## Selectmen's Report

Year 1979 started off with a real look toward the future. Town Meeting approved the redesigning and rebuilding of Ross Corner, a new sewerage treatment plant and force main to the Merrimac River, acquisition of several parcels of land for conservation purposes, finish building Bastek Field, total revaluation of all properties in town, along with authorizations to transfer Alexander land to the Alexander-Eastman Hospital for hospital purposes, to proceed with the downtown revitalization with H.U.D. funds, and to build tennis courts on Birch Street.

The progress of these Town Meeting actions can be found in various committee, commission and department reports in this Town Report.

There were many resignations from the Town's highway department, for a variety of reasons. The Board has organized a Department of Public Works including Highway, Water, Sewer, Parks and Cemeteries.

At a special Town Meeting, a Town Government Charter Commission was approved and the members elected; Hoodcroft Country Club gained approval to change the terms of their original deed, and the voters authorized the sale of the Veterans Building to the American Legion. We lost an old town landmark when the American House burned.

The town was grieved by the loss of three public servants, George "Buster" Blanchard, Floyd Meyers and Oscar Watt, to whom this Town Report is dedicated.

Our Town Manager resigned and the position has been filled by a very capable person, Donald Young.

The Board of Selectmen thanks you for your support in the past year and looks forward to another good year.

Respectfully Submitted:

*Paul P. Collette*  
*Benjamin C. Newell*  
*M. Mildred DiMarzio*  
*Janet M. Conroy*  
*William R. Carter*

## Summary Inventory of Taxable Property

<i>Description of Property</i>	<i>1979 Valuation</i>
Land — Improved and Unimproved .....	\$14,772,550
Buildings .....	74,785,200
Factory Buildings .....	3,312,500
Public Water Utility (Private — Serving public) .....	86,850
Public Utilities - Electric .....	2,016,350
Mobile Homes assessed as Personal Property (360) .....	1,528,100
Total Valuation before Exemptions allowed .....	96,501,550
Blind Exemptions (8)            49,200	
Elderly Exemptions (185)    1,101,050	
Total Exemptions Allowed .....	1,150,250
Net Valuation on which tax rate is computed .....	95,351,300

### Tax Rate — 1979

Units of Government	Rate
Municipal .....	1.17
County .....	.23
School .....	4.90
	6.30
East Derry Fire .....	.84
Derry Fire District .....	.83
Combined Rate	
East Derry Fire .....	7.14
Derry Fire District .....	7.13

## State of New Hampshire Department of Revenue Administration

Gentlemen:

Your Summary Inventory of Property Valuation and Statement of Appropriations have been approved. You may proceed with the assessment of 1979 taxes on the basis of the following figures.

Net Assessed Valuation .....	\$95,360,500.00
Taxes Committed to Collector:	
Town Property Taxes Assessed .....	\$6,007,712.00
Precinct Taxes Assessed .....	785,969.00
Total Gross Property Taxes .....	\$6,793,681.00
Less: Est. War Service Tax Credits .....	80,304.00
Net Property Tax Commitment* .....	\$6,713,377.00

Tax Rate - Town	6.30
Precinct	
East Derry Fire	.84
Derry Fire District	.83

\* The amount of property tax commitment is subject to adjustment by reason of any increase or decrease in War Service Tax Credits which may result based on the above approved rate.

In the event any adjustment was made in the Appropriations Section, we have enclosed a copy of the changes. Revenues and Credits have been approved as show on the enclosed copy of the third page of the Statement of Appropriations.

The net amounts approved for school, county and precinct are as follows:

Net School Appropriations .....	\$5,091,712.00
County Tax Assessment .....	248,307.00
Net Precinct Appropriation (1)	

In arriving at the above approved rate the Overlay has been set in the amount of \$45,885.00.

Very truly yours,  
Lloyd M. Price,  
*Commissioner*

## BALLOT QUESTIONS

### ARTICLE 2

Are you in favor of the adoption of the Zoning Ordinance and Zoning Map as proposed by the Planning Board?  
(The proposed ordinance and map rescind the existing zoning ordinance and map and 1) attempts generally to zone areas of the Town in accordance with their current uses, 2) creates nine separate zoning districts (Agriculture/Rural Residential District, Single Family Residential District, General Residential District, Mobile Home District, Downtown Business District, General Business District, Highway Business District, Industrial-Commercial District, Industrial/Residential District) as opposed to the four districts in the existing ordinance, 3) establishes minimum lot sizes for single family dwellings ranging from 10,000 square feet in the General Residential District if there is down water and sewer to one acre in the Agriculture/Rural Residential District. Copies of the proposed zoning ordinance and map are posted at each polling place, and each voter, before voting, may review them.)

854 YES  NO

### ARTICLE 3

Are you in favor of the adoption of Amendment Number 1 to the Zoning Ordinance as proposed by petition of the voters for this Town?  
(This amendment, if adopted, would change the zoning classification of land in the southwesterly part of Derry lying adjacent to and westerly of Route 93 from Industrial to General Residential.)

The Planning Board disapproves adoption of this amendment.  
412 YES  NO   
1631

### ARTICLE 4

Are you in favor of the adoption of Amendment Number 2 to the Zoning Ordinance as proposed by petition of the voters for this Town?  
(This amendment, if adopted, would change the zoning classification of land lying southerly of Kendall Pond Road, easterly of the Boston Maine Railway Line, northerly of the Windham Town Line and westerly of the Windham Road from Industrial to General Residential.)

The Planning Board disapproves adoption of this amendment.  
472 YES  NO   
1600

## Ballot Results - March 13, 1979

## Recount Results March 22, 1979

Recount was held March 22, 1979 at 7:00 P.M. in the Town Hall Meeting Room. Started at 7:15 P.M. and ended at 8:25 P.M.

Recount held for Budget Committee for two year term requested by George A. Hey. Also Budget Committee for one year term requested by Robert Foucher.

Warrant  
for  
Special  
Meeting  
Nov. 6, 1979

Board of Selectmen  
Derry, New Hampshire

DERRY  
SPECIAL TOWN MEETING WARRANT  
STATE OF NEW HAMPSHIRE

TO THE INHABITANTS OF THE TOWN OF DERRY IN THE COUNTY OF ROCKINGHAM AND STATE OF NEW HAMPSHIRE QUALIFIED TO VOTE IN TOWN AFFAIRS:

You are hereby notified to meet at the Veterans Memorial Hall in Derry, New Hampshire, at 8:00 p.m. on Wednesday, November 7, 1979, to act upon the following articles:

Article 1. To see if the Town will vote to release the Hoodcroft Restaurant property (consisting of approximately 36,132 square feet and buildings), but not the golf course property (consisting of approximately 135 acres of land and buildings), from all of the conditions set forth in the deed running from Gilbert H. Hood, Jr. to Hoodcroft Country Club, Inc., recorded in Book 2025, Page 392, Rockingham County Registry of Deeds, and further to authorize the Selectmen to execute any and all instruments necessary in order that the Town's interests in the Hoodcroft Restaurant property may be terminated.

Article 2. To see if the Town will vote to convey the Veterans Memorial Hall to the American Legion L. W. Chase Post No. 9 for nominal consideration, such conveyance, however, to be so drawn that title to the premises will revert to the Town at such time as the American Legion L. W. Chase Post No. 9 ceases to exist or ceases to use the premises for Post purposes. Further, such conveyance shall be conditioned upon the premises being made available to the Town for nominal consideration for the conducting of elections and other Town functions upon request of the Selectmen, and the Selectmen be authorized to execute any and all instruments necessary in order to effect transfer of title to American Legion L. W. Chase Post No. 9 in accordance with this article.

Article 3. To see if the Town will vote to authorize the Selectmen to take whatever actions are necessary, including authority to enter into a long-term contract on behalf of the Town, as a result of which the Town's solid waste can be disposed in a manner meeting all State and Federal requirements.

Article 4. To see if the Town will vote to discontinue as a public highway that portion of South Range Road running from the southerly line of Lot 104, as shown on Map 3, 1979 Derry Property Tax Map to its intersection with Frost Road.

Given under our hands and seal the 19th day of October, 1979.

TOWN OF DERRY  
SPECIAL TOWN MEETING, Nov. 6, 1979

Minutes of the Town Special Meeting, Derry, N. M. held in Veterans Memorial Building November 6, 1979.

Before the polls opened the ballots for District #2 were carried to East Derry Polling place by the election officials.

\*\*\*\*\*

The meeting was called to order at 7:00 a.m. by Moderator Ronald Maynard. The Moderator read the Warrant. The certificate of posting was read and notice that absentee ballots would be processed at 3:00 P.M. The ballot boxes were inspected and the polls opened for voting. Asst. Mod. William Zolla opened meeting at 7:04 A.M. in E. Derry. The Asst. Mod. read all of the warrant and declared the polls open at 7:05 a.m.

The polls were declared closed at 8:00 P.M. by the Moderators in both districts. The ballots in E. Derry were sealed according to law and carried to the central polling place in Derry to be counted. The counters sorted the ballots and counted them. The results of the voting following:

The results of the ballot were read by Moderator Ronald Maynard. The ballots were sealed in compliance with the law and there being no further business, the meeting adjourned at 9:05 P.M.

## Reports of the Departments, Commissions and Committees

### Highway Department

The year 1979 was a very difficult year for the Highway Department. A tremendous loss was suffered with the passing of Road Agent George "Buster" Blanchard. His experience and leadership will be greatly missed. The employees within the Highway Department must be complimented for maintaining such a high standard of service during such difficult times. The following synopsis of completed projects and activities emphasizes the Department's efforts to provide such services to the Town.

Hot top overlay and resurfacing projects were completed on Wilson Ave., Oak St., Pierce Ave., and East Derry Hill.

Complete roadbase renovation, drainage and resurfacing was done on Beaver Lake Rd.

Roadbase renovation was completed on Fordway Extension from Peppermint Corner to the I-93 bridge. This renovation was done utilizing a new method of reclaiming the original asphalt to construct the road base which was then covered with asphalt overlay. Gutters were paved, shoulders were loamed and seeded.

Drainage and hot top overlay was completed on Pinehurst Ave. which included parts of Highland Ave., Edgemont St., and Walker Ct.

On Beaver Lake Ave., shoulder widening and obstruction removal was conducted, simple drainage was installed and the road was resurfaced.

A gravin Road drainage problem was resolved with hot top berm and several loads of fill so as to maintain water flow in the appropriate direction.

Infrared pavement repair techniques were used for the first time this year. It was very successful in resolving several troublesome dips and bad spots that could not be effectively corrected with cold patch. The Division plans to utilize this method in the future.

Drainage structures were added, replaced or extended to service areas on Beaver Lake Rd. (Beaver Box), Floyd Rd., Nesmith St., Lane Rd., Sunset Ave., Bisbee Circle, Old Auburn Rd., Scobie Pond Rd., and Cemetery Rd.

In our Road Maintenance program 749 existing catch basins were cleaned of accumulated sediment and debris. Approximately 500 ton of cold patch was used to repair breaks in pavement.

Snow and ice removal during 1979 involved many storms of varied precipitation. A majority of the Storms during 1979 were troublesome and time consuming because snow would change to sleet, freezing rain, or rain, and back again. Many hours were spent sanding and salting the roads to maintain them in a drivable condition. Some 840 tons of salt were used and if there had not been a "salt shortage" during January and February, more salt would have been spread.

During 1979 the initial efforts were taken to develop a Public Works Department. This will involve the unification of the Highway Division, Water and Wastewater Division, Sanitary Landfill, Cemetery Maintenance, Building Maintenance, and the newly formed Parks Division into the Public Works Department. Such a organization will facilitate the interdepartmental transfer of men and equipment. The reorganization of the six Town Divisions into the Public Works Department is in progress and will continue throughout 1980 with goals of better communication, cooperation and more efficient use of existing men and equipment, and with policy development of preventative maintenance for equipment, facilities and roads.

I would like to thank the Derry and East Derry First Departments, Police Department, Building Inspector, Planning Board, Board of Selectmen, Town Hall personnel, and all Division Supervisors within the Public Works Department for their support and cooperation during these times of change.

Respectfully submitted,  
Rodney A. Bartlett  
Director of Public Works

## Derry Police Department

The Derry Police Department is staffed by 25 sworn officers, 4 dispatchers, and one full-time secretary. It is supported at times by 4 special officers.

The Department is headed by Chief of Police Edward B. Garone, and is comprised of two divisions, Patrol and Services, each headed by a lieutenant.

Those men assigned to the Patrol Division are the main deterrent to crime. Their function is be there at all times, ready for whatever events might produce. It is the training ground for all new officers, and all must be capable of accurately evaluating each situation with a minimum of delay and initiating the appropriate action to protect the citizen and property. The patrolman, idealistically, is the "complete policeman," trained to cope with any situation that may confront him during his tour of duty. All other members of the department have the responsibility of supporting the patrolman, the man on the front line.

Our dispatchers are also assigned to the Patrol Division. They receive all calls for service and evaluate them, then assign, via radio, the amount of manpower necessary to handle a given situation or refer to call to appropriate authority.

The Services Division is broken into four sections: Detectives, Juvenile, Prosecution, and Records. The function of the

The services Division is broken into four sections: Detectives, Juvenile, Prosecution, and Records. The function of the detectives is follow-up investigation of assigned cases, often working in conjunction with the patrolman, collecting and preserving evidence, and preparing criminal cases for court. The Juvenile Officer is responsible for the investigation of all crimes committed by or against juveniles. The prosecuting officer prepares and presents all criminal and motor vehicle

offenses to the District Court, as well as maintaining certain records.

The Records Section handles the mountain of paperwork generated by incident reports, accidents, permits, licensing, and routine correspondence.

In late 1979, the Selectmen authorized the hiring of two additional officers who are assigned the duties of those men who are injured, ill, or on vacation. This is the first increase in manpower since 1973, yet it does not increase our capabilities, merely providing for a reduction in the amount of monies expended for overtime, and the Department still remains undermanned, although at "authorized" strength. While other area departments maintain an average of 1.7 men per 1,000 population, our ratio is 1.35.

For the third year in a row, arrests of juveniles have decreased. 1977 recorded 385 juvenile arrests, 1978, 361, and 1979, 260. We attribute this to increased services in this area from not only our juvenile officer, but heavy involvement in diversion programs by the court, Probation Department, Recreation Department, Boys' Club, schools, church groups, and the numerous individuals who donate their time to the community's youth programs. This is gratifying as juvenile crime is on the increase in other jurisdictions.

Our solve rates in criminal cases remain the highest in the area, and most of the time surpass those of any department in the State.

In closing, may I remind each of you to become involved. Crimes reported in a timely manner are much easier to resolve. Your cooperation is not only desired, but is essential to our mutual interest.

It has been a pleasure serving this community the past year, as always.

## Recreation & Parks Department 1979 Annual Report

This is the last of the annual reports which covers both recreation and parks. In case you have not heard, these two functions were separated August 1, 1979. Donald Ball was named director of parks and put under the supervision of the superintendent of public works. I was not completely in favor of such a move, but we are trying to make it work through cooperation, to achieve the same level of service which we have provided previously. Only the test of time will tell if it is a wise move.

As every year produces ups and downs, this seemed to be a year of more downs than ups for us in Recreation/Parks. First the town meeting voted to break Dr. Alexanders' will again, to use another 5+ acres for the hospital.

Due to inflation, the number of new tennis courts to be built had to be reduced to half of the original number. Poor weather cancelled our annual Winter Carnival.

Vandalism continued as one of our biggest problems, climaxing with the arson of the bathhouse at Hood Park. Evenings at that location finds most of the lights broken out and illegal drinking going on all the time.

More negative vibes when the town decided to charge various instructors for teaching certain classes. A committee was also formed to study other ways to charge participants for the use of some recreation facilities.

Energy shortages and climbing inflation make it increasingly difficult to provide the same level of services with less resources.

The old cruiser which I had been driving, finally died with 134,000+ miles on the odometer and the '65 International pickup also passed out of usefulness.

The weather was uncooperative for most of the town wide celebration in October resulting in a less than spectacular success.

Most of all, I cannot understand how the breaking up of a successful operation and the division of personnel, reducing the work force can be for the town and the service provided for their leisure activities.

On the positive side of the ledger, our accomplishments have been mostly with facilities. Bastek Field was finished. Hopefully the weather will be good enough to allow play on it in the spring.

The new utility shed was completed behind the bandshell after vandals tore down the partially completed building several times.

Finally, after many years, the tennis courts on Birch Street have been completed with the assistances of federal funds through the Heritage, Conservation and Recreation Services the courts will be used starting this spring.

## Parks Department

We have practiced energy conservation, hoping to keep costs down. The largest step was taken when we negotiated the purchase of all the Public Service Company equipment at Hood Park, now we should be able to operate our own lighting system, controlling the amount of electricity used and not burning lights unnecessarily all night long.

A plan to rebuild the burned down bathhouse at Hood Park using the insurance many and federal funds (H.C.R.S.) only needs to be voted by town meeting. In the plan, an expansion of activities to be served, includes winter activities such as a warming house for skating and sliding groups.

Our goals also include the restoration of our needed staff to the same level as last year.

Again we propose to offer an increasing amount of family participation with an emphasis on the "life time" activities.

With the shortage of gas last summer, we saw an increase in participation in some our programs, especially the outdoor youth baseball and softball programs. In the fall, we eliminated a couple of programs in the name of energy conservation. Perhaps next year we will revive the gymnastics and pillo polo activities.

Hopefully, volunteers will continue to support the activities as coaches, referees, and helpers of all kinds to keep costs down on providing the different programs. New groups of volunteers for every season make possible activities, which we would not afford without their assistance. with the loss of Don Ball in the flag football and Jet Jrs. program, Bill Ouelette and Bill Lonergan took over the top spots. In girls softball Jim and Joan LeMahieu handled the most important aspect of a new girls instructional league. They also volunteered the same way for the girls basketball program, much expanded.

Many of our programs are assisted by the army of volunteers giving of themselves and sometimes of their material holding, such as swim pools or top soil. Although they are too numerous to mention, some deserve special mention like Mrs. Katherine Tris, Mr. & Mrs. John DeLorenzo and Cooper Homes.

We continue to try to keep costs down by utilizing C.E.T.A. help while training them at the same time. We also employ SPEDY youth during the summer months, but it is a continuing training process which takes manpower and fewer applications seem to qualify as time goes on.

We had 39 programs for the 1979 year offered to male and female participants of all ages. The participation in the programs was offered to 73,933.

Someday we hope to employ a person to be a program specialist especially for girls and womens' programs. The cost of such a position could be covered by the fees paid by participants in thos programs.

I feel the increase in leisure time, will result in a similar increase in the demand for more recreation programs and facilities. Although we are told to do it with less money and manpower. We will do the best we can with what is available, but I'm afraid we will have to make the sacrifices in services to the public and available programs to keep within our budget. The division of our "family" will also result in a less personal approach to the solution of problems.

Constructive criticism is always welcomed and we are always willing to help individuals and groups with information and assistance when ever possible.

Let's try to make this new decade a progressive experience, so that the quality of life for everyone can be improved regardless to their individual life styles.

As we start out with this totally new Parks Department in 1980, we will do our best to keep up with the many faucets demanded by so many groups and individuals in the use of the parks and in the recreation programs.

There are only two of us in the parks department. Mike Jesson is one who has become an integral part of the department, pitching right in whenever necessary on nights, weekends, etc., above and beyond the call of duty. We have relied heavily on help from the local C.E.T.A. Office through the years, but that source has dwindled to about one helper from time to time and this makes it difficult to accomplish all we would like to do.

We are expecially proud of two major projects we have accomplished the past year. The building of Bastek Field and the construction of a new storage shed behind the bandstand. We feel that we have saved many tax dollars by doing almost all the work on these projects without outside labor!

An interesting comparison of the workload we are sharing to date, shows that in May of 1976 we prepared areas for 91 ball games. In May of 1979 there were 203 games. An unbelievable rise in use of ball fields. Right now, there are 14 baseball diamonds, 6 football fields, 3 soccer field, 2 lacrosse areas, 1 field hockey and 1 cross country course which we mark and care for in varying degrees for teams to participate on them!

Winter finds us trying to keep up approximately 6 different skating areas and the Alexander-Carr Ski Tow by removing snow when possible and plowing parking lots for the areas. We try to flood areas at the Hood Park rink and at Veterans Field, one for hockey and one for figure skating. However, weather conditions have a lot to do with out success at flooding these areas. Unless we have an extended cold spell for several days it makes it difficult to keep good ice because we are unable to get a good base. Unlike ice on ponds, which have cold water as a base to start with, the sun warms up enough each day that it shines to do a certain amount of melting on the manmade ice. As of this writing, we have made ice at Hood Rink 3 times and lost it all 3 times with warm weather or rain!

Our goals for 1980 include trying to keep up the same services as we have in the past by using what little help we have to the best advantage including making repairs to the bandstand at MacGregor Park. There's no doubt that we will continue our fine close relationship with the recreation department and will do our best to make our part of the public works system work to the benefit of the taxpayers.

Finally, I would like to thank the West Side Community Center AAdvisory Board for allowing us to be housed in the center. Our relationship with the center has been an extremely beneficial situation for the Town of Derry. We supervise the maintenance of the building and also play a part in much of the remodeling of the building. In return, the parks department has an office, workshop and over 3000 feet of inside storage room, not to mention much of our equipment which is stored on the grounds. Our heat and lights are furnished and any materials used in the center are paid for by the advisory board. The community center provides an important function for the town and all monies are raised by the community center closet, which sells second hand goods, by the United Way and by many donations from clubs and private individuals. There is no question in my mind, but what many taxdollars are save because of our relationship with the center.

## Humane Officer's Report 79

During the year of 1979, 315 dogs were picked up and impounded. Of that amount 195 were returned to their owners, 66, were humanely put to sleep, and 54 were adopted. I often wondered whether or not the owners of the 66 dogs which were put to sleep, ever wondered or cared where their dogs, went. All dogs impounded were advertized in the paper, if they were'nt claimed right away, so there must be 66 people who don't read the paper or just don't give a hoot about their pet, (Are they so easily replaced?)

This year a few ducks, and a couple of parakeets found their way to the pound, and they were placed in good homes.

I scraped 90 cats and dogs off the, after having been killed by cars, and picked up 20 injured dogs and took them to the vet if necessary. No a very good score is it folks? There were 54 chickens killed by dogs, as well as 1 sheep, 1 rabbit, 1 pig, 1 turkey and 1 small dog. Those are the ones that were reported to me, I know of many more that were not reported for one reason or another. There were 41 dog bites reported to me during the year, as well as several that were'nt. If people would just be responsible dog owners, none of the above need have happened. These incidents were caused by household pets, not wolves, or wild animals, and it's the fault of the dog owner, no one else!

I received 3,156 phone calls and returned those I could decipher, and in addition made several hundred more. I rescued a small dog from the lake, picked plastic bags of dead puppies out of the various ponds and streams in the area, herded horses and goats, and did battle with the lagoon rats at the pound. I even waded to the pound a couple of times when the brook overflowed last spring. Dedication?

The number of dogs licensed, in Derry, increased this year, partly due to may new people moving into the new developments that seem to spring up overnight, and partly due to my increased "leg" work, in catching up with the people who "never license their dog, because it's a house pet" . . .

Hopefully in the coming year everyone will realize the importance of getting their dog, rabies shots, and licenses. With the increase of dogs in Derry, comes an increase of dog bites, and any dog who bites anyone, must have a valid rabies certificate, for if he doesn't, said dog must be confined for 10 days, either at the pound, at the rate of \$3.00 per day, or at a vet, to be observed in order to ascertain that the dog isn't sick. There's always that 1% chance that it could be, and I don't think anyone wants to take even a 1% chance of contacting rabies.

In the coming year I will be increasing my efforts to get all the dogs in Derry licensed and under owner control. This is a State Law ans should be obeyed by all.

One way or another it will be.

As always there are people to whom I must say "Thank You" for all the help and cooperation you've given me during the year. You are the ones who make my job a little easier. Lets all make an effort during the coming year, and brand new decade to work together to make Derry a better place for dogs and people to co-exist. Remember your neighbor doesn't have to love you dog, but it would help, if he could stand it.

Respectfully submitted  
Florence Ouellette  
Humane Officer

### Annual Report Derry Conservation Commission

Each year sees an increase in the activities and responsibilities of the Derry Conservation Commission. One of our first duties is to view and make decisions on dredge and fill applications, which we have done on every application received. We have investigated all citizen's problems brought to our attention, and have tried to find solutions. We have inspected town-owned land, prior to it's sale, to determine if we should recommend that it be retained by the Town. We attended the annual meeting of the N.H. Conservation Commission, and workshops in Plymouth . We have had a representative on the Citizen's Committee on zoning, attending all but one meeting.

Several new programs have been commenced this year. The elm tree protection program has begun. At the request of the Selectmen, we are formulating a program for the management of forested town-owned land, which we hope will include a plan for cutting firewood. A great deal of effort and time has gone into the acquisition of land located in sensitive watershed areas. As the year ends, negotiations for three parcels have been completed, and are awaiting final review by the Heritage Conservation and recreation Service. The Commission is very proud of the results of this project. Our final activity for the year was the drafting of a Conservation Corridor Ordinance protecting the wetlands of the town, which we hope will be adopted by the voters at the 1980 Town Meeting, for the present and future benefit to the town.

Respectfully submitted,  
Deborah Nutter, Chairman

and Clerks, mileage, stenographer and reimbursement  
of fine. \$164,772.92

Paid Town of Derry . . . . . \$83,544.72

## Zoning Board of Adjustment Annual Report 1979

The Zoning Board of Adjustment held a total of 23 meetings in 1979 and heard a total of 56 cases. Of these 33 were requests for variances, 10 were requests for exceptions, 7 involved appeals from decisions of the Building Inspector, 4 were rehearings of previous cases, and 2 were reviews requested by the Building Inspector. 19 of the variances were granted, 10 were denied, 2 were continued, 1 was withdrawn, and in one case the Board ruled that the use was non-conforming and a variance not required.

Of the exceptions, 5 were granted and 5 were denied. In the appeals from decisions of the Building Inspector, the Board upheld the applicants in three of the cases and the Building Inspector in the other four, although in those cases the Board granted variances to permit the uses under appeal.

In the four rehearings, the Board upheld its previous decision once and reversed its decisions three times, once granting a previously denied exception, once rescinding a variance, and once upholding the Building Inspector in his decision to grant a building permit. In the two reviews requested by the Building Inspector, the Board found the uses to be in compliance with the Zoning Ordinance.

Respectfully submitted,  
Leander Burdick  
Chairman

## Planning Board Annual Report - 1979

The Planning Board for the Town of Derry held 22 regular meetings, 7 special meetings, and 3 public hearings, for a total of 32 meetings in 1979. A total of 170 subdivision plans were approved. Of these, six were for transfer of land between abutting parcels, three involved internal lot line changes, and four were revisions of previously approved plans. New building lots were created in the remaining 56. The Planning Board also approved 9 plans for Recording Only and conducted two non-residential site plan reviews.

A proposed Zoning Ordinance, prepared by Bruce Tsuchida of Townscape Associates, Arlington, Mass., failed to pass at the 1979 Town Meeting. A Citizens' Committee on Zoning was formed in an attempt to resolve some of the controversial areas. A proposed Zoning Ordinance, submitted by a sub-committee of citizens appointed by the Planning Board was heard in public by the Planning Board and submitted to the 1980 Town Meeting after substantive changes suggested by the various interested parties at several public hearings.

Respectfully submitted,  
Margaret M. Bennett  
Clerk

## Report of Derry Visiting Nurse Association

(For Period 7/1/78 - 6/30/79)

During this past service year Home Health Services increased to Derry residents in several important areas. Earlier hospital discharges, a growing population and limited nursing home beds indicate that the need for Home Health Care will continue to grow in the future as well. Home visits made by nurses, home health aids, homemakers and our occupational

therapist all increased, as did attendance at our Blood Pressure Clinics and Expectant Parent Classes. Two areas of service which decreased were Physical Therapy visits and Immunization Clinic attendance. The decrease in these two areas occurred because of a clear cut change in needs within the town.

In the case of Physical Therapy, the visits to handicapped children which our agency had been making were able to be transferred to a full time therapist within the Derry School System. We believe we made an important contribution to the "mainstreaming" effort withing the Derry School System during that growth period before a full time therapist was needed. The School System is to be highly commended now for its own fully coordinated team for handicapped children.

Attendance at immunization clinics from Derry was at a high of 333 in 1979 - '77 and 357 in 1977 - '78 when the School Nurses were making an exhaustive effort to identify and immunize all school children who were not fully protected against communicable diseases. They made many referrals to our clinics during that time. This year the Derry attendance dropped to 193 as the program had succeeded and the need lessened to a "maintenance" level.

During 1978 -'79, a separation of our homemaking service from our certified home health aide service was accomplished, and this is enabling us to provide homemaking assistance to more of the elderly or handicapped or chronically or temporarily ill than was true in the past. The results have already been apparent in Derry where homemaking visits doubled this year.

As of this writing our agency is also now operating a monthly Well Child Clinic which is a new service. Young families who are unable to afford "wellness check-ups" privately are eligible to bring children from birth to school entry to this clinic after first being enrolled and getting an appointment. We believe this will provide a valuable resource to Derry's young population in the future. Many Derry youngsters are already benefitting from this clinic!

A brief summary of services to Derry residents for the past two years is as follows:

	1977 - '78	1978 - '79
<i>Total Home Nursing Visits</i>	2366	2611
<i>Occupational Therapy Visits</i>	19	53
<i>Homemaker Visits</i>	331	662
<i>Home Health Aide Visits</i>	1111	1121
<i>Blood Pressure Clinic Attendance</i>	466	636
<i>Immunization Clinic Attendance</i>	357	193
<i>Expectant Parent Attendance</i>	34	50

Derry representatives on our Board of Directors at this time are: Edna Bishop, Val Eshleman, Kay Godet, William Letendre and Glennard Ruedisueli, MD.

June 4, 1979

Members of the Board of Selectmen  
Town of Derry  
Derry, New Hampshire

Gentlemen:

As part of our examination of the various funds and groups of accounts of the Town of Derry for the year ended December 31, 1978, we reviewed and tested the Town's system of internal accounting control to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. Under these standards the purpose of such evaluation is to establish a basis for reliance thereon in determining the nature, timing, and extent of other auditing procedures that are necessary for expressing an opinion on the financial statements. It was not designed for the purpose of expressing an opinion on the internal accounting control and would not necessarily disclose all weaknesses in the system.

As a result of such review and in an effort to be of assistance to the Town, we are submitting for your consideration a number of comments and observations intended to improve operations and internal control. These deal exclusively with the Town's operations and controls and should not be regarded as reflecting upon the integrity or capabilities of any Town employee.

We recognize that practical considerations are an important factor in instituting changes in accounting procedures and the system of internal control. The Town must weigh the possible additional costs of such changes against the risks inherent in the present procedures and systems.

After you have had an opportunity to consider our comments and observations, we would be pleased to discuss them with you.

Very truly yours,

*Killion, Plodzik & Sanderson*

## Annual Report Mental Health Center for Southern New Hampshire

Fiscal year 1979 - 1980 saw rapid growth and expansion of facilities and services offered by the Mental Health Center for Southern New Hampshire. As a result of a grant from the National Institute of Mental Health, beginning in May 1978, the Center was able to increase its staff to 65, add two new facilities to its three existing clinics, and greatly expand its clinical, educational and consultation services. In February 1979, the administrative offices relocated at the Derry Professional Park, Route 28, Derry. In October, the renovated Windham Inn on Route 28 at the Windham-Derry line, opened to house both the Sustaining Care and the Partial Hospitalization Programs. These offices may be contacted by calling 434-1577.

It is the objective of the Mental Health Center for Southern New Hampshire to remain responsive to the mental health needs within our 11 town catchment area. Toward that end, two public hearings to review the program and service plan were held during the course of the fiscal Year. The Center also engaged in a planning process with the New Hampshire Division of Mental Health and New Hampshire Hospital to develop a long-range plan for the care and treatment of the chronically and severely mentally ill. Planning for better monitoring of our services and programs began during the Fiscal Year with the decision to implement a computerized Management Information System capable of providing statistical and financial data for the purpose of reporting to outside agencies as well as in making management decisions within the organization. The Mental Health Center aims at providing services which are of high quality and administratively/financially efficient. A quality review system will be planned and implemented during Fiscal Year 1980 with groundwork being laid during Fiscal Year 1979.

During calendar year 1979, the Dery satellite office serving the communities of Derry and Chester relocated to the Medical Arts Building in the Derry Professional Park from their former location on Crystal Avenue, Derry. The Clinic hours expanded to include Wednesday evening until 9:00, in addition to the regular hours, Monday through Friday, 9:00 am to 5:00 pm and Thursday evening until 9:00.

The Derry satellite office provides mental health screening and diagnosis for all individuals seeking services from the two-town service area and makes treatment disposition based on client needs. Besides utilizing the other services and programs of the organization, the Derry branch office provides direct clinical services to a wide range of adults and children through the use of individual, couples, family and group therapy.

On going consultations were maintained with agencies such as the court, police, probation department, youth services, Division of Welfare, Family Planning, Headstart and Department of Vocational Rehabilitation. Consultation continued with the schools on an individual client bases as needed.

During 1979, the Family and Life Education Program provided the following programs and services to the residents of Derry:

*January 16, 1979:* Presentation to Derry Junior Women's Group on rape. Presented in conjunction with the WAR in Manchester, the Alexander-Eastman emergency staff and the Derry police.

*May 10, 1979:* Drug Abuse Education workshop at Pinkerton Academy.

*July 18, 1979:* Hadco Industries. Presentation "Overview of Your Community Mental Health Center".

*September 23, 1979:* "Clown Program" for Lions Club Auto Show.

*October 1, 1979 - November 19, 1979:* Eight week course dealing with "Stress Management and Relaxation". Offered through Derry Center for adult studies.

*October 1, 1979 - November 15, 1979:* Six week course dealing with "Child Management". Offered through Derry Center for adult studies.

*October 3, 1979 - November 21, 1979:* Eight week course dealing with "Male Menopause" offered through Derry Center for adult studies.

*October 4, 1979:* Workshop for Derry VNA, "Primary Issues of Aging".

*October 5, 1979:* Workshop for paramedics at the Alexander-Eastman Hospital dealing with "Crises Intervention and Suicide Prevention".

*October 30, 1979:* Interagency Forum for all human services personnel in Derry and Chester.

*November 5, 1979:* Guest lecture "Supermom"; video tape and discussion for Derry Junior Women's Group.

*November 26, 1979:* Guest lecture "Substance Abuse/Child Abuse" at the Hood Junior High School.

*December 6, 1979:* Guest lecture "Mental health Needs of Children" for the Grinnell PTA.

*December 14, 1979:* Program at the St. Thomas School, 1st Grade, "An Introduction to Mental Health Principals via Clowning".

In addition, the staff of Family and Life Education developed a mental health column in the *Derry News* entitled, "Coping Corner".

Concerning our Emergency Services program, several training programs were provided for the town of Derry:

1. Training program for the nursing staff at Alexander-Eastman Hospital dealing with crisis intervention techniques and with the unruly patient.

2. Training for Derry teachers dealing with suicide and youth problems.

3. Seminars at Pinkerton Academy for students dealing with crisis intervention and suicide.

During the period January through December 1979, the following services were delivered to Derry residents:

Clients Served . . . . .	1046
Direct Service Hours . . . . .	2036.75
Partial Hospitalization and Sustaining Care Program . . . . .	3770
Inpatient Days . . . . .	309
Emergency Contacts . . . . .	609
Consultation and Education Hours . . . . .	135

## Taylor Library Report 1979

The Taylor Library and Librarian would like to thank all who have helped in making this the successful year it has been. With the cooperation of the Trustees and Patrons there have been number of changes for both young and old.

When I was appointed as the new Librarian to replace Mrs. Varney, who retired, in May of 1979 we added to our already successful Paperback Exchange for Adults, the Reading Enrichment Collection for Junior High and High School Students. The Derry Junior Women's Club have conducted a successful Story Hour for the Pre-school children on the 3rd Wednesday of each month.

Interlibrary loan continues to be a valuable asset and we are happy to be able to fill most requests.

The State Bookmobile has visited us three times this year and we have supplemented our own collection with 392 adult fiction, 1080 adult non-fiction, and 45 juvenile volumes. The State is phasing out the Bookmobile but we feel the alternate service will help us as much better.

We have increased our hours to Sixteen being open Tuesday and Thursday 2-8 PM and now Saturday 10-2 PM.

I wish to thank the Trustee's for their cooperation and support this past year.

Respectfully Submitted  
Annabell G. Hastings  
Librarian

### Librarian Report — Derry Public Library

Once again, for our yearly report, we are pleased to announce a steady increase in our circulation.

A copying machine was purchased during the year and is proving most helpful, with a modest fee being charged for its use.

Our major project, a Children's Room on the lower level of the building, was completed and officially opened in July. We wish to thank the Derry Lions Club for their gift of the brightly colored chairs for that room. Money which had been given was used to purchase colorful fabric pictures, a handsome wall clock and a bulletin board. This room, which is open from 1:30 until 5:00 serves pre-school children through the sixth graders.

Because of the opening of the Children's Room, re-registration was begun in July, with all patrons receiving new numbers.

The Bookmobile had three visits during the year, but this service will be discontinued as of July 1980, because Derry has grown too large to participate in this particular program.

The story hour sponsored by the Derry Junior Woman's Club is held once a month, the first Wednesday, in the new Children's Room at 11:00.

Books delivered to Nutfield Heights and to shut-ins proves to be popular, with the large type books in great demand.

Many gifts of all types were donated throughout the year and to all those who were so generous, we give our thanks.

The Derry Garden Club continued to provide the Christmas trees and decorations for the holiday season. Brownie Pack 441 decorated the Children's Room for Halloween and Christmas. To both their organizations we say a grateful thank you.

As I retire from my work, I would like to express my very deep and sincere thanks and appreciation to the Trustees, for the fine cooperation they have always given to me; to the staff for their unfailing support and understanding; to all the many patrons for their friendliness throughout the years. All these people have helped to make my work most rewarding and pleasant, and I am very grateful for having had the opportunity to serve the community. My thanks to you all.

Annie Ashton  
Librarian

## **Building Inspector/Health Officer**

I believe that 1979 was a very productive year with 686 Building Permits being issued and from that total there were 200 issued for either single family or duplex houses.

In the area of enforcement of the Housing Maintenance Code, or as the local Health Officer, we received 147 complaints which were investigated for verification of the complaints and for possible further action. Additional action that may have been taken would have ranged from a verbal request to correct, to our most severe course which is a court action and certainly the last resort after all else has failed.

Inspections of previously existing multi-family dwellings has been one of our main concerns, as it applies to public safety, and we have been and will be working with the Fire Departments to accomplish our goal of having safe and healthy places for people to live.

## Wastewater Division Report

The operation of the Treatment Plant and Collection System has been most satisfactory in that there have been no major problems this year and effluent test results are continually within the permit limitations.

We are pleased to report that we now have two men who are certified by the State of New Hampshire as Grade 3 Plant Operators, a requirement for operation of the new plant.

The Septage Pits have been in operation for more than a year and have functioned well, with periodic cleaning by some of our users.

The laboratory has received additional instrumentation and equipment. We can now produce distilled water and have the facilities to do all routine water and wastewater tests. The department was visited by the Mobile Van of the New England Regional Wastewater Institute, accompanying personnel gave a 3-day course in pumps and maintenance.

The Town's consultant engineers, Environmental Engineers, proceeded with the design of the new Treatment Plant with the department reviewing, commenting, and assisting as needed.

The department cleared several plugged sewers and replaced pipe sections where sewers were plugged with roots. About 100 manholes were adjusted by raising covers so that they would be flush with the road. The department is continuing to monitor and analyze industrial waste in the laboratory.

Three extraordinary incidents occurred during 1979. The magnetic flowmeter at the Main Pumping Station was removed because it had been malfunctioning for many months. The meter was inoperable due to material deposited on the inside of its plastic sleeve. Then, a leaky gasoline tank was found to be responsible for gasoline infiltration into the sewer. The gasoline station quickly replaced the tank. Over 1 million gallons of water was pumped into the sewer to minimize the danger of gasoline explosion. Eventually, the gasoline entered the lagoons where it killed the algae, which resulted in the DO (dissolved oxygen) dropping to zero. Department personnel worked diligently to keep the aerators going, helping the lagoon recover and abating any odor problems.

The third incident was a break of the 14" force main from the Pump House to the lagoons. The repair was difficult, there was no by-pass and it was necessary to divert influent so that the defective section could be replaced. The department made the entire repair in record time, helping to maintain service.

Plans for the new treatment plant facility are ready. We look forward to the day when the new plant goes into operation and the Town can make a substantial contribution to keep surface water clean.

The Wastewater Division wishes to thank all other Town Departments for their cooperation and support for 1979.

Henry D. Treitel  
Superintendent

## Water Division Report

The Water Department is pleased to state that 1979 was a very good year. The meter replacement program is almost complete, which means our customers have modern meters with remote readers. The meters have a life span of approximately ten years and at that time can be reconditioned for an additional life span of seven to ten years. Backflow preventers are now installed in all new construction wherever there is danger of siphoning and possible contamination of the water supply. The department has developed the capability to test and repair these backflow preventers.

During the winter there were twenty frozen house services. Department policy is to make every effort possible to open lines and assist our customers. Typically, if the service is metallic an electric welder is hired to thaw the line or if the service is non-metallic the department uses its own hot water method. Nineteen out of twenty frozen lines were thawed out and service restored. When the problem is on Town property, the department lowers and/or insulates the line during the construction season.

Two major efforts to update the facilities of the department were completed. An existing eight inch main and related gate valves was replaced from the Fordway Pump House to an existing main near Beaver Brook with a twelve inch main and valves. A new six inch hydrant was also installed. This work assures that water can flow freely from the pump house into the distribution system.

In an effort to assure uninterrupted water service, a new emergency pump and engine was installed. A gasoline engine was selected for two reasons, it is less expensive than other engines, and there is an ample supply of gasoline near the pump station. The pump model, Allis-Chalmers, is identical to the main pump installed last year. As a result the department now has two identical pumps, each having enough capacity to supply all the Town water needs. The Town water supply is plentiful and Derry continues to be one of the few communities which has sufficient water supply throughout the year.

The department hired a consultant, Amory Engineers, to recommend a disposition for the Holmes Street Tank. Their recommendation is to discontinue this sixty year old tank and to lay a twelve inch main along High Street from Beacon Street to and along West Broadway to the railroad track in order to improve pressures and fire flows. The department wholeheartedly endorses this recommendation.

It is expected that some fifty new services will be added to the system in 1980. The department looks forward to many years of service to the community by supplying good and safe drinking water at reasonable rates.

The Water Department would like to thank all other Town Departments for their cooperation during 1979.

Henry D. Treitel  
Superintendent

## Derry Fire Department - 1979

The year 1979 saw many managerial and procedural changes in the Derry Fire Department. Like any growing business, especially Emergency Services, changes, sometimes drastic, have to be made to insure that the operation is run in both an efficient and professional manner. One of the most significant changes in management was the appointment of Deputy Chief of Department. To quote an excerpt from his job description, "assists in the organization, training and supervision of fire department personnel in all phases of fire fighting, fire prevention and mechanical work". His numerous duties are varied and he has been instrumental in coordinating both personnel and department needs.

In conjunction with procedural changes, the Derry Fire Department Fire Prevention Bureau has been revamped to greatly reduce duplication of effort. New inspection forms have been printed, master files have been changed to balance the work load monthly and methods have been instituted by the Bureau to insure that any new businesses that are established, any business change of address or any other circumstances pertinent to the Bureau will not go undetected.

Among other innovations implemented was the installation of the Microfilm Reader/Printer. This machine has been set up in conjunction with all fire alarm boxes and outlying areas. When a particular box is received at Headquarters, the proper area film is fed into the machine and by selecting the proper number, the area in question is reproduced on a screen with all

pertinent information. Example: Location of box, hydrants, homes with invalids and/or medical problems or any other information pertinent to the health and well-being of emergency personnel. By selecting a second number, the area in question is further reduced to a particular street or site, thus enabling the dispatcher to furnish responding apparatus with complete information.

Last, but not least, Station #2 (Warner Hill Road) has been in existence just over one (1) year and we feel that going by the following statistics, our projections of fire protection coverage to the Island Pond area were well founded. In the calendar year 1979, Station # responded to a total of 54 calls broken down as follows:

- 11 Structural Fires
- 20 Still Alarms
- 14 Ambulance Assists
- 7 Service Calls
- 2 Mutual Aid

Total property value involved was \$421,500.00, estimated property loss was \$29,300.00. In one (1) years existence, this station has saved the tax-payers four (4) times its original cost.

James J. Cote

## 1980 WARRANT FOR FIRE DISTRICT MEETING

To the inhabitants of the Derry Fire District qualified to vote in district affairs:

You are hereby notified to meet at the Engine House at 32 West Broadway in said District on the 11th day of March, 1980, at 7:00 o'clock in the forenoon (morning) to act upon the following subjects:

ARTICLE 1. To choose all necessary District officers for the year ensuing.

ARTICLE 2. To hear the reports of agents, auditors and committees heretofore chosen and pass any vote relating thereto.

ARTICLE 3. To see if the District will vote to raise and appropriate the sum of Six Hundred Eighty Nine Thousand One Hundred Ninety Nine and 79/100 Dollars (\$689,199.97), or any part thereof by taxation or otherwise, to meet payments of principal and interest on debts of the District; for salaries of officers and agents of the District; and for all other necessary expenses arising in said District, and pass any vote relating thereto.

ARTICLE 4. To see if the District will vote to accept Forty Three Thousand Five Hundred Nineteen & 21/100 Dollars (\$43,519.21) in anticipated revenues or any part thereof to meet payments of principal and interests on debts of the District; for salaries of officers and agents of the District; and for all other necessary expenses arising in said District, and pass any vote relating thereto.

ARTICLE 5. To see if the District will vote to authorize the Fire Commissioners to borrow money in anticipation of the taxes of the municipal year in which such loans are incurred and made payable therefrom by such and pass any vote relating thereto.

ARTICLE 6. To see if the District will vote to authorize the Fire Commissioners to establish a capital reserve fund, or to place in the hands of the Trustees of Trust Funds any monies that may be donated to the District, made available to the District, or not spent by the District from the monies appropriated for the previous year.

ARTICLE 7. To see if the District will vote annually by an article in the Warrant to authorize the Fire Commissioners to establish a contingency fund to meet the expenses that may arise during the year. Such fund shall not exceed one percent of the amount appropriated exclusive of capital expenses and amortization of debt by such village district during the preceding year. A detailed report of all expenditures from the contingency fund shall be made by the Commissioners and published with their report.

ARTICLE 8. To transact any other business which may lawfully come before such meeting including the appointment of any committees on any article embraced in this Warrant.

The polls for the election of officers of the District will remain open from 7:00 A.M. until 6:00 P.M. unless the District at the opening of the meeting votes to keep the polls open until a later hour. It is planned to take up the remaining articles in the Warrant at 7:30 P.M. on March 17, 1980.

Given under our hands and seal this 20th day of February, 1980.

J. Clement Madden  
Ronald R. Boyle

*Derry Fire District*

## Derry Ambulance Service

The Derry Fire Department Ambulance Service wishes to report that the year 1979 was a very busy year in terms of upgrading of services, specifically in the areas of education of personnel and in the purchase of new specialized equipment.

Education was a large project for the Ambulance Service in 1979. Two privates graduated as Paramedics and received Associate Degrees in Emergency Health Care from the New Hampshire Technical Institute in Concord, N.H. Ten (10) members took the necessary training to qualify as Advanced Emergency Medical Technicians. With this training, the Advanced E.M.T.'s are allowed to do many of the Skills of a Paramedic, skills pertaining to the areas of severe respiratory and severe shock problems. Lastly but equally important, twenty (20) First-Aiders this past fall took the training and passed the necessary requirements to become National Registered E.M.T.'s. This program gave the members the basic skills to deal with the emergency problems encountered in ambulance work. This course is also the basic requirement to go

further with the advanced courses which we foresee many of these members taking in 1980.

We are also proud of the accomplishments made in new equipment purchases this past year. In 1979 we acquired several pieces of Advanced Life Support Equipment, equipment that allows the Paramedic and Advanced E.M.T. to handle the severe problems encountered daily. We are proud of the fact that our people are the first to use this equipment at this level in the State of New Hampshire.

In summarizing the year 1979, I feel that if the present trend continues in the upgrading of services, the residents of Derry will continue to receive the highest degree of Emergency Medical Care available anywhere in the State of New Hampshire.

Respectfully Submitted,  
*Chief James J. Cote*  
Derry Fire Department

## East Derry Fire Precinct

The year 1979 was an active and gainful one for the members of the East Derry Fire District. In the Spring of 1979, six of our firefighters acquired their New Hampshire State Certification as firefighters. Again in June, the majority of the department attended training sessions in Laconia, New Hampshire where they are taught and refreshed on all techniques and aspects of professional firefighting.

Installation of a dry hydrant on North Shore Road near the Beaver Lake Lodge was completed in early Summer to be able to provide that area with better fire protection, especially during the Winter months. In December, installation of another dry hydrant on Old Chester Road was started and completed in early January of 1980 for the same purpose to this area.

In the Fall of 1979, the East Derry Fire Department held an Open House at the Fire Station for the purpose of providing the community with a better understanding of the Fire Service and fire hazards in the home. The Open House provided the homeowners in East Derry with brochures and models of the

proper installation of woodstoves, which have inevitably become a part of every home. Firefighters demonstrated the proper use of fire extinguishers and held a semi-training allowing the residents to test their skills in extinguishing a fire. The East Derry Ladies' Auxiliary provided refreshments for all and the children viewed slides on the dangers of fire.

On December 1, 1979, the East Derry Fire Department held a Recognition Dinner to honor "The Firefight of the Year". The award was given to the late Johnny-Ray Conner, Jr. for his outstanding achievements as a call firefighter and was accepted by Mrs. Lee Conner. Awards were also presented to the six firefighters who received their State Certification in the Spring.

We wish to express our thanks to the taxpayers of the East Derry Fire District for their continued support.

Arthur E. Reynolds  
Chief  
East Derry Fire Precinct

## 1980 Warrant East Derry Fire Precinct

Derry, New Hampshire

February 25, 1980

To the inhabitants of the East Derry Fire Precinct qualified to vote in Precinct affairs:

Voters in District No. 1 are hereby notified to meet at the Veterans Memorial Hall in said Town of Derry on the 11th day of March, 1980 at 7 o'clock in the forenoon and voters in District No. 2 are hereby notified to meet at the East Derry Fire House in said Precinct on the 11th day of March, 1980 at 7 o'clock in the forenoon, to act upon all articles required to be voted on by Official Ballot, and all said voters (District No. 1 and District No. 2) within the East Derry Fire Precinct are to meet at 8 o'clock in the afternoon on March 19th in the East Derry Fire House to act on all other articles in this warrant.

ARTICLE 1. To elect a Fire Ward for three years, a Precinct Clerk for one year, an Auditor for one year, and a Moderator for two years.

ARTICLE 2. To hear the financial report of the Treasurer.

ARTICLE 2. To hear the financial report of the Treasurer.

ARTICLE 3. To hear the Clerk's report.

ARTICLE 4. To determine and fix the salaries of the Precinct officers or agent of the Precinct.

ARTICLE 5. To see if the Precinct will authorize the Board of Fire Wards to place \$5,000.00 (five thousand dollars) of surplus from existing 1979 budget in the Capital Reserve Fund as established in Article 7 of the 1975 Annual Meeting (the monies accumulated in this account shall only be used for purchase of new equipment and expenditures from this account shall be made in accordance with Chapter 35 of N.H. Revised Statutes Annotated or any amendments thereto) and pass any vote relating thereto.

ARTICLE 6. To see what sum of money the Precinct will raise and appropriate for the East Derry Fire Precinct the same to be expended under the direction of the Fire Wards.

ARTICLE 7. To see if the Precinct will authorize the Board of Fire Wards to send men and equipment to other towns and cities if requested to do so, in accordance with R.S.A. 154:24, and pass and vote relating thereto.

ARTICLE 8. To see if the Precinct will authorize the Board of Fire Wards to borrow money in anticipation of taxes on the negotiable note or notes of the Precinct, and pass any vote relating thereto.

ARTICLE 9. To see if the Precinct will authorize the Board of Fire Wards to establish a study committee to look into the need of land and/or buildings for the purpose of a substation in the northeast section of the East Derry Fire Precinct, and pass any vote relating thereto.

ARTICLE 10. To see if the Precinct will accept and support the Board of Fire Wards to instruct the installation of dry hydrants (or other types of fire protection) by developers in all new developments within the East Derry Fire Precinct and pass any vote relating thereto.

ARTICLE 11. To transact any other business that may legally come before this meeting including the appointment of committees.

Given under our hands at said Derry, New Hampshire this 25th day of February, 1980:

# East Derry Fire Precinct Minutes of the Annual Meeting March 21, 1979

East Derry Fire Station  
East Derry, New Hampshire  
Present: Arthur Reynolds, Fire Ward  
Don J. Miller, Fire Ward  
Richard D. Childs, Fire Ward  
Wilton R. Geissenhainer, Treasurer  
Hazel Bouchard, Dispatcher/Secretary  
Leo R. Lesieur, Counsel  
Bruce R. Theriault, Moderator  
Jeanne B. Mitchell, Clerk

Budget Committee Members:  
George Katsakiores  
Nancy MacKinnon  
May Casten

Meeting Recorded by: Leigh and June Thaeler

In accordance with the foregoing warrant a meeting of the East Derry Fire Precinct was held on Wednesday, March 21, 1979 at the East Derry Fire Station. The Meeting was called to order at 8 P.M. by the Moderator, Bruce Theriault.

Moderator Theriault asked all to rise to Salute the Flag and then read the Rules of the Meeting. (see attachment 1). He then asked if there were any objections to the rules. The rules were unanimously accepted. Moderator Theriault preceded to request that all legal voters of the East Derry Fire Precinct please be seated within the roped area, to facilitate voting during the meeting. The Moderator read the Warrant and stated that it had been properly served. He announced that Article #1 had been disposed of at the election, March 13, 1979 with the following candidates elected to office:

Moderator: Bruce R. Theriault  
Fire Ward: Richard L. Child  
Clerk: Jeanne B. Mitchell  
Auditor: Melbern D. True

Moderator: read *Article #2*: To hear the financial report of the Treasurer. The financial report of the Treasurer as printed in the Town Report which you have before you on page 38. It is the second heading and is marked East Derry's Treasurer's Report. Are there any errors or omissions?

Mr. Davis: Ken Davis, Beaver Lake which is a very important part of East Derry. You refer to the Treasurer's report, Mr. Moderator and at the bottom of Page 40 it list East Derry Fire Department Revenues. Is that considered part of the Treasurer's report? I assume that it is.

Moderator: That is part of the budget for 1979. That is another item.

Mr. Davis: I am out of order at the present moment?

Moderator: Well, You're not on the right page. Go to page 38. That is the Treasurer's report that has been filed. That is the one that we are discussing at this point.

Mr. Davis: I see. So I should wait until we get to the budget?

Moderator: I think so, if you have a question.

Mr. Bentley: Mr. Moderator, I move that we accept the Treasurer's report as printed on page 38 of \$226,169.72.

Mr. Zolla: I second the motion.

Moderator: I will read the auditor's report (Attachment II) into the record and then we will vote on it.

(Moderator read the Auditor's report)

Ready to vote? Are you ready for the question? All those in favor of accepting the Treasurer's Report as printed will signify by saying 'aye'. Those 'no'; the 'aye's have it and it is a vote in the affirmative.

Moderator: Read *Article #3*: To hear the clerk's report.

You will find the clerk's report at the bottom of page 39. The clerk's report is the detailed minutes of the March 22, 1978 meeting. Are there any errors or omissions; None appearing let the records show that the minutes were unanimously accepted.

Mr. Gerish: Mr. Moderator, I would like to move that we move to Article #9 at this time. I understand that this article takes a ballot vote. I would like to see that we get at it and perhaps keep the polls open for an hour or so and if we did that-move to the question-perhaps we could do some other business while you leave the polls open.

Moderator: OK - your motion is to move to the article, is that correct?

Mr. Gerish: That's correct.

Moderator: OK. Motion on the floor to move to Article #9. It requires a two-thirds vote to move to an article out of sequence in the warrant. Could we have a hand vote. All those in favor of taking up Article #9 out of sequence please raise your hand. All those opposed raise your hand. The 'ayes' have it. It is a vote in the affirmative. We will move to Article #9.

Mr. Gerish: Mr. Moderator. I would like to move at this time the adoption of Article #9.

Mr. Bentley: I second the motion.

Moderator: Let me read it before we adopt it, Sir. We have a motion

from Mr. Gerish to adopt the Article. For the benefit of everyone in the hall I am only going to read the preface of it.

(The moderator read the preface of Article #9)

*Article #9*: By petition, "To see if the precinct will vote to dissolve itself, and transfer its corporate property, real and personal, without cost, to the town of Derry, with said dissolution and transfer of property to take effect only upon the occurrence of all of the following events, and at such time as the last of the events described in paragraph 3 below takes place:

1. The vote by the Derry Fire district at its annual March, 1979, meeting, to dissolve itself and transfer its corporate property, real and personal, without cost, to the town of Derry;

2. The votes by the town of Derry, at its annual March, 1979, meeting, to accept the transfer of all the corporate property, real and personal, to it from the East Derry Precinct and the Derry Fire District, without cost, and to establish a fire department providing fire protection for all property situated within the boundaries of the town of Derry;

3. The establishment by the town of Derry of a fire department, as aforesaid, and the provision by the town of Derry of funds for the operation of said department, at, or before, its annual March, 1980 meeting;

4. That any and all votes of the town of Derry, Derry Fire District, and East Derry Fire Precinct set forth above continue in force until the occurrence or accomplishment of the matters set forth in paragraph 3 above.

In the event the precinct adopts the foregoing, the commissioners, also known as the fire wards, thereof are hereby directed and empowered to do any and all things required for the effectuation of the foregoing."

Moderator: You will find article #9 printed on page 39 of your warrant. Is there anybody that does not have the warrant article before them, that has a question on what it says? I will assume that everyone has it before them. Is the author of the article or someone that wishes to speak present in the room?

Mr. Quimby: Thank you, Mr. Moderator. My name is Conrad Quimby. I'm one of the petitioners who signed the petition. I am not the author of the article. The thrust of the article, of course, is to result in, to provide Derry with a single Fire Department in place of its present two separate Fire Departments. I think if I were to summarize the reasons behind the petition it would be two-fold: One, to provide the greater efficiencies and better use of manpower and equipment. It would result, as the petitioners see it, from a single Fire Department, with single administration. In the other and I believe in the minds of the petitioners, less important in the short run, might be cost savings to the taxpayers in the community. The article provides, if you've read it, that the town meeting Saturday or Monday when it continued, had to approve Step #1 which was to assume the responsibility for fire protection in Derry in the event that the two fire precincts dissolve themselves. That step was taken Monday night by a ballot -- by a vote with 60% of those present voting in favor of assuming fire protection for the town of Derry. This issue also follows a, as you know, a non-binding referendum that was held as part of the biennial election in November, on November 7th. The question at that time which is printed in your town report was: "Do you favor the formation of a five member commission for the purposes of studying the formation of a town-wide Derry Fire Department. That non-binding referendum gained 66% vote. Now the process moves along to this meeting tonight. In order to move successfully through Step #2, it is required that a two-thirds vote be obtained for adoption of this article this evening. If that step is successful, it moves to the third step which is the same question before the Derry Fire District meeting at its annual meeting on March 26th and again a two-thirds vote is required in the Derry Fire District. If all three steps gain the required number of votes for adoption, the articles that each District and the town has adopted at its town meeting, if they have, provides that the Board of Selectmen shall appoint a five member Board of Fire Commissioners promptly for the purpose of managing and administering and setting general policy for the new fire department and providing for the normal and smooth transition of property and responsibility from the two independent districts to the new Derry Fire Department. The article also provides that on May 22 the Derry Annual Town Meeting will be reconvened for the purpose of taking any steps that are necessary at that time to accomplish the wishes of the voters. It is presumed but not necessary or automatically follows that on May 22 the Board of Five Commissioners will have prepared a budget for adoption at the recessed Town Meeting and the process of establishing a new Fire Department may then follow. However, if you read in your warrant article, the question, carefully, you will note that though it does provide that the meeting shall be reconvened on May 22, it doesn't say, other than for adoption of a budget, it doesn't specify further details. It was in the minds of those who drafted this petition article, and it was done by a local lawyer in Derry, that it may take as much as a year to dot it's and cross the t's and that the board of five commissioners have the responsibility of making decisions about the use of manpower and equipment. . . In answer to the obvious question about preparing a budget in such a short time and what changes I can guarantee to you will occur, I can make no guarantees. All I can assure you is that Monday night when polled, the Derry Board of Selectmen, each one the five agreed, that they would appoint the five new fire commissioners from the present two boards of fire commissioners. They would name the present Fire Commissioners to accomplish the act. This is good because obviously these men know most about the budgeting and the

manpower and equipment, for they have worked the hardest to get these together and assemble it. I think there may well be more questions as we go and I'll try to answer them but broadly that is the initiative behind the petition article before you, to achieve better economics and primarily to achieve better use of manpower and equipment for the entire community by centralized management. Thank you.

Moderator: Is there another speaker? Mr. Lavalley.

Mr. Lavalley: Mr. Moderator, I just want to bring to your attention here and the crowd here that we do not have enough programs to go around for everybody to read and also that any registered voters in the back should be asked to come inside the lines.

Moderator: No problem. I'll take care of it. If you could help share some of your programs. We have a shortage apparently. If there are any registered voters in the back of the room, I ask if you can move forward. Legal voters of the East Derry Precinct, if you are in question as to whether or not you are an East Derry Precinct voter there is a Supervisor with a checklist at the door and she and verify your residency for you and your qualification on the checklist.

Bruce Dumas: East Derry Road. On this petition I feel that some strong assumptions are being made and the first assumption is that the two districts are now not operating in an efficient manner or at least that this district is not operating in an efficient manner and that would be the purpose of the merger. Fire protection would have to be considered the primary purpose of maintaining the district in the manner it is right now. Change for the sake of change isn't necessarily better. I happen to work in electronics and we have a little thing that says "if it works don't fix it". Well, that's basically what's happening here. There is nothing wrong with the district that way it is. I can't see that the selectmen could run this district any better than the commissioners or wards of the districts are running them now. Some of the inadequacies that have been pointed out in the Derry New in the past such as East Derry trying to put in a new station in the Pingree Hill Section: a merger will not bring the stations any closer to those people. They need fire protection and if there were a merger they still would need to have a station out in that area. Some people far wiser than myself, three years ago or so decided to build the Derry Station right smack in the middle of two existing stations - a mile and a half. I don't see where that benefited anyone to any great degree. So I don't see that that wisdom will help the residents of East Derry in any manner. I think that Derry may benefit somewhat because East Derry has some features that the callmen and the permanent ment have put together and have spent a lot of time on such as the scuba team . . . They purchased used military surplus equipment and on their own time maintained the equipment, painted it, repaired it, put it into operation for the East Derry District at little or no cost to the members - taxpayers of the District. I think one of the main problems that does exist is the districting boundaries possible - the way they're set-up with the stations the way they exist now. But you have to remember those boundaries were put into effect before the new stations were built. That may be a problem, but as far as the merger of the two districts bringing them under the control of the selectmen and a new Board of commissioners, one need only go to Salem and ask the residents of Salem who did this three years ago and you'll find it takes more than a year to dot the i's and cross the t's. These people are paying dearly for it. You have a system that works here. The people care about you in the District. They take some little extra special care. If you have a fire they go out and clean it up, do things you wouldn't ordinarily expect in a big city department and I just think you should consider this before you adopt this petition. . . Thank you.

Pandy Cowles: Mr. Moderator, Mr. Quimby mentioned that study committee was formed and I wondering if someone from the budget committee or a person from that committee could enlighten the audience here on what the findings of the committee was.

Moderator: Is anyone from that study committee present? Arthur, do you want to report on the study committee?

Arthur Reynolds: I really don't think there is much there to report. Maybe I should ask the secretary to read the minutes of the meeting. I think it started out more or less a feeling that there was really nothing to be gained at this time. I might be corrected. I don't think I got enough out of the meeting to have it really stick in my mind. As it went on, Millie DiMarzio, representing the Selectmen felt that people wanted an in-depth study and the best thing to do would be to go to the different departments and get an in-depth study. The following day when I came to work, the dispatcher called several of the fire departments in the area and she asked all kinds of questions as far as how they were set up under the selectmen, what problems they ran into. The Chief in Salem probably kept her on the phone for half an hour and shet got quite a lot of information. Hopefully, we went to the second meeting and Chief Cote and Commissioner Clem Madden from Derry arrived a few minutes after the Dispatcher and myself were there and we stayed for about a half an hour. No one else showed up. She took notes of it and as far as I'm concerned that is about the extent of our study committee: About one hour of discussion and two hours after that to reminisce about what we had talked about the first hour. There is an awful lot of unanswered questions. Mr. Quimby stood here and stated himself that he has no guarantee and as far as I'm concerned there is an awful lot of unanswered questions - he is saying the same Board of Fire Wards - there are three Fire Wards in East Derry and three Commissions in Derry. He is talking about a Board of five. Now I've heard rumors who they

are going to leave out - that's myself. I've been a Fire Ward for fifteen years and I think I could have a little bit of input in there and I don't care how you do it - whether you've got three commissioners from Derry on it and two from East Derry or three from East Derry and two from Derry - I think your going to find a 3-2 vote I don't care what you are voting on. Unfortunately, there is an awful lot of unanswered questions - I'm getting off the subject here. Is there anything in those notes Today that you feel might be different?

Hazel Bouchard: I believe at the time there was a vote taken before any research was done and four out of the five committee representatives had voted against merging until there was some research of planning done.

Mr. Zolla: Mr. Moderator, I rise to speak in opposition to this article. We've heard about efficient management here tonight. If two companies were going to merge with the assets the size of these two districts we'd have a report this thick and what was going to be done, how it was going to be done, who was going to man it, and how long it would take to do. Now management talks about risk and reward. The rewards here are more efficient fire protection. The risks to us are no fire protection at all. And I think that until this thing can be studied, until it can be talked about, until the politics can be settled, that we should not merge this district.

Fred Caton: Mr. Moderator, I formerly served as clerk of this district some years ago when it was much smaller. I congratulate Mr. Quimby for passing off the responsibility of writing this article on somebody else. Mr. Quimby has written the article. He has been writing it for a great many years as an editorial factor in her newspaper. Congratulations to Mr. Quimby for bringing it this far. But I want everyone to know that you are the chief motivator of this article. You are also the chief motivator of downgrading all of the men that sit at that table now who have volunteered, contributed and given generously of their time and money, free of charge, to this district. And they'll be damned if they'll do it under a combined district. Talk of cutting the cost of a combined district. Whoever heard of such a thing. Every time we've centralized townement we have added appreciably to the cost. I would be glad to forecast at least a 10% cost addition when you merge two districts, two companies, two management groups or two of anything. Simplicity, we all know it. Now who wants to merge. If I owned a large company, and saw a very small one, rich in assets, loaded with dough, full of people that knew what they were doing, I'd want to buy them for the cheapest buck on the face of the earth. And in reality, we're facing that now. The people in Derry naturally want this District, free of charge. And that is what we have just heard. And I am diametrically opposed to it. Thank you.

Maurice Desforge: I'd just like to say, last year I got out and I voted in favor of a committee to be formed to do a study. This year I expected to see the study. . . It is not here. The committee was charged by the voters of the town to do the study. And they didn't bother to do it. I think they owe this town an apology.

Mr. Moderator: Does anyone else wish to discuss? Please come forward to the microphone.

Elizabeth Ives: I live over on Beaver Lake. I know this is a very emotional issue, and I know that this Fire District is very close to all of our hearts. I would like if it's possible, Mr. Moderator, and I don't know to whom I am addressing this question but I'm sure in the Derry District they're going to say the same things that some of us are saying tonight. That East Derry wants our equipment and East Derry wants our services and so on. I'm not sure to whom this question should be addressed, Mr. Moderator, but I would like to know if there is anyone who can put an emotional issue aside for a moment and explain to me, because I would like to vote intelligently, explain to me, why, in a town of Derry, a total town the size 20,000 and some people, why there are two districts and why they should continue to be two districts?

Don Miller: I'll make an attempt to answer it. Basically, it happened a long time ago, and sadly enough it was because this section of town did not get fire protection when they needed it. And apparently our ancestors felt that this was the way to do it and this is why it formed. That's pretty brief, naturally, and I'm sure it took longer to do it then that. But basically my personal feelings of this thing; I think we're doggone lucky that we do have two fire departments and I don't think we are very unique in this respect because there is other communities in the state that have the same problems and are in the same situation. I grant you many of them are not. As fortunate as we are they are not in the Southern part of the State. But competition is one thing, fire protection is something else. . . Dedication is the most important thing we have to offer in the fire service today. As you all are well aware we have bodies of water and we have not fire hydrants - our friends to the south of us here - they use fire hydrants quite extensively in their particular area. They also have areas where they is no fire hydrants and that's where we are an aid to them. But getting back to the major question - basically, once again, we are very lucky to have this type of situation and the reasoning for it being is that you have different group of people, and we have a different type of fire protection, and a different type of operation. The rural area is much different and not as complicated and is not as costly to fight fires as in a metropolitan area, we don't have any state highways running through our district. They are very expensive, with very highly flammable vehicles. We have rural; we just have families and we have houses. Naturally, the most important thing is life, that's our first thing. And if anyone else can add to it; I am opposed to the merger. I think we have very, very fine system in this town and I think we're lucky that we

have it. Thank you.

Mrs. DiMarzio: I'm one of the ones that was on that committee that Maurice Desforge says owes the people an apology. If you people were here at the town meeting you would know that the reason the committee did not give a report was the fact that the committee never existed after the first night. We chose a chairman, and Arthur Reynolds was there, I was there, the secretary was there. We happened to make the sad mistake of giving our opinion which I can very readily do. The first opinion I gave was this is the first meeting and I can't at this time state whether or not I feel that the Fire Departments should merge, whether they should be under the Town Selectmen or whether or not it was feasible in respect to Federal Funds; if it would be - the feasibility of anything; I couldn't at that particular time state it. I said I thought probably a merger would be good at this time and then again I wasn't too sure. Well, after that night, Ron Anderson and myself and Arthur Reynolds - I think we all were pretty much of the same opinions and we were just closed off - there was never another meeting. The secretary here called me and said, 'Millie, when's the meeting.' I said I don't know. Ron went to a meeting, there was nobody there but a newspaper and I said that I'd have to go to the State Department - call them up and see just exactly where we would stand or where anybody would stand financially; whether it would be beneficial or non-beneficial. So I think it was incumbent upon those who could not serve on the committee to resign and be replaced which never happened. So therefore, I personally gave an apology for the committee as far as I was concerned but just because we weren't of accord the first evening, we had no other meeting. And that is why the committee did not give you a report, there wasn't any to give. I could give you one, though.

Moderator: Mr. Davis, please.

Mr. Davis: Mr. Moderator, as soon as you feel in your judgement that we have reached the point where all those who could be given an opportunity to speak have done so, I think we should move the question.

Moderator: Are you forming that in the form of a motion, sir, or are you just --

Mr. Davis: I put that in a form of a motion. Without shutting anybody off and it seems to me that we have had a cross section of opinion here tonight which represents the whole mood of this important occasion. This is an historic occasion that we have here tonight and I think we're all anxious to express out feeling in the form of out votes.

Moderator: OK. Can we give a couple more people an opportunity to speak, Mr. Davis, and then we'll proceed with the vote, please.

Francis Galvin: I am from the Pingree Hill area that they mentioned a little while ago. I would like to speak that this motion be defeated, this article as it appears. I'm in favor of two districts and I'd like to give you some reasons why. I experienced a fire not too many years ago when I realized the capabilities of the East Derry Fire Department. They not only got to my house, saved the house, and saved it from extensive damage but it was backed up by plenty of water and things that the Derry Department at this time does not see to be able to provide people. Now I'm very selfish and I'll admit it to you. Being selfish in the respect that I live in a rural community; I live in a farm type community and being in this type of community I want the type of protection that is going to benefit me. My fear and my greatest fear is that being under one district that we will be dominated by Derry, that we will be dominated by the business district and the types of structures and the type of fire fighting apparatus, and eventually the rural fighting apparatus type of equipment will be phased out and I will be without protection. Of course, I realize the amount of development that is going in by me; they may be putting in hydrants there in another ten years anyway. But what am I going to do with a fire in that period of time. There are other things to take in consideration that I'd like to mention also. The type of things that East Derry provides that we cannot seem to afford to have placed into effect in the Derry district such as Scuba teams which these men go out and I understand from talking with people that this money is all volunteered by their Auxiliary and the equipment is paid for by themselves and they provide a scuba team. Protection against people down here at the lake and at Adams Pond and some of the other ponds we have in the area. And they are always available to assist in other areas. They also provide other little services that a larger combined district wouldn't provide or doesn't seem to have time to provide. . . But with the volunteer people, if you are having troubles with your cellar and you're away on business -- I work for a company that travels me around quite a bit and if I'm out of town and my wife is home alone and something has happened to my cellar and water is pouring in -- we are always assured that we can get somebody - that is a volunteer from this department to come over and lend a help hand. There are many instances of this case of things that they will take care of that a combined outfit would not take care of - a city outfit do not take care of it - I know Nashua does not because I've talked to people over there and they say your lucky to be in a community like that. And I'd like not only to vote against this article tonight but I'd like to give a vote of thanks to the East Derry Fire Department for the services they have performed in the past and for the services I hope they will perform in the future.

Carol Good: I lived in East Derry for five years - until two weeks ago. I now live directly across the street from the Derry Fire Department. . . I came home from work one day - I had no heat. I went down cellar and discovered I had a foot and half of water in my cellar - I went over to the Derry Fire Department - they wouldn't pump me out. . . East Derry pumped me out.

East Derry would also take a cat out of a tree if I had one. Derry wouldn't. We have a lot of volunteers in the East Derry Fire Department which they don't have in Derry. I don't think you can say that because this is partially a volunteer Fire Department that you are going to have any less better service. A friend of mine had a very bad fire out in Chester just a week or so ago - twenty-five volunteers put it out before he lost it. I'm against the merger.

Moderator: Is there anyone else who has not spoken yet who has something germane to add? We had the question moved. All those in favor of moving the question. Arthur did you want to --

Arthur Reynolds: I didn't have a chance to speak on the merger issue; I was talking on the study committee. The worse part of this merger issue, everytime it comes up, I think I've told Mr. quimby time and time again - is trying hard not to make bad feelings with the Derry Fire Department. According to the paper you'd think Jimmy Cote and I threw rocks at each other all the time. If I have something to say, I tell Jim. If Jim has something to say, I hope the hell he tells me - and as far as the outlying district for Derry - - sure, tanker service -- they rely on us an awful lot -- there again, it's getting away from duplicating equipment. I've heard this so much I think it stinks when they say it. . . There is very little duplicating of equipment. Derry needs a tanker many times - - they'll ask for one and before they know it they've got three over there and if I need an aerial ladder sure as hell I'm not going to ask to people for \$200,000 for an aerial ladder but if I need one, I'll ask the Derry Fire Department. There is very little duplicating of equipment and the political laws that go on - - if I can stay up on the hill here and just worry about fighting fires and not all this political - - I won't call it that - - I really enjoy my job and when there is a fire I don't think Jimmy will ever see that if he needs every truck in this station -- he'll get it -- I'll find somebody to cover this station, whether it's Hampstead, Chester, or who it is and I've never been refused any equipment that I need. I think that the Departments work together, we have problems as far as borders -- before the merger, Chief Cote and I were working on trying to change some of these boundaries -- lines that zig-zag in the back of everybody's back year -- but there again the merger issue comes up and where is all this stuff -- I think that Jimmy's got the map that we had -- the stuff just dies until these merger issues are done with. I think a little competition in departments: I think this is kind of a healthy situation. Throw it all under the town manager or what-ever there goes your politics again. I really think, no discredit to the selectmen - I think they really -- if they can get their stuff together that they've got under their control right now and show me something in the next few years -- they want to change the form of government -- I might be the first one to vote for it -- but until then your assuming an awful lot and I think there is an awful lot of unanswered questions. Thank you.

Moderator: We've been asked to move the question -- All those in favor of voting on this issue will please signify by saying 'aye'. Those opposed 'no'. They ayes have it. I've been balloted by petition (see Attachment III) --I received a petition which requires me to perform this by ballot vote. We had intended to do so -- the ballot vote is the proper manner. This vote requires a two-thirds majority of those present in order for it to be adopted. In other words, two-thirds of those voters present here this evening must vote in the affirmative if they wish this to pass. The article, if you do not wish it to pass, you vote in the negative. Let me briefly read it again. (Moderator read the preface of Article #9 again) . . Now the way this is worded, if you vote in favor, if you vote 'yes' on your ballot you're voting in favor of the article to dissolve the district. If you vote 'No' your voting against dissolution of the district. Do you understand the question? Alright, it is now ten minutes of nine. I am going to open the polls for one hour until ten minutes of ten. We are going to recess until substantially everyone in the hall has voted -- when the hub-hub is quieted down, I will ask you to resume your seats -- it may take a half hour, it may take forty-five minutes. The ballots look as this one I hold up. There is a mark on one side saying 'yes' and a mark on the other side saying 'no' and there is a short line. Mark you 'X' near the box or near this line that you wish your vote to be. (The moderator continued to explain the method of balloting, location of check- lists and voting booths.)

Meeting recessed - 8:51 PM

Meeting resumed - 9:25 PM

Moderator: The polls will remain open until 10 minutes before the hour of 10 PM. At 9:50 PM the polls will close. We are going to resume the business of this meeting by continuing the warrant where we left off. Is there any objection?

**Article #4 To see if the precinct will authorize the board of fire wards to sell the 1958 Dodge utility truck (#84) to the highest bidder, and to pass any vote relating thereto.**

What is your pleasure? Mr. Bentley?

Mr. Bentley: Mr. Moderator, I rise to ask the Fire Wards a few questions about Article #4. It was brought to my attention and it isn't of my own free knowledge but it was brought to my attention that sometime ago the water department in the Town of Derry came up here to look at the Dodge truck and could have used it down at the Water Department and it was offered to them for \$1, and that is why the Water Department did not put anything in the budget for another truck - they thought they were going to get this truck up here for \$1, and they are very disappointed for find out that it is now in the warrant to be sold to the highest bidder. . I just like an explanation of it, if it's possible.

Continued on page 19B

# 1980 DERRY TOWN MEETING WARRANT

## State of New Hampshire

To the Inhabitants of the Town of Derry qualified to vote in town affairs:

Voters in District No. 1 are hereby notified to meet at the Veterans Memorial Hall in said district, and the voters of DISTRICT No. 2 are hereby notified to meet at the East Derry Fire House in said district, on the eleventh day of March, 1980, at seven o'clock in the forenoon, to act upon the articles required to be voted upon by official ballot. By vote of the Selectmen, the polls for this meeting will remain open from seven o'clock in the forenoon until eight o'clock in the evening and so much longer as the Town at the opening of the meeting may vote.

Voters are further notified to meet at 10:00 in the forenoon on the fifteenth day of March, 1980, at the Grinnell School Auditorium to act upon all other articles in this warrant.

### Article 1.

To choose all necessary Town Officers for the coming year.

### Article 2.

To see if the Town will rescind the present Derry Zoning Ordinance and adopt in place thereof the following zoning ordinance:

### PROPOSED ZONING ORDINANCE, DERRY, NEW HAMPSHIRE JANUARY 1980

#### ARTICLE I. AUTHORITY & PURPOSE

##### Section 1.1 - Title

This ordinance and the accompanying official zoning Map shall be known and cited as the "Zoning Ordinance of the Town of Derry, New Hampshire".

##### Section 1.2 - Authority

This ordinance has been prepared in accordance with authority conferred by Chapter 31, Sections 60-89 inclusive, New Hampshire Revised Statutes Annotated (NHRS), 1955, and NHRS 36-19-a, adopted 1973 (non-residential site review).

##### Section 1.3 - Purpose

To divide the Town into Districts and regulate the use of land and the construction of buildings in order: to promote the health, safety, convenience, and general welfare of the people of Derry; to encourage the most appropriate use of land; to ensure efficiency and economy of land development; to encourage housing for people of all income levels; and to ensure that Derry will be an attractive place in which to work and live.

##### Section 1.4 - Jurisdiction

The provisions of this Ordinance shall govern all land and all structures within the boundaries of the Town of Derry, New Hampshire.

##### Section 1.5 - Effective Date

This Ordinance has been enacted by the voters at an Annual Town Meeting, duly convened, on March 11, 1980, and is effective as of this date.

##### Section 1.6 - Repealer

The enactment of this Ordinance shall repeal and supercede as of its effective date, all previous Zoning Ordinances of the Town of Derry.

#### ARTICLE II. DEFINITION OF TERMS USED IN THIS ORDINANCE

In this Ordinance, certain words shall be interpreted as follows: the word "person" includes groups such as a firm, association, partnership, company, or corporation as well as an individual; the word "shall" is mandatory; the word "may" is permissive. Terms not defined shall have the customary dictionary meaning.

Other important terms used in this Ordinance are defined as follows:

1. **AGRICULTURE** - The use of land primarily for agricultural purposes, including raising crops, dairying, pastures, horticulture, and animal and poultry husbandry.
2. **APPROVED STREET** - A road maintained by the Town of Derry or the State of New Hampshire and/or a road that is part of and shown on an approved plat.
3. **AUTOMOBILE JUNK YARD** - A yard, field or other area occupied by two or more unregistered, discarded, or junked motor vehicles; or occupied by bodies, engines, or other parts sufficient in bulk to equal two or more motor vehicles.
4. **BUILDING** - An enclosed structure built to provide shelter for persons, animals or property not including an accessory structure or improvement designed to service a building.
5. **BUILDING HEIGHT** - The vertical distance from the lowest point at ground level of the building to the level of the highest structural point. Special structures such as church steeples, factory smoke stacks, or barns and silos are not included in calculating building height.
6. **CAMPGROUND** - Any premise established for overnight or temporary camping use, for recreational purposes, not for permanent residence and for which a fee is charged including structures and buildings accessory thereto.
7. **COMMERCIAL RECREATION FACILITY** - Outdoor privately-owned recreational facilities such as golf driving ranges, public golf courses or riding stables for which user fees are charged. Indoor privately owned recreational facilities such as movie theaters, bowling alleys, pools, and tennis and similar uses.

8. **DOMESTIC ANIMALS** - Those animals which are generally housed within a dwelling unit.
9. **DWELLING** - A building used in whole or in part and intended for human habitation.
10. **DWELLING UNIT** - A room or group of rooms providing living quarters for one or more persons, which has a separate entrance and facilities for sleeping and cooking, and has a bathroom.
11. **EARTH** - Sand, gravel, soil or construction aggregate.
12. **EDUCATIONAL INSTITUTION** - Classrooms and related facilities for the Derry School system, Pinkerton Academy or other learning facilities such as state, county and regional schools or schools sponsored by a recognized religious organization.
13. **EXCAVATION** - A land area which is used, or has been used primarily for the commercial taking of earth, including all slopes.
14. **FAMILY** - One or more persons occupying a premises and living as a single housekeeping unit, as distinguished from a group occupying a boarding house, lodging house, or hotel. Such unit shall not exceed five persons not related by blood or marriage.
15. **FRONTAGE** - A continuous part of a lot or lot line abutting on an approved street.
16. **GROSS FLOOR AREA** - The sum of the areas of the several floors of a building, including the area of enclosed porches. Unroofed porches, basements and attics used for storage, and accessory buildings used for storage, service, and parking are not included.
17. **GOVERNMENT STRUCTURE** - A building owned and operated by a government agency, but not including buildings for residential use.
18. **HOME OCCUPATION** - A business, trade, or occupation carried on by a person in his or her residence for a profit.
19. **KENNEL** - A fenced in area in which 4 or more dogs at least 4 months of age are kept for either a short or long term period.
20. **LOT** - An area of land in one ownership with definitive boundaries that can be ascertained from a recorded deed or recorded plan.
21. **LOT COVERAGE** - That portion of the lot that is covered by the buildings.
22. **LOT LINE** - A line dividing one lot from another lot or from a street right-of-way. A lot usually has a front lot line on the street which it abuts, a side lot line separating it from lots of common frontage, and a rear lot line separating it from lots not in common frontage.
23. **LOT OF RECORD** - A parcel of land for which a legal description, dimensions, and ownership has been registered with the County Register of Deeds.
24. **MOBILE HOME** - A structure designed as a year-round dwelling unit and designed to be transported after fabrication on its own wheels. A mobile home must contain a toilet, a tub or shower, kitchen facilities, sleeping accommodations, and plumbing and electrical connections designed for attachment to outside systems.
25. **MOBILE HOME PARK** - A lot where 2 or more mobile homes are set up for living purposes.
26. **MULTI-FAMILY** - Three or more families.
27. **N.H.R.S.A.** - New Hampshire Revised Statutes Annotated, as amended.
28. **NEIGHBORHOOD STORE** - A store selling groceries or household necessities that primarily serves residents of a particular neighborhood. Size shall not be more than 1,500 square feet for sales and storage space. Facilities that prepare food and beverages to be consumed on the premises and auto service stations or auto repair garages are not included.
29. **NON-CONFORMING** - A building, structure or use which does not conform to the provisions of this ordinance but was lawful at the time the Ordinance was established.

30. **PUBLIC RECREATION FACILITY** - Indoor or outdoor recreation facilities owned and operated by the Town of Derry or by a County, State, or Federal agency.
31. **ROOMING HOUSE** - A building of residential character, usually a converted large dwelling, several rooms of which are rented to guests who usually stay more than two weeks. A Lodging House is a similar building used primarily for transient guests, usually staying a few days. A Boarding House is a rooming house where meals are served to the guests.
32. **SAND AND GRAVEL PIT** - Excavation of more than 100 cubic yards of sand and gravel per year for sale and which is subject to regulations pursuant to Chapter 481 (NH Laws 1979).
33. **SETBACK** - The minimum required horizontal distance from a lot line to the nearest part of any principal structure or accessory structure.
34. **SIGN** - Any structure, letter, word, banner or the like designed to convey to the public information, directions, or advertising ideas.
35. **SINGLE-FAMILY DWELLING** - A detached dwelling unit designed and used exclusively as a single housekeeping unit for one family. A mobile home shall not be considered to be a single family dwelling.
36. **SPECIAL EXCEPTION** - A use permitted only after a public hearing and review and approved by the Board of Adjustment. Such uses may be permitted only if specific provision for such special exception is made in this Ordinance, and only according to the criteria set forth herein. If no such provision has been made in this Ordinance, the applicant's only recourse is to obtain a use variance, rezoning of the property or an amendment of the Zoning Ordinance.
37. **STRUCTURAL ALTERATIONS** - Any change of the exterior dimensions of a building or structure, or any change in the supporting members of a building such as bearing walls, columns or beams. A property owner must obtain a building permit before undertaking any structural alterations.
38. **SUBDIVISION** - The division of a lot, tract, or parcel of land into two or more lots, plots, sites or other divisions of land for the purpose, whether immediate or future, of sale or of building development.
39. **TWO-FAMILY DWELLING** - A detached structure containing two separate dwelling units.
40. **VARIANCE** - A relaxation of the strict interpretation of any provision of the ordinance granted by the Board of Adjustment upon appeal pursuant to provisions of NHRSA 31:72 III.
41. **USE, ACCESSORY** - Any use which is customarily accessory and incidental to a permitted principal use.
42. **USE, PRINCIPAL** - The main or primary purpose for which a structure or lot is designed or intended, or for which it is permitted to be used by this Ordinance.
43. **YARD** - The area of land on a lot not occupied by the principal building.
- YARD, FRONT** - The area of land between the front lot line and the nearest part of the principal building.
- YARD, SIDE** - The area of land between the side lot line and the nearest part of the principal building.
- YARD, REAR** - The area of land between the rear lot line and the nearest part of the principal building.

## ARTICLE III. GENERAL PROVISIONS

### Section III.1 - Interpretation

Interpretation of what may not be clear in this Ordinance shall be according to the intent of the Ordinance and the Comprehensive Plan.

### Section III.2 - Validity and Severability

If any section or provision of this Ordinance is declared by the courts to be invalid, such decision will not invalidate any other section or provision of this Ordinance.

### Section III.3 - Conflict with Other Ordinances

This Ordinance shall not annul or in any way remove the necessity of compliance with any other rule, regulation, by-law, permit, or other provision of law. Whenever the regulations of this Ordinance differ from the regulations prescribed by any statute, ordinance, or other regulation, that provision which imposes the greater fee, restriction, or the higher standard shall govern.

### Section III.4 - Non-Conforming Uses

#### III.4a - CONTINUANCE OF NON-CONFORMING USES

The use of land, building or structure, lawful at the time of adoption or subsequent amendment of this ordinance, may continue even though such use does not conform to the provisions of this Ordinance.

However, this Ordinance shall apply to:

1. Any change of use.
2. Reconstruction or structural change of existing buildings or structure.

#### III.4b - DISCONTINUANCE OF NON-CONFORMING USES

A non-conforming use which is discontinued may not be resumed. The use of the land, building or structure shall thereafter conform to the provisions of this Ordinance. Upon evidence of economic or

other hardship, the Board of Adjustment shall have the power to extend the time limits specified below.

A non-conforming use shall be considered discontinued:

1. When the premises have been devoted to another use, or
2. When the characteristic equipment and furnishings of the non-conforming use have been removed and have not been replaced with similar equipment within one year, or
3. When the intent of the owner to discontinue the use has been apparent for a period of at least one year.

#### III.4c - RULE OF PRECEDENCE

Whenever a non-conforming use is superceded by a permitted use of a structure, or structure and land in combination, such structure or combination of land and structure shall thereafter conform to the provisions of this Ordinance and the non-conforming use may not thereafter be resumed.

#### III.4d - EXPANSION OF NON-CONFORMING USES

After due notice and public hearing, the Board of Adjustment may permit the expansion of a non-conforming building or use, provided that the proposed expansion does not alter the use of the property or character of the activity, and that the proposed expansion complies with all Performance Standards of this Ordinance. The Board of Adjustment shall review and decide upon lot size, set-back, and other requirements.

#### III.4e - RECONSTRUCTION IN THE EVENT OF CALAMITY

Any non-conforming building partially or wholly damaged by fire, flood, explosion, or other calamity may be reconstructed provided that the height is no more than that of the original building and provided that the non-conformity of yard dimensions shall not be increased. Such reconstruction limited to the same use must begin within one year from the date of the calamity and be completed within two years of the date of the calamity. Upon evidence of economic or other hardship, the Board of Adjustment shall have the power to extend the above time limits.

#### III.4f - TRANSFER OF OWNERSHIP

Ownership of land and structures which remain lawful but become non-conforming by the adoption or amendment of this Ordinance may be transferred and the new owner may continue the non-conforming uses subject to relevant provisions of this Ordinance.

#### III.4g - NON-CONFORMING LOTS OF RECORD

In any district in which single-family dwellings are permitted, a single family dwelling may be erected on any single lot of record even though the lot area does not conform to the requirements of the particular zone. However, lot coverage may not exceed 25%, and the dwelling shall be built to conform with minimum yard requirements. Smaller yard dimension may be permitted by variance. These provisions notwithstanding, residential lots with no town sewer shall be at least 20,000 square feet in area.

For new business uses on non-conforming lots of record in the Business Districts, dimensional and other requirements shall be determined by site plan review and approval by the Planning Board.

#### III.4h - RESTORATION OF UNSAFE PROPERTY

Nothing in this Ordinance shall prevent the strengthening or restoring to safe condition any part of a building or structure declared unsafe by the Building Inspector.

#### III.4i - EXISTING VARIANCES AND SPECIAL EXCEPTION

All variances and special exceptions approved by the Derry Zoning Board of Adjustment prior to the enactment of this ordinance shall be deemed to be variances and/or special exceptions under this Ordinance according to their respective terms.

#### III.4j - PENDING APPLICATION FOR BUILDING PERMITS OR LAND USE PERMITS

Nothing in this Ordinance shall require any change in the plans, construction, size, or designated use for any parcel of land, building, structure, or part thereof for which application for a building permit or use permit has been approved or upon which construction commenced prior to the adoption or amendment of this Ordinance, or for which a plan recorded or unrecorded has been submitted to and approved by the Derry Planning Board prior to the enactment of this ordinance to which the provisions of NHRSA 36:24a shall otherwise apply.

### Section III.5 - Amendment

The regulations, restrictions and boundaries set forth in this Ordinance may from time to time be amended or repealed. Procedures for amendment or repeal shall be in accordance with NHRSA Chapter 31:63 & 64.

Generally, a proposed amendment shall be enacted by the affirmative vote of a majority of the voters voting on the question under a proper article in the Warrant in any Annual or Special Town Meeting. Zoning amendments proposed by petition shall be heard only at the Annual Town Meeting. Zoning amendments proposed by Planning Board may be heard at the Annual Town Meeting or at a Special Town Meeting. In case of protest against an amendment signed by the owners of twenty percent of the land to be included in such change, or signed by the owners of twenty percent of the land abutting and within 100 feet of the affected land, the amendment shall not become effective except by the favorable vote of two-thirds of the voters at the Town Meeting session. The provisions of NHRSA 64 shall control the validity of the protest and the vote required to approve the amendment.

In either case, the Planning Board shall hold at least two public hearings on the proposed amendment or repeal. Notice of the time and place of each public hearing, together with the proposed change, shall be published at least 14 days prior to the hearing in a newspaper of general circulation in Derry, and such hearings and notice shall be in accordance with the provisions of NHRSA 31:63-a.

## ARTICLE IV. ESTABLISHMENT OF ZONING DISTRICTS

### Section IV.1 - Zoning Districts

To implement the provisions of this Ordinance, the Town of Derry is hereby divided into the following Zoning Districts:

- ARR - Agriculture/Rural Residential District
- R1 - Single Family Residential District
- R2 - General Residential District
- MH - Mobile Home District
- B1 - Downtown Business District
- B2 - General Business District
- B3 - Highway Business District
- I1 - Industrial/Commercial District
- I2 - Industrial District

### Section IV.2 - Zoning Map

The Zoning Districts are located and bounded as shown on the official Zoning Map, entitled "Zoning Map of the Town of Derry," dated March 11, 1980. The Zoning Map shall be an integral part of this Ordinance, and shall be filed in the office of the Town Clerk.

### Section IV.3 - Uncertainty of Boundary Location

Where uncertainty exists with respect to the boundaries of the various Districts as shown on the Zoning Map, the following rules shall apply:

1. Boundaries indicated as approximately following the center lines of streets, highways, railroad, or alleys shall be construed to follow such center lines.
2. Boundaries indicated as approximately following well established lot lines shall be construed as following such lot lines.
3. Boundaries shown as following shore lines or the center lines of streams shall be construed to follow such lines.
4. Boundaries indicated as being parallel to or extensions of the features listed above shall be so construed, and distances not specifically indicated on the official Zoning Map shall be determined by the scale of the map.
5. If a Zoning District boundary divides a lot, the regulations for the less restrictive portion of the lot shall be allowed to extend not more than 30 feet into the more restrictive portion, provided that the lot has frontage on a street in the less restrictive District. (For Districts B3, I1 and I2, the business or industrial portion of the lot shall be allowed to extend not more than 100 feet into the residential portion).
6. Where physical or cultural features existing on the ground differ from those shown on the Official Zoning Map, or in other cases of uncertainty not listed above, the Planning Board shall interpret the the District boundaries.

## ARTICLE V. USE REGULATIONS FOR ZONING DISTRICTS

### Section V.1 - Applicability of Regulations

For each Zoning District, the use of land, buildings and structures shall be regulated as set forth in this Article. The Article describes regulations for each Zoning District.

Uses shall also conform to the provisions of Article VII, Cluster Development; Article VIII, Performance Standards, and other provisions of this Ordinance where applicable.

For each Zoning District, only those uses specifically listed as permitted uses, or uses substantially similar in nature to the listed permitted uses shall be allowed. Special Exception uses, as listed may be allowed after proper review by the Board of Adjustment. Otherwise, any other uses shall not be allowed, whether or not such uses are specifically prohibited in this Article, except by variance, rezoning or amendment of this Ordinance.

For any Zoning District, the Planning Board may require lot sizes larger than the minimum lot size for sites with poorly drained soils, steep slopes, or potential drainage or water pollution problems.

No use shall be permitted in any Zoning District that may be injurious, noxious or offensive to the neighborhood by reason of odors, fumes, dust, smoke, vibration, noise, or other cause. This general prohibition does not, however, restrict permitted agricultural uses in the Agriculture/Rural Residential District.

Lots proposed for development shall have frontage on an approved street. For single-family and two-family dwellings, only one principal building shall be built on a lot.

All non-residential uses shall require Planning Board review and approval of the site plan.

### Section V.2 - Agriculture/Rural Residential District (ARR)

The intent of the restrictions in the ARR District is to protect the rural use and character of the land, while permitting low density development.

#### V.2a - PERFORMANCE STANDARDS

Permitted uses, uses allowed by special exception, and all other requirements of this district shall conform to the performance standards described in Article VIII of this Ordinance.

#### V.2b - PERMITTED STRUCTURES AND USES

Agriculture, cemetery, community facility, church or temple, conservation use, educational institution, forestry, housing for the elderly, public recreation facility, single family dwelling, summer cottage, apartment in an existing single family dwelling, and campground.

Accessory uses, buildings and structures usually associated with these permitted uses shall be allowed, including roadside stands for the sale of produce, keeping of domestic animals for personal use and enjoyment (but not including a kennel), private garage, private swimming pool, signs, and temporary building for uses incidental to construction.

#### V.2c - SPECIAL EXCEPTIONS

The following uses may be permitted if expressly authorized by the Board of Adjustment: commercial recreation facility, government structure, automobile junkyard subject to State and Town regulations, kennel, lodge or club, public utility or communications structure, rooming or boarding house, rock quarry, sand & gravel pit, and home occupation.

#### V.2d - LOT AREA

Minimum of 1 acre (43,560).

#### V.2e - FRONTAGE

Minimum of 125 feet.

#### V.2f - MINIMUM YARD DEPTHS

35 foot front yard, 15 foot side yards, 30 foot rear yard for the principal structures.

#### V.2g - HEIGHT

Single-family dwellings shall not be higher than 45 feet. The Planning Board shall review and approve proposed height in excess of 45 feet for all other buildings.

#### V.2h - MAXIMUM LOT COVERAGE - 25%

#### V.2i - SITE PLAN APPROVAL

All non-residential uses shall require Planning Board review and approval of the site plan.

### Section V.3 - Single-Family Residential District (R1)

The intent of the R1 District is to encourage high standard residential developments with essentially one family homes and to prevent land uses which would be incompatible with this residential use.

#### V.3a - PERFORMANCE STANDARDS

Permitted uses, uses allowed by special exception, and all other requirements of this district shall conform to the performance standards described in Article VIII of this Ordinance.

#### V.3b - PERMITTED STRUCTURES AND USES

Agriculture, church or temple, conservation use, educational institution, forestry, hospitals and nursing homes, housing for elderly, public recreation facility, single family dwelling, two-family dwelling and apartment in an existing single family dwelling.

Accessory uses, buildings and structures usually associated with these permitted uses shall be allowed, including gardening and growing fruits and vegetables, and the incidental sale of produce grown by the owner of a single-family dwelling; keeping of domestic animals for personal use and enjoyment (but not including a kennel), private garage, private swimming pool, signs, and temporary building for uses incidental to construction.

#### V.3c - SPECIAL EXCEPTIONS

The following uses may be permitted if expressly authorized by the Board of Adjustment: commercial recreation facility, government structure, public utility or communications structure, summer cottage, and home occupation.

#### V.3d - LOT AREA

Minimum of 1 acre (43,560 square feet) with neither town water nor sewer. Minimum of (20,000 square feet) with town sewer, and/or water.

#### V.3e - FRONTAGE

Minimum of 125 feet for 1 acre lots, minimum 100 feet for 20,000 square foot lots.

#### V.3f - MINIMUM YARD DEPTHS

For 1 acre lots: 35 foot front yard, 15 foot side yards, 30 foot rear yard for the principal building. For 20,000 square foot lots: 35 foot front yard, 15 foot side yards, 20 foot rear yard for the principal building.

#### V.3g - HEIGHT

Single-family and two-family dwellings shall not be higher than 45 feet. The Planning Board shall review and approve proposed height in excess of 45 feet for all other buildings.

#### V.3h - MAXIMUM LOT COVERAGE - 25%

#### V.3i - SITE PLAN APPROVAL

All non-residential uses shall require Planning Board review and approval of the site plan.

### Section V.4 - General Residential District (R2)

The intent of the R2 District is to encourage diversity in the type and density of residential development and related, compatible land uses.

#### V.4a - PERFORMANCE STANDARDS

Permitted uses, uses allowed by special exception, and all other requirements of this district shall conform to the performance standards described in Article VIII of this Ordinance.

#### V.4b - PERMITTED STRUCTURES AND USES

Single-family dwelling, two-family dwelling, multi-family dwellings, agriculture, church or temple, conservation use, educational institution, forestry, housing for the elderly, hospital and nursing home,

public recreation facility, apartment in an existing single-family dwelling, and small medical buildings and small office buildings compatible with the area.

Accessory uses, buildings and structures usually associated with these permitted uses shall be allowed, including gardening and growing fruits and vegetables, keeping of domestic animals for personal use and enjoyment (but not including a kennel), private garage, private swimming pool, signs, and temporary building for uses incidental to construction.

**4c. SPECIAL EXCEPTIONS**

The following uses may be permitted if expressly authorized by the Board of Adjustment: commercial recreation facility, funeral home, government structure, public utility or communications structure, rooming, boarding or lodging house, and home occupation. In addition, special exceptions shall be granted for multi-family uses where the owner shall agree to install State of New Hampshire approved leach fields, septic system and a parallel sewerage conduit up to the existing Town Sewerage conduit pending State and local approval of a sewer connection for the units.

**V.4d. MINIMUM DIMENSIONAL REQUIREMENTS - DETACHED SINGLE FAMILY DWELLINGS**

	LOT AREA	FRONTAGE	FRONT YARD	SIDE YARD	REAR YARD
	sq. ft.	feet	feet	feet	feet
No town water or sewer	30,000	125	35	15	20
Town water or sewer	20,000	100	35	15	20
Town water and sewer	10,000	100	30	15	15

**V.4e. MINIMUM DIMENSIONAL REQUIREMENTS - TWO-FAMILY DWELLINGS AND PERMITTED NON-RESIDENTIAL USES**

	LOT AREA	FRONTAGE	FRONT YARD	SIDE YARD	REAR YARD
	sq. ft.	feet	feet	feet	feet
No town water or sewer	30,000	125	35	15	20
Town water or sewer	20,000	100	35	15	20
Town water and sewer	15,000	100	30	15	15

**V.4f. MINIMUM DIMENSIONAL REQUIREMENTS - MULTI-FAMILY DWELLINGS**

Minimum lot size shall be 1 acre (43,560 s.f.) for multi family dwelling structures. Maximum density shall be 16 units per acre.

Minimum frontage shall be 125 feet.

Minimum Yard Depths shall be: 30 feet front yard, 20 foot side yards, 30 foot rear yard for the principal buildings.

Multi-family dwellings shall be connected to the town and sewer systems except with regard to town sewer as is otherwise provided herein.

Recreation space of at least 15% of the gross lot area shall be provided.

**V.4g. HEIGHT**

Single-family and two-family dwellings shall not be higher than 45 feet. The Planning Board shall review and approve proposed height in excess of 45 feet for all other buildings.

**V.4h. MAXIMUM LOT COVERAGE**

30% for one and two-family dwellings. 50% for multi-family dwellings.

**V.4i. SITE PLAN APPROVAL**

All non-residential uses and multi-family dwellings shall require Planning Board review and approval of the site plan.

**Section V.5 - Mobile Home District (MH)**

The intent of the Mobile Home District is to define existing mobile home parks and provide these areas with some room for future expansion. All mobile homes installed after the effective date of this Ordinance shall be located in a Mobile Home District and shall comply with the requirements of the State of New Hampshire.

**V.5a. PERFORMANCE STANDARDS**

Permitted uses, uses allowed by special exception, and all other requirements of this district shall conform to the performance standards described in Article VII of this Ordinance except VII.10.

**V.5b. PERMITTED STRUCTURES AND USES**

Mobile homes as defined in this Ordinance; also: agriculture, forestry, church or temple, educational institution, public recreation facility, detached single-family dwelling.

Accessory uses, buildings and structures usually associated with these permitted uses shall be allowed, including gardening, keeping of domestic animals for personal use and enjoyment (but not including a kennel), laundromat, private garage, private swimming pool, signs subject to Article VII, Section VII.11, temporary building for uses incidental to construction and an office for the manager and staff of a mobile home park and sales or storage of mobile homes.

**V.5c. HOME OCCUPATION BY SPECIAL EXCEPTION**

**V.5d. LOT AREA**

The minimum size for a mobile home park shall be 200,000 square feet. Each mobile home space in a mobile home park shall contain a minimum land area of 5,000 square feet and shall be at least 50 feet wide.

**V.5e. SETBACKS**

A mobile home park shall be set back at least 25 feet from any existing public street.

A mobile home shall be set back from the access drive or street at least 25 feet.

**V.5f. HEIGHT**

Single-family and two-family dwellings shall not be higher than 45 feet. The Planning Board shall review and approve proposed height for all other buildings.

**V.5g. SANITARY STANDARDS**

Sanitary regulations and standards relative to mobile home spaces and parks, as enacted by the State Board of Health as well as all regulations of the NHWSPPC shall be adhered to.

**V.5h. SITE PLAN APPROVAL**

All non-residential uses shall require Planning Board review and approval of the site plan.

**Section V.6 - Downtown Business District (B1)**

The intent of the regulations for the B1 District is to enhance the general character of the traditional Downtown area of Derry.

**V.6a. PERFORMANCE STANDARDS**

Permitted uses, uses allowed by special exception, and all other requirements of this district shall conform to the performance standards described in Article VII of this Ordinance.

**V.6b. PERMITTED STRUCTURES AND USES**

Dwellings, whether one-family, two-family or multi-family.

Retail businesses where goods are displayed and sold mainly indoors, including but not limited to: antiques, art objects, baked goods, bicycles, books, cameras, candy, clothing, electrical equipment and appliances, furniture, food, hardware, jewelry, medicine, music, office equipment and supplies, optical products, paint and wallpaper, pets and related supplies, plumbing supplies, radio and television, shoes, sporting goods, tobacco products.

Offices and service establishments including but not limited to: appliance repair shop, banks, barber and beauty shops, bus depot, business or professional office, daycare center, funeral home, hospital or nursing home, hotels and motels, indoor commercial recreational and amusement facilities, insurance office, library, movie theatre, museum, newspaper office, offices for the sale of building materials, wood, coal and the like but where the products are not stored on the premises, parking garage and parking lot, post office, public utility or communication structure, restaurants and bars (not including drive-in eating places), rooming, boarding or lodging house, shoe repair shop, studios for art, photography, music and dance, travel agency.

Institutional uses such as church or temple, government offices, public or private educational facilities, and any other public use or use by a semi-public agency whose activities are primarily non-profit in nature.

Home occupation use, nursing home, and hospital.

Accessory uses, buildings and structures usually associated with these permitted uses shall be allowed, including any accessory use permitted in District R2; also off-street parking facilities, and business signs.

**V.6c. DIMENSIONAL REQUIREMENTS**

Lot area, frontage, yard dimensions, and lot area per family for dwellings in District B1 shall be the same as for District R2, except that there shall be no density limitation for multi-family dwellings. For non-dwelling uses in B1 District, there shall be no minimum lot size. Minimum Yard Depths shall not be required, except that when a non-dwelling use is adjacent to any R District, the minimum side yard of the non-dwelling use shall be 15 feet, and the minimum rear yard depth shall be 20 feet.

**V.6d. HEIGHT**

Single-family and two-family dwellings shall not be higher than 45 feet. All other buildings shall not exceed 60 feet in height.

**V.6e. MAXIMUM LOT COVERAGE**

For single and two-family dwellings: 30%. No limit for other uses.

**V.6f. SITE PLAN APPROVAL**

All uses other than detached single-family dwellings and two-family dwellings shall require Planning Board review and approval of the site plan.

**V.6g. SEWER AND WATER**

All uses in the B1 District shall have town sewer and water unless otherwise permitted by special exception granted by the Board of Adjustment.

**Section V.7 - General Business District (B2)**

The intent of the B2 District is to provide for a variety of business uses, including highway-oriented business uses.

**V.7a. PERFORMANCE STANDARDS**

Permitted uses, uses allowed by special exception, and all other requirements of this district shall conform to the performance standards described in Article VII of this Ordinance.

**V.7b. PERMITTED STRUCTURES AND USES**

Any principal use permitted in District B1; and also: retail and service businesses serving motorists, including but not limited to drive-in theaters, drive-in restaurants, gas stations and motor vehicle service stations; retail sales involving outdoor display or storage of large amounts of merchandise such as building supplies, nursery stock, mobile homes and motor vehicles; outdoor commercial recreation or amusement facilities; shopping malls.

Accessory uses, buildings and structures usually associated with these permitted uses shall be allowed, including any accessory use permitted in District B1.

- V.7c - **LOT AREA**  
For residential uses, same as District R2. For non-residential uses, minimum of 20,000 square feet with town water and sewer, minimum of 30,000 square feet otherwise.
- V.7d - **FRONTAGE**  
For residential uses, same as District R2. For non-residential uses, minimum of 100 feet.
- V.7e - **MINIMUM YARD DEPTHS**  
For residential uses, same as District R2. For non-residential uses, 40 foot front yard, 15 foot side yards, 20 foot rear yard.
- V.7f - **HEIGHT**  
Single and two-family dwellings shall not be higher than 45 feet. Multi-family dwellings shall not be higher than 60 feet, except by Planning Board review and approval. The Planning Board shall review and approve proposed height for all other buildings.
- V.7g - **MAXIMUM LOT COVERAGE**  
60% for all uses.
- V.7h - **SITE PLAN APPROVAL**  
All uses other than detached single-family dwellings and two-family dwellings shall require Planning Board review and approval of the site plan.

### Section V.8 - Highway Business District (B3)

The intent of the B3 District is to provide larger areas for a variety of business uses, including highway-oriented business use.

- V.8a - **PERFORMANCE STANDARDS**  
Permitted use, uses allowed by special exception, and all other requirements of this district shall conform to the performance standards described in Article VIII of this Ordinance.  
  
Any building, parking lot or drive shall have a green area appropriate to the location landscaped and maintained along the front lot line.
- V.8b - **PERMITTED STRUCTURES AND USES**  
One-family and two-family dwellings, and non-residential uses as permitted in District B2.
- V.8c - **REQUIREMENTS**  
Requirements for one-family and two-family dwellings shall be the same as in District R1.  
  
Requirements for non-residential uses shall be the same as in District B2.

### Section V.9 - Industrial/Commercial District (I1)

The intent of the Industrial/Commercial District is to encourage the development of non-polluting light industries and compatible commercial establishments.

- V.9a - **PERMITTED STRUCTURES AND USES**  
Places for the manufacture of various products, including but not limited to appliances, building materials, chemicals, clothing, food, furniture, instruments, office supplies, plastics, photographic and optical products, sporting goods, textiles, transportation equipment, wood products.  
  
Other large-scale uses including but not limited to building materials, storage and sales, commercial greenhouse, commercial laundry, freight terminal, fuel and storage tanks, mail-order house, motor vehicle service and sales, printing and publishing, professional offices, public utilities, research or experimental laboratory, storage yards, truck terminal, warehouse, wholesale businesses.  
  
Agricultural and forestry uses shall also be permitted.  
  
Accessory uses, buildings and structures usually associated with these permitted uses shall be allowed, including off street parking facility, signs subject to the provisions of Article VII, Section VII.11 temporary building for uses incidental to construction.
- V.9b - **LOT AREA**  
Minimum of 1 acre (43,560 square feet).
- V.9c - **FRONTAGE**  
Minimum of 150 feet.
- V.9d - **MINIMUM YARD DEPTHS**  
30 foot front yard, 20 foot side yards, 20 foot rear yard.
- V.9e - **HEIGHT**  
The Planning Board shall review and approve height for all proposed buildings.
- V.9f - **WATER AND SEWER**  
Town water and sewer shall be used if available. Otherwise, state-approved water and sewer systems shall be required.
- V.9g - **MAXIMUM LOT COVERAGE** - 50%.
- V.9h - **SITE PLAN APPROVAL**  
All uses shall require Planning Board review and approval of the site plan.

- V.9i - **PERFORMANCE STANDARDS**  
Permitted uses and uses allowed by special exception shall conform to the performance standards described in Article VII of this Ordinance.

### Section V.10 - Industrial District (I2)

The intent of the Industrial District is to encourage the development of non-polluting light industries.

- V.10a - **PERMITTED STRUCTURES AND USES**  
Places for the manufacture of various products, including but not limited to appliances, building materials, chemicals, clothing, food, furniture, instruments, office supplies, plastics, photographic and optical products, sporting goods, textiles, transportation equipment, wood products.  
  
Other large-scale uses including but not limited to building materials, storage and sales, freight terminal, fuel and storage tanks, mail-order house, printing and publishing, research or experimental laboratory, storage yards, truck terminal, warehouse, wholesale businesses, and sand and gravel pits.  
  
Agricultural and forestry uses shall also be permitted.  
  
Accessory uses, buildings and structures usually associated with these permitted uses shall be allowed, including off street parking facility, signs subject to the provisions of Article VII, Section VII.11, temporary building for uses incidental to construction, home occupation subject to Article VII, Section VII.7.
- V.10b - **SPECIAL EXCEPTIONS**  
The following uses shall be permitted if expressly authorized by the Board of Adjustment: commercial uses as permitted in District B2.

- V.10c - **LOT AREA**  
Minimum of 1 acre.
- V.10d - **FRONTAGE**  
Minimum of 150 feet.
- V.10e - **MINIMUM YARD DEPTHS**  
30 foot front yard, 20 foot side yards, 20 foot rear yard.
- V.10f - **HEIGHT**  
The Planning Board shall review and approve height for all proposed buildings.
- V.10g - **WATER AND SEWER**  
Town water and sewer shall be used if available. Otherwise, state-approved water and sewer systems shall be required.
- V.10h - **MAXIMUM LOT COVERAGE** - 50%.
- V.10i - **SITE PLAN APPROVAL**  
All uses shall require Planning Board review and approval of the site plan.
- V.10j - **PERFORMANCE STANDARDS**  
Permitted uses and uses allowed by special exception shall conform to the performance standards described in Article VII of this Ordinance.

## ARTICLE VI. CLUSTER DEVELOPMENT

### Section VI.1 - Purpose

The purpose of this Article is to provide special opportunities for builders, developers and land owners in order to encourage them to conserve open space and design subdivisions in harmony with the natural features of the land. This Article thus allows the Planning Board to issue special permits for a pattern of land development alternate to the standard subdivisions permitted in the residential districts. These flexible standards apply only to detached single-family dwellings and two-family dwellings.

### Section VI.2 - Standards

- VI.2a - **NUMBER OF LOTS**  
The number of lots permitted for a cluster development shall not exceed the number of buildable lots that could be designed for the parcel following standard subdivision design practices and the dimensional and area requirements of the particular Zoning District.
- VI.2b - **DIMENSIONAL REQUIREMENTS - GENERAL**  
Except as provided in this section, all dimensions shall comply with the provisions of Article V, Sections V.2, V.3, and V.4.
- VI.2c - **LOT AREA**  
Minimum lot area for cluster developments for detached single-family dwellings in the residential districts shall be:

Agricultural/ Rural Residential (ARR):	20,000 S.F.
Single-Family Residential (R1):	10,000 S.F.
General Residential (R2):	7,500 S.F.

Minimum lot area for cluster developments for two-family dwellings shall be: R1 - 10,000 square feet, R2 - 7,500 square feet.

These are minimum standards. Larger lot sizes may still be required depending on soil conditions and the proposed method for handling water supply and sewage disposal.

#### VI.2d - FRONTAGE

Each lot shall have a minimum frontage of 50 feet.

#### VI.2e - LOT WIDTH

Each lot shall have a minimum width of 50 feet. In addition, each lot shall be so shaped, and the dwelling on it shall be so located such that the lot width along the front wall of the dwelling shall be a minimum of:

Agricultural/ Rural Residential (ARR):	100 feet
Single-Family Residential (R1):	80 feet
General Residential (R2):	64 feet

### Section VI.3 - Common Land

#### VI.3a - AMOUNT OF COMMON LAND

The area of common land shall be at least 20% of the total area of the Cluster Development parcel.

#### VI.3b - GENERAL REQUIREMENTS

The common land shall have a location, shape, size and character suitable to assure its use by all residents of the Cluster Development for purposes such as recreation or conservation. Paths, walkways, and other provisions shall be designed to ensure that the common land will be accessible to all residents of the cluster.

#### VI.3c - OWNERSHIP AND RESTRICTIONS

The developer shall work with the Planning Board to design a common land ownership system that is appropriate to the site, and that assures the town of legitimate real estate tax receipts from common lands and associated common facilities.

### Section VI.4 - Procedure for Approval

#### VI.4a - APPLICATION

The applicant shall submit an application in writing in such form as the Planning Board may require. The applicants shall also submit plans, reports and other documents as may be required by the Town's Land Subdivision and Control Regulations; the required materials on perpetual restriction of the common land; and such additional information as the Planning Board may require.

#### VI.4b - CONDITIONS

If a special permit is granted, the Planning Board shall impose as a condition that the common land shall be conveyed forthwith, free of any mortgage interest or security interest, and subject to the terms of a perpetual restriction, and to any other terms of the permit. The conveyance and recording shall be completed as a prior condition for the Planning Board's release of any lots from the subdivision restriction covenant or, if there is no covenant, prior to the Building Inspector's issuance of a building permit for any lot.

## ARTICLE VII. PERFORMANCE STANDARDS

Permitted uses and uses permitted by special exception for any and all Districts shall conform to these performance standards, as applicable.

### Section VII.1 - Accessory Buildings

No garage or other accessory building shall be located in a required front yard. An accessory building or structure must be set back from side or rear lot lines at least 5 feet. In addition, no accessory building or structure shall be located nearer to a side or rear lot line than the height of said structure or building. For accessory buildings or structures greater than 35 feet in height, the setback from side or rear lot lines shall not be required to be more than 35 feet.

### Section VII.2 - Automobile Junkyards

No automobile junkyard shall be established, operated or maintained without first obtaining a non-transferable permit from the Derry Board of Selectmen. The permit shall be valid until January 1 of the Year following. Recreation vehicles and farm vehicles shall not be counted in determining the necessity for a permit.

Before granting a permit, the Board of Selectmen shall hold a public hearing. Notice of the hearing shall be posted at least 5 days prior to the hearing in at least two public places in the Town of Derry and in a local newspaper. Abutters and the applicant shall be notified by certified mail of the time and place of the hearing.

No permit shall be granted for an automobile junkyard within 600 feet from the nearest edge of the right-of-way of any highway. This restriction may be waived if the proposed junkyard site is completely screened from the highway by a natural height of land.

Any automobile junkyard shall be screened by planting or fences of at least 6 feet in height and acceptable to the Board of Selectmen. The Board of Selectmen may also stipulate other reasonable requirements and conditions relating to the siting, operation, and use of an automobile junkyard. These conditions shall be attached to the permit.

Permit fees shall be assessed as prescribed by the Selectmen, and shall be payable in advance together with reasonable costs for publishing and posting the public notice. The applicant shall also be required to post a bond sufficient in value to cover the Town's costs for cleaning up the site should this become necessary. The bond amount shall be reviewed each year on issuing of a new permit, and may be changed as appropriate.

All other provisions of the State Law on automobile junkyards shall be observed, including state permits where location warrants according to NHRSA 249 b.

### Section VII.3 - Campgrounds

All recreational vehicles, tents, and camp shelters shall be located in an approved campground, and shall comply with the requirements of the State of New Hampshire.

All campgrounds shall conform with the following standards:

- Minimum parcel size of 10 acres.
- Campground lot lines shall be at least 1,000 feet distant from any existing resident dwelling, whether occupied or unoccupied.
- The campground shall be screened from town roads and other adjacent uses as required by the Planning Board.
- Site plan review and approval by the Planning Board shall be required.

A camping space shall:

- Contain a minimum land area of 2,000 square feet, not including roads and access drives.
- Have as part of the 2,000 square feet a minimum of 200 square feet suitable for off-street parking.
- Be at least 40 feet wide.
- Be located at least 100 feet from any lot line which is not a body of water. This setback shall apply to any other buildings in the campground.

A service building or buildings for toilets and shower facilities shall be provided. No camping space shall be more than 300 feet from a service building.

Prior to the granting of an Occupancy Permit, written approval of the State Board of Health shall be furnished certifying that all facilities for water supply, toilets, sewage disposal, and solid waste disposal comply with the Board's requirements.

Permitted accessory buildings in a campground shall be limited to:

- An office for the manager and staff of the campground, which may be in a dwelling or in a service building.
- A service building, not to exceed 1,500 square feet of gross floor area, which may contain equipment and supplies, recreation rooms, and a shop for convenience goods primarily for the occupants of the campground, provided that no advertising device is visible from a town street or from adjacent lots.
- A service building or buildings for toilets and shower facilities.
- Other buildings or structures incidental to the recreational aspects of the campground including commercial recreational facilities as defined in this Ordinance and indoor commercial recreational facilities.
- Service buildings to accommodate bathers at beach or pool sites.

### Section VII.4 - Conversion of Dwellings

The conversion of any building into a dwelling, or the conversion of any dwelling so as to increase the number of dwelling units shall be permitted only if a new building for similar occupancy would be permitted in the particular District, and only when the resulting dwellings unit or units will comply with the parking and yard requirements for new construction in the particular District.

No existing structure may be converted for use by more than 2 families without special exception approval by the Board of Adjustment. These provisions notwithstanding, however, the addition of one dwelling unit within an existing, large single-family house shall be allowed in any District according to the following provisions:

- The purpose of these regulations shall be to provide small additional rental units without adding to the number of buildings in the Town, and to enable owners of single-family dwellings larger than required for their present needs to share space and the burdens of homeownership.
- The lot area of the existing single-family dwelling shall not be less than 15,000 square feet.
- The dwelling unit shall be a use incidental to the single family dwelling and shall occupy no more than one-third of the gross floor area of the single-family dwelling exclusive of any garage, shed or similar structure of accessory use attached to the single-family dwelling.
- The dwelling unit shall have a minimum gross floor area of 350 square feet.
- No more than one such dwelling unit shall exist within the single-family dwelling.
- No more than minimum exterior alterations shall be made to the single-family dwelling. Necessary safety-related exterior alterations such as fire escapes shall be permitted.
- Either the dwelling unit or the single-family dwelling shall be occupied by the owner of the property except for bona fide temporary absences.
- Floor plans of the dwelling unit and the single-family dwelling, with a site plan showing the location of the single-family dwelling on the lot, have been filed with the Building Inspector prior to and at the time of application to the Board of Adjustment.

.. Application for a building permit or certificate of occupancy shall be made to the Building Inspector and no use or occupancy shall be allowed prior of the issuance of a certificate of occupancy by the Building Inspector.

### Section VII.5 - Elevation of Buildings Above Flood Level

All buildings in flood-prone areas shall have their first liveable floor at least one foot above the level of the 100 year flood elevation. In addition, the ground level surrounding buildings shall be raised to an elevation not less than one (1) foot above the 100 year flood elevation. Such fill shall extend for a minimum horizontal distance of fifteen (15) feet from the outer surface of the building walls.

All land uses shall also comply with the provisions of Flood Zone regulations that the Town may enact in connection with the Federal Insurance Administration (FIA) program.

### Section VII.6 - Filling, Excavation or Other Earth Moving Activity

The following provisions shall apply to filling, grading, lagooning, dredging, excavation, processing and storage of soil, earth, loam, sand, gravel, rock and other mineral deposits. Filling, grading, lagooning, dredging, and other earth-moving activities which would result in significant erosion, sedimentation, or impairment of water quality or fish and aquatic life are prohibited.

PERMIT REQUIRED - No owner shall permit any excavation of earth on his premises without first obtaining a permit therefor, except:

- a. Excavation that is incidental to the lawful construction or alteration of a building or structure or the lawful construction or alteration of a parking lot or way including a driveway on a portion of the premises where removal occurs.
- b. Excavation that is incidental to agricultural or silvicultural activities, normal landscaping or minor topographical adjustment.
- c. Excavation from an area contiguous to or from contiguous land in common ownership with, stationary manufacturing and processing plants in operation as of the effective date of this chapter which use earth obtained from such areas.
- d. Excavation from a granite quarry.

APPLICATION FOR PERMIT - Any owner subject to this chapter shall, prior to excavation of his land, apply to the Planning Board for a permit for excavation. The applicant shall also send a copy of the application to the conservation commission. Such application shall be signed and dated by the applicant and shall contain at least the following information:

- a. The name and address of the owner of the land to be excavated, the person who will actually do the excavating and all abutters to the premises on which the excavation is proposed;
- b. A sketch and description of the location and boundaries of the proposed excavation, the number of acres to be involved in the project and the municipalities and counties in which the project lies;
- c. A sketch and description of the access and visual barriers to public highways to be utilized in the proposed excavation;
- d. The breadth, depth and slope of the proposed excavation and the estimated duration of the project;
- e. The elevation of the highest annual average ground water table within or next to the proposed excavation;
- f. A plan for the restoration of the areas affected by the excavation at least in compliance with RSA 155-D:5, including a timetable therefor as to fully depleted sites within the excavation area during said project; and
- g. Such other information as the regulator may reasonably require.

PROHIBITED PROJECTS - The Planning Board shall not grant a permit:

- a. Where an excavation is proposed below road level within 50 feet of any highway right of way unless such excavation is for the purpose of said highway;
- b. For excavation within 50 feet of the boundary of a disapproving abutter or within 10 feet of the boundary of an approving abutter unless approval is requested by said abutter;
- c. When the excavation is not permitted by zoning or other applicable ordinance;
- d. When the issuance of the permit would be unduly hazardous or injurious to the public welfare;
- e. Where existing visual barriers in the areas specified in RSA 155-D:3, III would be removed, except to provide access to the excavation;
- f. Where the excavation would substantially damage a known aquifer, so designated by the United States Geological Survey;
- g. When excavation is planned beneath or adjacent to inland surface waters in such manner that a permit is required from the water supply and pollution control commission, the water resources board, the special board on dredge and fill or other state or federal agencies with jurisdiction over the premises; but the regulator may approve the application when all necessary permits have been obtained; or
- h. Where the project cannot comply with the restoration provisions of RSA 155-D:6.

RESTORATION - Within 12 months after the expiration date in the permit therefor or the completion of the excavation, whichever first occurs, the owner of the excavated land shall restore, or cause to be restored, the area affected by the excavation to meet each of the following minimum conditions:

- a. Except for exposed rock ledge, said area shall be covered with vegetation suitable to prevent erosion and with soils suitable to sustain such vegetation;
- b. Debris resulting from the excavation shall be buried or removed;
- c. All slopes shall be graded to natural repose for the type of soil of which they are composed; and
- d. The elimination of any standing bodies of water created in the excavation project as may constitute a hazard to health and safety unless the regulator specifies different restoration.

APPLICATION FOR AMENDMENT - When the scope of a project for which an excavation permit has been issued is proposed to be altered so as to affect either the size or location of the excavation, the rate of removal or the plan for restoration, the owner shall submit an application for amendment of his excavation permit which application shall be subject to approval in the same manner as provided for an excavation permit.

HEARING - Prior to the Planning Board approving an application for an excavation permit or an application for an amended excavation permit, a public hearing shall be held on such application. A notice of said hearing shall be sent to all abutters and shall specify the grounds for the hearing as well as the date, time and place and at least 14 days' notice of the time and place of such hearing shall be published in a paper of general circulation in the town wherein the proposed excavation is to be located and a legal notice thereof shall also be posted in at least 3 public places in town; the 14 days shall not include the day of publication nor the day of the meeting, but shall include any Saturdays, Sundays and legal holidays within said period.

ISSUANCE OF PERMIT - If the Planning Board after the public hearing approves the application for a permit and determines it is not prohibited by RSA 155-D:4 it shall, upon receipt of an excavation fee determined by the Planning Board not to exceed \$50 and the posting of a bond or other such surety with the municipal treasurer in an amount, as it requires, reasonably sufficient to guarantee compliance with the permit, grant a permit to the applicant for an excavation. A copy of the permit shall be prominently posted at the excavation site or the principal access thereto. A permit shall not be assignable or transferable within the prior written consent of the Planning Board. A permit shall specify the date upon which it expires. The Planning Board may include in a permit such reasonable conditions as are consistent with the purpose of Chapter 155 including the provision of visual barriers to the excavation.

APPEAL - If the Planning Board disapproves or approves an application for an excavation permit or an application for an amended permit, any interested person affected by such decision may appeal to the Planning Board for a rehearing on such decision or any matter determined thereby. The motion for rehearing shall fully specify every ground upon which it is alleged that the decision or order complained of is unlawful or unreasonable and said appeal shall be filed within 10 days of the date of the decision appealed from. The Planning Board shall either grant or deny the request for rehearing within 10 days, and if the request is granted a rehearing shall be scheduled within 30 days. Any person affected by the Planning Board's decision on a motion for rehearing to the Planning Board may appeal in conformity with the procedures specified in RSA 31:77-87.

ENFORCEMENT.

- a. The Planning Board or its duly authorized agent may suspend or revoke the permit of any person who has violated any provision of his permit or this chapter or made a material misstatement in the application upon which his permit was granted, such suspension or revocation shall be subject to a motion for rehearing thereon and appeal in accordance with RSA 155-D:8 and 9.
- b. The Planning Board or a person affected thereby may seek an order from the superior court that the violator cease and desist from violation of any provision of his permit or this chapter and take such action as may be necessary to be in compliance with his permit and this chapter. If the superior court issues such an order the Planning Board or the person affected, as the case may be, shall have judgment for all costs and attorney fees in seeking such an order.
- c. To ascertain if there is compliance with this chapter, a permit issued hereunder or an order issued hereunder, the Planning Board or its duly authorized agent may enter upon any land on which there is reason to believe an excavation is being conducted or has been conducted since the effective date of this chapter.
- d. Whoever violates any provision of this chapter, a permit issued hereunder or a valid order issued hereunder shall be guilty of a misdemeanor if a natural person, or guilty of a felony if any other person.

REGULATIONS - The Planning Board may adopt such regulations as may be reasonably necessary to carry out the provisions of this chapter including adopting a permit fee schedule.

EXISTING OPERATIONS - Any owner of an existing excavation in use as of the effective date of this ordinance and which is subject to the section may continue such existing excavation without a permit but shall perform restoration in compliance with RSA 155-D:5 within a reasonable period following the intended cessation of the excavation or any completed section thereof.

### Section VII.7 - Home Occupation

Home occupations shall be permitted by special exception provided that:

- a. The home occupation is clearly incidental to the residential use of the structure;
- b. Such business use is not injurious, noxious or offensive to the neighborhood by reason of emission of odor, fumes, dust, smoke, vibration, noise or other cause;
- c. The residential use is established prior to the business use;

- d. The business use does not change the residential character of the dwelling and the property, and does not require external alterations that would change such residential character;
- e. The business use is conducted within the residential building or other existing structure, and does not exceed 25 percent of the total normal living area of the residence. The normal living area is defined as that portion of the residential building consisting of living room(s), kitchen(s), dining room(s), family room(s), den(s), and laundry room(s);
- f. Not more than one sign or other advertising device is displayed on the property and it does not exceed a size of three square feet;
- g. Not more than two persons not residing in the home are employed on the premises at the same time;
- h. Sufficient off-street parking for the employees, clients, and customers is provided, and where lot size permits, the parking area is not within 25 feet of the front line nor within 10 feet of side and rear lot lines;
- i. Not more than one business use will be conducted on the property.
- j. The business is not contrary to any covenants or conditions contained in the deed to the property.

In all cases, a person establishing a Home Occupation use shall fill out and sign a form that clearly states the nature of the business and all related criteria and conditions. The form shall also state that any breach of criteria or conditions constitutes a violation of the Zoning Ordinance.

**Section VII.8 - Multiple Building on a Lot**

Not more than one detached single-family house or one two-family house may be erected on a lot, except when one or two-family houses are part of a housing complex in common ownership. Where two or more non-residential buildings or two or more multi-family structures are proposed to be built on a lot in one ownership, minimum front, side and rear yards shall be required only at lot lines abutting another lot or a public street.

**Section VII.9 - Off-Street Parking and Loading**

**VII.9a - BASIC REQUIREMENT**

In any district where permitted, no use of premises shall be authorized or extended, and no building or structure shall be constructed or enlarged, unless there is provided for such extension, construction or enlargement, off-street automobile parking space within three hundred (300) feet of the principal building, structure, or use of the premises, in accordance with the schedule of parking requirements provided in this section. An area of two hundred (200) square feet appropriate for the parking of an automobile, exclusive of maneuvering space, shall be considered as one off-street parking space. No required parking space shall serve more than one use. No off-street parking facility shall have more than two (2) entrances or exits on the same street, and no entrance or exit shall exceed 33 feet or be less than 12 feet in width. Parking areas with more than (2) parking spaces shall be so arranged that vehicles can be turned around within such areas and are prevented from backing into the street. Where Site Plan Review is required, the Planning Board shall include a review of proposed off-street parking layout and design.

**VII.9b - SCHEDULE OF MINIMUM OFF-STREET PARKING REQUIREMENTS**

- 1. Dwelling, including multi-family structures      1½ parking spaces per dwelling unit.
- 2. Public or semi-public housing for low and moderate income families or for the elderly      One space for each dwelling unit.
- 3. Hotel, motel, boarding or lodging house, tourist home      One space for each bedroom, plus adequate space for employees.
- 4. Hospital or nursing home      One space per two beds plus adequate space for employees.
- 5. Campground      One space for each campsite plus adequate space for employees.
- 6. Retail, service and related business use      One space for each 100 square feet of gross floor area excluding permanent storage area, staircases, corridors, and rest rooms.
- 7. Professional or general office      One space for each 200 square feet of gross floor area excluding permanent storage areas, staircases, corridors, and rest rooms.
- 8. Restaurant, lodge, club, church, recreation use or other place of assembly      One parking space per three seats of rated capacity, or one space for each three persons to be expected on the premises at the time of maximum use, plus adequate parking for employees.
- 9. Auto service station      Two parking spaces for each service bay, plus adequate parking for employees.
- 10. Industrial uses      One parking space for each two employed persons on the largest shift, plus one space for each company vehicle, plus adequate space for customers as determined by the Planning Board.

**11. Mixed uses**

In the case of mixed uses parking requirements shall be calculated based upon the area of each use, and subject to the Planning Board's decision on parking spaces needed at times of maximum use.

The Planning Board may grant relief from the parking requirements of VII.9b if the petitioner cannot comply and if the Board finds that the desired relief will not have a bad effect on the neighborhood or conflict with any provisions of this Ordinance.

**VII.9c - SUPPLEMENTARY PARKING PROVISIONS**

Adequate spaces shall be provided to accommodate customers, patrons, and employees at drive-in establishments, open air retail businesses and amusement and other permitted uses not specifically enumerated. The Building Inspector shall determine these requirements on a case by case basis.

**VII.9d - OFF-STREET LOADING**

In any district where permitted or allowed, commercial or industrial uses shall provide, as necessary, off-street loading facilities located entirely on the same lot as the building or use to be served so that trucks, trailers, and containers shall not be located for loading, unloading or storage upon any public road or access drive. The Building Inspector shall review and approve proposed off-street loading spaces for all new structures and additions to existing structures.

The Planning Board may waive this requirement in the Downtown Business District.

**VII.9e - LAYOUT AND DESIGN OF OFF-STREET PARKING SPACES**

The minimum width of aisles providing access to parking spaces shall be in accordance with the following schedule:

ANGLE OF PARKING	MINIMUM AISLE WIDTH
Parallel	12 feet
30	11 feet
45	13 feet
60	18 feet
90	23 feet

In parking lots with 5 or more spaces the parking lot shall be paved, and the surface of the parking lot shall be painted, marked, or otherwise delineated so that the location of parking spaces is apparent. To insure the availability of required parking spaces on a year-round basis, a strip of land not less than 6 feet in width shall be provided on at least 3 sides of a parking lot for the storage of snow plowed or removed from the surfaced area of the parking lot. The snow storage area may not encroach on the area required for off-street parking spaces.

Required parking spaces for non-residential uses, where not enclosed within a building, shall be effectively screened from view by plant materials, fences, walls, or other means as may be required by the Planning Board.

**Section VII.10 - Sewage Disposal Standards**

The design and construction of all sewage disposal systems shall comply with the regulations of the State of New Hampshire Plumbing Code, and with the Requirements of the New Hampshire Water Supply and Pollution Control Commission, including, without limitation, the regulations adopted pursuant to RSA 149-E.

For lots near or adjacent to year-round streams and ponds, the minimum setback for underground sewage disposal systems shall be 100 feet from the normal high water mark.

**Section VII.11 - Signs and Billboards**

The following provisions shall apply to signs and billboards in all Districts where permitted:

**VII.11a - SIZE, LOCATION AND ILLUMINATION - GENERAL**

No sign or billboard shall be erected adjacent to any public way in such a manner as to obstruct clear and free vision or where, by reason of its position, shape, color, illumination or wording the sign or billboard may obstruct the view of or be confused with any authorized traffic sign, signal or device or otherwise constitute a hazard to pedestrian or vehicular traffic.

Flashing, moving, or animated signs and billboards are prohibited, except for signs informing the public of time, temperature or weather, and barber poles.

No sign or billboard shall be more than 40 feet above ground level, except when attached to a building.

No sign attached to a building shall project above the roof line.

Public traffic and directional signs, and signs designating public activities shall be permitted in all Districts.

Existing signs that were lawful at the time of enactment or amendment of this Ordinance shall be allowed to continue to be used. However, if and when such signs are replaced, the new sign or signs shall conform to the provisions of this section.

**VII.11b - SIGNS IN RESIDENTIAL DISTRICTS**

Signs or other advertising devices in Residential Districts (RR, R1, R2, MH) shall be permitted as follows:

- 1. Name and address sign, not to exceed 2 square feet in area, and not more than 2 signs per dwelling.

2. One sign not more than 3 square feet in area providing information about a Home Occupation business.
3. One sign identifying a multi-family project, provided it is not more than 10 square feet in area.
4. One sign identifying a permitted non-residential use, provided it is not more than 10 square feet in area.
5. One sign in connection with a lawful non-conforming use, provided it is not more than 20 square feet in area.
6. One "for sale" or "for rent" sign not more than 6 square feet in area.
7. Sub-division signs advertising the sale of residential lots, not more than 10 square feet in area.
8. Other temporary signs provided that the Building Inspector issues a temporary permit specifying size, number of signs and length of time they are allowed to be displayed.
9. No sign shall project beyond a lot line. Signs larger than 6 square feet shall be set back at least 10 feet from the front lot line.

**VII.11c - SIGNS IN BUSINESS AND INDUSTRIAL DISTRICTS**

Signs or other advertising devices in Business and Industrial Districts (B1, B2, B3, I1, I2) shall be permitted as follows:

1. Signs as permitted in the Residential Districts.
2. A maximum of 3 signs for a business or industrial establishment, whether attached to a building or free-standing.
3. For commercial use, the aggregate area of all signs shall not exceed 2 square feet for each linear foot of street frontage. This provision does not apply to shopping malls.
4. For industrial uses, the aggregate area of all signs shall not exceed 4 square feet for each linear foot of street frontage.
5. Temporary signs such as notices of special sales, etc. shall be permitted.
6. No sign shall be greater than 100 square feet in size in a Commercial District, or greater than 200 square feet in size in an Industrial District.
7. Whether attached to a building or free-standing, no part of any sign or advertising device shall be closer than 10 feet to a lot line. However, in the Downtown Business District (B1), there shall be no setback requirement, provided that the sign does not project over a public sidewalk.

**VII.11d - SPECIAL EXCEPTIONS**

Special exceptions to these provisions may be granted by the Board of Adjustment.

**Section VII.12 - Site Plan Approval**

**VII.12a - APPLICABILITY**

Site Plan review by the Planning Board shall be required for the construction or enlargement of all uses as specified in this Ordinance. No building permit for these uses shall be issued except in conformance with a site plan duly reviewed by the Planning Board.

**VII.12b - Review Procedures**

1. An application for site plan approval shall be submitted to the Building Inspector with 4 copies of the site plan. The Building Inspector shall submit 3 copies of the site plan to the Planning Board, together with his recommendations on the number of parking spaces needed.
2. The site plan shall show all relevant information, including zoning boundaries, existing and proposed topography, all existing and proposed buildings and uses, building elevations, parking and loading areas, driveways, walkways, sewage disposal and water supply facilities, drainage, lighting signs, planting, fences and other landscaping.
3. The Planning Board shall review the site plan and submit to the Building Inspector its written decisions. The Planning Board shall consider matters such as: effect on adjacent properties, traffic, parking, waste disposal, setbacks, open space, design character, height, density, and conformance with all applicable provisions of the Zoning Ordinance.
4. The Building Inspector shall include in the building permit such conditions and requirements that will insure compliance with the terms of site plan approval.

**Section VII.13 - Soils**

All land uses shall be located on soils upon which the proposed uses or structures can be established or maintained without causing adverse environmental impacts, including severe erosion, mass soil movement, and water pollution, whether during or after construction as determined by the Planning Board.

**Section VII.14 - Swimming Pools**

All swimming pools, whether public or private, except wading pools less than 18 inches deep, shall be completely enclosed by a fence to prevent unsupervised access by small children. The fence shall be at least 4 feet above the ground for inground pools, or at least 30 inches above the top of aboveground pools.

**Section VII.15 - Vision Clearance**

As to plans approved pursuant to this ordinance, for a distance of twenty feet from the intersection of any two

streets, no wall, fence, sign, or other structure and no hedges, trees, or other growth shall be permitted which will materially impede vision between a height of 3 to 7 feet above curb level.

**Section VII.16 - Water Quality Protection**

No activity shall store or permit the discharge of any treated, untreated, or inadequately treated liquid, gaseous, or solid materials of such nature, quantity, obnoxiousness, toxicity, or temperature that may run off, percolate, or wash into surface or ground waters so as to contaminate such waters or cause nuisances, such as objectionable shore deposits, floating or submerged debris, oil or scum, color, taste, or unsightliness or be harmful to human, animal, plant, or aquatic life.

**Section VII.17 - Buffer Zone**

Before any building, parking lot, or drive can be constructed that is non-residential in nature and abuts a residence or residential district, a buffer zone shall be established which shall meet standards approved by the Planning Board with due regard to the legitimate concerns of abutters and with regard to the reasonable nature of the buffer zone required.

**ARTICLE VIII. ADMINISTRATION AND ENFORCEMENT**

**Section VIII.1 - Enforcing Agency**

The provisions of this Ordinance shall be administered and enforced by an appointed Building Inspector.

The Building Inspector shall institute or cause to be instituted in the name of the Town actions that may be necessary to enforce this Ordinance.

**Section VIII.2 - Building Permit Required**

Ordinary repairs to buildings may be made without application or notice to the building official; but such repairs shall not include the cutting away of any wall, partition or portion thereof, the removal or cutting of any structural beam or bearing support, or the removal or change of any required means of egress or rearrangement of parts of a structure affecting the exitway requirements; nor shall ordinary repairs include addition to, alteration of, replacement or relocation of any standpipe, water supply, sewer, drainage, drain leader, gas, soil, waste, vent or similar piping, electric wiring or mechanical or other work affecting public health or general safety.

**Section VIII.3 - Application for Building of Use Permit**

All applications for building of use permits shall be submitted in writing to the Building Inspector on forms provided for the purpose, according to the provisions of the Building Code of the Town of Derry.

**Section VIII.4 - Building Permit Renewal**

Building permits shall be valid for one year from the date of issuance. Said permit may be renewed for a further period of one year, provided that construction under the original permit was commenced during the first year. For new buildings, "construction commenced" shall mean the completion at least of the foundation. The renewal permit fee shall be \$2.00. After a foundation is constructed, buildings must be completed within one year unless the time is extended by the Building Inspector for good cause. All permits issued prior to the enactment of this ordinance shall expire one year from the date of enactment of this Ordinance unless renewed under the above provision.

**Section VIII.5 - Construction Permits Required**

Separate plumbing, gas or electrical permits shall be required in a situation where there are any of these items being installed or altered without a permit already having been issued for this work with a total construction permit.

**Section VIII.6 - Neighborhood Compatibility**

No permit shall be issued for construction or alteration unless the proposed structure will present a reasonable appearance and will be in keeping with the neighborhood and unless the building is to be finished on the exterior in a permanent manner and is to be suitably painted on the outside whenever the same is of wood or a material customarily painted. This is intended to eliminate the erection of structures obviously out of place for the neighborhood where they are located, and which may be a detrimental effect on property values and neighborhood character. When an objection, on account of the appearance of a proposed structure as above indicated, is raised by a majority of the families residing or owning property within a radius of 200 feet of the property in question, the Planning Board shall hold a public hearing to receive evidence on both sides and shall have the authority to decide whether the permit shall be issued or not.

**Section VIII.7 - Fees**

Before a permit may be issued, the applicant shall pay a fee as follows:

Town Structures	No fee
New use of business not involving construction	\$5.00
Business signs	\$5.00
Cost of construction less than \$200	No fee
Cost of Electrical or Plumbing work less than \$200	\$2.00
Cost of Electrical or Plumbing work greater than \$200	\$5.00
Cost of construction at least \$200 but less than \$20,000	\$1.50/\$1000 cost
Cost of construction at least \$20,000 but less than \$100,000	\$2.00/\$1000 cost
Cost of construction \$100,000 or more	\$2.50/\$1000 cost

Cost of construction shall be determined by the Building Inspector from current building costs. The Planning Board may increase said fees after notice and public hearing conducted pursuant to its regulations.

### Section VIII.8 - Occupancy Permit

Prior to the occupancy of any structure requiring a building permit, the person or organization that received a valid building permit shall secure an occupancy permit from the Building Inspector according to the provision of the Building Code of the Town of Derry.

### Section VIII.9 - Violations and Legal Action

Upon any well founded information that this ordinance is being violated, the Selectmen shall, on their own initiative take immediate steps to enforce the provisions of this ordinance by seeking an injunction in the Superior Court or any other appropriate legal action.

### Section VIII.10 - Fines

Whoever violates any of the provisions of the above regulation shall be punished upon conviction by a fine not exceeding \$10.00 for each day of each violation.

## ARTICLE IX. BOARD OF ADJUSTMENT, APPEALS & SPECIAL PERMITS

### Section IX.1 - Authority

All appeals, or applications for special exceptions or permits, shall be based on a written decision of the Building Inspector, and shall be decided upon by the Board of Adjustment in accordance with the provisions of this Ordinance.

Applications for certain other special permits, Cluster Development and relief from off-street parking requirements shall be decided upon by the Planning Board in accordance with the provisions of this Ordinance.

### Section IX.2 - Board of Adjustment

#### IX.2a - ESTABLISHMENT AND ORGANIZATION

A Board of Adjustment is hereby established in accordance with state law as set forth in RSA 31.66 and the provisions of this Ordinance.

The Board of Adjustment may in appropriate cases and subject to appropriate conditions and safeguards, make special exceptions or variance to the terms of this Ordinance in harmony with its general purpose and intent, and in accordance with rules as set forth in this Ordinance.

The Board of Adjustment shall consist of 5 members, and up to 5 alternate members all appointed by the Board of Selectmen. One member may also be a member of the Planning Board. Members of the Board of Adjustment and their terms of appointment shall be the same as for the existing Board of Adjustment. New members hereafter shall be appointed for terms of 5 years.

Members may be removed by the Board of Selectmen with cause, and only after a review of written charges and a public hearing. Vacancies shall be filled for the unexpired term.

#### IX.2b - GENERAL PROCEDURES

The Board of Adjustment shall elect a chairman, a vice-chairman, and a secretary from its own membership, and shall adopt rules necessary for the conduct of its business.

Meetings shall be held at the call of the chairman and at such other times that the Board may determine necessary. The chairman may administer oaths and compel the attendance of witnesses. All meetings shall be open to the public.

The Board of Adjustment shall keep minutes of its proceedings, showing the vote of each member upon each question or absence or failure to vote, and shall keep records of its other official actions. These records shall be immediately filed in the office of the Board, and shall be public records.

Three members of the Board of Adjustment shall constitute a quorum. The Board shall act by resolution. The concurring vote of three members of the Board of Adjustment shall be necessary to reverse any order of determination of the Building Inspector, or to grant any variance or special exception permit.

#### IX.2c - POWERS AND DUTIES

1. **ADMINISTRATIVE APPEALS:** to hear and decide where a person or organization appeals a decision made by the Building Inspector in the enforcement of this Ordinance.

2. **VARIANCE APPEALS:** To authorize upon appeal in specific cases such variance from the terms of this Ordinance as will not be contrary to the public interest, where owing to special conditions a literal enforcement of the provisions of the ordinance will result in hardship, and so that the spirit of the Ordinance shall be observed and substantial justice done.

3. **SPECIAL EXCEPTION PERMITS:** To hear and decide special exceptions for which the Board has authority under the terms of this Ordinance.  
An exception may be granted only for a use which is specifically listed in this Ordinance as a permitted exception in the District in which the exception is requested, or for substantially similar uses, and only if the Board is satisfied that the welfare of the zone or neighborhood in which the proposed use or structure is to be located will not be adversely affected. In granting an exception, the Board may require appropriate conditions or safeguards. Violations of such conditions shall be deemed a violation of this Ordinance.

#### IX.2d - ADMINISTRATIVE APPEAL PROCEDURE

Appeals to the Board of Adjustment may be taken by any person aggrieved or by any officer, department, board or bureau of the municipality affected by any decision of the administrative officer. Such

appeal shall be taken within a reasonable time, as provided by the rules of the Board by filing with the officer from whom the appeal is taken and with the Board, a notice of appeal specifying the grounds thereof. The officer from whom the appeal is taken shall forthwith transmit to the Board all the papers constituting the record upon which the action appealed from was taken.

An appeal stays all proceedings under the action appealed from, unless the officer from whom the appeal is taken certifies to the Board of Adjustment after notice of appeal shall have been filed with him that by reason of facts stated in the certificate a stay would, in his opinion, cause imminent peril to life or property. In such case proceeding shall not be stayed otherwise than by a restraining order which may be granted by the Board or by the Superior Court on notice to the officer from whom the appeal is taken and cause shown.

#### IX.2e -

If any provision of this article shall conflict with MHRSA 31.66 relating to Boards of Adjustment, the statute shall control.

#### IX.2f -

Whenever the regulations made under the authority hereof differ from those prescribed by any statute, ordinance or other regulation that provision which imposes the greater fee, restriction or the higher standard shall govern.

### Article 3.

By Petition. AMENDMENT NO. 1. To amend the existing zoning ordinance, or the proposed zoning ordinance, if it is adopted, so that the below described area consisting of portions of three tax lots all of which are partly in the Town of Londonderry and partly in the Town of Derry, shall be zoned for Retail Business. The area is presently zoned for General Residence. The area begins at the Londonderry-Derry Town Line and runs along the northerly side of West Broadway to Dickey St., thence along the westerly side of Dickey Street to the Londonderry-Derry Town Line. *(Approved by the Planning Board).*

### Article 4.

By Petition. AMENDMENT NO. 2 To amend the existing zoning ordinance, or the proposed zoning ordinance if it is adopted, so that the property on the east side of Manchester road, starting at North Linlew Drive and going approximately 725 feet north on Manchester Road, should be zoned Industrial or Commercial. It is now zoned Industrial only. *(Disapproved by the Planning Board).*

### Article 5.

By Petition. AMENDMENT NO. 3. To amend the existing zoning ordinance, or the proposed zoning ordinance if it is adopted, by changing the zoning classification of the land shown in Section 1.260 from "Industrial" to "Residential". This change would allow all businesses previously established to remain except those deemed to be inherently dangerous. *(Submitted without recommendation by Planning Board).*

### Article 6.

By petition. AMENDMENT NO. 4. To amend the existing zoning ordinance, or the proposed zoning ordinance if it is adopted, so that the building and construction of churches, together with accessory uses, shall be permitted in any area of the Town of Derry, New Hampshire. *(Approved by Planning Board).*

### Article 7.

By Petition. AMENDMENT NO. 5. To see if the Town will vote to amend the existing Derry Zoning Ordinance by Deleting Section 2 of Article II in its entirety, and adding a new Section 2 to Article II as follows: (If the proposed zoning ordinance is adopted, the following provisions would amend the proposed zoning ordinance.)

To see if the Town will vote to amend the Derry Zoning Ordinance by deleting Section 2 of Article II in its entirety, and adding a new Section 2 to Article II as follows:

**Section 2.0** - The purpose of this article is to regulate uses in important wetland and watershed areas. The objective is to prevent the destruction of

watershed areas and wetlands which provide flood protection, recharge of ground water supply, and augmentation of stream flow, and for the protection of the community against the costs which may be incurred when unsuitable development occurs in swamps, marshes, along water courses, or in areas subject to floods. In event of conflict between the requirements of this section and the permitted uses within a zoning district, the requirements of this section shall take precedence.

**Section 2.1** - This area, to be known as the Conservation Corridors, shall be all lands in the hundred year flood plain determined by the Federal Insurance Administration's Flood Hazard Boundary Map.

**Section 2.2** - The following uses may be permitted: agriculture, forestry, wildlife management, outdoor recreation activities, providing that they do not alter the existing topography, and construction and maintenance of public and private water supply systems, and construction and maintenance of public sewer and utility systems. Accessory uses and structures usually associated with these permitted uses shall be allowed provided that such accessory uses do not affect the existing topography, and that no accessory building is larger than 100 sq. ft.

**Section 2.3** - The following uses shall be prohibited: septic tanks and leach fields; the stockpiling of manure and the operation of piggeries and mink farms; amusement parks, race tracks and outdoor movie theaters; junk yards; and other intensive use of the land that would result in covering more than 20% of the site with impervious materials.

**Section 2.4** - The Board of Adjustment may allow any use normally permitted in the underlying District in which the land is situated--including filling, excavating, or construction of a building or structure, but not including specifically prohibited uses--subject to all use and development regulations for the District, provided that the Board of Adjustment shall find that the proposed use will not significantly conflict with the purposes set forth in this Article. Pre-existing septic tanks or leach fields, and pre-existing buildings or structures, may be enlarged only by special exception of the Zoning Board of Adjustment. Requests for special exceptions shall also require review and approval by the Planning Board, the Conservation Commission, and the Health Officer. With the filing of the application for exception, copies of the plans for the proposed use shall be submitted to the afore-mentioned commissions and officials, who shall respond, in writing, to the Zoning Board of Adjustment within thirty (30) days thereafter.

**Section 2.5** - Site, as used in Conservation Corridor regulations, means that portion of the lot that falls within the Conservation Corridor.

**Article 8**

To see what sum of money the Town will raise and appropriate for the operational expenses of the Town for the forthcoming year.

**Article 9**

To see if the Town will vote to raise the sum of \$80,000 by taxes, and to appropriate this sum and an additional sum of \$30,000 from the Land Acquisition Capital Reserve Fund for the purpose of acquiring the property known as Property Tax Map 50, Lots 37 and 45 for the sum of \$110,000.

**Article 10.**

To see if the Town will vote to raise and appropriate the sum of \$7,042, such sum representing the cost to the Town of funding all cost items related to increased economic benefits offered by the Selectmen to the members of the International Brotherhood of Police Officers, Local No. 565.

**Article 11.**

To see if the Town will vote to raise and appropriate the sum

of \$10,132, such sum representing the cost to the Town of funding all cost items related to increased economic benefits offered by the Selectmen to the members of the Association of Supervisory Police Officers.

**Article 12.**

To see if the Town will vote to raise and appropriate the sum of \$6,986, such sum representing the cost to the Town of funding all cost items related to increased economic benefits offered by the Selectmen to the members of the American Federation of State, County and Municipal Employees, Local No. 1801.

**Article 13.**

By Petition. To see if the Town of Derry will vote to elect the Chief of Police in accordance with State Statutes and if this vote is passed to proceed to elect for the office at the 1981 regular town meeting on the non-partisan ballot.

**Article 14**

To see if the Town will vote to authorize the Selectmen to apply for, accept and expend, without further action by the Town Meeting, money from the State, federal or other governmental unit or a private source which becomes available during the 1980 fiscal year, provided that such expenditure be made for purposes for which a town may appropriate money and that such expenditure not require the expenditure of other Town funds. Further, that the Selectmen hold a public hearing prior to accepting and expending such money.

**Article 15.**

To see if the Town will vote to authorize the Derry Charter Commission to expend the sum of \$5,000, one-half of said sum to be raised by taxes, the other one-half to be obtained as a grant from New Hampshire Charitable Trust.

**Article 16.**

To see if the Town will vote to appropriate the sum of \$27,410 for the reconstruction of the Hood Park Building, the sum of \$13,755 of the funds required for such reconstruction being represented by insurance funds received by the Town as a result of the recent destruction of the building, the balance of such cost to be funded by a grant to be received from the Heritage Conservation Recreation Services.

**Article 17.**

To see if the Town will vote to raise and appropriate the sum of \$5,000 in order to gain appropriate access for the Derry Sewer Discharge line from the Town of Derry to the Merrimack River, and to authorize the Selectmen to take any action relative thereto.

**Article 18.**

To see if the Town will vote to authorize the withdrawal of \$200,000 from the Federal Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972 and to expend such sum for the following purposes:

Public Work Equipment: . . . . .	108,500
Police Dept. Equipment: . . . . .	27,300
Recreation Dept. Equipment: . . . . .	5,000
Town Hall Equipment: . . . . .	7,500
Taylor Library Equipment: . . . . .	1,500
MacGregor Library Equipment: . . . . .	3,000
Road Improvements: . . . . .	47,200

200,00

**Article 19.**

By Petition. To see if the Town will vote to raise and appropriate the sum of \$3,750.00 for a Town-wide Celebration.

**Article 20.**

To see if the Town will vote to authorize the Selectmen and Treasurer to borrow, in anticipation of taxes, sums of money sufficient to pay current maintenance and operation expenses of the Town all in accordance with the provisions of RSA 33:7.

**Article 21.**

To see if the Town will vote to accept \$25,000 which may be made available to the Town through the Comprehensive Employment and Training Act. Further, to authorize the Selectmen to apply for and expend the sum of \$25,000 for such purposes.

**Article 22.**

To see if the Town will raise the sum of \$1,000, and to appropriate this sum of money together with a matching \$1,000 to be paid over to the Town from the State/Federal Governments for the purpose of analyzing and planning for a public bus service.

**Article 23.**

By Petition. To see if the Town of Derry will enter into an agreement with Trombley Motor Coach Company of North Andover, Mass. and/or Manchester Transit Authority, Manchester, NH to provide commuter bus service between the town of Derry, Londonderry and city of Manchester. Cost to the Town of Derry not to exceed \$30,000 of which 50% will be rebated by the Federal Government.

**Article 24.**

By Petition. To see if the Town will vote to raise and appropriate the sum of \$4,200 for the reinstatement of the clerk/typist position to full-time status in the Recreation Department.

**Article 25.**

By Petition. To see if the Town will vote to raise and appropriate the sum of \$3,000 for the color sealer on Birch Street Tennis Courts.

**Article 26.**

By Petition. To see if the Town will vote to put street lights around Derry Meadows to Hood Nursing Home.

**Article 27.**

To see if the Town will vote to withdraw the sum of \$15,000 from the Town Buildings Capital Reserve Fund for the purpose of preparing plans and making alterations to municipal buildings that will allow the Town to commence compliance with Federal Requirements.

**Article 28.**

To see if the Town will vote to authorize the Selectmen to withdraw \$24,000 from the Parking Lot Capital Outlay Reserve Fund for the purpose of acquiring and developing a parking lot or lots.

**Article 29.**

To see if the Town will vote to adopt the following ordinance:

In addition to the powers previously granted to review subdivisions, and in addition to the power previously granted to review site plans for nonresidential development, the Planning Board shall have the following powers as authorized by RSA 36:19, 36:19-a and 356-B:5 as amended:

1. To review site plans for multi-family dwelling units, other than one and two family dwellings.
2. To regulate subdivisions involving condominiums in addition to all other forms of subdivision listed in RSA 36:1 VIII.

For the purpose of this ordinance, "multi-family dwelling units" shall include any form of ownership, including condominium, and shall apply to any development which involves more than two dwelling units on a single lot regardless of whether the units are attached.

**Article.**

To hear reports of agents, auditors and committees heretofore chosen, and pass any vote relating thereto.

Given under our hands and seal the 23rd day of February, 1980.

Paul P. Collette  
Benjamin C. Newell  
M. Mildred DiMarzio

 BUDGET FORM (A) FOR TOWNS WHICH HAVE ADOPTED THE PROVISIONS  
 OF THE MUNICIPAL BUDGET LAW

# Minutes of the 1979 Town Meeting

State of New Hampshire  
Town of Derry

## PROCEEDINGS

March 17, 1979 - 10:00 a.m.  
March 19, 1979 - 7:00 p.m.

Grinnell School Auditorium  
Derry, New Hampshire

RE: Minutes of the 1978 Town Meeting.

### Present:

Paul Collette, Selectman  
Janet Conroy, Selectman  
Benjamin Newell, Selectman  
Mildred DiMarzio, Selectman  
William Carter, Selectman  
  
John E. Spita, Town Manager  
Lewis F. Soule, Esq., Town Counsel  
Cecile R. Hoisington, Town Clerk  
Ronald Hayward, Moderator

Court Reporters ..... Samuel S. Gray, C.S.R. R.P.R.

(Whereupon at 9:15 a.m. the meeting was called to order.)

THE MODERATOR: It now being a little after ten, I am going to call the meeting to order. I will call the meeting to order at this time.

(Whereupon the salute to the flag was given.)

THE MODERATOR: Just a couple of things before we start the meeting. When you speak today would you please go to one of the microphones and get up and go to one of the microphones, and I will recognize you at the microphone, and we will try to do it in order. Please address all questions through the Moderator. I don't want any running debate and please no negative motions. Any motions made, make it in a positive vein so we will be voting yes or no so we don't get confused on what we're voting for.

As far as rules for the meeting, as far as reconsideration, if anything is to be reconsidered, it must be reconsidered right after the vote has been taken. If we move on to something else, I will not entertain any motion to reconsider something that we already passed over and talked about unless we do it immediately. As far as any decisions on what vote is required on certain things, as far as the two-thirds or what rules we're going by, whether Robert's Rules or what have you, if it comes to a decision on what is required for a vote, I will use the New Hampshire Town Meeting Handbook which is published by the New Hampshire Municipal Association.

I will entertain any motion at this time to accept those rules.

MR. ZOLLA: So move.

MR. BENTLEY: Seconded.

THE MODERATOR: Seconded by Mr. Bentley. All those in favor signify by saying, "Aye." Opposed, "No." I declare it is a vote in the affirmative and those are the rules we will follow.

At this time Articles 1 through 4 have been taken up. The next article to be taken up is Article 5.

ARTICLE 5. To see if the Town will vote to raise and appropriate a sum of \$12,512,000 for the purpose of constructing sewerage and sewerage treatment facilities which are requirements contained in the Federal Water Pollution Control Act, as amended (33 U.S.C. 1251 et. seq.) and will qualify the Town for Federal funds, such sum to be raised by the issuance of Serial Bonds or Notes not to exceed \$3,128,000 under and in compliance with the provisions of the Municipal Finance Act (N.H.R.S.A. 33:1 et. seq., as amended) and to authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon, and to take such other actions as may be necessary to effect the issuance, negotiation, sale and delivery of such bonds or notes as shall be in the best interests of the Town of Derry and to allow the Selectment to expend such monies as become available from the Federal Government under the Financial Assistance Program of the Construction Grants section of the Federal Water Pollution Control Act, as amended (33 U.S.C. 1251 et. seq.), and pass any vote relating thereto.

(After discussion on whether bond issues had to be taken first, the following ensued.)

MR. BENJAMIN NEWELL: I would move that we, the Town vote to raise and appropriate the sum of \$12,512,000 and pass any vote relating thereto.

THE MODERATOR: Seconded by Mr. Carter. How we're going to proceed on this, we have the consulting engineer from EEI in Concord who has been working for the Town, Mr. Fred McGarry, who is going to explain the Sewer program. Okay. Wait a second.

MR. BENJAMIN NEWELL: I want to make an amendment to that. I want this to read the way it is in Article 5 all the way through except I want the last line, "to pass any vote relating thereto," to read, "vote to raise and appropriate the sum of \$12,512,000 for the purpose of constructing sewerage and sewerage treatment facilities," all the way through.

THE MODERATOR: Do I understand you'll second that and withdraw the other one?

MR. CARTER: Right.

(After discussion the following ensued.)

MR. SOULE: All I am suggesting, I don't mind talking, I get paid for talking, all I am suggesting is that instead of making a shambles out of this meeting, I just suggested to the Selectmen, apparently they're willing to do it so that all of this stuff is put to bed, the thing to do, and it can legally be done, is to vote on Article 24 now and I understand he's willing to withdraw the motion and and withdraw the second and go to Article 24, and we can get really on with the meeting.

MR. MOSCO: Fine.

THE MODERATOR: Mr. Newell, do you withdraw your motion?

MR. BENJAMIN NEWELL: Yes.

THE MODERATOR: Bill, do you withdraw your second and it will end up that we will go on to Article 24?

MR. CARTER: Sure.

THE MODERATOR: Mr. Carter withdraws his second. Is there a motion to take up Article 24 at this time? Mr. Mosco, I am sure you'd like to have it, where are you? Do you want to move to take up Article 24?

MR. MOSCO: I'd like to do that.

THE MODERATOR: Is there a second? Seconded by Mrs. Woodside. All those in favor signify by saying, "Aye." Opposed, "No." I declare it is a vote in the affirmative. We will now take up Article 24.

ARTICLE 24. By Petition. To see if the Town will vote to authorize the Selectmen to limit the present year's proposed total town budget so that it does not exceed the previous year's total actual net expenditures by an amount which is no more than 5 percent of last year's total actual net expenditures.

THE MODERATOR: I will entertain any motion at this time on that article. Does anybody wish, does anybody make a motion to accept this article or is it going to die by no ---

MR. WOODSIDE: Accepted as printed.

THE MODERATOR: Mr. Woodside moves to accept as printed. Is there a second? Seconded by Mrs. Mosco. Any discussion?

(After discussion the following ensued.)

MR. PATTERSON: May I suggest, if you change the words "which is no more," to which is, "not in the excess of," an amount which is not in excess of -- in fact, you don't need the, "not," just say, "which is in excess of," take out the double negative, "does not exceed the previous year's total actual net expenditures by an amount in excess of 5 percent."

THE MODERATOR: Is there a second on that amendment? Seconded by Mr. Gould. All those in favor of that amendment which would strike the words, "no more than," and insert the words, "not in excess of," signify by saying, "Aye." Excuse me. Leave out the, "not." "Amount which is in excess of 5 percent." Is that what you're saying? All those in favor signify by saying, "Aye." Opposed, "No." I declare the amendment is passed. Is there any more discussion on Article 24?

(After discussion the following ensued.)

MR. EDWARD NEWELL: I'd like to make a motion that we lay this on the table until after, some time after provided its been, provided Article 5 has been discussed.

THE MODERATOR: Is there a second? Seconded by Mr. Paine to lay this on the table until after Article 5. As I said, we're going by the rules that I set up and in the book that I use this requires a two-thirds vote under those rules, so I will have to take a hand vote. All those in favor of laying this on the table and taking up Article 5, raise your hand. (Hand vote.) All those opposed? (hand vote.) I declare the motion defeated.

(After discussion the following ensued.)

MR. DONOVAN: I propose to amend this, "to see if the Town will vote to limit the present year town budget so it does not exceed the previous year by 5 percent." Leave out the, "to authorize the Selectmen."

THE MODERATOR: Is there a second on that amendment?

MR. WOODSIDE: Seconded.

THE MODERATOR: I should take a vote on that before we have any discussion. All those in favor of eliminating the words, "to authorize," signify by saying, "Aye."

MRS. JOHNSON: I don't understand. I thought we had a motion on the floor all ready.

THE MODERATOR: No, we have an amendment on the floor. The amendment is to strike out the words, "to authorize." All those in favor signify by saying, "Aye." Opposed, "No." I declare the amendment defeated.

(After discussion the following ensued.)

MR. CARTER: Mr. Moderator, I'd like to move the question.

MRS. WOODSIDE: I've got the mike, Carter, you wait a minute.

(After discussion the following ensued.)

THE MODERATOR: I am going to recognize Bill. He made a motion to move the question. Is there a second? Seconded by Mrs. Ives. All those in favor of moving the question, which means we will go and vote after that on Article 24, signify by saying, "Aye." Opposed, "No." Okay. I declare the motion is carried. We will now vote on Article 24. Article 24 as amended, to see if the Town will vote to authorize the Selectmen to limit the present year's proposed total town budget so that it does not exceed the previous year's total actual net

expenditures by an amount which is in excess of 5 percent of last year's total actual net expenditures. All those in favor of Article 24 signify by saying, "Aye." All those opposed, "No." I declare Article 24 defeated. We will now go to Article 5.

MR. WOODSIDE: On Article 5, when Mr. Newell moved that we delete the words, "and pass any vote relating thereto," am I to take that what is meant by that is that we will not be allowed to make any amendments to Article 5 by doing it that way?

THE MODERATOR: No. You can still amend it.

MR. BENJAMIN NEWELL: I move that the Town raise and appropriate the sum of \$12,512,000 for the purpose of constructing sewerage and sewerage treatment facilities which are requirements contained in the Federal Water Pollution Control Act, as amended (33 U.S.C. 1251 et. seq.) and will qualify the Town for Federal funds, such sum to be raised by the issuance of Serial Bonds or Notes not to exceed \$3,128,000 under and in compliance with the provisions of the Municipal Finance Act (N.H.R.S.A. 33.1 et. seq., as amended) and to authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon, and to take such other actions as may be necessary to effect the issuance, negotiation, sale and delivery of such bonds or notes as shall be in the best interests of the Town of Derry and to allow the Selectmen to expend such monies as become available from the Federal Government under the Financial Assistance Program of the Construction Grants section of the Federal Water Pollution Control Act, as amended (33 U.S.C. 2151 et. seq.).

MR. CARTER: Seconded.

THE MODERATOR: Seconded by Mr. Carter.

(After discussion the following ensued.)

MRS. CASTEN: There has been concern, and I share them, about the Rainbow interceptor so at this time I would like to move to delete \$1,030,000 from the total cost to be raised which will bring it down to \$2,870,500. That will delete the cost of the Rainbow Lake interceptor. The total amount is \$11,482,000 to be raised.

THE MODERATOR: Before I get a second on that, I think you've got the figures screwed up, messed up.

MRS. CASTEN: I got the figures from Mr. Newell, but I do know I want to delete \$1,030,000 from, as the cost of the Rainbow Lake interceptor.

THE MODERATOR: Mr. Newell, what Mrs. Casten is trying to do is reduce the \$12,512,000 by \$1,030,000 which will leave eleven million four hundred and eighty-two dollars which is the total cost of the project. Then the amount to be raised is going to be \$2,870 --- \$2,870,500. That will amend those two figures in the warrant article.

MRS. CASTEN: That is my motion.

THE MODERATOR: Is that motion understood? What Mrs. Casten moved to do was to take out the Rainbow Lake interceptor and to take out, the total package cost will go down and the total cost of the Town's share will go down by taking out the money. She wants to reduce that amount.

MRS. CASTEN: I am for the total package but for deletion of that money.

THE MODERATOR: Is there a second? Seconded by Mr. Watts. All those in favor of amending Article 5 and inserting the new figures just mentioned signify by saying, "Aye." Opposed, "No." Could I have a hand vote please. All those in favor please raise your hands. (Hand vote.) All those opposed? (Hand vote.) All right. The vote is as follows: Yes, 105. No, 133. I declare the amendment is defeated. Is there any more discussion?

(After discussion the following ensued.)

THE MODERATOR: Mrs. Conroy moved the question. Is there a second? Seconded by Mr. Carter. All those in favor of moving the question signify by saying, "Aye." Opposed, "No." The "Ayes" have it. It's a vote in the affirmative. Now this has to be voted by ballot and we have ballots printed for both. We have another bond issue, so what I am going to do is we have one more bond issue to go through. We're not going to vote on this until we finish discussing the bond issue on Ross' Corner, and then we will go to the ballot and get both ballots at once. There will be one designated for sewer construction and one for Ross' Corner. We will ballot both of them at once and save a little time.

MRS. CASTEN: I move we go to Article 6.

THE MODERATOR: Moved by Mrs. Casten that we now take up Article 6. Seconded by Mr. Collette. All those in favor signify by saying, "Aye." Opposed, "No." We will now take up Article 6. I will remind you that when we ballot I will leave the polls open, I plan at this time to leave them open for three hours for these two issues, and I don't know what the feeling is about lunch time, but we will break somewhere along the line and hopefully finish up with this one and start balloting and take a lunch break.

**ARTICLE 6.** To see if the Town will vote to authorize the Board of Selectmen to enter into a contract with the State of New Hampshire Public Works and Highway Department for improvements to the Ross Corner intersection at an estimated cost of \$870,000, and to sell Derry highway improvement notes up to an amount of \$115,000 (representing the Town's share of the total cost of the project) and to finance the repayment of said notes over a ten year period from Town Road Aid "B" monies.

MR. BENTLEY: I'd like to move that we accept Article 6 as read.

MRS. CONROY: Seconded.

THE MODERATOR: Moved by Mr. Bentley to approve Article 6 as read. Seconded by Mrs. Conroy. Any discussion?

(After discussion the following ensued.)

MR. COLLETTE: I would like to amend this article to read, "I move that the Town authorize the Board of Selectmen to enter into a contract with the

State of New Hampshire," and so on. I am sure Mr. Bentley will agree with this wording.

MR. BENTLEY: No objection.

THE MODERATOR: Mr. Collette moves that we amend Article 6 by striking the words, "To see if," and insert, "I move that," and to strike the words, "will vote to," so it would read, the first line would read, "I move that the Town authorize the Board of Selectmen to enter into," and continue. Is there a second? Seconded by Mr. Stancik. All those in favor signify by saying, "Aye." Opposed, "No." I declare the amendment passed.

(After discussion the following ensued.)

MRS. DI MARZIO: As far as cost items go, it will cost more, the Town more to put lights in there than it will to go this design. As far as the design is concerned, whether you're for or against it, that counts. The money involved here is \$115,000, the Town's share, and it will cost more than that to put the lights in. Before I leave the mike, I want to have a point of order here. The Moderator wishes to take a break after these two ballots. However, I would like to have Article 12 taken out of context because there are people here who came up back ---

THE MODERATOR: You're making a point or order out of this?

MRS. DI MARZIO: I explained about the light and you said you wanted to break after these articles. I want to make a point of order and I do not wish to take a break until we take up Article 12 because people must go home, and they're here for a certain purpose.

(After discussion the following ensued.)

THE MODERATOR: The question has been moved by Mr. West. Is there a second? Seconded by everybody. All those in favor signify by saying "Aye." Opposed, "No." I declare the motion passed. Now we will have to open the polls and I suggest we open them for three hours, and continue with the meeting but I would entertain a motion to recess for lunch while the polls are open, and then hopefully we can recess for lunch until two o'clock and we will open the polls immediately, which would leave them open for an hour during lunch and two hours while we continue the meeting afterwards, and I would entertain that motion. Margaret Ives moves we recess for an hour.

MRS. DI MARZIO: I want to move at this time --- before you recognized Mrs. Ives, I told you that I wanted to take up Article 12 because there are people, before we take the hour off for lunch, I am all for an hour off for lunch, but there are people here who cannot come back. Now I move that. I would like a second to that motion and then ---

THE MODERATOR: No, wait a minute. The Moderator doesn't wish to do so.

MRS. DI MARZIO: I would ask some of you people there to overrule the Moderator.

THE MODERATOR: Okay I will not entertain the motion at this time. I will entertain Mrs. Ives' motion at this time and is there a second? Seconded by Mrs. Woodside. Before I take a vote on that I will tell you why. I have two ballots going right now. I would like to open the polls and start this. I cannot ballot another one when we start discussing it because it's going to screw up the check list. When you start checking people off and ballot, things come up and I thought maybe we could handle both of these at once. Our next move is to go to the budget, but maybe we can work something out after lunchtime. I am not going to entertain that motion to go to Article 12. If I am overruled, fine. If anyone wishes to overrule me, they can do so.

MR. BENTLEY: Mr. Moderator, I would like to move that we overrule the Moderator for this reason. There are an awful lot of people in this hall right now who have to get to work and they are here and they figured that they would have a chance to vote on something of very much importance to all of us here, and I think that we should give them the chance to do it, and should move to Article 12.

THE MODERATOR: One other thing you people must not realize, the vote on the hospital is going to be by ballot, so there's a question, so it's going to be debated and it's going to be opened up and so forth. All right. You can overrule me I suppose. It's been seconded by Mrs. DiMarzio to overrule my ruling. I will take a vote on that now. All those in favor of overruling the Moderator signify by saying, "Aye." Opposed, "No." I declare the motion has failed. All right. I have to do it. All those in favor of overruling me raise your hands. (Hand vote.) All those opposed? (Hand vote.) I declare the motion has failed. Mr. Zolla, will you open the polls, please, and we will recess for lunch until two o'clock. The polls will be open from one o'clock until four, open for three hours.

(In recess at one o'clock. Polls open on Article 5 and 6.)

THE MODERATOR: Could I have your attention, please. We will now bring the meeting back to order.

MR. GOULD: Would you accept a motion, Mr. Moderator?

THE MODERATOR: Yes, but I can't ---

MR. GOULD: I would like to offer a motion, Mr. Moderator.

THE MODERATOR: Would everyone please be seated.

MR. GOULD: I would like to offer a motion. That being that we move now to Article 14, which is the budget.

THE MODERATOR: It's been moved by Mr. Gould that we now move to Article 14, seconded by Mr. Carter. All those in favor signify by saying, "Aye." Opposed, "No." Hand vote, please. All those in favor of now taking up Article 14, which is the budget, please raise your hands. First, ladies and gentlemen, I will wait for everyone to be seated and then we will take a vote. All those in favor of taking up the budget at this time, Article 14, please raise your hands. (Hand vote.) All those opposed? (Hand vote.) The vote is Yes, 99; No, 96. I move that it passed. We will now take up Article 14.

MRS. DI MARZIO: I'd like to make a motion to recess this meeting at five o'clock and to resume at seven o'clock Monday evening until eleven O'clock.

Mr. Woodside: Seconded.

The Moderator: It's been moved by Mrs. DiMarzio to recess our meeting at five o'clock and continue it Monday night at seven until eleven, and every other night of that week except Wednesday as necessary until completion. Seconded by Mr. Woodside. Wednesday night is the fire district meeting in East Derry.

MR. FOUCHER: Would you amend that to move that any items being talked about at the time ---

THE MODERATOR: That's what she meant. At five o'clock whatever we're on, whatever line in the budget, what have you, we will finish what we're discussing, and then adjourn. If it's twenty after five, at five, at the stroke of five we are not going to fun out of the hall. In other words, we won't take up another line or anything after five o'clock. All those in favor signify by saying, "Aye." Opposed? I declare it a vote in the affirmative. I have one thing that was brought to my attention here. There are some people in the hall who are not voters of the Town of Derry. Please refrain from showing any enthusiasm for one article or another. No clapping for or against if you like what's being said. Obviously no voting. If you're challenged, if you are a non-voter and you are challenged by one of the voters of our town and that challenge is concurred in by another person, a voter in the town, that you have voted or have clapped or what have you, over something going on at our meeting, I will have you removed from the hall immediately.

MR. MOSCO: At the school meeting we had these non-voters all in one section. I would like to make a motion that we do that also.

MRS. WOODSIDE: Seconded.

THE MODERATOR: It's been moved and seconded that we have all the non-registered voters sit in a certain area. Any particular area which you'd like?

MR. MOSCO: As is designated by the Moderator is good enough.

THE MODERATOR: Okay. All those in favor signify by saying, "Aye." Opposed? Okay. It's a vote and I so declare it. Over there under the basket, from the basket towards the wall. Would you people, voters of Derry slide down and leave about five, ten feet. Say all the way over to the window and then the non-voters will sit on the other side of the basket towards the wall, please. Does anyone have an objection excluding from the people we have over there here that are working with the papers and so forth? We have set up a place where they can write and so forth. Any problem there? There are no non-voters here? I'll put this to the people right now. I can hear everybody talking. Mr. Treitel, who works for the Town, is not a voter in the Town of Derry. Does anyone have any objection to him sitting over here as a town employee? If you do, I mean if you want him to talk, we'll have to bring him from over there to here when we get to his budget. Okay. If you want to move him and put him over there, signify by saying, "Aye." Opposed, "No." Okay. Mr. Treitel, you can stay there. Article 14 reads as follows:

**ARTICLE 14.** To see what sum of money the Town will raise and appropriate for the operational expenses of the Town for the forthcoming year.

MR. CARTER: I would like to, yes, I'd like to move the budget committee's budget at the bottom line of \$17,716,322 be accepted.

THE MODERATOR: Seconded by Mr. Bentley. Okay. Now is there any motion? How do you want to take up the budget?

MR. CARTER: I'd like to point out that that would be amended if the outcome of the ballot votes would be, you know, rejected, that would be amended to, for example, the twelve million dollars for the sewer, if that was defeated in the ballot my intention would be for taking that off of the seventeen million. The tennis courts are submitted without recommendation and essentially if you vote the budget committee's budget it would require an amendment for the figure for the tennis courts and you see on page 15a, you will see the budget form and the tennis courts at \$37,500. On the right column is the amount for the tennis courts. That is submitted without recommendation by the budget committee, and that is not included in the figure that I just moved.

THE MODERATOR: Is there any discussion? I mean, I don't know if you really know what you're doing, but if there is no discussion, they're going to vote the whole budget without discussing it. Okay. Is there any discussion? Questions? Okay. If there's no discussion, all those in favor of Article 14 as printed --- now we still have, from what I understand, we have like the tennis court issue to take up. Are there any other things to take up separately?

MRS. CASTEN: Mr. Moderator, I suggest you explain this to the people so they know what they're doing.

MR. CARTER: Mr. Moderator, as I stated, submitted without recommendation is the tennis courts. That would require, if this meeting wanted to accept the budget committee's budget as printed, if there was a desire for tennis courts it's my opinion that you would have to amend this to include the tennis courts.

THE MODERATOR: Amend the Figure?

MR. CARTER: This includes the monies for the sewer treatment plant, which I had stated, if the meeting rejected that that would be in the form of amending this downward. This would also include the \$595,000 for Article 13. This would also include the money for conservation, the acquisition of land for conservation. This would include, with the exception of the one by petition, Article 11, it's my understanding that this includes all the money for the other articles except the tennis courts and except eleven, which is \$15,000 for the planning board to update the subdivision rules and regulations. This budget does not include monies for Article 11 or does it include money for the tennis courts.

THE MODERATOR: Which is Article 26. There are warrant articles on those so those will be taken up separately anyway. So if there is no discussion on this budget, all those in favor ---

MR. DONOVAN: I'd like to go along with this except I'd like to have attachment A eliminated to be discussed separately. That covers most of the additions.

MR. CARTER: Attachment A is included in the budget figure that I moved.

MR. DONOVAN: I realize that, but Attachment A also covers the sewer and the rest of this stuff that is under further discussion, tennis courts, sewer, Ross' Corner construction, design and evaluation.

THE MODERATOR: Excuse me. They know that. There's an article for ---

MR. CARTER: The reassessment is included in the budget and it is under the warrant article for revenue sharing monies. It is shown as sort of an offset. It is shown under revenue sharing monies but it is included in the budget.

THE MODERATOR: That's Article 9 which we will take up anyway. See most of these ---

MR. CARTER: I think what the gentleman is saying he would like to hold off or amend it so that attachment A would be taken up separately.

MR. DONOVAN: Attachment A is all the other warrant articles.

MR. CARTER: They're not all warrant. The fence, Selectmen's office, typewriter, microfilm reader/printer. If they were to accept the budget committee's budget, it would include all these attachments. A would include that, would include all of the warrant articles, the money for the warrant articles with the exception, as I say, the \$15,000 petition article and the article for the tennis courts, \$37,500.

THE MODERATOR: And the two bond issues that we're voting on. If those go down, they come out of this figure.

MR. DONOVAN: I do have another question on some line articles. I am curious as to why the Town Office Expenses has gone up such a large amount and also the Town Dump Expenses, garage, fifty percent. I'd like an explanation of those increases if I could.

MR. CARTER: The dump is primarily because of the cost of repair of the machine in the dump. It's \$30,000 to repair the compactor or rebuild the compactor. Town Office Expenses, John, can you help me on that one?

MR. SPITA: There is a new employee in there. That's the secretary to the building inspector. Last year that was a CETA employee. The Town spent nothing on that employee. This year the employee takes Town funds.

MR. WAINWRIGHT: If I vote, if we vote affirmative on this, are we then approving the entire Town budget without going over it line by line?

THE MODERATOR: Yes, you are.

THE MODERATOR: Yes, you are.

MR. WAINWRIGHT: I'd like then to recommend we discuss this line by line. There are several items which I think people would like to have brought up and discussed. We may want to amend this total budget committee figure.

THE MODERATOR: Is there a second?

MR. ESTES: Seconded.

THE MODERATOR: Moved and seconded that we take up the budget line by line or item by item. All those in favor signify by saying, "Aye." Opposed, "No." I declare the motion is defeated.

MR. FERLAND: Move the question.

THE MODERATOR: The question has been moved by Mr. Ferland that we vote on Article 14. Seconded by Mr. Woodside. All those in favor of Article 14, which would be the Town budget with the figure of \$17,716,322 signify by saying, "Aye." All those opposed, "No." I'll take a hand vote. I'm sorry, ma'am, I didn't see you.

MRS. CASTEN: She was standing there about five minutes.

THE MODERATOR: I would like to have the woman speak and we will take a vote by hand.

MRS. WRIGHT: We request to add six thousand dollars to line item 33 of the highway department expenses for the purpose of completing Garvin Road. This was put before the Selectmen and it was approved before, and now we want to put the money back into it to finish the project.

THE MODERATOR: Is there a second to add six thousand dollars?

MR. JOHNSON: A motion has been made and we're in the process of voting on it at this point. You cannot now introduce an amendment to it.

THE MODERATOR: I was just trying, the woman was there before I took the vote, and I was looking over here and I ignored her. She was standing up. Okay. I don't mind being overruled. If you don't want me to take that up, fine. I was just trying to be fair to the woman.

MRS. CASTEN: You can't stop in the middle of a vote.

THE MODERATOR: Listen, I don't care if you overrule me. I am saying that I am going to let you overrule me, and we will take a vote. I'll make it plain and simple. I should have recognized her. I didn't. I don't care if you overrule me. That's fine. Those who wish to overrule letting her come in and make that amendment, signify by saying, "Aye." Opposed, "No." Okay. I declare that I am overruled and I can't let you make that amendment. I'm sorry. Now I will take a hand vote on Article 14. All those in favor of Article 14 please raise your hand. (Hand vote.) All those opposed? (Hand vote.) The vote on Article 14 is Yes, 179; No, 114. I declare that Article 14 is passed. Of course that figure is still up in the air as far as the two ballot issues and a couple of other things coming under here as we get going along.

MR. FERLAND: How about your reconsideration? I make a motion that we don't reconsider. I don't want to reconsider this. I make a motion so it cannot be reconsidered again.

THE MODERATOR: If you want to do it in any way, this is the time to do it. You move that we reconsider Article 14 at this time. It's seconded by Mrs.

Woodside. Now an explanation of that is if the people who just voted Yes and they want to kill reconsideration you vote No now.

MR. FERLAND: People voted in the past on the bottom line on this so we don't want to reconsider it again. That way it's dead, that's it. That's it except for one article.

THE MODERATOR: So it stands to reason, so you understand what you're doing, this is a move by the prevailing side who just voted Yes on this article to now urge you people to vote No so it can't be reconsidered. In case I am overruled at a later time at another meeting or later in the day, so all those who, if you voted Yes you will now, and you want this budget, you will now vote No. All those in favor of reconsideration signify by saying, "Aye." Opposed, "No." I want to take a hand vote. All those in favor of reconsideration please raise your hand. Would you raise your hands again? All those in favor of reconsideration raise your hands. (Hand vote.) All those opposed to reconsideration please raise your hand. (Hand vote.) Here is the vote on reconsideration. On the motion to reconsider, Yes, 92; No, 178. I declare the motion for reconsideration has failed. The next, if we take the articles in order, the next article to come before the meeting will be Article 7.

ARTICLE 7. To see if the Town will vote to raise and appropriate the sum of \$56,500 in order to complete the engineering design and sewer system evaluation survey, such project to include the design of new septage handling facilities at an estimated cost of \$6,500, completion of the sewer system evaluation survey at an estimated cost of \$41,000, and the preparation of three additional contracts at an estimated cost of \$9,000, the Federal share of the project being \$42,375 and the state and local share being \$14,125.

THE MODERATOR: What is your pleasure?

MR. CARTER: I move that we accept it as printed.

THE MODERATOR: Moved by Mr. Carter that we accept the article as printed. Seconded by Mr. Woodside. Any discussion on this article?

(After discussion the following ensued.)

MR. WOODSIDE: I would suggest at this time that we lay Article 7 on the table until such time as we find out whether Article 5 passes, because if Article 5 does not pass, there is some additional money in Article 7 that we are not going to need in there. Therefore, I move we lay this on the table.

THE MODERATOR: Seconded by Mrs. Johnson.

(After discussion the following ensued.)

THE MODERATOR: You made the motion and it was seconded, and this is not debatable. I'm going to take a vote on it, but it requires a two-thirds vote. If you want to lay it on the table, please raise your hand. (Hand vote.) Okay. I am just going to take a look at the show of hands. It doesn't look like there are many up that want to table it. All those opposed. (Hand vote.) I declare that the motion to lay it on the table has been defeated. Now we will continue on with the article. Is there any more discussion on Article 7?

MR. CARTER: Move the question.

THE MODERATOR: The question has been moved by Mr. Carter. Is there a second? Seconded by Mrs. James. All those in favor of moving the question signify by saying, "Aye." Opposed, "No." I declare the motion is passed. Now we will take up and vote on Article 7.

ARTICLE 7. To see if the Town will vote to raise and appropriate the sum of \$56,500 in order to complete the engineering design and sewer system evaluation survey, such project to include the design of new septage handling facilities at an estimated cost of \$6,500, completion of the sewer system evaluation survey at an estimated cost of \$41,000, and the preparation of three additional contracts at an estimated cost of \$9,000, the Federal share of the project being \$42,375 and the state and local share being \$14,125.

THE MODERATOR: All those in favor of Article 7 please raise your hand. (Hand vote.) All those opposed. (Hand vote.) On the hand vote on Article 7, Yes, 243; No, 34. I declare Article 7 passed.

(After discussion the following ensued.)

MR. KATSAKIORES: Mr. Moderator, I'd like to move that we take up Article 9 at this time to complete the budgetary money articles.

THE MODERATOR: Is there a second? Seconded by Mr. Carter. Could I just explain something on Article 8. We talked about this, and also Article 12, they're both going to be by ballot. There is no way I can ballot anything until after four o'clock, no way in the world. We've got a ballot going on the bond issues. We've got two of them and they're both bond issues. I can't ballot anything else and those are going to be by ballot. We're trying to work something out. We thought we could come back and maybe do it on Monday night or something. There's just no way I can ballot anything until after four o'clock, and we're going to quit at five. I can't vote those both at the same time. I don't have the ballots. There's no way we can vote on both of those today.

MR. QUIMBY: Mr. Moderator, I like you to explain why you're ruling that Article 8 is to be voted on by secret ballot.

THE MODERATOR: Because I have a petition. I have a request for it. I have a petition for Article 12 so there is no way. I can't vote on them together. We've got to have one at a time. You're not going to get them both through today, and that's the explanation. I have a motion on the floor. I have a motion to take up Article 9.

(After discussion the following ensued.)

MR. CARTER: It would seem to me that the five o'clock deadline, if that was reconsidered, and bear in mind that most of these articles that pertain to money, we've already approved the monies in the budget so I would think that we may be able to go article by article and wrap this meeting up today. I would like to move that we reconsider the five o'clock deadline.

MRS. CASTEN: I'll second it.

THE MODERATOR: All right. The motion has been made and seconded. I don't think I can physically do that today. It isn't a half hour situation. It's longer than that, believe me. I can't do it, but if you want to, fine. It might be ten o'clock before we get the last ballot, but I'll do it. All those in favor of changing the time of adjournment --- until what time? Do you have a time?

MR. CARTER: I didn't have a time. I didn't intend to.

THE MODERATOR: Just do away with the time of adjournment at five o'clock.

MR. CARTER: My intention was, because most of the people are still here that voted for the five o'clock deadline, was to proceed with this, read these articles quickly and you have already accepted the money. I think we can proceed in a manner in which we could take up these other articles and wrap the meeting up today. I really believe we could.

MRS. CASTEN: If you don't have enough ballots, go and make some. The people came here to vote. If you don't have enough ballots, then go make some.

THE MODERATOR: The point is not having the ballots. I can't do them at the same time like this. I'm not going to debate with you people up at the head table. I will leave it up to the people. I just want you to know you might be opening a bigger can of worms than you're thinking. All those in favor of doing away with the deadline --- I have no time --- of rescinding the deadline at five o'clock signify by saying, "Aye." Opposed, "No." I declare the motion defeated. We will now take up Article 9. All right, a hand vote. All those in favor of rescinding the time from five o'clock as a time of recess please raise your hand. (hand vote.) All those opposed. (Hand vote.)

MR. PAINE: Mr. Moderator, what are we voting on?

THE MODERATOR: The motion to rescind the five o'clock deadline. It's defeated and now we will take up Article 9. Mr. Katsakiores made the motion and it was seconded, and I'd like to take a vote. All right. I want to take a vote on it. All those in favor of taking up Article 9, please signify by saying, "Aye." Opposed, "No." The "Ayes" have it. We will now take up Article 9.

ARTICLE 9. To see if the Town will vote to authorize the withdrawal of \$200,000 from the Federal Revenue Sharing fund established under the provisions of the State and Local Assistance Act of 1972 and to expend such sum for the following purposes;

	Estimated Amount
1. To make a reassessment of all taxable property in the Town of Derry as mandated on Dec. 23, 1977, by the State Board of Taxation \$97,000	
2. Highway Equipment	
A. One ton truck	12,023
B. Small Roller	5,700
C. Tail gate spreaders (2)	14,402
3. Polic Department	
A.	
B. Portable radios	1,800
C. Radio remote antenna system	2,400
4. Highway Improvement Program	
A. Road base renovation and overlay	
1. Fordway Estension	40,500
B. Drainage and overlay	
1. Pinehurst Avenue	9,276
2. Walker Court	5,322
3. Edgemont Street	5,170
C. Shoulder widening	
1. Walnut Hill road (a portion of budgeted amount)	922
	<u>\$200,000</u>

MR. PAINE: Mr. Moderator, I move to adopt it as printed.

THE MODERATOR: Mr. Paine moves to adopt Article 9 as printed. Seconded by Mrs. Woodside. Is there any discussion? If there's no discussion, all those in favor signify by saying, "Aye." Opposed? I declare Article 9 passed. Article 10.

ARTICLE 10. To see if the Town will vote to authorize the Selectmen and Treasurer to borrow, in anticipation of taxes, sums of money sufficient to pay current maintenance and operation expenses of the Town all in accordance with the provisions of RSA 33:7.

MRS. DI MARZIO: Move to accept is as printed.

MR. CARTER: Seconded.

THE MODERATOR: Any discussion? If there is no discussion, we don't have to move the question.

(After discussion the following ensued.)

THE MODERATOR: If there's no further discussion, all those in favor of Article 10 signify by saying, "Aye." Opposed, "No." I declare Article 10 passed.

ARTICLE 11. By Petition. To see if the Town will vote to raise and appropriate the sum of fifteen Thousand Dollars (\$15,000) to be used by the Planning Board to update Subdivision Rules and Regulations, and the BOCA Code, and also work on a Downtown Redevelopment Plan.

THE MODERATOR: What is your pleasure?

(After discussion the following ensued.)

MR. ANDERSON: Mr. Moderator, my name is Edward Anderson. I would like to amend Article 11, "To see if the Town will vote to raise and appropriate the sum of Fifteen Thousand Dollars (\$15,000) to be used by the Planning Board to continue working on the proposed ordinance, to provide a green belt or buffer zone around the existing residences, to have a moratorium on residential development in this southern industrial zone, and to make any

further changes the Planning Board my deem advisable to improve on the ordinance so that it will be accepted by the voters of Derry, to continue to update Subdivision Rules and Regulations and the BOCA code, and to also work on the Downtown Redevelopment Plan."

THE MODERATOR: Is there a second? Seconded by Mr. Varney. Mr. Anderson wishes to amend Article 11 to read, "To see if the Town will vote to raise and appropriate the sum of Fifteen Thousand Dollars (\$15,000) to be used by the Planning Board to continue working on the proposed ordinance, to provide a green belt or a buffer zone around the existing residences, to have a moratorium on residential development in this southern industrial zone, and to make and further changes the Planning Board may deem advisable to improve on the ordinance so that it will be accepted by the voters of Derry, to continue to update Subdivision Rules and Regulations and BOCA code and to also work on the Downtown Redevelopment Plan." Do you wish to speak on this, Mr. Anderson?

MR. ANDERSON: Yes. The only thing I would like to add to the original motion is a little more work in the southern industrial zone and to have a moratorium on residences being built in there until the voters get a chance to vote on the new zoning ordinance.

(After discussion the following ensued.)

THE MODERATOR: I was just told that the word moratorium is illegal unless there's an emergency, so ---

MR. ANDERSON: Strike the word moratorium on it.

(After discussion the following ensued.)

THE MODERATOR: Mr. Carter moves the question. Is there a second? Seconded. All those in favor of moving the question signify by saying, "Aye." Opposed, "No." It's a vote in the affirmative. Now what we are voting on is Article 11 as amended. We're voting on the amendment to change Article 11 to read, "To see if the Town will vote to raise and appropriate the sum of Fifteen Thousand Dollars (\$15,000) to be used by the Planning Board to continue working on the proposed ordinance, to provide a green belt or buffer zone around the existing residences in the southern industrial zone and to make any further changes the Planning Board may deem advisable to improve on the ordinance so it will be accepted by the voters of Derry and to continue to update Subdivision Rules and Regulations and the BOCA code and also to work on the Down Redevelopment Plan." Okay. Now Mr. Anderson wanted to strike out the word "moratorium," and it was seconded. They're willing to take that out. The people voted it was seconded, so we didn't go through a vote on that. We struck out the word "moratorium" because we were advised on this. Now you're voting to amend Article 11 to read like this. All those in favor signify by saying, "Aye." All those opposed, "No." I declare the amendment defeated. No other discussion? We will vote on Article 11. All right. He's moving the question so I am going to accept it. The question was moved by Mr. Stancik among a half dozen other, seconded by Mrs. Casten. All those in favor of acting on Article 11 at this time signify by saying, "Aye." Opposed, "No." I declare it is passed. We will now take up Article 11 as printed.

**ARTICLE 11. By Petition. To see if the Town will vote to raise and appropriate the sum of Fifteen Thousand Dollars (\$15,000) to be used by the Planning Board to update Subdivision Rules and Regulations and the BOCA Code, and also work on a Downtown Redevelopment Plan.**

All those in favor signify by saying, "Aye." All those opposed, "No." I will take a hand vote. If you are in favor please raise your hand. (Hand vote.) All those opposed? (Hand vote.) The vote on Article 11 is Yes, 111; No, 128. I declare Article 11 is defeated.

I know what you are going to do, and if you are going to do it, I'll have to recognize Mrs. DiMarzio on the other article first. Before we get into this, just so we know where we're flying here, the people voted they didn't want to extend it beyond five. Now the next motion coming up before you people is going to be eight or twelve. This is what they want to bring up. Now I don't care, but the people voted once. I don't know if we can consider this another reconsideration of the time limit where they already said they were going to stay with five o'clock. There's no way unless we change that time that we're going to get through with these by five.

MR. QUIMBY: May I make a motion, Mr. Moderator?

THE MODERATOR: Yes.

MR. QUIMBY: I move that we take up Article 12 and 8 in that order at this time, and I would like to speak to my motion.

MRS. DIMARZIO: I'll second it.

(After discussion the following ensued.)

THE MODERATOR: It's been moved that we take up Article 12 and Article 8 in that order. The question has been moved. If there's no further discussion, all those in favor of taking up Article 12 and Article 8 at this time signify by saying, "Aye." Opposed, "No." The "Ayes" have it. All right. Now we will take up Article 12.

**ARTICLE 12. to see if the Town will vote to authorize the Selectmen to seek Court approval of a transfer of part of the land left to the Town under the will of Harrison Alexander to the Alexander-Eastman Hospital for hospital purposes. Said suggested parcel of land is situated southerly of and adjoins the present hospital land, being rectangular in shape, containing 5.32 acres, more or less, and bounding 300 feet on Birch Street, 772.2 feet on either side and 300 feet across the back, and in the event of court approval of said transfer, to authorize the Selectmen to execute and deliver to said Alexander-Eastman Hospital a deed of said land and do any other act necessary or appropriate to effect the purposes of any vote taken hereunder.**

THE MODERATOR Moved by Mr. Woodside that we approve Article 12 as

printed. Seconded by Mrs. Casten.

MRS. MOORE: I move, Martha Moore, I make to move that the Selectmen be authorized to pursue the intent of Article 12.

THE MODERATOR: Is there any discussion?

(After discussion the following ensued.)

THE MODERATOR: I would just like to remind everyone that I cannot quite see the clock, but I think it's almost four o'clock. If there is anyone who hasn't voted on the two bond issues and you wish to do so, please go up immediately and vote. If there's no one else in here that hasn't and no one wishes to vote at this time, Bill, would you seal the ballot box and bring it up, and I declare the polls closed at this time.

(Whereupon the polls were closed on Articles 5 and 6.)

(Further Discussion ensued on Article 12.)

THE MODERATOR: Moved by Mr. Mosco and seconded by Mrs. Dimarzio to move the question. All those in favor of moving the question, signify by saying, "Aye." Opposed? I declare the motion is passed. We will now vote on Article 12 by ballot. Now this is going to take ---

MR. FERLAND: Point of clarification. If we're going to vote by ballot, please inform the voters of what a Yes vote and No vote means.

THE MODERATOR: You will get a Yes and No ballot. They will not be like the other ones, but the girls aren't ready to set up yet. I've got to get the other ballots up here to have them counted, and the stenographer would like to take a ten minute break so he can change his paper, so we'll take a ten minute break.

(In recess.)

(During the recess the Moderator announced the results of the balloting on Article 5 and Article 6.)

Vote on Article 5	300-Yes	116-No	2 Blanks
Vote on Article 6	310-Yes	108-No	

(Readjournd.)

THE MODERATOR: We will now take up Article 8. What is the wish of the people. Do you want me to read this whole article or shall I dispense with the reading of it?

**ARTICLE 8. By Petition. To see if the Town will vote to direct the Selectmen to establish and organize a fire department, providing fire protection for all property situated within the boundaries of the Town of Derry, the administration and management of which fire department shall be as directed by a Board of five (5) Commissioners appointed for that purpose by the Selectmen (which Commissioners shall serve for five-year terms, except that in the case of the initial appointees provided for herein, one Commissioner shall be appointed for a term of one (1) year, another for two (2) years, ---**

THE MODERATOR: Mr. Carter moves that I dispense with the reading of this complete article. Is there a second? Seconded by Mr. Gerrish. All those in favor signify by saying, "Aye." Opposed? Fine. I will dispense with the reading. Is there a motion to accept Article 8?

MR. GERRISH: Mr. Moderator, I move we accept Article 8 as printed.

THE MODERATOR: Seconded by Mr. Carter. Discussion?

Mr. Donovan: Yes I move that we take the commissioners our of the appointed office, and I really don't know how to do this, maybe you could help me, but I'd rather not see the fire commissioners appointed by the Selectmen. I'd rather see them elected as the best qualified man or whatever.

THE MODERATOR: How do you wish to go about this?

MR. DONOVAN: I would like to change the wording so that the ---

THE MODERATOR: The commission to be elected instead of appointed by the Selectmen?

MR. DONOVAN: Yes. In other words, I don't want a bunch of political cronies running the fire department basically.

THE MODERATOR: Okay. So you want to delete the wording, "commissioners appointed for that purpose by the Selectmen," and to say, "the commissioners elected at Town Meeting?"

MR. DONOVAN: Yes, that would be fine.

THE MODERATOR: We're deleting some words and adding others. Is there a second? Seconded by Mr. Mosco. All those in favor of that amendment signify by Saying, "Aye." Wait a minute.

MR. STANCIK: you have to amend it more than because of the initial appointments provided for here, one commissioner will be appointed and you have will be elected. You have to do it more than just that one place to make it effective.

MR. CARTER: This is not clear with me. I'd like to ask Town Counsel what would happen if this passed as it is? When would the change take place? The election I assume would be next March ---

MR. SOULE: Yes.

MR. CARTER: What would be the status between now and next March?

MR. SOULE: You couldn't effect it I don't think until next March with that amendment. In answer to Bill's question, it would seem to me that you're going to have elected commissioners. Obviously they cannot be elected until your next Town Meeting and what you would be doing I suppose would be postponing for at least a year the effective date of the article. The way it's drawn now, as you know, the commissioners can be appointed.

(After discussion the following ensued.)

THE MODERATOR: Do you wish to withdraw that amendment, or if you leave it, I will take a vote on it?

MR. DONOVAN: I'll withdraw it as I said originally and restate it if I could.

(After discussion the following ensued.)

THE MODERATOR: Is there any further discussion on this amendment?

MRS. CASTEN: I move the question.

THE MODERATOR: The question has been moved on this amendment. All those in favor of moving the question signify by saying, "Aye." Opposed, "No." We will now vote on Article 8 as amended. Excuse me, we will vote on the amendment. It is to strike after the sixth line down where it says, "Board of fire commissioners appointed for that purpose by the Selectmen," to read, "commissioners elected by Town Meeting," and then in every place where it says "appointed" substitute "elected." All those in favor of that amendment signify by saying, "Aye." Opposed, "No." I declare the amendment is defeated. We will now get back to the discussion on Article 8.

MR. DRIGGERS: My name is Matt Driggers. I would like to make an amendment that the commissioners be reduced from five to three.

THE MODERATOR: All right. Is there any discussion on that? If not, is there a second? There's no second on reducing the number of commissioners from five to three? If not, I will not entertain that motion.

MRS. CASTEN: Mr. Moderator, I move the question.

THE MODERATOR: I think the people want to speak on the article. Jimmy has been standing there waiting. We haven't talked on the article. We ended up on the amendment before we did anything.

(After discussion the following ensued.)

THE MODERATOR: Is there anyone who hasn't voted or wishes to do so? Anyone who hasn't voted? If there's no one else that wishes to vote, I will entertain a motion to close the polls on Article 12. Moved by Mr. Collette and seconded by Fred Tompkins. All those in favor signify by saying, "Aye." Opposed? I declare the polls are closed on Article 12.

(After discussion the following ensued.)

MR. DESFORGES: I move we table Article Article 8 until last year's mandate is carried out, and a report is given to the Town Meeting.

THE MODERATOR: Is there a second to tabling Article 8?

MR. DONOVAN: Seconded.

THE MODERATOR: Moved and seconded that we table, lay Article 8 on the table. This requires a two-thirds vote. All those in favor signify by saying, "Aye." Opposed, "No." I will take a hand vote. All those in favor of laying Article 8 on the table, raise your hands. (Hand vote.) All those opposed to laying Article 8 on the table, raise your hands. (Hand vote.) To lay Article 8 on the table, Yes, 142; No, 94. I declare the motion is defeated because it did not -

MR. STANCIK: To lay on the table, doesn't that require two-thirds?

THE MODERATOR: That's what I said, Joe. I declare it is defeated because it didn't have, didn't get two-thirds. I declare the motion to lay Article 8 on the table is defeated. Now is there any other discussion on Article 8?

(After discussion the following ensued.)

THE MODERATOR: I have the results on Article 12. On Article 12, Yes, 204; No, 117. I declare Article 12 has passed.

(Further discussion on Article 8 ensued.)

THE MODERATOR: What I will do, unless I am overruled, is when we finish debating this, like we said, we will then vote by ballot on it, and adjourn until Monday evening at seven o'clock. I don't think there's any way, unless you want to stay until nine or ten, we're ever going to get through another dozen article. I think Monday night can probably finish this up, and it would be a record in the three or four years that I've been here, but we have to ballot on this thing.

(After further discussion the following ensued.)

THE MODERATOR: Mr. Stancik moved the question. Seconded by Mrs. DiMarzio. All those in favor signify by saying, "Aye." Opposed, "No." I declare the motion passed. We will now ballot on Article 8, and it is now quarter of six. I will leave the polls open for one hour. This time the polls will be open for one hour, until quarter of seven. We will adjourn until Monday night at seven o'clock.

(Whereupon the polls were open on Article 8. The Town Meeting was recessed until March 19, 1979, at seven P.M.)

## PROCEEDINGS

March 19, 1979  
Monday, 7:00 p.m.

Grinnell School Auditorium  
Derry, New Hampshire

(The vote on Article 8 is as follows: Yes - 166, No - 108)

THE MODERATOR: Could I have your attention please. It now being seven o'clock I am going to call the meeting back to order. The first article we will take up will be Article 15.

ARTICLE 15. To see if the Town will vote to acquire the lands shown as Lots 75 and 78 and part of Lot 98 on Derry Property Tax Map 10, at a total cost of \$700,000 or the to be appraised value of the lands, whichever is the lesser, provided on half of such sum is obtained from the Heritage Conservation Recreation Services of the United States Government and the other half of such total cost is obtained through a gift to the Town by the owner of the lands, such lands to be used in accordance with the terms of the Heritage Conservation Recreation Services grant; further to authorize the Selectmen to apply for, accept and expend federal Heritage Conservation Recreation Services funds for the purchase of such lands. (No part of the purchase price will be raised by local taxes.)

MR. CARTER: Mr. Moderator, I move we accept it as printed.

THE MODERATOR: Mr. Carter moves that we accept Article 15 as printed. Seconded by Mr. Collette.

(After discussion the following ensued.)

MR. BENTLEY: Mr. Moderator, first I would like to ask a question. Since

we're acting now on Article 15 that you read and since Article 16, 17 and 18 are encompassed on that map, is it possible to act on all three of them? Is a motion in order to take up fifteen, sixteen, seventeen and eighteen along with fifteen at this time?

THE MODERATOR: Well, I don't know, but hopefully if we pass this one there will be no discussion on the other ones, and hopefully we can just pass them one right after the other.

MR. CARTER: Mr. Moderator, I would be willing to withdraw my motion and include, as you just said, all of the articles together. I feel we appropriated this money Saturday. We definitely approved the money when we accepted the budget committee's budget. The monies have already been appropriated.

MR. BENTLEY: Mr. Moderator, rather than group them together I would like at this time to make a motion that we accept Article 15 and the figure of seven hundred ---

THE MODERATOR: Wait a minute. There was talk of a motion to move that to \$550,000. There was no second. Before I hear one I am not going to entertain a motion to amend that figure. We're going to leave it where it is because it says \$700,000 or the to be appraised value, and that can fluctuate anyway. In our discussion we said there would be no changing of these figures. We already voted, in Article 14, \$700,000 shows in Article 14 and I am not going to entertain a motion to amend that figure. I don't think it makes any difference if it says \$700,000 or \$7,000,000 because whatever the appraised value is is what they're going to sell it for.

MR. BENTLEY: Is a motion in order to accept Article 15 as printed for \$700,000?

THE MODERATOR: There's already a motion and it was seconded. As soon as the debate stops, I will take a vote on it.

(After discussion the following ensued.)

THE MODERATOR: Mr. Bentley, did you say you wanted to move the question after that? Seconded by Mr. Carter. All those in favor of moving the question signify by saying, "Aye." Opposed? I declare the motion to move the question is passed. We will now vote on Article 15. Everyone understands, the way I read the figure it's \$700,000 and that's just a printing error, not seven million or whatever. Okay. All those in favor of Article 15 signify by saying, "Aye." Opposed, "No." I declare Article 15 is passed.

ARTICLE 16. To see if the Town will note to acquire the land shown as Lot 77 on Derry Property Tax Map 10, at a total cost of \$36,000 or ---

MR. TOMPKINS: I move to dispense with the reading of Article 16, 17 and 18.

MRS. WOODSIDE: Seconded.

THE MODERATOR: Seconded by Mrs. Woodside. All those in favor of dispensing with the reading of Article 16, 17 and 18 signify by saying, "Aye." Opposed? I declare the motion is carried. Is there a motion to accept Article 16 as printed? Moved by Mr. Bentley, seconded by Mr. Tompkins. Is there any discussion?

(After discussion the following ensued.)

THE MODERATOR: All those in favor of Article 16 signify by saying, "Aye." Opposed? I declare Article 16 has passed. Article 17. If there is no discussion, I will entertain a motion on Article 17. Moved by Mr. Carter, seconded by Mr. Collette. No discussion? All those in favor of Article 17 signify by saying, "Aye." Opposed, "No." I declare Article 17 has passed. Article 18.

MR. TOMPKINS: Accepted as printed.

THE MODERATOR: Motion by Mr. Tompkins to accept Article 18 as printed, seconded by Mr. Paine. All those in favor of Article 18 signify by saying, "Aye." Opposed, "No." I declare Article 18 has passed.

I skipped over one article here. It's article 13. We will take up Article 13 at this time.

ARTICLE 13. Whereas the Town of Derry has filed with the United States Department of Housing and Urban Development a preapplication - in the amount of \$595,000 - for financial assistance for a community development project in the Town of Derry, and it is likely that the Department of Housing and Urban Development will approve such preapplication in the amount of \$595,000 or in an amount less than \$595,000. Therefore, the Town does hereby approve and ratify all such actions heretofore taken in connection with this project and does authorize the Selectmen to do all things necessary to pursue and complete this project and does also authorize the Selectmen to accept any sum of money up to \$595,000 in connection with this project and to expend the same.

MRS. DI MARZIO: I move to accept it as printed.

THE MODERATOR: Mrs. DiMarzio moves to accept Article 13 as printed. Seconded by Mrs. Conroy.

MRS. CONROY: I would like to make the following amendment to this article and ask to add to the end of the article this phrase. I move to add this amendment. "And further to enter into a cooperative agreement with the Derry Housing Authority to administer the aforementioned funds to be used for the purchase of land and buildings, raising of buildings in the downtown of Derry and for housing rehabilitation in downtown Derry to improve existing housing, and to create new housing for low and moderate income elderly residents of the community." That is the amendment.

MR. BENTLEY: I second the amendment.

THE MODERATOR: Seconded by Mr. Bentley. Is there any discussion on the amendment?

MR. QUIMBY: Thank you, Mr. Moderator. I speak in support of the amendment. My name is Conrad Quimby, Chairman of the Derry Housing Authority. I think I have some very good news to bring to this meeting tonight,

but before I do I want to thank the Board of Selectmen for their support of this article. Every member of the Board and the budget committee for their continuing support through the public hearings for this project as well. Through the efforts of my staff and the Derry Housing Authority and George Brown, who is our staff director here tonight, or staff director who is here tonight, he has been the staff director for several months, I am pleased to announce that I received a call this evening from Senator John Durkin's office and Congressman D'Amours' office that Derry has been awarded a grant of \$458,000 under this article, and I whole-heartedly endorse the amendment and the article.

(After discussion the following ensued.)

THE MODERATOR: Mr. Stancik moved the question. Seconded by Mr. Bentley. All those in favor of moving the question signify by saying, "Aye." Opposed? I declare the motion to move the question has been passed. We will now vote on the amendment, and as I understand this amendment, the way it was read, it was just to be added on to the article as printed, is that right? Okay. So Article 13 as printed and this would be the amendment, "and further to enter into a cooperative agreement with the Derry Housing Authority to administer the aforementioned funds to be used for the purchase of land and buildings, raising or buildings in downtown Derry and for housing, rehabilitation in downtown Derry to improve existing housing, and to create new housing for low and moderate income elderly residents of the community." All those in favor of the amendment signify by saying, "Aye." Opposed, "No." I declare it is a vote in the affirmative.

MR. MOSCO: Could I suggest a hand vote.

THE MODERATOR: All those in favor please raise your hands. (Hand vote.) All those opposed? (Hand vote.) There is no question that the amendment has passed.

MRS. CASTEN: I would like to add to Article 18 ---

THE MODERATOR: No, we're on thirteen.

MRS. CASTEN: On your Article 13, okay, "no part of the purchase price will be raised by local taxes."

MR. WOODSIDE: I second that.

MR. QUIMBY: I second the motion also.

THE MODERATOR: "No part of the purchase price will be raised by local taxes." All right. Is there any discussion on this amendment?

(After discussion the following ensued.)

THE MODERATOR: Any further discussion on this amendment? If not, all those in favor of adding to Article 13 as previously amended the following sentence, "no part of the purchase price will be raised by taxes," signify by saying, "Aye." Opposed? I declare the amendment passed.

MRS. CASTEN: That was "local taxes." You forgot the word "local taxes." "No part of the purchase price will be raised by local taxes."

THE MODERATOR: By "local taxes," all those in favor signify by saying, "Aye." Opposed? I declare the amendment is passed. We will now vote on Article 13 as amended. Is there any need to read it? If not, fine. All those in favor of Article 13 as amended signify by saying, "Aye." Opposed, "No." I declare Article 13 is passed. We will now take up Article 19.

ARTICLE 19. To see if the Town will authorize the Selectmen to make application for and to receive and spend in the name of the Town such advances, grants in aid or other funds for Town purposes as may now, or hereafter be forthcoming from federal, state, local or private agencies that would be of benefit to the Town.

MR. CARTER: Move to accept it as printed.

THE MODERATOR: Mr. Carter moves to accept as printed. Seconded by Mr. Woodside. Is there any discussion? If not, all those in favor of Article 19 signify by saying, "Aye." Opposed? I declare Article 19 is passed.

The next article is Article 20.

ARTICLE 20. To see if the Town will vote to accept and appropriate up to \$1,000 in Antirecession Fiscal Assistance to State and Local Governments (Public Works Employment Act of 1976: P.L. 94 396) and to expend same to defray the cost of hired equipment and manpower for road improvements.

MRS. CASTEN: I move to accept it as printed.

THE MODERATOR: Mrs. Casten moves to accept it as printed. Seconded by Mrs. Pounder. Any discussion? If not, all those in favor of Article 20 signify by saying, "Aye." Opposed? I declare Article 20 is passed.

All right, Article 21.

ARTICLE 21. To see if the Town will authorize the Selectmen to make application for and to receive and expend up to \$25,000 of funds that may become available to the Town under "The Comprehensive Employment and Training Act of 1973" as amended (CETA) for the purpose of providing federally subsidized training and employment opportunities to benefit both residents of the community and the community-at-large.

THE MODERATOR: What is your pleasure?

MR. CARTER: I move to accept as printed.

THE MODERATOR: Mr. Carter moves to accept Article 21 as printed. Seconded by Mr. Collette. Is there any discussion? If not, all those in favor of Article 21 signify by saying, "Aye." Opposed? I declare Article 21 as printed. Seconded by Mr. Collette. Is there any discussion? If not, all those in favor of Article 21 signify by saying, "Aye." Opposed? I declare Article 21 has passed.

ARTICLE 22. To see if the Town will vote to authorize the Selectmen to enter into an agreement with the Derry School Board in accordance with the provisions of RSA 53-A, whereby the Town will have the power to raise and appropriate money for the purpose of maintaining and making capital improvements to school property under the terms of such agreement.

THE MODERATOR: What is your pleasure?

MRS. MACKINNON: Move to accept Article 22 as printed.

THE MODERATOR: Seconded by Mr. Woodside. Is there any discussion?

(After discussion the following ensued.)

MR. MOSCO: Well, this is sort of an open ended expenditure. I'd like to make an amendment to this so this amendment would apply for this year only. I make the motion to amend the article so that where it says, "school property under the terms of such agreement," "for the present fiscal year only."

THE MODERATOR: Is there a second? Seconded by Mrs. Mosco. The Amendment would add the words, after Article 22 as printed, "for the present fiscal year only." Is there any discussion on that?

(After discussion the following ensued.)

THE MODERATOR: The question has been moved by Mr. Collette. Seconded by Mr. Spita and that will end the debate on this. We're only talking about this amendment just put on. All those in favor of moving the question signify by saying, "Aye."

MR. MOSCO: I want to withdraw that amendment based on what the Judge has said.

THE MODERATOR: I am going to vote on this one first. We're in the middle of it. All those opposed to moving the question signify by saying, "No." I declare that the motion to move the question has passed. We will now vote on Article 22 as amended which would add to the end of Article 22 the words, "for the present fiscal year only." I am voting on the amendment. To see if you want to add that to Article 22. All those in favor of adding that language to Article 22 signify by saying, "Aye." Opposed, "No." I declare the amendment is defeated.

MR. MOSCO: I ---

THE MODERATOR: The question has been moved by Mr. Stancik. Seconded by Mrs. DiMarzio. I will entertain that if I am overruled. If I am overruled, you can put on another amendment. All those in favor of moving the question signify by saying, "Aye." Opposed?

MR. MOSCO: What are we voting on?

THE MODERATOR: We're voting on Article 22 as amended.

MR. MOSCO: I would like to overrule you.

THE MODERATOR: I would say by the last vote there certainly isn't.

MR. MOSCO: Can we see?

THE MODERATOR: I am going to act on Article 22 as amended with no further amendments. If I am overrule, you can have another amendment. All those in favor of --- there is no amendment. We're just voting on Article 22. If I said, "as amended," I'm sorry. It's as printed, and I am now taking a vote to sustain my ruling. If you're in favor of sustaining my ruling and voting on Article 22 signify by saying, "Aye." Opposed, "No." I declare my ruling stands. We will now vote on Article 22 as printed. All those in favor of Article 22 as printed signify by saying, "Aye." Opposed, "No." I declare Article 22 has passed. We will now take up Article 23.

ARTICLE 23. By Petition. To see if the Town will vote to raise and appropriate the sum of Seven Thousand Eight Hundred Dollars (\$7,800) for the completion of Bastek Field located at Derry Village School.

THE MODERATOR: It's been moved by Mr. Carter to accept Article 23. Is there a second? Did you second that, Roland? Seconded by Mr. Ferland. Is there one of the petitioners here that wish to speak first?

(After discussion the following ensued.)

MR. MOSCO: I would like to make an amendment to this motion, "Subject to the conveyance of this land by the school to the Town of Derry."

MRS. CASTEN: I second it.

MR. ZOLLA, ASSISTANT MODERATOR: That has been seconded by Mrs. Casten. We have an amendment on this article to add the words, "subject to the conveyance of this land to the Town of Derry," is that correct?

MR. MOSCO: By the school to the Town of Derry.

ASSISTANT MODERATOR: Discussion on the amendment?

(After discussion the following ensued.)

MR. MOSCO: I would like to withdraw it.

ASSISTANT MODERATOR: You withdraw that?

MR. MOSCO: And say, "subject to later conveyance."

ASSISTANT MODERATOR: Mrs. Casten, will you withdraw your second?

MRS. CASTEN: Yes.

ASSISTANT MODERATOR: The amendment now reads, "Subject to conveyance of this land at the next school district meeting."

(After discussion the following ensued.)

ASSISTANT MODERATOR: Mrs. Casten, do you wish to speak?

MRS. CASTEN: Yes. I would like to withdraw my amendment.

ASSISTANT MODERATOR: Wait a minute.

MRS. CASTEN: I mean my second because I wish that someone would come up in front of this Town Meeting right now and ask us for some money for those who are not athletically inclined.

ASSISTANT MODERATOR: Mrs. Casten, this is not on the issue.

MRS. CASTEN: It is. That's why I withdrew my second.

(After discussion the following ensued.)

ASSISTANT MODERATOR: Mrs. Casten has withdrawn her second. Unless someone else will second Mr. Mosco's motion, we will no longer discuss the amendment.

MR. WOODSIDE: Move the question.

ASSISTANT MODERATOR: There's no sense discussing it because the second has been withdrawn by Mrs. Casten. Does anyone wish to second Mr. Mosco's amendment?

MR. BOGLE: I have been a resident of Derry for seventy-four years. Now I

am not against baseball fields. I am not against tennis courts. What I am against is wasting this money and finding another place. Now you tell us, you give us this hog-wash about the Town is getting bigger and the kids getting transported to play ball, when I was a kid I lived right in front of the ball field, the DAA field, and I used to walk up to Ross' Corner to play ball. Now the Town may be getting bigger and all that sort of stuff, but human nature has not changed a damn bit and don't you ever forget it for a minute.

ASSISTANT MODERATOR: I am going to move the amendment has died because there has been no second. We will go back to the discussion of the original article. The question has been moved and seconded. Moved by Mr. Woodside and Seconded by Mr. Ferland. All those in favor of moving the question signify by saying, "Aye." Opposed? Now we will vote on Article 23. Mr. Grinnell, I beg your pardon.

(After discussion the following ensued.)

ASSISTANT MODERATOR: The question has been moved. All those in favor of Article 23 signify by saying, "Aye." Opposed? It's a vote in the affirmative, and I so declare it.

MR. HAYWARD, THE MODERATOR: Article 24 has already been defeated.

**ARTICLE 25. By Petition. To see if the Town will vote to authorize the Selectmen to proportionately reduce each town department's proposed budget figures by an amount which exceeds the maximum allowed net increase of 5 percent of last year's total actual net expenditures.**

THE MODERATOR: What is your pleasure? Is there any motion?

MR. BENTLEY: I don't have a motion but I thought Saturday we defeated this.

THE MODERATOR: You defeated twenty-four. You never acted on twenty-five. Moved by Mr. Woodside to accept Article 25 as printed. Seconded by Mrs. Woodside. The question has been moved by Mr. Woodside and seconded by Mrs. Woodside. Now we will vote on moving the question. All those in favor of moving the question on Article 25 signify by saying, "Aye." Opposed? I declare the question has been moved. We will now vote on Article 25 signify by saying, "Aye." All those opposed, "No." I declare Article 25 is defeated.

**ARTICLE 26. By Petition. To see if the Town will vote to authorize the expenditure of \$37,500 which is encumbered funds from the Town 1977 budget, to construct four (4) tennis courts at the Alexander-Carr Playground on Birch Street. Up to 50% of this amount may be returned to the Town from the Heritage Conservation and Recreation Services, (formerly Bureau of Outdoor Recreation Land and Water Conservation Funds) and to pass any vote relating thereto.**

MR. WOODSIDE: Accept it as printed.

MR. FERLAND: Seconded.

THE MODERATOR: Moved by Mr. Woodside to accept it as printed. Seconded by Mr. Ferland.

(After discussion the following ensued.)

MR. WOODSIDE: Mr. Moderator, I am not against this article. All I want is one little word changed. The word is, "may." I would like it to read, "shall." It says, "up to 50% of this amount may be returned," all I want it to say is, "shall be returned to the Town from Heritage." All that is that the federal funds must be received or else you won't build it.

MRS. CASTEN: I second that.

THE MODERATOR: Okay. It has been moved by Mrs. Woodside to strike the word, "may," and insert the word, "shall." Seconded by Mrs. Casten. Does everyone, do you understand what that will do? What that will do it, in other words, just in case there's any confusion over these federal funds, there's \$37,500 in the bank. You ask for thirty-seven thousand five. The federal government gives 50% so you actually spend eighteen thousand seven-fifty, but you have to appropriate the whole thing and then you get reimbursed that amount. So what you end up spending is eighteen seven-fifty. What Mrs. Woodside is saying is that if you don't get the matching funds, you spend nothing. In other words, you spend eighteen seven-fifty and get half from the government or you spend nothing.

MRS. WOODSIDE: Right.

(After discussion the following ensued.)

THE MODERATOR: Before we discuss this particular article in general, if there's no one else who wishes to speak on just the insertion of the word, "shall," in place of "may," I'm going to vote on that amendment and clear that up and get it out of the way. If there's no further discussion on it, all those in favor of striking the word "may" and adding the word, inserting the word "shall" signify by saying, "Aye." Opposed, "No." I declare the amendment has passed.

(After discussion the following ensued.)

THE MODERATOR: Okay. The question was moved. It was moved by about twenty-five people. It was moved by Mr. Compos. Seconded by Arthur Hobsch. All those in favor of moving the question signify by saying, "Aye." Opposed? I declare the motion to move the question has been passed. Now we have to vote by ballot. I have a request for a secret ballot that was just handed me by Bill Carter, May Casten, Andrea Cullen, George Katsakiores, and Roland Ferland. Those are the five and we have to vote by secret ballot. Quiet. You can't keep chirping through that mike. Bill, do you have a problem up there?

MRS. COX: Point of order, please. I always understood that you had to have a petition in for any article to be voted on by ballot before the opening of the Town Meeting, not half way through.

THE MODERATOR: No, at any time before we take a vote on it, and I just

received it. All right. We'll take a recess for about ten minutes so they can open the polls, and as quick as the polls are open, they can start going through. I will leave the polls open, at this time the plan is for thirty minutes unless everybody in the hall has voted. If they have, then I will entertain a motion to close them.

(Whereupon the polls were opened on Article 26 at 9:35 p.m.)

(In recess.)

(Readjourned at 9:55 p.m.)

THE MODERATOR: Could I have your attention, please. The polls will be open for another ten minutes, but I'm going to continue on and take up the next article, while the polls are open. In case anyone hasn't voted they may do so, but in the meantime I am going to take Article 27.

**ARTICLE 27. By Petition. To see if the Town will instruct the Selectmen to install drains in Stark Road to dispose of surface water, and to make such other repairs and maintenance as are necessary to make the road passable at all times.**

THE MODERATOR: What is your pleasure?

MR. WOODSIDE: Accept it as printed.

THE MODERATOR: Seconded by Mr. Mosco. Is there any discussion?

(After discussion the following ensued.)

THE MODERATOR: All right. It now being five after ten is there anyone who wishes to vote? If you do, please go up and vote. If I don't see anyone in a minute or two, I'll close the polls.

(Further discussion ensued on Article 27.)

THE MODERATOR: I'm going to declare the polls closed on Article 26. Bill, would you bring the box up on the stage please.

(Further discussion ensued on Article 27.)

MR. BENTLEY: Move the question.

THE MODERATOR: Any further discussion on Article 27? Is there anyone that hasn't spoken? If not, I will accept moving the question. I will entertain that motion made by Mr. Bentley. Seconded by Mr. Bruno. All those in favor of moving the question signify by saying, "Aye." Opposed, "No." I declare moving the question has passed. We will now vote on Article 27 by petition.

**ARTICLE 27. By Petition. To see if the Town will instruct the Selectmen to install drains in Stark Road to dispose of surface water, and to make such other repairs and maintenance as are necessary to make the road passable at all times.**

THE MODERATOR: All those in favor signify by saying, "Aye." Opposed, "No." I declare Article 27 has passed.

BEFORE WE GET TO Article 28, always in the past we have entertained a motion to accept the revenue side of the budget, and I don't know if we did that by passing the whole budget or not, so to play it safe I will entertain a motion to accept the revenue side of the budget. Moved by Mrs. Casten, seconded by Mr. Katsakiores. All those in favor of accepting the revenue side of the Town Budget signify by saying, "Aye." Opposed? I declare that the motion has passed.

**ARTICLE 28. To hear reports of agents, auditors and committees heretofore chosen, and pass any vote relating thereto.**

THE MODERATOR: Do we have any reports to be heard?

MR. COLLEGE: I have a resolution that I would like passed at this meeting. It reads, "Be it resolved that the Derry Town Meeting approves an extension of the Town of Derry-Rockingham County Nutrition Program lease from November 6, 1978, for an additional nine (9) years, if the Selectmen deem such extension to be in the best interest of the Town and if various modifications requested by the Selectmen are made to the terms of that lease." I move we accept the resolution as stated.

THE MODERATOR: Seconded by Mrs. DiMarzio. Is there any discussion? If not, all those in favor of that resolution signify by saying, "Aye." Opposed? Do you want to speak on the resolution?

MRS. GERRISH: I wish to make an amendment. I would like it to say, "further, that the Selectmen by authorized to reexecute a long term lease with the Greater Derry West Side Community Center Incorporated," as this is where the program is established.

MR. JOHNSON: Mr. Moderator, we already voted on this.

THE MODERATOR: No, it wasn't complete. The woman was standing there.

MRS. CASTEN: It did pass.

THE MODERATOR: No, I do not declare it a vote. If you want to overrule me, go ahead. If anyone wishes to overrule me, you may do so now.

MRS. DI MARZIO: Carolyn said you took a vote on it and it was passed.

THE MODERATOR: I didn't finish it. I didn't realize. I thought she was ready to speak on another resolution. I am not going to complete that vote. You can overrule me. There's no sense in debating it. It's getting late. If you want to overrule me, you can do so. If not, I will accept the amendment and vote on that first.

MRS. DI MARZIO: There were others where people wanted to vote and you refused them.

THE MODERATOR: If anyone wishes to make a motion to overrule me, do so.

MRS. DI MARZIO: I don't know how it will work, but I move to overrule you.

THE MODERATOR: Seconded by Mr. Varney. All those in favor, actually you're voting to sustain my ruling to entertain this amendment so you're not voting to overrule me as such. All right. If you want it to read that way, fine. If you want to overrule me, signify by saying, "Aye." Opposed, "No." I declare my ruling will stand. The motion on the floor, and it was seconded, is to add to

the resolution, "further, that the selectmen be authorized to reexecute a long term lease with the Greater Derry West Side Community Center, Incorporated." All those in favor of that amendment signify by saying, "Aye."

MRS. CASTEN: I would like to speak on the amendment, please.

(After the discussion the following ensued.)

THE MODERATOR: Any further discussion? If not, all those in favor of the amendment signify by saying, "Aye." All those opposed, "No." I declare the amendment has passed. We will now vote on the resolution as amended. Do you wish me to read it? "Be it resolved that the Derry Town Meeting approves an extension of the Town of Derry-Rockingham County Nutrition Program lease from November 6, 1978, for an additional nine (9) years, if the Selectmen deem such extension to be in the best interest of the Town and if various modifications requested by the Selectmen are made to the terms of that lease. Further, that the Selectmen be authorized to reexecute a long term lease with the Greater Derry West Side Community Center, Incorporated." All those in favor of the resolution as amended signify by saying, "Aye." Opposed? I declare the resolution as amended has passed.

The result of Article 26 for the tennis courts were: Yes - 133, No - 93. I declare Article 26 has passed.

MRS. JOHNSON: Mr. Moderator, my name is Carolyn Johnson. I would ask this time like this meeting to recognize the long and continued and fine service of the outgoing chairman of the Board of Selectmen, Donald Bentley. (Applause.)

MR. BENTLEY: Just a quick thank you very much.

MR. MOSCO: I would like to propose a resolution. To see if the Town will instruct the Selectmen to investigate alternative methods within the town meeting form of government of gather votes regarding town articles.

(After discussion the following ensued.)

THE MODERATOR: Is there a second?

MRS. CASTEN: I'll second it.

THE MODERATOR: Seconded by Mrs. Casten. All those in favor of that resolution signify by saying, "Aye." Opposed, "No." I declare the resolution is defeated.

MR. COLLETTE: I would like this meeting to show their thanks to a person who has worked for the Town over seventeen years who will be leaving us as of April, Mrs. Campbell. (Applause.)

MRS. CAMPBELL: Thank you very much. I appreciate your kindness. I'll miss the Town, but next year I am going to join you down there.

MR. FERLAND: All right. First, I want to make an announcement that the fire district meeting is on Tuesday. Please don't forget it if you're in favor of the merger. Wednesday, I am sorry. Also, I have been going around and trying to solicit some votes for Town Meeting. This is the flak I have been getting, and I said I would bring it before the body, and you people will decide. A gentleman tried to make some kind of a resolution for a new form of government. I guess it didn't work. Would you be in favor of a different type form of government in derry? I don't know, I'm just asking.

THE MODERATOR: Excuse me, Roland, are you saying like you want a study?

(After discussion the following ensued.)

THE MODERATOR: Roland, you're running a good meeting. How many, raise your hands if you're in favor of possibly a change in the form of government. It's an opinion poll, I guess. (Hand vote.) Okay. All those opposed? (Hand vote.) I guess the opinion is yes.

MR. QUIMBY: Mr. Moderator, in light of the show of hands we've just seen and the effort of Mr. Mosco before to offer a resolution, I would like to make the following motion. That the Moderator appoint a committee and to charge that committee to report to the next Town Meeting with a proposal for an alternative form of government.

THE MODERATOR: Seconded by Mrs. Woodside. Is there any discussion on that?

(After discussion the following ensued.)

MR. FOUCHER: I would like to amend Mr. Quimby's motion just to add a date that members be appointed to this committee by April 15.

THE MODERATOR: It's been moved that Mr. Quimby's motion be amended to have the date of April 15 inserted for the appointment of this committee. The committee, would you like a number, fifteen?

MR. FOUCHER: It's up to you.

THE MODERATOR: All those in favor --- Is there a second? Seconded by Mrs. Woodside. All those in favor of the amendment signify by saying, "Aye." Opposed? I declare the amendment has passed. Now we will vote on Mr. Quimby's motion as amended, that the Moderator appoint a study committee by April 15 to report back to Town Meeting next year as to the suggestion possibly --- yes, an alternative form of government. All those in favor signify by saying, "Aye." Opposed, "No." I declare the motion as amended is passed.

FROM THE FLOOR: Mr. Moderator, I have a question about the tennis courts. For the last three or four years, whatever it is, we have voted on this issue. Tonight it is positive and we should have been getting eight courts, and we're down to four because of inflation. I would like to address my question to the correct and proper person, to the correct and proper board and the most learned person on that board, is there any possibility that this issue is going to be railroaded again and if so, how do we prevent it?

THE MODERATOR: I don't know how you can determine who is the most learned of these five. Would you like to poll the board and ask if they're going to support it? Is that basically what you're saying? Would you like to poll the board and find out right now if they're going to support and build them? Okay. Millie?

MRS. DI MARZIO: Yes.

THE MODERATOR: Ben?

MR. NEWELL: Yes.

THE MODERATOR: JANET?

MRS. CONROY: Yes.

THE MODERATOR: Paul?

MR. COLLETTE: Yes.

THE MODERATOR: Bill?

MR. CARTER: Yes. I just want to, quickly, I will support anything that this Town Meeting, any direction this Town Meeting has given. I think it's the best and most well attended one that I can remember, and that's the reason for it.

THE MODERATOR: If there's nothing else to come --- Could we make this motion, that we move to recess until the date of May 22, 1979, only in the event that the merger has passed by the fire districts. If it isn't, there is no sense of recessing it. It will adjourn. The meeting will be concluded. So moved by Mr. Wilson, seconded by Mr. Woodside. All those in favor signify by saying, "Aye." Opposed, "No." I declare the meeting is recessed until that time if necessary. (Whereupon at 10:35 p.m. the annual Derry Town Meeting was herewith recessed until May 22, 1979, if necessary.)

## CERTIFICATE

State of New Hampshire  
Rockingham, SS.

I, Samuel S. Gray, a certified shorthand reporter in and for the State of New Hampshire, and Cecile Hoisington, Town Clerk, Derry, New Hampshire, do hereby certify that the foregoing 92 pages contain a true and accurate transcript of the motions, amendments and votes taken at the annual Derry Town Meeting held at Grinnell School Auditorium on March 17, 1979, at 10:00 a.m. and the recessed meeting held on March 19, 1979, commencing at 7:00 o'clock in the evening, to the best of my knowledge and belief.

IN WITNESS WHEREOF, I have hereunto set my hand and seal this 30th day of April, 1979.

/s/Samuel S. Gray, CSR

/s/Cecile Hoisington, Town Clerk

Minutes of East Derry Fire Department Minutes

Moderator: OK. Would Chief Reynolds like to comment on that please? Mr. Payne makes a motion to adopt Article #4 as printed. Is there a second to that motion? Mr. Mitchell. OK Chief Reynolds would you explain.

Chief Reynolds: I would like to make an amendment to this - maybe I could try to explain. Do you want me to make the amendment first or try to explain what has come up?

Moderator: Well, I believe that question was asked of you, what is going to happen? If you want to make an amendment, fine, but explain the question, first.

Chief Reynolds: OK - What has transpired here. When I went to one of the budget meetings when Mr. Miller was out of town, that vehicle did come up for discussion. Last year we had an article in the warrant to try to put that truck out to bid. A lot of the members of the fire department plus Dick Childs felt we should hold onto for a year or two. So we decided to keep the vehicle. Through the budget meetings, the sewer department, I believe the water department, whichever it was -- was very interested in this vehicle. They had money in the budget to buy a brand new vehicle and the budget committee has been kinda pressuring us for the last two or three years about maintaining so many vehicles. Not only the cost, it is the time involved in maintaining these vehicles and I do feel that we've utilized this vehicle quite a lot and we probably could utilize it a little bit more but there again the cost of maintaining the vehicle is getting costly like everything else. So I more or less stated that we felt that there probably would be an article in the warrant again this year to try to get rid of that vehicle and if there were any other town departments that maybe could utilize the equipment we would definitely like to see the town use it then to put it out to bid for somebody else to turn around and sell it and make a profit on it. So I think - ok another thing - there is not money in the budget for the town to buy a new vehicle. If they don't receive this vehicle they are short one vehicle, I think they only have one now they use - the one that they were using the Men are refusing to drive it because the fenders are falling off and everything else is falling off. I would like to make an amendment that we sell this to the town of Derry for \$500. and have it be used for the Town of Derry Sewer/Water Department whatever it is. I've talked to Mr. Carter about this and I think that they can purchase that even though the item for a new truck was taken out - they would be able to buy a used vehicle . . .

Moderator: You wish to make an amendment? Restate your amendment if you would please.

Chief Reynolds: I would like to make an amendment that the East Derry Fire District see the 1958 Dodge Utility Truck which is known as #84 to the Town of Derry to be used for the Sewer Department.

Moderator: Is there a second to that amendment?

(Mr. Johnson seconded the Motion)

There is an amendment on the floor to sell the Engine #84 Dodge Truck for \$500. to the Selectmen on to the Town for their use as they see fit. Am I paraphrasing you properly?

Moderator: The amendment has been seconded. Is there any discussion of the amendment?

(After discussion the following ensued)

Arthur Reynolds: --we considered at one time maybe selling it for a dollar but one of the taxpayers - one of my permanent men then suggested we should set some kind of a figure there to help offset the tax burden in the East Derry Fire District - so I figured \$500. If you people feel - even a \$1,000. - there again I don't know how much the selectmen feel they can take out of their budget - even with a \$1,000 I really think they are getting their money's worth. If you people want to change that \$500. figure - if you want me to withdraw my amendment, I wish consider doing that.

Moderator: Is there any other discussion? OK very briefly please -

(further discussion ensued)

OK are you ready for the question? This is on the amendment. *On amendment to Article #4 - to sell the East Derry Fire Vehicle Engine #84 - 1958 Dodge Utility truck to the Town of Derry for the use of the Water and Wastewater Department for the sum of \$500.* All those in favor signify by saying "aye" - those opposed "no". The "aye's" have it. It is a vote in the affirmative.

Is there any further discussion on Article #4? None appearing. Are you ready for the question? Article #4 as amended:

Article #4

As Amended: To see if the precinct will authorize the board of fire wards to sell the 1958 Dodge utility truck #84 to the town of Derry for the sum of \$500. and to pass any vote relating thereto.

All those in favor signify by saying "aye". Those opposed "no". The "ayes" have it. it's a vote in the affirmative.

Moderator: Moving to Article #5; (moderator read Article #5)

Article #5 To determine and fix the salaries of the precinct officers of agent of the precinct.

Moderator: What is your pleasur? Mrs. MacKinnon moves that we accept it as printed. Is there a second? Mr. Lavalley seconds that motion. Would one of the Fire Wards care to speak on this? Explain it?

Don Miller: As far as the District Officers are concerned there is one problem we have with this particular account. All out district officers that are elected -- and their responsibilities - we have one instance that's happened to us and that is people on the other side of by-pass 28 are

wishing to have apoll downtown for election day in Derry . . . This would mean that we would have to have some additional funds to do this - I really don't know whether it's up to the Board of Commissioners to do this on the request or it would be a vote of the body to have this done. We do make provisions for these people to vote on election day - so I would just ask that question to the floor?

Moderator: The question has been asked what's the figure?

Don Miller: We'd be raising the District Officer's from \$1180. to \$1250. This would be an additional \$20. for an Ass't Moderator and \$50. for an Ass't Clerk. Actually \$70. you'd be talking about. Not much to some people but it is a lot to us.

Moderator: Mr. Gerish? Mr. Gerish moves we amend the District Officers' figure to -- the figure again is \$1250.?

Don Miller: Right.

Moderator: We have a second. Mr. Bentley seconded it. Is there any discussion on the amendment? All those in favor of amending the fixing of the salaries of the precinct officers to \$1250. please signify by saying "aye". Those opposed "no". The "ayes" have it. It is a vote in the affirmative. Is there any further discussion on Article #5? Are you ready for the question?

(The moderator read Article #5 - as amended)

All those in favor signify by saying "aye". Those opposed "No". The ayes have it - it is a vote in the affirmative.

Moderator: (moderator read Article #6)

Article #6: To see what sum of money the precinct will raise and appropriate for the East Derry Fire precinct the same to be expended under the direction of the fire wards.

What is your pleasure? Mr. Gerish.

Mr. Gerish: I move that we accept this figure which I believe is now \$213,619.51. That would be the budget committee recommendations plus the \$70.

Moderator: That's on page 40. OK There has been a motion made -- Randy Cowles seconds the motion. Is there any discussion? Mr. Lavalley?

Mr. Lavalley: Mr. Moderator, I would like to change permanent men to \$121,381.89 and the over time account to \$7,519.48.

Moderator: OK. on permanent men - 2nd line - he is asking for an amendment from the figure \$118,703. to \$121,381.89. and on the overtime column from \$7,400. to \$7,519.48. Mr. Galvin seconded the motion. Is there any discussion. Mr. Lavalley would you care to comment on your amendment?

Mr. Lavalley: I just want to amend this from the 4% to 7% figure to keep up with cost of inflation for permanent men.

Moderator: Any other discussion? Mr. Miller?

Don Miller: I would like to speak against this raise. I think it makes it rather difficult for myself or the Board to come after the fact. We have discussed this with the budget committee - this is what the whole town is getting -- 4% not 7% - I think it's unfair and I urge you not to support it.

Moderator: Is there any other discussion?

Mr. Lavalley: I understand the teacher's in town also got the 7½% raise.

Maris Desforge: I would like to speak against this amendment. The town meeting voted this year to accept the budget committee's bottom line. I think we should do it here, too.

(Jim Stevenson spoke on the need for collective bargaining and negotiating for salaries prior to town meeting and not during the meeting and on the events that took place at school district meeting concerning teachers' salaries.)

Chief Reynolds: I would like to vote against this additional cost. It's not that I feel that the men in this department - I've never been one to hold back on any cost-of-living - for I certainly feel they need it as well as anybody else. The only problem - when the department heads are bringing their budgets in - the budget committee should set some kind of a cost-of-living figure and the whole town should stay uniform.

(Chief Reynolds continued discussing the cost-of-living)

Moderator: One hour has lapsed since we open the polls. Is there anyone who has not voted in this hall who wishes to do so on Article #9. I declare the polls closed. We'll count the ballots, we'll continue the meeting while we still count the ballots.

Mr. Payne, Mr. Gerish and Mr. Mitchell counted the ballots.)

Motion to move the question. Is there a second? OK - It requires 2/3 All those in favor say 'aye'. Those opposed 'no'. It's about 50-50 is there any other discussion? We're voting on moving the question. Let me clarify what just happened. On the amendment to change the figures - the question was - changing the 1979 Budget Committee recommendation from \$118,703. to \$121,381.89. And I asked you if you wanted to move the question. And we did not get a two-thirds majority to move the question. You want to try it again? Is there any further discussion on the amendment to change that figure. Does anyone else wish to speak on this?

Phil?: I've got one question here - is this as proposed in this budget - already figuring in a 4% increase for these people - ?

Moderator: There is a 4% increase already figured in.

(Further discussion ensued on the cost-of-living raise and the permanent men account and manpower account.)

Moderator: (Read Amendment again). All those in favor of increasing the amounts in these accounts please signify by saying 'aye'. Those opposed "no". It is a "NO" vote - I declare it defeated.

Is there any further discussion on the warrant? We are talking about

Article #6. None appearing --

Mr. Bentley: Do I understand that the Article we are now voting on is Article #6?

Moderator: That is correct. Article #6 is all of page 40.

Mr. Bentley: I think I have a question on Insurance. The insurance is increased \$4000. over last year's budget figure and \$5000. over the actual expenditures of last year. And I think we need an explanation of the increase there. After that, the budget seems pretty much in line and I could except that after an explanation.

Moderator: Would one of the Fire Wards care to explain.

Don Miller: I'll try to explain it. It is not very easy to raise these type of figures. First of all - the new fire truck that we have on the line right now is worth a lot more than in the past. Plus this also represents Workmen's Compensation which is an insurance and goes up with the salaries - I believe about 7%.

(Further discussion ensued on the budget.)

Moderator: (Moderator read Article #6 as amended to \$213,619.51.)

All those in favor signify by saying "aye". Those opposed "no" the 'ayes' have it - It is a vote in the Affirmative.

Don Miller: Mr. Moderator, I would like to make a motion that we accept the Revenue in an equal amount.

Moderator: A motion has been made to accept the revenues in an equal amount and second by Mr. Lavalley. Is there any discussion?

No discussion appearing, all those in favor of accepting the revenues as amended to an equal amount - signify by saying 'aye'. Those opposed 'no'. The 'ayes' have it. It is a vote in the affirmative.

Moderator: On Article #9-

Total Votes cast 220

Total Votes Necessary for Adoption 147 in the affirmative

Total vote cast in the affirmative 61 Yes

Total vote cast in the negative 159 No

Article #9 has been defeated.

Moderator( read Article #7)

Article -7: To see if the precinct will authorize the board of fire wards to send men and equipment to other towns and cities if requested to do so, in accordance with RSA 154:24, and pass any vote relating thereto.

Moderator: What is your pleasure?

Mr. Dumas: Mr. Moderator, I move we accept Article #7.

(Seconded - Mr. Butterfield)

Moderator: Article #7 - is there any discussion? None appearing. All those in favor of Article #7 signify by saying "aye". Those opposed "no". The ayes have it. It is a vote in the affirmative.

(Moderator read Article #8)

Article #8: To see if the precinct will authorize the board of fire wards to borrow money in anticipation of taxes on the negotiable note or notes or the precinct, and to pass any vote relating thereto.

Moderator: What is your pleasure?

Mr. Mitchell: I move that we adopt Article #8 as printed.

(Mr. Bentley seconded the motion)

Moderator: Any discussion? All those in favor of Article #8 signify by saying 'aye'. Those opposed 'no'. The aye's have it. It is a vote in the affirmative.

(Moderator read Article #10)

Article #10: To transact any other business that may legally come before this meeting including the appointment of committees.

Moderator: Is there any further business to come before this meeting?

Mr. Reynolds: I'd like to take just a minute to thank the Ladies Auxiliary for their don'tion. You probably notice this funny looking suit hanging up here on the hose tower. That suit is called a survival suit. It is an exposure suit. The Ladies Auxiliary comes to us every year and want to know what we would like to buy. If we get a call for somebody through the ice at Beaver Lake or anyplace in town we're called to go - a man can jump into this suit with his work clothes on - once he is in the truck, he can zip it up and seal it around his neck. When he gets down to Beaver Lake - he can walk right out - if he falls through the ice - the suit is 100% buoyant. This item cost \$318. which the Ladies Auxiliary paid for and we would like to thank them.

Mr. Fox: I move that we adjourn the meeting. Motion seconded, voted on, the Ladies Auxiliary paid for and we would like to thank them.

Mr. Fox: I move that we adjourn the meeting. Motion second, voted on, and passes. Meeting was adjourned at 10:15 PM.

A True Copy Attest,

Jeanne B. Mitchell
