Selectmen of the Town of
Jackson, New Hampshire

SELECTMEN'S REPORT

Last year this report noted the "ailing" economy. This year, the economic condition is "critical". The Sounding Board, our informal citizen budget committee, met in January with department heads and town officers to review the proposed 1992 budget. The foremost consideration was and is what is fiscally wise taking into consideration the present recession balanced against the continuing and future needs of the town. Because of the thoughtful planning of past Selectmen, capital reserve accounts have been established to accommodate the future by saving ahead. The roads have been maintained on a regular schedule. Funds have been set aside for contingencies arising out of the closing of the Carter Notch Road transfer site, and the Highway and Fire Departments have kept the town's heavy equipment serviced and in good repair.

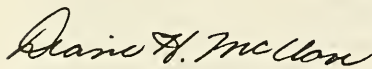

Even with careful management Town Meeting is faced with the task of making prudent decisions on what is best for our community as the town decides what it can afford to provide. We are suggesting the dissolution of the present Solid Waste Disposal Capital Reserve Fund using a portion for the purchase of a new highway truck (a purchase which was scheduled for last year) and the reestablishment of the Fund earmarked both for the present transfer site and possible capping costs for the old site.

The Police budget reflects a suggested reduction of the department from two fulltime officers to one fulltime officer with the other position covered by part-time personnel. In addition to the Police Department, the Highway and Fire Departments have pared their budgets and a review of the warrant items shows reductions throughout the proposed municipal budget. There will be no large surplus this year and next year there will be even less to help us keep the tax rate under control.

In reviewing this past year, the Bartlett-Jackson Transfer Site is functioning well as we continue to support a program of voluntary recycling. 88% of the property taxes were collected by December 1, 2% more than at the same time last year. The sales assessment ratio is at 109%. Revenues from investments will be less with the lowering of interest rates and consequently, our rate of interest on the Gray's Inn property bond is somewhat less also. We do not foresee any funds being realized from the State Aid Reconstruction Program, and Revenue Sharing from the state to the towns is always in danger of being cut off as the State faces its budgetary crisis.

While Town Meeting is our governing authority, it is the town employees, those who serve on town boards and commissions and in positions of trust who assure the vitality of our community. To the Jackson Volunteer Fire Department, our Bartlett-Jackson Ambulance Service and to Ellie Lang who graciously administers our town office, we are especially grateful.

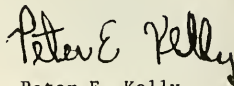

Respectfully submitted,

Diane H. McClave, Chairman

Frank J. DiFruscio

Peter E. Kelly

LIBRARY TRUSTEES' REPORT

Jackson Public Library had a marked increase in attendance in 1991. Circulation of books was increased as well. The Librarian, Mrs. Priscilla Bissell, and her assistant, Mrs. Susan Way, continue their fine work in the operation of our small but special library.

The children of Jackson Grammar School continue to visit the library. It is hoped that these trips will help the children to develop a love of books and libraries. The Jackson-Bartlett Pre-School also uses our facility.

The Library has been fortunate this year in receiving the volunteer efforts from time to time of Evelyn Fenderson, Betsy Kent and Doreen Wigglesworth. The Trustees thank them for their efforts.

In April the Librarian and Trustees Marcia Hill and Pam Abbott attended the New Hampshire Library Trustee's Association annual meeting at Fox Ridge in North Conway. Informative seminars and a luncheon with speakers from the State Library were attended. Mrs. Bissell attended several Northern Carroll County Cooperative Library meetings and N. H. Library forum meetings in Littleton.

New shelving was added to the youth section, and a new entrance ramp was built by town employees.

The Library was the recipient of a wonderful gift from the Jackson Ski Touring Foundation. Mr. and Mrs. Tom Darville presented the Library with a very generous gift. Mr. and Mrs. Wendell Woodbury of North Conway have created a trust fund for the Library, supervised by the Trustees of Trust Funds. The fund is named for Mrs. Evelyn Woodbury's parents and Jackson residents, the Mabel and Clifton Smith Fund. The Trustees would like to express their gratitude for these exceptional gifts.

The Library was also the recipient of many other donations of cash, books and periodicals, too numerous to mention individually but all deserving sincere thanks.

The Friends of the Library, under the direction of Peggy Connolly, Chairman, and Mary Ann Limerick, Treasurer, held a successful membership drive and contributed a considerable sum to the Library.

Respectfully submitted,

REPORT OF TRUSTERS OF CEMETERIES

The Village Cemetery was once again maintained in excellent condition due to the efforts of Pat Donnelly, despite the very dry conditions over the summer months, and Dean Davis kept the Dundee Cemetery mowed. Floribunda planted a mixture of annuals and perennials. Interest earned from the Cliff Smith Sr. Memorial Trust, donated in 1990 by Wendell and Evelyn (Smith) Woodbury, paid for a good portion of Floribunda's gardening expenses.

A weed whacker and some hose were purchased. This year we hope to have more stones cleaned and have some planting done at Dundee.

The Mallett Company removed a few trees near the front of the Village Cemetery, attempting to improve areas of the golf course, which has allowed for more sunlight on that area where some of the oldest stones are.

Twelve new lots were assigned, all in the Village. The cost for perpetual care remains at \$100.

Respectfully submitted,

W. H. Browne

JACKSON CONSERVATION COMMISSION

The Jackson Conservation Commission met monthly as prescribed by N. H. State Statute. As in previous years, the Commission also held additional meetings to conduct onsite field evaluations prior to making recommendations to New Hampshire Wetlands Board. We met with members of the Wetlands Field Inspectors and N. H. Water Supply and Pollution Control Division; Corps of Engineers and Wildcat River Advisory Commission.

As mentioned in previous reports, work is ongoing on the Jackson Falls West Bank. We again request that the users of the Falls area stay on the natural paths. Please take out everything you bring into the area - leave only foot prints. Help the Commission and the Town keep the area clean - pick it up and dispose of properly.

Bids for trail clearing on Prospect Farm and Iron Mountain will be solicited this spring. We would like to have any Jackson resident interested in doing such work to contact the Commission; we would prefer to keep the work in town.

In the Town of Jackson River Conservation Plan which was adopted by the Town, plans called for a nature path from the Town Hall to the area of Gray's Inn Garage. Included in said plan was the replacement of the Jackson Falls Gazebo. This as you know has been done, and views of the river have been partially opened up. Your comments have been generally favorable. We would like to landscape the gazebo area and remove the old gazebo remains. We need volunteers and donations to accomplish this. Can you help?

A group of citizens under the leadership of Leland Harmon are spearheading the walkway project, raising funds, and working with the Wildcat River Advisory Commission and Conservation Commission in planning an appropriate pathway accessible to all.

We have approved an extension of the Burgess Conservation Easement to cover the remaining land (Approximately 70 acres) of the Highland Farm Trust.

The Commission wishes to thank all who donated funds to help defray the expense of the gazebo; we still would like to raise more so that we can continue our activities on behalf of conservation, habitat, and beautification. Donations are tax deductible. Again thank you for your help.

A number of surveys and monitoring programs have and are being conducted on the Wildcat River. Water quality monitoring, hydrology study, and habitat surveys are in the process or have been completed for the Wildcat Advisory Commission; and the Jackson Conservation Commission has worked with these programs and has unlimited access to the data.

As you can see, the Commission has been quite busy with a number of projects for the improvement and protection of the Town of Jackson's environment.

Town of Jackson, New Hampshire

The Commission continues to need your help in monitoring the Town's environment; clean water without pollution, aquifer protection, prevention of polluted run off, erosion are vital for the future of all of Jackson's citizens. Our environment must be protected from destruction. If you have any questions about our environment which falls under the Commission's jurisdiction, call or talk to any member of the Commission.

The Commission meets monthly on the second Thursday at the Jackson Public Library at 4:00 P.M.

ROAD AGENT'S REPORT

The winter of 1990-91 was fairly normal with 200 extra yards of sand purchased during the winter. We had one major breakdown with the 1985 International, but all our other equipment ran well.

During the summer the Highway Department rented a wood chipper and cut roadside brush and limbs. All the ditches were cleaned. Six culverts were replaced. Robert Tibbetts mowed the roadsides and Howard Kelley mowed the town property.

The following roads were tarred: Dundee, Mountain View, Whitney's Hill, Wilson, Sugar Hill Lane, Mill Street, Christmas Farm Lane, Eagle Mountain, Adams, a section of the Valley Cross Road and the transfer site entrance road. A section of the Lower Highlands Road was rebuilt with Alan Eastman. During the summer 500 yards of pugmill was put down.

We spent a lot of time working at the Bartlett-Jackson Transfer Site, putting up the Christmas lights and decorations.

I feel that it is time to replace the all-wheel drive 1985 International with a new all-wheel drive International, and I ask your support at Town Meeting. Thank you!

Respectfully submitted,

Arthur E. Fernald
Road Agent

Town of Jackson, New Hampshire

1991 ANNUAL REPORT
JACKSON FIRE DEPARTMENT

The Jackson Fire Department had a quiet year in 1991 responding to 33 calls. The most significant call was a house fire on Upper Alpine Drive which did considerable damage. The house was not protected by any smoke detection devices. This could have seriously endangered the occupants had they been sleeping when the fire broke out. Smoke detectors are the cheapest life saving protection available for you and your home. Property owners who rent their property are reminded that State law now requires hard wired smoke detectors on each floor. If you would like a smoke detector inspection of your property, please call this office.

In December, we assisted New Hampshire Fish and Game in a lengthy rescue of five cross country skiers stranded by dark at No Ketchum Pond. The rescue lasted some eight hours. The skiers were finally brought out at 2:30 a.m., very cold, but otherwise okay.

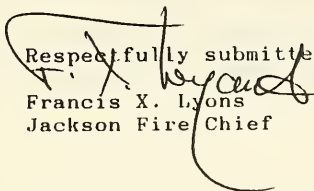

Overall, the fire equipment is in good condition, but the 1972 International is beginning to show its age. Major repair work was performed this year on the brakes, carburetor, exhaust system and power steering. This truck will require some additional life extension preventative maintenance this year as it is not scheduled for replacement until 1995. Prudent use and continued maintenance of the truck should keep it operating until then.

The Fire Station is in good condition, but it is in need of painting scheduled for this Spring along with a repair of the septic system. Next year we will be asking the citizens to approve paving the apron in front of the station, not only will this keep the building cleaner but also help us better maintain the equipment.

Two members, Brian Kelly and Willis Kelley, resigned from the department this year. On behalf of the department I would like to thank them for their years of service to the town. In addition, I would like to thank the Selectmen, Police Department, Forest Warden and Ambulance Squad for all the assistance they offered me this year.

The Jackson Firefighters Association had a very successful 1991 Bar-B-Que raising over \$2,000.00 which was used to rebuild the radio room in the station. Again we would like to thank all the citizens for their support and assistance.

**REPORT OF ROBERT D. NELSON, CHIEF, FOREST PROTECTION
N. H. DEPARTMENT OF RESOURCES AND ECONOMIC DEVELOPMENT
STATE FOREST RANGER AND TOWN FOREST FIRE WARDEN**

1991 was a very dry and busy year for the New Hampshire Forest Fire Service as well as local fire department due to our increase in the number of fires. Our three major causes of fires in 1991 were non-permit, children and smoking materials. 450 wildland fires in New Hampshire burned approximately 150 acres for an average fire size of one-third acre.

Primarily, the local fire department is responsible for extinguishing these fires. Keeping the average fire size this small is a tribute to early detection by citizens, our fire tower lookout system and the quick response of our trained local fire departments.

In every municipality, there is a Forest Fire Warden and several Deputy Wardens that are responsible for directing suppression action on wildland fires, working with other fire department members under the direction of the N. H. Forest Fire Service to make sure that all fire department members are properly trained and equipped for suppressing wildland fires. Forest Fire Wardens and Deputy Wardens receive specialized training each year, presented by the N. H. Forest Fire Service, to keep their skill level and knowledge of forest fire laws up to date.

The local Warden and selected Deputy Wardens are also responsible for issuing burning permits for any open burning that is to be done in their community. In New Hampshire, any open burning, except when the ground is completely covered with snow, requires a written fire permit prior to lighting the fire. Before doing any open burning, it is recommended that you contact your local fire department to see if a permit is required and to save your community the cost of sending fire equipment on a false alarm. Any person violating the permit law (RSA 224:27) shall be guilty of a misdemeanor.

Please help your local Warden and fire department by requesting a fire permit before kindling a fire, be understanding if they tell you it is not a safe day to burn and help keep New Hampshire green!! Thank you for being fire safe.

Gordon W. Lang, Town Forest Warden

Town of Jackson, New Hampshire

JACKSON POLICE DEPARTMENT

In 1991 the Jackson Police Department had the lowest activity year yet. I feel this is due to several reasons: the cooperation of the community and the state of the economy.

As you may know, the Police Department has been without one of the cruisers since July. This is due to a mishap that caused the engine to go bad in the 1988 cruiser. It was scheduled to be replaced in 1992 and would have cost \$2,622.75 to replace the engine. The Selectmen and I felt that would be a large expense on a cruiser with over 100,000 miles on it.

The insurance company would only allow \$1,300.00, and the town would have to pay the balance in the amount of \$1,362.75. Therefore, it was decided not to repair the cruiser but to sell it by sealed bid, and it was sold for \$601.00.

Jackson Police Activity for 1991

58 Criminal cases
30 Criminal cases cleared by court or other means
180 Defective equipment tags issued
23 Motor vehicle summonses issued
281 Motor vehicle warnings issued
84 Alarms answered (all were false or human error).

The Jackson Police Department would like to thank the community for their help and support.

Respectfully submitted,

John E. Moulton
Chief of Police

Town of Jackson, New Hampshire

**BARTLETT-JACKSON AMBULANCE SERVICE
ANNUAL REPORT**

In 1991 we had 203 calls for service. This year we have included statistics of what we do. We now have 19 members with another 4 pending. This is the highest level we have been at, and it helps in distributing the work load. One is a paramedic with another in training for same.

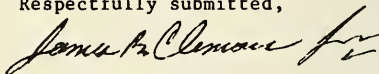

We received over three thousand dollars in donations this year. This money is put towards updating equipment and advanced training in the ever changing medical field. We very much appreciate any size donation.

This year's tax funding request is the lowest ever. Jackson-Bartlett's combined total is \$1,339.00. This is possible due to the revenue we generate for the towns. We continue to try and keep all expenses to a minimum.

1991 ANNUAL REPORT OF THE JACKSON PLANNING BOARD

1991 was not a busy year for the Jackson Planning Board. Due to the over-supply of available housing and house lots in Jackson, there were few subdivisions proposed. In addition, there was little interest in additional commercial development in Town.

Two major subdivisions, one minor subdivision and two lot line adjustments were reviewed and approved by the Board. The major subdivisions were 1) a seven lot Hutman's Heights, subdivision located on Route 16 at the base of the Hutman's Trail, and 2) a revised layout for the Mirror Lake subdivision. Both subdivisions were approved following review by the Planning Board, North Country Council and Town Engineer.

The Planning Board is not proposing any changes to the Zoning Ordinance this year. The consensus is that the zoning ordinance contains a fair and effective method for determining minimum residential lot sizes and for protecting the environment. Questions have been raised concerning potential commercial activities in the residential district and protection of ground water quality in the vicinity of Jackson Village. The Board plans to address these issues in 1992.

Bob Davis resigned from the Board after six years of service. Bob provided valuable knowledge of Jackson's history and landscape during his tenure on the Planning Board. His contributions to the Planning Board and the Town are gratefully appreciated.

It is with great sadness that we note the loss of Jody Longnecker, past Planning Board chairwoman and member of the Board for many years. Jody worked with great energy and enthusiasm to preserve Jackson's special landscape and historic character. We miss her insight and cheerful presence at our meetings and around Town.

Jackson Planning Board meetings are at 7:30 PM in the Town Hall on the second Thursday of each month. All are welcome to attend.

NORTH COUNTRY COUNCIL, INC.
ANNUAL REPORT

North Country Council is the Regional Planning Commission for 51 towns in northern New Hampshire. It was established almost 20 years ago by the legislature to respond to communities' needs for local and regional planning and development programs. As a membership organization, the Council is supported by local community dues which are used to match state and federal funding sources.

Assistance available to member towns includes municipal planning, regional planning, transportation planning, business and industrial planning/development, landscape architecture, solid waste planning, resource management, GIS mapping and public education. The Council provides this professional assistance to Planning Boards, Boards of Selectmen, Zoning Boards of Adjustment, Conservation Commission, Solid Waste Districts, Local Development Corporation, Non-Profit Community Organizations, Chambers of Commerce, Educational Institutions and Social Service Organizations and Agencies in our member towns.

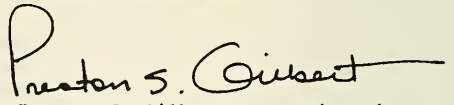

In JACKSON, the Council completed another year of Circuit Rider assistance to the planning board. Through this program, the Council provides technical assistance to the board on subdivision review, ordinance amendments and board actions on proposals. In the fall, the Council and Jackson co-hosted an international exchange program in Jackson for a team of planners from rural Switzerland. The exchange guests came to Jackson to compare notes on community development and preservation of local culture and character. The program was extremely successful and recommendations for future international information exchange and mutual assistance will be forthcoming in 1992.

Throughout 1991 North Country Council continued its commitment to local and regional planning assistance. The year also saw the Council rededicate its economic development program to address the worsening North Country economy, its solid waste program to aggressively reduce the volume of solid waste generated in the region, and its land use program to address the problems confronting the Northern Forest.

In the ensuing year the Council will continue its present course and work program with an intense commitment to local technical assistance, development of local leadership and ability, and the provision of membership services to support community and regional needs.

Persons interested in regional issues as discussed in this report are urged to contact their Selectmen for appointment as Council representative or committee members.

Respectfully submitted,

Preston S. Gilbert, Executive Director

JACKSON SCHOOL DISTRICT WARRANT

Election of Officers

To the inhabitants of the School District in the Town of Jackson, County of Carroll and State of New Hampshire, qualified to vote on District affairs;

You are hereby notified to meet at the Town Hall in said District on Tuesday, 10 March 1992, to elect the following School District Officers. The polls will be open for this purpose at 9:00 a.m. and will not close before 6:00 p.m.

ARTICLE 1. To elect a Moderator for the ensuing year.

ARTICLE 2. To elect a Clerk for the ensuing year.

ARTICLE 3. To elect a member of the School Board for the ensuing three years.

ARTICLE 4. To elect a Treasurer for the ensuing year.

ARTICLE 5. To elect an Auditor for the ensuing year.

Given under our hands, this 5th day of February, 1992.

Ann Bennett, Chairman
Jane Abbott
Steven LeMay

Jackson School Board

JACKSON SCHOOL DISTRICT WARRANT

STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District of Jackson, in the County of Carroll, State of New Hampshire, qualified to vote on District affairs:

You are hereby notified to meet at the Town Hall in said District on Wednesday, 11 March 1992, at 7:00 in the evening to act upon the following subjects:

ARTICLE 1. To see if the District will vote to authorize the Jackson School Board to apply for, accept and expend in the name of the School District, such gifts, advances, grants in aid, or other funds for educational purposes as may be available or forthcoming from any source during the fiscal year, in accord with and upon such terms as are found in RSA 198:20-b.

ARTICLE 2. To see if the School District will vote to raise and appropriate the sum of twelve thousand dollars (\$12,000.00) as a supplemental appropriation to the 1991-92 budget for unanticipated regular education tuition expenses (to be funded by excess revenues). (This will have no effect on taxes.)

ARTICLE 3. To see if the School District will vote to change the purpose of the present Reserve Fund for unanticipated special education expenses, established in 1987, and reestablish the same Reserve Fund for special education costs in general (2/3 vote required).

ARTICLE 4. To see if the School District will vote to authorize the withdrawal of fifteen thousand dollars (\$15,000.00) from the Reserve Fund (Special Education), created for that purpose, to offset special education expenses in 1992-93 (this will be included as revenue). (Majority vote required)

ARTICLE 5. To see if the School District will vote to raise and appropriate forty-seven thousand dollars (\$47,000.00) to purchase a new school bus, and to authorize the withdrawal of a sum not to exceed forty-seven thousand dollars (\$47,000.00) from the Capital Reserve Fund (Busses), created for that purpose, and to authorize the Trustees of the Capital Reserve Fund (Busses) to withdraw said monies and to pay the same over to the School District Treasurer on 1 July 1992. (Majority vote required)

ARTICLE 6. To see if the School District will vote to raise and appropriate the sum of five thousand dollars (\$5,000.00) to be placed in the Capital Reserve Fund (Busses) previously established for that purpose. (Majority vote required)

ARTICLE 7. To see what sum of money the School District will vote to raise and appropriate for the support of schools, for the payment of salaries for school district officials and agents, and for the payment of the statutory obligations of the District.

ARTICLE 8. To transact any other business that may legally come before this meeting.

Given under our hands, this ___ day of February, 1992.

JACKSON SCHOOL DISTRICT MEETING
March 13, 1991

The meeting was called to order by Moderator Raymond B. Abbott, Jr. at the Jackson Town Hall at 7:00 p.m.

Mrs. Burack moved to dispense with the reading of the Warrant. The motion was seconded and passed.

ARTICLE 1. To see if the District will vote to authorize the Jackson School Board to apply for, accept and expend in the name of the School District, such gifts, advances, grants in aid, or other funds for educational purposes as may be available or forthcoming from any source during the fiscal year, in accord with and upon such terms as are found in RSA 198:20-b. It was moved and seconded to approve Article 1. A vote was taken and the motion carried.

ARTICLE 2. To see if the District will vote to raise and appropriate the sum of \$15,000.00 to be placed in the Capital Reserve Fund (Busses), established for that purpose. There was a motion, duly seconded, to approve Article 2 and the motion passed.

ARTICLE 3. To see what sum of money the School District will vote to raise and appropriate for the support of schools, for the payment of salaries for school district officials and agents, and for the payment of the statutory obligations of the District. The proposed budget was reviewed and voted on by function.

1100 - Regular Education - It was moved and duly seconded to approve Function 1100 in the amount of \$329,983. The motion was voted on and passed.

1200 - Special Education - There was a motion from the floor to approve Function 1200 in the amount of \$48,390. The motion was duly seconded and carried.

1400 - Co-Curricular - It was moved and seconded to approve Function 1400 in the amount of \$5,890. The motion was voted on and passed.

2120 - Guidance Services - There was a motion to approve Function 2120 in the amount of \$1,800. The motion was duly seconded and carried.

2130 - Health Services - It was moved and seconded to approve Function 2130 in the amount of \$3,915. The motion was voted on and passed.

2150 - Speech Services - It was moved and duly seconded to approve Function 2150 in the amount of \$200. The motion was voted on and carried.

2210 - Improvement of Instruction - There was a motion from the floor to approve Function 2210 in the amount of \$980. The motion was duly seconded and passed.

2220 - Educational Media - There was a motion to approve Function 2220 in the amount of \$836. The motion was seconded and carried.

2310 - School Board Services - It was moved and seconded to approve Function 2310 in the amount of \$8,670. The motion was voted on and passed.

2320 - Office of Superintendent - It was moved and seconded to approve Function 2320 in the amount of \$31,106. The public was referred to page S89 for a breakdown of services received. Mr. Davis expressed concern about having no voice in the SAU budget. He was advised that the community has a chance to provide input at the public hearing on this budget in December. A committee at the state level has been formed to study the structure of SAU's so now would be the time for the community to voice concerns at the state level. The motion was voted on and passed.

2410 - Office of Principal - It was moved and duly seconded to approve Function 2410 in the amount of \$9,438. The motion was voted on and carried.

2540 - Operation/Maint. of Plant - There was a motion from the floor which was duly seconded to approve Function 2540 in the amount of \$29,188. The increase in this function is due to the increased amount of space being maintained. The motion was voted on and carried.

2550 - Pupil Transportation - It was moved and seconded to approve Function 2550 in the amount of \$70,068 and the motion passed.

2620 - Evaluation Services - It was moved to approve Function 2620 in the amount of \$150. The motion was seconded and carried.

2640 - Staff Services - There was a motion from the floor to approve Function 2640 in the amount of \$150. The motion was duly seconded and carried.

2900 - Other Supporting Services - There was a motion from the floor to approve Function 2900 in the amount of \$16. The motion was duly seconded and carried.

5100 - Debt Service - It was moved to approve Function 5100 in the amount of \$46,074. The motion was duly seconded and passed.

5240 - Food Service - There was a motion to approve Function 5240 in the amount of \$700. The motion was seconded and carried.

Chairman of the Jackson School Board, Lee Adams, moved to amend the bottom line of the total operating budget to \$583,272 due to a reduction of the rate from the New Hampshire Retirement System, and to adopt the bottom line as amended. The motion was duly seconded and passed.

Chairman Adams thanked Willis Kelley, retiring after six years of service, for his work over the years. Mr. Kelley has served as Jackson

School Board Chairman, SAU #9 Board Chairman, and Chairman of the Building Committee. He deserves much of the credit for the new school addition since he kept the project moving with his common sense, hard work, and good humor. Mr. Kelley received a standing ovation.

A breakdown of the building cost figures to date is available, and once the project is completed the complete breakdown will be in next year's report.

ARTICLE 4. To transact any other business that may legally come before this meeting. There being no further business, the meeting was adjourned at 8:10 p.m.

Respectfully submitted,

Layne Latham
Recording Secretary

INTERIM SUPERINTENDENT'S REPORT
By Richard B. Mezquita

As your Interim Superintendent for the past eight months, it has been my intent to foster and promote three basic goals: restore the image of SAU #9 to a creditable level; provide individual districts with sound, consistent, constructive leadership, encompassing educational growth and development, balanced with productive human interrelationships; and facilitate preparation for the future.

In this endeavor, I have stressed the importance of becoming involved, being an active participant, and demonstrating enthusiasm and devotion toward a worthy cause. I have attempted to foster awareness that each individual is unique by encouraging opportunities for each child appropriate to his or her abilities and interests.

It is paramount that we promote an "I will - I can" attitude among our children, so that they may continually move on to greater achievement. Motivation is essential to achievement, and as educators, we must strive to energize our students. Motivation promotes success, and motivated students learn.

However, this type of effort becomes meaningless if we do not address the issues squarely and in a forthright manner that have an impact on our local schools. It is imperative that our schools define what students should be expected to learn while in school. Our schools are asked and expected to teach everything from basic skills to high technology. State-mandated subjects, special interests, and the latest educational fads are all vying for accommodation in our schools.

We need to encourage and participate in open and honest dialogue within our communities to harness support for our schools. Public awareness and involvement will improve our schools. We need to promote greater cooperation among ourselves and do away with the territorial disputes. It's time to take personal responsibility for what one does. In short, this means schools taking responsibility for their employees, teachers and others taking responsibility for their programs, parents taking responsibility for their children, and students taking responsibility for learning. It's not easy, but it is necessary.

We need to return to the sense of community where cooperation, consensus, and collaboration take place. We need to reexamine how we are delivering our educational programs; i.e. the school day, length of year, and what we are testing. It is our responsibility as teachers, administrators, and citizens to seize the opportunity to make something significant happen in our school system and for our

students. Through empowerment and fundamental change, "that something significant" will take place.

As we move into the 1990's, we will be well served if we embrace the following thought: "There is nothing more difficult to take in hand, more perilous to conduct, or more uncertain in its success than to take the lead in the introduction of a new order of things."

PRINCIPAL'S REPORT
By David Poon

The grammar school has continued to demonstrate academic excellence. Students in the fourth grade class ranked first in the state on the California Achievement Tests that were administered last Spring. Students in grades 2, 3, 5, and 6 also generally scored better than their anticipated scores.

The school has continued to grow and we are now at an enrollment of 54 students. We are projecting a total enrollment of 56 by next fall.

We have obtained a fifth Apple computer for the school through the writing of a federal Chapter 2 grant. It is vital that we help students keep abreast of current technology, and the use of an additional computer will help to enable us to achieve that goal.

Our schoolwide enrichment program has been very successful at meeting a variety of student intellectual needs and interests. We are proud to have the continued involvement of many parent volunteers who mainly comprise the enrichment committee for the school. We would also like to recognize Ann Bennett who is the school board representative to this committee and Ann Bordash who serves as the committee chairperson. A majority of students in grades 5 & 6 participated in an after-school computer minicourse which was taught by Jon Hively for 5 weeks. The students also learned about the art and history of playing the bagpipes and harp from listening to the talents and knowledge of Jon and Jane Hively, respectively.

We were also very thankful for the involvement of the parents who participated in the parent partner group for the school. Sylvia Weiss and Linda Ulchek cochaired this group and Jane Abbott served as the school board representative to this committee. Each committee member worked very hard to make it a positive force for the school.

Similarly, we were also thankful to Ken Kimball and Claes Thelemarck for volunteering to coach the soccer program this past year.

This past fall has brought several new faces to the school. Steven LeMay became a new member of the school board, joining chairperson Ann Bennett and Jane Abbott. Steve began a Cub Scout troop at the school which was held on Thursday afternoons this past fall. Joan Bailly serves as our special education teacher, Mary Doherty is our remedial math and reading Chapter 1 teacher, Vicki Hill is our school/community coordinator, Herb Garrette is our new school bus driver, Nancy Manooqian is our special education aide, Mark Mahoney serves as our new music teacher, and Dick Fortin replaced Lori Spaulding as our Tin Mountain teacher for students in grades 3-6.

We are very proud of our special and unique school, and invite you to join us in helping to continue to make it a bright point of educational light for the community, state, and country.

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL PRESENTATION

To the Members of the
School Administrative Unit Board
School Administrative Unit No. 9
Conway, New Hampshire

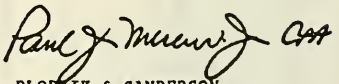

We have audited the accompanying general purpose financial statements of the School Administrative Unit No. 9 and the individual fund financial statements of the School Administrative Unit as of and for the year ended June 30, 1991, as listed in the table of contents. These financial statements are the responsibility of the School Administrative Unit's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Asset Account Group, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Asset Account Group is not known.

In our opinion, except that omission of the General Fixed Asset Account Group results in an incomplete presentation, as explained in the above paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the School Administrative Unit No. 9 at June 30, 1991, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles. Also, in our opinion, the individual fund financial statements referred to above present fairly, in all material respects, the financial position of each of the individual funds of the School Administrative Unit at June 30, 1991, and the results of operations of such funds for the year then ended, in conformity with generally accepted accounting principles.

July 26, 1991
