LEE VOLUNTEER FIRE DEPARTMENT

1950 REPORT

During the year the department answered 13 calls. Three were chimney fires: Feb. 27 at LaRoche's; March 29 at D. Davis'; June 6 at the Central school. Two were building fires: April 22 at the Mone's where more than \$1,000 damage resulted from an attic fire; August 29 at W. Welch's where a lightning fire caused about \$50 damage in a shop. Help was given in extinguishing two brush fires in town. The tank truck stood by to keep three permitted fires in grass or rubbish under control. The department assisted in fighting one woods fire in Nottingham. Through the Interstate Emergency unit the department responded to calls to fight a woods fire in Durham and a farm buildings fire in Epping. The Durham and Newmarket departments each came in to Lee for a chimney fire.

During the year equipment was improved by the installation of a more powerful pump on the tank truck and the purchase of an extension ladder, a roof ladder, a fog nozzle, a new booster hose, and a booster hose reel.

The most important development was the erection of the fire house. From the cutting and sawing of the

timber on the town wood lot to the erection of the building, this was done by volunteer labor. Although more than two dozen men contributed labor, special mention should be made of the time put in by Robert Keniston, chairman of the building committee, Willis Fernald, V. C. Morey, Charles Piper, Carl Sanders, Everett Sackett and Charles Brady. Shop classes from the University under Prof. Paul Gilman also assisted. The electrical work was done by Ralph Farmer. The timber was sawed by Oliver Kennard, and some of it was planed by Harry Munroe.

A siren is mounted on the roof. This can be operated either from inside the building or from a standard fire alarm box on the outside. It will be sounded for tests each Saturday noon.

The timber was cut in April. Although some finishing still remains, the building was put into use on December 20.

The lot on which the building stands was donated by the Lee Church. This land and the building itself belong to the town. Many cash contributions were received from individuals, ranging from \$2 to \$25.

Claims resulting from unauthorized sale of the pumper in June, 1949, finally were settled. About \$360 will be realized when collections are completed.

To call the Fire Department by telephone ask the operator of any of the exchanges serving the town for the Lee Fire Department. Be sure to give full information about the kind and location of the fire. Call an outside fire department only if the Lee department cannot be reached promptly. If outside help is needed, the Lee department will call adequate help promptly through the Interstate Emergency Unit.

Chief.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Lee:

The present organization of the schools is as follows:

<i>School</i>	<i>Grades</i>	<i>Teacher</i>	<i>Pupils</i>
Town Hall	1-3	Mrs Mary B. Carpenter	29
Center	4-6	Mrs. Harriett H. Cross	19
Physical Education		Mrs. Ruth Holloway	
Handwriting		The Rinehart Service	
Total			48

Tuition Pupils

Two of the above pupils are from Epping, and two from Nottingham. On the other hand, Lee has the following tuition pupils in other towns:

<i>District</i>	<i>Elementary</i>	<i>High School</i>
Dover	1	11
Epping	6	
Newmarket	19	13
Durham	1	
Totals		24

Consolidation seems to be in abeyance. Madbury sends its pupils to Dover. Nottingham is taking steps toward a new school. As Lee does not seem to be ready to complete its new school, for which plans have been made, it might be possible to construct a single classroom with service units, leaving the rest unfinished, to be completed as opportunity affords.

On the day before school closed for the April vacation, the pupils of both schools, under the direction of Mrs. Holloway, presented a demonstration of their attainments in physical education at the Town Hall, before an interested group of parents and other vis-

itors. Practically all pupils participated in the folk games, stunts, and other features. The various stages of accomplishment shown were even more impressive than the finished performance of a few highly trained and selected individuals would have been. Following the program, a social time with refreshments completed the enjoyable occasion.

The School Nurse, Miss Myrtle Fletcher, examined 50 pupils, including the use of the modern eye and ear tests owned by the supervisory union. Nearly all defects found were corrected or improved, with the cooperation of parents and doctors. The school lunch has been continued, under the management of Mrs. Mary Elizabeth George. The program has received some equipment and quantities of foodstuff through government agencies; but judicious economy has to be exercised to furnish the complete and balanced meals at such a moderate price to the children.

Yours respectfully,

CHESTER W. DOE,

January 20, 1951.

Superintendent of Schools.
