## SELECTMEN'S REPORT

---

The selectmen would like to dwell on inflation and what it does to us in regard to our budget and tax rate. Many people are under the mistaken impression that if the budget goes up 10% that their taxes will go up 10%. If this were to happen, it would be a random coincidence and an unfortunate one at that. For example, in 1979 the town budget was 25.02 percent above 1978; however, after revenue and credits were subtracted, it was only 4.38 percent, and in the same year, the tax rate was up only 0.66 percent. In 1980 the town budget was 7.82 percent below 1979 and after revenue and credits it was 13.48 percent below 1979; however, the tax rate was up 4.26%; without the increase in legal fees voted from the floor, it would have only been 0.56%. In 1979 the consumer price index was up 12.9% and in 1980 it was up 12.1%. Under any analysis, the selectmen and the budget committee have done exceptionally well in holding the line. For the two years, an average tax increase of only 2.46% including the increased legal fees is very good in comparison to the consumer price index. We want all to realize there is no correlation between the town budget (appropriation) and the tax rate. This is due to variables such as the school and county shares apportioned to the town, the ups and downs (none variables) in the revenues and credits and the business profits tax. Revenues and credits should go up each year as well as business profits tax but you can not depend on that. We hope this helps you to better understand the complexities of the system. We suggest that you think positively in terms of the performance of your selectmen, budget committee and other town officials. We live here too and are just as interested in a town budget and low taxes as our prophets of doom and gloom.

The old bugaboo our landfill still operates in an excellent manner; however, job boss Hurst wants to recycle 100% of the papers and bottles. They are revenue.

The selectmen think that the overall performance of the various departments has been of an exceptional quality. We urge you to read their individual reports and become even more knowledgeable of their efforts and activities.

We would like to mention the Senior Citizens activities. They have had many meetings and good trips. The group has brought many people out who would not ordinarily engage in outings. We think this is great and urge as many as possible to participate.

A five-year statistical summary of the town of Troy, School, county and town appropriations with an attempt to apply revenues and credits for the total appropriation for tax purposes and comparison of town tax increases with the consumer price index. It may be difficult to understand unless one is familiar with the State of N.H. bookkeeping system. All information was taken from statements of appropriation in the town reports 1975-1980.

This figure is what the taxes are computed from.  
It is school appropriation  
+ County appropriation  
+ Town Appropriation after Revenue & Credits  
Sub Total  
- Business profit Tax  
Sub Total  
+ Overlay  
Property taxes to be raised

War service credits are added in and then subtracted so they were ignored for the explanation above.

Due to revenue, credits and business profit tax reimbursement, taxes naturally have not gone up as much as one would think. 1977 over 1976 was 12.6%; however, this was due to reassessment adjustment from the year before and a larger overlay. 1978 over 1977 was less but still high at 9.39%; this was due to a smaller increase in revenue and credits. 1979 taxes were only 0.66% over 1978, due to a good jump in revenue and a good budget committee. 1980 is a two sided story, in this case revenue and credits decreased instead of a variable increase as experienced before. Even with an increase of 4.26% over 1979 the year would have had an increase of only 0.56% had the legal expenses not been raised from \$2,500 to \$25,000 from the floor at the town meeting. This caused an increase of \$1.13 per thousand of assessed value for all property in the town of Troy. Again in 1980 the budget committee did a commendable job in an attempt to keep town expenses at a minimum.

There are critics for and against the consumer price index. Union contracts, social security and many pension plans are related to the C.P.I. Whether it is or is not what some detractors want it is the only indicator the nation has at this time. In comparison with the C.P.I. the taxes in Troy have done exceedingly well, for example, if 1979 taxes had advanced with the C.P.I., taxes would have been \$34.21 per thousand instead of \$30.50 or \$3.91 versus 0.20. The C.P.I. can only be compared with what is actually paid in taxes.

## REPORT OF TROY WATER WORKS

The first project in 1980 was the cleaning of the reservoir, complete draining and surface flushing; this work was done by the Troy Fire Co.

Second phase includes, with help from the CETA Crew, cutting of all brush in the reservoir surroundings.

A new check valve was installed between the pump house and the Chlorine plant - when the pump runs and power shuts off, we will not lose water from the reservoir.

Last large project also with help from the CETA Crew, street boxes were located and mapped around town. About 85 percent were found; this project will continue come spring.

Rental Service will increase in price in the coming year.

If the Sewer System is approved and accepted, both Water Dept. and Sewer Dept. will be controlled by one board.

#### FIRE DEPARTMENT REPORT

---

Once again wood stoves have played a large part in the property losses in your town. Citizens who are using wood to heat their home must check their equipment to make sure it is safe.

Your support of Fire Department fund raisers has been greatly appreciated. It is helping to complete the paneling and insulation of the meeting room and refurnishing of some of the older fire apparatus.

At first look you may not see any difference in the tanker, besides the red color it has been painted, but with the help of the town road agent and his crew, the tank body was placed on a much more dependable chassis. Members of the department wired in the lights and radio.

Several members of the department attended training at the Spring and Fall Meadowood Fire School. Two members of the department have completed a course held at Keene State and now are certified Fire Fighter I having met the requirements of the New Hampshire Fire Service Training. We are in hope more members will complete this Training.

## REPORT OF FOREST FIRE WARDEN AND STATE FOREST FIRE SERVICE

Forest Fire Prevention: Your Business, Our Business, Good Business. Forest fire prevention slogans have been seen in association with Smokey Bear since the late nineteen forties when a national effort to check the spread of forest fires was implemented.

New Hampshire residents recognized that forest fire prevention and suppression was the responsibility of every citizen, a half century before this national campaign, when our legislature established our first forest fire laws in 1903. Since that date, the State has appointed a town/city forest fire warden who is responsible for forest fire law enforcement in his municipality.

All fires kindled out of doors when there is no snow on the ground must be approved in writing by the forest fire warden before being kindled. All forest fires must be suppressed by the warden and his deputies as soon as they are reported. The cost of fire suppression is shared jointly by the town/city and the State of New Hampshire, as are forest fire prevention and forest fire training costs.

This state and local municipality cooperative forest fire program has given New Hampshire one of the best forest fire records in the United States.

TROY POLICE DEPARTMENT

We are now entering the second year of the 1980's, and our police department consists one one full-time officer, the Chief of Police, and six part-time officers. Four of these part-time officers are now successfully attending classes, as mandated by law, through New Hampshire Standards and Training. In July of 1982, only those officers who have successfully completed these courses will be eligible for part-time employment as police officers anywhere in the State of New Hampshire.

I would like to thank all who have assisted and supported the police department this past year, and our special thanks to the officers and personnel of the Troy Police Department.

The police department recommends that each home-owner place the number of his or her house or apartment building where it is clearly visible. We are asking this as every police officer or other safety service personnel (fire and rescue) certainly cannot be expected to know everyone in the town. This action can expedite assistance to you, the resident, in emergency situations.

ANIMAL CONTROL OFFICER'S REPORT  
1980 Activity

---

Phone Calls	1,068	Restraining Orders	220
Radio Calls	267	Abate a Nuisance	14
Cases Closed	519	Court Convictions	6
Total Cases Unsolved	40	Humane Society	17
		Timber Trails	69

As indicated by the above statistics, the major problem areas are as follows:

1. Failure to restrain
2. No identification on dogs
3. Failure of owners to claim dogs picked up by the Animal Control Officer
4. Failure to obtain licenses

As a result of numbers 2 and 3 above, a new procedure was established in early 1980 to set aside a 450 square foot area at Timber Trails as a holding area. Strays that are picked up are transported to Timber Trails in Troy, and held there until claimed by the owner. If unclaimed after holding for a minimum of seven days, dogs are either placed in new homes or taken to the Humane Society. This procedure, by not transporting each stray to the Humane Society, results in a savings in time, travel, and the expense of \$3.00 each day a dog is kept at the Humane Society. It should be noted that of the 69 dogs taken to Timber Trails, only 17 were, after the 7 day holding period, taken to the Humane Society.

The Selectmen and Animal Control Officer request that the owners and keepers of animals in the Town of Troy abide by the laws that have been established, and respect the rights of all residents.

\* Remember:

State Law provides that the owners or keepers of animals are liable for expenses incurred by the Animal Control Officer with respect to unrestrained animals.

Respectfully submitted,

Pierre C. LaGrenade  
Chief of Police

Det/Cpl Elmer E. Gladding  
Animal Control Officer

PUBLIC WELFARE DEPARTMENT

Welfare assistance during the year of 1980 has been held to a minimum without in any way jeopardizing the health and welfare of qualified recipients of which the Town of Troy has legal liability.

With the cooperation of the Cheshire County Commissioners and the Town of Troy Highway Department, work has been and will continue to be offered to able bodied persons to earn the amount of the assistance rendered.

If a person is capable of working and refuses to do so, assistance by the Town of Troy will not be provided.

1980 EXPENDITURES

Payment to the State of New Hampshire for the town's share of aid to permanently and totally disabled, old age assistance, nursing and medical care, and foster homes amounted to \$2,239.90.

Payment to Cheshire County Commissioners for food, rent, medication, and rehabilitation amounted to \$1,541.60.

Payment to the City of Manchester for food and rent for a recipient whose settlement is from the Town of Troy amounted to \$240.00

Direct payments to qualified applicants for food vouchers, utilities, foster home care, septic and water system repair, heating repair, rent, and administrative amounts to \$2,276.85.

Total Appropriation for 1980	\$13,500.00
Total Expenditures for 1980	\$ 6,298.35

## REPORT OF SOUTHWEST REGION PLANNING COMMISSION

---

A real sense of accomplishment!

This is and has been the key phrase regarding the work effort of the Southwest Region Planning Commission in 1980. A number of programs were undertaken in region economic development, land uses, public transportation, energy uses inventory, historic surveys, housing assistance plan -- a basic document in support of applications for many federal funding programs, and establishment of a circuit rider program to help town selectmen and other officials.

In a continuing program of technical assistance, the Commission assisted in the completion of 7 community comprehensive plans (and there are 19 in various stages of completion), and subdivision regulations and zoning ordinances. Region Planning Commission staff are considered staff of the member communities and answer numerous questions regarding planning legislation, review of difficult subdivision proposals, and assistance in completing funding applications and other research matters.

The Commission's staff also responds to numerous public and private inquiries concerning region economics and demographics.

In 1980, there were 31 member towns, a good indication that in southwest New Hampshire regional planning has come a long way since its start with 10 member communities by their votes at March, 1971, town meetings.

A major accomplishment for Troy in 1980 was the completion of the town's comprehensive plan. Additional technical assistance has also been provided by the commission.

The Commission's executive committee currently includes Frank Dierauf, Jr. of Greenfield, chairman; William Robertson of Nelson, vice chairman; John von Adler of Sharon, secretary; Timothy N. Robertson of Keene, treasurer; and two members-at-large, Peter Poanessa of Swanzey and Mary Jane Grasty of New Ipswich.

The eight-member professional staff is headed by Executive Director Catherine M. Larson. They work from offices at 28 Mechanic Street in Keene, telephone 1-603-357-0557.

## NEW HAMPSHIRE MUNICIPAL ASSOCIATION

---

The New Hampshire Municipal Association has existed since 1957. It is a non-partisan, non-profit organization whose 223 member cities and towns share a common interest in better local government.

NHMA provides a wide variety of services to its member communities. Among the services provided are: legal services, technical assistance, group insurance programs, personnel services and representation of municipal interests before federal, state, and administrative bodies.

The ultimate goal of these services is to help elected and appointed officials provide more efficient and effective government at the local level. In its representation of municipal interests before the state legislature, one of the primary goals of the Association is preventing excessive property tax burdens being placed on local governments.

NHMA also conducts many workshops and seminars dealing with local needs and problems. These include programs on such topics as municipal liability, welfare administration, assessing, land use and planning law, budgeting and labor relations. The biggest and most important learning opportunity offered by NHMA is its annual meeting. Held every fall, this meeting provides local officials with valuable program sessions designed to give local officials ideas and information they can put to use in their communities for the people they serve.

Further information about NHMA can be obtained from the Board of Selectmen or by contacting NHMA offices at 193 No. Main St., Concord, NH 03301.

## TROY PLANNING BOARD

---

The Troy Planning Board meets regularly on the first and third Tuesday of each month at 7:30 p.m. in the Troy Town Hall. Residents and taxpayers of the town are always welcome.

The Master Plan has been completed and is available through the selectmen.

During the year five subdivisions were approved by the Planning Board.

Chet Priest  
Chairman

## BOARD OF ADJUSTMENT

---

The Board of Adjustment was created to hear petition for variances and special exceptions to the zoning ordinance of the Town of Troy and to issue permits to operate mobile home parks.

The Board holds regular business meetings on the second Tuesday of January, April, July and October at 7:30 p.m. in the Town Hall.

Hearings of petitions for variances and special exceptions are held upon request.

Forms to request a special exception are available from the Town Clerk of Troy.

All meetings and hearings are open to the public and everyone is urged to attend.

James F. Sears  
Chairman

TROY VISITING NURSE ASSOCIATION  
1920-1980

---

Our purpose is to make available skilled nursing service and one other therapeutic service to rehabilitate the sick and disabled in the home. Service is given regardless to race, creed, color or the ability to pay. We promote individual, family, and community health and assist with the prevention of disease by teaching the principles of health, hygiene and sanitation.

The Board of Directors have discussed the possibility of hiring a Home Health Aide to allow for more appropriate utilization of the Nurse-Administrator, but no decision was made. We also discussed a merger with Fitzwilliam but no action was taken.

A new sliding scale for payment was established for patients who do not have a health insurance or other means of payment. Our home visits are \$14.00 per visit and an office visit is \$4.00. These rates will increase after the cost analysis is done.

To keep up with the fast changes in the medical profession, our Nurse Administrator and alternate nurse attended meetings, seminars, and workshops. They also held Immunization clinics, Blood Pressure Screening clinic in Fitzwilliam, and W.I.C. (Women, Infants, and Children) clinic. We voted to participate in the Child Health Conferences which were coordinated by the Keene V.N.A. and including the Home Health Agencies of Cheshire County. Once again the nurse attended and assisted with the conferences. The dental clinic each spring is sponsored by the Agency with fewer children participating than in the past.

The Cheshire County Home Health Assessment and Planning Study Committee held a Public Forum in June and the Board and officers attended. The president of the agency attended the monthly meetings. This committee is now the Community Health Task Force and the purpose is to formulate a plan to merge the Home Health Agencies of Cheshire County.

Katherine Chase and Ina Clark were made Honorary Members for many years of dedication to the VNA.

Nursing service totaled 27 patients and 385 visits in Fitzwilliam and 52 patients and 576 visits in Troy.

The officers are: President, Dorothy E. Graham; Vice-President, Lynn Eaton; Secretary, Lori Hale; and Treasurer, Ralph L. Eaton. The Board of Directors are Kathy Marrotte, Jean Whitcomb, Joyce Berry, Sue Kimball, and Diane Lepisto.

#### TROY SENIOR CITIZENS

---

Our third year started with the weather being against us, but we didn't let that dampen our spirits. We had well-attended monthly meetings and the October banquet was a success.

We took two trips and we remembered our elderly shut-ins with May Baskets and Thanksgiving fruit baskets. We had a bazaar in June, a craft table at the Arts Festival and a sale in October which were all successful.

I wish to thank the officers that served with me, Alice Morrison, Vice President; Beatrice Merrifield, Secretary; Wilho Matson, Treasurer; Yvonne Matson, Publicity and all those that served on the other committees and anyone else that helped in any way.

The 1981 officers are Ruth Rantilla, President; Edmund Lagrenade, Vice President; Wilho Matson, Treasurer; Beatrice Merrifield, Secretary; Yvonne Matson, Publicity.

Thanking you all again,

Respectfully

Minnie Mattson,  
President

## TROY WAR MEMORIAL

---

Again this year we had a most successful program. Many children from the town were involved in the swimming program which offered lessons for beginners through life saving.

Other programs which were offered included softball, tennis basketball, street hockey and ping pong. Field trips are always an integral part of our program and this year there were trips to Mt. Monadnock and Camp Takodah.

As you know, we enlisted the services of the Cheshire County Y.M.C.A. to assist us in expanding our summer program and also with our plans to begin an indoor winter program. This project was most successful and we hope to make it better in 1981.

The new ball field has been completed and we expect it will be in full use this spring.

We thank our director, J. C. Russell and Assistants for a fine summer program and also a special thank you to Jim MacPherson and the Highway Dept. for their help with the ball field and Sand Dam.

Fred Singleton, Chairman  
Troy War Memorial  
Committee

To our friends of TEASI -

Once again it is time to give you a report on your ambulance and to extend our thanks for your support and trust. Like everything else this past year, our cost for maintenance, education and supplies has skyrocketed. The liquid-gold (gas) has reached the point of being one of our main costs in running the ambulance and we have had some repair costs this year. It is also necessary to keep up with modern equipment, and therefore, we have purchased supplies that will enable us to serve you better. We still must keep in mind though it is not an immediate necessity, we will need a new ambulance in the future, and with careful planning and your continued support, we will be able to purchase one as painlessly as possible when the time comes. Your 24-hour volunteer crew has also maintained their education and their tireless effort to serve you thru the past year. As we near the beginning of our sixth year of service for you, we have passed the 1000 mark in our emergency runs and transfers. These calls have all been made on a no-charge basis to you as we promised you back in 1975, and with your continued support we will be able to keep fulfilling that promise.

As President of TEASI, I would like to extend special thanks to the members of TEASI who continually give their time and effort to our service, for the lives they have saved and for the paid and anxiety they relieve, to Rescue 10 in Fitzwilliam for their aid to us, and many thanks to the men at Mutual Aid.

I also would like to stress the importance of your helping us to reach you in an emergency, by telling Mutual Aid, your name, address and any other information that will help us to reach you in minutes. Leaving an outside light on, or an open door, or someone outside to guide us in would be very beneficial to us. Do remember - that we are only a phone call away - just dial 352-1100 and let us help you to turn you emergency into a non-emergency.

Ray Woods  
President - TEASI

MINUTES OF TOWN MEETING - MARCH 11, 1980

The Polls were opened at 10:00 AM on March 11, 1980 at the Town Hall by Dolores Vose, Moderator. The polls remained open until 7:00 PM. It was moved to adjourn to March 12, 1980 at 7:30 PM to the Troy School Auditorium to take up the Warrant.
