1936-2017
Sewer Commission
ZBA
Assistant Moderator
Superintendent of NSWFP

Warren Look
1944 - 2017
Election worker
Deputy Tax Collector

Recognition of Public Service

The Bohannons

Bruce Bohannon has served in a number of positions (both paid and volunteer) for the Town for many years. Whether it was coordinating Vermont Yankee drills or brush hogging the rail trails, Bruce could be counted on to do the job and do it right. Bruce also served a brief stint as interim health officer. Most recently, in 2016 Bruce admirably shepherded the Town through the first phase of changing some street names to reduce confusion for emergency responders. While no longer the Town's Emergency Management Director, you will still find him on the trails undertaking winter grooming and summer maintenance and serving on the Rail Trail Advisory Committee. Those who use the rail trails certainly owe Bruce a heartfelt thanks! You always know where you stand with Bruce, and you know he is always doing his best for Swanzey.

Judy Bohannon has also been a fixture in Swanzey for many years, including a career at Monadnock as the school nurse. On the Town side she was involved with youth recreation for years, including serving on the recreation committee and helping to establish programs that continue today, such as the easter egg hunt at Mt. Caesar and summer camp at Richardson Park. Judy was again called into service for the Town in 2014 when she agreed to serve as the interim Administrator at the Carpenter Home, the Town-owned assisted living facility. During her time at the Carpenter Home she made significant improvements to operations. She was also an effective advocate for facility improvements at the Carpenter Home, overseeing painting the exterior of the building, renovating two of the bathrooms, and overall sprucing things up. Three years later clinical care coordinator Donna Allen was promoted to Administrator and Judy was able to begin enjoying her retirement.

Bruce and Judy, thank you for your decades of public service to your community!

Ridgely Brown

After more than 10 years of serving on the Old Home Day Committee, including several years as Co-Chair with Kathy Habiby, Ridgely Brown will be leaving to focus on family responsibilities. Her knowledge and skills will be missed, but she has left the committee a legacy of excellence and dedication as we move forward providing a day of fun for everyone. Thanks to her imagination and perseverance, every year we have added more activities and entertainment that are free to the public and focused especially on our young people. She has said that the rewards have been many: being involved with the community, making new and lasting friendships, watching the committee's members work together, and especially seeing it all come together on a Saturday in July when kids of all ages come to watch the parade, play the games, and support our local craftsmen. We hope to keep her legacy going well into the future.

Direct questions to
Michael T. Branley
Town Administrator
352-7411 x107
mbranley@town.swanzey.nh.us

2017 was a year of accomplishment, with the Town completing several projects and making significant progress in a number of other areas.

After years of planning and saving funds, the Town completed a number of building and facility projects.

- **Police Station Addition / Renovation:** After voters approved funds at the 2017 Town Meeting for this project, the Town worked quickly to finalize the construction plans and bidding documents and put the project out to bid. This addition added roughly 700 square feet to the building and improved the functionality of the existing space. It also increases officer safety within the building and improves the Town's compliance with State and Federal standards for police facilities.
 - **Town Hall Roof Structural Repair:** After multiple engineers determined that the structural integrity of the roof of Town Hall was compromised, the Town engaged a consultant to design the repair and then put the project out to bid. The repair included rebuilding the truss support system and replacing the slate roof with a new metal roof. In addition to making sure the roof does not collapse, the new structure allows the rearrangement of interior walls within the Town Hall, which gives the Town more flexibility as we work to find better ways to use our existing space.
 - **Carpenter Home Improvements:** The Town fully renovated one of the three bathrooms in the Carpenter Home. The Town also engaged a consultant to design a replacement to the sprinkler and fire suppression system. The Town then selected a contractor to replace the systems; work is currently ongoing and should be completed by the middle of 2018.
 - **Public Works Salt Shed:** The Town demolished the old and undersized salt shed and replaced it with much larger clear span structure recommended by staff and the Capital Improvements Program Committee. The larger size allows the Town to buy more salt at
- **Recycling Center Roof:** The roof at the main building of the Recycling Center was leaking and failing. The Town put the project out to bid and replaced it with new white PVC roofing material in February. In addition, the Town added insulation for improved energy efficiency and snow stops to help greatly reduce the chance of injury or damage to property from falling ice and snow.
 - **Whitcomb Hall:** After opening the first floor of Whitcomb Hall for rentals and Town functions, this summer the exterior of the building was given a much needed facelift. The Town put the project out to bid and selected a contractor who scraped, replaced clapboards as needed, and painted the entire building. While there was a lift on the property, the Town also made repairs to the clock tower roof. In addition, the Town hired an architect to compile a historical building assessment. This provides important information regarding the remaining needs for the building, their costs, and the architectural significance of the building. It will also allow the Town to pursue additional grant opportunities, including the Land Community Heritage Investment Program (LCHIP).
 - **Fire Station #1:** It was time to invest some resources in the fire station in the east part of town so specifications were prepared and proposals solicited for minor renovations. Though the roof had been replaced some years ago the damage to the ceiling from the leaking roof still needed to be addressed. The north wall had the windows removed as snow buildup rendered them inoperable and created an inlet for water and moisture damage. The meeting room and bathroom needed updates to better comply with modern codes and general usability. This project was particularly well-timed as the exterior walls were beginning to show signs of rot and several electrical issues were discovered; these issues were able to be fixed before either got to be more expensive.
 - **Grange Hall:** Working with the Swanzey Preservation Society and other passionate volunteers the Town coordinated an effort to clean out items that had accumulated in the building throughout the years. Now almost fully cleaned out, we hope the community will be engaged in a discussion about possible uses for the building.

As seems to usually be the case, 2017 saw the retirement of a few long term employees and a few fresh faces.

- After roughly three years as Administrator at the Carpenter Home, Judy Bohannon retired from her position in March. During her time as administrator she provided needed leadership and was a strong advocate for the Carpenter Home, especially in making facility improvements such as painting the exterior of the building and renovating two of the bathrooms. The Town promoted Donna Allen from the position of Clinical Care Coordinator to Administrator and hired Amanda Clark, R.N. to replace Allen as Clinical Care Coordinator. Keep up the good work Donna and Amanda!
- Also in 2017 Bruce Bohannon retired from his position as Emergency Management Director after 15 years. Bruce worked diligently to ensure the Town was prepared for natural or other disasters, especially ones related to the

Report of the Selectmen

Vermont Yankee Nuclear Power Plant in Vernon, VT. With Vermont Yankee now closed and Bruce retired, Fire Chief Norm Skantze has taken on the duties of Emergency Management Director and Police Chief Tom De Angelis has agreed to serve as Deputy Director.

- In Town Hall we welcomed Christine Smith as our new Assessing Coordinator in August. Ms. Smith has previously worked for the BH & G/Masiello Group in Keene for many years and most recently worked for the Town of Rindge. Welcome aboard Christine!
- Bruce and Judy, thank for your years of dedicated service!

The Town continued developing plans to preserve and improve our infrastructure and other Town assets.

- A long standing challenge for the Town has been resolving issues with Upper and Lower Wilson Pond Dams in a cost effective manner that has as little impact on Wilson Pond and property owners on the pond as possible; the Town made significant progress towards achieving this goal. Both of these dams have received letters of deficiency from the State Dam Bureau (which regulates dams) because they are in need of repair. If the Town does not address these issues in a timely manner we may be subject to fines of up to \$2,000 per day. Late in 2016 the Town reengaged our engineering consultant to do additional engineering work and then assisted the Town with hosting a public informational session. We held the informational session at the end of August and we heard strong public feedback that a repair that involved permanently lowering the water level of Wilson Pond was unacceptable. We used this feedback and other factors to convince the State to give preliminary approval for a waiver to make cost effective repairs that would not permanently lower the water level of Wilson Pond. To proceed with the design and permitting of these improvements to resolve the issues with Lower Wilson Pond Dam the Selectmen are recommending an article on the 2018 Town Meeting Warrant. This \$400,000 bond article will allow the Town to move forward with design and permitting for these projects in 2018 with construction in 2019. The Town would then move forward with designing solutions to address Upper Wilson Pond Dam in 2019.
- After completing the reconstruction of Main Street in 2016, the Town shifted our focus on the next road reconstruction project: Hale Hill Road. Hale Hill Road is beyond the point where less expensive maintenance is a good investment, requiring a full reconstruction. The Town had survey work done in the spring, flagged trees for removal, and held a public informational meeting in July. The Town then hired a contractor to remove over 50 trees. The rest of the reconstruction of the road will be completed in the spring and summer of 2018.

At the request of the Town's Open Space Committee, the Selectmen explored purchasing the additional land associated with the Lucy Carpenter Trust, especially Mt. Caesar, to separate it from the Carpenter Home facility. The Town worked with our Attorney and the State Attorney General's Trust Division to come up with a solution that complied with the law and the terms of the trust. To do so, the Town commissioned an appraisal of the property. An article is on the 2018 Town Warrant seeking to authorize the Selectmen to purchase the land. This will allow Mt. Caesar and the additional land to stay under Town ownership for long term Town use for purposes such as conservation, recreation, and other Town functions. With the proceeds of the sale going into the Lucy Carpenter Trust Fund, this article will also put more principal into the investment funds that go towards benefiting the Carpenter Home, thereby reducing the amount of money taxpayers need to put towards its operations.

The Selectmen heard from residents regarding issues with fireworks in their neighborhoods and worked with the Fire Chief, Police Chief, and other staff to recommend revisions to the Town's fireworks ordinance. The Board hosted a public hearing in May and approved changes to try to make sure use of fireworks does not negatively impact neighbors. Anyone in the Town of Swanzey who plans to own or display fireworks must obtain a permit from the fire department. Fireworks must be ignited a minimum of 75 feet from any structure, overhead utilities, woodlands, and property boundaries. Violators of the fireworks ordinance may be subject to fines of \$100 per violation.

Our Recreation Department continued to increase programming in 2017 working to make Swanzey a better community to live and raise a family in. New programs either started or coordinated in 2017 include youth basketball, yoga and movie nights for kids at Whitcomb Hall, and the Swanzey Lake Gate to Gate 5 "ish" K. Our partners also continued offering great programs for both children and adults at Brown and Lane Fields. In addition, Swanzey Cal Ripken coordinated construction of a new maintenance building at Lane Fields at no cost to the Town. Thank you for the generosity and continued partnership!

We wish to express our appreciation to our Town's volunteers, board, committee and commission members, firefighters, rescue and emergency management personnel and employees in all the Town's departments for their commitment to serve. It is through everyone's effort that Swanzey remains a great place to live. To keep up to date on what is happening in your community and find out ways that you can become involved, visit Swanzey's website and the Town's multiple Facebook pages. As always, there are a number of Town boards and committees in need of additional members. If you have an interest in serving your community, we will find a way for you to help!

2018 Warrant

To the inhabitants of the Town of Swanzey in the State of New Hampshire qualified to vote in Town affairs:

FIRST SESSION You are hereby notified to meet for the First (Deliberative) Session of the annual Town Meeting, to be held at the Monadnock Regional High School/Middle School Auditorium, Swanzey, NH on **Tuesday, the 6th day of February 2018 at 7:00 p.m.** The First Deliberative Session will consist of explanation, discussion and debate of articles and will afford those voters who are present the opportunity to propose, debate and adopt amendments to each warrant article, except election of officers and warrant articles whose wording is prescribed by state law.

SECOND SESSION You are also notified to meet for the Second Session of the annual Town Meeting on **Tuesday, the 13th day of March 2018, at the Christian Life Fellowship Church, 211 Whitcomb Road, between the hours of 8:00 a.m. and 7:00 p.m.** to vote by official ballot to elect Town officers, to vote by official ballot on warrant articles as they may have been amended at the First Session and to vote on those other official ballot questions whose wording is prescribed by state law.

As Amended at the Deliberative Session

NOTE: Any amendments made at the First (Deliberative) Session to any warrant article appear in the manner described below:

Language deleted from the original warrant article appears ~~in brackets and strikethrough.~~

Language added to the original warrant article appears **bold and underlined.**

Article 1 To choose by ballot all necessary Town Officers for the ensuing year.

Article 2 To vote by ballot on the following amendment proposed by the Swanzey Planning Board to the Town of Swanzey Zoning Ordinance:

Proposed Amendment –

Amend Section II Zoning Districts and Zoning Maps by adding the following:

The zoning map of the Town of Swanzey dated September 1, 1947, as amended, is further amended to show Tax Map 18, Lots 65, 67, 68, 69, 70, 72, and 73 (as shown on Tax Map 18 amended through April 1, 2017) as being entirely within the Business District.

Article 3 Shall the Town vote to raise and appropriate the sum of Four Hundred Thousand Dollars (\$400,000) for the purpose of preparing plans and specifications, permitting, making repairs, and constructing improvements to Lower Wilson Pond Dam and the Branch Diversion Dam; Four Hundred Thousand Dollars (\$400,000) of such sum to be raised through the issuance of bonds or notes under and in compliance with the Municipal Finance Act, RSA 33:1 et seq., as amended; to authorize the Selectmen to apply for, obtain and accept federal, state or other aid, if any, which may be available for said project and to comply with all laws applicable to said project; to authorize the Selectmen to issue, negotiate, sell and deliver said bonds and notes and to determine the rate of interest thereon and the maturity and other terms thereof; and to authorize the Selectmen to take any other action or to pass any other vote relative thereto?

(RECOMMENDED BY SELECTMEN – 3/5 Ballot Vote Required)

Article 4 Shall the Town vote to raise and appropriate the sum of Three Hundred and Fifteen Thousand Dollars (\$315,000) for the purpose of purchasing and equipping a fire engine; Three Hundred and Fifteen Thousand Dollars (\$315,000) of such sum to be raised through the issuance of bonds or notes under and in compliance with the Municipal Finance Act, RSA 33:1 et seq., as amended; to authorize the Selectmen to apply for, obtain and accept federal, state or other aid, if any, which may be available for said project and to comply with all laws applicable to said project; to authorize the Selectmen to issue, negotiate, sell and deliver said bonds and notes and to determine the rate of interest thereon and the maturity and other terms thereof; and to authorize the Selectmen to take any other action or to pass any other vote relative thereto?

(RECOMMENDED BY SELECTMEN – 3/5 Ballot Vote Required)

2018 Warrant

Article 5 Shall the Town vote to authorize the Selectmen to enter into a five-year lease/purchase agreement in the amount of \$68,000 for the purpose of leasing two cardiac monitors and to raise and appropriate the sum of \$7,000 for the first year's payment for that purpose, or take any action thereon? This lease agreement contains a non-appropriation clause.

(RECOMMENDED BY SELECTMEN)

Article 6 Shall the Town vote to raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the First Session, for the purposes set forth therein, totaling [~~\$6,069,695~~] **\$6,079,695**? Should this article be defeated, the default budget shall be \$6,302,525, which is the same as last year, with certain adjustments required by previous action of the Town or by law; or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only?

(RECOMMENDED BY SELECTMEN)

Article 7 Shall the Town vote to raise and appropriate the sum of \$274,000 to be placed in the following expendable trust and capital reserve accounts of the Town:

Expendable Trust Funds	Amount	Capital Reserve Funds	Amount
Revaluations & Updates	\$35,000	Fire Trucks	\$15,000
Carpenter Home	\$25,000	Recreation Facilities Improvements	\$10,000
Police IMS	\$3,000	Police Cruisers	\$40,000
Police Facilities	\$3,000		
Emergency Communications	\$20,000		
Fire Ponds	\$7,500		
Fire Department Tools & Equipment	\$10,000		
Town Hall IMS	\$10,000		
Town Hall Repairs/Maint/Improve	\$60,000		
Mt. Caesar Union Library	\$3,000		
Whitcomb Hall Rehabilitation	\$32,500		

Such sums to be raised by taxation?

(RECOMMENDED BY SELECTMEN)

Article 8 Shall the Town vote to raise and appropriate the sum of \$395,000 to be placed in the following expendable trust and capital reserve accounts of the Town:

Expendable Trust Funds	Amount	Capital Reserve Funds	Amount
Road Rehab. & Reconstruction	\$265,000	Town Bridges	\$10,000
Winter Maintenance	\$10,000	Highway & Cemetery Equipment	\$100,000
DPW Facility Improvements	\$5,000	Covered Bridges	\$5,000

Such sums to be raised by taxation?

(RECOMMENDED BY SELECTMEN)

Article 9 Shall the Town vote to establish a Capital Reserve Fund pursuant to RSA 35:1 titled the "Carpenter Home Capital Reserve Fund" for the purpose of facility and other improvements and purchases to benefit the Carpenter Home, to raise and appropriate the sum of Fifty Thousand Dollars (\$50,000) to be placed in this fund with such sum to be raised by taxation, and further to designate the Board of Selectmen as agents to expend?

(RECOMMENDED BY SELECTMEN)

2018 Warrant

Article 10 Shall the Town vote to discontinue the Future Fire Station Capital Reserve Fund created by Article 30 of the 1988 Town Meeting, said funds and accumulated interest to date of withdrawal, are to be transferred to the municipality's general fund? (Estimated balance of \$361,800) Should Warrant Article 11 be defeated, this article will be void.

(RECOMMENDED BY SELECTMEN)

Article 11 Shall the Town vote to establish a Capital Reserve Fund pursuant to RSA 35:1 titled the "Fire Stations Capital Reserve Fund" for the purpose of maintaining and improving the Town's current fire stations and to purchase land, design plans, and construct future fire stations or other related expenses, to raise and appropriate the sum of Three Hundred and Sixty-One Thousand Dollars (\$361,000) to be placed in this fund with such sum to be raised from the undesignated fund balance, and further to designate the Board of Selectmen as agents to expend? Should Warrant Article 10 be defeated, this article will be void.

(RECOMMENDED BY SELECTMEN)

Article 12 Shall the Town vote to amend the Recycling Center Revolving Fund created by Article 4 of the 2010 Town Meeting pursuant to RSA 31:95-h as follows: to stop depositing the funds received from the sale of recyclables marketed by the center into the fund until further action is taken by Town Meeting?

(RECOMMENDED BY SELECTMEN)

Article 13 Shall the Town vote to authorize the Board of Selectmen to purchase approximately 185 acres of land, including Mt. Caesar, from the Carpenter property and to raise and appropriate the sum of One Hundred and Seventy-Five Thousand Dollars (\$175,000), such sum to be placed in the Lucy Carpenter Trust with interest earned to be expended to benefit the Carpenter Home, with One Hundred and Forty Thousand Dollars (\$140,000) raised from the Conservation Land Acquisition Fund and Thirty Five Thousand Dollars (\$35,000) raised from the undesignated fund balance? The purpose of this article is to allow this additional land to be available for long-term Town use, while also providing additional money to benefit the Carpenter Home and reduce the cost to taxpayers to support the home. This special warrant article will be a non-lapsing appropriation per RSA 32:7, VI and will not lapse until the land purchase is completed or by 2020, whichever is sooner.

(RECOMMENDED BY SELECTMEN)

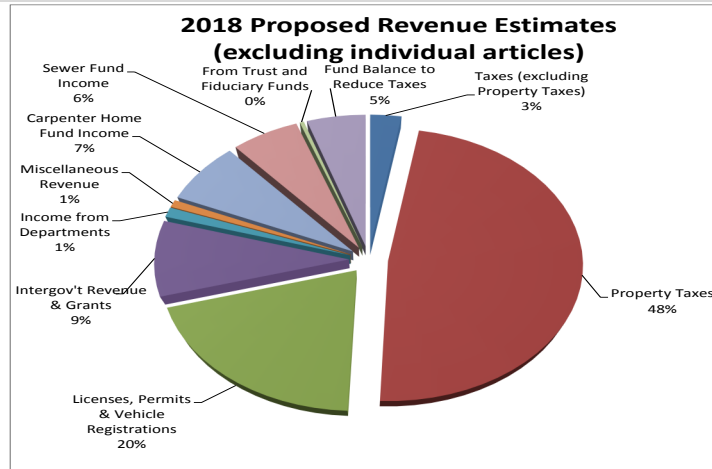

Article 14 To transact any other business that may legally come before this meeting, or take any action thereon.

Given under our hand and seal this 24th day of January in the year two thousand eighteen.

Recording Secretary

I write to you having completed my second full year serving as your Town Administrator. In general, 2017 was again relatively quiet in terms of staff turnover at Town Hall. In August, Christine Smith came on board to serve as our Assessing Coordinator. The Assessing Coordinator is the point of contact for residents and property owners with questions about property assessments, tax credits, and other similar matters. Welcome to the team Christine! We also utilized some temporary help this year from Paige Ayotte and retired Tax Collector Ruth Snyder in the Selectmen's office.

The Town continued our multi-year process of reviewing the Town's vendors to identify ways to save tax dollars in 2017:

- IT Support – the Town selected Twin Bridge Services to assume the function of the Town's contracted IT department at significant savings. We hope Twin Bridges will allow the Town to improve our uses of technology to better serve our customers in a cost effective manner.
- Solid Waste Hauling – after issuing a request for proposals the Town entered into a new contract with our existing vendor (Waste Management) at a significant savings to the Town.

As is highlighted in the Board of Selectmen's report, the Town completed a number of facility projects in 2017. The bidding, administration, and management of these projects consumed a significant amount of staff time and we were pleased to play our part in bringing these projects to completion.

M&N Assessing continues work on the Town's next revaluation of property, scheduled for 2019. M&N has been contracted to inspect one third of the properties each year in town 2016, 2017, and 2018 ahead of the revaluation in 2019. As such, M&N will again be out visiting one third of the town in 2018. All M&N employees carry photo identification and approval letters from the Town. Should you have any concerns or questions regarding this process, please contact Assessing Coordinator Christine Smith.

The Town continued efforts to make information available to you on the internet and to allow you to do business with the Town from the convenience of your own home. In 2017 we added Facebook pages for both the Recreation Department and the general Town government, enabling us to get information out to you timely and directly. We now allow you to perform the following transactions online: auto registrations, dog licensing, vital records, and tax payments. We also accept credit cards for online transactions. As always, we are looking forward to continuing to offer additional information and features to you online in 2018. Your suggestions regarding what to put on the web and how to organize the website are critical to help us ensure that the Town's website provides useful and relevant information. Please contact me or click on the website's feedback icon to submit a question or make a suggestion.

By participating in local government, each and every citizen makes Swanzey a better place. The many community events and projects that make Swanzey special can happen only with your support. If you would like to serve on a committee, volunteer to help with an event, or would like to find out more information about your town or its government, please contact us at Town Hall. We look forward to hearing from you!

Should you have any questions or comments please feel free to call me at any time by phone, in person at Town Hall, or by email.

Respectfully Submitted,
Michael T. Branley
Town Administrator

Police Department

I want to take a second and thank the voters for all the support regarding the new addition to the station, it was sorely needed and we are very appreciative. 2017 ended very busy for us with an uptick in criminal activity. However, with that being said the Town of Swanzezy is a great place to live and raise your families and we will continue to do everything in our power to keep the community safe.

In mid 2017 we lost Det. Robert Blodgett to retirement who served the Town of Swanzezy as a law enforcement officer for well over twenty years. Veteran officer Mary Wilson was promoted to the rank of Detective and Kristopher Fox was brought on board to fill the hole in patrol. Officer Fox was already full-time certified and brought a few years of solid experience, which was a cost effective move for the Town.

It is no secret that heroin and other opoids are plaguing our town as with many other towns in Cheshire County. We have been working the Drug Tasks Force and other law enforcement agencies to combat this epidemic. Unfortunately the Town of Swanzezy has seen some of the highest death rates due to overdoses. We are now mandated by the Attorney General's Office to investigate all deaths from drug overdose as potential homicides in an attempt to locate the responsible person for selling the drug to the deceased. I have said in the past, these drugs have no boundaries, affecting all walks of life. The majority of our thefts and burglaries stem from the need for drug money. Therefore, I suggest the obvious, lock your vehicles and do not leave valuables inside your vehicles, which makes an easy target for criminals.

The Swanzezy Police Department continues to investigate serious and complex cases, which takes a great deal of time and effort. Many crimes are being committed via the internet where innocent people are becoming victims of scams by opening unknown/unsecured emails or giving out personal information over the phone to an unknown caller. If you have any doubts, take a moment and call us first and we may be able to assist you.

As the Town expands, so will the demands for emergency services and public works. The police department is trying to provide a service at reasonable costs; However, with this growth, coupled with the costs of equipment and evolving technologies it is becoming even more challenging. The Swanzezy Police Department are team players and we continue to work closely with outside agencies and our own Town departments to improve the quality of life in Swanzezy. Please assist us by being our eyes and ears, if you see something suspicious, report it.

The following is statistical data on "some" of the calls handled by our department. Below shows a comparison between 2016 and 2017. It is not uncommon for police departments to report that if a call took three officers to resolve, then statistically it is reported as three calls for service. I only report the calls we receive, not the number of officers that responded to the call.

Norman Skantze
Emergency
Management Director

Tom De Angelis
Assistant Emergency
Management Director

Over the past fifteen years, the emergency management department has been under the leadership of Director Bruce Bohannon. Director Bohannon and Assistant Director Pamela Fortner worked diligently on behalf of the town to ensure mitigation, preparedness, response and readiness of the community from any natural and manmade emergencies.

A good deal of the emergency management focus in the past had been with ensuring readiness in the event of an emergency originating at Vermont Nuclear Power Plant in Vernon. Bruce and his team, along with Selectmen and department heads worked tirelessly to prepare for the town's response in the event of an unusual event in Vernon. Director Bohannon organized and acted as the facilitator of drills required by the State of New Hampshire, Homeland Security and Emergency Management and the Federal Emergency Management Agency.

Director Bohannon was also provided the required leadership for the town to develop several versions of the Town's Emergency Management Plan and the Hazard Mitigation Plan both of which required inter-agency cooperation with all town departments and the state of New Hampshire to successfully accomplish. Bruce was instrumental in the implementation of "Code Red" the town's computer based, emergency telephone communication program that allows rapid dissemination of important information to residents during emergencies.

Most recently Director Bohannon served as the Chairman of the Town's E911 committee. In his capacity as Chairman, he brought forth solutions and coordinated members into adoption of phase one of the road naming project. The road naming had been a twenty year old problem that required a mutually acceptable solution for emergency responders as well as the public. The work of the committee was implemented this year and the committee is now working on phase 2 of the project.

With his retirement, the Board of Selectmen appointed Fire Chief Norman W. Skantze and Police Chief Thomas DeAngelis as the Director and Assistant Director respectively for the Emergency Management Department. We recognize the personal commitment made by Director Bohannon to provide a professional service to the community and look forward to a continuation of this service. The emergency operations center will remain at the police station located at 34 Eaton Road. Our goals moving forward include a monthly Emergency Management meeting to bring together local, state and federal stake holders and promote communication of policies, plans and goals of the department. Some of our immediate goals include implementation of town wide training of departments and officials in the implementation of the town emergency and hazard mitigation plan, promoting the training and use of unilateral Incident Management among responders and leaders, radio interoperability throughout emergency services and communication.

Both leaders look forward to serving the needs of the community in this capacity. Members of the public who have special needs or individuals who would like to participate in the activities of the emergency management effort are encouraged to contact either Chief Skantze at 358-6455 or Chief DeAngelis at 352-2869

Respectfully,

Norman W. Skantze
Fire Chief

Thomas De Angelis
Police Chief

Fire Department

The Swanzey Fire Department is comprised of on-call, part-time, and career employees and medical technicians who work out of the three fire stations and are assigned to the various department functions. On-call means employees who have other careers or are retired, but are employed by the department and respond from home or work when there is an emergency call. The department employs two part-time employees, the Deputy Fire Chief and the EMS Coordinator, and two career employees, the Fire Inspector and the Fire Chief, who comprise the administrative staff and provide daytime coverage and support to the department.

The administrative staff provides a key role in providing services to the community and support to the on-call firefighters and EMS providers. The administrative staff augments daytime emergency response to the community during the week days when the immediate availability of the on call staff is often limited. The town has seen a steady increase in emergency calls since 2003 when the department responded to only 553 emergency calls.

With 7,300 residents and over 3,205 housing units in the community, there is a steady demand for Fire and EMS services throughout the community. The Swanzey Fire Department provides first response to all EMS calls. The contracted ambulance service is provided by DiLuzio Ambulance of Keene, New Hampshire.

During the course of the year, Swanzey firefighters participate in hundreds of hours of mandatory fire and EMS training. Training begins with New Hampshire Fire Standards and Training Commission accredited Firefighter and National Registry certification as Emergency Medical Technicians. Currently the department has twenty-two state licensed Emergency Medical Technicians. Of these providers, approximately half work at the basic certification level and the others are certified at the advanced level. Once certified, employees then attend monthly continuing education training sponsored by the Swanzey Fire Department. Personnel use the continuing education to maintain their EMS skills and meet requirements for bi-annual recertification. Maintenance of an EMT license is no small task and requires a very significant commitment by our personnel. This commitment is reflected by the high level of care our personnel are capable of providing using state of the art equipment carried on three non-transporting EMS vehicles. The EMS vehicles, including a heavy rescue truck and two EMS squads stationed throughout the community. When there is an emergency, our personnel respond with these vehicles to stabilize sick and injured patients in preparation for transport to Cheshire Hospital. Many times depending on the severity of the calls or patient needs, our personnel step up to assist the ambulance contractor providing additional personnel to work in the ambulance during transport. The department responded to nine hundred and seventy six fire, EMS, rescue and motor vehicle calls in 2017.

Over the past decade the Fire Department has developed and utilized a comprehensive capital improvement plan as a tool for recommending major capital purchases. The department maintains a fleet of three engines, tanker, ladder, rescue, brush truck, EMS response vehicles, off road vehicles, trailers and staff vehicle. The plan provides a template for replacement of apparatus based on type of vehicle and years in service. This plan is

brought forward annually to the Town's Capital Improvements Program Committee (CIPC) and Board of Selectmen for consensus planning. This year the department, CIPC and Selectmen are proposing the replacement of Engine 3, which is 31 years old and is the primary engine responding from the West Station. In 2014 ISO evaluated Swanzey and improved the rating from a 9 to a 5. The ISO assessment and evaluation score is the primary bench mark used by most insurance companies to determine the cost of residential and commercial insurance policies. The evaluation also tells a story about the preparedness of the department and community water supply. The standards for fire apparatus have changed dramatically since 1987 and Town officials agree that replacing Engine 3 is a priority. If this warrant article is approved it will take approximately one year before the vehicle can be delivered.

We are grateful to our firefighters both retired and active who have and who continue to contribute to the success of the department and ensure the smooth operation of the department, its apparatus and three stations. We encourage all members of the community who may consider working as an on call firefighter or EMT to contact the Fire Chief to learn what opportunities are available.

Winter Seasonal

Paul Fassett

This year the winter started out pretty active and then was really not that bad. If December had cooperated the overall numbers would have been down. But we had another very busy December and as a result the annual salt usage was up by about 100 tons to 1640 tons. We treated the roads 44 times this year and hooked up the plows 19 times. In March a storm came through and took trees down all over the town. We worked most of the season down one person due to illness and in January had one truck have an engine go which set our repair budget back a bit.

Culverts and Roads This year the selectboard selected to do Hale Hill Rd as the next reconstruction project. At just over 1.6 miles long and with tree work and culverts to be done there wasn't enough money to do it all in one year. The tree work has been done and the plans are there. We will be in as early as we can to get the needed culverts replaced in the spring and the reconstruction work will follow in the early part of the construction season. The crew had a failure of the drainage system on Colonial village Dr. to contend with. That caused us to rebuild two catch basins and add one new one along with 400' of pipe. A new drywell type catch basin was installed on Aylward Ave. and a culvert was replaced on Mt Huggins Dr. As a preventative measure we chip sealed Base Hill Rd, Cobble Hill Rd and Warmac Rd.

Bridges This year again we were fairly lucky in the damage done to our covered bridges. Sawyers Crossing suffered three accidents this year and we were able to bill all of these out to the responsible parties. The numbers came in on the Rabbit Hollow Bridge and they were higher than expected so it is in the Municipal Bridge Aid program and will be taken care of when money is available.

Other Work This year the E911 committee recommended to the board a name change to a number of streets in Town. That task put us into changing 26 street signs in a day. Well almost as this was done in January we were lucky with weather and did all but two in one day. We built a new parking area for the Honey Hill Trail this year on land that the Town owns for access to a future cemetery. The leak on the Swanzey Lake Dam was repaired in December. In early April the beaver dam up off Christian Hill Rd broke and damaged a short section of East Shore Rd. which we were able to fix the next day.

Cemeteries and Parks Spring was more normal this year so the cemeteries opened on May 1st. Winter came right in on us in December and we closed burials right after the last burials December 9th. There were 46 burials this year with 13 full burials and 33 cremation burials. The crew had their hands full this year working hard to get the cemeteries ready for Memorial Day. The crew was then busy the first part of the season with the mowing of the approximately 50 acres of cemeteries, parks, dams and town facilities. When things slowed down the crew took the time in Mountain View Cemetery to locate and uncover cornerstones and flat markers. As time permits in the future we will be raising these items to ground level.

Facilities The major project this year was the new salt shed. The Town saved money with Town workers handling the demolition, sitework and the construction of the concrete block foundation. When the building arrived the work crew for Clearspan put up the building in four days. This building will be able to hold the entire years salt supply which will allow us not to be in the situation of having to hope we get salt when we order it. The department assisted in the site work at the Police Station and the preparation work to the sprinkler system at the Carpenter Home.

Recycling Center

Market Prices “The good, the bad & the ugly”

In the spring of 2017 we saw the highest pricing for fibers in years, reaching up to \$170 a ton for cardboard! Paper pricing was not too far behind either reaching up to \$65 a ton! Metal pricing for a few weeks stood at \$165 a geometric ton, but all of this did not last long. In the fall Fiber pricing took a hit dropping down to \$100 a ton, paper even fell so far down we were being charged \$5 a ton. This is all due to global market regulations and a flooded market. Big companies such as Amazon have flooded the market with cardboard from shipping to customers all over the world.

New Hampshire the Beautiful (NHtB)

In 2017 the Town of Swanzey was awarded a grant from New Hampshire the Beautiful in the amount of \$5,000.00. The grant was used to purchase a S570 T4 Bobcat to replace the old unit. NHtB funding comes from voluntary donations from soft drink, grocery, and malt beverage industries in NH. NHtB has been helping New Hampshire communities improve recycling programs for 30 years! The Swanzey Recycling sends a big thank you for everything you have done and will do!!

2018 Goals:

- Work with the CIP Committee and the NRRRA (Northeast Resource Recovery Association) on a clean, safe, and resident friendly layout for the facility.
- Schedule commodity shipments around the market to capture the best price.
- Continue to educate and inform residents on the recycling process and the reason why it's important.
- Research about materials that can be taken out of the landfills and reduce Swanzey's disposal costs (or make a profit!).
- Get more residents involved in “Upcycling”

2017 Waste Management contract renewal

This summer the Town of Swanzey was able to secure a new 5 year waste disposal contract with Waste Management. This comes with huge savings for the next 5 years with an unpredictable market. For the end of the last 5 year contract the disposal cost per ton was \$103.83 and a haul cost of \$162.37 per container pulled. The new contract is \$75 per ton for disposal and a haul cost of \$135. This is an estimated savings of \$114,781.54 over the next 5 years. (Estimates come from last year's weights of 919 tons of solid waste.) Construction and demo disposal went down as well. Both of these items will see a 3% increase every year, still far below where we were!

2018 Upcycle

There will be a variety of upcycling ideas coming up for 2018. They will range from easy crafts to do with kids to something a little harder that might even turn into a hobby. Here are some cool examples of upcycling.

<u>Average Price per Ton</u>			
	2015	2016	2017
Cardboard	\$75	\$85	\$135
Mixed Paper	\$25	\$32	\$35
Scrap Metal	\$52	\$70	\$127
#1 Plastic	\$150	\$155	\$210
#2 Plastic	\$470	\$300	\$330

<u>Recycling Revenue</u>			
	2015	2016	2017
Gate Fees	\$44,634	\$36,156	\$36,301
Deposits	\$23,662	\$26,525	\$25,646
Scrap Metals	\$4,540	\$17,975	\$18,252
Cardboard	\$8,463	\$9,735	\$15,088
Mixed Paper	\$2,709	\$3,715	\$3,492
Plastic	\$10,710	\$6,549	\$6,488
Other	\$759	\$582	\$1,296
Total	\$95,477	\$101,237	\$106,563

<u>Materials Diverted from Landfill for 2017</u>			
	2015	2016	2017
Residents diverted 1,253.02 tons of material from the landfill in 2017, saving the Town \$93,976.50 in disposal fees and an estimated \$16,915 in haul fees! The total estimated savings was \$110,891.50.			
	2015	2016	2017
Fibers	222.13	233.84	210.87
Plastic	35.50	32.71	23.83
Glass	99.29	87.68	76.22
Metal	69.16	134.43	128.65
Electronics	12.89	7.84	17.63
Tires	22.82	10.75	10.27
Auto Fluid	4.93	5.10	5.19
Vegetable Oil	0.52	0.35	0.68
Textiles	5.05	5.81	5.66
C&D	481.57	498.20	473.30
Organic	300	300	300
Diverted	1,253.91	1,316.71	1,253.02
Landfilled	1040	919	1059.40

Recreation Advisory Committee Members

Michael Candello, Chair
Polly Seymour
Thomas Little
Miguel Picanço
George Hoffman

2017 came and went as my first full year as Recreation Director and a having a Recreation Advisory Committee. On the Saturday prior to Easter we held another successful Easter Egg Hunt behind Mt. Caesar School. Softball did transition back to being under the umbrella of Cal Ripken.

Summer at Swanzey Lake was a busy one for the camp with most weeks close to or at capacity of 80 kids (up from 75 last year) ages 4 to 11. A combination of outdoor games, camp swimming lessons, time playing in the water, arts and crafts, roller skating, and numerous other activities kept the kids (and staff) very busy. A big thank you to the staff at Richardson Park for all of their hard work. Outside of day camp we also continued to offer public swim lessons that 27 kids took advantage of. Along with public swim lessons, splash and play continued to offer an opportunity for the young kids to get a feel for the water for the first time. A big thank you to Swanzey Fire and Swanzey Police for bringing vehicles down to the lake for the kids to check out.

Over at Brown Field the Greater Keene Area Men's and Women's Softball Association made good use of the field. On a consistent basis the field was buzzing with game after game while the bleachers were full of fans and the open spaces were full of kids playing and running around. We also added a horseshoe pit for public use. Keep a look out for an adult soccer field behind the softball field in early 2018.

Soccer this fall continued to be strong with 114 kids making up 16 teams of varying ages. Up to three days a week they all took over Lane fields on South Road and showed their soccer skills. Thank you to all of the volunteer coaches this fall. Soccer would not have happened without them.

For the second year in a row we tried to start a recreation basketball program for kids in grades 3 thru 6 and fortunately we had enough kids sign up to make 2 teams. Although the season will not start until early 2018 the wheels were in motion in 2017 to make this happen. Thank you to Cutler Elementary School and Principal Mrs. Audrey Salzmänn for providing a space to make this happen.

We offered public skating at Keene Ice three times in 2017. With the help of the DPW and Swanzey Fire Department we did try last winter to create a community skating rink over at Brown Field. The weather did not cooperate with us but this December has. Although it was not finished in 2017 a skating rink was made at Brown Field and will be up and running early in 2018.

Some of the other new things that happened this year include the Swanzey Lake Gate to Gate 5 "ish" K around the lake. Thank you to Jon Hoden, Swanzey Cal Ripken and Gomarlos Supermarket for donating the prizes to the top two runners. We added a horseshoe pit at West Swanzey AA Memorial Park and two picnic tables were made and donated by Luke Mabe. Two grills will be added in the spring as well. We had a great turnout at our winter movie night prior to Christmas. Keep an eye out for more movie night in 2018. Early in the summer we started promoting pop-up yoga in town. This led us to partner with Keene Yoga to offer classes on Tuesday afternoon and evenings at Whitcomb Hall.

Recreation Advisory Committee meets on a monthly basis, the second Tuesday of every month to discuss what we can offer to the residents of Swanzey. The committee is chaired by Michael Candello, and members are Polly Seymour, Thomas Little, George Hoffman and Miguel Picanço. I would like to thank them for all of their ideas and help.

Planning & Community Development

Director's Report (submitted by Sara Carbonneau)

The staff of the Planning & Community Development Department is available to address zoning and planning questions, applications to the Planning Board and Zoning Board of Adjustment, building permits, zoning enforcement, and public health concerns. Contact information can be found in the sidebar – please give us a call should you have any questions or concerns.

In general, planning, zoning, and building permit activity remained fairly similar to that of 2016. However, a noticeable uptick in the number of new building lots and new homes occurred toward the end of the year – hopefully signaling more positive economic activity in 2018. Another exciting development is 2017 was the adoption of a new and improved accessory dwelling unit ordinance. This ordinance now provides for detached accessory dwelling units (DADUs) subject to certain requirements. Since being adopted in March, the town has seen the creation of a handful of these units – providing greater housing options for young adults, senior citizens, family members, or simply providing supplemental income for the property owner.

TTC - The Town has been working on a cooperative effort with the towns of Winchester and Hinsdale known as the Tri-Town Collaborative (TTC) to promote economic development in the three communities. The TTC's broad objectives are to support and retain existing businesses, recruit new businesses, and to advocate for changes in laws and regulations that negatively impact economic development. To date, the TTC has established positive relationships with other regional organizations and is currently looking at cooperative grant opportunities to enhance economic opportunities in the tri-town region. The TTC has also recommended changes to the rules and regulations affecting Community Development Block Grants, and is planning a Spring 2018 meeting with our elected representatives. Co-operative regional efforts can be sometimes tough and don't always go as quickly or as easily as one wants, but the decision was made that something had to be done to shine the light on the assets that Hinsdale, Winchester, and Swanzey have to offer. Hopefully, we will find success!

Health Officer's Report (submitted by Pam Fortner)

2017 is my second year as Health Officer for the Town of Swanzey. During the past year, I participated in many inspections, both with the Fire Department and Code Enforcement, including foster homes, public schools, day cares, pre-schools, and town-owned facilities. I have investigated many complaints concerning rental housing, "fit for occupancy" concerns, rubbish/trash complaints, odor concerns, roaming animal nuisances, and have worked with DCYF investigating concerns on minors' living conditions. Duties also include contributing to "Swanzey Uncovered" and maintaining current health information on the town's website, as well as overseeing the bacteria sampling for the town beach and conducting the water testing for the town hall.

This past year I attended both the spring and fall NH Health Officers Conference, which provided many valuable educational sessions and the opportunity to network with other Health Officers across the state. Over the past few months, I have received education on septic systems (including design, construction, and inspection) and have had the opportunity to review many septic design submissions. This has also allowed me to establish Wednesday afternoon office hours to make myself more available to review septic plans or meet with the public as needed.

I have enjoyed the past year and enjoy the many opportunities my role provides me to serve the Town of Swanzey and its citizens.

Town Hall
620 Old Homestead Hwy
(Route 32)

It is recommended that you call ahead to schedule an appointment with the Code Enforcement Officer, as he is often in the field.

Planning & Community Development (continued)

Code Enforcement Officer's Report (submitted by Mike Jasmin)

Last year's predicted growth certainly came to pass as Swanzezy continues to trend in a positive direction, this year bumping the number of homes permitted over last year by 50%. Aside from the rise in new homes, Swanzezy continues to lead the way regionally in the construction of attached accessory dwelling units, often referred to as in-law apartments and detached accessory dwelling units. In addition to assisting customers on a daily basis, I also serve on the E-911 Committee, and the Joint Loss Management Committee and also serve as the Town's Deputy Health Officer. Also in 2017, a substantial amount of my time was dedicated to the municipal building projects (including the development of RFPs and monitoring building construction).

I would also like to thank everyone who helped make this year so successful, starting with my co-workers, the Select-board, the design professionals and contractors who performed on time and on budget, and of course the citizens that I serve every day.

Finally, to permit or not to permit, that is often the question. If you have any questions as to whether or not a permit is required, please feel free to call the office and I will happily answer any questions you may have.

PERMIT ACTIVITY - 2017			
Permit type	*Number of permits	Permit Fees	Value of work
Residential - Dwelling units	12	\$7,180.	\$2,410,000.
Residential Remodeling - Additions	32	4,430.	190,767.
Garages - Carports - Outbuildings	15	2,247.	315,000.
New Commercial	3	4,402.	380,000.
Commercial Remodel - Up fit - additions	19	7,236.	1,885,810.
Utilities - Generators and Appliances	33	6,360.	337,000.
Burner Permits	6	300.	15,623.
Decks and Porches	12	600.	138,000.
Pools - Spas	4	200.	65,000.
Solar	7	350.	120,000.
DADU	2	600.	130,000.
ADU	1	440.	78,000.
Municipal	5	0.	1,083,500.
Demolition	12	600.	0.
Totals	163	\$34,945.	\$7,148,700.
2016	133	\$29,066.	\$5,700,500.

* Because some permits encompass multiple actions permit numbers are likely higher than the actual number of permits issued i.e. a deck and a pool.

Legal Notices for PB and ZBA

Posted on the Town website, at Town Hall and the two Swanzey post offices, printed in the Keene Sentinel, and sent by certified mail to abutters.

The Planning Board consists of 6 elected members, a representative from the Board of Selectmen and 3 appointed alternate members. The Planning Board's work is divided between reviewing proposals for development, such as subdivisions and site plans, and preparing recommendations for how best to use land in Swanzey. These recommendations are formalized in the Town's zoning ordinance, site plan and subdivision regulations, and in the master plan. In addition to attending regular meetings of the Planning Board, Board members are also active participants in many other committees that relate to land use and that shape the future of the Town.

Applications considered by the Planning Board in 2017 were as follows:

14 Site Plan Review Applications	7 Subdivision Applications
9 Multi-Tenant/New-Tenant Applications	3 Boundary Line Adjustment Applications
2 Requests for Voluntary Merger	16 Sign Applications
3 Home Occupation Applications	2 Site Visits

In 2017 the Town adopted new zoning provisions (as proposed by the Planning Board) regarding accessory dwelling units. The new section permits attached accessory dwelling units as an accessory use in all zoning districts that permit single-family dwellings, subject to certain restrictions and conditions. The new section also permits detached accessory dwelling units by special exception only in all zoning districts that permit single-family dwellings, subject to certain restrictions and conditions.

Zoning Board of Adjustment

The Swanzey Zoning Board of Adjustment (ZBA) consists of 5 elected members and 5 appointed alternates. Alternate member vacancies are posted on the Town's website. If you are interested in serving on the Board you are encouraged to attend a meeting (or two) and to speak with current members. Minutes can be found on the Town's website and provide insight as to the roles and responsibilities of the Board. In addition, the ZBA welcomes public attendance at its meetings.

The ZBA evaluates requests of property owners who want to use their land in ways that deviate from Swanzey's zoning ordinance. Examples include requests for variances, special exceptions, appeals from administrative decisions, and requests for equitable waivers from dimensional requirements. Swanzey's zoning ordinance was adopted by and is amended *by the voters of the Town*. When zoning amendments are proposed, the Planning Board holds public hearings to solicit input. The ZBA encourages residents to take an active role in developing the regulations and ordinances that affect each and every one of you. (Swanzey's zoning ordinance can be found on the Town's website.)

2017 Applications Presented to the Zoning Board of Adjustment

9 Variance Applications	8 Requests for Special Exceptions
0 Appeals from Administrative Decisions	1 Request for Equitable Waiver
1 Request for Rehearing	5 Site Visits

Planning and Community Development Director Sara Carbonneau is available to answer questions regarding the ZBA or the Town's zoning ordinance. In addition, the NH Office of Strategic Initiatives (www.nh.gov/osi/) (formerly the Office of Energy and Planning) has on-line resources to help citizens understand the roles and responsibilities of ZBA and Planning Board.

Sewer Commission

Swanzy has three different sewer systems. The Village of West Swanzy is served by an aerated lagoon treatment plant located off Denman Thompson Highway. North Swanzy has a collection system and two pump stations that move sewage to the Keene Treatment Plant at the airport. Swanzy owns 4.7% of the Keene Treatment Plant. The third system is comprised of customers in Edgewood, Matthews Road and Rte. 10 including Market Basket and Sears. These customers access the Keene collection and treatment system.

Major costs above and beyond normal operating costs include replacing 37 manhole rims and covers in North Swanzy as part of the State paving project on Rte. 32. We also extended the main on Cobble Hill Road from South Winchester Street to Rte. 10. Both projects were funded with capital reserve accounts.

The upgrade of the Keene Wastewater Treatment Plant is ongoing. Funding for this project was covered partially by a Community Development Block Grant, a loan from the State Revolving Loan Fund, and Capital Reserve Funds.

Respectfully submitted,
Glenn W. Page, Chair

Information

Michael T. Branley
Town Administrator
mbranley@town.swanzey.nh.us

Swanzey Trustees of Trust Funds are responsible for the fiduciary management of public and private funds for the Town of Swanzey, the Monadnock Regional School District, the North Swanzey Water and Fire Precinct, the Sewer Commission, and the Cemetery trustees. Accounts comprised of public funds (raised by taxation) presently total 45 in number: there are 21 Capital Reserve funds, and 24 Expendable Trusts. In addition, there are another 35 accounts comprised of private, i.e. voluntary, funds: 10 Non-Restricted Trusts, 12 Scholarship accounts, and 14 funds in the Common Trust. Trustees operate under the jurisdiction of the NH Department of Justice, Charitable Trust Unit, and the NH Department of Revenue Administration. Accounts are audited annually.

The major economic themes of the year were continued low yields on interest-bearing investments — to which trustees are obligated by law for most public-funded accounts — and a robust stock market, which certainly benefited our private funds. Our Investment Policy (available on the Town website) remains unchanged, setting safety and income as our highest priorities. Our conservative accounts returned approximately 1% for the year; the “non-restricted” funds had a total return of 10.27%; and the equities-based common fund gained 14.6%.

Many of the funds in our Common Trust arise from gifts and bequests by civic-minded residents of Swanzey past and present. If you (or a family member) are in a position to consider adding the Town of Swanzey, or some specific natural or cultural feature thereof, to your estate plans, the trustees would be pleased to meet with you or your representative. We would be delighted to add more resources to existing funds, or to help formulate a cause dear to you.

We are committed to providing clean, safe water at the lowest costs possible.

The 2018 Water Rate is increasing to \$ 4.51/HCF (Hundred Cubic Feet = 748 gallons). This is the same rate we pay the City of Keene and we do not mark it up. The Proposed Budget keeps the fixed quarterly charges the same as they have over the last ten-years. We propose level funding the Precinct Tax that funds your Capital Reserve Accounts and Debt Service for the Wilson Pond improvements.

This past year we replaced our service truck and purchased replacement generator & pipe saw. The Route 32 Old Homestead Hwy. paving was accomplished & we raised our gate access covers. We plan on replacing some of our oldest hydrants this year, and propose funding from the Fund Balance so as to save taxes.

Vachon Clukay successfully performed an audit of our 2016 finances. This is done by a CPA firm every fifth year as a requirement of our USDA Rural Development Loan for the Wilson Pond Project.

Our monthly Bacteria tests, as well as quarterly analysis for Disinfection Byproducts, are all in compliance. 2018 is a Lead & Copper testing year and will be done in the third quarter.

Our meters are over half way through their twenty year life-span, and several have required battery replacement. We'll be contacting you if we need to access your meter.

Our meetings are posted and are open to the Public. We welcome your attendance, and please check out our website at www.northswanzeywater.org for more information.

Please call us should you have any questions or concerns about your Water Precinct.

The Carpenter Home

The Carpenter Home was full of changes last year. Our 2nd bathroom received a total make-over. Grayson Smith from GDS landmark Group did a wonderful job. His crew was professional and polite to staff and residents.

In April the decision was made to have me move into the administrator position that had been held by Judy Bohannon for the past 3 years. Over the past year Judy had mentored and prepared me for this position. I want to take this opportunity to give Judy Bohannon a huge thank you for all her hard work, many late hours, kindness and caring that she gave not only to the staff and residents, but to myself also. I will forever be grateful for everything that she taught me. We also hired Amanda Clark to take over the Clinical Coordinator/RN position. I want to welcome Amanda as she learns her new position. During 2017 we also promoted Kathleen Allen from part to full time. She was part-time here for 4 years and through all of her hard work was given the day time position.

I want to thank Kathy Nicholson for all the hard work she puts in to make the outside look great. She donates her time and plants and weeds everything. I can't wait until the spring to see what else will come up. Rob Hart and Brendon Woods are always very busy. Whether it's mowing or shoveling they always keep the outside looking wonderful. 2018 brings a new code compliant sprinkler and fire alarm system.

The residents have been kept very busy with our new Activities Director Taryn Saari. The residents enjoy her creative ideas and we all are happy she has joined us.

The Friends of the Carpenter Home has been busy with fundraisers throughout the year. The last fundraiser brought in just over \$1,000.00. This money will be used to purchase a big ticket item that otherwise we could not afford for the residents.

Thank you Theresa Louder for all your hard work and keeping me on track with my paperwork. You are always there to lend a helping hand. I feel all the departments are good on their own, but when we work together and listen to each other we can accomplish anything.

I want to thank each one of my staff for their hard work and dedication. We are a big family here. If we always remember to treat these residents like family, then we are really not going to work we are just coming home.

The Carpenter Home is an assisted living facility for the elderly. The Home provides assisted living services in a comfortable, rural setting to both private pay and Medicaid recipients. Lucy Carpenter granted her house and land with a sizeable restricted endowment to the Town of Swanzey. Operation of the Carpenter Home is designed to be financially self-sustaining.

Income Generated during 2017 by Other Trust Accounts	27,911.13

Economic Development Advisory Committee

Selectmen's charge to the Committee:

- Provide input and advice on matters relating to the Town's economic development and to develop strategies to promote the Town.
- Inventory businesses seeking ways the Town can support and encourage existing businesses to grow and recommend strategies to attract new economic activity.
- Inventory available properties and opportunities for economic development and develop recommendations on how to promote those properties and employment opportunities.
- Support Swanzey's community brand and strengthen our Town's identity in the region and state.

During 2017, EDAC concentrated on expanding its economic development efforts with continued support of the Tri-Town Collaborative (more detail about the TTC can be found in the Planning & Community Development Report), as well as outreach to the Greater Keene Chamber of Commerce, Southwest Region Planning Commission, the City of Keene, and Monadnock Economic Development Corporation. TTC's expanded demographic base has resulted in greater interest from regional and state development organizations, something that will be expanded in 2018.

Members also attended various regional forums on such topics as housing, workforce development, and broadband, providing input as to challenges facing Swanzey while at the same time promoting its qualities. Several members of Swanzey EDAC were also involved in the Capital Improvements Program Committee, acknowledging the close relationship between economic development and a stable and predictable tax rate, as well as maintaining and improving the Town's capital assets and related critical services.

With the greatly improving economy, work ahead in 2018 will involve the continued support and participation in the Tri-Town Collaborative, working with the City of Keene regarding development of the Airport property and the Southwest NH Enterprise Zone (the Town's TIF district), and expanding outreach efforts in the region and state-wide.

EDAC welcomes comments from the community. Questions or comments can be directed to Planning and Community Development Director Sara Carbonneau at 352-7411 ext. 108 or to any committee member (contact information and more information about business development opportunities can be found on the Town's website).

E-911 Committee

The E-911 committee had a very good year in 2017, thanks largely to the efforts of then - Emergency Management Director, Bruce Bohannon. Bruce worked tirelessly to resolve the safety issues that had been brought to the town's attention by the State of New Hampshire as well as local emergency service personnel. Though Bruce has stepped down from his position with the town he has agreed to continue to serve on the E-911 committee. Thank-you Bruce.

Why do we have such a committee? The Town of Swanzey has several roads that have the same or similar name components; this can cause confusion and result in delayed responses i.e. North Pine St. and Pine St. or Old Homestead Highway and Homestead Ave. These are just some of the examples of the scenarios we are trying to solve, there are many others. One of them is the North Swanzey zip code issue, because these citizens have a Keene zip code the danger is of course that it may be confused with a Keene address or simply cause a delay in response again as personnel clarifies location(s). The Selectboard have been working with our Washington delegation to propose legislation to correct this, yes this actually requires an act of congress!

The committee would like to thank the citizens for their participation in the renaming of the streets that have been changed and for the continued support and positive participation as we move forward with the next wave of changes. Please take a minute to make sure your house is numbered correctly,

Capital Improvements Program Committee

Members

Steven Bittel, Chair
 Bruce Bohannon

 (Planning Board Rep.)
 Sly Karasinski
 (Selectmen's Rep.)

The Committee again reviewed and documented Town Capital Reserves, Expendable Trusts and certain Revolving Funds under a disciplined, transparent process. While the process remains a work-in-progress, longer-term spending patterns and needs are being tracked for more effective annual budgeting.

Each germane account was analyzed for expected expenditures over the six years 2018 to 2023, with notations for large items expected for the following six years. Where appropriate, annual debt service for proposed bond issues were added. A summary of those detail accounts together with executive level recommendations for 2018 were presented to Selectmen in November. The summary and full study are posted to the Town website on CIPC's page.

The Committee endeavors to set a program to fund capital projects at a sustainable, but predictable and orderly manner, blending bonding and other financial tools to better match their longer-term useful lives. Please review the posted reports for a full understanding of the Committee's work and recommendations. Much time, effort and debate went into it.

Following is a summary of seven-year inclusive costs.

Ashuelot River Local Advisory Committee

The Ashuelot River Local Advisory Committee (ARLAC) was established in 1994, one year after the Ashuelot River was enrolled into the NH Rivers Management and Protection Program. Members are nominated by local municipal officials and appointed by the Commissioner of the NH Department of Environmental Services (DES).

Swanzy Representative
Barbara Skuly, *Chair*

The **Ashuelot River Water Quality Monitoring Program** continued for its seventeenth season, in conjunction with the NHDES Volunteer River Assessment Program (VRAP). Monthly sampling is completed May through September. The Ashuelot River is classified as “Class B” meaning it is considered suitable for fishing, swimming and other recreational uses.

Regular meetings
Third Tuesday
Keene Public Library
7:00 p.m.

- We sampled 11 sites along the River’s 64-mile length, and 3 sites along the South Branch.
- We obtained E. coli samples from June to September and total phosphorous samples in August and September.
- The cost of lab analyses was covered by contributions from Conservation Commissions along the River and NHDES. A generous donation from the Filtrine Manufacturing Company enabled the purchase of new pH meters.
- Over 135 hours were logged by 18 volunteers. New volunteers are always welcome!

A quick look at this year’s results:

- **E. coli:** most samples met the “Class B” level for surface waters with values well below 100 MPN/100 ml from Washington downstream to the Stone Arch Bridge in Keene. At Rte 101 and downstream there were higher numbers especially in August when we had a heavy rain. September sampling showed Class A levels throughout. Numbers are frequently high after heavy rains and increased run-off.
- **pH levels:** results continue to be acidic with most readings below the standard of 6.5, especially in the upper reaches of the Ashuelot north of Keene.
- **Total phosphorous:** Generally samples showed low levels, but a single high reading was obtained in Marlow in September.
- **Dissolved oxygen, chloride, turbidity and specific conductance** remained within the standard with specific conductance increasing from Keene and downstream.

As mandated by DES, **ARLAC reviews and comments on state permit applications** within the river corridor. Reviewed this year were ten Wetland or Shoreland projects in Washington, Marlow, Surry, Swanzy, Winchester, and Hinsdale. Included was a new river access installed at the Cresson Covered Bridge. We continue to follow the progress and reports regarding the West Street Dam and proposed hydro station in Keene, and have begun the review for FERC recertification of Nash Mill Hydro in Marlow.

We strive to educate ourselves on a broad array of issues associated with the river and its watershed, hoping to be a resource working between the interests of citizens in the watershed and State authorities. Members participated in the State LAC annual workshop and meetings covering topics of NH Instream Flow Protection rules, DES listed impaired rivers, and flood resiliency and stream restoration. We viewed a Trout Unlimited educational video on “Basic Stream and River Functions”. College student projects offered useful insights about the river and its habitats. We reviewed graphs by a NHTI student on pH and conductivity, and reviewed KSC student research on wildlife corridors along the Ashuelot in Keene and Swanzy. Dr. Denise Burchsted presented student obtained data on microplastics in the river.

The **Annual River cleanup** took place September 15 and 16 in conjunction with the Connecticut River Conservancy’s Source to the Sea Clean-up. ARLAC co-sponsored the event with the Cheshire County Conservation District and the City of Keene. 76 volunteers collected over two tons of trash in Marlow, Keene and Swanzy.

We continue to have a Facebook presence as the *Ashuelot River Local Advisory Committee*. River monitoring data can be viewed at des.nh.gov/organization/divisions/water/wmb/vrap/ashuelot/index.htm. E. coli results are posted during the monitoring season at www.ctriver.us.

ARLAC meets the third Tuesday monthly at 7 P. M. at the Keene Public Library. We invite citizens and town officials to contact their local ARLAC representatives with any concerns or interest in participating as a town representative.

Respectfully submitted,
Barbara Skuly, Chair

The Conservation Commission had a busy year in 2017. Members reviewed and commented on some 15 land use applications noting an increasing number toward year's end. Members also engaged in Conservation Land Stewardship activity and assisted the Town with interviewing for a Town Forester.

Some of the major projects that the Commission was involved in during the year:

- Worked with the Town Administrator and Code Enforcement to assist with surveying boundaries of town-owned land under a state conservation easement at Swanzy Lake. It was discovered that there was an encroachment by an abutting land owner. \$460.00 was paid by the Commission to a licensed surveyor to determine accurate boundaries.
 - Established a safe parking area for citizens wishing to hike the Honey Hill trails. The Commission worked with the Department of Public Works to create a small parking area and paid for gravel to be laid on the Town-owned property on the west side of State Route 32. Hikers no longer have to cross busy and heavily travelled State Route 32 in order to access the trails.
 - Re-routed the trailhead and some 200-300 feet of trail at Honey Hill State Route 32 access in order to avoid encroaching on private land. The Commission members created a new entrance, removed small trees and brush and marked the trail with orange and yellow blazes on Town property.
 - Assisted in the development of a proposed Aquifer Protection Ordinance. The resulting report was approved by the Planning Board to become part of the Master Plan for the Town and will be subject of a public hearing in 2018.
 - Planned and managed the annual April Roadside Cleanup which removed a great deal of trash from our roads and streets.
- Met three times in July to review the plans for a proposed development of 25 homes off Talbot Hill Road, formerly named Canyon Springs and now called Edon Tap. The Commission was asked to comment by New Hampshire Department of Environmental Services (NH DES) because the project requested an Alteration of Terrain permit. The Commission's minutes, which included public comment, were submitted to NH DES. Subsequently NH DES asked the developer for a number of design changes in the application, addressing concerns over storm drainage and possible impact on the Swanzy Lake watershed.
 - Participated in the CT River/Ashuelot River clean up removing much trash from the river.

Some of the outlays in support of conservation projects:

- Supported the Lake Host program with a donation of \$1,500. The program assists in the control of milfoil from the waters of Swanzy Lake.
- Gave \$50.00 to the Nongame & Endangered Wildlife Annual Fund.
- Provided a scholarship of \$500.00 to a Monadnock Regional High School graduating senior who has expressed interest in pursuing a career in environmental protection.
- Donated \$150.00 to the Ashuelot River Local Advisory Committee for monitoring water quality in the Ashuelot River.
- Donated \$5,000 to the Rail Trail Advisory Committee for rail trail maintenance and improvements.

In addition, the Commission welcomed three new members and received, with regret, the resignation of Stephen Stepenuck who gave many years to the community through his service with the Conservation Commission.

© Beverly Bernard

Open Space Committee

The Swanzey Open Space Committee (SOSC) continues to follow the direction the town has set before them when the Committee began in 2003. Based on a town-wide census, residents expressed that protecting the rural character of the town was most important to them. The Open Space Committee was born.

Swanzey's Crown Jewel~Mt. Caesar ~ Looking Towards 2018 The SOSC is excited about an opportunity to help ensure that residents now and in the future enjoy one of Swanzey's most special open spaces. The possibility of protecting Mt. Caesar could be in the town's future~ forever keeping access to this historical area open to residents. Conversations with the Board of Selectmen have been ongoing and positive regarding this opportunity, and we hope to move forward with the Board and support them to protect this historical area. Swanzey's icon~Mt. Caesar~ is believed to have been named after Caesar Freeman, a freed slave who worked for the Carpenters. Remnants of his homesite remain behind the rear of the field and the tree line. Stonewalls still mark the first road from Swanzey Center to West Swanzey on Christian Hill Road on the north side of the Mt. Caesar Cemetery. The road continues all the way up to the airport beacon~ the main hiking trail. Along the way hikers pass the old granite quarry that supplied much of the stone wall along the cemetery, as well as to other locations in town. In addition to the Cemetery, one of our elementary schools and a library share the name. "The Town History of Swanzey" by Benjamin Read also speaks of Indian activity on Mt. Caesar. A historic marker behind the Carpenter Home marks the site of the Meeting House in the original settlement of the Town. In 1755 Indians inhabited Mt. Caesar, and came down as near as possible to the fort on Meeting-House Hill to execute war dances to intimidate residents in the fort.

SOSC members have cleared Mt. Caesar's summit, so a beautiful view is a short hike for folks. Feel the history as you walk by the reminders of Swanzey's past. This popular acreage has also been used by Monadnock Regional High School athletic teams in training, including cross country runners and football players. Let's help keep this treasured land open for Swanzey's residents to enjoy.

Working Together ~ Carroll's Hill With the help of friends, the SOSC has spruced up the trail ascending Carroll's Hill. The trail now is marked with restored signs and flagging, so folks can more easily access the top, which treats hikers to a panoramic view of the east side of town. Revised trail maps are in the works, with help from The Monadnock Conservancy.

Meadowsend ~ Town Forester Along with Richard Scaramelli, Bob Goodrich and Michael Branley, SOSC member Theresa DiLuzio recently served on a screening panel charged with interviewing potential Town foresters. Jeremy Turner, Managing Forester, Meadowsend Timberlands Limited, has been selected as Town forester. Among the services provided by the Town forester, upon request, is submission of forest management plans for approval by the Board of Selectmen on appropriate Town owned properties, and overseeing any timber harvesting operations on Town owned property.

SOSC members look forward to continuing to work on behalf of Swanzey's rural character and the special places in our town. Thinking of the importance of open space for the health, economy and beauty of Swanzey and counting our blessings for Swanzey's generous landowners, we look forward to 2018.

Mission

The Open Space Committee promotes Swanzey's Rural character and protects its important open land. We do this by engaging people in ways that strengthen our community and our connections to the land, and by bringing together landowners and land trusts.

Swanzey Historical Museum

W. Swanzey, 03469

In 2017, after doing some research, we decided to change the hours open for the Museum to Monday, Thursday and Friday from 1:00 pm through 4:00 pm and on Saturday and Sunday from 10:00 am through 4:00 pm. We are open after Memorial Day through October 12th and at other times by appointment.

The volunteers accomplished a lot with the photographic files this year. There are still a few more files to go through that will need to be cleaned and sleeved, but we now have a total of twenty-eight photograph albums by categories, six albums alone with pictures of people of Swanzey and these are in alphabetical order. There is also fire related, homes of Swanzey, and several Old homestead/Denman Thompson related albums. We are still in the process of organizing the schools of Swanzey albums. We finished copying onto archival paper, an album of newspaper clippings in the 1890's relating to the "Old Homestead" play.

Before we opened in June we changed the World War I exhibit, added to it and moved it to the main floor. We changed and relocated the school display to the loft and refurbished and cleaned the "fireman" driver on the Amoskeag Steamer. We have just begun to copy the two "Memories" albums from the Ed Calkins collection (a mixture of old newspaper articles and photographs of people of Swanzey) to acid free archival paper.

Accessioning items is always a slow and ongoing process, and any time an item is put on display or taken off display, a note needs to be placed on two cards and corrected on the computer. All of this is very time consuming and keeps both Kathleen and Jo busy trying to keep up with everything happening.

Lee also found time to get the Museum on Facebook this year. We have had several inquiries and you can now find us on the swanzeyhistoricalmuseum page. Visit our page or join us Monday mornings from 9:00 am to 12:00 noon when we are working on the collections.

Rail Trail Advisory Committee

The Rail Trail Advisory Committee (RTAC) is a new committee for 2017. The mission of the committee is to refurbish and maintain the Ashuelot Rail Trail and the Cheshire Rail Trail. The intended improvements will enhance both the recreation and commuting throughout the area.

The high level goals of the committee are to

1. Complete the refurbishing of the Ashuelot trail going south to the Winchester town line.
2. Refurbish the Cheshire trail from the Keene town line to the Marlborough town line.
3. Provide trail traffic counts.
4. Develop a functional trail map
5. Preserve historic landmarks
6. Manage points of trail access
7. Address manmade hazards.

2017 accomplishments are:

1. The RTAC got formed
2. A trail counter was installed, by Southwest Regional Planning Commission on the Cheshire Trail. SWRPC reported the traffic count to the RTAC three times in 2017.
3. Funds have been secured and a contractor hired to brush hog the Cheshire Trail. The Cheshire Trail was brush hogged from Joslin Rd to the Keene Seventh-Day Adventist Church.
4. Both the Ashuelot Trail and the Cheshire Trail have been inventoried. The RTAC has identified within the reports the areas of concern that will require work. Examples are clogged drainage ditches, clogged and/or broken culverts, natural vegetation overgrowth, historical landmark neglect, and embankment encroachment.
5. The RTAC has completed an Annual Work Plan outline with plans to finalize the 2018 plan by February.

Old Home Day Committee

"Celebrating kids from 1 to 101 Swanzey Old Home Day 2017 included events for all to enjoy. Beginning at 10:00 a.m., the parade featured bands, floats, stilt-walkers, clowns, and the usual fire trucks from Swanzey and neighboring towns, among other entertaining groups who were announced by radio personality Paul Scheuring. Once again, this year, Cold River Materials provided a huge sandbox complete with child-size excavating equipment, along with a full-sized dump truck for kids to explore. They also returned with the free bike raffle for three children's bikes and helmets. Biking the Bridges, the historic covered wagon tour, Roaming Railroad, and the Cemetery Walk provided varied opportunities for everyone to enjoy the day. The demonstration by the line-dance group led by Deb Giaimo, who invited the crowd to join the fun, always draws an enthusiastic audience. The tables and chairs under the tent were filled with folks enjoying their refreshments and the shade while watching the show. Walt and Rose Kowaliw organized the ever-growing Classic Car Show to the delight of car buffs of all ages. New this year were the instructive and entertaining demonstrations by our Fire Department as they showed us how well they have trained to meet the emergency situations that can occur in our community.

While the activities were certainly the highlight of the day, the crowds that toured the crafters' and farmers' market areas found items to purchase from our local vendors who manned booths with woodworking, jewelry, home decorations, clothing, honey, jellies, and cheeses, to name just a few. The Swanzey Fire Department offered hot dogs and hamburgers in the Food Court, where one could also find fried dough, barbecue, fried chicken, pizza, lemonade, ice cream, Kona Ice, salads, and fruit. Certainly, there was something to satisfy every appetite.

Almost all the activities during the day are free, thanks to the Town's generosity in providing the funds in its budget to produce a fun family day for all. In addition to the work of the volunteer committee, there are many people who give generously of their time and talents before, during, and after the day itself. We are especially grateful to the Monadnock Regional High School Interact and Key Clubs and the Swanzey Congregational Church whose members supply the manpower and many free games for the children's activities. The Committee encourages any interested resident to join in planning this rewarding event. Save the date!

As always, we are grateful for the steady patronage at our library.

In September of 2017, this library officially became a "public" library owned by the Town of Swanzey. Although George Stratton gave the library to the Town, there needed to be legal clarification that it is a "public" library.

As usual, in July, we displayed photos of "The Old Homestead" play and Denman Thompson, which are from the collection that Eddie Calkins gave to our library. "Build A Better World" was our Summer Reading Program. Children who completed the program earned gift certificates for The Toadstool Bookshop.

Last February, Fritz Wetherbee came to our library and did a segment for NH Chronicle. He talked about the history of the library and George Stratton, as well as Lucy Ladd Stratton, George's wife, and the paintings that Lucy created. It was interesting to watch the filming of the segment. Fritz also did some other segments about Swanzey, while he was here in town.

Chris Bishop continues to volunteer at the library almost every week and is very helpful with various projects.

Nancy Carlson and her therapy dog, Maggie, have come to the library on one Saturday morning each month so children can read to Maggie. This program started in October and is continuing into the New Year. We appreciate Nancy's and Maggie's commitment of time for this program.

We look forward to having you visit our library.

Respectfully submitted,
 Carol Haley, Director

Mount Caesar Union Library

Mt. Caesar Union had a lively year in 2017. Many programs were held and there was activity inside and out of the library (attendance in parentheses below), with a solar eclipse event bringing the largest attendance ever at a MCUL activity. While no major building issues arose, fundraising by the Trustees was stepped up in an effort to work toward the addition of an elevator for access to the 2nd floor meeting room. The library liaised with area groups again, in order to better serve area youth. A sad farewell was said to Assistant Librarian Brittany Shaughnessy who left in September, and a warm welcome was extended to new Assistant Donna Chase.

In adult programming during 2017, the monthly MCUL Book Group met 11 times (91), another local book group used the meeting room once (10), technology lectures were offered 5 times (7), and 3Cs, an endometriosis support group, met 6 times (23). A new crafting group, the KnitWits, met twice at the end of the year (4); if you do any transportable crafting work, come join the KnitWits who meet monthly on the 2nd and 4th Thursdays at 10:30. In addition to the Old Home Day book sale (110), a mini Saturday morning book and cookie sale was held in December (80). Plans are afoot to hold Saturday book sales several times throughout the year. The library hosted a regional library directors meeting (16), was a Butt Stop during the Great American Smokeout, and was the site for the Grange restoration raffle drawing (4). Most notably, the library held a solar eclipse event that drew 388 people; refreshments, activities and eclipse glasses were made available by the library with the help of the Friends, and the viewing took place near the gazebo by Town Hall.

Many programs were held for area children. The Summer Reading Program had parties hosted by the library, the Friends of the Library, and the Emblem Club. The Emblem Club provided refreshments, prizes, \$100 toward SRP books, and passes to the Montshire Museum. The Friends planned, organized, funded and ran all SRP parties as well as all Family Movie Nights. Five parties were held (149), with the finale party taking place at Whitcomb Hall to accommodate the grant-funded performers Cactus Head Puppets, and followed by an ice cream social. Family movie nights were held 5 times (231), 5 kindergarten classes came to visit the library (89), Ellen Edson and Nancy Salwen provided music and movement for toddlers 6 times in the summer (102), and the library and the Girl Scouts co-hosted the Town Hall tree lighting and carol sing, with cookies, cocoa and Santa following (110). Off-site, the library director visited the children in the ACES summer program 18 times, bringing books and reading aloud (360).

The library had no building issues in 2017. Some pruning took place near the side entrance, and an ailing tree was regrettably taken down from the front lawn area. The granite memorial bench was positioned underneath one of the maples on the side lawn, creating a shady outdoor seating spot. A refurbished professional DVD buffing machine was purchased in order to maintain the library's collection; patrons may have personal discs polished for \$1.

As well as the Saturday book sale, the fundraising committee of the board of trustees created several raffle gift baskets during the year, in efforts to raise money toward the building of a library elevator. Beautifully handmade items, notably doll clothes and a lap quilt were showcased in each basket. Research is being done regarding grants and avenues to fund the elevator project.

In miscellaneous news, the library director was the community member for an MRHS senior project. Lego and SnapCircuit kits each came twice to the library. The director attended a 3-D printer training. The state Inter-Library Loan server has been down for over a month. NH Downloadable Books no longer carries magazines, but the library has print copies of many. If you are interested in free downloading of digital audio and ebooks, please come in and sign up. Your regular library card is not sufficient to use the state system.

The library is enormously supported and enhanced by the efforts of so many in the community, whether they are donating time, goods or money. A brief shout-out to just a few would include the Friends of the Library, the Board of Trustees, the Emblem Club, area educators at the schools and ACES, local performers Ellen Edson and Nancy Salwen, Miguel Picanço, several local businesses, all our volunteers, and of course, the Town of Swanzey.

Whitcomb Hall, the “People’s House” has enjoyed a year of wonderful things. First and foremost the exterior of the Hall was painted in 2017, returning it to its original splendor. While we had the use of the painter’s lifts, it was crucial to redo the top of the clock tower roof.

2017 has seen a multitude of events at the hall beginning with rentals for birthday parties, funeral receptions, anniversary parties, graduation parties, art shows and of course our annual Chicken BBQ. This year’s BBQ realized a \$3,000.00 profit that went directly back into the renovation funds for the Hall. Also, not forgetting of course, the extremely popular “A Very Swanzey Christmas”, complete with Santa and Mrs. Claus arriving by fire truck. The event was enjoyed by children young and old.

Fundraising for the Hall continues with strong support in private donations as well as volunteer “in kind donations”. 2017 saw donations that made it possible to close in the basement stairs to meet safety issues. Through donations, we were able to completely outfit the kitchen with the purchase of dishes, silverware, pots and pans, a stainless steel center island, commercial dishwasher, refrigerator, range hood and sinks, and all required fire safety items. Other enhancements to the Hall are the installation of air conditioning, a new PA system, fire rated drapes, new tables and chairs, and exterior landscaping.

The Hall has been used by the town for various meetings including the Board of Selectmen, Planning Board, Zoning Board, Conservation Commission, Economic Development Committee, Rail Trail Advisory Committee, Old Home Days Committee, Open Space Committee and Joint Loss Committee. Additionally the Mt. Caesar Union Library hosted a Puppet Show at the Hall as part of its summer program. The Recreation Department is now using the Hall for movie night for the town’s children along with plans for many other events. The Fire Department is using the Hall for their monthly meetings, training and their AVSC meetings. The Fire Department is developing plans to use the Hall as a warming station for the town’s citizens during power outages and extreme weather emergencies. The uses of the Hall go far beyond parties and social gatherings; your tax dollars are indeed at work here.

The Whitcomb Hall Committee has successfully received donations from local charitable foundations including a grant from the New Hampshire Preservation Alliance to pay for a Historical Building Assessment. This grant will enable us to apply for further funds from New Hampshire’s Land and Community Heritage Investment Program (LCHIP). LCHIP matches grants to preserve New Hampshire’s historic resources. Completion of the second floor is vital to many of towns desires to increase future revenue based on the arts and entertainment with the beautiful stage for various performances.

As we proceed with our fundraising in 2018 it is crucial that the town continue to support our work. The selectmen have agreed to support our continued renovations and have recommend \$32,500 towards the Whitcomb Hall Expandable Trust Fund in 2018 pending voter approval. This funding will demonstrate to major donors the town’s commitment to this project. Not doing so could impact convincing charitable foundations to support our continued renovations. Grants, donations, fund-raising events and in-kind contributions have paid for half of the renovation costs thus far, with the town budget funding the other half. Let all the people of Swanzey commit to getting this building complete. It is an architectural gem that needs to be preserved.

INDEPENDENT AUDITOR'S REPORT

To the Board of Selectmen
Town of Swanzev, New Hampshire

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Swanzev, New Hampshire (the Town), as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

2016 Independent Auditor's Report (continued)

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Swanze, New Hampshire, as of December 31, 2016, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, schedule of funding progress for other post-employment benefits, schedule of changes in the Town's proportionate share of the net pension liability, and schedule of Town contributions on pages i-xi and 34-39 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Swanze, New Hampshire's basic financial statements. The combining nonmajor governmental and fiduciary fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining nonmajor governmental and fiduciary fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining nonmajor governmental and fiduciary fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Manchester, New Hampshire
June 14, 2017

Minutes of 2017 Deliberative Session

Moderator Bruce Tatro called the meeting to order at 7:00 p.m. on Wednesday February 8th, with the meeting having been postponed by the Moderator from Tuesday February 7th. Moderator Tatro introduced town officials who would be assisting with articles considered at this evening's deliberative session.

Police Chief Tom De Angelis led those assembled in the Pledge of Allegiance.

Moderator Bruce Tatro read the Warrant as follows:

Article 1 To choose by ballot all necessary Town Officers for the ensuing year.

Article 2 To vote by ballot on the following amendment proposed by the Swanzey Planning Board to the Town of Swanzey Zoning Ordinance:

Proposed Amendment -

Delete existing Section III-AA Accessory Dwelling Unit Ordinance in its entirety and replace with a new section III-AA as follows:

SECTION III-AA ACCESSORY DWELLING UNIT ORDINANCE

Authority

This section is enacted in accordance with the provisions of RSA 674:71-73.

Purpose

For the purpose of providing expanded housing opportunities and flexibility in household arrangements to accommodate family members or non-related people of a permitted, owner occupied, one family dwelling, while maintaining aesthetics and residential use compatible with homes in the neighborhood.

Definitions

"Attached accessory dwelling unit" means a residential living unit that is within or attached to a single-family dwelling, and that provides independent living facilities for one or more persons, including provisions for sleeping, eating, cooking, and sanitation on the same parcel of land as the principal dwelling unit it accompanies.

"Detached accessory dwelling unit" means a residential living unit that is located within a detached accessory structure. A detached accessory dwelling unit provides independent living facilities for one or more persons, including provisions for sleeping, eating, cooking, and sanitation on the same parcel of land as the principal dwelling unit it accompanies.

Criteria for Approval

A. Attached accessory dwelling units (AADU) shall be permitted as an accessory use in all zoning districts that permit single-family dwellings. One attached accessory dwelling unit shall be allowed without additional requirements for lot size, frontage, space limitations, or other controls beyond what would be required for a single-family dwelling without an attached accessory dwelling unit.

1. Either the principal dwelling unit or the AADU must be owner occupied. The owner must demonstrate that one of the units is their physical place of residence.
2. A building permit for an AADU must be approved and issued prior to its construction. An AADU shall have an inter-connected fire alarm system and shall meet all life safety and building codes.
3. An interior door shall be provided between the principal dwelling unit and the attached accessory dwelling unit. A second means of egress from the AADU shall be provided.
4. Either the principal dwelling unit or the AADU must be owner occupied. The owner must demonstrate that one of the units is their physical place of residence.
5. A building permit for an AADU must be approved and issued prior to its construction. An AADU shall have an inter-connected fire alarm system and shall meet all life safety and building codes.
6. Adequate off-street parking shall be provided to serve the combined needs of the principal dwelling unit and the AADU. The principal dwelling unit shall provide two parking spaces; the AADU shall provide one parking space for each bedroom contained in the AADU.
7. The AADU shall have no more than two (2) bedrooms.
8. The existing or proposed septic system must be certified by a licensed septic designer or engineer as adequate to support the AADU and principal dwelling unit in accordance with New Hampshire RSA 485-A:38.

Minutes of 2017 Deliberative Session, Page 2

9. Prior to occupancy of the AADU, the homeowner shall obtain an occupancy permit from the Code Enforcement Officer.
10. Both the primary dwelling unit and the AADU must remain in common ownership. Transfer of either dwelling unit to condominium ownership is prohibited.

B. Detached Accessory Dwelling Units (DADU) shall be permitted by Special Exception only in all zoning districts that permit single-family dwellings. Only one DADU shall be allowed without additional requirements for lot size, frontage, space limitations, or other controls beyond what would be required for a single-family dwelling without a detached accessory dwelling unit.

Requirements/Limitations

In granting a Special Exception for a DADU, the Zoning Board of Adjustment must find that:

1. The DADU shall maintain an aesthetic continuity with the principal dwelling unit as the single family dwelling.
2. No more than one accessory dwelling unit (either detached or attached) shall be permitted per single-family dwelling and/or lot.
3. A DADU shall be no greater than 750 square feet.
4. Either the principal dwelling unit or the DADU must be owner occupied. The owner must demonstrate that one of the units is their physical place of residence
5. A building permit for a DADU must be approved and issued prior to its construction. A DADU shall meet all life safety and building codes.
6. Adequate off-street parking shall be provided to serve the combined needs of the principal dwelling unit and the DADU. The principal dwelling unit shall provide two parking spaces; the DADU shall provide one parking space for each bedroom contained in the DADU.
7. The DADU shall have no more than two (2) bedrooms.
8. The existing or proposed septic system must be certified by a licensed septic designer or engineer as adequate to support the DADU and principal dwelling unit in accordance with New Hampshire RSA 485-A:38.
9. Prior to occupancy of the DADU, the homeowner shall obtain an occupancy permit from the Code Enforcement Officer.
10. Both the primary dwelling unit and the DADU must remain in common ownership and shall not be subdivided and or transferred to condominium ownership.

This article moved forward to appear on the official ballot.

Article 3 Shall the Town vote to raise and appropriate the sum of Four Hundred and Fifteen Thousand Dollars (\$415,000) for the purpose of preparing plans and specifications, and constructing, equipping and furnishing Improvements to the Town's Police Station; Four Hundred and Fifteen Thousand Dollars (\$415,000) of such sum to be raised through the issuance of bonds or notes under and in compliance with the Municipal Finance Act, RSA 33:1 et seq., as amended; to authorize the Selectmen to apply for, obtain and accept federal, state or other aid, if any, which may be available for said project and to comply with all laws applicable to said project; to authorize the Selectmen to issue, negotiate, sell and deliver said bonds and notes and to determine the rate of interest thereon and the maturity and other terms thereof; and to authorize the Selectmen to take any other action or to pass any other vote relative thereto.
(RECOMMENDED BY SELECTMEN – 3/5 Ballot Vote Required)

It was voted in **favor** of including this article on the official ballot in question form as written.

Article 4 Shall the Town vote to raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the First Session, for the purposes set forth therein, totaling \$6,210,799. Should this article be defeated, the default budget shall be \$6,222,738, which is the same as last year, with certain adjustments required by previous action of the Town or by law; or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only.
(RECOMMENDED BY SELECTMEN)

It was voted in **favor** of including this article on the official ballot in question form as written.

Article 5 Shall the Town vote to raise and appropriate the sum of \$562,000 to be placed in the following expendable trust and capital reserve accounts of the Town:

Minutes of 2017 Deliberative Session, Page 3

Expendable Trust Funds	Amount	Capital Reserve Funds	Amount
Revaluations & Updates	\$35,000	Fire Trucks	\$20,000
Police IMS	\$4,000	Highway & Cemetery Equipment	\$100,000
Fire Station Maintenance	\$10,000	Town Bridges	\$25,000
Emergency Communications	\$10,000	Covered Bridges	\$5,000
Fire Ponds	\$10,000	Recreation Facilities Improvements	\$5,000
Road Rehab. & Reconstruction	\$165,000	Police Cruisers	\$40,000
DPW Facility Improvements	\$90,000		
Mt. Caesar Union Library	\$3,000		
Whitcomb Hall Rehabilitation	\$40,000		

Such sums to be raised by taxation, or take any action thereon.

(RECOMMENDED BY SELECTMEN)

Motion made by Mike Gomarlo to add 10,000 Dollars to the Whitcomb Hall Rehabilitation Expendable Trust Fund. Motion Seconded by Sharon Greatbatch. Article as amended read as follows:

Shall the Town vote to raise and appropriate the sum of \$572,000 to be placed in the following expendable trust and capital reserve accounts of the Town:

Expendable Trust Funds	Amount	Capital Reserve Funds	Amount
Revaluations & Updates	\$35,000	Fire Trucks	\$20,000
Police IMS	\$4,000	Highway & Cemetery Equipment	\$100,000
Fire Station Maintenance	\$10,000	Town Bridges	\$25,000
Emergency Communications	\$10,000	Covered Bridges	\$5,000
Fire Ponds	\$10,000	Recreation Facilities Improvements	\$5,000
Road Rehab. & Reconstruction	\$165,000	Police Cruisers	\$40,000
DPW Facility Improvements	\$90,000		
Mt. Caesar Union Library	\$3,000		
Whitcomb Hall Rehabilitation	\$50,000		

Such sums to be raised by taxation, or take any action thereon.

(RECOMMENDED BY SELECTMEN)

It was voted on by a standing vote (17 yes / 14 No) in **favor** of including this article as amended on the official ballot in question form as written.

Article 6 Shall the Town vote to raise and appropriate the sum of Seventy-Five Thousand dollars (\$75,000) by taxation to be used for compensation increases to Town employees. If approved, this addition would become part of the annual Town operating budget.

(RECOMMENDED BY SELECTMEN)

It was voted in **favor** of including this article on the official ballot in question form as written.

Article 7 Shall the Town vote to raise and appropriate the sum of Forty Thousand Dollars (\$40,000) by taxation to be placed in the Carpenter Home Expendable Trust Fund. Such sum represents the projected revenue shortfall in 2017 for the operations of the Carpenter Home. Any balance not expended shall be retained in the Carpenter Home Expendable Trust Fund.

(RECOMMENDED BY SELECTMEN)

It was voted in **favor** of including this article on the official ballot in question form as written.

Article 8 Shall the Town vote to establish a Recreation Revolving Fund pursuant to RSA 35-B:2 II. The money received from fees and charges for recreation activities, service and use of facilities shall be allowed to accumulate from year to year, and shall not be considered to be part of the Town's general fund unreserved fund balance. The Town Treasurer shall have custody of all monies in the fund, and shall pay out the same only upon order of the Board of Selectmen and no further legislative body approval required to expend.

Minutes of 2017 Deliberative Session, Page 4

These funds may be expended only for recreation purposes as stated in RSA 35-B, and no expenditure shall be made in such a way as to require the expenditure of other funds that have not been appropriated for that purpose.
(RECOMMENDED BY SELECTMEN)

It was voted in **favor** of including this article on the official ballot in question form as written.

Article 9 Shall the Town vote to establish a Whitcomb Hall Revolving Fund pursuant to RSA 31:95-h. All revenues received relative to the renting of Whitcomb Hall shall be accounted for and held in the fund. The Town Treasurer shall have custody of all monies in the fund, and shall pay out the same only upon order of the Board of Selectmen for the purposes of offsetting operating costs for Whitcomb Hall and no further approval is required by the legislative body to expend. Any surplus in said fund shall be allowed to accumulate from year to year, shall not be deemed part of the general accumulated fund balance, and shall be expended after a vote by the Board of Selectmen for a purpose to benefit Whitcomb Hall.

(RECOMMENDED BY SELECTMEN)

It was voted in **favor** of including this article on the official ballot in question form as written.

Article 10 Shall the Town vote to establish an Expendable Trust Fund pursuant to RSA 31:19-a titled the "Winter Maintenance Expendable Trust Fund" for the purpose of paying for salt, sand and other winter maintenance related expenses, to raise and appropriate the sum of Ten Thousand Dollars (\$10,000) to be placed in this fund with such sum to be raised by taxation, and further to designate the Board of Selectmen as agents to expend.

(RECOMMENDED BY SELECTMEN)

It was voted in **favor** of including this article on the official ballot in question form as written.

Article 11 Shall the Town accept the Stratton Free Library as a library owned and administered by the Town, as approved by the Cheshire Probate Court, acting by and through a Board of Library Trustees consisting of three members, and to vote to create a three member Board of Library Trustees under the provisions of RSA 202-A, with one trustee elected for one year term, one trustee elected for a two year term, and the third trustee to be elected for a three year term, and thereafter Trustees to be elected for three year terms, and to eliminate the single trustee position who serves on the Stratton Library Board of Trustees. This article is contingent upon the Cheshire Probate Court approval of the petition filed by the Town and the Stratton Library Board of Trustees.

(RECOMMENDED BY SELECTMEN)

It was voted in **favor** of including this article on the official ballot in question form as written.

Article 12 Shall the Town vote to discontinue the Insurance Deductible Expendable Trust Fund created by Article 35 of the 1994 Town Meeting, said funds and accumulated interest to date of withdrawal, are to be transferred to the municipality's general fund. (Estimated balance of \$4,036.08)

(RECOMMENDED BY SELECTMEN)

It was voted in **favor** of including this article on the official ballot in question form as written.

Article 13 Shall the Town vote to adopt the provisions of RSA 72:28-b, All Veterans' Tax Credit. If adopted, the credit will be available to any resident, or the spouse or surviving spouse of any resident, who served not less than 90 days on active service in the armed forces of the United States and was honorably discharged or an officer honorably separated from services and is not eligible for or receiving a credit under RSA 72:28 or RSA 72:35. If adopted, the credit granted will be \$250, the same amount as the optional veterans' tax credit voted by the Town under RSA 72:28.

(BY PETITION)

It was voted in **favor** of including this article on the official ballot in question form as written.

As there was no other business to come before this meeting, Moderator Bruce Tatro adjourned meeting at 8:30 p.m.

Respectfully submitted,

Ronald F Fontaine
Town Clerk

Results of Official Ballot Voting

Article 1 To choose by ballot all necessary Town Officers:

SELECTMEN William Hutwelker - 370 David A Pierce - 125	PLANNING BOARD Glenn W Page - 382 Don Skiba - 339
TOWN CLERK Ronald F Fontaine - 474	SEWER COMMISSIONER Glenn W Page - 436
TRUSTEE OF TRUST FUNDS Steven D Bittel - 229 Craig A Lougee - 193	ZONING BOARD OF ADJUSTMENT Robert Mitchell - 423 Bryan Rudgers - 331
LIBRARY TRUSTEE FOR MT. Caesar Union Library Robert J Kenney - 459	LIBRARY TRUSTEE for Stratton Free Library Hazel Balch - 451

Article 2 Are you in favor of the adoption of the following amendment proposed by the Swanzey Planning Board for the Town Zoning Ordinance to:

Delete Section III-AA Accessory Dwelling Unit Ordinance in its entirety and replace with a new section. The new section would permit attached accessory dwelling units as an accessory use in all zoning districts that permit single-family dwellings, subject to certain restrictions and conditions. The new section would also permit detached accessory dwelling units by special exception only in all zoning districts that permit single-family dwellings, subject to certain restrictions and conditions?

Yes - 284 No - 246

Article 3 Shall the Town vote to raise and appropriate the sum of Four Hundred and Fifteen Thousand Dollars (\$415,000) for the purpose of preparing plans and specifications, and constructing, equipping and furnishing Improvements to the Town's Police Station; Four Hundred and Fifteen Thousand Dollars (\$415,000) of such sum to be raised through the issuance of bonds or notes under and in compliance with the Municipal Finance Act, RSA 33:1 et seq., as amended; to authorize the Selectmen to apply for, obtain and accept federal, state or other aid, if any, which may be available for said project and to comply with all laws applicable to said project; to authorize the Selectmen to issue, negotiate, sell and deliver said bonds and notes and to determine the rate of interest thereon and the maturity and other terms thereof; and to authorize the Selectmen to take any other action or to pass any other vote relative thereto?
(RECOMMENDED BY SELECTMEN – 3/5 Ballot Vote Required)

Yes - 422 No - 103

Article 4 Shall the Town vote to raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the First Session, for the purposes set forth therein, totaling \$6,210,799? Should this article be defeated, the default budget shall be \$6,222,738, which is the same as last year, with certain adjustments required by previous action of the Town or by law; or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only.
(RECOMMENDED BY SELECTMEN)

Yes - 352 No - 168

Results of Official Ballot Voting

Article 5 Shall the Town vote to raise and appropriate the sum of \$572,000 to be placed in the following expendable trust and capital reserve accounts of the Town:

Expendable Trust Funds	Amount	Capital Reserve Funds	Amount
Revaluations & Updates	\$35,000	Fire Trucks	\$20,000
Police IMS	\$4,000	Highway & Cemetery Equipment	\$100,000
Fire Station Maintenance	\$10,000	Town Bridges	\$25,000
Emergency Communications	\$10,000	Covered Bridges	\$5,000
Fire Ponds	\$10,000	Recreation Facilities Improvements	\$5,000
Road Rehab. & Reconstruction	\$165,000	Police Cruisers	\$40,000
DPW Facility Improvements	\$90,000		
Mt. Caesar Union Library	\$3,000		
Whitcomb Hall Rehabilitation	\$50,000		

Such sums to be raised by taxation?

(RECOMMENDED BY SELECTMEN)

Yes - 352 No - 168

Article 6 Shall the Town vote to raise and appropriate the sum of Seventy-Five Thousand dollars (\$75,000) by taxation to be used for compensation increases to Town employees? If approved, this addition would become part of the annual Town operating budget.

(RECOMMENDED BY SELECTMEN)

Yes - 266 No - 258

Article 7 Shall the Town vote to raise and appropriate the sum of Forty Thousand Dollars (\$40,000) by taxation to be placed in the Carpenter Home Expendable Trust Fund? Such sum represents the projected revenue shortfall in 2017 for the operations of the Carpenter Home. Any balance not expended shall be retained in the Carpenter Home Expendable Trust Fund.

(RECOMMENDED BY SELECTMEN)

Yes - 314 No - 197

Article 8 Shall the Town vote to establish a Recreation Revolving Fund pursuant to RSA 35-B:2 II? The money received from fees and charges for recreation activities, service and use of facilities shall be allowed to accumulate from year to year, and shall not be considered to be part of the Town's general fund unreserved fund balance. The Town Treasurer shall have custody of all monies in the fund, and shall pay out the same only upon order of the Board of Selectmen and no further legislative body approval required to expend. These funds may be expended only for recreation purposes as stated in RSA 35-B, and no expenditure shall be made in such a way as to require the expenditure of other funds that have not been appropriated for that purpose.

(RECOMMENDED BY SELECTMEN)

Yes - 381 No - 145

Article 9 Shall the Town vote to establish a Whitcomb Hall Revolving Fund pursuant to RSA 31:95-h? All revenues received relative to the renting of Whitcomb Hall shall be accounted for and held in the fund. The Town Treasurer shall have custody of all monies in the fund, and shall pay out the same only upon order of the Board of Selectmen for the purposes of offsetting operating costs for Whitcomb Hall and no further approval is required by the legislative body to expend. Any surplus in said fund shall be allowed to accumulate from year to year, shall not be deemed part of the general accumulated fund balance, and shall be expended after a vote by the Board of Selectmen for a purpose to benefit Whitcomb Hall.

(RECOMMENDED BY SELECTMEN)

Yes - 388 No - 139

Results of Official Ballot Voting

Article 10 Shall the Town vote to establish an Expendable Trust Fund pursuant to RSA 31:19-a titled the "Winter Maintenance Expendable Trust Fund" for the purpose of paying for salt, sand and other winter maintenance related expenses, to raise and appropriate the sum of Ten Thousand Dollars (\$10,000) to be placed in this fund with such sum to be raised by taxation, and further to designate the Board of Selectmen as agents to expend?

(RECOMMENDED BY SELECTMEN)

Yes - 353 No - 166

Article 11 Shall the Town accept the Stratton Free Library as a library owned and administered by the Town, as approved by the Cheshire Probate Court, acting by and through a Board of Library Trustees consisting of three members, and to vote to create a three member Board of Library Trustees under the provisions of RSA 202-A, with one trustee elected for one year term, one trustee elected for a two year term, and the third trustee to be elected for a three year term, and thereafter Trustees to be elected for three year terms, and to eliminate the single trustee position who serves on the Stratton Library Board of Trustees? This article is contingent upon the Cheshire Probate Court approval of the petition filed by the Town and the Stratton Library Board of Trustees.

(RECOMMENDED BY SELECTMEN)

Yes - 398 No - 122

Article 12 Shall the Town vote to discontinue the Insurance Deductible Expendable Trust Fund created by Article 35 of the 1994 Town Meeting, said funds and accumulated interest to date of withdrawal, are to be transferred to the municipality's general fund? (estimated balance of \$4,036.08)

(RECOMMENDED BY SELECTMEN)

Yes - 451 No - 81

Article 13 Shall the Town vote to adopt the provisions of RSA 72:28-b, All Veterans' Tax Credit? If adopted, the credit will be available to any resident, or the spouse or surviving spouse of any resident, who served not less than 90 days on active service in the armed forces of the United States and was honorably discharged or an officer honorably separated from services and is not eligible for or receiving a credit under RSA 72:28 or RSA 72:35. If adopted, the credit granted will be \$250, the same amount as the optional veterans' tax credit voted by the Town under RSA 72:28.
