Trustee of Trust Funds for 3 years	Ira R. Evans	310

Article No. 2: The results of the vote on the adoption of the following amendment to the existing Town Zoning Ordinance, as proposed by the Planning Board: Amend Section 5.01 of Article V by adding at the end of said section the following sentence: "Any use not listed in this Table shall be construed to be prohibited."

Yes 499 No 170

Article No. 3: The results of the vote on the adoption of the Amendment, as proposed by the Planning Board, to the Town Ordinance whereby the Town adopted The BOCA Basic Building Code with amendments, as follows:

By replacing the existing 1975 Edition of said BOCA Basic Building Code, as amended, with the updated 1978 Edition of said Code, said 1978 Edition to include the same amendments as were made to said 1975 Edition insofar as pertinent and applicable, and also to include a

new amendment containing more stringent regulations relating to Factory Built Chimneys for wood and coal burning devices.

Yes 514 No 157

Article No. 4: The results of the vote on the adoption of the Amendment, as proposed by the Planning Board, to the Town Ordinance whereby the Town adopted The BOCA Basic Mechanical Code with amendments, as follows:

By replacing the existing 1975 Edition of said BOCA Basic Mechanical Code, as amended, with the updated 1978 Edition of said Code, said 1978 Edition to include the same amendments as were made to said 1975 Edition insofar as pertinent and applicable, and also to include a new amendment containing more stringent regulations relating to Factory Built Chimneys for wood and coal burning devices.

Yes 469 No 157

Article No. 5: The results of the vote on the adoption of the Amendment, as proposed by the Planning Board, to the Town Ordinance whereby the Town adopted the One and Two Family Dwelling Code with amendments, as follows:

By replacing the existing 1975 Edition of said One and Two Family Dwelling Code, as amended, with the updated 1979 Edition of said Code, said 1979 Edition to include the same amendments as were made to said 1975 Edition insofar as pertinent and applicable, and also to include a new amendment containing more stringent regulations relating to Factory Built Chimneys for wood and coal burning devices.

Yes 457 No 173

Article No. 6: The results of the vote on the adoption of an Ordinance incorporating by reference and enacting The BOCA Basic Fire Prevention Code, 4th Edition, 1978, with certain supplemental provisions, additions, insertions and changes, all as proposed by the Planning Board.

Yes 436 No 182

Article No. 7: The results of the vote to adopt the provisions of RSA 72:62 so as to grant a property tax exemption for real property equipped with a solar energy heating or cooling system which exemption shall be in the amount of 50% of the cost of the solar energy system up to a maximum of \$10,000.

Yes 347 No 303

Article No. 8: The results of the vote to adopt the provisions of RSA 72:70 so as to grant a property tax exemption for real property equipped with a wood heating energy system which exemption shall be in the amount of 50% of the cost of the wood heating energy system up to a maximum of \$3,000.

Yes 379 No 277

Article No. 9: The results of the vote to approve two (2) sessions for the Annual Town Meeting in this Town, the first session for choice of Town Officers elected by an official ballot and other action required to be inserted on said official ballot, and the second session, on a date set by the Selectmen, for transaction of other business.

Yes 371 No 278

Article No. 10: The results of the vote to authorize the Selectmen to accept in the name of the Town parcels of land in residential subdivisions which the Planning Board may require to be designated and set aside for town recreational purposes pursuant to RSA 36:21 and which may be conveyed to the Town by appropriate deeds as contemplated by Article VIII E of the Revised Land Subdivision Regulations of the Town of Bow as now or hereafter amended.

Yes 453 No 190

Article No. 11: The results of the vote to authorize the Selectmen to accept in the name of the Town deeds conveying to the Town a fee or easement interest in lands set aside for roads in subdivisions which have been approved by the Planning Board and upon which have been constructed roads conforming to the specifications of the Revised Land Subdivision Regulations of the Town of Bow as now or hereafter amended and which have been completed and approved by the Town Engineer as required by said Subdivision Regulations, such roads to become public highways upon the acceptance of such conveyances by the Selectmen.

Yes 497 No 133

Article No. 12: It was voted upon closing of the polls to recess all further business under the Warrant, and to reconvene at the Bow Memorial School auditorium at eight o'clock in the evening of this date for the resumption of the meeting.

Article No. 13: The article to appropriate the sum of eighty thousand dollars

(\$80,000) for the purpose of constructing a two bay addition to the Highway Garage, and to authorize the Selectmen to withdraw twenty-six thousand, two hundred thirty dollars (\$26,230.00) for this purpose from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972, and to raise the remaining fifty-three thousand, seven hundred and seventy dollars (\$53,770.00) by taxation was defeated.

Recommended by the Budget Committee.

Article No. 14: The article to authorize the Selectmen, through the Water Commission to conduct a study to identify sources of water within the Town which could be used for public water supplies, should it become necessary in the future, and to raise and appropriate a sum not to exceed fifteen thousand dollars (\$15,000.00) for this purpose was defeated.

Recommended by the Budget Committee.

Article No. 15: It was voted to appropriate three thousand five hundred dollars (\$3,500.00) for a mowing machine, and to authorize the Selectmen to withdraw the amount required for this purpose from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972.

Recommended by the Budget Committee.

Article No. 16: It was voted to appropriate the sum of twenty-four thousand, five hundred and seventy dollars (\$24,570.00) for the completion of a Tax Map, and to authorize the Selectmen to withdraw the amount required for this purpose from the Revenue Sharing Fund established under provisions of the State and Local Assistance Act of 1972.

Recommended by the Budget Committee.

Article No. 17: It was voted to raise and appropriate the sum of fifteen thousand dollars (\$15,000.00) to improve the public highway known as the Dunbarton Center Road, the State to furnish an equal amount.

Recommended by the Budget Committee.

Article No. 18: The article was amended to raise and appropriate the sum of one thousand, three hundred and twenty-six dollars (\$1,326.00) for Town Road Aid Construction, the State to furnish the amount of eight thousand, eight hundred and forty-four dollars (\$8,844.00).

Recommended by the Budget Committee.

Article No. 19: It was voted to appropriate the sum of five thousand, seven hundred dollars (\$5,700.00) to replace a police cruiser, and to authorize the Selectmen to withdraw the amount required for this purpose from the Revenue Sharing Fund established under provisions of the State and Local Assistance Act of 1972.

Recommended by the Budget Committee.

Article No. 20: It was voted to ratify, approve and confirm the action taken by the Town under Article 8 of the Warrant for the annual meeting of the Town held on March 13, 1979, to the extent that such action deviated from the language of said Article 8. **Note:** At the 1979 annual meeting the Town voted to fund in part a \$30,000.00 appropriation for the acquisition of a new tax map by withdrawing \$5,000.00 from the 1962 Capital Reserve Fund for replacement and reconstruction of Town buildings and by withdrawing \$15,000.00 from the 1958 Capital Reserve Fund for replacement of Town buildings, rather than by withdrawing \$10,000.00 from each of said Capital Reserve Funds as contemplated by said Article 8. The balance in the 1962 Capital Reserve Fund was \$5,000.00 and not \$10,000.00 and the 1979 annual meeting acted in accordance with this information, rather than following the literal wording of said Article 8.

Recommended by Budget Committee.

- Article No. 21: It was voted to authorize the Selectmen to borrow money in anticipation of taxes.
- Article No. 22: It was voted to accept the budget as \$1.117.359.00. **Note:** The article was amended to increase the Recreation budget as shown in the Town Report by \$1,470.00 for the purposes of part-time salaries, bus drivers and gasoline, bringing the total approved budget to \$1,118.829.00.
- Article No. 23: It was voted to accept reports as printed in the Town Report.
- Article No. 24: As there was no more business to transact the meeting adjourned at 10:10 P.M.

Cynthia M. Batchelder. Town Clerk

SELECTMEN'S MESSAGE

The Town in 1980 had only 33 new single family building permits issued, which was an increase of just 2 permits over 1979. This is due to the economic situation and looks like this trend will continue for another year.

We are submitting a two bay addition to the highway garage again this year, as we feel it is badly needed for the amount of vehicles we are servicing, which includes school buses. We have eliminated the lift in the garage due to the citizen input at the public hearing of the Budget Committee.

This year there will be a special Town Meeting sometime in September for two reasons:

- #1 To see if the Town will adopt the Zoning Changes presented by the Planning Board. This is to implement the master plan, which has been formulated over the past two years.
- #2 To adopt a site and appropriate a sum of money to establish a sanitary land fill for the Town's future needs. This is necessary as Concord's land fill is rapidly being filled and already some of our businesses are not allowed to use these facilities. Also, the Concord land fill will only accept certain industrial wastes from new businesses that wish to locate in Bow.

Once again we would like to remind the community that we still have the Bow History Books, "A HUNDRED ACRES MORE OR LESS" for sale at \$20.00 each, also Bicentennial and 250th Anniversary Coins. They can be purchased at the Selectmen's office.

The Board of Selectmen are actively seeking a police chief and should be making a decision in the very near future.

The Board of Selectmen would like to thank all department heads and committee members for their efforts in helping us run the business of the community.

William H. Hilton, Chairman Sara H. Swenson Reginald R. Scott

TOWN WARRANT

1981 TOWN MEETING

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Bow, in the County of Merrimack, in said state, qualified to vote in Town affairs:

You are hereby notified to meet at the Bow Community Building in said Bow on Tuesday, the 10th of March, 1981 at 10 o'clock in the forenoon to act upon the subjects hereinafter set forth. The voting on Article I will be by official ballot, and the polls shall open for balloting at ten o'clock in the forenoon and shall not close before seven o'clock in the evening.

You are also hereby notified that pursuant to RSA 39:2-a, and pursuant to the affirmative vote of Article 9 of the 1980 Town Meeting, you shall meet at the Bow Memorial School in said Bow on Wednesday, the 11th day of March, 1981 at 7:00 o'clock in the evening to consider the remaining Articles of the Warrant

1. To choose by non-partisan ballot the following town officers:

One Selectman for three years.

A Town Treasurer fo one year

A Town Clerk for one year

Two members of the Budget Committee for three years

One Library Trustee for five years

One Trustee of Trust Funds for three years

One Water Commissioner for three years

One Sewer Commissioner for three years

2. To see if the Town will vote to raise and appropriate the sum of Sixty Thousand Dollars (\$60,000.00) for the purpose of constructing a two bay addition to the Highway Garage.

(Recommended by the Budget Committee)

3. To see if the Town will vote to raise and appropriate a sum not to exceed Eighty Seven Thousand Dollars (\$87,000.00) for the purchase of a new fire truck, and to authorize the Selectmen to withdraw Five Thousand Dollars (\$5,000.00) of this amount from the Capital Reserve Fund established for this purpose, and the remainder to be raised by taxation.

(Not recommended by the Budget Committee)

4. To see if the Town will vote to purchase a new fire truck at a cost not to exceed Eighty-Seven Thousand Dollars (\$87,000.00) and to raise and appropriate the sum of Forty Thousand Dollars (\$40,000.00) for this purpose, to authorize the Selectmen to withdraw Five Thousand Dollars (\$5,000.00) from the Capital Reserve Fund established for this purpose and to also authorize the Selectmen to issue notes for the remaining Forty-Two Thousand Dollars (\$42,000.00). Said notes to be payable in the year 1982.

(Recommended by the Budget Committee)

5. To see if the Town will vote to appropriate the sum of Twenty Nine Thousand, Five Hundred Dollars (\$29,500.00) to replace a loader/backhoe, and to authorize the Selectmen to withdraw the amount required for this purpose from the Capital Reserve Fund for Replacement of Highway Equipment.

(Recommended by the Budget Committee)

6. To see if the Town will vote to authorize the Selectmen, through the Water Commission to conduct a study to identify sources of water within the Town which could be used for public water supplies should it become necessary in the future, and to appropriate a sum not to exceed Fifteen Thousand Dollars (\$15,000.00) for this purpose, and to authorize the Selectmen to withdraw the amount required for this purpose from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972.

(Recommended by the Budget Committee)

7. To see if the Town will vote to raise and appropriate the sum of Fifteen Thousand Dollars (\$15,000.00) to improve the public highway known as the Dunbarton Center Road, the State to furnish an equal amount.

(Recommended by the Budget Committee)

8. To see if the Town will vote to appropriate the sum of Seven Thousand Six Hundred Ninety Dollars (\$7,690.00) to replace a police cruiser, and to authorize the Selectmen to withdraw the amount required for this purpose from the Revenue Sharing Fund established under provisions of the State and Local Assistance Act of 1972.

(Recommended by the Budget Committee)

9. To see if the Town will vote to appropriate a sum of money not to exceed Eight Thousand Two Hundred Dollars (\$8,200.00) to purchase a piece of equipment suitable to excavate grave sites in the Cemeteries, and to authorize the Selectmen to withdraw the amount required for this purpose from the Capital Reserve Fund established in April 1958.

(Recommended by the Budget Committee)

10. To see if the Town will vote to raise and appropriate the sum of One Thousand Three Hundred Seventy Two Dollars (\$1,372.00) for Town Road Aid Construction, the State to furnish the amount of Nine Thousand One Hundred Forty Five Dollars and Ninety Eight cents (\$9,145.98).

(Recommended by the Budget Committee)

11. To see if the Town will vote to appropriate and authorize the withdrawal from the Federal Revenue Sharing Fund for use as set offs against budgeted appropriations for the following specific purposes and in amounts indicated herewith or take any other action hereon:

APPROPRIATON	A	MOUNT
Town Building Maintenance Town Dump General Highway Expense	\$	12,000.00 42,385.00 10,000.00
(Recommended by the Budget (64,385.00 mittee)

12. To see if the Town will vote to authorize the Selectmen to withdraw from the Forest Management Fund, the sum of Fifteen Thousand Dollars

(\$15,000.00) to be used for the reduction of taxes.

(Recommended by the Budget Committee)

- 13. To see if the Town will vote to authorize the Selectmen, pursuant to RSA 31:89-b and RSA 31:89-c and d, to establish a Historic District Commission for the purpose of the preservation of structures and places of historic value in Bow. Said Commission to be appointed by the Selectmen, and made up of not less than five nor more than seven members, one being a member of the Board of Selectmen, and one being a member of the Planning Board.
- 14. To see if the Town will vote to accept a gift of money from the Bow Grange amounting to Seven Hundred Fifty Dollars (\$750.00) and to authorize the Selectmen to establish a Capital Reserve Fund for the Maintenance of the Bow Town Hall, and to deposit said Seven Hundred Fifty Dollars (\$750.00) into said Fund.
- 15. To see if the Town will vote to petition the Representatives and Senators who represent the Town in the General Court to support in the current session of the General Court, the concurrent resolution to amend the State Constitution to limit the annual increase in property taxes to five percent and to limit the annual increase in spending by the state or any city, town, or

other governmental unit of the state to five percent. (By Petition)

- 16. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.
- 17. To see if the Town will vote to accept the budget as submitted by the Budget Committee and determine the amount of appropriations to be raised to defray Town expenses and to pass any vote ir. relation thereto.
- 18. To hear the reports of standing committees and take any action relating thereto.
- 19. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this 19th day of February, in the year of our Lord nineteen hundred and eighty-one.

William H. Hilton Sara H. Swenson Reginald R. Scott SELECTMEN OF BOW

AUDITOR'S REPORT

To the Members of the Board of Selectmen Town of Bow Bow, New Hampshire

We have examined the combined financial statements and the combining, individual fund and account group financial statements of the Town of Bow, New Hampshire as of and for the year ended December 31, 1980, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1F, the combined financial statements referred to above do not include financial statements of the General Fixed Asset group of accounts which should be included to conform with generally accepted accounting principles.

In our opinion, except that omission of the General Fixed Asset group of accounts results in an incomplete presentation, as explained in the preceding paragraph, the combined financial statements and combining, individual fund and account group financial statements referred to above present fairly the financial position of the Town of Bow, New Hampshire at December 31, 1980, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements and the combining, individual fund and account group financial statements taken as a whole. The accompanying financial information listed as supporting schedules in the table of contents is presented for purposes of additional analysis and is not a required part of the combined statements of the Town of Bow. New Hampshire. The information has been subjected to the auditing procedures applied in the examination of the combined, combining, individual fund and account group financial statements and, in our opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

ANNUAL REPORT OF LIBRARIAN BAKER FREE LIBRARY

The other day a question from a library patron prompted me to do a little research. Checking through our collection of Town Reports, I found that the first report of a Baker Free Library librarian was made for the year 1953 by Mrs. Barbara K. Howe. Comparing her figures for that year with figures for 1980, I found the following interesting information:

In 1953 Baker Library had a collection of 4,119 books. We now have 24,485 books.

In 1953 there was a total circulation of 3,618 books and magazines for the year. This year we had a total circulation of 60,970 books, magazines, records and story cassettes.

In 1953 the Library was open 6 hours per week; it is now open 21 hours per week. This year, six special classes were held for Bow School students at the request of teachers when the library was closed. The students came by bus for several hours of instruction, reference work - whatever the teacher wanted done. Teachers making use of our Library are from both Bow schools, nursery school teachers, CCD teachers, and several residents who teach out of town but need personal resource materials to aid in their lesson planning.

Bow Woman's Club again conducted 2 series of story hours which our "little ones" love. Local groups who have used our meeting room during the year include the Tokalot Club, Bow Garden Club, Mrs. Lassey's Girl Scout Troop, State Library Film Dept., Mrs. Haffer's 4H Club, La Leche League, Bow Woman's Club, State Library Reference Dept./Dataline and Overeaters Anonymous. The 4H Club produced programs in April, October and December of plays and/or puppet shows - very well received by all ages.

Your Librarian has had four speaking engagements this year before the Young-At-Hearts, a United Baptist Church Women's Group, Concord, and Odd Fellows and Rebekah joint meeting and Ann Kellogg Circle of Wesley United Methodist Church, Concord.

At Town Meeting we had a display of free materials available from the National Library Service for Blind and Physically Handicapped and Miss Eileen Kiem, Director. At least two families have benefited from seeing this display and received cassettes, books and/or records for a handicapped relative.

To further aid in our service to you and your Library, a staff member and/or a trustee/attended several meetings throughout the year. We are hoping that in the near future that our N.H. Legislature will vote funds to aid libraries in this state. We are one of few states who **do nothing** in financial aid to town libraries and there are **many** who have little support from their communities. Bow can be proud of itself for its excellent support and it is appreciated very much. HOWEVER PLEASE support your State Library and the library community

in its efforts to educate the Legislature to the great need for financial support. Our schools cannot fully educate our children without good library support. Please consider seriously the plight of our small libraries who are not as fortunate as we are. Fortunately our governor supports us but we must convince the Legislature.

Helen H. Robinson, Librarian

Douglas King Chairman, Bd. of Trustees

REPORT OF ZONING BOARD OF ADJUSTMENT

The members of the Bow Zoning Board of Adjustment held twelve regular monthly meetings, five public hearings for variances, six public hearings for special exceptions, one special meeting, and 12 gravel pit renewal hearings.

Because of the changes adopted last year by the townspeople, the Board was able to grant gravel pit renewals for a period up to five years. In doing so, the Board can at any time still review the permits issued. Aerial photographs taken this year, together with on site inspections, have helped the Board closely monitor all excavations. The Bow Zoning Board of Adjustment tries to meet as a Board on site for each variance and special exception requested to acquaint members with the subject firsthand.

We extend our thanks to Ken Andrews, our Town Engineer, for his continued support and assistance throughout the past year.

The Board appreciated the support of the Board of Selectmen and all other Boards and Commissions with which it worked during 1980, and we look forward to their assistance and counsel in the year to come.

William Carpenter, Chairman
Win Robin, Secretary
Earl Vaughn
Jack Earle
Marge Beaulieu
Ray Godbout, Alternate
Sally Dillon, Alternate
Janet Dare, Recording Secretary

BOW COMMUNITY MEN'S CLUB

The Bow Community Men's Club is presently in its 33rd year of service to our community. Our purpose is to promote fellowship, understanding and service to our community.

We presently have a membership of two-hundred and eighty-six involved in sponsoring dances, raffles, and other fund raising activities to provide financial support for the youth of Bow.

The Men's Club is the chartering organization for the Boy Scouts and the Cub Scouts in Bow. We have also supported the Girl Scouts, the Bow Athletic Club and the Bow Recreation Department.

During the past year, we gave three (3) four-hundred dollar scholarships to Bow students graduating from high school and three (3) twenty-five dollar savings bonds to students graduating from junior high school.

We also sponsored an "Eagle Recognition Night," honoring the Eagle Scouts of the Merrimack district. In addition, we sponsor the Bow Citizen of the Year Award and co-sponsor the Annual Spring Carnival.

Our meetings are held on the fourth Thursday of the month from September through May, at the Bow Community Building beginning with a social hour at six o'clock followed by dinner at seven which is put on by members of the club. We then have a program and a business meeting. We also sponsor several dances throughout the year.

Any man interested in belonging to the Men's Club is cordially invited to attend one of our monthly meetings. Dues are still \$3.00 annually. Contact anyone of us for more information.

Respectfully submitted.

David A. West President

The Present Officers are:

President - David West Vice President - C. William Johnson

Treasurer - Wavne King

Secretary - David Cieliezka

Chairman of Standing Comm. Ways & Means - Bruce Hack Programs - John Sheridan

Membership - Jon Myslivy

CENTRAL NEW HAMPSHIRE REGIONAL PLANNING COMMISSION

1980 marks the tenth year that the Central New Hampshire Regional Planning Commission has been in existence. During this period the Commission has continued its involvement in studies of both a local as well as a regional nature. The Commission is solely an advisory body to the member communities and as such is often invited to provide technical assistance and advice on local projects.

As a part of this ongoing technical assistance, the Commission has been pleased to provide assistance to the Planning Board in updating the Master Plan; information to the Selectmen regarding capital improvements programming and general information regarding zoning to the Building Inspector.

The Commission, this past year, again hosted a series of legal seminars for local officials and an open house on alternative energy sources.

The Commission hopes to be able to continue to serve the needs of its member communities in the future and appreciates the past support of its activities by the Town of Bow.

Respectfully submitted.

Kenneth Bradley
Paul Lindquist
Bow Representatives
to the Commission

BOW CONSERVATION COMMISSION ANNUAL REPORT

The Bow Conservation Commission (BCC) held 11 meetings during 1980. We welcomed Walter Brown as a member and regretfully accepted the resignation of Curt Gordon, whose contributions to the Commission were greatly appreciated.

We regret that we were unable to find any interested students to attend Conservation Camp last summer. Each year the BCC pays full tuition for two students to attend this camp. This experience would be of special interest to youth interested in a career in forestry or environmental science. Applicants must be between 14 and 18 and have completed 8th grade. Anyone interested in applying for this camp, please contact Faye Johnson, 228-8149for further information.

During the past year the BCC reviewed all dredge and fill permits for protection of town waterways, worked on securing possible access to Merrimack River for recreational use, corresponded with various governmental and private agencies concerning construction of fish ladders at Garvins Falls Dam, assisted the Town of Bow in the survey of Lots 65, et al. for future expansion of Evans Cemetery, and worked with Boy Scout Troop 75 for establishment of a campsite for short term camping activities on town owned Lot 116, Block 4, off the Branch Londonderry Turnpike.

The BCC is continuing with its forest management plan as follows:

Lots 26 and 27, Block 4 (fronting on Clinton St.) Survey of this lot has been completed. A forest management plan and timber cruise is currently underway.

Lot 64, Block 5 (interior lot between Ridgewood Dr. development and Knox Rd.) This lot is presently being surveyed.

Lot 83, Block 2(off Old Johnson Rd.) Survey of this lot has been recently completed.

Lot 88A, et al. (land recently purchased from the state along 1-93) These lots have been marked for timber harvest and the BCC is currently working on a suitable access road. Timber harvest is expected on this lot in the near future.

Lot 97, **Block 2**(fronting on I-93 - Bow Bog Brook area) A timber harvest is currently underway on this lot in accordance with recommendations of the Fish and Game Dept. and a professional forester, with an anticipated revenue upon completion of approximately \$160,000. The BCC will continue to work toward improving this area for wildlife. A roadway into the interior has been completed as part of the timber harvest and will remain in useable condition for fire protection and possible future recreational use.

Lot 138, Block 3 (fronting on Knox Rd.) A management plan and timber eruise has been completed on this lot.

The BCC will continue its plan for proper forest management with the end result being to provide areas that will be environmentally sound, recreationally attractive and financially rewarding. Selective timber harvests will be made on recommendations of professional foresters when the timber market makes it financially profitable to the town.

In the coming year the BCC plans to continue with the survey of the remaining lots of town owned land under its control. An inventory of forest resources has been started and work will soon begin on a conservation zoning plan depicting wetlands, green corridors, open space, wildlife management areas and areas for historical preservation.

The BCC plans to work with town officials in preparation of a naturally attractive cemetery when the Evans Cemetery is expanded. We will also be working with the Recreation Commission on the recreational development of town owned land around Turee Pond.

Last year Walter Brown attended the N.H. Town Forest Workshop in Laconia and returned with information useful to the commission. It is planned that members will attend similar workshops in the coming year.

Members are urgently needed for this commission. The BCC meets every third Monday in the Bow Municipal Building at 7:30 P.M. The only qualifications needed are a willingness to get involved and a desire to make our town environmentally sound for future generations.

Respectfully submitted,

Morris C. Foote, Jr., Chairman G. Ritchie White Carol Gouin John Urdi Parker Morgan Walter Brown Curt Gordon

DISPATCH CENTER

Ann MacKay Laurie Annis Samuel Rowe Lois Theuner *Tamar Maynard
 *Gary Coffin
 *Steven Askin
 *Don DeAngelis
*Denise Provencher

*part time

The Dispatch Center serves the public twenty-four hours a day, every day of the year. We serve the public in many different ways daily. Many calls or inquiries are answered pertaining to town functions, weather and road conditions, dump stickers, directions, etc. as well as handling and recording telephone calls to Police. Rescue, Recreation, Highway and Community Building.

Radio transmissions for the past year were 27.692 for the Police and Rescue radios. This is an increase over the 1979 radio transmissions.

During 1980, your Dispatchers handled the following telephone calls:

	Incoming	Outgoing
Police	5.867	4.157
Rescue	166	53
Fire	844	216
Recreation	1,036	16
Comm. Bldg	316	51
Highway	67	80
Total Calls 12,869	8,296	4,573

The Digital Alarm Receiver in the dispatch center continues to be a valuable asset to the dispatchers. The dispatcher can notify the cruiser, etc. immediately as the alarm comes in. It detects burglar, fire heat loss, etc. The dispatcher gets a readout of the location and type of emergency that exists. Anyone interested in further information regarding this alarm system may call the Bow Police Department.

Try to remember the following when calling in an EMERGENCY:

- 1. **WHO** (who is calling)
- 2. WHERE (the location)
- 3. **WHAT** (what is the problem)

Be sure the dispatcher has acknowledged this vital information before hanging up the telephone. PLEASE KEEP THIS NUMBER — 228-0511 — B'_1 YOUR TELEPHONE.

Thank you to all the citizens of Bow for the cooperation and courtesy extended to the Dispatch Center and its personnel during the past year.

Sincerely.

Peter A. Cheney, Sgt./Acting Chief Robert T. Lougee, Director of Rescue Squad Robert Wheeler, Director of Recreation

REPORT OF THE BOW FIRE DEPARTMENT

The Bow Fire Department responded to 193 alarms in 1980, an increase of 37 alarms over 1979. The account of these is as follows:

Chimney Fires	26
Miscellaneous and Service Calls	34
Vehicle Fires	5
Vehicle Accidents	23
Electric Wires	7
Mutual Aid	42
Dumpster Fires	2
Structure Fire	1
Smoke in Building	4
Wood Stove Problems	3
Mutual Aid Drills	3
False Alarms	7
Gas Wash Downs	2
Box Alarms	16
Lightning Strikes	4
Brush and Grass Fires	14
TOTAL ALARMS	193
Mutual Aid Received	20

The average response time for all alarms in 1980 was 2.5 minutes, which speaks well for our fire fighters.

Our Fire Prevention Bureau, under the direction of Lt. Allan Barrington, has been conducting inspections of all Industries and Mercantile buildings in the Town.

The Department meets and trains every Wednesday night, anyone wishing to visit our training sessions is welcome.

The amount of wood stoves has increased greatly over the past year. Also the amount of chimney fires has increased so PLEASE don't neglect your stove pipes and chimneys, check them often for build up.

If your chimney needs cleaning, we have cleaning brushes at the Fire Station. These brushes were used approximately 200 times last year.

The Ladies Auxiliary furnished lunches and drinks at several fires during 1980. After the large brush fire we had on River Road the Auxiliary served all the fire fighters a spaghetti supper. The Auxiliary also bought us a slide

projector to be used for our training program. At Christmas they presented us with a gift of a screen to go along with the projector. We wish to thank the Ladies for their support. We also wish to thank the citizens of Bow for their support.

Please remember the telephone number for reporting a fire related emergency is 225-3355. Anyone that does not have a phone sticker with this number on it please stop at the Fire Station and pick one up.

Respectfully submitted,

Roger S. Ordway Sr. Bow Fire Chief

REPORT OF FOREST FIRE WARDEN AND STATE FOREST FIRE SERVICE

Forest Fire Prevention: Your Business, Our Business, Good Business. Forest fire prevention slogans have been seen in association with Smokey Bear since the late nineteen forties when a national effort to check the spread of forest fires was implemented.

New Hampshire residents recognized that forest fire prevention and suppression was the responsibility of every citizen, a half century before this national campaign, when our legislature established our first forest fire laws in 1903. Since that date, the State has appointed a town/city forest fire warden who is responsible for forest fire law enforcement in his municipality.

All fires kindled out of doors when there is no snow on the ground must be approved in writing by the forest fire warden before being kindled. All forest fires must be suppressed by the warden and his deputies as soon as they are reported. The cost of fire suppression is shared jointly by the town/city and the State of New Hampshire, as are forest fire prevention and forest fire training costs.

This state and local municipality cooperative forest fire program has given New Hampshire one the best forest fire records in the United States.

Forest Fire Statistics 1980

	No. of Fires*	No. of Acres**
State	1,226	693
District	115	153
Town	14	31

^{*}Includes Short Fire Reports
**Includes woods and grass

Richard S. Chase District Fire Chief Roger S. Ordway, Sr. Forest Fire Warden

HEALTH OFFICER REPORT

One home was inspected for a foster home license.

Inspection of a building which was determined not to be fit for human occupancy, in its present state of repair.

I received no report of communicable diseases in 1980.

Ethan V. Howard, Jr. M.D. Health Officer

INDUSTRIAL DEVELOPMENT

The Industrial Development Committee met several times with the Master Plan and Planning Board to inform them of our studies and of various possibilities for rezoning.

A land inventory of the current industrial zone is almost completed. The recent problems with Concord considering industrial wastes are a definite concern that linked with poor economy and lack of water and sewer services make Bow an unattractive industrial town. The Committee is formulating a plan to make the best out of our present situation and attempting to attract industry.

On the bright side, the construction of two hydroelectric units at Garvins Falls Hydroelectric Plant is well under way with the anticipated completion date of late 1981. This should add an attractive amount to the tax base with a minimal impact on town services.

The Committee meets the third Thursday of every month and the public is welcome to attend and contribute

Charlie Coffin Jonathan Evans Bob Gosling George Hamilton

HIGHWAY DEPARTMENT

The Highway Department while enjoying an easy winter from January through April has been kept busy performing the many duties that general maintenance requires.

We also had two construction projects, one on Garvins Falls Road and one on Allen Road. The cutting of right of way, and grading and graveling of Garvins Falls has been completed, awaiting paving, hopefully to be done this coming year.

Allen Road right of way has been cut and ready for further alignment and construction. The amount of work to be done this coming year will depend on funds available.

I would like to take this opportunity to explain the excess amount of sand that appears to be on the roads. As you know, we have not had any great amount of snow, but the several small storms we have had, came when it was very cold, and because thawing did not take place, more sand than normal had to be used to keep the roads reasonably passable. We hope this cold weather does not prevail the rest of the winter.

We find it difficult not to be able to do more construction work, but the cost of everything has almost priced us out of doing anything more than regular maintenance. We hope this situation will improve in the future, because if it does not, we are going to find ourselves so far behind that we will not be able to afford the expense to catch up again.

Fortunately, the Town had completed a major amount of road work during the late 60's and 70's which is saving us unknown amounts of dollars now.

It is our endeavor to do the very best we know how to keep our roads as passable as possible, and wish to thank the people of Bow for the cooperation and help they have given us in the past, as well as for what help we might receive in the future.

Sincerely,

Irvin Clark

1980 ANNUAL REPORT OF THE BOW PLANNING BOARD

Even though Subdivision activity was down, 1980 still proved to be a busy year for the Planning Board. There were no major subdivisions approved, six (6) minor subdivisions totaling twelve (12) lots, four (4) non residential site plans were reviewed and there were three (3) property line adjustments.

The Town voted to adopt the amendments to the Building Code as proposed by the Planning Board, also voted to adopt one (1) amendment to the Zoning Ordinance as proposed by the Planning Board.

The Planning Board would like to extend their thanks to the Steering Committee and Sub Committees for the many hours spent working with the Planning Board and the New Hampshire Regional Planning Commission on the finalizing of the updated Master Plan. Publication of the Master Plan is awaiting the required amendments to the Zoning Ordinance.

Thanks to the other Planning Board members for their efforts during the past year, and to Ken Andrews. Town Engineer for his help.

Respectfully submitted,

Robert Stevens, Chairman

POLICE DEPARTMENT

Regular Officers

Special Officers

Sgt./Acting Chief Peter A. Cheney Patrolman Robert C. Graves Patrolman Thomas Reed Patrolman Bruce Price

Secretary Barbara Gore Patrolman Frank Bailey
Patrolman Richard Bean
Patrolman Ann MacKay
Patrolman Frank C. Colby
Patrolman Randall Whitehead
Patrolman Ronald F. Sinclair
Auxiliary Patrolman Chester Runde

The year of 1980 was an exceptionally good year in apprehending the criminals locally due to extensive investigative work by the police department and its good equipment with which to work.

In February, on a police stake out, the police department apprehended, at gunpoint, three subjects burgalarizing a house at 2.00 A.M. In the same month, the police department arrested three subjects who were involved in a rash of local house burglaries.

Due to the increased value of silver and gold, items such as sterling silver, jewelry, watches, money, etc. were stolen in residential burglaries.

In 1980 there were 19 burglaries in businesses, a 19% increase over 1979. There were 36 residential burglaries in 1980, a 57% increase over 1979 which made for an overall burglary increase in 1980 of 41% over 1979. Meanwhile, larceny (thefts) in 1980 decreased by 10% over 1979, possibly accounted for by increased patrols and extra preventive measures taken by citizens who are also aware of the increasing crime rate.

Early in 1981, we hope to have a successful drive on our renewed Crime Prevention Program which will help us and the citizens of Bow as well. In conjunction with our Crime Prevention Program, you may call the Police Department at any time and set up an appointment to have our crime prevention officer come to your home and perform a SECURITY SURVEY CHECK at no charge — just make recommendations as a result of the check.

Our Digital Alarm system at the Dispatch Office has proven to be working exceptionally well. Presently we have in excess of 65 industries and residences tied into this system alone which doesn't include our old system. This system detects anything from fire, smoke, intruders, heat loss, etc. If interested in details, please don't hesitate to call the Dispatch Office for further information.

Upon investigating burglaries in 1980, we still found some citizens who were not taking precautionary measures in securing their homes before leaving for work. PLEASE, WHEN LEAVING YOUR HOME, BE DOUBLY SURE IT IS LOCKED UP. In the event of a burglary, it could improve your chances of your insurance company paving your claim.

We have received very good response from the citizens of Bow in notifying us about "suspicious vehicles". Please continue your efforts to do so and, if possible, try to get the registration number. It may be nothing to worry about, but let us make that judgement. We are here to serve and protect you.

The radar is on the primary police cruiser at all times which makes it impossible to determine the number of vehicles which have been clocked since it is used mainly in the moving mode. Remember "SPEED KILLS".

We investigated 100 reportable motor vehicle accidents in 1980, two, I'm sorry to say, were fatal. Of these 100 accidents, 37 occurred on Route 3-A which runs 5.2 miles in length through Bow.

We started a Bicycle Safety Program at the Bow Elementary School in 1980 with an excellent response and interest from the youngsters of Bow. We hope to continue this program. The questions these youngsters raised were endless, but it made me feel good to see such interest and enthusiasm. The "Patch the Pony" program was well received once again this year. It continues to give the officer an excellent feeling about the youngsters of Bow.

Specialized schooling for members of the Police Department has continued through 1980 and many more courses are scheduled for 1981. With juvenile problems on the increase, we are in hopes of sending our new juvenile officer to a month long specialized training school. Hopefully, this will help him to work better with youngsters who have juvenile problems.

There are "NO PARKING-FIRE ZONE" signs now posted at Bow Memorial School as well as the Bow Elementary School. Vehicles will be ticketed if found parking in violation of posted signs.

Please be reminded that, on or before May 1 of each year, dog owners must get their dog(s) licensed. Be sure to bring your rabies certificate with you to the Town Clerk's Office.

The Police Department number is 228-0511. Please keep it posted nearby your telephone for all family members to see in the event of an emergency.

To the members of the Bow Fire Department, Highway Department, and Bow Rescue Squad, thank you for your assistance at accidents and other emergencies.

At this time, we would like to take this opportunity to thank the citizens of Bow for their cooperation and assistance over the past year. It is greatly appreciated. We look forward to better public relations and rapport with the citizens of Bow as we begin a new year.

Respectfully submitted.

Sgt. Peter A. Cheney Acting Chief

REPORT OF RECREATION COMMISSION

The Bow Recreation Commission is currently working on a Master Plan which will update community priorities and give us an idea of where and how facilities and activities can be developed to meet the community needs. This Master Plan will need to include an overall program budget and a long-range schedule for implementation.

A volunteer work group from the 368th Army Engineering Division, Company B. graded an area for a new skating rink behind the Community Building, on Knox Road. Our many thanks to them and to the Bow Volunteer Fire Department for spraying water on this area for skating. Many skaters have been using this rink on a daily basis.

Youth footall, baseball, softball and soccer teams utilized five(5) playing fields during Spring. Summer and Fall of 1980. Participation in these programs has increased by over 3,000 since 1979.

Our Community Building was open for 136 days in 1980 for scheduled youth activities. Attendance for these programs has totaled 2,357. Attendance for all youth activities in 1980 was 37,594. We also had 9,680 adults who took part in our various programs. The Bow Recreation Department will continue in 1981 in its efforts to accommodate all age groups in our community.

A pre-school program is being held at the Muncipal Building on Tuesdays and Thursdays for children aged 3-5. This is under the direction of Mrs. Linda Mrock. This has been quite successful and we look forward to another good year.

Another program that has gone well is the tap, ballet and jazz lessons for ages 5 to 12. This is under the direction of Mrs. Janet Dare. Mrs. Dare also runs a dancercise and tap class for women on Tuesday mornings.

The Recreation Commission would like to extend their thanks to the Memorial School, local organizations and volunteers for their support of the Parks and Recreations Department.

The Recreation Commission meets at 7:00 p.m. at the Community Center, on the second Monday of each month. The public is welcome to attend these meetings.

COMMISSION

Robert Wheeler, Recreation Director 10 Grandview Road (mailing address) Community Center Bow, NH 03301 224-9361 James Gergler (Chairman) Virgil Allen Michael Blake Charles Bowler Roger Lagasse

REPORT OF BOW RESCUE SQUAD

The Bow Rescue Squad ended the Year 1980 with a total of 196 runs, fifty seven more than the previous year.

These runs included:

- 79 Non vehicle, Bow Residents
- 13 Non vehicle, Non Residents
- 22 Vehicle accidents
- 6 Interstate vehicle accidents
- 11 Bow industries
 - 1 Mutual Aid
- 64 Stand-by for Fire Dept.
- 114 Vehicle runs to Concord Hospital
- 120 Patients transported to Concord Hospital

At present we have Twenty-five members on the Squad, both active and associate, (seven joined this year), ten are EMT's and fifteen are Advanced First Aid & Emergency Care certified. All members are CPR certified and hold N.H. Ambulance Attendants licenses.

In-service training is provided for the members and several have attended seminars; patient reviews; and workshops, pertinent to emergency care in other areas of the state.

Officers for 1981 are as follows:

Robert Lougee - Director

Rodney Jacobs - Assistant Director

Margaret Francoeur - Secretary

Rita Barry - Treasurer

Emily Reynolds - Trustee

Ike Newell - Trustee

Susan Eaton - Trustee

Anyone interested in volunteering their time to provide emergency care to their Town are invited to join us on Wednesday's 7-9 PM at the Fire Station.

To report a Medical Emergency call the Bow Dispatch Center - 228-0511 and give clear and concise information including:

- 1) Name
- 2) Address of scene and/or location
- 3) Extent or nature of emergency

BOW ROTARY CLUB

The Bow Rotary Club, chartered in 1970, is a member of Rotary International, a world-wide organization with more than 18,000 clubs and over 850,000 members in 152 countries. The Rotary objective is to encourage and foster the ideal of service as the basis of worthy enterprise and , in particular, to encourage and foster;

First: The development of acquaintance as an opportunity for service.

Second: High ethical standards in business and profession; the recognition of the worthiness of all useful occupations; and the dignifying by each Rotarian of his occupation as an opportunity to serve society.

Third: The application of the ideal of service by every Rotarian to his personal, business, and community life.

Fourth: The advancement of international understanding, good will, and peace through a world fellowship of business and professional men united in the ideal of service.

In Bow, the Rotary Club raises funds for scholarships which are awarded to Bow students to assist in financing their post-secondary education. To encourage family participation in Town activities and assist other non-profit groups, the Bow Rotarians work with the numbers of the Bow Men's Club to sponsor the Annual Spring Carnival.

Other town activities include conducting The Annual Sports Equipment Exchange, which provides the opportunity for many people to buy and sell sports equipment to their mutual benefit; The Bow Winterfest, a time for Bow families to have winter fun together; and being "on the spot" when Bow town government needs a helping hand.

All of these functions are successful in large measure because of the continued interest and INVOLVEMENT of Bow's citizens, and for your support we are deeply appreciative.

Phil Ryan, President Frank Hirsch, President Elect Mike Wagner, Vice-President Bill Johnson, Secretary Jack Earle, Treasurer Alan Kanegsberg, Club Service

Marty Elkin, Hospital Project Ira Evans, International Service John Iffland, Vocational Service Al Ward, Immediate Past President Irv Morrison, Sgt.-At-Arms

BOW SEWER COMMISSION

During 1980 the Sewer Commission has been active in identifying and making plans for future sewer needs of the Town of Bow.

Throughout the year, the Commission has been negotiating a proposed agreement with the City of Concord whereby the Town of Bow would purchase an approximate 10° o share of the Hall Street Wastewater Treatment Plant.

Discussions have been held with the Allenstown and Pembroke Sewer Commissions with regard to the possibility of having wastewater from sections of Bow accepted at the Suncook Treatment Plant. Similar discussions were also held with the Town of Hooksett.

The Design of the Bow Sewer Project, prepared by Environmental Engineers, Inc. of Concord, was received and reviewed by the Commission.

A total of \$44,400 was received by the town in 1980 from state and federal grants associated with the construction of the Bow Mills Interceptor, \$30,100 having been received from the United States Treasury and the remaining \$14,300 having been received from the State of New Hampshire. A total of \$98,400 in grants has been received from state and federal sources during 1979 and 1980 in connection with the construction and the preparation of the Facilities Plan.

The Commissioners would like to express their appreciation to Town Engineer Kenneth Andrews for the great deal of assistance that he has provided throughout the year.

Meetings of the Commission are held at the Bow Municipal Building on the first Monday of the month at 6:00 P.M. and interested citizens are invited to attend.

Respectfully submitted,

Peter M. Stio Cedric H. Dustin, Jr. Kenneth A. Bradley

THE BOW PIONEERS SNOWMOBILE CLUB

The Bow Pioneers Snowmobile Club was incorporated nine years ago for the purpose of promoting and enhancing the sport of snowmobiling within our town and surrounding areas. We teach and encourage the safe use of snowmobiles, protection of the environment, wildlife, and the landowners' property.

We are dependent upon and are very grateful to the landowners of Bow who have permitted us to use trails and roads across their land. We cooperate with them in every way we can to safeguard their property.

One of the highlights of the winter season is when snowmobilers from throughout New Hampshire ride to Laconia to donate funds for Camp Easter Seal in New Durham, N.H. This is a summer camp for crippled children which is run by the N.H. Easter Seal Society. New Hampshire snowmobilers raise well in excess of thirty thousand dollars each year for this deserving charity. Our own club's contribution this year will be in excess of five hundred dollars. We also support a soft-ball team through the Bow Athletic Association and have supported scouts through monetary contributions.

Our sport is easily enjoyed by the entire family. We have a full calendar of events which include organized club rides, two outdoor cook-outs in the winter and one in the summer as well as dances held at the Community Center.

Our club meetings are held at the Community Center on the third Thursday of each month at 7:30 p.m. from September through May. We invite all snowmobilers to join us. Our annual dues of \$10.00 per family or \$5.00 per single include dues to N.H.S.A.. If you are interested please come see us or call one of the officers or directors listed below.

Respectfully submitted,

John R. Violette President

OFFICERS DIR	ECTORS

Past Pres.	Don LeHoux	Jackie Warriner
Trail Master	Dick Welch	Dick Welch

TOWN ENGINEER AND BUILDING INSPECTOR

1980 proved to be busy, even with the world economy in its present state. During the year there were 33 permits issued for new homes, a little higher than last year. There were a total of 109 permits issued for various types of construction. In addition to these, we started using a new permit system for wood burning appliances and related work, separate for the first time, and there were 63 permit issued for this type of work. As in years past there were countless hours spent on inspections and consultation with builders and residents. As voted two years ago, the requirements for permits and inspections on stoves, chimneys, etc. has kept us busy and I would like to extend our sincere thanks to Chief Ordway and his Department for their cooperation and assistance during the year.

Commercial/Industrial construction was increased this year, with permits for three additions to Universal Packaging, a new building at the Power Plant, and addition to Hanson-Welch-Fox, the demolition and start up of reconstruction at the Garvins Falls Hydro Station, and various other miscellaneous jobs.

We had the land around Evans Cemetery surveyed and have layed out a small addition thereto with major expansion projected in the near future. Another year has slipped by and we have not as yet reached our goal of completing our maps and paper work in our cemeteries. Evans Cemetery was expanded on the north end with the Highway crew doing the cutting, excavating and grading. This has created more burial sites. It is not feasible to enlarge this cemetery any further in this direction. We have recommended that this area be fenced, to complete an all around barrier to the cemetery and monies have been added to this year's budget to do so.

Several feet of fence was installed at Alexander cemetery on River Road. This will discourage damage which has been done in the past by vehicles driving in the cemetery.

It seems that our cemetery paper work gets shoved aside for things of more immediate need, but we will persevere and hopefully get it done soon.

Reconstruction of a portion of Allen Road was completed with preliminary work being started on the remaining section. Final work was done on several new subdivision roads and we added another mile of new road to our inventory. We have been actively involved in the engineering work for landfill areas, as well as several areas of drainage problems. Garvins Falls Road. Dunklee Road and Allen Road. We also were involved with other municipal projects like specifications for the work at the Municipal Building, Bow Center School.

Community Building, the new sign at Bow Center, etc. The Master Plan and new Tax Maps have also added to the work load.

I would like to thank you all for your continued cooperation and understanding which has allowed for another fruitful year.

CONCORD REGIONAL VISITING NURSE ASSOCIATION

Visits made during the year beginning October 1, 1979 to September 30, 1980.

Nursing	367	visits
Home Health Aide	197	visits
Physical Therapist	1.3	visits
Homemaker	795	units
Nutritionist	4	
Occupational Therapist	()	

The Concord Regional Visiting Nurse Association, Inc., continued to service Bow for this past year. They have provided skilled nursing care for anyone sick in the home, especially those needing continuity of care after discharge from the hospital. They are available to give hypodermic injections, change surgical dressings, and do other treatments prescribed by the attending physician. When indicated, family members have been instructed to give care between the nurse's visits.

Therapy services; such as, physical therapy, speech therapy, occupational therapy, and nutritional guidance have been given the therapists in order to assist with the rehabilitation of an acute or chronic illness.

When family members are unable to supply all the needed care, a staff of homemaker-home health aides are available to give physical care, do light housekeeping, and assist with meal planning and meal preparation.

The nurses are delighted to advise nev and expectant mothers in the care of themselves and their babies. They are also glad to work with families and individuals on normal nutrition, sickness, and accident prevention.

Anyone in Bow may request these services-doctor, family, pastor, friend, or the patient himself. Patients are also referred by clinics and other agencies. All calls are answered, but continuing home care can be provided only under a doctor's orders.

A call to the Concord Regional Visiting Nurse Association. Inc., (224-4093) between the hours of 8 a.m. and 9:00 p.m., seven days a week is all that is necessary to start services or make inquiries. Fees may be scaled for those unable to pay the charge if that person has no other funding source available, such as insurance coverage. The patient will be responsible for remainder of bill.

Sincerely.

Lutie K. Piper Executive Director

BOW WOMAN'S CLUB

The Bow Woman's Club founded in 1976 is now in it's fourth year of service to the town.

It is a member of the General Federation of Woman's Clubs and the New Hampsnire Federation of Woman's Clubs. The main objectives of this organization are to provide Community betterment, social service, and fellowship among it's members and the people of Bow.

Some of the activities the club participated in this year are: An Election Day Bake Sale, Yard Sale, sponsored a Square Dance, Spring Carnival, Story Hour at the Baker Free Library, baked goods for the N.H. State Hospital and held a Baby sitting Clinic. We have donated funds to the N.H. Task Force on Child abuse, the Bow Boy & Girl Scouts, The Christina Paveglio Memorial Fund and the Ken Andrews Fund. Also this year we gave our first scholarship to Donna Malay of Bow.

Some projects the club has planned in the future are: A Cardiac Resuscitation course and Smoking Clinic.

Our meetings are held at the Bow Library the 2nd Tuesday of each month from September to May at 7:30 P.M. All women interested in the objectives of the club are invited to attend the meetings.

Many thanks to the residents of Bow for their support of our projects this year.

Submitted by:

Sheila M. Evans, President

Sharon Pearce - Vice President Judith Ryan - Secretary Paula Gosling - Treasurer

BOW HISTORICAL SITE STUDY COMMITTEE

This committee was formed for two reasons: to look into the feasibility of a Historical Commission for the town of Bow and to study historical sites as proposed by Selectmen and Conservation Commission.

We have had four meetings and decided there is a definite need for a historical commission. We have got information about the Clay Banks, the Paint Mines, and Hornbeam Swamp. Also we are trying to find the oldest house in Bow.

We would appreciate any information about the old houses of Bow - also other historical data. Feel free to call a member of the committee with any information.

Respectively submitted,

Anne Foote, Chairperson
George Blanchard
Marion Brown
Joan Desmaris
Asa Morgan
Barbara Nichols
Sara Swenson, Selectman

1980 BOW SCHOOL DISTRICT REPORT

Starting in January. 1981, the Bow School Forest, after many years of weeding, thinning and practicing good forest management, is able to have its first harvest of approximately 40,000 board feet. Pictured above is a team of oxen used to haul logs from the forest to the log yard within the forest. The use of these oxen saves excessive damage to young trees that might have been caused by a commercial skidder.

REPORT OF THE ANNUAL MEETING OF THE BOW SCHOOL DISTRICT

Friday, March 14, 1980

A duly called meeting of the legal voters of the Bow School District was held at the Bow Memorial School on Friday, March 14, 1980, at 8:00 p.m. The meeting was called to order by Dom D'Ambruoso, Moderator, who introduced the following school officers:

Dom D'Ambruoso, Moderator

Kathleen Barger, Clerk

Norman P. Fortin, School Board Chairman

Virginia P. Evans, School Board

John E. Swenson, School Board

D. Evelyn Bechtel, newly elected School Board member

The Moderator then recognized the Administration of the School Administrative Unit #19 and Budget Committee. He announced that the newly elected officers of the School District would be sworn in following the meeting.

The Moderator then proceeded with the reading of the School Warrant upon which the following action was taken:

Upon Motion duly made and seconded, it was

VOTED: to determine and appoint the salaries of the School Board and Truant Officer and fix the compensation of any other Officer or Agent of the District. (Article 1)

Upon Motion duly made and seconded, it was

VOTED: to hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto. (Article 2)

Upon Motion duly made and seconded, it was

VOTED: to see if the District will vote to authorize the School Board to make application for and to accept, on behalf of the District, any or all grants or offers for educational purposes which may now or hereafter be forthcoming from the State of New Hampshire and/or United States Government and to appropriate any funds anticipated from the State of New Hampshire and/or from the United States Government to the payment of obligations of the District for which said Government's funds constitute full reimbursement provided such grants and/or funds do not jeopardize the local control of our school system. (Article 3)

Upon Motion duly made and seconded, it was

Discussion -- an annual fund, and any unexpended is returned to the general fund; for emergency repairs.

VOTED: to see if the District will vote to establish a contingency fund to meet the cost of unanticipated expenses that may arise during the year and to raise and appropriate the sum of Ten Thousand Dollars (\$10,000) for this purpose. (Article 4)

Motion duly made and seconded, it was

Discussion -- several items not completed including a hallway partition to save energy; renovate water pressure control system; outlets; Cable TV; track sprinkler, etc. School Board wants authorization to purchase an appropriate energy management system.

VOTED: to see if the District will vote to authorize the expenditure of approximately \$64,000 (Sixty-Four Thousand Dollars) from previously appropriated building funds for the purchase of needed equipment, additional renovations and construction of an energy management system, and to authorize the return of any unexpended funds to the general fund to pay the bond issue principal in accordance with the State of New Hampshire, RSA 33:3-a. (Article 5)

Upon Motion duly made and seconded, it was

VOTED: to dismiss this Article 6. Article 6 would have authorized the return of all unexpended monies in the Building Fund to the general fund to pay the bond issue principal in accordance with the State of New Hampshire, RSA 33:3-a, said sum to be approximately \$77,000 (Seventy-Seven Thousand Dollars).

Upon Motion duly made and seconded, it was

VOTED: to appropriate the sum of two million, five hundred sixty three thousand, six hundred sixteen (\$2,563,616.00) for the support of schools, for the salaries of School District Officials and Agents, and for the payment of statutory obligations of the District, and to authorize the application against said appropriation of such sums as are estimated to be received from the State Foundation Aid Fund together with other income; the School Board to certify to the Selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the Town. (Article 7)

The Moderator declared the meeting adjourned at 9:36 p.m.

Kathleen Barger School District Clerk

BOW SCHOOL DISTRICT

1981

Election of Officers The State of New Hampshire

To the Inhabitants of the School District in the Town of Bow qualified to vote in District affairs:

BOW SCHOOL DISTRICT WARRANT

1981

The State of New Hampshire

To the Inhabitants of the School District in the town of Bow qualified to vote in District affairs:

YOU ARE HEREBY NOTIFIED TO MEET AT THE BOW MEMORIAL SCHOOL IN SAID DISTRICT ON THE THIRTEENTH DAY OF MARCH, 1981, AT EIGHT O'CLOCK IN THE EVENING TO ACT UPON THE FOLLOWING SUBJECTS.

- 1. To determine and appoint the salaries of the School Board and fix the compensation of any other Officer or Agent of the District.
- 2. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
- 3. To see if the voters of the District will approve the formation of the Secondary Education Cooperative Study Group to investigate the feasibility of the School Districts of Auburn, Bow, Candia and Hooksett with respect to secondary education (Grades 9 through 12), and to report back to their respective boards with their findings on or before December 31, 1981.
- 4. To see if the District will vote to authorize the School Board to make application for and to expend, on behalf of the District, any or all grants or offers for educational purposes which may now or hereafter be forthcoming from the state of New Hampshire and/or United States Government and to appropriate any funds anticipated from the state of New Hampshire and/or from the United States Government to the payment of obligations of the District for which said Government's funds constitute full reimbursement provided such grants and/or funds do not jeopardize the local control of our school system.
- 5. To see if the District will vote to establish a contingency fund to meet the cost of unanticipated expenses that may arise during the year and to raise and appropriate the sum of Ten Thousand Dollars (\$10,000) for this purpose. (Recommended by the Budget Committee)

- 6. To see if the voters of the Bow School District will vote to raise and appropriate the sum of \$850,000 for the purpose of compensating District teachers in an amount which is both commensurate with their professional contribution to the high quality of education in this District, and comparable to salaries paid in districts of similar financial means and high concern for retaining quality educators. (Submitted by petition)
- 7. To see if the voters of the Bow School District will vote to recess and to continue the 1981 annual district meeting until a day not less than ten (10) days following the release of a factfinding report to be issued pursuant to Chapter RSA 273-A with respect to negotiations between the Bow Education Association and the Bow School Board, or until April 18, 1981, whichever is sooner, in order that the voters may fully consider all relevant factors before voting on appropriations. (Submitted by petition)
- 8. To see what sum of money the District will raise and appropriate for the support of schools, for the salaries of School District Officials and Agents, and for the payment of statutory obligations of the District, and to authorize the application against said appropriation of such sums as are estimated to be received from the State Foundation Aid Fund together with other income; the School Board to certify to the Selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the Town.
- 9. To transact any other business that may legally come before this meeting.

GIVEN UNDER OUR HANDS AT SAID BOW THIS 17th DAY OF FEBRUARY, 1981.

KILLION, PLODZIK & SANDERSON

Accountants and Auditors 171 North Main Street Concord, New Hampshire 03301

To the Members of the School Board Bow School District Bow, New Hampshire

We have examined the financial statement of the various funds and group of accounts of the Bow School District for the fiscal year ended June 30, 1980, listed in the foregoing table of contents. Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As is the practice with many municipalities in the State, the Bow School District has not maintained a record of its general fixed assets and accordingly, a statement of general fixed assets, required by generally accepted accounting principles, is not included in this financial report.

In our opinion, the financial statements listed in the aforementioned table of contents present fairly the financial position of the various funds and group of accounts of the Bow School District at June 30, 1980, and the results of operations and the changes in fund balances of such funds for the year then ended in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

The accompanying supplemental information and the column on the accompanying financial statements captioned "Totals, Memorandum Only" are not necessary for a fair presentation of the financial statements, but are presented as additional analytical data. The supplemental information has been subjected to the tests and other auditing precedures applied in the examination of the financial statements listed in the foregoing table of contents and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and the Citizens of Bow I herewith submit my 1980 Report concerning the public schools of Bow.

Having completed the first year of a new decade, those of us in education look ahead to the eighties with a mixture of excitement and concern. A number of very important issues must be addressed jointly by educators and the members of the communities which they serve. Probably the most immediate and grave concern shared by all of us is the impact which spiraling inflation is having upon our institutions, our families, and our quality of life. The constant escalation of certain fixed budgetary costs like fuel and utilities, and the increased number of mandated special education programs and services, have forced school districts to set careful priorities in the use of discretionary monies and to streamline all programs in order to be certain that they achieve maximum cost effectiveness. The challenge to all of us is to continue to improve the quality of our educational system with diminishing available resources.

Special education costs will continue to rise as service requirements and transportation costs increase, and this fact alone will motivate school districts to provide more specialized services within the individual school and district. The key to maximizing special education services lies in collaboration among districts and in expansion of the mainstreaming idea whereby more handicapped youngsters are taught in the regular classroom setting. In order for this to be accomplished, teachers will need additional training and systematic consultant support from educational specialists.

I am certain that in the eighties we can expect to see many more students learning about computers as well as with computers. Computers are rapidly becoming an important part of the educational environment, providing students with individualized instruction and immediate feedback, and freeing teachers to give more time to individual students. Alongside this emphasis upon technology, we may expect to see a renewed interest in the Humanities, the Fine Arts, and the Classics. While surveys indicate that most of us agree that the primary responsibility of our schools is to prepare all students in the fundamental or basic skills of reading, writing and computing, increased interest in music and the arts and greater appreciation of our cultural heritage can be expected in our schools as our leisure time increases.

School systems across the nation are presently involved in accountability programs which seek to measure pupil performance in relation to specific educational objectives developed by the school systems themselves. This

approach, called criterion-referenced testing, differs from norm-referenced testing, which compares pupil performance to a national or regional norm. Each school in New Hampshire is expected to have its accountability program in operation by the end of this school year. New Hampshire school districts will use the information gained from accountability testing to improve educational programs and services to learners. Results of the annual assessment will be made public so that the taxpayer may see the results of his/her investment in public education.

I think we will see a continued emphasis upon career education in our schools and continuing support for sophisticated vocational programs which provide adolescents with valuable job entry skills. Communities will probably emphasize adult education to a far greater degree in the eighties, making much greater use of school libraries, laboratories, shops, gymnasiums, and classrooms. The recognition that one's education does not cease at age 18 and that learning is a life-long process will promote greater cooperation between the school and the community.

Public education in the 1980's must effectively apply existing technology in order to equip *all* students with the basic skills. In addition to teaching these survival skills, however, public school personnel must teach young people how to think so that they may discover and develop their own potential to a level of personal fulfillment. Schools must begin to educate youngsters for the future, preparing them to cope with and to solve complex problems not yet envisioned by us. A youngster entering first grade next fall will graduate from college in 1997, in search of a career in the 21st century. We educators, parents and taxpayers share a great responsibility if we are to prepare young people for this challenge.

I would like to express my appreciation for the assistance and cooperation provided me by the principals, teachers, school board members, and citizens of Bow. Without this assistance and cooperation, many of the things accomplished would have been left undone, and I look forward to another prosperous year -- a year of continued cooperation.

Respectfully submitted,

Antonio G. Paradis Superintendent of Schools School Administrative Unit #19 Bow, Dunbarton, Goffstown, New Boston, Weare

PRINCIPAL'S MESSAGE

EDUCATION IN THE 80's

The "back to basics" movement is with us today. The question should be asked, "How can we go back to something that we never left?" Within the Bow Schools at the elementary level for the past two decades, we have emphasized reading and math with more than fifty percent of the child's day being devoted to these areas.

In the "back to basics" movement people have said that we should emphasize reading, grammar, writing and spelling, and in math stress the basic facts of multiplication, division, addition, subtraction, problem solving skills and computational skills. The Bow Schools have always emphasized these areas, and I feel that in the 80's these skills will continue to be the main part of our school program.

To better understand how well the individual child is doing with regard to the above listed educational components, we are devising tests to be administered at the 4th, 8th, and 11th grades. The results of these tests will be used to improve the weak areas and remedy individual skills needed by students. This measurement procedure is currently being referred to as "accountability." Here, again, our Bow Elementary School does test each year from grade one through grade four and we use these test results to improve the education of the pupil.

What is taught in school in addition or reading and math will probably change little in the 80's with history, geography, science, art, music and physical education being taught within the regular school day, and wherever possible, integrated into the reading and math curriculum. A greater emphasis will be placed on local environment including what the surroundings are like and the government in the local area at the 3rd and 4th grade levels. The current use of audio-visual aids will continue with a stronger emphasis on inschool television production.

The staff of the Bow Elementary School will be constantly updating their skills and knowledge to better meet the needs of individual children through the mediums of workshops, courses and curriculum work within the school.

Financial support of the schools in the 80's in Bow will come from the local taxpayer with more regulations and rules regarding what is taught in the schools coming from the state level. There will also be a restructuring of the way schools are financed with some of the property taxes that would normally be spent in Bow being shared on a regional or statewide basis.

The facility at the Bow Elementary School is an excellent, modern facility, and in the 80's in the advent of solar energy and better energy management, greater economies will be forthcoming in the cost of energy and its use within the school.

The student population in the Town of Bow will gradually increase but will increase greatly should the economy change to allow for the building of more homes in the town; but, at the current rates of interest and the cost of moving, the population will stay fairly stable at least for the next two to three years.

In summary, I look forward to the 80's with optimism, with students learning more, and with schools improving in the teaching of students through the use of new technology such as computers, advanced record keeping systems and more extensive communications systems—all of these together making for an exciting decade at the Bow Elementary School.

John T. Lyford
Principal
Bow Elementary School

PRINCIPAL'S MESSAGE

Bow Memorial School

The past twelve months at Bow Memorial School have bean busy ones. As schools throughout the State of New Hampshire prepare themselves for the "accountability" movement, the faculty, staff and administration at Bow Memorial have been actively involved in an extensive evaluation process of our own.

As part of membership in the New England Association of Schools and Colleges, an independent non-governmental league of educators and the oldest regional accrediting association, Bow Memorial School underwent a two part evaluation procedure.

During the first phase of the evaluation, our faculty, staff and administration reviewed all aspects of our school program. Areas such as curriculum and student services, e.i., special education, health, food, transportation, guidance, etc., were examined to determine if, in fact, we were meeting our objectives in these areas.

The second phase of the evaluation process involved a visiting committee review by representatives of the New England Association of Schools and Colleges. The visiting committee's three day stay in Bow during November 16-19, 1980, was to assess the quality of our educational institution. The results of the evaluation will be made publicly available as an indication of the quality perceived and attested to by outside professional educators.

In the end, the New England Association of Schools and Colleges will grant Bow Memorial School an accreditation as a Middle/Junior High School of one to ten years based on the results of this two part evaluation.

All through this extensive examination and request for accreditation, the goal has been to provide a quality education for the entire student population.

Looking ahead to the 1981-82 school year, one area of concentration will be the gifted and talented students. Faculties and administration of Bow Elementary and Bow Memorial Schools have begun planning for a program that will meet the needs of these students. The goal of the program will be to provide a learning environment that will allow a gifted student to maximize his or her abilities or special talents, whether they be academic or creative, and to instill an understanding of the value of using these talents in all life situations.

In closing, a special thanks is in order for our students, as their attitude and enthusiasm for learning makes Bow Memorial such a pleasant educational environment.

Stephen K. O'Neil Principal
