REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

Once again, our cooperative town and state forest fire prevention and control program leads the nation in least acres burned per forest fire. Less than one-half acre per fire statewide average.

At the town level, your Forest Fire Warden is responsible for the prevention and control of all grass and woods fires when the ground is not snow covered.

Forest fire prevention is achieved at the town level by issuing a written permit for every fire that is to be kindled on the ground out of doors when the ground is not covered with snow. Each person wishing to have an outside fire must obtain this written permit from the town Fire Warden before kindling the fire. Any person that does not obtain a fire permit, when one is required, is violating our forest fire permit law and is subject to a court appearance and could be fined up to \$1,000 and receive a jail sentence of up to one year.

No fire permit will be issued between 9:00 a.m. and 5:00 p.m. unless it is raining. The reason for this is twofold: the fire danger increases steadily between 9:00 a.m. and 2:00 p.m., then subsides to a safe level between 2:00 p.m. and 5:00 p.m. This happens because the sun dries out the fine fuels that are easily ignited and dries the air which permits rapid fire spread. Also during this part of the day fire fighters are not readily available in most communities so an escaped fire could burn longer and cause greater damage before being suppressed.

Your cooperation in burning only when conditions are safe is greatly appreciated.

As Smokey says, "Remember, Only You Can Prevent Forest Fires!"

SOUTH HAMPTON TOWN REPORT

POLICE DEPARTMENT REPORT

1983 was a changing year for the South Hampton Police Department. We started the year off with 3 officers in January, grew to 7 in May, eight in October and ended the year with 5 in December. Officers attended the N.H. Police Standards & Training part-time officers school in May required by the law. Beyond that they have received on-the-job training. We also started our own department training classes to teach the practical real-life side of police work to go along with the state training which is only classroom text and law. This is the first time this department has done anything like this and it was a big help for everyone who attended. It is a lot easier to be shown how to actually do something than to read about it in a book.

We purchased a 1979 Buick police cruiser this summer from Newton to replace the 1972 Chevy after it literally disintegrated from rust. The Buick is a good car but it shouldn't be counted on to last very long with over 160,000 miles on it. It will probably cost a lot in repairs until it is replaced. We should have bought a new cruiser this year because the state bid price was the lowest it will ever be because of a surplus of cruisers made. We were able to buy equipment this year that we've needed for a long time. Some of the equipment we bought was as follows: A new siren, a cruiser writing desk and modular control switch panel, (The light bar was resurrected with some new plastic lens cleaner and many hours of polishing) High intensity quartz-halogen lights were added to the bar to light up accident scenes, the interior of a car stopped at night for a traffic stop, side lights for checking buildings and woods roads, basic rescue gear including a fire extinguisher, first aid kit, ambu bag, a crash pry bar, flares, safety vests, life preserver and rope, an equipment box for the trunk, rechargeable hand-held spot lights for the officers in the cruiser to use and lots of other things to help us do our job better, easier and safer.

A new system of printed forms was started to improve record-keeping. We also started a new card system in December for notifying residents who are away that we have checked their homes (businesses) either as a routine check, result of a call by neighbor, or as the result of an alarm call for burglary.

SOUTH HAMPTON TOWN REPORT

Response times on calls seem to be much faster this year. I think this is because we have more officers and also because townspeople are using the Sheriff's Dispatch telephone when they need us instead of calling officer's homes. This really helps.

This department has made a lot of progress in a year. We have gotten excellent cooperation from other in-town departments, School, Highway, Fire Dept., and Selectmen. Other out-of-town departments Sheriff's Dept., State Police, County Attorney, District Court have been very helpful and don't look down on us as in years past. This can only come through a lot of work on the part of the department to be professional and well-trained.

Officers donated much of their own time this year for town functions, training, extra patrols, not to mention the many hours of paperwork that has to be done that is unpaid. One arrest can mean days of paperwork for court, arrest reports etc. Officers on-call also donated a lot of time, staying at home on weekends and holidays etc. There will be some money turned back this year from the regular budget because we saved it and donated time so we wouldn't run out of funds to buy the equipment we needed. We still have a long way to go but we're getting there and as we get the equipment we need we will eventually be able to put out more patrols in the next few years.

Most crime statistics figures in town have either held or been lowered. DWI arrests were up because of increased enforcement to get drunks off the road, Vandalism was up, Burglaries were down, no drug cases were reported this year. We broke a juvenile burglary ring in Nashua as the result of checking a suspicious car in which stolen property was recovered on Route 150.

It's a slow fight and it takes a lot of time and money and hard work but we can see that it can be possible to have a working police department in South Hampton. I would like to thank all the residents and non residents who have helped us. We can't do it alone and we need your help. I've been happy to serve as your police chief.

Respectfully submitted,

WILLIAM J. BATTLES

The State bookmobile office was perrenantly closed this year and the books were disbursed to member libraries. We recieved 179 books. Unfortunately many of these are duplicates of ones we have. The Seacoast Coop of which we are a charter member, has issued our own Seacoast card. These enable a patron in good understanding to use the libraries of 12 towns without paying a fee. We have also established an old fiction depository, in the old Portsmouth District Court House. This will enable us to obtain old favorites readily, as we can no longer get books from the state. In addition our coop has joined with a larger one, MUM, to obtain a 42.1% discount on the purchase of books and supplies. We feel we are doing our best to be efficient with the tax dollar.

SOUTH HAMPTON LIBRARY TRUSTEES REPORT

For Year Ending 1983

Although this has been another year of budget cuts, though voluntary, and the end of State programs such as the Bookmobile and branch libraries, we have tried to maintain the same high standard, as always. With the help of our supporters and Friends, we hope that we have succeeded.

The library now has a copy machine which is available to the public, and is already being well-used. It is the generous gift of James W. McCarthy whose mother is our librarian. The Friends of the Library have advanced funds for supplies and repairs. We continue to receive gifts of books and magazines, including "History of the Kimball Family," by Leonard Morrison and Stephen P. Sharples, from Mr. & Mrs. William McCarthy; "Haverhill Vital Records," 2 vols II and V (to 1850) "New England Doorways," and "History of Newfields," donated by Mr. and Mrs. Littlefield.

The summer reading program was "Treasure Chest" and was successfully concluded with a party for all the children who were enrolled, sponsored by the Friends.

The Friends of the Library purchased a new slide projector for the Library, and rented a safety deposit box for the safe-keeping of duplicate slides of interest to the Town and its residents. The originals are in the Library.

Many thanks to our Monday night volunteers, and a welcome to our new Trustee, Treasurer Martha Anderson, who replaces our good and faithful neighbor, Walter Ross, after twenty years of service. Happy Retirement, Walter.

The trustees also thank librarian Mrs. Carole McCarthy for her efforts this past year. Her guidance and foresight have been responsible for this year's accomplishments.

CONSERVATION COMMISSION REPORT**

The Conservation Commission was established by a vote of the citizens to help protect South Hamptons Natural Resources as authorized by local and State law. Duties include safeguarding the ground water supply. The Wetlands outlined by the official Wetland overlay map, and the Powwow River.

Commission members attended the New Hampshire association of Conservation Commissions 13th Annual Meeting at New Hampshire College Nov. 5th. Intertown cooperation was described as an approach in planning natural resource protection. Open Space, Waste disposal, and support for necessary legislation are major concerns of the Commissions.

Plans are underway for a Barnard School Eighth Grade contest on the environment. Two students will be sponsored to youth conservation camp scholarships as was done in previous years.

The participation of all residents is needed and welcomed as we shall all benefit by protecting the Health and quality of life in our community.

SOUTH HAMPTON TOWN REPORT

LETTER TO THE TOWNSPEOPLE OF SO. HAMPTON:

BUDGET CUTS:

This year, as in the past, the school board has cut approximately \$7,000 from the principal's proposed budget for 1984-85. Each line item is scrutinized by the board and then cuts are made where we feel it is appropriate. Arbitrary budget cuts, such as those recommended by the Budget Committee, seriously affect the quality of education that your children receive. This year the Budget Committee chose to not recommend \$15,000 in the Instructional Account with no justifiable reason as to why they came to this decision. The Budget Committee also chose to not recommend monies for high school transportation and cut the school supply account. Needless to say, the school board, is adamantly opposed to these recommendations as they will seriously affect the educational value we have in this community.

CURRICULUM:

During this past year, Union 21, has added a new Assistant Superintendent, Sue Bunting, who is responsible for coordinating curriculum. Mrs. Bunting has been working with the Barnard staff to develop curriculum standards and programs. At the February school board meeting Mrs. Bunting presented the board with detailed information on testing that has been going on at the school this winter and the results indicate that our students are doing excellent on the national and local level. Mrs. Bunting has also been meeting with guidance staff at the Amesbury schools in an effort to coordinate curriculum for our students entering Amesbury High School.

UNION 21 - JOINT BOARDS :

As most of you know, Dr. Hamilton is no longer the Superintendent of Schools for Union 21. In his absence and until another superintendent is hired, Mr. Sherman Wheeler is Acting Superintendent. The Joint Board has developed a Search Committee, made up of community people and one board member from each town, to hire a new superintendent within the coming months.

COMPUTERS:

The introduction of computers at the Barnard School this past year has been a great success. Students are using programs in their classes on a limited basis with more emphasis being put towards hands on training at this time. Sign up time for computer use by the students is at a premium as it has become a popular educational tool for students and staff alike. The school board is committed to further computer programs and equipment in next years budget as we feel it is an asset to the students curriculum to have training before they go into high school. Computers are the future for these students, as they mature - their everyday lives will be directly affected by computers.

SOUTH HAMPTON TOWN REPORT

page 2 - School Board Letter

HIGH SCHOOL EDUCATION:

Over the past several years, the So. Hampton School Board has been searching for alternative education for our high school students, namely; a high school with quality educational standards in New Hampshire. As a board we have always felt that Exeter High School offers the best education in their curriculum, special education programs, vocational training, scholarship advice and aid, guidance staff, athletics and location for our students. The So. Hampton Board will be meeting with the Exeter School Board in April to consider our request to have So. Hampton students go to Exeter High School. In the past few months the Exeter School Board has been looking over our proposal and at this time seems to be favorable towards it. Once we, as a board, have an answer one way or the other we will be informing the public.

ENROLLMENT:

A lot has been said recently regarding an anticipated decrease in enrollment at the Barnard School for the coming year. Contrary to popular belief, going from ninety one students to approximately eighty students does not automatically mean you can cut staff, programs and supplies randomly. When the school board made their budget cuts, it was based on enrollment and the educational needs of all students.

In closing, the board would like to extend our thanks and appreciation to the staff and administration of Barnard School for their dedication and hard work in assuring our students of a quality education.

RESPECTFULLY SUBMITTED,

Walter Hill, Chairperson

SOUTH HAMPTON TOWN REPORT

March 1, 1983
South Hampton, N.H.

The Annual South Hampton, N.H. School District Meeting was called to order at 8:00 p.m. by Moderator Horace Cressy with 74 townspeople and 6 staff members in attendance. The warrant now attached to page 240 was read.

The moderator was asked to explain the job of the budget committee. The moderator then asked for a motion to let the staff from SAU #21 speak if called upon. Mr. Vincent Early made the motion "for the Barnard and Union Office Staff withdraw from the meeting to the school and await a call should they be needed." Seconded by Paul Morris. Mrs. Margaret Kiely and many others voiced disapproval at this motion and asked for a reason. Mr. Early stated people might feel inhibited by their presence. The school board stated they were welcome and several townspeople felt they should be here. Mrs. Delores Morse moved to have a secret ballot vote, Lee Knapp seconded. Motion lost to hold a secret ballot. By a show of hands, it was voted for the staff to stay. Audrey Miller then made the motion "that the representatives from SAU #21 and Mr. Marinos be allowed to speak on matters of fact if called upon", seconded by Mrs. Ruth Perkins. Voted in the affirmative.

ARTICLE I - Mr. Walter Hill moved that this article be accepted as read, seconded by Mr. Lawrence Baker. Mrs. Patricia Nelson then made an amendment to this article "to raise and appropriate the sum of \$326,343 for the support of the schools, for salaries of school officials and agents, and for the statutory obligations of the School District" Seconded by Mr. Baker. Mr. Donald Hellen asked why the difference in the budget money. Mrs. Nelson explained negotiations of salaries and items that had to be added. After lengthy discussion on the legality of adding such an amendment, Mr. Peter Bryant moved to recess the meeting until the RS laws could be looked up, seconded by Mr. Wallem.

The recessed meeting resumed at 8:45 p.m. Mrs. Nelson withdrew her amendment to article one and Mr. Baker withdrew his second. Mr. Hill then withdrew his motion to article one and Mr. Baker withdrew his second. Mr. Bryant moved to see what sum of money the district will vote to raise and appropriate for the support of schools, for the salaries of school district officials, agents and for the payment of statutory obligations of the district, the sum being \$326,343, seconded by Mr. Early. Mr. Baker explained how negotiations were going and the budgeted salary figure was at a 5% increase, however, the negotiations figure was 7.2% at last offer, but the teachers want 9.6%. Mr. Baker distributed the fact finders report. Mr. Early explained the budget committees position and Mrs. Verge, selectwoman, explained why taxes are what they are. Mr. Bryant also spoke on taxes. Mrs. Nelson then gave a line by line explanation of the budget, and stated the musical instrument will continue if parents pay for it at \$7.00 per month per child taking lessons. A secret ballot was then taken; 39 Yes and 30 No. Motion carried to accept the budget figure of \$326,343.00.

ARTICLE I - Mr. Hill moved to accept this article as written, seconded by Judith Quinn. Mr. Baker explained this article and distributed a copy of the proposed contract with Amesbury for the people to view. This being a one year contract. Questions were raised on the transportation of said high school students. Mr. Baker stated the cost in busing would be small as the same bus is used to transport the Barnard School pupils.

SOUTH HAMPTON TOWN REPORT

Mrs. McCarthy stated that the contract with Sanborn is the same wording, but it was pointed out that the words "certain pupils" was used on Sanborn's contract and Amesbury's says "its pupils". This article was then voted in the affirmative. Motion carried.

ARTICLE II - Mr. Baker moved that this article be accepted as read seconded by Carole McCarthy. Mr. Baker explained that this article was by petition and not recommended by the budget committee. The cost would be \$7,200 yearly for six students or \$40 per day. Mrs. McCarthy spoke on behalf of Sanborn and their acceptance of South Hampton students for many years. She also stated Sanborn has the same rating as Exeter High. Florence Goldthwaite stated the school board has checked with New Hampshire High schools in the past and they would not take our 40 students as a whole. Mrs. Ellen Cressy suggested that the board check into Sanborn to see if they would take us and bring back their findings. This article was opposed, motion not carried.

ARTICLE III - Mr. Baker moved that this article be accepted as read. Vincent Early seconded. This article voted in the affirmative.

ARTICLE IV - Mrs. Cressy mentioned the article that was in the South-amptonite for people to meet their representatives in Kensington.

Peter Bryant made the motion, "to ask the House and Senate to legalize this meeting", Walter Hill seconded - Voted in the affirmative.

Lutz Wallem wanted to thank the school board for keeping the budget down on the per pupil cost.

Meeting adjourned at 10:20 p.m.

Respectfully submitted,

Audrey G. Brunet

SOUTH HAMPTON TOWN REPORT

I hereby submit my annual report for 1984.

The staff of Barnard School continues to present excellent curricular experiences in keeping with the strong tradition as evidenced by pupil performance at all levels. It is refreshing to observe the enthusiasm for education among students and faculty at the School.

In the past year, new materials have been brought to bear at all grade levels as we continue our attempts to make the latest instructional materials and the most contemporary educational practices available to our students.

Modern technology as represented by the presence of computers and computer software available to students is being carefully and intelligently woven into the instructional program at the Barnard School. We must continue to support the expansion of the introduction of the latest in technological materials available to our students in order to ensure that they have the finest preparation available for secondary school and life.

We continue to present a reasonable and functional program of studies for all special education students for whom we are responsible.

In the past years many lengthy and sincere remarks have been made concerning the possible upgrading of the school facility. It is important that the citizens of South Hampton consider the possibility of adding space to the main structure of the building in order to promote more efficient delivery of services to our students. Most notable among our needs are convenient and suitable spaces for special education, computer utilization and health services. The Barnard School is staffed by dedicated and competent personnel who give a great deal to each child who passes through the School. Your continued support will be muchly appreciated by them.

Respectfully submitted,

**Sherman V. Wheeler
Acting Superintendent of Schools**
