AUDITOR'S REPORT

1991

We have examined the accounts of all Town departments of Ellsworth, New Hampshire. Our Examination include various checks of accounting required under the New Hampshire Code of Administration Rules.

To the best of our knowledge, these reports and records fairly and accurately report the financial activities of the Town.

RE: 1992 North Country Council Dues

Dear Selectmen:

As winter will soon descend upon us, so will the process of developing town budgets. A number of towns in the North Country have already started the data gathering process for the development of their budgets, and have requested from the Council a statement of their anticipated 1992 dues amount.

The formula that NCC uses to assess dues involves factoring each town's population and town valuation in proportion to the total regional population and valuation. The formula does not consider change in an individual town from year to year, but rather looks at a community's share of regional population and valuation at this point in time. **Ellsworth's dues amount for 1992 using current data is \$87.18.** If you have any further questions about membership dues computation or your individual assessment, please call me.

Your membership dues are an important part of the Council's revenues. They enable us to not only provide you with technical assistance and planning support but are also used as a match for additional grant funds to provide service to you. This year, your support has enabled us to secure program funds for Northern Forest Lands Education and Representation, Flood Insurance Support, Solid Waste, and Economic Development. In addition, your dues have a multiple impact in that NCC's State Block Grant amount is directly tied to the amount of membership dues we receive. During the coming year, I hope to increase the level of grant supported activities at the Council to lessen the need for member contract services to support the Council. We can only accomplish this with your dues.

The Council is your organization; we are here to serve you and represent you. Thank you for your support.

Sincerely,

Dear Mr. Clayton:

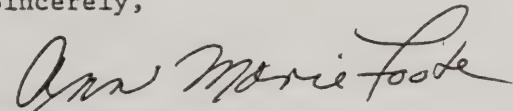

Please excuse the informality of this letter and the late date in addressing it to you. I tried several times to reach you or one of the other Selectmen about the Landfill budget for 1992 but did want to get you some information before Town Meeting arrives.

This year's Landfill budget will be \$76,939. This is a slight increase over last year's as we have put some money in for some surveying in relation to the future Landfill Closure. This work will be done by John March of Mountain Mapping. Ellsworth's share of this budgeted amount will be \$1,538.78.

Also this year we hope to purchase 10 acres of land from Mrs. Pope that she has previously been leasing to us. She has signed a purchase and sales agreement on this. The total purchase price of this land is \$60,000. Mrs. Pope wants to receive this money over a 5 to 6 year period. This would make Ellsworth's portion of that payment be \$200.00 a year. We also are going to have some monitoring wells installed this year under the supervision of our engineer, Tom Duffield. He estimates the cost will be \$20,000. Again on this amount, Ellsworth's share of 2% would be \$400.00.

If you have any questions about any of the above, please do not hesitate to contact either myself at work 726-3223 or at home 726-7017 or Arthur Gross at the Thornton Town Office 726-4232.

Sincerely,

1991 - AGENCY IN REVIEW

In celebrating our 25th year of providing home care to our ten member towns, we have come a long way from the original two employees of the agency 1967 to over thirty employees today. Our growth reflects many things in the home care industry but the most apparent aspect of this growth is the basic fact that people choose to stay in their own homes for as long as possible especially in times of injury and illness. To be able to be taken care of and assisted with daily living needs and still remain in a comfortable and familiar environment is indeed fortunate. With advances in medical technology there is little that cannot be done in the home and the Pemi-Baker Home Health Agency provides nurses, therapists, aides, homemakers and volunteers to those who are essentially homebound. The most recent service being offered is Social Services by a Medical Social Worker. We are a Medicare certified, non-profit, NH licensed Home Health Agency.

Funding for two new programs enabled the Pemi-Baker to start a parent support group (Pemi-Baker REACH) and an in-home parent aide program (Home Assistance to Parents In Need - HAPIN). Both provide for the teaching of parenting skills, respite care for children and ongoing communication that put those in need in touch with other community services.

Another grant was awarded to help support the Plymouth-Area Ad Hoc Committee on Youth at Risk sponsored by the Pemi-Baker Home Health Agency. This committee meets quarterly, bringing together representation from social, town and state agencies who are concerned with youth at risk issues and in identifying the gaps in services to this population. A subcommittee of this group organized and presented a one half teacher inservice day last August. Eighteen workshops on youth and family topics were presented to almost four hundred teachers and administrators in SAU #48 and #4.

In 1991 our overall visits increased 50% and the agency delivered 10 visits to the town of Ellsworth.

Please feel free to contact the Executive Director of the Pemi-Baker Home Health Agency, Margaret Terrasi, about home care services available to you.

RFD #1
Ellsworth, NH 03264

Dear Budget Committee Members:

On behalf of the Task Force Against Domestic and Sexual Violence, I would like to thank you for your past support. During 1991, your contribution helped our organization to continue providing support services to an ever-increasing number of clients. (The number of crisis line calls increased by nearly 20% in the last year.)

As you know, the organization was formed in 1981 by members of the community who saw a need for a group that could provide direct services to adult victims of domestic violence. Since that time, the Task Force's volunteers have provided a 24-hour crisis line and a variety of other services for victims of domestic and, since 1988, sexual violence. The Task Force shelter opened in September 1990 and has been consistently occupied throughout its first year of operation.

This year we are requesting \$400.00 from the town of Ellsworth to further support our services to adult victims of domestic and sexual violence and their families. It is our hope that we can continue to improve and expand future services to the community.

If you have any questions, or need further information, please contact me at the office.

Thank you again for your continued support.

Sincerely,

Susan L. Steiger

PROGRAM DESCRIPTION

The Task Force Against Domestic and Sexual Violence, formerly Plymouth Area Crisis Services, is a non-profit volunteer organization, which provides assistance to adult victims of domestic and sexual violence. The Task Force, a member group of the New Hampshire Coalition Against Domestic and Sexual Violence, serves 18 towns: Alexandria, Ashland, Bridgewater, Bristol, Campton, Dorchester, Ellsworth, Groton, Hebron, Holderness, Lincoln, Plymouth, Rumney, Thornton, Waterville Valley, Warren, Wentworth, and North Woodstock. It is the only organization of its kind in southeastern Grafton County.

Since its inception in 1981, the organization has maintained a 24-hour crisis line, staffed by 25 volunteers who provide legal advocacy, emergency shelter, transportation, food, emotional support services, and referrals to its clients. Organization members also coordinate and conduct community outreach programs.

Providing support services to the volunteers are the three staff members: Resources Director, Administrative Director and Support Services Director. All three are supervised by the seven-member Board of Directors.

In the past nine years, Task Force members have answered over 1,900 calls from all the towns it services. Many of these calls have been referred to us by the local police departments, the court, physicians, counselors and therapists. District Court Judge Edwin Kelly is a long-time organization supporter.

Except for a moderate fee for those shelter residents who can afford it, all services are free to all victims of sexual or domestic violence in the towns the Task Force serves. Volunteers and staff adhere strictly to NH law (RSA 173-B:21), which requires that they maintain confidentiality with regard to persons served by them and files kept by the organization. Also, as required by law (RSA 173-C Privilege Bill), all information received by a volunteer or staff member in the course of a relationship with a victim is confidential. This law allows the Task Force to keep its location from being made public.

Dear Selectmen:

Thank you for sending your membership dues check in the amount of \$400. The minimum dues amount was raised to \$500 through a By-laws change in the middle of November 1990. The minimum dues had not been raised in 5 years.

We are hopeful that the Board has budgeted the amount of \$500 for next years dues as the minimum is not going to be raised.

February 6, 1992.

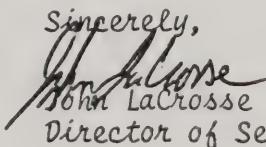

Dear Mr. Norris,

As stated in our conversation last week I have put together a request that is more in line with the size and makeup of the town of Ellsworth. As I explained, the reason we have requested funds from towns this year is that we are expanding the programs that we offer and feel that will benefit and hopefully save money because of what we offer.

The Diversion program will give any first-time offenders who are under 18 the chance to appear before a community committee and avoid the traumatic and expensive experience of going through the court system. The committee will make sure that the juvenile is held accountable for their actions and give them the chance to repay the community through community service. As part of the Diversion program we hope to offer improved parenting support services to families who need it. Schools, police officers and town officials have repeatedly told us that this area need more support services for parents and families and we will be trying to meet that need.

Obviously these program won't prosper without financial support. A town the size of Ellsworth may only use our services once or twice during the year though it could easily be more, depending on the year. We feel that a donation of \$50.00 would be appropriate for a town your size. This will help us continue to offer services to residents of your town and further our efforts to provide information and referral to anyone who needs it.

Thank you for your time and consideration. Feel free to call me if there are any further questions.

Sincerely,

John LaCrosse
Director of Services

Dear Committee Chair:

The Board of Directors of the Greater White Mountain Chapter of the American Red Cross respectfully requests your consideration for an appropriation in your 1992 Annual Town Budget for financial support of your local American Red Cross services.

Due to our enormous territory size and the number of residents we serve, we continually need to seek funding in support of our services. The American Red Cross provides emergency communications to families with members in the Armed Forces as well as disaster relief services, at no cost to the individuals or communities. Funds for the above mentioned programs are expended on a continuous basis to maintain a high level of service in these areas. Therefore, we are requesting your support for the above mentioned, through an appropriation of \$.30 per resident in your community.

We thank you for your past support of Red Cross services. We would be pleased to come before you to more fully discuss this request and to respond to any questions you might have with reference to the American Red Cross. Your assistance in presenting our request to your community will be greatly appreciated.

Sincerely,

Tracey Petrozzi

**EXPLANATION OF SUPERINTENDENT'S AND
ASSISTANT SUPERINTENDENT'S SALARY FOR 1990-1991**

Chapter 189, Section 48 Revised Statutes Annotated of the State of New Hampshire, requires that the school district annual report show the total amounts paid to the Superintendent of Schools as per the following quotation: "Reports. Each Superintendent of a School Administrative Unit shall annually prepare a report of the total salary paid to the superintendent, showing in detail the amount paid by the state and each local school district and their share of same . . . Said report shall be included in the annual report of the respective school district as a separate entry. A like report and entry shall be made for each assistant superintendent, teacher consultant, and business administrator, if any is in service in the Unit."

One-half of the School Administrative Unit expenses is prorated among the several school districts of the unit on the basis of adjusted valuations. One-half is prorated on the basis of average daily membership in the school for the previous school year ending June 30th. The salary of \$62,878 which was received by the Superintendent of Schools of School Administrative Unit #48 during 1990-1991 was prorated among the school districts comprising the School Administrative Unit. Allowance for \$2,750 travel within the Unit was also prorated as stated above.

The salary of \$101,965 for the Assistant Superintendents during 1990-1991 and travel allowance within the Unit for \$4,000 was prorated as stated above.

The table below shows the portion of salary and travel charged to each school district.

SUPERINTENDENT'S REPORT FOR 1992

Our SAU #48 students continue to grow. Our school districts can be measured in terms of student achievement, staff training and involvement, administrative creativity and innovation, parent caring and sharing the load and community support. This is the third year in a row that I write my superintendent's report and have to comment on our troubled economy and tight financial times. The school boards have therefore decided to embark on a program of participatory democracy in all of our school districts. They have chosen to offer the public more opportunities to discuss both economic and instructional concerns. I congratulate the school boards and commend them for the amount of time and effort they have put in to this plan both this year and last.

A major goal for the SAU for the 1991-1992 academic year centers around the development of curriculum especially in the areas of K-8 science and K-12 Language arts. By the way SAU #48 is one of the few districts in the state of New Hampshire who have developed a K-12 language arts curriculum. This is a substantial effort on the part of school and community members and one which deserves the congratulations of all.

Another goal of the SAU is to continue to coordinate instructional programs especially at the elementary level considering all of our elementary students will be entering the same ninth grade at Plymouth Regional High School. We have decided that providing consistent instruction for all elementary students will continue to be one of our most important goals. The SAU continues to emphasize science instruction, Writing Across the Curriculum and is engaged in new efforts to improve the reading and language arts skills of our students.

Program innovations started this year in SAU #48 include the initiation of double period science labs in the high school. This provides experimental time relative to the sciences. We continue to strongly emphasize an experimental science approach in our middle schools and at the at the primary levels of elementary school.

Another program innovation involves the SAU being selected as a " Math their Way" training site for this year which emphasizes a "hands on" approach to math instruction at the primary level.

This year marks the first year that the Drivers education at the High School is operated under a fee for service basis. The program is going very well. All staff in the SAU continue training programs under the umbrella of the "Skillful Teacher Program" which will pay tremendous dividends to our students in the future.

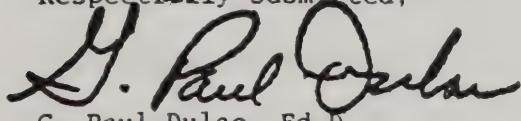

We have chosen this year to focus on middle school innovations throughout the SAU. We have taken every opportunity to try and bring our middle school students throughout the SAU together so that they may build relationships and self-esteem and also broaden their horizons from a local school respective to the SAU as a whole. The Pemi Baker Basketball League offered a championship this year bringing all schools together for both boys and girls which was immensely successful. This year marked our first ever SAU wide Middle School mock Presidential Primary and Election. This program has allowed our students the opportunity to learn the political process and much more. The Cultural Arts music program offered in the spring brings all of our music and art talent in the elementary and high school together under one roof, which promises once again to be successful. All of these efforts to bring our middle school students together costs little and has a tremendous impact on both our students academic achievement and self-esteem.

New administrators have come into the district this year with great enthusiasm and energy and have provided a new focus. Maureen O'Hara is our new principal at the Russell School in Rumney. Maureen comes to the Russell School with a focus on reading, computer skills and Special Education. Bruce Parsons, the new principal at the Wentworth Elementary School comes to us from Revere, Massachusetts, with great enthusiasm and a focus on self-esteem for our students. The high school welcomes Dana McKenney as interim principal and Walter Garland as interim assistant principal while the search for a new high school principal continues. Maria Dreyer has come to us from another school district in New Hampshire as a Special Education director at the high school. Maria's presence has already created a new era for Special Education at the high school. We welcome her expertise and enthusiasm.

The SAU office welcomes Eilene Woolfenden, our Chapter One director. Eilene is replacing Sandy Tilton who is on a one year leave of absence while she completes a Masters program at Ohio State emphasizing "Reading Recovery". All of the above administrators have added significantly to our SAU program and I wish to thank them all for their efforts.

Working with and for you and your children over the past five years has been both a pleasure and a challenge. I believe as superintendent it is my job to help bring the resources of the community together to offer the best educational program for our students. In these tough economic times I am thankful to you all for offering the school system your ideas, support, time, effort and guidance which has allowed us all to continue growing.

Respectfully submitted,

G. Paul Dulac, Ed.D.
