TOWN CLERK - TAX COLLECTOR'S 2020 Report

It is with esteem pleasure and appreciation that I summarize the Town Clerk-Tax Collector's 2020 office business.

We were one of the few offices in NH that remained opened during this pandemic (COVID-19) due to the Town Office implementation of the COVID-19 guidelines. Our windows, masks, gloves, sanitation, and two (2) person policies made this possible. Of course, we appreciate the commitment from all our townsfolk for adhering to these guidelines.

2021 Part one (1) tax bills will go out around May 20th, 2021 and will be due around June 30th, 2021.

The on-line payments for Real Estate taxes, DMV, and dog renewals continued to show an increase in volume.

You must license your dog/s **annually** by April 30th pursuant to RSA 466:1. The 2021 dog tags are available starting January 4th, 2021.

We continue to be pleased with the efficiency of Avitar software programs, that were implemented to assist the Town Clerk and Tax Collector's daily transactions.

Our Town has many opportunities on our many Boards/Committees as an elected or appointed official. Please contact the Town Clerk's office to find out the many opportunities available.

2021 Elections:

Town Election- March 9, 2021

Many thanks to Moderator, Jim Buttolph and all those who changed the election poll setup for us at the school with all the Personal Protective Equipment (PPE) because of COVID-19. This was not an easy undertaking being that we all needed to be safe from any close contact. A big thank-you to the Selectmen, Greeter, Ballot Clerks, and of course our Ballot Counters who volunteered after the polls closed. An enormous thank you to the Buttolph's for providing a meal for all election workers for each of the four (4) elections.

Population: 1498 (NH Demographics Data December 2019)

Registered Voters: 1336 (November 5,2020- Rumney's Alpha Voter List)

The Town Clerk/Tax Collectors Office looks forward to supporting the Townsfolk of Rumney as always, with respect and dignity.

Respectfully,

Lila Williams

Dawn Coffey

INDEPENDENT AUDITOR'S REPORT

To the Members of the Board of Selectmen
Town of Rumney
Rumney, New Hampshire

We have audited the accompanying financial statements of the governmental activities, each major fund, and aggregate remaining fund information of the Town of Rumney as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our unmodified and adverse audit opinions.

Summary of Opinions

<u>Opinion Unit</u>	<u>Type of Opinion</u>
Governmental Activities	Adverse
General Fund	Unmodified
Permanent Fund	Unmodified
Aggregate Remaining Fund Information	Unmodified

Basis for Adverse Opinion on Governmental Activities

As discussed in Note 1-B to the financial statements, management has not recorded the certain capital assets and related accumulated depreciation in the governmental activities, and accordingly, has not recorded depreciation expense on those assets. Accounting principles generally accepted in the United States of America require that capital assets, be capitalized and depreciated, which would increase the assets, net position, and expenses of the governmental activities. The amount by which this departure would affect the assets, net position, and expenses of the governmental activities is not reasonably determinable.

Town of Rumney
Independent Auditor's Report

As discussed in Note 1-B to the financial statements, management has not recorded the long-term costs of retirement health care costs and obligations for other postemployment benefits for the Town's single employer plan in the governmental activities. Accounting principles generally accepted in the United States of America require that those costs be recorded, which would increase the liabilities, decrease the net position and increase the expenses of the governmental activities. The amount by which this departure would affect the liabilities, net position, and expenses on the governmental activities is not readily determinable.

Adverse Opinion

In our opinion, because of the significance of the matters described in the "Basis for Adverse Opinion on Governmental Activities" paragraphs the financial statements referred to above do not present fairly the financial position of the government-wide financial statements of the Town of Rumney, as of December 31, 2019, or the changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Unmodified Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each major fund and aggregate remaining fund information of the Town of Rumney as of December 31, 2019, and the respective changes in financial position and the respective budgetary comparison for the general fund, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Change in Accounting Principle

As discussed in Note 2-C to the financial statements, in fiscal year 2019 the Town adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 84, *Fiduciary Activities*. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information – Accounting principles generally accepted in the United States of America require that the following be presented to supplement the basic financial statements:

- Management's Discussion and Analysis,
- Schedule of the Town's Proportionate Share of Net Pension Liability,
- Schedule of Town Contributions – Pensions,
- Schedule of the Town's Proportionate Share of the Net Other Postemployment Benefits Liability,
- Schedule of Town Contributions – Other Postemployment Benefits, and
- Notes to the Required Supplementary Information

Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information – Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Rumney's basic financial statements. The combining and individual fund schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

REPORT FOR 2020

TRUSTEES OF THE TRUST FUNDS REPORT FOR 2020

The Trustees of the Trust Funds are elected by the Town of Rumney residents at the March elections. Each member is elected for a three year term. They meet throughout the year to review reports from our financial advisors and conduct Trustee business. Current Trustees of the Trust Funds are Mark Andrew, Deborah Maes, and Janice Mulherin.

The town currently contracts with Charter Trust Company based out of Concord, NH to invest Town Trust Funds, Cemetery Funds and Capital Reserve Funds and prepare the financial reports that are required to be submitted by state law.

Charter Trust representatives generally meet with the Board annually to go over our town's financial statements and to review how national and international markets affect the funds that are being invested for the town. They also provide guidance and support when needed.

The Trustees annually review the town's Investment Policy to determine if the stated goals are being met and if there need to be any changes made. Our goals are to protect the money being invested and to allow for steady growth of these funds. During 2020, it was determined that no changes needed to be made to the current policy.

Funds that are managed by the Trustees are known as Common Funds and include two library trusts, the Haven Little Scholarship Fund, the Mary and Ruth Russell Fund and two scholarship funds that support our local students' higher education goals. How these funds are spent is carefully outlined in the originating documents. A separate selection group reviews the scholarship applications, selects the recipients and the Trustees approve these requests with proper documentation from the students.

The town funds also include the Capital Reserve Funds for various town entities that are voted on during the Rumney Annual Town Meeting. State law defines how the Capital Reserve Funds can be invested and used. Our consultants from Charter are helpful in following these guidelines. For example, the purchase of large equipment for town departments is drawn from monies in the Capital Reserve Funds. Also, the current School Expansion project is, in part, funded by monies that are appropriated on a yearly basis for large school projects.

The Trustees paperwork is part of the annual town audit. The annual reports are prepared for us as part of our contract with Charter Trust and are then approved and submitted by the Trustees.

The three Trustees appreciate the support of the town and town officials to help with their tasks.

Mark Andrew, Deborah Maes and Janice Mulherin

ANNUAL REPORT FOR 2020

Cemetery Trustees Annual Report 2020

Maintenance of all Cemeteries is ongoing. Lawn maintenance of cemeteries was put out to bid again this year, and a 2 year contract was accepted at no increase in costs.

Cemetery Rules and Regulations were reviewed, no changes were made and can be viewed on the Town's website. Cemetery plots are for sale in Highland North and Pleasant View Cemeteries, and the cost details for lots and burials are listed separately on the website as well.

The Trustees continue to answer questions cemetery owners or descendants have pertaining to their family lots.

We have taken on the responsibility and will strive to continue to take on maintenance issues while striving to hold cost to a minimum.

Note in the report there is an expense for burials for the sexton fees and a contribution to the trust fund for perpetual care. These are two lines that cannot be anticipated and therefore not budgeted for. These expenses are offset by the Revenue Burial Income line.

Respectfully submitted,

2020 ANNUAL REPORT

"The public library is where place and possibility meet"

Author Stuart Dybek

When you enter the library you are friends, you are readers and explorers, you are artists and students, you are loved and respected and free to learn about anything that you like. The Rumney Librarians are here to serve you, the community and our beloved patrons that bring life to our library and inspire us to keep our great collection growing. We have seen an increase in new library card holders this year as well as circulation and thank you all.

2020 has been a year of all years. The COVID virus pandemic hit mid- March sadly forcing us to close our doors and regroup. The intrepid librarians with guidance from New Hampshire State Library worked hard to find creative ways to still serve our patrons and stay safe. Protocols for sanitizing all materials were put in place and we were soon able to take book requests by phone, text and email, and created a "porch side pick-up and return" area on my porch at 36 Buffalo Road. This continues to date as an effective way for folks to pick-up and return items at their convenience. By mid-summer, the Library was reopened by appointment only requiring masks, hand sanitizing and limiting duration of visits. It was wonderful to have real people in the library and begin to catch up with their lives and what they were reading. We eventually were able to open the library with limited hours, receiving families and friends, loading bags with new and favorite reads. As the year closes, the virus has been relentless, and we have once again closed our doors through the Holidays to help ensure safety for staff and patrons although continuing our "porch side" service. We look forward to reopening in the new year.

Early in the year we held a couple of well attended in- person programs. In January we had our annual Christmas decoration swap and in February a lively Valentines party with music, crafts, puzzles, and goodies for all... a fun family event. When the pandemic changed our way of doing things we once again regrouped and thought of ways we could reach out and offer a little fun for our community. Hence, the Story walk on the Common was created. The story, In the Woods: Who's Been There, by Lindsey Barrett George was about two children on a nature walk and the remarkably interesting things they discover. It was read panel by panel as you walked around the Common. Then at Halloween, the "Bears in Masks" appeared in the Library windows. How many did you find? Lastly, Twas the Night Before Christmas story (with commentary by a little library mouse) read by walking around the outside perimeter of the library.

Meanwhile back inside the Library, we have been busy improving our collections for children and adults, both in fiction and nonfiction. The Children's and middle grade readers areas have had a huge face lift, providing the 8-12-year-old readers with their own room full of great reads including graphic fiction and additions to favorite book series.

This summer we had a wonderful volunteer, Samantha Tullis, offering her services, inspiring her to pursue a degree in Library Science. Samantha was invaluable in her ability to help reorganize the children's areas and create fun signage for them.

We continue to offer our news, events and latest books on Facebooks posts and on our new Website. The Website also has a Book Lists tab to view our adult book collection. Soon we will be adding the children's collection.

As always, a huge thank you to all our patrons that have supported the library in this ever -changing year, to the librarians, Jane Kelso and Sheila O'Meara, and to our dedicated Trustees, Roger Daniels, Lorrie Eaton, and Stacie Winsor.

Respectfully submitted,
Susan Turbyne, Library Director

One of our several families that stock up on reads each week... We love them all!

2020 Board of Selectmen Report

The year 2020 started like most other years, reviewing budgets and revenue projections, meeting with Department Heads and Budget Advisory members, preparing for the Annual Town Election and Town Meeting. Rumney was lucky, as we were able to have both the Election and Town Meeting in a traditional fashion, but things went sideways quickly after that. The COVID-19 Pandemic struck the area, causing Governor Sununu to put into action several Emergency Orders and transactions of the Town were anything but "traditional".

Unlike most towns and cities across the State, the Selectmen's Office, Town Clerk's Office, and the Transfer Station all remained open to serve the residents of Rumney, with some modifications. The Highway Department continued to maintain the roads. Police, Fire and EMS continued to respond to emergency calls for service, following safety protocols. It has become "normal" to transact business wearing masks, not shaking hands, and transferring documents between rubber gloves.

Some Town business was slowed or delayed, largely because most all State and Federal partners were working remotely. Webinars, ZOOM meetings and telephone conference calls became the new and accepted way to conduct business, but the Town continued to function.

Old Home Day took on a new look with our first ever, drive-in style, fireworks display. The Fire Department Auxiliary made accommodations so they could still sell flowers and plants during their annual sale.

Later in the Fall, when Emergency Orders allowed, the Selectmen were able to choose an architect so that planning of the Town Office Addition and Remodeling could move forward. Funding had been approved during the 2020 Annual Town Meeting to hire an architect. The Town Office Building has served everyone well for the past 30-years, but space and operational efficiency need to be addressed. The proposed plan will address the Town Office space needs for another 30-years.

The Board of Selectmen, in conjunction with the Conservation Commission, had opened a dialogue with the NH-DOT about procuring the property known as the "Rumney Rest Area". Last Fall the NH-DOT provided an appraisal and conditions of sale to the Board for its review. Discussions and land use conditions are ongoing between the parties.

This year's budgeting process looked a little different. In attempts to minimize the number of people gathering in the limited space of the Town Office Meeting Room, Department Heads and Budget Advisory members were asked to review budget adjustments and comment on them in written form. Selectmen are moving forward cautiously, as there are still many unknown ramifications of the economic fallout of COVID-19. As always, it is the intent of the members of the Board of Selectmen to have little to no impact on the Rumney Tax Rate.

Keeping in mind the difficulties of this year, the Board would like to thank the Town's Employees for their efforts to continue to serve the community in a safe and caring manner.

The Board of Selectmen would also like to thank the community for backing the efforts of the Town's Departments by supporting the Town Budget and by giving feedback as needed.

Sincerely,

Edward Haskell, Chairman

Robert Berti

Rumney Police Department

Annual Report 2020

To the residents, business owners, and property owners of Rumney, I would like to Thank you all for your support this past year.

A quick moment to look back at the exhausting year of 2020. The Rumney Police Department responded to approximately 1200 calls for service. This number decreased from the prior year of 2019 where numbers were closing in towards 1800. This is a result from many individuals restricting their traveling, too, through and from our quaint little Town, while the initial "stay in place" orders had been expressed.

As the year progressed with the Coronavirus having a grasp on our community and its people, it was apparent that crime was not going to stop. Crime such as:

- Domestic Disturbances (up 72% for a total of 24)
- Thefts (up 18% for a total of 22)
- Burglaries (up 75% for a total of 7)
- Criminal Mischief's (up 125% for a total of 15)
- Bad Checks (up 100% for a total of 5)
- DCYF cases slimmed in the single digits
- Protective orders rose 20%.

While juggling these and lesser priority items such as:

- Trespasses
- Neighbor disputes
- Parking complaints
- Animal complaints
- Motor vehicle complaints
- Suspicious activity etc.... as well as a few prior cases from 2019. There is also curriculum and new case law to keep up with that is changing.

The Department also attempts to assist Rescue/Ambulance/Fire Services, especially where safety is a concern.

I do enjoy times when applicable to say hello and interact with the children and staff at Rumney Elementary School.

While this busy year progressed, the Department also experienced an administrative change. Chief Brett Miller had served the Town of Rumney for 14 years, the last five as Chief, prior to his departure last fall. Since this time, I would like to mention the transitioning process after being selected, was very busy but mostly smooth, trying to encompass all that needs to be done. The Department continues to be vigilant and extensive throughout our Town while seeking additional employees, one Full-time and one Part-time for now.

In closing I would like to thank past Chief Miller for his assistance and developmental ideas while working alongside him over the past years. I would like to thank the Community and Select board for their entrusted support, as well as Executive Secretary, Janet for her dedication.

I look forward to providing quality services to the Town, of which I reside in, ultimately making the reputation notable and comforting, while building a partnership with the community. Let's make Rumney great again.

Respectfully Submitted,

Chief Gregory Patten

RUMNEY FIRE DEPARTMENT
YEAR END REPORT 2020

What can we say about 2020? It certainly is a year that will be remembered for a long time – and will 2021 be any better? Only time will tell!

The department has seen a considerable increase in calls with many of them assisting area departments with mutual aid. All departments are lacking one main resource – members. We respond when called and use their assistance when needed. This year has seen us assisting Canaan more than in previous years at times covering their station and other times working with them on the scene. Another issue this year has been the drought – water supplies were at an all-time low. Fortunately we had no serious fires, building or forest, during that time.

The Ladies Auxiliary debated if they should have their plant sale this year. It was postponed until June and they moved it outside instead of in the building. It was a huge success and they plan to have the sale outside in the future with so much room for people to wander and check out all the plants. The Ladies thank all the people who support them.

The Firemen's Association held a raffle during the plant sale which brought in some funds to support the them. As it has not been possible to have the monthly breakfast this year, the raffle has been the only fundraising event for the Association. We do, however, thank Njal and Monique Larson (Riverbrook RV and Campground)) and the Pemi Baker Centennial Lions Club for their fundraising efforts on our behalf. This is not to slight the residents who have come forward with many sizeable donations to this organization – thank you. We thank our locals for their continued support throughout the year.

Inspections for heating units have been on a steady pace this year with an increase seen every year as the cold weather starts nipping at our noses. The Russell School renovations have been ongoing since spring requiring several inspections during the build.

Do you have smoke detectors and/or carbon monoxide alarms in your home? If not, please contact the department. There are avenues where they can be provided and installed in your home free.

Don't forget to contact the department for permits/inspections for all heating equipment whether it be gas, oil, wood or pellets. Even if you are changing gas companies and new tanks are being set – please contact us.

We thank our Fire Commissioners for working with and supporting us throughout the year. This has not been the easiest year to accomplish anything but they continue to support our efforts and guide us with their knowledge and expertise.

Respectfully submitted

Report of Forest Fire Warden and State Forest Ranger

This year we experienced challenging wildfire conditions which led to deep burning fires in remote locations that were difficult to extinguish. Your local fire departments and the Division of Forests & Lands worked throughout the year to protect homes and the forests. The statewide system of 16 fire lookout towers continues to operate on high fire danger days. The towers' fire detection efforts are supplemented by the NH Civil Air Patrol when the fire danger is especially high.

Many homes in New Hampshire are located in the wildland urban interface, which is the area where homes and flammable wildland fuels intermix. Every year New Hampshire sees fires which threaten or destroy structures, a constant reminder that wildfires burn more than just trees. Homeowners should take measures to prevent a wildfire from spreading to their home. Precautions include keeping your roof and gutters clear of leaves and pine needles, and maintaining adequate green space around your home free of flammable materials. Additional information and homeowner recommendations are available at www.firewise.org. Please help Smokey Bear, your local fire department, and the state's Forest Rangers by being fire wise and fire safe!

Between COVID-19 and the drought conditions, 2020 was a unique year. The drought conditions led to the need to have a Proclamation from the Governor, which banned much of the outdoor burning statewide. This, along with the vigilance of the public, helped to reduce the number of serious fires across New Hampshire. However, the fires which we did have burned deep and proved difficult to extinguish due to the lack of water. While the drought conditions have improved, we expect many areas of the state to still be experiencing abnormally dry and drought conditions this spring. For this reason, we ask everyone to remember Smokey's message about personal responsibility and follow his ABC's: Always **Be Careful** with fire. If you start a fire, put it out when you are done. **"Remember, Only You Can Prevent Wildfires!"**

As we prepare for the 2021 fire season, please remember to contact your local Forest Fire Warden or Fire Department to determine if a fire permit is required before doing ANY outside burning. Under State law (RSA 227-L:17) a fire permit is required for all outside burning, unless the ground is completely covered with snow. Fire permits are also available online in most towns and may be obtained by visiting www.NHfirepermit.com. The burning of household waste is prohibited by the Air Resources Division of the Department of Environmental Services (DES). You are encouraged to contact the local fire department for more information. Safe open burning requires your diligence and responsibility. Thank you for helping us to protect New Hampshire's forest resources. For more information, please contact the Division of Forests & Lands at (603) 271-2214, or online at www.nh.gov/nhdil. For up to date information, follow us on Twitter: **@NHForestRangers**

➤ TOWN REPORT RUMNEY EMS ☞

2020, what a year. A year most people would like to forget. It started off normal, but took a swing no one saw coming. Everyone's way of life changed. This was no different for Rumney EMS. COVID brought changes that caused many hardships. We had to change our whole way of thinking and preparing when it came to patient care. New protocols were being put in place, but constantly changing. It was hard to keep up. The local hospitals were trying their best, but that also meant changes, sometimes weekly, sometimes day to day. We were no longer able to send full crew's into a patient and had to minimize crew and contact. Every patient had to be treated like they had COVID, whether they had it or not. Thankfully Rumney has had very minimal cases. We ran into struggles at the onset with finding extra gloves, masks, gowns, even goggles. We did not stock much of this stuff because it was never used, except for gloves, and occasionally masks and goggles. Luckily through coordination between the fire department, the state, and Speare Memorial Hospital we were able to secure adequate protective clothing. But only for a few months. It became harder to find these things as the months went by. Again, with the help of the FD and emergency management, we were able to procure enough supplies for the foreseeable future. Our crew has been trying to stay as up to date with new protocols and methods of training as possible.

As you have heard many, many times, please help stop, or at least slow, the spread. Wash your hands often, use hand sanitizer if not able to wash hands. Wear a mask when you can not social distance. Try to keep large gatherings to a minimum. If you feel sick, don't be afraid to take a sick day or three. If you feel the need to, there are testing sites set up all over the region. It's hard, but consider a zoom meeting or FaceTiming to see relatives. That part is probably the worst, but in the long run is better for the health of all loved ones until this whole thing gets figured out.

As this horrible year comes to an end I would like to say thank you to the members of Rumney EMS, Brett Durham, Sean Zaikowski, Rachel Legg, and Josh Nossaman. I would also like to thank Rumney FD for all their assistance throughout the year. Without their help, Our job would be much harder at times. And lastly I would like to thank the community for their ongoing support. Everyone please be safe out there.

Respectfully submitted,

Daniel Medaglia
Director, Rumney EMS

Rumney Highway Department 2020

The first quarter of the year, January to March, is spent maintaining the equipment and maintaining the roads for safe passage. There are three full-time employees who plow and sand different sections of the town.

In the spring, mud season hits and we concentrate on keeping the dirt roads passable, using stone to fill in ruts and York-raking. We begin prepping for what will be done in the summer, getting estimates, getting materials ready, etc.

During the summer months we were involved in paving Quincy Bog Road, Cranberry Bog Road, and Mountain View Road. We paved the driveway to the ballfield while we were in the area. We work to upgrade and maintain the roads in town, including road-side mowing, brush-cutting, grading the dirt roads, ditching and drainage, and so forth. I hired a part-time person to mow all the town grass areas, and do town property maintenance.

By fall, we are getting our equipment and materials, like sand and salt, ready for the winter. With the nice prolonged fall weather, we were able to better complete the ditching and continue our summer work.

We were late getting snow, but had several messy light storms to plow and sand. We had the one big snowstorm that gave us a foot or more of snow to take care of, but other than that it has been a pretty mild winter.

A new plow truck was approved at last year's town meeting which has been ordered and is in the process of being built. There has been quite a delay due to the Covid virus back-log. There have been quite a few set-backs, and we hope to have it in place by the next town meeting!

If you have any questions or concerns, please feel free to give me a call at the town garage (786-9486) or email us at highway@rumneynh.org.

Respectfully submitted,

Nick Coursey, Road Agent

Emergency Management 2020 Annual Report

The business at hand for Emergency Management during 2020 was varied and challenging. As we continued to work through the administrative bureaucracy to gain funding from FEMA for the visible damages left behind by the 2017 and 2019 floods, we dealt with a new type of disaster that was ever present but physically unseen, COVID-19.

The continued work on the 2017 and 2019 flood damage funding issues were slowed because of the many Federal and State partners the town works with were primarily working remotely because of the COVID-19 Pandemic. Permits and reimbursement applications that should normally take weeks are now taking months. As we try to obtain a Wetlands Permit from NH-DES to finish repairing Clark Brook, the State did not allow their staff to make site visits nor did they allow them to work from their normal office. Even though the Town has submitted the documentation that was prepared by HEB Engineers, nearly a year ago, we are still waiting on the process. We hope that 2021 allows us to complete the repairs to Clark Brook and Groton Hollow Road.

Countless hours were spent working on COVID-19 Pandemic issues. The Town accepted funds to pay our First Responders an additional stipend for 10 weeks of the summer. This office was able to track costs occurred by Rumney that were directly related to the pandemic. We were able to recover over \$34,000 in costs of responding to the COVID-19 Pandemic through the CARES Act.

In addition to the administrative work required to obtain CARES Act funding, this office took part in Zoom meetings and conference calls multiple times a week, starting in March through today, to keep track of the Emergency Orders and stay well-informed of the availability of assistance Rumney could take advantage of.

Both these concerns will continue into the coming year, but we anticipate the end is in site for both issues as well. We hope everyone stays safe through the coming year.

I appreciate the assistance given by other Department Heads. Also, a thank you to the residents of Rumney for supporting the Office of Emergency Management along with the other town departments, making the road to recovery possible.

Sincerely,

Joe Chivell
Emergency Management Director

⇒ RUMNEY TRANSFER STATION 2020 ⇐

We made it through the worst year ever. Hopefully we will see improvement in the near future.

Things didn't improve much this year in the recycling field, a little, but could be better. When the pandemic hit, a lot of the towns shut down their recycling efforts and just throw everything away. We, "The Town of Rumney" stood our ground and we kept recycling. We're not getting the best prices, but we are trying to keep our heads above water.

In January, the town got \$35 a ton for our cardboard, (good for that time of year) But in May, we got \$110.00 a ton for our cardboard. I couldn't hold off for May any longer, I was running out of room to store the cardboard for 4 more months.

But we did do good with our tin cans in September for \$95 a ton. YAH!!!

Plastics was another story. This spring the vendors wanted us to pay them to take our plastics, so I held off, now in December they will pay us 10 cents a LB. A lot better than paying to get rid of it.

I really appreciate everybody exercising the 6 ft rule at the Transfer Station. I want to keep everyone safe at this crucial time in our lives. We are protecting ourselves with masks and hand sanitizer, and wash our hands regularly. We wear our gloves all the time.

I have to apologize to everyone for the shut down of the Swap Shop, and no Planet Aid box for the clothes. I hate to throw good stuff away!!

A big thanks to people limiting their big loads of C&D and "cleanout" to 1 load a week. With the great amounts coming in it's hard to handle that quantity.

It wouldn't be nice to have to shut down early because the can filled up prematurely.

So thanks for another great year, and We will see you at the "DUMP".

Any questions call me at 603-786-9481 and we will help any way we can.

Be Safe
Sonny, Bill & Ryan

2020 Annual Report

In 2020, Pemi-Baker Solid Waste District continued its cooperative efforts to promote waste reduction, increase recycling, and to provide residents with a means of properly disposing of their household hazardous waste (HHW).

The District held two (2) one-day HHW collections, one in Littleton on Sunday, August 2nd and the other in Plymouth on Saturday, September 26th. A total of 253 households participated in the program and over 5,665 gallons of material was collected. The total expenses for 2020 HHW programming, which includes disposal costs, advertising, & insurance, totaled at \$20,121. The District has submitted a grant to the State of New Hampshire for \$5,072, received a \$5,000 donation from Casella Waste Management, and received over \$1,850 in cash from businesses for disposal. The expected net expenditures for the program are \$8,199.00 (a cost of \$0.29 per resident.)

The district also coordinated two (2) fluorescent light bulb collections in the spring and fall, where all member towns were able to dispose of their bulbs and ballast. This year, fluorescent light bulb collections resulted in over 27,891 linear feet of fluorescent tubes being properly disposed of; as well as 842 bulbs; 2,327 units of ballasts and batteries. The total cost for this effort was \$3,020.69 covered by district dues.

When selling your recyclables, be sure to call multiple brokers to ensure you receive the best price. Brokers also can offer a wide array of collection options (single-stream, co-mingled, split loads, etc) to best suit your recycling facility. What works for one town may not work for another, but no matter the circumstances, there are many possibilities for members to decrease waste and increase recycling efforts. We are very fortunate to have some of the best municipal recycling programs in the State as well as a knowledgeable and innovative group of facility operators. If your town has questions, issues, or concerns you would like to address, please use the resources you have available. New Hampshire the Beautiful offers grants to NH communities to help with the purchase of recycling equipment. Grants may total up to one-half of the purchase price of such things as balers, roll-off containers, collections bins, or other equipment that will assist a town in achieving a higher diversion rate. More information on the grant program is available at www.nhthelbeautiful.org.

As always, citizens interested in participating in the development of the District's programs are welcome to attend the District's meetings. Information regarding the place and time of the meetings is available at all municipal offices and recycling centers. If at any time an individual community needs assistance regarding their solid waste/recycling program, please contact the District by email at dcarruthers@nccouncil.org.

2020 WELFARE ADMINISTRATOR'S REPORT

Each year during the Annual Rumney Town Meeting, the Town's people approve a fund to assist those who find themselves in a position of needing emergency resources to avoid being either evicted, having their electricity turned off, going without heat, or other life sustaining issues.

Each applicant is required to submit a completed application to determine their current financial status. Applicants are also directed to apply for other assistance that may be available to them (i.e. food stamps, WIC, unemployment, fuel assistance, Project Care, etc.). If the applicant is found to be in need, assistance is paid using a voucher system. The individual vendors are given a town voucher signed by the welfare administrator and the client. Payment is then made directly from the town to the vendor.

2020 saw a decrease in applications for assistance being submitted. I cannot be sure, but one would think that the COVID-19 Emergency Order prohibiting the eviction process, along with the stimulus checks and additional unemployment benefits provided by the State and Federal Government had a great deal to do with this. Although, it is hard to predict next year's needs, we hope the decrease of 2020 applicates does not create an equal opposite increase in 2021.

RSA 165:28 Liens on Real Property. – The amount of money spent by a town or city to support an assisted person under this chapter shall, except for just cause, be made a lien on any real estate owned by the assisted person. The liens are effective until enforced as provided in this chapter, or until released by the selectmen or city council; provided that there shall be no enforcement of the lien so long as the real estate is occupied as the sole residence of the assisted person, his surviving spouse, or his surviving children who are under age 18 or blind or permanently and totally disabled. Interest at the rate of 6 percent per year shall be charged on the amount of money constituting such lien commencing one year after the date of the filing of the lien unless a majority of the selectmen in the town or the councilmen in the city vote to waive such interest. The selectmen or council may file a notice of the lien or an acknowledgment of satisfaction of the lien with the register of deeds of the county in which the assisted person owns real property. A notice of lien which contains the owner's name and a description of the real property sufficient to identify it is a valid lien on the property. The register of deeds shall keep a suitable record of such notices without charging any fee therefor, and he shall enter an acknowledgment of satisfaction of the lien upon written request of the selectmen or the council without fee.

If rental assistance is granted to a client and the landlord owns property in town and has back taxes due, the payment is made directly to the town towards the unpaid balance. When security deposits are authorized, the deposit is in the Town of Rumney's name, not the clients. If the client leaves the rental and a deposit is returned, it comes back to the Town.

We do appreciate the additional assistance that the area agencies provide to our residents in need.

Respectfully submitted,

Joe Chivell

Welfare Administrator

**STATE OF NEW HAMPSHIRE
TOWN OF RUMNEY
WARRANT for 2020 ANNUAL TOWN MEETING**

To the inhabitants of the Town of Rumney in the County of Grafton and State of New Hampshire qualified to vote in town affairs:

You are hereby notified to meet at the Russell Elementary School Gymnasium on School Street in said Rumney on Tuesday, the 10th day of March 2020, next, at 8:00 o'clock in the morning at which time the polls shall be opened for balloting on Article 1 and shall close not earlier than 7:00 o'clock in the evening, and you are hereby notified to meet at the Russell Elementary School Gymnasium in said Rumney on Thursday, the 12th day of March 2020, next, at 7:00 o'clock in the evening for the second session of the Town Meeting, for the purpose of discussion, debate, and final action, upon the remaining articles in this warrant.

Meeting officially opened at 7:03 pm with the pledge of allegiance.

Moderator James Buttolph opened the meeting with a brief history lesson:

"This year, I'd like to take you back to the annual meeting of 1968. The selectmen were Haven Little, Lyle McGinnis, and Donald Kenneson. The town clerk was Ruth Moses, and Herbert Moses was the deputy town clerk. At that time, Herbert was also the town moderator, so in those times if the town moderator didn't run the meeting the way the town clerk thought was proper, presumably there was the potential for additional penalties at home so the moderator had extra motivation to do a good job."

"This was the town meeting where we reviewed the year of Rumney's 200th anniversary in 1967, and since we recently celebrated the 250th, this seemed like an appropriate thing to do. One of the highlights was the presentation of a gold bound copy of "Rumney Then and Now" that was compiled by Jesse Barney after much effort. There were many things going on in town, and the celebration featured a giant parade that was estimated to be some two miles long - starting in Rumney Depot and ending on Stinson Lake Road. There were historic and modern floats, "snappy" drum and bugle corps, and a giant birthday cake float that was constructed by the Mount Stinson Girl's 4-H Club. I also noticed that at the kick off for the effort to organize this celebration, the men started raising beards, although in the pictures included in the town report I didn't notice any particularly long beards so I wondered what that really was about."

"By the way, Article 21 in that annual business meeting said, "Shall the provisions of chapter 171-A of the revised laws relating to playing "Beno" be adopted in this town?" This shows that our more recent question about games being allowed in the Town of Rumney was not the first time we dealt with questions like this."

"Hopefully this gives you a taste of what was happening over 50 years ago."

ARTICLE 30: New Hampshire Resolution to Take Action on Climate Pollution. We the town of Rumney hereby call upon our State and Federal elected representatives to enact carbon-pricing legislation to protect New Hampshire from the costs and environmental risks of continued climate

inaction. To protect households, we support a Carbon Fee and Dividend approach that charges fossil fuel producers for their carbon pollution and rebates the money collection to all residents on an equal basis. Enacting a Carbon Cash-Back program decreases long-term fossil-fuel dependence, aids in the economic transition for energy consumers, and keeps local energy dollars in New Hampshire's economy. Carbon Cash-Back has been championed by US economists (Jan 17, 2019 WSJ) as the most effective and fair way to deliver rapid reductions in harmful carbon emissions at the scale required for our safety.

We expect our representatives to lead in this critical moment for the health and well-being of our citizens and for the protection of New Hampshire's natural resources upon which we all rely.

The record of the vote approving this article shall be transmitted by written notice to Rumney's State Legislators, to the Governor of New Hampshire, to Rumney's Congressional Delegation, and to the President of the United States, informing them of the instructions from their constituents, by Rumney's Board of Selectmen within 30 days of this vote. (Article Submitted by Petition) (Majority Vote Required)

Article 30 was read; a motion was made to put it to the floor and was seconded.

There was much discussion on this article from the floor.

Concern: Worried about jobs and companies leaving the state.

Response: Other states will be implementing this program also, so companies won't be leaving to go to elsewhere because of this.

Concern: This will cause gas and oil costs to rise and there is already a gas tax when we fill our vehicles.

Response: No one likes to pay taxes, but this is a very important national issue. It doesn't commit us to anything. It just lets Rumney go on the record with our Representatives that this is a serious problem.

Concern: What amount of the tax money collected will be returned in the refund checks?

Response: All carbon tax money collected will be distributed evenly in refund checks, which was openly doubted by some meeting attendees.

Concern: Volcanic ash is causing carbon of which we have no control over and the carbon from this lingers for a very long time.

Response: We can't control natural occurrences, but we can control our individual carbon contributions.

A motion was made and put to the floor to move the question and end debate, allowing one more question.

Last concern: An individual attendee urged all attendees to vote no on this issue.

Article 30 was done by a secret ballot and held open for 15 minutes this allowed all 60 registered town voters to cast their vote. There was a motion to go to next article while ballots were being counted, this was agreed by voice vote. The ballots were counted by David Coursey and Janice Mulherin.

Article 30 Ballots were counted and there was 28 YES votes and 32 NO votes.

The article failed by secret ballot.

ARTICLE 31: To see if the Town will vote to adopt NH RSA 72:28-b, All Veterans' Tax Credit." Currently, in order to qualify for the credit, a veteran must have served during specific time periods. RSA 72:28-(b) eliminates those specific time periods and makes all veterans, who qualify, eligible for the credit. (Article Submitted by Petition) (Majority Vote Required)

Article 31 was read; a motion was made to put it to the floor and was seconded.

An amendment was proposed by Janet Sherburne to change the article to read: To see if the Town will vote to adopt NH RSA 72:28-b, All Veterans' Tax Credit." "The credit shall be in the amount of \$500.00." Currently, in order to qualify for the credit, a veteran must have served during specific time periods. RSA 72:28-(b) eliminates those specific time periods and makes all veterans, who qualify, eligible for the credit. (Article Submitted by Petition) (Majority Vote Required)

The article as amended passed by voice vote.

ARTICLE 32: To hear reports of agents, auditors, and committees heretofore chosen, to pass any vote relating thereto, and to transact any other business that may legally come before said meeting.

Selectmen Robert Berti; Chair thanked the EMS Committee for their service and commitment. The Selectmen, speaking for the town, appreciate this. Rumney can't provide a service full time, we need regionalization. Plymouth only offered a 1-year contract, we just ended a 3-year contract. This will be a major problem for ours and surrounding towns. It would cost over \$500k yearly to hire 7 people at \$15 and hour plus health insurance, and retirement. We're hoping some of the surrounding small towns can pull together.

He thanked George Bonfiglio for his service, time and effort to the town. George had been asked to run as Selectmen shortly after he had moved to Rumney when others didn't want to. He stepped up and served in this position for (3) years. He served on the planning board and helped with the Planning Board Ordinance #20-01-revised Subdivision Regulations, Dated 02/25/2020.

Meeting adjourned at 8:55 PM

Article 31: PETITION Warrant Article

PETITION: To place in the warrant for the 2021 Rumney Town Meeting, and bring to a vote MEDICARE FOR ALL ACT resolution.

To see if the town will adopt the the following resolution:

WHEREAS, the Medicare for All Act of 2019 (H.R. 1384/ S. 1129) would provide national health insurance for every person in the United States for all necessary medical care including; inpatient and outpatient hospital services, prescription drugs, primary and preventive care; emergency services; reproductive care; dental and vision care; mental health and substance abuse treatment, and long-term care.

WHEREAS the health and quality of life for the residents of Rumney will improve with Medicare-for-All because they would be able to get the ongoing care they need, without limited networks and without co-pays and deductibles; and no surprise medical bills.

WHEREAS the Medicare-for-All Act of 2019 would result in the elimination of town and school district insurance costs and result in lower property taxes for the residents of Rumney.

NOTE: Budgeted healthcare costs:

Town of Rumney: \$ 140,000.00/year (includes 10% employee contribution)

Rumney/Russell School District: \$383,102 (approximately 12% of school budget)
WHEREAS Pre-Covid polls showed 70 percent of Americans support Medicare For All. Presently, unprecedented closing of small businesses and millions of jobs lost, health insurance tied to jobs is also lost, which follows is that millions lose their health insurance. The Covid-19 pandemic clearly emphasize that our current healthcare funding system is inadequate and unprepared to protect all of us.
BE IT RESOLVED that if the voters of Rumney, New Hampshire, support the Medicare for All Acts of 2019 (HR-1384 and S-1129), the Board of Selectmen shall send a written notice of their constituents' instructions within 30 days of the vote, to Rumney's congressional representatives, to strive toward its immediate enactment, assuring appropriate and efficient health care for all residents of the United States.
(Article submitted by Petition) (Majority Vote Required)

Article 32: Reports

To hear reports of agents, auditors, and committees heretofore chosen, to pass any vote relating thereto, and to transact any other business that may legally come before said meeting.

Given our hands this 1st day of February 2021.

Rumney Board of Selectmen

Edward L. Haskell, Jr., Chairman

Rumney Conservation Commission – 2020

The Rumney Conservation Commission is organized under RSA 36-A:2 for the proper utilization and protection of natural resources and for the protection of watershed resources of the town. Conservation Commissions do not have regulatory authority; rather we conduct research into local land and water areas and serve as a source of information for residents. We develop maps that indicate open space, wetlands, natural, aesthetic or ecological areas within the town and may recommend programs for the protection, development or better utilization of such areas.

The Rumney Conservation Commission (RCC) members are appointed by the Select Board of the town. Current members include Maggie Brox (Secretary), Doug Earick, Joel Grass, Janice Mulherin (Chair), Greg Patten and Susan Sepenoski. RCC has not met in 2020 due to Corona Virus concerns. We look forward to in person meetings and welcome citizens' input. RCC continues to rely on volunteers to help with projects, planning and outreach activities in the community.

- ❖ RCC manages the Conservation Fund (funded by 50% of the Land Use Change Tax assessed when land is withdrawn from Current Use) for long-term stewardship and protection of important conservation lands in Town.
- ❖ RCC works with landowners, Planning Board, Select Board and NH State agencies to encourage and insure compliance with shore land protection, wetlands and forest land use regulations, an important obligation of community conservation commissions. Note that RCC is not a regulatory body; we provide information and guidance to citizens to help them protect natural resources and secure permits when needed.
- ❖ RCC supports the Lake Host Program on Stinson Lake. This program reminds boaters to clean their boats to reduce the spread of non-native plants in the lake.
- ❖ We contribute articles to the column in the Record Enterprise - Conservation Matters.
- ❖ We support a local youth's attendance to the Barry Conservation Camp in Berlin, New Hampshire.
- ❖ We maintain the field and access at the Jim Darling Natural Area.

The Jim Darling Natural Area saw increased use this year as more of our residents looked to more local places to recreate. It was great to see our residents take advantage of this beautiful access to the Baker River. It was also the location of the 4H Club's garden.

We would like to take this opportunity to thank Nate Everts for his several years of service on the Conservation Commission. Nate's move from Rumney has left a vacancy on the Commission, if you are interested in joining us, please let Joe Chivell know. He can be reached at the Town Office, 786-9511.

Respectfully submitted,
Janice Mulherin
Chair

➤ RUMNEY OLD HOME DAY ☞

Although concerns regarding COVID19 cancelled all of the typical daytime events experienced on Old Home Day, we were all able to get together to enjoy a fantastic fireworks display. Those who attended were happy to gather with family and friends, all while practicing social distancing.

This amazing event would not have been possible without the tremendous dedication and support from both the members of the Old Home Day committee as well as the members of the Rumney Baptist Church.

If you would like to be a part of our amazing team of volunteers, please visit our Facebook page (Rumney Happenings) for more information.

We look forward to meeting soon and hope many of you join us in making Old Home Day 2021 an amazing event.

With gratitude,

Baker River Watershed Association 2020 Annual Report

The Baker River Watershed Association (BRWA) works with towns along the Baker River to promote preservation of water quality for safe recreational use and guidance in best practices for reduction of flood risks and drinking water protection, with aims to sustain the quality of the watershed and its river for all users.

Steering Committee: Each town in the BRWA selects up to 2 representatives to liaise with town administrators, and 2 or more water samplers to collect data from several beaches in their town. The representatives serve on the BRWA's steering committee. Plymouth's representative Lisa Doner organizes the summer season monitoring and runs the E coli testing lab. There is current need for additional representatives and river samplers for all the towns. Please email Lisa Doner if you are interested in serving (donerl@mac.com), or contact your local representative.

Town	Representatives	Executive Officers	Water Sampler
Warren	Kevin Hopkins, Kellie Pinon	Kellie Pinon, Chair	Kevin Hopkins
Wentworth	Omer Ahearn	Omer Ahearn, Vice-Chair	Thomas Stoughton
Rumney	David Saad		Lisa Doner
Plymouth	Lisa Doner	Lisa Doner, Secretary & Treasurer	Lisa Doner

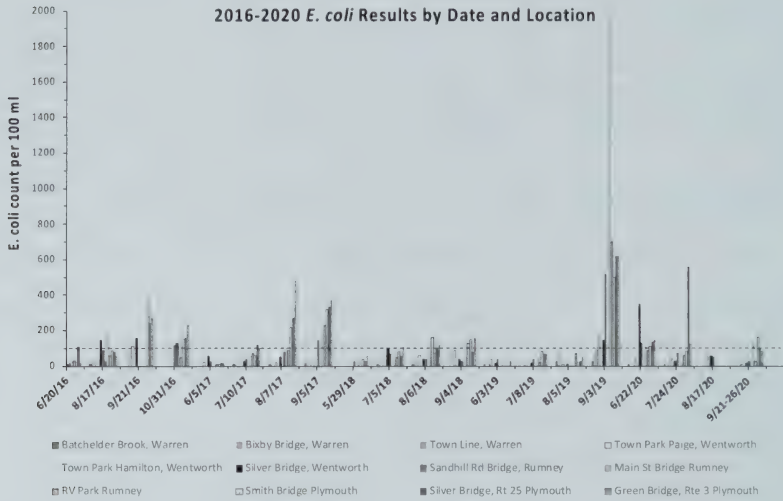

Water Quality Results:

Normally, once a month each summer (June-Sept) the BRWA collects water samples for *E. coli* and chloride analyses (salt contamination) at the State Labs in Concord (DES and DHHS). The towns compensate BRWA \$30/sample for this service, which covers the fees charged by the State Labs and the costs of transporting the samples to Concord. In 2020, the DES lab was closed due to Covid-19 restrictions, so our chloride testing capability was shut off, as was the courier service we had used in prior years to deliver sterile sample bottles and to transport same-day samples to Concord.

To resolve these logistical issues and maintain our Baker River monitoring capability, we purchased our own *E. coli* testing apparatus by IDEXX, including counting trays and sealer, incubator and UV light viewing box and calibration material. This is the same set up used by DHHS for their lab analyses. By housing the equipment locally and running the tests ourselves, costs are cut in half (\$15 versus \$30 per sample). In addition, we can collect and run samples at our convenience, including on weekends, and it saves the hour and half round trip to Concord just for sample delivery. This proved a valuable investment as the usually dry summer, low water levels and increased number of visitors to our towns and camping sites along the Baker River led to higher *E. coli* counts in several locations. For areas of concern, we were able to test the water more frequently and issue timely information to town health and safety officers.

In 2020, *E. coli* levels in Wentworth, Rumney and Plymouth all had sites with higher-than-desirable *E. coli* levels, but at different times during the summer. Wentworth's Saunder Hill (silver) bridge had high levels in June; probably due to camping and campers located near the river without sufficient wastewater management. The BRWA reported this to the town and, within two weeks, the *E. coli* count was back within safe levels (less than 100 counts)

represented by the horizontal dashed line in the plot below. Plymouth's Silver Bridge on Rte 25 exceeded safe levels on July 24, 2020. In general, most of the sites had acceptable, but not minimum, levels of E. coli most of the summer. This year, the end-of-summer spike that we tend to see was lower than in prior years and much lower than in 2019.

In addition to E. coli testing, every two weeks from May-Sept, the BRWA pays an intern to measure 12 sites for temperature, pH, oxygen, turbidity and conductivity. Detailed results will be posted to the BRWA website (see below) once verified by DES. In general, the Baker River is still healthy. There is a trend, however, towards lower oxygenation levels and pH, and higher water temperature and turbidity.

Follow BRWA happenings on the web (<http://www.bakerriverwatershed.org>) and Facebook (<https://www.facebook.com/BakerRiverNH/>). Contact the Chair or Vice-Chair (chair@bakerriverwatershed.org) to volunteer as a representative, a board member or a water tester for your town.

Rumney Historical Society 2020

2020... The year of the Covid 19 Pandemic! As we met to plan this past year's events, we quickly realized that the season was going to be a challenge. Reflections of the pandemic a hundred years ago in 1918 occupied our thoughts. Our President, Kathy Sobetzer, polled the officers and board about their thoughts and it was decided to simply cancel... no annual meeting, no request for dues, no membership booklets to publish, no open hours at our museum, no ice cream social, no programs to prepare and, hardest of all, no Christmas Tea. As the year ended, we knew that we had made the right decision.

Our work, however, persisted. Our dedicated Clippers and Obiters met each Thursday afternoon, appropriately distanced, at the library. We now have eight very full binders of Rumney obituaries which is another help to our inquiring genealogists. We have also continued to keep up to date with the town scrapbooks which receive a great deal of attention on Old Home Day when our former residents return for the day. We thank Sheila O'Meara, Pat Reynolds, and Joanne Jette who have given so much time to this project. You are welcome to stop in at the library to look at these books and/or join the fun on Thursday afternoons at one!

AMMONOOSUC COMMUNITY HEALTH SERVICES, INC.

Dear Selectmen:

Ammonoosuc Community Health Services Inc. (ACHS) is requesting an appropriation in the amount of **\$1250 (One Thousand Two Hundred Fifty dollars)** from the town of Rumney for 2021. This amount will help us continue to provide high quality healthcare to our **100 Rumney patients** and to reach more of those in need of our services.

This year has been especially difficult for those in health care, as we face unprecedented challenges while assisting the community in the testing for and prevention of COVID19. Early in the pandemic ACHS saw a swift decline in patient visits resulting in a significant loss of patient revenue. We quickly pivoted to telehealth allowing us to provide primary, behavioral, and dental care via tele-medicine during quarantine. This also prevented costly visits to hospital Emergency Departments. As we continue to navigate these uncharted waters, we need your help more than ever! Your investment in ACHS helps us provide **comprehensive primary preventive health care to anyone, regardless of their ability to pay.**

Support from the **town of Rumney** is extremely important in our continued efforts to provide affordable health care services to your residents, and to those in the 26 area rural towns in our service area. ACHS's sliding fee scale for payment of services ensures patients in need will still get affordable health care in a timely manner – especially important in today's unsettled health care climate. For more information about this program, please visit: www.ammonoosuc.org.

ACHS Services Provided

- COVID19 Antibody & Antigen Testing
- Primary Preventive Medical Care – Family Practice - Prenatal Care through Geriatrics
- Breast & Cervical Cancer Screening Program
- Behavioral Healthcare – Counseling, Substance Misuse Disorder Assistance – In school K-12 services
Dental & Oral Healthcare – Affordable Dental care for all ages
- 340B Low-Cost Prescription Drug Program
- Low Cost Vision Plan – Discounted Eye Exam and Glasses for those who qualify
- Financial Services - Sliding Fee Payment Scale for eligible patients

Budget Committee
Town of Rumney
PO Box 220
Rumney, NH 03266

Dear Budget Committee:

From July 1, 2019 to June 30, 2020, **Voices Against Violence** worked with 701 individuals who have been affected by domestic or sexual violence, or stalking. In **Rumney** alone, we provided 97 contacts (45 service hours) to 24 male and female victims of domestic violence or sexual assault, as well as provided countless hours of education and support around these issues to other individuals and organizations in your town.

Direct services included crisis counseling through our 24-hour hotline; one-on-one crisis and ongoing advocacy; providing emergency shelter to women and children; support groups; hospital, police and court accompaniment; restraining orders and other legal assistance; providing food, clothing, and transportation; advocating for families' medical/mental health, housing, and financial needs; assisting with educational and employment opportunities; and much more.

Following are the services we provided to adults and children living in **Rumney** in the 2019-2020 year (please note, individuals may receive multiple services):

Accompaniment	9
Legal Advocacy	22
Follow Up	44
Personal Advocacy	29
Safety Planning	57

Voices reached an additional 4,171 individuals through our education and outreach programs. Among those programs were workshops for students and faculty at area schools on topics such as bullying prevention, healthy relationships and boundaries, how to help a friend in an abusive situation, and teen dating violence. We are also working with law enforcement and community agencies in your area to create a unified community response to domestic and sexual violence, and will be placing a great deal of effort in our prevention activities that will hopefully alleviate long-term burdens on the town that result from family violence.

With this in mind, I submit this annual budget request in the amount of \$550.00 for the 2021 fiscal year, which is this year's base request for the smallest towns we serve. We greatly appreciate all of your support and your consideration of this year's request. Please do not hesitate to contact me at 536-5999 with any questions, or if I can provide additional information to the Committee.

Sincerely,

Meg Kennedy Dugan

Dear Friends,

Affecting 1 in 5 adults and children, mental illness is a serious public health issue that impacts an entire community. People living with mental illness who participate at work, with family and in communities are valuable resources. Paying for jails, prisons, shelters and acute care hospitals is important, but we must also support those recovering from mental illness; they deserve to live their lives with dignity, with family and friends, in their community. A healthy, vibrant, and productive community requires the resources and capacity to provide high quality, accessible mental health care.

The Lakes Region Mental Health Center (LRMHC), a 501(C)3 organization, invites you to be a part of the solution by appropriating funds for Emergency Psychiatric Services. Every dollar of your contribution is invested in direct care for uninsured people in crisis, and is leveraged with funds from the other municipalities served by the Lakes Region Mental Health Center.

Your continued support will help us ensure the provision of 24/7 Emergency Services to people in crisis, as oftentimes emergencies are attributable to lack of health insurance and/or the financial resources necessary to seek preventative care. For many, Emergency Services at the Lakes Region Mental Health Center are the gateway into treatment. Access to timely and effective treatment supports recovery, and minimizes further harm to the patient, the community, and other systems of care.

LRMHC is requesting level funding of \$300.00 again this year. It is our hope that initiatives at the State level will lead to improvements in our mental health system, and that additional resources for communities will result in better outcomes for Granite Staters living with and recovering from mental illness. LRMHC is an active participant in these initiatives, including the Community Health Services Network, an integrated delivery network serving the Central NH and Winnepesaukee Public Health Regions. A detailed review of patients served, charity care provided, and our request is on the reverse side of this letter.

The patients, staff and Board of the Lakes Region Mental Health Center thank you for investing in a healthy community. If you should have any questions, please contact Ann Nichols at 603-524-1100 ext. 445 or anichols@lrnhc.org. We welcome the opportunity to meet with your Budget Committee and/or Selectboard to further discuss our request and how it improves the health of your residents.

Sincerely,

In Fiscal Year 2020, **50 residents of Rumney** received services from LRMHC, and **6 of these individuals utilized Emergency Services**. LRMHC provided **\$12,008 in charitable care to Rumney residents**. The age breakdown is as follows:

RUMNEY	Patients Served-LRMHC	Charitable Care in \$	Patients Served-ES
Children (0 to 17 years)	15	\$488	0
Adults (18 to 61 years)	30	\$10,970	5
Elder (62 + years)	5	\$550	1

What is a Mental Health Emergency?

A mental health emergency is a sudden change in the mental status of an individual due to a one-time event or as the result of a pre-existing mental illness. Events causing a mental health emergency can include loss of job, divorce, natural disaster or the sudden loss of a loved one. A mental health emergency can occur at any time to anyone, regardless of age, gender or class. Symptoms of a mental health emergency can include, but are not limited to:

- Suicidal or homicidal thoughts
- Feelings of desperation or anxiety
- Delusional thoughts
- Risk of harm to self or others

What are Emergency Services?

Emergency Services are provided by LRMHC in accordance with regulations governing community mental health centers in the State of New Hampshire. Services include access 24 hours a day, 7 days a week, to Master’s level clinicians and psychiatrists by individuals of all ages, hospitals, schools, police and others experiencing or dealing with a mental health emergency. The goal of Emergency Services is to reduce the individual’s acute psychiatric symptoms, decrease risk of harm to self and others and assist in returning the individual to pre-crisis level functioning. Emergency Services are provided through a 24-hour emergency hotline, mobile crisis response, crisis stabilization, assessments and evaluation and voluntary/involuntary hospitalization. Services are provided in person, over the telephone and via telehealth to ensure rapid access to care.

How does the Town benefit? Why should you invest in Emergency Services?

Sadly, today we have a greater understanding of the devastating effects of a mental health crisis. We may get a glimpse of it in when a tragic event affects our own community: a horrific crime, a suicide, the aftermath of an accident. The role of the LRMHC Emergency Services team is not simply to work with the individual in crisis, but to work with the community in its wake. This may include meeting with emergency responders as they cope with a difficult case or with school children and teachers as they mourn the loss of a classmate and student.

An investment from your town will be leveraged with appropriations from other communities to offset the tremendous cost of staffing the Emergency Services program round the clock. It will help us expand mental health services and increase awareness. Similar to a municipal police or fire department, Emergency Services is a safety net for *all* residents of Rumney, not just those utilizing the service. Your appropriation will ensure the provision of this essential service for the residents of your community and reduce the burden on your town.

CADY 2020 ANNUAL REPORT
Town of Rumney

Communities for Alcohol- and Drug-Free Youth would like to thank the town of Rumney for your support over the past year. Together we are preventing substance misuse and building possibilities, potential, and promise for our children.

Addiction is one of the most complex issue facing NH today—the consequences of this epidemic are severe with overdose deaths continuing to steal the lives of too many of our young people. The most responsible and humane strategy is to stop these tragic situations from occurring in the first place by preventing the use of all addictive substances in adolescence, including alcohol and marijuana.

The ongoing mental health, substance misuse, and child protection crises our state is experiencing have taken a significant toll on New Hampshire’s children and families, impacting all child-serving systems. These crises, and the pandemic we continue to face, are disrupting children’s stability and upending their lives; however, resources remain limited for preventative services and other systems that support children remain underfunded and uncoordinated.

Consequently, CADY believes local problems need local solutions; as such, it is our collective responsibility to address these problems head on to ensure that we are supporting the healthy social and emotional development of children in our region. The scary truth is we are seeing surges in childhood anxiety and clinical depression statewide and locally. In 2019, 341 children, ages 12-17, called the state’s 24-hour crisis line with the number rising to 418 this year. This summer, a disturbing new trend emerged — 26 children were waiting for a bed in a treatment facility, in contrast to one child in 2017. Additionally, youth substance misuse in our local region has increased significantly, putting our children at an even greater risk of harm. The 2019 Pemi-Baker Youth Risk Behavior Survey (YRBS) indicated our children are at higher rates than statewide averages in suicidal ideation, sadness, and feelings of hopelessness. Post COVID-19, these number are expected to grow, as so many of our children are struggling with the impact of social isolation and uncertainty. Emerging research shows that for youth to thrive, even amidst challenging life circumstances, what they need most is to be encircled by caring adults. This is the essence of CADY’s vital work. We work hard. We are persistent. And we will never give up. There is so much to be done. Collaboration is essential as our community is faced with complex problems that are just too big for a single organization, or level of government to solve alone. The scarcity of treatment services for children makes prevention a crucial first step to addressing their growing needs. Knowing this, as an essential public health service, we kept our doors open and programming moving forward during the pandemic.

Thankfully, our collective action has the power to transform lives by preventing youth substance misuse through education, skill building, increasing early intervention services and social-emotional supports, and offering opportunities for mentoring and resiliency building. We thank our community partners for working tirelessly with CADY to build healthy environments that foster hope, growth, and resiliency. We cannot do this critical work without you. Thank you, Rumney, we are truly honored and grateful for your support.

Sincerely
Deb Naro
Executive Director

Board of Selectmen
Town of Rumney
PO Box 220
Rumney, NH 03266-0220

Dear Selectmen,

Thank you so much for the Town of Rumney's generous, past support. **Court Appointed Special Advocates (CASA) of NH respectfully requests appropriated funds in the amount of \$500 during your next funding cycle.** The Town of Rumney's support will allow CASA of NH to expand and elevate our continued recruitment efforts in your community. Funding will provide training and support to a CASA volunteer advocate so that they may serve children who are the victims of abuse and neglect in Town of Rumney. CASA of NH estimates that it costs \$1,450 to train and support one volunteer advocate per year who, in turn, will serve 2.5 children on average. **Last fiscal year, we served 2 children from the Town of Rumney.**

CASA of NH provides a voice for abused and neglected children and youth by empowering a statewide network of trained volunteers to advocate on their behalf so they can thrive in safe, permanent homes. It is our goal to provide an advocate for 100 percent of NH's children in need. For the past 31 years, CASA of NH has served over 10,000 court-involved children and youth, birth to 21, who have been abused and/or neglected by their parents or caregivers. During the 2020 fiscal year (July 1, 2019 – June 30, 2020), 630 of our volunteers advocated for the best interests of 1,438 children across our state. We are the only organization in the State that serves this function. The key to our program is our volunteer advocates, capable and caring citizens from every walk of life who genuinely want to help children. A CASA volunteer advocate is a trained citizen appointed as the Guardian ad Litem (GAL) by the circuit or family court judge to represent a child victim in the court system in cases of abuse and neglect. Our professional staff train, supervise and support volunteers of all backgrounds, providing everything needed to allow ordinary citizens to successfully defend the best interests of vulnerable children. CASA volunteer advocates provide critical information to the judges and the courts, making recommendations that directly impact the child's future. As a result, the family courts of NH are required to request that a CASA volunteer advocate be assigned to every case of abuse and neglect, if available. Our goal is always to serve 100% of cases that we are presented with. Last year we were able to serve 92%.

The current COVID-19 pandemic has had a significant impact on the lives of NH's children and especially those who are the victims of abuse and neglect. In NH and nationally, there is concern among social work and law enforcement experts that children are more at risk for abuse and neglect now because they have not been in school or in other child care and community settings. They are spending less time with people who are normally in positions to support and report (educators, social workers, administrators, counselors) and their social circles have contracted to include just family members. In fact, in NH alone, **reported cases of neglect and abuse made to the Department of Child and Family Services (DCYF) Hotline were down by 50%.** Parents are facing increased stress regarding care for their child while working, confronting economic instability and job loss, and feeling even more food and housing-insecure. For these reasons, CASA of NH anticipates a surge in cases due to the COVID-19 pandemic in the 2021 fiscal year.

Our advocates and staff are responding to the impact of the pandemic strategically, creatively and immediately to ensure that children continue to receive the critical advocacy they need. Our advocate volunteers are connecting with their children remotely, through texting, online platforms (zoom, skype)

and social media. Our recruitment and outreach efforts are being done virtually (including interviews and advocate peer support groups), and online advocate resources are being updated daily to help with retention.

CASA of NH has been working closely with leaders from the Judicial Council, DCYF, Health & Human Services, Granite State Children's Alliance, and other state and local organizations and child-focused non-profits to determine next steps and strategies for keeping children safe. The impact of the pandemic could have far-reaching implications for NH's children, but the full scope is yet to be determined. We are anticipating that the need for CASA volunteer advocates will be even greater than before. Your support will help to train and support these volunteers in order to meet the anticipated demand for our services in your area.

In addition to the hardships faced with COVID-19, we are continuing to see the effects of opioid and substance misuse within the families whose children we serve; 86% of new cases last year had a known Parental Substance Abuse Component. In addition to physical abuse and neglect, children have been trafficked for drugs, witnessed their parents overdosing (and in some cases dying), and some have been directly exposed to or have ingested drugs themselves.

Children who are the victims of abuse and neglect are a part of every community within our state. They attend our schools and are often moving from one town to the next due to changes in a caretaker's residence or foster home placement. A CASA volunteer advocate is often the only constant in these children's lives. They meet with them regularly to get a sense of their situation and give them hope and encouragement for a better future.

In addition to all of the good work they do for our children, **our CASA volunteers also save our state an estimated \$4.6M in legal fees** – fees that would otherwise be paid for by state tax dollars. If CASA of NH cannot assign a volunteer advocate to a case due to lack of availability, the state will then hire a paid GAL (Guardian ad Litem) at \$60 per hour plus travel costs.

The work that the Town of Rumney can help us achieve has never been more important. The children that our CASA volunteer advocates serve are the unseen victims of not only the on-going drug crisis, but now COVID-19 as well. Unfortunately, like many other non-profit organizations, we have had to cancel our largest fundraisers this year. We are diligently exploring additional, emergency funding to make up for losses to our programmatic support. However, during these difficult times, CASA of NH has and will remain committed to the well-being of our state's silent victims. Your investment in CASA of NH is also an investment in the long-term, wellbeing of victimized children across the state. Your support has been an incredible asset to these children throughout the years and we thank you for your consideration of further assistance during this next funding cycle.

We can't thank you enough for supporting the work of our volunteers. If you have any questions about this request, please do not hesitate to contact Julia LaFleur, Development Assistant at (603) 626-4600 or jlafleur@casanh.org.

Sincerely,

Marcia R. Sink
President & CEO

**GRAFTON COUNTY SENIOR CITIZENS COUNCIL, INC.
ANNUAL REPORT 2020**

Grafton County Senior Citizens Council, Inc. is a private nonprofit organization that provides programs and services to support the health and well being of our communities' older citizens. The Council's programs enable elderly individuals to remain independent in their own homes and communities for as long as possible.

The Council operates eight senior centers in Plymouth, Littleton, Canaan, Lebanon, Bristol, Orford, Haverhill and Lincoln; and sponsors the Grafton County ServiceLink Resource Center and RSVP's Volunteer Center. Through the centers, ServiceLink, and RSVP, older adults and their families take part in a range of community-based long-term services including home delivered meals, community dining programs, transportation, outreach and counseling, chore/home repair services, recreational and educational programs, and volunteer opportunities.

During 2019-20, 74 older residents of Rumney were served by one or more of the Council's programs offered through the Plymouth Regional Senior Center, and 14 were assisted by ServiceLink:

- Older adults from Rumney enjoyed 382 balanced meals in the company of friends in the Plymouth center's dining room.
- They received 2,182 hot, nourishing meals delivered to their homes by caring volunteers.
- Rumney residents were transported to health care providers or other community resources on 65 occasions by our lift-equipped bus.
- They received assistance with problems, crises or issues of long-term care through 19 visits with a trained outreach worker and 34 contacts with ServiceLink.
- Rumney's citizens also volunteered to put their talents and skills to work for a better community through 185 hours of volunteer service.
- They participated in 110 health, educational, and social activities.

The cost to provide Council services for Rumney residents in 2019-20 was \$28,707.51.

Such services can be critical to elderly individuals who want to remain in their own homes and out of institutional care in spite of chronic health problems and increasing physical frailty, saving tax dollars that would otherwise be expended for nursing home care. They also contribute to a higher quality of life for older friends and neighbors. As our population grows older, supportive services such as those offered by the Council become even more critical. *Rumney's population over age 60 has increased by 51% over the past 20 years according to U.S. Census data from 1990 to 2010.*

Grafton County Senior Citizens Council very much appreciates Rumney's support for our programs that enhance the independence and dignity of older citizens and enable them to meet the challenges of aging in the security and comfort of their own communities and homes.

Select Board
Town of Rumney
PO Box 220
Rumney, New Hampshire 03266

Dear Select Board:

As you prepare your 2021 Town Budget, we respectfully request that you consider an appropriation to Transport Central. We are the regional 501c(3) agency serving seniors age 60+, individuals with disabilities and those on Medicaid programs and eligible veterans with transportation needs to medical appointments. During TC's fiscal year 2020, we provided **3,224 rides**, while our volunteers drove **172,156 miles** while performing these rides.

Our drivers, all volunteers, are qualified and trained to NH DOT standards. At this time of COVID-19, all drivers and riders are required to wear masks and observe other preventive measures. Cars are sanitized regularly.

This year, we project that we will run out of NH/Federal 5310 funding (to reimburse our volunteers for mileage at the federal rate) after 8 months into the year. The remaining 4 months of rides for the elderly and disabled are necessarily funded by donations and contributions.

We traveled **2,516 miles** providing Rumney residents **69 rides**. If the town chooses to appropriate two dollars for each ride, it would come to **\$138**. This amount will help us sustain and perform our mission to provide rides for the elderly and disabled in Rumney.

We continue to be very grateful for your assistance in helping us fulfill our mission toward helping your residents.

We are enclosing information to help you understand who we are and what we do. More copies are, of course, available. Due to changes in NH Medicaid Transportation, our material will be updated very shortly, and we will get you fresh copies at that time. If you have any questions or would like us to make a presentation to you or any local group, please let us know.

We very much appreciate your consideration and support!

With best wishes for a safe and healthy year,

Patricia R. Kendall, *Executive Director*

Annual Report 2020

The mission of UNH Cooperative Extension is to strengthen people and communities in New Hampshire by providing trusted knowledge, practical education and cooperative solutions. We work in four broad topic areas: Youth and Family Development, Community and Economic Development, Natural Resources, and Food and Agriculture.

A few highlights of our impacts are:

- Judith Hull, Master Gardener Program Assistant, continued her work supporting the Grafton County Master Gardeners in their efforts to teach community members new skills by offering science-based gardening education.
- Mary Choate, Food Safety Field Specialist, presented four S.A.F.E. classes (Food Safety in the Food Environment) around the state, arranged and monitored Chinese and Spanish language ServSafe classes and participated in seven farm food safety reviews.
- Heather Bryant, Fruit & Vegetable Production Field Specialist, completed an eggplant variety trial at the Grafton County Complex, in collaboration with a larger project carried out at UNH's Woodman Farm. After data was collected, 342 lbs. of eggplants were donated to area senior centers and food banks.
- Sue Cagle, Community Economic Development (CED) Field Specialist, joined our county office just as NH was moving to remote work due to COVID-19. She, along with the rest of the CED team immediately began to work on providing resources and training to NH communities in response to requests from organizations and municipalities. They also created web resource pages for Remote Meetings and Main Street Responses to COVID-19.
- Jim Frohn, Natural Resources Field Specialist, conducted 55 woodlot visits covering 8588 acres, and referred 27 landowners, owning 2755 acres, to consulting foresters. Although COVID-19 reduced opportunities for in-person workshops, he continued to work with Extension colleagues and partners to develop online content.
- Under the guidance of Donna Lee, 4-H Program Manager, 72 screened leaders worked with 165 youth (ages 5 to 18) across the county on projects which enhanced their personal development and increased their life-skills. A notable highlight of the 4-H year was the Food & Essentials Collection Project. 4-H youth, leaders, and families generously donated a total of 2182 items to this endeavor.
- Lisa Ford, Nutrition Connections Teacher, completed five, multi-lesson series with 67 participants. Twenty-one series with 235 youth and adults were in progress when in-person learning was cancelled, due to the pandemic. In order to adapt to changing needs of agencies and participants, Lisa developed a one-page teaching resource for a curriculum.

PLANNING BOARD 2021

Meeting - last Tuesday of each month at 7:00 p.m. (except December)

Office Hours - Monday 2:00 to 5:00

Judi Hall, Clerk 786-9515 (office) 236-6913 (home – until 7:00 pm)

planningboard@rumneynh.org

NOTICE - Please contact the Planning Board for assistance whenever the following is planned:

- the addition of a dwelling unit to a lot that already has a dwelling unit on it; including the addition of a mobile home, the creation of a new apartment or condominium units or the renting out of an apartment formerly allowed for family members only. These are, by definition, subdivisions, and they must be reviewed by the Board. Except where waived, each dwelling unit must have its own lot.
- the divisions of a lot into separate building sites or properties for future rental or conveyance, i.e. subdivision.
- the construction of a new driveway of any sort, alteration of a driveway including the paving the driveway or addition or remove of culverts or the change of a temporary driveway to residential use on a town road. Driveways on to state roads require approval from NH DOT.
- the removal of earth materials from a site for commercial purposes, i.e. an excavation.
- the locating of multiple mobile homes on a single lot, i.e. the creation of a mobile home park.
- activities involving septic systems, wetlands, and other state programs; these are administered by the State but the Board can provide information on who to contact.

Plans and other materials relative to applications must be submitted to the Planning Board Clerk at the Town Office at least 15 days before the business meeting.

You vote in elections once a year,

but when you volunteer,

you vote every day about the kind of community you want to live in."
