

The background image is a serene landscape. It features a calm body of water, likely a lake or a wide river, with a thick layer of mist or fog rising from its surface. In the middle ground, several tall, dark evergreen trees stand prominently against the hazy sky. The foreground is filled with dark, silhouetted vegetation, including what appears to be reeds or tall grasses. A single bird, possibly a heron or egret, is visible standing in the water near the foreground vegetation on the right side. The sky at the top of the image shows a soft, warm glow, suggesting a sunrise or sunset, with some light clouds catching the low light.

TOWN WARRANT – 2016
TOWN OF SPRINGFIELD, NEW HAMPSHIRE

TOWN MEETING
TUESDAY, MARCH 8, 2016 11:00 A.M. TO 7:00 P.M.
SATURDAY, MARCH 12, 2016, 9:30 A.M.

Article 01: Election of Town Officials

To choose all necessary Town Officials for the year ensuing.

NOTE: By law, the meeting must open before voting starts. Therefore, the meeting and polls will open at 11:00 a.m. on Tuesday, March 8, 2016 for the consideration of Articles 1 and 2. At 12 noon, the meeting will recess, but the polls will remain open until 7:00 p.m. The meeting will reconvene at the Town Hall on Saturday, March 12, 2016 at 9:30 a.m. to act on Articles 3 through 7.

Article 02: Zoning Amendment

Zoning Amendment 1: To see if the Town will vote to adopt Amendment # 1 to the Springfield Zoning Ordinance as proposed by the Springfield Planning Board, to amend the Springfield Wetlands Map (dated March 2014); Article IV Conservation Overlay District; Article VIII Nonconforming Structures and Uses; and Article IX Nonconforming Lots. This amendment will update the wetlands map, clarify uses that are allowed, allowed by permit, and prohibited in the Conservation Overlay Districts, and update the permitting process. The Planning Board recommends this amendment to the Zoning Ordinance.

Yes or No – Paper Ballot - Majority Vote.

Article 03: Paving

To see if the Town will vote to raise and appropriate the sum of \$95,000 for the purpose of paving. This amount to come from the Unreserved Fund Balance with no amount to be raised through taxation. The Selectmen and Budget Committee recommend this appropriation.

Yes or No - Majority Vote

Article 04: Replace Highway Truck

To see if the Town will vote to raise and appropriate the sum of \$75,000 to purchase and equip a truck for the Highway Department. This amount to come from the Unreserved Fund Balance, with no amount to be raised through taxation. This special warrant article will be a non-lapsing appropriation per RSA 32:7, VI and will not lapse until the purchase is complete or by December 31, 2019, whichever is sooner. The Selectmen and the Budget Committee recommend this appropriation.

Yes or No - Majority Vote

Article 05: Cruiser

To see if the Town will vote to raise and appropriate the sum of \$33,548 to purchase and equip a cruiser for the Police Department. This amount to come from the Unreserved Fund Balance with no amount to be raised through taxation. The Selectmen and Budget Committee recommend this appropriation.

Yes or No - Majority Vote

Article 06: Old Home Day Expendable Trust

To see if the Town will vote to raise and appropriate the sum of \$3,911 to be added to the Old Home Day Expendable Trust Fund previously established. This amount to come from the Unreserved Fund Balance and represents proceeds and donations raised in 2015; no amount to be raised from taxation. The Selectmen and Budget Committee recommend this appropriation.

Yes or No - Majority Vote

Article 07: Municipal Operating Budget

To see if the town will vote to raise and appropriate the sum of \$1,296,600 for general municipal operations. This article does not include appropriations contained in special or individual articles addressed separately.

Board of Selectmen 2015 Annual Report

It has felt like the Town was on fairly solid footing this year. The new granite steps at the Town Offices certainly helped. Folks are still commenting on them when they stop by for car registrations and other town business.

Probably the biggest change this year was the conversion from oil heat to propane heat at the Town Offices. The new propane boilers are wall mounted and vent through the wall. The large oil furnaces and oil tanks were removed freeing up quite a bit of space on the lower level. The conversion meant the removal of the old brick chimney and patching the roof which has dramatically lowered the heat loss through the ceiling and roof. The new propane contract has given us fuel at a favorable price and all signs point to a tremendous boost in efficiency of the new system. The hot water needs are now being met with a small electric water heater.

Wiring at the highway garage and fire station had been evaluated. Small changes were made this year with the distribution of circuits to lessen the tripping of breakers during larger public events like pancake breakfasts. A circuit was added at the highway garage to improve safety when operating the chop saw.

A Building Committee was formed to review current and future town needs for space, storage and maximizing resources already in place. Jeff Milne agreed to head up the committee which has continued to meet throughout the year. They had input from the library, the police department, the office staff and more. They've considered options as simple as adding storage cabinets to larger options involving reworking the entrances to the Town Office and Library. They've even considered additions and new buildings. The town continues to grow. The

brainstorming this committee is doing is invaluable as we are certainly going to be forced to do something at some point to meet the future needs of the town.

The Board of Selectmen continues to marvel at the great team of town employees and volunteers that help Springfield continue to be a truly special place to live.

Respectfully,
Donald Hill, Chairman
Leigh Callaway
George McCusker

INDEPENDENT AUDITOR'S REPORT

To the Members of the Board of Selectmen
Town of Springfield
Springfield, New Hampshire

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, major fund, and aggregate remaining fund information of the Town of Springfield as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse and unmodified audit opinions.

Basis for Adverse Opinion on Governmental Activities

As discussed in Note 1-B to the financial statements, management has not recorded the capital assets and related accumulated depreciation in the governmental activities, and accordingly, has not recorded depreciation expense on those assets. Accounting principles generally accepted in the United States of America require that capital assets, including infrastructure, be capitalized and depreciated, which would increase the assets, net position, and expenses of the governmental activities. The amount by which this departure would affect the assets, net position, and expenses of the governmental activities is not reasonably determinable.

Adverse Opinion

In our opinion, because of the significance of the matter described in the "Basis for Adverse Opinion on Governmental Activities" paragraph, the financial statements referred to above do not present fairly the financial position of the government-wide financial statements of the Town of Springfield, as of December 31, 2014, or the changes in financial position thereof for the year then ended.

***Town of Springfield
Independent Auditor's Report***

Unmodified Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the major fund and aggregate remaining fund information of the Town of Springfield as of December 31, 2014, and the respective changes in financial position, and respective budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Management's Discussion and Analysis - Management has omitted a Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by the missing information.

Supplementary Information - Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Springfield's basic financial statements. The combining and individual fund financial schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

TOWN OF SPRINGFIELD, NEW HAMPSHIRE
NOTES TO THE BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2014

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Town of Springfield, New Hampshire (the Town), have been prepared in conformity with accounting principles generally accepted in the United States of America for governmental units as prescribed by the Governmental Accounting Standards Board (GASB) and other authoritative sources.

The more significant of the Town's accounting policies are described below.

1-A Reporting Entity

The Town of Springfield is a municipal corporation governed by an elected 3-member Board of Selectmen. The reporting entity is comprised of the primary government and any other organizations (*component units*) that are included to ensure that the financial statements are not misleading.

Component units are legally separate organizations for which the Town is financially accountable. The Town is financially accountable for an organization if the Town appoints a voting majority of the organization's governing board, and (1) the Town is able to significantly influence the programs or services performed or provided by the organizations; or (2) the Town is legally entitled to or can otherwise access the organization's resources; (3) the Town is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or (4) the Town is obligated for the debt of the organization. Based on the foregoing criteria, no other organizations are included in the Town's financial reporting entity.

1-B Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements.

The Statement of Net Position presents the financial position of the governmental activities of the Town at year-end. This statement includes all of the Town's assets, liabilities, and net position, with the exception of the capital assets and related accumulated depreciation, which have been omitted because they have not been inventoried at historical cost.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function. *Program revenues* include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and (2) grants and contributions that are restricted to meeting the operational requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as *general revenues*. As in the Statement of Net Position mentioned above, the Town has not recorded depreciation expense in this statement.

Separate financial statements are provided for governmental funds.

Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

1-C Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources* measurement focus and the *modified accrual basis* of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period, except for State shared revenue, reimbursement-based grants and interest which use one year. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service

TOWN OF SPRINGFIELD, NEW HAMPSHIRE
NOTES TO THE BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2014

expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. Property taxes, licenses and permits, intergovernmental revenue, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available.

Non-exchange transactions, in which the Town receives value without directly giving equal value in return, include property taxes, grants, entitlement, and donations. On an accrual basis, revenue from property taxes is recognized in the year for which the tax is levied. Revenue from grants, entitlements, and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the Town must provide local resources to be used for a specific purpose, and expenditure requirements, in which the resources are provided to the Town on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

The Town reports the following major governmental fund:

General Fund – all general revenues and other receipts that are not allocated by law or contracted agreement to another fund are accounted for in this fund. This fund accounts for general operating expenditures, fixed charges, and the capital improvement costs that are not reported in other funds.

All the governmental funds not meeting the criteria established for major funds are presented in the other governmental column of the fund financial statements.

Additionally, the Town reports the following fund types:

Special Revenue Funds - are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

Permanent Fund - is used to record activity of legal trusts for which the interest on the corpus provides funds for the Town's cemetery operations.

1-D Cash and Cash Equivalents

The Town considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. Deposits with financial institutions consist primarily of demand deposits, certificates of deposits, and savings accounts. A cash pool is maintained that is available for use by all funds. Each fund's portion of this pool is reflected on the combined financial statements under the caption "cash and cash equivalents."

The treasurer is required to deposit such moneys in solvent banks in state or the Public Deposit Investment Pool pursuant to New Hampshire RSA 383:22. Funds may be deposited in banks outside of the state if such banks pledge and deliver to a third party custodial bank or the Federal Reserve Bank, collateral security for such deposits, United States government or government agency obligations or obligations to the State of New Hampshire in value at least equal to the amount of the deposit in each case.

1-E Restricted Assets

Cash and investment balances are classified as restricted assets on the balance sheet because their use is designated for a specific purpose and therefore not available for immediate and general use by the Town.

1-F Investments

State statutes place certain limitations on the nature of deposits and investments available as follows:

- New Hampshire law authorizes the Town to invest in the following type of obligations:
- Obligations of the United States government,

TOWN OF SPRINGFIELD, NEW HAMPSHIRE
NOTES TO THE BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2014

- The public deposit investment pool established pursuant to RSA 383:22,
- Savings bank deposits,
- Certificates of deposit and repurchase agreements of banks incorporated under the laws of the State of New Hampshire or in banks recognized by the State treasurer.

Any person who directly or indirectly receives any such funds or moneys for deposit or for investment in securities of any kind shall, prior to acceptance of such funds, make available at the time of such deposit or investment an option to have such funds secured by collateral having a value at least equal to the amount of such funds. Such collateral shall be segregated for the exclusive benefit of the Town. Only securities defined by the bank commissioner as provided by rules adopted pursuant to RSA 386:57 shall be eligible to be pledged as collateral.

Investments for the Town are reported at fair value generally based on quoted market prices.

1-G Receivables

Receivables recorded in the financial statements represent amounts due to the Town at December 31. They are aggregated into a single accounts receivable (net of allowance for uncollectibles) line for certain funds and aggregated columns. They consist primarily of taxes, billing for charges, and other user fees.

1-H Interfund Balances

During the course of operations, numerous transactions occur between individual funds that may result in amounts owed between funds. Short-term Interfund loans are reported as "interfund receivables and payables." Interfund receivables and payables between funds are eliminated in the Statement of Net Position.

1-I Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements, and expenses as the items are used.

1-J Deferred Inflows of Resources

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The government has only one type of item, which arises only under the modified accrual basis of accounting, that qualifies for reporting in this category. Accordingly, this item, unavailable tax revenue, is reported only in the governmental funds balance sheet. The amount is deferred and recognized as an inflow of resources in the period that the amount becomes available.

1-K Property Taxes

Property tax billings occur semi-annually and are based on the assessed inventory values as of April 1 of each year. Billings for the year were on May 27, 2014 and November 25, 2014. Interest accrues at a rate of 12% on bills outstanding after the due date and 18% on tax liens outstanding.

In connection with the setting of the tax rate, Town officials with the approval of the Department of Revenue Administration, establish and raise through taxation an amount for tax abatement and refunds, known as overlay. This amount is reported as a reduction in tax revenue and is adjusted by management for any reserve for uncollectable at year end. The property taxes collected by the Town include taxes levied for the State of New Hampshire, Kearsarge Regional School District, Eastman Village District, New London-Springfield Village District, and Sullivan County, which are remitted to these entities as required by law.

The Town net assessed valuation as of April 1, 2014 utilized in the setting of the tax rate was as follows:

For the New Hampshire education tax	\$ 192,084,575
For all other taxes	\$ 202,800,535

Total		<u>\$ 4,336,910</u>

1-L Long-Term Obligations

In the government-wide financial statements long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities Statement of Net Position.

1-M Claims and Judgments

Claims and judgments are recorded as liabilities if all the conditions of Governmental Accounting Standards Board pronouncements are met. Claims and judgments that would normally be liquidated with expendable available financial resources are recorded during the year as expenditures in the governmental funds. Claims and judgments are recorded in the government-wide financial statements as expense when the related liabilities are incurred. There were no significant claims or judgments at year-end.

1-N Interfund Balances

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds." Interfund receivables and payables between funds are eliminated in the Statement of Net Position.

1-O Net Position/Fund Balance Reporting

Government-wide Statements – Equity is classified as net position and displayed in two components:

- a) *Restricted net position* – Consists of net assets with constraints placed on use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- b) *Unrestricted net position* – All other net position that does not meet the definition of "restricted."

Fund Balance Classifications - The fund balance of governmental funds is reported in five categories based on the nature of any limitations requiring the use of resources for specific programs. The Town itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance). The classifications used in the Town's governmental fund financial statements are as follows:

Nonspendable – This classification includes amounts that cannot be spent because they are either (a) not in spendable form; or (b) are legally or contractually required to be maintained intact.

Restricted – This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

TOWN OF SPRINGFIELD, NEW HAMPSHIRE
NOTES TO THE BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2014

Committed – This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the legislative body (Town Meeting). These amounts cannot be used for any other purpose unless the legislative body removes or changes the specified use by taking the same type of action that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements.

Assigned – This classification includes amounts that are constrained by the Town’s intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the Board of Selectmen through the budgetary process.

Unassigned – This classification includes the residual fund balance for the general fund.

When multiple net position/fund balance classifications are available for use, it is the government’s policy to utilize the most restricted balances first, then the next most restricted balance as needed. When components of unrestricted fund balance are used, committed fund balance is depleted first followed by assigned fund balance. Unassigned fund balance is applied last.

NOTE 2 – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

2-A Budgetary Information

General governmental revenues and expenditures accounted for in budgetary funds are controlled by a formal integrated budgetary accounting system in accordance with various legal requirements which govern the Town’s operations. At its annual meeting, the Town adopts a budget for the current year for the general fund. Except as reconciled below, the budget was adopted on a basis consistent with US generally accepted accounting principles.

Management may transfer appropriations between operating categories as deemed necessary, but expenditures may not legally exceed budgeted appropriations in total. All annual appropriations lapse at year-end unless encumbered.

Encumbrance accounting, under which purchase orders, contracts, and continuing appropriations (certain projects and specific items not fully expended at year-end) are recognized, is employed in the governmental funds. Encumbrances are not the equivalent of expenditures, and are therefore, reported as part of the assigned fund balance at year-end, and are carried forward to supplement appropriations of the subsequent year.

State statutes require balanced budgets, but provide for the use of beginning unassigned fund balance to achieve that end. For the fiscal year 2014, \$155,440 of the beginning general fund unassigned fund balance was applied for this purpose.

2-B Budgetary Reconciliation to GAAP Basis

The Town employs certain accounting principles for budgetary reporting purposes that differ from a GAAP basis. The Statement of Revenues, Expenditures, and Changes in Fund Balance – Budgetary Basis presents the actual results to provide a comparison with the budget. The major difference between the budgetary basis and GAAP basis is as follows:

Encumbrances outstanding at year-end do not represent GAAP expenditures or liabilities, but represent budgetary accounting controls. Governmental fund budgets are maintained on the modified accrual basis of accounting except that budgetary basis expenditures include purchase orders and commitments (encumbrances) for goods or services not received at year-end. Encumbrances are recorded to reserve a portion of fund balance in the governmental fund types for commitments for which no liability exists.

The following reconciles the general fund budgetary basis to the GAAP basis:

Revenues and other financing sources:

DETAILED NOTES ON ALL FUNDS

NOTE 3 – CASH AND CASH EQUIVALENTS

At December 31, 2014, the reported amount of the Town's deposits was \$1,964,485 and the bank balance was \$1,984,046. Of the bank balance \$1,680,934 was covered by federal depository insurance or by collateral held by the Town's agent in the Town's name, and \$303,092 was uninsured and uncollateralized.

NOTE 4 – INVESTMENTS

Note 1-E describes statutory requirements covering the investment of the Town funds. The Town also maintains a portfolio of short-term investments that are reported at fair value, based on quoted market prices. The Town's fiscal agent or custodian provides the fair value of all intermediate maturity investments.

At December 31, 2014, this Town had the following investments and maturities:

	Fair Value	Less Than 1 Year	1-5 Years	Total
Investments type:				
Certificate of deposit	\$ -	\$ 30,063	\$ 32,604	\$ 62,667
New Hampshire Public Deposit Investment Pool	4	-	-	4
Total fair value	<u><u>\$ 4</u></u>	<u><u>\$ 30,063</u></u>	<u><u>\$ 32,604</u></u>	<u><u>\$ 62,671</u></u>

Interest Rate Risk – This is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity of its fair value to changes in market interest rates. The Town does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

NOTE 5 – RESTRICTED ASSETS

The following cash and investments are classified as restricted because of the statutory limitation on their use as they are earmarked for a specific purpose:

Cash and cash equivalents:	
Library	\$ 26,314
Expendable trusts	<u>1,327</u>
Total cash and cash equivalents	<u>27,641</u>
Investments:	
Library	30,063

NOTE 6 – TAXES RECEIVABLE

Taxes receivable represent the amount of current and prior year taxes which have not been collected as of December 31, 2014. Taxes receivable by year are as follows:

Property:	
Levy of 2014	\$ 273,408
Unredeemed (under tax lien):	
Levy of 2013	67,780
Levy of 2012	<u>41,327</u>
Total taxes receivable	<u><u>\$ 382,515</u></u>

NOTE 7 – INTERFUND BALANCES

The composition of interfund balances as of December 31, 2014 is as follows:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General	Nonmajor	<u>\$ 3,027</u>

The outstanding balances among funds result mainly from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

NOTE 8 – INTERGOVERNMENTAL PAYABLES

Amounts due to other governments of \$1,252,864 at June 30, 2014 consist of the following:

Balance due to the Kearsarge Regional School District	\$ 1,252,185
Miscellaneous fees due to the State of New Hampshire	<u>679</u>
Total intergovernmental payables due	<u><u>\$ 1,252,864</u></u>

NOTE 9 – DEFERRED INFLOWS OF RESOURCES

Deferred inflows of resources of \$49,713 in the governmental funds at December 31, 2014 represents property taxes receivable, not collected within 60 days of the fiscal year-end. This balance is only reported on the modified accrual basis of accounting.

NOTE 10 – CAPITAL LEASE

The Town has entered into a capital lease agreement under which the related equipment will become the property of the Town when all the terms of the lease agreement are met.

NOTE 15 – EMPLOYEE RETIREMENT PLAN

The Town participates in the New Hampshire Retirement System (the System) which is the administrator of a cost-sharing multiple-employer contributory pension plan and trust established in 1967 by RSA 100-A:2 and is qualified as a tax-exempt organization under Sections 401(a) and 501(a) of the Internal Revenue Code. The plan is a contributory, defined benefit plan providing service, disability, death and vested retirement benefits to members and their beneficiaries. Provision for benefits and contributions are established and can be amended by the New Hampshire Legislature. The System issues a publicly available financial report that may be obtained by writing the New Hampshire Retirement System, 54 Regional Drive, Concord, NH 03301.

The System is financed by contributions from both the employees and the Town. Member contribution rates are established and may be amended by the State legislature while employer contribution rates are set by the System trustees based on an actuarial valuation. For fiscal year 2014, all employees except police officers were required to contribute 7% of earnable compensation. The contribution rate was 11.55% for police officers. The Town's contribution rates for 2014 for pension and medical subsidy were 25.30% for police officers and 10.77% for all other employees.

The contribution requirements for the Town of Springfield for the fiscal years 2012, 2013, and 2014 were \$26,981, \$31,088, and \$37,758, respectively, which were paid in full in each year.

NOTE 16 – RISK MANAGEMENT

The Town is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors or omissions; injuries to employees; or natural disasters. During fiscal year 4, the Town was a member of the Local Government Center Property-Liability Trust, LLC Workers' Compensation and Property/Liability Programs. This entity is considered a public entity risk pools, currently operating as common risk management and insurance programs for member Towns and cities.

The Local Government Center Property-Liability Trust, LLC, is a Trust organized to provide certain property and liability insurance coverages to member Towns, cities and other qualified political subdivisions of New Hampshire. As a member of the Local Government Center Property-Liability Trust, LLC, the Town shares in contributing to the cost of, and receiving benefits from, a self-insured pooled risk management program. The membership and coverage run from July 1 to June 30. The program maintains a self-insured retention above which it purchases reinsurance and excess insurance. This policy covers property, auto physical damage, crime, general liability, and public officials' liability subject to a \$1,000 deductible.

Contributions paid in fiscal year ending December 31, 2014, to be recorded as an insurance expenditure totaled \$16,778. There were no unpaid contributions for the year ended December 31, 2014. The Town also paid \$18,887 for workers' compensation for the year ended December 31, 2014.

NOTE 17 – CONTINGENCIES

There are various legal claims and suits pending against the Town which arose in the normal course of the governments activities. In the opinion of management, the ultimate disposition of these various claims and suits will not have a material effect on the financial position of the Town.

The Town participates in various federal grant programs, the principal of which are subject to program compliance audits pursuant to the Single Audit Act as amended. Accordingly, the government's compliance with applicable grant requirements will be established at a future date. The amount of expenditures which may be disallowed by the granting agencies cannot be

determined at this time, although the government anticipates such amounts, if any, will be immaterial.

NOTE 18 – SUBSEQUENT EVENTS

Subsequent events are events or transactions that occur after the balance sheet date, but before the financial statements are issued. Recognized subsequent events are events or transactions that provided additional evidence about conditions that existed at the balance sheet date, including the estimates inherent in the process of preparing the financial statements. Nonrecognized subsequent events are events that provide evidence about conditions that did not exist at the balance sheet date, but arose after the date. Management has evaluated subsequent events through October 28, 2015, the date the December 31, 2014 financial statements were available to be issued, and at the 2015 annual meeting held on March 14, 2015, the town voted to use retained unassigned fund balance for the following purposes:

Report of the 2015 Springfield, NH Cemetery Commission

During 2015, the Cemetery Commission met on Tuesdays at 5:00 from April through November. Additional work meetings were held at Pleasant View Cemetery. Rick Corbett replaced Tim Hayes, who left the Commission and George McCusker replaced Leigh Callaway as the Selectboard representative. The Commission's expenditures for 2015 totaled \$13,821.26, or \$1,930.74 under budget. Aside from wages, budgeted expenditures included fuel, landscaping supplies and equipment and stone repair.

The eight town cemeteries, Pleasant View, Davis (Route 114), Messer Hill, Fowler Town, Old Grafton Road, Dutchman Pond, Striker Road and Kezar, were well maintained, thanks to the care of Frank Anderson again this year, with help from members of the Springfield Highway Department and part-time employees.

In addition to maintenance projects, six burials were performed in 2105. Springfield's Memorial Day celebration was successfully chaired by Ken Butcher; the Kearsarge Middle School Band provided music. The capital improvement project for repairing broken or shifted stones continued in 2015 with the help of Newport's Stone Vault. At Frank Anderson's request, a sign was commissioned for Pleasant View with guidelines for visitors. Primary among those is the prohibition against glass containers, as broken glass and pottery present danger to visitors and town employees. Peter Maurer of Sunapee crafted an attractive sign to be posted in the spring.

Pleasant View will open for visitors for the 2016 season on April 1. All seasonal decorations should be removed by that date. The first 2016 Cemetery Commission meeting is

scheduled for the Town Hall on April 5 at 5:00, with subsequent regular meetings to be held on the second Tuesday of each month. The meetings are open to the public.

We will miss Chuck Moore, who joined the Commission in 2007, but will not be continuing with us into 2016. We thank him for his service to the Town.

Ausbon Sargent Land Preservation Trust Town of Springfield

The mission of the Ausbon Sargent Land Preservation Trust (Ausbon Sargent) is to protect the rural landscape of the twelve towns of the Mt. Kearsarge/Ragged/Lake Sunapee region. The region comprises the towns of Andover, Bradford, Danbury, Goshen, Grantham, New London, Newbury, Springfield, Sunapee, Sutton, Warner and Wilmot. Since our founding in 1987, Ausbon Sargent has completed 138 projects and protected 11,091 acres – including fourteen working farms and over eight miles of lake-frontage. All of these conservation lands must provide for some public benefit and two-thirds of these properties offer public access.

Quality of life is very important to the residents of New Hampshire and the state consistently ranks in the top ten as one of the best places to live in the United States. Contributing to this ranking are our clean water, scenic places and outdoor recreation. Open spaces also contribute significantly to the economic well-being of the State and our communities.

During 2015 Ausbon Sargent completed four projects representing just over 207 acres; one in the town of Warner, one in New London, and two in Sunapee.

Ausbon Sargent's website indicates which of the land trust's protected properties have trails open to the public. These trails, many of which cross privately owned land, are open to hiking, cross-

country skiing and snowshoeing. The website includes trail maps and driving directions. For more information on these newly conserved properties; and all of Ausbon Sargent's protected properties, please visit our website at: www.ausbonsargent.org; also, please visit our Facebook page.

Ausbon Sargent hosted numerous events in 2015 that are available for our membership and the public to enjoy. In addition to our ever-popular fundraising events such as the Progressive Dinner in July, and the Holiday Party in December, we hold many other events, which I encourage you to attend. We held the 4th Annual Kearsarge Klassic Bike Event in conjunction with the New Hampshire Cycling Club at the end of August, two Dragonfly Walks, a timber harvest demonstration, hikes, and a winter snowshoe. We hope you will all come out at some point to experience the beauty of these special places for yourselves. Stay tuned for details about a hike through the "Woods Without Gile" property planned for October of 2016.

Ausbon Sargent is pleased to have over 200 volunteers providing year-round support for easement monitoring, committee assignments and clerical work. We are especially thankful for those who monitor the Springfield easements, including Baptist Pond Trusts, which share a boundary with the Star Lake Farm Conservation Easements on Georges Mills Road, Barraspur Limited (Philbrick Hill Road), Cummer-Lyle (Nichols Hill Road), Donavan/Butler (Messer Hill Road), the Hayes Conservation Easement (Deer Hill Road), the Patten Property (George Hill Road), and "Woods Without

Gile” on Fowlertown Road, near the already protected “John F. Gile Memorial State Forest.”

In May we host a Volunteer Recognition Party in Sunapee as a thank you to these loyal and talented volunteers. We are grateful to have so many giving members who provide financial support and the countless hours which have assured our success. If you would like to join us in our work to protect these special places, you could become a conservation easement donor, support Ausbon Sargent financially, volunteer your time to the organization, encourage the town officials throughout our twelve town region to conserve our rural character by supporting land conservation and most importantly, if you are not already, please consider becoming a member of Ausbon Sargent.

Sincerely,

Deborah L. Stanley

Baptist Pond Protective Association

We are happy to report that our loon couple returned this year, the day the ice went out, on or around April 22. Several weeks later, in early July, two chicks were spotted with their parents. And like the year before, unfortunately, one of the chicks disappeared for unknown reasons. The remaining chick grew up on the pond with its parents, until early September when it left (surprisingly early), to wend its way towards the northeastern shores of the Atlantic where it will spend the winter.

Our lake volunteers took water samples this year in June, July, and August—to monitor seen and unseen changes that could affect water quality. Conditions remain relatively stable on the pond, with occasionally elevated levels of phosphorus in the McAlvin Brook area during the summer. We continue to be concerned about consistently high levels of conductivity (i.e. salt) that we find at most of the testing sites, caused primarily by runoff from I-89, which flows into the pond by way of the wetlands to the west and through several culverts channeling runoff directly into the pond from the ledge that runs above the Stoney Brook Road on the south side. As a result of growing concerns about cyanobacteria in NH lakes, we are also participating with DES in a new study to test for and identify early signs of cyanobacteria in the water. We have noticed from time to time small cyanobacteria blooms scattered along southern shores in mid to late summer with the warmer weather. Last but not least, the Association remains active in keeping ourselves and our neighbors apprised of local and state environmental matters that affect the health and safety of the pond.

Our annual meeting this year is scheduled for the end of July or early August. Friends and neighbors are welcome to attend. For further information please contact me or another member of the Association.

Respectively submitted on behalf of the Association,
Perry Hodges, President

The Chapin Senior Center: Bettering the Lives of Seniors in Our Community

The mission of the Chapin Senior Center of the Kearsarge Council on Aging (COA) is to respond to the needs of seniors living in the Kearsarge/Mt. Sunapee area. We are pleased to report that in the past year – with the generous support from our volunteers, donors and area towns – we have been able to continue to make significant contributions to the health, well-being and quality of life of senior residents in the area.

COA provides a variety of services, including organizing indoor and outdoor recreation programs, hosting social events such as bridge games and lunch discussion groups, providing access to free mobility equipment, and acting as a clearinghouse for resources for those in need of assistance to remain living independently in their homes.

One of the most critical of COA's programs is the volunteer transportation program that provides door through door service to medical and other appointments to those who are unable to drive. COA volunteers typically drive seniors from the nine town area 40,000 to 50,000 miles each year. Last year was no different. The program is so successful that **COA continued to look for additional volunteer drivers. If you are interested in a truly rewarding volunteer experience, join us in helping provide this crucial service to your senior friends and neighbors.** We'd love to hear from you. Stop by the Chapin Senior Center or call us at 526-6308.

COA relies on private donations from local citizens and community businesses as well as fundraisers (such as its annual Book Sale) for 70% of our operating funds. The remaining 30% comes from the nine towns we serve. We are truly thankful to all

of those who contribute their money, time and energy to make our work possible.

COA's Chapin Senior Center is open weekdays from 9 a.m. to 4 p.m. Whether you come to take part in exercises, to ask Medicare questions, to attend an enriching educational program, to enjoy our book and video library, to volunteer or just to have coffee with friends, opportunity awaits. We look forward to seeing you!

Sincerely,

Derek D. Lick
Chairman

Springfield Conservation Commission

The Springfield Conservation Commission was active in a number of conservation projects in 2015.

In April, the Conservation Commission co-sponsored a loon education program with the Lake KOLELEMOOK Protective Association. The program was presented by the Loon Preservation Committee.

On the first Saturday in May, the Commission coordinated trash pick-up on Green-Up Day. Sincere thanks are extended to all the volunteers who gathered and bagged the roadside refuse and to the Springfield Highway Department for their support and assistance in this endeavor.

At the Old Home Day Celebration, the Commission provided information and displays on conservation topics. Highbush cranberry seedlings were given to interested citizens.

The Commission Outreach committee identified potential volunteer opportunities on conservation issues in town for high school and college students. Our first volunteer is working on establishing a hiking trail on the Brook lot.

The Commission continues to work on developing Forest Management Plans that will enhance wildlife habitat and provide revenue for the town through periodic timber harvesting. This year, the timber sale on the Kinsley lot was put out for bid and timber harvests commenced in December.

The Commission looks forward to a productive 2015. The Commission meets on the first Thursday of each month and all meetings are open to the public.

Respectfully submitted: Bruce Allen, Chairman; Ken Jacques, Daphne Klein, Bob Ruel, Jane Seekamp, Marilyn Priest, Jeremy Johnson (alternate) and Patricia Shaw-Allen (alternate).

Midwestern New Hampshire Hazardous Materials Mutual Aid District

The SPRINGFIELD Fire Department is an active member of the Midwestern New Hampshire Hazardous Materials Mutual aid District. The district is made up of fire officials from the cities and towns along the I89 corridor from Sutton to Lebanon. District members meet and train on a monthly basis in the member towns. The district provides member towns with equipment, training and expertise to respond to an emergency involving hazardous materials.

Through state and federal grants, the district has purchased sophisticated chemical detection and monitoring equipment. Most of this monitoring equipment has been provided to the member fire departments for use in their everyday operations as well as in the event of a hazardous materials incident. Member towns have the ability to quickly access hazardous materials technical expertise from within the district and from other hazardous material districts within New Hampshire as well as from the state. A cache of hazardous material response supplies and equipment is also available to each member town through the district.

In addition to the in house training, district members attend hazardous materials response training conferences provided by the New Hampshire Department of Safety and the national hazmat conference sponsored by the International Association of Fire Chiefs.

Through the district, SPRINGFIELD participates in the New Hampshire Hazmat Collaborative, which is made up of representatives from all of the hazmat districts in New Hampshire. The Collaborative provides joint training and hazmat response resources for the teams throughout the state.

The district works and trains with the New Hampshire National Guard Civil Support Team to respond to potential terrorist incidents which may involve explosives, chemicals and weapons of mass destruction.

The district receives data on hazardous materials that are stored or used by industry in the region, through the US Environmental Protection Agency (EPA) Tier II filing system. All businesses that use chemicals are required to report their chemical inventories on an annual basis. This information is used by the districts to identify chemicals in the community and to plan and train for emergencies involving spills and releases of these hazardous materials. The district tracks all hazardous materials incidents occurring in the member communities for reporting to the State of New Hampshire Department of Safety and utilizes this data in developing training programs and purchasing equipment.

Information on the district can be found on the district's website www.midwesthazmat.org.

Report of Forest Fire Warden and State Forest Ranger

Your local Forest Fire Warden, Fire Department, and the State of New Hampshire Division of Forests & Lands, work collaboratively to reduce the risk and frequency of wildland fires in New Hampshire. To help us assist you, please contact your local Forest Fire Warden or Fire Department to determine if a permit is required before doing ANY outside burning. Under State law (RSA 227-L:17) a fire permit is required for all outside burning, unless the ground is completely covered with snow. The ability to obtain fire permits on line was initiated in 2015. Approximately 120 towns participated in the online system with over 4,000 permits issued. To obtain a permit on line visit www.NHfirepermit.com. The New Hampshire Department of Environmental Services also prohibits the open burning of household waste. Citizens are encouraged to contact the local fire department or DES at 603-271-3503 or www.des.nh.gov for more information. Safe open burning requires diligence and responsibility. Help us to protect New Hampshire's forest resources. For more information please contact the Division of Forests & Lands at (603) 271-2214, or online at www.nhdfl.org.

This past fire season burned **661 acres** which was the most recorded since 1989 when 629 acres burned. The fire season began in early April with the first reported fire occurring on April 8th. The largest fire was the 275 acre Bayle Mountain fire in Ossipee. This fire started on May 5th and burned for several days. The Bayle Mt. fire was also the largest individual fire in NH in over 25 years. There were also a number of other sizable fires in May which definitely kept NH's wildland firefighting resources stretched to the limit. These larger fires increased the average wildland fire size to 5.12 acres. As usual our higher fire danger days correlated well with the days that there were fires actually reported. The statewide system of 16 fire lookout towers continues to operate on Class III or higher fire danger days. Our fire lookouts are credited with keeping most fires small and saving several structures due to their quick and

accurate spotting capabilities. The towers fire spotting capability was supplemented by the NH Civil Air Patrol when the fire danger was especially high. Many homes in New Hampshire are located in the wildland urban interface, which is the area where homes and flammable wildland fuels intermix. Several of the fires during the 2015 season threatened structures, and a few structures were burned, a constant reminder that forest fires burn more than just trees. Homeowners should take measures to prevent a wildland fire from spreading to their home. Precautions include keeping your roof and gutters clear of leaves and pine needles, and maintaining adequate green space around your home free of flammable materials. Additional information and homeowner recommendations are available at www.firewise.org. Please help Smokey Bear, your local fire department, and the state's Forest Rangers by being fire wise and fire safe! **2015 FIRE STATISTICS**

Springfield Garden Club

This hard working group of club members meets approximately once a month during the growing season with work sessions scheduled in between, as needed. This year look for some exciting changes and more beautiful flowers growing and blooming in front of the recreation field as the final section has been dug up and is ready for planting. The Garden Club still seeks donations of perennials to complete the task, so if you have anything in your garden that fits the bill, please let us know.

We have raised money through our fund-raising efforts to purchase the “Town of Springfield” gateway signs which will be placed coming into and leaving Town on State Highways. We are in need of some fairly good sized pressure treated 4 X 4’s to serve as anchors and will gladly take donations of materials and/or time so we can complete this project.

Hopefully you've all had a chance to enjoy the Holiday Lights at the Meeting House this season. Thanks to the Selectmen who provided us with an outdoor socket and timer. The Club used some of our fund raising profits to purchase the lights.

We plan to continue to hold our fundraisers in the spring, fall and winter; having a pie and plant sale the day before Mother's Day; a pie sale at the Ham and Bean Supper in the fall; and a wreath and cookie sale prior to the Winter Holiday season. This year we plan to triple our wreath making efforts! Please consider supporting these efforts. We greatly appreciate it!

Look for the continuation of informational talks at the Library. We are focusing this year on Herb Gardens and are looking forward to a talk on the subject given by Jane Seekamp. We thank Sue Ellen Weeds-Parks for her informational talk given this past November. If there are topics specific to gardening that interest you be sure to let us know and we will try to host the event.

As always, the Garden Club is very thankful to the many towns' people who have contributed time, effort and goods. We always welcome new members, donations and look forward to continuing our efforts to beautify our very special Town. If you are interested in helping or getting involved, please contact either Susan Chiarella at 763 4661 or Pixie Hill at 763 9315.

Respectfully,
Susan L. Chiarella, President

Highway Department Report for 2015

The winter of 2015 brought a lot of snow. We spent a lot of hours keeping roads cleared. Our new truck finally arrived at the end of January. I believe we made a good choice by buying the next size bigger truck. It has worked out well for us. During the last storm of the year, the 2001 International lost a head-gasket. After spending a lot of money on it all winter, we couldn't see spending a bunch more. The Town bought that truck new and I felt we got our money's worth out of it. I found a 2003 Freightliner for not much more money. It needed a little work on the body which we fixed ourselves. We're hoping to get a couple of years out of it.

This summer we did get some gravel on some roads. We still have a lot more roads to gravel. We changed a lot of culvert pipes but there are a lot more to do. Pike was able to get a lot of paving done on George Hill and Town Farm Roads.

This fall, as you all know, was a nice one. Weather was great with no snow. We managed to get a lot of road-side work done on Stoney Brook Road which needed it badly. We still have more to do on that road so it can get paved this year.

I want to thank all the residents of the Town for their support. Thank you to Frank Anderson for his hard work in keeping the cemeteries looking so nice, And I also want to thank the rest of the Highway Department, Tim Hayes and Rick Corbett.

Your Road Agent,
Peter Abair

Springfield Historical Society Annual Report - 2015

The Springfield Historical Society experienced a quiet year in 2015. Board membership remained the same as last year and responsibilities were well shared by the members.

Our programs this year were as follows:

January - "Four Centuries of Fishing in NH" by Jack Noon;

April - Gary Robinson, guitar and vocals;

July - Ben Kilham, Black Bears;

October - "Brewing in NH" by Glenn Knoblock.

The January and April newsletters ran the 2nd and the 3rd chapters of excerpts from James T. Colby's diary for the year 1865 when he was stationed as a soldier in Washington DC, giving us all a glimpse of what it was like to be a soldier during the Civil War. Much later he became the Justice of the Peace for Sullivan County and thereafter Postmaster for West Springfield, NH.

The October newsletter featured a history of the Protectworth Tavern on Route 4A by Andrew and Elizabeth D'Amico.

Five scholarships were awarded this year.

The July Board meeting was pleasantly held at the museum. It was noted that the museum acquired a new dehumidifier and a step ladder.

We thank all who have helped or come by the museum, and we urge any who were former members or would like to be new members to contact any one of us on the Board. We are very much in need of donations to keep the society going.

Kolelemook Lake Protective Association (KLPA) 2015

The Kolelemook Lake Protective Association is dedicated to protecting the water quality of Kolelemook Lake and its watershed. Residents of Springfield who use and enjoy this beautiful lake are invited to become KLPA members. Just contact any of the officers listed below. In 2015, our efforts were once again focused on two areas. First, maintaining the quality of the lake's water and second, keeping invasive plant and animal species out of the lake. Membership dues pay for these programs which are essential for maintaining Kolelemook's future as an asset for the Town.

Water Quality Testing - KLPA participates in New Hampshire's state wide VLPA lake water testing program. KLPA volunteers go out on the lake four times a year to collect water samples from different parts of the lake. These samples are then brought to the regional lab at Colby Sawyer College for analysis of nine different parameters. KLPA has been collecting this data since 1987, allowing us to monitor trends and spot problems, such as excessive road salt entering the lake. In 2015 additional sampling to evaluate Kolelemook's capacity for toxic cyanobacteria (a blue-green algae) was initiated. Cyanobacteria blooms have not yet been observed in Kolelemook. The quality of Kolelemook's water ranks high when compared with the best lakes in the state.

Lake Host Program - Volunteer and paid lake hosts are on duty at the boat launch every weekend from Memorial Day through Labor Day to provide information about the dangers of invasive plant species and to perform courtesy boat inspections, which involve checking boats for fragments of invasive plants. Once invasive aquatic plants (especially variable milfoil) take hold, they are almost impossible to eradicate. Controlling their spread is very expensive, and if not controlled, the plants form dense mats that would cover the surface of the lake and make boating,

fishing and swimming undesirable. In 2015, over 80 water bodies in NH (including Mascoma Lake and Lake Sunapee) now have infestations of invasive aquatic plants, and the number increases every year. Most invasive plants enter lakes by having been carried in on a water craft that has come from an infested lake or river. Thus, the Lake Host program is critical.

WeedWatchers Program: As an adjunct to the lake host program, KLPA volunteers are assigned to a particular section of the lake which they check each month, looking for any plant species that is not known to be native to Kolelemook. Unfamiliar specimens are sent to the DES lab in Concord for identification. Fortunately, all the specimens we have sent in have been determined not to be invasive species. In 2015 we had the NH-DES expert on aquatic species conduct a new survey of plant life in Kolelemook which we can now use as we enhance our weed watch efforts.

In 2015 new KLPA By-Laws were drafted and adopted. They provide for a Board of Directors to lead KLPA into the future with improved function and tax status.

For more information about the KLPA's activities or membership, please contact any one of the KLPA's officers, or stop by the KLPA table at Old Home Day. You are always welcome to attend a KLPA meeting. Meetings are always posted to the Town Bulletin Board on Main Street.

January 2016

Dear Friends:

On behalf of all the staff and volunteers of Lake Sunapee Region VNA & Hospice (LSRVNA), thank you for the opportunity to provide home health and hospice services, personal care and community health services in Springfield. Our Mission to provide care for individuals and families in home and community settings and enable people to stay in their homes for as long as possible is at the heart of all we do for Springfield residents and residents throughout our 1,900 square-mile service area. As in previous years, our Board of Directors has pledged that, within its financial resources, LSRVNA will continue to serve those in need of care regardless of insurance coverage or financial circumstances. I am proud to report that, for the 12-month period ending September 30, 2015, LSRVNA employees served Springfield in the following ways:

- ✚ Provided 285 hours of nursing, therapy and in-home supportive care to 24 residents;
- ✚ Provided 286 in-home nursing, therapy and social work visits to these residents. 19 visits were provided without any remuneration to LSRVNA. 32 visits were provided under

various Medicaid programs (NH Medicaid reimburses at less than 60% of visit costs);

-  Two residents received 15 visits through our hospice program and were able to spend their last days at home. Their families are provided 14 months of bereavement support and counseling after the death of their loved, at no cost;
-  40 residents utilized our foot care, flu and blood pressure clinics as well as parent child, bereavement and other support groups.

Our talented staff remains committed not only to individual health and well-being, but to fostering community support and involvement which empowers residents to help their friends and neighbors. Please do not hesitate to contact me if there is any way that we may be of service to you, your loved ones or your Town's residents. Our vision to be the leading provider of home care services in the region, to be the best place to work and volunteer, and to remain an adaptive and enduring presence is only possible with support and confidence such as yours. Thank you for your ongoing support.

Sincerely,
Monique Malanga
Chief Financial Officer

KLS COMMUNITY FOOD PANTRY

The mission of the KLS Community Food Pantry is to help meet the emergency and on-going food and household needs of people in the Kearsarge Lake Sunapee region who are experiencing financial hardship. The towns included in this outreach effort are: Andover, Bradford, Danbury, New London, Newbury, Salisbury, Springfield, Sunapee (including Georges Mills), Sutton, Warner, and Wilmot.

Springfield residents have been using the KLS Community Food Pantry since 2009. In 2015, they made 159 family visits to the food pantry.

5-11 person families	23%

Composition of families by age in 2015:

Children 18 & younger	36%
Adults 19-59	51%
Seniors over 60	13%

How does this compare to previous years? The Food Pantry has been in operation since 2009 when we served 2,546 people. In every year since 2010, including in 2015, we have served over 4,000 people. We served 72 new families this year in addition to the 73 new families we served last year. We saw an increase in the number of 1-2 person families using the pantry. Families of 1-4 members continue to constitute the majority of families using the food pantry, with considerably larger size families constituting nearly 25% of those served. Seniors are a growing percentage of those visiting the pantry. There is no question that we continue to serve a significant need in the region.

Crucial Food Partnerships. Hannafords: Twice a week the Food Pantry is able to get fresh produce, meat, fresh fruit, breads, and pastry from Hannaford Supermarket as part of the Feed America Fresh Rescue Program. In 2015 dairy products were added. This provides wonderful and healthful options for our pantry families. In addition, each year Hannafords and the New London Police Department partner for a very successful “**Stuff-the-Cruiser**” food donation event. This event brings in thousands of pounds of food to help keep our pantry stocked.

New Hampshire Food Bank: The New Hampshire Food Bank distributes food to local authorized pantries at deeply discounted prices and sometimes for free. This partnership has helped us keep our pantry well stocked on a regular basis.

Colby-Sawyer College (CSC): Since 2014, we have been a beneficiary of the Colby-Sawyer College Feed the Freezer Program. Under this program, volunteers package up meals of various sizes provided by the college's food service, Sodexo, and distribute them to area food pantries for the families using those pantries. The meals are all prepared in the college's commercial kitchen and include heating instructions. We have had a very positive reaction from our pantry families. We are very grateful for the support from the College and the students in the Feed the Freezer Club. **Benjamin F. Edwards Annual Shredding Event:** Benjamin Edwards shreds documents for the public once a year for free asking only for a donation of food to the Food Pantry. The Food Pantry receives hundreds of pounds of food from this event to help keep our pantry stocked. We have also benefitted from substantial food drives from the Boy Scouts, Kearsarge Regional Schools (Middle School and New London Elementary), Windy Hill Day Care, Lake Sunapee Bank, CSC Feed the Freezer Program, and Auto Advisors in Springfield.

Expanded Outreach Programs. One of our most important outreach efforts is our school nurse program. Each semester the Food Pantry provides area school nurses with snack foods and beverages such as crackers, fruit, string cheese, soups, granola bars, and ginger ale for children in need of extra nourishment during the school day. We will be expanding this program with the school nurses in 2016 to include a weekend backpack program providing additional nutritious food for families in particular need. In 2015, we implemented a summer feeding program to provide families with lunch food items for their children while the children were on summer break. We will continue with this program in 2016. Also in 2015, in coordination with a local teen, children's books are now available for free on a year-round basis in the food pantry. Families are encouraged to take books for their children. During the winter, we regularly provide warm mittens, hats, gloves, scarves, socks, coats and winter apparel for families. Before the school year begins, in coordination with other

organizations, we make available backpacks for children so they have supplies for the upcoming school year.

Gratitude. The Food Pantry relies solely on donations to provide our service to the community. We do not receive any federal, state, or local government financing. We are extremely grateful to the many individuals, businesses and civic groups who make this pantry a grassroots effort of neighbors reaching out to help neighbors through special collections and donations of goods and money. Some individuals gave donations in memory or in honor of family and friends. Please know that every donation is much appreciated and helps us with our outreach. We would also like to recognize these special businesses, churches and civic groups for their generous donations to the Food Pantry: Anonymous Donor, Auto Advisors, Avian Technologies, Boy's Club of New London, Benjamin F. Edwards & Co., Boy Scout Troop 71, Church World Services, Colby-Sawyer College Feed the Freezer Club, Country Houses Real Estate-New London, Deer Hill Farm, Elkins Fish & Game Club, Doheney Chickens, First Baptist Church of New London, First Congregational Church of Wilmot, Hannaford Supermarket, Heidelberg Lodge IOOF, Hole-In-The Fence Café, Kearsarge Area CROP Walk, Kearsarge Community Presbyterian Church, Kearsarge Regional Schools, Kearsarge Unitarian Universalist Fellowship, Kearsarge Thanksgiving Basket Project, Lake Sunapee Bank, Lake Sunapee United Methodist Church, Mascoma Savings Bank Foundation, Moore Family Farm, Morgan Hill Bookstore, Musterfield Farm, New London Inn-Coach House Restaurant, New London Police Department and New London Police Benevolent Society, New London Rotary Club, New London Service Organization, Our Lady of Fatima Catholic Church, Pacific North Painting & Decorating, St. Andrew's Episcopal Church of New London, St. Andrew's Thrift Shop, Spring Ledge Farm, Sutton Parent's Teacher's Club, The InterTown Record, and Windy Hill Day Care.

Volunteers. The Food Pantry does not have a paid staff. We have a total of 125 volunteers that provide many “behind the scenes” jobs as well as serving families when the pantry is open. Volunteers shop, inspect donations for safe food condition, stock the shelves, pick up donated food from Hannaford’s Fresh Rescue Program, clean up, coordinate and remind volunteers of their time in the pantry, and serve families in need when the pantry is open. This is a labor of love for our volunteers who care about their neighbors and want to help. Our volunteers shop at the New Hampshire Food Bank, at local and regional supermarkets, and at warehouse clubs in an effort to stretch your donation dollars.

Hours of Operation. The Food Pantry is located in the back of the First Baptist Church in New London, and is open Wednesday evenings from 5:30-7:00 pm and Saturday mornings from 10:00-11:30 am.

How to donate. 1) Drop off non-perishable food such as canned fruit, soup, peanut butter and cereal at the First Baptist Church during office hours: Monday through Thursday from 8:00 am until 3:30 pm, and Fridays from 8:00 am until noon; 2) The food pantry is a 501(c)(3) public charity. Make a tax-deductible donation to “KLS Community Food Pantry,” PO Box 536, New London, NH 03257.

Respectfully submitted on behalf of the KLS Community Food Pantry Board,

First and foremost I have to thank all the volunteers who made it possible for us to keep the library open for 38 hours over a six day period during the last year. This is more than in most towns our size. Pete Angus, Deb Blesdell, Joni Boucher, Lea Brunette, Happy Callaway, Kathy & Bill Coombs, Barbara Cooper, Diane Clapper, Joyce Guinther, Tanya Hathaway, Trudy Heath, Patricia Jewell, Amanda Lauster, Kris Lee, Kathy Mason, Bill Sullivan, Marie Wheatley, Margaret and Natalia Whiting, and our subs Greg Bruss, Sue & John Dargie, and Janet Hendl. The latter, not only subbing but putting in lots of hours volunteering, weeding, cataloging and doing all sorts of jobs which have made the library more efficient and more pleasant.

I also have to thank Caye Currier who has been the main provider of muffins each Monday for our Muffin Monday. Not only do we have muffins on Monday, but we always have Starbucks coffee, tea, hot cocoa and now The Union Leader and the Valley News delivered each day for patrons' pleasure. In addition, we have a wide array of magazines: People, Time, Smithsonian, New Yorker, Sports Illustrated, etc. So please stop in, sit in one of our easy chairs, take a book, or magazine or newspaper, have a cup and relax for a while.

We also started a local author's series, in which every 3 months a local author (more or less) will come and give a presentation. Our program by the African game ranger, James Currie was

very popular. Thanks to Bonnie Fladung, herself a local author, for getting these authors to come and talk.

Open mic night, (the first Thursday of the month at 7), an hour when anyone is encouraged to come and sing, or tell a joke, or share a story, has had limited participation. Game night (Sundays at 7) has been much more popular. And book group still meets the first Tuesday of each month at 7. All of these programs welcome any and all and there are usually refreshments as well.

Once again this past year we gave out \$6,000 in scholarships. The happy recipients were Erika Kainu and Brittany Wallace. Remember these scholarships are open to anyone furthering their education. You can apply at the library, town office or high school.

Our on-line presence has been improved, and you can find news and our catalog, and request a book or movie on-line by going to the town website and clicking on the library link. We're also on Facebook these days.

If you have suggestions for improvement, please drop us a line at libbiecass@gmail.com. We'd love to get more email addresses into our database as well so we can keep you informed of upcoming events.

Patriotic Services

I want to thank everyone for their support of our Patriotic Programs. This year's Memorial Day Service was well attended thanks to the cooperation of Mother Nature. The Old Cemetery provided the back drop to this year's guest speaker, Mrs. Tamara Butcher whom provided a passionate speech about what Memorial Day means to the families of service men and women. Thank you Tamara!

I would also like to thank Frank Anderson for his continuous support and dedication to our Veterans here in town. He has committed countless hours to maintaining and setting up the cemetery to support our ceremonies. Also a big thank you to all the Veterans who take part in the programs, including New London Post 40, Unit 40, and Squadron 40. They can always be relied on to provide outstanding support with a Color Guard and Honor Guard. Without their participation this would not be possible.

I look forward to seeing everyone at Memorial Day 2016 and the spaghetti dinners that raise funds for our local Veteran organizations.

Respectfully,
Ken Butcher

Springfield Planning Board

While development pressures have not impacted Springfield in any great way this past year, the Planning Board has had a busy year finishing up the revisions to the Wetlands Overlay District and have voted to present them to the town for approval. The proposal tries to strike a balance between protecting a valuable resource and allowing for controlled development.

The Planning Board has also continued to work with the Wonderwell Mountain Refuge Retreat Center as their facility goes through its Site Plan process. The board's goal throughout this process is to protect both the people who are coming to the facility and the town's interests. We are getting regular updates to their progress in complying with our expectations and timeline.

There have also been several meetings devoted to addressing an issue that a town like Springfield will always have to deal with—home businesses. In some ways this is a difficult thing in a town where the majority of dwellings are in the Rural Residential District. According to the Zoning Ordinance, there are three classifications when someone works out of their home in town: home occupation, home business, and commercial operation. Each of these classifications brings different levels of scrutiny by the town in order to ensure that they are not altering the nature of the neighborhoods. Some businesses may not be appropriate for different parts of town, some might be allowed with certain restrictions on hours and site plan, and some might need to go through the Zoning Board of Adjustment to get permission to run. If you are a homeowner who operates out of your home, it would be a good idea to look over the section of the Zoning Ordinance to see if you fall into one of the classifications that require approval.

Finally, the Town Plan for Springfield was last revised in 2005 and one of the charges that the Planning Board has is to periodically update the Town Plan. Look for more information to come in the next year.

Respectfully submitted,

Kevin R. Lee, Chair
Springfield Planning Board

Springfield Police Department

2015 Annual Report

“Sometimes, you can’t see the forest for the trees.” –Author
Unknown

I recently had the opportunity to correspond with Chief James Burroughs of the Newport Police Department and he was kind enough to write the following:

“Having worked a large portion of my career in the Detective Division in Newport before becoming Police Chief, I am familiar with crime in Sullivan County. In the early 2000's, Springfield NH was generally known as “the place to live” if you did not want to have law enforcement contact. There was a portion of Springfield that was generally allowed to do whatever they wanted without any fear of legal ramifications. Once you became Police Chief and hired Officer Mike Beaulieu, I began to see a real change as it related to crime in the area and any Springfield nexus to it. I know from conducting countless interviews, suspects would refer to Officer Beaulieu as a deterrent and also as a positive and well respected figure in Springfield.”

I believe Sergeant Beaulieu and I have made positive, measurable changes to the quality of life for the Town of Springfield. I thank Chief Burroughs for those kind words.

As I reflect on the past year, 2015, I am proud of the innovative ways we have saved the citizens of Springfield money by implementing a program suggested by Sergeant Beaulieu where we purchase cruiser fuel from the local Irving gas station saving the town up to seventy-five cents a gallon on gasoline. We have

further installed a computer program in our cars that, when sensing the cruiser is idling for a certain period of time, reduces the idle to save both gas and do our part to improve the environment.

The Town has switched to propane for heating the Town Offices so we were able to remove the oil tanks that had been taking up space in the Police Department. That spare room has been turned into an interview room- something we have needed for a long time.

The Department, in partnership with the County Attorney, was able to bring about a compassionate, successful solution to a burglary case where all individuals involved, both victim and burglars, had their needs met without onerous results. This community-based outcome is just another example of why I am proud of my staff and the people we serve.

I am disappointed the police department was not able to broker a successful outcome concerning a quality of life issue with the residents of Hogg Hill Road. Perhaps we will be more successful in 2016.

We have been fortunate that we have developed intelligence concerning illegal narcotics in or passing through town. This information has been widely disseminated and has made it uncomfortable for persons wishing to set up shop in Springfield. Information was recently developed about a person driving between jurisdictions and in possession of illegal narcotics. Within fifteen minutes of making other agencies aware of this intelligence, the offender was stopped and, found, in fact, to be in possession of illegal narcotics. That person was arrested.

Again, I will remind people you are the eyes and ears of the community; that we cannot be in all places at once. I urge you to report suspicious activity. I believe the Department of Homeland Security co-opted my phrase, “If you see something, say something.”

-Our Commitment: Our Community-

New London Hospital

In the 12 months since our last report, New London Hospital (NLH) continued to offer a broad array of local health care services in our community hospital setting, serving 15 towns, including Springfield.

The following capable and caring providers joined our medical staff in 2015: Vicki Anderson, PsyD; Fariha Chaudhry, MD; Mindy Dube, APRN; Stephen Holderman, APRN; Ben Holobowicz, Jr., MPAS, PA-C; Stephen Kantor, MD; Doug Kleinman, PA-C; Michael O'Brien, DO; Amy Schneider, MD; and Jennifer Taylor, APRN. Robert Hyde, MD became NLH Director of Emergency Services. Gregory Curtis, MD rejoined NLH as a Clinical Informatics Advisor. Furthermore, local services from Dartmouth-Hitchcock providers continued to deepen and expand as a result of the affiliation we have shared since October of 2013.

The NLH Board of Trustees approved rebuilding our rural health center in nearby Newport to meet healthcare needs there and to strengthen our overall organization. *Building for Health*, a \$9-million project with a \$2.2-million fundraising campaign, will provide 28,600 square feet of specially designed space to replace a 16,000 square foot patchwork structure that facilitates more than 21,000 annual primary care and women's health patient visits, as well as other services. We broke ground for the new Newport Health Center in October and anticipate project completion in the fall of 2016.

We completed our triennial Community Health Needs Assessment, available to all from the homepage of our website (www.newlondonhospital.org), where you will also find the related Implementation Plan. Our thanks to community members who participated in this important collaborative process.

The Wellness Connection: For a Healthy Lake Sunapee Region developed a Mini-Grant Program that made grants to seven local organizations to fund healthy eating and active living programs.

In response to community need amongst the seven towns served by our New London Hospital Ambulance Service, we expanded by hiring new staff members who will operate an additional ambulance that has been ordered.

We are pleased to report the following appointments and recognitions received in 2015:

- Anne Holmes, immediate past Chair of our Board of Trustees, was honored by the New Hampshire Hospital Association with its Outstanding Trustee of the Year Award during the Association's annual meeting.
- Pamela Drewniak, NLH Emergency Medical Services and Emergency Preparedness Coordinator, was appointed to the Advisory Board for the New Hampshire Department of Health and Human Services Disaster Behavioral Health Response Teams.
- Matthew Petrin, OTR/L and NLH Director of Sports Medicine and Therapy Services, was appointed to the New Hampshire Emergency Medical Services Trauma Board.
- NLH was one of 32 hospitals in New England and one of ten in New Hampshire to be named to the 2014 Harvard Pilgrim Hospital Honor Roll based on performance among the top 25% of hospitals nationally on a set of composite quality and patient experience measures.
- Healthgrades recognized NLH with its Patient Safety Excellence Award. This distinction goes to the top 10% of hospitals which are leaders in patient safety based on analysis of Agency for Healthcare Research and Quality (AHRQ) patient safety indicators.

As in prior years, we hosted a number of community and fundraising events, most notably:

- The 91st annual Hospital Days celebration brought nearly a full week of events to New London for the enjoyment of all in our region, concluding with the 32nd annual Triathlon.
- Over \$31,000 was raised at the 12th annual NLH Golf Invitational, held at Montcalm Golf Club in Enfield.
- More than 220 guests attended the 10th Annual Benefit for NLH, held at Camp Coniston in Croydon. The Oktoberfest-themed event raised more than \$33,000 from attendees in support of Pediatric services, plus nearly \$16,000 for our Annual Fund.
- The second Annual John H. Ohler, MD Community Health Lecture was presented at Colby-Sawyer College by Dr. David Currow, Director of Dartmouth-Hitchcock's new Center for Palliative and Hospice Care on *The Benefits of Investing in Hospice and Palliative Care*.

Our fiscal year concluded in June with a small net gain from operations, evidence of the success of the financial improvement plan instituted during the prior year and the growing utilization of many of our services.

At the end of 2015 we bade Dr. Donald Eberly farewell as he retired after 35 years of general surgery service. We are exceedingly grateful for the compassionate local care he provided at NLH for our community over the decades.

Thank you to all Springfield patients, families and guests who chose to receive care from us, volunteers who gave their precious time, generous donors who provided funding, dedicated staff who gave their best daily and all others who supported our mission in the past year.

Sunapee-Ragged-Kearsarge Greenway Coalition

New Improved Guidebook Now Available from Area Bookstores

A large section of this 75 mile loop trail runs through Springfield from the end of North Road in Sunapee, along Deer Hill Road, onto the Jones Road, then across Route 114 and through portions of the Gile State Forest to Twin Lake Villa. If you've not ventured out on this section of trail, we encourage you to do so. The terrain, as it meanders through old woods roads, over once forgotten stone walls, is fairly gentle and affords good views with a bigger chance of encountering wildlife than people.

The SRKCG, founded in 1993, is a nonprofit, all volunteer organization dedicated to promoting hiking and land conservation. The Greenway includes sections of trails in 4 state parks, 3 state forests and one wildlife management area. These lands are linked by Greenway trails on municipal and privately-owned properties and pass through ten area towns. Conservation easements on some of these private lands help to guarantee the future of trails so vital to the area's quality of life and our tourism economy.

With about 200 members, the SRKG Coalition is a community-based organization governed by an active Board of Directors which oversees trail work, a newsletter, a web site and a trail guide book. The Board sponsors hikes as well as an annual March meeting with a guest speaker and

pot-luck supper. The annual meeting is open to the public and past presentation have included talks on wildlife such as Bob Cats; Bear; Coyote; Beaver and talks on natural vegetation and forest lands.

The SRK Greenway sponsors a *Fall Walkabout* every year on Greenway trails, and additional hikes are planned for the summer and winter months. SRKG members maintain the trails and town directors are responsible for trail maintenance in their towns. Membership is \$10 for an individual and \$15 for a family. Our new 3rd edition guidebook can be purchased at Morgan Hill Bookstore and Village Sports, both in New London or from our website.

Please check out the web site at www.srkg.org. It has maps of all 14 trail sections. You can also find schedules of our guided hikes, landowner information and links to other hiking/outdoor opportunities in New Hampshire.

New members are welcome. To join, please visit the website or contact your Springfield Town Directors at Chiarella Law Office at 300 Nichols Hill Road, Springfield, 763-5879.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

I am delighted to submit my first annual school district report to the Kearsarge community as the new Superintendent of Schools. This is the 49th Annual Report of the Kearsarge Regional School District, and it is only fitting to begin this summary with an acknowledgement of the exceptional legacy left by Mr. Jerry Frew, the District's educational leader who retired in June 2015 after seven years of dedicated service. I would like to take this opportunity to publicly thank Mr. Frew for his tireless efforts on behalf of the students in the district, his visionary leadership that brought innovation and quality into our schools, and his deep understanding of the purpose and value of public education as a common good. It is with great joy and enthusiasm that I assume the responsibility of serving as the next superintendent of this distinguished school district.

The 2014-15 school year had indeed been a very busy one. The School Board and the School District had set ambitious goals, and much progress has been made on each and every one of them. With regards to the delivery of a high quality and rigorous curriculum that is aligned with college and career readiness standards across all grade levels, the district implemented a new K-5 Mathematics Program, continued monitoring of the K-5 Reading Program, and started researching appropriate 6-12 English/Language Arts practices and programs. All schools have begun to focus on assessing student writing skills by using writing prompts several times per year. Ongoing efforts to establish a competency based grading and credit granting system are well under way, along with the development and roll-out of standards based report cards. Other initiatives in the area of curriculum and instruction include an expansion of personalized learning through Extended Learning Opportunities, a new focus on project and inquiry based assessment, and the implementation of a world languages

program for grades 6-12. Lastly, the High School prepared for the NEASC Accreditation visit scheduled for November 2015.

The district's commitment to create and maintain high quality learning environments was reflected in the largely completed renovation of the High School Auditorium (which re-opened in September 2015), the modernization of aging equipment in the kitchens at Bradford, Simonds, Middle, and High School, as well as an update of life safety equipment (fire alarm panel modifications) at KRES-NL, KRES-Bradford, and Simonds School. Other Capital Improvement Projects listed in the District Strategic Plan are in varying stages of design or implementation (e.g. roof projects, KRHS wastewater treatment, fire suppression systems, etc.)

Another priority for the 2014-15 school year has been the attempt to increase community, business, and family engagement through more comprehensive and effective district communications. To that end, all schools are increasingly utilizing digital means to disseminate newsletters and other pertinent information. Along with developing a social media policies and procedures, the District and School Board have been improving two-way communication with families, community organizations, and local business partners in order to highlight student achievement and educational opportunities offered in Kearsarge.

Lastly, much important work was completed in developing a student centered, highly qualified, and committed staff who demonstrates a high degree of professionalism in their dealings with learners of all ages. An innovative and complex model of teacher supervision and evaluation has been developed and implemented. Ongoing professional development has been offered to staff with regard to using technology, facilitating student transitions between grades and schools, refining grading practices of academic work, fostering good parent-teacher communications, and promoting pathways to enhance instructional strategies. Kearsarge staff is actively engaged in

improving their skills and techniques in the classroom while focusing on the needs of the whole child or young adult.

Any review of the 2014-15 school year would be incomplete without grateful acknowledgment of the many contributions by those who have decided to say goodbye to the district in June due to deserving retirements, opportunities for career advancements, or other pertinent reasons.

They include:

At KRHS, Thomas Bazos (Assistant Principal), Elizabeth Feingold (Special Education Coordinator), Paul Foster (Guidance), and Trent Woodward (ELO/Online Coordinator).

At KRMS, Donald West (Principal), Percy Hill (Assistant Principal), Sarah Hardy (FACS Teacher), Sandra Hunt (Special Education Coordinator), Laili McCarte (Social Studies Teacher), Lisa Bell (Special Education Teacher), Sonya Kennedy (Nurse), Sondra Brake (Language Arts Teacher), and Heather Bridges (Media Specialist).

At Simonds Elementary School, Judith Pellettieri (Principal)

At New London Elementary School, Gail Wolff (Elementary Teacher) and Jennifer Bockius (Reading Teacher).

At Sutton Central School, Jodelle Wormald (Elementary Teacher).

At James House Preschool, Susan Gleason (Preschool Coordinator)

At the SAU, Jerry Frew (Superintendent) and Michael doCurral (Director of Facilities).

With such transitions always comes the promise of new opportunity and exciting initiative. We extend a warm welcome to the following staff members who have joined the Kearsarge Regional School District for the 2015-16 school year:

At the High School, Amanda Downing (Assistant Principal, previously KRHS PE/Health Teacher), Nicole Tenney

(Guidance), Elizabeth Lincoln (PE/Health Teacher), Molly Quigley (Athletic Trainer), Charles Kellogg (Biology Teacher), and Melinda Wilder (ELO/Online Coordinator).

At KRMS, Stephen Paterson (Principal), Paula Mercier (Assistant Principal, formerly Middle School Language Arts Teacher), Amy Holobowicz (Nurse), Shelby Wischan (Language Arts Teacher), Terry Stoneking (Social Studies Teacher), Maureen McGinty (Media Specialist), and Robin Young (FACS Teacher, formerly KRMS Para-Educator).

At Simonds School, Laura Stoneking (Principal), Mackenzie Senecal (Special Education Teacher), Murphy Rainville (Elementary Teacher), and Lawrence Restuccia (Elementary Teacher).

At KRES-NL, Kelly Collins (Principal, formerly Assistant Principal) and Jennifer Petty (Elementary Teacher).

At Sutton Elementary School, Abigail Fernandes (Elementary Teacher).

At the SAU, Winfried Feneberg (Superintendent), Todd Fleury (Director of Facilities), Rebecca Forrestall (Associate Director of Student Support Services), Nicole Gagnon (Associate Director of Student Support Services), and Melissa Romein (Associate Director of Student Support Services).

The Kearsarge Regional Schools are well positioned to continue the important work of educating all students residing within in the seven district towns. I am looking forward to an exciting and productive 2015-16 school year.

Respectfully submitted,

Winfried Feneberg

UPPER VALLEY LAKE SUNAPEE REGIONAL PLANNING COMMISSION

The Upper Valley Lake Sunapee Regional Planning Commission (UVLSRPC) has been providing professional planning assistance to municipal boards since 1963. The UVLSRPC coordinates inter-municipal planning, acts as a liaison between local and state/federal agencies, and provides advisory technical assistance on development issues. The Commission serves 27 communities in Grafton, Sullivan, and Merrimack Counties.

The Commission's highlight of 2015 was the adoption of the UVLSRPC Regional Plan (available online at regionalplan.uvlsrpc.org). This plan is based on the most extensive public engagement process in the Commission's history and presents a bold vision for the future development of our region over the next twenty years. In addition to the adoption of the Regional Plan, UVLSRPC highlights for 2015 included:

- Responding to more than 150 municipal requests for technical assistance.
- Coordinating four Household Hazardous Waste Collections that served over 1,000 households in the region.
- Coordinating with the NH Department of Transportation to develop the 2017-2026 Ten-Year Transportation Improvement Plan with

approved projects totaling more than \$125 million over the next ten years in the UVLSRPC region.

- Completing more than 110 traffic counts across the region.
- Securing funding to conduct a feasibility study for a new transit service along the I-89 corridor linking New London and Grantham to Lebanon and Hanover.
- Assisting five communities in the region (Claremont, Newbury, Orford, Springfield, and Wilmot) with circuit rider planning services.
- Assisting five communities (Washington, Newport, Grantham, Sunapee, and Goshen) in updating their local Hazard Mitigation Plans.
- Assisting seven communities in the Sugar River watershed (Claremont, Cornish, Croydon, Goshen, Grantham, Newport, and Sunapee) in developing Fluvial Erosion Hazard appendices for their local Hazard Mitigation Plans.
- Assisting three communities (Unity, Washington, and Claremont) in updating their Local Emergency Operations Plan.
- Assisting two communities (Grantham and Lebanon) in developing local culvert inventories.
- Providing administrative and staffing assistance to the Connecticut River Joint Commissions.

Town of Springfield Zoning Board of Adjustment

The Zoning Board of Adjustment is an appeals Board for those seeking relief from the Zoning Ordinance and/or other governmental decisions. The Board hears applications for Variances, Special Exceptions, Equitable Waivers as well as other Appeals from Administrative Decisions. The Board consists of five elected members and three alternates who are appointed by the Board. Alternates are asked to serve in place of an elected Board member if that member is absent or has recused themselves from a hearing.

Currently Susan Chiarella serves as Chairman and Bryan O'Day is Vice Chairman. Justin Hastings, Pete Abair and Rick Corbett make up the remaining three seats. The alternates are Jim Bednar and Tamara Butcher. The terms and expiration of terms can be found at the beginning of this report. Susan Abair continues to provide secretarial support which includes processing applications, notifying abutters, advertising hearings and taking minutes at the meetings.

In 2015 the Board rendered the following decisions:

Appeal from Natural Dharma Fellowship,
Wonderwell Mountain Retreat for a Special
Exception – 253 Philbrick Hill Road,
GRANTED (February 3, 2015);

Appeal from Mark Brunelle for a Special Exception
– Bowman Road, Lot - GRANTED (April 7, 2015);

Appeal from Douglas Albanese and Laura Hazelton for a Variance – 4112 Main Street -GRANTED (July 7, 2015);

Appeal from Brooks Weathers for a Special Exception – Route 4A – GRANTED (September 1, 2015);

Appeal from Scott and Karen Hazelton for an Equitable Waiver – 31 Philbrick Hill – GRANTED (December 1, 2015)

The Zoning Board typically meets on the first Tuesday of each month at 7:00PM at the Town Office Building. Copies of the minutes and decisions are on file with the Town and are available for public inspection. All Meetings are open to the Public

SUMMARY OF TOWN WARRANT – 2015 TOWN OF SPRINGFIELD, NEW HAMPSHIRE

TOWN MEETING

TUESDAY, MARCH 10, 2015 11:00 A.M. TO 7:00 P.M.

SATURDAY, MARCH 14, 2015, 9:30 A.M.

Article 01: Election of Town Officials

To choose all necessary Town Officials for the year ensuing.

NOTE: By law, the meeting must open before voting starts. Therefore, the meeting and polls will open at 11:00 a.m. on Tuesday, March 10, 2015 for the consideration of Articles 1 through 4. At 12 noon, the meeting will recess, but the polls will remain open until 7:00 p.m. The meeting will reconvene at the Town Hall on Saturday, March 14, 2015 at 9:30 a.m. to act on Articles 5 through 8.

Moderator Richard Kipperman opened the meeting at 11:00 a.m. and the polls were opened. At 12 noon, Moderator Richard Kipperman recessed the Town Meeting until March 14, 2015 at 9:30 a.m. The polls were kept open until 7 p.m. and the votes were tallied.

Article 02: Zoning Amendment No. 1

To see if the Town will vote to adopt Amendment No. 1 to the Springfield Zoning Ordinance (Altering the provisions of Section 3.13 concerning workforce housing), as proposed by the Planning Board. Copies of the complete proposal are on file for public inspection at the Town Offices and will be available on the day of voting. The following question will appear on the Official Ballot: “Are you in favor of Zoning Amendment No.1 as proposed by the Planning Board for the Town’s Zoning Ordinance as follows: Amendment No. 1, adds language

providing for the approval of workforce housing (as defined by state law, RSA 674:58) through the issuance of a conditional use permit by the Planning Board. The amendment establishes criteria which must be met, including a requirement for a covenant and lien to be held by the town to assure continued affordability.”

NOTICE

If you own real estate lots that were involuntarily merged by municipal action, you may be able to have those lots restored to their pre-merger status.

Your property may qualify if two or more lots were merged for zoning, assessing, or taxation purposes and the merger occurred:

- During your ownership, without your consent; or
- Prior to your ownership, if no previous owner consented to the merger.

To restore your property to pre-merger status, you must:

- Make a request to the local governing body
- No later than December 31, 2016.

Once restored:

- Your properties will once again become separate lots; however, they must still conform to applicable land use ordinances. Restoration does not cure non-conformity.

This notice must be:

- Posted continuously in a public place from January 1, 2012 until December 31, 2016, and
- Published in the 2011 through 2015 Annual Report.
