MAIN STREET PROJECT

Warrant article 2 of the 2015 Town Meeting authorized \$6,500,000 for the reconstruction of Main Street from the intersection of South Main Street to the base of Cooper Hill. Funding for this project was split between \$3,000,000 from the issuance of bonds or notes, \$2,700,000 from State and Federal grants, and \$800,000 from the Main Street Capital Reserve Fund. The following summarizes the activity through December 31, 2018.

2017 Citizen of the Year Award Clayton "Clay" Hinds

Photo Courtesy: Karen Harrigan

The 2017 Citizen of the Year Award was awarded to Clay Hinds. This was not done at the Town Meeting, as usual, due to Clay being very ill and hospitalized. It was presented to his family on March 22, 2018, during a Kiwanis monthly meeting. Clay was chosen for this award because he gave tirelessly to the community over his lifetime, being part of, or host to, a multitude of organizations. His nomination was further cemented by receipt of the following letter written by Austin Wanner.

I have known Clay since I was born. I was born with Cystic Fibrosis and the doctors told my mom and dad that I wouldn't see my 10th birthday. Well ... most of you know my dad and he just wouldn't accept that. My dad and Clay created Austin's Snowmobile Ride for Cystic Fibrosis. Ever since Clay got involved, he has done so much for me as well as others with Cystic Fibrosis and all he ever wanted was a hug or a handshake. Every February when I come here and drink my chocolate milk, the mirror behind the bar still says "25 cents of every drink donated to cystic fibrosis". Can you believe that he is still doing that? At the end of this month, I will be turning 14. I wanted some way to thank Clay for everything he does. So, Clay Hinds gets my vote for Citizen of the Year in Colebrook, NH.

Sadly, Clay lost his courageous battle with cancer on April 02, 2018.

COLEBROOK SELECTMEN'S REPORT

As we begin the annual spring ritual of Town Meeting, let us take a few moments to look back at our accomplishments during 2018.

As your elected Selectmen, it is our responsibility to provide leadership to our Town employees who in turn provide services to our citizens on a daily basis. In April we received a letter of resignation from the Town Manager. Thus began a quest to keep the operations of the town departments moving forward while developing a process to recruit and hire a new Town Manager. With the position vacant, we assumed the management of the Town during the recruitment process. We engaged the nocostrecruitment expertise of Primex³, our risk management provider, to guide us. With an established time line beginning in June it was our goal to engage a new Town Manager by fall. We received over a dozen applications, interviewed several applicants and selected the candidate we determined to be the best fit for our North Country community. In September, Sharon Penney of Franconia assumed the responsibilities of Colebrook Town Manager. We determined that Sharon's working knowledge of and extensive experience with local government in New Hampshire would be a great addition to the Colebrook team. Sharon's learning curve in the Town Manager's role has been intense and it is our hope that after Town Meeting and during the summer she will be able to spend more time networking with local organizations, businesses and with you, our citizens.

We would like to take this opportunity to thank Melanie Mathieu who stepped up to the plate to keep the business of the Town running smoothly. Her first critical undertaking was accepting the responsibility of Tax Collector. Several years ago the Town had voted to transfer the duties of the tax collector to the town manager. This year, in accordance with RSA 37:17, we are recommending to decouple the town manager and tax collector positions. Melanie continues to serve as Tax Collector and Town Clerk Tracey McKinnon has agreed to serve as Deputy Tax Collector.

Other undertakings and highlights of 2018 include:

- Highway Department: A new Kenworth truck with sander and plow approved at Town Meeting
 arrived just on time for the late fall arrival of winter. During the summer, the Highway crew, with
 assistance from the Water & Sewer Department employees, prepped Colby Street for paving.
 Additional paving was also done on Hughes Road and Bear Rock Road. The Monadnock Street
 sidewalk was also rejuvenated with new pavement.
- **General Government Buildings:** Daniel Hebert, Inc. was awarded the work to rebuild the front steps of the Town Hall. The job went well and we are pleased with the results. The steps are heated during winter making them a safer ingress and egress from Town Hall. Additionally, all light fixtures in both the Town Hall and the Town Garage were retro-fit to LED which will result in energy savings in both buildings.
- **Memorial Lot:** The team of Selectman Ray Gorman and the Highway crew made some long overdue improvements to the Town's Memorial Lot by removing trees and trimming and pruning overgrowth on other ornamental trees and plants.
- Water Department North End Wells: In June, the Board approved a lawsuit, The Town of Colebrook vs. HydrosourceAssociates that proceeds with litigation upon advice and recommendation of legal counsel.

- Water Department: The NH Drinking Water and Groundwater Trust Fund grant was approved in January. Grant funds are financing the match required for the installation of approximately 600 new commercial and residential "smart" water meters throughout the water district, as well as paying for water service line replacements along the Main Street project corridor, and replacing old water mains on several side streets intersecting with Main Street. The water meter replacement work was awarded to New England Back Flow (commencing on February 4, 2019) and the service line replacement work along the Main Street project corridor was awarded to Wells Excavating (commencing May 2019).
- Landfill: Thriving Earth Exchange, a.k.a. TEX, released its report on sampling and analyses of the 1,4 Dioxane plume at the Landfill. The project was funded by a Tillotson North Country Foundation Grant. Bradley Geismar, a 2017 graduate of Dartmouth College, with valuable input from David Brooks, Landfill Operator and Ron Guerin, Calex Environmental, completed the study which outlined emerging 1,4 Dioxane remediation systems and a discussion of what technologies appear most relevant to the site. At the conclusion of the study, it was determined that the current practice of trucking leachate from the site to the Town's Wastewater Treatment Facility is the most cost effective for Colebrook.
- Landfill Site: In May, the Board signed a lease with Rising Tide Towers who are in the process of erecting a cell tower on the landfill site. This lease will yield \$6,000 in revenue annually to the Town.
- Borders Dispatch: Grant funds from Coös County were used to purchase a new console for \$61,000. A grant from the Tillotson North Country Foundation totaling \$94,784 and additional grant funding of \$100,000 over the next two years from the NH Department of Homeland Security will continue the project of upgrading all dispatch center infrastructure equipment both at the center itself and at the tower sites. Work continued throughout 2018 on an equitable funding formula for the area dispatch center. Colebrook's share has decreased this year and work will continue on fair funding of this shared critical service.
- Red Listed Bridges: On November 30, 2018 the firm of HEB Engineering of North Conway
 completed its Engineering Studies of the Harvey Swell Road Bridge over the East Branch of the
 Mohawk River and of the Bear Rock Road Bridge over the West Branch of the Mohawk River. The
 Selectmen's recommendations are moving on to the NH Department of Transportation for
 concurrence before further work continues on bridge design during the coming year. These projects
 are eligible for 80% funding from NH DOT.
- Main Street Project 2018: Work resumed in October on the sewer main on Main Street from Route 145 to the intersection with Merrill Street in addition to replacement of the sewer main on Route 145 from Colebrook Academy to 46 Park Street. An especially rough section of North Main Street was paved much to everyone's relief.

As we approach Town Meeting and beyond, we use this report to keep the citizens abreast of the \$6.5M Project authorized at Town Meeting in 2015.

Bill Straub, CMA Engineers Project Manager for the Main Street Project, has provided a summary of where things are with the NH DOT (combination of the Transportation Alternatives Project (TAP) grant for sidewalks and the 10-Year Plan for the roadway):

- The NH DOT is establishing the municipal agreement with the Town for the combined TAP and 10-Year Plan project for the sidewalks and Main Street;
- The agreement is anticipated to go to the Governor and Council in March;
- This will allow engineering to proceed in 2019;
- Engineering and Right-of-Way would proceed through 2019 and 2020;

- The construction schedule needs to be confirmed during the design process, but funding will be in place for it to start in FY2020 or 2021.
- Construction is anticipated to proceed in late 2020 or during 2021.

The challenges of managing the affairs of Colebrook in a prudent, cost effective manner continue to confront us every day.

Will we have enough winter sand to finish out this icy and snowy winter? Will our highway equipment hold up without major breakdowns? Can we find outside funding to tackle our aging water and sewer infrastructure outside of the Main Street corridor? What methods are at our disposal to encourage continued economic development in tourism and industry? Can we find a win-win solution to the successful co-existence of ATV enthusiasts with residents and visitors who seek quiet enjoyment of the outdoors?

Town government works because of dedicated employees. We are grateful to them and we are grateful to those who attend Town Meeting and appropriate the funds necessary to carry out our obligations.

We pledge to the citizens of Colebrook our attention to these issues and to ensuring that the future of this Town continues on a path to a bright and sustainable future.

Sincerely,

Greg Placy, Chairman Suzanne Collins, Vice-Chairman Raymond Gorman Colebrook Board of Selectmen

COLEBROOK TOWN MANAGER'S REPORT

Let me begin by saying how pleased I am to be working with the Town of Colebrook as your new Town Manager. Although my time here thus far has been only a few months' duration, I 've been able to transition intoadministration of our many ongoing municipal projects with the help of dedicated town employees and our hard-working Board of Selectmen.

I am no stranger to Colebrook. Having been born and raised in the North Country, I have strong lifelong ties to Coos County andmany family members, friends and professional colleagues still reside here. It is clear that Colebrook is at a critical juncture in terms of economic development and balanced expansion, but the local determination and resilience I see a strength I have always attributed to this town.

When I mentioned to people down below that I was going to take on this position, the universal response was, "Oh, I love Colebrook!" That too, is my mindset. I have always been impressed by the strong bond of community spirit this town holds. For example, your arts and cultural endeavors in a community of under 2200 citizens rival those of much larger, wealthier communities. I am impressed with the expanse of educational and recreational opportunities Colebrook's children can experience. Your coming together in times of crisis both large and small is historic. Yes, there are very real challenges needing redresson many municipal levels. There are also obvious and strong differences of opinion between fellow citizens of Colebrook. However, the underlying foundation of community cohesion in Colebrook remains solid. You have much to be proud of.

I have been extremely busy the last five months jumping into the deep end of the pool with ongoing multi-million-dollar infrastructure projects and my numerous other duties as town manager, but I am looking forward in the upcoming months to meeting more of you out on the street and in our business, hospitality and education communities.

The water and sewer utility and transportation infrastructure upgrades soon to be completed are a solid jumping off point for continued, positive municipal progress. Town hall will be getting a much-needed facelift in anticipation of the 250th celebration of the incorporation of Colebrook scheduled for 2020. We will be looking to other grant/partnership funding sources to continue municipal facilityupgrades and other town resource improvements while supporting economic development outreach and celebrating Colebrook's strong community spirit.

Progress is being made in determined increments with an eye to the future of Colebrook by expanded capital reserves funding, continuation of regional and state agency partnerships and the constant effort to improve both cost and work product efficiencies in our municipal departments.

I look forward to working towards a continually brightening future for Colebrook. I hope you will, too.

Sincerely,

Sharon Penney Colebrook Town Manager

OFFICE OF THE TOWN CLERK

The year 2018 saw this office execute three elections. With that said,next year there will be four elections and election personnelare a necessity. Should you ever have an interest in helping at an election, please feel free to call my office at 237-5200.

As shown by the breakdown below, the revenue received in the Town Clerk's office has increased slightly increased over last year. As in years past, the biggest portion of it can to attributed to motor vehicle fees, requests for birth, death and marriage certificates and the number of boats being registered in office.

Revenues turned over to the Treasurer during 2018:

| Motor Vehicle Registrations (2993) | \$448,027.00 |
|---|-----------------------|
| Dog Licenses (436) Fines Incurred for Licensing Late | \$2,608.50* \$0.00 |
| State Vital Record Fees | \$4,235.00* |
| Fees for Abstract Records, Unincorporated Townships Transactions, UCC Fees and Purchasing Checklists | \$7,102.50 |
| Boat Registrations (139) | \$2,960.71 |
| Bad Checks Collection Fees (0) | \$0.00 |
| TOTAL Turned Over to Treasurer | \$464,933.71 |

^{*}Of the total turned over to the Treasurer, \$900.00 is paid to the Department of Agriculture for Animal Control per RSA 466:4. The full amount of \$4,235.00 collected for State Vital Record fees is also remitted to the New Hampshire Department of State.

Respectfully submitted,

Tracey A. McKinnon Town Clerk

COLEBROOK TREASURER'S REPORT

A Letter to the Citizens of Colebrook:

My responsibility as treasurer is to put in place the financial tools to see that all financial transactions for the town of Colebrook are handled in a timely and efficientmanner. This year, our cash management system was transitioned with relative ease from Granite Bank to Bangor Savings Bank. We now have access to financial tools that enable our administrative staff to complete the financial transactions authorized by the Board of Selectmen in a timely manner. We wish to thank the staff of the Bangor Savings Bank for working with us to align our financial needs with products/services offered.

In September, we welcomed new Town Manager, Sharon Penney who will administer the policies and budget requests of the board. During the time that we were without a town manager, our administrative staff did an excellent job working with the selectmen to ensure that our financial obligations were met.

A detailed listing of appropriations and expenditures for the town can be found within the town report. Should anyone have any additional questions or concerns, please feel free to contact our administrative staff. Additionally, a full audit report for the Town of Colebrook is included as well. These audits help us to identify weaknesses or deficiencies that might exist in our financial management policies.

At this time, I wish to extend a thank you to GaetaneBoire, Treasurer, Colebrook School District who worked closely with the town to keep our obligations to the school district better aligned with our revenues. We were able to meet all of our financial obligations without having to incur additional costs from borrowing. Every little bit does help!

Thanks are also extended to Melanie Mathieu who has taken on a greater responsibility for the town's financial transactions and continues to work very hard to meet her new responsibilities. Please know that your extra efforts have not gone unnoticed.

And finally, my continued thanks to assistant treasurer, Julie Brunault who graciously takes care of my responsibilities when I am unable to do so.

Respectfully submitted,

Alicia Boire, Treasurer Town of Colebrook

COLEBROOK PLANNING BOARD REPORT

In 2018 the Planning Board issued 51 Zoning Ordinance Certificates of Compliance. That is down a total of 8 from 2017. There were 3 new mobile homes installations and 5 for new home or camp construction. The majority of the remainder of certificates were for additions, sheds, fences and garages. A portion of the increase in new home/camp construction had a direct connection to motorized recreation in the area.

The Planning Board continues to try to make the permitting process as simple, easy and streamlined as possible. The Planning Board administrator is at the Town Hall at 4:00 PM every Tuesday and Thursday afternoon to meet with and help with the permit process.

This year the Planning Board will reexamine and update the Town Master Plan to help project future infrastructure improvements and aid in obtaining grants to pay for them. The Board continues to do everything possible to attract and assist new and existing businesses.

There was an increase in violations in 2018. If you aren't sure a permit is needed, just call and someone will answer your questions and if needed, assist you in the permit process. If you have an idea for a project or business, bring it to the Board and they will assess and guide you through the conceptual idea to the final plan.

The Board welcomes anyone interested to join the Board as an alternate. It is always interesting and a good form of civic duty.

Our meetings continue to be held on the first Tuesday of the month, beginning at 6 pm, in the Colebrook District Courtroom. Everyone is invited and encouraged to attend.

Respectfully,

Mike Ouellet Planning Board Administrator

COLEBROOK CEMETERY TRUSTEES' ANNUAL REPORT

The Colebrook Cemetery Trustees take great pride in our cemeteries and want them to project that pride at all times. This year, Boire Property Maintenance has done a wonderful job keeping our grounds in great condition. Our cemetery sexton, Sheila Parkhurst has also done her part with care of all cemetery buildings, cleaning stones, plotting, selling lots, maintaining records of lots, preparing for and completing all burials, spreading lime in cemeteries where needed, and honoring any other requests from the trustees. To both, we extend our grateful appreciation.

Over the past year, we had 8 full burials, 20 cremation burials, and 1 disinterment. Lots were sold in the Colebrook Village Cemetery to: Todd and Linda Evans, Dennis and Eileen (Sue) Bailey, Bradley and Barbara Hann, Bruce Winthrop, Philip R. Waystack, Jr., and Frank and Tomoro Julian. Plots in the Abner and Laura Bean Memorial Park were sold to: Christine F. Atwood and Mandy Rancourt. In the Tibbets Memorial Park, plots were sold to: France Rouleau Parker and to Alan and Catherine Hughes.

The board reviewed our by-laws and the following changes were made:

- November 15 will be the last date for winter burials;
- Veteran American flags must be placed in the cemetery by May 19;
- The fee for a disinterment will be \$700; and
- The planting of flowers and trees must be approved by the sexton in advance.

This year, our fence along Couture Street was continued, several old stones were repaired, areas not mowed were hayed and our project to pave roads was continued.

Respectfully submitted,

Sally S. Wentzell, Chairman/Bookkeeper Colebrook Cemetery Trustees

COLEBROOK POLICE DEPARTMENT REPORT

The year 2019has arrived and with it newer and tougher challenges for Law Enforcement.Bail reform laws in New Hampshire have changed the way Bail Commissioners approach routine bail situations. There has also been a change in the way fines are implemented in New Hampshire. People will no longer be able to serve time in lieu of a fine. Arrests and incident numbers rose in 2018.

Officers Dakota Lurvey and Cole Noyes completed the full-time academy and joined our ranks at the beginning of the summer. We continue to participate in the Project Aware Grant providing a school resources officer to the local school. We suffered a set back with the collision of the new town cruiser in November. The car was a total loss. A replacement has been ordered.

The police department wants to remind people to be vigilant in the use of their personal information on the internet. With every passing year there is a new scam that attempts to deprive people of their hard-earned dollars. There has been skimming devices discovered in self-service gas pumps in New Hampshire. A skimming device is inserted into the card reader port on the automated fuel pumps or any card reading device. It reads the card as it is inserted into the pump and records the information. Someone will come back later and recover the device. The police department wants to remind everyone, if there is any question, give your police department a call. If it is too good to be true, often it is.

We continue to participate in the National Drug Take Back Initiative. We are working in conjunction with the Upper Connecticut Valley Hospital, Bangor Bank and the North Country Health Consortium to bring a drug drop box to the community. The Upper Connecticut Valley Hospital has graciously offered to allow the box to be placed on their property. The Bangor Bank has provided funds to purchase the box. The North Country Health Consortium has assisted greatly with facilitating this process.

Colebrook officers are now issued tourniquets to keep up with current trends in certain situations. We will be working with the Colebrook School District in their application of training of staff for their response to violent incidents. With any incident there is a multitude of responses, but the preservation of life is the most important factor in any one response.

We were able to replace the backup radio in dispatch with funds from the Stone Garden Grant. We were also able to change the antennae on the roof of the town hall. In the future we will be looking to update computers for the cruisers in order to keep up with changes being made in the state.

As always, your Police Department wishes you a Happy and Healthy New Year!

Respectfully,

Stephen R. Cass Chief of Police

COLEBROOK HIGHWAY DEPARTMENT REPORT

In 2018 the Highway Department was very busy and accomplished many necessary projects. These projects were greatly needed for the improvement and continuing maintenance of our town roads to keep them safer to travel. Some of the projects were:

- Ditched and graveled 2,000 ft. of Forbes Hill Road;
- Added stones and graveled part of Bennett Hill Road to improve the road;
- Paved part of Colby Street, part of Hughes Road, the entrance to Piper Hill Road, the hill on Bear Rock Road and lastly part of Harvey Swell Road;
- ➤ Hauled and placed 1,000 yards of stone to help areas during mud season;
- ➤ Hauled 4,000 yards of winter sand;
- ➤ Hauled 6,000 yards of gravel to roads that needed repair;
- > Graded, rock raked, and added calcium chloride to ALLthe roads at least 2-3 times each; and
- > Did necessary maintenance on all the trucks, the bobcat skid steer, and the other equipment.

This year was a very demanding year with the ice and the constant changing conditions of the roads. I would like to especially thank my crew for the grueling hours spent to keep the roads and sidewalks safe during the winter season. The hard work and dedicationthey put into work every day is very much appreciated. I would also like to thank David Brooks from the Landfill Department for all his help whenever needed. A thank you is extended, as well, to the water and sewer department for their help when we needed them.

Sincerely,

Anthony "TJ" Rossitto Road Agent

COLEBROOK WATER AND SEWER REPORT

The year 2018 was a challenging one for the water and sewer department. Work progressed on the water and sewer main replacement project eliminating some of the water loss and improving sewer service. The water meter replacement project calling for 100% replacement of the towns aging meters, and the implementation of billing software has begun. These changes should aid in 100% of the town's water services to allow better accounting of the town's resources, as well as more accurate and equitable billing. We are also in the planning stages of upgrades to our sewer pumping stations and improvements to the aeration systems at the town sewer treatment plant.

These needed improvements will help the town to be ready for future growth, as well as avoiding potential problems with ever tightening regulations for water and wastewater.

The department would like to thank the public for their patience as the project continues in 2019.

We also would like to acknowledge the support of the highway department who aid us in many ways with repairs and clean ups.

We wish to thank the town office staff for their help in the day to day operations, as well as fielding the many calls and questions regarding work being done.

And finally, our thanks to the Select board for guiding us in financial matters and for fielding the many "off hour" questions from the public.

Respectfully,

Brian Sullivan Water & Sewer Superintendent

COLEBROOK RECREATION DEPARTMENT'S REPORT

A Year-Round Recreation Department!

The Recreation Department budget approved at the 2018 town meeting has allowed for one full time staff member and 11 part time staff members to work throughout the year at special event programs and camps. With the assistance of the staff working throughout the year the department was able to offer a variety of programs to the community. The department offered sixty different programs:19 family programs and special events, 23 camps, 6 adult programs, and 12 sport programs. The amount of \$47,905.50was brought in by user fees from these 60 programs while \$31,713.25 was spent in expenses on these said programs, leaving a balance of \$16,194.00. The anticipated revenue, (money that goes back to the town's general fund) of \$11,000.00 was deducted from this amount and \$5,000.00 placed in the 2018 deferred account to pay for overlapping programs. This leaves an excess balance of \$194.25.

The Recreation Revolving Fund was once again asource of funding for several programs in 2018. This fund was developed by the Recreation Advisory Board and established in 2005 by the residents of Colebrook through a warrant article. Money in this fund is obtained from fundraisers and donations. Over the course of the year \$3,323 was fundraised and donated. This is a decrease of \$300 from last year. The warrant article also states that excess revenue from user fees may go directly to the Revolving Fund based on vote by the Recreation Advisory Board. In 2018 the board voted for the amount of \$194.25 above expected revenue to notbe moved to the Recreation Revolving Fund for future programs. It will be turned over to the town account.

Expenditures of the Recreation Revolving Fund for 2018

| • | Summer Assistance Fund | \$1,155 | 14recipients |
|---|-------------------------------|---------|---------------------------|
| • | Drama Camp Show license | \$1,410 | 50 participants |
| • | Workshops for director &staff | \$2,815 | 6 workshops |
| • | Organizational Memberships | \$240 | 2 organizations |
| • | Drama Club Field Trip | \$225 | 30 participants |
| • | Drama Club show license | \$1,495 | 47 participants (2 shows) |
| • | Soccer Assistance | \$182 | 2 recipients |
| • | Hikes gift | \$22 | 2participants |
| • | Arts/Drama Assistance | \$300 | 5 recipients |
| • | Tilly Players | \$760 | 12 participants |

With the growth of the Arts Programs the Recreation Department and Tillotson Center have partnered to form the Tilly Players. This is an extension of the existing drama programs for high school age students in Colebrook and the surrounding community. This partnership will allow the students to gain a more in-depth knowledge of theater. As with all the children's programs offered by the recreation department, it is self-supported by the fees of the participants. The drama programs will look to produce five shows this upcoming year for the community.

This year the coed recreation soccer team was coached by Kyle Haley & Ryan Rossitto with 16 participants in grades 4 through 6 taking part in 19 games in the area. Once again, the team did

not take part in any tournaments, but did take part in four jamborees creating a positive experience for the participants.

The recreation basketball program had forty-four participants take part in basketball programs from October through December. Programs offered were a dribbler's club, shooters club, November Saturday skills days, and interleague play in December. The programs are designed to cover all aspects of the game from basic skills to game knowledge.

Programs will continue to be advertised via Facebook, through emails, and flyers at the Colebrook Elementary School. All information is available on the department websiteas well-www.colebrookrecreation.weebly.com.

The Recreation Department hopes to maintain the quantity and quality of the programs during 2019.

Respectfully submitted, Melissa Shaw Colebrook Recreation Director colebrookrecreation@gmail.com

COLEBROOK PUBLIC LIBRARY REPORT

Library: A building where books, magazines, and other materials are kept for reading or borrowing. Today's libraries are so much more.

The Colebrook Library has cake pans, ties, puzzles, CDs, and DVDs for borrowing. The Colebrook News and Sentinel on microfilm from 1897 – 1991, with the plan to microfilm later papers. Local genealogist, Nancy Dodge, left her entire collection of local genealogy and her library to us. In the future this collection will be digitalized. A Canadian Genealogy collection, consisting of parishes across the border is also available. Our website (colebrookpubliclibrary.weebly.com) contains links to the school, town, and historical society and links to NH resources, the IRS, Federal and State government including RSAs. Genealogy databases available are: Heritage Quest and Ancestry Library edition for searching your roots; one available from your home the latter available at the library. Ebscodatabases consist of newspapers, periodicals, books, business resources, medical information, professional development and age appropriate sites for children. Search from the comfort of your home, all you need is to contact us for the user name and password. New Hampshire Downloadable books is available with just a library card for audiobooks, digital magazines, and ebooks. We have five public computers and wireless throughout the building. Our library catalog is on line at colebrook.nhais.bywatersolutions.com from there you can put holds on books, renew them, or make suggestions for purchases all from home. Stop in and use ourcomfortable seating area for browsing and there is always a puzzle on the table. The basement has a large meeting area and our booksale is available year-round. The staff is here to help you; whether it be to find a favorite author or series, or help with the computer or an e-reader. We have yoga classes and rock painting with attendance of 338.

We offered 199 story hours, lapsits, and legos during the school year with an attendance of 1821 children. This year's Summer Reading theme was "Libraries Rock", which tied in nicely with our Rock Painting. 720 kids participated in 44 programs (dancing, singing and rockin).68 children participated in the reading challenge; reading 32,330 minutes in six weeks. The 2019 Summer Reading Program theme is "A Universe of Stories". Watch for some out of this world programs.

Rock painting is still very popular and we added a class for Vershire once a week for a month. Everyone enjoyed painting, hiding and finding rocks. Our rocks have travelled the world and many states in the U.S.

The library's collection is close to 40,000 materials and weeding (684) is an on-going project. We circulated 19,572 materials in 2018. We also participate in the State Interlibrary Loan system; lending-1007 and borrowing 399. We have 416 children and 1023 adult card holders.

The Trustees approved the painting of the trim on the old library this year and a list of future needs has been written.

I would like to take this time to thank everyone who has: donated books, magazines, DVDs, CDs and supplies (office and maintenance). Many of which are replacements for our old worn out copies or newly processed for our shelves. From my monthly volunteers who keep the new books processed to the volunteers who helped set up, cooked and manned the book sale, I thank-you. My Trustees; Gina Dagesse, Mary Trask, Amy Patterson, Kathi Woodard, and Russell Fuller thank-you for your support.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Town Manager and Members of the Board of Selectmen Town of Colebrook Colebrook, New Hampshire

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Colebrook, as of and for the year ended December 31, 2017, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements, and have issued our report thereon dated October 16, 2018.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect, and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Governmental Auditing Standards*

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT

To the Town Manager and Members of the Board of Selectmen Town of Colebrook Colebrook, New Hampshire

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Colebrook, as of and for the year ended December 31, 2017, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Colebrook, as of December 31, 2017, and the respective changes in financial position, and, where applicable, cash flows thereof, and budgetary comparisons for the major funds, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the schedule of funding progress and pension information on pages 37 through 39 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other

knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on this information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The Town of Colebrook has not presented a management's discussion and analysis. Accounting principles generally accepted in the United States of America have determined that the management's discussion and analysis is necessary to supplement, but is not required to be part of, the basic financial statements.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Colebrook's basic financial statements. The combining nonmajor governmental and individual general fund schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The combining nonmajor governmental and individual general fund schedules and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining nonmajor governmental and individual general fund schedules and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 16, 2018, on our consideration of the Town of Colebrook's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. Accordingly, we express no such opinion. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town's internal control over financial reporting and compliance.

The year 2018 has come to end with a lot of changes to the dispatch center. The first change is that we changed names from Colebrook Regional Dispatch Center to Northern Borders Dispatch (NBD). The second thing was that dispatch applied for three grants: one from the County Commissioners for \$60,000, the second from the Tillotson Fund for \$95,000 and the third from New Hampshire Emergency Management (Homeland) for \$100,000. NBD was awarded all three grants to update the console and equipment on the towers, plus add a new tower.

The \$60,000 went towards the new console. It is up and running. It has been a learning curve going from a hardware system to a software system. Next, we updated all the cables and antennas within the Town Hall. Now we are in the process of working on the towers.

We had a few unexpected problems in 2018.First,Magalloway Tower lost the wind turbine and 2 out of the 2 solar panels due to ice. Second, Signal Mountain Tower was hit by lighting taking out the whole tower. Both towers' equipment has replaced and isoperational again. This year dispatch handled a little over a 1,000 more calls than in 2017.

It is important that we number our houses so they can be identified by emergency personnel. If you notice a street sign that is missing, report it immediately. It could save your life.

In closing, I would like to thank the staff members at the Dispatch Center for their dedication to their jobs; it is 24 hours a day 7 days a week. I would also like to thank all the police, fire and ambulance departments, as well as the US Border Patrol, State Police and Fish & Game for their service to our community.

Sincerely, Becky Robinson NBD Administrator/ Supervisor

2018 Annual EMS Chief's Report

Regional Ambulance Service for the Towns of

Canaan, Clarksville, Colebrook, Columbia, Dixville, Lemington, Norton, Pittsburg, Stewartstown, United Towns and Gores

January 22, 2019

PREFACE

The 45th Parallel Emergency Medical Service is a not-for-profit (501C3) corporation which provides emergency ambulance services to the Towns of Canaan, Clarksville, Colebrook, Columbia, Dixville, Lemington, Norton, Pittsburg, Stewartstown, and the United Towns and Gores.

In 2008, the 45th Parallel EMS started providing emergency ambulance services in Northern COOS County and Northeastern Essex County. Over the past 10 years, the agency has steadily grown is size, scope and coverage area. Today, the 45th Parallel EMS is a full-time paramedic level service, offering Advanced Life Support (ALS) services to the member towns, and critical transport services between local hospitals and tertiary care centers like Dartmouth Hitchcock Medical Center.

REPORT INTRODUCTION

This report was generated on January 22, 2019 by the 45th Parallel EMS Chief Executive Officer, Nathan J. Borland, NRP, CICP and represents the EMS activity of the agency, current projects, agency concerns and performance projections. This document contains data that was derived partly from the New Hampshire Department of Safety, Bureau of Emergency Medical Service patient care reporting website, www.nhtemsis.org, and from the agency's billing contractor, Medical Business Services, LLC.

The 45th Parallel EMS has a Medical Resource Hospital Agreement (MRHA) with Upper Connecticut Valley Hospital. This agreement entitles the agency to function under the medical oversight of the hospital's EMS Medical Director, Dr. Thomas Cochran, MD. As part of the MRHA, the 45th Parallel EMS has the ability to administer paramedic level care, treatments and medications.

SECTION 3: EQUIPMENT

At the end of **FY 2017**, the 45th Parallel EMS took delivery of a 2017, Ford 550, 4x4 ambulance. This truck is a new design that provides more safety for the provider taking care of the patient during transport. In **FY 2018**, the 45th Parallel EMS was awarded a grant from the USDA Rural Development Fund to install a Stryker PowerLoad System in the new ambulance. This lift can load a patient weighing up to 700 pounds without any additional effort from the providers. This greatly reduces the possibility of on the job injuries from lifting.

In **FY 2019**, the 45th Parallel EMS plans to add:

- A nitrous oxide administration set that will allow AEMTs to administer pain control
- A video laryngoscope system that will improve the ability to do advanced airway management
- A water filtration system for our station

SECTION 4: PERSONNEL

Over the past 10 years, the 45th Parallel EMS has been developing staffing levels to provide the best possible Advanced Life Support care and treatment available in the pre-hospital environment. Our current staffing consists of:

- Eight Paramedics
 - o Five are critical care certified and one has a nursing degree
- Seven Emergency Medical Technicians (EMT)
- Eight Advanced Emergency Medical Technicians (AEMT)

SECTION 5: EMS EDUCATION

In 2018, the 45th Parallel EMS enrolled two employees in the Paramedic Training Program hosted by Elliot Hospital in Manchester, NH. New England EMS Institute is one of the few nationally accredited paramedic training programs in the State of New Hampshire. These students will attend approximately 18 months of classroom training, and complete over 1,000 hours of hands on clinical training to become licensed paramedics.

All 45th Parallel EMS providers are required to maintain their EMS licenses through continuing education credits (CEUs). These CEUs can be completed either in the classroom setting or online training programs. Additionally, we hold monthly required training sessions at our station. In 2018, we added the ability to stream training programs online through gotomeeting.com. This allows employees to remotely log in and attend trainings when they otherwise might not have been able to. Gotomeeting.com also records the training sessions so they can be reviewed later.

Paramedics must also hold competencies in Paramedic Inter-Facility Transfer (PIFT). These include training in maintenance of previously initiated IV medicine administration, blood product maintenance, chest tubes, respiratory ventilators, therapeutic hypothermia, cardiac pacing and many other advanced life support skills.

In 2018 45th Parallel EMS has:

- Taught numerous CPR/First Aid and CERT classes
- Held several advanced technique training classes for paramedics
- Hosted and taught an RTP for EMT recertification

2018 annual report 1/19

<u>Town Specific Annual Report 2018 - Colebrook</u>

North Country Home Health & Hospice Agency provides quality services that include home health, hospice, nursing, rehabilitation, social services, homemaking and long-term care in 48 towns, covering all of Coos County and northern Grafton County. In 2018, for the Town of Colebrook, we provided 5,281 visits with services to 160 clients (18 of which were Hospice and the remaining were Home Health and Long-Term Care clients). We are committed to our community in that we provide community health clinics and screenings such as blood pressure checks and foot care clinics, health education programs, and a bereavement support group.

Hospice Care focuses on quality of life and provides support to the patient and their caregivers in achieving their goals and wishes. Our compassionate team, made up of physicians, nurses, social workers, home health aides, spiritual counselors, therapists and volunteers, work with the patient to achieve their goal. Services provided to the patient and their caregivers include: management of pain and symptoms, assisting patients with the emotional, spiritual and psychosocial aspects of dying, and provides needed medications, medical equipment and medical supplies. Also included is family/caregiver education on the provision of care and short-term inpatient treatment for management of symptoms that cannot be managed in the home environment or is needed for caregiver respite. Bereavement counseling for surviving family members and friends is also provided. An individual electing hospice care is not giving up on living, rather, making the decision to focus on quality of life. Hospice care provides a high level of quality medical care with a different focus from the traditional medical model.

Home Health Care is critical to serving the growing health care needs of this community. Our skilled clinical team can monitor health problems and provide disease management within the comfort of the home setting, which helps prevent more costly health care such as hospitalization and long term institutional care.

North Country Home Health & Hospice Agency and our Board of Directors are extremely grateful to the Town of Colebrook for its support of our agency. This allows us to fulfill our mission to provide services to all individuals regardless of their ability to pay. North Country Home Health & Hospice Agency is committed to providing services in Colebrook to support clients and their families to remain in the comfort of their homes, in a safe and supportive environment, and to improve overall health outcomes in the community.

STATE OF NEW HAMPSHIRE

Executive Council

MICHAEL J. CRYANS EXECUTIVE COUNCILOR DISTRICT ONE

STATE HOUSE ROOM 207 107 NORTH MAIN STREET CONCORD, NH 03301 (603) 271-3632

A little over a month ago, I was sworn in as the Executive Councilor for District 1. This district covers the upper two-thirds of the state of New Hampshire and is made up of 109 towns and four cities (Berlin, Claremont, Laconia and Lebanon) with approximately 275,000 residents.

During this time, I have stopped at 20 town halls, attended Selectboard and County Commissioners' meetings, visited hospitals, mental health providers and substance abuse residential facilities, as well as many businesses and stores. Here is a brief sampling of visits to the seven counties: the Society for the Protection of New Hampshire Forests, Volunteer Day at the Rocks Estate in Bethlehem, Annual Meeting and employee appreciation day at the Upper Connecticut Valley Hospital in Colebrook, toured the Newport downtown with the Chamber of Commerce Executive Director, shown inspection equipment by the Auto Dealers Association in North Conway, visited the Fish Hatchery in New Durham, toured the Laconia State School grounds, and met with the New London town administrator.

I have also attended many meetings with the Commissioners and staff, and toured various facilities that help make up State Government.

While serving as a Grafton County Commissioner for 19 years, I saw firsthand Ray Burton's efforts on behalf of the residents of District 1. I wish to continue this tradition. While running for this office, I stated that my number one priority is CONSTITUENT SERVICE. During this first month I am thrilled to see many residents reach out for help and I encourage anyone that would like to reach me to contact me at Michael.Cryans@nh.gov or (603)443-1901.

Always feel free to contact me!

The Senate of the State of New Hampshire

107 North Main Street, Concord, N.H. 03301-4951

February 19th, 2019

Town of Colebrook 17 Bridge Street Colebrook, NH 03576

Dear Colebrook Selectmen and Town Residents,

It is an honor and a privilege to serve as your state senator representing NH Senate District 1. As your newly elected state senator, I would like to share some thoughts with you regarding the current legislative session.

Governor Sununu made clear in his inaugural address his administration's priorities of mental health, opioids, and education. His proposed budget will go to the House first, per the Constitution. The House will then deliver its version of the budget to the Senate, and we will then suggest amendments to reflect the Senate's priorities. State revenues have significantly outperformed our estimates, in part due to the state's tax cuts that were implemented in conjunction with the 2017 federal tax reform. I am committed to working with members of the House and Senate, as well as the Governor, to advance the interests of our region and to better the lives of our citizens.

For this biennium, I have been assigned to the Senate Education & Workforce Development Committee. The current makeup of the state's adequacy formula places a great deal of emphasis on local property taxes. As you are aware, property taxes are burdensome in communities throughout Coos and northern Grafton counties. I am supportive of measures in this legislative session that will prevent the phase-out of stabilization grants to communities. I look forward to enhancing student performance in New Hampshire while working to develop policy and funding formula improvements.

I support any efforts to expand our economic base. While New Hampshire has seen its economy grow over the past two years, the North Country tends to lag behind other parts of the state. The equilibrium of our state's rural regions has been described as a "three-legged stool," in which forest products, tourism, and recreation contribute hundreds of millions of dollars to our state's economy. I plan to support efforts at reinforcing these sectors, as well as welcoming any opportunities that will advance economic development and create good paying jobs in the North Country.

As a newly elected state senator, I look forward to hearing directly from constituents, businesses, and organizations throughout Senate District 1. With a New Year comes new challenges, and I will work to ensure that our state government deals with them effectively and efficiently. If there are any issues I can help you with, please do not hesitate to contact me in Concord at (603) 271-7875 or by e-mail at david.starr@leg.state.nh.us. I strive to be as open and accessible as possible.

Sincerely,

David J. Starr State Senator

NH State Senate District 1

Official Town Minutes March 13th, 2018 Colebrook, New Hampshire

Moderator, Ron Patterson, called the meeting to order at 7pm with the Pledge of Allegiance. He advised the attendees (approximately 115), to pick up a voting card from the Supervisor of the Checklist table if they hadn't already done so. He reminded the attendees to wait for the microphone, be sure to state their name, address comments to him and not to someone in the audience. He concluded by stating any amendments must be made in writing.

Article 1: Ballot results for the selection of the Town Officers for the Town of Colebrook for the ensuing year are as follows:

Planning Board: John Jolles (Three-year term) – 20

Article 2: Sue Collins made the motion to raise and appropriate the sum of two million two hundred two thousand four hundred sixty-four dollars (\$2,202,464) for **General Government.** This article does not include special or individual articles addressed.

Greg Placy seconded the motion. Discussion ensued. Sue Collins shared that the Selectmen are requesting a 2.5% Cost of Living Adjustment in employee wages. Health insurance premiums have increased by 11.39% and dental has increased by 2%. The overall budget is down \$5,475 primarily due to the decrease in legal expenses. The motion passed with an affirmation show of voting cards.

| Tax Anticipation Note, New Bond Payment | \$ 73,360 |
| | \$ 2,202,464 |

Article 3: Greg Placy made the motion, seconded by Ray Gorman to raise and appropriate the sum of two hundred twenty-two thousand five hundred dollars (\$222,500) for the following **Capital Reserve Funds**: This appropriation shall be funded by taxation with the exception of the water and sewer short lived assets, which will be funded by user fees. The motion passed with an affirmation show of voting cards.

| Capital Reserve Funds | |
|--------------------------|---------------|
| Equipment - Highway | \$ 50,000 |
| Police Cruiser for 2020 | \$ 15,000 |
| 250th Anniversary 2020 | \$ 2,500 |
| Property Reval in 2019 | \$ 20,000 |
| Governmental Buildings | \$ 15,000 |
| Highway Paving | \$ 80,000 |
| Water-Short lived Assets | \$ 20,000 |
| Sewer Short Lived Assets | \$ 20,000 |
| Total | \$ 222,500 |

Article 4: Greg Placy made the motion to raise and appropriate the sum of one hundred sixty thousand dollars (\$160,000) for the purpose of purchasing a new replacement highway plow truck, wing, plow and stainless steel spreader and to authorize the withdrawal of one hundred sixty thousand dollars (\$160,000) from the Highway Equipment Capital Reserve Fund previously established for that purpose, and to permit the Selectmen to dispose of the existing 2007 Sterling Plow Truck by "trade-in" allowance or by sale as deemed in the best interest of the Town. Ray Gorman seconded the motion, discussion ensued. Mr. Placy made it clear that the current plow truck will not pass State inspection without repairs estimated around \$30,000. After light discussion the motion passed with an affirmation show of voting cards.

Article 5: Greg Placy made the motion, seconded by Sue Collins, to raise and appropriate the sum of twenty five thousand dollars (\$25,000) for the purpose of purchasing a **used replacement highway pickup truck** and to authorize the withdrawal of twenty five thousand dollars (\$25,000) from the Highway Equipment Capital Reserve Fund previously established for that purpose, and to permit the Selectmen to dispose of the existing 2008 Chevy Pickup truck by "trade-in" allowance or by sale as deemed in the best interest of the Town. Again, Mr. Placy was firm that the 2008 Chevy Pickup would not pass State inspection due to a frame issue. After light discussion the motion passed with an affirmation show of voting cards.

Article 6: Greg Placy made the motion to raise and appropriate the sum of twenty-five thousand dollars (\$25,000) for purchasing a **replacement police cruiser** and to authorize the withdrawal of twenty-five thousand dollars (\$25,000) from the Police Cruiser Capital Reserve Fund previously established for that purpose, and to permit the Selectmen to dispose of the existing 2014 cruiser by "trade-in" allowance or by sale as deemed in the best interest of the Town. Ray Gorman seconded the motion. Mr. Placy advised that the 2014 vehicle has engine issues. Trading the vehicle vs. repairs makes the most financial sense. After light discussion the motion passed with an affirmation show of voting cards.

Article 7: Sue Collins made the motion, seconded by Greg Placy, to raise and appropriate the sum of one hundred one thousand five hundred fifty dollars (\$101,550) for Landfill Closure Expenses and to withdraw fifty thousand dollars (\$50,000) from the Sanitary **Landfill Closure Capital Reserve Fund** as offsetting revenue against these expenses. The motion passed with an affirmative show of voting cards.

Article 8: Sue Collins made the motion, seconded by Greg Placy, to raise and appropriate the sum of forty-five thousand dollars (\$45,000) for siding and related repairs to **Town Hall** and to authorize the withdrawal of forty-five thousand dollars (\$45,000) from the Town Buildings capital reserve previously established for that purpose.

Sue Collins told the Moderator that she would like to amend article 8 to read: To see if the Town will vote to raise and appropriate the sum of \$100,000 for the front stair replacement, siding and related repairs to the Town Hall and to authorize with withdrawal of \$45,000 from the Town Building Capital Reserve Fund previously

established for that purpose, the remaining \$55,000 to come from general taxation. Sue Collins made the motion and Ray Gorman seconded.

Ms. Collins shared with audience that over the course of this winter the concrete stairs leading to the front of the building have greatly deteriorated. One side of the steps have been completely blocked off as they have become unstable and a safety issue. Quotes have been obtained for this project. The selectboard decided to ask the taxpayers to fund both jobs – new steps and siding using \$45,00 from the Capital Reserve Fund and \$55,000 from taxation. After light discussion the motion passed with an affirmation show of voting cards.

Article 9: Greg Placy made the motion to raise and appropriate the sum of six hundred sixteen thousand one hundred thirty dollars (\$616,130) for the **Colebrook Water Works and the Colebrook Sewer Facilities.** Said funds are to be offset by user fees. Sue Collins seconded the motion. The motion passed with an affirmative show of voting cards.

Water \$327,200 Sewer \$288,930

Article 10: Greg Placy made the motion to raise and appropriate the sum of one hundred ninety-six thousand seven hundred twenty-six dollars (\$196,726) for support of the **Colebrook Public Library**. One hundred seventy-seven thousand seventy-six dollars (\$177,076) to be raised through taxation and nineteen thousand six hundred fifty (\$19,650) of which is to come from other library balance on hand January 1, 2018, book sales, donations, trust funds, non-resident fees, other communities, overdue fines, book resale, copying fees, etc., such funds to be expended under the direction of the Board of Library Trustees. Ray Gorman seconded the motion. The motion passed with an affirmative show of voting cards.

Article 11: Greg Placy made the motion to raise and appropriate the sum of \$5,000 to be added to the previously established **Library Building Repairs and Replacement Capital Reserve Fund** for Library Building Repairs and Replacement. Ray Gorman seconded the motion. The motion passed with an affirmative show of voting cards.

Article 12: Greg Placy made the motion to raise and appropriate the sum of one hundred seven thousand nine hundred fifty dollars (**\$107,950**) for the operation and maintenance of the **Colebrook Cemeteries**, the sum of \$104,950 to be raised through taxation and \$3,000 to be raised from burials, cemetery trust funds and other Colebrook Cemetery revenues. Ray Gorman seconded the motion. The motion passed with an affirmative show of voting cards.

Article 13: Greg Placy made the motion to raise and appropriate the sum of \$5,000 to be added to the Colebrook Cemetery Grounds Maintenance and Reclamation

Expendable Trust Fund. Ray Gorman seconded the motion. The motion passed with an affirmative show of voting cards.

Article 14: Sue Collins made the motion to raise and appropriate the sum of three hundred thirty-seven thousand one hundred dollars (\$337,100) for the **Northern Borders Dispatch Center**, one hundred thirty-five thousand eight hundred ten dollars (\$135,810) to come from participating towns, and two hundred one thousand two hundred ninety dollars (\$201,290) to come from taxation. Greg Placy seconded the motion. The motion passed with an affirmative show of voting cards.

Article 15: Sue Collins made the motion to raise and appropriate the sum of three hundred twelve thousand dollars (\$312,000) for the purpose of purchasing a new console, batteries and for performing radio upgrades for the **Northern Borders Dispatch Center**; sixty thousand dollars (\$60,000) to come from Coos County Unincorporated Places; one hundred thousand dollars (\$100,000) to come from a Federal Homeland Security Grant; one hundred fifty-two thousand dollars (\$152,000) to come from private grant foundation(s). Greg Placy seconded the motion. The motion passed with an affirmative show of voting cards.

Article 16: Greg Placy made the motion to raise and appropriate the sum of eighteen thousand eight-hundred seventy-five dollars (\$18,875) for **Stonegarden Police Department Equipment and Patrol**. This amount is to be reimbursed from Grant Revenues. Sue Collins seconded the motion. The motion passed with an affirmative show of voting cards.

Article 17: Sue Collins made the motion, seconded by Greg Placy, to discontinue the **Office Equipment Capital Reserve Fund**. Said funds, with accumulated interest to date of withdrawal, are to be transferred to the municipality's general fund. The motion passed with an affirmative show of voting cards.

Article 18: Sue Collins made the motion, seconded by Ray Gorman, to discontinue the **Colby Street Ditching Capital Reserve Fund**. Said funds, with accumulated interest to date of withdrawal, are to be transferred to the municipality's general fund. After light discussion, the motion passed with an affirmative show of voting cards.

Article 19: Greg Placy made the motion, seconded by Ray Gorman, to see if the Town will vote to raise and appropriate the sum of fifty-six thousand dollars (\$56,000) for predesign and engineering of **Bear Rock Road Bridge #167/120**, and to authorize the withdrawal of \$56,000 from the Bridge Replacement Capital Reserve previously established for that purpose. This appropriation will be non-lapsing until December 31, 2022 (five years) or until the project is constructed. The motion passed with an affirmative show of voting cards.

Article 20: Greg Placy made the motion, seconded by Ray Gorman, to raise and appropriate the sum of fifty-six thousand dollars (\$56,000) for predesign and engineering of **Harvey Swell Road Bridge #190/109**, and to authorize the withdrawal of \$56,000 from the Bridge Replacement Capital Reserve previously established for that purpose. This appropriation will be non-lapsing until December 31, 2022 (five years) or until the project is constructed. The motion passed with an affirmative show of voting cards.

Article 21: Sue Collins made the motion, seconded by Ray Gorman, to see if the town will allow the operation of **keno** games within the town (Inserted by petition.) The motion passed with an affirmative show of voting cards.

Article 22: Sandra Riendeau moved the following petition article with a second from Julie Moran: To the Selectboard of Colebrook, NH, this petition asks for the review, possible amendment to, and enforcement of the current Town of Colebrook, NH, Department of Public Works Snow Removal Plan. We, the undersigned, see a valid need for this, as current conditions are unsafe and pose many hardships. (Inserted upon petition.) Greg Placy stepped up to say he understands the concerns of both residents and business owner's regarding the plowing along Main Street, as well as the plowing and conditions of our sidewalks. The Town Highway Department has been doing all they can and have greatly improved on all that they do. Mr. Placy also went on to mention that he does understand the issue between the Town and State plowing of Route 3 on Main Street. It's been an on-going issue and the select board will continue to work on solving this issue.

Ron Patterson thanked everyone for braving the evening's weather, again this year, to come and be part of the meeting. Mr. Patterson made the motion to close the meeting. Sue Collins second the motion and the meeting adjourned at 8:40pm.

Respectfully submitted,

Tracey A. McKinnon
