Pembroke, New Hampshire  
February 1, 1952

ANNUAL REPORT OF THE SUPERINTENDENT  
OF SCHOOLS

February 1, 1952

*To the School Board of Pembroke:*

It is a pleasure to present my fifth annual report of the schools of Pembroke. May I express my thanks and appreciation for your help in making this school year a happy and a progressive one.

Grades seven and eight were returned to the Grammar School after two years on foreign soil. This was made possible by the addition of new rooms and nearly an entire new plant. Grades one through four are housed in the addition along with the lunch room, the new kitchen, and the new auditorium-gymnasium, while grades five through 8 are retained in the older building with a larger room for the health department and a special room for remedial work.

At the opening of school in September, six new teachers were in evidence. Mr. Robert P. Weber came to the Grammar School from Pembroke Academy and Mrs. Muriel A. Sargent replaced Mrs. Gladysz. These teachers teamed with Mr. Chase and Mr. Tierney to continue in the departmentalization of grades five through eight. Mrs. Lois Merrill was elected as instructor for the girls in Grades 7 and 8 in Homemaking.

Miss Jane Harrigan was engaged for Grade 4 and Miss Dorothea Carr for Grade 2.

Feeling the need of remedial instruction, not only for those children who are having difficulty, but also for those youngsters whose work might be enriched with individual guidance, the School Board made, in my opinion, one of the greatest advancements in the educational development in the Pembroke school system. We already see the results of this innovation because boys and girls for the first time are acquiring individual personalities and interests never before experienced or developed because of the size of the

classes and the time allotted to individual aid. A phase of education of this nature must work from the very beginning and therefore it was necessary to elect a teacher with experience and an understanding of the needs of children wherever in the system and at whatever station in life - mentally, emotionally, physically, and socially.

It was not until well along into the summer before the Board finally began the experiment with Mrs. Gertrude H. Washburn. It is my firm belief that she has so far done a fine piece of work and hope we may be able to continue to hold her services for the coming year.

Woodworking for the boys of the seventh and eighth grades was also added to the curriculum again and is supervised and taught by the principal, Mr. Donald L. Chase, along with his other duties as an administrator and classroom instructor.

On November 1, 1951, Miss Jane Harrigan resigned and was replaced, after considerable worry because of the shortage of teachers, by Mrs. Nellie Brooks. On February 1, 1952, Mrs. Brooks resigned and we are now trying to find a teacher who will be satisfactory and at the same time meet the needs of the school and the requirements of the State Department of Education.

Because of the increase in the size of the school from the physical point of view, Mr. Ovid Joyal felt that it was impossible to continue in the capacity of building custodian.

To meet this situation, the School Board was very fortunate in securing the services of Mr. Walter Bergevin. He has been an asset to the school since he was hired for the job. Let us hope that he will be able to continue in that capacity.

More and more must the citizens of the town face increased enrollments. For the past four years the enrollment in the first grade has not been less than 30 pupils and from the census taken at the beginning of this school year in September, this figure promises to be 40 pupils or more when school opens in the fall of 1952. And this will un-

doubtedly continue for the next five years. This problem is serious, not only because of teacher load, but also from the standpoint of the learning process, especially in grade one. We are using four of the new rooms already for classes and with the increase of first grade children it will mean the furnishing of the fifth room and the electing of another teacher.

For another year let me emphasize the fact that budget increases will be greatest under two or three items - teachers' salaries, tuition, and transportation. Last year Principal and Interest were added to these items.

No person living today can predict with any degree of accuracy the result of the educational costs in the country. We are sure, however, that in order to keep America strong and free, education must be its foundation. Children must be taught to think independently as individuals to meet their problems "head on" and attempt to solve them. This means good instruction and understanding teachers as well as, and just as important, an enlightened citizenry. This means more and more funds. However, it is for the men and women of the town to decide the kind of education they wish to purchase for their children.

May I again thank the School Board, the parents, children, teachers, and taxpayers of the town for understanding the needs of our children in their educational development. It is my humble hope that education continues to open the roads to a better understanding of our problems.

Respectfully submitted,

MURRAY H. WATSON,  
*Superintendent of Schools*

The Student Council is just beginning its first year and is feeling its way gradually and surely. The first big task was to draw up a Constitution and elect officers. There was a regional meeting early in the fall at Goffstown High School. From this meeting our group gained much help and confidence. Mr. Edward Currier is our Faculty Adviser and under his guidance this body is planning bigger and better things. Through Mr. Beal's acquaintance with Mr. Lloyd Creighton, a former teacher at the Academy, an exchange of five students, has been arranged for this year.

The following students from Pembroke Academy visited Mr. Creighton's school, Pembroke High School (Mass.) for a whole week in November. Thomas Robinson, Miriam Foss, Joan Merrill, Jean Gilbert, and Richard MacKenzie. These students will be hosts to the following group from Massachusetts sometime this spring: Leonard Creeden, William Webb, Roberta Cousins, Nancy Romine, and Dorothy Butler.

The Council is interested in planning Club Activity and in sponsoring a series of Square dances.

#### *Noon Lunch Program*

Under the direction of Mrs. Alice Bean, Home Economics teacher, and with the help of Mrs. John Farnum and Mrs. Everett Mozier in the kitchen, our noon lunch program has been continued this year and a well-balanced meal is being served daily to from 60 to 80 students. This program is under the direction of the State Department of Education and the Academy receives partial help financially, as well as, some surplus commodities. To date this program has been practically self-supporting.

#### *Music*

Mrs. Mabel Reed is the music supervisor at Pembroke Academy and gives one afternoon a week to work with the school chorus and Freshmen chorus, as well as, with the Boys' and Girls' Glee Club, special groups particularly for

the experience at various popular affairs, as well as, at such school affairs as Prize Speaking, School Plays etc.

This spring the students plan to give the Spanish operetta "In Gay Havana". The state music festival will be held in May at Laconia. The following students have been chosen from Pembroke Academy to participate in the state chorus: Jean Gilbert, Lois Stevens, David Yeaton, William Bickford. David Childs has been chosen to play in the orchestra.

### *Prize Speaking and Dramatics*

Mrs. Elizabeth Morrill had the supervision of the Austin Prize Speaking contest, as well as, the Christmas Play and coached several of the pupils who participated in the state contest at the University of New Hampshire. Those taking part at Durham were Miriam Foss, Joan Merrill, Janet Murphy, Joanne Culberson, Bernard Cole.

### *Speech and Debating*

Pembroke Academy is a member of Bates Debating League again this year. Under the direction of Miss Mabel Hayes plans are beginning to mature.

On Saturday February 16 an Affirmative team will journey to Portland, Maine.

### *Shop*

Under the direction of shop Instructor, John Burkhardt, same steady progress is being made as in the past. Spring exhibit of the articles made in the shop during the year is planned for late in May, in addition to their regular work the shop boys have made stage settings and equipment for our plays and operetta.

*Sports*

Mr. Crotty has been coaching the varsity boys' basketball, and Mr. Currier has been handling the JVs. Both boys' and girls' teams are members of the Central New Hampshire Interscholastic League again this year. The boys played an exciting game at Pittsfield recently and won the league trophy for this year. They lost only one game to Goffstown. In addition to this honor the boys have won the right to compete in the class B Tournament at Durham, New Hampshire. Their achievements this year have been a tribute to their indomitable will and courage, as well as, to the ability of their coach.

Mr. Crotty has continued his gym classes this year, working with the boys twice a week. A "Gym Night" is planned early in April. Due to the full academic program of Miss Nourse it was impossible to arrange these classes for girls this year.

While the lighting arrangements in the gym have been more satisfactory this year there is still room for improvements, and the lack of seating capacity, as well as, inadequacy in the size of the gym are handicaps which will continue to cause concern in the years to come.

*D. A. R. "Good Citizen"*

Under the auspices of Buntin Chapter, D.A.R. the members of the senior class of 1952 and faculty selected Joan Grimes as the girl best representing the "Good Citizenship" qualities of scholarship, leadership, dependability, patriotism, and citizenship. Miss Grimes has been a loyal citizen in both school and community during her four years at the Academy.

*Conclusion*

This has been another year of progress. Interest and cooperation in the Community is good. As I write a group of men and women are contemplating plans to give the boys and girls of our Athletic teams a banquet in the gymnasium in the near future. The students are loyal and interested and are striving to work out their mutual problems in a democratic way. Only ten students have left school to date, and only six of these will probably not continue their education at this time. In an extremely harsh winter from the weather point of view, we have maintained a percent of attendance of 95.21 and a low tardiness percent.

In closing I want to thank Superintendent Watson, the Trustees, and the teachers for their sympathetic interest and cooperation in our mutual problems.

Respectfully submitted,

JARVIS T. BEAL

## REPORT OF THE FOREST FIRE WARDEN

Only YOU can PREVENT Forest Fires

New Hampshire faces a real forest fire problem and challenge! To meet it successfully, New Hampshire and your community needs YOUR thoughtful and cooperative effort.

Continuously heavy lumbering operations following the hurricane has produced more than 4 billion board feet of lumber. This lumber helped win World War II, meet post war needs and now the current requirements for the Korean military action. But it has added nearly 900,000 acres of slash to our already sizeable slash problem.

When YOU fail to use needed precautions while burning in or near woodlands —

When YOU fail to secure the required permit from your local forest fire warden before burning —

When YOU are careless in smoking near woodlands—

When YOU throw lighted cigars, cigarettes and matches from vehicles moving along the highway —

YOU are violating fundamental common sense and may easily contribute to a substantial and costly fire. Such conflagrations are possible because of the hundreds of thousands of slash acres throughout the state!

REMEMBER - the fire YOU prevent might be one which could conceivably burn YOUR property and harm YOUR community!

ONLY YOU and YOU and YOU can prevent forest fires!! Will YOU help!

1951 Fire Record	
Number of fires .....	3
Acreage burned .....	4 1/4
No. fire permits issued .....	38

THOMAS J. KING,  
District Fire Chief

ALFRED METIVIER,  
Forest Fire Warden

## FIRE CHIEF'S REPORT

To the Board and Selectmen and the Citizens of Pembroke:

Appropriated for Fire Department for the Year	
1951 .....	\$5,000.00
Expenditures during year .....	5,053.37
Excess of expenditures over appropriation ...	
	53.37

The Pembroke Water Works rent for hydrant service was increased by \$400 over last year. Therefore, it can be readily seen why our appropriation was exceeded.

Total number of bell alarms seventeen. Due to the co-operation of the citizens of this Town with the Fire Department, we have had the least number of fire calls since 1936; consequently, the lowest all time record of fire losses for the year.

It is a known fact that the old White Pumping Engine is not in a reliable condition. Parts are not readily available. A used Pumper has been purchased for its replacement. The Citizens of Pembroke who are desirous of maintaining equipment at Fire Headquarters within reason have donated a substantial sum of money for its purchase. This apparatus is expected to arrive sometime in April.

Announcement has been made to the effect of a reduction in Fire Insurance rates in this Town due to the new water system, a pumping engine to be added of suitable capacity and an efficient Fire Department.

Very truly yours,

CHESTER T. ROBINSON  
*Fire Chief*
