TROY TOWN REPORT

TROY, NEW HAMPSHIRE

Year ending December 31, 1981

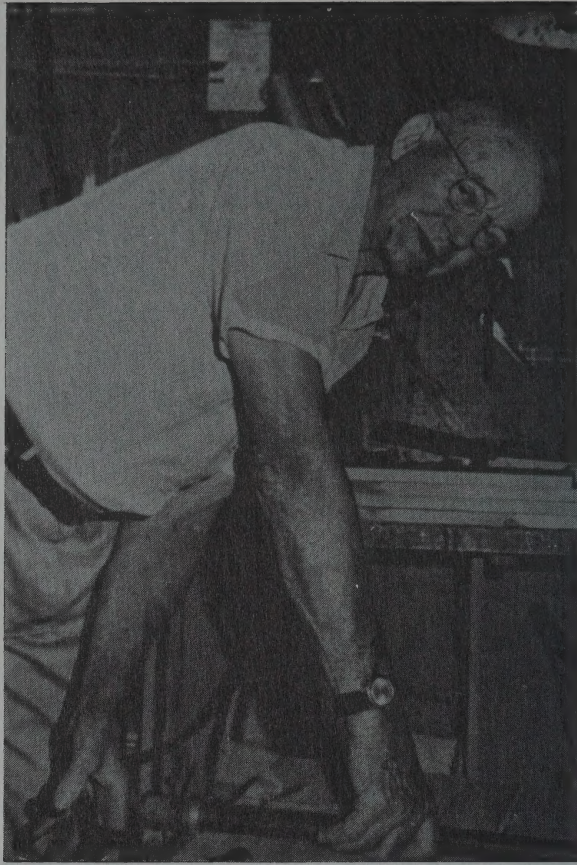

BERTHA M.C. GOODNOW
1887 - 1981

At the age of 94, Bertha M.C. Goodnow, Troy's oldest resident, died December 25, 1981, at her home after a short illness.

She was born in Troy March 15, 1887, daughter of Warren and Etta (Peck) Clark, and had lived in Troy all her life. She was a 1905 graduate of Troy High School and was a member of the Twenty-Five Year Club.

Mrs. Goodnow worked for many years at Troy Mills Inc., retiring at the age of 80. She was an active member of the Troy Baptist Church, having joined the church in 1905. She was a 50-year member of the Auxiliary of Sons of Union Veterans of the Civil War and was an active member of the Troy Senior Citizens. As Troy's oldest resident, she had held the Boston Post Cane since 1978.

JAMES E. WHITCOMB
1888 - 1981

James E. Whitcomb was born in Troy, October 5, 1888, the son of Oliver and Ellen (Parker) Whitcomb and was a life long resident of Troy.

He was a carpenter and craftsman, having worked for 13 years at Keene State College until he retired in 1968. A college maintenance building was dedicated in Mr. Whitcomb's name.

He was an avid mountain climber. In 1969, when he was 80, Mr. Whitcomb climbed Mount Washington, the highest peak in the Northeast, for the 23rd time. He said at the time that he had climbed Mount Monadnock 33 times in 33 years after his wife died in 1946. He lived near the foot of the mountain whose trails he had explored since he was a boy.

SELECTMEN'S REPORT

Again this year, the Selectmen will begin this report with the subject of inflation.

We all know that property taxes went up 27% in 1981. Many factors caused this dramatic increase that was not only felt in Troy but in 99% of the Towns in New Hampshire. Quite a few of the Towns had their tax rates jump over 50%.

One major factor in the increase was due to the economy of the Country at the present time. People are not able to spend as they were previously doing and the end result was a lot less income to the State and Towns from various taxes.

Tax income on gasoline, interest dividends, businesses, recreation, etc. was down last year on the State level. In Troy our income dropped from the State and also from Motor Vehicle Registration fees, dog fees and resident taxes. This is all tied together with increases in Town, County and School expenses all combined to increase the taxes. We also had less new building and construction to add to our tax base. Both elderly and Veteran's exemptions have increased due to present State laws that pertain to them.

The Selectmen did attend the Monadnock Regional High School Budget Committee meeting chaired by David Adams and were very pleased at the result of their hard work. As one of the biggest expenses that concern each Town's taxes, we were disappointed to see only about 50 people there. We are hoping that the County taxes can be kept in line, which will be difficult with the Federal Government forcing more responsibility to the State and the State to the County in the Social Services and Welfare areas.

Your Town Budget Committee put in a lot of hard working hours and have produced a bare bone Town Budget.

The Sewer Project is well on its way and is covered in a special water sewer report elsewhere in this Town Report.

We are pleased that more people are taking pride and interest in the Town to where it is becoming a picturesque New England community. We seem to be gaining in visits from tourists to this area which helps our local businesses.

The Troy Arts Festival was successful this year and the indications are it will be an ongoing event for years to come.

The Troy Community Players have produced many fine plays in the Town Hall and their fame is spreading. If you miss these shows it is your loss.

We do ask the Citizens of Troy who want to participate in the Town to come forward and let us know who you are. We are always looking for new members on the Planning Board, Board of Adjustment, Conservation Commission, Recreation Committee, Industrial Development Committee and numerous others. New ideas make Troy a better community to live in.

The JC's and their ladies are doing good work and always are looking for new members.

You have an Explorer Post, Boy Scout Troop, Girl Scouts, Cub Scouts and Brownies in Town thanks to our volunteer leaders and they can always use help.

The Selectmen want to thank all the people who have become involved in Town Committees and activities who have worked to make Troy a desirable Community to live in.

REPORT OF TROY WATER WORKS

This year the original Troy Water Works has become the Troy Water and Sewer Department. The change in name as been paralled with a change in the board from three to five commissioners and the creation of a full-time Superintendent.

During the past year CETA workers assisted in locating 98% of the street water shutoffs. The hydrants were given their annual flushing and the reservoir was cleaned.

In the fall, after considering eleven applications for the position of Superintendent, Richard Martin was hired. He has been following the sewer work started by Crowley Construction Company, Park Construction Company and Charwell Company, as well as setting up new card files on all water customers. He is also working on an ongoing program of meter repair and replacement. This includes the installation of remote readers to facilitate meter reading. He is doing an excellent job and the advantages of having a full-time Superintendent are already apparent.

The future for the Department promises to be extremely active with construction commencing on the treatment plant in the spring, as well as the continuation of the underground work now in progress.

TROY SEWER PROJECT

As most of you know, the Troy Sewer Project is well under way. The Contractors got a good head start this fall due to good weather and will be going full steam in the spring.

At present, Contract #9, laying sewer pipe, is being done by Park Construction of Fitzwilliam, N. H. Contract #10, sewer pipes, by Crowley Associates of Leominster, Mass. and Contract #7, the pumping station at the end of School Street, by Charwell Construction of Meredith, N. H.

By the time you receive this report the bids for the Sewer Plant will have been let on March 1, 1982.

Each Contractor has 365 working days to complete his contract.

When all the pipes are in the ground and hopefully no more digging is necessary, the road will be paved 1" thick from edge to edge by the Contractor.

To give us better roads, the Road Agent is going to concentrate on filling in ruts and holes to give the paving contractor as flat a surface as possible to lay the paving. This will result in a better finished project and should give us some decent streets for the future.

The engineers are in Town every day and are going house to house to assist in your decision as to where the sewer hookup will go.

From your vote of last Town Meeting, you now have a five man Water Sewer Board. They have hired a Superintendent who is doing a tremendous job in bringing the Water Department up to modern times. The Selectmen feel that the Troy Water Sewer Commissioners and the Superintendent will have a very efficient operation in the near future. They will be very involved in rate setting and ordinances that are required to be written before the sewer system becomes operable.

The Engineer that is assigned to each Contractor is there to look out for the Town's interest. If you need information, don't hesitate to ask the Engineer or the Superintendent of the Water Sewer Department.

SEMI-ANNUAL PROPERTY TAX BILLING

The Selectmen of Troy recommend that the Town adopt semi-annual property tax billing.

Most towns in New Hampshire are going with this recommendation to assist in saving tax money. At present tax bills are sent out in November and have to be paid within 30 days of billing. As the tax money comes in at the end of the year, it requires the Selectmen to buy tax anticipation notes to finance the operation of Town Government.

The cost of borrowing money in the present economy is high and unpredictable. It will be to the benefit of the taxpayer if we do not have to borrow so much during the year.

The state has changed their dates of payments to the towns of business profits tax, room and meals tax etc. to a later date. Up to now, the state was paying the towns before they had collected the taxes, thus costing them millions in interest. By paying towns after the money is collected will make state government more efficient.

If we bill semi-annually, tax bills will be sent out on 1 June and 1 December. The taxpayer still has 30 days in which to pay their taxes before the interest penalty starts.

The 1 June tax bill would be $1/2$ of the previous year's tax bill. The 1 December tax bill will be at the present year tax rate minus your June payment.

This will, if adopted, cut the cost of town taxes a fair amount.

LIBRARIAN'S REPORT

Thanks to all of you who have made contributions of books to the library during the year, and especially to Robert Diercks and Sidne Lewis who contributed books and a bookcase now used for storage of paperbacks.

Budget cuts sustained in 1981 disqualified us from the Statewide Library Development Program whose guidelines we use to provide adequate service to the community. If we should in the future meet their standards, we will be able to take advantage of the help they offer to town libraries.

Mrs. Ervin Doyle left us at the end of the year and Miss Kelly Highter is the new Library Aid.

Last June Mrs. Joan Blanchard from the state library staff spoke to a group interested in forming a Friends of the Library. Meetings are regularly held in the Ripley Room on the second Thursday of every month at 7:30. Their membership fee is \$1.00 per person and everyone is invited to join. During the coming year they plan to implement some of the many ideas they have for programs and projects. The library board and staff welcome their support.

The Ripley Room is being used by groups to a greater extent than it has been in the past. The Arts Festival, Jaycee Women and Senior Citizens have met there as well as the New Hampshire Commission on the Arts and the Keene Adult Tutorial Program. Any one who is interested in either becoming a student in reading, math, high school equivalency or English as a second language or who is interested in offering their teaching services may come to the library on the fourth Thursday of any month between 1:30 and 2:30 to speak to Mrs. Ann Benaquist to find out how the tutorial program may help. Any other organization which is interested may call the librarian to make reservations.

Individuals are encouraged to read and study in the Ripley Room. Books for youngest readers continue to be temporarily shelved there until renovations downstairs are finished.

A combination screen door was purchased this year.

The bookmobile has been discontinued. We will regularly receive state books again when their van service is scheduled for this area sometime later this year.

Circulation figures do not compare favorable with last year.

We are pleased however that there is a greater use of our audiovisual material. We supplied the movie projector to the Boy Scouts, Recreation Program and Baptist church and films to the Boy Scouts. A filmstrip projector and filmstrips are also available.

TROY POLICE DEPARTMENT

1981

Many changes have occurred within the police department in the past year.

The Chief of Police, Pierre LaGrenade, while in performance of his duties, was injured and hospitalized as a result of an automobile accident caused by a drunk driver. The chief, due to his hospitalization and medical treatment, has been unable to assume his duties since the early part of 1981. He is now on the mend and is expected to resume his duties around 1 March, 1982.

Sgt. Charles Adams was also on medical leave as a result of surgery last April. "Charlie" returned to duty in November.

An Acting Chief was appointed to assume the duties of Chief of Troy Police Department.

The position of a full-time officer has been deleted from the roster. These duties have been assigned to part-time personnel.

As required by State of New Hampshire, Police Standards and Training, five part-time officers have successfully completed training.

A used police cruiser has been purchased and is now in use. The vehicle is the same make, model, and year as the old cruiser and has very low mileage.

I would like to take this opportunity to thank everyone who has assisted and supported this department over the past year. Their efforts and cooperation have contributed to Troy having one of the lowest crime rates in the State of New Hampshire.

Special thanks to the officers of the Troy Police Department for their patience and cooperation during the absence of Chief LaGrenade and Sgt. Adams.

FIRE DEPARTMENT REPORT

The members and officers of the fire department would like to thank the Citizens of Troy for their help in keeping fires to a minimum.

Through our fire prevention program at school each year, the children are learning the danger of fires. At the end of 1982 we will have a total of 12 certified fire fighters.

In the town report this year you will find two diagrams of proper installation of fire detectors and wood stoves.

Most of the men have had training at Meadowood fire school.

The members of the fire company last summer started a clean-up and seeding of new grass around the area of the fire station, which involved a lot of volunteer hours. We would like to say thanks to the members of the company for this project.

With the cooperation of the townspeople, we have plans to use the capital reserve funds for the purchase of a new or used fire truck capable of handling the needs of the town.

The Stage Coach house fire on route 12 should serve as a reminder that houses unoccupied are the targets of suspicious fires. People have to get involved when seeing a vehicle around one of these unoccupied houses and report it to your police dept. or Fire Mutual Aid to have it checked out, and maybe we can stop a fire or theft before it starts.

Thank you,

Chief John Callahan, Jr.
Deputy Chief Clifton Cole
Deputy Chief Raymond Dicey

TROY FIRE DEPARTMENT WEEKLY BREAKFAST

To the residents of Troy we offer the following information.

For over 4 years your fire department has served breakfast from 6 a.m. to 10 a.m. every Saturday morning.

The breakfast is open to the public and offers very reasonable prices.

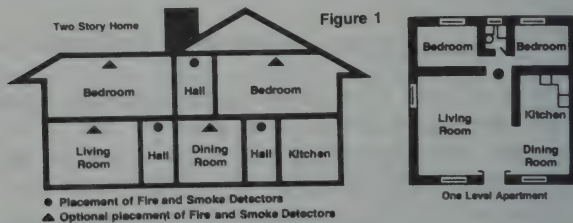

Profit made on the weekly breakfast goes to buy equipment, improve the fire station, and to assist worthy projects and need in the Town of Troy.

We can say that the fire department through these breakfasts have saved the town thousands of dollars in tax money.

We offer an invitation to all to stop by and enjoy a good wholesome meal, get the latest news and relax on Saturday mornings.

In spirit of cooperation, the Fire Department and the breakfast committee offer the service of the Saturday morning breakfast to local organizations to assist them in their fund raising projects for the Community.

The Breakfast Committee

However, to provide the earliest possible warning, the detector should *not* be placed in "dead air spaces." These are areas where there is little or no air circulation.

To avoid dead air spaces, follow these simple guidelines: (See Figure 2)

- Place at least 12" from the wall, if ceiling-mounted.
- Place 6-12" from the ceiling, if wall-mounted.
- In mobile homes, the U.S. Department of Housing and Urban Development (HUD) recommends locating a wired-in smoke alarm on an inside wall in the hallway between living room and first bedroom. Battery-operated smoke alarms may be used for additional supplementary protection.

Where NOT to put it:

- Do *not* install detector in unheated areas or in locations where ambient temperatures exceed 100°F.
- Do *not* put the detector in or near kitchen or oil burner. Normal cooking activities will trigger the alarm.
- Do *not* install directly adjacent to heating or cooling vent, or where open windows or doors create high air flow.
- Do *not* install in garages where fumes would trigger the alarm.

DOGS

Violation of Restraint and Leash Laws, as well as failure to obtain Rabies Vaccination and Licenses, are a major problem.

During 1982, in order to protect the rights of others, violation of Restraint Orders and Failure to License Dogs will result in seizing dog and/or summons issued.

CATS

Although Leash and Restraint Laws do not at this time apply to cats, it is becoming a major problem.

Cat owners are requested to try to provide adequate shelter as well as regular feeding for their cats. This will discourage them from seeking food and shelter elsewhere.

It is suggested that neighbors do not feed cats unless you want them continually at your door step.

DEER

This has been an extremely difficult winter for deer. The depth of the snow with its crust, prevents their normal movement and results in their being run down by dogs.

Please make note that dogs seen running deer may be disposed of by any Law Enforcement Officer.

PUBLIC WELFARE DEPARTMENT
1981

Welfare Aid to qualified recipients has increased over 1980. This is due to the increase in the number of persons receiving aid and the amount of aid rendered.

	<u>1980</u>	<u>1981</u>	<u>AID RENDERED</u>
State of New Hampshire	\$2,239.90	\$4,065.18	Old Age Assistance, Aid to Totally Dis- abled, Nursing Home, Foster Care, Medical
Cheshire County Commissioners	\$1,541.60	\$1,134.49	Food, Rent, Medical

Town of Troy (Direct Aid)	\$2,276.85	\$1,864.42	Food, Rent, Utilities, Administrative, Medi- cal, Fuel

As a result of recent changes, Federal and State, the financial liabilities of New Hampshire Towns' will increase substantially during 1982.

It is impossible, at this time, to measure what the impact may be on the Town of Troy.

This department will make every effort to screen and investigate each applicant requesting aid.

The work program will continue as in the past.

REPORT FROM THE SOUTHWEST REGION PLANNING COMMISSIONERS

The Town of Troy, as a member of the Southwest Region Planning Commission, is one of a growing number of communities which have recognized and support the benefits of regionalism in their areas. As evidence of this growth in recent years, in 1974, 142 of the 234 local governments in the state were members of regional planning commissions, while today 201 can be counted as member towns.

As membership in regional planning commissions has grown, so have the areas of involvement and responsibility. Regional planning Commissions provide a diversity of services to local governments which is not, has not, and can not be provided by any other agency, or array of agencies--federal, state, or local--at comparable cost. These services are basically "one on one" at the local/grassroots level and have had the advantage of fostering trust and credibility within the arena of local home rule. Historically, the regional planning commission has responded to the needs, desires, and problems of local governments both on an individual and regional basis.

The Southwest Region Planning Commission's relationship with its member communities is enhanced by Commissioners who are a representative cross section of lay personnel (City Councilmembers, Selectmen, State Representatives; together with members of local boards and commissions and citizens at large, appointed by and accountable to their Boards of Selectmen or the Keene City Council).

The Southwest Region Planning Commission is an "in place" agency, familiar with its area, with a proven and demonstrated capability for assessment and implementation of local and regional policies, programs and plans as they affect local governments.

Value which the Town of Troy specifically gains through its membership in the Regional Planning Commission is as follows:

- Continued monitoring of the town's development in light of the projections and recommendations of its recently completed Comprehensive Plan.
- Technical assistance in planning, zoning and development matters, including review and recommendations for change of zoning and subdivision regulations, and review of conformity of subdivisions proposals with local land use controls.
- Access to seminars and workshops regularly conducted by the Regional Planning Commission to help towns keep abreast of new and changing conditions and court decisions concerning planning and development matters.

- ° Access to review, evaluation and interpretations of new legislation at both the federal and state levels. Assessment of its impact on member towns, and recommendations concerning appropriate actions to be taken.
- ° Involvement with the Regional Planning Commission in responding to the state's new solid waste legislations recommending initiatives to be taken by communities, in a collective or regional manner, to deal with solid waste management. This legislation has significant impact and implication on how local towns must deal with solid waste management and disposal within a specific time period.
- ° Assistance in the development of applications to obtain federal funds to assist the town in its economic development program.
- ° Opportunity to take advantage of the Regional Planning Commission's circuit riding administrative assistant program, computer capability, and newly organized collective purchasing program which will join several towns together for bulk purchasing in order for each to reap substantial gains over independent purchasing.

TROY SENIOR CITIZENS

In our fourth year, we had good attendance at the monthly meetings and at the October banquet.

There were two trips, and elderly shut-ins were remembered with May baskets and Thanksgiving fruit baskets. The June bazaar, a craft table at the Arts Festival and a sale in October were all successful.

We appreciate the hospitality of East Hill Farm for our meetings, and thank the Verburgs for inviting us to their home for the July picnic.

I thank the officers, committee members and hostesses who served in 1981 for a job well done.

The 1982 officers are: Minnie Mattson, president; Ann Lagrenade, vice-president; John Verburg, treasurer; Beatrice Merri-field, secretary; and John Morrison, publicity.

Ruth Rantilla

TROY PLANNING BOARD

The Planning Board meets regularly on the first and third Tuesday of each month at 7:30 p.m. in the Town Hall. Residents and taxpayers are always welcome.

Six subdivisions and three boundary line adjustments were approved by the board during the year.

At a public hearing held December 1, 1981, it was decided to amend the Subdivision Regulations with Amendment XV, charging \$20.00 per created lot in addition to the other related charges to be paid by the applicant.

Article XV Paragraph A4 - Frontage- change width of lot to Distance as measured along a public road.

BOARD OF ADJUSTMENT

The Board of Adjustment was created to hear petition for variances and special exceptions to the zoning ordinance of the Town of Troy and to issue permits to operate mobile home parks.

The Board holds regular business meetings on the second Wednesday of January, April, July and October at 7:30 p.m. in the Town Hall.

Hearings of petitions for variances and special exceptions are held upon request.

Seven cases appeared before the Board of Adjustment in 1981.

Forms to request a special exception or variance are available from the Town Clerk of Troy.

All meetings and hearings are open to the public and everyone is urged to attend.

The following information is offered in applying for a special exception or variance.

A comprehensive plot plan is recommended as a requirement in Zoning Board of Adjustment applications. Since a similar plan is usually necessary when making application for a building permit, such a plan can serve a dual purpose. Its absence in either situation could result in delay and/or misunderstanding of written file records.

Zoning Ordinances, Subdivision Regulations and Building Codes may require that a Plot Plan be prepared by a competent Registered Engineer or Surveyor (New Hampshire Revised Statutes Annotated 319-A.) A field survey and evaluation may be necessary in order to gather sufficient information. In many cases sufficient data may be obtained from the description contained in the deed to the land.

It is seldom necessary that an engineer or surveyor appear as a witness in a zoning appeal, as his completed plot plan will usually be sufficient to tell the whole story to the Board.

A complete plot plan, for purposes of either a Building Permit or Zoning Appeal, could contain most, if not all, of the following features:

Plot Plan should be dated, signed and have the official Registered Engineer or Surveyor seal imprinted, contain a drawing number, be up-to-date or updated and be drawn to scale with a North-South arrow. The plot plan should also show:

- a - The lot dimensions and bearings and any bounding streets and their right-of-way widths or half sections.
- b - Location and dimensions of existing or required Service areas, Buffer zones, Landscaped areas, Recreational areas, Safety Zones, Signs, Rights of Way, Streams and Drainage, Easements and any other Requirements of Codes.
- c - All existing buildings or other structures with their dimensions and encroachments.
- d - All proposed buildings, structures, or additions with their dimensions and encroachments and indicating "proposed" on the plan.
- e- "Zoning envelope", which is made by set-back lines obtained from the Zoning Ordinance. Indicate the Zone Classification. Locate any zone change lines. Corner lots sometimes have alternate choice of which is to be the front yard. Indicate all setback dimensions.
- f - Any required building heights.
- g - Computed lot and building areas and percentages of lot occupancy.
- h - Elevations, curb heights and contours, if required or, if relevant.
- i - Location and Numbering of parking spaces and lanes with their dimensions.
- j - Required parking spaces and how computed.
- k - Any required loading and unloading and trash storage areas.
- l - Dimensions and directions of traffic lanes and exits and entrances.

For those persons appearing at a Zoning Appeal Hearing access to the plot plan provides a visualization of the applicant's intentions and alleviates abutter's and interested parties' concerns.

KEENE VISITING NURSE ASSOCIATION REPORT

May 1, 1981 - December 31, 1981

Effective May 1, 1981, the Troy Visiting Nurse Association decided to discontinue its agency. The Keene Visiting Nurse Association agreed to provide all of the services available to the Keene residents to the Town of Troy residents with the understanding that the balance of the Town appropriation be made available to KVNA along with the use of space. No assets of the Troy Visiting Nurse Association were assigned to the Keene Visiting Nurse Association other than disposable medical equipment and a used nursing bag. It was understood that the desks and related equipment belonged to the Town of Troy. Other items have been or are in the process of being disposed of by those responsible for the phasing out of the activities of the Troy Visiting Nurse Association.

A total of 286 visits were made to Town of Troy residents from May 1, 1981 to December 31, 1981.

Those visits were in the following categories:

Nursing	198
Physical Therapy	33
Home Health Aide	55

Seven (7) clinics were held:

6	WIC clinics
1	Immunization clinic

On January 1, 1982, Home Health Care and Community Services became responsible for providing home health care services to the residents of Troy.

WAR MEMORIAL-RECREATION COMMITTEE REPORT SUMMER 1981

1981's summer at the Sand Dam offered more than swimming lessons. The five person staff was all female, and kept the children busy all day. Director Gail Carter was available for pick-up street hockey games, tennis lessons, canoeing lessons. She offered two bike rodeos that went over big with the 8-12 year old dirt bikers.

The preschool program run by Kathy Marrotte was attended by 25 3-6 year olds. She has some handy volunteer helpers in the older girls and the committee would like to thank them for their assistance.

The swimming lessons, run by aquatic director Kathy Lafond, started with large classes as usual, though attendance tapered off toward the end of the summer.

Hikes up Monadnock and Gap Mountains, an overnight at Camp Takodah, and softball games with the Fitzwilliam Rec were also part of the summer. The swim-a-thon-jog-a-thon raised money for a trip to Bensons, one to Riverside Park, and an ice cream eat-a-thon.

The final fun week saw the shack transformed into a haunted house, and the screams could be heard clear down to the diving board. The penny carnival is always a popular event and the family cookout evening drew a crowd.

The craft classes offered everything from sand candles to pantyhose people to pinatas. Thanks to the older kids, two pinatas were made to be broken at the Arts Festival.

A sub-committee was authorized to handle the north end ball-field. Headed by Frank Obuchowski, it includes representatives from each group that uses the field. These volunteers helped bring and keep the field in playing condition. Thanks are in order to Jim MacPherson and the highway crew for their help.

The Rec committee would also like to thank the Jaycees for the repairs to the shack and hope we can call on them again in the spring.

The summer did not run without a hitch. Vandalism is always a problem. The outhouses need attention, as do the little league dugouts.

The committee has been expanded and currently has ten members. We are open to suggestions and would especially like to hear from parents whose children use the facilities. Any suggestions for an inexpensive winter program? Or how the Sand Dam facility could be

improved or put to better use? The committee meets the second Tuesday of each month, 7:30 at the Town Hall--visitors with ideas and comments are always welcome.

T.E.A.S.I.

To the citizens of Troy,

I would like to take a moment of your time once again to update you on the progress of your ambulance. We are fast approaching the end of our seventh year in serving you as a free service. We have proven time and again our faithfulness and steadfastness in always being there when you needed us. Because of the dedication of this small group, we have become like a faithful watch dog - there in the background - silent, ready and willing to be at your service when needed. But because we are silent does not mean that we are not active. It takes much time and energy to keep this corporation a smooth and efficient running service. This is where I would like to sincerely thank the members of T.E.A.S.I. who are responsible for this excellent dedication. Their speed in answering calls, their interest in keeping their education current, their sincere interest in protecting you and yours from emergencies, and their continual interest in the up-keep of the ambulance, all take time from their private lives and deserves a big thank-you.

Another big thank-you, goes to you - our public who support us each year faithfully. With the donations we receive from you, we maintain the ambulance mechanically, stock medical supplies, and soon will have to use funds to purchase a new ambulance. Our education is becoming more involved each year and the members are keeping up with all the new life-saving measures that are required to turn emergencies into non-emergencies.

Seven years ago, we promised to provide you with a totally tax-free twenty-four ambulance service - we did, we are, and we plan to continue this service. Your help is still needed during an emergency - please be sure to give accurate details, name address and if possible at nighttime, put a light on.

Remember, the number remains the same to reach us - 352-1100. From myself and the T.E.A.S.I. crew, we hope you all have a safe and healthy year.
