A. Payable from the Salary Department:

1. City Clerk, \$4,404.40, payable weekly.

2. City Accountant, \$5,720.00, payable weekly.
 3. Collector of Taxes, \$4,290.00, payable weekly.
 4. Each full time Assessor of Taxes, \$5,500.00, payable weekly, plus the additional sum of \$100 per year for travel expenses.
- B. Payable from the Public Buildings Department:
1. Janitor at City Hall, \$3,623.74, payable weekly.
 2. Assistant Janitor at City Hall, \$3,317.60, payable weekly.
- C. Payable from the Fire Department:
1. Chief of the Fire Department, \$6,285.72, payable weekly.
 2. The permanent First Deputy Chief at the Central Fire Station, \$91.96, weekly.
 3. The permanent Second Deputy Chief at the Central Fire Station, \$88.47, weekly.
 4. The two permanent Captains at the Central Fire Station, \$84.23, weekly.
 5. The permanent Firemen at the Central Station with over one (1) year of appointed regular service shall be classified as Firemen First Class and shall receive as basic pay \$82.03 per week. Permanent Firemen with less than one (1) year of appointed regular service shall be classified as regular Firemen and receive as basic pay \$80.30 per week. The permanent clerk shall receive \$2.00 per week in addition to his base pay.
 Provided, however, that all Firemen in this sub-paragraph (C) (1) to (5) inclusive, above, shall be entitled to an additional allowance of one hundred dollars (\$100.00) a year for the purchase of uniforms and equipment. The Chief shall supervise said expenditures and shall maintain a record for all uniforms and equipment. Said uniforms and equipment shall remain the property of the City of Rochester upon termination of employment of any Fireman as a regular Fireman in this sub-paragraph (C) (1) to (5) inclusive. At the end of each fiscal year, any unexpended portion of said allowance shall be returned to the City Clerk by the Chief.
- D. Payable from the Department of Public Works:
1. The Commissioner \$7,150.00, payable weekly, one-half of said amount to be chargeable to the Department of Public Works and one-half of said amount to be chargeable to the Water Division of said Department of Public Works.
 2. City Engineer, \$5,751.00, payable weekly and chargeable to the Water Division of said Public Works Department.
 3. Other Public Works Employees to be classified by the responsibility, and general types of work, as follows:

Group (1)	\$1.89 to \$2.33 per hour
Group (2)	\$1.65 to \$1.82 per hour

Group (3)	\$1.50 to \$1.64 per hour
Group (4)	\$1.38 to \$1.49 per hour

The Public Works Committee is empowered to change the hourly rate of individual employees within a group, or classifications of individual employees from group to group.

4. Public Works Employees, exclusive of those employed in the removal of rubbish, shall receive time and a half overtime pay from December 1st to April 1st for every hour of daily work beyond eight hours. Foremen in the Public Works Department shall receive time and a half overtime pay from December 1st to April 1st for every hour of daily work beyond nine hours.
- E. Each full-time employee of the City with over fifteen (15) years repeat service shall be entitled to three (3) weeks annual vacation with pay. Each full-time employee with less than fifteen years but with more than two (2) years repeat service shall be entitled to two (2) weeks vacation with pay. Each full-time employee with less than two years, but with more than one (1) year repeat service, shall be entitled to one (1) week's vacation with pay.
- F. Wage rates of City Employees, established by this ordinance, shall be subject to a cost of living increase or decrease based upon the U. S. Department of Labor, Bureau of Labor Statistics, Cost of Living Index for the Boston Area, as follows: The Base Index is hereby declared to be 126.4 and employees' wages are to be increased or decreased quarterly from January 1, 1960 on the basis of a 1% adjustment for each one full point fluctuation in the index, fractions thereof are not to be considered. However, said cost of living increase or decrease to terminate October 1, 1965.
- G. Each full-time employee of the City shall receive ten (10) paid holidays per calendar year.
- H. Each full-time employee of the City shall be allowed ten (10) days maximum sick leave in any twelve-month period accumulative to fifty (50) days. Should the worker be sick more than three (3) days then he must provide a doctor's report upon return to work.
- I. Each full-time employee of the City with three (3) years of consecutive service but less than five (5) years of consecutive service shall receive an additional sum of \$25.00 per year, payable annually.
 Each full-time employee of the City with five (5) years of consecutive service but less than ten (10) years of consecutive service shall receive the sum of \$52.00 per year, payable annually.
 Each full-time employee of the City with ten (10) years of consecutive service but less than fifteen (15) years of consecutive service shall receive an additional sum of \$104.00 per year, payable annually.
 Each full-time employee of the City with fifteen (15) years of consecutive service but less than twenty (20) years of

consecutive service shall receive the sum of \$156.00 per year, payable annually.

Each full-time employee of the City with twenty (20) years of consecutive service but less than twenty-five (25) years of consecutive service shall receive the sum of \$208.00 per year, payable annually.

Each full-time employee of the City with twenty-five (25) years of consecutive service but less than thirty (30) years of consecutive service shall receive the sum of \$260.00 per year, payable annually.

Each full-time employee of the City with thirty (30) years of consecutive service but less than thirty-five (35) years of consecutive service shall receive the sum of \$312.00 per year, payable annually.

Each full-time employee of the City with thirty-five (35) years of consecutive service shall receive the sum of \$364.00 per year, payable annually.

This sub-section (I) shall be retroactive to January 1, 1964.

Section 3. Part Time Officers and Employees. The following shall be considered part time officers and employees and shall be paid from the following Departments; payable as hereinafter specified.

- A. Payable from the Salary Department:
 1. The Mayor \$2,500.00, payable weekly.
 2. The City Treasurer, \$688.79, payable quarterly.
 3. The City Solicitor, \$3,000.00, payable quarterly, provided, however, that any additional payments made to the City Solicitor over the amount of \$10.00 shall be first presented to the Mayor and City Council for their approval.
 4. Each part-time Assessor of Taxes, \$1,800.00, payable weekly, plus the additional sum of \$100.00 per year for travel expenses.
 5. Sealer of Weights and Measures, \$459.20, payable monthly.
- B. Payable from the Health Department:
 1. Health Officer, \$3,000.00, payable weekly.
 2. Overseer of Public Welfare, \$918.39, payable quarterly.
 3. City Physician, \$612.26, payable quarterly.
- C. Payable from the Elections Department:
 1. The Chairman of the Check List, \$11.95 per day for each day of actual service as Chairman.
 2. Each Supervisor of the Check List, \$11.32 per day for each day of actual service as Supervisor.
 3. Each Ward Moderator, \$12.59, for each election day.
 4. Each Ward Selectman, \$11.32 per day for each day of actual service as Ward Selectman including election day.
 5. Each Ballot Inspector, \$11.32 for each election day.

6. Each Ward Clerk, \$11.95 for each election day, plus the additional sum of \$1.10 for each election return, plus the additional sum of 55c for each juror drawn.
- D. Payable from the Public Buildings Department:
1. Janitor of Fire Station and Opera House at East Rochester, \$222.64, payable quarterly.
 2. Janitor at Fire Station and Public Hall at Gonic, \$222.64, payable quarterly.
- E. Payable from the Rochester District Court:
1. Justice of the Rochester District Court, \$3,720.00, payable in equal quarterly installments.
 2. Special Justice of the Rochester District Court, \$750.00 payable in equal quarterly installments.
 3. Clerk of The Rochester District Court, \$1,500.00, payable in equal quarterly installments.
- F. Payable from the Fire Department:
1. Three Deputy Chiefs of City Proper, Gonic and East Rochester, \$400.00, payable semi-annually.
 2. The Captains of Companies 1, 2, 3, 4, 5, and 6, \$260.00, payable semi-annually.
 3. The First Lieutenants of Companies 1, 2, 3, 4, 5, and 6, \$250.00, payable semi-annually.
 4. The Second Lieutenants of Companies 1, 2, 3, 4, 5, and 6, \$245.00, payable semi-annually.
 5. The Members of Companies 1, 2, 3, 4, 5, and 6, \$235.00, payable semi-annually.
 6. The Clerks of Companies 1, 2, 3, 4, 5, and 6, \$10.00 per year in addition to their compensation as members of said companies.
 7. The Steward of Company 3 of Gonic, \$20.00 per year for his services as Steward of said Company; the Steward of Company 4 of East Rochester, \$15.00 per year for his services as Steward, said sums to be in addition to the compensation already authorized.

Passed September 1, 1964.

RESOLUTION FOR INSTALLATION OF TRAFFIC LIGHT
ON PORTLAND STREET AND COLUMBUS AVENUE

Be it resolved by the Mayor and City Council of the City of Rochester: That a sum not to exceed \$2,970.00 be and is hereby appropriated for the installation of traffic lights on Columbus Avenue and Portland Street, in said Rochester.

Be it further resolved, that said sum be raised by the Finance Committee by means deemed most advantageous to the City of Rochester

Passed September 1, 1964.

RESOLUTION IN RECOGNITION OF
MR. ELERY J. LYNDES

Be it resolved: That the Mayor and City Council in recognition of Mr. Elery J. Lyndes' many years of civic endeavor, do hereby extend congratulations and best wishes to "Doc" for a long and happy retirement from The Rochester Courier.

Passed September 1, 1964.

RESOLUTION TO ACCEPT STREETS
FROM SUNSET ACRES OF ROCHESTER, INC.

Be it resolved by the Mayor and City Council of the City of Rochester: That the City accept Forrest Avenue and a portion of Sun-view Lane in the City of Rochester in that part known as East Rochester as public highway.

Be it further resolved, that the City accept a deed from Sunset Acres of Rochester, Inc., of the above streets as described in a plan of Sunset Acres, dated October 1962, recorded in the Strafford County Registry of Deeds, Dover, N. H., Pocket 3, Folder 3, Plan No. 37.

Passed October 6, 1964

RESOLUTION TO
BORROW MONEY IN ANTICIPATION OF TAXES

Be it resolved by the Mayor and City Council of the City of Rochester: That the Finance Committee be and is hereby authorized to hire in anticipation of taxes a sum not exceeding Two Hundred Thousand Dollars (\$200,000.00), said sum to be hired on notes of the City in such amounts and at such times as it deems the best interest of the City requires.

Passed October 6, 1964

RESOLUTION TO APPROPRIATE MONEY
FOR THE DEPARTMENT OF PUBLIC WELFARE

Be it resolved by the Mayor and City Council of the City of Rochester: That the sum of Five Thousand Dollars (\$5,000.00) be and is hereby appropriated for the Department of Public Welfare to be supplemented to their budget for the year 1964.

Passed November 4, 1964

RESOLUTION TO SUSPEND CHARGING FOR
PARKING METERS DECEMBER 1 THROUGH DECEMBER 24

Be it resolved by the Mayor and City Council of the City of Rochester: That the parking meter ordinance be suspended from

December 1, 1964 to December 24, 1964 inclusive, insofar as it applies to persons depositing coins in said meters for the purpose of parking. The remainder of said ordinance, however, to remain in full force and effect.

Passed November 4, 1964

RESOLUTION TO FINANCE CONSTRUCTION
OF WATER AND SEWER INSTALLATIONS

Be it resolved by the Mayor and City Council of the City of Rochester: That a sum not to exceed \$48,885.68 on water installations and a sum not to exceed \$22,903.53 on sewer installations be and is hereby appropriated to finance the construction of water and sewer installations accepted by the City Council on petitions presented to the Council during the years 1955 to 1964, inclusive. Said sums shall be raised by the Finance Committee by means deemed to be most advantageous to the City of Rochester.

Passed December 1, 1964

RESOLUTION TO TRANSFER BALANCES

Be it resolved by the Mayor and City Council of the City of Rochester: That if found necessary in closing the accounts of the year to transfer from a department where there is a balance to a department where there is a deficit, the Committee on Finance be authorized to make such a transfer.

Passed December 1, 1964

REPORT OF THE DEPARTMENT OF PUBLIC WORKS

*To the Honorable Mayor and City Council of the City of Rochester,
New Hampshire.*

Gentlemen:

I submit herewith my report of the Department of Public Works for 1964.

During the months of January, February, March and December, it was necessary to spend nearly all of our time plowing and removing snow as well as salting and sanding our highways. It was also necessary to cut ice away from the sides of our streets. We used over seven hundred tons of salt and over three thousand tons of sand to maintain our highways in as safe condition as possible.

Our Surface Drains were cleaned in the Spring and Fall to insure disposal of surface water. Drops were rodded where necessary and drop locations were marked on the road so they could be more easily located when snow was on the road.

We started our patching program as early in the Spring as the season would allow and continued patching into cold weather. We hot topped Columbus Avenue and City Hall Parking Lot in addition to surface treating many of our streets in Rochester, East Rochester and Gonic.

Our shade trees were sprayed to combat disease and our parks and common were raked and mowed regularly. We repainted our park benches and placed them in various locations around the City.

We have removed over 70 of our Elm trees and while we set out a limited number of trees this year, it is hoped we may be able to set out many more in the coming year.

This year we have hauled gravel to Betts Road, Four Rod Road, Flagg Road, Estes Road, Evans Road, Hansonville Road, Governor's Road, Old Milton Road, and Chestnut Hill Road. We started to rebuild a section of the Governor's Road.

Our country roads have been graded regularly and our street sweeper has been out each day as weather permitted.

Bushes were cut on Chamberlain Street, Whitehall Road, Salmon Falls Road, Tebbetts Road, Whitehouse Road, Hansonville Road, Chestnut Hill Road, Ten Rod Road, Cagne Street and on Summer Street in East Rochester. Brush killer was used on previously cut over sections to prevent further cutting.

Sidewalks were constructed as petitioned for and our Bridge Rails were repaired on Rochester Neck Road, Oak Street in Gonic and Washington Street. The bridge on Estes Road was replanked this year.

Water Main extensions were completed on Janet Street, Susan Street, Franklin Street, McNeil Drive, Farmington Road, Old Dover Road, Nutter, Birch and Vernon Streets, Maplewood and Pinecrest Ave. and Roulx Drive. We completed laying an additional 12" line from Washington Street to Ten Rod Road as well as connecting the 8" line from Eastern Avenue to Portland Street to improve water service in these areas. This year we laid 1,365 feet of 6", 3,874 feet of 8" and 3,340 feet of 12" cement lined cast iron pipe. Five new hydrants were installed making a total of 445 in the system. Fifty-seven new services were installed and 64 permits to do plumbing were issued. Water samples were sent to the State Board of Health regularly and all reports indicate the continued high quality of our water.

Sewer main extensions were completed on Janet Street, McNeil Drive, Dodge Street, Preston Street, McDuffee Street, Vernon Street, Maplewood Avenue, Pinecrest Avenue, Roulx Drive, Nutter Street, Rochester Hill Road and Foch Street, using 4,106 feet of 6" cement asbestos pipe. Thirty-one new connections were installed, making a total of 3,278 sewer connections.

I take this opportunity to thank Mayor Egerly, members of the Public Works Committee and City Council for their consideration of our various problems. Also, the employees of the Department for their continued loyalty and assistance. It is through this continued cooperation that we are making Rochester a much more desirable City in which to work, play and live in.

Respectfully submitted,

GEORGE C. NADEAU,
Commissioner of Public Works

REPORT OF CHIEF OF POLICE

*To the Honorable Mayor and City Council of the City of Rochester,
New Hampshire.*

Gentlemen:

I have the honor to submit the following report of the Rochester Police Department for the year ending December 31, 1964.

Total Criminal Arrests	377
Total Motor Vehicle Arrests	600
Total Juveniles in Court	61
These cases were disposed of in the following manner:	
Brought before the Court and Sentenced	704
Bound over for Superior Court	29
Bail Forfeited	8
Fined and Appealed	7
Released to other Departments	21
Safekeeping	143
Found not guilty	10
Dismissed	21
Nol Prossed	10
Defaulted	18
Taken to Mental Hospital	6
TOTAL	977

The amounts received from fines may be found in the annual report submitted by the Clerk of the District Court.

Below is a list of all monies turned over to the City Clerk:

Parking Meter Collections	\$ 9,542.03
Parking Meter Fines	1,145.00
Beano Permits	370.00
Pistol Permits	130.00
Copy Machine Receipts	356.00
Bicycle Licenses	326.75
Ambulance Service	2,507 50
Pinball Machine Licenses	280.00
Gas and Oil	1,152.65
	<u>\$15,789.92</u>

Following are the activities of the Police Department for 1964:

Parking violations	4,580
Complaints answered	3,132
Buildings found unlocked	530
Report of street and traffic lights out	185
Payroll and store escorts	802
Funeral escorts	152
Calls for ambulance	254
Aids to individuals	451
Blood relays	77

Warnings given	76
Accident investigations	286
Accidents reported at station	286
Personal injuries in auto	115
Fatalities	4
Suicides	4
Missing persons	48
Missing persons returned	48
Animals taken to Vet	105
Lodgers	156
Autos stolen	27
Autos recovered	26
Articles lost	109
Articles found	113

Society seems to depend more and more on the Police Department for assistance to enable us to live in peace and harmony in today's complex existence. However, with intelligence and the right training, we look with confidence toward the future.

Lieutenant Charles W. Wheeler was appointed Training Officer by the Police Commission in April, 1964, and he has done well in his duties. Every officer has two hours a month in Police Training which has improved our efficiency in police work immensely.

I would, at this time, like to express my sincere appreciation to His Honor the Mayor, the members of the City Council, and to the Police Commissioners for the very fine cooperation and assistance rendered to us during the last year. I also wish to extend my thanks to the members of the Police Department for their loyalty and devotion to duty, and the other Municipal, County, and State Departments for their interest and assistance in dealing with the problems of our organization during the year just ended.

In closing, the Rochester Police Department would like to extend its thanks to all the residents of Rochester, to the press and radio, and to all others who have worked with us during the year 1964. Such cooperation has aided immensely in the performance of our duties.

Respectfully submitted,

ERNEST J. LEVESQUE
Chief of Police

REPORT OF CITY SOLICITOR

*To the Honorable Mayor and City Council of the City of Rochester,
New Hampshire.*

Gentlemen:

I hereby submit my report as City Solicitor for the year 1964.

During the year 1964 only one action was pending against the City of Rochester, this being an action for abatement of taxes, and the action was settled out of court.

The number of cases presented to the District Court has again increased and can be expected to increase yearly in the future. This increase is due mainly to the ever increasing number of motor vehicle registrations.

Most of the land required for the Water Pollution Project has been purchased and the deeds recorded. A few parcels are still pending, and it appears that at least one will have to be taken by condemnation proceedings.

To my knowledge there are no actions pending against the City of Rochester at the present time.

I wish to thank the Mayor, Mrs. Slocum, the department heads, and all of the city employees, for their continued cooperation and help during the past year.

Respectfully submitted,

ROBERT A. CARIGNAN
City Solicitor

REPORT OF CLERK OF THE ROCHESTER DISTRICT COURT

*To the Honorable Mayor and City Council of the City of Rochester,
New Hampshire.*

Gentlemen:

I hereby submit a statement of the condition of the Finances of the Rochester District Court as of December 31, 1964.

CLIFFORD J. GRENIER
Sealer of Weights and Measures

REPORT OF CHIEF ENGINEER OF FIRE DEPARTMENT

*To the Honorable Mayor and City Council of the City of Rochester,
New Hampshire.*

Gentlemen:

I herewith submit my annual report for the year ending December 31, 1964.

There were 408 alarms in the City of Rochester, which consisted of: 82 box alarms and 326 still alarms. These include 35 car or truck fires, 8 engineer's calls, 36 brush fire calls, 1 false alarm in Rochester, 5 false alarms in Gonic and 2 false alarms in East Rochester. There were 18 chimney fires, 33 grass fires, 13 oil burner fires, 69 property fires, 68 miscellaneous calls, 31 smoke scares or honest mistakes, 56 first-aid, accident or emergency calls, and 21 second alarms or calls for more help. There were 12 special signals transmitted this year.

Among the special signals there were 3 for no school in Rochester, 5 Permanent Men's calls in Rochester, 2 no school signals in East Rochester and 2 no school signals in Gonic. There were 16 fire calls in East Rochester and 28 fire calls in Gonic and 5 out-of-town calls, which are all included in the above summary.

Below are the figures on buildings and contents involved in fires in 1964:

Estimated value of buildings	\$8,213,500.00
Insurance on same	8,167,800.00
Estimated loss	54,107.50
Insurance paid	40,607.50
Estimated value of contents	\$4,859,660.00
Insurance on same	4,815,985.00
Estimated loss	35,795.00
Insurance paid	33,007.50

At this time I wish to express my appreciation to His Honor, the Mayor, members of the City Council, the Committee on Fire Department, the Police Department, the Board of Deputies, members of the Fire Department, and to all other persons who have rendered us help throughout the year.

Respectfully submitted,

RALPH G. SEAVEY
Chief Engineer

YEARLY REPORT OF BUILDING INSPECTOR

To the Honorable Mayor and City Council of the City of Rochester:

REPORT OF THE ROCHESTER PLANNING BOARD

For The Year 1964

*To the Honorable Mayor and City Council of the City of Rochester,
New Hampshire.*

The Planning Board held its regular monthly meetings on the second Tuesday of each month.

Councilman Paul Lamie was appointed by the Mayor to represent the City Council's interest.

In February, the Planning Board endorsed the actions and efforts of the Rochester Housing Authority under the Chairmanship of Mr. Burton R. Tibbetts. The Chairman of the Rochester Housing Authority endorsed the petition of the Planning Board in their attempt to secure sufficient funds for the hiring of a qualified Planning Director.

In March, the Board recommended to the City Council that the so-called Railroad Engine House land, the John J. Boivin land, and the Weymuss B. Scott land bordering Upham and Knight Streets, be rezoned from Residential to Industrial 2. The City Council approved the proposal at its July 7 meeting.

At its August 10 meeting, the Board recommended that the William Desmarais and the Ephriam-Cecile Lavoie properties and certain other lands bordering the Chestnut Hill Road and Spaulding Turnpike be rezoned from Agricultural to Industrial 2. The City Council approved the proposal at its September meeting.

In November, the Board endorsed the extension of the Spaulding Turnpike to connect with Route 202 in the vicinity of the Salmon Falls Road, East Rochester. Controlled Access was requested by the Planning Board to make the adjoining lands available for Industrial Development. The Planning Board initiated this proposal in 1961 to New Hampshire Highway Commissioner John Morton.

At its December meeting, the Board voted that the City Council consider supplying the Planning Board with a Qualified Planning Director for the year 1965 so it would be better able to fulfill its responsibilities.

During the year, the Planning Board acted on all land development proposals submitted, and attempted to uphold all laws that were applicable.

1964 Budget	\$100.00
1964 Expenditures	80.00

Respectfully submitted,

HERVE E. LAGASSE, *Chairman*
RICHARD E. GARNSEY, *Secretary*
PAUL LAMIE, *Councilman*

DENNIS BRENNAN
 ABBOTT R. JONES

 JOHN G. TORR
 STEPHEN J. SLEEPER, *Building
 Inspector*

REPORT OF OVERSEER OF PUBLIC WELFARE

Year — 1964

*To the Honorable Mayor and City Council of the City of Rochester,
 New Hampshire:*

The amount of \$44,300.00 was appropriated for the Welfare Department plus an additional amount of \$5,000.00 for the year and the following shows the breakdown of expenditures:

Direct Relief — appropriation	\$27,600.00
This was expended for 71 cases during the year in the amount of	\$11,382.20
For board and care of children and adults	12,902.22
For veterans cases	3,838.85
Reimbursements for year	171.96
Old Age Assistance — appropriation	\$21,700.00
Amount of city's share expended	21,556.82
Amount reimbursed during year	445.93

Respectfully submitted,

LEO E. BEAUDOIN
 Overseer of Public Welfare

REPORT OF THE RECREATION AND PARKS COMMISSION

Rochester, New Hampshire

1964

*To the Honorable Mayor, City Council and Citizens of the City of
Rochester, New Hampshire.*

This report is dedicated as a tribute to the hundreds of people from all income brackets that give of their time, money or both to promote and build the recreation programs in Rochester. No recreation department can expect to receive enough money through taxes to provide all the facilities and equipment necessary to satisfy the requests of the people. This is good because the people want recreation and will work and spend to have it. They do need permission of the council on many projects, but still find many worthwhile programs that they can accomplish without this certification. If the recreation volunteers were paid a minimum wage and the total money raised or contributed by them was counted, it would astound you. As leisure time increases the people will continue to demand more facilities. It is up to this department to find ways of providing them.

It has been my intention from the start to put programs on a self supporting basis and to spend what money was available for permanent facilities that would last for years. A survey of playground equipment will show that a swing or slide seems expensive, but when the life span is noted and the number of children that have used them in twenty years, the cost is negligible. Rochester spends less for programs than any city in the state, approximately one thousand dollars a year. Our midget football league spends more than this for uniforms and equipment in one three month season. Our swimming pool, now nine years old, has been slandered and cursed but we still find an average of five hundred daily attendance and our swimming lessons continue to bulge at the seams. Our programs offer a span from midget to adult in all major sports which few cities can boast. No request for program is ignored and we have started many with only five or ten people that have grown to worthwhile activities.

Our programs are ameliorated constantly to meet changing times. The council and public must cooperate and have faith in each other. In this way we will build facilities that will encourage industry and new residents to enjoy our fine city. Let us continue to work together in harmony for the good of all.

In showing appreciation to the people, we must not neglect industry, clubs, merchants, newspapers, radio and groups that donate to so many of our activities. We are able to save much in this department due to the fine cooperation with the school and public works departments. I am pleased to report that this is a unique situation and one that we should be proud of. It is an honor and a privilege to work with the citizens of Rochester.

IMPROVEMENTS:

Hot top and fence around wading pool
 Hot top back courts of center tennis area
 Hot top under shade house area
 Hot top under apparatus and benches at Pines
 Reconditioned giant wave and other equipment
 Reconditioned set of portable bleachers
 Improved Spaulding Field and Little League baseball fields
 Blue Hills Ski Club developed slope at area and put in tow
 Chain link fence on foul lines at Little League field
 Constructed a building at the Common to make area more attractive on entering city and for programs
 Continued clean up work in Pines
 Roadside clean up beyond and around hockey rink
 Purchased used Jeep plow for rinks and maintenance
 Lighted skating rinks more efficiently at Gonic, East Rochester and Common
 Cleaned, repaired and painted tennis courts in school area
 Pruned and cleaned area in back of Spaulding Field
 New roof on dugouts at Spaulding field
 Stone dust around dugouts and backstop at Spaulding Field
 Most important:
 Hired a full-time Recreation Leader, Gerald Gilman

NEEDS:

Recreation site in Gonic and an association for residents
 Tennis court in East Rochester
 Develop a planned program for Sunset Village
 Build bathhouse at pool and beautify area in front of pool
 Complete Common building and landscape
 Continue surfacing program in front of Hanson Pines
 Continue work in Hanson Pines
 Resurface two tennis courts

Respectfully submitted,

BERT D. GEORGE,
Superintendent
Recreation and Park

ACCOUNTANT'S REPORT

*To the Honorable Mayor and City Council of the City of Rochester,
New Hampshire.*

Gentlemen:

I have, in accordance with the provisions of the City Ordinances, examined the financial accounts and budget operations of the City of Rochester for the year ended December 31, 1964. The results are as follows:

FUNDED DEBT	
Retired:	
General Fund	\$205,662.54
Water Fund	25,660.40
	<hr/>
	\$281,322.94
Issued:	
General Fund	65,598.53
Water Fund	48,885.68
	<hr/>
Decrease	114,484.21
	<hr/>
	\$166,838.73
	<hr/>
CHANGE IN CURRENT FINANCIAL CONDITION	
Surplus, December 31, 1963	\$ 46,440.20
Surplus, December 31, 1964	55,032.98
	<hr/>
Increase	\$ 8,592.78
	<hr/>

The Rochester Water Works shows a decrease in Revenue Surplus of \$29,316.76, bringing the balance of the Revenue Surplus to \$188,231.36.

Respectfully submitted,

JACK H. YUILL
City Accountant

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Rochester:

I submit my second report as Superintendent of Schools of Union No. 54. The following list indicates the administrative activities for the period from January 1, 1964 to December 31, 1964:

School Visits	346
Regular School Board Meetings	12
Special School Board Meetings	1
School Board Committee Meetings	109
Teachers' Meetings	5
Speaking Engagements	11
Conventions and Conferences	6

The new teachers hired for the school year 1964-65 were as follows:

Elementary Grades 1-6

Elizabeth McIver
 Mary Ann Hartigan
 Benjamin Prescott
 Lorraine Roller
 Constance Griffin
 Marcia Hodgdon
 Thelma Collins
 Sara Yarrington, Spec. Class
 Constance Barden, Spec. Class

Junior High School 7-8

Thomas J. Burns, Supv. Principal
 D. Peter Antonoplos, Guidance
 Director, 1-8
 Otto Oleson
 Crethel May
 Margaret Buckley
 Patrick Reidman
 Harold Sanborn
 Sandra Shemeld
 Gloria Robinson
 George Cote

High School

Susan Belding
 Leon Briggs, Guidance Director
 1-12
 Paul Brown
 Gene Fleming
 Malcolm Glidden
 Franklin Gould, Jr.

Janet Keefe
 David Ofner
 George Peavey
 Paul Raynes
 Rebecca Schuyler
 Robert Varney
 Sandra Lucian, Band

No attempt will be made here to outline in detail the various aspects of the educational program. The reports of the administrative staff will give specific information with regard to the status of the Rochester schools. The intent of this report is to present the general scope of the enterprise with hope that this will further our understanding of the school situation.

Although the School Board sets policies and direct the administrators within the limits of the School Laws of the State of New Hampshire, the ownership of this enterprise rests with the citizens of Rochester. Along with this ownership, there is a responsibility to invest in the kind of education which will produce good future citi-

zens. This responsibility costs money, but it is an investment we can ill afford to ignore. For it is the purpose of our school system to provide such opportunities that our young people may develop to the full extent of their ability, and become responsible, contributing citizens of our community, State and Nation.

There is no question that the educational program in Rochester has improved. The curriculum has been expanded in that there are more offerings than ever before. Guidance has been expanded with additional personnel. A complete comprehensive Junior High School is now in operation. The addition of the Allen School, new instructional methods, designed to increase pupil understanding, are used by teachers. Up-to-date teaching and learning aids provide for enrichment. The program has also undergone organizational changes in order to provide maximum utilization of staff and school plant. Such devices as homogeneous grouping, departmentalized instruction, dual track secondary program of studies, and various special services have been utilized to meet student needs.

With generosity of the Spaulding-Potter Charitable Trust, I proudly report that we were able to establish the first evening adult credit school in the State. I feel this program has been of a great value to the community and as of this writing it is expected that four or five students will receive their high school diploma this June.

Better than fifty percent of the teaching staff have participated in workshops in math and music, and more than fifty percent have improved their educational background by attending extension courses at the University of New Hampshire and Boston University. Many plan to attend summer school this year.

Indicating that progress has been made in our educational program does not imply that our school system has no areas of need.

The Chairman of the School Board has appointed from the School Board membership a committee to study the future needs of the schools. The report from this committee should be ready some time in the Fall of 1965.

It has been recommended by the State Department of Education that we should be working toward having courses in Art and a teacher-librarian for the Junior High School.

I wish to extend to the School Board, the City Council and members of the Allen School Building Committee, my sincere appreciation for their fine cooperation and the many long hours that they devoted to the task in carrying through their responsibilities with foresight and conviction in what is good for the children, school personnel and citizens of their community.

The PTA have been most helpful, as have the numerous civic and social organizations, the fire department, police department and highway department, also the cooperation of the Rochester Courier, The Foster's Daily Democrat, Manchester Union Leader and radio stations WWNH and WTSN.

I wish to commend all school personnel for their cooperation and devotion to education and the assistance they have given me.

Respectfully submitted,

ALFRED W. THOMAS
Superintendent of Schools

SCHOOL CALENDAR

September 1965 — June 1966

	Month	No. of Days
FIRST QUARTER (46 days)		
Starts Sept. 8, closes Nov. 12	September	18
	October	19
	November	9
SECOND QUARTER (47 days)	November	13
Starts Nov. 15, closes Jan. 28	December	14
	January	20
THIRD QUARTER (50 days)	February	15
Starts Jan. 31, closes April 15	March	25
	April	10
FOURTH QUARTER (39 days)	April	5
Starts April 18, closes June 17	May	20
	June	14

HOLIDAYS AND NO SCHOOL DATES

September 7	Teachers' Meeting
October 15	Teachers' Convention
November 11	Veterans' Day
November 25, 26	Thanksgiving Recess
December 24, January 2	Christmas Vacation
May 30	Memorial Day

This calendar is subject to changes authorized by your school board, the State Department of Education, or when school is closed because of dangerous traveling conditions, or emergencies. The minimum legal requirement is 180 days actually in session. Attendance by teachers at the State Teachers' Convention will not qualify those days to be counted as school days. If more than two days are lost, time will be made up on the Saturday following the day lost.

Teachers are required to be in the Rochester Schools on Organization Day, September 7, and until work for closing the school year is completed in June.

REPORT OF THE AGENT OF BUILDINGS

To Mr. Alfred W. Thomas
Superintendent of Schools
Rochester, New Hampshire

The towers at Spaulding High School were scraped and painted where the paint has started to peel. The front entrance also was painted. New locks and exit devices were put on the rear doors of the Spaulding gym and Cafeteria rear entrance, new flourescent lighting has been installed in the Cafeteria to raise light intensity to State standards. The bleacher seats on the Athletic Field were also painted.

At Maple Street School the exterior was completely painted. The first and second floor corridors were painted and tile was replaced on the first floor. New electric clocks were installed in all the classrooms at Maple Street.

East Rochester School chimney was repaired, a closet bowl replaced and additional lights were installed in the toilet rooms.

At Gonic School a practical and attractive kitchen and multi-purpose room was built in the basement. A new maple floor was laid in one classroom.

The upper exterior walls of the multi-purpose room of McClelland were caulked and waterproofed.

The Allen School was completed and equipped ready for opening day of school.

Rochester Junior High School was prepared to receive the seventh and eighth grades with some new furniture. An extra electric power line from a distribution panel to the shop, for machines that came from Spaulding High School, was installed. New drapes were hung at the windows of the Home Economics room for accoustical effect, privacy and light control. A panic type exit device was installed on the rear shop door.

Flag poles at all schools were painted. To aid and speed up grounds work, a Clark tow tractor was purchased from government surplus. A five foot snow blower and used gang mower have also been purchased to use in conjunction with the tractor. Through the combined efforts of the Athletic, Recreation and School Departments, the baseball diamond has been put into excellent condition. All buildings had roof checks, and repairs made where necessary.

In addition to these improvements, the regular maintenance program of building and equipment care and service has been well attended by the custodial staff.

Respectfully submitted,

WINFIELD G. FERNALD
Agent of Building

REPORT OF THE JUNIOR HIGH SCHOOL PRINCIPAL

Mr. Alfred W. Thomas
Superintendent of Schools
Rochester, New Hampshire

It is indeed a pleasure to report to you that the opening of Rochester's first Junior High School was a rewarding experience. The citizens of this community are to be complimented for having recognized the particular needs of young adolescents by setting aside a special building for this purpose.

In the planning and implementation of the Junior High School program of learning, certain principals are kept foremost in our minds:

1. Provision was to be made for pupils to assume increasing responsibility for making decisions and seeing to it that their plans are carried out.
2. To have the students increasingly share in the determination of the goals to be achieved by each learning activity.
3. To provide varying levels of instruction to pre-arranged ability groups in such a manner as to challenge all students in a setting where success is attainable.
4. Help students to gain an understanding of the varying socio-economic values systems they are becoming aware of, and assist them in developing a more consistent value system of their own.
5. To provide activities designed to help young adolescents deal with problems that are unique to their age group.

The schools opened in September with an enrollment of 454 students; 238 seventh graders and 216 eighth graders. As of June first, the number of transferring and departing students has surpassed the number of incoming students, thus lowering the total to 450. To date the attendance has been as follows: Grade 7, 95.6%; Grade 8, 94.5%, total school attendance 95.1%.

The Junior High School has been sectioned off by departments having three teachers in each of the five major areas. Each teacher has their own homeroom and remains in that classroom for all classes. The students are mobile throughout the building. The students took a while adjusting to this new method of education (especially the incoming 7th grade), but soon settled in and now readily accept having seven different teachers each day.

In both grades there are seven divisions, all of which are ability grouped. With this basic structure a three track system (standard, advanced and accelerated) has been established. The system is working well. The teachers feel that they are accomplishing more in each class because of the students' academic similarities. Due to the large enrollment in the seventh grade, however, our flexibility to rearrange

students according to their changing abilities is greatly limited. Five of the seven seventh grade sections are filled to capacity with 35 students in each section.

A need to further organize each department and thus better coordinate instruction was accomplished when Department Heads were appointed to each of the five areas. At present they are supervising the major project of developing a three track program of studies in their respective departments.

To make better use of the library facilities, student librarians were trained in library procedure. As a result, the library is open to classes and study hall students throughout the day.

We not only have a fine conscientious faculty concerned with the learning processes of the junior high students, but one which is interested in offering their services and talents outside of the academic realm. As a result, the following extracurricula activities were in operation this year: intramural soccer, intramural and interscholastic basketball, a cheerleading team, pep club, school newspaper, science club, band, glee club, science exhibit, spelling bee contest, essay contest, industrial arts and home economics exhibit, school dances, school plays, movies, and a class field day.

It pleases me to make noteworthy, the fact that with most of the aforementioned activities the faculty members have stepped forward to take on these extra duties voluntarily. They are helping to make this school more than just a place where supervised learning takes place.

As principal, I would like to add a few words of appreciation to you and Mr. Gilman for your help and leadership. It has been a pleasure working with the administration, Mr. Antonoplos, school nurses, the school secretaries, cafeteria and custodial departments. All of these efforts combined have helped to make this school year both successful and enjoyable.

Respectfully submitted,

THOMAS J. BURNS
Principal

REPORT OF THE HIGH SCHOOL PRINCIPAL

1964-1965

The school year of 1964-1965 was, in many ways, a significant one for Spaulding High School. This was our first year of operation as a 4-year secondary school unit. The change from a 5-year unit not only relieved our crowded conditions to a large extent but also made possible many educational advantages for both the junior and senior high school groups. It brought about an advantageous room grouping by subject disciplines. It has, as well, provided more opportunities for correlation between the subject areas and greater opportunity for in-service work and supervision by the various department heads. Our new time schedule with the advanced starting time and three-lunch-period noon schedule is working well. School lunch participation has increased. It is felt that a separate time schedule with earlier starting and closing hours would be advantageous in the high school providing transportation arrangements could be made.

The school year of 1964-1965 also marked several program changes of significance. These were incorporated after an extensive study within the departments and conferences with members of the State Department of Education. Among these changes were additions to our program of physical science, electronics II, bookkeeping II, French IV, speech, appreciation of the arts, world history and general mathematics II. We also offered biology in both general and college-preparatory groups, added health education courses for physical education girls' classes biweekly and extended boys' physical education through grade eleven.

Next year's program will include as a new offering, German I. Biology will be a required subject for grade ten pupils and will include a complete health unit. The materials in this unit will be coordinated with the present offerings in physical education and will be supplemented by materials presented by the school nurse and doctor.

Another significant change during the past year was the addition of guidance personnel, which for the first time enabled us to approach the state recommendation in this area. We also were able to reduce the English teaching load which made possible our first venture in the realm of remedial reading. The remedial groups are screened by the Guidance Department, and classes are conducted by members of the English Department. A more extensive use of audio-visual materials has been made in many classes. Our main program is carried on in the auditorium and is supplemented by the mobile unit and the overhead projector.

An allied educational venture of which we are proud is the operation of a New Hampshire first, our credit-bearing, diploma-granting evening school division. This project was made possible through the cooperation of our school board, the State Department of Education and the Spaulding-Potter Charitable Trust. A great deal of work was done by local school officials, and the contribution of local news media was invaluable. It is expected that five pupils will receive

high school diplomas through this program in June. This statistic alone will indicate the significance of our program which has been favorably received state-wide. This program is separate from and in addition to our regular evening classes.

During the year members of the staff or administration have worked with administrative associations on the national, state, and local level, the New Hampshire Interscholastic Athletic Association (NHIAA), the New England Association of Colleges and Secondary Schools (NEACSS), state and local groups in guidance, science, mathematics, homemaking, language and industrial arts, and area groups in other subject fields. The majority of our staff are taking or have taken courses recently. Several teachers are planning to attend summer institutes. During the course of the year lay or professional personnel have been utilized in the departments of social studies, science, foreign language, business and guidance. We have worked with four practice teachers during the second semester. Our policy of limiting student subject teachers to those available for a full semester eliminated other applicants. Recent additions of a professional library and a paper book sales service have been popular.

Due in large part to additional guidance personnel, we have had an unusually large number of school applications to process, with, considering the overload on post secondary schools of all types, satisfactory results. Our additional secretarial help has made possible prompt attention to this increasingly complicated process. Following is a partial list of schools and colleges which the graduates of Spaulding are now attending or to which they have been admitted.

University of Southern California	New Hampshire School of
University of New Hampshire	Accounting and Finance
University of Connecticut	Gorham (Maine) State
University of Vermont	Bates College
California State College	Pratt Institute
Bentley College	Tufts College
Endicott Junior College	Ricker College
Massachusetts Institute of	Massachusetts College of Pharmacy
Technology	McIntosh Business College
Smith College	Rhode Island School of Design
Wellesley College	Birshire Christian College
Wheaton (Illinois) College	Northeastern
Boston University	Chamberlayne Junior College
Colorado State College	Champlain College
Plymouth State College	Salem College
Keene State College	Stenotype Institute of Boston
Gordon College	East Coast Aero-Technical School
Fairfield College	Greenmountain Junior College
Franklin Institute	Forsyth
Wentworth Institute	University of Arizona
New Hampshire Technical	University of Colorado
Institute	Pierce Secretarial School
New Hampshire Vocational	Northrop Institute of Technology
Institute	American International College
	Quinipac College

Although records of graduates attending post secondary schools are not always forwarded, we have been informed that we have dean's-list or honor-grade students at the following schools:

Massachusetts Institute of Technology	Smith
University of New Hampshire	University of Maine
University of Vermont	Plymouth

Co-curricular activities continue to play an important part in our overall school program. Our interscholastic teams have performed creditably within their respective classes, especially considering the fact that we are one of the smaller schools among the Class L contenders and Division II participants. The interscholastic program has been supplemented by an expanded intramural program which is operated in grades 7-12 under the supervision of the Director of Athletics. Personnel from Spaulding have been instrumental in forming the new Southeastern New Hampshire Debate League which will commence operation in the fall. Our Mathletes are consistently near the top in the Southeastern Mathematics League. We are active competitors in the State Drama Festival, the State Music Festival and the New England Music Festival, having a record number of participants in the latter groups. Among our other activities which provide valued leadership, social and educational opportunities are the National and Junior Honor Societies, Classical Club, Science Club, Masque and Dagger, Cheerleaders and Pep Club. The Industrial Arts Department, the Homemaking Department, and many of the clubs have participated in a variety of community projects.

Our literary magazine, the Red and White, will be published two, rather than three times next year, which we hope will balance this budget item and reduce the load on the Student Activity finances. This publication provides an exceptional opportunity for student experiences in editorial, literary and poetic expression. Our yearbook, the Triangle, continues to be among the leaders in yearbooks country-wide. The learning experiences these publications offer are an extremely valuable part of our overall curricular program.

This year for the first time, we expect to graduate over two-hundred pupils. This represents an increase of approximately twenty-five percent over 1964. It is expected that the normal community population increase plus higher retention rates, will result in still further increases in the near future.

Our two-year evaluation report was sent to the NEACSS in May. It was a pleasure to report on the many improvements we have made, which include in part some of the items mentioned in the previous paragraphs. Although real progress has been made, there remains much that should be accomplished prior to our five-year report, due in 1968.

The 1964-1965 year at Spaulding High School has been a productive one.

Once more it is my pleasure to thank the school and city officials for their cooperation and support.

Respectfully submitted,
HARRY GRIERSON
 Principal

REPORT OF THE SPAULDING HIGH SCHOOL GUIDANCE DEPARTMENT

1964 — 1965

Mr. Alfred W. Thomas
Superintendent of Schools
Rochester, New Hampshire

During our first year of full time guidance and counseling operations, we have strived to live up to our stated philosophy as Spaulding High School guidance counselors. This philosophy reminds us that students develop and mature with the help of the family, the school and the community. Because of the nature of students, the pressures on them to conform, the attitudes of many adults towards adolescents and the inevitable evaluative aspects of various relationships the student experiences whether with adults or peers, today's adolescent seldom has an opportunity to view himself clearly, honestly and without need to protect and defend himself. As counselors, we have dedicated ourselves to follow this philosophy to assist our students in balancing the influences of the home, the school and the community to achieve a good education so that he might find a proper place for himself in society.

Thanks to the outstanding cooperation and assistance we have received from you and your staff, Dr. Grierson and his staff and faculty, our students at Spaulding and their families, our School Board and other community officials, and, in fact, the community in its entirety, we believe that our efforts have had some success.

In carrying out our student counseling and guidance responsibilities, by the end of June we will have completed either some form of group or preferred personal contact with each one of our students. In many cases, our student contacts have been extended to their families whenever the best interests of the students so indicated. These contacts cover assisting the students to understand and accept themselves as individuals, in furnishing them with personal and environmental information regarding their plans, choices or problems and in seeking to develop in them a greater ability to cope with and solve problems along with an increased competence in making the decisions and plans for which he and his parents are responsible.

As far as our responsibilities to student appraisal are concerned, we have established and maintained files of meaningful information on all students, along with continuing organization and accumulation of supporting data. All students in all grades have been tested through our use of such testing instruments as the UNH freshmen test battery, the Statewide Sophomore Testing Program, the Junior National Merit Scholarship tests, the Preliminary Scholastic Aptitude Tests, the College Entrance Examination Board Tests, the American College Tests, the State Department of Employment Security General Aptitude Test Battery, U. S. Civil Service and Armed Forces tests, the Junior Engineering Technical Society tests and specialized individual tests. Test

results have all been received within the current school year for the first time and their evaluation and interpretation to individual students and their parents as well as those professionally concerned with the students is a continuing process.

Helping students with their educational and occupational planning ideally begins before they enter their freshman year in high school. Thanks to Mr. Burns and Mr. Antonoplos at our Junior High School, at least the eighth graders entering here from there this coming Fall have been most effectively guided and scheduled. Educational and occupational planning continues daily with students from all classes, culminating with graduation in the majority of cases. Our present seniors, for instance, are about to find where this planning has lead them. From our graduating class of over 200 students, we are expecting the following results as far as their post secondary plans are concerned: 1 girl to post graduate work at Spaulding, 1 boy to the Job Corps, 1 boy and 1 girl to pharmacy schools, 2 boys to college preparatory schools, 2 girls to Civil Service, 2 girls to Keene State College, 1 boy and 2 girls to art schools, 3 girls to junior colleges, 3 girls to X-Ray Technology training, 5 girls to beauty schools, 5 boys and 1 girl to various trades schools, 6 girls to RN hospital training, 6 girls to LPN hospital training, 3 boys and 3 girls to Plymouth State College, 6 boys to NH Technical Institute, 10 boys to NH Vocational Institute, 9 boys and 7 girls to the Armed Forces, 18 boys and 2 girls to four year colleges out-of-state, 4 boys and 17 girls to business colleges, 24 girls and 9 boys to the local area work force and 20 boys and 17 girls (includes 4 boys to the Thompson School of Agriculture) to the University of New Hampshire. This leaves about 15 boys and girls who have as yet made no decisions and with whom we are continuing to consult.

All classes, of course, are continuing to receive the benefits of arranged personal contacts with representatives from all categories of post secondary schools, from industry, from the Armed Forces and from other state and federal agencies such as the N. H. State Department of Employment Security and the U. S. Office of Economic Opportunity. Our most recent liaison has been with the U. S. Department of Labor in their recruitment of high school sophomores, juniors and seniors for summer work in our country's crop cultivation and harvesting programs. Continuing results are also being obtained in our efforts to place students in suitable part time work experiences in our community.

In the numerous instances where our students have needed help beyond our school resources, we have aided them in transferring to other schools (5 of our students, for example, will start in the Fall at the Dover Area Vocational School) and in referring them to mental health facilities, blind and vocational rehabilitation services and local welfare agencies. We have been assisted greatly in our efforts to identify students with special needs and problems by a highly cooperative faculty with whom we have frequent consultations.

To help our faculty and ourselves in the improvement of our professional stature, we were instrumental in laying the foundation for a school professional library.

Always aware of the need for improvement in our counseling and guidance services, we have taken full advantage of opportunities for additional schooling, other school visitations, workshop participation in testing practices and school admissions processes and frequent attendance at counseling and guidance gatherings. During the latter conferences, we have participated in such projects as the completion of an area pilot study on school dropouts which has every chance of becoming a statewide project and in the securing of membership for our New Hampshire Guidance Council in the national American Personnel and Guidance Association.

Highlights in the carrying out of our obligations to our community have been our participation with the Chamber of Commerce in the holding of a Career Night for students and their parents, speaking engagements at civic gatherings, participation in the establishment of the Rochester Chapter of the Dollars for Scholars community effort to help deserving students and aid to local community efforts to provide other financial help to students.

Becoming part of the school budget for the first time as a separate school department, we anticipate the improvement of our counseling and guidance services to our school and community through the proposed expansion of our resources and facilities.

Respectfully submitted,

LEON A. BRIGGS
Director of Counseling and
Guidance

May 21, 1965

REPORT OF THE SCHOOL HEALTH PROGRAM

To the Superintendent of Schools:

The school health program occupies an important place in the educational effort of a school system. We are striving to assist the students in developing and maintaining a state of maximum health. The following paragraphs will summarize some of our activities as school nurse-teachers.

An immunization program was initiated this past year. All pupils were offered the opportunity to have Trivalent Oral Polio Vaccine. Three thousand two hundred and forty-eight doses of the vaccines were given in November and December. The second dose of vaccine will be given in February. During the coming school year the program will be concerned with the immunizations for diphtheria, tetanus, and whooping cough. Dr. Richard Roy, School Physician, is the consultant for this project.

A testing program for the detection of tuberculosis was carried on in May and June of 1964. The Volmer Patch Test was offered to pupils of grades 2, 5, and 8. The children who showed a reaction to the test were x-rayed and examined. The skin testing is to be done in all grades in the spring of 1965. This serves as a survey of the entire community. If there are numerous reactors to the test among the school populations it means that tuberculosis is prevalent in the adult group.

Visiting days for the incoming first graders were held during May. The children were invited to spend a day in the classroom to become acquainted with the school personnel and their classmates. Physical inspections were made by the nurses. The children enter school much better prepared because of the activities of the pre-school conference day.

The children with speech defects are privileged to have the services of a therapist each week. Mrs. Ruth Cullinane, from the Portsmouth Rehabilitation Center, has accomplished much in her work with these students. It would be desirable to extend this service to more children by adding another day to the therapists time. At present, she is working with about half of the children who show a need for such treatment.

The pupils of grades one, four, seven, and ten were examined by Dr. Richard Roy. He was assisted with the examinations in the parochial schools by Drs. John L. Hartigan, Alexander Smith, and Norman Mireault. The defects found by the doctors are reported to the parents by the nurses. Dr. Roy is available as a health consultant at all times.

The nurses have been able to do more work in the area of health education. The schools have been provided with excellent materials on numerous phases of this subject. The Proctor and Gamble Company provided the school with a dental health program. It was presented

to the children by the teachers with the cooperation of all local dentists and the school nurses. There was considerable interest stimulated in dental care as a result of the fine presentation of the material.

Our schools are fortunate in being able to utilize the facilities of the Stafford Child Guidance Foundation for the care of the emotionally disturbed children. Mr. Walker Wheeler, Psychiatric Social Worker, acts as a consultant to the school personnel. He visits the schools bi-weekly and can be called at any time to assist in the handling of problem cases. The citizens of Rochester should be very grateful that the services of a child guidance clinic are available in this vicinity.

The routine health inspections and services, such as, vision screenings, weighing and measuring, hearing tests, dental inspections, first aid, and follow-up work were carried on by us. We have endeavored to concentrate on the work in areas which will provide the students the best health service possible in our present set-up.

The needs of many children from underprivileged families are financed by local charitable organizations. The members of the various clubs should be commended for their generosity to the less fortunate children in our community.

We want to thank the superintendents and the teachers for the cooperation we have received during the past year.

Respectfully submitted,

NORA C. SCAHILL
