BURNING REGULATIONS

TO REPORT A FIRE DIAL 483-2521

The State of New Hampshire requires that written permits be obtained for all open fires at all times when the ground is not snow covered.

Permits may be obtained from the Forest Fire Warden, Mr. Richard Rolfe, for grass, brush, campfires, etc. Permits must be obtained on the day burning is to be accomplished.

Burn when there is no wind, on rainy days and damp days, in a safe place and in accordance with the terms of the permit. Burn before 9:00 A.M. and after 5:00 P.M. Keep some buckets of water close by; if wind develops, promptly extinguish the fire. All fires must be extinguished before you depart the scene.

PARKING DURING SNOW STORM

- A. From November 1 to April 1 of each year no person shall park any motor vehicle on any public highway between the hours of 11 p.m. and 8 a.m. or at any other time in such a manner as to impede snow removal operations.
- B. Any vehicle parked in violation of section A hereof may be towed by the road agent, the chief of police or their agents or by independent contractors engaged by the road agent or the chief of police; any vehicles so towed shall be stored and released to the owner only upon payment of the cost of towing and storage by the owner.
- C. Any person violating section A hereof shall be subject to a penalty not to exceed twenty-five dollars for each offense.

DOG ORDINANCE

- A. **RESTRAINT:** All dogs shall be restrained from running at large within the limits of the town, except when they are on the owner's or keeper's property or being used for hunting or training purposes.
- B. **PENALTY:** Any person or persons, firm or corporation violating any provisions of this ordinance shall, upon conviction, be fined not more than fifteen dollars (\$15.00) for each offense.

FROM YOUR REPRESENTATIVE TO THE GENERAL COURT

This report is made after having served you in two capacities during 1974, as your representative to the 1974 special session of the legislature and as your delegate to the Constitutional Convention of 1974 held every 10th year.

In each of these capacities I tried to give careful consideration to the principles of home rule, efficiency and economy in Government when critical legislation was under discussion.

It pleases me to receive your phone calls, letters and most of all to have personal chats with you to find out your feelings pertaining to matters of legislation which would have a bearing on your well being and wallets. Each comment or note was given careful consideration.

I am further pleased that Mrs. Wilson of Candia, N.H. and Mr. Benton of Chester, N.H. will be serving in the 1975 session also representing Auburn, Candia & Chester in the Legislature.

The three of us have had many discussions and think very much alike on the important issues.

We will be joining the legislature in the 1975 session, and will be pleased to talk to anyone at anytime.

Roy W. Davis, Representative

AUDITORS' CERTIFICATE

We have examined the accounts of the Selectmen, Treasurer, Tax Collector, Town Clerk, Library Trustees, Trust Fund Trustees, Highway Agents, Cemetery Trustees and Forest Fire Warden for the year ending December 31, 1974 and find them correctly cast with proper vouchers for all disbursements.

Library hours are on Friday from 2:30 to 4:30 P.M. Beginning April 1st through November 1st the library is opened from 10 to 11:30 A.M., an additional hour and a half.

The "Friends of the Library" group was formed in the Spring to help the librarian in various projects that were started. One of these projects is the Children's Hour which is for children ages 3 through 6 years. Various adults participated in the reading and crafts taught to these children. This was a complete success and will be continued.

A major undertaking was the complete painting and redecorating of the interior of the library by the Friends of the Library. Several businesses contributed towards new equipment and the monies collected was put towards paint, curtains and crafts that were used by the children.

If requested books are not on our shelves they may be ordered through the State Library.

 Denise Allain
 Librarian

REPORT OF THE TRUSTEES

As you probably know, our library and museum was broken into twice in 1974. We are happy to tell you that the responsible parties have been apprehended and some of our items have been located. However, many of the valuable and irreplaceable items are still missing. The Trustees sincerely regret that this has to be our report. We are doing everything in our power to make our library and museum safe for the many articles that we still have. If you have an item that has historical significance to Auburn and would like to share it with your neighbors, the Trustees would be glad to accept it for the museum. However, we reserve the right to refuse any item which, in our opinion, does not have a place in our small museum.

We are planning some changes in our museum in 1975. We are in hopes that the improvements will make the museum a safer place for our relics of the past.

The Police phone number is 483-2922 and should be used instead of the individual officers' numbers during emergencies in order to get quicker response. The Rockingham County Dispatch number is 1-800-582-7177 and is toll-free. State Police number is 1-271-3636 and State Police Emergency number is 1-562-8282.

The Police Department members thank the townspeople who have assisted the police at the scenes of accidents and in other ways during the past year.

Once again we thank the wives of the police officers and commend them for their aid in answering the police phones and other calls.

THE POLICE COMMISSION

CIVIL DEFENSE REPORT

This past year has demonstrated to be a quiet year in Civil Defense expenditures. We chose not to spend any monies, however, we have been working on procuring a 6x6 vehicle for fire department use and expect delivery almost any day.

We are also working on medical supplies for an emergency disaster program. If any individual has access to such supplies at a cost or a donation, please call the town office. This year we are planning a small mock disaster. Anyone desiring to serve on that survival team may also contact the town office and leave their name.

We have been told there have been approximately ten towns and cities in the state holding emergency mock operations and we are among those ten.

REPORT OF THE FOREST FIRE WARDEN and DISTRICT CHIEF

All open burning when the ground is not covered with snow is controlled by the Town Forest Fire Warden in cooperation with the New Hampshire Forest Fire Service. Anyone wishing to kindle a fire out-of-doors when the ground is not covered with snow must have a written permit signed by the Town Forest Fire Warden. If the fire is to be kindled on land not owned by the person kindling the fire then he must have the permission of the land-owner. No fires can be kindled between 9 A.M. and 5 P.M. unless it is raining, without the additional approval of the District Forest Fire Chief.

The 1974 forest fire season was one of the worst in the past two decades. Woodlands in central and southern New Hampshire became so dry in mid August that the Governor and Council, upon the recommendation of the State Forester, enacted a partial woodlands closure in Sullivan, Cheshire, Hillsborough, Merrimack and Belknap Counties and a complete woodlands closure in Strafford and Rockingham Counties plus the Towns of Barnstead, Gilmanston and Alton in Belknap County. Through the excellent cooperation of the citizens of our State no major forest fire occurred at any time during the year.

REPORT OF THE SOUTHERN NEW HAMPSHIRE PLANNING COMMISSION

In keeping with the Southern New Hampshire Planning Commission's policy to continually improve upon the delivery of services to member local governments, our 1974 work program stressed several major components designed to assist local officials with the management of their own affairs.

An aerial photography program was developed to serve as a basis for the preparation of updated municipal maps. In meetings with town officials, our staff sought to determine the mapping needs of various town boards and officials for planning, administrative and management purposes. Specifications are now available to assure quality photography and accurate maps at scales suitable for a variety of uses.

A community leader's attitude survey to identify recreation needs of the Auburn townspeople was conducted during the Fall by Southern New Hampshire Planning Commission staff. The results of this survey have been forwarded to the New Hampshire Department of Resources and Economic Development so that your concerns and needs can be considered in the 1975 Statewide Comprehensive Outdoor Recreation Plan.

Technical planning assistance was provided your Planning Board on a regular basis. A Southern New Hampshire Planning Commission staff representative participated in eleven (11) meetings during 1974 involving members of the Board of Selectmen, the Planning Board, and the Board of Adjustment.

For the coming year, the Commission requests your support of our efforts to obtain a 100% federally-funded grant from the U. S. Environmental Protection Agency which would permit the staff to evaluate alternative water pollution abatement solutions. For example, it is now being recognized by the Federal government that a combination of locally-determined growth control techniques and waste treatment facilities may be a more desirable water quality management program than continual and expensive enlargement of public sewerage systems to keep pace with sprawling development.

VISITING NURSE ASSOCIATION OF MANCHESTER, N. H.

194 Concord Street - Manchester, N. H. 03104
Telephone 622-3781 or 622-3789

Visiting Nurse Association services are available to Auburn residents in their homes at no additional cost to the town. This agency is a private, voluntary non profit Association and is the Home Health Agency certified to care for medicare patients as well as persons of all ages regardless of race, creed or ability to pay, who need care or instruction.

Services on a part time basis (with physician's orders) include:

Skilled nursing care and/or treatment by registered nurses and licensed practical nurses.

Physical therapy - by registered therapists

Occupational therapy - by a registered therapist

Speech therapy - by a registered therapist

Homemaker Home Health Aide Service

There is a fee for service and payment will be discussed on the first visit. Adjustments can be made if full fee cannot be paid. Some patients are eligible to have service paid for through Medicare, Medicaid and other health insurance.

Services at no charge for residents of Auburn include:

Maternal and child health guidance and instruction

Family health guidance with emphasis on prevention of disease and promotion of healthful living

Regional immunization clinics yearly

Drop in at the Visiting Nurse Association office daily 1:30 p.m. to 3 p.m. for Blood Pressure readings.

317 visits were made by Mrs. Davis, Miss Tawse and other R.N.'s to Auburn residents in 1974. Physical Therapists and Occupational therapist made 8 visits to Auburn residents.

The physician, patient, family or a friend may call the Visiting Nurse Association for services and/or further information at 622-3781 Monday through Friday 7:30 a.m. to 4:00 p.m. Necessary services are provided on weekends and holidays.

Mrs. William Hammell represents Auburn on the Board of Directors of the Association.

SUPERINTENDENT'S REPORT

In the fall of 1973, the School Districts of Auburn, Candia, Hooksett, and Raymond petitioned the New Hampshire State Board of Education for withdrawal from their Supervisory Unions.

This petition was granted in October and as of July 1, 1974, these four communities officially became organized as Supervisory Union #15.

The rationale for the establishment of this new Supervisory Union was two-fold; one being the cumbersome task of administering eight districts, each with their individual needs and secondly, the growth rate factor of the communities.

Within the framework of Supervisory Union #15 will be a Superintendent who will serve as the executive head of the public schools. His responsibilities shall consist of the planning and administering each district's affairs subject to statutory requirements, regulations of the State Board of Education, and the policies of each local District.

The Assistant Superintendent is to provide services in support of the entire educational enterprise. His major responsibilities will be the employment of certified personnel, and to serve in an administrative capacity to principals, department heads, teachers and students.

With this arrangement, we feel quite confident of providing each district the needed service for a good, sound educational system.

The transition period since July 1, 1974, has progressed in an orderly manner. This has been accomplished by the fine effort on behalf of your School Board, administration and teaching staff.

Respectfully submitted,

David R. Cawley

REPORT OF THE AUBURN VILLAGE SCHOOL BOARD

The 1973-1974 school year in the eyes of the School Board was a year of major improvements in many educational areas. It was also a year of concern brought on by uncontrollable inflation and worries over the availability of fuel oil for the Auburn Village School.

From an administrative point of view, one important improvement during the year was the formation of Supervisory Union 15. Since the towns of Derry and Londonderry had reached population levels that justified independent supervisory unions, Supervisory Union 10 was set to split three ways, essentially leaving Auburn without the services of a superintendent. Fortunately, towns north and east of Auburn were considering the division of Supervisory Union 53, an eight town union that had outgrown the services of a single superintendent's office. Auburn was invited to become a part of a new, four town union including the towns of Candia, Hooksett, and Raymond. The Auburn School Board was of the opinion that all four towns shared a great deal in common in concerns for both immediate educational needs and long term educational planning. Supervisory Union 15 has met or exceeded the Board's expectations. Superintendent David Cawley, his assistant, Richard Thompson, and the supervisory union staff have provided unprecedented services for the town of Auburn.

Within the Auburn Village School itself, the addition of a full-time counseling program has proven its value in the first year of operation. Not only has the counselor provided for the needs of students within the school, but she has also provided invaluable assistance with the testing and placement of Auburn children who for one reason or another require special educational programs in facilities outside Auburn. Many such children return to the Auburn Village School once handicaps are overcome or deficiencies corrected. Anne O'Rourke has eased for such students the problems of readjustment to our local school program.

The Auburn Village School building itself has undergone improvements of a nature less visible to the public. As the building has aged, certain maintenance requirements have resulted. During the year repairs were required for the heating system, the intercom system, and the septic system. In all cases the need for future major repairs has been significantly reduced through the implementation of a preventive maintenance program. The antenna system for in-school use of educational television program viewing has also been modified to significantly improve reception. Also, a long standing

need has been satisfied through purchase of a quality public address system for the Seavey Community room. A new lower ceiling in one area of the oldest section of the school lowers noise levels in the hallway and reduces heating costs for that area.

Heating costs and availability of fuel were of great concern to the Board during the year. The price of fuel oil doubled from the estimated per gallon allocated in the school budget. Worries over cost and the availability of fuel forced the Board to impose controls on heating requirements for the building and the use of school facilities by the general public. The latter controls were placed reluctantly and the Board wishes to express its gratitude to the residents of Auburn for a cooperative attitude during the energy crisis period.

The high cost of fuel, electricity, maintenance, paper goods, and high school tuition, placed added responsibility on the Board to carefully watch expenditures from the 1973-1974 budget. Despite inflation and other unanticipated financial burdens, the Board finished the year with a budget surplus.

By and large the School Board views 1973-1974 as a productive school year, characterized by a steadily improving school atmosphere and the successful implementation of new programs to serve both students with special needs and the general student body as well. The Board wishes to thank Mr. Robert Desfosses for his service to the Board and wishes to welcome Lewis Goody as the newly elected Board member.

PRINCIPAL'S REPORT

To the School Board, citizens of Auburn, and the Superintendent of Schools, I hereby submit my annual report for the school year 1973 - 1974.

The school population on September 5, 1973 was 375 and when school closed on June 20, 1974 it had risen very slightly to 381. The first grade enrollment in May saw 47 children registered and it is expected that we will have an increase of approximately 10 first graders over the usual number.

Several Workshops were held in July and August: Some of the teachers attended Math workshops to help them effectively implement the new textbooks which were purchased. Several of the primary teachers took part in a Language Arts program. I attended sessions on Management by Objectives.

For the first time, the Auburn School enjoyed the services of a full time Guidance person and a Physical Education teacher. Both of these positions proved to be a great asset to us. A Reading Teacher was also on staff and his contributions were many.

Mrs. Marion Heald, School Nurse, continued her fine work, not only in caring for the minor aches and pains of the children but by showing many films and filmstrips relative to health and safety. In addition, the Auburn School hosted immunization clinics for Auburn and neighboring communities.

Mrs. Elizabeth O'Brien, school librarian, contributed her usual many hours of hard work and dedication which has made our library outstanding.

There were some significant changes made in the athletic program during the winter months. Rather than have a small number of students participate in varsity sports, it was felt that intramural activities would benefit a greater number of children. As a result, the basketball program was expanded so that every student from grades 4 through 8 was given an opportunity to play. When the season closed there were approximately 40 girls and 35 boys involved in the program. The first annual coed Faculty-Student game was held at the conclusion of the intramural games. A large crowd was in attendance on a Saturday afternoon to see the students play hard and well before bowing to the teachers.

A similar format was used for girls' softball in the spring and almost 30 girls took part. The boys' baseball team did follow a regular varsity schedule. At the conclusion of the season, JoAnn

Kingsbury and John Newton were chosen as the Most Valuable Players and were presented with trophies donated by Mr. & Mrs. Russell Phillips.

Parent-Teacher conferences were scheduled twice during the year for reporting student progress. The teachers were at school for three days from 3 until 5 P.M. and one day from 3 until 9 P.M. This schedule, in spite of some lines, was very well received by the parents and over 80% of the parents visited school.

There are always many activities and events that take place during a school year. These are always designed and planned with an educational purpose in mind. Even the first grade trip to Benson's Animal Farm, while a fun day, is tied in with class units on the different aspects of animal life. Due to the energy crisis, the number of field trips was severely curtailed, we hope to be able to plan more during the coming year.

Graduation exercises were held on Thursday June 20, 1974 when forty-one students received diplomas: Bruce Willey was the Valedictorian and Cheryl Vigue was the Salutatorian. Mr. Donald Stritch was the guest speaker and Mrs. William Blunt presented the DAR awards to Sylvia Boudreau and Timothy McGuire.

I would like to thank the Superintendent and his staff, the School Board, the teachers and specialists, the teachers aides, bus drivers, custodians and cafeteria workers. A successful school is truly the result of a team effort.

A special thank you to Mrs. Mildred Preston, school secretary. The importance of her patience, hard work, and loyalty, especially to a new principal, cannot be overstated.

Most of all, I want to express my sincere thanks and appreciation to the parents of our students, indeed to the entire community of Auburn. More than any other one factor, it is you who have made my first year in Auburn Village School a pleasurable and enjoyable experience.

Respectfully submitted,
Bernard T. Cote, Principal

GUIDANCE COUNSELOR'S REPORT

This has been the first year that Auburn has had a full time school guidance counselor. Some of my duties this year were:

Provided an opportunity for students to interact with others by participating in group activities.

Tested and observed children who were having learning difficulties, who were underachievers, or who were being considered for referrals to other specialists: and, after the testing, interpreted the test results to parents, teachers, and students.

Referred children who needed diagnostic testing or treatment to agencies or specialists, interpreted their findings to parents and teachers, and coordinated programs which were recommended.

Counseled and met informally with students.

Planned the Stanford Achievement Testing and assisted in explaining the test results to parents.

Consulted with teachers and principal.

Met with staff members at Manchester Central High School to learn about the new programs which will be offered to next years freshmen and consulted with the eighth graders on their course selection for next year.

Held parent conferences.

Reviewed the placement of students who are attending special classes at other schools.

Worked with tutors of students who were on homebound tutoring.

Provided parents with information about various local agencies and programs.

I have greatly enjoyed working with the staff and students at the Auburn Village School and I would like to give special thanks for the help given me by Mr. Cote and Mrs. Preston.

REPORT OF THE READING SPECIALIST

To the Superintendent of Schools, Members of the School Board, and Citizens of Auburn:

The reading program at the Auburn Village School had a very successful year. The main reason for its success was the cooperation and working together of the classroom teachers, the principal, and the specialists; speech, guidance, and reading. Working as a team, the teachers were able to diagnose reading problems and plan reading lessons that taught to the child's strengths and remediated his weaknesses.

It was an exciting year for our students. In the first grade, the children were introduced to "Munchy Mouth," and his many letter friends. "Munchy Mouth" is one of the letter characters in the Alpha "Phonics" program which the first graders received in addition to their reading program. The fifth graders invited their classmates to visit their "Book Fair." At this fair, the fifth grade class demonstrated that reading and book reports can be fun.

Although the reading program is concerned with making reading a pleasurable habit, the importance of good reading attack skills and the proper placement of each child must not be understated. Our goal, is to provide more individual and small group instruction emphasizing phonics and other word attack skills. At the primary level the teachers used the Media-X program. This program uses a kinesthetic and perceptual approach to phonics. This program required the teachers to attend a week long workshop last summer. The teachers reported that the program was very successful.

For the child who is not reading on grade level, a remedial reading program was set up. Initially this was carried out on a one to one basis. This program provided sixty children with the opportunity to receive additional help from the reading specialist. Fourteen first graders received twenty minutes daily of language enrichment and reading readiness exercises. During the latter part of the year forty-six second through eighth graders received thirty minutes daily of remedial skills in small groups with the reading specialist, in addition to their regular morning reading class. These children made substantial gains in their reading scores.

In conclusion, the reading program at the Auburn Village School was informative as well as enjoyable for our children.

Peter L. Dorfman,
Reading Specialist

SPEECH and LANGUAGE DEVELOPMENT PROGRAM

AUBURN, DERRY, LONDONDERRY

ANNUAL REPORT

To the Superintendent of Schools and Members of the School Boards:

With funding from ESEA Title I, and from Auburn, Derry and Londonderry, the Speech and Language Development Program served children in ten schools in these three towns. Miss Elaine Tahmizian and Mrs. Deborah Gratton, Speech Therapists, provided diagnosis and therapy for 82 children.

The goals of the Speech and Language Development Program are:

1. To identify speech and language problems by screening at Pre-School Registration, third-grade screening or referral by parent, agency or educational staff member for grades 1-8.
2. To perform a differential diagnosis of the expressive, receptive, and integrative functions of speech, language, and hearing.
3. To establish a therapy-goal design for each child in the Program to include parent and teacher and to involve Supplemental Services and outside agency as needed.
4. To remediate a speech and/or language problem in order to avoid communication interference in the psychosocial and educational environment. Problems creating a communication breakdown and requiring remediation are: stuttering, delayed speech and/or language development, repaired cleft palate speech, articulation disorders (e.g. nasality, hoarseness), hearing impairments, auditory perceptual dysfunctions, bilingualism, aphasia, autism and mental retardation.
5. To involve the therapist in the Supplemental Services team approach for diagnosis and follow-up of the child under study.
6. To provide intervention of speech and language problems by home visits and testing of pre-school children (under the age of six) and by follow-up with recommendations.
7. To provide alternatives of follow-up for maintenance by: a) enrollment for stabilization of corrected speech in Speech Aide Program. b) Reinforcement activities in classroom and at home. c) Periodic re-evaluation after dismissal from program.

8. To consult with teachers and staff and provide them with guidelines for meeting the speech, language and auditory needs of children, grades 1-8.
9. To refer a child to an outside agency for remediation if the nature and needs of his problem cannot be met by this Program's goals (e.g. tongue thrust/reverse swallow).
10. To provide additional therapy of a more intensive nature during the Summer Speech and Language Clinic for entering first graders and children already enrolled in the regular school year program.

A new facet of the Program which proved very successful was the implementation of the Speech Aide Program. Mrs. Barbara Hatch and Mrs. Karen Williams were the Speech Aides who serviced the ten schools. Both aides worked with a total of 84 children. These children had been previously seen by a therapist and knew how to correctly produce the sound worked on (e.g. the (s) sound). The aides provided reinforcement activities to stabilize the corrected speech as a habit.

Both therapists belong to the N.H. Speech and Hearing Association which sponsored a special study institute on "Childhood Aphasia" presented by Dr. Jon Eisenson. Besides offering study institutes, the Association is also working on professional standards for certification and licensure.

A workshop on "Auditory Language Learning" was presented in Derry by Danielle Parker, Speech Therapist from the Portsmouth Rehabilitation Center. This was an excellent educational improvement opportunity to staff members.

It has been my pleasure to be associated with Mr. Bernard J. Ellis, Superintendent of Schools, Mr. Arthur Mitchell, Assistant Superintendent of Schools, School Board Members, Principals, Supplemental Services and educational staffs of all ten schools. I would like to thank the parents of children in our Program for their cooperation in supporting their child's participation in therapy by helping at home. My special thanks to Mrs. Kathy Copp who provided secretarial services.

Mr. David R. Cawley

Dear Mr. Cawley:

This is in response to your letter of December 2, 1974 regarding the possibility of having this Division conduct an examination of the Auburn School District records early enough for submission of a report thereof to the 1975 School District meeting.

Although we are unable to guarantee at this writing that such an audit can be entirely completed and a report prepared by the date of the 1975 annual meeting, we are pleased to inform you that we expect our auditors will commence examining the District's records for the fiscal years ended June 30, 1973 and June 30, 1974 sometime during the month of February, 1975. We anticipate that the work incident to this examination will allow publication of an audit report no later than May 31, 1975.

We regret the inconvenience which results from our inability to conduct annual examinations on a more timely basis due to the workload which exceeds our currently authorized personnel. We wish to assure you, however, that every effort is being exerted to correct the situation.

We wish to extend our appreciation for the patience and consideration which has been demonstrated by the District in connection with the unavoidable delay in conducting the yearly audits.

Very truly yours,

Frederick E. LaPlante

CHAPTER 21

CHAPTER 21.

AN ACT RELATIVE TO THE SALE OF SUBDIVIDED LAND.

Be it Enacted by the Senate and House of Representatives in General Court convened:

21:1 Subdivision of Land. Amend RSA 36:27 (supp) as amended by 1963, 163:3 and 1969, 185:1 by striking out said section and inserting in place thereof the following: 36:27 Penalties for Transferring Lots in Unapproved Subdivisions. Any owner, or agent of the owner, of any land located within a subdivision in a municipality that has adopted subdivision regulations, who transfers or sells any land before a plat of the said subdivision has been approved by the planning board and recorded or filed in the office of the appropriate register of deeds shall forfeit and pay a penalty of five hundred dollars for each lot or parcel so transferred or sold; and the description by metes and bounds in the instrument of transfer or other document used in the process of selling or transferring shall not exempt the transaction from such penalties. Said municipality may enjoin such transfer or sale and may recover said penalty by civil action. In any such action the prevailing party may recover reasonable court costs and attorneys fees as same may be ordered by the court.

21:2 Effective Date. This act shall take effect sixty days after its passage.

[Approved May 4, 1970.]

[Effective date July 3, 1970.]

The New Hampshire Water Supply and Pollution Control Commission hereby gives notice that Governor Peterson has signed Senate Bill 233 which broadens the jurisdiction of the Commission under Chapter 149-E, Revised Statutes Annotated relating to sewage disposal systems and subdivision of land.

Effective July 1, 1971 all land being subdivided for the purpose of sale, rent, lease, building construction or any other purpose must have prior approval of the Commission.

No building from which waste will be discharged and no waste disposal system can be constructed in the state without prior approval of the plans of the waste disposal system by the Commission.

Previously the law applied only to land located within 1000 feet of any surface water. The amended law now covers the entire state.

Lots in previously laid out subdivisions which are still owned by the developer must be approved by the Commission before they can be sold.

No plans of subdivisions or individual lots need be submitted when municipal sewerage is available, however, plans for extensions of sewerage systems must be submitted by the municipality and approved by the Commission.

Associate Sanitary Engineer
Water Supply and Pollution Control
Commission

RAE/afm

November 17, 1971

To Whom It May Concern:

Misunderstandings have developed regarding the requirements of the Water Supply and Pollution Control Commission in case (a) where the sale or other conveyance of property involves merely an exchange of land among two or more owners which does not increase the number of owners and on which no sewage disposal system is to be constructed; and case (b) where an individual intends to divide his land and there is no intent to undertake any building construction involving sewage disposal.

Please be advised (despite any contrary advice you may have received) that the only requirements are as follows:

Case (a) - No requirement to submit any information to the Commission.

Case (b) - Where no construction is contemplated within two (2) years and the lot size of the subdivided portion is in excess of five (5) acres, only a plan showing how the property is being divided, drawn to scale (lot lines and property boundaries), and information regarding the nature of the soil in the area is required. The required soil data are available from the U. S. Soil Conservation Service which maintains an office in each county.

Where the subdivided portion is less than five (5) acres in size, additional information may be required, and persons should contact the Water Supply and Pollution Control Commission at 105 Loudon Road, Concord, regarding that information.

Very truly yours,
William A. Healy, P.E.
