WARRANT FOR ANNUAL TOWN MEETING

GRAFTON, ss

TOWN OF HANOVER

TO THE INHABITANTS OF THE TOWN OF HANOVER, NEW HAMPSHIRE, who are qualified to vote in Town affairs.

TAKE NOTICE AND BE WARNED that the Annual Town Meeting of the Town of Hanover, New Hampshire will be held in Webster Hall, Wentworth Street, Hanover, New Hampshire on Tuesday, March 11, 1980 at 8 a.m. to act upon the following subjects:

(THE MEETING WILL BE FORMALLY CONVENED AT 8 A.M. AT WHICH TIME THE POLLS IN WEBSTER HALL WILL OPEN FOR VOTING BY BALLOT FOR THE ELECTION OF TOWN OFFICERS AND VOTING BY BALLOT ON REFERENDUM QUESTIONS.)

(ALL OTHER ARTICLES WILL BE PRESENTED, DISCUSSED AND ACTED UPON BEGINNING AT 7 P.M. THE POLLS WILL CLOSE AT 8 P.M. OR ONE QUARTER HOUR AFTER COMPLETION OF VOTING ON THE LAST ARTICLE IN THE WARRANT, WHICHEVER IS LATER UNLESS THE TOWN VOTES TO KEEP THE POLLS OPEN TO A LATER HOUR.)

ONE: (To vote by non-partisan ballot) for the following Town Officers:

One Selectman to serve for a term of three years.

One Treasurer to serve for a term of one year.

One Moderator to serve for a term of two years.

One Town Clerk to serve for a term of three years.

One Library Trustee to serve for a term of three years.

One Trustee of Trust Funds to serve for a term of three years.

One Supervisor of Checklist to serve for a term of six years.

And such other Town Officers as may be required by law.

TWO: (To vote by ballot) to see if the Town will vote to amend the existing Town Zoning Ordinance as proposed by the Planning Board so as to rezone a strip of land to be used as a trail from Single Residence-1 to Natural Preserve and specifically described and set forth in the official copy of Amendment No. 1 filed and available to the public at the office of the Town Clerk and as on display on the date of the meeting. The following question is listed on the printed ballots:

"Are you in favor of the adoption of the amendment No. 1 to the existing Town Zoning Ordinance as proposed by the Planning Board?"

(This article will be voted on by printed ballot during the time the polls are open on the day of the meeting beginning at 8 a.m.)

THREE: (By Petition) (To vote by ballot) to see if the Town will vote to amend the existing Town Zoning Ordinance so as to rezone 60 acres of land along East Wheelock Street and Trescott Road from Rural Residence and Single Residence-1 to Natural Preserve and 63 acres of land east of Grasse Road and north of Trescott Road from Natural Preserve to Single Residence-1 as proposed by petition of Town voters and specifically described and set forth in the official copy of Amendment No. 2 filed and available to the public at the office of the Town Clerk and as on display on the date of the meeting. The following question is listed on the printed ballots:

"Are you in favor of the adoption of the amendment No. 2 to the existing Town Zoning Ordinance as proposed by Petition of voters for the Town of Hanover?"

The Planning Board is required by law to indicate approval or disapproval of this proposed zoning amendment, on the printed ballot. New Hampshire RSA 31:63B. The Hanover Planning Board approves this amendment.

(Article Three will be voted on by printed ballot during the time the polls are open on the day of the Meeting beginning at 8 a.m.)

FOUR: (To vote by ballot) to see if the Town will vote to permit applications for changes in party affiliation to be made with the Town Clerk. The following question will appear on the printed ballot:

"Shall we adopt the provisions of RSA 654:34-a permitting applications for changes in party affiliation to be made with the Town Clerk?"

(Article Four will be voted on by printed ballot during the time the polls are open on the day of the Meeting beginning at 8:00 a.m.)

FIVE: To receive reports from the Selectmen, Town Clerk, Treasurer, Auditor, Collector of Taxes and other Town Officers and to vote on any motion relating to these reports and to receive any special resolutions that may be appropriate and to vote thereon.

SIX: To choose the following Town Officers to be elected by a majority vote:

Two Auditors each for a term of one year.

One member of the Advisory Assessors Board for a term of three years.

Three Fence Viewers each for a term of one year. One Park Commissioner for a term of three years. Two Surveyors of Wood and Timber for a term of one year.

And such other officers as the Town may judge necessary for managing its affairs.

SEVEN: To raise and appropriate such sums of money as the Town judges necessary to pay the expenses of the Town during the 1980 fiscal year for the purposes set forth in the Town Budget and further to accept and expend gifts of money and/or personal property for the purposes intended by any donor and in addition, to apply, receive and expend any Federal or State Assistance for the uses set forth in the Town Budget, not anticipated as of the Annual Town Meeting, and to account to the voters of the Town for all such additional receipts and expenses.

EIGHT: To see if the Town will vote to appropriate and authorize withdrawal from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972 as amended for use as setoffs against budget appropriations in the amounts indicated, namely General Fund - \$54,781; Fire Fund - \$36,510; Sidewalk - \$1,000 and further, to authorize the Selectmen to make pro rata reductions in the amounts if estimated entitlements are reduced or take any other action hereon.

NINE: To see if the Town will vote to raise and appropriate a sum up to \$12,000 for the purpose of continuing the Elm Tree Maintenance Program begun in 1979 within an area up to a radius of ½ mile from the intersection of North and South Main Streets and East and West Wheelock Streets and further to authorize the Selectmen to apply, negotiate, and do all things necessary to obtain such Federal, State or other assistance as may be available for this project and to receive and expend such assistance for the purpose of this project.

TEN: To see if the Town will vote to raise and appropriate the sum of \$23,000 for the operation of a Community Center at 10 School Street and further to authorize the Selectmen to accept and expend gifts of money and/or personal property for the purposes intended by any donor.

ELEVEN: To see if the Town will vote to raise and appropriate the sum of \$15,000 to support the Upper Valley Senior Citizens Council, Inc. Public Transportation Program and to further authorize the Selectmen to apply \$7,500 from the Parking Fund and to raise the balance of the appropriation from the General Fund tax receipts.

TWELVE: To see if the Town will vote to discontinue the public highway, if any, leading from the Etna/Hanover Center Road across Mink Brook to the property of Kenneth M. and Barbara Pelton.

THIRTEEN: To see if the Town will vote to discontinue a portion of Sanborn Road adjoining land of Hanover Investment Corporation as shown on a plan entitled "Hanover Investment Corporation, Lebanon Street, Hanover, New Hampshire" dated October 13, 1978 - revised January 1980 drawn by K. A. LeClair Associates, Inc.

(The purpose of this Article is to straighten-out the westerly side line of Sanborn Road in exchange for the conveyance of an additional parcel of land on the corner of Sanborn Road and East South Street.)

FOURTEEN: To see if the Town will vote to appropriate the sum of \$1,415 to support the Dartmouth-Lake Sunapee Region Association.

FIFTEEN: (By Petition) To see if the Town will vote to appropriate any funds not expended by the Town under Article 9 of the Warrant for the 1979 Town Meeting, and further to raise and appropriate such additional sum as will be necessary to provide a total sum of \$10,000 to contribute to the cost of managing, operating and maintaining the Oak Hill Ski Area for public skiing during the winter of 1980-81 under the supervision of the Ford Sayre Memorial Ski Council.

SIXTEEN: (By Petition) To see if the Town will vote to raise and appropriate the sum of \$20,000 for the purpose of establishing a Capital Reserve Fund for financing improvements to the Oak Hill Ski Area and the purchase of snow grooming equipment.

SEVENTEEN: To see what amount the Town will appropriate for the design and construction of Park Street including the installation of storm drains and underground utilities and to borrow a portion of said amount by the issuance of bonds and/or notes under the Municipal Finance Act with the balance of the amount to be obtained from Federal funds; and, further, to authorize the Selectmen to apply, negotiate, and do all things necessary to obtain federal assistance as may be available for this Project; and/or to incur indebtedness in anticipation of the receipt of such assistance as provided under the Municipal Finance Act and receive and expend such assistance for the purpose of this Project.

(The Selectmen intend to request that the Meeting vote to postpone consideration of this Article 16 to a specific later date at an adjourned meeting of the Annual Town Meeting. At that time, the Article would be discussed and voted on.)

EIGHTEEN: To see what amount the Town will appropriate for the construction of a multiple story parking facility including the purchase of additional land for the facility and to borrow said amount by the issuance of bonds and/or notes under the Municipal Finance Act and further to authorize the Selectmen to apply, negotiate, and do all things necessary to obtain such federal and/or state assistance as may be available for this project and/or to incur indebtedness in anticipation of the receipt of such assistance as provided under the Municipal Finance Act and receive and expend such assistance for the purpose of this Project.

(The Selectmen intend to request that the Meeting vote to postpone consideration of this Article 18 to a specific later date at an adjourned meeting of the Annual Town Meeting. At that time, the Article would be discussed and voted on.)

NINETEEN: To transact any other business that may legally be brought before this Town Meeting.

Given under our hands and seals of the Town of Hanover this 22nd day of February, 1980.

James W. Campion, III Martha S. Solow Stephen V.F. Waite Benjamin Thompson, Jr. Sharon L. Nordgren BOARD OF SELECTMEN

A True Copy, Attest:

James W. Campion, III Martha S. Solow Stephen V.F. Waite Benjamin Thompson, Jr. Sharon L. Nordgren BOARD OF SELECTMEN

HANOVER FINANCE COMMITTEE REPORT

For some the primary function of the Hanover Finance Committee is to be a nay-sayer when it comes to town and school expenditures. The Committee's own view is somewhat broader. It recognizes the necessity of maintaining essential services for the public and it has the duty of seeing that this is done as prudently and as economically as possible. It also endeavors to hold down capital expenditures and to consider all such proposals in relation to the town's total load of indebtedness. The Committee does not take a Proposition 13 approach to town financing, but it does believe that the taxpayers' money should be spent on what is essential and not on things that are desirable but not really necessary. During the past year the Committee has tried to operate within those general guidelines.

Last year the taxpayers of Hanover enjoyed a drop in the total tax rate from \$26.55 to \$26.00 per thousand, thanks to factors that will not be repeated in 1980. The Finance Committee feared a wild upward jump in the 1980 tax rate; indeed, at an early stage of work on the town and school budgets it looked as though there might be an increase of \$3.20 per thousand, before adding the cost of any special articles adopted by the voters. The Committee felt that this was more of a burden than the Hanover taxpayer should be expected to bear, in this time of financial stress for everyone, and it therefore made the tax rate the main object of its concern and urged that all budgets be reviewed so as to hold the 1980 tax increase to 10%. The town budget, for example, went back twice for review and some \$70,000 was deducted from the tax levy, resulting (as of February 1) in a projected increase of 76 cents rather than \$1.26 in the town portion of the tax rate.

The goal of a 10% limit on the overall tax increase has not been fully reached, and it certainly won't be if sizable amounts are added to the budgets through the adoption of special articles. But the revised budgets have come close, and the Finance Committee hopes that an ongoing review will bring the 1980 tax rate down still more, if not by the time of the March meetings then by the time the tax bills go out next fall.

The great increase in the cost of heating and utilities has been inescapable. In the Hanover School District budget for 1980-81 two factors have worked against achieving the desired limit on the tax rate. One is that we do not have the benefit of the \$69,000 that was transferred last year from capital reserve to the general fund for tax relief purposes. The other is an increase of \$33,700 in the tuition that will be paid to the Dresden District because of greater enrollment in the sixth grade at Richmond School. A projected increase

from \$5.60 to \$6.73 per thousand in the Hanover School District tax rate has made it difficult to achieve the overall 10% goal.

The Finance Committee was represented at each of a long series of meetings before the adoption of the Hanover town, Hanover school, and Dresden school budgets. During the year the Committee also made a study of Hanover's total indebtedness and found that the totals for both the town and the schools were well below the limits mandated by state law. The Committee also looked into the short-term and long-term investment of town funds, and was satisfied that this is well managed so as to produce the maximum return.

Besides its major concern with budgeting, the Finance Committee supported the borrowing of \$235,000 to complete the renovation of Hanover High School. It also supported the proposed \$2-million reconstruction of Park Street, with 75% of the cost covered by federal funds, but the town's voters disagreed and rejected the plan. Most recently, as part of the Dresden Finance Committee, it has made recommendations to the Dresden School Board about financing the \$170,000 reconstruction of high school playing fields over a ten-year period. The Committee feels this can be done at modest annual cost, especially if, as expected, New Hampshire pays 45% of Hanover's share and Vermont pays 30% of Norwich's share.

The Finance Committee recommends that during the coming year priority be given to a general review of salary policy and to the related question of how much increased productivity accompanies steadily rising personnel costs. It would like to see the Selectmen also take steps toward adopting a changed fiscal year, so that budgets presented and adopted at the Town Meeting in March cover a period that begins after the meeting. There would be great advantage in having the salary year match the fiscal year, which is not the case at present. Such a change would remove the budget distortion that arises from having one-half of salary increases that begin July 1 carry over into the next budget on top of salary increases granted in the new year.

REPORT OF SELECTMEN

Nineteen seventy-nine has emerged as a year of policy review and adoption.

A major policy change has been in the area of Visiting Nurse Service. The operation of the VNS, for years a Town Agency, was studied intensively by a citizens' committee which recommended that the Town negotiate to have Mary Hitchcock Memorial Hospital assume the functions of the VNS under the joint supervision of the Town and the Hospital. The Selectmen endorsed the committee's report, and negotiations are now under way. Details follow this report in a separate explanation.

After many meetings with the public and State Highway Department officials, a bond issue to finance the reconstruction of Park Street was defeated. Following the vote, a broad-based committee was appointed to restudy the designs of Park Street; its recommendations should be ready for presentation to the voters during 1980. The Selectmen hope that reconstruction of Park Street can be coordinated closely with sewer work now being done in that area.

The Parks and Recreation Board has enthusiasticlly been carrying out its mandate. As a result, the Town will vote in March on a proposal for Town funding of a Community Center at 10 School Street, a building which has been extensively renovated with donated funds. The Town also will vote in March on a proposal to maintain skiing at Oak Hill and to begin to fund capital improvements for the facility. These votes will give the Town a chance to indicate the extent and direction of its support of recreational activities.

At the urging of several Boards and Commissions, a central Resource Center has been established in the Municipal Building to store reports, maps, and other documents. These reports are being catalogued to increase their accessibility to officials and citizens.

The Planning Board, in conjunction with subdividers, architects and professional planners, and after several public hearings, has revised the Subdivision Regulations (which attempt to provide for orderly growth of new residential and business development). The Selectmen have adopted revised building codes, recommended by the Code Advisory Board after two years of examination and evaluation. The new codes reflect more accurately the use of newer materials and methods of building construction.

After several years of negotiation, the Conservation Commission, with the assistance of the Conservation Council, completed the acquisition by the Town of land on the top of Balch Hill. The Na-

tional Park Service and the Appalachian Trail Conference has been working with many Town Boards and individuals to lay out a permanent route through the Town for the Appalachian Trail. The Selectmen hope the route will be one which will cause the least disruption to Town development and which will be acceptable to as many people as possible.

Reflecting their view that recycling is a municipal responsibility, the Selectmen have established a Town Recycling Committee. The Committee is investigating effective methods for making better use of waste materials and reducing disposal costs. A more complete report appears elsewhere in this Town Report.

Energy conservation efforts in other areas have focused on attempts to counteract the rising costs of heating fuel. Installation of a wood-burning furnace at the Sewer Treatment Plant and a Trombe Wall for solar heating at the Town Garage are two efforts now underway. Other Town Buildings are being studied for ways to effect reduction in energy use.

The Parking and Transportation Board has recommended that plans for a parking garage on the Town's parking lot diagonally across from Howe Library be updated, and funds for architectural designs have been authorized. At the same time, the Selectmen have recommended that the Town participate in a regional transportation program being initiated by the Upper Valley Senior Citizens Council; an initial contribution to the program will be voted on at Town Meeting.

This year saw the completion of the reconstruction of North Main Street, including a new sidewalk along the west side of the Green, the reconstruction of the intersection at Trescott and Etna Roads, the installation of new traffic lights at the three Main Street Intersections, and the extension of the sewer line on Route 120 to the Hanover/Lebanon townline. The Town's maintenance program for elms appears to have been successful in its first year and is being continued.

The Selectmen wish particularly to express their thanks to the many citizens who have served countless hours on numerous committees covering nearly every aspect of the Town's Government. They are also grateful for the dedication of the Town's conscientious employees, and not least, for that of the Town Manager, Peter Gartland. The collective efforts of these citizens and employees have made it possible for the Selectmen to devote more attention to longer-range issues and policies.

Selectmen's Report · Hanover Visiting Nurse Service

The Hanover Visiting Nurse Service has gone through a year of study, transition and decision. In May, after the resignation of the VNS Director, the Selectmen felt an evaluation process should be undertaken by the Town as to the future direction of this municipal service. The Health Council was designated as the appropriate body to oversee a study process. The charge: "To define and recommend to the Board of Selectmen the level and extent of service delivery to be offered by the Town Visiting Nurse Agency and to investigate and analyze alternative directions for the Agency; specifically to study the feasibility of developing the Agency into a private, not-for-profit local agency or as part of a regional service delivery system." Throughout the summer a dedicated core of Hanover citizens met, sometimes weekly, consulting and questioning health professionals, regional home health care providers and consumers. A final study report was submitted to the Hanover Selectmen in September with a recommendation to further study two options: "Town Agency with a VNS Council - This option would establish a working governing "board" composed of private citizens. Hospital-based agency - Mary Hitchcock Memorial Hospital has proposed to provide a hospital-based Home Health Care Service to citizens of the Town of Hanover. The Hospital would create a separate department within the Department of Nursing to operate a program mutually agreed upon between the Hospital and the Town."

Following the recommendation of the summer study group, the Selectmen appointed the Visiting Nurse Service Feasibility Study Committee to investigate the two proposed options. After a scrupulous two months of further study, the Committee returned to the Selectmen with the following recommendations:

"In order to continue the quality care presently provided and yet face present and future administrative and service needs, the committee recommends the following:

- 1. That the Selectmen adopt the proposal of Mary Hitchcock Memorial Hospital to establish a hospital-based Home Health Care Department charged with the provision of home health services to the citizens of the Town of Hanover....
- 2. That the Selectmen appoint the Home Health Services Advisory Board members as described (in the Hospital proposal) to conclude negotiations with the hospital and finalize a Memorandum of Agreement for presentation to the Board of Selectmen." (Copies of the complete report and the summer report are available in the Town Hall and the Howe Library.)

We are now in the process of formation of the Advisory Board. Those appointed by the Selectmen to serve on this citizen advisory board include a maternal-child R.N., a Hanover attorney, consumer, physical therapist and a Selectman. As discussions proceed between the Town and Hospital, town patients of the Visiting Nurse Service are continuing to receive quality care and that will be an ongoing goal as we pass through the transition period of the next six months.

This brief summary does not do justice to all the many hours of time concerned citizens have spent to make a responsible decision for the future of health care delivery in Hanover. The Selectmen express their thanks to them for a job well done.

SCENIC ROAD POLICY STATEMENT

In compliance with the request of the 1979 Town Meeting under Article 17, the following is the Scenic Road Policy Statement adopted by the Board of Selectmen on February 15, 1979 and printed in the Selectmen's Position Paper for the 1979 Warrant:

"If any road is designated by a Town Meeting vote to be a scenic road as provided in RSA 253:17 and 18, then the Town of Hanover will use its best efforts to make certain that any repair, maintenance, reconstruction or paving work required on such road in order to keep the roads suitable for travel as required by State Law will be performed in such a manner, to the extent possible, to maintain and preserve the esthetic qualities of the scenic roads and unique flora and natural and historical landmarks. This commitment is made having in mind that the primary purpose of highways is for vehicular and pedestrian travel under conditions to allow such travel to be done safely. Before any reconstruction or reworking beyond routine regularly scheduled maintenance is undertaken, all abuttors and the general public shall have the opportunity to review and comment on plans at a public meeting.

Routine, regularly scheduled maintenance is defined as grading, sealing or overlays where applicable; clearing ditches and removing brush and tree limbs which impair the sight distance in the traveled way or impair the effectiveness of the ditching process; and the replacement of culverts and removal of dead trees where necessary.

The original petition regarding Scenic Roads is printed in this report under Article 17 of the 1979 Annual Town Meeting Minutes.

TOWN ACTIVITIES

BUILDINGS AND GROUNDS DEPARTMENT

This department is responsible for the care and maintenance of 10 buildings, 10 cemeteries, recreation grounds and the boat landing.

Major projects include rebuilding the Hanover Center Cemetery fence and the dispatch office. New furnishings and carpet were placed in sections of the Municipal Building.

There were 37 funerals, 13 cremations and 22 grave sites sold in the cemeteries.

A pickup was purchased this year and next year's budget includes a small tractor.

Code Administration

Building construction handled by the department, involving 55% of the department time, is summarized below relating the activity to the previous two years:

197	77	197	78	197	' 9
# of		# of		# of	
Permits	Cost	Permits	Cost	Permits	Cost
280	3.5M.	298	7.9M.	334	6.7M.
17	.5M	26	2.4M	36	2.0M
26	1.5M	35	2.5M	32	2.3M
24	.5M	54	2.1M	41	1.0M

Planning Board and Zoning Board work handled by the department, involving 45% of department time include the following:

9 Site Plan Reviews 7 Regular Subdivisions 42 Zoning Hearings 122 Zoning Permits

11 Subdivisions by Waiver

Included with the above are many preapplication hearings and numberous divisions of land not falling under Planning Board purview.

It seems appropriate for future accomplishments to acknowledge some of the basic reasons why acceptable code enforcement arrives at a snail's pace. The following comments deal with problems inherent in code enforcement beyond the basic stumbling block that recognizing the unpredictability of fire and other hazards, people generally prefer the calculated risk to the expenditure of money, particularly since the risk is usually mitigated by insurance.

Since the Code Office is the keystone by which zoning, planning and construction are held together, residents continue to confuse zoning, subdivision and site plan review regulations with the building codes, accentuating their feeling that their rights are continually challenged by the building codes and that it is the building code that adversely effects the cost of their projects.

All decisions of the Zoning and Planning Boards are enforced by the Code Department. To the unhappiness of some, initiation of enforcement and compliance are not synonymous. It is our department policy, established by the Town Manager, that eventual compliance, if time is within reason, is a better procedure than legal action.

In building construction the public purpose served is a delicate balance between the degree of restrictions placed upon the private enjoyment of ownership. Our codes concentrate on matters that relate directly to the protection of public health and safety. This is not always easy for people to appreciate.

CONSERVATION COMMISSION

The Conservation Commission continued to oversee townowned natural areas and other open space lands, added to the, laid out and maintained public recreational trails, helped governmental bodies and private groups in assessing the potentials and limitations of land use, and carried out its other duties as required by state statutes and local ordinances. Much that has been accomplished this year, however, was possible only with the cooperation of many individual citizens and organizations; the Commission is grateful for their assistance.

During 1979 the Commission initiated a series of reports on natural and manmade features of Hanover as an aid toward appropriate land use and it advised the several town boards regarding open space land and the environmental impact of proposed subdivisions. In response to a growing national concern and with the help of the Soil Conservation Service the Commission has identified most of the prime agricultural lands in Hanover that are of national, state and local importance. The Town is being asked to help preserve these lands for an anticipated need within a few decades.

The Town Forest has been surveyed and Forest Management Plans are being developed for it and the Gile Tract. The Commission expects to implement them in 1980. Management plans for other town-owned lands should be developed in the next year or two.

With the help of the Hanover Conservation Council and the Heritage Conservation and Recreation Service the Commission purchased the summit area of Balch Hill as an important addition to Hanover's Greenbelt. It also accepted a conservation deed from Mr. and Mrs. Alanson Grant that provides for maintaining a strip of their brookside land in its natural condition and for preserving Eleazar Wheelock's old mill site. Other landowners who are interested in protecting open space land, including agricultual land, and preserving historic sites are invited to consider the use of this versatile tool.

Townspeople may find the newly laid Piane Trail off Rip Road a convenient way to reach the top of Balch Hill. Here and near the entrances to other trails within natural areas of Hanover's Greenbelt signs have been placed to remind hikers and skiers of the character of the areas. The Commission is receptive to suggestions for trail improvements from users of them. It continued to keep informed about the proposed Appalachian Trail corridor and sponsored a meeting of town officials and the public with representatives of the Appalachian Trail Conference and the National Park Service for this purpose. In addition, the Commission made several recommendations to improve the safety of the Trail and to protect sensitive areas by incorporating them within the proposed corridor.

During 1979 the Commission was represented by one or more of its members at meetings of the N.H. Association of Conservation Districts, The Future of the Upper Valley, The National Farm Land Study and the Association of Conservation Commissions. At these meetings and in its deliberations and decisions Commission members strive to balance the need for wise land use and protection of sensitive areas against the practical requirements of town growth.

COMMUNITY COUNSELOR

The work of the Community Counselor is funded equally by the Town of Hanover and the Dresden School District. The position shares aspects of a Town youth worker, a school outreach person, a Town social worker, and a community referral source. The office of the Counselor is located at 42 Lebanon Street.

The duties of the Community Counselor break into three areas: youth and family services, welfare services, and community services.

The counseling work with young people and their families centers on home difficulties, personal problems and social maladjustment. In addition the Counselor serves as a link between school and various parts of the community: parents, juvenile court, police, and social service agencies. This year 52 individuals and families received services.

The Community Counselor serves as local welfare administrator, interviewing local welfare applicants, assessing their need, overseeing expenditure of welfare funds, and coordinating local services with State welfare programs. The past year saw aid being rendered to 14 families or individuals, an increase of 27%. Expenditures for local aid reached over \$6,000, an additional \$4,000 was needed to cover the local share of State welfare programs.

Community Services showed the sharpest increase in demand in 1979. The clients served included the senior citizens in the housing center, other local seniors, adults of the community needing counseling or referral to community agencies. The Community Counselor maintains a resource list of social, health, and financial assistance services, and functions as an advisor to the Town government on human service issues.

The work of the Community Counselor for 1979 is as follows:

	Clients	Hours of Service	Average hours per client
Youth and Family Services	52	1,394	26.8
Welfare Services	14	148.5	10.6
Community Services	27	219.5	8.1

The year of 1980 brings new objectives in each of the service areas. A series of discussion groups are planned for early in the year. These discussions will bring teenagers and parents together to talk about common concerns. In the welfare area, local eligibility standards will be updated to reflect recent increases in the cost of living and the effect of inflation. In addition this office will serve as a local agent to channel eligible Hanover citizens to the federal energy assistance programs. Lastly, it is hoped that 1980 will see the introduction of a small number of Section 8, federally subsidized apartments for low-income local residents.

EQUIPMENT

This department is responsible for the care and maintenance of most Town-owned vehicles and equipment. The department also rebuilds and paints vehicles and equipment where it is economically feasible.

This year three pickup trucks and three dump trucks were replaced. Also, a sidewalk snowblower and a one ton roller were purchased.

Next year the 3-yard loader will be traded in for a new one and a new employee will be added to the department. Much of this employee's time will be charged to the electrical, plumbing and maintenance of Town-owned buildings.

FIRE DEPARTMENT

The fire loss for 1979 was \$47,780 with the department handling 1038 incidents including the emergency medical. The breakdown is as follows:

Fire Incidents	70
Emergency Medical	551
False Alarms	18
Nonfire Emergency	356
Special Service	43

Training included attendance at Heavy Duty Rescue School, Operational Risk Analysis, Educational Methodology, Arson Seminar and many area Basic Fire Programs. For 1980 the Department will provide the training for the State Certified Fire Fighter Program and will take advantage of the New National Fire Academy.

Now that we have had the use of the aerial tower for more than one year its benefits in fire fighting and safety to the personnel are even more than were anticipated.

In Fire Prevention this year we worked closely with the schools to provide the National Fire Protection Association, "Learn Not to Burn Curriculum".

GENERAL ADMINISTRATION

The administrative office provides the services that in many towns and cities are performed by officials such as town clerks, tax collectors, assessors and treasurers in their own individual offices. In addition, clerical support is provided by the staff for the Manager, department heads and numerous town boards.

The one office concept was initiated with the merger of the Town and the Village Precinct governments in 1964 and continued to expand in 1968 to include the tax collector's office and again in 1972 to include the town clerk's office. With this office structure the citizens enjoy a level of service and convenience that is found in few communities.

Citizen participation plays an important role in the Town Government. At year end 20 boards, committees and subcommittees were actively assisting the Board of Selectmen and the Manager in the governing process. To ensure that work is processed in an orderly fashion a procedure was developed to provide guidelines for clerical support provided by the staff. This procedure has proven very beneficial.

A 30% turnover in personnel again this year results in many months of continuous training of new employees by the experienced members of the staff. In the interest of efficiency and productivity it is our policy to try to maintain an attractive employment atmosphere in order to retain good employees.

State legislative action continues to add to the workload of the Towns in the areas of motor vehicle registrations, voter registrations and assessing records. The staff has been able to take on these added responsibilities and keep up with the increased volume of work without adding additional people.

The automated accounting system in its second year of operation has been able to produce reports on a timely basis and provides department heads and town officials with good financial management information.

A recommendation of the Comprehensive Planning Committee that a Resource Center be established to assist the boards and commissions was implemented in the fall by Howe Library, Public Works and Administration personnel. Initial design work, ordering equipment and sorting material was accomplished this year. Cataloging the collection is planned for 1980. This reference center will be a valuable asset for the Town and will provide the continuity necessary in a community that has more than the average influx of new residents.

Goals for 1980 include the following:

- Reorganization of the filing system and cataloging the Resource Center collection.
- 2. Integrating the resident and property tax billing systems into the Town's existing automated system.
- 3. Planning for a change in the Town fiscal year.
- 4. Studying the microfilming needs of the Town.

HANOVER HEALTH COUNCIL

The Health Council has continued in its advisory role to assist the Selectmen and the Visiting Nurse Service on health related issues. Many citizens are to be thanked for their participation both in the studies completed, and the committees on which they serve. The Council also appreciates the continued interest and participation of Selectman Sharon Nordgren. Without her efforts the amount of work accomplished this year could not have been achieved.

The "Guide to Health Services" developed by Council members was distributed at the March Town Meeting. Additional copies of this reference list of health services are available at the Town Office and the Visiting Nurse Service Office. The Council wishes to express its appreciation to Selectman Stephen Waite for his efforts in helping us to complete this task.

In June the Health Council and the VNS participated in the Street Fest as an educational venture to help keep the community informed about health topics and the Visiting Nurse Service.

The Council continues to invite resource people to come to its meetings to help keep members better informed on health issues and services. Included were members of West Central Community Health Service, Hospice, and Hanover School Nurses.

We look forward to continued Community Health Information Programs (CHIPS) since the public has responded so favorably to these programs in the past. Our 1979 programs included one on hearing, and two on exercise. Included in our 1980 schedule will be programs on Dental Health, Nutrition and Common Accidents in the Home.

Health Council members participated in the summer VNS Study Group formed in response to a charge from the Board of Selectmen. The Council provided support for the study process, and endorsement of its report and recommendations. Council members participated in the VNS Feasibility Study Committee which was appointed by the Board of Selectmen to follow up on the recommendations of the summer study. In December the Selectmen accepted the recommendation of the VNS Feasibility Study Committee to create a Hospital Based Home Health Agency for Hanover. An Advisory Board will serve to provide community input to the agency. A task for 1980 will be to redetermine and redefine the role of the Health Council.

HIGHWAY DEPARTMENT

The Highway Department in 1979 continued with its gravel, seal, overlay and reconstruction programs.

All gravel surfaced roadways had some gravel placed where unstable conditions existed.

The seal program was continued with the use of 25,000 gallons of asphalt oil and 1350 tons of chip stone. 500 tons of shim was used and minor drainage and ditching was accomplished in conjunction with the program. River Road, Hardy Hill Road, Cross Road, Trescott Road, Stevens Road and part of Ruddsboro were sealed this year.

Overlays were placed on Main Street from Dorrance Place to Wentworth Street, Lebanon Street from Main Street to Crosby Street, East and West South Street, Currier Place, Meadow Lane and Fox Field Lane. A total of 2560 tons were used.

New construction included the completion of Ledyard Lane and the Ruddsboro Road TRA project. A new intersection was built at Occom Ridge and Clement Road, Webster Terrace and part of Webster Avenue and the intersection of Trescott and Etna Roads was rebuilt.

Major drainage projects were constructed on Webster Avenue, Main Street, an area between West Wheelock Street and Allen Street and behind Moose Mountain. Also the Maurer-Pelton bridge was built.

A concrete sidewalk was reconstructed on the East side of North Main Street from Wheelock to Wentworth. A new asphalt sidewalk was placed on Maynard Street in front of Raven House.

More winter maintenance materials were used this year due to an increase in ice storms. More than 3000 cubic yards of sand and 800 tons of salt were used.

In 1980 more emphasis will be placed on the Overlay Program. This program is lagging due to the high cost of asphalt. Intensive research in recycling of asphalt and the use of other materials is

now being conducted. Hopefully something can be done to alleviate the ever increasing cost of asphalt.

Road projects planned for next year are the reconstruction of Allen Street and Sanborn Road.

The tree program which included Article seven of the Warrant resulted in 530 sprayed, and 112 were fed, and treated with pesticide and fungicide. There were 40 takedowns which were all elm trees. 56 new trees of various species were planted.

HOWE LIBRARY

Howe Library circulation for the year was 134,715, an average of 20 items per capita, as compared with the statewide average of 6. 1,662 new borrowers were registered, with total registrations now at 6,477. Of this total, 4,834 are adults, 1,069 are middle school or high school students, and 574 are children. 400 borrowers paid a non-resident fee for library membership.

With provision in the budget of increased funds for purchase of library materials, the library was able to stay ahead of inflation and continue its program of carefully evaluating and expanding the book collection. 3,131 volumes were added and 1,696 discarded in 1979, bringing the total book collection to 38,791. Of the volumes added, 686 were gifts given either by individuals or by community organizations. 107 of these gifts were memorial gifts. Also added to the collection were 170 records and 70 items of other audiovisual materials, bringing the total collection to 1,613 records and 524 tapes, filmstrips and slide sets.

A new service, begun last fall, was the provision of a circulating collection of art prints and photographs, available for free loan for six-week periods. The collection presently includes 10 framed art prints and 10 photographs of New England scenes. It was made possible by a gift from the James C. Wicker Fund.

A gift from the Hanover Lions Club will assist the library in providing improved service to the visually handicapped. The Lions presented a \$1,000 fund in memory of former president Bill Griffith. The income from the fund is to be used to purchase Large Type books or taped materials.

Wheelchair access to the library was improved by the installation of a keyed doorbell. Keys are available for any person who needs help with the heavy doors at the building entrance.

Special library programs for both adults and children continued to be well attended. 57 adult programs were offered, including

poetry readings, films, lectures, musical events and art exhibits. Except for one program funded by a gift from the Elden Murray Fund, all of these programs were produced by the volunteer efforts of various program planners and participants. Attendance at adult programs was 1,751. The 219 children's programs included story hours, puppet shows, a mime performance, films and filmstrips and seasonal activities. Attendance at these was 4,701. In addition, the Children's Librarian made 61 visits to classrooms and worked with 41 groups of children (school classes, Scouts, etc.) who came to the library.

The library's meeting rooms were used 434 times during 1979 by a total of 99 different educational, cultural or civic organizations. Both the Mayer Room and the Elden Murray Room are available free of charge for the programs or meetings of such groups whenever they are not required for use by the library's own programs.

Town officials and library staff and trustees honored staff member Mary Churchill in June for 30 years of outstanding service to the Howe Library. During the year six staff members attended classes or workshops to increase their knowledge of library materials and improve their ability to guide the public in searching for information. The efforts of the staff were again ably augmented by the work of 38 volunteers who faithfully and generously gave 2,987 hours of their time and energy to serve the library and the community.

ETNA LIBRARY

Ila Douple has continued as librarian this year. The library is open Tuesdays and Thursdays for a total of eight hours a week. During the summer weekly story hours were held, supplemented by occasional films. We also had a summer reading club for children.

Once again we held our annual spring open house to introduce new people to the library and so that old friends could get together.

We have continued to add to our collection of books and records throughout the year, with the main emphasis being on children's materials. The Etna Ladies Aid has donated a new book rack to hold our increased number of children's paperbacks. We have also received a set of government pamphlets from the Grafton County Extension Service.

In December new window quilts were installed to help conserve heat.

PARKING AND TRANSPORTATION BOARD

1979 was a year of frustration for the Parking and Transportation Board (PTB) in its efforts to improve parking and decrease traffic in the compact area of the town. The Board's recommendation to the Selectmen that the Peripheral Parking System be expanded could not be implemented because of apparent lack of a suitable site for a parking lot to serve the west (Ledyard) entrance to Hanover. Because more than 50% of the traffic entering the town comes via this route, any peripheral parking system which could not accommodate a sizeable number (200+) cars at this entrance seemed doomed to failure. For this reason primarily, expansion of the Peripheral Parking System was abandoned in favor of a reassessment of constructing a parking structure on the Baxter Lot site. There is clear evidence that the lack of available parking is stifling use of real estate in the central business district and affecting adversely the tax base as well as preventing land there from being put to the most desirable use. A parking structure is seen as a means of alleviating this problem. An architect/planner is now being sought to advise the Town on the Baxter Lot project and draw preliminary plans so that an estimate of costs can be made.

In response to a request from the Zoning Board of Adjustment relayed to the Board by the Selectmen, the PTB also directed a review of the parking requirements as set forth in the Zoning Ordinance. This review has been completed, and acting on the findings the PTB will recommend no changes in the Ordinance.

Finally, encouraging area-wide developments in public transportation led by the Upper Valley Senior Citizen's Center, under the direction of Ms. Anna Pluhar, were made public late in 1979. The PTB views this project as of paramount importance to the future well-being of Hanover and the entire Upper Valley. Acting on the advice of the PTB, the Selectmen have endorsed financial support from the Town of Hanover for the UVSCC's system of public transportation, which proposes Buses to link Hanover with Lebanon, West Lebanon, Enfield, Canaan, and probably Lyme; the service will be available to anyone. This tentative but real step away from the private automobile is seen as a positive move towards decreasing commuter traffic and lessening Hanover's automobile-generated difficulties.

PARKS AND RECREATION DEPARTMENT

During 1979 the Recreation Department continued to pursue the objectives of the Five-year Plan, with some shifts in emphasis in response to the concerns of the Town. It was a productive year, during which the Board members, augmented by many concerned citizens, considered two major issues in depth.

Oak Hill Skiway

The recreation survey confirmed that recreational skiing programs at Oak Hill, managed by the Ford Sayre Ski Council, are among the most successful of all local recreation programs - in terms of participation and support. The issue of the continued operation of Oak Hill became a major concern to the Board when members of the Ford Sayre Council indicated that the organization no longer wished to operate the facility. The Recreation Board was concerned that the instructional, recreational program might be in jeopardy if steps were not taken to improve and operate the facility.

A study committee chaired by James R. Grant of Etna and composed of members representing all segments of the skiing community, met throughout the year to consider the possibilities for improving and operating the facility. This review included a full exploration of the possibilities of the Town operating the hill, the priorities for capital improvements, the availability of federal funding and the possibilities of negotiating a long-term (25 year) lease with Dartmouth College. In a special public meeting in December, a three-year plan was submitted to the Recreation Board, but was not endorsed by the skiing community. The plan was returned to committee and revised, and resubmitted to the Board in January, with the full support of the Ford Savre Council. This revised plan proposed that the Town assume responsibility for operating the hill at a net expense estimated to be \$8-10,000 per year; that snow grooming equipment costing about \$20,000 be acquired by the Town, and that over the next "2 to 4 years", the lift equipment be "upgraded".

This proposal was voted down by the Recreation Board basically due to the majority opinion that the Town should not become involved in operating a skiing facility, but that the impetus should come from the private sector which has shown a strong commitment to skiing in the past, has the expertise necessary and has access to the resources required to insure continued operation and improvement of the hill.

At the same time, the Board confirmed its strong support of the recreational skiing programs by voting unanimously to support a warrant article up to \$10,000 for subsidizing the continued operation and maintenance of the facility in 1981.

The Hanover Community Center

The second major project undertaken by the Board was the establishment of a Community Center, primarily for the youth of Hanover. Under the leadership of Marcie Weinbel, the Community Center Committee drew up a plan which called for a trial operation of the Center during the winter of 1980. The building at 10 School Street, owned by the Town, was made available to the Recreation Department by the Selectmen and was furnished and renovated using private funding, with generous support from AMCA, Incorporated, and scores of private citizens and civic organizations. An interim Director, Becky Mazzer, was hired and the Center has been operating on a trial basis from mid-January to the present time.

At the March Town Meeting, a warrant article will be presented asking the Town to appropriate approximately \$22,000 during 1980 to continue operation of the Center.

The Committee was most grateful for the outstanding dedication of its student members who devoted much of their free time to planning, staffing and operating the Center. They were: Shawn Samuelson, Brian Lincoln, Liz Pippin, Jane Elder, Gus DiMaggio and Michael Cohen.

The Future of Public Skating

The Recreation Department administered the public skating program for the first time under a warrant article which allowed for greater flexibility in the use of Town funds. Under the warrant, the department was able to give additional support to the Occom Pond and Etna skating facilities.

Special meetings were held early in the year with representatives of all skating interests to consider possible courses of action if the Davis Rink were to be closed by the College. A decision by the College to refurbish Davis and to continue its operation into the near future in order to meet its own needs seemed to assure that present recreational programs would not be in jeopardy, and further consideration was deferred.

In the meantime, the Occom Pond and public skating programs have enjoyed a banner year due to the lack of good skiing weather, and increased attention to the maintenance of good ice conditions out-of-doors.

Major Accomplishments

During 1979 the Recreation Department again supported expansion of the playground facilities in Etna, and contributed toward the construction of a shelter at the fire station skating rink. The Lyme road playing fields were expanded with volunteer labor to include a second soccer field and softball diamond.

The Fourth Annual Hanover Invitational Basketball Tournament was host to 115 teams and over 1000 players from grade three to adult. Proceeds from the concession stand run by parents of the Hanover participants were used to help acquire a new scoreboard for the Hanover High School gymnasium and to install the old score board in the Richmond gym.

During the year, the Board accepted with regret, the resignation of Willy Black, the last remaining Charter Member of the Board, whose five years of service to the community have had a significant impact upon our recreational programs.

During the year ahead, the Recreation Board will address two major concerns:

- (1) The development of a plan for the acquisition and development of playing fields and athletic facilities which will complement the plan developed by the Dresden School District Athletic Facilities Committee;
- (2) The development of the Hanover Community Center and its programs.

PLANNING BOARD

The duties of the Planning Board are basically two-fold.

- A. The administration of existing ordinances and regulations, i.e. site plan review, and
- B. Long-range planning

The Board currently meets weekly, reserving at least two meetings per month for long-range planning.

Public hearings have been held on the proposed revision of the subdivision regulations. Major changes in the format have resulted making the regulations easier to use and to understand. It is anticipated that the Board will have voted to adopt the regulations prior to Town Meeting.

1979 has seen the first applications for planned residential development in Hanover. This type of development allows the clustering of multiple units thereby protecting open space, and decreasing the Town's cost for maintenance of roads.

Several ad hoc committees have presented reports to the Planning Board. These include a report on the Greensboro Valley, which deals with the pressures of the development on Greensboro Road and adjacent Mink Brook; and, also a report on the impact of the

current Hanover zoning ordinance on availability of modern cost housing in Hanover. A limited number of copies of these reports may still be available in the Town Office.

The functioning of the Planning Board has been helped this year by the appointment of two alternate members, Nina Banwell and Fred Swift. In addition, Sue Cohen has volunteered to act as a liaison person between the Board and personnel in the Town Offices. In addition, she has acted as recording secretary for several sub-committees of the Board.

The major work for the Planning Board in 1980 will be the development of a comprehensive plan for the Town of Hanover.

POLICE DEPARTMENT

The Hanover Police Department Annual Report for the year 1979 shows that a total of 799 criminal and motor vehicle arrests and summonses were issued by the Police Department and prosecuted in the Hanover District Court. While there was a decline in motor vehicle cases over last year, the number of criminal cases handled increased, from 169 in 1978 to 208 in 1979. Our recovery rate on stolen property jumped to 69 percent in 1979. This is 5 percent higher than last year and much higher than the national average.

Patrol Officers investigated a total of 260 motor vehicle accidents this past year, which was 15 less than the cycle. The Town of Hanover has now gone thirty years without a pedestrian fatality, a record unmatched by any other City or Town in the State of New Hampshire.

The most fruitful program of the Detective Division has been its concentration on the Juvenile crime problem and its prevention. Since the establishment of the Richmond School Parents Education Committee last June, thefts, burglaries and other property crimes committed by Juveniles has dropped dramatically. Many man hours have been devoted to Juvenile crime prevention and the program is beginning to pay off.

There were over 32,000 parking tickets issued in the Town of Hanover during the past year. The monetary return for each ticket issued amounted to a very high \$1.62. The total revenue from parking meters and fines amounted to \$117,457.67. This figure is about \$10,000 higher than last year's total.

The Upper Valley Regional Dispatch Center handled over 125,000 calls and radio transmissions in 1979. This represents an increase of over 17,000 calls over last year's figure. During 1979, the

Dispatch Center handled over 61,000 log entries for the Hanover Police Department alone, including telephone calls, parking tickets and complaint and service reports. Peddler permits are also issued at the Dispatch Center for all vendors who sell and display their wares on South Main street.

1979 was a very busy sixth year in Animal Control. We dropped the Sewer District and adopted the Compact Area, adding Etna and the Greensboro road to our patrol area.

We received Bear and Beaver complaints for the first time and worked with the State Fish & Game Department on them.

For 1980 we intend to give the same good service to our Citizens and their Pets.

SEWER DEPARTMENT

1979 maintenance and construction included the installation of a service connection and floor drains at the Etna Fire Station. Several house connections were made in exchange for sewer line easements. An extension or replacement of the Town's Sewer Lines were made off Greensboro Road, School Street, Wheelock Street and Webster Avenue. New sewer main extensions were made by the Sewer Department, but paid for by the property owners along Route 120 and Donna Road. Developers paid for sewer line extensions from Ledge Road toward Hemlock Road.

Other work included the tracing and locating of sewer mains in the Occom Pond, West Wheelock and School Street areas. The installation of several tees in sewer mains for relocating or adding new sewer services to the Town Sewer System were made. Also approximately 30 manholes were rebuilt and raised. We assisted Hoyle-Tanner, an engineering firm, with the study of inflow and infiltration.

Hoyle-Tanner and Associates completed preliminary plans and specifications for the expansion of the Wastewater Treatment Plant. State of New Hampshire funding is scheduled for 1982.

Work at the Treatment Plant included revising the methane gas system so that the boiler operated more effectively, this along with weather proofing of the building has shown a significant reduction in fuel cost. Wood burning equipment is also being installed to further reduce costs.

Department personnel changes were made. The two plant operator's positions were upgraded, one to Chief Operator and the other to Maintenance and Construction Foreman. Due to these changes one person was added to the staff.

VISITING NURSE SERVICE

The Hanover Visiting Nurse Service has been a central focus of attention during 1979. Guideline review and revisions, staffing of the Agency and comprehensive feasibility studies dealing with the goverance issues concerning the Agency have demanded intense time of all the Visiting Nurse Service Committees as well as the Agency's staff.

A survey of the Agency was done during the last quarter of 1979 and it was determined that we have no conditions out of compliance in the Health Insurance for the Aged Program and we are a certified Home Health Agency in the State of New Hampshire. The Agency has a contract with Blue Cross, Blue Shield which allows persons with this coverage to receive full benefits for skilled home health services. A contract with the Lebanon Area Health Council is in effect which supplies the Hanover, Etna and Hanover Center areas with Homemakers/Home Health Aides. The Agency also has an agreement with the Lebanon Area Health Council for the Hanover residents to utilize the Well Child Clinic which is held monthly in Lebanon.

The Hanover Visiting Nurse Service has been active this year in health promotion and disease detection activities in the community. The Adult Health Screening Clinic which is held approximately every six weeks was able to initiate medical referrals for many of the persons seen at this clinic. Influenza immunization clinics were held and persons ranging in age from 21 to 95 years of age were immunized. The Agency staff assisted with the Well Child Immunization which was sponsored and coordinated by the nurses of the Hanover Schools.

The Hanover Visiting Nurse Service has two full time nurses, one part time nurse, two contracted physical therapists and several contracted Home Health Aides from the Lebanon Area Health Council.

1979 Statistics

ZONING BOARD OF ADJUSTMENT

The Zoning Board of Adjustment held hearings on 42 cases in 1979 which is five more than the previous year. Many of these cases parallel the problems confronting the Town such as housing and parking. These issues are complex requiring in some cases multiple hearings and much legal advice.

The resignation of 10-year Board member and Clerk, Barbara Morin was regretfully received in September. Barbara's long tenure brought to the Board consistency with past boards and her ability to apply good old-fashioned common sense to each case will be missed. The Selectmen appointed former alternate member, Marcia Baldwin to the Board and Stuart Templeton as an alternate.

In January the Board will be changing the date of its hearings to the 4th Thursday of the month and the location to the Courtroom of the Municipal Building.

In 1980 the Board expects to work closely with the Planning Board in an effort to clarify the language in certain sections of the existing zoning ordinance for presentation to a future Town Meeting. Note: The 1979 Auditors' Report by Arthur Andersen & Co., is not printed in this report. Copies of this report are available at the Town Office.

MEMORANDUM ON ACCOUNTING PROCEDURES AND INTERNAL CONTROLS RELATIVE TO 1978 AUDIT

Arthur Andersen & Co. Boston, Massachusetts

April, 1979

To the Honorable Board of Selectmen, Town of Hanover, New Hampshire

Gentlemen:

The accompanying memorandum includes suggestions for improvements of accounting procedures and internal accounting control measures that came to our attention as a result of our examination of the financial statements of the Town of Hanover, New Hampshire for the year ended December 31, 1978. The matters discussed herein were considered by us during our examination and they do not modify the opinion expressed in our auditors' report dated February 7, 1979 on such financial statements.

In accordance with generally accepted auditing standards, we performed a review and evaluation of existing internal accounting controls for the purpose of providing a basis for reliance thereon in determining the nature, timing and extent of the audit tests applied in connection with our examination of the Town's 1978 financial statements. While certain matters which came to our attention during the review are presented in the accompanying memorandum for the consideration of the Town, such a review was not designed for the purpose of making detailed recommendations and would not necessarily disclose all weaknesses in the existing system.

The accompanying memorandum also includes comments and suggestions with respect to other financial and administrative matters which came to our attention during the course of our examination of the financial statements. These comments are offered as constructive suggestions for the consideration of the Town as part of the ongoing process of modifying and improving accounting control and other financial and administrative practices and procedures.

Very truly yours, ARTHUR ANDERSEN & CO.

Observation

Revenue Management

- 1. The Town bills its property taxes and sewer charges once each year.
- User fees for sewer charges are not based upon the cost incurred on a full absorption basis (consideration of all direct and indirect costs). Specifically, depreciation expense is not considered in setting user fees.

Observation

Purchasing

- 1. Expenditures, including capital expenditures, are not always properly coded to the correct expense category by department heads.
- 2. A '1' instead of the invoice number is sometimes used as a reference number in the purchase journal.
- 3. Documentation (i.e., invoices, check requests) are not cancelled in order to prevent reprocessing. Current procedures require that the tissue copy of the check be stapled to the voucher package to indicate payment.
- 4. Manual checks are stored in an unlocked cabinet.
- 5. The Town does not join with other local communities in making purchases of larger, more expensive items (e.g., tires).
- 6. Town bidding procedures are not formalized.
- 7. The Town does not have formalized procedures related to purchasing and receiving of goods and services.

Observation

Payroll

- 1. "Employee information forms", which are the source documents for all payroll additions and changes, are not approved in writing by the Town Manager or other responsible Town representative.
- 2. A listing of additions/changes to the payroll master file is not generated. The payroll clerk is the only person to review the payroll master file.
- 3. Department heads do not always sign time reports as required.

OTHER MATTERS

Building Permits

1. The building inspector does not use prenumbered building permits.

Trust Funds

- 2. During our year-end review of the trust funds we noted certain relatively minor occurrences which included:
 - a. the initial annual statement of trust fund account did not balance with total investments held due to an unposed yearend transfer
 - certain transfers which the Town had requested be made prior to year-end in order to simplify their bookkeeping, were made subsequent to year-end, and
 - c. interest income for the year was allocated only to those capital reserve funds open at year-end and not on a more systematic basis, e.g., the weighted average of month-end balances.

PRIOR YEAR RECOMMENDATIONS

In connection with our previous examinations, we have made certain recommendations to the Town which we continue to believe should be considered for implementation. These are:

- 1. Fixed Asset Accounting
- 2. Capital Projects Accounting
- 3. Change in Fiscal Year
- 4. Disposition of Old Outstanding Checks

Implementation of recommendations 1 and 2 would enhance the accounting control exercised over certain of the Town's major assets in order to help Town management meet is fiduciary responsibilities. A change in the Town's fiscal year to June 30 would permit the Town to complete its annual budget and have it approved prior to the beginning of the year. Disposition of old outstanding checks is a matter of law. The Town should verify that its current procedures comply with the applicable state laws. For a more detailed explanation of these recommendations, please refer to the memoranda issued in prior years.

BUDGET DISCUSSION 1979 AND 1980

1980 FINANCIAL PROGRAM DISCUSSION OF ALL DEPARTMENTS

The 1980 financial plan has been developed under extreme inflationary pressure. As the average householder has attempted to cope with these external forces so has your Town government initiated procedures to compensate for the loss of dollar value. By initiating conservative measures, priority rankings for projects, productivity improvements, the elimination of non-essential expenditures, and increased cost analysis technique, we have managed once again to absorb a major percentage of inflation as we did in 1979.

Energy conservation has been our primary concern while developing the 1980 budget and it will continue to be our concern in the forseeable future. We have undertaken detailed energy consumption studies on all of our buildings and have begun implementing those conservation measures which indicate the best return on dollars invested.

The 1980 budget can best be summarized as a less than normal maintenance budget. In the majority of departments, programs have been kept at the 1979 level or less which, when one considers the affects of inflation, results in decreases in dollars applied to maintenance services. Our emphasis has been placed on those services which directly affect the Town's health, safety and welfare. However, even in these cases, maintenance has been reduced to the minimal essential level.

The total appropriation being requested at Town Meeting is up \$297,214 or 9% over the 1979 budget. Over the two year period since 1978 the average yearly increase in the appropriation has been 5% while inflation has averaged 10%. Therefore in terms of 1978 dollars, we are proposing to spend less money in 1980 than we spent in 1978 or 1979.

Breaking the total appropriation into its component parts we project that the General Fund, which contains expenditures for all departments except Fire, Sidewalks, Parking and Sewer, will increase about 8.4%, The Fire Fund will increase 11.9%, the Sidewalk Fund 6.7%, the Parking Fund 17.8%, and the Sewer Fund 6.1%.

The controls in expenditures initiated in 1979 have been more forcefully utilized in the 1980 budget. Every effort has been made to maintain service delivery to the public at prior year levels yet decrease the amount of dollars utilized to support these services.

This has not been an easy task yet we have managed excellent success in this area.

Governance and Coordination

District Court

This budget reflects an increase of about \$8400 over 1979 primarily as a result of wage adjustments as dictated by the State legislature for court personnel.

General Administration

Total spending for this centralized administrative function is down about 6% from 1979. The number of personnel in this department is down by .5 positions, spending for supplies and materials are down by 5% and capital outlay and contract services show reductions from 1979.

Legal Service

This budget contains the cost for legal services utilized by all Town departments, boards and commissions. In addition legal expenses incurred on tax appeal cases are assumed by this budget. Legal services are provided through a contractual agreement at an hourly rate. The 1980 budget indicates an hourly rate increase from sixty to sixty five dollars.

Planning Board

The Planning Board's budget is up about \$5,400 from 1979 due to an increase in the Town's dues from the Upper Valley-Lake Sunapee Planning Council and for additional funds for planning consultation aimed primarily at updating the Town's master plan.

Human Services

Visiting Nurse Service

During 1979 this department underwent intense study and evaluation and conclusions were reached that will result in the Mary Hitchcock Memorial Hospital assuming the role of provider for Home Health Care services to the Town beginning in July of 1980.

The budget being presented to the Town Meeting assumes a full year under Town operation. Even if the service is successfully assumed by the hospital the total expenditures as presented will change very little since the Town will provide for a cash subsidy to the hospital to financially support the service.

Counseling

The Counseling budget is split between the Town and the School and provides for a community counselor who is involved in counseling, crisis intervention, agency referrals, housing needs and the administration of our local welfare budget. Expenditures in this budget are up only \$2000 which reflects adjustments to wages and fringe benefits. Expenses for supplies and materials are down from the 1979 level.

Health and Welfare

This budget contains expenses for the subsidy for the Elderly Housing, contributions to the Senior Citizen Center, reimbursements to the State for Old Age Assistance, the per capita assessment for the ambulance service, Town Welfare and Headrest. The 1980 proposal is \$1000 less than the 1979 budget.

Health Council

This budget provides funds to the Health Council which has successfully implemented the CHIPS program over the past two years in an attempt to publicize relevant health issues to local residents. Based upon 1979 actual expenditure activity we were able to reduce this budget by about one half without adversely affecting program offerings.

Conservation Commission

1979 saw the implementation of a forestry management program for publicly owned lands. The 1980 budget contains funds to complete this program and estimates receipts from the sale of timber. This budget is a 10% reduction from the 1979 budget.

Recreation

This budget shows an \$8500 increase over 1979 as a result of wage adjustments and increased program costs. Part time personnel have been reduced and adjustments have been made in contractual services. Revenues show a \$3000 increase but contain no changes in fee structure but simply reflect increased participation.

Howe Library

The Howe Library budget increased about 12½ percent over 1979. Inflation on the cost of books and other library materials has been in excess of the average inflationary rate. We have included a continuation of our program aimed at increasing total volumes by 4% in 1980. Also, in response to public request for service the library will be open for six additional Sundays. Revenues show a 28% increase and are generated by interest on investments from unrestricted funds, fees and fines and a newly introduced charge to the Administration Department for Library personnel efforts at the Municipal Building's new Resource Center.

Etna Library

The Etna Library budget shows a slight decrease from 1979 although the cost of volumes has increased. The primary decrease

is in capital outlay since most of the energy conservation improvements to the building have been completed.

Safety Services

Code

The only changes made to the Code department in 1980 were to increase the fee structure for Zoning Permits, Subdivision review and a modification of the residential building permit fee. These increases were necessitated in part to continue to attempt to recover costs from user fees as well as to reflect the additional time and effort required of Code personnel as a result of changes in the subdivision regulations and other review requirements. New State legislation contributed to increased costs of this department by requiring energy conservation review of all plans and specifications and changes in the public notification laws will require increased mailings.

Police

The Police Department budget has been most adversely affected by increased fuel costs. During 1979 steps were implemented to deal with this issue by reducing total mileage traveled by approximately eight thousand miles from the 1978 mileage. This type of mileage reduction will be continued into 1980.

Traffic control items also rose considerably in cost due to increases in materials cost for signs and line painting. All other expense items are being held at minimal increases or have been decreased in an attempt to offset those items beyond our control.

Revenues are projected to increase about \$8000 primarily due to the addition of three communities to the regional dispatch service operated by this department.

Fire

For the first time in a number of years the Fire Department ran a deficit at the close of 1979. The reason for the deficit was due to our receipt of an incorrect debt repayment schedule which placed us over \$11,000 short from the beginning of the year. Therefore the 1980 expenditure proposal contains this deficit figure which must be funded.

Heating costs for both the Lyme Road and Etna stations are included in this budget and have been budgeted at the supplier's recommended level. However, substantial conservation measures are being implemented and will be financed by the dollars saved from their installation.

Decreases in the equipment reserve, capital outlay, repairs and maintenance help offset the increases in fuel costs.

Public Works

Highway

In spite of extraordinary increases in the cost of petroleum products, the highway department budget as proposed constitutes only a 5.9% increase over the 1979 budget. The primary reason for this minimal increase is a result of reductions in the planned work program for drainage and bridges, street maintenance and the overlay program. In an effort to minimize a tax increase, the highway budget was developed in a less than ordinary maintenance level with overlay programs being deferred to future years. We believe that this can be done through the re-scheduling of these projects with minimal detrimental effect on the present road network or in the cost of this program in any one year.

Buildings and Grounds

This budget contains the costs for maintaining the Municipal Building and the Public Works Garage. In addition maintenance expenses for the Library buildings are also included but charged back to those departments. The cost for maintaining all public cemeteries is also included.

Our major emphasis in this budget has been to improve our buildings for energy conservation including the construction of a passive solar Trumbe wall at the garage facility. Energy audits are being conducted in all of our buildings and suggested improvements are being implemented.

Equipment

This budget contains the cost of all labor, parts and supplies for the repair and operation of all Town equipment with the exception of Fire apparatus and sewer vehicles. The department is self supporting in that it bills other departments for it's services on a user fee basis.

The cost of automotive parts, fuel and oil continue to rise faster than other consumer items. One area of success in combating rising costs has been our preventive maintenance program. Through this program we have been able to successfully extend the cost effective operating life of most of our equipment without encountering major breakdowns.

Sewer

The Sewer department continues to be one of our most efficient departments in terms of cost containment. Major success has been achieved in the area of reducing energy consumption and chemical use for the treatment process. In addition, we have, and plan to continue, to phase out small pumping stations where feasible.

In conjunction with our reductions in expenditures we have worked diligently at improving our collection process and as a result will not require a sewer rate increase in 1980.

UPPER VALLEY REGIONAL EMERGENCY MEDICAL CARE SERVICE

The Upper Valley Regional Emergency Medical Care Service responded to 440 calls for medical aid in 1979 as indicated:

	1976	1977	1978	1979
Bradford	51	67	50	71
Fairlee	13	22	31	29
Hanover	238	196	201	182
Lyme	13	23	19	25
Norwich	42	35	41	33
Orford	21	15	19	21
Piermont	10	15	19	13
Strafford	13	5	14	15
Thetford	27	34	39	39
West Fairlee	5	6	4	6
Other	_18	9	4	6
Total	451	427	441	440

In 1979 most of the goals were met. The crew members donated about 800 man hours toward improving the quality of care given.

In 1980 we have plans for a major piece of equipment replacement, the 1974 Dodge. Equipment replacement money already in the account will be used.

The administration would like to take this opportunity to thank each and everyone who supports the ambulance service and makes the system work.

The 1980 rate schedule will not change.

HEADREST Inc.

Headrest, the 24-hour-per-day community resource, information and referral, crisis-intervention, and emergency housing center, is requesting \$3,500 from the Town of Hanover at its 1980 Town Meeting. This is an increase of \$55 over the allocation approved in 1979, an increase of less than two per cent.

This request is based upon usage of our work by Hanover residents. In 1979, 317 Hanover residents used our services 547 times, which is 15 per cent of our total contacts for 1979. Since individuals who contact Headrest sometimes have a need for more than one service, there were 593 different "situations" in 1979 involving Hanover residents.

A breakdown of these is as follows:

Assault/Abuse, Children5	Family-related 6
Assault/Abuse, Women13	Food Needed2
Alcohol 18	Handicapped 1
Caring Listener Needed75	Health-related36
Child Care3	Housing29
Collaboration 71	Job-related 22
Community Calendar16	Legal 20
Consumer-related 28	Information and Referral135
Counselling Requested14	Runaway-related 1
Depression/Anxiety 10	Suicide 5
Drugs10	Transportation 12
Emergency Lodging	Volunteer, Resources
Needed 26	Available <u></u>
(3 lodged at Headrest)	TOTAL SITUATIONS593

At the heart of Headrest's work is the information and referral program. Headrest maintains extensive up-to-date files with over 1,000 Upper Valley resources at the fingertips of the trained staff and volunteers who answer the telephones. This enables Headrest to put callers in touch with community resources including individuals and government agencies in Vermont and New Hampshire.

One new and important project which will be especially valuable to area residents is the new Winter Housing Emergency Network (W.H.E.N.), designed to help local people deal with winter emergencies. This project is being done in conjunction with three other human service agencies, including the Upper Valley Senior Citizens Center. Headrest's main role in the undertaking is to pro-

vide 24-hour-per-day, 365-days-per-year telephone availability and service, and coordination of help. Allocations from local towns, including Hanover, contribute towards assuring that Headrest's 24-hour availability will continue, and that people can get help whenever they need it.

Should you want further information about Headrest, please contact our office, telephone 448-4400.

Thank you for last year's support, and for your time and consideration.

UPPER VALLEY-LAKE SUNAPEE COUNCIL

The Upper Valley-Lake Sunapee Council is the regional planning and development commission serving Hanover and 30 other municipalities in the Connecticut River Valley, from Piermont in the North to Charlestown, the Southernmost town in Sullivan County.

Originally founded as an economic development commission in 1959, the Council has been a regional planning agency since 1970, performing a mixture of regional plans and local technical assistance for municipalities.

The theory behind regional planning is that there are some things a town cannot do by itself and some things on which it should consult with neighbors in the best interests of the region.

Thus, in the past eight years, the Council, under the policy supervision of an appointed board - Marjorie Boley and Doug Storrs are Hanover's Directors - has undertaken regional plans in nine different programs, from waste water to land use, transportation to housing.

On a more local level, the Council is heavily involved in technical assistance programs with Planning Boards on a variety of needs, ranging from zoning and subdivision amendments to master plan revisions. Council staff has worked with Hanover in the past year particularly in reviewing subdivision regulation amendments.

In the past few years, the Council has become more involved with new Federal Programs as an interpreter and helper or buffer between the towns and Washington oriented bureaucrats; and with local human service organizations who must increasingly use the Council's statistics, information and assistance in qualifying for the federal funds that keep them in business.

Regional cooperation has also become important as more federally-mandated programs must be implemented on a regional basis due to the scope of service necessary to be cost effective. The Council has taken a lead role in bringing many municipalities together to explore joint operations in many such fields, with current emphasis on solid waste disposal, topsoil removal problems and public transportation.

The Town's membership dues, along with those of Hanover's neighbors, total about one-third of its \$100,000 operating budget with matching grants from the states and federal sources giving the Town a 2 to 1 return on its investment.

There has been much discussion in the past year about a broadening of regional planing boundaries in which the UV-LSC might consolidate with its neighbors to the West to make the resulting unit more truly representative of a unified Upper Valley. These discussions are continuing into 1980, with Jack Manchester representing Hanover and the UV-LSC on the committee.

UPPER VALLEY SENIOR CITIZENS COUNCIL, INC.

Statistics for Town of Hanover October 1, 1978 - September 30, 1979

Total cost of Services provided to Hanover residents \$13,612 Received from Town of Hanover \$3,300

In addition to the above services, the Upper Valley Senior Citizens Council, Inc. mails out a monthly Newsletter to approximately 550 individuals.

^{*} Cannot be totaled as individuals receive more than one service.

GRAFTON COUNTY COMMISSIONERS' REPORT

To the Citizens of Grafton County:

In an effort to communicate more directly with the taxpaying citizens of Grafton County, we, the Grafton County Commissioners, are writing to you through your individual town or municipal reports.

Last year (1978-79) the total county tax raised was \$1,977,142. These monies were appropriated by the County Delegation and administered by the Commissioners. Some of the ways this money was spent was in maintenance of our courthouse, nursing home, county farm, sheriff's department, jail and house of correction, social welfare, etc.

The average number of patients in our nursing home is 140. The average daily census of the Jail/House of Correction is 25. We had a total of 349 inmates in the Jail and 114 inmates in the House of Correction during our fiscal year.

In addition to providing food for the nursing home complex and agricultural services for the community, the farm also continually shows a profit. In our fiscal year 1979 the farm profit was \$60,654, due in part to sales of pigs at \$5,500, cows at \$27,000, wood at \$1,800, hay at \$2,100, milk at \$135,444 and produce at \$48,129.

We have completed Phase II-Design of the sewage project and anticipate beginning construction under Phase III in the spring. The total overall cost of the project is approximately \$540,000, of which \$400,000 is federal grant, \$110,000 State share and \$30,000 County share.

We are making an effort to conserve energy, particularly in the courthouse building, and are taking a hard look at any modifications in this so called "modern" facility that will make it a less expensive consumer of fuel.

A trial dispatching service was instituted for 16 area fire departments and probably will be made a permanent function during the latter part of 1979. A yearly fee is charged for this service.

Grafton County employs 230 people of whom we are very proud. It is because of these people that Grafton County continues to operate efficiently and within budget.

There are many other concerns that we, the Commissioners, deal with. We invite the citizens of Grafton County to take part in any of our regular meetings held each Monday morning at the courthouse in North Haverhill.

Richard L. Bradley, Chairman
Dorothy Campion, Clerk
Arthur Snell
GRAFTON COUNTY COMMISSIONERS

MINUTES OF THE ANNUAL TOWN MEETING March 13, 1979

ARTICLE 1: (To vote by non-partisan ballot) for Town Officers: The following were elected:

For Selectman (three years):

Sharon Nordgren

Stephen V.F. Waite

For Treasurer (one year):

Bruce McAllister

For Library Trustee (three years):

Alice B. Hayes

For Trustee of Trust Funds (three years):

Frederick T. Bedford

ARTICLE 2: (By petition) (To vote by ballot) to see if the Town will vote to amend the existing Town Zoning Ordinance so as to allow the transfer of a non-conforming use, namely; the use of buildings for year-round residential use in the Forestry and Recreation District from one lot to another if the original structure housing the non-conforming use is destroyed, as proposed by petition of town voters and as set forth in the official copy filed and available to the public in the Office of the Town Clerk and as on display on the day of the Meeting at the place of the Meeting. The following question is listed on the printed ballot.

"Are you in favor of the adoption of Amendment Number Two as proposed by petition of the voters for this Town?"

The vote by ballot was as follows:

YES: 253

NO: 634*

ARTICLE 3: It was moved, seconded and voted (by voice vote) that the reports of the Selectmen, Town Clerk, Treasurer, Auditor, Collector of Taxes and other Town Officers as printed in the Town Report be accepted.

ARTICLE 4: It was moved, seconded and voted that the following persons are hereby nominated for the following offices:

Auditors for a term of one year:

Joseph E. Cardoza

Robert G. Murphy, Jr.

Member of the Advisory Assessors Board for a term of three years:

C. Bennett Brown

Member of the Advisory Assessors Board for a term of one year: Roger C. Ball Fence Viewers for a term of one year:
Walter S. Coutermarsh
Edward Lathem
Howard Reed
Surveyors of Wood and Timber for one year:
Joseph C. Fogg
Walker T. Weed

They were elected by voice vote.

It was moved, seconded and voted (by voice vote) that the Town raise and appropriate the sum of Three Million Two Hundred and Fifty-Eight Thousand Two Hundred and Twenty-Four Dollars (\$3,258,224) which includes One Hundred and Forty Thousand Two Hundred and Six Dollars (\$140,206) for the general operations of the parking system; and including One Hundred Thousand One Hundred and Forty-Six Dollars (\$100,146) to be paid into the following capital reserve funds for the purpose thereof, namely, fire \$22,900, police \$9,220, code \$365, Visiting Nurse Service \$961, recreation \$1,200, public grounds \$3,500, highway \$50,000, sewer \$12,000; together with the transfer of \$200,056 from such capital reserve funds for the purposes and in the amounts as set forth on page 92 of the Town Report, to pay the expenses of the Town during the 1979 fiscal year for the purposes set forth in the Town budget and further that the Selectmen are authorized to accept and expend gifts of money or personal property for the purposes intended by any donor and in addition to apply, receive and expend any federal or state assistance for the purposes set forth in the Town budget, not anticipated as of the annual Town Meeting, on the condition that the Selectmen shall account to the voters of the Town for all such additional receipts and expenses.

ARTICLE 6: It was moved, seconded and voted (by voice vote) that the Selectmen be authorized to withdraw from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972 as amended for use as set-offs against budget appropriations in the following amounts, General Fund—\$49,496; Fire Fund—\$33,375; Sidewalk—\$978 as detailed on page 93 of the 1978 Town Report and, further to authorize the Selectmen to make pro rata reductions in the amounts if estimated entitlements are not received or are reduced.

ARTICLE 7: It was moved, seconded and voted (by voice vote) that the Town raise and appropriate the sum of \$12,000 for the purpose of developing and conducting an Elm Tree Maintenance Program within an area designated by a radius of 1/4 mile from

the intersection of North and South Main Streets and East and West Wheelock Streets and further to authorize the Selectmen to apply, negotiate, and do all things necessary to obtain such Federal, State or other assistance as may be available for this project and to receive and expend such assistance for the purpose of this project.

ARTICLE 8: It was moved and seconded that the Town vote to appropriate \$26,216 to reduce the grade of Trescott Road at the intersection of Etna Road.

The motion passed by a show of hands vote:

YES: 184* NO: 162

- ARTICLE 9: It was moved, seconded and voted (by voice vote) that the Town vote to raise and appropriate the sum of \$8,000 to contribute to the expense of maintaining the Oak Hill Ski Area for public skiing during the winter of 1979-80 and further to authorize the Selectmen to join with the Ford Sayre Memorial Ski Council and other interested parties in seeking funds, including federal assistance for public recreational facilities, to upgrade and improve the facility.
- ARTICLE 10: It was moved, seconded and voted (by voice vote) that the Town vote to raise and appropriate the sum of \$8,000 for the purpose of providing ice time for public recreational skating under the direction of the Parks and Recreation Board.
- ARTICLE 11: It was moved, seconded and voted (by voice vote) that the Town vote to raise and appropriate the sum of \$845 to increase the Town appropriation from \$2,500, which is already included in the budget, to \$3,345 to help support Headrest, Inc. in return for services rendered in 1979.
- ARTICLE 12: It was moved and seconded that the Town vote to raise and appropriate the sum of \$1,415 to be paid to the Dartmouth-Lake Sunapee Regional Association for promotional activities.

The motion was defeated.

ARTICLE 13: It was moved and seconded that the Town vote to discontinue the Public Highway leading from the Etna/Hanover Center Road across Mink Brook to the property of Herbert and Sandra Maurer on the condition that such discontinuance shall not become effective unless and until the Selectmen lay out or accept a new highway in substitution of such discontinued highway across Mink Brook next to the common boundary of Maurer and Pelton.

It was requested that the mover and seconder withdraw the motion because of new information which had come to light. When

- they refused, it was moved to Table the motion. This motion was defeated by voice vote. The original motion passed by voice vote.
- ARTICLE 14: It was moved, seconded and voted (by voice vote) that the Town vote to provide Workers' Compensation Coverage for eligible employees by participating in the new Hampshire Municipal Association of Self-Funded Workers' Compensation Program and to authorize the Selectmen to take such action in furtherance of this vote as may be necessary.
- ARTICLE 15: It was moved and seconded that the Town vote to establish a Capital Reserve Fund for financing payments for damage to Town-owned property, including motor vehicles and buildings, and, further, for paying claims for unemployment compensation billed to the Town by the N.H. Department of Employment Security.

The motion was passed by 2/3 voice vote.

ARTICLE 16: It was moved and seconded that the Town vote to transfer funds in the so-called Town Properties Fund to the Capital Reserve Fund as established under Article Fifteen.

The motion was passed by 2/3 voice vote.

ARTICLE 17: It was moved, seconded and adopted (by voice vote) that the Town endorse the "Scenic Road" Policy Statement adopted by the Board of Selectmen on February 15, 1979, and printed in the Selectmen's Position Paper of the Warrant, and request that the original petition (Article 17) along with the Selectmen's Statement be printed in next year's Town Report for use as a guideline in implementing the policy.

PETITION REGARDING SCENIC ROADS

- WHEREAS, the Statutes of the State of New Hampshire (RSA 253:17, 18) do not adequately define or describe "scenic roads"; and
- WHEREAS, there is need for acceptable criteria on which to select town roads that may be designated "scenic" by vote of the town; and
- WHEREAS, many townspeople would like to see the Selectmen, the Highway Department, Planning Board, Conservation Commission and Historical Society working together to preserve the quality of those roads designated "scenic";
- THEREFORE, the undersigned being registered voters of the Town of Hanover, N.H. or landowners thereof, respectfully re quest that an article be placed in the Warrant for the Hanover Town Meeting on March 13, 1979 as follows:

"To see if the Town will vote to establish definitions and criteria for designating Town roads as "scenic" roads and to establish conditions for their repair, maintenance or reconstruction until such time as the State Statutes RSA 253:17, 18 are amended to include such provisions."

PROPOSED DEFINITIONS AND CRITERIA

- I. For a town highway to be designated a scenic road it should have one or more prominent visual features such as, but not limited to, boulders, ledges, old stone walls, fences, historic sites or landmarks, scenic outlooks, or overhanging trees and other natural vegetation along its borders. It should have little or no commercial or industrial development, and no billboards or advertising signs except for modest on-premise signs. Its travelway ordinarily should be no wider than necessary for two vehicles to pass and should be reasonably molded to the terrain.
- II. Upon recommendations or request of the Planning Board, Conservation Commission, or Historical Society of the town, or upon the petition of any ten voters, and/or landowners of the town who own land which abuts a road mentioned in the petition, the voters at any annual or special town meeting may designate any road in said town, other than Class I or Class II highways, as a "scenic road".

PROPOSED CONDITIONS FOR REPAIR, MAINTENANCE OR RECONSTRUCTION OF DESIGNATED SCENIC ROADS

- I. As used in this subdivision, "tree" means any woody plant which has a circumference of fifteen inches or more at a point four feet from the ground.
- II. Upon a road being designated a scenic road any repair, maintenance or reconstruction done with respect thereto should preserve the character and scenic quality of the road. It should not involve the tearing down or destruction of historic sites or landmarks, stonewalls, rocks or ledges or portions thereof, the cutting or removal of trees and other roadside vegetation, or paving work, or other major alterations of any kind except with the prior consent of the Planning Board after a public hearing duly advertised as to time, date, place and purpose, two times in a newspaper of general circulation in the area, the last publication to occur at least seven days prior to such hearing, and for which the abutters along said road have been notified by the Town Clerk by mail as to time, date, place and purpose at least ten days prior to such hearing, and after advice from the Conservation Commission, and if historic sites or landmarks are involved after advice from the Historical Society.

However, the town road agent may remove portions of trees, shrubs, vegetation and other natural or manmade obstructions from within three feet of the main traveled portion of said road which interfere with safe travel upon such road without such consent unless it involves an historical site or landmark. Also, he may in emergency situations cut and remove trees along the right of way with the written consent of the Planning Board after advice from the Conservation Commission, without such hearing.

- ARTICLE 18: It was moved, seconded and voted (by voice vote) that the Town vote to designate all of Goose Pond Road as scenic under the provisions of RSA 253:17, 18, for the purposes of protecting and enhancing the scenic beauty of Hanover, and further, that the Selectmen shall, regarding such roads designated as scenic, file the appropriate request for suspension of specifications when making application to the Commissioner of Public Works and Highways for Town Road Aid Funds under RSA 241:7, 1.
- ARTICLE 19: It was moved and seconded that the Town vote to discontinue Highways with Goldthwaite-King Numbers #2a, 2c, 23S, 24a, 34, 36, 49, 51, 64, 84, 108 and 109 as open highways and make such highways subject to gates and bars as provided in RSA 238:1 and 2.

The motion was passed by a voice vote.

ARTICLE 20: It was moved and seconded that the Town vote to discontinue as an open highway and make subject to gates and bars that portion of the Wolfeboro Road from a point 2,650 ± feet from the intersection of the Wolfeboro Road and Two Mile Road to a point 1,200 ± feet from the intersection of Wolfeboro Road and Three Mile Road.

The motion passed by a show of hands:

YES: 272* NO: 14

ARTICLE 21: The following two motions were moved and seconded separately with respect to each of the following Town highways in turn; Highway #12, 27, 30 and 35. (Goldthwaite-King Numbers.)

MOTION #1—I move that the Town discontinue Highway #X as described under Article 21 of the Warrant. (An affirmative vote on this motion completely wipes out the Town Highway.)

MOTION #2—I move that the Town release and relinquish any interest it may have in the land on which Highway #X was located. (The purpose of this motion is to make clear on the record that the Town cannot determine whether or not it has any

ownership interest in the strip of land on which Highway #X was located. Due to this circumstance to avoid uncertainty and costly litigation, the Town intends to wipe out any claim it may have by this formal action and leave the determination as to who owns the strip of land to the abutting landowners under State Law.)

With regard to Highway #12, motion #1 and #2 each passed by a voice vote.

With regard to Highway #27, motion #1 and #2 each passed by a voice vote.

With regard to Highway #30, motion #1 passed by voice vote and motion #2 passed by a show of hands:

YES: 151* NO: 141

With regard to Highway #35, motion #1 and #2 each passed by voice vote.

Motion #1 only was made and seconded with regard to Highway #38. It was amended by Mr. Morgan and seconded, explicitly to exclude the road from Robert Adams house to Trescott Road if it is any part of Road #38. The amendment passed. Mr. Gardner amended the amended motion "and further, such discontinuance be limited to that part of Highway #38 located on the property of Putnam Blodgett". Richard Nordgren moved to table the motion, which was passed by voice vote.

ARTICLE 22: It was moved, seconded and voted (by voice vote) that the Town vote to authorize the Selectmen to accept a gift of a certain parcel of land located off Spencer Road and abutting the Pine Knoll Cemetery, donated by Walter C. and Caroline Lobitz, to be used for municipal purposes under the direction of the Selectmen. (The value of this gift is based on the original 1977 assessment of \$23,400.)

ARTICLE 23: It was moved and seconded that we request the Selectmen to amend their By-law regulating dogs so as to increase the area of enforcement to include the Greensboro Road and Etna Village area.

The motion passed by a show of hands:

YES: 173* NO: 48

ARTICLE 24: No Motion was made under this article.

ARTICLE 25: It was moved and seconded that the Town vote to require that all access roads servicing a residential development of 100 or more dwelling units include a paved fire lane 15 feet wide.

A motion to table was defeated. The original motion was defeated (by voice vote.)

- ARTICLE 26: It was moved and seconded that the Town vote as follows: Where an approved planned residential development includes one hundred or more units and where the buildings in the planned residential development have less than two-hundred feet separating any two buildings then such planned residential development shall:
 - a. satisfy the most strict requirements for residential construction under the Hanover Building Code and under the Hanover Life Safety Code, and;
 - b. have two approved fire exits from each unit, and;
 - c. have automatic sprinklers above the first floor.

The motion was defeated (by voice vote).

ARTICLE 27: To transact any other business that may legally be brought before this Town Meeting.

It was moved that the Town instruct the Board of Selectmen to investigate the legality and the financial impact on the existing tax status of the Town of Hanover of substituting income for property as the principal basis for levying taxes in the town. The motion was ruled out of order by the moderator.

The meeting was adjourned at 11:21 p.m. The polls closed at 11:36 p.m. The vote was announced on Articles 1 and 2 at 12:40 a.m., March 14, 1979.

MINUTES OF SPECIAL MEETING November 1 and 2, 1979

A special meeting of the Town of Hanover was called to order by Moderator Harry H. Bird at 7:30 PM, November 1, 1979 at Webster Hall. He read the warrant and return of posting.

ARTICLE I: To see if the Town will appropriate Two Million (\$2,000,000) dollars for the design and construction of Park Street including the installation of storm drains and underground utilities and to borrow Five Hundred Thousand (\$500,000) dollars of said sum by the issuance of bonds and/or notes under the Municipal Finance Act with the balance of One Million Five Hundred Thousand (\$1,500,000) dollars to be obtained from Federal funds; and, further, as to authorizing the Selectmen to apply, negotiate, and do all things necessary to obtain federal assistance as may be available for this Project; and/or, to incur indebtedness in anticipation of the receipt of such assistance as provided under the Municipal Finance Act and to receive and expend such assistance for the purpose of this Project.

Article I was moved and seconded.

Balloting began at 9:15 P.M., closed at 10:15 P.M.; reopended at 8:00 A.M. November 2nd and closed at 6:00 P.M.

The Moderator read Article II: to transact any other business that may legally be brought before this town meeting. There being no further business, counting of the ballots commenced.

Article I: The Voting by ballot was as follows:

YES: 321 NO: 485

(announced by the moderator at 6:25 P.M.) The motion was defeated and the meeting adjourned.

SCHOOL DISTRICT WARRANT STATE OF NEW HAMPSHIRE

Grafton, S.S.

School District of Hanover

To the inhabitants of the School District of Hanover in the County of Grafton, and State of New Hampshire qualified to vote in District Affairs:

You are hereby notified to meet at Webster Hall in Hanover, New Hampshire on Wednesday, March 19, 1980, at 7:30 in the evening, to act on the following subjects:

- Article 1. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries for school district officials and agents, and for the payment of statutory obligations of the District.
- Article 2. To see if the District will vote to authorize the School Board to establish a contingency fund as part of the regular school district budget and to raise and appropriate Ten Thousand Dollars (\$10,000.00) for this purpose.
- Article 3. To see if the District will vote to request from the New Hampshire State Department of Education a waiver from the requirement to provide a school lunch program.
- Article 4. To see if the District will authorize the School Board to apply for and accept grants and aid from the United States, the State of New Hampshire, and any agency or municipality thereof, or from private corporations, and individuals for the construction, maintenance, reconstruction, operation, and financing of its schools, and to do any and all things necessary in order to avail the District of such aid and cooperation, or to take any other relative thereto.
- Article 5. To see if the District will vote to accept the provisions of Public Law 89-10, designed to improve educational opportunities with particular reference to children of low income families, and to appropriate such funds as may be made available to the District under said federal act for such particular projects as may be determined by the School Board. Further, to see if the District will authorize the School Board to make application for such funds and to expend the same for such projects as it may designate.

Article 6. To see if the District will vote to accept the provisions of Public Law 94-142, designed to improve educational opportunities with particular reference to handicapped children, and to appropriate such funds as may be made available to the District under said federal act for such particular projects as may be determined by the School Board. Further, to see if the District will authorize the School Board to make application for such funds and to expend the same for such projects as it may designate.

Article 7. To transact any other business that may legally come before this meeting.

Note: Election of School District Officers will take place at the time of the School District Meeting held in conjunction with the Town Meeting to be held on Tuesday, March 11, 1980 at Webster Hall.

Given under our hands and seals at said Hanover this 27th day of February, 1980.

HANOVER, NEW HAMPSHIRE SCHOOL DISTRICT RECORD OF ELECTION OF SCHOOL DISTRICT OFFICERS

March 13, 1979

The election of officers of the Hanover School District was conducted by separate ballot at the annual Hanover Town Meeting on March 13, 1979.

The meeting was called to order by the Town Moderator at 8:00 a.m. in Webster Hall, Hanover, New Hampshire.

The Hanover School District Warrant, dated February 16, 1979 and the Return of Posting were read by School District Moderator, E. Ronan Campion.

The polls were declared open at 8:15 a.m. by the Moderator. The polls were declared closed at 11:05 p.m.

At the close of the polls, the town officials turned all School District Ballots over to the School District officials who proceeded to count the ballots publicly with the assistance of eight (8) legal voters of the District.

The following officers were declared elected for the term indicated:

Moderator for one year	Charles T. Wood
Clerk for one year	Sybil B. Williamson
Treasurer for one year	Sybil B. Williamson
Auditor for one year	Errol L. Heisser
School Board members for t	three years . Ann D. Bradley
	Brian E. Pattison

Respectfully submitted,

Sybil B. Williamson Clerk Hanover, N. H. School District

MINUTES OF THE ANNUAL MEETING HANOVER SCHOOL DISTRICT

Wednesday, March 14, 1979 7:30 P.M., Webster Hall, Hanover, N. H.

A legal meeting of the residents of the Hanover School District was called to order by the Moderator, E. Ronan Campion, at 7:30 p.m. As there was no objection, the Moderator dispensed with the reading of the warrant.

- ARTICLE I: The motion was made by Edwin A. Willard that the District abolish the Capital Reserve Fund established on May 31, 1977 for the repair of the Bernice A. Ray School roof and to transfer those monies to the General Fund to reduce taxes in the 1979-80 fiscal year. Upon being duly seconded, the motion was voted in the affirmative.
- ARTICLE II: The motion was made by Edwin A. Willard that the District raise and appropriate the sum of *One Million Three Hundred Seventy-four Thousand Seventy-one Dollars* (\$1,374,071.00) for the support of schools, for the payment of salaries for school district officials and agents, and for the payment of statutory obligations of the District. Upon being duly seconded, the motion was *voted* in the affirmative.
- ARTICLE III: The motion was made by Mary Ann Hooper that the District authorize the School Board to establish a contingency fund as part of the regular school district budget and to raise and appropriate *Ten Thousand Nine Hundred Fifty-one Dollars* (\$10,951.00) for this purpose. Upon being duly seconded, the motion was voted in the affirmative.
- ARTICLE IV: The motion was made by Mary Ann Harris that the District authorize the School Board to apply for and accept grants and aid from the United States, the State of New Hampshire, and any agency or municipality thereof, or from private corporations, and individuals for the construction, maintenance, reconstruction, operation, and financing of its schools, and to do any and all things necessary in order to avail the District of such aid and cooperation, or to take any other action relative thereto. Upon being duly seconded, it was voted in the affirmative.
- ARTICLE V: The motion was made by Richard E. Nordgren that the District vote to accept the provisions of Public Law 89-10, designed to improve educational opportunities with particular reference to children of low income families, and to appropriate such funds as may be made available to the District under said

federal act for such particular projects as may be determined by the school board. He moved further that the District authorize the school board to make application for such funds and to expend the same for such projects as it may designate. Upon being duly seconded, the motion was *voted* in the affirmative.

ARTICLE VI: The motion was made by Emily M. Mead that the District vote to accept the provisions of Public Law 94-142, designed to improve educational opportunities with particular reference to handicapped children, and to appropriate such funds as may be made available to the District under said federal act for such particular projects as may be determined by the school board. Further, she moved that the District authorize the school board to make application for such funds and to expend the same for such projects as it may designate. Upon being duly seconded, the motion was voted in the affirmative.

ARTICLE VII: Under other business, the motion was made that the Hanover School District extend its appreciation and special thanks to Marilyn Williams Black for the ten years of outstanding service to the Hanover School District, and a special thank you for the recognition she has brought to the Bernice A. Ray School and the Town of Hanover as the New Hampshire Teacher of the Year, and as one of four finalists for National Teacher of the Year. The motion was carried by acclaim.

Tributes and expressions of appreciation were extended to Edwin A. Willard (read by Mary Ann Harris) and Ann D. Bradley (read by Edwin A. Willard).

On motion, duly seconded, it was *voted* to adjourn the meeting at 8:01 p.m.

Respectfully submitted

Sybil B. Williamson School District Clerk

EDWIN A. WILLARD

One member of the Hanover School Board is retiring. Edwin A. Willard has been on the Board for three years, and has been chairman for the last two. He was chairman of the negotiations team for the Hanover Board during the past year, he has been an active member of the Staff Development committee for three years, and he is well known as the author of numerous school-related articles in the local press.

We salute, also, Ed's wife, Winnifred Willard, who has organized social occasions for the Board and staff on many occasions.

We will miss you, Ed. You have been a fair-minded friend of this school.

Mary Ann Harris

ANN D. BRADLEY

Ann D. Bradley has been an invaluable member of the Hanover Board of Education. She has been assiduous in carrying out her responsibilities. She, in her activities, has far exceeded the duties normally required of a School Director. Mrs. Bradley has a tremendous knowledge of New Hampshire school law. She is keenly attuned to School Board policies. She is fair in her judgment, profound in her knowledge, and indefatiguable in the effort she puts forth as a School Director. Her opinions have always been sound and thoughtful.

In addition, Ann D. Bradley has made herself known as a judicious and effective member of the New Hampshire School Board Association. She is now Second Vice President of the Association, and in two years she will become President. She is Chairman of the New Hampshire School Board Association's Resolutions Committee. She has been sent to both California and Washington as a representative worthy of reflecting the sound views of our State.

The association of the Hanover School Board members with Mrs. Bradley has been based on deep respect and admiration. The Board commends Ann D. Bradley to the Hanover School District Meeting as an individual whose interest is based solely on the improvement of education in the Hanover School District. The Board salutes her for a job well done.

I respectfully move that the Hanover School District extend its appreciation and thanks to Ann D. Bradley for her first three years of outstanding service as a School Director.

Edwin A. Willard

ANNUAL REPORT OF THE HANOVER SCHOOL BOARD

The Hanover School Board is composed of seven members with an Executive Officer, the Superintendent of Schools. During the past year the Board held twelve official meetings, usually on the fourth Wednesday of the month. The Hanover Board meets at 7:30 P.M. in the Bernice A. Ray School. Board members also attended meetings of SAU 22 and served on a number of subcommittees of the Hanover Board.

This year the enrollment of the Ray School, which serves Kindergarten through Grade 5, was 449 students on December 1, 1979, a decrease of sixteen students from the October 1, 1978 count. The staff of the Ray School consists of a Principal, 24.3 certificated teachers, 4.8 pupil services personnel (including learning specialists, special teachers, school nurse, and speech therapist), 1 media generalist, and 10.6 educational assistants.

For the Ray School, one of the highlights of 1979 was the selection of art teacher Marilyn "Willy" Black as the National Teacher of the Year. This was an honor not only to Willy but to Hanover and the Ray School, and to the art teachers of America. The selection was announced in Washington by President Carter in April, where Willy and several members of the Board, administration and teaching staff were treated to a variety of receptions in Willy's honor. During the current school year Willy has been temporarily assigned to the New Hampshire State Department of Education under a Federal grant, and she is spending the year sharing her wealth of talent, interest, and enthusiasm with schools across New Hampshire and the country.

In the area of curriculum, Ray School teachers wrote a number of new units for science during the summer and this program is being implemented and evaluated this year. On the basis of a workshop and committee study, a revised social studies curriculum is being proposed. Plans are underway for development of skills sequences and related units, some of which will be completed in the summer of 1980. Finally, under the leadership of third grade teacher Jack Wilde, who attended an intensive five week writing institute last summer and has been sharing his expertise through teacher workshops, the school has seen a new emphasis on student writing. Following a trial period this spring, a staff committee plans to revise both the grammar and creative writing portions of the curriculum.

In response to the Hanover Finance Committee's suggestion last spring that the Board examine its staffing patterns, a subcommittee of the Board was set up to look at past, present and projected future enrollments and their effect on staff size. The result of the subcommittee's work was Policy IEC, adopted by the Board in November 1979, which directs the administration each year to present "staffing guidelines for budgetary planning on the basis of enrollment projections. These guidelines shall specify proposed pupil-teacher ratios and support staff levels." As a result of this policy and administrative evaluation of projected enrollments, the Board is proposing a reduction of two teachers and two assistants for the 1980-81 school year.

This past year saw a major effort on the part of the staff to understand better the needs of "developmentally young" children. After several lectures to staff and parents by a representative of the Gesell Institute, a committee of parents and staff was set up to study the advisability of establishing a transition class between kindergarten and grade 1 for such "developmentally young" children. Its findings will be presented to the Hanover Board in the spring of 1980.

The Ray School's commitment to the performing arts has been visible through a number of programs during the past year. The Arthur Hall dance team presented a day-long series of workshops to the fourth grade during their study of Africa, the Parish Players presented a performance of "Middle European Folk Tales," the fifth grade produced "Charlotte's Web", directed by music teacher Donna Butler with help from many specialists and teachers, the clownmime Hank Chapin gave a performance, and students were treated to an assembly of music on instruments from around the world, given by the group "Do A." The year in dramatics culminated with a performance of "Scrooge in Tableaux" at the annual winter program, with children and choruses from all grades participating.

Thanks to the Friends of the Hanover Schools, the Ray School continues to enjoy and use its woodworking shop in the basement. Last fall the "Colonial Skiff", funded by the Friends, was completed by Michael Shoob and the third grade and launched in Storrs Pond.

On-going, successful annual projects include the Colonial House with role-playing in Colonial Days, the Mexican and Japanese Festivals, Research Units and the Science Fair, and periodical gym demonstrations and string, band, and choral performances.

The Parent Advisory Council which was established in 1978 under the requirements of Title I has presented three educational discussion sessions for parents this year. The Council plans to continue its programs in the year ahead.

During the past year 160 school volunteers contributed more than 2800 hours of their time, interest, and skills to enrich and provide extra individual attention to Ray School students. Each teacher tapped this valuable resource by planning for and involving volunteers in a wide variety of classes and programs. The Board and school are appreciative of the spirit of sharing exhibited by these volunteers.

Ray School staff continue to support a variety of teacher-training programs, and in the course of the year student teachers from Dartmouth, Keene State, and Plymouth State College have worked at the school, along with intern teachers from the Upper Valley Teacher Training program.

The Ray School continues to be a demanding yet cheerful and accepting environment for children. This is due primarily to the dedication and care of the staff and the leadership of Principal Stefan Vogel. The Board applauds their efforts and encourages anyone who is interested to visit the school at any time.

HANOVER SCHOOL BOARD

REPORT OF THE HANOVER SCHOOL DISTRICT AUDITOR

I have met with the Certified Public Accountants retained by the Hanover School District and have reviewed with them the results of their audit for the year ended June 30, 1979.

As elected auditor for the Hanover School District, I find the audit of the District's financial statements by Smith, Batchelder & Rugg for the year ended June 30, 1979 as represented in their audit certificate dated August 10, 1979 to be satisfactory in all respects.

Respectfully submitted,

Errol L. Heisser Auditor

To the School Board and Voters of Hanover School District:

We have examined the balance sheets of the Hanover School District - General Fund, Capital Reserve Fund and Special Reserve Fund as of June 30, 1979 and 1978, and the related statements of revenues and expenses - General Fund and changes in fund balances for the year ended June 30, 1979. We have also examined the statement of general long-term debt as of June 30, 1979. Our examinations were made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The District has not maintained a record of its general fixed assets and, accordingly, a statement of general fixed assets, required by generally accepted accounting principles, is not included in the financial statements.

In our opinion, the financial statements referred to above present fairly the financial position of the Hanover School District as of June 30, 1979 and 1978, and the results of its operations and changes in fund balances for the year ended June 30, 1979, in conformity with generally accepted accounting principles applies on a consistent basis.

Smith, Batchelder & Rugg

Hanover, New Hampshire August 10, 1979

The accompanying notes to financial statements are an integral part of this statement.

HANOVER SCHOOL DISTRICT NOTES TO FINANCIAL STATEMENTS June 30, 1979

1. Summary of significant accounting policies:

Basis of presentation - The financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principle. This method of accounting recognizes revenue and expense in the year in which earned or incurred rather than the year in which received or paid.

Funds - The School District operates three types of funds as follows:

General Fund - This fund is the primary operating fund, with the main source of revenue being local taxes.

Capital Reserve Fund - This fund consists of amounts appropriated in prior years to provide for renovations to the Richmond and Bernice A. Ray Schools (Note 5).

Special Reserve Fund - This fund consists of the balance of the payment (\$311,700) received by the District from the Norwich School District in the creation of the Dresden School District in 1963. The principal is being transferred to the General Fund in yearly amounts of approximately \$16,000 together with interest on the remaining principal.

Pension plans - The School District's employees are covered under mandatory state-sponsored, retirement plans which are funded on a current basis. Pension expense for the year ended June 30, 1979 was \$18,242. The excess, if any, of the actuarially computed value of vested benefits over the total pension fund assets is not available.

Budget - Budget figures are presented in accordance with total appropriations voted and property taxes to be raised as approved by the State of New Hampshire.

2. Cash - General Fund:

The cash balance at June 30, 1979 is the result of the following transactions on the Treasurer's books:

Cash on hand, July 1, 1978	\$ 83,856
Total receipts	3,018,114
	3,101,970
Less - School board orders paid	2,979,570
Cash on hand, June 30, 1979	\$ 122,400

3. Bonds payable:

Bonds payable consisted of the following at June 30, 1979:

10,000

High School Serial Bonds, 3.25%, 20-year, dated
October 1, 1964, interest payable June 1 and
December 1, principal payable \$30,000 each
June 1 through 1979, then \$35,000 each June 1
through 1983 with a final payment of \$34,000
on June 1, 1984. Dresden School District is
responsible for 100% of the interest on this
bond and 70% of the principal payments

174,000

Grade School Serial Bonds, 6.00%, 20-year, dated April 1, 1970, interest payable April 1 and October 1, principal payable \$80,000 each April 1 through 1986, then \$85,000 each April 1 through 1990

900,000

\$1,084,000

Principal payments on this indebtedness over the next five years will be as follows:

1979-80	\$125,000
1980-81	\$115,000
1981-82	\$115,000
1982-83	\$115,000
1983-84	\$114,000

4. Sale of Frances C. Richmond School:

At a special meeting of the Hanover School District on July 15, 1974, it was voted to sell the Frances C. Richmond School to the Dresden School District. The price of \$658,300 is to be paid within a period of not more than six years from the date of sale. The payment schedule established by the Dresden School District calls for payment to be made in six equal installments, beginning with the 1975-76 fiscal year. The fourth installment of \$109,717 was received during the 1978-79 fiscal year.

5. Capital Reserve Fund:

At the March 5, 1975 District meeting, it was voted to establish a Capital Reserve Fund of not more than \$104,500 from the proceeds of the sale of the Richmond School (Note 4) for the "financing of any future additions to and reconstruction of the Bernice A. Ray School".

At the March 3, 1976 District meeting, it was voted to add \$41,000 from the proceeds of the sale of the Richmond School (Note 4) to the Capital Reserve Fund for the purpose of defraying Hanover's share of the cost of renovating the Richmond School.

At the May 31, 1977 Special District meeting, it was voted to appropriate not more than \$150,000 for the replacement of the Bernice A. Ray School roof and the restoration of any damages caused by the leaking of the roof. During 1977-78, \$130,000 was transferred to the General Fund as reimbursement for disbursements and encumbrances.

At the July 10, 1978 special meeting of the Hanover School Board, it was voted to accept and approve the settlement of the civil suit relating to the defective roof at the Bernice A. Ray School for the total sum of \$95,000. The Chairman was authorized to execute general releases, as well as any other documents necessary to effectuate the settlement. It was also voted to transfer the Funds received in settlement, less all related expenses, to the Capital Reserve Fund. The net settlement amounted to \$69,717.

At the March 14, 1979 District meeting, it was voted to transfer the balance of the fund to the General Fund in 1979-80.

6. Study of Bernice A. Ray School:

At the Hanover School District meetings of March 5, 1975 and March 3, 1976, it was voted to appropriate \$5,000 and \$7,000, respectively, for the study of the Bernice A. Ray School facilities. Of the total appropriation of \$12,000, \$3,877 has been spent in previous years. The balance of \$8,123 remained encumbered to absorb the cost of future studies at June 30, 1978 and 1979.

7. Contingency:

As indicated in Note 1 above, the principal of the Special Reserve Fund consists of the balance remaining from the 1963 payment to the District by the Norwich School District in conjunction with the establishment of the Dresden School District. The District voted in 1963 to "hold and invest such sums for the purpose of creating a capital reserve for the payment of existing debts or for such other purposes as the District may hereafter vote". Counsel for the District has indicated that they are of the opinion that this Special Reserve Fund does not meet the requirements of New Hampshire state law pertaining to the establishment of a "capital reserve" fund. Therefore, it is possible that it may be necessary that the balance of the fund be transferred to the General Fund currently, rather than over the next seven years, although this fund has been operated in accordance with the intentions of the voters, as expressed in 1963.

WARRANT FOR ANNUAL MEETING OF THE DRESDEN SCHOOL DISTRICT

Hanover, New Hampshire

Norwich, Vermont

The legal voters of the Norwich (Vermont) Town School District and the legal voters of the Hanover (New Hampshire) School District are hereby notified and warned to meet at Webster Hall in Hanover, New Hampshire, on Thursday, the thirteenth day of March, 1980, at 7:30 in the evening for the purpose of holding the Annual Meeting of the Dresden School District and for the purpose of transacting the following business:

- Article 1. To elect a moderator, a clerk, and a treasurer, each to serve for a term of one year, and one auditor, to serve for a term of three years.
- Article 2. To elect by written ballot the at-large member of the school board to serve for a term of one year.

Note: The polls will open at 7:30 p.m. for the purpose of voting under this article and will close at 10:30 p.m. or one-quarter hour after completion of voting on the last article in the warrant, whichever is later, unless the District votes to keep the polls open to a later hour.

- Article 3. To see what sum of money the District will appropriate for the support of its schools and for other lawful expenses for the fiscal year beginning July 1, 1980, and to authorize the application against such appropriation of the estimated income of the District, the balance to be apportioned between and raised by the Hanover School District and the Norwich Town School District, in accordance with the legislation authorizing the District and with the Articles of Agreement.
- Article 4. To see if the District will vote to authorize the board to establish a contingency fund as part of the regular school district budget and to raise and appropriate Twenty-five thousand Dollars (\$25,000.00) for this purpose.
- Article 5. To see what sum of money the District will appropriate for the improvement, reconstruction, and alteration of athletic fields on the Hanover High School site and to determine whether such appropriation shall be raised by borrowing pursuant to the New Hampshire-Vermont Interstate School Compact or otherwise and to take any other action relating thereto.

Article 6. To see if the District will authorize the school board to apply for and accept grants and aid from the United States, the State of New Hampshire, the State of Vermont, and any agency or municipality thereof, or from private corporations and individuals for the construction, maintenance, reconstruction, operation, and financing of its schools, and to do any and all things necessary in order to avail the District of such aid and cooperation, or to take any other action relative thereto.

Article 7. To see if the School District will vote to accept the provisions of Public Law 89-10, designed to improve educational opportunities with particular reference to children of low income families, and to appropriate such funds as may be made available to the District under said federal act for such particular projects as may be determined by the School Board. Further, to see if the District will authorize the School Board to make application for such funds and to expend the same for such projects as it may designate.

Article 8. To see if the School District will vote to accept the provisions of Public Law 94-142, designed to improve educational opportunities with particular reference to handicapped children, and to appropriate such funds as may be made available to the District under said federal act for such particular projects as may be determined by the School Board. Further, to see if the District will authorize the School Board to make application for such funds and to expend the same for such projects as it may designate.

Article 9. To transact any other business that may legally come before this meeting.

Given under our hands and the seal of the District this fifteenth day of February, 1980.

Dresden School Board

MINUTES OF ANNUAL MEETING

Dresden School District Thursday, March 8, 1979 Webster Hall, Hanover, N.H.

The annual meeting of the Dresden School District was called to order at 7:40 p.m. by Moderator Jonathan N. Brownell. The warrant was read by the Clerk, proper posting of the warrant in Hanover, N.H., and Norwich, Vt., having been confirmed by Edwin A. Willard. Present were approximately 200 Dresden School District voters, Dresden Board of School Directors Ann D. Bradley, Chairman, John M. Curtis, John L. Dunn, George D. Fraser, Catherine A. Girard, Mary Ann Harris, Mary Ann Hooper, Emily M. Mead, Richard E. Nordgren, Mary B. Russell, and Edwin A. Willard, Supervisory Union #22 Superintendent Hugh Watson, who was introduced to the assembly by Chairman Bradley, and administrative staff members Lawrence E. Cornell, Russell E. Fearon, Jeanette I. Cook, Hanover High School Principal Robert B. McCarthy, and Richmond School Principal Velma B. Saire.

The moderator declared the polls open for election of the member-at-large at 7:45 p.m.

ARTICLE I: The following officers were elected for the terms listed, the Clerk being directed to cast a single ballot for each office after each nomination was moved by Mary Ann Hooper, with seconds by John Curtis, the motions being passed by unanimous voice vote:

Moderator, for one year Clerk, for one year Treasurer, for one year Auditor, for three years Jonathan N. Brownell Shirley K. Griggs Sybil B. Williamson Robert R. Costello

Mary Ann Hooper moved that the meeting be recessed for ten minutes in order that balloting might take place. The motion was duly seconded by John Curtis, and passed by unanimous voice vote, there being no discussion.

ARTICLE II: Following the recess, Mary B. Russell moved that the polls remain open until 10:30 p.m. or one-quarter hour after completion of voting on the last article in this warrant, whichever is later. The motion being duly seconded, and there being no discussion, the motion was passed by unanimous voice vote.

ARTICLE III: Ann Bradley moved that the District appropriate the sum of Two Million Nine Hundred Seventy-seven Thousand Seven Hundred Forty-two Dollars (\$2,977,742.00) for the support of its schools and for other lawful expenses for the fiscal year beginning July 1, 1979, and to authorize the application against such appropriation of the estimated income of the District, the balance to be apportioned between and raised by the Hanover School District and the Norwich Town School District, in accordance with the legislation authorizing the District and with the Articles of Agreement.

Her motion was duly seconded by Mary Ann Hooper. Edwin Willard rose to report on the recent negotiated agreement with the Hanover Education Association, mentioning that, under Public Law RSA 273, requiring such negotiations to be made in good faith, negotiations with HEA started in 1968, dealing principally with salaries until 1976-77, when negotiations for working conditions and fringe benefits were added. He further stated that negotiations for the coming year began in September, 1978, a mediator becoming involved in January, an impasse having been reached, with a final agreement being reached on January 22. Using slides for clarification, he announced a 5.2% raise in base salary, with a Track I salary for September, 1979, being set at \$9,557.00, all salaries to be based on the base salary plus track and step increments. He stated that 45% of the faculty is now at the highest track and step level, and that, although some teachers will receive step increments, the resultant budget impact will be less than two percent, with the total increase in the salary account to be 7.1%. He also announced a total increase of 6.95% when fringe benefits are included, suitably within inflationary guidelines set by President Jimmy Carter, no local control over most fringe benefits being possible.

Mrs. Bradley continued the slide presentation. She mentioned particularly that, although a slight decline in student enrollment is apparent, and not in any specific area, staffing reductions have been necessary to compensate for enrollment decline and salary rate increase, emphasis having been on keeping the staffing of basic required courses intact. She stated that a decision had therefore been made to reduce support staff in departments with lower student enrollments.

Samuel Cook moved to amend Article III to increase the appropriation by \$28,295 to a total of \$3,006,037, and his amendment was seconded by Joan Freeman. He declared that the intent of the amendment was to reinstate a number of support staff positions at Hanover High School and the Richmond Middle School which had been deleted from the proposed 1979-80

budget, especially those in home economics, music, business education, and art and woodworking departments. The voters were advised by the moderator that the stated intention must be viewed as advisory only, and could not be construed as an integral part of the amendment. Speaking to his amendment, Mr. Cook stated that the affected departments had not been consulted before staffing cuts were made, and that four board members had been opposed to the proposed budget. He also stated that staff reductions and reduction of supplies are limited to the applied skills departments previously mentioned, and that the percentage of personnel lost in those departments is very high. In ensuing discussion, William Stevens suggested the elimination of the Assistant Superintendent of Schools position as an alternative.

Defending the proposed budget before amendment, Mrs. Bradley stated that faculty had not been consulted about aide position deletions because the decision was an administrative responsibility, and that three of the four dissenting votes among board members were principally because of teacher salary increases, not the deletion of aide positions, although the latter may have been a secondary reason. She voiced the opinion that aides are less essential in classes of small size, as in many of the applied skills classes, and that faculty will still be able to function satisfactorily in those classes. Catherine Girard stated that, as a board member, she had not wanted to delete the aide positions, but could see no reasonable alternative.

Edward Schlesinger spoke in support of the Cook amendment, following a comment from Principal Robert McCarthy that all students will be affected by the deletion of aide staff, and not just those in applied skill classes. Charles Wood asked for an estimate of the effect of staff aide deletions on formal accreditation of the Richmond School as a middle school. Superintendent Watson replied that this was not thought to be of great consequence in seeking such accreditation, should the board wish to pursue the matter, and that most New Hampshire and Vermont middle schools and high schools do not employ staff aides.

George Theriault spoke in favor of the original budget proposal, as did Earl Wagner, Chairman of the Dresden Finance Committee, who read from the Committee's letter of support. Roger Masters, supporting the budget particularly as it provides for faculty salary increases, pointed out that, because of inflation, faculty salaries are not keeping pace with the cost of living. and a morale problem may ensue when faculty members must also assume an increased teaching load. William Breed then spoke,

emphasizing that the finance committee, of which he is a member, addressed itself only to total budget figures, not to the question of how funds should be allotted. He added that the tax-payers should be aware that the cost per pupil of the proposed budget without amendment is considerably higher than the mean in the State of New Hampshire.

The moderator honored a request from nine voters to have a written ballot on the amendment, and declared a recess for polling.

Helen McKenna moved to suspend consideration of Article III while ballots for the amendment were being counted, and to proceed to consideration of Article VI. Her motion was duly seconded by Mary Ann Hooper, and there being no discussion, the motion passed by unanimous voice vote.

ARTICLE VI George Fraser moved that the District accept the report of the committee established at the Annual Meeting of the Dresden School District on March 9, 1978 and appointed by the Moderator to review recommendations of the Education Policy Research Institute relative to alternative methods of financing the Dresden School District. The motion was duly seconded by John Curtis. Carleton L. Richardson reported that no significant benefit would be derived by changing the present method of financing the Dresden School District. There being no further discussion, Mr. Fraser's motion was passed by unanimous voice vote.

ARTICLE VII Emily Mead moved that the District authorize the school board to apply for and accept grants and aid from the United States, the State of New Hampshire, the State of Vermont, and any agency or municipality thereof, or from private corporations and individuals for the construction, maintenance, reconstruction, operation, and financing of its schools, and to do any and all things necessary in order to avail the District of such aid and cooperation, or to take any other action relative thereto. Her motion was duly seconded by Edwin Willard, and there being no discussion, the motion was passed by unanimous voice vote.

ARTICLE III (continued) The moderator then announced the result of ballot voting on the Cook amendment to Article III and declared the amendment defeated by a vote of 145 nay, 79 aye. Article III was then passed by voice vote in its original form, with fewer than twelve dissenting voice votes. A number of voters then left the floor, leaving approximately 120 in attendance.

ARTICLE IV Catherine Gerard moved that the District authorize the Board to establish a contingency fund as part of the regular school district budget and to raise and appropriate *Twenty-four*

Thousand Six Hundred Ninety-three Dollars (\$24,693.00) for this purpose. The motion was duly seconded by John Curtis, and the motion was passed by voice vote with five dissenting votes, without previous discussion.

ARTICI E V John Curtis moved that the District appropriate the sum of Five Thousand Dollars (\$5,000.00) for architectural and engineering services to develop preliminary plans and specifications for upgrading of the athletic fields adjacent to the High School and Richmond School. His motion was duly seconded by Mary Ann Hooper. Mr. Curtis explained that, since the last pertinent study done in 1971, the athletic program in the schools and town have nearly doubled, that the Thompson Terrace fields can be used only for practice sessions because of lack of lights and parking facilities, and that having a soccer field of nonregulation size with trees and fences dangerously close to the side lines, other teams in the inter-scholastic league have protested, and the Hanover High School soccer team is denied the advantage of home-field play at league tournament level. There being no discussion from the floor, the motion passed by voice vote with approximately twenty dissenting votes.

ARTICLE VIII Richard Nordgren moved that the District accept the provisions of Public Law 89-10, designed to improve educational opportunities with particular reference to children of low income families, and to appropriate such funds as may be made available to the District under said federal act for such particular projects as may be determined by the school board. Further, he moved that the District authorize the school board to make application for such funds and to expend the same for such projects as it may designate. His motion was duly seconded by Mary Ann Hooper. There was no discussion, and the motion passed by unanimous voice vote.

ARTICLE IX Mary Ann Harris moved that the District accept the provisions of Public Law 94-142, designed to improve educational opportunities with particular reference to handicapped children, and to appropriate such funds as may be made available to the District under said federal act for such particular projects as may be determined by the school board. Further, she moved that the District authorize the school board to make application for such funds and to expend the same for such projects as it may designate. Her motion was duly seconded by John Curtis, and passed by unanimous voice vote, without discussion.

ARTICLE X John Dunn moved that the School District extend its thanks to Ann D. Bradley, George D. Fraser, Mary B. Russell and Edwin A. Willard for their years of service as school directors.

His motion was seconded by Mary Ann Hooper. His tribute to these individuals reads as follows:

Ann D. Bradley has served Hanover and Dresden where she has been Vice-Chairman and Chairman. She has also been active at the State level and in the New Hampshire School Boards Association.

George D. Fraser has served Dresden and Norwich where he was Secretary and Chairman. After completing his own term last year, he graciously agreed to serve again to fill the term of a resigned director.

Mary B. Russell, the Dresden at-large member, has served as Vice-Chairman and participated in the hard work of teacher negotiations.

Edwin A. Willard has served Dresden and Hanover where he was Chairman for two years. An erudite, cheerful, tireless worker, he served on the vital and time consuming Staff Development Committee and as a negotiator.

The moderator then declared the motion passed by acclamation.

John Dunn moved that the meeting be adjourned, and his motion was duly seconded by John Curtis. The moderator announced the following results of voting for the member-at-large, Dresden Board of School Directors:

Carolyn E. Frye	152
Lee Ann Hirsch	84
Samuel Cook	60
V. Lee Shriver	29
Jay W. Bliss	15
Seaver Peters	1
Edwin A. Willard	1
Invalid ballots	4
Total ballots cast	346 (including 12 absentee)
Unused ballots remaining	661

NOTE: By unofficial tally, Hanover citizens cast 166 votes, Norwich citizens cast 120 votes.

The moderator declared Carolyn E. Frye the winner, and then declared the annual meeting adjourned at 10:40 p.m.

Respectfully submitted,

Shirley K. Griggs Clerk, Dresden School District

REPORT OF THE DRESDEN SCHOOL BOARD

During 1979, the Dresden Board of School Directors met regularly on the 2nd and 4th Tuesdays of the month at 7:30 p.m. in the multi-purpose room of the Frances C. Richmond School. Board members met regularly with their respective town boards as well as with the School Administrative Unit Board #22, which also includes Lyme and Orford. Additionally, members have served on school board sub-committees, acted as liaison representatives from the Dresden Board to various other community boards and attended meetings and workshops held for school board members on the state level.

In March, 1979, work began on the renovation of Hanover High School. As in any project of such magnitude, some difficulties have been encountered along the way. One of the difficulties involved the discovery of asbestos in areas where considerable work would be taking place, namely, in the auditorium and in corridor ceilings. There has been a great deal written in recent literature linking the inhalation of asbestos fibers, which would be released during extensive renovation, to serious lung diseases. Therefore, the Dresden Board, in two separate votes, authorized the removal of the asbestos, utilizing contingency funds in part from the 1978-79 operating budget and in part from the 1979-80 operating budget. Other difficulties encountered related to the age and complexity of mechanical and electrical systems at the high school, the cost of meeting safety code requirements, the need for equipment not budgeted in the original project approved by District voters, and the effects of inflation. Therefore, it became evident that an additional \$235,000 would be necessary to complete the renovation project as it was described to the voters in March of 1978. Subsequently, a special School District meeting was called in October, 1979 where approval for the additional funds was granted. Bonds for the renovation project were sold in June, 1979 at the rate of 5.6%. Waiting an additional six months when the bond rate was 6.50% saved approximately \$136,000 in interest payments.

At the writing of this report, major renovation work is nearing completion. The Board extends grateful appreciation to the community for its support, to teachers, staff, students, and administrators who worked under difficult and crowded conditions during the Spring and Fall. A real spirit of cooperation among all allowed education to continue despite the disruption and inconvenience.

In April, an Athletic Facilities Study Committee was appointed, as authorized by the March School District meeting. The Committee was charged with gathering information on existing usage of

athletic fields and preparing a projection of future use which would include developing statistical data with expert testimony to support the committee recommendations. The Committee was charged to review past drawings and engineering studies relevant to the existing facilities and present recommendations to the Dresden School Board in January, 1980 on restructuring existing athletic facilities to provide maximum use of such facilities. The Committee recommendations were to include site plans, drainage recommendations and projected costs and timetable to completion. The budget of the committee was \$5000, as voted at District meeting, to obtain architectural and engineering services to develop preliminary plans and specifications. A report of this committee's work and recommendations will be made at the School District meeting in March, 1980.

In June, 1979, the community was invited to a special Dresden School Board meeting to discuss goals for the School District for the coming year before the Board acted on final adoption. The Dresden Board has accepted a report from Dr. Velma Saire, principal of the Frances C. Richmond School, outlining a Health Curriculum for Richmond School students. Untold hours of work and deliberation went into the final curriculum and the Board takes note of the many people involved and the sensitivity which is evident in the final document. The Board also accepted a completed Social Studies curriculum for Richmond School students, and is pleased to report that criterion-referenced tests have been administered to Richmond School students in the areas of mathematics. language arts and reading comprehension. These tests have been informative not only to the Dresden Board, but also to students, teachers and parents as they plan together for future teaching and learning needs. All curricula and skill sequences for the schools are available to the community in the school libraries.

In October, a utility easement was granted to the Town of Hanover across School District property, pursuant to a vote of the Hanover Town Meeting, to construct the Park St. sewer line. For the easement, the Town agreed to replace the land associated with the easement in accordance with future plans of the School District for the improvement of the lower athletic fields. Further, the Town stated its intention to prepare the easement in such a way as to provide for a suitable walking path to the Thompson Terrace playing fields.

In November, the Dresden Board, upon the recommendation of the Hanover High School Administration and Social Studies Department, approved the extension of the Social Studies requirement from two years to three years. This will become effective with the incoming ninth grade class. The Dresden Board has ratified a new two-year salary agreement with the Dresden Support staff, effective July 1, 1980. Negotiations with the AFL-CIO who represent the Service personnel of the Dresden School District are currently underway. The present contract is effective until June 30, 1980.

In December, the Dresden Board voted to invite the Lyme School Board to send a liaison representative to meet with the Dresden Board on an on-going basis. The purpose of having a Lyme representative attend Dresden School Board meetings is to provide better communication to the town of Lyme regarding Dresden programs, as well as to allow the Dresden Board to understand concerns of Lyme parents and students. Currently, 10% of the student body at Hanover High School are Lyme tuition students.

The Dresden School Board appreciates the good working relationships it has enjoyed this past year with town officials, with the various town boards and with the Dresden Finance Committee.

The Board extends grateful thanks to the Friends of the Hanover-Norwich Schools who continue to fund innovative projects in the schools of Hanover and Norwich.

Appreciation is also extended to Dartmouth College for continuing to provide enrichment to many students of Hanover High School both through use of college facilities and enrollment in various courses at the College.

Finally, the Board wishes to acknowledge with deep gratitude the increasing numbers of volunteers who continue to work with the students and teachers in all areas of our school system.

> Ann D. Bradley, Chairman John M. Curtis, Secretary John L. Dunn, Vice-Chairman Carolyn E. Frye Catherine A. Girard Mary Ann Harris Mary Ann Hooper Emily M. Mead Richard E. Nordgren Brian E. Pattison Susanna C. Reed

Dresden School Board

REPORT OF THE DRESDEN SCHOOL DISTRICT AUDITORS

We have met with the Certified Public Accountants retained by the Dresden School District and have reviewed with them the results of their audit for the year ended June 30, 1979.

As elected auditors for the Dresden School District, we find the audit of the District's financial statements by Smith, Batchelder & Rugg for the year ended June 30, 1979 as represented in their audit certificate dated July 25, 1979 to be satisfactory in all respects.

Respectfully submitted,
Robert R. Costello
William P. Davis
Errol L. Heisser
AUDITORS
DRESDEN SCHOOL DISTRICT

To the School Board and Voters of Dresden School District:

We have examined the balance sheets of the Dresden School District - General Fund, Donald Walter Bruce Prize Fund, Stringed Instrument Fund, Jeremiah Ice Hockey Fund, Frances C. Richmond School Building Fund, Thompson Terrace Fund and the Hanover High School Building Fund as of June 30, 1979 and 1978, and the related statements of revenues and expenses - General Fund and changes in fund balances for the year ended June 30, 1979. We have also examined the statement of general long-term debt as of June 30, 1979. Our examinations were made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The District has not maintained a record of its general fixed assets and, accordingly, a statement of general fixed assets, required by generally accepted accounting principles, is not included in the financial statements.

In our opinion, the financial statements referred to above present fairly the financial position of the Dresden School District as of June 30, 1979 and 1978, and the results of their operations and changes in fund balances for the year ended June 30, 1979, in conformity with generally accepted accounting principles applied on a consistent basis.

Smith, Batchelder & Rugg

Hanover, New Hampshire July 25, 1979

The accompanying notes to financial statements are an integral part of this statement.

DRESDEN SCHOOL DISTRICT NOTES TO FINANCIAL STATEMENTS June 30, 1979

1. Summary of significant accounting policies:

Basis of presentation - The financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles. This method of accounting recognizes accounts receivable and accounts payable as revenue and expense in the year in which earned or incurred rather than the year in which received or paid. The School District's books of account are maintained on the cash basis in accordance with generally accepted public school practices.

Funds - The School District operates three types of funds as follows:

General Fund - This fund is the primary operating fund, the main source of revenue being local taxes from Hanover, New Hampshire and Norwich, Vermont.

Hanover High School Building Fund - This fund has been established to record the activity associated with the renovation of Hanover High School as approved by the voters on June 7, 1978 at the reconvened Dresden School District meeting.

Frances C. Richmond School Building fund - This fund includes activity associated with the renovation, reconstruction and alteration of the Frances C. Richmond School and Hanover High School. Revenue is received from borrowing authorized under the New Hampshire - Vermont Inter-state School Compact, Vermont State Building Aid and the General Fund. The project for which this fund was established has been completed. The excess cash (\$35,082) has been transferred to the General Fund as miscellaneous revenues from local sources.

Other miscellaneous funds - These funds represent a variety of activities wherein the revenues received for specific purposes have not been expended for the intended purpose.

Pension plans - The School District's employees are covered under mandatory state-sponsored, retirement plans which are funded on a current basis. Pension expense for the year ended June 30, 1979 was \$24,223. The excess, if any, of the actuarially computed value of vested benefits over the total pension fund assets is not available.

Budget - Budget figures are presented in accordance with appropriations voted and property taxes to be raised as approved by the State of New Hampshire.

2. Cash - General Fund and Hanover High School Building Fund:

The cash balances at June 30, 1979 are the result of the following transactions on the Treasurer's books:

	General Fund	High School Building Fund
Cash on hand, July 1, 1978	\$ 80,091	\$ -
Total receipts	2,953,196	1,495,912
	3,033,287	1,495,912
Less- School board orders paid	2,964,091	117,094
Cash on hand, June 30, 1979	\$ 69,196	\$1,378,818

3. Notes and bonds payable:

Norwich and Hanover School Districts bonds - In accordance with the legislation and other agreements setting up the Dresden School District, Dresden is responsible for providing the debt service on the following bonded indebtedness:

Norwich School Serial Bonds, 3.25%, 20-year, dated October 1, 1964, interest payable June 1 and December 1, principal pay- able \$15,000 each June 1 through 1983 with a final pay- ment of \$13,000 on June 1, 1984. Dresden contributes 37.48% of the yearly servicing of these bonds.	Total \$ 73,000	Dresden Share \$ 27,360
Hanover High School Serial Bonds, 3.25%, 20-year, dated October 1, 1964, interest pay- able June 1 and December 1, principal payable \$30,000 each June 1 through 1979, then \$35,000 each June 1 through 1983 with a final payment of \$34,000 on June 1, 1984. Dres- den contributes 70% of the yearly principal payment with	φ 13,000	φ 21,300
the balance paid by the State of New Hampshire.	174,000	121,800
	\$ 247,000	\$ 149,160

Frances C. Richmond School renovation - At a special meeting of the Dresden School District on July 22, 1974, it was voted to purchase the Frances C. Richmond School from the Hanover School District. The School Board was also authorized to borrow \$1,257,355 under the New Hampshire - Vermont Inter-state School Compact for the renovation, reconstruction and alteration of the Frances C. Richmond School and Hanover High School. As a result, Dresden is also responsible for the following long-term indebtedness:

3. Notes and bonds payable (continued):

Hanover School District, 6 year promissory note, payable in equal installments of \$109,717 beginning in the 1975-76 fiscal year with a final payment during the 1980-81 fiscal year

\$ 219,432

Dresden School District, New Hampshire -Vermont Serial Bonds, 6.00%, 20-year, dated December 1, 1974, interest payable June 1 and December 1, principal payable \$65,000 each December 1 through 1985, then \$60,000 through 1994

995,000 \$1,214,432

Other notes payable are borrowings used to finance the development of the Thompson Terrace property. The Bureau of Outdoor Recreation has approved federal matching assistance of \$46,000 for the project.

Unsecured note due to bank, 5%, dated September 15, 1976, interest payable March 15 and September 15, principal payable \$4,200 each September 15 through 1986

\$ 33,600

At the March 9, 1978 Dresden School District meeting, as reconvened on June 7, 1978, it was voted to appropriate the sum of \$1,488,937 for the improvement, reconstruction and alteration of the Hanover High School building and for the acquisition of instructional equipment related hereto. It was further voted that such appropriation be raised by borrowing through the issuance of notes or bonds in accordance with the New Hampshire - Vermont Interstate School Compact.

Dresden School District General Obligation Bonds, 5.40%, 20 year, dated June 1, 1979, interest payable December 1 and June 1, principal payable \$85,000 on June 1, 1980, then \$75,000 each June 1 through 1998, with a final payment of \$50,000 on June 1, 1999

\$1,485,000

Dresden School District Bond, 5.60%, dated June 1, 1979, payable June 1, 1980

3,937

\$1,488,937

Total Dresden long-term debt, June 30, 1979

\$2,886,129

3. Notes and bonds payable (continued):

Principal payments on this indebtedness over the next five fiscal years will be as follows:

1978-79	\$297,976
1979-80	284,037
1980-81	174,322
1981-82	174,322
1982-83	172,872

4. Deferred revenue:

The School District received \$26,836 in 1975 from the State of Vermont toward the purchase of the Frances C. Richmond School. This payment represents one-half of the total aid of \$53,671 to be provided by Vermont. This aid is being recognized over a six-year period beginning in 1975-76 corresponding to the term of the promissory note payable to the Hanover School District (Note 3).

5. Commitments and contingencies:

Unemployment compensation insurance - The District has elected to fund unemployment compensation on a direct reimbursement basis. To date, no claims have been filed relating to the fiscal year, and no historical information is available on which to base future claims based on employment provided in the year ended June 30, 1979.

SCHOOL ADMINISTRATIVE UNIT 22 Report of the 1979-80 salaries to be paid by the State and Local School Districts

	State	Local
Superintendent	\$2,500.00	\$34,885.00
