George S. Currier

Dedicated to George S. Currier in recognition of his years of service to the town of Sanbornton. George was appointed fire chief prior to the organization of the volunteer fire department in 1951. He retired as chief in December 1975. He has served as executive committeeman and director of the Lakes Region Mutual Aid Association and is a past president of the Fire Chief's Association of New Hampshire. It is by his untiring efforts that the local department has grown from ownership of one piece of equipment without a station in which to house it to two stations and many pieces of equipment.

George was born in Sanbornton in 1904 and with the exception of a few years in Gilford, has always lived here. In addition to serving as fire chief, he has served the town as a forest fire warden; director of Civil Defense and a member of the solid waste committee.

He is a long time member of Moulton's band; of the local, state and national granges; and a dedicated participant in the activities of the Sanbornton Congregational Church.

The residents of Sanbornton are grateful for all his efforts which have contributed to making Sanbornton a better place in which to live.

TOWN WARRANT 1975

The State of New Hampshire
The polls will be open from 10:00 a.m. to 6:30 p.m.

(L.S.)

To the inhabitants of the Town of Sanbornton in the County of Belknap in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Sanbornton on Tuesday, the Fourth day of March, next at 10 of the clock in the forenoon, to act upon the following subjects.

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To choose all necessary district officers for the Winnisquam Regional School District.
4. To vote on the following proposed amendments to the Zoning Ordinance as recommended by the Planning Board:
 - No. 1. To remove conflicting language from Article III, Paragraph B, concerning removal of clay, sand or gravel, so that Article XII, Paragraph D (2) alone shall govern the removal of said materials. YES
 - No. 2 To approve the revised Town Map designated SP 75001, as shown on display, but subject to any proposed amendments adopted at the 1975 Annual Town Meeting. YES
 - No. 3 To define the restrictions required to protect a public water supply and a future public water supply. To designate Hunkins Pond as a future public water supply. YES
 - No. 4 To return an undefined area zoned commercial at the 1959 Town Meeting to the General Residence District. The area has no commercial activity currently. YES
 - No. 5 To return an area known as the Roy Ruggles property, which was zoned commercial at the 1959 Town Meeting, to the General Agriculture District in the absence of any commercial activity. YES
 - No. 6. To retain existing permitted uses, minimum lot sizes, and frontage requirements in an Historical District, if and when the Historical District is abolished. YES

4. To vote on the following proposed amendments to the Zoning Ordinance as petitioned by residents of the Town:
No. 1 To amend Article VIII, Historical Preservation District by striking out said article in its entirety. NO
No. 2 To separate the existing General Residence District into an Eastern Residence and a Western Residence District, and to increase the minimum lot size in the Western Residence District from 1½ acres to 3 acres. (The Planning Board disapproves this amendment) NO

**SPECIAL TOWN MEETING WARRANT
September 16, 1975**

**The State of New Hampshire
The polls will be open from 10:00 A.M. to 6:30 P.M.**

To the inhabitants of the Town of Sanbornton in the County of Belknap in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Town Hall in said Sanbornton on Tuesday, the sixteenth day of September next at 10 of the clock in the forenoon, to act upon the following subjects:

1. To bring in your votes for the purpose of filling vacancy in the office of United States Senator from the State of New Hampshire. RSA 39:2 — John Durkin had 231 votes; Louis Wyman had 213 votes; Carmen Chimento had 31 votes.

* * * * *

You are hereby notified to meet at the Town Hall in said Sanbornton on Tuesday the sixteenth day of September at 8 of the clock in the evening to act upon the following subjects:

1. To see what action the Town will take on the following resolutions relative to Flood Insurance:

Resolution A:

WHEREAS, certain areas of Sanbornton are subject to periodic flooding from streams, rivers and lakes, causing serious damages to properties within these areas; and

WHEREAS, relief is available in the form of Federally subsidized flood insurance as authorized by the National Flood Insurance Act of 1968; and

WHEREAS, it is the intent of this Town Meeting to require the recognition and evaluation of flood hazards in all official actions relating to land use in the flood plain areas having special flood hazards; and

WHEREAS, this body has the legal authority to adopt land use and control measures to reduce future flood losses pursuant to N.H. RSA Chapter 31, 36, 156, 156A.

NOW THEREFORE, BE IT RESOLVED, that this Town Meeting hereby:

1. Assures the Federal Insurance Administration that it intends to enact and maintain in force for those areas having defined flood hazards, adequate land use and control measures with effective enforcement provisions consistent with the Criteria set forth in Section 1910 of the National Flood Insurance Program Regulations: and

2. Vests the Planning Board with the responsibility, authority, and means to:

(a) Delineate or assist the Administrator, at his request, in delineating the limits of the areas having special flood hazards on available local maps of sufficient scale to identify the location of building sites.

(b) Provide such information as the Administrator may request concerning present uses and occupancy of the flood plain.

(c) Cooperate with Federal, State and local agencies and private firms which undertake to study, survey, map and identify flood plain areas, and cooperate with neighboring communities with respect to management of adjoining flood plain in order to prevent aggravation of existing hazards.

(d) Submit on the anniversary date of the community's initial eligibility an annual report to the Administrator on the progress made during the past year within the community in the development and implementation of flood plain management measures.

3. Appoints the Selectmen to maintain for public inspection and to furnish upon request a record of elevations (in relation to mean sea level) of the lowest floor (including basement) of all new or substantially improved structures located in the special floodshazard areas. If the lowest floor is below grade on one or more sides, the elevation of the floor immediately above must also be recorded.

4. Intends to take such other official action within its powers as may be reasonably necessary to carry out the objectives of the program.

Resolution B-1:

WHEREAS, the Town of Sanbornton has adopted and is enforcing Zoning Ordinances, Subdivision Regulations and building permit system WHEREAS, Section XI(2) of the Zonings Ordinance prohibits any person, firm or corporation from erecting, constructing, enlarging, altering, repairing, improving, moving, or demolishing any building or structure without first obtaining a separate building permit for each structure or building from the Board of Selectmen, and

WHEREAS, the Board of Selectmen must examine all plans and specifications for the proposed construction when application is made to them for a building permit,

NOW THEREFORE BE IT RESOLVED, by this Town Meeting:

1. That the Board of Selectmen shall review all building permit applications for new construction or substantial improvements to determine whether proposed building sites will be reasonably safe from flooding. If a proposed building site is in a location that has a flood hazard, any proposed new construction or substantial improvement (including prefabricated and mobile homes) must (i) be designed (or modified) and anchored to prevent flotation, collapse, or lateral movement of the structure, (ii) use construction materials and utility equipment that are resistant to flood damage, and (iii) use construction

methods and practices that will minimize flood damage; and

2. That the Planning Board shall review subdivision proposals and other proposed new developments to assure that (i) all such proposals are consistent with the need to minimize flood damage, (ii) all public utilities and facilities, such as sewer, gas, electrical, and water systems are located, elevated, and constructed to minimize or eliminate flood damage, and (iii) adequate drainage is provided so as to reduce exposure to flood hazards: and

3. That the Town Health Officer shall require new or replacement water supply systems and/or sanitary sewerage systems to be designed to minimize or eliminate infiltration of flood waters into the systems and discharges from the systems into flood waters, and require on-site waste disposal systems to be located so as to avoid impairment of them or contamination from them during flooding. ACCEPTED

II. To see if the Town will vote to authorize the sale of the 1973 Plymouth Police Cruiser No. PK41 N3F 261578. ACCEPTED

III. To see if the Town will vote to authorize the Fire Department to sell the 1954 Dodge 1,000 gallon Tank Truck ID No. T-314-30982. ACCEPTED

Given under our hands and seal, this twenty fifth day of August, in the year of our Lord nineteen hundred and seventy five.

By petition.

34. To see if the Town will vote to express its thanks to the "Solid Waste Committee" for its work, which was concluded with the presentation of its final report to the Selectmen on November 17, 1975, and further request the Selectmen at once to ask the Solid Waste Advisory Committee members - namely, Michael Brophy, William Fuller, and Kenneth VanderMast - to review the work of the 1972 Solid Waste Committee, explore any areas omitted by this committee, and to present their findings and recommendations to the townspeople at a special Town Meeting to be held no later than June 1, 1976. By petition.

35. To see if the Town will vote to maintain the old Range Road to the property of the Robinson's, from the Well's Road a distance of approximately 1,000 feet. By petition.

36. To see if the Town will reaffirm the vote taken at Town Meeting in March, 1972 creating a Solid Waste Disposal Committee appointed by the Selectmen, to have the present Solid Waste Disposal Committee continue its work under the direction of the Selectmen, and to discontinue the Landfill

Committee Advisors appointed by the Selectmen. By request.

37. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this 11th day of February, in the year of our Lord nineteen hundred and seventy-six.

SELECTMEN'S REPORT

We were proud to be the ninety second town designated as an official Bicentennial Community.

TRA and Duncan Funds were used to finish the work on Lower Bay Road.

The balance of the flood damage reimbursement was received from the State for damage done in the 1973 disaster.

New voting booths were installed at the Town Hall and first used at the last Town Meeting. The Sanbornton Bicentennial Committee made a generous contribution towards the new booths. Other improvements at the Town Hall and Town Office were also made.

A 10,000 gallon gas tank was installed at the highway garage with a four key key-trol pump and is being used by the highway, police, and fire departments.

New Hampton was able to use the partially completed Town Beach at Hermit Lake to give swimming lessons through their summer recreation program.

The Selectmen have been working with the Budget Committee and Town Departments to work out an equitable fringe benefit plan for Town Employees. As proposed, this plan includes Blue Cross-Blue Shield Family Plan C, Life Insurance, Disability Insurance, six paid holidays and paid vacation.

Please remember the following items:

1. If you feel you qualify for current land use assessment, Veterans' Exemption or Elderly Exemption, you must apply before April 15.
2. Each taxpayer must file an inventory with the Selectmen before April 15, or he has no legal recourse regarding his assessment for tax purposes.
3. Taxpayers requesting an appeal or tax abatement must request the appeal or abatement in writing within four months of the receipt of the tax bill.
4. Students who wish to apply for scholarships may acquire applications from their school principal or the Selectmen's office. These must be filed no later than May 1 at the Town Office.

All taxpayers are welcome and encouraged to meet with the Selectmen with all matters. Meetings are every Monday. Meetings are open to the public and minutes of meetings are posted in the Town office.

POLICE DEPARTMENT REPORT

The year 1975 has brought the Department closer to the needs of the community and more cognizant of the communities involvement and interest in its Department.

Our statistics reflect a decrease in overall crime. This we attribute to increased patrol coverage and a no nonsense attitude towards the perpetrators.

We look forward to serving you, the community in this Bicentennial Year, by serving you in all areas of our responsibilities at levels of service which will far exceed those of the past.

A Police Advisory Committee was established in 1975 and became active in January 1976. We look forward to working with this committee in the future and express our desire to have it become a permanent body.

We again request your cooperation in the reporting of crime, when it happens. We have had greater cooperation in the year of 1975 than in the past and pray that you will further your efforts in this area.

I wish to thank the State Police, Belknap County Sheriff's Office and the Departments of our surrounding communities for their assistance. I also wish to give special thanks to the Juvenile Court Deferral Program that serves this Town and the Towns of Tilton and Northfield. It is performing an outstanding task and a great service to our community.

SANBORNTON FIRE DEPARTMENT

In submitting my 27th and final report as Fire Chief of the town of Sanbornton may I say it has been a pleasant and rewarding experience. Through the untiring efforts of the firemen and the Ladies Auxiliary, and the generosity of interested citizens, Harmony Grange and the voters of the town, we have been able to build a Volunteer Fire Department second to none.

Five years ago with the formation of the Lakes Region Mutual Aid Dispatch Center a sizeable reduction in fire insurance rates benefited all people living within a radius of three miles from the Fire Station. Three years ago, while I had the honor of serving as President of the New Hampshire Fire Chief's Association, we were able to obtain a two mile extension of the lower rate. With the protection of the Winnisquam Fire Department, Central Station, and Chapel Valley Station, approximately 90% of the homes in Sanbornton benefit from this favorable rate. Approximately 700 homes are covered under the F-5 rate and a saving on the fire insurance premium of only \$20.00 per home, would amount to \$14,000.00. Our Fire Department budget, plus Winnisquam Fire Department budget, and the town's share of the cost of operating the Dispatch Center is about \$7,000.00. Therefore, the residents of Sanbornton receive their fire protection at no cost and also are afforded a sizeable reduction on their insurance premiums.

Much credit goes to the Lakes Region Mutual Aid Dispatch Center for their superb handling of calls and dispatching of equipment. Our department responded to 18 calls in town and 14 Mutual Aid calls.

The compliment of men in our department had been increased so that we now have thirty-seven active firemen. We have spent many hours in training, both locally and in the Mutual Aid system. Ten men attended the two-day Fire School at Lilly Pond. Several men attended special classes at the Technical School. Every fireman's home is equipped with a receiver which is activated from the Dispatch Center. With the arrival of our new fire truck we will become a fully equipped department and should be able to continue for many years without much added expense. Our fire department budget for 1976 will be decreased by about 34%. In the small town category the Sanbornton Fire Department has a high rating.

We wish to thank Rev. Richard Crooks for his generous contribution in providing outstanding entertainment for our programs and at special occasions. We wish to thank the Ladies Auxiliary for their untiring efforts on behalf of the fire department. They have contributed much in financial support and in providing suppers and entertainment for the firemen and our guests. Without any doubt they have become the best known and most admired Ladies Auxiliary in the state of New

Hampshire. Many thanks to all who have contributed with gifts of money, or in any other way.

It must be remembered that this department could not have been built to its present position without the complete co-operation of the firemen, who have contributed so much of their time, talents, and money. We must also acknowledge contributions made by the Ladies Auxiliary, the voters of the town, and all interested persons. A better group of men and women just could not exist.

The time has arrived for me to step down from the office of Fire Chief and it is with a note of sadness that after 28 years I find myself on the outside looking in. May I take this opportunity to thank the town's people for their confidence in me and the honors bestowed upon me. Catherine and I wish to thank all who attended my retirement party. The kind words and gifts received will be remembered as long as we live. It was a wonderful occasion.

May I wish the new Chief the very best in his endeavors, and if at any time I can be of service to him or the fire service, I would be most happy to assist.

The Fire Service is my life.

Sincerely,
George S. Currier

The trucks were operated 851 miles

Total man hours spent — 998 hours

The present motor vehicles consist of the following:

- 1 — 1968 International with 750 gallon pump & 1,000 gallon tank
- 1 — 1952 GMC with 500 gallon pump & 600 gallon tank
- 1 — 1958 Van type Emergency Truck
- 1 — All-Wheel Drive Government Service Truck, converted for Fire Service with 350 gallon pump & 275 gallon tank.

There are currently thirty-eight (38) volunteer firemen in the department. Regular monthly meetings, officer's meetings, and drills are held continuously throughout the year, with attendance at Mutual Aid Meetings and Fire schools.

Many children in the Winnisquam area attended the annual Carole Davis Children's Christmas Party in December, receiving gifts and refreshments.

Several successful Fund Raising events were held during the year to aid in the continuing process of up-grading the Department. The Department has purchased Plectron Alerting Receivers, helmets, coats and boots, to fully equip all active members. Also necessary replacements of obsolete equipment have been made, and new equipment added to improve the over-all efficiency of the Department.

REPORT OF THE FOREST FIRE WARDEN

Upon the recommendation of town selectmen and city councils, the Division of Forest and Lands appoints a forest fire warden and several deputy forest fire wardens in each town and city every three years. The town or city warden is responsible for maintaining a force of men and adequate equipment to suppress any wildfire that occurs in his town or city during his term of appointment. The fire warden must authorize all open burning when the ground is not covered with snow. No open fires can be authorized between 9 a.m. and 5 p.m., unless it is raining, without the additional permission of the state district fire chief.

Any person wishing to kindle an open fire when the ground is not covered with snow must first obtain the written permission of the forest fire warden. Camp and cooking fires also require the warden's permission.

The Division of Forests and Lands, through its Forest Fire Service, assists all cities and towns in meeting these requirements by training the warden and deputy forces in wildfire suppression tactics, making hand tool suppression equipment available at fifty percent of cost, supplying pieces of Federal excess property for use as fire attack vehicles and sharing up to fifty percent of the cost of wildfire suppression costs.

Wildfire prevention is also a joint state, city or town program. Smokey Bear is available from the Forest Fire Service for local fire prevention programs. Posters and Junior Ranger kits are available for distribution by local fire departments upon request to the Forest Fire Service. Each forest fire warden is expected to carry on a continuous wildfire prevention program within his town or city.

PLANNING BOARD REPORT

Amendments to the Zoning Ordinance proposed by the Board were adopted at the March 4, 1975 Town Meeting. Most important of the amendments was a measure to define and protect potential public water supplies. Hunkins Pond was approved as a future public water supply and thus extended anti-pollution agreements that the Board had negotiated with an active subdivider, to all of the land surrounding the Pond.

The Board enacted a Site Plan Regulation in accordance with authority granted by the Legislature and the Special Town Meeting of October 2, 1973. The Site Plan Regulation provides for Board review, and optional public hearings, for Non-Residential development and construction. Also added to the Subdivision Regulation was a provision permitting the Board to require large developers to determine the likely impact of proposed subdivisions on services the Town furnishes, such as schools, police, and fire protection, and also the effect on the environment.

The Board responded to a request from the Town Conservation Commission to protect Wetlands areas against unwise use. Amendments to the Zoning Ordinance establishing both Flood Plain and Wetlands Conservation Districts were drafted by the Lakes Region Planning Commission, modified after hearings; and are to be voted on at Town Meeting.

A Board of Adjustment suggestion to clarify Article XII of the Zoning Ordinance has resulted in rewriting the Article to include all the powers granted the Board of Adjustment by state law and town action. It is hoped that better understanding of the Board of Adjustment role will result.

The Town received a favorable decision by the court in a suit brought by Steele Hill Development Co., Inc., to permit a mobile home park with substandard lots in the General Agricultural District.

We are pleased that the Board of Selectmen implemented a law enacted by the 1975 State Legislature, and appointed Andy Prokosch as Alternate Member of the Planning Board.

Activity by subdividers was at a low level again this year. Most applications involved only two or three lots. An exception was a new application from Steele Hill Development Co., Inc., for thirty three regulation and oversize lots. The Board has also worked in conjunction with the Board of Selectmen to resolve problems concerning the Leighton Estates subdivision.

SANBORNTON PUBLIC LIBRARY

The Library in brief:

Hours:	Tuesday 9:30 a.m. - Noon Wednesday Noon - 8 p.m. Thursday 1-8 p.m.
Telephone:	286-8228
Librarian:	Barbara S. Powers
Assistant to the Librarian;	Priscilla C. Bodwell
Trustees:	Russell Spearman, Chairman Rev. David Picciano, Treasurer Marcia L. VanderMast, Secretary
Number of books circulated:	1255 (adults) 2667 (children)
Books added to Library collection:	135

This year the Library purchased a Bell & Howell Cassette Recorder. It is hoped that the public will feel free to make use of the recorder any time during the Library hours

As its contribution to the Bicentennial Celebration, the Library has undertaken the project of sorting the old school registers which were found in the attic of the Town Hall. The project was suggested by Barbara Powers and agreed upon by the Trustees. The registers are being sorted chronologically and by district and will be stored in a suitable place for reference by anyone who might be interested.

Mr. and Mrs. Ernest Davis of Sanbornton gave books to the Library in memory of Mr. Richard Haselton and Mrs. Gertrude Carelton. Other donations of books were made by Mr. and Mrs. Joseph Macozek, Mr. and Mrs. Richard Davis, Miss Karen Floyd, Mr. and Mrs. G. Van Shirley and Mrs. Haven Sanborn. These books enhance the collection of books available in the Library and are very much appreciated.

We wish to thank Mrs. Mildred Coombs for her continued interest and assistance in the affairs of the Library. Every year she has tended the flower gardens about the grounds and recently was of great assistance in preparing several geneologies.

Repairs to the Library building were begun in the fall. These include some work on the foundation and sills. The work will continue as funds become available.

It is hoped that in the near future, with the help of Revenue Sharing funds, modern plumbing can be installed at the Library, thus enabling the Library to meet the goals recommended by the Statewide Library Commission.

ROAD AGENTS REPORT

In this year of our country's bicentennial, much interest has been aroused about the past and there are some interesting changes that have occurred regarding the roads of Sanbornton. In 1888 there were 175 different men paid for labor on the roads and the amounts paid them ranged from 75 cents to \$150.00. The following year there were such items in the budget as \$12.00 for pasturing oxen and \$8.50 to a man for "lighting a washout". In 1893 the headings for highway maintenance were "Roads Generally, Expenses Partly and Bridges Mainly".

The first mention of a road agent was in 1894, and then they had three up until 1900 when they changed to a "District System" with no road agent at all. In 1908 there is the first mention of State Aid Funds but the town paid for construction of state highways in Sanbornton. 1909 brought such modern materials as cement and steel material for bridges and 1910 an item "Expenses Extraordinary - for repairing Hill bridge damaged by ice that winter". Well that wasn't so extraordinary after all because on March 22, 1913 the bridge was carried away by an ice jam and then destroyed by fire. Loss of that covered bridge ended the era of "snowing" the bridge and paying for oil and lanterns to light it.

In 1917 they went back to three road agents but the following year they consolidated to just the East and West District and 2 road agents. In 1920 each district bought a Sears, Roebuck and Co. grader but the West District only paid \$59.10 for theirs and the East District paid \$61.83. That same year they paid a man 88 cents for "cutting ice out of road".

Mid 1920's saw the first expenses for gasoline and repairs - work on truck, and an article in the 1927 town warrant read "To see what action the Town will take in regard to snow plows."

Was it a sign of the times that in 1932 they spent \$18.00 for road closed signs? In 1933 they had an article "to see if the town will vote to dispose of the snowrolls", and in 1934 they voted to have just one road agent the following year. But even then they paid 54 men for summer maintenance and 48 for winter not counting those men hired with their trucks.

During the 40's, the war years, there was little change for the highway department but the 50's brought more effort toward highway improvement and more equipment was purchased and more money appropriated. Even then in 1958 there were wages paid to 16 different men.

In 1963 the new Highway Department Garage was built and the Highway Department continued to evolve toward what it is

today.

You no longer see items such as "board of town help" or "labor man and horses" in the Highway budget for work for the Department is now a full time job. The men are full time employee's and no longer are there 175 different men filling in here and there. Sanbornton has approximately 80 miles of road to maintain and we are a very mobile society who expect to be able to travel anywhere at any hour. No longer do most men just have to walk to the barn to be at work. Very few if any of our children walk to school as in the "good old days" so school bus routes must get early attention for the childrens safety. The days of being snowbound are past for now most people with good snow tires and good driving sense can always get around on roads that highway crews have spent long hours plowing, salting and sanding.

Frequently the hours are long, the work hard, complaints irritating and words of praise few and far between, but over the years right through to the present, Sanbornton has had Highway Crews it can be proud of.

REPORT OF THE SOLID WASTE COMMITTEE

The Solid Waste Committee has had a busy year. The Committee this last fall was ready to start construction when some of the nearby residents raised some questions and concerns. The Selectmen stopped the initial work. The Solid Waste Committee answered all questions and met all the demands of the area residents in a responsible manner. Since the fall of 1975, there has been a few persons that have tried to disrupt, delay, and or stop all work at the landfill. This delaying tactic is in the opinion of the Solid Waste Committee an effort to cause the loss of the \$15,000.00 State Grant and the subsequent sale of part of the Landfill to make up that loss. This would prevent the Town from using the extra land area there at the 49 acre site. These delays will possibly result in the Town not being able to utilize the Town's equipment and manpower as we must have the road and dump completed by July 1, 1976.

The use of town equipment could result in further savings. The Committee would like to inform the residents and taxpayers of Sanbornton of the following savings made or to be made by the Committee in the construction and development of the Landfill Site on Town-owned land on Shaw Hill Road:

1. Test borings done by State Highway Department	
Savings to Town approximately	1,000.00
2. Topo map done by Army Reserves	
Savings to Town approximately	2,000.00
3. Ditch to be done by Army Reserves	
Savings to Town approximately	6,000.00
4. Dozer work on rebuilding of the access road to the dump by Army Reserve	
Savings to the Town approximately	1,000.00
5. Dozer work on stripping the stumps and loam from the landfill by Army Reserve	
Savings to the Town approximately	3,000.00
6. The State's acceptance of the Town's landfill site as a model Sanitary Landfill Site.	
State Grant of \$15,000.00	
Savings to Town approximately	15,000.00
7. The Phase II studies as outlined in our original grant proposal budgeted at \$9,000.00	
Savings to Town approximately	9,000.00
TOTAL POTENTIAL SAVINGS	\$37,200.00

The Committee has:

1. Visited many landfill sites in other Towns and viewed their equipment in operation.
2. Met with landfill equipment companies.
3. Took contractors to the Town site for bidding purposes.
4. Held three public informational meetings.
5. Drew up the site plan thus saving funds for the Town.
6. Received State approval for the landfill site.
7. Received State approval for burning used building materials, slash and stumps, etc., at the new landfill site.
8. Made an analysis on the landfill and roads into the site with costs for each.

SANBORNTON CONSERVATION COMMISSION REPORT

Members of the Commission investigated wetland areas at Rollins Pond & recommended to the Planning Board that it be kept as a wetland area.

Town Tax maps were explored by the Commission & R. C. D. and our conclusion was that the State of N.H. aerial maps were adequate for our tax map purposes. We have reviewed several tax map proposals and the Chairman of the Conservation Commission has urged R. C. & D. to advise tax map guidelines for us to work by and to make recommendations to the Selectmen. We are attempting to save property taxpayers money, thus we are continuing to investigate the cost of tax maps.

The Commission is hoping to complete Phase II of the Hermit Lake Beach Project so the townspeople can make use of the beach and area.

Recycling of newspapers, bottles, and cans is another area being investigated by the Commission and it is hoped to establish a recycling center at the Town dump.

Logging, Dredge and Fill operations are continuing to be observed by the Commission. We are also checking into Scenic Roads in the town, and find there is a tremendous amount of research involved and we would appreciate assistance from any townspeople who are interested in helping us with this project, please contact any member of the Conservation Commission. The Commission meets every second Monday at 7 P.M. at the Sanbornton Town Office, these meetings are open to the public.

Respectfully submitted,

SUMMARY OF FINDINGS AND RECOMMENDATIONS

Board of Selectmen
Sanbornton, New Hampshire 03269

Gentlemen:

Submitted herewith is the report of an examination and audit of the accounts of the Town of Sanbornton for the fiscal years ended December 31, 1973 and December 31, 1974, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

One of the enclosed audit reports must be given to the Town Clerk for retention as part of the permanent Town records.

SCOPE OF AUDIT

Included in this examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Public Library, Fire Department and the Trustees of Trust Funds.

FINANCIAL STATEMENTS

General Fund:

Comparative Balance Sheets: (Exhibits 1 and 16)

Comparative Balance sheets which disclose the financial condition of the general fund as of December 31, 1972-1973 and December 31, 1973-1974 are presented in Exhibits 1 and 16. As indicated herein, the current surplus of the Town increased by \$14,700 in 1973 and by \$240 in 1974.

Analysis of Change in Current Financial Condition: (Exhibits 2 and 17)

Statements presenting an analysis of the factors which caused the change in the current financial condition of the Town during the fiscal years ended December 31, 1973 and December 31, 1974 are presented in Exhibits 2 and 17, respectively.

The factors which caused the increase of \$14,700 in current surplus during 1973 were as follows:

Increases in Current Surplus:

Net Budget Surplus (Exhibit 4)	\$16,044	
Tax Collector's Excess Credits	20	
Decrease in Accounts Payable	1	
		\$16,065

Decreases in Current Surplus:

Decrease in Cash on Hand	\$	6
Tax Liens Transferred to		
Tax Deeds		1,359

	1,365	
Net Increase in Current Surplus		\$14,700

The following factors caused the increase of \$240 in current surplus during 1974:

Increases in Current Surplus:		
Net Budget Surplus	\$ 222	
Decrease in Accounts Payable	28	
		\$ 250
Decrease in Current Surplus:		
Tax Collector's Net Excess Debits	10	
Net Increase in Current Surplus		\$ 240

Comparative Statements of Appropriations and Expenditures - Estimated and Actual Revenues: (Exhibits 3 and 4; 18 and 19)

Comparative statements of general fund appropriations and expenditures, estimated and actual revenues for the fiscal years ended December 31, 1973 and December 31, 1974 are presented in Exhibits 3 and 4; 18 and 19.

As indicated in Exhibit 4, a net unexpended balance of appropriations of \$10,402, plus a revenue surplus of \$5,642, resulted in a net budget surplus of \$16,044 in 1973. In 1974, as disclosed by Exhibit 19, a revenue surplus of \$5,838, less a net overdraft of appropriations of \$5,616, resulted in a net budget surplus of \$222.

Long-Term Indebtedness:

Comparative Balance Sheets: (Exhibits 5 and 20)

Comparative Balance Sheets of the outstanding long-term indebtedness of the Town as of December 31, 1972-1973 and December 31, 1973-1974 are shown in Exhibits 5 and 20. The long-term debt decreased by \$12,885, from \$15,245 to \$2,360 during 1973. In 1974 the long-term debt increased by \$7,640, from \$2,360 to \$10,000; matured long-term notes of \$2,360 were paid and \$10,000 of authorized long-term notes were issued.

Statements of Debt Service Requirements: (Exhibits 6 and 21)

Statements showing annual debt service requirements as of December 31, 1973 and December 31, 1974 are contained in Exhibits 6 and 21.

TREASURER

General Fund:

Classified Statement of Receipts and Expenditures: (Exhibits 7 and

22)

Summary statements of general fund receipts and expenditures for the fiscal years ended December 31, 1973 and December 31, 1974, made up in accordance with the uniform classification of accounts, are included in Exhibits 7 and 22.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

Verification of uncollected and unredeemed taxes was made by mailing notices to delinquent tax payers as indicated by the Tax Collector's records. Consequently, the amounts of uncollected and unredeemed taxes as indicated in this report are subject to any changes which may be necessitated by the return of verification notices.

Hermit Lake Project:

A special Town Meeting held on October 2, 1973 voted to "spend the sum of \$8,700, out of the recreation fund, together with matching Federal Funds, to construct a town beach at Hermit Lake."

However, a review of the Town's records indicate that the balance of the recreation fund as of the date of the above Town Meeting was only \$2,199. (Sale of Fredette property - Article 28, 1970)

Expenditures made against this appropriation during 1973 totaled \$3,867. A reimbursement in the amount of \$1,981 was received from the United States Department of Agriculture in 1973. This resulted in an unexpended balance of \$313 in the Recreation Fund as of December 31, 1973.

On the basis of the foregoing, the Town at the meeting of October 2, 1973, voted to expend \$6,501 in excess of the amount actually on hand in the Recreation Fund. Hence, the appropriation of this amount, namely \$6,501 is invalid.

Special Meetings and Application of Municipal Budget Law:

Our examination also revealed that the above meeting was not supported by a posted budget as prescribed by R.S.A. 32:6, which reads as follows:

"32.6 SPECIAL MEETINGS. In case a special meeting shall be called in any town, school district or village district operating under the provisions of R.S.A. 32, the budget committee, so far as applicable, shall follow the same procedure as prescribed in R.S.A. 32:5."

Under the provisions of R.S.A. 32:5, no appropriation item may be voted upon at a town meeting unless it is mentioned in the budget and either recommended, or submitted without recommendation by the budget committee.

In addition, the foregoing conflicts with the provisions of the Local Fiscal Assistance Act of 1972, which require a municipality to provide for expenditure of amounts received only in accordance with the laws and procedures applicable to the expenditure of its own revenues. The special meeting had also voted to expend \$12,749 for capital improvements to be funded by revenue sharing funds.

Police Department Payroll Records:

The accounting policies for the Town require individual departments to prepare and submit detailed payroll sheets in substantiation of wage payments to employees. Our examination disclosed the omission of 2 (two) full-time employees from such records as prepared by the Police Department. However, it was noted that this situation had been rectified in fiscal year 1975.

Yield Tax Deposits:

Care should be exercised in the matter of accounting for yield tax deposits. When yield taxes are assessed and committed to the Tax Collector, the full deposit applicable to each particular tax, retained by the selectmen, should be transferred to the Tax Collector. However, when the deposit exceeds the amount assessed, the transfer should only be in the amount of the assessment, and the excess of the deposit over the assessment should then be refunded to the taxpayer.

Conclusion:

The provisions of Chapter 71-A, Section 21, require that the auditors' summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town. Publication of the Exhibits contained in this audit report is optional at the discretion of the Board of Selectmen. This letter, however, must be published in its entirety.

We express our thanks to the officials of the Town of Sanbornton for their assistance during the course of the audit.

Very truly yours,
FREDERICK E. LAPLANTE, Director
Division of Municipal Services
Department of Revenue Administration
