REPORT OF STATE BOARD OF HEALTH NURSE

During the year 1939 we held two Child Health Conferences and two Toxoid Clinics. Forty-five (45) children were given complete physical examinations and twenty (20) children received toxoid treatment. This treatment protects the child against diptheria over an undetermined number of years.

The nurse wishes to thank her committee, the Grange and the town's people for their excellent cooperation.

Respectfully submitted,

LUCILE MARSHALL, R. N.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Gilmanton:

I herewith respectfully submit my seventh annual report as superintendent of Gilmanton schools:

ATTENDANCE-ROLL OF HONOR

Our attendance continued excellent last year. For two years in succession the per cent of attendance has been 95.

The following pupils were neither absent nor tardy and deserve this recognition:

<i>Smith Meeting House:</i>	<i>Corner:</i>
Alice Dimond	Harmony Stockwell
Benjamin Twombly	John Stockwell
Charles Twombly	Grace Chapman
Eleanor Twombly	<i>Potter:</i>
Walter Twombly	Florence Potter (2 yrs.)
Ernest Wells	Ruth Potter (2 yrs.)

GRADUATION

Graduation exercises were held Wednesday evening June 14, 1939. A good program was presented by the eighth grade graduates.

The class roll follows:

<i>Gilmanton Iron Works:</i>	<i>Gale:</i>
Mae Edna Partridge	Richard Adolph J. Martin
Margery Almeda Roberts	Norman F. J. Martin
Gilbert Stuart Jordan	

<i>Gilmanton Corner:</i>	<i>Smith Meeting House:</i>
Kenneth Norman Nutter	Florence Corina Sidlanski
Arlene Iona Little	<i>Potter:</i>
Phyllis Natalie Stockwell	Ruth Eleanor Potter
Donald Wayne McClary	<i>Kelley's Corner:</i>
Harold Jackson McClary	John Sherburne Kelley
Mildred Irene Riggins	
Ramon Wilfred Margeson	

SCHOOLS—TEACHERS

Miss Doris Lincoln resigned in June as teacher of the Potter School. Mrs. Margaret Erwin acted as substitute in this school until Christmas, but could not be persuaded to complete the year. Mrs. Zelma Watts is now the regular teacher

Miss Doris Plummer resigned in June as teacher of the Gale School. The enrollment at Gilmanton Corner in September was not large enough to warrant two teachers, and Miss Bertha McLoy was assigned to the Gale School.

The following table shows the assignment of teachers, salaries and enrollment in each school at this writing:

<i>Teacher</i>	<i>School</i>	<i>Salary</i>	<i>Enr'l.</i>
Richard Erwin	Corner	\$925	28
Helen Tsiotas	Kelley's Corner	825	9
Zelma Watts	Potter	825	9
Dorothy Conway	Smith Meeting House	850	11
Bertha McLoy	Gale	800	7
Arlene Doran	Iron Works (I-IV)	900	18
Nina Usko	Iron Works (V-VIII)	900	20

The small enrollment in several of our schools presents a problem for which some solution must be found. It is not probable that the state office will approve expenditures for more than six teachers for the next school year.

REPORT OF SCHOOL NURSE

*To the Townspeople, School Board,
and Superintendent of Schools:*

Some epidemic sickness was present in the Gilmanton schools this last year, starting with a peculiar epidemic at Gilmanton Corner very similar to scarlet fever. The few cases seen by physicians were pronounced "Scarlatina" but were not quarantined. Although the epidemic was quite widespread in this section of the town, there were no very serious cases. This Fall a few scattered cases of measles crept in from nearby towns but were confined to few families.

The Gilmanton Corner pupils with the aid of teacher, parents, and friends were able to raise enough money to have the privilege of a dental clinic. Only a limited amount of dental work was done on each child but those children who availed themselves of the opportunity have a good start towards complete dental correction. It is hoped that they have the spunk to continue their project another year and are able to achieve a more complete dental correction for each child.

Nine children were fitted to glasses and ten children had tonsil and adenoid operations—eight of them in school clinics. Several more children were to have been done but were prevented by unforeseen circumstances. These will be done as soon as the weather is mild enough to make it safer.

Some social welfare work was possible through the co-operation of public officials with school authorities and several problems were settled to everyones satisfaction.

Following will be found a statistical report of the health work done in the Gilmanton schools last year :

Visits to schools	54
Visits to homes	251
Total visits	305
Days spent	28.4
Days due	27
Pupils examined	111
Defects found	189—1.7 per pupil
Defects corrected	53—28% of defects
Without defects	20—18% of pupils

I wish at this time to thank teachers, parents, and officials for their interest and cooperation in the school health work which has made it possible to build stronger bodies so that the Gilmanton pupils may grow up to be healthier citizens.

Respectfully submitted,

RUTH S. LANGILLE, R. N.

School Nurse.
