### REPORT OF THE COMMITTEE ON THE VOZZELLA PROP.

The first meeting of the committee was held on April 23, 1981. The reasons for investigating the Vozzella property were reviewed. The decision was made to ask the Vozzella's for permission to view the property and to send them a copy of Article #21 of the Town Warrant. The letter was sent with no reply from the Vozzella's. On October 13th, Laurie Ebacher reported on a telephone conversation that he had with Mrs. Vozzella. She stated that she could not be bothered to come up and meet with us. On October 25th, Michael Santosuosso called Mr. Vozzella to discuss the property. Mr. Vozzella said the house was not for sale, and he would not consider dividing the property. He stated that if the town desired the property they could take it by eminent domain. He also mentioned the possibility of moving to South Hampton and remodeling. Mr. Vozzella expressed dissatisfaction with the town, but did agree to talk with his wife and give Mr. Santosuosso a price on the entire piece of property. To this date no further communication has been received from Mr. Vozzella. The members of the committee are: Sadie Embree, Chairman, Michael Santosuosso, Secretary, Peter Oldak, Thomas Harlow, Laurie Ebacher, Fred Anderson.

### **REPORT OF THE SELECTMEN**

During 1981 we began to see the first effects of the Federal Government's new approach to fiscal responsibility and the resulting reduction in state financial support. Unfortunately this comes at a time when the State of New Hampshire is confronted with a \$ 30,000,000 deficit. How the state cures this problem is uncertain, but with out question we at the local level will be affected.

Last year, we felt the combined impact of the Federal Government program and the state's financial problem in two specific areas, reduced funds from the state, and increased taxes paid to support Rockingham County. We expect both situations to continue and these coupled with higher school and town operating costs due to inflation, substantially add to the burden that our local real estate taxes must carry, As selectmen, we urge you to take an active interest in the town and school district meetings, the Annual Town Meeting, and if possible to participate in the operation of the town by serving on one of the several town committees.

The Board of Selectmen meets in open session at the Selectmen's office in the Town Hall on the second and fourth Tuesdays of each month at 7:30 P.m. At this tme, in addition to its regular business of overseeing the operation of the Town, the Board is available to discuss matters with individual residents.

Respectfully submitted,

**REPORT FOR 1981**

The Fire Department had a total of 31 calls in 1981:

Auto Accidents	2
House Fires	2
Gas Wash Down	3
Chimney Fires	5
Woods Fires	4
Propane Gas Leak	1
Motor Cycle Accident	1
Fire Alarm Activation	1
Lumber Yard Warehouse Fire	1
Emergency Medical Calls	1
Bus Accident	1
Mail Truck Accident	1
Burning Without Permit	1
Car Fires	4
Mutual Aid	2
Elec. Wires Down	1

Three oil burner permits were issued this year.

As in the past, our men have spent many hours at meetings and training. In the coming year we plan to send most of the men to several fire schools. This year the department members certified in breathing apparatus through a state certified course.

Chief Edward Hess, Fire Fighter Dan Goldthwaite and Fire Figher Melissa Goldthwaite completed our 84 hour course as Emergency Medical Technicians. This course was made possible by the Federal Government.

Smoke detectors are being installed in many homes. These detectors are a very wise investment. The detector will go off as a very little smoke enters into the detector, and will give a very early warning of fire. This is a very important tip in fire prevention.

Also any body with wood stoves--please make sure the stove is properly installed and the chimneys are checked for plugging!

## SOUTH HAMPTON TOWN REPORT

Keep up the good work in fire prevention. Anybody wishing information pertaining to fire regulations, woodstove installation, or oil burner permits may call the following numbers:

Fire Chief, Ed Hess 388-5005 or 474-2378  
Deputy Chief Ed Condon 394-7806 or 394-7582  
Lieutenant John Gamble 394-7938

The Fire department is always looking for new members. Give any member a call and they will try and answer your questions.

**REPORT OF YOUR FOREST FIRE WARDEN**

In the spring of 1981, a Forest Fire Prevention Program was presented to grades 1 through 4. A film was shown and Smokey Bear talked to the students about forest fire prevention.

No written burning permit is required when there is snow on the ground. However, you must notify the Forest Fire Warden or one of his deputies when you are going to burn. When the ground is not covered with snow, a written fire permit is required to any resident wishing to burn. Burning without a permit is punishable by a fine up to \$1,000 or a jail term of up to one year or both.

In closing, I would like to say "Thank You" to Charles Dennett who will retire this year as a Deputy Fire Warden after 30 years of faithful service.

### **POLICE DEPARTMENT REPORT**

This past year as others was a very difficult year for the department. We have answered a wide variety of calls and complaints, some which were very time consuming, and many long hours, to follow through. Vandalism this past year was high on our time list, smashed mail boxes, windows, beer bottles smashed all over the place, increased trash thrown all over the place, people stealing wood and Xmas trees, rocks off of stone walls, and many complaints of People trespassing on private property. We have had a number of burglaries, but with the help of some of you people, we have slowed it down some. I want to thank all the people who worked along with us to curb this problem, also to thank all other agencies who have helped us out, as they are faced with the same. We have given free time to all Town Functions and all non profit organizations. and as I have stated a visible marked cruiser I think has helped us in curbing some of activity going on around us, such as young people hanging around Stockmans Bridge and Woodman road, But we can not be there all the time that is why we have to depend on a call.

Again as in the past we are asking every one to join us in the the fight against burglaries by reporting any suspicious activity, persons, or vehicles that you see. Jot down the plate number, if possible, you never know it could be your place next. Also let us know if you intend to be gone for a few days, Thank you, and we would appreciate your support on our police budget, so that we may continue to give you the best service possible.

**Respectfully Submitted John Santosuosso, CHIEF**

Due to Statewide budget cuts, the bookmobile only made one trip to us in 1981, and we still have that collection of 212 books. However we requested and showed 13 films from the state collection and 3 from our own co-op collection. The summer reading program was BIG FOOT and was enjoyed by all, an decorate your own BIG FOOT cookie party was held and prizes were awarded. The children also drew a picture of what BIG FOOT would look like. Unfortunately the Statewide card program was also a victim of the cuts. This year we have had a total of 7 framed prints on loan to 6 patrons. We are very grateful to Annette Krafton, who substituted for me, Sept. Oct. and Nov.

### SOUTH HAMPTON LIBRARY TRUSTEES REPORT

For year ending 1981

Librarian Mrs. Carole McCarthy has been awarded a scholarship from the New Hampshire Federated Women's club for continued library courses. She also attended a special meeting, in Hampton, where Speaker Donald Scammon, House Ways and Means, discussed the budget cuts. Letters expressing objections to the elimination of services to our libraries, were sent by us to members of the legislature.

A delegation of six members of the Friends of the Library and trustees attended the retirement luncheon given for Mrs. Rachel Sanborn, District Consultant - whose position will remain vacant - due to budget cuts, and the Bookmobile has also been discontinued, for the same reason.

Mrs. McCarthy was accompanied by trustee Madeleine Burrill to the Children's Book Display and a Planning Process Workshop in Exeter.

With the help of Mrs. Audrey Brunet a program for the recovery of overdue books has been put into effect and has met with good results.

Mrs. Annette Krafton was hired to substitute for Mrs. McCarthy during her recent stay in the hospital.

Our thanks to the Reed family for their generous donation of children's books, in very good condition; and to the anonymous donor of money towards our collection of Christmas Books for Children.

We also wish to thank the Friends of the Library for staffing the library on Monday nights; for financial support in funding the summer reading program; the purchase of an electric fan for the library; and the duplication of slides of historical interest to the Town of So. Hampton, by Mrs. Sadie Embree and Mrs. Carole McCarthy.

A special thanks to the members of the 8th grade for painting the Library book-drop.

Respectfully submitted, Trustees,

### BREIF RESUME OF WORK DONE THIS PAST YEAR

All roads were patched though the year, some brush was cut, a lot more should be cut this year. Ditches have to be cut, we have had a few water and icy problems this past year, which I hope we can correct this coming year, also some of the new drive ways put in are cause in a few bad problems, wash outs road breaking up, rocks throwin water line or water run off, We tarred quite a few bad spots on our roads, more tarring is needed if we are to hold our roads together, we hot topped approach to Stockmans Bridge and a piece beyond, More work needed here, Guard rails on old 150 are bad this road needs attention this year. Brush has to be cut all over Town and a lot of general maintenance on all are needed this coming year.

### **ANNUAL MEETING**

The Annual Meeting of the South Hampton, New Hampshire School District was called to order by Moderator, Horace Cressy at 8:05 p.m. with 26 people in attendance. The warrant now attached to page 232 was read.

Audrey Miller made the motion “to let the representatives of Union #21 speak if they are called upon to answer questions”. Barbara Knapp seconded, voted in the affirmative.

ARTICLE I - Barbara Knapp spoke on behalf of this article and stated there was no need to postpone the meeting as an agreement had been reached on the teacher contract. Lawrence Baker made the motion “to accept this article as read”, seconded by Phyllis Butt. The motion was opposed and defeated by the majority vote.

ARTICLE II - Walter Hill made the motion “to see if the District will vote and appropriate the sum of \$ 311,785”, seconded by Lawrence Baker. Mr. Hill explained the difference from the figure in the budget. Teacher contracts were settled so account #1100 has an increase of \$ 941; account #1435 had only three coaching positions budgeted, the increase of \$ 678 would enable them to hire a boys softball coach; Blue Cross/Blue Shield has an increase of \$ 361 and the tuition for high school pupils has an increase of \$ 434. Lawrence Baker seconded. The special education account was discussed and Patricia Nelson explained state funding. Audrey Miller asked whether extra money was placed in the tuition account in the event another high school student comes. Dr. Hamilton stated there wasn't and if that happens they would have to ask for a supplement appropriation the next year. After discussion this article was voted in the affirmative and so carried.

ARTICLE III - Lawrence Baker made the motion “to accept this article as read”, seconded by Walter Hill. So voted and carried in the affirmative.

## **SOUTH HAMPTON TOWN REPORT**

**ARTICLE IV - Walter Hill spoke on the accomplishment of students going to the Region 18 Vocational School in Exeter. Mr. Marinos explained the increases in the accounts Ann Zammitti questioned.**

## **SOUTH HAMPTON TOWN REPORT**

### **SOUTH HAMPTON SCHOOL DISTRICT REPORT SCHOOL BOARD REPORT**

To the Townspeople of South Hampton, New Hampshire:

This board submits this report on the management of your school for the fiscal year 1981. In addition to the narrative portion of the report, financial and other aspects of the school follow this brief presentation. Each year we review with you briefly some of the significant developments in education, legislation and management.

We are constantly mindful of the criticisms, both locally and nationally, of schools and the costs of schooling. We are not insensitive to the financial strains on the taxpayer and, along with your principal and superintendents, we are constantly watching for ways to hold costs to a minimum. We believe that we have succeeded in carrying out the will of the majority.

This year the Budget committee has submitted without recommendation 1,950 for athletic and field trip transportation which they felt should be furnished on a volunteer basis by parents. The School Board agrees with this sentiment; however, due to so many families with both parents working today, this is not practical. Also, 6,300 for handicapped transportation was not recommended. With the new federalism, the laws may be changed, but presently federal laws mandates that we must pay this expense.

#### **BUDGET**

The School District budget for 1981-82, approved last March, was held to a minimum with no planned surplus. Due to unexpected, increased costs of special education and substitute teachers, we are forced to request an additional 6,500 deficiency budget to complete this fiscal year. This will bring the 1981-82 operating budget to 318,285 which is 8.8% greater than the previous year. While this increase is greater than was anticipated, it is still well below the inflation rate and the previous year's increase.

## SOUTH HAMPTON TOWN REPORT

For 1982-83 we are requesting 326,843 which is only a 2.7% increase over this year. This budget again has no "fat" built into it, and while we have tried to anticipate all eventualities, this budget does not allow for the unexpected.

### SAU #21 JOINT BOARD

Your School Board members are also part of the Supervisory Administration Unit #21, along with members from the Hampton, North Hampton, Hampton Falls, Seabrook and Winnacunnet School Boards. This board meets several times a year to set budgets and policy for the Superintendents Office in Hampton. We are the smallest School District in this unit, but your representatives hold many responsible positions on this board. Pat Nelson is a member of the Administration operations Committee, Walter Hill was the Chairman of the Accountability Committee, and Larry Baker was the Chairman of the Joint Board and also a member of the Negotiations Team.

### TEACHER CONTRACT NEGOTIATIONS

A two year contract, effective until June 30, 1983, was signed last year after almost a year of negotiations. The major contract highlights were: additional payment of health insurance, a new dental insurance plan, and an 11% average salary increase for each year. To some this salary increase may seem excessive, but our teachers were just finishing a 3 year contract that had given them less than 7% per year during a period when inflation was running as high as 14%. Also, most school teacher settlements last year were running anywhere from 9% to 16%. With inflation tapering off and unions starting to lower their demands for high wage increases, the next contract negotiations should be for a lower figure.

We continue to have a good relationship with the Amesbury School System where we have 41 students enrolled. This year we also have 1 student at Sanborn in Kingston, 2 students at Winnacunnet in Hampton, 1 student in a special program in Poland Springs, Maine and 3 Students attending private school for which we give no financial support.

## **SOUTH HAMPTON TOWN REPORT**

There are several people in town who would like to initiate a voucher system for high school tuition where a specified amount would be paid to the high school of the family's choice. Experiments in other parts of the country have found vouchering does not work, and your School Board feels that the decision where a student attends school should remain with the board. However, we will continue to accommodate, whenever possible, any parent who wishes to send their child to a different approved public high school. In these cases no transportation will be furnished.

The case of providing support for a student going to a private school is clear cut. It is illegal for the following reasons:

1. Article 83 of the State Constitution
3. RSA Law 194:27
3. State School Board Regulations

There also seems to be a lot of sentiment in town to get our high school children into a New Hampshire high school. Your Board continues to look for alternatives. To date, the only school system we have found that offers equivalent education opportunities to Amesbury is Exeter. However, they will not even consider allowing tuition students from South Hampton.

In closing, we extend our thanks to the Barnard School Trustees who have continued to keep the building in good repair.

**Respectfully submitted,**

**LAURENCE A. BAKER Chairman  
PATRICIA K. NELSON  
WALTER M. HILL**

## SOUTH HAMPTON TOWN REPORT SUPERINTENDENTS REPORT

I hereby submit my annual report to the citizens of South Hampton.

As funding schemes change at the federal and state level it becomes more and more apparent that we at the local level will be paying a higher percentage of many of our public services. Also some programs once public will become part of the private sector. Your School Board members and administrators have worked hard at maintaining the offerings of the Barnard School at as reasonable cost to the taxpayers as possible.

I have asked Dr. Anderson, the Assistant Superintendent for Instruction, to bring you up to date on his area of responsibility. Most of the remainder of my report consists of his comments.

“A teacher affects eternity. He never knows where his influence stops”, so said Henry Adams. The curriculum is the road on which the student and the teacher travel. Where that road leads is very important not only for the student but for our society. Equally important is how we travel that road. If we only walk instead of fly towards our goals, we obviously will take longer to achieve our goals; therefore, the Where, How, and the What become important.

This is what we have been trying to do in education at S.A.U. 21 and South Hampton not today, not yesterday, but continuously improve the WHERE, the HOW, the WHAT.

At present we have a workshop for teachers in “Assertive Discipline” to improve the HOW. This came about because principals and teachers expressed a need. The results of the workshop have been beyond our expectations. To quote one teacher, “I didn’t realize how much more we could accomplish in my class with better discipline AND the children enjoy it so much more.”

## SOUTH HAMPTON TOWN REPORT

A teacher is more effective if the teacher has been down the road himself. We have just begun another workshop in "Writing." We all agreed that children need to learn to write better, to express themselves more clearly and more forcefully. The Exeter Writing Project which is part of a national program was aimed at just this: teachers learn to write better in order to teach their students to write better. We are learning how to get what we want to get with that: better writing.

Previous to this year we have had workshops on "Teacher Effectiveness Training" and "Mastery Teaching" which proved to be influential in making the teacher more successful in the classroom through improving student learning.

How do we know that we are improving? In the last eight years our IOWA Test of Basic Skills scores have risen as high as 23 percentage points. These tests examine achievement in Basic Skills: vocabulary, reading, spelling, capitalization, punctuation, language usage, map skills, graphs, references, math concepts and problems.

The introduction of the Microcomputers seven years ago at Amesbury High School ushered in a new era of education. We are trying hard to get with it. Every workshop for teachers has been over subscribed. We can't find enough instructors, computers, or room to do all we are requested. You ask, "What do microcomputers do?" They make it possible for the first time, at reasonable cost, to individualize learning at the Where, How, What levels. Given the equipment -- hardware and software -- the teacher can meet the learning needs of every student. That means 25 students at 25 different levels of learning in 25 different ways all at the same time with one teacher!!

What else has been done:

1. Development and implementation of Basic Arithmetic Skills Test in math for grade 8. This is given in grades 6, 7, and 8 as a pre-test. In grade 8 it insures competency in basic skills.

## SOUTH HAMPTON TOWN REPORT

2.

Development of the Where in Reading, Math, U.S. History and N.H. History at three levels by teachers working with the Local Planning Group. This was mandated by the State Accountability Program.

3.

Basic Arithmetic Skills Program for computer use at all levels.

4.

Spelling practice and test for computer use employing the 100 words most frequently misspelled by high school students. This is available to all schools.

5.

Keeping track of computer software purchase and location in all districts.

6.

“Seven Keys to Successful Teaching” workshop for principals which had far-reaching effects for improvement of teaching and evaluation. This is now used by principals in their meetings through the showing of the Madelyne Hunter films.

7.

Workshop on “The Where, How and What of Education in SAU 21” which created a climate of change.

This is by no means a complete or exhaustive description of what is happening in South Hampton and S.A.U. 21. Individuals are engaging in curriculum work constantly to the end that our service to students improves daily. We know we are affecting eternity.

I wish to thank all of you for the assistance and support you have given your school over the past year.

Respectfully submitted,  
RICHARD C. HAMILTON, ED.D.  
Superintendent of Schools
