During the past year \$875 was received for the perpetual care of cemetery lots.

The income from funds for care of cemetery lots was unusually large this year on account of special dividends declared by the New Hampshire and Peterboro Savings Banks.

Since our accounts were audited the selectmen have paid the trustees \$3,000 as principal on the town notes.

There was such a call for lots during the past year, that it was necessary to clear up a new tract beside of Pine Grove and fourteen new lots were made.

It will be many years before the town will find it necessary to purchase more land for cemetery purposes, but inevitably that time will come, and the only land available and adapted for that purpose is land now owned by Mrs. Warren W. Richardson. How to reach it was the problem, as lots had been sold so there was no room for a roadway. But fortunately George A. Foster was willing to sell part of his lot and your committee took advantage of his offer, and now a way is provided to reach the above described land if ever owned by the town.

The sexton has been faithful in his duties and we believe has taken good care of our cemeteries. We wish to express our appreciation to the many others who have co-operated to make them more attractive.

REPORT OF FROST FREE LIBRARY

To the president and trustees of Frost Free Library, the secretary submits the following report for the year ending Sept. 21, 1929. Meeting called to order by the president, Rufus S. Frost.

The prayer was offered by Rev. H. J. Foote.

The librarian's report was read and accepted.

The treasurer reported the total receipts of the year \$806.05, the expenses \$355.82 leaving a balance of \$450.23.

The auditor's report was read and approved.

The secretary's report was read and accepted.

The president appointed Rev. H. J. Foote and Fred D. Hemenway to see about painting the flag pole.

On motion of Mabelle F. Page, supported by Rev. H. J. Foote, it was voted to have Webb Farnum buy wood as necessary and to procure coal or coke, which ever he preferred.

On motion of Rev. H. J. Foote it was voted that the committee of Fred D. Hemenway and Ernest Flint confer with the executive committee in regard to grading and re-seeding the lawn.

The book committee for the ensuing year is to consist of Mabelle F. Page and Carrie Whitney Webb.

The following officers were elected: President, Rufus S. Frost; vice-president, Mabelle F. Page; secretary, Carrie Whitney Webb; treasurer, Fred D. Hemenway; librarian, Elfreda K. Cheeseman; auditor, Rev. H. J. Foote.

The sum of \$100 was voted for the purchase of new books.
Adjournment.

CARRIE WHITNEY WEBB,
Secretary.

LIBRARIAN'S REPORT

To the president and trustees of the Frost Free Library, the librarian submits the following report for the year ending Sept. 18, 1929.

The library has been open 98 times, with a total circulation of 5,625 books, 3,557 of which were adult fiction, 1,630 juvenile fiction, 263 adult non-fiction, and 175 juvenile non-fiction. The total circulation of magazines was 3,587.

Ninety-six new books have been added during the year, 55 adult and 41 juvenile.

Seventy were purchased from the library fund, and the remaining 26 were gifts, for which we wish, at this time, to express our thanks and appreciation.

Twenty-two were donated by Mr. Kershaw. Mrs. Cooper Ellis gave 2 more volumes of O. Henry's works, thereby completing the set that she donated two years ago.

Mrs. Carrie Webb has given 2 volumes of fiction in addition to a splendid set (in 5 volumes) of "New Hampshire," a history, describing its resources, attractions and its people.

The addition of "Collier's Weekly" makes a total of 35 different magazines now in circulation.

REPORT OF HEALTH OFFICER

There have been no complaints made to me during the past year.

We have had no epidemic of any contagious disease, but there have been some cases of measles, mumps, chicken pox and one case of infantile paralysis.

The road-side springs have been examined and the water in them was found to be very good. If people getting water from these springs would be careful and keep leaves and sticks out of them the water would keep pure.

The general health of the town is good.

L. G. HILDRETH, M. D.

Health Officer.

NURSING ASSOCIATION REPORT

The Marlboro Community Nursing Association submits the following reports for the year ending Dec. 31, 1929.

Again we are glad to report a successful year for our association and a comparatively healthful year for our town. Our nurse has had about the usual year as will be seen by a perusal of her report. The usual clinics have been held, with interest and participation on the part of the town's people. We feel especially grateful to the Women's club and all individuals who gave their time in making them successful.

A membership drive was held this year. We did not obtain as many members as we should have, or hoped to have, but all who did join, expressed appreciation of the fine work Miss Burke is doing. All organizations were solicited for aid during the drive, and many cheerfully responded. We wish that every family and organization in town might be represented on our membership list. Then we would have a truly community association as was the dream of our M. C. N. A.'s founder.

Again we solicit the co-operation of every Marlboro citizen for 1930. Our success depends on you.

Respectfully submitted,

RUTH HEMENWAY,

President.

The Marlboro Community Nursing Association submits the following report for the year ending Dec. 31, 1929.

Until this year we have conducted a Pre-School conference May first (National Child Health Day). Owing to several cases of measles in town it was postponed and finally held Oct. 31st, in the Methodist vestry. There were 12 examinations and written reports given to parents. One minor surgical treatment given. One case advised surgical treatment has since reported as corrective work at the hospital.

The clinic was conducted by the State Board of Maternity and Infaney with Miss L. M. Clark, R. N. The examining physician, Dr. W. F. Taylor, Keene, N. H., and the assisting nurses, Miss Mildred Gage, R. N., Miss M. A. Philbrick, R. N., and Eva J. Burke, R. N.

A committee of the Woman's club under the direction of Mrs. Mabel Harris served tea and sandwiches to the mothers and milk and wafers to children. Mrs. Inez Mahan also assisted.

The report of school clinics will be found in the report to the Superintendent of Schools.

The Ladies Circle of the Federated Church very kindly made dressings.

A bed, spring and mattress given to one family were donated by Mrs. Ray Page. A quilt given by Mrs. Eda Page given to another family.

We have loaned 11 pieces of equipment during the year.

The following have generously given the services of their cars to transport patients: Miss Norma Atwood, Mr. C. W. Whitney, Mr. C. Kinsman, Mr. Wallace Oliver and Mr. Wm. Coutts, Mr. Ralph Bissell.

To the management and assistants of the local telephone exchange we are indebted for courteous, efficient service enabling prompt attention to calls.

Respectfully submitted,

EVA J. BURKE, R. N.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Marlborough :

I herein submit my seventh annual report as superintendent of schools.

As we face the rapidly changing conditions of vocational, business and spiritual life, we ask ourselves what is this thing we call education? We might fill this report with definitions which emphasize certain phases of education. A century ago men thought of education as a means of preserving the past. Now, we think of education as a means of improving the future. Our real gain to civilization is found in the improvement of man himself

Of the many modern viewpoints of education, Dr. John Dewey has hit the trail when he says in his book entitled *Democracy and Education* : "Education may be defined as a process of the continuous reconstruction of experience, with the purpose of widening and deepening the social content, while at the same time the individual gains control of the methods involved."

New Hampshire is carrying out this interpretation in its philosophy of education; (1) through its fundamental law that every child shall be offered an opportunity to have whatever talents he may possess brought to the fullest possible development, whether he lives in the city or country; (2) the child and his interests become the center of all our efforts, selection of text books, technique of methods, courses of study and selection of teachers. In fact, the child becomes the sun about which the appliances of education revolve, the center about which they are organized.

In the development of our educational scheme, we use certain methods and have certain goals. We must not confuse the

two. A method is but a means to an end. Any method that gets the desired results in an economical unit of time is a good method. Methods come and go. Goals are more lasting. They endure for centuries.

Important goals of our public school system are: (1) the acquisition of facts or universal truths through scientific reasoning, (2) the development of the skills in the elementary schools, (3) the formation of right habits of life, (4) the endowment of right attitudes toward school work, home life, church interests and community affairs.

In short, considered from a psychological view point, we wish our children to possess alert mental abilities, rich feelings and righteous judgments.

Your superintendent, teachers and school board have kept in mind the above mentioned goals in the performance of their respective duties. The degree of success we have attained, we leave to your judgment.

MARLBORO HIGH SCHOOL

Headmaster Bissell submits the following report:

“The following is a brief report of the various activities in High school.

“The enrollment is as follows: Seventh grade 29; 8th grade 18; 9th grade 19; 10th grade 16; 11th grade 16; 12th grade 12; a total of 110. There are now two courses being offered in High school, a business and classical course. In the Classical course are 12, in the Commercial course 53. Judging from the past and looking over the number of scholars in the grades it is safe to predict a hundred in High school in a short time.

“We are trying out a new policy in the Junior-Senior High this year and that is to have the teaching departmental as far as possible and the idea seems to be working very well. Miss Harris handles the English, Miss Copp, Latin and French, Head-

master Bissell. Commercial, Mr. Knight. Mathematics, Miss French, Domestic Arts and Junior High school work.

HIGH SCHOOL GRADUATION

“Graduation exercises were held in Marlboro Town hall on the evening of June 20 when thirteen Seniors received their diplomas. The graduates were as follows: Alfred Beauregard, Clara Beauregard, Regina Beauregard, Marjorie Clark, Henry Cruickshank, Gladys Davieau, Carl Demerse, Omer Dumont, Ernest Nason, Charles Porter, Charles Richardson, Amy Ward and Burnell White.

Several of the graduates are pursuing their studies in institutions of higher learning.

ATHLETICS

“Marlboro High school 1929 baseball team was successful, winning 9 games and losing 4, two of the losses being by a single score. The basketball season 1929-30 is by far the most successful of any to date. The boys are for the first time Champions of the Monadnock League having won ten straight League games. Record so far is won 14 and lost 2. Excitement is running high this year and in a recent game six hundred and fifty people crowded into the Town hall. This is one of the largest crowds to ever witness an athletic event in town. Marlboro High girls team has won 6 and lost 8 games. The girls this year have played many close games giving the fans some real basketball. Marlboro High school thanks the public for its support during the past year; by your presence you have encouraged clean sport for your boys and girls.

LITERARY AND SOCIAL ACTIVITIES

“Prize speaking was held in the Town hall during the month of May. The speaking was good and much credit should be given each speaker. The prizes were won by Melvina Poisson 1st, Esther Kuano 2nd, and Lucy Nason 3rd.

“On the following days a program is given during our assembly period: Columbus day, Armistice day, Thanksgiving, Christmas, Lincoln’s Birthday, Washington’s Birthday, Flag day, Memorial day.

“The High school held a Hallowe’en party in the High school on October 31. Nearly every pupil was present at this party. The Freshmen were initiated, said initiation provided plenty of amusement.

“On December 20 ‘Deal ‘Em Over’ was presented by members of the High school to an enthusiastic audience. The proceeds of the play to be used for the Senior Washington trip.

“The Junior High school enjoyed a Christmas party which was held in the High school on the evening of December 18. Small gifts were exchanged and a good time was enjoyed by all.

ENGLISH

“The English course in High school is intended to give the pupil a broader and better understanding of our English language. He learns to express himself clearly in both oral and written work, not only through Public Speaking and dramatics, but in class room activities. Correct speech is stressed throughout the course. Through the study of literature the pupil becomes acquainted with the characters and ideals of our best authors, thereby, instilling a love for the best reading. Aid is given in interpreting the author’s meaning, and an attempt is made to connect the literature with the lives of the pupils, clarifying and enriching their understanding.

Better spoken and written English, and an aim toward an appreciation of the higher types of literature should be the slogan of the English Classes.”

ELEMENTARY SCHOOLS

Promotions were made in June on the five point basis, viz. regularity of attendance, term rank, standard tests, judgment of teacher and judgment of superintendent.

On this basis, the following number of pupils were promoted to the next grade in the respective schools:

Grades:	I	II	III	IV	V	VI	VII	VIII
Village,	39	30	29	37	40	26	13	18
Wallace,		1	1	2	1		2	1
Totals,	39	31	30	39	41	26	15	19

Standard tests used were Ayer's scale in writing and spelling, Stanford's Achievement Tests and the National Intelligence Tests.

Two outstanding improvements in our school system were the adoption by the School Board at the beginning of the present year of departmental teaching in the Junior and Senior High schools and the employment of one additional teacher in the Grades.

The departmental teaching permits a better co-ordination in studies as the pupil goes from grade to grade and enables the teacher by greater concentration along one line of work to go deeper into the subject taught.

The additional teacher in the grades, permits a teacher to a grade and thereby gives not only some relief to the congestion in the rooms but also an opportunity for more individual work.

A substantial improvement is already manifest and if continued for several years will result in a higher plane of mental efficiency for the mass of our pupils.

TEACHERS FOR YEAR 1929-1930

Two changes were made in our teaching staff and one teacher added to the staff.

Miss Belknap having resigned in order to continue her studies at college, Miss Marion French, a graduate of Keene Normal, was elected to the Junior High. Miss Larson having resigned, Miss Eleanor Harris, a graduate of New Hampshire State, was chosen instructor in English for both Junior and Senior High.

Miss Blanche Gauthier, a graduate of Keene Normal, was assigned to our Sixth grade.

In both high and elementary schools, the general morale is excellent, the attendance has been regular during the present year, the teachers have been co-operative in their work, and the pupils show that evidence of advancement that I can with confidence predict a successful year.

MUSIC

Mrs. Mildred Whitecomb continues as instructor in music during the present year. Her classes are well organized, her methods progressive and her instruction pedagogical. Good results are being obtained in music.

The orchestra has increased in number of membership, improved in technique of execution and become an active organization in our community life.

In conclusion, I wish to thank the school board, teachers, parents and citizens for their co-operation and support.

Respectfully submitted,

FREDERICK T. JOHNSON,

Superintendent of Schools.

Marlborough, N. H., Feb. 21, 1930.
