**ANNUAL REPORT TO TOWNS  
GILSUM, MARLOW, NELSON, STODDARD,  
SULLIVAN & SURRY**

The Agency has provided the services of a registered nurse on a visiting part-time basis for twenty hours per week. A registered physical therapist and a male licensed practical nurse are available by appointment on a contract arrangement. Nursing services offered include skilled care of the sick at home, health guidance and assistance in referral to other community resources.

The Child Health Conference which provides free medical supervision and immunizations to low-income families has been maintained. The clinics are held in the Gilsum Church on a monthly basis. This program has provided 36 children in 21 families with 97 doses of vaccines in 96 clinic visits.

In addition a family health discussion group has been held in conjunction with the C.H.C. All parents are invited to this informal discussion with the doctor about pertinent health topics.

It is the people of the towns who have made these services available with tax money and contributions to our membership drive. Many have helped by volunteering their time to serve on the Board, on committees, in membership drives, assisting at clinics and providing transportation. Without all of your help it would be impossible to provide these important services.
