

## MESSAGE FROM THE MAYOR:

*The new administration, which fortunately has two holdovers from the prior administration, took office officially on March 26, 1963.*

*We immediately went to work on the unemployment problem facing Laconia. The city council and the mayor decided early in April, after a meeting with the newly formed Industrial Development Committee, that \$25,000 should be appropriated for an industrial promotion program, including a full-time industrial agent. The aim of this program is two-fold: (1) to help in local industrial expansion; and (2) to attract new industry to Laconia. If Laconia is to continue to be a wonderful place in which to live and to raise a family, the working people of the city must be able to have jobs available commensurate with their skill and ability. Laconia has been fortunate in the past in having a large core of highly trained industrial craftsmen. Unless these skilled machinists and technicians are assured of steady year-round employment, they will take their talents and skills elsewhere. New industry, together with expanded local industry, is the one sure method of keeping Laconia a vigorous and progressive community.*

*Another problem that faced the new administration immediately after it took office was the question of extending the runway at the Laconia Airport so that Laconia will be able to take its rightful place in the jet age. After a great deal of discussion, the city council and the mayor decided that despite the high cost it was vital that Laconia's airport be modernized as speedily as possible. Work on the runway extension commenced prior to July 1, 1963 and at the end of 1964 Laconia should have a runway that will be equipped to handle most aircraft servicing New England.*

*The urban renewal program which was started under the prior administration is progressing just as rapidly as possible. If everything goes as anticipated, the results are certainly to be a bigger, better and more beautiful city.*

*Your mayor and city council are your elected officials and we are trying to do the best job that we can for the people of Laconia. I would like to remind you, however, that Laconia is your city and can only grow and prosper if you want it to and are willing to work towards that end.*

*Hugh H. Bowens*

*A. D. Vaughan*

Four VAS units provide standard red-white visual glide slope presentation. Pilot directly intercepts an established glide slope from a straight-in or base leg, visually monitoring the approach to touchdown via the VAS units.

This has been a year of numerous changes at Laconia Municipal Airport. On July 2, 1963 it was voted to accept the offer of the F.A.A. and the State of New Hampshire to extend the East-West runway 1000' to the east, with the possibility of an additional 1000' in the 1965 program. This would effect great consideration for Laconia to be designated as a regional airport warranting year round airline service.

Work began on August 1 and rapid progress has been made with completion scheduled for early spring. Visual glide slope lights have been installed on the instrument runway. These together with high intensity strobe lights are of great assistance to descending aircraft under adverse weather conditions.

Although the halting of operations by Northeast Airlines has reduced the in-out traffic by 6-7 per day, this has been more than made up by the great increase in business and executive aircraft. Airline passengers only account for 10.8 percent of the total airlift in and out of Laconia.

While some uses of general aviation craft are well known, others are not. The better known are personal transportation for pleasure and business, such as is provided by many privately owned aircraft, air taxi or charter services and corporation aircraft. Other uses include forest patrol and conservation, pipeline and powerline patrol, police work, search and rescue, ambulance and other medical missions, instructing new pilots, research work on a wide front, construction jobs, air cargo and many diverse industrial applications.

In addition to the great utility of an adequate airport, consideration must also be given to the very considerable amount of money that comes into this area in general aviation aircraft bringing in vacationists, business men, scientists and others. An adequate airport encourages this flow of money and business within this area, and a far sighted program of airport development can be the means of attracting industry.

It is only through a sound program of airport development that aviation can bring its full benefits uniformly to all parts of the Lakes Region and the State of New Hampshire.

A. Donald Vaughan  
 (Airport Manager)

## PLANNING BOARD

Jason C. Sloan, Director  
Laurette B. Johnson, Secretary

Inspecting "slap" map of huge municipal planning program

Discussing the planning program

In order for the City of Laconia to qualify for the Urban Renewal and Public Housing assistance programs, a "Workable Program" is required. Essentially this is a document testifying to the willingness and ability of a community to undertake a comprehensive program of specific preventive and corrective measures. Whether or not the municipality elects to make use of the aids available under the Federal Programs, the Workable Program offers an excellent guide for a community to follow in attacking and preventing blight.

During the past year the Laconia Planning Board has concerned itself with the seven elements of the Workable Program:

1. Adequate codes and ordinances effectively enforced.
2. A comprehensive plan for the development of a community (Master Plan).
3. Analysis of blighted neighborhoods to determine treatment needed.
4. Adequate administrative organization to carry out an Urban Renewal Program.
5. Ability to meet financial requirements.
6. Responsibility for adequate housing for families displaced by urban renewal and any other government activities.
7. Citizen participation.

Major steps were the adoption of a Building Code in Dec. 1962, and a Housing Code in Feb. 1963.

Also, under the direction of Robert S. Kitchel, Planning Consultant and his staff the following reports were prepared:

1. Population Report — Nov. 1962
2. Physical Features and Natural Resources Report — Jan. 1963
3. Economic Report — Feb. 1963
4. Housing Report — March 1963
5. School Report — April 1963
6. Recreation Report — May 1963
7. Land Use Report — June 1963
8. Fiscal Studies Report I — June 1963
9. Fiscal Studies Report II — June 1963

The preparation of these documents was made with the cooperation of the State of New Hampshire Department of Resources and Economic Development and financed in part through an Urban Planning Assistance Grant from the Housing and Home Finance Agency under the provisions of Sec. 701 of the Housing Act of 1954, as amended. The remainder has been financed by local funds and an appropriation by the State of New Hampshire.

The Planning Board has met on the first and third Monday evenings of each month, plus several special meetings, in a continuous study of the Workable Program, reviews of the various reports, and decisions and recommendations concerning planning and zoning problems of the city.

Arnold J. O'Mara

## BOARD OF PUBLIC WORKS

*Arnold J. O'Mara, City Engineer*  
*Robert E. Pitman, Asst. Engineer*  
*Harold E. Johnson, Asst. Engineer*  
*Dennis G. O'Mara, Asst. Engineer*  
*Henry J. Chabot, Foreman*  
*Harold E. Moulton, Sanitary Engineer*  
*Arline Haddock, Secretary*

### LONG RANGE SANITARY SEWERAGE PROGRAM UNDER WAY

This City's long range program for sanitary sewerage facilities in the areas west of Lake Opechee and east of Lake Paugus to the Weirs made its initial start in December 1962 when Project #1, designed by the engineering firm of Metcalf & Eddy, consisting of three separate contracts, was awarded as follows:

- Contract E-4 Opechee Pumping Station awarded to Nalews-Miller of Meredith, N. H.
- Contract S-4 Opechee Interceptor and Force Main awarded to Thalle Construction Co., Inc. of Yonkers, N. Y.
- Contract S-5 Laterals Sewers awarded to H. & B. Construction Co., Inc., of Dover, N. H.

Upon completion of this first project, our present system will have added approximately 22,700 feet of pipe to its present length of 36.32 miles and one pumping station, as well as allowing about 150 homes which are now on septic tanks to enter the system. Also, the Industrial Park at the north end of the City will be connected to the system.

The City Engineering Department is now making surveys for Project #2, which will start on Pleasant Street north of the school and end at the Swedish Village on Route #3, and we are hoping that construction of this project will start in the spring of 1964.

(Continued on Next Page)

Sixty years ago the Laconia Public Library moved from temporary quarters in the vestry of the Unitarian Church at 587 Main Street to the new Gale Memorial building which was dedicated with impressive ceremonies on June 9, 1903. According to the records of the librarian, Olin S. Davis, the books and furnishings of Lakeport Public Library were also transferred at the same time to be merged with the Laconia Public Library. The following circulation statistics indicate the development in library service by decades:

Period	Circulation	Period	Circulation
1903-1912	359,293	1933-1942	822,230
1913-1922	402,499	1943-1952	681,516
1923-1932	673,960	1953-1962	865,953

Total — 3,805,451

Several personnel changes occurred during the past year. Mr. Edward J. Gallagher, a trustee since 1942, declined re-appointment. His vision and leadership as chairman of the Board of Trustees for ten years notably developed library services and his decision to retire was a keen disappointment to all his associates. Rev. Thomas J. Cate, whose term expired in March, had been a trustee for the past eight years. Mrs. Myrtle McIntyre resigned when she and Senator McIntyre moved to Washington and Miss Alma Gallagher was elected to complete the unexpired term. Mrs. Hugh H. Bownes and Attorney Thomas P. Cheney were elected by the Mayor and Council for terms ending 1966. Mrs. Marie Pray retired as assistant at the Goss Reading Room. Her many years of friendly service will long be remembered by residents of Lakeport. Following her resignation as librarian at the Gordon-Nash Library, New Hampton, Miss Hope R. Swain joined the staff in February. Benefits of her training and experience will be shared with patrons at both the main library and the Lakeport branch. Mrs. Marjorie Chamberlain has been employed as a desk assistant following the resignation of Mrs. Winifred Talbot.

It is with pride that a sketch of the Gale Memorial building made recently by a library staff member, Miss Ruth Johnson, is included in this permanent record.

**PERSONNEL**

*Merle B. Sargent, Chief

## **PARKS & RECREATION COMMISSION**

*Laconia Little League tryouts at Opechee Park*

The 1962-63 year was a busy one for the Laconia Parks and Playgrounds.

William L. Bastraw was engaged as a full time director for the Summer months.

Following is his report:

The Parks and Playgrounds opened June 26th while the Weirs Beach was officially opened one week earlier, June 22nd. For the most part the weather was cooperative and, therefore, the beaches enjoyed a heavy population of swimmers. The swimming program was divided into 2 phases, the first beginning on July 1st and running to August 2nd; the 2nd phase beginning August 5th and running to August 23rd. The total number of children who passed their skills in the swim program were 160. Two swim meets were held to bring a competitive spirit between the three beaches. The first one was held August 2nd, and the last one August 28th. Opechee Park swimmers dominated both meets.

A swim team was organized this summer and took part in a meet at Franklin, along with Tilton and Bristol. Outstanding swimmers were picked from this meet to go to Newington, Conn. to swim against the Newington team on August 16th.

The adult swimming classes were conducted at Opechee Park under the direction of Robert Ahern. Many adults enjoyed the opportunity to learn how to swim and certainly the program proved worthwhile.

The Arts & Crafts program set up by the director enjoyed much participation by children at respective parks. Karen Bates was Arts & Crafts advisor and a weekly program was set up so that she could visit each park one-half day a week. The crafts schedule was as follows: 1st week — Finger Painting; 2nd week — Looper Pot Holders and Spool weaving; 3rd week — Bead work; 4th week — Figurines; 5th week — Colored Paper and Pastel Crayon work; 6th week — Stick projects; 7th week — Pyrolace Work (Gimps); 8th week — Tile work - square Trays; 9th week — Soap and wood carving.

In addition to the Arts and Crafts program, the following extra curriculums were offered and enjoyed by the children; bicycle parade,

costume parade, horror shows, pet shows, doll carriage parade, along with tennis, ping-pong, checkers, dominos, chinese checkers, foul shooting, badminton, horse-shoe tournaments.

An Arts & Crafts show was held August 16th at Wyatt Park from 1 to 8 P.M. and more than 150 adults enjoyed the fine exhibition which was set up by the park supervisor.

The tennis program under the direction of Paul Stewart, Jr., was carried out in the mornings at all parks except Memorial. Eighty children were given the opportunity to learn the fundamentals of tennis. A city tennis tournament was held at Opechee Park.

Park day was held August 29th at all parks, with refreshments of Coke and ice cream provided by the Park Commission. Games and running races were put on by the respective parks.

#### **Some of the Maintenance Projects Completed during the Year 1963**

Permanent improvements at all of our parks and playgrounds were made as time and money would permit.

#### **Opechee Park**

A new back-stop for the Little League was erected. Fireplaces on the point were rebuilt and new picnic tables installed. A section of the Little League diamond was worked over, and several yards of loam added and reseeded. A large area in the infield at Opechee Park was covered with several yards of loam and put in condition for early seeding in the Spring of 1964. The beach was enlarged and several yards of new sand added.

#### **Leavitt Park**

A new and permanent back-stop was erected for the baseball diamond. A new wire fence was erected on the South part of the park separating the park property from private property. The North side of the clubhouse was reshingled. The parking area was resurfaced, and the bath house at the beach received a coat of paint on the inside. New fireplaces at the beach were rebuilt and the old ones repaired. The beach received several loads of beach sand.

#### **Tardif Park**

A new entrance to the clubhouse was built, and the clubhouse painted on the outside.

#### **Memorial Park**

Several yards of loam were added to the baseball diamond and to the softball diamond, and a new dry well was installed to take care of the toilets. All fireplaces were rebuilt, and new picnic tables were added. Two new sections of bleachers were added for the benefit of the public. A ski school under the supervision of the Winnepesaukee Ski Club was run successfully and proved to be very popular with both adults and youngsters.

#### **Wyatt Park**

The Wyatt Park clubhouse was painted on the outside, and the roof received major repairs. Several yards of loam were spread and the playground was reseeded.

#### **The Weirs Beach**

The new bathhouse at the Weirs Beach was opened for the first time on June 22. It proved its worth to the public. The old bathhouse was torn down and carted away and several large stumps removed to make added parking space. New picnic tables were added to the park proper. A stand pipe was put in by the water company so now water is available for the wishing well and a grassed area. Skating rinks were provided at all of the parks with the exception of Tardif Park, but in addition a skating rink has always been provided for the children in the Normandin Square area. This rink is located at the rear of the church, and is maintained by the Gilbert Construction Company, under supervision of the Park Commission.

#### **General**

General repairs and maintenance of the buildings and grounds of our several parks cannot be enumerated in this report.

All parks are kept in first class condition, and are patronized by a very large number of our adults as well as the children of our city. The commission appreciates that there is no limit to what can be done with parks and playgrounds, but we feel that our City Fathers have provided for the needs of the parks and playgrounds in the years past, and will continue to do so in the years to come.

Bertrand Morin

# WELFARE DEPARTMENT

*Bertrand Morin, Director*  
*Laurette Johnson, Secretary*

The sum of \$79,000 was appropriated to the Welfare Department which was expended as follows:

**DIRECT RELIEF:**

Appropriation .....		\$25,000.00
Expended: 48 families	\$ 8,356.23	
(199 persons)		
22 single persons	4,950.81	
20 veteran families	4,177.83	
(117 persons)		
1 single veteran	224.00	
	<hr/>	
	17,708.87	
Salaries and		
other expenses	8,012.40	25,721.27
	<hr/>	
Deficit over appropriation .....		(721.27)
Direct relief reimbursements and recoveries ....		2,488.95
		<hr/>
Amount returned to E & D Account .....		\$1,767.68

**BREAKDOWN OF AMOUNT EXPENDED FOR DIRECT RELIEF**

Food	\$ 6,779.55
Gas and electricity	491.34
Clothing	381.25
Fuel	737.87
Rent	3,325.93
Board and Care:	
Adult \$ 90.00	
Child 2,235.71	2,326.71
	<hr/>
Medical, hospital, etc.	3,666.22
Salaries	4,970.00
Office expense, etc.	3,042.40
	<hr/>
Total	\$25,721.27

**OLD AGE ASSISTANCE:**

Appropriation .....	\$54,000.00
Expended	
(city's share of various assistance programs)	48,576.92
	<hr/>
Excess over appropriation .....	5,423.08
Old Age Assistance, etc., recoveries	1,613.42
	<hr/>
Amount returned to E & D Account .....	\$7,036.50
	<hr/>
TOTAL returned to E & D Account .....	\$8,804.18

Some of the major work projects for which labor was furnished were:

**WEIRS BEACH:** Painting and varnishing inside the municipal building and painting the rest rooms adjoining the fire station; cutting brush and clearing obstructions around the water hole on Doe Avenue. Doe Cemetery which is located on Endicott Street was cleared and brought up to grade.

**SCHOOL BUS GARAGE:** The garage was insulated and the upstairs apartment was painted.

The usual labor was furnished again this year such as helping with the opening of the various parks, painting picnic tables and fences, raking and clearing baseball diamonds. At Civil Defense headquarters, the ceiling in the cellar of the main building was insulated and painted and the small addition to the main building was painted. Hillside, Round Bay and other abandoned cemeteries in the Laconia area have been cleared of growth and we are now able to use a power mower which is a time saver.

The welfare truck helped in moving six to seven families and is being used to transport men and equipment to various projects.

Last year surplus foods was given monthly to an average of 150 families (consisting of 2 or more persons in the family) and to about 60 single persons. The distribution of this food is controlled by Government rules and regulations and we urge families of low income to inquire at this office for information as to qualifications to receive this food.

# ZONING BOARD OF ADJUSTMENT

## BOARD OF ADJUSTMENT HEARINGS

July 1, 1962 to June 30, 1963

No. of Petitions	10
No. Granted or Approved	4
No. Denied	5
No. Meetings Held	8

*Note: 1 petition withdrawn after denial.*

The total number of petitions presented for action was exactly one half the number presented the previous year and was well below the average number heard yearly since 1948, when the Zoning Ordinance was adopted. The board met in each of six months of the year. The first appeal from a decision of the Building Inspector was heard with the decision being sustained — this was the only petition of this type ever received by the board. Through co-operation of the School Department the use of a meeting room at the Harvard Street School Building was made available to the Zoning Board of Adjustment for the conduct of hearings and proved most convenient and suitable.

### MEMBERSHIP —

*Bernard P. Emery, Chairman*

*— succeeded by William R. Vose*

*Rene J. Gilbert*

*Maurice Tibbetts*

*Donald Tabor*

*Cedric Witham*

*Jason C. Sloan, Clerk*

*Two new medical buildings rise at Laconia*

*Summer day at Weirs Beach, Lake Winnepesaukee*

*11 pound lake trout caught in Paugus Bay by Gordon Steady, right, of Londonderry, N. H.*

*Community says "Thank you" to Gerard A. Hebert for saving youngster from drowning, at considerable risk to his own life*

*Examining plans for Laconia bypass*

*Launching new "Uncle Sam" mail boat for Lake Winnepesaukee*

# CITY AUDIT

Auditor: Dana S. Beane, Jr.  
Fiscal Officer: Roland J. Morin  
Payroll Clerk & Assistant to Fiscal Officer: Mae H. Caverly

CITY OF LACONIA, NEW HAMPSHIRE  
STATEMENT OF FINANCIAL CONDITION — THE GENERAL FUND  
As at June 30, 1963

**COMBINED STATEMENT OF FINANCIAL CONDITION  
OF ALL BOND FUNDS SEPARATE FROM GENERAL FUND**

**As at June 30, 1963**

**ASSETS**

Cash in commercial Bank	\$ 83,881.67	
Cash in savings accounts, certificates of deposit	81,135.77	\$165,017.44
Investment in U. S. Treasury bills — at cost		344,242.51
Total Assets		\$509,259.95

- Notes: (1) The income items listed will all be used to reduce the budgeted expenditures for interest on these bond issues.
- (2) During the fiscal year ended June 30, 1961, the City received \$42,518.20 as an advance from the Federal government to offset expenditures for **preliminary** sewer project plans. In addition to this, the City received an advance some years ago of \$8,500.00 for **preliminary** planning of sewer projects on Shore Drive and Union Avenue. These advances are given under the condition that they shall be repaid in full only when such projects are actually instituted. Such projects were instituted this year and \$12,800.00 of these advances were repaid this year (see bond fund expenditures, 1963 Sewer Bonds).
