James Cote Angelo Pantelli
Arthur Reynolds

Selectmen's Report

One of the duties of the Selectmen is to make an annual report to the taxpayers of their accomplishments, their disappointments and their hopes for the year ahead.

Elsewhere in this Town Report will be found reports from the various Department Heads.

During 1978, the Selectmen were able to negotiate an agreement between the Town and the litigants in the now infamous, so called "Sullivan Case". The consent decree calls for the Town to supply ample sewage disposal facilities to all the litigants when and if the town votes to complete Phase III of the present sewage plan. Your present Board of Selectmen unanimously agree and heartily endorse affirmative action on this very important issue at this 1979 Town Meeting.

The re-design of Ross' Corner will be another issue up for consideration at this meeting.

The revaluation of all properties in the Town, as mandated by the Department of Revenue Administration, must be done in 1979 and the monies appropriated at this Town Meeting. On a special page of this report will be found a detailed account and repayment schedule of these major expenditures.

The present Board of Selectmen feel confident that with the cooperation of all departments and you, the taxpayers, its hope for the future can be fulfilled.

Respectfully submitted,
Donald Bentley, Chairman
Janet M. Conroy
Benjamin C. Newell
M. Mildred DiMarzio
Paul P. Collette
Board of Selectmen

Summary Inventory of Taxable Property

<i>Description of Property</i>	<i>1978 Valuation</i>
Land — Improved and Unimproved	\$14,230,850.00
Buildings	70,489,000.00
Factory Buildings	3,267,950.00
Public Water Utility (Private — Serving public)	76,600.00
Public Utilities — Electric	1,929,500.00
Mobile Homes — Assessed as personal property (360)	1,519,150.00
Boats & Launches (55)	28,000.99
Total Valuation before Exceptions	91,541,050.00
Blind Exemptions (8)	40,000.00
Elderly Exemptions (181)	1,108,750.00
Total Exemptions Allowed	1,148,750.00
1978 Net Valuation on which Tax Rate is Computed	90,392,300.00
1977 Net Valuation	86,888,750.00
Total Increase	3,503,550.00

Tax Rate — 1978

Units of Government	Derry	East Derry
Town	11.10	11.10
School	51.90	51.90
County	2.00	2.00
	65.00	65.00
Fire Departments	8.50	9.60
Total Rate	73.50	74.60

State of New Hampshire Department of Revenue Administration

Board of Selectmen:

November 17, 1978

Your Summary Inventory of Property Valuation and Statement of Appropriations have been approved. You may proceed with the assessment of 1978 taxes on the basis of the following figures:

Net Assessed Valuation

\$ 90,392,300.00

Taxes Committed to Collector:

Town Property Taxes Assessed	\$ 5,875,499.50
Precinct Taxes Assessed	790,824.77
Total Gross Property Taxes	\$6,666,324.27
Less: Est. War Service Tax Credits	78,350.00
Net Property Tax Commitment *	\$6,587,974.27

Tax Rate - Town	6.50
Precinct	.85
Derry Fire Precinct	.85
E. Derry Fire Precinct	.96

* The amount of property tax commitment is subject to adjustment by reason of any increase or decrease in War Service Tax Credits which may result based on the above approved rate.

In the event any adjustment was made in the Appropriations Section, we have enclosed a copy of the changes. Revenues and Credits have been approved as shown on the enclosed copy of the third page of the Statement of Appropriations.

The net amounts approved for school, county and precinct are as follows:

Net School Appropriations	\$4,854,970.17
County Tax Assessment	190,859.00
Net Precinct Appropriation	593,118.52
	196,237.24

In arriving at the above approved rate the Overlay has been set in the amount of \$ 43,605.33.

Very truly yours,
Lloyd M. Price
Commissioner

March 14, 1978. 1039 Di Marzio, Frank 1 Elizabeth Ray (write-in)
1308 Gibbons, Paul 6 cancelled
86 Blanks
2433 Total Vote: 2440

Recount April 5, 1978 at 7:00 P.M.

A request for a recount of ballots cast for Selectman and a fee of \$10.00 was received from Ernest Gaines on March 27, 1978. A request was also received March 27, 1978, for a recount of Article 9, pertaining to the camp ground issue, signed by (11) voters.

The recount was held at the Veterans Memorial Building April 5, 1978 at 7:00 P.M.

	4/5/78 Recount	3/14/78 Original Vote
For Selectman	Vote for One	
Three Years		
Paul P. Collette	976 - 8	984
Maurice Desforge	385 - 1	386
Ernest Gaines	962 + 13	949
Herbert W. Palmer	47	47
Article 9	Yes 1149 - 5	No 1143 + 08

Moderator Ronald Hayward read the results and declared Paul Collette duly elected. He also declared Article 9 passed. The ballots were sealed according to law and the meeting ended at 8:35 P.M.

A true copy, attest:

Reports of Department and Committees

Town Manager's Report

Instead of the usual Town Manager's report depicting the achievements and deficiencies of the part year, I have chosen to let the various municipal department heads list their achievements and failures for fiscal year 1978. My report will address itself to organizational deficiencies that have existed over the part decade and a new positive spirit of hope for the Town government that I have witnessed in the past 6 months.

Problems of the Past

When queried about community development, a resident of Derry could give the same response as that of Topsy in "Uncle Tom's Cabin", "I just grew." Growth has been haphazard and community direction in terms of Town goals either non-existent or heavily veiled. From time to time, there is a realization in the community of a lack of direction, which is commonly addressed by formation of a committee to ascertain a common ground of interest among the citizenry. The periodically issued consensus reports propagated by these committees are collecting dust in one or another of the Town archives.

Conflict over jurisdiction and an overly, self-righteous attitude amongst Town boards, committees and commissions has been counter-productive to the establishment of a cooperative effort. A less competitive attitude amongst boards would not only create more harmony, but also a better decision as an end result.

The existing mechanics of Town government do not always perform in an effective or cost-efficient manner. Individual departments have grown without clearly defined town-wide goals or priorities being established to justify the growth. As with the various Town boards, there has developed inter-departmental jealousies and rivalries, which are counter-productive to performing governmental functions at the lowest possible cost to the citizen. The Town personnel system has been infused from time to time with the vestiges of patronage. The internal controls and fiscal management has been weak. We evidence the same personnel utilizing the same methods of controls.

Without a clearer definition of community goals and the establishment of a cooperative spirit amongst Town boards and Town departments, one will continue to hear the vague utterances of the citizenry, "What can I do?", "Where do I go?", "Whom do I see?"

We must not lose sight of our main goal which is to serve the citizenry, for as an 18th century philosopher said, "What is a city but the people who inhabited it?"

Hope for the Future

Over the past six months, I have noticed subtle changes in the attitudes and expectations of the citizenry. The populous want to be guided by the policies set by their elected officials and have an administration that is both responsive to their needs and cost effective. Much of the unproductive rivalries and pettiness which has existed between Town boards has eroded. At this year's Budget Committee meetings, during the review of the 1979 proposed Town Budget, there seemed to be a solidarity of purpose. While reasonable people differed on

the merits of specific programs, the participants were all working in their own way to make Derry a better community. Jurisdictional jealousies were put aside and the voters in March will have the opportunity to decide the destiny of Derry. Far-reaching proposals for the revitalization of the community will be presented to the voters for their consideration. The projects; which include a continuation of the long-range planning process, the enlargement and expansion of our sewer treatment facilities, a major road reconstruction, a town-wide tax revaluation, the acquisition of a considerable amount of conservation land, providing for the housing needs of the elderly, and planning for the rehabilitation and redevelopment of the downtown area, will all leave an indelible mark on the future development of the Town. Fiscal year 1979 is the Year of Destiny for Derry. The voters at the March Town Meeting will be given a chance to take Derry out of its holding pattern and address the needs of the future.

Among the immediate needs for the Town administration are the creation of town-wide goals and policies which will engender a common spirit of cooperative effort amongst the various Town departments, the establishment of tighter fiscal controls and more adequate financial reporting systems, and the installation of an equitable personnel system which will ensure impartiality and fairness to all employees.

The governing officials have exhibited their responsibility in the devotion of a majority of their efforts in planning for the needs of the community and setting policies to effectuate these goals. In the past, too much emphasis has been placed, by elected officials, on the minor day to day administrative affairs.

Early in fiscal year 1979, the Town will be initiating new procedures for the purchasing, bidding and billing functions. The new purchasing and bidding requirements will ensure that the Town is getting the most value out of its tax dollar. This centralized purchasing system will provide greater departmental accountability of expenditures, the increased possibility of quantity discounts and the scrutiny that will assure that departments are only buying materials and supplies that are essential for their needs at the lowest possible price.

The existing personnel system has not been fairly administered and does not reflect the concept of a fair day's pay for a fair day's work. The present Position Classification, pay rate schedules and employees job descriptions will be reviewed and revised. A review will also be done of the optimum number of employees required for each municipal operation to insure that each department is operating at peak efficiency for each tax dollar spent.

While 1979 will be a year of dramatic change, hopefully, it will also be a year in which we can stabilize the increasing property tax burden on the residents of Derry . . . Government must not only be responsive to the needs of the public, but must also be affordable.

Respectfully submitted,

John E. Spita
Town Manager

Highway Department Report

1978 has been our most ambitious Road Program to date. We completed hot top overlay and resurfacing projects on Norton St., Hall St., Berry St., Railroad Ave. Extension, Fairview Ave., Summit Ave., Eden St., Fordway, Hillside Ave., High St., Jefferson St., Central St. Dead End and Desmaris Ave. We also completed resurfacing of West Broadway from Home Brook Bridge to the Londonderry Town Line.

Complete drainage and road resurfacing was done on Robin Rd. and the southern half of Craven Terrace.

Scobie Pond Road was renovated and resurfaced and the final phase of Tsienneto Road was completed. Work on Tsienneto Road, included the re-sizing of culverts where flooding had previously occurred, and the resurfacing of the last 1200' to Route 102.

We installed the catch basins and underdrain in preparation for the rebuilding of Fordway Extension from Peppermint Corner to the bridge under Route 93. The base preparation and resurfacing will be included in the 1979 program.

Drainage structures were added, replaced, or extended to service areas on Walnut Hill, Sunset Ave., Franklin St., Silver St., and Frost Rd.

In our Road Maintenance Program, 509 existing catch basins were cleaned of accumulated sediment and debris. Approximately 1275 ton of cold patch was used to repair breaks in the pavement. Roadway shoulders were widened and gutters were cleaned.

Snow removal during 1978 included the "Storms of the Century." During January and February record snowfall caused Town crews to work long and hard to clear our streets and highways. Once the roads were clear, crews worked to push back the snow banks and open drains and catch basins. During the midnight hours, crews worked to load and haul snow from

the main streets and the business district. Snow removal is done during those hours to avoid traffic problems.

Some 800 tons of salt were used to melt ice and an additional 22,400 tons of sand were used to provide traction and prevent skidding.

Our efforts to provide an *increasing* level of service at a minimum cost became more difficult as additional traffic and new subdivision streets were added to our responsibilities. Derry has 22 new streets this year alone.

Our successful efforts to hold costs involves requiring subdividers along our Town roads to upgrade Town facilities such as drainage, lines of sight, widening of streets, and other items as necessitated by virtue of the proposed subdivision. In this way much necessary expense generated by the subdivider is paid for by that subdivider. Likewise, our Driveway Access Regulations require that work done to provide a safe access by a builder be provided by the builder.

Extensions or additions of new streets are done by the subdivider under strict inspection of the Road Agent, resulting in *no* construction costs to the taxpayer. Likewise, proposed new street construction provides escrow release only upon satisfactory completion of the work.

Cooperation between departments has contributed to the expediency with which we have been able to complete our programs. We are grateful to the Town Manager, Building Inspector, Planning Board and Water & Wastewater Departments for their cooperation.

Respectfully submitted,

George H. Blanchard
Road Agent

Report of the Derry Police Department

To effectively report on a past year's activity or on the projected activities of a police department is a difficult task due to the varied nature of the duties performed, or may be performed, by police officers on a day-to-day basis. No two days are ever alike, and a great deal of an officer's time is spent performing functions that are not related to his primary function, the protection of life and property.

To accurately record the average day, the various people assisted in some way, the advice and directions given, and the amount of "technical violations of the law solved without resorting to arrest or court action would require an officer to spend most of his day writing reports.

To project the needs for a future year can be difficult when a community "finds" it has 4,000 residents it didn't have "officially" yesterday. This did not occur overnight, but gradually since the last census, and many plans and their funding are based on population.

The addition of manpower is not always the solution to a problem. Time-consuming procedures can be streamlined, some nonessential services can be eliminated, some types of calls may be assigned lower priority status, lengthening response time. Some calls need no officer, some calls require one officer, while others may require several officers. Generally, barring sudden external factors that cannot be foreseen, anticipated needs within a given sector of town can be projected by studying past needs.

For the past year, the Department has used a team policing

concept. It was instituted after careful study, and we are the first in the State to use it. Our operation is presently being studied by numerous departments and the Governor's Commission on Crime and Delinquency. Basically, a team of officers is assigned a geographical area, given the equipment they need, and are made responsible for all police service within that area. The same officers work the same area at all times except when illness or injury necessitates substituting another officer for the regular area man. As a result, the officers have closer contact with residents and merchants, are aware of changes sooner, and are able to maintain continuity in follow-up matters. Any crime committed within a team area remains with that team through investigation to conclusion, with supportive services provided by officers not assigned to patrol functions. We are pleased with the results and plan to continue the concept.

1978 was a bad year for some of our officers. Two received injuries in the line of duty to the extent they had to retire. Two others were seriously injured while effecting an arrest and were hospitalized. After long recovery, both are back on duty. The vacancies created by injury necessitated other officers to work long hours of overtime, many of the men making personal sacrifices to insure sufficient manpower to properly fill the shifts.

In 1978 a newspaper article was published featuring the school crossing guards. Without these fine ladies, and one man, we would have to double the size of the day shift, twice a

day, and assign all our men to school posts. They are totally responsible for the safety of the children at their crossings, frequently work in bad weather, and are subjected now and then to the verbal abuse of a few ill-mannered children and discourteous motorists. We feel the crossing guards deserve more recognition than they normally get and we were glad to see the article.

There appears to be a trend that most people do not wish to get involved in anything that does not directly affect them. We were very disappointed to have only two children participate in the annual bicycle rodeo at which officers, firemen, and merchants gave of their own time and materials to conduct a program designed to promote bicycle safety and inspect bicycles for defects. This program was well advertised with the cooperation of school authorities and local press. A local social club sponsored a traffic safety seminar, also well advertised, where no one participated.

Unfortunately, police officers cannot be everywhere at once. We rely heavily on the cooperation of those citizens who do get involved. It makes no sense when a woman watches two strangers break into a neighbor's home at 10:00 A.M., and

then calls the police at 5:00 P.M. Your police department, and I stress the word "your" - - it is not mine nor the officers it employs - - can only be as effective as the support you are willing to give to it. A community is entitled to the type of police protection it desires and is willing to provide. The doors are open at all times, and we are willing to explain the operation or assist in any way we can. We offer a wide variety of safety and security programs to include a mini-course being taught at Hood Junior High School.

We encourage you and your children to take better advantage of these preventative programs offered. Prevention of crime and apprehension of criminals is a community responsibility headed up by your police department. We can't do it alone - - we want you involved in making Derry a better place to live, work, and play.

Respectfully submitted,

Edward B. Garone
Chief of Police

Report of Recreation & Parks Department

As the years go by, the town grows, along with recreation programs. New programs for girls have been formed and hopefully will continue. Cheerleading, field hockey and Pillo Pollo (a lead up to field hockey) which were supervised by volunteers.

More and more people recognize recreation as one of their basic human needs. Volunteers are the backbone of many of our programs and without them, the cost of providing the same activity would certainly be prohibitive. To mention each one individually would be too great in numbers and I could possibly miss someone which would be unfortunate, but we do want to publicly say "Thank You" to all the volunteers who pitched in a helped us in so many ways to make our year successful. We would also like to extend our thanks to Mr. and Mrs. John Monty, Mr. and Mrs. John DeLorenzo, Mr. and Mrs. Joseph Parolise all of Derry and Mrs. Katherine Tris of Dorchester, who so generously allowed us to use their special facilities.

With 35 total programs the average number of participants per each group during the 1978 season was 75. Our special events are not included in these figures. The printed booklet, still receives compliments from newcomers, as well as those that have been here awhile. The booklet lists activities which the Town of Derry has to offer. The recreation department can't take complete credit for the entire list of activities, but the

booklet was printed as a public service to aide those who are interested in recreational activities.

We utilize the Rockingham/Strafford Employment & Training Consortium and also the Summer Program for Economically Disadvantaged Youth, along with the Work Study Program, which is another federally funded project provided by the University of New Hampshire.

Our Summer playgrounds, Hood Park and Alexander-Carr are being used constantly in the good months with numerous participants, young and old and also in the Winter months with figure skating, hockey, skiing and sliding. At Veterans Field on South Avenue, our maintenance crew has developed an area for skating. This is an ideal place for small children, as it is a flooded area. Our crew maintains the skating areas and we realize that people are trying to help us by shoveling, but it only hinders our operations and we have two permanent full-time men, of which one is our assistant director who cares for these areas.

We are always willing to give information to the public, as well as being open to constructive criticism.

Gerald H. Cox, Director
Derry Recreation & Parks Department

Humane Officer's Report

When May 6, 1979 rolls around, I will have been the Humane Officer for the Town of Derry for five years. During that time I've watched the dog population steadily increase, and along with it, has come an increase in complaints, bites, running at large and animal kills by dogs.

Many new people have moved into Derry, with the misconception that because this is the "country" their dogs can now run free and while these people, for the most part, are good law abiding citizens, they just haven't taken the time to find out about the New Hampshire State Law and the Town Ordinance regarding dogs. In all fairness there are a lot of "natives" disregarding the law also. This all boils down to one big problem for the Humane Officer. I've estimated that there

are approximately 2,500 dogs age 3 mo. and older in Derry, and of that number, a little over half of them are licensed and kept under control, which means I've got to double my efforts in the coming year to make that 100%.

During the past year, I received 3,226 phone calls, and in return made approximately 1,000 more. I picked up about 462 dogs, with 272 being returned to their owners, or adopted by another person, with the remainder being put to sleep for lack of a home or because they were ill.

Thirty five dog bites were reported to me during the year. All bites should be reported so the dog in question can be checked for a rabies certificate and confined for the observation period to make sure it isn't sick. Animals killed by

dogs in 78 were also a problem, with 148 chickens, 4 rabbits, 2 calves, 1 sheep and a goat being killed.

I picked up 48 dead dogs, and numerous cats, which had been struck by cars, in addition to 18 injured dogs I took to a vet. I collected \$2,025.00 in kennel fees, in addition to the civil forfeitures paid directly to the Town Clerk.

The parking lot has finally been paved in front of the pound, which helps to keep the mud out of the kennel, and cars. It's quite an improvement.

I've tried very hard to do my job well and I hope that in some small way I've helped everyone I've been in contact with. This job isn't one of the most appreciated jobs around and it is very trying at times. I work five full days per week, many times being called out at night for an injured dog. (this is the time when everyone thinks it's best to let them "run".) I sometimes work late at the pound trying to catch up on work I couldn't do during the day. I also work Saturday mornings, Sunday mornings, and I have to clean and feed them even on holidays,

including Christmas and Thanksgiving while everyone else is at home enjoying their family. I take one weekend off per month and two week vacation, and during those times, Mrs. Bishop fills in for me and without her very expert assistance I would be hard put to get any time off. Everyone needs some time to themselves once in a while. She's my good right hand and she also hopes that she has been a help to those of you whom she has served in my absence.

I wish to thank those of you who took time to call or write to me just to say "thank you". It really helps to know someone appreciates what you are doing. Remember there are approximately 18,000 of you and 1 of me, so thanks to all who cooperated and were patient with me, I deeply appreciate all of you.

Respectfully Submitted
Florence Ouellette
Humane Officer

Derry District Court

The Derry District Court which handles matters for Derry, Londonderry, Sandown and Chester continues to show an increase in the volume of cases. In the calendar year of 1978, the court disposed of 5,798 cases which include violations, misdemeanors, felonies, juvenile cases, small claims and civil matters.

Fines which are taken in by the court are disposed of in the following manner: the clerk pays certain office expenses, pays certain monies over to the Department of Motor Vehicle, the Fish and Game Department and other state agencies and then pays the balance into the general fund of the town. The town then pays the expenses of the judges' salaries, clerk's salary, assistant clerks' salaries and the court officer's salary. The set-up of the court and the charges upon the town are largely regulated by the legislature.

The total receipts for the calendar year 1978 by the Derry District Court is \$197,070.22. Dispersements were made as follows:

Distribution of Fines:

1. Motor Vehicle Dept.	\$ 91,711.25
2. Fish & Game Dept.	70.00
3. Police Standard & Training Council	15,495.40
4. Town of Londonderry (dog cases)	94.00
5. Dept. of Employment Security	208.00
	<hr/>
	\$107,578.65

Expenses paid by court:

1. Witness fees	\$ 8,375.56
2. Blood tests	45.00
3. Telephone expenses	1,206.65
4. Printing of forms	1,237.74
5. Supplies	5,248.95
6. Postage	2,247.00
7. Insurance (bond for clerks)	336.00
8. Sheriff's fees	161.30
9. Miscellaneous (travel expenses, clerk's dues, clerk's seminars, judges' dues, judges seminars, etc.)	1,870.41
	<hr/>
	\$20,728.61

Paid Town of Derry \$68,762.96
George H. Grinnell, Justice

Zoning Board of Adjustment Annual Report 1978

The Zoning Board of Adjustment for the Town of Derry met 22 times in 1978 and heard a total of 47 cases, including 33 requests for variances, 8 requests for exceptions, and 6 appeals from decisions of the Building Inspector. Of the variances, 24 were granted, 5 were denied, 1 was continued and 3 were withdrawn. The Board granted 6 of the exceptions, continued 1, and 1 was withdrawn. 5 of the appeals were upheld, 1 was denied, and 1 was continued. The Board has also been working on a revision of its by-laws.

Respectfully submitted,
Margaret M. Bennett
Clerk

Annual Report for 1978 Building Inspector/Health Officer

During 1978, 710 permits were issued with 232 of the 710 for single family or duplex homes. The figure of 232 for homes represents less than a one percent (1%) difference from last year but the construction costs, \$7,235,300.00, is ten percent + (10% +) higher than 1977.

Actual adjusted revenue was \$24,500.00, which is \$6,500.00 + greater than that of 1977.

A large amount of the building code is dedicated to fire safety, which could lead to confusion or additional costs for individuals or builders that must meet both the requirements enforced by the Fire Department and Building Department. These shared responsibilities have not been a problem in Derry, which has led to safer structures and for this, I thank the Fire Department and Board of Selectmen for their involvement and assistance even after having received criticism from persons who do not understand the overlap of duties between departments. Obviously, public safety without their support would not be possible.

130+ complaints were received on health, housing or zoning that required my attention, and I will attempt to assist those persons in the future with any problem that falls within my jurisdiction.

In the interest of the citizens of Derry,
James F. Daley
Building Inspector/Health Officer

Planning Board Annual Report - 1978

In 1978 the Planning Board for the Town of Derry held 23 regular meetings, 12 special meetings and 1 public hearing, for a total of 36 meetings. The 1978 Town meeting voted to appropriate the sum of \$15,000 to be used by the planning Board in hiring a consultant to upgrade the master plan. Mr. Bruce Tsuchida of Townscape Associates, Arlington, Mass., was selected as the consultant and worked with the Board to develop a land use plan, with the zoning ordinances to implement it, for presentation to the 1979 Town Meeting.

The Board approved a total of 59 final plans in 1978. Of these, 40 involved the creation of new lots, 2 were revisions of previous plans, 11 were land transfers, and 6 were for recording only. The Board also held 2 scenic road hearings and 6 site reviews.

Respectfully submitted,
Margaret M. Bennett
Clerk

Derry Conservation Commission Annual Report

The Derry Conservation Commission has had one of its busiest years. Not only have we viewed, discussed and acted upon all the many dredge and fill applications, but we have also investigated innumerable complaints of concerned citizens. We have instituted an elm tree treatment program, with treatment of town trees to begin in the spring. We have begun a land acquisition program, for the protection of sensitive watershed areas of the Town. Four members took a course in "Soils and Community Planning", and we attended the N.H. Conservation Commission Annual Meeting and several important workshops. We have worked with the U.S. Soil Conservation Service, which is conducting the soil survey of Derry and preparing the soils map. We have tried to have a member present at all meetings of Town Boards. Attendance at meetings has been excellent, and all members have been involved in the Commission's activities. We look forward to an even more productive and effective year in 1979. We hope the people of Derry will continue to call our attention to problems which are in our province to deal with.

Respectfully submitted,
Deborah F. Nutter, Chairman

Annual Report Mental Health Center for Southern New Hampshire

Fiscal year 1977 - 78 saw a major turning point in the history of the Mental Health Center. Since 1967 the organization had been able to provide limited outpatient and consultation services to this community from its Salem office. In 1975, a sustaining care facility was established in Hampstead to meet the needs of residents discharged from the New Hampshire Hospital in Concord. Also in 1975, outpatient services were made available on a limited basis in Hampstead and Derry. In May 1978, the Center was awarded a Comprehensive Community Mental Health Grant from the National Institute of Mental Health, making possible a tremendous expansion of services and programs. The present staff at the Derry office at 45 Crystal Avenue has expanded and will be relocating in more spacious quarters at the Derry Professional Park on Birch Street by the spring of 1979.

This year has seen considerable growth in meeting community needs for screening, diagnosis, and treatment of individuals and families. Consultation with schools, agencies, and professionals continued to expand, particularly in the areas of youth and drug concerns. The Center plans to develop these consultation areas toward early detection and prevention of emotional problems through information and community education. The newly established Community Services and Education Department of the Mental Health Center offers supporting services to clients, as well as lectures and seminars, television and radio programs, and resource material on mental health issues and problems of daily living. Meanwhile, the Center continues to provide localized inpatient services and care, through working agreements with hospitals in Derry and Hampstead. To expand Sustenance Care to serve a wider range of citizens, Day Treatment and Elders Services have been developed. Special programs for children and the treatment of alcoholism are being planned for the near future. A new Emergency Service, available by calling 432-2253, has been operating since August 1978. All services and programs are planned and administered to be as comprehensive as possible while being responsive to the particular needs of the client and the community.

In the fiscal year 1977 - 78, 259 clients from Derry were served, with 1773 hours spent in outpatient and long-term services. During the latter half of 1978, the Center's expanded program was able to accommodate more clients, resulting in 85 active cases open as of December 1, 1978. In that same time period, 903.5 hours were spent for outpatient direct services, 465 hours for Day Treatment, 2,600 hours for Day Care (long-term services), making a total of 3,968.5 hours. 107 contacts were made to Emergency Services. The Mental Health Center Recognizes its continuing responsibility to meet the growing demand for services and to provide this community with the most comprehensive mental health care available.

Respectfully submitted,
John F. McCarthy
Executive Director

Report of the Derry Bicentennial Committee

The new history of the town, *From Turnpike to Interstate - The 150 Years of Derry, N.H.*, officially went on sale, January 7, 1978. One thousand copies of the book were published by Phoenix Publishing of Canaan, N.H. Through the end of 1978, approximately 600 books had been sold. It would appear that the remaining copies will last from 3 to 4 more years and thus the book will stay "in print" a sufficient length of time for libraries, historical organizations and history book collectors to acquire copies.

The Derry Historic Research Committee chairman, Richard Hoisington, reported that \$2,755.47 was turned back to the town in 1978 from book sales, making a total of \$5213.47 in proceeds from book sales in the years 1977 - 78. This amount is a reimbursement to the town toward the \$12,500 appropriated for the book at the 1977 Town Meeting.

The sale of the book has continued under the guidance of the Derry Historical Society & Museum. Copies may be obtained at the Book Corner, at both Derry libraries, from Mrs. Howard Palmer and from Richard Hoisington.

Respectfully submitted,
Ralph S. Bonner, Chairman
Derry Bicentennial Committee

Report of Derry Visiting Nurse Association (For Period of 7/1/77 - 6/30/78)

In January, 1978, another medicare certified, professional home health service was made available to Derry residents as well as to the residents of the other five towns which we serve. This is the service of Occupational Therapy. It is available upon the orders of an individual's personal physician, and is especially helpful for conditions such as stroke, arthritis, problems with eye/hand coordination, situations when energy conservation is important or where household routines need to be adapted to wheelchairs, as well as in other situations. The Occupational Therapist and the Physical Therapist often work as a team. Occupational Therapy can be an important additional component in a well-rounded, complete home health rehabilitation program, whether the need is for a single evaluation visit or for ongoing visits. As for all other home health benefits in the medicare program, other requirements must also be met to assure medicare *payment*. However this service, as well as our other home health services of nursing, physical therapy, and home health aid, is available as needed and requested by the patient, and as ordered by the physician, regardless of ability to pay. For all our home health services, if there is no medicare, medicaid or insurance payment available the fee is discussed with the patient and family on the first visit and can be adjusted according to income. The appropriation from the town is allocated to make up the difference and to make it possible for us to continue to give care "regardless of ability to pay."

In addition to adding Occupational Therapy, there was also a substantial increase in other home visit services to Derry residents, as follows:

<u>Type of Visit</u>	<u>'76 - '77</u>	<u>'77 - 78'</u>
<i>Nursing Visits:</i>		
<i>For Care of the Sick</i>	118	1634
<i>For Adult Health Promotion</i>	172	269
<i>For Newborn/ Maternal/Child Health Visits</i>	403	463
<i>Physical Therapy Visits</i>	*787	1079
<i>Occupational Therapy Visits</i>	Not Available	19
<i>Homemaker Homehealth Aid Visits</i>	1008 (2085 hrs)	1442 (2629 hrs)
<i>Total Home Visits</i>	3730	5468
<i>Overall Increase in Home Visits</i>		47%

Services other than home visits were funded by the town's appropriation and continued to be offered. These included Blood Pressure Screening, Immunization Clinics available the first Friday morning of every "even" month, and The Expectant Parent Classes. The Immunization Clinics are now at the West Side Community Center in Derry. The Expectant Parent Classes have been increased for the second year in a row so that now there are four series per year consisting of eight classes each. They are fully enrolled each series and we are able to accept only mothers who are in the last tri-mester (3 mos.) of pregnancy at the time of the series. We anticipate that additional expansion may be needed in this program. Couples are finding that it fills a real need in preparing them together for the childbirth experience.

Inquiries and/or requests for any of our services may be made by a telephone call to our office. The call can come from the patient himself/herself, the family, a friend or the physician.

Respectfully submitted,
Joanne Millsaps, RN
Nurse/Administrator

Report of Municipal Building Study Committee

The committee was appointed by the Board of Selectmen in mid September. At the first meeting Edward Cullen was Elected Chairman, Dorna Woodside was elected Secretary. It was decided at that time to send a memo to all Department Heads requesting information on immediate space needs and anticipated needs to the year 2,000.

After a review of all replies, the committee determined that to meet the immediate need for Departmental space, the following could take place if the citizens of Derry so choose:

1. Construct a municipal garage of approximately 10,000 square feet to house Highway, Police and Recreational Department vehicles which are presently stored outside. This facility would serve to maintain all Police, Recreation, Water, Wastewater and Highway vehicles, with space inside for Road Agents office, supply room for all department's paint and similar supplies. The committee recommends the hiring of an additional mechanic whose main priority would be to assist present mechanics on other Town vehicles.

The present Highway garage would continue to house and service Town vehicles, however, space could be allocated for impounded Police items which would then give the present Police Department added and much needed space.

At present the Recreation Department is using a 30' X 60' room at the West Side Community Center and part of the basement for storage and work area. We recommend that these areas be transferred to the present Highway garage, therefore affording the West Side Community Center more space.

A fireproof area at the present garage could be constructed to store all old files which are presently stored at Town Hall. This could produce more immediate space in the Town Hall building.

2. Consider acquisition of land in the Pingree Hill area for an anticipated East Derry Fire Department sub-station. All reports indicate that the growth in that area will soon require this sub-station to enable fire fighters and rescue to respond to the area properly.

In anticipation of future building needs, the committee recommends that an architectural feasibility study be conducted to see how many of old buildings could be further utilized and to find out if a new municipal complex is or could be needed before the year 2,000. Therefore, the committee is requesting a budget item of \$6,500.00 for an architectural study and encourages the Town to extend this Municipal Building Study Committee for another year.

Respectfully submitted,
Edward Cullen, Chairman
Dorna Woodside, Secretary

Report of Southern New Hampshire Planning Commission

The Southern New Hampshire Planning Commission is a voluntary organization of local governments serving a common region. Member communities have many common problems which affect each other and can more effectively be solved on a cooperative, areawide basis. Because of the economies of scale offered by areawide programs, many of these problems can be dealt with through the Commission at less cost to the taxpayers.

The Commission is established under state law and its Board is made up of Commissioners appointed by local elected officials from the member communities. These Commissioners control all decisions made by the Commission . . . decisions which are voluntarily implemented by the participating governments.

The Commission has accepted the challenge to look to the problem of coordinating the planning, and the development of many units of government within the region. In doing so, it does not usurp the function of the local planning boards, rather it supplements their work and efforts by serving as a "clearinghouse" agency, or a "ready alert" group that can warn local units of impending problems for all which may flow from a decision of a single municipality, the state or the federal government. We can provide advice on how a common problem might be met through joint action.

During the past year, the Commission published three major documents of areawide significance. The *Land Use Plan 2000*, *Southern New Hampshire Subregion* and *A Housing Plan For The Southern New Hampshire Subregion* have been, and will continue to be important references and resource materials for communities wrestling with growth and development problems.

A Rural Transit Development Program For The Southern New Hampshire Subregion, published in September, could result in substantial savings for participating school districts that are currently paying dearly for special student transport

services. This program is also designed to extend transit service to the rural transportation - disadvantages, particularly the elderly and the handicapped.

A representative sampling of staff services provided to the Town of Derry during the past year includes:

- Drafted updates of three (3) municipal base maps;
- Provided the Building Inspector with updated copies of the Town base maps;
- Provided Town officials with information regarding the Municipal Law Lecture Series, a Capital Improvements Program Seminar, and the Commission - sponsored Community Development Block Grant, Small Cities Program workshop;
- Provided the Recreation Department with information pertaining to a workshop on recreation services for handicapped persons;
- Completed a housing condition survey of 867 structures containing 1640 dwelling units in West Derry;
- Provided the Derry Housing Authority with Data, reference resources and other assistance relative to the preparation of a Community Development Block Grant preapplication for Federal funds to implement the "Downtown Neighborhood Revitalization Project";
- Staff cooperated with the Town's consultant preparing the Master Plan.

We urge the voters and Town officials to favorably support renewal of Derry's status as a dues-paying member of the Commission. We sincerely believe that the Town can benefit substantially through an active membership.

Not only can professional staff services be made available to local boards, departments, etc., but equally valuable should be the fact that, with three voting representatives, Derry's interests in regional and State affairs can be voiced through the influence of a strong Commission.

Taylor Library Report

The Taylor Library would like to thank all who have donated various gifts during the past year. Through this generosity, we have added to our collection the Time-Life Encyclopedia of Gardening, Time-Life's Great Cities and the World Book Encyclopedia.

The addition of paperback books for the Junior High School level has been enthusiastically recieved.

Our paperback exchange for adults continues to be a popular item.

Interlibrary loan continues to be a valuable asset and we are happy to be able to fill most requests.

Bookmobile has visited us three times. We have supplemented our own collection by borrowing five hundred and forty three adult fiction, ninety one adult non-fiction and twenty five juvenile volumes.

I wish to thank the trustees for their cooperation and support and the assistant librarian for her generous help.

The result of a survey taken during the past year has determined that our days open remain the same as in previous years: Tuesdays and Thursdays from 2:00 until 8:00 p. m.

Librarian Report — Derry Public Library

A steady growth in circulation shows that the Derry Public Library is serving the community to good advantage. It is interesting to note that over 600 more juvenile titles were circulated this past year than in 1977.

A story hour conducted by the members of the Junior Woman's Club is held twice a month. Delivery of books to shut-ins and to Nutfield Heights continues on a regular basis, as do visits to the Library by various kindergarten groups.

The renovation of the basement at the Library was the major project for the year. When completed, this will be a children's room for youngsters up to the 6th grade.

Our collection of large print books is now the largest in this area, with a fine selection of 406 titles. These prove, by the wide circulation, that many patrons appreciate this type of reading material.

Inter-library loans from other libraries provide additional service and we are glad to offer this to our patrons for a very small fee.

Many gifts were donated to the Library during the past year. Books, paperbacks, bookmarks and memory gifts have increased and we are most grateful to all those who have been so thoughtful. The annual Christmas tree, decorated by the Derry Garden Club, was also received with our thanks.

To the Trustees and the staff, I wish to express my sincere thanks and appreciation for their support throughout the

years. Another thanks must go to all our patrons who make the work so pleasant and rewarding by their friendliness and kind words.

We shall continue to provide the best possible service to all members of our community.

Library hours are:

Monday, Tuesday, Thursday, Friday: 1:30 — 8.

Wednesday: 10:00 — 8. Saturdays 2:00 — 5.

Respectfully submitted,
Annie Ashton
Librarian

Auditor's Report
PLODZIK AND SANDERSON
 5 SOUTH STATE STREET
 CONCORD, N.H. 03301

Auditor's Statement

June 19, 1978

We have examined and audited the accounts and records of the Town of Derry, New Hampshire for the fiscal year ended December 31, 1977.

Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

Our examination disclosed various deviations from standard accounting procedures in the water and sewer departments (Enterprise Funds). No general ledger accounts or inventory records are maintained for the sewer department. In the water department, inventory records are maintained. However, we did not physically inspect the inventory. Fixed asset records are kept, but the detail of acquisitions does not always agree with the general ledger balances. Because of the aforementioned departures from generally accepted accounting principles applicable to enterprise fund accounting, we do not express an opinion on the financial statements of the Enterprise Funds at December 31, 1977.

The Town does not maintain a record of fixed assets. Accordingly, a report of this type fund was not included within the scope of this audit.

In our opinion, with the exception of the Enterprise Funds mentioned above, the accompanying balance sheets and statement of sources of revenue and expenditures present fairly the financial position of the Town of Derry, New Hampshire at December 31, 1977 and the results of its operations for the year then ended, in conformity with generally accepted accounting principles, applied on a consistent basis.

Respectfully submitted,
 Plodzick and Sanderson
Accountants and Auditors

Letter of Transmittal

June 19, 1978

Members of the Board of Selectmen
 Town of Derry
 Derry, New Hampshire 03038
 Gentlemen:

We have examined the financial statements of the Town of Derry, New Hampshire for the fiscal year ended December 31, 1977, and have prepared the attached exhibits in conformity with the recommended format prescribed by the Municipal Services Division of the State of New Hampshire in accordance with R. S. A. 71-A:19. Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, District Court, and Library and Cemetery Trustees. The records of the Trustees of Trust Funds were inadequate for us to express an opinion on the financial report prepared as of December 31, 1977. As a result of our conversation with the Trustees, we intend to examine these records at a later date.

FINANCIAL INFORMATION

General Fund

Comparative Balance Sheet Exhibit A-1
 Statement of Change in Fund Balance Exhibit A-2
 Statement of Appropriations and Expenditures Exhibit A-3
 Statement of Estimated and Actual Revenue
 and Budget Summary Exhibit A-4

A comparative balance sheet disclosing the financial condition of the general fund at December 31, 1977 and December 31, 1976 is presented in Exhibit A-1. As indicated therein, the fund balance increased by \$164,980 in 1977; from \$186,917 at December 31, 1976 to \$351,897 at December 31, 1977. A statement of the change in fund balance is shown in Exhibit A-2.

Statements of appropriations and expenditures, estimated and actual revenue are included in Exhibits A-3 and A-4, respectively. As indicated by the budget summary (Exhibit A-4), a revenue surplus of \$110,492, plus an unexpended balance of appropriations of \$79,535, resulted in a budget surplus of \$190,027 for 1977.

Enterprise Funds
Water Department

Comparative Balance Sheet Exhibit A-5
 Statement of Revenue and Expense Exhibit A-6

Financial statements for the water department are included in Exhibits A-5 and A-6. As noted in our auditor's opinion, because generally accepted accounting principles applicable to enterprise fund accounting are not followed, we do not express an opinion on the financial statements of the water department. Also, inasmuch as proprietary accounts have not been maintained for the sewer department, financial statements have not been prepared for this enterprise. However, there was a cash balance of \$51,916 and sewer rents receivable of \$19,000 in this fund at December 31, 1977.

Long-Term Indebtedness

Comparative Balance Sheet Exhibit A-7
 Statement of Debt Service Requirements Exhibit A-8

A comparative balance sheet disclosing the total long-term indebtedness of the Town is contained in Exhibit A-7. The long-term debt decreased by \$153,000 in 1977; from \$798,000 at December 31, 1976 to \$645,000 at December 31, 1977. A statement showing annual debt service requirements of principal and interest is contained in Exhibit A-8.

OTHER FUNDS AND OFFICIALS' ACCOUNTS
CASH BASIS STATEMENTS

The accompanying supplemental exhibits covering segregated funds and the accounts of those officials entrusted with the custody, receipt or expenditure of Town funds, are presented in accordance with the current requirements of the Municipal Services Division of the State of New Hampshire. Although not considered necessary for a fair presentation of the financial statements and results of operations, our examination of these accounts included the same tests and auditing procedures applied in the examination of the aforementioned exhibits. In our opinion, these exhibits present fairly the revenues collected and expenditures paid arising from cash transactions then ended on a basis consistent with that of the preceding year.

Our comments and recommendations as a result of the examination of the financial statements are included in a separate letter.

Very truly yours,
 Plodzick and Sanderson
Accountants and Auditors

Derry Water Department Report

The Water Department had an excellent year as shown in the statistical summary. Substantial additions of water mains, services and hydrants were made and consequently a larger number of people are now serviced by the Derry Water Department. Good progress was made with the meter program, old meters were replaced and outside readers were installed. Approximately 85% of house meters are now of the low-cost and easy-to-repair plastic type. After 7 to 10 years in service these meters are tested. If necessary, meters are reconditioned at approximately half the cost of a new meter and their life is extended for another 7 to 10 years. As a result of the Safe Drinking Water Act much emphasis is now placed on backflow prevention. The Department has bought test equipment to facilitate checking backflow preventors in the field or in our meter shop.

The Derry Village tank was painted under the supervision of a tank specialist. Three coats of paint were applied to the outside and 4 coats inside. A new 75hp, 750 gallon per minute pump was installed at the Fordway Station. As a result our combined pump capacity of Fordway and Londonderry Pumps is 1100 GPM, enough to pump capacity of Fordway and Londonderry Pumps is 1100 GPM, enough to pump the present daily water demand in 11 hours or less. Our supply of water is ample and we were able to go through a period of water shortages las year without restricting our customers. Further, we sold bulk water to private water haulers who in turn distributed it to people whose wells had dried up. The Department is, therefore, optimistic about having enough water for many years to come. — New pump controls and water level alarms were installed, sensing water pressures at the

new water tank off Manchester Road. The Low Water Alarm will alert the Department whenever there is a major break in a water main. Generally, locating controls at the newest rather than the oldest water tank is a significant improvement in system reliability. All other alarms — both water and wastewater — were relocated to the Police Station via the Fordway Pump Station. All alarm signals cause a light to flicker and a buzzer to sound at the Police Station. The Police Officer notifies the Department or Duty Man who proceeds to the Fordway Station where an annunciator panel tells him what station is in trouble. This is the new and highly efficient Central Alarm System of the Water & Wastewater Department which is another important step in our continuing effort to keep facilities up-to-date and modern at reasonable cost.

Finally, more and more precautions to demonstrate that our water is potable are taken in accordance with the Safe Drinking Water Act. Seven samples are sent to the N. H. State Laboratory for test each month. Department laboratory facilities are also much improved, and more test equipment for water testing has been acquired. We plan to do all water tests monitoring wells or house faucets in our own laboratory next year.

The present indication is that over 50 new services will be added to the system in 1979. The Derry Water Department or Water Company is more than 80 years old and expects to improve its facilities and water supply in accordance with future growth of the community.

Henry D. Treitel
Superintendent

Derry Wastewater Department Report

The operation of the treatment plant and collection system offered some interesting challenges this year, foremost being the odor problem in the summer and a sewer wash-out on Tinkham Avenue. The detection of the odor problem was most difficult because there was absolutely no bad odor at the lagoons but a strong putrid odor near Interstate Highway 93. As complaints came in, our chemist reported a drastic drop in dissolved oxygen which was attributed to a reduction in aeration. A few weeks earlier one of our power transformers was knocked out by lightning which resulted in the eventual loss of 4 out of 9 aerators in the Number 1 Lagoon for several weeks. Then we had a regular epidemic of stalled aerators causing further loss of aeration. What kept the lagoon going was the oxygen producing algae. But then from one day to the next the algae were killed, and the Number 1 Lagoon went septic. The practical effect of septicity or oxygen deficiency is bad odor. The Department immediately launched a 3-pronged attack on this problem. The septic dumpers were rerouted to the Londonderry Dump, and later to the No. 2 Lagoon. Raw sewage was diverted to the No. 2 Lagoon for several hours a day. These measures reduced the organic loading of the No. 1 Lagoon. Further, every effort was expended to keep aerators running and whenever an aerator stalled, it was immediately put back into service. As a result, in barely a week's time, the crisis was over, algae had come back, dissolved oxygen had been raised to a satisfactory level, and the cause for four odors had been eliminated. Department personnel proceeded energetically to get rid of existing odor. The cause of odor is gases and septic sludge which floats on the surface of the lagoon. Using fishnets, Department personnel scooped up this smelly sludge day in and day out for about two weeks. By that time the lagoon was back in proper operation and septic sludge had stopped rising to the surface. Further, the banks of the lagoon had been limed. Thus a very annoying odor problem had promptly been removed. We are pleased to report that throughout the crisis all sewage was treated and not a drop of raw sewage was discharged into the Beaver Brook. In order to lessen the chances that there would be a recurrence of having a lagoon go septic, permission was obtained from the Board of Selectmen to build septage pits. These pits were built by a combined effort of Highway, Water and Wastewater Departments, and their operation to date is entirely satisfactory.

One of our major operational problems is excessive flow of sewage for several weeks in the winter and spring. Flow increases from an average of 700,000 gallons per day to about 2½ million gallons per day, more than the lagoons can

accommodate. We can cope with this situation temporarily. It is, however, clear proof that Town sewers leak badly in some places and should be rehabilitated as a high priority task. Hopefully, this task will be undertaken in 1979. The Department will gladly support this endeavor.

On Tinkham Avenue a 215' long 8" sewer had to be replaced on an emergency basis. The bottom of the old pipe had completely eroded and in some sections the entire sewer pipe had disappeared. By diverting sewage from one manhole to the next, the Department, working around the clock for four days, installed a new quality vitrified clay sewer which is expected to last for many years to come.

Much effort was spent on lift station maintenance, particularly at the Franklin St. Station where leaks developed in the volutes of both pumps due to extraordinary erosion. Emergency repairs were made and affected components were replaced as quickly as parts could be obtained. Also, one gate valve had to be replaced as quickly as parts could be obtained. Also, one gate valve had to be replaced because it would no longer close. Further repair work will be done in this lift station next year before it is restored to satisfactory running condition.

Our Laboratory is now in full operation. It is an important aid to our wastewater treatment activity. Our Cio-chemist checks effluent quality, he monitors industrial effluents with the aid of an automatic sampler placed in the nearest manhole and he runs a variety of routine and special tests for operational and quality assurance purposes. We have instituted a policy this year that whenever an outside agency wished to test our wastewater, we split the samples. Thus, when the Water Supply and Pollution Control Commission ran test programs twice in 1978, we ran tests concurrently, then compared results. Correlation was good, and communications between parties were much improved. The capabilities of our laboratory are excellent and will enlarge further in the near future to include all basic water analyses.

Throughout the year the Department has closely cooperated with the Town's consultant — Environmental Engineers — in the design of the new administration building which houses pumps, blowers, a chlorine facility, a garage, office and the laboratory, among others. We have great confidence that these plans provide a sound basis for giving the Town of Derry a superior wastewater treatment facility. The new plant will make possible wastewater treatment at minimum cost per gallon and make a major contribution to keeping Beaver Brook clean.

Henry D. Tritel

Derry Fire Department

The Derry Fire Department is pleased to report that the year 1978 was a very good year in terms of the reduction of fire losses. In 1977, the department responded to 584 emergency calls involving an estimated value of property of \$949,000.00. Estimated fire loss came to \$288,000.00. In 1978, the department responded to 519 emergency calls, down 65 calls from the previous year with an estimated property value of \$3,419,650.00. Estimated fire loss was \$296,100.00.

The year 1978 also saw the opening of a new fire department sub-station located at the corner of Warner Hill Road and Island Pond Road. The new station presently houses one (1) Class A Attack Pumper and one (1) tanker-type truck. There is a lieutenant and private stationed there twenty-four (24) hours a day. The Derry Fire District has also added six (6) call men from the Island Pond area and in doing so, can respond up to

eight (8) firefighters to a given situation until such time as the main station can arrive. The new sub-station has reduced the response time to homes in the area from approximately eleven (11) minutes to a maximum three (3) minutes. This station is completely self-sufficient and can operate solely on its own, if for any reason, climatic conditions or other natural disasters, it should be cut off from the main station.

In summarizing the year 1978, I feel that if the present trend of declining emergency calls continues, more and more residents of the Derry Fire District will be spared the anxieties that accompanies the holocaust of fire.

James J. Cote,
Chief
Derry Fire Department

1979 DERRY TOWN MEETING WARRANT

State of New Hampshire

To the Inhabitants of the Town of Derry qualified to vote in town affairs:

Voters in District No. 1 are hereby notified to meet at the Veterans Memorial Hall in said district, and the voters of District No. 2 are hereby notified to meet at the East Derry Fire House in said district, on the thirteenth day of March, 1979, at seven o'clock in the forenoon, to act upon the articles required to be voted upon by official ballot. By vote of the Selectmen, the polls for this meeting will remain open from seven o'clock in the forenoon until eight o'clock in the evening and so much longer as the Town at the opening of the meeting may vote.

Voters are further notified to meet at 10:00 in the forenoon on the seventeenth day of March, 1979, at the Grinnell School Auditorium to act upon all other articles in this warrant.

Article 1.

To choose all necessary Town Officers for the coming year.

Article 2.

To see if the Town will rescind the present Derry Zoning Ordinance and adopt in place thereof the following zoning ordinance:

PROPOSED ZONING ORDINANCE, DERRY, NEW HAMPSHIRE FINAL DRAFT - JANUARY 1979

ARTICLE I. AUTHORITY & PURPOSE

Section 1.1 - Title

This ordinance and the accompanying official Zoning Map shall be known and cited as the "Zoning Ordinance of the Town of Derry, New Hampshire".

Section 1.2 - Authority

This Ordinance has been prepared in accordance with authority conferred by Chapter 31, Sections 60-89 inclusive, New Hampshire Revised Statutes Annotated (NHRSA), 1955, and NHRSA 36-19-a, adopted 1973 (non-residential site review).

Section 1.3 - Purpose

To divide the Town into Districts and regulate the use of land and the construction of buildings in order to promote the health, safety, convenience, and general welfare of the people of Derry; to encourage the most appropriate use of land; to ensure efficiency and economy of land development; to encourage housing for people of all income levels; and to ensure that Derry will be an attractive place in which to work and live.

Section 1.4 - Jurisdiction

The provisions of this Ordinance shall govern all land and all structures within the boundaries of the Town of Derry, New Hampshire.

Section 1.5 - Effective Date

This Ordinance has been enacted by the voters at an Annual Town Meeting, duly convened, on March 14, 1979, and is effective as of this date.

ARTICLE II. DEFINITION OF TERMS USED IN THIS ORDINANCE

In this Ordinance, certain words shall be interpreted as follows: the word "person" includes groups such as a firm, association, partnership, company, or corporation as well as an individual; the word "shall" is mandatory; the word "may" is permissive. Terms not defined shall have the customary dictionary meaning.

Other important terms used in this Ordinance are defined as follows:

1. **AGRICULTURE** - The use of land primarily for agricultural purposes, including raising crops, dairying, pastures, horticulture, and animal and poultry husbandry.
2. **APPROVED STREET** - A road maintained by the Town of Derry and/or a road that is part of and shown on an approved plat.
3. **AUTOMOBILE JUNK YARD** - A yard, field or other area occupied by two or more unregistered, discarded, or junked motor vehicles; or occupied by bodies, engines, or other parts sufficient in bulk to equal two or more motor vehicles.
4. **BUILDING** - An enclosed structure built to provide shelter for persons, animals or property.
5. **BUILDING HEIGHT** - The vertical distance from the grade to the top of the highest roof beams of a flat roof, or to the mean level of the highest gable or slope of a hip roof. When a building faces on more than one street, height shall be measured from the average of the grades at the center of each street front. Special structures such as church steeples, factory smokestacks, or barns and silos are not included in calculating building height.
6. **CAMPGROUND** - Any premise established for overnight, temporary camping use, and for which a fee is charged.
7. **COMMERCIAL RECREATION FACILITY** - Privately-owned recreational facilities such as golf driving ranges, public golf courses or riding stables for which user fees are charged. As used in this Ordinance, commercial recreation facilities do not include indoor commercial recreation or facilities providing for overnight use such as campgrounds.
8. **DWELLING** - A building used in whole or in part for human habitation.
9. **DWELLING UNIT** - A room or group of rooms providing living quarters for one or more persons, which has a separate entrance and facilities for sleeping and cooking, and has a bathroom.
10. **EDUCATIONAL INSTITUTION** - Classrooms and related facilities for the Derry school system, or other learning facilities such as state, county and regional schools or schools sponsored by a recognized religious sect.

11. **FAMILY** - One or more persons occupying a premises and living as a single housekeeping unit, as distinguished from a group occupying a boarding house, lodging house, or hotel. Such unit shall not exceed five persons not related by blood or marriage.
12. **FRONTAGE** - A continuous part of a lot or lot line abutting on an approved street.
13. **GROSS FLOOR AREA** - The sum of the areas of the several floors of a building, including the area of enclosed porches. Unroofed porches, basements and attics used for storage, and accessory buildings used for storage, service, and parking are not included.
14. **GOVERNMENT STRUCTURE** - A building owned and operated by a government agency, but not including buildings for residential use.
15. **HOME OCCUPATION** - A business, trade, or occupation carried on by a person in his or her residence for a profit.
16. **JUNKYARD** - An open area where used materials and waste materials are stored, handled, or sold.
17. **KENNEL** - Any lot on which 4 or more dogs and/or cats at least 4 months of age are kept, either for a short or long-term period.
18. **LOT** - An area of land in one ownership with definitive boundaries that can be ascertained from a recorded deed or recorded plan.
19. **LOT COVERAGE** - Area of a lot covered by the heated part of a dwelling, or by the entire building if the building is not a dwelling.
20. **LOT LINE** - A line dividing one lot from another lot or from a street right-of-way. A lot usually has a front lot line on the street which it abuts, a side lot line separating it from lots of common frontage, and a rear lot line separating it from lots not in common frontage.
21. **LOT OF RECORD** - A parcel of land for which a legal description, dimensions, and ownership has been registered with the County Register of Deeds.
22. **MOBILE HOME** - A structure designed as a year-round dwelling unit and designed to be transported after fabrication on its own wheels. A mobile home must contain a toilet, a tub or shower, kitchen facilities, sleeping accommodations, and plumbing and electrical connections designed for attachment to outside systems.
23. **MOBILE HOME PARK** - A lot where 2 or more mobile homes are set up for living purposes.
24. **MULTI-FAMILY** - Three or more families.
25. **NEIGHBORHOOD STORE** - A store selling groceries or household necessities that primarily serves residents of a particular neighborhood. Size shall not be more than 1,500 square feet for sales and storage space. Facilities that prepare food and beverages to be consumed on the premises and auto service stations or auto repair garages are not included.
26. **N. H. R. S. A.** - New Hampshire Revised Statutes Annotated, as amended.
27. **NON-CONFORMING** - A building, structure or use which does not conform to the provisions of this ordinance but was lawful at the time the Ordinance was established.
28. **PUBLIC RECREATION FACILITY** - Indoor or outdoor recreation facilities owned and operated by the Town of Derry or by a County, State, or Federal agency.
29. **ROOMING HOUSE** - A building of residential character, usually a converted large dwelling, several rooms of which are rented to guests who usually stay more than two weeks. A Lodging House is a similar building used primarily for transient guests, usually staying a few days. A Boarding House is a rooming house where meals are served to the guests.
30. **SAND AND GRAVEL PIT** - Excavation of more than 100 cubic yards of sand and gravel per year for sale.
31. **SETBACK** - The minimum required horizontal distance from a lot line to the nearest part of any principal structure or accessory structure.
32. **SIGN** - Any structure, letter, word, banner or the like designed to convey to the public information, directions, or advertising ideas.
33. **SINGLE-FAMILY DWELLING** - A detached dwelling unit designed and used exclusively as a single housekeeping unit for one family. A mobile home shall not be considered to be a single family dwelling.

34. **SPECIAL EXCEPTION** - A use permitted only after a public hearing and review and approval by the Board of Adjustment. Such uses may be permitted only if specific provision for such special exceptions is made in this Ordinance, and only according to the criteria set forth herein. If no such provision has been made in this Ordinance, the applicant's only recourse is to obtain a use variance, rezoning of the property or an amendment of the Zoning Ordinance.
35. **STRUCTURAL ALTERATIONS** - Any change of the exterior dimensions of a building or structure, or any change in the supporting members of a building such as bearing walls, columns or beams. A property owner must obtain a building permit before undertaking any structural alterations.
36. **SUBDIVISION** - The division of a lot, tract, or parcel of land into two or more lots, plots, sites, or other divisions of land for the purpose, whether immediate or future, of sale or of building development.
37. **TWO-FAMILY DWELLING** - A detached structure containing two separate dwelling units.
38. **VARIANCE** - A modification of the requirements of this ordinance that may be granted by the Board of Adjustment. A variance must not be contrary to the public interest. A variance may be granted where, because of conditions peculiar to the property and not the result of the actions of the applicant, a literal enforcement of this Ordinance would result in unnecessary hardship.
39. **USE, ACCESSORY** - Any use which is customarily accessory and incidental to a permitted principal use.
40. **USE, PRINCIPAL** - The main or primary purpose for which a structure or lot is designed or intended, or for which it is permitted to be used by this Ordinance.
41. **YARD** - The area of land on a lot not occupied by the principal building.
YARD, FRONT - The area of land between the front lot line and the nearest part of the principal building.
YARD, SIDE - The area of land between the side lot line and the nearest part of the principal building.
YARD, REAR - The area of land between the rear lot line and the nearest part of the principal building.

ARTICLE III. GENERAL PROVISIONS

Section III.1 - Interpretation

Interpretation of what may not be clear in this Ordinance shall be according to the intent of the Ordinance and the Comprehensive Plan.

Section III.2 - Validity and Severability

If any section or provision of this Ordinance is declared by the courts to be invalid, such decision will not invalidate any other section or provision of this Ordinance.

Section III.3 - Conflict with Other Ordinances

This Ordinance shall not annul or in any way remove the necessity of compliance with any other rule, regulation, by-law, permit, or other provision of law. Whenever the regulations of this Ordinance differ from the regulations prescribed by any statute, ordinance, or other regulation, that provision which imposes the greater fee, restriction, or the higher standard shall govern.

Section III.4 - Non-Conforming Uses

III.4a - CONTINUANCE OF NON-CONFORMING USES

The use of land, building or structure, lawful at the time of adoption or subsequent amendment of this ordinance, may continue even though such use does not conform to the provisions of this Ordinance.

However, this Ordinance shall apply to:

1. Any change of use.
2. Reconstruction or structural change of existing buildings or structures.

III.4b - DISCONTINUANCE OF NON-CONFORMING USES

A non-conforming use which is discontinued may not be resumed. The use of the land, building or structure shall thereafter conform to the provisions of this Ordinance. Upon evidence of economic or other hardship, the Board of Adjustment shall have the power to extend the time limits specified below.

A non-conforming use shall be considered discontinued:

1. When the premises have been devoted to another use, or
2. When the characteristic equipment and furnishings of the non-conforming use have been removed and have not been replaced with similar equipment within one year, or
3. When the intent of the owner to discontinue the use has been apparent for a period of at least one year.

III.4c - RULE OF PRECEDENCE

Whenever a non-conforming use is superseded by a permitted use of a structure, or structure and land in combination, such structure or combination of land and structure shall thereafter conform to the provisions of this Ordinance and the non-conforming use may not thereafter be resumed.

III.4d - EXPANSION OF NON-CONFORMING USES

After due notice and public hearing, the Board of Adjustment may permit the expansion of a non-conforming building or use provided that the proposed expansion does not alter the use of the property or character of the activity, that the proposed expansion does not increase the building floor area by more than 25%, and that the proposed expansion complies with all Performance Standards of this Ordinance. The Board of Adjustment shall review and decide upon lot size, set-back, and other dimensional requirements.

III.4e - RECONSTRUCTION IN THE EVENT OF CALAMITY

Any non-conforming building partially or wholly damaged by fire, flood, explosion, or other calamity may be reconstructed provided that the height is no more than that of the original building and provided that the non-conformity of yard dimensions shall not be increased. Such reconstruction must begin within one year from the date of the calamity and be completed within two years of the date of the calamity. Upon evidence of economic or other hardship, the Board of Adjustment shall have the power to extend the above time limits.

III.4f - TRANSFER OF OWNERSHIP

Ownership of land and structures which remain lawful but become non-conforming by the adoption or amendment of this Ordinance may be transferred and the new owner may continue the non-conforming uses subject to relevant provisions of this Ordinance.

III.4g - NON-CONFORMING LOTS OF RECORD

In any district in which single-family dwellings are permitted, a single family dwelling may be erected on any single lot of record even though the lot area does not conform to the requirements of the particular zone. However, lot coverage may not exceed 25%, and the dwelling shall be built to conform with minimum yard requirements. Smaller yard dimension may be permitted by variance. These provisions notwithstanding, residential lots with no town sewer shall be at least 30,000 square feet in area.

For new business uses on non-conforming lots of record in the Business Districts, dimensional and other requirements shall be determined by site plan review and approval by the Planning Board.

III.4h - RESTORATION OF UNSAFE PROPERTY

Nothing in this Ordinance shall prevent the strengthening or restoring to safe condition any part of a building or structure declared unsafe by the Building Inspector.

III.4j - PENDING APPLICATION FOR BUILDING PERMITS OR LAND USE PERMITS

Nothing in this Ordinance shall require any change in the plans, construction, size, or designated use for any parcel of land, building, structure, or part thereof for which application for a building permit or use permit has been approved or upon which construction commenced prior to the adoption or amendment of this Ordinance, provided that construction shall start within one year after the actual issuance of the building permit, or land use permit.

Section III.5 - Amendment

The regulations, restrictions and boundaries set forth in this Ordinance may from time to time be amended or repealed. Procedures for amendment or repeal shall be in accordance with NHRSA Chapter 31:63 & 64.

Generally, a proposed amendment shall be enacted by the affirmative vote of a majority of the voters voting on the question under a proper article in the Warrant in any Annual or special Town Meeting. Zoning amendments proposed by petition shall be heard only at the Annual Town Meeting. Zoning amendments proposed by the Planning Board may be heard at the Annual Town Meeting or at a Special Town Meeting. In case of protest against an amendment, signed by the owners of twenty percent of the land to be included in such change, or signed by the owners of twenty percent of the land abutting and within 100 feet of the affected land, the amendment shall not become effective except by the favorable vote of two-thirds of the voters at the Town Meeting session.

In either case, the Planning Board shall hold at least two public hearings on the proposed amendment or repeal. Notice of the time and place of each public hearing, together with the proposed change, shall be published at least 14 days prior to the hearing in a newspaper of general circulation in Derry.

ARTICLE IV. ESTABLISHMENT OF ZONING DISTRICTS

Section IV.1 - Zoning Districts

To implement the provisions of this Ordinance, the Town of Derry is hereby divided into the following Zoning Districts:

ARR - Agriculture/Rural Residential District

R1 - Single Family Residential District

R2 - General Residential District

MH - Mobile Home District

B1 - Downtown Business District

B2 - General Business District

B3 - Highway Business District

I1 - Industrial/Commercial District

I2 - Industrial/Residential District

Section IV.2 - Zoning Map

The Zoning Districts are located and bounded as shown on the official Zoning Map, entitled "Zoning Map of the Town of Derry," dated March 13, 1979. The Zoning Map shall be an integral part of this Ordinance, and shall be filed in the office of the Town Clerk.

Section IV.3 - Uncertainty of Boundary Location

Where uncertainty exists with respect to the boundaries of the various Districts as shown on the Zoning Map, the following rules shall apply:

1. Boundaries indicated as approximately following the center lines of streets, highways, railroad, or alleys shall be construed to follow such center lines.
2. Boundaries indicated as approximately following well established lot lines shall be construed as following such lot lines.
3. Boundaries shown as following shore lines or the center lines of streams shall be construed to follow such lines.
4. Boundaries indicated as being parallel to or extensions of the features listed above shall be so construed, and distances not specifically indicated on the official Zoning Map shall be determined by the scale of the map.
5. If a Zoning District boundary divides a lot, the regulations for the less restrictive portion of the lot shall be allowed to extend not more than 30 feet into the more restrictive portion, provided that the lot has frontage on a street in the less restrictive District. For Districts B3, I1, and I2, the less restrictive portion of the lot shall be allowed to extend not more than 100 feet into the more restrictive portion.
6. Where physical or cultural features existing on the ground differ from those shown on the Official Zoning Map, or in other cases of uncertainty not listed above, the Planning Board shall interpret the District boundaries.

ARTICLE V. USE REGULATIONS FOR ZONING DISTRICTS

Section V.1 - Applicability of Regulations

For each Zoning District, the use of land, buildings and structures shall be regulated as set forth in this Article. The Article describes regulations for each Zoning District.

Uses shall also conform to the provisions of Article VI, Conservation Corridors; Article VII, Cluster Development; Article VIII, Performance Standards, and other provisions of this Ordinance where applicable.

For each Zoning District, only those uses specifically listed as permitted uses, or uses substantially similar in nature to the listed permitted uses shall be allowed. Special Exception uses, as listed may be allowed after proper review by the Board of Adjustment. Otherwise, any other uses shall not be allowed, whether or not such uses are specifically prohibited in this Article, except by use variance, rezoning or amendment of this Ordinance.

For any Zoning District, the Planning Board may require lot sizes larger than the minimum lot size for sites with poorly drained soils, steep slopes, or potential drainage or water pollution problems.

No use shall be permitted in any Zoning District that may be injurious, noxious or offensive to the neighborhood by reason of odors, fumes, dust, smoke, vibration, noise, or other cause. This general prohibition does not, however, restrict permitted agricultural uses in the Agriculture/Rural Residential District.

Lots proposed for development shall have frontage on an approved street. For single-family and two-family dwellings, only one principal building shall be built on a lot.

Section V.2 - Agriculture/Rural Residential District (ARR)

The intent of the restrictions in the ARR District is to protect the rural use and character of the land, while permitting low density development.

V.2a - PERMITTED STRUCTURES AND USES

Agriculture, church or temple, conservation use, educational institution, forestry, hospital or nursing home, housing for the elderly, public recreation facility, single family dwelling, summer cottage; apartment in an existing single family dwelling, subject to the Performance Standards in Article VIII Section VIII.4, campground subject to Planning Board approval and the Performance Standards in Article VIII, Section VIII.3.

Accessory uses, buildings and structures usually associated with these permitted uses shall be allowed, including roadside stands for the sale of produce, keeping of domestic animals for personal use and enjoyment (but not including a kennel), private garage, private swimming pool, signs subject to Article VIII, Section VIII.11, temporary building for uses incidental to construction, home occupation subject to Article VIII, Section VIII.7.

V.2b - SPECIAL EXCEPTIONS

The following uses may be permitted if expressly authorized by the Board of Adjustment: airport or heliport, auction barn, cemetery, commercial recreation facility, community facility, funeral home, government structure, junkyard subject to State and Town regulations, kennel, lodge or club, neighborhood store, public utility or communications structure, riding stable, rooming or boarding house, rock quarry, sand & gravel pit.

V.2c - LOT AREA

Minimum of 1 acre [43,560 square feet].

V.2d - FRONTAGE

Minimum of 125 feet for 1 acre lots, minimum of 150 feet for lots 2 acres or larger.

V.2e - MINIMUM YARD DEPTHS

35 foot front yard, 15 foot side yards, 30 foot rear yard for the principal structure.

V.2f - HEIGHT

Single-family dwellings shall not be higher than 45 feet. The Planning Board shall review and approve proposed height for all other buildings.

V.2g - MAXIMUM LOT COVERAGE - 25%

V.2h - PERFORMANCE STANDARDS

Permitted uses and uses allowed by special exception shall conform to the performance standards described in Article VIII of this Ordinance.

Section V.3 - Single Family Residential District (R1)

The intent of the R1 District is to encourage high standard residential developments with essentially one family homes and to prevent land uses which would be incompatible with this residential use.

V.3a - PERMITTED STRUCTURES AND USES

Agriculture, church or temple, conservation use, educational institution, forestry, hospital or nursing home, housing for elderly, public recreation facility, single family dwelling, two-family dwelling, apartment in an existing single family dwelling subject to Article VIII, Section VIII.4.

Accessory uses, buildings and structures usually associated with these permitted uses shall be allowed, including gardening and growing fruits and vegetables, and the incidental sale of produce grown by the owner of a single-family dwelling; keeping of domestic animals for personal use and enjoyment (but not including a kennel), private garage, private swimming pool, signs subject to Article VIII, Section VIII.11, temporary building for uses incidental to construction, home occupation subject to Article VIII, Section VIII.7.

V.3b - SPECIAL EXCEPTIONS

The following uses may be permitted if expressly authorized by the Board of Adjustment: commercial recreation facility, community facility, funeral home, government structure, neighborhood store, public utility or communications structure, summer cottage.

V.3c - LOT AREA

Minimum of 1 acre [43,560 square feet]. If town water and/or sewer are provided, the minimum lot size shall be 20,000 square feet.

V.3d - FRONTAGE

Minimum of 125 feet for 1 acre lots, minimum of 100 feet for 20,000 square foot lots.

V.3e - MINIMUM YARD DEPTHS

For 1 acre lots: 35 foot front yard, 15 foot side yards, 30 foot rear yard for the principal building. For 20,000 square foot lots: 35 foot front yard, 15 foot side yards, 20 foot rear yard for the principal building.

V.3f - HEIGHT

Single family and two family dwellings shall not be higher than 45 feet. The Planning Board shall review and approve proposed height for all other buildings.

V.3g - MAXIMUM LOT COVERAGE - 25%

V.3h - PERFORMANCE STANDARDS

Permitted uses and uses allowed by special exception shall conform to the performance standards described in Article VIII of this Ordinance.

Section V.4 - General Residential District (R2)

The intent of the R2 District is to encourage diversity in the type and density of residential development and related, compatible land uses.

V.4a - PERMITTED STRUCTURES AND USES

Single-family dwelling, two-family dwelling, multi-family dwelling, church or temple, conservation use, educational institution, hospital or nursing home, housing for the elderly, medical building, office building, public recreation facility, apartment in an existing single-family dwelling subject to Article VIII, Section VIII.4.

Accessory uses, buildings and structures usually associated with these permitted uses shall be allowed, including gardening and growing fruits and vegetables, keeping of domestic animals for personal use and enjoyment (but not including a kennel), private garage, private swimming pool, signs subject to Article VIII, Section VIII.11, temporary building for uses incidental to construction, home occupation subject to Article VIII, Section VIII.7.

V.4b - SPECIAL EXCEPTIONS

The following uses may be permitted if expressly authorized by the Board of Adjustment: commercial recreation facility, community facility, funeral home, government structure, neighborhood store, public utility or communication structure, rooming, boarding, or lodging house.

V.4c - MINIMUM DIMENSIONAL REQUIREMENTS - DETACHED SINGLE FAMILY DWELLINGS

	LOT AREA	FRONTAGE	FRONT YARD	SIDE YARD	REAR YARD
	sq. ft.	feet	feet	feet	feet
No town water or sewer	30,000	125	35	15	20
Town water or sewer	20,000	100	35	15	20
Town water and sewer	10,000	100	30	15	15

V.4d - MINIMUM DIMENSIONAL REQUIREMENTS - TWO-FAMILY DWELLINGS

	LOT AREA	FRONTAGE	FRONT YARD	SIDE YARD	REAR YARD
	sq. ft.	feet	feet	feet	feet
No town water or sewer	30,000	125	35	15	20
Town water or sewer	20,000	100	35	15	20
Town water and sewer	15,000	100	30	15	15

V.4e - MINIMUM DIMENSIONAL REQUIREMENTS - MULTI-FAMILY DWELLINGS

Minimum lot size shall be 1 acre [43,560 s.f.] for multi-family dwelling structures. Maximum density shall be 12 units per acre.

Minimum frontage shall be 125 feet.

Minimum Yard Depths shall be: 30 foot front yard, 20 foot side yards, 30 foot rear yard for the principal buildings.

Multi-family dwellings shall be connected to the town water and sewer systems.

Recreation space of at least 15% of the gross lot area shall be provided.

V.4f - MINIMUM DIMENSIONAL REQUIREMENTS - PERMITTED NON-RESIDENTIAL USES

For non-residential uses in the R2 District, the minimum lot size shall be 20,000 square feet.

Minimum frontage shall be 125 feet.

Minimum Yard Depths shall be: 30 foot front yard, 15 foot side yards, 20 foot rear yard for the principal building.

Town sewer and water shall be required.

V.4g - HEIGHT

Single-family and two-family dwellings shall not be higher than 45 feet. Multi-family dwellings shall not be higher than 60 feet, except by Planning Board review and approval. The Planning Board shall review and approve proposed height for all other buildings.

V.4h - MAXIMUM LOT COVERAGE - 30%

V.4i - SITE PLAN APPROVAL

All non-residential uses shall require Planning Board review and approval of the site plan.

V.4j - PERFORMANCE STANDARDS

Permitted uses and uses allowed by special exception shall conform to the performance standards described in Article VIII of this Ordinance.

Section V.5 - Mobile Home District (MH)

The intent of the Mobile Home District is to define existing mobile home parks and provide these areas with some room for future expansion. All mobile homes installed after the effective date of this Ordinance shall be located in a Mobile Home District and shall comply with the requirements of the State of New Hampshire.

V.5a - PERMITTED STRUCTURES AND USES

Mobile homes as defined in this Ordinance; also: agriculture, forestry, church or temple, educational institution, community facility, public recreation facility, detached single family dwelling.

Accessory uses, buildings and structures usually associated with these permitted uses shall be allowed, including gardening, keeping of domestic animals for personal use and enjoyment (but not including a kennel), laundromat, private garage, private swimming pool, signs subject to Article VIII, Section VIII.11, temporary building for uses incidental to construction, an office for the manager and staff of a mobile home park, home occupation subject to Article VIII, Section VIII.7.

V.5b - SPECIAL EXCEPTIONS

The following uses may be permitted if expressly authorized by the Board of Adjustment: sales or storage of mobile homes.

V.5c - LOT AREA

The minimum size for a mobile home park shall be 200,000 square feet. Each mobile home space in a mobile home park shall contain a minimum land area of 5,000 square feet, and shall be at least 50 feet wide.

V.5d - SETBACKS

A mobile home park shall be set back at least 25 feet from any existing public street. Mobile homes and other structures within a mobile home park shall not be located closer than 500 feet from any residential dwelling on a separate lot.

A mobile home shall be set back from the access drive or street at least 25 feet.

V.5e - HEIGHT

Single-family dwellings shall not be higher than 45 feet. The Planning Board shall review and approve proposed height for all other buildings other than mobile homes and permitted accessory buildings.

V.5f - SANITARY STANDARDS

Sanitary regulations and standards relative to mobile home spaces and parks, as enacted by the State Board of Health, shall be adhered to.

V.5g - PERFORMANCE STANDARDS

Permitted uses and uses allowed by special exception shall conform to the performance standards described in Article VIII of this Ordinance.

Section V.6 - Downtown Business District (B1)

The intent of the regulations for the B1 District is to enhance the general character of the traditional Downtown area of Derry.

V.6a - PERMITTED STRUCTURES AND USES

Dwellings, whether one-family, two-family or multi-family.

Retail businesses where goods are displayed and sold mainly indoors, including but not limited to: antiques, art objects, baked goods, bicycles, books, cameras, candy, clothing, electrical equipment and appliances, furniture, food, hardware, jewelry, medicine, music, office equipment and supplies, optical products, paint and wallpaper, pets and related supplies, plumbing supplies, radio and televisions, shoes, sporting goods, tobacco products.

Offices and service establishments including but not limited to: appliance repair shop, banks, barber and beauty shops, bus depot, business or professional office, daycare center, funeral home, hospital or nursing home, hotels and motels, indoor commercial recreation and amusement facilities, insurance office, library, movie theatre, museum, newspaper office, offices for the sale of building materials, wood, coal and the like but where the products are not stored on the premises, parking garage and parking lot, post office, public utility or communication structure, restaurants and bars (not including drive-in eating places), rooming, boarding or lodging house, shoe repair shop, studios for art, photography, music and dance, travel agency.

Institutional uses such as church or temple, government offices, public or private educational facilities, and any other public use or use by a semi-public agency whose activities are primarily non-profit in nature.

Home occupation use, but as regulated in Article VIII, Section VIII.7.

Accessory uses, buildings and structures usually associated with these permitted uses shall be allowed, including any accessory use permitted in District R2; also off-street parking facilities, and business signs subject to the provisions of Article VIII, Section VIII.11.

V.6b - DIMENSIONAL REQUIREMENTS

Lot area, frontage, yard dimensions, and lot area per family for dwellings in District B1 shall be the same as for District R2, except that there shall be no density limitation for multi-family dwellings. For non-dwelling uses in the B1 District, there shall be no minimum lot size. Minimum Yard Depths shall not be required, except that when a non-dwelling use is adjacent to any R District, the minimum side yard of the non-dwelling use shall be 15 feet, and the minimum rear yard depth shall be 20 feet.

V.6c - HEIGHT

Single-family and two-family dwellings shall not be higher than 45 feet. The Planning Board shall review and approve proposed height for all other buildings.

V.6d - MAXIMUM LOT COVERAGE

For single and two-family dwellings: 30%. No limit for other uses.

V.6e - SEWER AND WATER

All uses in the B1 District shall have town sewer and water unless otherwise permitted by special exception granted by the Board of Adjustment.

V.6f - SITE PLAN APPROVAL

All uses other than detached single-family dwellings and two-family dwellings shall require Planning Board review and approval of the site plan.

V.6g - PERFORMANCE STANDARDS

Permitted uses and uses allowed by special exception shall conform to the performance standards described in Article VIII of this Ordinance.

Section V.7 - General Business District (B2)

The intent of the B2 District is to provide for a variety of business uses, including highway-oriented business use.

V.7a - PERMITTED STRUCTURES AND USES

Any principal use permitted in District B1; and also: retail and service businesses serving motorists, including but not limited to drive-in theaters, drive-in restaurants, gas stations and motor vehicle service stations; retail sales involving outdoor display or storage of large amounts of merchandise such as building supplies, nursery stock, mobile homes and motor vehicles; outdoor commercial recreation or amusements facilities; shopping malls.

Accessory uses, buildings and structures usually associated with these permitted uses shall be allowed, including any accessory use permitted in District B1.

V.7b - LOT AREA

For residential uses, same as District R2. For non-residential uses, minimum of 20,000 square feet with town water and sewer, minimum of 30,000 square feet if only town sewer or water is available, minimum of 1 acre [43,560 square feet] if both town water and sewer are not available.

V.7c - FRONTAGE

For residential uses, same as District R2. For non-residential uses, minimum of 100 feet.

V.7d - MINIMUM YARD DEPTHS

For residential uses, same as District R2. For non-residential uses, 40 foot front yard, 15 foot side yards, 20 foot rear yard.

V.7e - HEIGHT

Single and two-family dwellings shall not be higher than 45 feet. The Planning Board shall review and approve proposed height for all other buildings.

V.7f - MAXIMUM LOT COVERAGE - 30%

V.7g - SITE PLAN APPROVAL

All uses other than detached single-family dwellings and two-family dwellings shall require Planning Board review and approval of the site plan.

V.7h - PERFORMANCE STANDARDS

Permitted uses and uses allowed by special exception shall conform to the performance standards described in Article VIII of this Ordinance.

Section V.8 - Highway Business District (B3)

The intent of the B3 District is to provide larger areas for a variety of business uses, including highway-oriented business use.

V.8a - PERMITTED STRUCTURES AND USES

One-family and two-family dwellings, and non-residential uses as permitted in District B2.

V.8b - REQUIREMENTS

Requirements for one-family and two-family dwellings shall be the same as in District R1. Requirements for non-residential uses shall be the same as in District B2.

Section V.9 - Industrial/Commercial District (I1)

The intent of the Industrial/Commercial District is to encourage the development of non-polluting light industries and compatible commercial establishments.

V.9a - PERMITTED STRUCTURES AND USES

Places for the manufacture of various products, including but not limited to appliances, building materials, chemicals, clothing, food, furniture, instruments, office supplies, plastics, photographic and optical products, sporting goods, textiles, transportation equipment, wood products.

Other large-scale uses including but not limited to building materials storage and sales, commercial greenhouse, commercial laundry, height terminal, fuel & storage tanks, mail-order house, motor vehicle service and sales, printing & publishing, professional offices, public utilities, research or experimental laboratory, storage yards, truck terminal, warehouse, wholesale businesses. Also, commercial uses as permitted in District B2.

Agricultural and forestry uses shall also be permitted.

Accessory uses, buildings and structures usually associated with these permitted uses shall be allowed, including off-street parking facility, signs subject to the provisions of Article VIII, Section VIII.11, temporary building for uses incidental to construction.

V.9b - SPECIAL EXCEPTIONS

The following uses shall be permitted if expressly authorized by the Board of Adjustment: junkyard.

V.9c - LOT AREA

Minimum of 1 acre [43,560 square feet].

V.9d - FRONTAGE

Minimum of 150 feet.

V.9e - MINIMUM YARD DEPTHS

30 foot front yard, 20 foot side yards, 20 foot rear yard.

V.9f - HEIGHT

The Planning Board shall review and approve height for all proposed buildings.

V.9g - WATER AND SEWER

Town water and sewer shall be used if available. Otherwise, state-approved water and sewer systems shall be required.

V.9h - MAXIMUM LOT COVERAGE - 50%

V.9i - SITE PLAN APPROVAL

All uses shall require Planning Board review and approval of the site plan.

V.9j - PERFORMANCE STANDARDS

Permitted uses and uses allowed by special exception shall conform to the performance standards described in Article VIII of this Ordinance.

Section V.10 - Industrial/Residential District (I2)

The intent of the Industrial/Residential District is to establish land for future industrial expansion, while allowing single-family and two-family dwellings as an interim use.

V.10a - PERMITTED STRUCTURES AND USES

All uses permitted in District R1: agriculture, church or temple, conservation use, educational institution, hospital or nursing home, housing for the elderly, public recreation facility, single-family dwelling, two-family dwelling, apartment in an existing single-family dwelling subject to Article VIII, Section VIII.4.

Places for the manufacture of various products, including but not limited to appliances, building materials, chemicals, clothing, food, furniture, instruments, office supplies, plastics, photographic and optical products, sporting goods, textiles, transportation equipment, wood products.

Other large-scale uses including but not limited to building materials storage and sales, commercial greenhouse, commercial laundry, freight terminal, fuel & storage tanks, mail-order house, motor vehicle service and sale, printing & publishing, professional offices, public utilities, research or experimental laboratory, storage yards, truck terminal, warehouse, and other businesses.

Forestry uses shall also be permitted. Sand and gravel pits shall be permitted, subject to the Performance Standards in Article VIII, Section VIII.6.

Accessory uses, buildings and structures usually associated with these permitted uses shall be allowed, including off street parking facility, signs subject to the provisions of Article VIII, Section VIII.11, temporary building for uses incidental to construction, home occupation subject to Article VIII, Section VIII.7.

V.10b - SPECIAL EXCEPTIONS

The following uses shall be permitted if expressly authorized by the Board of Adjustment: commercial uses as permitted in District B2, junkyard.

V.10c - LOT AREA

For single-family and two-family dwellings, lot area shall be the same as in the R1 District: minimum of 1 acre or, if town water and/or sewer are provided, minimum of 20,000 square feet. For all other uses, the minimum lot size shall be 1 acre.

V.10d - FRONTAGE

For single-family and two-family dwellings, frontage requirements shall be the same as in the R1 District. For all other uses, minimum frontage shall be 150 feet.

V.10e - MINIMUM YARD DEPTHS

For single-family and two-family dwellings, same as in the R1 District. For all other uses: 30 foot front yard, 20 foot side yards, 20 foot rear yard.

V.10f - HEIGHT

Single-family and two-family dwellings shall not be higher than 45 feet. The Planning Board shall review and approve height for all other proposed buildings.

V.10g - WATER AND SEWER

Town water and sewer shall be used if available. Otherwise, state-approved water and sewer systems shall be required.

V.10h - MAXIMUM LOT COVERAGE

For residential uses 25% , all other uses 50% .

V.10i - SITE PLAN APPROVAL

All non-residential uses shall require Planning Board review and approval of the site plan.

V.10j - PERFORMANCE STANDARDS

Permitted uses and uses allowed by special exception shall conform to the performance standards described in Article VIII of this Ordinance.

ARTICLE VI. CONSERVATION CORRIDORS

Section VI.1 - Purpose

The purpose of this Article is to regulate uses in important wetland and watershed areas. The objective is to prevent the destruction of watershed areas and wetlands which provide flood protection, recharge of ground water supply, and augmentation of stream flow. In the event of conflict between the requirements of this Article and the permitted uses within a Zoning District, the requirements of this section shall take precedence.

Section VI.2 - Location

The following areas shall be designated as Conservation Corridors: all lands at or below an altitude of 240 feet above mean sea level on the Beaver Brook Waterway from South Main Street (Route 28 By-Pass) on the east to the Derry-Londonderry town line on the west.

Section VI.3 - Permitted Uses

Agriculture, forestry, wildlife management, outdoor recreation activities and facilities that do not alter the existing topography, construction and maintenance of public and private water supply systems, construction and maintenance of public sewer and utility system.

Accessory uses and structures usually associated with these permitted uses shall be allowed provided that such accessory uses do not affect the existing topography, and that no accessory building is larger than 100 square feet.

Section VI.4 - Prohibited Uses

The following uses shall be prohibited: septic tanks and leach fields; the stockpiling of manure and the operation of

piggeries and mink farms; amusement parks, race tracks, outdoor movie theaters; junkyards; and any other intensive use of the land that would result in covering more than 20% of the site with impervious materials.

Section VI.5 - Special Exceptions

The Board of Adjustment may allow any use normally permitted in the underlying District in which the land is situated - including filling, excavating, or construction of a building or structure, but not including specifically prohibited uses - subject to all use and development regulations for the District, provided that the Board of Adjustment shall find that the proposed use will not significantly conflict with the purposes set forth in this Article.

Requests for special exceptions shall also require review and approval by the Planning Board, the Conservation Commission, and the Health Officer.

ARTICLE VII. CLUSTER DEVELOPMENT

Section VII.1 - Purpose

The purpose of this Article is to provide special opportunities for builders, developers and land owners in order to encourage them to conserve open space and design subdivisions in harmony with the natural features of the land. This Article thus allows the Planning Board to issue special permits for a pattern of land development alternate to the standard subdivisions permitted in the residential Districts. These flexible standards apply only to detached single family dwellings and two-family dwellings.

Section VII.2 - Standards

VII.2a - NUMBER OF LOTS

The number of lots permitted for a cluster development shall not exceed the number of buildable lots that could be designed for the parcel following standard subdivision design practices and the dimensional and area requirements of the particular Zoning District.

VII.2b - DIMENSIONAL REQUIREMENTS - GENERAL

Except as provided in this section, all dimensions shall comply with the provisions of Article V, Sections V.2, V.3, and V.4.

VII.2c - LOT AREA

Minimum lot area for cluster developments for detached single family dwellings in the three residential Districts shall be:

Agriculture/Rural Residential (ARR):	20,000 S.F.
Single Family Residential (R1):	10,000 S.F.
General Residential (R2):	7,500 S.F.

Minimum lot area for cluster developments for two-family dwellings shall be: R1 - 10,000 S.F., R2 - 7,500 S.F.

These are minimum standards. Larger lot sizes may still be required depending on soil conditions and the proposed method for handling water supply and sewage disposal.

VII.2d - FRONTAGE

Each lot shall have a minimum frontage of 50 feet.

VII.2e - LOT WIDTH

Each lot shall have a minimum width of 50 feet. In addition, each lot shall be so shaped, and the dwelling on it shall be so located such that the lot width along the front wall of the dwelling shall be a minimum of:

Agriculture/Rural Residential (ARR):	100 feet
Single Family Residential (R1):	80 feet
General Residential (R2):	64 feet

Section VII.3 - Common Land

VII.3a - AMOUNT OF COMMON LAND

The area of common land shall be at least 20% of the total area of the Cluster Development parcel.

VII.3b - GENERAL REQUIREMENTS

The common land shall have a location, shape, size and character suitable to assure its use by all residents of the Cluster Development for purposes such as recreation or conservation. Paths, walkways, and other provisions shall be designed to ensure that the common land will be accessible to all residents of the cluster.

VII.3c - OWNERSHIP AND RESTRICTIONS

The common land may be owned by the Town through an act of Town Meeting, by the Derry Conservation Commission, by an association formed by the residents of the Cluster, or by some other organization or entity. In all cases, a perpetual restriction shall provide that the common land shall be reserved in perpetuity for uses such as agriculture, recreation, or conservation. Such restriction shall be drawn up as required by the Planning Board, and may contain other restrictions on use of the common land as the Board may deem appropriate. The developer shall work with the Planning Board to design a common land ownership system that is appropriate to the site, that does not place undue burden on town resources and that assures the town of legitimate real estate tax receipts from common lands and associated common facilities.

Section VII.4 - Procedure for Approval

VII.4a - APPLICATION

The applicant shall submit an application in writing in such form as the Planning Board may require. The applicant shall also submit plans, reports and other documents as may be required by the Town's Land Subdivision and Control Regulations; the required material on perpetual restriction of the common land; and such additional information as the Planning Board may require.

VII.4b - CONDITIONS

If a special permit is granted, the Planning Board shall impose as a condition that the common land shall be conveyed forthwith, free of any mortgage interest or security interest, and subject to the terms of a perpetual restriction, and to any other terms of the permit. The conveyance and recording shall be completed as a prior condition for the Planning Board's release of any lots from the subdivision restriction covenant or, if there is no covenant, prior to the Building Inspector's issuance of a building permit for any lot.

ARTICLE VIII. PERFORMANCE STANDARDS

Permitted uses and uses permitted by special exception for any and all Districts shall conform to these performance standards, as applicable.

Section VIII.1 - Accessory Buildings

No garage or other accessory building shall be located in a required front yard. An accessory building or structure must be set back from side or rear lot lines at least 5 feet. In addition, no accessory building or structure shall be located nearer to a side or rear lot line than the height of said structure or building. For accessory buildings or structures greater than 35 feet in height, the setback from side or rear lot lines shall not be required to be more than 35 feet.

Section VIII.2 - Automobile Junkyards

No automobile junkyard shall be established, operated or maintained without first obtaining a non-transferrable permit from the Derry Board of Selectmen. The permit shall be valid until January 1 of the Year following. Recreation vehicles and farm vehicles shall not be counted in determining the necessity for a permit.

Before granting a permit, the Board of Selectmen shall hold a public hearing. Notice of the hearing shall be posted at least 5 days prior to the hearing in at least two public places in the Town of Derry and in a local newspaper. Abutters and the applicant shall be notified by certified mail of the time and place of the hearing.

No permit shall be granted for an automobile junkyard within 600 feet from the nearest edge of the right-of-way of any highway. This restriction may be waived if the proposed junkyard site is completely screened from the highway by a natural height of land.

Any automobile junkyard shall be screened by planting or fences of at least 6 feet in height and acceptable to the Board of Selectmen. The Board of Selectmen may also stipulate other reasonable requirements and conditions relating to the siting, operation, and use of an automobile junkyard. These conditions shall be attached to the permit.

Permit fees shall be assessed as prescribed by the Selectmen, and shall be payable in advance together with reasonable costs for publishing and posting the public notice. The applicant shall also be required to post a bond sufficient in value to cover the Town's costs for cleaning up the site should this become necessary. The bond amount shall be reviewed each year on issuing of a new permit, and may be changed as appropriate.

All other provisions of the State Law on automobile junkyards shall be observed, including state permits where location warrants according to NHRSA 249 b.

Section VIII.3 - Campgrounds

All recreational vehicles, tents, and camp shelters shall be located in an approved campground, and shall comply with the requirements of the State of New Hampshire.

All campgrounds shall conform with the following standards:

- a. Minimum parcel size of 10 acres.
- b. Campground lot lines shall be at least 1,000 feet distant from any existing resident dwelling, whether occupied or unoccupied.
- c. The campground shall be screened from town roads and other adjacent uses as required by the Planning Board.
- d. Site plan review and approval by the Planning Board shall be required.

A camping space shall:

- a. Contain a minimum land area of 2,000 square feet, not including roads and access drives.
- b. Have as part of the 2,000 square foot area a minimum of 200 square feet suitable for off-street parking.
- c. Be at least 40 feet wide.
- d. Be located at least 100 feet from any lot line which is not a body of water. This setback shall apply to any other buildings in the campground.

A service building or buildings for toilets and shower facilities shall be provided. No camping space shall be more than 300 feet from a service building.

Prior to the granting of an Occupancy Permit, written approval of the State Board of Health shall be furnished certifying that all facilities for water supply, toilets, sewage disposal, and solid waste disposal comply with the Board's requirements.

Permitted accessory buildings in a campground shall be limited to:

- a. An office for the manager and staff of the campground, which may be in a dwelling or in a service building.
- b. A service building, not to exceed 1,500 square feet of gross floor area, which may contain equipment and supplies, recreation rooms, and a shop for convenience goods primarily for the occupants of the campground, provided that no advertising device is visible from a town street or from adjacent lots.
- c. A service building or buildings for toilets and shower facilities.
- d. Other buildings or structures incidental to the recreational aspects of the campground including commercial recreational facilities as defined in this Ordinance and indoor commercial recreation facilities.
- e. Service buildings to accommodate bathers at beach or pool sites.

Section VIII.4 - Conversion of Dwellings

The conversion of any building into a dwelling, or the conversion of any dwelling so as to increase the number of dwelling units shall be permitted only if a new building for similar occupancy would be permitted in the particular District, and only when the resulting dwelling unit or units will comply with the parking and yard requirements for new construction in the particular District.

No existing structure may be converted for use by more than 2 families without special exception approval by the Board of Adjustment. These provisions notwithstanding, however, the addition of one dwelling unit within an existing, large single family house shall be allowed in any District according to the following provisions:

- a. The purpose of these regulations shall be to provide small additional rental units without adding to the number of buildings in the Town, and to enable owners of single family dwellings larger than required for their present needs to share space and the burdens of homeownership.
- b. The lot area of the existing single family dwelling shall not be less than 15,000 square feet.
- c. The dwelling unit shall be a use incidental to the single family dwelling and shall occupy no more than one-third of the gross floor area of the single family dwelling exclusive of any garage, shed or similar structure of accessory use attached to the single family dwelling.
- d. The dwelling unit shall have a minimum gross floor area of 350 square feet.
- e. No more than one such dwelling unit shall exist within the single family dwelling.
- f. No more than minimum exterior alterations shall be made to the single family dwelling. Necessary safety-related exterior alterations such as fire escapes shall be permitted.
- g. Either the dwelling unit or the single family dwelling shall be occupied by the owner of the property except for bona fide temporary absences.
- h. Floor plans of the dwelling unit and the single family dwelling, with a site plan showing the location of the single family dwelling on the lot, have been filed with the Building Inspector prior to or at the time of application to the Board of Adjustment.
- i. Application for a building permit or certificate of occupancy shall be made to the Building Inspector and no use or occupancy shall be allowed prior to the issuance of a certificate of occupancy by the Building Inspector.

Section VIII.5 - Elevation of Buildings Above Flood Level

All buildings in flood-prone areas shall have their first liveable floor at least one foot above the level of the 100 year flood elevation. In addition the ground level surrounding buildings shall be raised to an elevation not less than one (1) foot above the 100 year flood elevation. Such fill shall extend for a minimum horizontal distance of fifteen (15) feet from the outer surface of the building walls.

All land uses shall also comply with the provisions of Flood Zone regulations that the Town may enact in connection with the Federal Insurance Administration (FIA) program.

Section VIII.6 - Filling, Excavation or Other Earth Moving Activity

The following provisions shall apply to filling, grading, lagooning, dredging, excavation, processing and storage of soil, earth, loam, sand, gravel, rock and other mineral deposits. Filling, grading, lagooning, dredging, and other earth-moving activities which would result in significant erosion, sedimentation, or impairment of water quality or fish and aquatic life are prohibited.

VIII.6a - EARTH-MOVING NOT REQUIRING A SPECIAL PERMIT

The following earth-moving activities shall be allowed without a special permit from the Planning Board:

1. The removal or filling of less than fifty (50) cubic yards of material from or on any lot in any one (1) year.
2. The removal or filling of material incidental to construction, alteration, or repair of a building or in the grading and landscaping incidental thereto; and
3. The removal or filling, or transfer of material incidental to construction, alteration or repair of a public or private way or essential services such as sewer, water, or other utilities.
4. The removal or filling of at least 50 but less than 2,000 cubic yards of materials shall be allowed without a special permit, but only after review and approval of the proposed earth-moving operation by the Building Inspector. The Building Inspector may require the submission of plans and other documents that he may deem necessary for a proper evaluation of the proposed work. The Building Inspector shall evaluate the proposed work in terms of its probable effect on soil erosion, natural drainage, existing vegetation, visual quality, and impact on adjacent or nearby land uses. He shall have the authority to order modifications in the proposed work or to disapprove the proposed work if, in his judgment, the work would result in significant adverse environmental impacts.

All other earth-moving, processing and storage of earth materials and sand and gravel pits shall require a special permit issued by the Planning Board.

VIII.6b - APPLICATION FOR SPECIAL PERMIT

Application for a special permit from the Planning Board for excavation, processing and storage of soil, loam, gravel, rock and other mineral deposits shall be accompanied by documents which accurately show existing and proposed conditions. The documents shall show: name and address of the property owners; location and boundary of lot or lots for which the permit is requested; names and addresses of all abutting property owners; a plan of the land involved prepared by a registered land surveyor or professional engineer showing all man-made features, lot lines, vegetative cover, and the existing contours of the land within and extending beyond the above boundaries for fifty (50) feet at intervals not to exceed five (5) feet; a plan showing contours proposed following completion of the operation, at intervals not to exceed 5 feet; location of all access roads and temporary structures; provisions for drainage and erosion control; estimated quantity of materials to be removed or brought in, and the quantity of topsoil to be removed and replaced; other information that the Planning Board may require for a full evaluation of the proposed operation.

VIII.6c - CONDITIONS OF SPECIAL PERMIT

The Planning Board may require the following kinds of conditions as part of the permit: minimum amount of bare ground exposed for the shortest time feasible, use of temporary ground cover to reduce soil erosion; use of diversions, silting basins and other methods to trap sediment; specifics on type and appropriateness of fill to be used; no filling that would restrict stream channels, floodplains, or natural drainageways; maximum side slopes; setback of excavation work from lot lines and public roads, restoration of topsoil of at least 4 inches, and application of seed for groundcover.

The Planning Board may impose other reasonable conditions relating to methods or removal, hours of operation, routes for transporting material, cleaning and repair of streets used in removal activity, and the like. The Planning Board may also conduct an on-site review before granting a permit.

VIII.6d - SURETY AND TERMS OF PERMIT

When issuing a permit for earth moving activities, the Planning Board may require a bond or other security to insure compliance with any conditions imposed. A permit shall be valid for one year. A permit shall be renewed for additional periods, unless the operator or owner has violated the terms of the permit. In the case of an alleged violation, a Public Hearing shall be required.

VIII.6e - EXISTING OPERATIONS

Any operation involving the excavation, processing or storage of soil, earth, loam, sand, gravel, rock or other mineral deposits in lawful operation at the time this Ordinance becomes effective may operate for a period of one year. Thereafter, application for a new permit shall be required.

VIII.6f - STATE PERMIT

None of these provisions shall remove the need for a State Dredge and Fill permit according to the Provisions of NHRSA 149.

Section VIII.7 - Home Occupation

Home occupations shall be permitted in all Districts. In the Residential Districts, permitted home occupations shall be limited to the following occupations and trades: lawyer, doctor, clergyman, real estate agent, insurance agent or similar recognized professional; artist, artisan or craftsman; tradesman or repairman (such as small appliance repairman) provided that:

- a. The home occupation is clearly incidental to the residential use of the structure;
- b. Such business use is not injurious, noxious or offensive to the neighborhood by reason of emission of odor, fumes, dust, smoke, vibration, noise or other cause;
- c. The residential use is established prior to the business use;
- d. The business use does not change the residential character of the dwelling and the property, and does not require external alterations that would change such residential character;
- e. The business use is conducted within the residential building or other existing structure, and does not exceed 25 percent of the total normal living area of the residence. The normal living area is defined as that portion of the residential building consisting of living room(s), kitchen(s), dining room(s), family room(s), den(s), and laundry room(s);
- f. Not more than one sign or other advertising device is displayed on the property and it does not exceed a size of three square feet;
- g. Not more than two persons not residing in the home are employed on the premises at the same time;
- h. Sufficient off-street parking for the employees, clients, and customers is provided, and where lot size permits, the parking area is not within 25 feet of the front line nor within 10 feet of side and rear lot lines;
- i. Not more than one business use will be conducted on the property;
- j. The business is not contrary to any covenants or conditions contained in the deed to the property.

In all cases, a person establishing a Home Occupation use shall fill out and sign a form that clearly states the nature of the business and all related criteria and conditions. The form shall also state that any breach of criteria or conditions constitutes a violation of the Zoning Ordinance.

Section VIII.8 - Multiple Building on a Lot

Not more than one detached single-family house or one two-family house may be erected on a lot, except when one or two-family houses are part of a housing complex in common ownership. Where two or more non-residential buildings or two or more multi-family structures are proposed to be built on a lot in one ownership, minimum front, side and rear yards shall be required only at lot lines abutting another lot or a public street.

Section VIII.9 - Off-Street Parking and Loading

VIII.9a - BASIC REQUIREMENT

In any district where permitted, no use of premises shall be authorized or extended, and no building or structure shall be constructed or enlarged, unless there is provided for such extension, construction or enlargement, off-street automobile parking space within three hundred [300] feet of the principal building, structure, or use of the premises, in accordance with the schedule of parking requirements provided in this section. An area of two hundred [200] square feet appropriate for the parking of an automobile, exclusive of maneuvering space, shall be considered as one off-street parking space. No required parking space shall serve more than one use. No off-street parking facility shall have more than two [2] entrances or exits on the same street, and no entrance or exit shall exceed 33 feet or be less than 12 feet in width. Parking areas with more than two [2] parking spaces shall be so arranged that vehicles can be turned around within such areas and are prevented from backing into the street. Where Site Plan Review is required, the Planning Board shall include a review of proposed off-street parking layout and design.

VIII.9 b - SCHEDULE OF MINIMUM OFF-STREET PARKING REQUIREMENTS

1. Dwelling, including multi-family structures	Two parking spaces per dwelling unit.
2. Public or semi-public housing for low and moderate income families or for the elderly	One space for each dwelling unit.
3. Hotel, motel, boarding or lodging house, tourist home	One space for each bedroom, plus adequate space for employees.
4. Hospital or nursing home	One space per two beds plus adequate space for employees.
5. Campground	One space for each campsite plus adequate space for employees.
6. Retail, service and related business use	One space for each 100 square feet of gross floor area excluding permanent storage area, staircases, corridors, and rest rooms.

7. Professional or general office

One space for each 200 square feet of gross floor area excluding permanent storage areas, staircases, corridors, and rest rooms.

8. Businesses or multi-family dwellings in the Downtown Business District [B1]

On-site parking requirements may be modified or waived if adequate public parking spaces are available.

9. Restaurant, lodge, club, recreation use or other place of assembly

One parking space per four seats of rated capacity, or one space for each four persons to be expected on the premises at the time of maximum use, plus adequate parking for employees.

10. Auto service station

Two parking spaces for each service bay, plus adequate parking for employees.

11. Industrial uses

One parking space for each two employed persons on the largest shift, plus one space for each company vehicle, plus adequate space for customers as determined by the Planning Board.

12. Mixed uses

In the case of mixed uses parking requirements shall be calculated based upon the area of each use, and subject to the Planning Board's decision on parking spaces needed at times of maximum use.

The Planning Board may grant relief from the parking requirements of VIII.9b if the petitioner cannot comply and if the Board finds that the desired relief will not have a bad effect on the neighborhood or conflict with any provisions of this Ordinance.

VIII.9c - SUPPLEMENTARY PARKING PROVISIONS

Adequate spaces shall be provided to accommodate customers, patrons, and employees at drive-in establishments, open air retail businesses and amusement and other permitted uses not specifically enumerated. The Building Inspector shall determine these requirements on a case by case basis.

VIII.9d - OFF-STREET LOADING

In any district where permitted or allowed, commercial or industrial uses shall provide, as necessary, off-street loading facilities located entirely on the same lot as the building or use to be served so that trucks, trailers and containers shall not be located for loading, unloading or storage upon any public road or access drive. The Building Inspector shall review and approve proposed off-street loading spaces for all new structures and additions to existing structures.

The Planning Board may waive this requirement in the Downtown Business District.

VIII.9e - LAYOUT AND DESIGN OF OFF-STREET PARKING SPACES

The minimum width of aisles providing access to parking spaces shall be in accordance with the following schedule:

ANGLE OF PARKING	MINIMUM AISLE WIDTH
Parallel	12 feet
30	11 feet
45	13 feet
60	18 feet
90	23 feet

In parking lots with 5 or more spaces the parking lot shall be paved, and the surface of the parking lot shall be painted, marked, or otherwise delineated so that the location of parking spaces is apparent. To insure the availability of required parking spaces on a year-round basis, a strip of land not less than 6 feet in width shall be provided on at least 3 sides of a parking lot for the storage of snow plowed or removed from the surfaced area of the parking lot. The snow storage area may not encroach on the area required for off-street parking spaces.

Required parking spaces for non-residential uses, where not enclosed within a building, shall be effectively screened from view by plant materials, fences, walls, or other means as may be required by the Planning Board.

Section VIII.10 - Sewage Disposal Standards

The design and construction of all sewage disposal systems shall comply with the regulations of the State of New Hampshire Plumbing Code, and with the Requirements of the New Hampshire Water Supply and Pollution Control Commission.

For lots near or adjacent to year-round streams and ponds, the minimum setback for underground sewage disposal systems shall be 100 feet from the normal high water mark.

Section VIII.11 - Signs and Billboards

The following provisions shall apply to signs and billboards in all Districts where permitted:

VIII.11a - SIZE, LOCATION AND ILLUMINATION - GENERAL

No sign or billboard shall be erected adjacent to any public way in such a manner as to obstruct clear and free vision or where, by reason of its position, shape, color, illumination or wording the sign or billboard may obstruct the view of or be confused with any authorized traffic sign, signal or device or otherwise constitute a hazard to pedestrian or vehicular traffic.

Flashing, moving, or animated signs and billboards are prohibited, except for signs informing the public of time, temperature or weather, and barber poles.

No sign or billboard shall be more than 40 feet above ground level, except when attached to a building.

No sign attached to a building shall project above the roof line.

Public traffic and directional signs, and signs designating public activities shall be permitted in all Districts.

Existing signs that were lawful at the time of enactment or amendment of this Ordinance shall be allowed to continue to be used. However, if and when such signs are replaced, the new sign or signs shall conform to the provisions of this section.

VIII.11b - SIGNS IN RESIDENTIAL DISTRICTS

Signs or other advertising devices in Residential Districts (RR, R1, R2, MH) shall be permitted as follows:

1. Name and address signs, not to exceed 2 square feet in area, and not more than 2 signs per dwelling.
2. One sign not more than 3 square feet in area providing information about a Home Occupation business.
3. One sign identifying a multi-family project, provided it is not more than 10 square feet in area.
4. One sign identifying a permitted non-residential use, provided it is not more than 10 square feet in area.
5. One sign in connection with a lawful non-conforming use, provided it is not more than 20 square feet in area.
6. One "for sale" or "for rent" sign not more than 6 square feet in area.
7. Sub-division signs advertising the sale of residential lots, not more than 10 square feet in area.
8. Other temporary signs provided that the Building Inspector issues a temporary permit specifying size, number of signs and length of time they are allowed to be displayed.
9. No sign shall project beyond a lot line. Signs larger than 6 square feet shall be set back at least 10 feet from the front lot line.

VIII.11c - SIGNS IN BUSINESS AND INDUSTRIAL DISTRICTS

Signs or other advertising devices in Business and Industrial Districts (B1, B2, B3, I1, I2) shall be permitted as follows:

1. Signs as permitted in the Residential Districts.
2. A maximum of 3 signs for a business or industrial establishment, whether attached to a building or free-standing.
3. For commercial use, the aggregate area of all signs shall not exceed 2 square feet for each linear foot of street frontage. This provision does not apply to shopping malls.
4. For industrial uses, the aggregate area of all signs shall not exceed 4 square feet for each linear foot of street frontage.
5. Temporary signs such as notices of special sales, etc. shall be permitted.
6. No sign shall be greater than 100 square feet in size in a commercial District, or greater than 200 square feet in size in an Industrial District.
7. Whether attached to a building or free-standing, no part of any sign or advertising device shall be closer than 10 feet to a lot line. However, in the Downtown Business District (B1), there shall be no setback requirement, provided that the sign does not project over a public sidewalk.

VIII.11d - SPECIAL EXCEPTIONS

Special exceptions to these provisions may be granted by the Board of Adjustment.

Section VIII.12 - Site Plan Approval

VIII.12a - APPLICABILITY

Site Plan review by the Planning Board shall be required for the construction or enlargement of all uses as specified in this Ordinance. No building permit for these uses shall be issued except in conformance with a site plan duly reviewed by the Planning Board.

VIII.12b - REVIEW PROCEDURES

1. An application for site plan approval shall be submitted to the Building Inspector with 4 copies of the site plan. The Building Inspector shall submit 3 copies of the site plan to the Planning Board, together with his recommendations on the number of parking spaces needed.
2. The site plan shall show all relevant information, including zoning boundaries, existing and proposed topography, all existing and proposed buildings and uses, building elevations, parking and loading areas, driveways, walkways, sewage disposal and water supply facilities, drainage, lighting signs, planting, fences & other landscaping.
3. The Planning Board shall review the site plan and submit to the Building Inspector its written recommendations on the plan's technical quality and on the advisability of approval. The Planning Board shall consider matters such as: effect on adjacent properties, traffic, parking, waste disposal, setbacks, open space, design character, height, density, and conformance with all applicable provisions of the Zoning Ordinance.
4. The Building Inspector shall give due consideration to the Planning Board's recommendations, and, if site plan approval is granted, he shall include in the building permit such conditions and requirements that will ensure compliance with the terms of site plan approval. If any of the Building Inspector's decisions relative to the site plan differ from the Planning Board's recommendations, he shall state his reasons in written form.

Section VIII.13 - Soils

All land uses shall be located on soils upon which the proposed uses or structures can be established or maintained without causing adverse environmental impacts, including severe erosion, mass soil movement, and water pollution, whether during or after construction.

Section VIII.14 - Swimming Pools

All swimming pools, whether public or private, except wading pools less than 18 inches deep, shall be completely enclosed by a fence to prevent unsupervised access by small children. The fence shall be at least 4 feet above the ground for in-ground pools, or at least 30 inches above the top of above-ground pools.

Section VIII.15 - Vision Clearance

For a distance of twenty feet from the intersection of any two streets, no wall, fence, sign, or other structure and

no hedges, trees, or other growth shall be permitted which will materially impede vision between a height of 3 to 7 feet above curb level.

Section VIII.16 - Water Quality Protection

No activity shall store or permit the discharge of any treated, untreated, or inadequately treated liquid, gaseous, or solid materials of such nature, quantity, obnoxiousness, toxicity, or temperature that may run off, percolate, or wash into surface or ground waters so as to contaminate such waters or cause nuisances, such as objectionable shore deposits, floating or submerged debris, oil or scum, color, taste, or unsightliness or be harmful to human, animal, plant, or aquatic life.

ARTICLE IX. ADMINISTRATION AND ENFORCEMENT

Section IX.1 - Enforcing Agency

The provisions of this Ordinance shall be administered and enforced by a qualified Building Inspector appointed by the Board of Selectmen.

The Building Inspector shall institute or cause to be instituted in the name of the Town actions that may be necessary to enforce this Ordinance.

Section IX.2 - Building Permit Required

It shall be unlawful to start any work for the purpose of construction, structural alteration of more than 30% of the existing floor area of a building, placement, or removal of any building on any lot unless a building permit has been issued in conformance with this Ordinance.

Section IX.3 - Application for Building or Use Permit

All applications for building or use permits shall be submitted in writing to the Building Inspector on forms provided for the purpose, according to the provisions of the Building Code of the Town of Derry.

Section IX.4 - Building Permit Renewal

Building permits shall be valid for one year from the date of issuance. Said permit may be renewed for a further period of one year, provided that construction under the original permit was commenced during the first year. For new buildings, "construction commenced" shall mean the completion at least of the foundation. The renewal permit fee shall be \$2.00. After a foundation is constructed, buildings must be completed within one year unless the time is extended by the Building Inspector for good cause. All permits issued prior to the enactment of this ordinance shall expire one year from the date of enactment of this Ordinance unless renewed under the above provision.

Section IX.5 - Plumbing Permit Required

A building permit for the construction of a new building covers necessary plumbing work. In the case of installation or alteration of plumbing facilities alone, the owner must obtain a plumbing permit. All proposed plumbing work shall be in conformance with the State Plumbing Code and local amendments thereof.

Section IX.6 - Neighborhood Compatibility

No permit shall be issued for construction or alteration unless the proposed structure will present a reasonable appearance and will be in keeping with the neighborhood and unless the building is to be finished on the exterior in a permanent manner and is to be suitably painted on the outside whenever the same is of wood or a material customarily painted. This is intended to eliminate the erection of structures obviously out of place for the neighborhood where they are located, and which may be a detrimental effect on property values and neighborhood character. When an objection, on account of the appearance of a proposed structure as above indicated, is raised by a majority of the families residing or owning property within a radius of 500 feet of the property in question, the Board of Adjustment shall hold a public hearing to receive evidence on both sides and shall have the authority to decide whether the permit shall be issued or not.

Section IX.7 - Fees

Before a permit may be issued, the applicant shall pay a fee as follows:

Town Structures	No Fee
New use or business not involving construction	\$5.00
Business Signs	\$5.00
Cost of construction less than \$200	No Fee
Cost of Electrical or plumbing work less than \$200	\$2.00
Cost of construction at least \$200 but less than \$20,000	\$1.50/\$1000 cost
Cost of construction at least \$20,000 but less than \$100,000	\$2.00/\$1000 cost
Cost of construction \$100,000 or more	\$2.50/\$1000 cost

Cost of construction shall be determined by the Building Inspector from current building costs.

Section IX.8 - Occupancy Permit

Prior to the occupancy of any structure requiring a building permit, the person or organization that received a valid building permit shall secure an occupancy permit from the Building Inspector according to the provisions of the Building Code of the Town of Derry.

Section IX.9 - Violations and Legal Action

When any violation of any provision of this Ordinance shall be found to exist, the Building Inspector shall send a written notice to the individual or organization responsible for the violation. In the case of a violation of the Zoning Ordinance involving construction, the written notice may be a stop work order. Upon receiving a stop work order, the responsible person shall secure any dangerous or unsteady parts of the construction project, and then shall cease all further construction activities.

In the case of violation of the terms of any special permit or conditional use, the permit shall not be suspended or revoked without a public hearing. Written notice of the hearing shall be sent to the permittee not less than 5 days before the hearing. The notice shall state the time and place of the hearing, and shall also contain a statement of the alleged violation of any conditions or restrictions inserted in the permit. After the public hearing, the Town agency that granted the permit shall make a decision within 30 days.

If a violation of any provision of this Ordinance is not immediately corrected as directed by the Building Inspector,

the Board of Selectmen shall institute any and all actions and proceedings, either legal or equitable, that may be appropriate to enforce this Ordinance.

Section IX.10 - Fines

Any person or organization who violates any of the provisions of this Ordinance shall be guilty of a misdemeanor and on conviction shall be fined not more than \$10.00 for the offense. Each day such a violation continues to exist after notification shall constitute a separate offense.

ARTICLE X. BOARD OF ADJUSTMENT, APPEALS & SPECIAL PERMITS

Section X.1 - Authority

All appeals or applications for special exception permits shall be based on a written decision of the Building Inspector, and shall be decided upon by the Board of Adjustment in accordance with the provisions of this Ordinance.

Applications for certain other special permits, including but not limited to: earth moving of more than 2,000 cubic yards, Cluster Development and relief from off-street parking requirements shall be decided upon by the Planning Board in accordance with the provisions of this Ordinance.

Section X.2 - Board of Adjustment

X.2a - ESTABLISHMENT AND ORGANIZATION

A Board of Adjustment is hereby established in accordance with state law and the provisions of this Ordinance.

The Board of Adjustment may in appropriate cases and subject to appropriate conditions and safeguards, make special exceptions or variance to the terms of this Ordinance in harmony with its general purpose and intent, and in accordance with rules as set forth in this Ordinance.

The Board of Adjustment shall consist of 5 members, and up to 5 alternate members all appointed by the Board of Selectmen. One member may also be a member of the Planning Board. Members of the Board of Adjustment and their terms of appointment shall be the same as for the existing Board of Adjustment. New members thereafter shall be appointed for terms of 5 years.

Members may be removed by the Board of Selectmen with cause, and only after a review of written charges and a public hearing. Vacancies shall be filled for the unexpired term.

X.2b - GENERAL PROCEDURES

The Board of Adjustment shall elect a chairman, a vice-chairman, and a secretary from its own membership, and shall adopt rules necessary for the conduct of its business.

Meetings shall be held at the call of the chairman and at such other times that the Board may determine necessary. The chairman may administer oaths and compel the attendance of witnesses. All meetings shall be open to the public.

The Board of Adjustment shall keep minutes of its proceedings, showing the vote of each member upon each question or absence or failure to vote, and shall keep records of its other official actions. These records shall be immediately filed in the office of the Board, and shall be public records.

Three members of the Board of Adjustment shall constitute a quorum. The Board shall act by resolution. The concurring vote of three members of the Board of Adjustment shall be necessary to reverse any order or determination of the Building Inspector, or to grant any variance or special exception permit.

X.2c - POWERS AND DUTIES

1. **ADMINISTRATIVE APPEALS:** To hear and decide where a person or organization appeals a decision made by the Building Inspector in the enforcement of this Ordinance.

2. **VARIANCE APPEALS:** To authorize upon appeal in specific cases such variance from the terms of this Ordinance as will not be contrary to the public interest, where owing to special conditions a literal enforcement of the provisions of the ordinance will result in hardship, and so that the spirit of the Ordinance shall be observed and substantial justice done.

3. **SPECIAL EXCEPTION PERMITS:** To hear and decide special exceptions for which the Board has authority under the terms of this Ordinance.

An exception may be granted only for a use which is specifically listed in this Ordinance as a permitted exception in the District in which the exception is requested, or for substantially similar uses, and only if the Board is satisfied that the welfare of the zone or neighborhood in which the proposed use or structure is to be located will not be adversely affected. In granting an exception, the Board may require appropriate conditions or safeguards. Violations of such conditions shall be deemed a violation of this Ordinance.

X.2d - ADMINISTRATIVE APPEAL PROCEDURE

Appeals to the Board of Adjustment may be taken by any person aggrieved or by any officer, department, board or bureau of the municipality affected by any decision of the administrative officer. Such appeal shall be taken within a reasonable time, as provided by the rules of the Board, by filing with the officer from whom the appeal is taken and with the Board, a notice of appeal specifying the grounds thereof. The officer from whom the appeal is taken shall forthwith transmit to the Board all the papers constituting the record upon which the action appealed from was taken.

An appeal stays all proceedings under the action appealed from, unless the officer from whom the appeal is taken certifies to the Board of Adjustment after notice of appeal shall have been filed with him that by reason of facts stated in the certificate a stay would, in his opinion, cause imminent peril to life or property. In such case proceeding shall not be stayed otherwise than by a restraining order which may be granted by the Board or by the Superior Court on notice to the officer from whom the appeal is taken and cause shown.

X.2e - VARIANCE APPEAL PROCEDURE

A person or organization may file an appeal for a variance with the Board of Adjustment. The appeal shall be made in writing on forms provided for this purpose. The form shall be accompanied with any plans or other documents that would assist the Board in their evaluation of the appeal.

X.2f - SPECIAL EXCEPTION PERMIT PROCEDURE

A person or organization may file a request for a special exception permit with the Board of Adjustment. The request shall be made in writing on forms provided for this purpose. The form shall be accompanied with any plans or other documents that would assist the Board in making their decision.

The Board of Adjustment may, at its discretion, request the Planning Board to review the special exception request. Recommendations from the Planning Board to the Board of Adjustment on such matters are not, however, binding.

X.2g - HEARINGS AND DECISIONS

The Board of Adjustment shall hold a Public Hearing on any appeal within 30 days of the filing of the appeal. The Board shall give the public notice thereof, as well as notice to the parties in interest, and decide the same within a reasonable time. Upon hearing any party may appear in person or by agent or attorney.

In exercising these powers, the Board of Adjustment may affirm, reverse, or modify the decision of the administrative officer, and to that end shall have all the powers of the officer from whom the appeal is taken.

X.2h - MOTION FOR REHEARING

Within 20 days after any order or decision of the Board of Adjustment, any person or party directly affected by the decision may apply for a rehearing in accordance with N.H.R.S.A. 31:74.

Section X.3 - Appeals to the Superior Court

Any person aggrieved by any decision of the Board of Adjustment, or any decision of the legislative body of such municipality in regard to its plan of zoning, or any taxpayer, or any officer, department, board or bureau of the municipality, may apply to the Superior Court within thirty days after the action complained of has been recorded.

Article 3.

By Petition. To see if the Town will vote to amend Article 1, Section 1.280 of the Derry Zoning Ordinance by designating the land described in that section as being removed from Industrial Zone and made part of the General Residence Zone. (Disapproved by Planning Board.)

Article 4.

By Petition. To see if the Town will vote to repeal Section 1.260 of the Town of Derry Zoning Ordinance adopted March 5, 1974, and changing the zone of the land in that section to farm/rural residential. This change would allow previously established legal businesses to continue operations. (Disapproved by Planning Board.)

Article 5.

To see if the Town will vote to raise and appropriate a sum of \$12,512,000 for the purpose of constructing sewerage and sewage treatment facilities which are requirements contained in the Federal Water Pollution Control Act, as amended (33 U.S.C. 1251 et. seq.) and will qualify the Town for Federal funds, such sum to be raised by the issuance of Serial Bonds or Notes not to exceed \$3,128,000 under and in compliance with the provisions of the Municipal Finance Act (N. H. R. S. A. 33.1 et. seq., as amended) and to authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon, and to take such other actions as may be necessary to effect the insurance, negotiation, sale and delivery of such bonds or notes as shall be in the best interests of the Town of Derry and to allow the Selectmen to expend such monies as become available from the Federal Government under the Financial Assistance Program of the Construction Grants section of the Federal Water Pollution Control Act, as amended (33 U. S. C. 1251 et. seq.), and pass any vote relating thereto.

Article 6.

To see if the Town will vote to authorize the Board of Selectmen to enter into a contract with the State of New Hampshire Public Works and Highway Department for improvements to the Ross Corner intersection at an estimated cost of \$870,000, and to sell Derry highway improvement notes up to an amount of \$115,000 (representing the Town's share of the total cost of the project) and to finance the repayment of said notes over a ten year period from Town Road Aid "B" monies.

Article 7.

To see if the Town will vote to raise and appropriate the sum of \$56,500 in order to complete the engineering design and sewer system evaluation survey, such project to include the design of new septage handling facilities at an estimated cost of \$6,500, completion of the sewer system evaluation survey at an estimated cost of \$41,000, and the preparation of three additional contracts at an estimated cost of \$9,000, the Federal share of the project being \$42,375 and the state and local share being \$14,125.

Article 8.

By Petition. To see if the Town will vote to direct the Selectment to establish and organize a fire department, providing fire protection for all property situated within the boundaries of the Town of Derry, the administration and management of which fire department shall be as directed by a Board of five (5) Commissioners appointed for that purpose by the Selectmen (which Commissioners shall serve for five-year

terms, except that in the case of the initial appointees provided for herein, one Commissioner shall be appointed for a term of one (1) year, another for two (2) years, another for three (3) years, another for four (4) years, and the last for five (5) years), unless the News Hampshire Revised Statutes Annotated or subsequent ordinance of the Town of Derry otherwise provide for the said administration and management, and for the Town to accept the transfer to it of all the corporate property, real and personal, without cost, of the Derry Fire District and the East Derry Fire Precinct, provided, however, that the establishment of said fire department shall take effect *only* upon the occurrence of *all* of the following events, and at such time as the last of the events described in Paragraph 2 below takes place:

1. The votes by the Derry Fire District and East Derry Fire Precinct, at their annual March, 1979, meetings, to dissolve themselves and transfer their corporate property, real and personal, without cost, to the Town of Derry;
2. The commencement of operations by the Town of Derry Fire Department provided for herein, and the provision of funds for the operation of said Fire Department at, or before, the Town of Derry annual March, 1980, meeting;
3. That any and all votes of the Town of Derry, Derry Fire District and East Derry Fire Precinct set forth above continue in force until the occurrence or accomplishment of the matters set forth in Paragraph 2 above.

In the event the foregoing is adopted, the Town of Derry annual March, 1979, meeting shall, upon the conclusion of the other business before said meeting, be recessed to May 22, 1979, for the purpose of, on said date, appropriating funds for the operation of said Town of Derry Fire Department, and to deal with such other matters, relating to said Town of Derry Fire Department, as may properly be acted upon at said time.

In the event the Town of Derry adopts the foregoing, the Selectmen thereof are hereby directed and empowered to do any and all things required for the effectuation of the foregoing.

Article 9.

To see if the Town will vote to authorize the withdrawal of \$200,000 from the Federal Revenue Sharing fund established under the provisions of the State and Local Assistance Act of 1972 and to expend such sum for the following purposes:

	Estimated Amount
1. To make a reassessment of all taxable property in the Town of Derry as mandated on Dec. 23, 1977, by the State Board of Taxation	\$ 97,000
2. Highway Equipment

B. Small roller	5,700
C. Tail gate spreaders (2)	14,402
3. Police Department	
A. Cruiser	5,485
B. Portable radios	1,800
c. Radio remote antenna system	2,400
4. Highway Improvement Program	
A. Road base renovation and overlay	
1. Fordway Extension	40,500
B. Drainage and overlay	
1. Pinehurst Avenue	9,276
2. Walker Court	5,322
3. Edgemont Street	5,170
C. Shoulder widening	
1. Walnut Hill Road (a portion of budgeted amount	922
	\$200,000

Article 10.

To see if the Town will vote to authorize the Selectmen and Treasurer to borrow, in anticipation of taxes, sums of money sufficient to pay current maintenance and operation expenses of the Town all in accordance with the provisions of RSA 33:7.

Article 11.

By Petition. To see if the Town will vote to raise and appropriate the sum of Fifteen Thousand Dollars (\$15,000) to be used by the Planning Board to update Subdivision Rules and Regulations, and the BOCA Code, and also work on a Downtown Redevelopment Plan.

Article 12.

To see if the Town will vote to authorize the Selectmen to seek Court approval of a transfer of part of the land left to the Town under the will of Harrison Alexander to the Alexander-Eastman Hospital for hospital purposes. Said suggested parcel of land is situated southerly of and adjoins the present hospital land, being rectangular in shape, containing 5.32 acres, more or less, and bounding 300 feet on Birch Street, 772.7 feet on either side and 300 feet across the back, and in the event of court approval of said transfer, to authorize the Selectmen to execute and deliver to said Alexander-Eastman Hospital a deed of said land and do any other act necessary or appropriate to effect the purposes of any vote taken hereunder.

Article 13.

Whereas the Town of Derry has filed with the United States Department of Housing and Urban Development a preapplication — in the amount of \$595,000 — for financial assistance for a community development project in the Town of Derry, and it is likely that the Department of Housing and Urban Development will approve such preapplication in the amount of \$595,000 or in an amount less than \$595,000.00.

Therefore, the Town does hereby approve and ratify all such actions heretofore taken in connection with this project and does authorize the Selectmen to do all things necessary to pursue and complete this project and does also authorize the Selectmen to accept any sum of money up to \$595,000 in connection with this project and to expend the same.

Article 14.

To see what sum of money the Town will raise and appropriate for the operational expenses of the Town for the forthcoming year.

Article 15.

To see if the Town will vote to acquire the lands shown as Lots 75 and 78 and part of Lot 98 on Derry Property Tax Map 10, at a total cost of \$7000,000 or the to be appraised value of the lands, whichever is the lesser, provided one half of such sum is obtained from the Heritage Conservation Recreation Services of the United States Government and the other half of such total cost is obtained through a gift to the Town by the owner of the lands, such lands to be used in accordance with the terms of the Heritage Conservation Recreation Services grant; further to authorize the Selectmen to apply for, accept and expend federal Heritage Conservation Recreation Services funds for the purchase of such lands. (No part of the purchase price will be raised by local taxes.)

Article 16.

To see if the Town will vote to acquire the land shown as Lot 77 on Derry Property Tax Map 10, at a total cost of \$36,000 or the to be appraised value of the land, whichever is the lesser,

provided one half of such sum is obtained from the Heritage Conservation Recreation Services of the United States Government and the other half of such total cost is obtained through a gift to the Town by the owner of the land, such land to be used in accordance with the terms of the Heritage Conservation Recreation Services grant; further to authorize the Selectmen to apply for, accept and expend federal Heritage Conservation Recreation Services funds for the purchase of such land. (No part of the purchase price will be raised by local taxes.)

Article 17.

To see if the Town will vote to acquire the lands shown as Lots 69, 78 and 81 on Derry Property Tax Map 7, at a total cost of \$180,000 or the to be appraised value of the lands, whichever is the greater, provided one half of such sum is obtained from the Heritage Conservation Recreation Services of the United States Government and the other half of such total cost is obtained through a gift to the Town by the owner of the lands, such lands to be used in accordance with the terms of the Heritage Conservation Recreation Services funds for the purchase of such lands. (No part of the purchase price will be raised by local taxes.)

Article 18.

To see if the Town will vote to acquire the land shown as Lot 111 on Derry Property Tax Map 10, at a total cost of \$53,000 or the to be appraised value of the land, whichever is the lesser, provided one half of such sum is obtained from the Heritage Conservation Recreation Services of the United States Government and the other half of such total cost is obtained through a gift to the Town by the owner of the land, such land to be used in accordance with the terms of the Heritage Conservation Recreation Services grant; further to authorize the Selectmen to apply for, accept and expend federal Heritage Conservation Recreation Services funds for the purchase of such land. (No part of the purchase price will be raised by local taxes.)

Article 19.

To see if the Town will authorize the Selectmen to make application for and to receive and spend in the name of the Town such advances, grants in aid or other funds for Town purposes as may now, or hereafter be forthcoming from federal, state, local or private agencies that would be of benefit to the Town.

Article 20.

To see if the Town will vote to accept and appropriate up to \$1,000 in Antirecession Fiscal Assistance to State and Local Governments (Public Works Employment Act of 1976: P. L. 94 369) and to expend same to defray the cost of hired equipment and manpower for road improvements.

Article 21.

To see if the Town will authorize the Selectmen to make application for and to receive and expend up to \$25,000 of funds that may become available to the Town under "The Comprehensive Employment and Training Act of 1973" as amended (CETA) for the purpose of providing federally subsidized training and employment opportunities to benefit both residents of the community and the community-at-large.

Article 22.

To see if the Town will vote to authorize the Selectmen to enter into an agreement with the Derry School Board in accordance

with the provisions of RSA 53-A, whereby the Town will have the power to raise and appropriate money for the purpose of maintaining and making capital improvements to school property under the terms of such agreement.

Article 23.

By Petition. To see if the Town will vote to raise and appropriate the sum of Seven Thousand Eight Hundred Dollars (\$7,800) for the completion of Bastek Field located at Derry Village School.

Article 24.

By Petition. To see if the Town will vote to authorize the Selectmen to limit the present year's proposed total town budget so that it does not exceed the previous year's total actual net expenditures by an amount which is no more than 5 percent of last year's total actual net expenditures.

Article 25.

By Petition. To see if the Town will vote to authorize the Selectmen to proportionately reduce each town department's proposed budget figures by an amount which exceeds the maximum allowed net increase of 5 percent of last year's total actual net expenditures.

Article 26.

By Petition. To see if the Town will vote to authorize the expenditure of \$37,500 which is encumbered funds from the Town 1977 budget, to construct four (4) tennis courts at the Alexander-Carr Playground on Birch Street. Up to 50% of this

amount may be returned to the Town from the Heritage Conservation and Recreation Services, (formerly Bureau of Outdoor Recreation Land and Water Conservation Funds) and to pass any vote relating thereto.

Article 27.

By Petition. To see if the Town will instruct the Selectmen to install drains in Stark Road to dispose of surface water, and to make such other repairs and maintenance as are necessary to make the road passable at all times.

Article 28.

To hear reports of agents, auditors and committees heretofore chosen, and pass any vote relating thereto.

Given under our hands and seal the 23rd day of February 1979

Donald Bentley
Janet M. Conroy
Benj. C. Newell
M. Mildred DiMarzio
Paul P. Collette

Warrant for Fire Meeting

To the Inhabitants of the Derry Fire District qualified to vote in District Affairs:

You are hereby notified to meet at the Engine House in said District on the 13th day of March, 1979 at 7:00 o'clock in the forenoon (morning) to act upon the following subjects:

ARTICLE 1. To choose all necessary District officers for the year ensuing.

ARTICLE 2. To hear the reports of agents, auditors and committees heretofore chosen and pass any vote relating thereto.

ARTICLE 3. To see if the District will vote to raise and appropriate the sum of Six Hundred, Twenty-two Thousand, Seven Hundred, Sixty and 47/100 (\$622,760.47) Dollars, or any part thereof, by taxation or otherwise, to meet payments of principal and interest on debts of the District; for salaries of officers and agents of the District; and for all other necessary expenses arising in said District, and pass any vote relating thereto.

ARTICLE 4. To see if the District will vote to authorize the Fire Commissioners to borrow money in anticipation of the taxes of the municipal year in which such loans are incurred and made payable therefrom by such and pass any vote relating thereto.

ARTICLE 5. To see if the District will vote to authorize the Fire Commissioners to establish a capital reserve fund, or to place in the hands of the Trustees of Trust Funds any monies that may be donated to the District, made available to the District, or not spent by the District from the monies appropriated for the previous year.

ARTICLE 6. To see if the District will vote annually by an article in the warrant to authorize the Fire Commissioners to establish a contingency fund to meet the expenses that may arise during the year. Such fund shall not exceed one percent of the amount appropriated exclusive of capital expenses and amortization of debt by such village district during the preceding year. A detailed report of all expenditures from the contingency fund shall be made by the Commissioners and published with their report.

ARTICLE 7. By Petition: "To see if the District will vote to dissolve itself, and transfer its corporate property, real and personal, without cost, to the Town of Derry, with said

dissolution and transfer of property to take effect *only* upon the occurrence of *all* of the following events, and at such time as the last of the events described in Paragraph 3 below takes place:

1. The vote by the East Derry Fire Precinct at its annual March, 1979, meeting, to dissolve itself and transfer its corporate property, real and personal, without cost, to the Town of Derry.

2. The votes by the Town of Derry, at its annual March, 1979, meeting, to accept the transfer of all the corporate property, real and personal, to it from the East Derry Fire Precinct and the Derry Fire District, without cost, and to establish a fire department providing fire protection for all property situated within the boundaries of the Town of Derry.

3. The establishment by the Town of Derry of a fire department, as aforesaid, and the provision by the Town of Derry of funds for the operation of said department, at, or before, its annual march, 1980, meeting.

4. That any and all votes of the Town of Derry, Derry Fire District, and East Derry Fire Precinct set forth above continue in force until the occurrence or accomplishment of the matters set forth in Paragraph 3 above.

In the event the District adopts the foregoing, the Commissioners, also known as Firewards, thereof are hereby directed and empowered to do any and all things required for the effectuation of the foregoing."

ARTICLE 8. To transact any other business which may lawfully come before such meeting including the appointment of any committees on any article embraced in this warrant.

The polls for the election of officers of the District will remain open from 7:00 a. m. until 6:00 p. m. unless the District at the opening of the meeting, votes to keep the polls open until a later hour. It is planned to take up the remaining articles in the warrant at 7:30 p. m. on March 26, 1979.

Given under our hands and seals this 22nd day of February, 1979.

East Derry Fire Precinct

In May of 1978, the East Derry Fire District received delivery of the new Engine #82, which replaced the 1948 Engine. The Farrar Company of Woodville, Massachusetts fabricated the fire package on a Hendrickson - Cab & Chassis. This vehicle has a 1000 gallon Booster tank, 1250 gallon per minute pump, and is capable of laying a 4" large diameter hose from a reel for a distance of 2000 feet from a fire scene to one of the many water supplies in our District. Where we have no pressurized hydrants in our District, the design of this vehicle and its capabilities has greatly improved our ability to handle rural fires.

In the closing of 1978, the Board of Fire Wards appointed Lt. Gary Butterfield to the rank of Captain, which had been a vacant rank since Captain Roger Durgin retired in 1976. Mr. Butterfield's position will take on the responsibility of conducting training sessions with permanent and call personnel on a weekly basis to be able to provide the best possible fire protection to the community. He is also the fire inspector for the East Derry Fire District.

1979 Warrant East Derry Fire Precinct

Derry, New Hampshire

February 16, 1979

To the inhabitants of the East Derry Fire Precinct as defined in Chapter 315 of the laws of New Hampshire, 1935, qualified to vote. Voters in District No. 1 and District No. 2 are hereby notified to meet at the East Derry Fire House in said district on the 13th day of March 1979 at 7 o'clock in the forenoon, to act upon the articles required to be voted on by Official Ballot, and to meet at eight o'clock in the afternoon on March 21st in the East Derry Fire House to act on all other articles in this warrant.

ARTICLE 1. To elect a Fire Ward for three years, a Precinct Clerk for one year, an Auditor for one year, and a Moderator for one year.

ARTICLE 2. To hear the financial report of the Treasurer.

ARTICLE 3. To hear the Clerk's report.

ARTICLE 4. To see if the Precinct will authorize the Board of Fire Wards to sell the 1958 Dodge Utility Truck (#84) to the highest bidder, and to pass any vote relating thereto.

ARTICLE 5. To determine and fix the salaries of the Precinct officers or agent of the Precinct.

ARTICLE 6. To see what sum of money the Precinct will raise and appropriate for the East Derry Fire Precinct the same to be expended under the direction of the Fire Wards.

ARTICLE 7. To see if the Precinct will authorize the Board of Fire Wards to send men and equipment to other towns and cities if requested to do so, in accordance with R.S.A. 154:24, and pass any vote relating thereto.

ARTICLE 8. To see if the Precinct will authorize the Board of Fire Wards to borrow money in anticipation of taxes on the negotiable note or notes of the Precinct, and to pass any vote relating thereto.

ARTICLE 9. **By petition.** "To see if the Precinct will vote to dissolve itself, and transfer its corporate property, real and personal, without cost, to the Town of Derry, with said dissolution and transfer of property to take effect **only** upon the occurrence of **all** of the following events, and at such time as the last of the events described in Paragraph 3 below takes place:

1. The vote by the Derry Fire District at its annual March,

1979, meeting, to dissolve itself and transfer its corporate property, real and personal, without cost, to the Town of Derry;

2. The votes by the Town of Derry, at its annual March, 1979, meeting, to accept the transfer of all the corporate property, real and personal, to it from the East Derry Fire Precinct and the Derry Fire District, without cost, and to establish a fire department providing fire protection for all property situated within the boundaries of the Town of Derry;

3. The establishment by the Town of Derry of a fire department, as aforesaid, and the provision by the Town of Derry of funds for the operation of said department, at, or before, its annual March, 1980 meeting;

4. That any and all votes of the Town of Derry, Derry Fire District, and East Derry Fire Precinct set forth above continue in force until the occurrence or accomplishment of the matters set forth in Paragraph 3 above.

In the event the Precinct adopts the foregoing, the Commissioners, also known as the Fire Wards, thereof are hereby directed and empowered to do any and all things required for the effectuation of the foregoing."

The Commissioners of the East Derry Fire Precinct are not in agreement with said petition.

ARTICLE 10. To transact any other business that may legally come before this meeting including the appointment of committees.

Given under our hands at said Derry, New Hampshire this 16th day of February, 1979.

East Derry Fire Precinct Minutes of the Annual Meeting

March 22, 1978

In accordance with the foregoing warrant, a meeting of the East Derry Fire Precinct was held on Wednesday, March 22, 1978 at 8:00 p.m. at the East Derry Fire Station. The meeting was called to order at 8:00 p.m. by the Moderator Bruce Theriault.

Moderator Theriault said the Pledge of Allegiance, read the Rules of the Meeting, and introduced the Officers of the District, and the members of the Budget Committee. Mr. Theriault proceeded to read the warrant and stated Article #1 had been disposed of at the election, March 14, 1978, with the following candidates elected to office: Fire Ward, Don J. Miller; Treasurer, Wilton R. Geissenhainer; Moderator, Bruce Theriault; Clerk, Anna G. Ludwig; Auditor, Melbern D. True.

The Moderator: read *Article #2. To hear the financial report of the treasurer.* You have a copy of the Treasurer's Report contained with the Annual Report on page F-5. Would the Treasurer like to comment on the report as it is printed in the Town Report?

The Treasurer: I find the printed copy before you is accurate.

The Moderator: The Auditor has submitted a letter to the Clerk, stating that the accounts and records of the East Derry Fire District have been found in good order. Are there any comments or discussion on the report? There being no objections, I declare it unanimously accepted.

The Moderator: read *Article #3. To hear the Clerk's Report.* The Clerk's

Report is on the bottom of page F-5 in the Town Report. Are there any errors or omissions?

Mr. Payne: On Article numbers 7 & 8, it appears that the amendments were passed, but not the articles.

Moderator: To my knowledge all the articles were passed, and I do so declare. Let the record show this. Being no more comments or discussion, let the record show the Clerk's report accepted as noted.

Moderator: read *Article #4. To see if the precinct will authorize the Board of Fire Wards to place \$ 661.63 of surplus from existing 1977 budget in the Capital Reserve Fund as established in Article #7 on the 1975 Annual Meeting and pass any vote relating thereto.*

Mr. Butterfield: Moved that we accept Article #4 as printed.

Mr. Kennedy: Seconded the motion.

The Moderator: Any discussion? The motion was put to a vote and passed.

The Moderator: read *Article #5. To see if the precinct will authorize the Board of Fire Wards to withdraw \$ 4,000.00 (four thousand dollars) from the Capital Reserve Fund and said monies to be used for the purchase of new Equipment, and expended under the direction of the Fire Wards in accordance with the Municipal Finance Act, Chapter 35, New Hampshire revised Statute, Annotated 1955, and pass any vote relating thereto.*

Mr. Ludwig: Moved to accept Article #5 as printed.

RE: Minutes of the 1978 Town Meeting.

Present:

Donald Bentley, Selectman
Janet Conroy, Selectman
Mildred DiMarzio, Selectman
Benjamin Newell, Selectman
Paul Collette, Selectman

Frank C. Carlton, Town Manager
Lewis F. Soule, Town Counsel

Cecile R. Hoisington, Town Clerk

Ronald Hayward, Moderator

Court Reporters Samuel S. Gray, CSR
Robert E. Patnaude, CSR

(Whereupon at 9:15 a. m. the meeting was called to order.)

THE MODERATOR. I will call the meeting to order at this time.

(Whereupon the Salute to the Flag was given.)

THE MODERATOR. I would like to establish a few rules to conduct the meeting. The first rule is that I will not accept any motion to reconsider any line or category in the budget or a warrant article once we have taken up another subject.

I will not accept any amendments to amendments. We will finish the original amendment and then take up the next one.

All comments must be addressed through the Moderator and no running debates will be allowed.

I would entertain a motion to accept those rules. So moved by Mr. Johnson. Is there a second?

MR. BENTLEY. Seconded.

THE MODERATOR. Seconded by Mr. Bentley. All those in favor signify by saying, "Aye." Opposed? Is it a vote and I so declare it.

Just a couple other things, not rules as such, but you see five (5) microphones around here and when you wish to speak on a subject, please go to one of the microphones and I will recognize you and you can speak then. Give your name before speaking please, and when you're speaking on a subject I will not allow anyone to start name-calling and so forth. If you have a point to make, make the point and leave out the personalities please. If you do that I will rule you out of order and go on to someone else. I realize that debates get heated and so forth but let's everyone conduct ourselves like ladies and gentlemen.

Mr. Carlton, do you have a motion?

MR. CARLTON: Mr. Moderator, because of the need to borrow money in anticipation of taxes, and to get that done as early as possible in April, we need to have Article 39 dealt with which gives us our annual authority to go out and borrow in anticipation of taxes. I would, therefore, move that we move now to Article 39 on page 7 and consider that article.

MR. BENTLEY. Second the motion.

THE MODERATOR. Seconded by Mr. Bentley. Those in favor of taking up Article 39 at this time signify by saying, "Aye." Opposed? We will not take up Article 39.

THE MODERATOR. Mrs. Johnson?

MRS. JOHNSON. Before taking up the business of the meeting it is usually customary to correct, to make the necessary corrections in last year's meeting, so at this time I would like to note a correction on page 22 of the Town Report. It very clearly states, about two inches down from the top, that the Moderator ruled that line 27-1 of last year's budget should read \$325,000. Therefore, I would like to note a correction on page 14 of the Town Report, under appropriated money on line 27-1, the figure should read \$325,000. Thank you.

THE MODERATOR. Mrs. Johnson, I am told that that says "O" because Concord, the Board of Taxation did not allow that and so they threw it out.

MRS. JOHNSON. Mr. Moderator, the Board of Taxation has no legal authority to overrule the Moderator of the Derry Town Meeting or the Town Meeting itself.

THE MODERATOR. Well, I think that possibly . . . as far as . . . I don't know but they took, they said they took it out because they had, they were instructed to, I don't know.

MRS. JOHNSON. But they are not the Town Meeting and the Town Meeting is the body that has the authority over the budget. Therefore, that figure should read \$325,000 in accordance with the ruling of the Moderator on page 22 of the Town Report.

MRS. CASTEN. Mr. Moderator, I think you should make a determination right here. I don't know who's right but I think the Town Meeting, I Mean the Municipal, the man from the Municipal Division decided that we can not and if the Selectmen also decided, which they did last year, that we can't vote on it, I'd like to have you make a determination right now and I think it's in litigation so what can you do?

THE MODERATOR. Well, I will at this time note Mrs. Johnson's objection but I don't think there is anything I can do about it but I will note your objection Mrs. Johnson to the, what you consider as an error.

Mr. Bentley?

MR. BENTLEY. Mr. Moderator, I would like to make a motion at this time to accept Article 39 as printed in our Town Report.

MR. CARTER. Seconded.

THE MODERATOR. Seconded by Mr. Carter. All those in favor signify by saying, "Aye." Opposed? It is a vote and I so declare it. Mr. Carter?

MR. CARTER. Mr. Moderator, I'd like to move to Article 37.

THE MODERATOR. Mr. Carter has moved that we move to Article 37. Seconded by Mr. Ferland. All those in favor of moving to Article 37 signify by saying, "Aye." Opposed? It is a vote and I so declare it.

Article 37. To vote to raise and appropriate such sums of money as may be necessary for the maintenance of the poor, for laying out and repairing highways, including Town Road Aid Plan apportionment A and Town Road Aid Plan Apportionment B, for building and repairing bridges, for the Police Department, for the Derry District Court, for hydrant service, for street lighting, for the salaries of Town Officials, for the expense of Town Buildings, for the support of the Libraries, for aid to the Derry Visiting Nurses Association, for the Southern New Hampshire Mental Health Clinic, for the control of mosquitoes, for ambulance service, and for all necessary charges arising in said Town, and pass any vote relating thereto.

MR. CARTER. Mr. Moderator, I'd like to move, I'd like to move that the budget be taken up item by item. Item by item I mean Town Officers' Salaries, Town Officers' Expenses, and so forth down the sheet and that is the yellow pages in the Town Report.

THE MODERATOR. Seconded by Mrs. Casten. All those in favor of taking . . . Mr. Quimby?

MR. QUIMBY. May I question, my name is Conrad Quimby. I would like to question the chairman of the Budget Committee. Is it your intent, Bill, that we will not discuss the details of each of the lines?

MR. CARTER. No, Mr. Quimby, that is not my intent. My intent is, and that motion would be accordingly to that, like for example, if you take white sheets that were passed out or you picked up, the top line on the yellow page, Town Officers' Salaries, that would be the entire one line series, 1-5.

MR. QUIMBY. Then we will be voting on the white sheets?

THE MODERATOR. No, we will be voting on the whole line in the yellow. You have an explanation of everything, what it's for and so forth. What he proposed, and Mr. Carter didn't make the motion, what we are going to do, last year we used to read "Town Officers' Salaries," and then we would read all of the items. If there was a question then we would go back to it. Basically we are going to do the same thing only we're not going to read them. What I am going to read is Town Officers' Salaries and give the figure and then either a member of the Budget Committee or the Selectmen will explain what's in that category and then if there are any amendments to any figures or something we will deal with them and when we're done with that we will vote on the whole line as amended or as printed and then go on to the next one so we're going to do the same thing. If anybody doesn't have one of the white sheets there are two boxes over there and this will explain what's in the yellow sheet. In other words, you see Town Officers' Salaries, if you get one of these it will explain what is in Town Officers' Salaries. Like Selectmen, Treasurer, Town Clerk, Tax Collector, Town Manager, so if you need one of these we have two boxes over there and this will explain the budget as we're going along. So, it has been moved that we will take up the budget that way. If there is no further discussion, all those in favor signify by saying, "Aye." Opposed? It's a vote and I so declare it.

The first category in the budget is Town Officers' Salaries, \$56,892.

MR. CARTER. Mr. Moderator, I'd like to move that we accept it as printed.

THE MODERATOR. Is there a second? Seconded by Mr. Watts. It's been moved that we accept Town Officers' Salaries as printed. Is there any discussion?

(After discussion the following ensued.)

MR. BENTLEY. I am going to ask if I can at this time make an amendment to Mr. Carter's motion to accept \$56,892., my amendment would be to accept the Selectmen's proposal of \$63,731.

THE MODERATOR. Mr. Bentley moved that we accept the Selectmen's proposed budget for Town Officers' Salaries of \$63,731. which would amend the Budget Committee's figure of \$56,892., seconded by Mr. Newell. Is there any discussion?

(Whereupon discussion on the amendment ensued.)

THE MODERATOR. The question has been moved by Mr. Conroy. Is there a second? Seconded by Mr. Bentley. All those in favor of moving the question, which in effect cuts off debate, signify by saying, "Aye." Opposed? We will now move to Town Officers' Salaries as amended. That's what we will be voting on. All those in favor of the amendment by Mr. Bentley which would make Town Officers' Salaries, the change to read \$63,731., signify by saying, "Aye." Opposed. "No." Alright. I think the ayes have it but we will have a show of

hands. All those in favor of the amendment as proposed? All those opposed? I declare the amendment is passed. We will now vote on Town Officers' Salaries as amended. We will now vote on that line, Town Officers' Salaries, \$63,731. All those in favor signify by saying, "Aye." Opposed, "No." It is a vote and I so declare it.

The next line is Town Officers' Expenses, \$151,091.

MR. CARTER. Mr. Moderator, I'd like to move that figure.

THE MODERATOR: Move by Mr. Carter that we accept the figure as printed. Is there a second? Seconded by Mr. Conroy.

(After discussion the following ensued.)

MR. BENTLEY. Mr. Moderator, in order to be consistent I will have to make an amendment to Mr. Carter's motion to increase the Town Officers' Expenses to a figure of \$159,089. If all you people have one of these copies I am sure you see the difference is in the Staff Salaries and we have just voted to increase these salaries by 7.5%, I mean 6.5%, and I think it is only consistent that we do the same here.

MR. TOMPKINS. May I second Mr. Bentley's motion to amend?

THE MODERATOR. Yes, it has been moved by Mr. Bentley that we amend the line Town Officers' Expenses to read \$159,089., seconded by Mr. Tompkins. Is there any discussion?

(After discussion on the amendment the following ensued.)

MRS. CASTEN: I move the question Mr. Moderator.

MR. BENTLEY: Second the motion.

THE MODERATOR. Question moved and seconded by Mr. Bentley. All those in favor of moving the question, which means we will vote on this line immediately after we take this, signify by saying, "Aye." Opposed? It is a vote and I so declare it. We will now vote on the amendment by Mr. Bentley on Town Officers' Expenses. His amendment is to change the figure as recommended by the Budget Committee of \$151,091. to read \$159,089. All those in favor of the amendment signify by saying, "Aye." Opposed, "No." It is a vote and I so declare it. We will now vote on the line Town Officers' Expenses as amended, \$159,089. All those in favor signify by saying, "Aye." Opposed? It is a vote and I so declare it.

MR. PAINE. I would like to recommend that we do not read each line as we go along. I think it would be faster if someone would just explain the lines that have the differences.

THE MODERATOR. We have to vote on each line.

MR. PAINE. I mean the subtitles.

THE MODERATOR. In other words, just the differences between the two.

MRS. CASTEN. I agree with him.

(After further discussion following ensued.)

THE MODERATOR. The next line is Election and Registration Expenses, \$7,573. Mr. Carter?

MR. CARTER. Yes, I move that we accept it as printed.

MR. BENTLEY. Second the motion.

MR. CARTER. I would also like to state that is essentially the same as proposed by the Board of Selectmen.

MR. BENTLEY. On your white sheet you will notice that the actual expense of '77 was \$4,761.98. You're probably saying why should it be \$7,573. The reason is that there are three elections this year. There was only one last year.

THE MODERATOR. Is there any other discussion? If not, I would like to turn the committee over to Mr. Zolla, the Assistant Moderator, at this time because I would like to speak on this particular line.

(Assistant Moderator Zolla presiding.)

(After discussion on Election and Registration Expenses the following ensued.)

MR. HAYWARD. I would like to amend it now and then I will explain it. I would like to amend that line, Election and Registration Expenses, from the printed figure in the budget to read \$8,429.40.

ASSISTANT MODERATOR. Seconded by Mr. Quimby.

(After discussion on the amendment the follow - ensued.)

MRS. CASTEN. Move the question.

ASSISTANT MODERATOR. Seconded by Mr. Hayward. I will take a vote on moving the question. All those in favor of moving the question say, "Aye." Opposed? We will now go on to the increase in the line item Election and Registration Expenses from \$7,573. to \$8,429.40. This is the amendment that -

MR. HAYWARD. Excuse me. I've just been told that they don't like pennies in here. Could I just make that \$8,430. to keep the town happy?

(Whereupon the person making the second to the amendment, Mr. Quimby, agreed.)

ASSISTANT MODERATOR. Now we are voting on the amendment to change it from \$7,573. to \$8,430. All those in favor signify by saying, "Aye." Opposed, "No." I will take a hand vote please.

(Whereupon a hand vote was taken.)

ASSISTANT MODERATOR. 49 in favor, 31 opposed, the amount will be changed to \$8,430. and we will now have a vote on that, to accept \$8,430. in Election and Registration Expenses. All those in favor signify by saying, "Aye." Opposed, "no." It is a vote in the affirmative and I so declare it.

(The Moderator now presiding.)

THE MODERATOR. Mrs. Ferland?

MRS. FERLAND. At this time I would like to make a motion to authorize the town of Derry to exclude from the Social Security Plan services performed by election officials or election workers for each calendar quarter in which remuneration paid for such services is less than \$100.

MR. GERRISH. Second.

THE MODERATOR. Is that going to be up under line 6? Wouldn't it be better for that to be brought up under, that's Employees' Retirement. It's been

seconded by Mr. Gerrish that anything under \$100. for, not to take out Social Security or is that it Mrs. Ferland? In each calendar year, that would be \$400?

MRS. FERLAND. Yes, \$400.

(After discussion on this motion the following ensued.)

THE MODERATOR. It's been moved and seconded. There's no further discussion. I will take a vote on it.

MR. PAINE. Mr. Moderator, could you clarify the question?

THE MODERATOR. Yes, the question now is Mrs. Ferland moved that the town be instructed that no Social Security be taken out of anyone's salary who works for the town such as Ballot Clerks and Election Officials if it is not \$100. or over per quarter. In other words, you could earn up to \$100. per quarter without any Social Security being taken out.

MR. PAINE. Mr. Moderator, then that's in opposition to what Mrs. Campbell said had to be done.

THE MODERATOR. True.

(After further discussion on the motion the following ensued.)

THE MODERATOR. Mrs. Ferland, why don't you take and bring this up at the end of the meeting and do it then, make a note to do it then instead of right in the middle of the budget?

MRS. FERLAND. Very well, Mr. Moderator, I will withdraw my motion.

THE MODERATOR. Can we have a withdrawal on the second?

MR. GERRISH. Sure.

THE MODERATOR. We will do it under new business. Just make sure and we will set it up then. The next line in the budget is Municipal & District Court Expenses, \$81,762.

MR. CARTER. Mr. Moderator, I move that figure be accepted as printed.

THE MODERATOR. Seconded by Mr. Bentley. It's been moved by Mr. Carter that we accept the recommended Budget Committee figure as printed, seconded by Mr. Bentley. Any explanation?

MR. CARTER. I will read if someone wants me to read or explain it, but it is the same as submitted to the Budget Committee by the Board of Selectmen.

THE MODERATOR. If there is no question on that then we will vote on that line as recommended by the Budget Committee. All those in favor signify by saying, "Aye." Opposed? It's a vote and I so declare it.

THE MODERATOR. Why don't we take a ten minute recess.

(Recess at 10:35 a. m.)

(Reconvened at 10:50 a. m.)

THE MODERATOR. The next line in the budget is Town Hall & Other Town Buildings. Mr. Carter?

MR. CARTER. Mr. Moderator, I'd like to move that we accept the figure of \$55,874.

THE MODERATOR. Moved by Mr. Carter and seconded by Mr. Woodside that we accept Town Hall & Other Town Buildings, the figure recommended by the Budget Committee of \$55,874.

(After discussion on this item the following ensued.)

MR. BENTLEY. Mr. Moderator, in this Town Hall & Other Town Buildings there are a few salaries in here that we have agreed, in a couple of the other categories here, that we are going to pay our employees 6.5 and I think we have to take that into consideration at this time, so I would suggest that the 5-1 line that you see on your sheet be increased from \$22,394. to \$23,122. to take care of these salaries. That's the only correction I have care of these salaries. That's the only correction I have until we get down to 5-14. I've just been corrected. I would like at this time to move that we change the figure from the proposed budget figure of \$55,874. to the Selectmen's proposed budget of \$59,842. and then when we get down to 5-14, Hydrant Rental, there will be an explanation at that time.

THE MODERATOR. Seconded by Mrs. Conroy.

MR. CARTER. Mr. Moderator, I would just like to point out on line 5-2, my records that I have, it must be a typographical error. The Budget Committee was recommending \$3800. the same as the Board of Selectmen.

THE MODERATOR. So the only differences are 5-1 and 5-14 and 5-12.

MR. TOMPKINS. With the correction that Mr. Carter made there are only two categories different, for 5-12, Other Town buildings and 5-14. The amount of money there is to be utilized at the East Derry Town Hall to make some renovations to the front entrance. Essentially for a vestibule there, and the reason is to cut down heat loss and also, provide an area perhaps to get their visitors to clean their feet a little bit. They use it as a Boy's Club, and the Budget Committee removed that item.

5-14 gets us into a very lengthy discussion which has to do with an article on the Warrant relative to making the Water & Sewer Departments self-sufficient. I am not really sure how to handle that. Maybe we can discuss 5-12 first and decide what we are going to do there, and then move to that warrant article and I will make a motion to that effect so we can do that when we get through discussing 5-12.

THE MODERATOR. What we have now is a motion to amend to the Selectmen's Budget. I would like to take a vote on that and then if we end up passing that as amended then if someone wished to move to go to the warrant article then we will discuss that and vote on that warrant article, and depending on what happens on that we might have to change this figure or whatever. I would like to vote on the amendment to the Selectmen's Budget, and then I will entertain a motion to go to that warrant article.

(After further discussion on item 5-14 the following ensued.)

THE MODERATOR. If there is no further discussion I would like to vote on Mr. Bentley's amendment which would increase the line town Hall & Other Town Buildings from \$55,874. to \$59,842. All those in favor of the amendment signify by saying, "Aye." Opposed, "No." Could we have a hand vote please?

All those in favor raise your hand. All those opposed to the amendment? The "Ayes" have it. It's a vote and I so declare it. Now, Mr. Carter, do you wish to move to - - -

MR. CARTER. Yes, I'd like to move that we go to Article 23.

THE MODERATOR. I would just like to say right now we're not done with Town Hall & Other Town Buildings. It's been amended, but we haven't voted on the line as yet. It's been moved to go to Article 23, seconded by Mr. Bentley. All those in favor of moving to Warrant Article 23 signify by saying, "Aye." Opposed? We will not take up Article 23.

(After discussion pertaining to the previous vote, the following ensued.)

THE MODERATOR. Now we will go to Article 23.

Article 23. To see if the Town will direct the Selectmen to take such steps as are necessary to make both the Town Water and Sewer Departments financially self-sufficient.

Who wishes to speak to that from the Selectmen?

(After discussion the following ensued.)

MR. PAINE. Point of order. Do you have a motion on the floor?

THE MODERATOR. Yes, and it's been seconded.

MR. PAINE. We voted to go to it.

THE MODERATOR. Right, Mr. Paine. Mr. Paine, I think you're correct. We did move to it, but we didn't move it's approval. I think that's true. You're right.

MR. PAINE. I so move.

THE MODERATOR. Mr. Paine moves that we accept Article 23 as printed. Could I have a second to keep the discussion going? Seconded by Mr. Saunders. Thank you.

(After considerable discussion the following ensued.)

MRS. CASTEN. Move the question.

THE MODERATOR. Question moved by Mrs. Casten. Is there a second please? Seconded by Mr. Woodside. All those in favor signify by saying, "Aye." Opposed, "No." It is a vote and I so declare it. We will now take up Article 33, excuse me, Article 23 and vote on that Article, "To see if the Town will direct the Selectmen to take such steps as are necessary to make both the Town Water and Sewer Department financially self-sufficient". All those in favor signify by saying, "Aye." Opposed, "No." I will take a hand vote. In favor raise your hand. All those opposed? I declare Article 23 is carried. If anybody questions it, I will take a count.

(Count requested by Mrs. Woodside.)

(Whereupon a hand vote was taken.)

THE MODERATOR. "Yes" on Article 23, 83. "No" 74. I declare Article 23 is passed. We will now go back to Town Hall & Other Town Buildings, the amended figure, it's on page 4 of the white sheets. The amended figure is \$59,842.

MRS. DI MARZIO. I want to amend the article by deducting \$1,740. from the Hydrant Rental. That's category 5-14.

MR. CARTER. Second that.

MRS. DI MARZIO. That will not increase our water rates 50. As a matter of fact, it won't increase it. I amend the figure \$59,842. to \$58,102.

THE MODERATOR. \$58,102. Seconded by Mr. Carter.

(After discussion the following ensued.)

THE MODERATOR. Any other questions on that? If not, we will vote on the amendment. Mrs. DiMarzio has moved that we delete \$1,740. from 5-14. Hydrant Rental, which will bring the total figure down to \$58,102. All those in favor of that amendment signify by saying, "Aye." Opposed, "No." Could I have, all those in favor of the amendment raise your hand. In other words, if you're voting "Yes" you're voting to reduce that figure and reduce the total to \$58,102. Okay, so we're voting, you're voting, basically what you're going to do is not have an increase if you vote "Yes" on this amendment. Now if you don't want the increase and you vote the amendment raise your hand. Does anybody not understand? We have confusion, okay. The amendment is that we delete from line 5-14 in the white \$1,740. from the \$5,220. That will bring us back to the old figure proposed by the Budget Committee of \$3,480. Now if we delete that, the total figure will then read \$58,102. The new figure, there's no increase if you take, if you vote for the amendment you don't have an increase in the Hydrant Rental. If you vote against the amendment, you will be voting to leave this figure where it is for Hydrant Rental with the increase.

MRS. DI MARZIO. Ronnie is correct. Hydrant Rental should be changed next year to Hydrant Maintenance. If you vote "Yes" you reduce it, and you don't raise your rental 50%. That's it.

THE MODERATOR. Now does everybody understand?

(After further discussion on this item the following ensued.)

THE MODERATOR. I will take a question, but I will not take opinions.

MRS. CASTEN. Just a point of clarification. I just want you to know why I am voting. I am not going to vote for this article because I don't - - -

THE MODERATOR. No, no, no. I don't want any more debate or why you're going to vote for anything. You're out of order. If anybody has a question on just what they are voting on we will explain it and tell everybody. Does anyone else have a question on how we're voting?

MRS. CASTEN. Me.

(After further discussion on this item the following ensued.)

FROM THE FLOOR. Move the question. Move the question. Move the question.

THE MODERATOR. I'd be glad to move the question but if you don't know what you're voting on what's the sense of moving the question?

MR. TOMPKINS. Mr. Moderator, would you please state the motion that's before us?

THE MODERATOR. The motion is to reduce the figure of \$59,842. by \$1,740. The new amended figure would be \$58,102. That would be, that \$1,740. would be reduced in the figure for Hydrant Rental, which I guess is now Maintenance.

MR. TOMPKINS. Mr. Moderator, from what I understand, if you vote in favor of this amendment that's before us you would be voting to pay a rate, the town pay a rate of \$20. per hydrant per rental. If you vote against it you're leaving the figure in there to pay the rate of \$30. per hydrant?

THE MODERATOR. Right. All those in favor of reducing the figure signify by saying, "Aye." Raise your hands. All those opposed.

(The result of the hand vote was 65 "Yes" in favor of the amendment 58 "No".)

THE MODERATOR. I declare the amendment is passed. We will now vote on the category Town Hall & Other Town Building at the amended figure of \$58,102.

MR. CARTER. Didn't Mr. Bentley have a motion to vote on \$59,000?

THE MODERATOR. It was amended, \$59,842. was the new figure. We already voted on that before we went to Article 23. Now we're back to this. It's been reduced and now we will vote on this line. Town Hall & Other Town Buildings as amended is \$58,102. All those in favor signify by saying, "Aye." Opposed, "No." It is a vote and I so declare it.

MR. TOMPKINS. What was that number again?

THE MODERATOR. \$58,102.

MRS. FERLAND. I would just like us to take Social Security & Retirement then recess until 1:30 p. m.

MR. CARTER. The point I was just going to make was that I think it would be better if we temporarily table Social Security & Retirement until we went through the budget, and then come back to it because I think we may have to make some adjustments in it anyway.

MRS. FERLAND. Alright. I will amend my motion to recess until 1:30 p. m.

THE MODERATOR. Amended motion to recess for lunch until 1:30 p. m., seconded by Mr. Tompkins. All those in favor signify by saying, "Aye." (Whereupon the Derry Town Meeting recessed for lunch at 12:10 p.m.)

(Whereupon the meeting reconvened at 1:35 p.m.)

THE MODERATOR. I am going to call the meeting back in order. Mr. Newell?

MR. NEWELL. Mr. Moderator, I would like to make a motion that we recess this meeting as near five as practical and reconvene on Tuesday night at 7 p. m.

THE MODERATOR. Seconded by Mr. Woodside. The motion has been moved and seconded that we adjourn the meeting today at five o'clock or not bring up any new business after five o'clock, and then reconvene the meeting at seven o'clock Tuesday night. All those in favor - - -

MRS. FERLAND. We still have a motion last year for six o'clock.

THE MODERATOR. I don't know but this is a new meeting so when you set rules for times, that's last year's meeting. This is a completely new meeting. All those in favor of adjourning at five o'clock or finishing whatever item or line we're on at five o'clock, and then coming back Tuesday night at seven, signify by saying, "Aye." Opposed? It is a vote and I so declare it.

The next article or next line or item is Mosquito Abatement. We're going by the yellow sheets. The next item on this thing is Mosquito Abatement. Now I don't know. We started with M-7. I think we should keep going with M-7. I don't know about the white sheets, but the next item on the yellow page is Mosquito Abatement, and then Manpower Programs and then the Police Department.

MR. CARTER. Mr. Moderator, I would like to move at this time to Warrant Article 34 I believe it is which explains this.

MR. BENTLEY. Seconded.

THE MODERATOR. Moved and seconded that we turn to Article 34 in the Warrant. All those in favor signify by saying, "Aye." Opposed? Okay. We will now go to Article 34.

Article 34. To see if the Town will vote to raise and appropriate \$1,500. for initiation of a mosquito program by contracting with a Countywide Mosquito Abatement program.

Mr. Bentley moves that we accept Article 34, seconded by Mr. Newell.

(After discussion the following ensued.)

THE MODERATOR. The question has been moved by Mrs. Casten. Is there a second? Seconded by Mr. Bentley. All those in favor of moving the question signify by saying, "Aye." Opposed? Okay, we will now take up Article 34 and vote on that. To see if the Town will vote to raise and appropriate \$1,500. for initiation of a mosquito abatement program by contracting with a Countywide Mosquito Abatement program. All those in favor signify by saying, "Aye." Opposed, "No." It is a vote and I so declare it. Article 34 is passed.

The next category is Manpower Programs, \$41,075.

MR. CARTER. Mr. Moderator, I'd like to move the \$41,075.

THE MODERATOR. Mr. Carter moves that we accept the figure of \$41,075., seconded by Mr. Woodside. Is there any discussion, explanation?

MR. ADAMS. The subject matter of this line seems to deal with Article 36 in the Warrant, if I'm not mistaken. Perhaps we ought to do something with this.

THE MODERATOR. Mr. Adams, would you put that in the form of a motion to move to Article 36?

MR. ADAMS. I do.

THE MODERATOR. Seconded by Mr. Carter. We have a motion and second to move to Article 36 of your Warrant on page 7-C. All those in favor signify, "Aye." Opposed? Alright. The motion is passed. We will move to Article 36.

Article 36. To see if the Town will authorize the Board of Selectmen to make application for and to receive and expend up to \$45,200. of funds that may become available to the Town under "The Comprehensive Employment and Training Act of 1973" as amended (CETA) for the purpose of providing federally subsidized training and employment opportunities to benefit both residents of the community and the community-at-large.

MRS. CASTEN. I move we accept Article 36 as printed.

THE MODERATOR. Mrs. Casten moves to accept. Is there any second? Seconded by Mr. Tompkins. Any discussion? If there's no discussion, we will vote on Article 36. All those in favor of Article 36 signify by saying, "Aye." Opposed? I declare Article 36 passed.

The next line is the Police Department - - -

MRS. WOODSIDE. You haven't voted on Manpower yet.

THE MODERATOR. You voted on Article 36 you just did. By voting on Article 36 you have voted on the Manpower Program. I understand now, what this Article 36, the figure in there was the Selectmen's figure and in the line under Manpower was the Budget Committee's recommended figure, is that right?

MR. CARTER. Right

THE MODERATOR. But they're all federal funds anyway. The Selectmen's figure was higher, but this isn't tax money, it's federal money. I don't hear the Budget Committee complaining or anything, so I think we can move on. Mr. Carter is in agreement?

MR. CARTER. I feel the people voted the \$45,200.

THE MODERATOR. Next category is the Police Department, \$457,917.

MR. CARTER. Mr. Moderator, I'd like to move that figure please.

THE MODERATOR. Mr. Carter moves to accept the figure as printed, seconded by Mr. Woodside. Do you have an explanation please? This starts with page 4 of the white sheets, page 4 and 5.

MR. CARTER. Mr. Moderator, if I may, I think if I just explain the differences - - -

THE MODERATOR. Yes, just the differences between the two budgets.

MR. CARTER. And the Selectmen can explain further if they'd like or they can ask me, and I will also tell them. On line 1, the figure of \$360,103., it is with the Budget Committee's policy of 225 per individual for a cost of living increase. It does not include three additional men as requested so that is the difference, the additional men and the cost of living increase.

THE MODERATOR. What is the cost of living increase?

MR. CARTER. \$225. per person

MRS. CASTEN. Percent wise?

MR. CARTER. I'm sorry. I didn't write that down. It's essentially the same as we went all the way through. On 7-5 the Budget Committee recommended \$630., and the Board of Selectmen recommended \$1,110. and to the best of my recollection there's a typewriter involved there that was taken out. In 7-15 you see a difference. The Budget Committee has \$5,600. and the Selectmen have \$6,200. That was for uniforms and leather for the additional police officers, and I believe that was the only difference.

THE MODERATOR. 7-11

MR. CARTER. Okay. 7-11, the Budget Committee recommended \$15,000., the Selectmen recommended \$10,000. The reason the Budget Committee's is \$15,000. is because the Budget Committee is not recommending new cruisers this year so therefore the maintenance will be higher.

THE MODERATOR. Bill, 7-7? I assume 7-7 should be 315 instead of 314?

MR. CARTER. That's a problem we have in the Budget Committee when we have a tie vote. The only way we can break it is to have somebody either take off a dollar or add a dollar.

THE MODERATOR. So there is a difference of \$1.

MRS. DI MARZIO. Before we go too far, I have to make a point of order here. On the last, the monies we voted on in the article for the Manpower Programs, now we got in trouble last year. We got in court last year. The Budget Committee's budget is the only legal budget before this town. You can raise it, lower it, throw it out, do what you want with it, however, you do have to at this time vote to raise the Budget Committee's budget from the 41075, the difference between that and the 45200 as you did on the Mosquito Abatement. That was a plain \$1550 so really you don't have to do too much with that, but you do have to put this money in the Budget Committee's budget because that is the only legal budget for this town. Now I agree you know what you did by passing this article. However, I must remind you again, and I will repeat myself, that's why we got out, you know, what this thing was about, not doing it properly, and we've got to do it properly now.

THE MODERATOR. I disagree, but I will let Mr. Carter make a point.

MR. CARTER. The only point I would like to make is sitting here I felt that you would have gone for the Selectmen's Budget. The only reason it was taken out is because even though it's federal monies we feel that, or I shouldn't say we because I'm only drawing what I feel, is what the Budget Committee had said was that there was too much money for the amount of Manpower Employees they justify. Therefore, we were just appropriating too much money, but the point I'd like to make, and I will raise it later in other articles, the point here is that that article we moved to never appeared before the Budget Committee and as we go along in other articles mentioned I will make the same statement. You know, this particular one here was mentioned in the budget so I have no particular quarrel with this one, but technically that did not appear before the Budget Committee for a vote.

THE MODERATOR. Are you saying you never saw this new figure?

MR. CARTER. I never saw the Warrant Article.

THE MODERATOR. What we will do is go back and clear that up after we do the Police Budget. We will go back and I entertain a motion to amend that to read what you just voted, and we should be able to solve that in a second. Why don't we do the Police first, and then we will go back to it. Let's see if we can get this going.

MR. CARTER. I explained the differences. If there are any questions they could address them to either the Board of Selectmen or myself, or to the Chief of Police.

THE MODERATOR. Any questions or comments on the budget? Any discussion?

CHIEF GARON. Mr. Moderator, I would like to make a motion that we amend the bottom line of the Police Department to read \$489,629.

THE MODERATOR. Chief Garon moves that we amend the total in the Police Department's budget to \$489,629. Is there a second? Seconded by Mr. Desfrige.

THE MODERATOR. Chief, do you want to explain that?

CHIEF GARON. The figure as proposed by the Budget Committee for 7-1 is \$360,103. The figure that I would ask this meeting to approve is \$388,129. That figure includes a 6.5 cost of living increase for all employees. It includes items which have been negotiated with the International Brotherhood of Police Officers, specifically shift differential and longevity pay. It also included three additional personnel. The last two items, fringe benefits of shift differential and longevity pay totals \$7,087. and the three new officers represent a cost of \$17,500.

7-2 would be the same.

7-3 is \$13,125. proposed by the Budget Committee. I would ask this body to approve \$15,347. That is an increase of \$2,222. of which 75% of the \$2,000. would be reimbursed. 75% of the \$2,000. would be reimbursed. Actually we're talking about a \$556. increase to be raised by taxes. This would provide us with the ability to have a summer cadets as we have done in the past. The program is going to cost \$2,220. 75% of which will be reimbursed but we have to include the whole amount in our budget.

MRS. DI MARZIO. I can support the 6.5% raise, and the items negotiated by the Selectmen, shift differential and longevity pay and all of it. I cannot support the three men. However, I would suggest rather than putting the three new men in that you would ask for three new cruisers. The men now in the department I think need their cruisers more than we need three men because there is about a couple of cruisers that are, as I understand, aren't in too good working order. The men go out day after day with these cruisers, and they're taking their lives in their hands so I would support the cruisers, but I cannot support the three new men.

MR. WOODSIDE. What are the three new men for, what areas please?

THE MODERATOR. What are the three new men for, what areas?

CHIEF GARON. Before I answer the question, Mr. Moderator, may I continue with my presentation?

THE MODERATOR. I wouldn't have jumped in. I didn't know you weren't done.

CHIEF GARON. Mr. Woodside, to answer your question, the three additional people, we are talking about at least one in the Juvenile Division. At least one in the Detective Division, and probably one on the five to one shift. It is difficult with a single person in uniform because of the new concept which we have gone into, but I think we will be able to do it. Those are the places where they would probably be assigned. If I may continue?

THE MODERATOR. Please.

CHIEF GARON. On line 7-5 I would ask that this body approve the proposal set forth by the Selectmen. The same with 7-6 and for the sake of time, we can go all the way down, all the way down to 7-11. I would like to make a discussion relative to new equipment, specifically Police cruisers, and I would like to have a ruling to determine whether or not this is out of order at this time.

THE MODERATOR. No. It isn't.

CHIEF GARON. This year I requested that the Selectmen and ultimately the Budget Committee to replace four of our seven cars with four new cars. I asked for an item consisting of \$320.00. This would buy the new cars. This would equip them, transfer the equipment from one car to the other car. In their wisdom they saw fit to delete those items in their entirety. At the time I presented this to the Budget Committee, I considered this was a very hazardous move because what we're dealing with is safety. I agree these cars will not have probably more than 110,000 miles on them when we have to trade them, but I must tell you these cars are necessarily abused from time to time. When we go to these cars they have to start, they have to respond, and they have to be safe while they are responding. If we're going to have to do our best to make the equipment we have safe, frankly I think it is going to be a next to impossible task. I'd like to do just a quick analogy if I may. They have deleted \$7,000., excuse me, \$20,000. from the budget. They saw fit to put in \$5,000. for additional maintenance so we're really talking about a \$15,000. difference. I submit to you that next year at this time I will be standing here saying, "Ladies and gentlemen, we need a minimum of seven Police cars," because I guarantee you that those cars run for two years on the line, or the blue and whites as you see them, we're going to have to weigh them to determine their value. They will be junk so next year, providing that we don't have a horrendous increase, we're talking about a minimum, a minimum of \$5,000. per car. Now I will be standing up here instead of asking for \$20,000. I will be asking for \$35,000. Now you're all doing the math in your head and what I am saying you do is over the two year period of time we are spending exactly the same amount of money

and what we have done in the interim is we have run that risk of not providing safe vehicles for our officers, and for the other people in the Town of Derry and based on that I would encourage you to include in our budget \$20,000. which was originally asked for four new Police cruisers. If you should see fit not to do that, I would like line item 7-11 increased to \$15,000. Of course, I would agree with the \$10,000, as originally set forth. I would be more than happy to answer any questions relative to this.

MR. CARTER. I would just like to speak on this, the cruisers and the proposal to include them in whatever line he said. I would only like to state for the record that the Budget Committee has considered this under the capital outlay as we were advised by the Revenue Administration to do so, that the Budget Committee has not recommended new cruisers, and if this Town Meeting were to vote it in, I personally feel that it's an issue for the new Budget Committee to take. I would like to ask, and also for the record I would like to have on record Town Counsel's opinion on this matter.

MR. SOULE. Right, money for cruisers, they can do so, that's what you said.

THE MODERATOR. That's what I said.

MR. SOULE. No question, they can. We've gone through this year after year up in Derry, and I will go through it once more. The white papers that you see are given to you to help you to understand the budget. They're operating under the Municipal Budget Law in Derry, of course, and if you look at the yellow pages you're going to see the M-7 form. It's the Municipal Budget form, and in that form under Section 1, Purpose of Appropriation, you see the line item Police Department. The amount of money recommended by the Budget Committee is \$457,917. so were we to amend it under the Police Department's budget, I think he didn't have to, but I think this motion is a proper one, he is suggesting to the Town Meeting that you amend the total amount of money approved by the Budget Committee to the larger sum which he spoke, acknowledged this fact, that you could raise an amount of money for cruisers or anything else pertaining to the Police Department as long as you raise the money now for Police purposes. You can do so whether it be cruisers even though the Budget Committee did not approve them. It's part of the Police Department's budget.

THE MODERATOR. The question is whether or not the cruisers are capital outlay.

MR. SOULE. Whether they are or not, if you look at the Police Department's budget, looking at New Equipment, you've got 7-16 which in New Equipment. There is no question in my mind that when you appropriate money at Town Meeting in the amount of five hundred and some thousand, fifty-seven thousand, there's going to be capital equipment in there. This isn't a bond issue or anything. It's money that's needed to run the Police Department. I'm not saying whether you should pass it or not. All I am trying to say is no question, the motion is proper and you can do what you want with it.

MR. TOMPKINS. Mr. Moderator, I have some questions of the Chief. I believe he raised it or he has asked the Committee to consider amending the number from the Budget Committee's proposal of \$489,000. I wish to ask him whether the dollars included in that number include the new cruisers or not?

CHIEF GARON. No, it does not. However, it does include the \$5,000. additional maintenance. I recognize it's confusing, the numbers, that's the reason I asked if it was in order. The new number we would be considering would be 509, with the \$20,000., it would be 509629, that's inclusive of the cruisers.

THE MODERATOR. Now you've lost me. You made an amendment to raise it to 489629.

CHIEF GARON. Now that's if you include the new cruisers at \$20,000.

THE MODERATOR. Alright, if they're not included then we will act on this one first and worry about the cruisers after, because we've already got an amendment to go to this figures, but I think we should, before we vote on this I'm going to have an explanation of just what that money is once more. If people think it's cruisers, so forth, what have you.

MR. TOMPKINS. That's the point I was raising Mr. Moderator. The numbers that Mr. Garone has advanced for the operation of the Police Department, as I understand it, do not include any of the capital goods that were proposed by the Board of Selectmen. We are just talking about the three additional people and the number of dollars necessary to fulfill the commitment that was negotiated to by the Board of Selectmen and the Police Officers' Brotherhood, wage benefits and the other items, additional leather items for the new troops.

MR. JOHNSON. Mr. Moderator, obviously when the Chief first got up to propose this change in the Budget Committee's figure he was not aware of the fact that we could in fact raise the money for the Police cruisers which the Budget Committee chucked out of the Budget under capital outlay. He wasn't aware of the fact he could raise that money under the Police Budget. We have been informed that it is perfectly proper to do so. Seeing as how the Chief was the one who made the amendment, perhaps he would like to withdraw that amendment, and then resubmit the amendment to reflect the new figure.

CHIEF GARON. The questions that are being proposed on this, we're clouding the entire issue. If we go line by line and if we get down to 7-16, I would be pleased to make that motion at that time, which would include four additional cruisers. When we get to line 7-11, you're going to put the cart before the horse here, you're not going to delete the \$5,000. if we don't get the new cars. That would be contingent upon the others. That's what makes it difficult.

THE MODERATOR. Well, my only point is right now we have an amended amount in here to go to \$489,629. Granted, that leaves out cruisers, granted, it leaves out \$5,000. the Budget Committee put in for maintenance on those

figures. The Budget Committee's figure, from what I understand originally, Bill, leaves out the three men, and it leaves out the cruisers and some other things, but those are the big ones?

MR. CARTER. Yes, it does but not, that's right, yes, I agree with that.

THE MODERATOR. Right now we've got \$489,000. which would put the men back in and take the Selectmen's figures, but that does not include the cruisers.

CHIEF GARON. That's basically accurate.

THE MODERATOR. I think we can get through this if we vote on this amendment. People might want cruisers, might now want the men or whatever, so if you don't want the men then you can amend it and come back and put in the cruisers.

CHIEF GARON. I'll leave it up to you. I just wanted everyone here to know as much about this budget as I possibly could.

MRS. DI MARZIO. Yes, I'd like to speak to the issue, and I'll state that I am not against having new cruisers. However, I am against having the three new men. Last year they put four on. This year we asked and they stated that they released the men inside to go on the street for better supervision, for better patrol. This did not happen. As far as the new concept in Police work is concerned, I am not sure that's fine, however, I feel as far as the men are concerned, we do have enough men in power down there, and I personally feel that there should be some of them put out on the street as they stated last year, they should be out on the street.

New we have asked the other departments to hold their men down which they did. They wanted more men. As a matter of fact, one department, we told them that if they, one man was relieved of his duties after retirement and we told them that they could not hire another person, so I feel at this time that we ought to consider not hiring the three men. I will go for the cruisers, but I can't possibly see how three men, how we really need three men when they should have been put on the street when they said they were going to do it last year and did not do it.

MRS. CASTEN. The cruisers are an absolute necessity. They have quite a bit of mileage now.

THE MODERATOR. We're not talking about the cruisers now.

MRS. CASTEN. I wanted to know how much, what it would cost for the three additional men including the F. I. C. A. and everything else. I want to know the cost of the three additional men as opposed to what the cruisers are. Whether you like it or not it's going to be a related issue. Now if we have to lose one I would rather lose the men, not the cruisers.

THE MODERATOR. Do you know what the cost would be for the three new men and the related equipment?

CHIEF GARON. The salary account reflects an increase of \$17,500. The uniform account represents an increase, I think, of \$600. so that would be \$17,605. That does not include the insurance. That Mrs. Campbell would have to make computations for.

MRS. CASTEN. So. Mr. Moderator, correct me if I am wrong, it would cost \$20,000. for four cruisers, \$20,000. for four cruisers and \$20,000. for the men. I prefer the cruisers.

MR. GERRISH. I would like to speak against the Chief's motion as he amended it. As a practical matter I am in favor of the cruisers and not particularly in favor of the three additional men. If you vote down his motion I would be perfectly happy to make a motion which would provide the money for the new cars, adjust for maintenance and all the rest of it. That maybe he would support.

MR. STEELE. I would like to know the amount of people in the town, the area of mileage, how well are we staffed as far as the Police Department? Are we short of men and if we are, by how many?

CHIEF GARON. The survey, there was a survey that was done. Our estimated population is, depending on who you speak with, 18,000. We are under-staffed per capita to some of the communities around us. I personally believe that we are understaffed by more than three persons, but we could debate that all day. To answer your question, Mr. Steele, we are understaffed in my opinion based on the communities surrounding us.

MR. STEELE. Was it more than three?

CHIEF GARON. It was seven, I believe.

THE MODERATOR. If there is no further discussion - - -

MRS. FERLAND. May I ask a question not on those particular things, but on that line? 7, you know, dealing with the 7 series, can the Chief of Police tell me where 7-4 was last year?

CHIEF GARON. I think 7-18 perhaps, Pauline.

MRS. MAC KINNON. I would like to speak again on what I said this morning. I personally do not see the three new men, which is seventeen-o-five, change that figure so the negotiated figures would be honored. We did elect the people to negotiate those figures would be honored. We did elect the people to negotiate those figures with these men, and we should respect the negotiated agreement. That would bring it down to 371197 for that item in that line.

THE MODERATOR. What line is that?

MRS. MAC KINNON. That's 7-1.

THE MODERATOR. Bring it down to what?

MRS. MAC KINNON. 371197. That excludes the three men, but it does indeed include the negotiated figures that the Police negotiated with.

THE MODERATOR. Right now we have an amendment on the floor so we're not going to get into that now. I've got one going, that's sufficient.

MRS. CASTEN. Move the question.

MR. TOMPKINS. Mr. Moderator, it seems to be that based upon some of the prior votes the meeting has decided to change the salary scale to 6.5%. I

think the only question before us here really is whether we're going to have the three new people in the Police Department or not. The cruisers are another matter to be decided upon perhaps by another amendment. If this motion is voted down, I would be willing to get up and offer another motion to raise the amount of salaries, etc., etc., to a number that's less than \$17,605, and I would now ask to move the question.

THE MODERATOR. Seconded by Mrs. CaSTEN. Does everyone know what they are voting on now? We're voting on Chief Garone's amendment to increase the Police Department to read \$489,629. All those in favor signify by saying, "Aye." Opposed, "No." I think the "Nos" have it. Could I just have a show of hands? All those in favor to the amended figure of \$489,629., that includes the men but does not include the cruisers - - - all those opposed? I declare the amendment is defeated.

MR. GERRISH. I'd like to move that we accept the Police Department at \$487,024. This amount is made up of the Chief's previous amount adjusted by the amount of the cruisers of \$20,000., reduced by the three new men at \$17,500. and \$600. less for their uniforms and less \$5,000. of extra maintenance money that will not be needed if he has the cruisers.

THE MODERATOR. Seconded by Mr. Garone.

MR. CARTER. Just a question Mr. Moderator, have you ruled that it is proper to insert the cruisers into the budget?

THE MODERATOR. Yes.

MR. CARTER. I would just like to note for the record that I disagree with that and I also disagree with my colleague here. I think we're heading down the road to problems. I am not speaking for the Budget Committee. We have a new Budget Committee, but I can assure you that what Mr. Soule has said is completely opposite of what the new administration will say, and I am sure, like the acquisition of the Carre White property, I realize some of the problems you have.

MRS. CONROY. I agree with Mr. Carter, but I think it's a capital outlay project and you can't spend money not having it in the budget, and it is not in the budget under capital outlay.

FROM THE FLOOR. It seems to me we're right back where we were last year with the Budget Committee. The first thing they're looking for is trouble. Mr. Soule said that we can do it. He is the Town Attorney, we pay him for this. If they don't go looking for trouble, if someone goes looking for it they will find it.

MR. CARTER. Yes, I would just like to respond to that and simply say that I know that I've been the center of controversy for quite a while, but unfortunately these issues have all been aired and made a campaign issue. There are those, and particularly the Board of Selectmen who want to do away with the Municipal Budget Act. I would say without a doubt if you analyze what happened at last Tuesday's election, that not only the Municipal Budget Act stays in, but so did all available incumbents that they had to choose from.

MRS. DI MARZIO. I am not looking for trouble. I didn't look for trouble last year when they made the statement right here that you have to have a two-thirds majority. The Revenue Administration concurred with that right at the hearing before the judge in court. Now what we're trying to do is save you trouble. I said we should have the cruisers. However, that is capital outlay, and I disagree with Louie Soule and I disagreed with him last year. If we need them, we also need people who have knowledge of different areas, and the Revenue Administration says, well, however, we all make mistakes and there was a mistake made. We're not looking for trouble. We want to save you trouble. It looks like we will have to have another special Town Meeting after this is done, and we can discuss that later. If in fact we do, then we can bring it up then and have the cruisers, so it would be a matter of a month or so, but believe me nobody's looking for trouble, but it is our duty to keep you people out of trouble, so that's why I feel that Louie's wrong. I concur with Jan and Bill.

MRS. CONROY. The Selectmen handled the budget. They explained anything over \$500. is capital outlay. I'd like much to see them in there, and we can with revenue sharing as I understand it - - and don't have them in there under capital outlay.

MRS. CASTEN. These items are not new items. They're replacement items, worn out equipment. That capital outlay is for something new that we didn't have previously.

MR. ANDERSON. If I may, I concur with Mrs. Conroy. Revenue Administration came down. We had said capital expenditure. I'm sure not using the word "outlay." We had a capital expenditure of \$1,000. Mr. LaPlante recommended that it be \$500. or greater as a capital expenditure. This was to high-light the items. If this was strictly as such that would mean every IBM typewriter you have any place else in the budget under capital outlay, you could say they cannot be there. It is a capital expenditure. What they recommended was anything over \$500. not necessarily capital outlay. You'd have to list every typewriter or every piece of equipment that cost \$500. or greater under capital outlay. If you feel that all these types of items are capital outlay, they are highlighted are such but a \$750. typewriter goes in as Office Equipment, a piece of office machinery going in there. It does not have to be listed under capital outlay. It is just a value to start with as a capital expenditure.

CHIEF GARONE. I would like to point out that this meeting earlier voted in an item of \$1,600. that had been cut out by the Budget Committee. Every year I've been here we've asked the people for Police cars, and I would say the same for Police should apply as with the Tax Maps. It's an amount of more than \$500. Thank you.

MRS. DI MARZIO. I know the point you brought up of \$530., the capital

outlay, I wanted to inform you that that is more than one item. It only comes up to \$530, but there is \$350 in one area and \$130 in another and the remainder is probably \$30, so it does not come under capital outlay. It's an additional of more than two or three items.

MRS. BRANLEY. I would just like to point out that in future reference to the rest of the afternoon, I myself would like to see things explained a little bit ahead of time. I think many of us possibly voted against his previous motion or amendment which included the three men under the impression that if he didn't get the three men we therefore would vote the new cruisers. Now we come to the new cruisers issue and we find out we can't do that. I don't really think that's very fair. I think for future reference this afternoon you should explain these implications ahead of time. Thank you.

MR. BENTLY. I move the question.

THE MODERATOR. The question has been moved.

MRS. CASTEN. I would really like to see this figure that Scott Gerrish put in passed, because it will be the mandate of the people that we purchase these cruisers. Now if we have a special meeting at that time if we have to, we can appropriate it as capital outlay, but we will have a mandate of the people to have these cruisers, and I move the question.

THE MODERATOR. The question has been moved by Mr. Bentley. Is there a second?

MR. KATSAKIORES. I would just like to review a little bit here the mystery behind this. The Chief came to the Budget Committee along with the Selectmen and asked for some additional cruisers. The Budget Committee reviewed the mileage on the present cruisers. We found they average out to something about 35,000 miles a piece. We felt strongly that the new cruisers wouldn't go on line until sometime in July or possibly August. That may be four, five, possibly six months down the road. We felt, in as much as so much money is being plugged into the Schol Budget this year and the tax rate obviously we were unable to hold down the expenses in the schools, we felt that in the area that we could find that help balance it off, and this was one of them, that it wouldn't do any harm for us to say to Mr. Garone, and I am sure we all agree the Police Department is working very efficiently and doing a fine job, that if we wait another year for the cruisers we could apply this money to help reduce the taxes, because we anticipated that if we're going to have the cruisers we would probably take it out of revenue sharing money. Now if we could wait another year that means when we have the Town Meeting next March and voted the cruisers, which I would be all for, those four cruisers, we could probably get them the next month, if we make previous plans for them, and this would move the receipt of the cruisers up another three or four or five months. In other words, instead of worrying about the cruisers being all worn out in July or August, it's very possible they would come in on line in March of next year. That would give them to run the cruisers an additional four or five or six or possibly seven months longer. Now they have 35,000 miles on them at this point, and it will probably be 60,000 miles, and if they're careful maybe a little bit less in July and August, and by next March they may have 100,000 miles on those cruisers. At that point you authorize the additional cruisers. We're hopeful that the School Budget and the other budgets we've got in line that we can well accommodate the Chief, and I am sure a few people will see enough ahead to protect us in this instance, we can do more in many, many other areas in the future, but we've got to have your support in this point and remove this from our budget at this time. There are many, many items including salaries that are going up, and you can't do much about that. Everybody is entitled to a raise so if you stay with us on this point and vote no on this additional figure, we would be more than glad to accommodate on other things next year.

CHIEF GARONE. Just one point of clarification. I'm sure Mr. Katsakiores would have no way of knowing this. We are unable to order our Police cars until this body authorized the money. At the point the money is authorized if we order the cars that day, we're talking about, history has proven a ninety-day waiting period. This is why we have to wait until the latter part of June, first part of July to put into service our new cars.

MR. KATSAKIORES. May I be heard in rebuttal? All I am saying with regard to what Mr. Garone said, I appreciate his thoughts on that subject, we feel this way, that at any time during the year, in fact if Mr. Garone sees fit that he's got to have these cruisers, all he had to do is go to the Budget Committee, if it's an emergency type thing, or he can even go to the State and probably get them approved or he can go to the Selectmen, and chances are, if it's a bad situation or emergency situation, they can accommodate him without bothering with us, but there is no reason at all that if he wants to plan on the four cruisers next year and he comes before the Budget Committee, and of course have the Selectmen initiate the action, I am sure by next March he would have no problem at all getting the cruisers within two or three weeks, you know, as far as ordering them and getting them on line, no problem as far as I am concerned.

THE MODERATOR. The question has been moved. I am going to rule that there's been enough debate on this.

MR. FERLAND. Question on the amendment, you're asking for four cruisers in that amendment. Are you including the four cruisers and returning only three cars or four cars? Are you keeping an extra car this year with this recommendation?

CHIEF GARONE. We're going to have to look the fleet over. Without the additional people, Roland, I would say no.

MR. FERLAND. I'm looking at this amendment. Does this amendment include four cars being turned in or three cars being turned in?

CHIEF GARONE. We have the three men defeated. It will be four cars

traded in for four cars.

MR. FERLAND. If this amendment passes?

CHIEF GARONE. That doesn't mean we will have a total of seven vehicles as we do now.

MR. FERLAND. I am saying, don't confuse me, I want to know whether you're turning in four cars of three cars.

CHIEF GARONE. Four cars for four cars.

THE MODERATOR. The question has been moved and seconded. All those in favor of moving the question signify by saying, "Aye." Opposed? The question has been moved. We will now vote on the amended version by Mr. Gerrish. Mr. Gerrish's amended figure for the Police Department would read \$487,024. All those in favor signify by saying, "Aye." Opposed, "No." The vote is in the affirmative and I so declare it. The amendment has passed. We will now vote on the line as amended for the Police Department, \$487,024. All those in favor signify by saying, "Aye." Opposed? It is a vote and I so declare it. The article is passed at \$487,024.

Now we are going back to Manpower Programs to clean that up. I have to go back and clean that thing up we didn't do. This is on page 14 in the white sheets and on page 7-c the yellow. We approved the figure of \$45,200. The figure shown in the book is \$41,075. What we have done is already approve that, but to clear this up, I would entertain a motion from the floor that we amend the figure of \$41,075. to read \$45,200. So moved by Mr. Adams, seconded by Mrs. Willis. All those in favor signify by saying, "Aye." Opposed? Okay, as that figure is now amended we will now vote on the new figure for Manpower Programs, \$45,200. All those in favor signify by saying, "Aye." Opposed? I declare the amended figure passed.

MR. CARTER. May I simply just ask a question of why that was done in that way, that we went back there to clear it up?

THE MODERATOR. Because everybody said we messed it up, Millie brought it up after we'd already started the Police Department.

MRS. DI MARZIO. I brought this up and I want another clarification, this might seem like a pain in the neck, but it's the same pain in the neck we had last year. Now this article was not presented to the Budget Committee before it was put in here. The monies may have been, but the law states that any article with monetary value must be presented to the Budget Committee before any of the articles can be acted upon, so I want to know from Town Counsel if he feels that this is in fact valid. I don't think so, but if he wants to take the responsibility of it, fine. Even though it's amended I still don't think --

MR. CARTER. Mr. Moderator, may I have a clarification on that, whether or not Town Counsel, what his opinion is on an article that has not appeared before the Budget Committee?

MR. SOULE. Interesting question. A Warrant Article calling for an appropriation of money should be submitted to the Budget Committee and acted on by the Budget Committee, if that's the question?

MR. CARTER. Yes, that was.

MR. SOULE. However, just to expand a little bit if I can, let's assume for a moment the budget article itself calls for an appropriation of money for which there is already a sum of money appropriated in the budget approved by the Budget Committee. If that should be the case, I believe this meeting could amend that line item or appropriate by that amount of money in the article itself. If there is no money in the M-7 form in that line for which the article would normally be allocated, then of course you could not. I don't know what article we're talking about here.

MR. CARTER. If I may clear that up, the reason I am asking these questions is that there are a considerable amount of Warrant Articles that never appeared before the Budget Committee, and I will name them, and I am sure Attorney Soule will review those and give an opinion. They are as follows: 14, 15, 16 ---

THE MODERATOR. Wait a minute.

MR. CARTER. 14, 15, 16, 17, 18, 27, 28, 32 and 35.

MR. SOULE. I guess we can take those up later, but if the \$45,200. figure that we're talking about at this time, there is still no problem because a 14 suggested the Budget Committee has appropriated \$41,200. or something like that and the Selectmen recommended \$45,000. This is a Warrant Article. However, the \$41,000., it would simply be a question I suppose of appropriating the sum of \$45,200. If you wished you could do it that way. I can't comment on the other articles.

MR. TOMPKINS. Mr. Moderator, perhaps a little bit of expalnation might be in order. There are certain Warrant Articles that appear in the Warrant that were presented as items in the Selectmen's Budget to the Budget Committee, and in some cases, they saw fit to delete the entire line, like in the case of Article 14. I think it's \$5,000,000. They saw fit to delete that from their budget. It still appears as a Warrant Article, I believe under the law we are not allowed to appropriate that money. The Budget Committee has control on whatever the Selectmen set forth. However, in the case that we just finished, with the Manpower Program we submitted to the Budget Committee a line in our budget which they subsequently amended or changed to a lower number. Our Warrant Article, as witnessed in the Warrant, shows a higher number. Now what we've doen here is we've gone back and changed it around. The Budget Committee's only interested in what the budgetary number is. The other language of the Warrant Article puts the necessary boiler plate in there so that it's clear as to what the money is intended to do, and so everyone is aware of what the money is for and in fact we have to get Federal funds and that's where it's going to come from. We have to budget the money, but it also accepts the responsibilities entailed with the program.

THE MODERATOR. I am going to suggest we now go to Forest Fires which

is the next line in the budget, \$2,500.

MR. BENTLEY. I'm going to move we accept it as printed.

MR. CARTER. I'll second it.

THE MODERATOR. Moved by Mr. Bentley to accept the line for Forest Fires, \$2,500. as printed seconded by Mr. Carter. Is there any discussion? If there is no discussion, all those in favor signify by saying, "Aye." Opposed? I declare the line of Forest Fires, \$2,500., approved.

The next line is Care of Trees, \$2,000.

MR. BENTLEY. I move the figure be accepted as printed.

MR. CARTER. I'll second it.

THE MODERATOR. Moved by Mr. Bentley to accept the figure as printed, seconded by Mr. Carter. Is there any discussion? If not, all those in favor signify by saying, "Aye." Opposed? I declare the category Care of Trees for \$2,000. is passed.

The next line is Insurance \$151,000.

MR. CARTER. I would like to move that we accept the figure of \$151,000.

MR. BENTLEY. Seconded.

THE MODERATOR. Mr. Carter moves to accept the figure of \$151,000. for Insurance, seconded by Mr. Bentley. Is there any discussion? If not, all those in favor signify by saying, "Aye." Opposed? I declare the line Insurance, \$151,000., is passed.

The next line is Planning and Zoning, \$31,236.

MR. CARTER. Mr. Moderator, I move that we accept the figure of \$31,236.

THE MODERATOR. Seconded by Mr. Woodside.

MR. CARTER. I would also move, this involves a particular Warrant Article, Article 25, if it's in order I would like to move to that article.

THE MODERATOR. It has been moved by Mr. Carter that we take up Article 25 in the Warrant, seconded by Mr. Woodside. All those in favor of taking up Article 25 signify by saying, "Aye." Opposed? We will now take up Article 25.

Article 25. By Petition. To see if the Town will vote to raise and appropriate the sum of Fifteen Thousand (\$15,000) Dollars to be used by the Planning Board to study the updating of the 1965 Master Plan of the Town of Derry and to prepare a future growth plan.

MRS. CASTEN. I move we accept it.

THE MODERATOR. Mrs. Casten moves we adopt the article as printed, seconded by Mr. Paine. Is there any discussion?

(After discussion the following ensued.)

MR. TOMPKINS. Mr. Moderator, I would like to amend Article 25 to delete the words, "to study the updating of the 1965 Master Plan," and submit in place thereof, "to update the 1965 Master Plan," if that in fact is the intent of the Planning Board which their representative from the Board of Selectmen just indicated it was, that they wanted to update the plan not study it, but to update it. I think the article should reflect that fact.

MRS. CASTEN. I second that motion.

THE MODERATOR. It has been moved and seconded by Mrs. Woodside that the article be amended to read, "To see if the Town will vote to raise and appropriate the sum of Fifteen Thousand (\$15,000) Dollars to be used by the Planning Board to update the 1965 Master Plan of the Town of Derry and to prepare a future growth plan." The question has been moved. All those in favor of the amendment ---

MRS. IVES. Can we correct a Petition from the floor?

THE MODERATOR. Will all those in favor of changing the wording to read as I just stated signify by saying, "Aye." Opposed? I declare the amended version is passed.

(After further discussion the following ensued.)

THE MODERATOR. The question has been moved. It's been moved four or five times. It's been moved by Mr. Woodside and seconded by Mr. Ferland. All those in favor of moving the question signify by saying, "Aye." Opposed, "No." I declare the motion is passed. We will now move to vote on Article 25 as amended. "By Petition. To see if the Town will vote to raise and appropriate the sum of Fifteen Thousand (\$15,000) Dollars to be used by the Planning Board to update the 1965 Master Plan of the Town of Derry and prepare a future growth plan." All those in favor signify by saying, "Aye." Opposed. "No." I declare Article 25 has passed.

Now we are back to Planning and Zoning. We are back to Planning and Zoning, \$31,236.

MR. TOMPKINS. Mr. Moderator, I would like to move to amend the Budget Committee's figure of \$31,236. by including the figure of \$5,901. which would be for the Southern New Hampshire Regional Planning Commission for the membership of the Town of Derry.

THE MODERATOR. You move to include in the proposed budget by the Budget Committee \$5,901., to add that number?

MR. TOMPKINS. Yes.

THE MODERATOR. Which would give a figure of \$37,137.

MR. TOMPKINS. If I could get a second I would like to speak to that.

THE MODERATOR. Seconded by Mr. Paine.

(After discussion the following ensued.)

THE MODERATOR. The question has been moved by Mr. Woodside. Is there a second? Seconded by Mrs. Casten. All those in favor of moving the question signify by saying, "Aye." Opposed? I declare the question is moved. We will now consider the Planning and Zoning at a figure of \$37,137.

MRS. JOHNSON. Mr. Moderator, all of the other salary lines include the 6.5 increase as I understand it. Does this figure include the 6.5% increase for the Planning Board clerk?

THE MODERATOR. It is not in the Budget Committee's proposal, but it is in the Selectmen's. We're not dealing with the Selectmen's. We're dealing with the Budget Committee's. That will take an amendment later. Right now we're dealing with the Southern New Hampshire Regional Planning Commission and nothing else. It's \$5,000, but it would be a total of \$37,137.

MR. ADAMS. Point of order. Is what we're voting on, I thought we were voting on Fred's amendment?

THE MODERATOR. We are, to amend the figure to read \$37,137.

MRS. JOHNSON. Mr. Moderator, all of the other salary lines include the 6.5 increase as I understand it. Does this figure include the 6.5% increase for the Planning Board clerk?

THE MODERATOR. It is not in the Budget Committee's proposal, but it is in the Selectmen's. We're not dealing with the Selectmen's. We're dealing with the Budget Committee's. That will take an amendment later. Right now we're dealing with the Southern New Hampshire Regional Planning Commission and nothing else. It's \$5,000, but it would be a total of \$37,137.

MR. ADAMS. Point of order. Is what we're voting on, I thought we were voting on Fred's amendment?

THE MODERATOR. We are, to amend the figure to read \$37,137.

MR. FERLAND. Which includes the Southern New Hampshire Regional Planning Commission.

THE MODERATOR. Mr. Tompkins moved to amend the Budget Committee's figure of \$31,236, by increasing it by \$5,901, for the Southern New Hampshire Regional Planning Commission which brings the total to \$37,137. That's what we're voting on, that amendment. All those in favor of the amendment to increase it to that figure, signify by saying, "Aye." Opposed, "No." All those in favor raise your hands. All those opposed raise your hands. The amendment is defeated.

MR. BENTLEY. I'd like to amend the Budget Committee's figure of \$31,236, and add to that \$159, to take care of the clerk's salary. In their figure of \$7,131, they haven't got the 6.5 increase. The total would be \$31,395.

THE MODERATOR. Seconded by Mrs. DiMarzio. Is there any discussion on that?

MR. CARTER. I'm sorry, I didn't state the differences before, but I would like to state there is a difference in another line. It's 12-2.

THE MODERATOR. The question has been moved.

MR. CARTER. It's agreeable with Mr. Bentley.

THE MODERATOR. All those in favor of moving the question signify by saying, "Aye." Opposed? Okay, we will now vote on the amendment by Mr. Bentley to increase the Budget Committee's figure of \$31,236, to \$31,395. All those in favor signify by saying, "Aye." Opposed? I declare the amendment is passed. Now we will vote on the line, Planning and Zoning, \$31,395. All those in favor signify by saying, "Aye." Opposed? I declare the line is passed as amended.

(Whereupon a recess was taken at 3:30 p. m.)

(Reconvened at 3:45 p. m.)

THE MODERATOR. Can we get the Selectmen and the Budget Committee back in here and everybody else? The next category is Damages and Legal Expenses, \$25,500.

MR. CARTER. Mr. Moderator, I'd like to move to accept the figure of \$25,500.

MR. BENTLEY. Second the motion.

THE MODERATOR. Mr. Carter moves to accept the figure of \$25,500, seconded by Mr. Bentley. Is there any discussion?

(After discussion the following ensued.)

THE MODERATOR. The question has been moved and seconded, moved by Mr. Ferland and seconded by Mrs. Casten. All those in favor of moving the question signify by saying, "Aye." Opposed? We will now go to the figure of \$25,500, for Damages and Legal Expenses if there is no further debate. All those in favor of the figure of \$25,500, signify by saying, "Aye." Opposed? I declare the category of Damages and Legal Expenses of \$25,500, has passed.

The next category is Civil Defense, \$1,275.

MR. CARTER. Mr. Moderator, I would like to move that we accept the figure of \$1,275.

MR. BENTLEY. Second the motion.

THE MODERATOR. Mr. Carter moves to accept the figure as printed, seconded by Mr. Bentley. Is there any discussion? If not, all those in favor signify by saying, "Aye." Opposed? I declare the category of Civil Defense of \$1,275, is passed.

The next line is Health Department including hospital and ambulance.

MR. CARTER. Mr. Moderator, I would like to move the figure of \$206,129, and when there is a second, I will explain.

MR. GERRISH. I will second it.

MR. CARTER. My understanding is you're going down the yellow page?

THE MODERATOR. Right.

MR. CARTER. At this time I would like to explain the figure of \$206,129.

THE MODERATOR. Wait a second. Okay, we're on the yellow pages, page 10-C. The next line we're going to is the Health Department including hospital and ambulance, \$206,129. It is moved by Mr. Carter that we accept the figure, seconded by Mr. Gerrish, and now we will have an explanation.

(After discussion the following ensued.)

THE MODERATOR. Alright. That line in the yellow pages is found on page 7 and page 14 in the white pages, and Mr. Carter is suggesting we talk about the one on page 14 first, and then go back to page 7. Mr. Cote, do you want to explain the Ambulance Budget?

CHIEF COTE. Well, I would like to amend the Ambulance Budget from \$167,629, to read 173041, \$173,041. That's the 6.5 cost of living.

THE MODERATOR. Is there any second? Seconded by Mr. Katsakiores. Now is there any discussion on the Ambulance Budget?

(After discussion the following ensued.)

THE MODERATOR. Okay, the question has been moved by Mr. Ferland and seconded by Mrs. Woodside. All those in favor of moving the question signify by saying, "Aye." Opposed? I declare the motion is passed. We will now go to the ambulance part of this on page 14, and Mr. Cote has moved to amend the article to read, the figure to read \$173,041. All those in favor of amending that signify by saying, "Aye." Opposed, "No." I declare the amendment has passed. Now we will go back to page 7 under Health Department.

(After discussion the following ensued.)

THE MODERATOR. The question has been moved and seconded. All those in favor of moving the question signify by saying, "Aye." Opposed? I declare the question is moved. We will now vote on the line Health Department including hospital and ambulance at the amended new figure which is \$211,541. All those in favor signify by saying, "Aye." Opposed? I declare the amendment is passed. We will now vote on the line as amended, Health Department including hospital and ambulance, \$211,541. All those in favor signify by saying, "Aye." Opposed? I declare that the line is passed as amended.

The next line is Vital Statistics, \$500.

MR. CARTER. Mr. Moderator, I move the \$500.

THE MODERATOR. Seconded by Mr. Woodside. All those in favor signify by saying, "Aye." Opposed? I declare the line of \$500, passed.

The next line is Sewer Maintenance, \$108,737.

MR. CARTER. I would like to move the Budget Committee figure of \$42,379, and if I receive a second, I would like to speak on it.

THE MODERATOR. No, that's the wrong one, the one above it.

MR. CARTER. In that case I would like to move the \$108,737.

THE MODERATOR. Is there a second? Seconded by Mr. Katsakiores. This is on page 19 and 20 in the white sheets.

(After considerable discussion the following ensued.)

MR. GERRISH. I am not ready to move the question yet. The Selectmen have not even proposed an amendment to take care of the salary problem that's in this thing, so for lack of something else I will amend, propose an amendment, the number of \$120,436.

THE MODERATOR. In place of \$108,737. Would you explain that?

MR. GERRISH. Yes, I turned around and adopted the Selectmen's proposal which is on page 19, which presumably includes the salary of 6½%, so it's all retirement and perhaps some other minor matters that I just can't pick out. We got the stuff at a very late date in the budget process, and it was difficult to put it all together.

THE MODERATOR. Do one of the Selectmen want to second the amendment?

MR. TOMPKINS. Mr. Moderator, I wasn't able to hear what the amendment was.

MR. GERRISH. Okay, I will try it again. I propose that we accept the number of \$120,436, to the Waste Water Department's Budget. The number is simply the sum proposed by the Board of Selectmen. Since no member of the Board of Selectmen was about to propose an amendment to include the salaries, etc., they were not in the original budget.

THE MODERATOR. Why you're saying, Scott, is this is what the Selectmen wanted?

MR. GERRISH. This is what they wanted at one point in time.

THE MODERATOR. They're not saying anything now.

MR. GERRISH. If no one is willing to second the motion, I am certainly willing to withdraw it.

THE MODERATOR. Seconded by Mrs. MacKinnon. Mr. Gerrish moves to amend the total of the budget as shown by the Budget Committee \$108,737, to read \$120,436, which he says was your proposal to start with. Is there any discussion?

MR. GERRISH. Yes, I will make some suggestions. If they are able to follow what I am doing, I would be happy to withdraw my motion.

THE MODERATOR. They're having trouble hearing you through the mikes. They can't hear you to understand it.

MR. GERRISH. Let me shout to you. I'll put the mike someplace, Mrs. Casten. I'll try again. I just added up these numbers here. Let me withdraw the motion.

THE MODERATOR. Will you withdraw the second?

MRS. MAC KINNON. Yes.

THE MODERATOR. Who's doing what?

MR. GERRISH. They're going to make a motion. They supposedly know what they're doing now.

THE MODERATOR. Maybe.

MR. CARLTON. I guess basically what this would be would be to take the Selectmen's Budget and take out the Bond Service and Interest.

THE MODERATOR. Mr. Carlton moves that we amend the figure of \$108,737, to read \$228,684., seconded by Mrs. Conroy. Is there any further questions?

(After considerable discussion the following ensued.)

THE MODERATOR. The question has been moved by Mr. Carlton, seconded by Mrs. James. All those in favor signify by saying, "Aye." Opposed? Okay, now we are going to vote on Sewer Maintenance, that line in the yellow page on 10-C as amended which will read \$228,684. All those in favor signify by saying, "Aye." Opposed, "No." I will take a hand vote. All those in favor

raise your hand. All those opposed.

(The results of the hand vote were "Yes" 42 and "No" 54.)
the moderator. I declare the amendment was defeated. We are now back to the \$108,738.

MR. KATSAKIORES. I would like to get a figure from someone with regard to how much we can adjust the salary now to conform with the 6.5. All I'm asking is for someone to give me the figure to conform with the 6.5.

MR. CARLTON. I guess I would like to make another motion to raise the Budget Committee's to \$121,836.

MR. CARTER. I'll second that.

THE MODERATOR. Mr. Carlton moves to amend the Budget Committee's figure to read \$121,836, seconded by Mr. Carter.

MR. CARLTON. I'll just explain what I've done. I've taken the Town figure proposed and I've taken out the Debt Service and I've taken out the pick-up because I understand the pick-up is shown some place else, and evidently everybody wanted the budget, wanted Debt Service to only show once and not twice.

THE MODERATOR. Are there any other questions?
(After discussion the following ensued.)

THE MODERATOR. If there is no further discussion, I will take a vote on the amendment. The amendment is to increase the figure under Sewer Maintenance to read \$121,836. All those in favor signify by saying, "Aye." Opposed, "No." I declare the amendment has passed. Now we will vote on the amendment, on the line as amended, Sewer Maintenance, \$121,836. All those in favor - I don't care. May, sit down. We're voting on Sewer Maintenance at the amended figure of \$121,836. All those in favor signify by saying, "Aye." Opposed? I declare the category passed as amended.

It now being five o'clock, I will declare the meeting adjourned - - - recessed until Tuesday night at 7 p. m.

(Whereupon the Town Meeting was recessed until March 21, 1978, at 7 p. m.)

PROCEEDINGS

March 21, 1978

Tuesday 7:00 p. m.

Grinnell School Auditorium
Derry, New Hampshire

THE MODERATOR. The next order of business in the yellow pages on page 10-C in the budget is: Town Dump & Garbage Removal, \$42,379.

MR. CARTER. Mr. Moderator, I move that that be accepted at \$42,379.

MR. KATSAKIORES. Seconded.

THE MODERATOR. It has been moved and seconded that the sum of \$42,379 be accepted.

MR. CARTER. Mr. Moderator, if I may, I would like to explain the differences in 18 and 1 in the salaries. The difference is this, that the Budget Committee is recommending a six months of the recycling director at \$5,002. That is on page seven of the white sheets.

MR. BENTLEY. Mr. Moderator, Bill, I would like to ask, in this figure have you increased that to 6.5 for the Town?

MR. CARTER. No, I haven't. I am sorry.

MR. BENTLEY. Mr. Moderator, I would like to make an amendment to Mr. Carter's motion to increase that budget, I haven't figured out the amount, to bring it up to 6.5% for the employees. The total with the increase would be \$43,264, an increase of \$885 from the Figure Mr. Carter gave us.

THE MODERATOR. Mr. Bentley has moved to amend the line of Town Dump & Garbage Removal to read \$43,264. Is there a second?

MR. TOMPKINS. Seconded.

THE MODERATOR. Seconded by Mr. Tompkins. Is there any question: If not, all those in favor of the amendment signify by saying "Aye". Opposed? I declare that the amendment is passed. Now we will vote on the line as amended, Town Dump & Garbage Removal, \$43,264. All those in favor signify by saying "Aye". Opposed? I declare the category is passed as amended.

The next line, Town Maintenance - Summer & Winter, \$310,274.

MR. CARTER. Mr. Moderator, I move that figure be accepted.

MR. KATSAKIORES. Seconded.

THE MODERATOR. It has been moved by Mr. Carter that we accept the figure as printed, seconded by Mr. Katsakiores. Mr. Bentley.

MR. BENTLEY. Mr. Chairman, I will have to keep rising as these categories come up because the 6.5% addition to all of the salaries that we have agreed upon in the past we should carry through and will have to figure out the 6.5% on this particular salary, and that will be the only increase that I know of. The figure given to you by the Budget Committee was \$310,274. The Board of Selectmen recommends \$310,428, a \$200 difference.

THE MODERATOR. The difference in these lines?

MR. BENTLEY. There is a difference in the lines. If you have your white sheets in front of you, you will notice that under 20-3, Hired Equipment, the Selectmen have or did put in \$45,581. The Budget Committee increased that to \$57,581. And I am quite sure that was for snow removal and things of that nature. But the total that we are interested in is \$310,428 which will include the 6.5% increase for the mens' salaries. I would like at this time, Mr. Moderator, to move to amend the Budget Committee's figure of \$310,274 to \$310,428.

THE MODERATOR. Is there a second?

MRS. CONROY. I will second it.

(After discussion on this item the following ensued.)

THE MODERATOR. Mr. Bentley, do you wish to withdraw your amendment?

MR. BENTLEY. I will withdraw my amendment.

THE MODERATOR. Mrs. Conroy, do you want to withdraw the second to the amendment?

MRS. CONROY. Yes, I will.

THE MODERATOR. Somebody make a motion. Mr. Carlton, do you wish to amend this figure?

MR. CARLTON. Mr. Moderator, if I could move that we amend the Budget Committee figure to include the added hired equipment and cost of living for the employees at \$322,428.

THE MODERATOR. Is there a second?

MRS. CONROY. I will second it.

THE MODERATOR. Seconded by Mrs. Conroy. Any discussion?

(After discussion on this item the following ensued.)

THE MODERATOR. Any further discussion? If not, all those in favor of the amendment to increase the figure of Town Maintenance - Summer & Winter to \$322,428 signify by saying "Aye". Opposed "No". I declare that the amendment is passed.

We will now vote on Town Maintenance - Summer & Winter as amended to \$322,428. All in favor signify by saying "Aye". Opposed, "No". I declare the category, Town Maintenance - Summer & Winter has passed as amended.

The next line or category, Street Lighting, \$76,100.

MR. CARTER. Mr. Moderator, I move that that be accepted as printed.

MR. KATSAKIORES. Seconded.

THE MODERATOR. It has been moved by Mr. Carter that the line, Street Lighting, \$76,100 be accepted as printed. Seconded by Mr. Katsakiores. Seconded by Mrs. Campbell.

MR. DAVIS. I don't know if this is appropriate at this time, but I would like to know if we could have a motion that each person speaks only once on each article or each line or each category, whatever you want to call it. I think we did this last year and it really, you know, moved things along quite nicely.

THE MODERATOR. Is there a second?

MR. ZOLLA. Seconded.

THE MODERATOR. I will entertain that motion now because it takes precedence over what we are doing as far as setting the procedure. All those in favor of allowing - - -

MR. CARTER. I Have a question on it.

THE MODERATOR. Mr. Carter.

MR. CARTER. Would that be if the Selectmen spoke once, Mr. Bentley spoke once, if it would be necessary for him to speak twice, he can't speak?

THE MODERATOR. No. If this passes, my interpretation will be that if somebody up here is asked a question they certainly can answer the question. But if they then go on to speak for or against it, I think that is out of line. But if this passes. All those in favor of allowing the body to speak once on an issue and once only, signify by saying "Aye". Opposed "No". The motion is defeated.

Is there any discussion on Street Lighting, \$76,100. Mr. Katsakiores.

MR. KATSAKIORES. I would like to ask the question of the Selectmen at this point with regard to the plans they might have considered or discussed with regard to the possibility of reducing this account by having certain numbers of lights cut out. Was any thought given to that? Have you ever discussed it with Public Service Co.?

MR. BENTLEY. No, we haven't.

MR. KATSAKIORES. Do you think there is a possibility we could consider it?

MR. BENTLEY. There is always a possibility for considering it. I just don't want to be in the neighborhood where you shut the lights out.

THE MODERATOR. Any other discussion? If not, all those in favor of the line: Street Lighting, \$76,100 signify by saying "Aye". Opposed "No". I declare the category as passed.

The next line: General Expenses of Highway Department, \$304,534.

MR. CARTER. Mr. Moderator, I move that it be accepted as printed.

MR. KATSAKIORES. Seconded.

THE MODERATOR. Seconded by Mr. Katsakiores.

MR. CARTER. Mr. Moderator.

THE MODERATOR. Yes, Bill.

MR. CARTER. I would just like to explain that that is the same figure as what the Board of Selectmen had proposed. But when you see 22-25, which is the last line they had \$145,072, we had \$206,501. That is still the same for the reason that the Selectmen had in there proposals under Revenue Sharing, the balance of the money. What the Budget Committee did was combined the two figures and placed them there. So the figures as I understand it is exactly the same as was presented by the Board of Selectmen and the Highway Department.

(After discussion on this item the following ensued.)

THE MODERATOR. Any other questions? If not, all those in favor of the category, General Expenses of Highway Department, \$304,534 signify by saying "Aye". Opposed? I declare the category has passed.

The next category, Town Road Aid, \$8,955.

MR. CARTER. Mr. Moderator, I move we accept it as printed.

MR. BENTLEY. Seconded.

the moderator. Moved by Mr. Carter that we accept the category as printed. Seconded by Mr. Bentley. Is there any question?

(After discussion on this item the following ensued.)

THE MODERATOR. Is there any question or discussion on this? If not, all those in favor of Town Road Aid, \$8,955 signify by saying "Aye". Opposed? The "Ayes" have it. I declare the category is passed.

The next line, Libraries, \$45,810.

MR. CARTER. Mr. Moderator, I move we accept that figure.

MRS. DI MARZIO. Seconded.

THE MODERATOR. Seconded by Mrs. DiMarzio, that we accept the category, Libraries, \$45,810. Mr. Carter.

MR. CARTER. Yes. I would just like to explain the differences in the amount of money and the reason the Budget Committee is higher is not because of a higher budget, it is simply because it appeared that the Libraries had submitted a budget on a net basis, in other words, allowing for revenues to come in and be expended. And what we did was increase the figure on a gross basis so it showed all revenues coming in and the expenditures. We did not increase the lines; they are spending the same amount of money, but with the revisions in the law this year we felt that it had to be on a gross basis. So we are recommending more money to allow for this.

(After discussion on this item the following ensued.)

THE MODERATOR. We will vote on the question of Libraries, \$45,810. All those in favor signify by saying "Aye". Opposed "No". I declare the category is passed.

Next under Public Welfare, Town Poor, \$35,000. Mr. Carter.

MR. CARTER. I would move that it be accepted as printed.

MRS. CONROY. I will second it.

THE MODERATOR. Seconded by Mrs. Conroy. Mr. Carter moved that we accept it as printed. Any question? If not, all those in favor signify by saying "Aye". Opposed? I declare the category Town Poor, \$35,000 as passed. Next category, Old Age Assistance, \$25,000. Mr. Carter.

MR. CARTER. I would move that we accept it as printed.

MR. NEWELL. Seconded.

THE MODERATOR. Seconded by Mr. Newell. Any discussion? If not, all those in favor of Old Age Assistance, \$25,000, signify by saying "Aye". Opposed? I declare the category is passed as printed.

Next line is, Recreation, \$135,329.

MR. CARTER. Mr. Moderator, I move that we accept the figure of \$135,329.

MR. KATSAKIORES. Seconded.

THE MODERATOR. Mr. Bentley.

MR. BENTLEY. Mr. Moderator, I would like to amend that figure and add \$1,050 to add in the 6.5% and it is now \$136,379.

THE MODERATOR. Is there a second?

MR. CARTER. I will second that.

MR. BENTLEY. I am in error in the figure. I would like to present a new figure. The Budget Committee's figures are \$135,329, the Selectmen's figure is \$145,509. That is the figure I recommend.

MRS. CONROY. I will second that.

THE MODERATOR. Any discussion or question? Mr. Cox.

MR. COX. Mr. Moderator, Mr. Ed. Garone was going to be here tonight to recommend that that figure be increased by \$3,420 for the construction of a new ball field over at South Range School.

THE MODERATOR. What, to the \$145,000?

MR. COX. Three thousand dollars.

THE MODERATOR. I know. But I mean to the \$145,509?

MR. COX. Yes.

THE MODERATOR. Hold it, Gerry, first we would have to vote on this. If they accept this you can amend this, if you want. We already have one amendment on the Floor to move it to this.

(After discussion on this item the following ensued.)

THE MODERATOR. Is there any further discussion. If not, all those in favor of the figure of \$145,509, all those in favor of the amendment which would read, the Recreation at the amended figure of \$145,509 signify by saying "Aye". Opposed "No". I will take a hand vote. All those in favor signify by raising your hands.

(Hand count taken)

THE MODERATOR. All those opposed?

(Hand count taken.)

THE MODERATOR. The total on the amended figure was "Yes" 98, "No" 34. I declare the amendment as passed. We are now working with the figure of \$145,509.

MR. TOMPKINS. Mr. Moderator.

THE MODERATOR. Mr. Tompkins.

MR. TOMPKINS. I would rise to amend that figure to \$147,509 by changing the line 28-6 by adding \$2,000 to match the Budget Committee's figure.

MRS. CONROY. I will second that.

THE MODERATOR. Seconded by Mrs. Conroy. Does everybody understand that \$2,000 figure was for the Meals-On-Wheels. We have already been through it. Everybody understand? All those in favor of amending that to \$147,509 raise your hand. All those opposed? I declare the amendment has passed. We are now working with \$147,509. Mr. Cox.

MR. COX. Mr. Moderator, I move that figure be increased by \$3,240, and I will be happy to explain that it is for the construction of a ball field at South Range School.

THE MODERATOR. Is there a second?

MR. GARONE. Seconded.

(After discussion on the amendment the following ensued.)

THE MODERATOR. Any other questions? If not, all those in favor of amending the figure of \$147,509 to read \$148,749 signify by saying "Aye". Opposed "No". Wait a second, those figures aren't right. I thought we were up

to \$147,509 with the Meals-On-Wheels. That passed. We are at \$147,509, you want to add \$3,240, right. That should read, \$150,749. We will take the vote over. All those in favor signify by saying "Aye". Opposed "No". All those in favor, raise your hands.

(Hand count taken.)

THE MODERATOR. All those opposed?

(Hand count taken.)

THE MODERATOR. Yes, 79, No, 72.

MR. CARTER. I think it should be done again.

THE MODERATOR. You think it should be done again. Okay. I have the total "Yes", 79, "No" 72. I have been requested to have another count. I will honor that request. All those in favor, would you please stand?

(Standing count taken.)

THE MODERATOR. All those opposed, please stand.

(Standing count taken.)

THE MODERATOR. On a standing vote, "Yes", 92, "No" 84. I declare the amendment is passed.

We will now vote on the line as amended, Recreation, \$150,749. All those in favor, raise your hands. We are voting on the Budget now as amended to \$150,749.

(Hand count taken.)

THE MODERATOR. Those opposed?

(Hand count taken.)

THE MODERATOR. The vote is, 101 "Yes", 56 "No". I declare the category is passed as finally amended, \$150,749.

The next line is Municipal Water — Electric Utilities, \$198,059.

MR. CARTER. Mr. Moderator, I move we accept it as printed.

MR. KATSAKIORES. Seconded.

THE MODERATOR. Mr. Bentley.

MR. BENTLEY. Mr. Moderator, I would like to amend the Budget Committee's figure of \$198,059 to read, \$161 - - - Hold it. I got my figures all mixed up. I recommend a figure of \$214,649 for the Water Department's Budget.

THE MODERATOR. And is there a second?

MRS. CONROY. I will second it.

THE MODERATOR. Seconded by Mr. Bruno.

(After discussion on this item the following ensued.)

THE MODERATOR. Any other discussion? If not, all those in favor of amending line, Municipal Water — Electric Utilities to read \$214,649 signify by saying "Aye". Opposed? I declare the amendment is passed. We will now vote on the line as amended, Municipal Water — Electric Utilities, \$214,649. All those in favor signify by saying "Aye". Opposed "No". I declare the category is passed as amended.

The next line, Cemeteries, \$30,550. You will find that on page 12 of the white sheets.

MR. CARTER. Mr. Moderator, I move we accept it as printed.

MR. BENTLEY. Second the motion.

THE MODERATOR. Mr. Carter moves we accept the line as printed, seconded by Mr. Bentley. Any question or discussion? Mr. Bentley.

MR. BENTLEY. I just anticipate that probably somebody is going to ask a question about the 65% on this just as they did on the Library. But the Trustees of the Cemetery have full charge of that. They present their Budget to the Selectmen for presentation to the Budget Committee. And whether or not they have included that or not, this is the amount of money they have asked for to operate their cemetery for the year.

MR. PELLETIER. Move the question.

THE MODERATOR. Let's just vote. If there is no other discussion, all those in favor of the line, Cemeteries, \$30,550 signify by saying "Aye". Opposed "No". I declare the category is passed as printed.

The line under, Debt Service, Principal & Long Term Notes & Bonds, \$153,000.

MR. CARTER. I move we accept it as printed.

MR. BENTLEY. Seconded.

THE MODERATOR. Seconded by Mrs. Mackinnon. Any discussion? Mr. Tompkins.

MR. TOMPKINS. Mr. Moderator, I would like to make an amendment to that. That we reduce that category by \$6,830 for a total of \$146,170.

THE MODERATOR. You are reducing it, you mean, to \$146,170?

MR. TOMPKINS. Correct.

THE MODERATOR. Is there a second?

MRS. CONROY. Seconded.

THE MODERATOR. Seconded by Mrs. Conroy.

(After discussion of the amendment the following ensued.)

THE MODERATOR. Any further discussion? If not, all those in favor of reducing the figure from \$153,000 to now read \$146,170 signify by saying "Aye". Opposed? I declare the amendment is passed. We will now vote on the line as amended, Principal & Long Term Notes & Bonds, \$146,170. All those in favor signify by saying "Aye". Opposed "no". I declare the category is passed as amended.

The next category, Interest, Long Term Notes & Bonds, \$26,079. Mr. Carter.

MR. CARTER. I move we accept it as printed.

MRS. CAMPBELL. Seconded.

THE MODERATOR. Any questions? If not, all those in favor signify by saying "Aye". Opposed? I declare the category is passed as printed.

The next line, Interest on Temporary Loans, \$130,000. Mr. Carter.

MR. CARTER. Move we accept it as printed.

MR. BENTLEY. Seconded.

THE MODERATOR. Mr. Bentley seconded the motion. Any questions? All those in favor of the Category, Interest on Temporary Loans, \$130,000, signify by saying "Aye". Opposed? I declare the category is passed as printed.

The next line under Capital Outlay, Parking Lots, \$10,000. Article#41. Mr. Carter.

MR. CARTER. Yes. I would move at this time that we move to Article 41 in the Warrant Articles.

MR. BENTLEY. Second the motion.

THE MODERATOR. Move by Mr. Carter that we proceed to Article 41 on the Warrant, seconded by Mr. Bentley. All those in favor signify by saying "Aye". Opposed? I declare the motion is passed.

Article -41: To see if the Town will vote to authorize the Selectmen to withdraw the sum not to exceed \$10,000 from the Parking Lot Capital Reserve for the purpose of developing and paving parking lots, and pass any vote relating thereto.

MR. CARTER. I move we accept it as printed.

THE MODERATOR. Mr. Carter moves we accept Article 41 as printed.

MR. BENTLEY. Second the motion.

THE MODERATOR. Any question or discussion? If not, all those in favor of Article 41 signify by saying "Aye". Opposed? I declare Article #41 as passed. Next line, Highway Equipment, \$41,580.

MR. CARTER. Move we accept it as printed.

THE MODERATOR. Mr. Carter moved we accept it as printed.

MRS. CAMPBELL. Seconded.

THE MODERATOR. Seconded by Mrs. Campbell. Mr. Carter.

MR. CARTER. In this amount is one dump truck equipped with plows, \$25,000. That is a heavy type dump truck the Highway Department has. It is on page 15 of the white sheets, if you are following along. There is a one ton dump truck with a plow, \$10,000. There is a tow sweeper for \$3,500, atypewriter for \$600, two radios, I believe one was for the truck and one for the sidewalk plows, that cost \$2,480. That is what is included in that figure.

THE MODERATOR. Any questions?

FROM THE FLOOR. Move the Question.

THE MODERATOR. If not. All those in favor of the line, Highway Equipment, \$41,580, signify by saying "Aye". Opposed? I declare the article - the line as passed.

The next line, Radios, \$1,800. Mr. Carter.

MR. CARTER. Move we accept it as printed.

MR. BENTLEY. Seconded.

THE MODERATOR. Any questions? Mr. Carter.

MR. CARTER. That is just for three portable radios. That would be on page fifteen. Three portable radios, \$1,800.

THE MODERATOR. Any questions? If not, all those in favor signify by saying "Aye". Opposed? I declare the line is passed.

Next line, Pickup Truck (Sewer Dept), \$9,350. I assume you find that on page 15 also. Mr. Carter.

MR. CARTER. I move we accept that as printed.

MR. BENTLEY. Seconded.

THE MODERATOR. Any questions? Bill, you have an explanation for that?

MR. CARTER. Just a pickup truck I believe with a plow and a tilt body for the sewer department.

THE MODERATOR. Any questions? If not, all those in favor of the line, Pickup Truck (Sewer Dept.), \$9,350 signify by saying "Aye". Opposed "No". I declare the line is passed as printed.

The next one you guys didn't leave any money. That is just what was spent last year. The last item is Cash Register. The next item is Cash Register, \$3,335. Mr. Carter.

MR. CARTER. I would move that we accept it as printed.

MR. BENTLEY. Seconded. That is for the Tax Collector's Office.

THE MODERATOR. Mrs. Campbell.

MRS. CAMPBELL. I would like to amend that for two cash Registers for \$6,670.

MR. TOMPKINS. Seconded.

THE MODERATOR. It was moved by Mrs. Campbell that we amend that to \$6,670 and in effect purchasing two cash registers instead of one. Want to explain it?

MRS. CAMPBELL. I checked with Mrs. Buffum about this and she had put in for two cash registers, and she said that one wouldn't be of any use, but that she would like two. She doesn't want one. So I told her that I would ask for two cash registers.

(After further discussion on the amendment the following ensued.)

THE MODERATOR. If there is no further discussion, all those in favor of the amendment to increase the line Cash Registers to \$6,670 signify by saying "Aye". Opposed "No". I declare the amendment is passed. We will now vote on the line Cash Registers as amended, \$6,670. All those in favor signify by saying "Aye". Opposed "No". I declare the line is passed as amended. We will now recess for ten minutes.

(Whereupon the Town Meeting was recessed for ten minutes.)

THE MODERATOR. I will now call the meeting back to order. We have one other line to act on in this part of the Budget or in the Budget. It is about the sixth line from the top, Employees' Retirement & Social Security, \$87,000.

MR. BENTLEY. I move that that figure be accepted.

THE MODERATOR. Mr. Bentley moves that the figure be accepted.

MR. KATSAKIORES. Seconded.

THE MODERATOR. Mrs. Campbell.

MRS. CAMPBELL. I move we change it to read \$89,001. That is because of the 6.5% increase.

THE MODERATOR. Mrs. Campbell moves that we amend that figure to read \$89,001.

MRS. CONROY. Seconded.

THE MODERATOR. Seconded by Mrs. Conroy.

MR. BENTLEY. This would take into consideration that 6.5% increase we have had all the way along.

THE MODERATOR. Any question? All those in favor of the amendment signify by saying "Aye". Opposed? I declare the amendment is passed. We will now vote on that line, Employees' Retirement & Social Security at the amended figure of \$89,001. All those in favor signify by saying "Aye". Opposed? I declare the line passed as amended. Mr. Bentley.

MR. BENTLEY. I move that we accept the Budget as amended of \$3,170,074. MR. KATSAKIORES. Seconded.

THE MODERATOR. It has been moved and seconded that we accept the Budget as amended with a total figure of \$3,170,074. All those in favor signify by saying - - -

MR. WATTS. Mr. Moderator.

THE MODERATOR. Mr. Watts.

(Following statements by Mr. Watts and Mr. Carter the following ensued.)

THE MODERATOR. If there is no further discussion? All those in favor of the Total Budget Figure of \$3,170,074 signify by saying "Aye". Opposed, "No". I declare the Budget is passed at \$3,170,074. Mr. Carter.

MR. CARTER. If you will turn to the Revenue side of the yellow pages, I would like to make the following adjustments. That the total revenues from all surces, except property taxes, now reads, \$2,278,941. The line below that amount to be raised by taxes will be, instead of \$792,844, would read, \$891,133. And the total Revenues, \$3,170,074.

THE MODERATOR. Do you move we accept that figure of - - -

MR. CARTER. I would move that we adjust the Revenue side accordingly, with those figures.

MR. BENTLEY. Second the motion.

THE MODERATOR. All those in favor of those adjustments signify by saying "Aye". Opposed? I will note that those are the adjusted figures.

The next article, we will return to the Warrant Articles.

MR. COOPER. Mr. Moderator, I would like to make a motion that we consider Article 24 first.

MRS. WOODSIDE. Seconded.

THE MODERATOR. It has been moved and seconded that we take up Article 24 at this time. All those in favor, "Aye". Opposed? We will now take up Article #24.

MR. PAYNE. I would like to move we adopt Article 24 as written.

MRS. CONROY. I will second it.

THE MODERATOR. It was moved by Mr. Payne that we adopt Article 24 as written. Seconded by Mrs. Conroy.

Article 24. To see if the Town will vote to adopt a Growth Rate Control ordinance as follows: In view of the inability of the Town of Derry to adequately provide needed public services to scattered and/or premature residential subdivisions, and in order to allow adequate time for said Town to revise the Master Plan so as to accommodate development of residential subdivisions consistent with the resources of said Town, the Building Inspector shall not issue permits for new residential construction on more than four lots within any one development until March 14, 1979.

MR. WOODSIDE. Mr. Moderator.

THE MODERATOR. Mr. Woodside.

MR. WOODSIDE. Point of order. The article is out of order in that it appeared on the Ballot and it was voted on at the first session of the Meeting. If this article is in order at all it should be a motion to reconsider the vote taken on March 14th. Therefore, I would ask at this time that the Moderator rule whether this article is legal or illegal.

THE MODERATOR. We have discussed this and it is my opinion that this is legal. There were two petitions on this one for an ordinance, the zoning ordinance and one for a petition in this manner right here. Mrs. DiMarziom

MRS. DI MARZIO. I discussed this Article with the Town Counsel, Louie Soule. The wording is slightly changed. However, it is the same article. Whether you are for or against I don't think at this time is important. But what I do want to remind you is that this particular article by a little bit of change in the words was defeated 1,228 to 910 by ballot at Town Meeting. Now, I am sure that the people who voted on this Article, most of them are not here tonight because they felt sure that the Article that they voted on, that they would stand as they were. And I would ask you to defeat this Article.

MR. CARTER. Mr. Moderator.

THE MODERATOR. Mr. Carter.

MR. CARTER. I would like to move that we indefinitely table this article.

MRS. WOODSIDE. I will second the motion.

THE MODERATOR. It is a two-thirds vote. It has been moved and seconded that we table this article at this time. All those in favor raise your hand. All those opposed to laying this on the table, raise your hand. (Hand count taken by appointed tellers.)

THE MODERATOR. On the motion to lay on the table, "Yes", 99, "No" 77. This requiring a two-thirds vote, I declare the motion to lay on the table is defeated.

FROM THE FLOOR. Wait a minute. Where is the two-thirds to lay on the table requires a two-thirds vote. You didn't say that.

THE MODERATOR. Well, it doesn't matter.

FROM THE FLOOR. Point of order. I will move to overrule the Moderator. I move we overrule the Moderator. Absolutely, you are out of order.

THE MODERATOR. It requires a two-thirds vote. There is no question of being out of order.

(After further discussion on the motion the following ensued.)

MR. KATSAKIORES. I move that we indefinitely postpone.

THE MODERATOR. It takes a majority vote. All those in favor of indefinitely postponing signify by raising your hand. All those opposed to indefinitely postponing this article.

(Hand count taken by appointed Tellers.)

THE MODERATOR. Now that all the dust has cleared. On the motion to postpone indefinitely, "Yess" 108, "No" 70. I declare the motion is passed.

MR. CARTER. Mr. Moderator, I move that we take up Article 29 at this time.

MR. WOODSIDE. Seconded.

THE MODERATOR. It has been moved and seconded that we take up Article 29 at this time. All those in favor signify by saying "Aye". Opposed. We will now take up Article 29.

Article 29. To see if the Town will vote to convey a portion of the land devised to the Town by the late Harrison Alexander to the Alexander-Eastman Hospital, or to effect an exchange of land between the Alexander-Eastman Hospital and the Town of Derry, further, to instruct the Selectmen as to the terms upon which the conveyance or transfer of land shall take place and to authorize the Selectmen to take appropriate legal action to effect any vote taken hereunder.

Mr. MacDonald.

MR. MACDONALD. Mr. Moderator, my name is Edward MacDonald, I am a Trustee at the Alexander Eastman Hospital. I request that Mr. Robinson who is the Administrator of the Hospital, but a non-voter in this Town, be allowed to address this question.

THE MODERATOR. I will have to just ask the people. All those in favor of having Mr. Robinson speak on this issue, raise your hands please. Opposed. Okay, Mr. Robinson.

MR. ROBINSON. Mr. Moderator, ladies and gentlemen, I wish to a thank you for your courtesy in allowing me to speak.

(After lengthy discussion on the Article the following ensued.)

MRS. GAINES. It is kind of ironic that the Hospital want a piece of property that should have had tennis courts built on it two years ago, but I would like to make an amendment to the Article.

FROM THE FLOOR. Point of order. If I remember correctly we moved to take the article up, it got read and people started speaking. You never moved to accept it as such, as printed or otherwise. So I am wondering how we can have an amendment to it.

THE MODERATOR. Wasn't it moved?

MRS. DI MARZIO. I will move to accept Article 29 as read. The moderator. Moved by Mrs. DiMarzio to accept it as read. Seconded by Mr. Woodside. Now, Karen.

MRS. JAMES. I would like to make this amendment because I am in favor of the hospital expanding and everything and I am in favor of the tennis courts, but also I also feel that we should come back as a Town such as I am not in favor of town meetings at times, but I feel we should come back and have the final decision on this. I would like to see the proposals of the Selectmen, what land they are deciding to barter off or give or whatever. So I would like to amend it to that, we follow the suggestions as per se of the article and bring the final findings back for decision of the Town Meeting.

MR. FOUCHER. Mr. Chairman, Seconded.

(After further discussion concerning the amendment the following ensued.)

THE MODERATOR. All those in favor of moving the question signify by saying "Aye". Opposed? We will now go to the Article as amended. This is rough, but as long as we understand the intent of the amendment . . . It was, that after they reach a decision that they would come back to another annual town meeting to get approval by the voters on any transaction of land, transfer or what have you. Mr. Cox.

MR. COX. Mr. Moderator, I would like to raise another point of order, if I may.

THE MODERATOR. Yes.

MR. COX. I would like you to seek legal opinion on the warrant as it is drafted to see if this body of people has been properly warned as to what action they were going to vote on this evening.

MR. SOULE. I hope so because I did it, Gerry.

MR. COX. I know you did. I just want to make sure it is specific enough.

MR. SOULE. The article that we are now discussing?

MR. COX. Right.

MR. SOULE. That was my point. The point is the Article as drawn, and I said I drew it, specifically contains the language, further to instruct the Selectmen as to the terms upon which the conveyance or transfer of land shall take place. I envisioned and thought that what would happen, there would be some negotiations, some give and take, something would be put before this meeting in concrete form. It has not happened. And that is what I addressed myself to before. No question in the world but under this article that the Selectmen has a proposal or the Selectmen had had a proposal they could have made the proposal and it could have been voted on. But I got up before to point out two things. One, the final arbiter here is going to be the Court. The other thing I want to point out is, I don't think at this point the Selectmen have got sufficient direction from this Town Meeting to do anything. And that is why I think the amendment was made, in view of the fact that there is no

concrete proposal as is the one that you are going to have to follow. And that is why I said what I said.

MRS. CASTEN. Mr. Moderator. I move the question. I still urge the body to vote against the amendment and for the article.

THE MODERATOR. Does everyone understand the amendment? In other words, whatever decision they reach they have to come back and get the vote of the Town Meeting before they can do anything with it. All those in favor of the amendment signify by saying "Aye". Opposed "No". I declare the amendment is passed.

We will now vote on Article 29 as amended. Does everybody understand that? All those in favor of Article 29 as amended signify by saying "Aye". Those opposed? I declare the Article as amended as passed.

MR. CARTER. Mr. Moderator, I would like to move to Article 40, this relates to the Budget.

THE MODERATOR. Mr. Carter moves that we move to Article 40. MR. KATSAKIORES. Seconded.

THE MODERATOR. All those in favor signify by saying "Aye". Opposed? Article 40. To see if the Town will vote to authorize the withdrawal from the revenue sharing fund and the revenue sharing surplus established under the provisions of the State and Local Assistance Act of 1972 for use as set offs against budget appropriations in the amounts indicated below and further, to authorize the Selectmen to take any other actions thereon:

Appropriations	Estimated Amount
Town Hall (new roof)	\$ 6,000.00
Highway Equipment	
(a) dump truck	25,000.00
(b) 1-ton dump truck	10,000.00
(c) tow sweeper	3,500.00
(d) typewriter	600.00
3 Portable Radios	1,800.00
Planning Board	
(update master plan)	15,000.00
Road Improvements	
(hot topping)	42,829.00
Highway Maintenan	142,150.00
Total	\$246,879.00

MRS. CAMPBELL. I move we accept it as printed.

THE MODERATOR. Mrs. Campbell moves we accept Article 40 as printed.

MR. BENTLEY. Seconded.

THE MODERATOR. Mr. Carter.

MR. CARTER. I noticed one error. It seemed to be a typographical error. If you will look at the article on Item #10 where it says Berry Street, the figure reads \$2,250, I believe it should read \$2,520, and the total will be the same.

THE MODERATOR. Mr. Adams.

MR. ADAMS. Mr. Moderator, Point of order . . . Since we have already appropriated the \$246,879 in the revenue account, what are we doing, appropriating it all over again or earmarking it?

THE MODERATOR. This is just set offs for items that are in the budget, you have already appropriated this money.

(After discussion of the Article the following ensued.)

Any further questions? If not, all those in favor of the Article 40 as printed, signify by saying "Aye". Opposed? I declare Article 40 as passed.

MRS. WOODSIDE. Mr. Moderator, I move we go to Article 16, please.

THE MODERATOR. Article 16.

MR. CARTER. Mr. Moderator, I would move that we indefinitely postpone action on this article.

MRS. WOODSIDE. I will second that.

MRS. WOODSIDE. I will second that.

THE MODERATOR. We can't act on it, why bother taking a vote?

MR. CARTER. You are showing the article came up and it was voted upon and what action.

THE MODERATOR. Some of these articles, just for your information so you will know what is going on, Article 16 cannot be acted upon by the Body, Article 14 cannot be acted upon by the Body. Article 14 cannot be acted upon because the Budget Committee did not leave any money in the budget for that, they voted it out. Article 15 we can't.

MR. SOULE. Sixteen can be. The reason, Mr. Moderator, if I may speak on that. The reason 16 can be voted on, it is my understanding it is by petition.

THE MODERATOR. But the ten percent, this would be in excess of the ten percent.

MR. SOULE. No sense voting if it isn't going to have any effect. You still couldn't raise the money. That is why I am saying, we can vote on this, but even if it passed you can't raise the money because you can't raise the total figure in the Budget more than ten percent.

THE MODERATOR. This Article in itself would raise it over ten percent. We have already raised it some hundred thousand or whatever already. So even if you pass it you can't do anything about it. So you want to move to postpone it. It has been moved to postpone it indefinitely. It has already been seconded. All those in favor signify by saying "Aye". Opposed "No". Article 16 has been postponed.

MRS. WOODSIDE. I move we take up Article 17.

MR. WOODSIDE. Seconded.

THE MODERATOR. All those in favor of moving to Article 17 signify by saying "Aye". Opposed? We will now move to Article 17. Mrs. Woodside, we are doing things now that we have no control over. We can't do anything with

it. Why bother to vote on it?

MRS. WOODSIDE. Why not bother. Just do it. I want it entered into the minutes that we acted upon the Warrant Article. I move we indefinitely postpone Article 17.

MRS. CASTEN. And I second it.

MR. WATTS. Mr. Moderator.

THE MODERATOR. Mr. Watts.

MR. WATTS. I see no reason why it cannot be acted upon.

THE MODERATOR. Mr. Soule.

MR. SOULE. For better or for worse the Selectmen and I and Town Manager went up and met with the Department of Revenue Administration. They indicated that they have taken a position that basically we needed a two-thirds vote in order to go ahead with purchase of properties. We did not get a two-thirds vote. At the same time they told us they were going to make the Town raise that sum of money by taxation. The Selectmen and the Town Manager acted intelligently and with good discretion in getting the Department of Revenue Administration to rescind that part of their order, that being so they have the authority and did act, I believe, in the best interest of the Town, given the circumstances that we faces.

(After further discussion of the Article the following ensued.)

THE MODERATOR. If there is no further discussion we will vote on the motion to postpone this Article 17 indefinitely, which reads:

Article 17, By Petition. Whereas the 1974 Town Meeting passed Article 34, appropriating \$25,000 for the acquisition of land to be used as park property for public use; and Whereas, the 1976 Town Meeting passed Article 18 for the acquisition of the Carrie White Farm and authorized the Selectmen to proceed, using the \$25,000 from 1974 and other funding, and Whereas the 1977 Town Meeting passed Article 31, appropriating \$325,000 for the purchase of the Carre White Farm, Map 5, Lot 46, and directed the Selectmen to expend these funds for the purchase; and Whereas, the Special Town Meeting of 1977 refused to reconsider Article 31 of the regular Town Meeting by a greater than two-thirds majority; now therefore let it be Resolved, that the will of the people has been clearly stated in the actions above according to due process of New Hampshire law and the selectmen are hereby ordered to boey the Town Meetings' directives without further delay.

All those in favor of postponing Article 17 indefinitely signify by saying "Aye". Opposed "No". This is the last vote of the night. All those in favor of postponing indefinitely raise your hand. All those opposed?

(Hand count take by appointed tellers.)

THE MODERATOR. On the motion to postpone indefinitely, "Yes", 51, "No" 69. I declare the motion to postpone indefinitely has failed.

MRS. IVES. Can we now act on the Article as punted? I so move.

THE MODERATOR. Mrs. Ives moves we act on the Article as printed.

MRS. WILLS. Seconded.

THE MODERATOR. All those in favor of action on Article 17 as printed signify by saying "Aye". Opposed "No". The "Ayes" have it. You want a hand vote? All those in favor of acting on the Article as printed raise your hand. All those opposed?

(Hand count taken by appointed Tellers.)

THE MODERATOR. Article 17 as printed, "Yes" 81, "No" 48. I declare the Article is passed. Mr. Bentley.

MR. BENTLEY. Mr. Chairman, since the hour is after eleven and we have several more articles to come up. I move that we recess until Thursday night at 7:00 o'clock.

MRS. CAMPBELL. Second the motion.

THE MODERATOR. Seconded by Mrs. Campbell. I declare the hearing adjourned until Thursday at 7:00 o'clock.

(Whereupon the Annual Town Meeting was herewith recessed until Thursday, March 23, 2978, 7:00 p. m.).

PROCEEDINGS

March 23, 1978
Thursday, 7:00 p. m.

Grinnell School Auditorium
Derry, New Hampshire

THE MODERATOR. I will now call the meeting back to order. I was going to start on page 5-C and start taking up the articles we haven't acted upon yet. And the next one would be Article 15, but I am going to wait a little bit until we get a few people here.

I am now going to take up Article 18.

Article 18, we can't act on.

Article 19. To see if the Town will vote to adopt the following alcoholic beverage ordinance: Do you favor the adoption of the following ordinance to prohibit the consumption of alcoholic beverages in public buildings, parks and on streets and other public property except where a public drinking permit from the Chief of Police.

Section 1. No person shall consume a liquor or a beverage as these terms are defines in RSA 175:1 in or on

(a) Town owned land including but not being limited to public roads, streets, highways and or buildings, or

(b) School District owned land or buildings or

(c) A private parking lot which is maintained primarily for the benefit of customers.

Section 2. Any violation of this ordinance shall be punishable by a fine not exceeding \$100.00.

Section 3. The invalidity of any provision of this ordinance shall not invalidate any other provision.

Section 4. Exceptions from the provisions of this ordinance may be granted by permission of the Chief of Police or his designee.

Section 5. This ordinance shall take effect upon passage.

THE MODERATOR. Do I hear any motion?

MRS. DI MARZIO. I move its adoption.

THE MODERATOR. Mrs. DiMarzio moves that we adopt it as printed.

MRS. CONROY. Seconded.

THE MODERATOR. Any questions or discussion? If there is no question or discussion I would just call for a vote on the Article. All those in favor signify by saying "Aye". Opposed "No". I declare Article 19 as passed. Mrs. DiMarzio.

MRS. DI MARZIO. I move we go to Article 28.

THE MODERATOR. We can't. We are not going to have a vote on it one way or the other. There is no effect to it. We can't appropriate any money or anything.

MRS. DI MARZIO. I understand. What I was objecting to was the working of it.

THE MODERATOR. We have already been informed that no action can be taken by legal counsel.

MRS. DI MARZIO. Would you say that to the body.

THE MODERATOR. Article 28, there is no funds in the Budget for that and we can't act upon it anyway.

(After discussion of Article 28 the following ensued.)

THE MODERATOR. I am going to rule, I am taking legal counsel's advice that it is silly to keep talking about this. We can't vote on it. Lets go on. We will be back here tomorrow night. I am not having any more debate on this Article or anything about it. Unless I am overruled by the body that is it, as far as that Article is concerned.

MR. WOODSIDE. Any other article that is in here that we cannot take any action on? If so, we should state it now so we won't have anymore discussion on these articles.

THE MODERATOR. As we go through them, anytime I am told by legal counsel we can't act on them I am not going to act on them, unless I am overruled by the body. Plain and simple. We are going back now to page 5-C. Article 15, we cannot appropriate this money, but I am going to read it. We have letters from the State which they request we read at this meeting, instruct us to read at this meeting. So we don't have to debate it, but the body has to be aware of the letters we have.

Article 15. To see if the Town will vote to raise and appropriate the sum of \$331,300 for the purpose of preparing plans and specifications for additional sewerage mains and treatment facilities, such act to qualify the Town for the receipt of Federal Funds, and further to authorize the Selectmen to apply for and expend such monies as become available under the Federal Water Pollution Control Act, as amended (33 U.S.C. 1251 et. seq.), and pass any vote relating thereto.

At this time I am going to ask Mr. Bentley, Chairman of the Board, to read the letter, well, two letters actually, the follow up to the meeting to inform you of the status of this, at the request of the State of New Hampshire.

MR. PAYNE. Mr. Moderator, point of order. Don't you need a motion before you can discuss something?

MR. BENTLEY. We aren't going to vote on it. We have to read these. The State is telling us to read them.

MR. PAYNE. Yes.

THE MODERATOR. If anybody wants to, I am not opening it up for discussion. We just want to inform the people we are going to be back with a special town meeting. That is what it amounts to. We are not going to discuss it. I will have Mr. Bentley read this now, if there is no objection.

MR. BENTLEY. This is quite a lengthy letter. And if you will bear with me I will try to read it as fast and as intelligently as I can.

Board of Selectmen, 48 East Broadway, Derry, N. H. Gentlemen: The purpose of this letter is to advise you that the status of sewage disposal in the Town of Derry was reviewed at the regular meeting of the Commission on Wednesday, March 15, 1978. In this regard a copy of the staff memorandum prepared by Robert Kruse, Director of Permis and Surveillance for the Commission is attached for your information and guidance. Following consideration of the attached memorandum and a full discussion of the entire situation, the Commission unanimously voted to adopt the recommendations as set forth on page two of the document.

It was further voted that the Executive Director notify all concerned officials plus the Town Attorney, Louis F. Soule, Esquire, of the action taken in order that all parties would be completely aware of the urgent necessity for the Town to take such steps as are necessary to assure compliance with the schedule provided for in NPDES Permit No. N. H. 0100056.

It was also indicated that the subject is of such great import that the Selectmen be encouraged and urged to arrange for a reading of this communication together with the attached memorandum in their entirety at the March 18, 1978 session of the Annual Town Meeting. Very truly yours, William A. Healy, Professional Engineer, Executive Director.

The situation. At the November 9, 1977 Commission meeting the Town of Derry was issued a State permit which contained the implementation schedule as set forth in the attached letter from the EPA to the Town of Derry. The Town's implementation schedule called for the completion of final plans and specifications by June 30, 1978. Subsequent to receiving the final NPDES Permit, the Derry Selectmen, on advice of Counsel, notified the Town's Engineers to cease step two work pending the resolution of a court case which

had been brought against the Selectmen by the Budget Committee.

The Budget Committee's suit challenged the right of the Selectmen to enter into a contract with the Town's Engineers because the warrant article relating to the appropriation of step two funds had not received a two thirds majority vote.

It is evident that the Town's existing treatment facility has reached capacity. This observation is supported by our recent monitoring data and by the statements set forth in a report entitled (Determination of Loading and Capacity at Derry Waste Water Treatment Facility, June, 1978), prepared for the Town of Derry by Hoyle, Tanner & Associates, Inc.

In the referenced report, Mr. David L. Bramley, Project Engineer, concluded (Our analysis indicated that the existing stabilization pond system is operating at capacity and we recommend that no significant additional connection be allowed prior to the renovations envisioned in the Town's Facility Plan.)

Discussion. The Town of Derry is presently being sued by a group of developers all of whom claim that they should be allowed to exercise sewer connection commitments which they had obtained from the town.

It is the Staff's opinion that there is no excess capacity in the treatment facility and that to allow any further connections to the Derry Treatment System would only lead to further degradation of Beaver Brook. The staff is especially reluctant to consider additional connections to the Derry System in light of the fact that the Town will clearly fail to meet its responsibilities as set forth in the referenced implementation schedule to abate pollution to Beaver Brook.

Recommendation. It is therefore recommended: (1) That the Town of Derry be informed that no connections whatsoever to the treatment facility will be permitted in as much as the facility is presently overloaded. The classification for Beaver Brook is being violated and the downstream users of IBeaver Brook cannot legally be subjected to further degradation of those waters, and (2) That the Commission recognizing the fact that the Town of Derry will soon be in violation of State and Federal implementation schedules notify the Town in writing that enforcement action is contemplated. Such notification would be in accord with the provisions of the following: RSA 149:81. Which states in part that (In any instance when the Commission shall set a time limit for abatement of pollution under Paragraph 2, and it becomes apparent at anytime during the compliance period that full compliance with the adopted classification will not be attained by the end of such period due to the failure of any person to take action reasonably calculated to secure abatement of the pollution within the time specified, the Commission shall notify such person or persons in writing. If such person or person or persons shall fail or neglect to take appropriate steps to comply with the classification requirements within a period of thirty days after such notice, the Commission shall seek appropriate actions in the Courts of the State).

Should the Town of Derry within the next thirty days fail to take appropriate steps to comply with the implementation schedule set forth by the Commission, then the entire matter should be referred to the Office of the Attorney General for enforcement action.

THE MODERATOR. Thank you, Mr. Bentley. Mr. Carter.

MR. CARTER. Mr. Moderator, I would like to move that it be the sense of this Town Meeting to ask the Selectmen to immediately following this annual meeting to hold whatever public hearings may be necessary and to go for a special town meeting for the purpose of this discussion.

MR. BENTLEY. I second the motion.

THE MODERATOR. Seconded by Mr. Bentley. Is there any discussion on this.

(After discussion the following ensued.)

MR. QUIMBY. May I hear Mr. Carter's motion again?

THE MODERATOR. Basically it was to instruct the Selectmen to take the necessary steps to get another or to get a special town meeting to act on this Article 15. Basically that is what Bill is suggesting.

MR. QUIMBY. I would like to amend Mr. Carter's motion as follows: To also include Article 18, which is Rosses' Corner. And I have forgotten, I can't find the article for revaluation, whatever that is to include that. And I would like, if there is a second to the motion, to speak to my motion.

MRS. CONROY. Seconded.

(After further discussion of the motion and amendment the following ensued.)

THE MODERATOR. We will now vote on the resolution as amended. Does everybody understand what it now included. We are voting on the amendment which would effectively direct the Town, The Selectmen, to do whatever is necessary to cause a special town meeting with the Article 15, which is the sewer thing that we just read to start this things, and the revaluation and Article 18, which is Rosses' Corner. Those in favor of the amendment signify by saying "Aye". Opposed "No". I declare the amendment is passed. We will not vote on the Resolution as amended.

MR. CARTER. Mr. Moderator, I would like to further amend that by removing the Rosses' Corner from the motion.

MRS. CASTEN. I will second that.

THE MODERATOR. Mr. Carter moves that we delete Rosses' Corner from the Resolution. Seconded by Mrs. Casten.

(After discussion the following ensued.)

THE MODERATOR. All those in favor of cutting off debate, that is all you are doing at this time, so we can vote on the amendment. Or we are going to keep talking about it, one or the other. If you want to cut off debate, raise your hand. All right. I don't think you have to count them. All those opposed. We

will now vote on Mr. Carter's amendment to delete Rosses' Corner from the resolution. All those in favor signify by saying "Aye". Opposed "No". I declare the amendment was defeated. We will now vote on the resolution as it is amended, which would be to instruct the Selectmen to seek a special town meeting for the purposes of Article 15. Article 18, which is Rosses' Corner, and the revaluation. All those in favor signify by saying "Aye". Opposed "No". The "Aye's" have it. I declare the motion as amended passed.

The next article is Article 20. By Petition. To see if the Town of Derry will adopt the provisions of RSA 252:19, 252:20, 252:21, 252:22 which provide for a three member, elected board of sewer commissioners which would replace the Board of Selectmen in overseeing the operation of the sewer system.

Do I hear a motion?

MR. BENTLEY. I make a motion to accept it as printed.

MRS. JAMES. Seconded.

THE MODERATOR. Any discussion?

(After discussion the following ensued.)

THE MODERATOR. All those in favor of moving the question raise your hands. All those opposed? The moving the question is passed. We will now vote on Article 20. I think by the number of pros and cons on this I will take a hand vote. All those in favor of this Article, raise your hand.

(Hand count taken by appointed tellers.)

THE MODERATOR. All those opposed?

(Hand count taken by appointed tellers.)

THE MODERATOR. I declare the Article Defeated.

The next article, Article 22, Massage Ordinance. Is it necessary for me to read this whole ordinance?

MR. BENTLEY. I move you don't read the ordinance.

MRS. CONROY. Second the motion.

THE MODERATOR. It has been moved and seconded that I don't read this whole ordinance. All those in favor say "Aye". Opposed? Thank you. It has been suggested before this meeting that we might have a ballot vote on this because some of the men might not want to have to vote where they could be seen, but I don't think that is necessary. First I will entertain a motion on LArticle 22.

MR. CARTER. I move we adopt it as printed.

MRS. CONROY. Seconded.

THE MODERATOR. It was moved that we adopt Article 22 as printed, seconded by Mrs. Conroy. Is there any discussion?

(After discussion the following ensued.)

MR. DESFORGE. I would like to move that we postpone action on this until they settle their case in court and see the outcome.

THE MODERATOR. Is there a second to that? Not hearing a second I will not entertain the motion. If there is no further discussion we will vote on the

MRS. CONROY. Second the motion.

THE MODERATOR. It has been moved and seconded that I don't read this whole ordinance. All those in favor say "Aye". Opposed? Thank you. It has been suggested before this meeting that we might have a ballot vote on this because some of the men might not want to have to vote where they could be seen, but I don't think that is necessary. First I will entertain a motion on Article 22.

MR. CARTER. I move we adopt it as printed.

MRS. CONROY. Seconded.

THE MODERATOR. It was moved that we adopt Article 22 as printed, seconded by Mrs. Conroy. Is there any discussion?

(After discussion the following ensued.)

MR. DESFORGE. I would like to move that we postpone action on this until they settle their case in court and see the outcome.

THE MODERATOR. Is there a second to that? Not hearing a second I will not entertain the motion. If there is no further discussion we will vote on the article as printed. To see if the Town will vote to adopt the following ordinance relative to massages. And I don't have to read it, according to the vote, thank God. All those in favor of the adoption of this Massage Ordinance signify by, I want a hand vote on this, raise your hand. It was requested by counsel. All in favor of the adoption of this ordinance.

(Hand count taken by appointed tellers.)

THE MODERATOR. All those opposed?

(Hand count taken by appointed tellers.)

THE MODERATOR. ON the vote on Article 22, I have "Yes" 76, "No", 11. I declare Article 22 as passed.

The next article we have to vote on is:

Article 26, By Petition. To see if the residents of the Town of Derry will instruct the Selectmen of said Town to put into escrow account that portion of the Public Service Company's rate hike which represents construction work in progress for facilities not able to provide services.

MRS. JAMES. I move we accept the Article as printed.

MR. FOUCHER. Seconded.

THE MODERATOR. Mrs. James moves we accept the Article as printed. Seconded by Mr. Foucher. Is there any discussion?

(After discussion of the Article the following ensued.)

THE MODERATOR. The question has been moved. All those in favor of moving the question signify by saying "Aye". Opposed "No". I declare the question has been moved. You will now vote on Article 26. All those in favor of Article 26 raise your hand. All those opposed. I declare Article 26 is defeated.

The next article, Article 30. To see if the Town will vote to accept the

deed to Shurman Drive from East Derry Road to a point approximately 1,000 feet from that road, not including an unimproved 42 foot wide stub street right of way going easterly leading to the land of Lester B. Smith, said right of way being about 1,015 feet from East Derry Road.

MR. WOODSIDE. Mr. Moderator. I make a motion to approve.

THE MODERATOR. It has been moved by Mr. Woodside that we approve. Is there a second? Seconded by Mrs. DiMarzio. Discussion?

(After discussion of the article the following ensued.)

MR. GRINNELL. I move that the Article be amended to authorize the Selectmen to convey back to the Hardys the right of way that they do not wish to accept as set forth in this Article.

MR. BENTLEY. Seconded.

(After discussion of the amendment to the article the following ensued.)

THE MODERATOR. The amendment, as I understand it, George, is to deed back to the Hardys the unimproved section of Shurman Drive.

MR. GRINNELL. That is correct.

THE MODERATOR. I mean, just from my understanding that is the easterly side of the stub.

MR. GRINNELL. That is correct.

THE MODERATOR. The west is tarred and plowed by the Town?

MR. GRINNELL. That is correct.

THE MODERATOR. Does everybody understand now. If you vote for George's amendment it will be that the unimproved stub street off Shurman Drive on the easterly side will be given, deeded back to Mr. Hardy.

MR. PAYNE. Mr. Moderator, is this the same as release of public servitude for that section of road?

THE MODERATOR. We don't own it. All those in favor of the amendment signify by saying "Aye". Opposed "No". I declare the amendment is passed. We will now vote on Article 30. Does everyone understand that amendment? We have to take the vote on the thing as amended. All those in favor of Article 30 as amended say "Aye". Opposed? I declare Article 30 as amended is passed.

Article 31. To see if the Town will vote to accept a deed to Coburn Road as improved street for maintenance purposes.

MRS. DI MARZIO. I move we accept it as printed.

THE MODERATOR. Mrs. DiMarzio moves to accept it as printed. Is there a second? Seconded by Mr. Woodside. Is there any discussion? If not, all those in favor -- Mr. Woodside.

(After discussion of the article the following ensued.)

THE MODERATOR. Any further discussion? All those in favor of accepting Article 31 as printed signify by saying "Aye". Opposed "No". I declare that Article 31 is passed.

We will not take a ten minute recess.

(Whereupon the meeting was recessed for ten minutes.)

THE MODERATOR. I will call the meeting back to order. The next article we have to act on is Article 33.

Article 33. Whereas, that there continues to exist within the State a serious shortage of safe and sanitary dwelling accommodations at rents which elderly and low income persons can afford, and that such persons are forced to occupy substandard dwelling accommodations; and Whereas, the General Court of the State of New Hampshire has enacted Chapter 204-A of the New Hampshire Revised Statutes Annotated establishing the New Hampshire Housing Commission; and Whereas RSA 204-A:9 provides that the Commission shall not operate without the consent of the governing body of a municipality; namely, the Derry Town Meeting; and Whereas, said RSA 204-A:9 provides that consent of the governing body must be given for each project; and Whereas, under the provisions of Section 8 of the U. S. Housing Act of 1937, as amended, the United States of America, acting through the Secretary of Housing and Urban Development, is authorized to enter into annual contributions contracts with public housing agencies pursuant to which such agencies may enter into contracts to make assistance payments to owners; Now, therefore be it resolved by the Town Meeting and the Town of Derry as follows: That the New Hampshire Housing Commission be and is authorized to operate in the Town of Derry. That said New Hampshire Housing Commission is authorized to sponsor a project, under Section 8 of the U. S. Housing Act of 1937, as amended, for any of the following dwelling accommodations or a combination thereof:

- (a) Existing standard housing 100 dwelling units;
- (b) rehabilitated housing 50 dwelling units;
- (c) newly constructed housing 100 dwelling units; the total number of dwelling units authorized by this and all previous authorizations shall not exceed 150 dwelling units.

I will now entertain a motion on Article #33.

MRS. DI MARZIO. I move it be accepted as read.

THE MODERATOR. Mrs. DiMarzio moves we accept it as printed.

MR. BENTLEY. Seconded.

THE MODERATOR. Seconded by Mr. Bentley. Can we have an explanation of Article 33 for the people.

MR. BENTLEY. This is for the construction of one hundred units. This is actually several projects. The total number of 160 dwelling units. Some of these units when you accept this motion there are certain housing problems in Town that could be alleviated with this, low income and others.

THE MODERATOR. Mrs. Conroy.

MRS. CONROY. This is authorizing the Town to come in under what we refer to as Section 8 program for revenue assistance.

THE MODERATOR. Any questions on this Article?

MRS. JAMES. I would like to know exactly what 50 dwelling, 100 dwelling units, who would get this money, where is it going?

MRS. CONROY. We applied to the State for people who need assistance in paying their rent. The State pays, the Federal Government pays a certain percentage and the tenant pays the rest. And this allows those people to live in the house that ordinarily couldn't afford it.

MRS. JAMES. And this has nothing to do with building funds?

MRS. CONROY. No, no. This is a certain number of units that we are allowed to have in the Town on this program.

MR. BENTLEY. In a nutshell it is low income housing.

THE MODERATOR. All those in favor of Article 33 signify by saying "Aye". Opposed? I declare Article 33 as passed.

THE MODERATOR. Next is Article 35. To see if the Town will authorize the Board of Selectmen to make application for and to receive and spend in the name of the town such advances, grants in aid or other funds for Town purposes as may now, or hereafter be forthcoming from Federal, State, local or private agencies that would be of benefit to the Town.

MR. BENTLEY. I move we accept Article 35 as printed.

THE MODERATOR. Mr. Bentley moves that we accept Article 35 as printed. Is there a second?

MR. NEWELL. Seconded.

MR. CARTER. My only problem here is, it says in there, to receive and spend. And if that is intended to be within budgeted items I have no problem. But if it is intended for new programs or any purpose that is not in the budget, I would have a problem with it and I would like to amend it by striking out the words "and spend".

MR. WOODSIDE. Seconded.

THE MODERATOR. Mr. Carter moved and seconded by Mr. Woodside to delete the words "and spend" from Article 35. Is there any discussion?

(After discussion of the amendment to the article the following ensued.)

THE MODERATOR. All those in favor of the amendment to delete the words "And spend" signify by saying "Aye". Opposed "No". I declare the amendment is defeated. We will now vote on Article 35 as printed. All those in favor of Article 35 signify by saying "Aye". Opposed? I declare Article 35 is passed.

I neglected to do Article 32. To see if the Town will vote to accept \$6,500 more or less from the Charles R. Adams Trust and expend same for the purpose of providing and maintaining good roads in said town, Mr. Adams' native Town.

MR. BENTLEY. I move that the Article be accepted as read.

MR. COLLETTE. Seconded.

THE MODERATOR. All those in favor of Article 32 as printed signify by saying "Aye". Opposed? I declare Article 32 as passed.

We have another one. I thought it was done. I guess it isn't. Article 27. To see if the Town will vote to accept and appropriate up to \$5,000 in Antirecession Fiscal Assistance to State and Local Governments (Public Works Employment Act of 1976: P. L. 94-369) and to expend same to defray the cost of hired equipment and space help in the removal of snow.

Mr. Bentley moves we accept it as printed.

MRS. CAMPBELL. Seconded.

THE MODERATOR. Seconded by Mrs. Campbell. Any discussion? If not, all those in favor of Article 27 signify by saying "Aye". Opposed? I declare Article 27 is passed.

I guess 38 is next. Article 38, To see if the Town will vote to authorize the Selectmen to convey title to real estate acquired through a tax collector's deed. Prior to such conveyance, the Selectmen must either --

- (a) advertise for sealed bids, or
- (b) conduct a public auction concerning such real estate. However, the Selectmen, may, in their discretion, reconvey such real estate to the prior owner, his heirs or assigns if they deem it fitting and proper to do so. The authority granted hereunder shall continue until such authority is terminated or modified by a later Town Meeting.

MR. BENTLEY. I move that we accept Article 38 as printed.

MRS. CAMPBELL. Seconded.

THE MODERATOR. Mrs. Johnson.

MRS. JOHNSON. I would like to move to amend Article 38 to read as follows: To see if the Town will vote to authorize the Selectmen to convey title to the real estate acquired through a tax collector's deed. Prior to such conveyance the Selectmen must offer the real estate to the water, sewer, highway and recreation departments. The Conservation Commission and the Housing Authority. After obtaining a written reply from each department or agency stating that it does not wish to retain the real estate for town use and prior to conveying title the Selectmen must either advertise for sealed bids or conduct a public auction concerning such real estate. However, the Selectmen, may, in their discretion, reconvey such real estate to the prior owner, his heirs or assigns if they deem it fitting and proper to do so. The authority granted hereunder is contingent upon the real estate first being offered to the departments and agencies listed above. Without written approval from those bodies the Selectmen shall be deemed to have acted without proper authority and any sale shall be deemed null and void. The authority granted hereunder shall continue until such authority is terminated or modified by a later Town meeting.

MR. PAYNE. Seconded.

THE MODERATOR. Seconded by Mr. Payne.

(After discussion of the amendment the following ensued.)

THE MODERATOR. All those in favor of Mrs. Johnson's amendment, if you would like I will read it again, but I think you probably know what it was. All those in favor of Mrs. Johnson's amendment signify by saying "Aye". Opposed "No". I declare Mrs. Johnson's amendment to Article 38 as passed. Now we will vote on Article 38 as amended. If you wish I will read it. If not, we will just vote. All those in favor of Article 38 as amended signify by saying "Aye". Opposed? I declare Article 38 as amended as passed.

The next article for consideration is -

Article 42. To see if the Town will authorize the Board of Selectmen to prepare an application for the Community Development Grant program of the Housing and Community Development Act of 1974 (Public Law 93-383) and pass any vote relating thereto.

Is there any motion that we accept Article 42? If there isn't - - -

MR. BENTLEY. So moved, Mr. Moderator.

THE MODERATOR. Mr. Bentley moves we accept Article 42 as printed.

MR. NEWELL. Seconded.

THE MODERATOR. Any question or discussion? If not, all those in favor of Article 42 signify by saying "Aye". Opposed? I declare Article 42 as passed.

The next article, Article 43, To see if the Town will vote to accept \$11,348 from the Governor's Commission on Crime and Delinquency from Federal Law Enforcement Assistance Administration funds for the purpose of funding 50 percent of the costs of the Derry District Court Probation Office for 1978.

MR. BENTLEY. Move we accept it as printed.

MR. NEWELL. Seconded.

THE MODERATOR. Mr. Bentley moves we accept the Article as printed. Seconded by Mr. Newell.

MR. CARTER. I would just like to note for the record that this is another article that never appeared before the Budget Committee. And also that this is exactly what I was talking about two articles ago. That this is something that you people never voted for or against this article.

(After further discussion the following ensued.)

CHIEF GARONE. Mr. Moderator, I would like to make an amendment which would increase this by \$2,220. We will be receiving from the Federal Government 75 percent of that \$2,220 for the Cadets. Do you recall that?

MRS. CAMPBELL. I think we can accept the money, but where is it in your budget?

CHIEF GARONE. In salaries.

MRS. CAMPBELL. In salaries.

CHIEF GARONE. It is already included.

MRS. CAMPBELL. Then I think we should vote to accept some money on that. You can also change the revenues, but I do when I go to Concord, so it won't make any difference.

THE MODERATOR. Is there a second on this?

MR. GERRISH. I second the Chief's motion.

THE MODERATOR. You are seconding Chief Garone's amendment.

(After discussing the amendment the following ensued.)

THE MODERATOR. Any further discussion?

MRS. MARY MYERS. The amendment that is proposed before the people is to add an amount of money to the article. But the amendment does not include a specific use, although it has been indicated that it is intended for the police cadet program.

CHIEF GARONE. Yes. That will be okay with me.

THE MODERATOR. Scott, would you withdraw your second? We will do it that way.

MR. GERRISH. Yes.

THE MODERATOR. And your amendment, Ed, you now want to amend this to increase the figure to read there after the number 1978, and \$2,220 for the Cadet Program. Does that suffice?

CHIEF GARONE. Yes.

MR. GERRISH. I second that, to add it at the end.

THE MODERATOR. All those in favor of the amendment signify by saying "Aye". Opposed? I declare the amendment as passed. We will now vote on Article 43 as amended. Everybody understand? All those in favor of Article 43 as amended signify by saying "Aye". Opposed? I declare Article 43 as amended as passed.

Article 44, to hear reports of agents, auditors and committees heretofore chosen, and pass any vote relating thereto.

MR. BENTLEY. I move that we pass over Article 44.

MR. PATNAUDE. Seconded.

THE MODERATOR. Mr. Bentley moves that we pass over Article 44. Seconded by Mr. Patnaude. All those in favor of passing over Article 44 signify by saying "Aye". Opposed? I declare we have passed over Article 44.

Article 45, To appoint any necessary committee on any article embraced in this warrant.

MR. BENTLEY. So moved.

THE MODERATOR. Mr. Bentley moves Article 45. Seconded by Mr. Ferland. All those in favor of Article 45 signify by saying "Aye". Opposed? I declare Article 45 as passed.

Article 46. To transact any other business that may lawfully come before this meeting.

MR. PIPER. Mr. Moderator, under new business the motion I am about to make has already been made at the School District Meeting and both fire district meetings and it has been accepted by both. The motion is to ask this body to agree to accept as its own a committee of five appointed by the School Board. This Committee's function will be to develop a new pay plan for all town employees with respect to the district that they serve and report back to each of the Town's four districts for appropriate action at next year's meeting. Those that were at any of the other meetings will understand the thrust of this committee. The idea is to develop a new pay schedule and seek the various districts approvals at next year's meetings.

MR. FERLAND. I will second that.

(After discussion of the motion the following ensued.)

THE MODERATOR. All those in favor of Mr. Piper's motion signify by saying "Aye". Opposed? I declare the motion is passed. Mrs. Johnson.

MRS. JOHNSON. Mr. Moderator, I believe this is the time customarily prior to adjourning the Town Meeting for citing people for service and for their contributions to the Town. And I would at this time like to offer a resolution citing Frank Carlton for his service to the Town of Derry and for his guidance to the Town during his time here, and wish him well in his new position.

CHIEF GARONE. I second, that.

TOWN MANAGER CARLTON. No comments. No speech. Other than thank you and good luck.

THE MODERATOR. Mr. Garone.

CHIEF GARONE. Mr. Moderator, I would like to ask this body to appoint or create a committee and for that committee to report back prior to the next town meeting to the Board of Selectmen and to report at the next town meeting the feasibility of a new facility for the Police Headquarters and any other municipal buildings within the Town of Derry.

THE MODERATOR. Who do you want to appoint this Committee?

CHIEF GARONE. The Board of Selectmen could appoint it.

MR. DI MARZIO. I will second his motion.

THE MODERATOR. All those in favor signify by saying "Aye". Opposed "No". I declare the motion as passed. Any other discussion to come before this meeting?

MRS. DI MARZIO. I would like to make a motion, if it is in order, to have the Town hire a full time counsel. Now, my purpose for this motion is so that the Board of Selectmen itself can have the benefit of counsel every day of the year and so that Town Counsel can also try the cases in Court.

MR. WOODSIDE. Seconded.

(After discussion concerning the motion the following ensued.)

THE MODERATOR. If there is no further discussion, all those in favor of Mrs. DiMarzio's resolution signify by saying "Aye". Opposed "No". I declare the resolution is defeated. If there is nothing else to come before the meeting I will entertain a motion to adjourn.

MRS. JOHNSON. So moved.

MRS. WILLIS. Seconded.

THE MODERATOR. Moved by Mrs. Johnson and seconded by Mrs. Willis. All those in favor signify by saying "Aye". Thank you.

(Whereupon the Annual LDerry Town Meeting was herewith adjourned, sine die.)

CERTIFICATE

State of New Hampshire
Rockingham, SS.

I, Robert E. Patnaude, a certified shorthand reporter in and for the State of New Hampshire, and Cecile Hoisington, Town Clerk, Derry, New Hampshire, do hereby certify that the foregoing 147 pages contain a true and accurate transcript of the motions, amendments and votes taken at the Annual Derry Town Meeting held at Grinnell School Auditorium on March 18, 1978 at 9:00 a. m. and the recessed meetings held on March 21 & 23, 1978 commencing at 7:00 o'clock in the evening, to the best of my knowledge and belief.

IN WITNESS WHEREOF, I have hereunto set my hand and seal this 21st day of May, 1978.

/s/Robert E. Patnaude, CSR

/s/Cecile Hoisington, Town Clerk

Mr. Butterfield: Seconded the motion.

The Moderator called for discussion.

Mr. Payne: Do you know what the Capital Reserve Fund expenditures will be?

Chief Reynolds: The \$ 4,000.00 will be used to purchase a radio for the new truck; a portable radio, and instead of buying monitors, which the men now have in their homes, we are planning to buy at least 4 pagers. The small balance would go towards fittings for 4 inch hose. The Budget Committee recommended we use this money out of Capital Reserve, rather than out of taxation. The more the Fire Wards thought about it, we definitely agree.

Moderator: Is there any further discussion? None appearing, we'll put it to a vote. The vote was taken in the affirmative.

Moderator: *read Article #6. To see if the precinct will authorize the Board of Fire Wards to hire a Clerk/Dispatcher presently under Manpower if Rockingham/Strafford Manpower Contract Agreement cannot be renewed and pass any vote relating thereto.*

Mr. Butterfield: Moved to accept the article as read.

Mr. Orchard: Seconded the motion.

A discussion followed concerning the responsibility of the District to hire the present Manpower employee, the need for the position of Clerk/Dispatcher, and Firefighter, the funds necessary to do so, and the chances of the contracts being picked-up again.

The Moderator accepted a motion to vote by secret ballot. The discussion continued.

Chief Reynolds: I would like to make an amendment that we vote on Article 6 & 7 by secret ballot, at the same time on different ballots.

The Moderator called for a vote. The amendment passed.

Moderator: *read Article #7. To see if the precinct will authorize the Board of Fire Wards to hire one Firefighter presently under Manpower if Rockingham/Strafford Manpower Contract Agreement cannot be renewed and pass any vote relating thereto.*

Mr. Payne: Moved to accept the article.

Mr. Butterfield: Seconded.

Further discussion ensued concerning the Rockingham/Strafford Manpower program and the need for the firefighter.

Moderator: There being no further questions, I would like to move the Articles and bring them to a vote.

The Moderator opened the polls for voting. A recess was taken during the voting. The Moderator closed the polls, and the ballots were counted.

The Moderator resumed the meeting and announced the results.

Article #6 Clerk/Dispatcher

Ballots Cast 54: 28 needed in the affirmative to pass
42 yes
12 no

Article #7-Firefighter

Ballots Cast 54: 28 needed in the affirmative to pass
50 yes
4 no

The Moderator declared both Articles 6 & 7 passed in the affirmative.

Moderator: *read Article#8. To see if the precinct will authorize the Board of Fire Wards to sell the 1948 How Pumper (Engine #82) to the East Derry Firefighters Association for the sum of \$ 1.00 (one dollar); and if at such time that Association has no further use, it will revert back to the Fire Precinct for disposal and pass any vote relating thereto.*

Mr. Durgin: Moved to accept the article.

Mr. Orchard: Seconded.

A brief discussion followed as to the value of the truck.

The Moderator brought the question to a vote. The vote was in the affirmative.

Moderator: *read Article #9. To see if the precinct will authorize the Board of Fire Wards to sell the 1958 Dodge Utility Truck to the highest bidder, and to pass any vote relating thereto.*

Mr. Brown: I would like to make a motion that we accept the article as read.

Mr. True: Seconded.

A discussion followed as to what use the truck could have in the department. The main idea from the Fire Wards is that it could be outfitted as a snow-plow.

The Moderator brought the article to a vote by standing. The vote showed 17 yes: 21 no. The Article was defeated.

Moderator: *read Article #10. To determine and fix the salaries of the precinct officers or agents of the precinct.*

Mr. Kennedy: Moved to accept as read.

Mr. Child: Seconded.

The Moderator put the motion to a vote. The Article passed.

Moderator: *read Article #11. To see what sum of money the precinct will raise and appropriate for the East Derry Fire Precinct the same to be expended under the direction of the fire wards.*

Mrs. Orchard: Moved to accept as printed.

Mr. Kennedy: Seconded.

The Moderator called for discussion.

Mr. Cowles: I would like to make an amendment that we include a 6.5% cost of living increase to the wages. This is keeping in line with the other town employees.

Mr. Butterfield: Seconded.

Moderator: The total increase figure for the cost of living raise is \$4,449.44. The amendment is to increase the budget by \$4,449.44, to reflect the 6.5% increase. The amendment was carried.

The Moderator called for further discussion.

Mr. Durgin: I would like to make an amendment that as of January 1, 1978, Chief Reynolds be paid as a Chief.

Mr. Ludwig: Seconded.

A discussion followed as to how to arrive at a figure to pay the Chief. It was decided that Chief Reynolds would move from \$16,455.40 already budgeted to \$ 20,494.25; an increase of \$ 4,038.85. This would bring him in line with a Chief's pay in the Derry Fire Precinct. The discussion ensued comparing the East Derry Fire District pay scale with that of Derry.

The Moderator called for a vote. The amendment was passed in the affirmative. Again, he opened the floor for discussion.

Chief Reynolds: I would like to make an amendment to add to the Tires & Repairs account \$ 350.00. I also would like to add to the Gas & Oil account \$375.00. The Wards would like to do this because of the vote on Article #9 and now the extra money is needed to run the truck.

Moderator: Any further additions? The amendment now reads to bring the figures in the Gas & Oil account from \$ 2,500.00 to \$ 2,875.00; under Tires & Repairs from \$ 3,000.00 to \$ 3,350.00, and increase of \$725.00. Is there a seconded to this amendment?

Mr. Child: Seconded.

The Moderator called for a vote. The amendment passed. He asked for any more discussion.

Mr. Cowles: I would like to make an amendment that the Manpower people get paid overtime, and it show in the overtime account. The amount being \$ 1,050.00.

A discussion ensued. It was noted that the Manpower program only allows \$ 25.00 a month for overtime. It was thought the department should pick up the rest of their overtime.

Mr. Ludwig: Seconded.

The Moderator asked for a vote. The amendment passed. Again he asked for further discussion.

Chief Reynolds: I would like to make a motion to add \$ 1,200.00 to the Tires & Repairs account. The Fire Wards do this to cover any emergency repairs that might come up. This is because the Contingency Fund to cover such emergencies was cut out.

Mr. Ludwig: Seconded.

The Moderator called for a vote. The amendment passed. He suggested we go on to Article #12, while waiting for the final figures on Article #11. He asked if anyone was opposed, being no one opposed he continued.

Moderator: *read Article #12. To see if the precinct will authorize the Board of Fire Wards to borrow money in anticipation of taxes on the negotiable note of notes of the precinct, and to pass any vote relating thereto.*

Mr. Bentley: Moved to accept the article.

Mr. Child: Seconded.

Moderator: Any Questions? Vote was in the affirmative. He continued and went back to Article #11 for a final vote.

Moderator: *read Article #11 again. To clarify under the expenditures to read \$ 2225,083.27, the Revenues would change to \$ 167,889.50. A total of \$ 225,083.27 under revenues. Any other discussion? A vote was taken in the affirmative.*

Moderator: *read Article #13. To see if the precinct will vote to authorize the Board of Fire Wards to send men and equipment to other towns and cities if requested to do so, in accordance with R.S.A. 154:24 and pass any vote relating thereto.*

Mr. Kennedy: Moved to accept as read.

Mr. Bentley: Seconded.

The Moderator called for discussion. There was none. The vote was taken in the affirmative.

Moderator: *read Article #14. To transact any other business that may legally come before this meeting including the appointment of committees.*

Mrs. Orchard: I would like to know, since the Study Committee on the possibility of East Derry succeeding from Derry is defunked; what directions will it go in the future?

The Moderator read a letter from the Chairman of the Committee stating it is non-existing.

Mr. Kennedy: Made a motion to postpone indefinitely the Study Committee.

Mr. Gerrish: Seconded.

The Moderator took a vote to table the Study Committee. The vote was taken in the affirmative. He called for any further business.

Mr. Gerrish: I would like to make a motion to see if this body will agree to accept as its own, a committee of five to be appointed by the school board. Said committee function shall be to study the salary needs of the Town Districts, and to propose at next years' district meetings a comprehensive pay plan for all the Towns and Districts employees.

Mr. Ludwig: Moved to amend the motion to include a member of the East Derry Fire Precinct.

The Moderator moved the amendment to a vote. The amendment was defeated. He asked if there was any further discussion on the motion. The original motion was vote on and passed. He again called for further business.

Chief Reynolds: I would like it to show in the minutes of the meeting the

passing of Bert Allen, Sr. He was a member of this department for years. He did a lot to help this department. I would like us to pay tribute to this good man and express our sadness to his family for their loss.

Moderator: Any further business?

Mr. Ludwig: I motion to adjourn.

Mr. Kennedy: Seconded.

Moderator: All those in favor of adjourning please rise. I declare this meeting adjourned at 11:28 p.m.

A True Copy Attest:
Anna G. Ludwig
Clerk, East Derry Fire Precinct

al:tab

Report of District Forest Fire Chief and Your Forest Fire Warden

For more than 80 years, a cooperative effort between the state of New Hampshire and local forest fires authorities has created a forest fire prevention and suppression on program that is recognized as superior throughout the United States.

Since the first forest fire laws were written in 1895, the state and local community governments have worked together to prevent and combat forest fires.

Today, 249 forest fire wardens and more than 1,800 deputy wardens are appointed every three years by the State Forester to work with the members of the State Forest Fire staff in this effort. State funds are used to pay one-half the cost of forest fire suppression costs incurred by local forest fire organizations, within pay rates established by the Governor and Council. State funds matched by local funds are used to purchase hand tools to suppress forest fires, to train local forest fire crews and in forest fire prevention work.

All outside burning, when the ground is not covered with snow, is permitted only after obtaining a written fire permit from you local Forest Fire Warden. Penalty for burning without a permit when one is required is a misdemeanor punishable by a fine up to \$1,000 or a jail term of up to one year or both.

Remember, only you can prevent forest fires!
