REPORT OF SUPERINTENDENT

To the School Board and Citizens of Landaff School District.

It is with pleasure that I submit my report to you as Superintendent of Schools.

During the past year (1965-66) there were 17 pupils enrolled in Blue School. The average membership was 13.4. 8 pupils, Grades 6 through 8, and 12 pupils, Grades 9 through 12, attended Lisbon Public School.

This school year there are 16 pupils attending Blue School, Grades 1 through 5. 9 pupils, Grades 6 through 8, and 10 pupils, Grades 9 through 12, are attending Lisbon Public School. One tuition pupil is attending Grade 4 in Lisbon with parents assuming responsibility of tuition.

The Landaff District is studying with the Lisbon-Littleton AREA-Coop group in an attempt to meet the minimum standards and re-organization of the school districts according to the recommendations set forth by the Interim Commission that was legalized by the New Hampshire State Legislature.

This group has made progress and will in the near future present a report to each of the school districts making up the study and at that time the voters of Landaff will have the opportunity to discuss and vote. Your representatives on this study have been: Dr. Frederick Erb, Mrs. Jessie Robinson, and Mr. Lloyd Cate.

The Supervisory Union office has been consolidated into one unit at 33 Main Street, Littleton, N.H. This expanded Supervisory Union is in keeping with the State Board of Education's plan of re-organization as recommended by the Interim Commission of the 1963 General Court.

Mr. Paul Henry has been appointed the Assistant Superintendent of Schools and Mr. Oliver Cole the Business Administrator. This organization will, I am sure, better meet the needs and purposes that have been set forth by the State program for improving education.

An area which has become quite controversial and one which affects our schools in many ways, is Federal Aid to Education which I would like to review with you at this time.

Federal Aid to Education has become substantial this school year. Although, this may be an area many would wish away, I firmly believe that the amount in years to come will dwarf the 1966 figures.

A question often asked of me is, "What is this Federal Education Law?" In answer; there are many laws assisting and affecting education financially.

1. The Elementary-Secondary Act of 1965, or more commonly called the 89.10 bill.

There are 5 titles in this bill that grant aid from the local school district up to and including the State Department of Education. However, only titles 1, 2, and 3 affect us locally.

Title 1 is specifically allocated to the local districts and we have received in the White Mountains Supervisory Union #35 during 1966-67, \$41,769.93 and will receive similar amounts for the 1967-68 school year. The U.S. Congress will determine future allocations after 1968 (as with all titles). The money received under this Title 1 must be used for the educationally deprived and is being channeled into programs which are badly needed.

Title 2 is for the entire Supervisory Union as a unit and we received \$6,091.00 for the 1965-66 school year. Our entitlement for the current school year is \$7,259.40. These monies must, by law, purchase library, audio-visual aids, supplies, materials, etc., only after inventories are completed. This project is directed by Mr. Gordon Flight of Bethlehem and a program has been initiated which rotates materials and equipment throughout our 10 district Union.

Title 3 is for area or regional programs and although it is centralized in our Supervisory Union office, the area served is the entire North Country (7 Supervisory Unions from Woodsville and Conway, north). This program, Project "ARISE," has an operating budget of \$74,850.00 and is concerned primarily with social enrichment. Mr. Stanley Tufts, Project Director, and his staff have already initiated programs in which your children have become involved in an interesting and challenging enrichment project that will have lasting effects.

2. The next major Federal Education Law, that affects us here, is the Vocational Education Act of 1963. This act granted the White Mountains Regional School District \$240,000.00 during 1965, of which \$205,000.00 is presently being used to construct their new High School Building, and \$35,000.00 to purchase vocational equipment as the new building nears completion. Without doubt, additional dollars from this act will assist with employment of staff, etc.

3. The Economic Opportunity Act has several titles of which Title 2 has affected our schools considerably. The 1966 Summer Head Start Programs operated under this act. Mr. C. Douglas McIntyre of Whitefield is the director, and operates one of the largest Head Start programs in New Hampshire at a cost of \$16,354.00 and involving approximately 61 children.

The three above education acts, although the largest in dollars, are not by any means the only Federal programs your schools deal with annually. The 1917 Smith-Hughes and George Bardeen Acts, the National Defense Education Act, the Manpower Development & Training Act, School Lunch and Government Surplus programs, all of long standing, direct much of the supplies, equipment, food, milk and dollars into your school budgets. Each is very important and each contributes to the education and welfare of your children.

In closing, may I take this opportunity to thank the Board of Education, the State Department of Education, our Administrators, and the staff of the Superintendent's office for their continued cooperation and support.
